RE: Administrative Staff Pay Grades

Rebecca C. Ferguson

At the request of the Administrative Staff Council our office has compiled a list of all administrative staff positions and their pay grades. Attached you will find the following information:

- The Administrative Staff Compensation Plan: Related Policies, approved by the Board of Trustees on September 13, 1996.
- The 1997/98 Administrative Pay Grades. The ranges have been adjusted 2% upward in accordance with point number 9 of the Administrative Staff Compensation Plan.
- The 1997-98 Coach/Trainer/Equipment Manager Pay Table.
- A listing of all administrative position by pay grade. This information reflects all positions entered into the human resource information system as of December 11, 1997.

As our office moves towards establishing a web page, it is our long-range goal to have this information accessible via computer. Until that time, this information will be provided to the Administrative Staff Council leadership on an annual basis. Our office will provide the information in the fall of each year after all contracts for the fiscal year have been loaded into the human resource information system. Further, this information will be made available for review within the Human Resource office and will be placed on reserve in the Jerome Library.

Our office was also asked to provide a list of all positions that were not evaluated under the Administrative Staff Compensation Plan. The positions are as follows:

- All Classified Staff positions
- President
- Provost
- Vice Presidents(s)
- Dean(s)
- All Faculty contract positions with administrative duties

Should you have any questions regarding the attached information, please contact our office at 372-2259 or via e-mail at fergusb@bgnet.bgsu.edu.

ADMINISTRATIVE STAFF COMPENSATION PLAN: RELATED POLICIES

1. Administrative staff members whose salaries are below minimum for grade will have their salaries brought up to minimum. The process by which that will be done is as follows.
 - (a) 1995-96 salaries for all individuals below the minimum for grade, based on the 1995-96 salary table, will be adjusted upward to the minimum, retroactive from January 1, 1996. Salary raises for 1996-97 will then be recalculated and moved upward, based on the adjusted '95-96 salary.
 - (b) A second salary table, time-adjusted for 1996-97, has now been constructed, based on recommendations from Mercer Inc. Individuals whose '96-97 salaries are still below minimum for grade on this new table will be brought up to the grade minimum, retroactive from July 1, 1996.
2. In general, Position Request and Authorization forms for administrative staff new hires will specify salaries with a range from the grade minimum to the midpoint. Listing a salary level higher than the midpoint for grade will require prior approval by the area vice president, after consultation with the offices of Human Resources and Affirmative Action.
3. In the event that a higher grade placement for an administrative staff member results from a revised position analysis, that person is guaranteed at least a 5% increase in salary OR the minimum salary for the new grade, whichever is greater.
4. If an administrative staff member is promoted to a different position in a higher grade, that person is guaranteed at least a 5% increase in salary OR the minimum salary for the new grade, whichever is greater.
5. When an administrative staff member is assigned to a position in a higher grade on an interim/temporary/acting basis, the following salary adjustment policy will apply. If the person's service in the new position is longer than 30 calendar days, s/he will receive a premium for the time served equal to at least a 5% increase in salary OR the minimum salary for the new grade, whichever is greater.
6. In cases where an administrative staff member is demoted to a position in a lower grade, the person's salary will be lowered to a level in the new grade equivalent to his/her level in the original one.
7. In cases where an administrative staff member is transferred, in a lateral move, to another position at the same grade level and requiring approximately the same degree of skill, effort and responsibility, normally the individual's salary will not be adjusted.
8. A special market premium may be established for a particular job title when market conditions exist causing excessive turnover, when a salary level midpoint is well below market average for the job and/or when there is a failure of a current salary range to attract qualified candidates.
9. Beginning in 1997-98, the ranges for each grade will be adjusted in a three-year, recurring cycle. In the first two years of each cycle, the ranges for each grade will move up annually by an amount which is 1% less than the average salary increment paid to administrative staff that year. Every third year, beginning with 1999-2000, the University will conduct a reevaluation of the ranges in light of current market conditions, as well as other relevant factors, and adjust the ranges in light of that reevaluation.
10. BGSU will enforce salary maximums for all administrative staff positions, but it will exempt from the caps for a period of three years those administrative staff employees whose salaries are already above the maximums for their grades. Effective July 1, 2000, the salaries of any staff members still above their maximums will be frozen until such time as those salaries are within range. If at any time during the three years a staff member's salary should fall within range, the exemption ceases to apply to that individual and the maximum will be enforced.

Approved by the Board of Trustees
September 13, 1996

TO: All Administrative Staff

FROM: Rebecca C. Ferguson, Assistant Provost
Human Resources

DATE: December 24, 1997

RE: Administrative Staff Pay Grades

Rebecca C. Ferguson

At the request of the Administrative Staff Council our office has compiled a list of all administrative staff positions and their pay grades. Attached you will find the following information:

- The Administrative Staff Compensation Plan: Related Policies, approved by the Board of Trustees on September 13, 1996.
- The 1997/98 Administrative Pay Grades. The ranges have been adjusted 2% upward in accordance with point number 9 of the Administrative Staff Compensation Plan.
- The 1997-98 Coach/Trainer/Equipment Manager Pay Table.
- A listing of all administrative position by pay grade. This information reflects all positions entered into the human resource information system as of December 11, 1997.

As our office moves towards establishing a web page, it is our long-range goal to have this information accessible via computer. Until that time, this information will be provided to the Administrative Staff Council leadership on an annual basis. Our office will provide the information in the fall of each year after all contracts for the fiscal year have been loaded into the human resource information system. Further, this information will be made available for review within the Human Resource office and will be placed on reserve in the Jerome Library.

Our office was also asked to provide a list of all positions that were not evaluated under the Administrative Staff Compensation Plan. The positions are as follows:

- All Classified Staff positions
- President
- Provost
- Vice Presidents(s)
- Dean(s)
- All Faculty contract positions with administrative duties

Should you have any questions regarding the attached information, please contact our office at 372-2259 or via e-mail at fergusb@bgnet.bgsu.edu.
