University selected for Soviet manual

Bowling Green has been selected for inclusion in a Manual of Biological Institutions of the World, to be published by the Institute of Plant Physiology of the Ukrainian Academy of Sciences at Kiev.

The international reputation of the University’s department of biological sciences, and particularly its renown in the Soviet Union, have been cited in the invitation for inclusion in the manual.

Dr. Reginald Noble, chair of the department, has participated in several research exchange programs with Soviet scholars in recent years.

Summer work hours to end Aug. 13

The four-and-one-half-day summer work schedule will continue through Aug. 13. Beginning Monday, Aug. 16, regular work hours will resume. In most cases, offices will be open 8 a.m. to noon and 1-5 p.m., Monday through Friday.

Fall fee waiver forms due

Employees are reminded by the Office of the Bursar that Dependent/Employee Fee Waiver forms for fall semester 1982 should be completed and forwarded as soon as possible.

Fall semester will begin Aug. 30.

University surplus to be displayed

University surplus will be displayed Wednesday (July 28) from 6-10 a.m. at the storage building east of WBGU-TV.

At that time, department and area heads will have the opportunity to select at no cost any items which have been turned over to inventory management for surplus distribution. A wide variety of items, including office furniture, will be available.

Offices and departments with items no longer used can also declare those goods as surplus and arrange for pick-up by calling the warehouse at 372-2121.

Search begins for president’s assistant

Richard Edwards, vice president for University relations, has been named to chair the committee which will conduct a national search for an assistant to President Olscamp.

The assistant to the president, who will report directly to Olscamp, will serve as secretary to the Board of Trustees, assist in designing a developmental campaign and serve as the president’s liaison with various constituencies, in addition to other duties as assigned.

Applications for the position are due to Edwards by Aug. 30.

The presidential assistant is expected to be named before the first of the year.

Robert Beard, health, physical education and recreation, and his wife Joan are currently leading a group of 11 cyclists on their fourth European cycling tour. The tour, which can be taken for three semester hours of academic credit, is co-sponsored by the University and the Erie-Ana Council of American Youth Hostels, of which Beard is president. During the first summer term Beard taught a cycling class in the School of HPER.

On the road again

Beards don’t tire of cycle travel

Robert Beard, health, physical education and recreation, and his wife Joan are currently leading a group of 11 cyclists on their fourth European cycling tour. The tour, which can be taken for three semester hours of academic credit, is co-sponsored by the University and the Erie-Ana Council of American Youth Hostels, of which Beard is president. During the first summer term Beard taught a cycling class in the School of HPER.

The Beards agree that meeting and talking with all kinds of people are the most enjoyable parts of their travel. They cycle 30-50 miles a day and allow plenty of time to explore village streets and visit local shops and other places of cultural interest.

Beard, who said he and his wife have expanded their outlook and become more sensitive to the different cultures through their travels, noted that there’s no better way to understand other people.

The Beards also believe that tourists, especially those on bicycles, take on the role of ambassador when they travel in a foreign country. “We are representing our country in a very important and unique way,” he said. “A useful exchange of ideas can take place if you just take the time to stop and talk to people along the way.”

When the Beards travel with a group, as they are doing this summer, they ride their own multi-speed, lightweight cycles. His is a 15-speed and hers an 18-speed—both a necessity for mountain cycling, they say. But when they go alone, they use a 15-speed tandem, ordered from a London firm which specializes in them. Last summer they toured Ireland on the tandem.

To keep in shape for their excursions, the Beards both jog and cycle year round. The Beards agree that meeting and talking with all kinds of people are the most enjoyable parts of their travel. They cycle 30-50 miles a day and allow plenty of time to explore village streets and visit local shops and other places of cultural interest.

Beard, who said he and his wife have expanded their outlook and become more sensitive to the different cultures through their travels, noted that there’s no better way to understand other people.

Last summer they toured Ireland on the tandem.

To keep in shape for their excursions, the Beards both jog and cycle year round. Those who accompany them on tours, however, are not necessarily experienced athletes.

“We try to keep a moderate pace,” Beard said. “All we really require is a passion for the unknown. That’s what learning is all about.”
Faculty & Staff

Presentations
A number of works by Robert Mazur, art, were featured recently at Gallery 200 in Columbus through June 6. His paintings, with emphasis on texture and color, were displayed with the crystal structure of Christopher Ries. The show is Mazur’s fourth appearance at Gallery 200 in seven years.

Dr. Walter McKeever, psychology, co-presented a paper with graduate student Mark Sullivan and Howard Markman of the University of Denver on cognitive communication in distressed and non-distressed marital couples” at the Midwest Psychological Association meetings May 6-8 in Minneapolis.

The following psychology department faculty institutional studies has CUE papers

Free copies of the publications can be obtained by calling the institutional studies office at 372-2681.

Mummies, badges in Fine Arts Gallery

“Mummies, badges in Fine Arts Gallery” — Attempts at Preservation.” an exhibition of works by former Toledoan Privacy, opens July 26 at the Fine Arts Gallery of the School of Art. The exhibition is expected to be viewed between 8:30 a.m. and 5 p.m. weekdays through Aug. 27. Admission is free.

A free exhibition of student works continues in the McFalls Center Gallery through Aug. 26. Gallery hours for the summer are 8 a.m. to 5 p.m. weekdays. Both the McFalls and Fine Arts galleries are closed on weekends.

McFalls exhibit opens in Washington

The McFalls Center Gallery exhibit “Images of Age” has opened in Washington, D.C. The touring exhibition, organized by Mary Wolfe and displayed at the McFalls Center Gallery last winter, is being shown at the headquarters of the National Council on Aging, 600 Maryland Ave.

Developed on the premise that creative powers increase with age, the national exhibition is devoted to sculpture and paintings by artists over the age of 70. The exhibition is expected to be on display through Labor Day at the National Council on Aging headquarters.
