Re: Nominations

Nineteen eighty-four marks the second year in which the Michael W. Ferrari Award will be presented to a member of the Administrative Staff. The award was authorized by the Board of Trustees in 1982 to honor Dr. Ferrari who served as interim president during 1981-82. The initial recipient of the award was Suzanne Crawford, Director of Affirmative Action.

The first step in choosing this year's recipient is the seeking of nominations. The attached Criteria Sheet outlines those factors which should be addressed in nominating individuals for the award. The nomination form is to be used, in conjunction with additional support material, for the purpose of placing names into nomination. This initial process is open to all members of the University community. The selection of the award recipient will be made by a committee of administrative staff representing the various Vice Presidential and Presidential areas. Selection will be made on the basis of the information supplied through the nomination process.

All nominations should be submitted by Friday, May 11, 1984.

The Michael R. Ferrari Award

CRITERIA

1. **ELIGIBILITY** - Any person who is a member of the Administrative Staff, i.e., non-faculty, contract employee, may be nominated. Nominee must have been an employee for at least one contract year and may not have received the award the previous year. Questions as to the status of a nominee (faculty vs administrative staff) should be directed to the Office of Administrative Staff Personnel, 372-2558.

2. **NOMINEES** - must have performed exceptionally during the year and must have demonstrated more than one of the following attributes:
 - A. Innovation and Initiative - a demonstration of resourcefulness in the work place including the formulation and implementation of creative new ideas. The emphasis of these ideas should be to improve the work environment, to save time and/or money and, in general, to contribute to the better overall efficiency and effectiveness of the University.

 - B. Emphasis on the Human Dimension - nominee needs to demonstrate a genuine sensitivity to others by showing an open, caring attitude and by being attentive to the growth and development of others.

 - C. Performance - "above and beyond" that required by the position, e.g., accepting special projects, additional responsibilities such as committee work, giving non-compensable time to effectively complete an assignment, service in professional organizations, or recognition brought to the University through the receipt of grants or through publications.

 - D. Relationship with University Community - The nominees must effectively interact with faculty, staff or students in providing services that promote growth and harmony in their respective departments, areas, etc., as well as the campus. (This would NOT mandate service on University groups, committees, boards, etc.)

NOTE: The prominence of the University position held by the nominee shall not be considered in the selection process.

- April 16 - Announcement of nominations being sought and availability of nomination forms.

- May 11 - All Nominations Due

Name Mrs. Zola R. Buford

Title Director of Records

Department Office of Registration and Records

II. Nominator:

Name Stuart R. Givens

Title Professor of History

III. Describe how long and in what capacity you have known the nominee..

I have known the nominee, Mrs. Buford since she returned to campus in
1954. I have worked closely with her on a number of committees such as
the Student Financial Aids Committee and the University Committee on Honors
and Awards. In addition, for the four years that I was Chair of the
Department of History I had a great deal of contact with her.

IV. List names and titles of two other individuals who may be contacted as additional references for the nominee.

1. Name Mr. Cary Brewer - Director of the Office of Reg. and Records

Title _____

2. Name Dr. Robert W. Twyman

Title Professor of History

(OVER)

- V. Refer to the criteria, as outlined in the cover letter, and describe how the nominee meets at least two of the listed criteria. (Please attach additional pages if needed.)

I think that to some degree Mrs. Buford meets well the level anticipated in all four of the criteria listed. However, I am most familiar with her contributions in areas B, C, And D.

B. Her work in the area of records brings her into constant contact with students and faculty. In that contact she is always most positive and helpful. She is aware of the fact that her decisions can effect the academic careers of those with whom she is dealing. She takes that role seriously and deals humanely with those with whom she deals.

C. She constantly is willing to and does perform tasks for various areas and individuals in the university that are above the call of duty. Her personal attention to the requests of a multitude of honorary organizations for the scanning of student records is a good example of this willingness.

D. Mrs. Buford is in constant contact with many different groups and levels in the university. I know from personal experience and observation that she works well with all of them and provides the information that is needed with dispatch and an inordinate accuracy.

I recommend strongly the consideration of Mrs. Buford. While I am not able to give in great detail examples I know that she is worthy. Please do contact those who can provide the kind of information you might need.

II. Nominator:

Name Jane Wood
Title Director, PATCO, College of Education

III. Describe how long and in what capacity you have known the nominee.

I have known Mrs. Buford since I began working at EGSU in July 1969.
I have been in contact with her weekly (sometimes daily) about honors
and awards, transfer credit, transient work, etc.

IV. List names and titles of two other individuals who may be contacted as additional references for the nominee.

1. Name Carey Brewer
Title Registrar
2. Name Judy Roller
Title Director of Registration

- 13
- V. Refer to the criteria, as outlined in the cover letter, and describe how the nominee meets at least two of the listed criteria. (Please attach additional pages if needed.)

I feel Zola Buford meets all of the specified criteria for the Michael R. Ferrari Award. However I will focus on the performance and relationship with University community criteria.

Ever since I have known Zola she has definately been willing to go "above and beyond" the work required in her position. She is active and holds office in national professional organizations, serves on numerous university committees, and works weekends/evenings to complete tasks. Last year the semester conversion brought loads of extra work and seemingly impossible deadlines Zola's way, but she met the challenge in yeoman fashion!

Over the years Zola also has developed a strong working relationship with the university community. Her expertise and working knowledge of the university, its policies, and its procedures have made her a valued, respected member of any committees on which she serves. Additionally she is well accepted by faculty (often not an easy task for contract staff), and is fair, patient, and helpful with students. She is a credit to her position and her contributions to the university are valued by students, faculty, and contract staff alike.

To Whom It May Concern:

This is to recommend Zola Ruth Euford, Associate Registrar and Director of Records, for the Michael R. Ferrari Award. Zola's lengthy record of service to the University, (twenty plus years), has been marked by personal integrity and professionalism. She has given freely of her time through University committees and working directly with students, faculty, and staff. In addition, she has contributed to several professional organizations and she currently holds the position of President of the Ohio Association of Collegiate Registrars and Admissions Officers.

Zola's past and current contributions to the University and University Community have always been characterized by hard work, achievement, professionalism, excellence and a caring attitude for others.

It is my belief there is no finer representative of the administrative staff than Zola Ruth Euford.

Mrs. Zola Buford has been nominated by Dr. J. Roller to receive The Michael P. Ferrari Award, and I was listed as an additional reference. I am extremely pleased to support Mrs. Buford's nomination and to forward my comments about her contributions to this University.

I have known Zola for 17 years and have had an excellent opportunity to observe her work in a variety of settings. Zola has major responsibilities in the Registrar's office for assisting in the formulation of policies which make that office respected for its efficiency and effectiveness throughout the state. Zola's honesty and integrity complement her results-oriented management style and her work has strengthened the reputation of Bowling Green State University.

Zola has consistently demonstrated a healthy sensitivity to the needs of students and administrators. Her participative, management style encourages achievement by those she works with and she has earned the trust and confidence of administrators, students and faculty. Zola is respected by her professional peers and her leadership recognized by her election as President of the Ohio Association of Collegiate Registrars and Admissions Officers. Zola has served on numerous university and professional committees, addressing such complex issues as study abroad programs, academic policies, financial aid and the use of human subjects in research.

Recognizing Zola's contributions to Bowling Green State University by naming her to receive the Ferrari award is a natural next step. I am endorsing her nomination with no reservations whatever and would be pleased to answer any specific questions you may have about her achievements.

Dear Mr. De Crane:

I am delighted to hear that Mrs. Zola Buford has been nominated for the Ferrari Award. I would like very much to add my own enthusiastic recommendation because she is most deserving of the award. I know of no one in the University who works more conscientiously at her job or who is more devoted to the welfare of this University community. She has presided more than once over the complete reorganization of the methods of record keeping and has made Bowling Green into one of the most efficient systems in the United States. Her work has been recognized on a national level by her election to office by the national association of registrars. Whenever I have had occasion to seek information, often extensive in quantity, I have never been refused and have always received the data promptly. As an administrator she demands that her staff works hard because she works hard. She is a no-nonsense person and runs a tight ship. At the same time, the people she works with like and respect her. As close as I have worked with Mrs. Buford I have never heard anyone criticize her work unfavorably or denigrate her as a person.

Mrs. Buford has served this University in a variety of capacities ever since 1948. While other officials have come and gone, she has continued to serve and to improve the services of the Registrar's record keeping division. The time is long past due for the University to recognize her outstanding service.

Sincerely,

Robert W. Twyman
