About This Catalog

1. Students are responsible for knowing all requirements and policies in this catalog, particularly those academic policies on pages 5-12.

2. All information in this catalog was correct as of April 30, 1995, and is subject to change. Except as specifically stated herein, Bowling Green State University makes no representation or contract that following a particular course or curriculum will result in specific achievement, employment or qualification for employment, admission to degree programs or licensing for particular professions or occupations.

3. Programs are listed in this catalog under colleges in alphabetical order. Under each program, courses are identified by a three- or four-letter abbreviation and a number. Course descriptions are listed in the back of this catalog in alphabetical order by subject area.

4. The semester schedule of classes should be used in conjunction with this catalog to determine course availability since all courses are not offered every semester.

5. The University reserves the right to change its course offerings, academic policies and requirements for the baccalaureate and associate degrees. To protect students from unnecessary penalty where changes in degree requirements occur, the following policies in regard to the Undergraduate Catalog are in effect:
   a. Students who do not change their BGSU college follow the degree requirements specified in the Undergraduate Catalog in use during their first academic term at BGSU. If the initial term of enrollment is during the second academic year of a two-year catalog, students follow the approved degree requirements in effect at the time of the transfer.
   b. Students may elect to complete a degree program under the most recent Undergraduate Catalog. If this choice is made, then the student must complete all degree requirements specified in the selected catalog.
   c. Students who transfer from one BGSU college to another follow the Undergraduate Catalog in effect at the time of the transfer. If the transfer is made during the second year of a two-year catalog, students follow the approved degree requirements of the new college in effect at the time of the transfer.
   d. Students who transfer from another institution follow the Undergraduate Catalog in effect at the time of their initial registration for courses at BGSU. If the transfer is made during the second year of a two-year catalog, students follow the approved degree requirements in effect at the time of the transfer.
   e. Students who initiate but do not complete a program and return to the University follow the degree requirements specified by the dean of the college in which they are enrolled at the time of their return.
   f. Questions concerning catalog policy should be directed to the appropriate college advisement office.

6. The BGSU ID number is used for identification and record-keeping purposes throughout a student's attendance at the University. However, in addition, federal and state laws and regulations require the University to retain a student's social security number for identification and record-keeping purposes. Students are requested to report their social security number voluntarily upon enrollment at the University.

7. Bowling Green State University provides equal educational and employment opportunity regardless of race, sex, color, national origin, geographical area, religion, creed, marital status, mental or physical handicaps or veteran status. The University will not knowingly cooperate with, support or employ the services of other organizations that discriminate against persons on such grounds. However, if any student with a physical disability requires special individual services or equipment, the student will be responsible for the expenses thereof. This policy includes the expense of providing personal tutors, personal attendants, medical technicians and so forth. The University will assist such students in communicating with proper community or government agencies to secure any available financial assistance to meet their needs.
The University

Bowling Green State University is situated on a 1,338-acre campus, which includes 113 buildings. The University offers more than 165 undergraduate degree programs, 13 master's degree programs in more than 60 fields, two specialist degree programs and 14 doctoral programs with more than 80 areas of specialization. More than 16,500 students, including about 3,100 graduate students, attend classes on the main campus. The University enrolls an additional 1,350 students at the Firelands College and various off-campus centers. At the center of the University's academic community are the 680 full-time faculty members, who are engaged in teaching, research and scholarship activities.

Established in 1910 as a teacher-training institution, Bowling Green held its first classes in 1914, but it was not until the following year that the first two buildings—now University Hall and Williams Hall—were ready for use. Student enrollment for that initial year totaled 304, with a faculty of 21. The first bachelor's degree was awarded in 1917.

In 1929, the functions of Bowling Green were expanded to provide four-year degree programs in the College of Education and the College of Liberal Arts. The College of Business Administration and graduate programs were added in 1935, the year in which Bowling Green attained full university status. In 1947, the Graduate School was formed, and BGSU awarded its first doctoral degrees (in English) in 1963.

Beginning in 1948, extension programs of the University were offered in Sandusky, Ohio. During the next two decades, course offerings there were expanded and in 1965 a branch campus of the University was established to serve Erie, Huron and Ottawa counties. That branch campus is Firelands College, located in Huron, Ohio. Firelands College, which opened for classes in 1967, offers career and technical education leading to associate degrees in 18 areas, as well as the first two years of baccalaureate degree programs.

In the 1970s, three new colleges were added to the University's curriculum offerings. In 1973, the Colleges of Health and Human Services was established to provide degree programs in specialized areas in various health and community service fields. In 1975, the School of Music was expanded into the College of Musical Arts, and in the same year the Graduate School became the Graduate College. The School of Technology was granted college status in 1985.

In addition to its degree programs, the University offers diverse opportunities for educational and cultural enrichment to the people of the area through its regional and continuing education programs, as well as through the intellectual and cultural activities that are an integral part of campus life.

The Campus

Included among the more than 100 buildings on the Bowling Green campus are some that were completed as early as 1915; many of these have been recently refurbished to preserve their original structure. Most are equipped with ramps and ground-level entryways for the disabled.

The Jerome Library is the focal point of the academic community. The design, open stacks, reading lounges, study carrels and seminar rooms have been planned to create an atmosphere conducive to independent study. Jerome Library houses a collection of more than 4 million items, including books, journals, periodicals, microforms, government documents and other materials. The library is linked by computer to a powerful statewide library and information system. In addition, the library contains a curriculum resource center and special collections, including sound recordings, maps, popular culture and rare books. The Center for Archival Collections houses materials relevant to northwest Ohio history and the Institute for Great Lakes Research contains materials on the shipping industry's past and present.

Among the facilities in the science-research complex are the Psychology Building, the Mathematical Sciences Building, the Life Sciences Building, Overman Hall, the Biological Sciences Laboratory Annex and the Physical Sciences Laboratory Building. These provide specialized research equipment and laboratories to serve the needs of students in a variety of disciplines.

Paul J. Oiscamp Hall, opened in 1994, is a distance learning center, housing three teleteaching rooms as well as traditional classrooms. Each teleteaching room contains VCRs, slide projectors, an audio system, a computer with graphics capabilities and a remote video camera. Microphones are built into each student's desk and the teaching podium. Communication can take place remotely via cable, telephone lines and satellite, bringing together classes at remote sites in interactive learning.

The Technology Building contains a robotics center and specialized laboratories in design, electronics, manufacturing, visual communications and other technologies. Art facilities include individual studios for design and workshops for such areas as jewelry making, woodworking, painting, drawing, enameling, weaving, printmaking, sculpture, ceramics and glass blowing. Photography laboratories are also available. Two art galleries located in the Fine Arts Center annually feature works by faculty and students, as well as traveling exhibits.

The campus radio stations, WFAL-AM and WBGU-FM, provide students with practical experience in daily station operations. Students also support the professional staff in the programming and activities of WBGU-TV, a public television station located on campus serving northwest Ohio.

Theatre students at the University have many opportunities to participate in all phases of the theatre experience through annual productions held in University Hall's Eva Marie Saint Theatre as well as the Joe E. Brown Theatre.

The Moore Musical Arts Center provides extensive and modern facilities for the University's music programs and activities. Constructed around an open courtyard, the music center includes an 850-seat concert hall, a 250-seat recital hall, as well as practice rooms, rehearsal halls, classrooms, studios and a variety of special facilities designed for specific areas of performance and instruction.

Athletic facilities at the University include: the Bowling Green University Field House, which has an indoor track, basketball court, a wing with a 70-yard artificial turf field for football, soccer, baseball and softball; an 18-hole golf course; a 5,000-seat ice arena; 25
Academic goals of the University

Bowling Green State University is dedicated to providing quality academic programs in a learning environment that promotes academic and personal excellence in students, as well as appreciation of intellectual, ethical, and aesthetic values. Wisdom, sound judgment, tolerance and respect for other persons, cultures and ideas are the hallmarks of an educated person and the characteristics that the University hopes to develop in its students.

The extent to which these goals are met depends upon the intellectual and cultural environment of the University, the wisdom and dedication of its faculty and the intellectual curiosity, ability and energy of its students. To achieve this end the University strives to attract the most qualified students and faculty committed to the goals of quality education, productive research and scholarly achievement.

Through a vigorous program of curricular evaluation and development, Bowling Green State University seeks to ensure that those who earn a baccalaureate degree from any of the colleges of the University will have acquired practical and theoretical understanding in a specific area of specialization; demonstrated competency in critical thinking, problem solving, reading, writing, speaking, computation and mathematics; acquired a fundamental breadth of knowledge in literature, the fine arts and the other humanities, as well as in the natural, social and behavioral sciences; experienced personal growth through interaction with all elements of the University community and through exposure to other cultures; and enjoyed the opportunity to explore diverse individual academic interests through the variety of courses and programs available at the University. To encourage these qualities, a cultural diversity component has been added to the University's general education program. The University's emphasis on multiculturalism is intended to demonstrate that society is best served when its citizens are broadly educated.

Accreditation and recognition

The University is fully accredited at the bachelor's, master's and doctoral levels by the North Central Association of Colleges and Schools. In addition, the College of Business Administration is accredited by the American Assembly of Collegiate Schools of Business (AACSB); teacher education, by the National Council for Accreditation of Teacher Education (NCATE) and the Ohio Department of Education; the College of Musical Arts, by the National Association of Schools of Music (NASM); art, by the National Association of Schools of Art and Design; chemistry, by the American Chemical Society; communication disorders, by the Educational Standards Board American Speech-Language-Hearing Association; dietetics, by the American Dietetic Association; environmental health, by the National Environmental Health Science and Protection Accreditation Council; health information technology (Firelands), by the Committee on Allied Health Education of the American Medical Association; health, physical education and recreation, by the National Athletic Training Association; journalism, by the American Council on Education for Journalism and Mass Communication; medical record technology (Firelands), by the American Medical Record Association; medical technology, by the Committee on Allied Health Education and Accreditation, National Accreditation Association for Clinical Laboratories; nursing, by the National League for Nursing; physical therapy by the American Physical Therapy Association; psychology, by the American Psychological Association; rehabilitation counseling, by the Council on Rehabilitation Education; respiratory care technology (Firelands), by the Joint Review Committee for Respiratory Therapy Education; social work, by the Council on Social Work Education; technology, by the National Association of Industrial Technology and the American Council for Construction Education; and theatre, by the National Association of Schools of Theatre.

Academic organization

Courses of instruction leading to baccalaureate degrees are provided through: the College of Arts and Sciences, which includes the School of Art and the School of Mass Communication; the College of Business Administration; the College of Education and Allied Professions, which includes the School of Health, Physical Education and Recreation; the College of Health and Human Services, which includes the School of Nursing; the College of Musical Arts, and the College of Technology. Associate degrees are available through Firelands College. Graduate degrees are offered through the Graduate College.

An undergraduate student enrolls in one of the seven colleges—Arts and Sciences, Business Administration, Education and Allied Professions, Firelands, Health and Human Services, Musical Arts or Technology. An undergraduate student who is undecided as to college enrolls in the Office of Pre-Major Advising.

The University emphasizes a liberal education for freshmen and provides advising services for them, especially for those undecided about their major. The Office of Pre-Major Advising assists students in meeting the requirements of the specific degree-granting undergraduate colleges.

Degrees offered

Four-year undergraduate programs are available leading to the following degrees:

- Bachelor of Arts
- Bachelor of Arts in Communication
- Bachelor of Fine Arts
- Bachelor of Liberal Studies
- Bachelor of Music
- Bachelor of Science
- Bachelor of Science in Applied Microbiology
- Bachelor of Science in Art Therapy
- Bachelor of Science in Business Administration
- Bachelor of Science in Child and Family Community Services
- Bachelor of Science in Criminal Justice
- Bachelor of Science in Communication Disorders
- Bachelor of Science in Dietetics
- Bachelor of Science in Economics
- Bachelor of Science in Education
- Bachelor of Science in Environmental Health
- Bachelor of Science in Gerontology
- Bachelor of Science in Journalism
- Bachelor of Science in Medical Technology
- Bachelor of Science in Nursing
- Bachelor of Science in Physical Therapy
- Bachelor of Science in Social Work
- Bachelor of Science in Technology
Two-year programs are available at Firelands College leading to the following associate degrees:

- Associate of Applied Business
- Associate of Applied Science
- Associate of Arts
- Associate of Science
- Associate of Technical Study

See the Graduate Catalog for a list of graduate degrees offered by the University.
Baccalaureate degree

The baccalaureate degree program should enable all students to achieve the intellectual, ethical and cultural maturity that will allow them to become responsible participants in our society. The University curriculum for the degree has three components: general education, which focuses on basic skills and understandings; the major, which may include a minor area of concentration; and the elective courses, which enable students to explore fields outside the above components.

General education addresses the acquisition of basic skills in reading and writing, computation and mathematics, problem-solving and critical thinking; integrating values in decision-making, and the acquisition of functional understandings in literature, the fine arts and other humanities; the natural sciences; the social and behavioral sciences; an understanding of at least one culture other than one's own; and an understanding of cultural diversity in the United States.

The major provides the student with in-depth practical and theoretical knowledge in one particular area of study. Some degree programs also require the student to complete a minor. Students not required to do so may voluntarily complete a minor offered by another academic unit. Electives allow the student to explore diverse individual academic interests or interests that relate to the major.

Dual degree programs

A candidate for an undergraduate degree who desires to take a second degree from a different college within the University may:

1. take work in the second college after graduating from the University; or
2. qualify for the dual degree program by meeting the requirements listed below.

A student desiring a dual degree must:

1. secure permission of the deans of both colleges before the end of the junior year;
2. complete the requirements of both colleges for the degrees sought; and
3. complete at least 20 hours of credit beyond the hours required for a single degree.

General requirements for the baccalaureate degree

A candidate for a baccalaureate degree must complete the requirements listed below and any additional requirements set by the colleges for the specific degree sought. Check the appropriate sections of this catalog for additional degree requirements. The general requirements are:

1. Satisfy all University entrance requirements. See Articulation Policy.
2. Earn a minimum of 122 semester hours of credit, at least 30 of which must be completed at Bowling Green immediately before graduation (some degrees require more than 122 hours of credit).
3. Earn an accumulative grade point average of at least 2.0 ("C") for all course work attempted.
4. Complete the University's General Education Core requirement. See General Education Core Curriculum.
5. Complete the freshman English composition sequence, preferably in the freshman year. See Requirement of Writing Proficiency for penalty if this requirement is not completed before junior or senior year.
6. Complete at least 40 hours of credit in courses numbered 300 and above. If a senior takes a course numbered 100-199 (except foreign language or computer science), an additional hour must be taken as a graduation requirement.
7. Satisfy all course requirements for the degree as listed in the appropriate sections of this catalog.
8. File an application for graduation according to the following schedule:
   a. For graduation in December, an application must be filed by the end of the second week of the fall semester.
   b. For graduation in May, the deadline for filing an application is the end of the second week of the spring semester.
   c. For graduation in August, the filing-date deadline is the end of the first week of the summer session.

An application form and information may be obtained at the student's college office. Completed applications are to be turned in at the student's college dean's office with the exception of those students in the College of Education and Allied Professions who turn the applications in at the Program Advise Office, 365 Education Building. A student not accepted as a candidate under the above procedure or who does not fulfill requirements toward a degree within four weeks after commencement must apply again for graduation at the next commencement.

General education core curriculum

A general education core curriculum supports Bowling Green State University's mission in liberal education for all undergraduate students. The core is designed to give students an understanding of the multiple realities of a complex and culturally diverse world. It provides an introduction to the modes of inquiry in four areas of functional understanding: Natural Sciences, Social and Behavioral Sciences, Humanities and Arts, and Cultural Diversity in the United States. Each course in the core emphasizes the development and enhancement of one or more of the following five skills: written communication, oral communication, computation and mathematics, critical thinking and problem solving, and decision making and values analysis.

All candidates for the baccalaureate degree at Bowling Green State University must take at least eight courses from the University General Education Core Curriculum distributed as follows:

- two from the natural sciences,
- two from the social and behavioral sciences,
- two from the humanities and arts,
- one from cultural diversity in the U.S.,
- one remaining course from any of the functional understanding areas.

In addition, at least one of the courses from either the social and behavioral sciences or the humanities and arts must contain an international perspective. Courses satisfying this international perspective requirement are marked with an asterisk (*) in the general education course list below.
Courses included in the General Education Core serve as a foundation in the selected area of understanding. Additionally, each course emphasizes the development and enhancement of one or more of the following five skills: written communication, oral communication, computation and mathematics, critical thinking and problem solving, and decision making and values analysis. Courses at the 300 and 400 level integrate two or more disciplinary perspectives on the topics, issues or problems under consideration in the course, and require extensive writing, reading and research. It is suggested, although not required, that students complete at least one general education course at the 300 or 400 level.

Corner areas of Functional Understandings are listed below. Students should check with their college office for specific details regarding General Education Core requirements.

Functional Understandings in the Natural Sciences
Core courses in the natural sciences make clear the important role of experimentation and observation in the sciences and the way in which these observations of the physical and biological world lead scientists to formulate principles that provide universal explanations of diverse phenomena. These courses have as a goal the development of an understanding of how scientific principles are utilized in the modern world and of the impact of science on society and the human health and well-being of individuals.

Functional Understandings in the Social and Behavioral Sciences
The principal objective of general education courses in the social and behavioral sciences is to explain through empirical investigation and theoretical interpretation the behavior of individuals and various groups in societies, economies, governments and subcultures. Courses in these social sciences will identify significant patterns of human behavior and provide means of inquiry by which these patterns may be explored.

Functional Understandings in Humanities and Arts
General education courses in the humanities further an understanding of humanistic approaches to knowledge. They develop skills in analysis and interpretation of philosophy, literature, music and visual arts, as well as an understanding of the social context in which philosophical and cultural works arise. Courses in the arts develop a critical understanding of artistic expression, the creative process, the formation of aesthetic values and the complex interdependence of art and society.

Articulation policy/ removal of articulation deficiencies

All students graduating from high school after April 15, 1986, who desire to pursue a four-year baccalaureate degree at BGSU are to fulfill a specified collegiate preparatory program. These standards require specified units (1 unit equals 1 year of high school course) as follows:

- four units of high school English
- three units of high school mathematics (algebra I, algebra II, geometry)
- three units of science (with at least two lab sciences)
- three units of social science
- two units of the same foreign language
- one unit of visual or performing arts (art, dance, film, music, theatre)

Students must make up all deficiencies by taking courses in the area of deficiency; these courses may be used to satisfy general education requirements in most cases. All deficiencies must be completed within the first 60 hours of credit at BGSU or the student will be placed on probation. For each two units of deficiency, graduation requirements will increase by three credit hours. These additional hours must be taken from the General Education Core Curriculum. (See page 6). A student may not graduate until deficiencies are removed. Students pursuing two-year associate degree programs are exempt from this policy. If they decide, however, to pursue a baccalaureate degree at a later date, the policy will apply.

Removal of deficiencies

Students admitted to the University who have not met the specified criteria are notified in writing of their units of deficiency by the Office of Admissions. Students who question the specified deficiencies may complete an Articulation Deficiency Request-for-Review, available in and returnable to the college office in which the student is enrolled. The college offices collect the forms and forward them to the Office of Registration and Records where a copy of each student's high school transcript is attached. All Articulation Deficiency Request-for-Review Forms are then forwarded for review/action to the Faculty Articulation Resource Committee; students will be notified of this committee's action. (Please note that the college offices are not involved in the appeals process.)

Students with identified deficiencies must remove them by taking specified coursework; this coursework must be completed before the student has accumulated 60 semester hours. Applicability of this coursework toward graduation requirements depends on the major/degree being pursued. Each student should, therefore, become familiar with the graduation requirements of the major being pursued. Deficiencies can be removed in the following ways:

Deficiency in English—Satisfactory completion of English 112. (All students must take a placement test in English; enrollment in ENG 110 and/or ENG 111 may be required prior to enrollment in ENG 112.)

Deficiency in Mathematics—Satisfactory completion of MATH 095/098 or satisfactory completion of a college mathematics course at the 100 level or above (except MATH 111 and MATH 241). All students must take a placement test in mathematics; placement in mathematics courses is dependent on the test results.

Deficiency in Social Science*—Satisfactory completion of one of these courses for each unit of social science deficiency: AAS 250; ECON 100; ETHN 101; GEOG 121, 122, 230; HIST 151, 152, 180, 205, 206; POLS 110, 250, 171; PSYC 201; SOC 101, 202, 231; University honors social science courses.

Deficiency in Science*—Satisfactory completion of one of these courses for each unit of science deficiency: ASTR 201, 212; BIOL 101, 104, 204, 205; CHEM 100, 109 & 110, 117 & 118, 125, 127 & 128, 135, 137 & 138; GEOG 125; GEOL 100, 104, 105, 205; PHYS 101, 201, 202, 211, 212; University honors science courses.

Deficiency in Foreign Language — Two units of deficiency may be removed by successful completion of one of the following sequences: ARAB, CHIN, FREN, GER, ITAL, LAT, JAPN, RUSN, SPAN 101 and 102 (each of these courses is four credit hours).

One unit of deficiency may be removed by continuing the language previously studied through successful completion of the 102 courses indicated above, OR GER 117 plus 118 (GERM 117 and 118 are two credit hours each).

Before continuing in a language previously studied, a student must take a placement test. If test results demonstrate that a student is not prepared for the second course in a language sequence, the student will be advised to take both the first and second course in the sequence to remove the deficiency.

Deficiency in Visual or Performing Arts*—Satisfactory completion of one of these courses: ART 101, 102; ARTH 145, 146; MUCH 101, 110, 112, 116, 125, 221, 401; THEA 141, 202; TCOM 261; University honors courses in art, music, theatre.

Courses in dance, film and performance may also be used to remove deficiencies in this area. Such courses, however, will not apply to general education requirements.

Some colleges accept additional coursework in these areas; for specific information regarding the additional courses that the individual college accepts, contact the college office.

Reading Skills—Students are required to take a reading test prior to initial registration. Students must demonstrate competency on this reading test to be advanced to sophomore standing (i.e., 30 semester hours). Students who do not demonstrate competency via successful completion of a reading test or successful completion of EDCI 100 will be subject to dismissal from the University. Foreign students will be given one additional semester to complete this requirement, if needed.

Requirements for advancement to sophomore and junior standing

English/Writing: Students must take a placement test administered by the Department of English prior to initial registration. Those students who place in English 110 or 111 must complete either English 110 or 111 before advancement to sophomore standing (i.e., 30 semester hours). Students who do not complete English 110 or 111 or its test equivalent prior to advancement to sophomore standing will be subject to dismissal from the University. Foreign students who place in English 100 will have one additional semester to complete these requirements (See Requirement of Writing Proficiency).

Mathematics: Prior to advancement to junior standing (i.e., 60 semester hours) all students must demonstrate competency in mathematics, either by completion of two years of algebra (algebra I and II) and one year of geometry in high school or by successful completion of a mathematics proficiency examination administered by the Department of Mathematics and Statistics. Students who do not demonstrate proficiency on this examination will be subject to dismissal from the University.

Reading: Students are required to take a reading test prior to initial registration. Students must demonstrate competency on this reading test in order to be advanced to sophomore standing (i.e., 30 semester hours). Students who do not demonstrate competency via successful completion of a reading test or successful completion of EDCI 100 will be subject to dismissal from the University. Foreign students will be given one additional semester to complete this requirement, if needed.

Requirement of writing proficiency

Recognizing that the ability to communicate in writing is a valuable skill and a hallmark of an educated person, the University requires that each student enrolled in a baccalaureate
or associate degree program complete satisfactorily ENG 112 or give evidence of proficiency in written expression equivalent to that attained by the student who completes this course. No student can be excused from meeting this requirement, nor can the requirement be postponed.

The courses and services designed to aid students in meeting the writing requirement are coordinated through the General Studies Writing Program. The English Placement Test, administered through this program, assesses the writing skills of entering students. On the basis of this test, students are placed in ENG 110/110S (Developmental Writing), ENG 111 (Introductory Writing) or ENG 112 (Varieties of Writing). A student may be required to take two or three of these courses, but no more than six hours of credit earned in these courses may be applied toward graduation. The writing proficiency of students is evaluated at the end of each course and further evaluation is required for the student to continue in the course until students have reached the University proficiency requirement expected upon completion of ENG 112. Students who wish to receive transfer credit for English composition and communication courses may be tested for writing proficiency to determine whether credit will be awarded. Students who wish to be exempted altogether from English composition are also tested for writing proficiency.

Special courses and services designed to aid international students (i.e., non-native speakers of English) in improving their English proficiency are coordinated through the Program in English as a Foreign Language. Upon reporting to the University and before registering for classes, all entering international students admitted through the Office of International Programs and the Office of Admissions, except those whose native language is English, are required to take on-campus proficiency tests. International students transferring from other colleges and universities in the United States as well as students from Puerto Rico are also required to take these tests. On the basis of these tests, the University reserves the right to place students in ENG 100 (English as a Foreign Language I) or ENG 101 (English as a Foreign Language II). A student may be required to take one or both of these courses, but no more than four semester hours of credit may be applied toward graduation. The English proficiency of students is evaluated at the end of each course until the students have reached the level of English language proficiency expected upon completion of ENG 101. The University also reserves the right to require enrollment in the special section for international students of ENG 110 if the student has no transfer credit for the course.

To encourage all students to pass ENG 112 prior to the beginning of the junior year, three credit hours are added to the graduation requirements of students who pass ENG 112 after accumulating 60 credit hours; four hours to the graduation requirements of those with 90 or more credit hours. This requirement applies only to students who enter the University on or after September 1, 1981. The following are exempt from this penalty:

1. Students transferring to BGSU with 31 or more credit hours, provided that ENG 112 is passed within the first 30 credit hours earned at BGSU after the transfer, and
2. International students who transfer to BGSU with 21 or more credit hours and for whom English is a second language. Exemption from the penalty must be recommended by the director of international programs and ENG 112 must be passed within the first 40 credit hours earned at BGSU.

---

**Other policies**

**Classification of students**

Classification of a student as a freshman, sophomore, junior or senior is determined on the basis of credit hours earned.

In a baccalaureate degree program a student is classified according to hours earned as follows: freshman, 0-29 hours; sophomore, 30-59 hours; junior, 60-89 hours; senior, 90 hours to hours required for graduation.

A student who is enrolled for undergraduate coursework but who does not have a degree goal is a guest undergraduate. A student who has earned a degree and who desires to register for undergraduate courses without pursuing another degree enrolls as a guest degree-holder.

**Status change to part-time**

A full-time student normally should be registered for 15 to 16 hours per semester. For certification purposes, a full-time undergraduate student is one registered for 12 or more hours. During the summer session, a full-time student is one enrolled for six or more hours during the eight-week term, four or more hours during a six-week term and three or more hours during a four-week term. A part-time student is one enrolled for fewer than the minimum number of hours outlined above.

A full-time student who drops sufficient hours during a semester to become a part-time student is subject to the following restrictions:

1. Ineligibility for intercollegiate athletics.
2. Possible reduction of financial aid awards. Check with the Office of Financial Aid and Student Employment for details on this policy.

Such students are still eligible to remain in University-owned housing and to retain membership in University organizations. Further questions on this policy should be addressed to the Office of the Vice President for Academic Affairs.

**Change of college or major**

A student whose goals have changed may wish to change to another college or major. Before changing, a student should explore the requirements of the desired college. To change to another college, a student must have at least a 2.0 accumulative grade point average and obtain the approval of the college to which the student is transferring. The transfer also must be officially recorded by the dean’s office of the college from which the student is transferring.

A student who wishes to change a major within a college should notify the college office. At that time an appropriate adviser is assigned.

Academic advisers are available in the college offices to help students select the degree program that best meets individual needs and interests.
Withdrawal from the University

A student who wishes to withdraw from the University in good standing must obtain the permission of the dean of the college in which the student is enrolled. If a student leaves the University without proper notice and permission, a mark of WF is recorded in all courses for which the student is currently enrolled. The student is not entitled to any refund of fees.

A student who withdraws with permission from the University will have all courses from the semester dropped and no grades recorded unless the student has previously withdrawn from a course with a WF. A student who withdraws from a course with a WF (withdrawn passing) or WF (withdrawn failing). WP is assigned when a student withdraws in good standing during the second through the ninth week of a course in the fall and spring semesters, the fourth class day of the eight-week summer term, the fourth class day through the eighteenth class day of a four-week summer term, and the fourth class day through the fourteenth class day of a four-week summer term. WF is assigned if the student is failing at the time of withdrawal from the course prior to the WP deadline, withdraws after the deadline for WP has passed, or stops attending but does not process an official withdrawal in the Office of Registration and Records. This provision applies to all grading options, including S/U. The grade of WF is used in computing the grade point average.

A student who officially withdraws from the University receives a W in all courses, unless the student has previously withdrawn from a course with a WF.

See Refund of Fees under Fees and Charges.

Grading policies

Courses are graded as follows: A-excellent; B-good; C-acceptable; D-poor but passing; F-failure; WP-withdrawn passing; INC-incomplete, and I-incomplete calculated as F.

Certain courses (including student teaching, some internships, remedial courses and required physical education courses) are graded S/U only and are so indicated in the course descriptions. S means satisfactory and indicates course credit was earned. U means unsatisfactory and indicates no credit. A student may also elect the S/U grading option in no more than 16 credit hours in a baccalaureate degree program (beyond those hours graded S/U only). Any S/U hours beyond this limit will not count toward graduation. The grading option must be declared at the Office of Registration and Records no later than seven calendar days after the beginning of classes for a semester. Many departments do not accept courses taken under the S/U option for credit in major or minor requirements; students should consult departmental officials. More than 12 semester hours of S/U grades may increase the grade point average needed for graduation with honors. Courses taken under advanced placement, credit by exam, CLEP, etc., are considered S/U and do not count as letter-graded hours. See Graduation with Honors.

The grade of S is interpreted as failing within the range of A to C and carries full credit. A grade of U is interpreted as D to F and carries no credit. S and U grades do not affect the accumulative grade point average.

A student who wishes to attend a class without receiving credit for it may register to audit that course (see Registration and Records).

A student who withdraws from a course may receive a grade of WP (withdrawn passing) or WF (withdrawn failing). WP is assigned when a student withdraws in good standing during the second through the ninth week of a course in the fall and spring semesters, the fourth class day of the eight-week summer term, the fourth class day through the eighteenth class day of a four-week summer term, and the fourth class day through the fourteenth class day of a four-week summer term. WF is assigned if the student is failing at the time of withdrawal from the course prior to the WP deadline, withdraws after the deadline for WP has passed, or stops attending but does not process an official withdrawal in the Office of Registration and Records. This provision applies to all grading options, including S/U. The grade of WF is used in computing the grade point average.

A student who officially withdraws from the University receives a W in all courses, unless the student has previously withdrawn from a course with a WF.

See Incomplete Marks.

See Withdrawal from the University.

Grade point average

For averaging grades, the following quality points are assigned to each letter grade:

For each hour of A— 4 points
For each hour of B— 3 points
For each hour of C— 2 points
For each hour of D— 1 point
For each hour of F or WF— 0 points
For each hour of I— 0 points

A student's grade point average is obtained by dividing the total number of quality points earned by the total number of hours taken, excluding courses in which the marks S, U, P, INC, W or WP are recorded. The hours for which a mark of INC is recorded are excluded from grade point average computation until the deadline for removal.

As an example, suppose a student receives the following grades for a semester:

<table>
<thead>
<tr>
<th>Course</th>
<th>Hours</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Biology</td>
<td>(a 4-hour course)</td>
<td>B</td>
</tr>
<tr>
<td>English</td>
<td>(a 3-hour course)</td>
<td>B</td>
</tr>
<tr>
<td>French</td>
<td>(a 4-hour course)</td>
<td>C</td>
</tr>
<tr>
<td>Health</td>
<td>(a 3-hour course)</td>
<td>A</td>
</tr>
</tbody>
</table>

First, determine the number of quality points earned for each course. For example, each hour of B is worth 3 points and a 4-hour B is worth 12 points (3 x 4).

Therefore, the above grades translate into quality points as follows:

4 times 3 (B) = 12
3 times 3 (B) = 9
4 times 2 (C) = 8
+3 times 4 (A) = 12

14 hours 41 quality points

Now, divide the number of quality points by the number of hours taken for a letter grade. The grade point average for this sample schedule is 2.9285 or 2.92. Grade point averages are not rounded up to the nearest hundredth of a point.

Incomplete marks

The mark of INC (incomplete) is given when, for some acceptable reason, a student fails to meet a definite requirement in a course as established by the instructor. The mark of INC may be removed and a grade (if taken for a grade) or the letter S (if taken S/U) may be substituted for it by a student making up the deficiencies to the satisfaction of the instructor.

Unless an extension of time is granted by the academic dean, a mark of INC must be removed by March 1, August 1 and November 1 for the fall and spring semesters and summer session, respectively. For courses taken S/U, any mark of INC not removed by these deadlines will change to U. For courses taken for a letter grade, any mark of INC not removed by these deadlines will change to I and be calculated as F in the cumulative grade point average of all undergraduate students with or without an extension of time. The student who has been granted an extension, however, will have the opportunity to have his or her grade point average recalculated and the I changed to the grade assigned.

Grade appeals

Students have a right to appeal decisions on grades. The student should first contact the department from which the grade was received. A member of each department, who is not a major departmental administrator, is designated to hear complaints, gather information, talk with both students and faculty, mediate disputes or identify appropriate channels for solving problems. If the dispute cannot be resolved at this level then the student should state the full particulars of the appeal in writing and submit them to the department chair or policy committee. If the matter is not resolved at the department level, the student may request a hearing before the academic arbitration board of the appropriate school or college. However, the sole responsibility and authority for determining grades rests with the faculty member who assigned the grade. This appeals procedure also may be used if a student believes an opportunity should be provided to make up work missed during absence from classes.

The grade appeals procedure must be started by the end of the seventh week of the spring semester for grades received during fall semester, and by the end of the seventh
week of fall semester for grades received during the spring semester or during the summer session. All actions for grade changes must be completed during the semester in which the grade is appealed. Grade and absence grievances may not be appealed beyond the college level.

---

**Academic forgiveness**

Academic forgiveness allows a student returning to the University after a period of time the option of having his or her grade point average calculated from the point of readmission without losing credit for all previous coursework with a grade of S or C or better.

The academic forgiveness policy and its conditions are as follows:

1. To be eligible for academic forgiveness a student must be readmitted to the University after at least a five-year absence and request academic forgiveness in writing from the registrar. The student must complete a minimum of 30 credit hours at BGSU after returning to the University prior to the awarding of the baccalaureate degree.

2. A request for academic forgiveness must occur within one year of readmission and apply only to courses taken before readmission.

3. After a student elects academic forgiveness and eligibility is verified, a notation will be added to the student’s transcript indicating that all BGSU credit hours earned prior to readmission will be subject to the following conditions:

   a. the previous GPA is eliminated.
   b. credit earned at BGSU with a grade of D is forfeited.
   c. credit earned at BGSU with a grade of at least S or C is carried over at the time of re-entry.
   d. However, grades from all coursework taken at BGSU will be used in calculating eligibility for membership in honor societies and graduation with honors.

4. Academic forgiveness is applicable only to the first undergraduate degree.

Students apply for academic forgiveness through the Office of Registration and Records. The policy went into effect fall semester 1986 and is not retroactive. This means that it will apply only to those persons requesting readmission beginning fall 1986 and thereafter. The conditions of the policy cannot be appealed.

---

**Academic honors**

**Dean’s List**

Full-time undergraduate students who demonstrate a high level of excellence in academic work have their names placed on the academic dean’s list. The requirement for achieving the academic dean’s list is a grade point average of 3.5 or above in the preceding semester with no fewer than 12 credit hours per semester included in the grade point average computation.

**Graduation with honors**

The record of each undergraduate candidate for graduation with a very high point average is carefully reviewed by the University Committee on Honors and Awards so that appropriate recognition and honor may be accorded each student who has achieved outstanding academic success throughout his or her undergraduate years. The tentative honor announced at commencement and released to the newspapers is figured without the grades from the student’s last academic term. The final honor which is put on the permanent record and diploma is based on the student’s entire academic record.

In determining academic honors, total letter-graded credits (TLC) are credits for those courses that determine the student’s grade point average. The GPA requirement will be higher than the minimum of 3.50, 3.75 or 3.90 for those students who have completed fewer than 110 TLC (or 55 TLC for associate degree candidates). See formula below.

**With distinction**

With distinction signifies a high level of academic achievement in an associate degree program and graduation with praise. The honor requires a minimum of 28 TLC and a cumulative GPA at least as high as the larger of 3.5 and [4.5 - (TLC/55)].

**With highest distinction**

With highest distinction signifies the highest level of academic achievement in an associate degree program and graduation with great praise. This honor requires a minimum of 50 TLC and a cumulative GPA at least as high as the larger of 3.9 and [4.9 - (TLC/55)].

More than 12 semester hours of S/U grades may increase the grade point average needed for graduation with honors. Courses taken under advanced placement, credit by exam, CLEP, etc., are considered S/U and do not count as letter-graded hours.

**Cum laude**

Cum laude signifies a high level of academic achievement in a baccalaureate degree program and graduation with praise. This honor requires a minimum of 55 TLC and a cumulative GPA at least as high as the larger of 3.5 and [4.5 - (TLC/110)].

**Magna cum laude**

Magna cum laude signifies a very high level of academic achievement in a baccalaureate degree program and graduation with great praise. This honor requires a minimum of 83 TLC and a cumulative GPA at least as high as the larger of 3.75 and [4.75 - (TLC/110)].

**Summa cum laude**

Summa cum laude signifies the highest level of academic achievement in a baccalaureate degree program and graduation with great praise. This honor requires a minimum of 99 TLC and a cumulative GPA at least as high as the larger of 3.9 and [4.9 - (TLC/110)].

**Transfer credit**

In the case of transfer credit, each record is studied and evaluated individually. In general, the following principles serve as guides:

1. A student entering the University with transferred credit must meet the cumulative grade point average standard for honors in all hours completed, transferred and otherwise, which are considered jointly. In addition, the point average of all work taken at Bowling Green State University must be of honors quality.

2. A student must have completed at least 56 hours at BGSU (28 hours for an associate degree candidate). At least 30 of these hours (21 hours for an associate degree candidate) must be in letter-graded courses.

3. A candidate should be in residence at least one academic year (one academic term for an associate degree candidate) or 30 hours in consecutive summers (attending either the full summer session or both of the terms each summer) immediately preceding graduation. A student with written permission to participate in an approved combination curriculum in cooperation with a professional school or college of another institution is exempt from this requirement.

In reviewing the record of a candidate for honors, each case is judged on its own merit.

**Retaking a course**

Students must report each retake registration to the Office of Registration and Records. A student may retake a course in which a grade of D, F, I, U or WF was received. If a student retakes such a course at the University, it must be retaken under the same grading option as selected initially. If the course is retaken for the purposes of auditing, no grade will be given.

If a student retakes a course at the University in which a grade of D, F, I or WF was received, then the credit hours and quality points for the original registration and all subsequent retake registrations will be used in computing the student's cumulative grade point average, with the following exception:

- For the first two such courses retaken at the University (they must be two different courses), the credit hours and quality points for the original registration will not be used in computing the student's...
Academic warning
Students who are warned of unsatisfactory academic progress are encouraged to limit their enrollment to no more than 15 hours in a given semester until they are again in good standing. Students on academic warning are encouraged to seek appropriate advice and services from their college office.

Academic probation
It is recommended that students on academic probation not enroll for more than 12 semester hours. They should also seek appropriate advice and services from their college office.

Academic suspension
Students who have been suspended may not return to the University in the semester immediately following their suspension except that:
1. Students may attend any summer session at BGSU, and
2. Students may attend the subsequent semester following favorable action on a written appeal to the dean of their college.

Academic dismissal
Students who have transferred to the University in the semester immediately following their suspension except that:
1. The student may attend any summer session at BGSU,
2. Students may attend the subsequent semester following favorable action on a written appeal to the dean of their college.

Failure to meet these conditions will constitute academic dismissal from the University. It is recommended that students on academic suspension not enroll for more than 12 semester hours in any given term.

Academic dismissal
Students who fall under academic suspension for a second separate occasion will be dismissed from the University. Students who have been academically dismissed may not enroll again at the University for a period of five calendar years from the date of dismissal unless they have received favorable action on a written appeal to the dean of the college in which they were enrolled. Students are allowed to exercise this right to a written appeal only once during the five-year dismissal period.

Students who return following such an appeal are subject to all conditions listed above under Academic probation.

Students who return to the University after five years or more are eligible for academic forgiveness (see Academic Suspension).

Advanced standing
Advanced standing may be achieved in seven ways:
1. Demonstrating appropriate achievement on Bowling Green placement tests, which leads to exemption from courses but not credit.
2. Passing an examination administered by another academic department of the University; see Credit by Examination.
3. Completing a college-level course in high school and earning a prescribed grade in an Advanced Placement examination administered in the high school through the College Entrance Examination Board (CEEB). This leads to college course credit and/or exemption. (For more information contact the Office of Academic Enhancement on the main campus, or the Office of Student Services at Firelands.)
4. Attaining appropriate scores on the general examinations of the College Level Examination Program (CLEP). This leads to general elective credit; see Credit by Examination. Also, see Continuing Education, International and Summer Programs, page 16-17.
5. Attaining appropriate scores on specific CLEP subject examinations. This leads to credit as approved by appropriate academic departments. (Not all academic departments accept credit for completion of CLEP Examinations.) Students should contact the Counseling Center.
6. Passing a higher level course in sequence with a grade of C or above and thereby earning credit for lower level sequence courses in prescribed departments.
7. Satisfactory completion and assessment of a student portfolio; see Portfolio Assessment.

Credit by examination
An undergraduate student currently registered for at least two semester hours may gain credit by examination with the approval of the student's dean and the department involved. The minimum registration level must be maintained for the entire term. The student wishing credit in a course must not have enrolled in the course previously and must present sufficient evidence of academic achievement.
evidence of prior study or experience. The course cannot be a prerequisite for any course the student has completed. Once approved, the examination must be completed within four weeks of the approval. This option may not be repeated. A $50 fee is assessed for a credit-by-exam course. Credit by Examinations are graded on an S/U basis. Further information on procedures is available at the student’s college office.

Credit may be earned by attainment of appropriate score levels on selected subject examinations of the College Level Examination Program (CLEP). See Continuing Education, International and Summer Programs.

A student may also receive credit for coursework taken at another institution, in which the final grades were equivalent to C or better but which did not transfer because of BGSU policies, by taking a validation examination.

A student in the School of Nursing may take the National League for Nursing exam to validate coursework taken before entrance into BGSU’s baccalaureate program in nursing.

---

**Portfolio assessment**

Admitted adult students with considerable work/life experience matching specific course content may be eligible for credit through writing a portfolio about what they have learned. Contact Adult Learner Services in Continuing Education.

---

**Graduate courses for undergraduates**

Under specified circumstances it is permissible for undergraduate students with excellent scholastic records to register for graduate coursework prior to having received the baccalaureate degree. For further information, see Graduate Catalog, “Graduate courses for undergraduates.”
Special Academic Programs and Services

Bowling Green State University provides a variety of academic services to assist students in their educational development.

Academic advising

Each student at the University may seek assistance from an assigned academic adviser. The adviser assists students in planning their schedules, checking their progress toward completing graduation requirements and helping them in the long-range planning of their programs. It is the student's responsibility to contact the adviser; names and locations of advisers are available in the college offices.

Academic advising and help in career planning are also available in each college office and in the Academic Enhancement Office. College office locations and telephone numbers are as follows:

- Arts and Sciences, 205 Administration Building, 372-2015
- Business Administration, 371 Business Administration Building, 372-2747
- Education and Allied Professions, 365 Education Building, 372-7273
- Firelands, 150 North Building, 433-5560
- Health and Human Services, 101 Health Center, 372-9242
- Musical Arts, 1031 Moore Musical Arts Center, 372-2181
- Technology, 204 Technology Building, 372-7581

Entering freshmen may be unsure of their major area of study. A number of options are therefore offered for these students. Some freshmen will know that they want to enter a particular college but be unsure of the major they want to follow. Each college has academic advisers to work with these students. Freshmen who are not sure of their college choices may be counseled in the Office of Pre-Major Advising, 101 University Hall, 372-8943.

In addition to these academic advising services, the Career Planning and Placement Center maintains information on a variety of majors and careers and has available career-related interest and value inventories. Also, a course entitled Career and Life Planning (UNIV 131) is offered each semester.

Academic Enhancement

101 University Hall, 372-2677

This University-wide program provides academic programs for high school students as well as for new and continuing University students. The services provided are important in helping students enhance their academic backgrounds.

Each of these programs is designed to assist students in their transition to the University. The freshman year is an important one during which students lay the foundation for their remaining years at the University. A strong foundation is important for future academic success. By using the services available in the Office of Academic Enhancement many students are assisted in making a successful transition to the University.

Office of Pre-Major Advising

Many students entering the University are unsure of their choice of undergraduate college and/or major area of study. Other students may not know enough about the many options available at Bowling Green State University to feel that they have enough information to make a good choice. Still other students may just be unsure of how their interests, abilities and values relate to different majors in the undergraduate colleges at the University. The Office of Pre-Major Advising provides a program designed to assist students in the decision making process. Academic advisers in this program help students select classes from the University-wide general education core. These classes help students develop important skills, become exposed to new areas of study as well as meet requirements for the baccalaureate degree. In addition to academic advising, students in this program are also assisted by their adviser in selecting an undergraduate college.

Learning Laboratories

Three University-wide learning laboratories are housed in Academic Enhancement—the Mathematics Laboratory, the Study Skills Laboratory and the Writing Laboratory. The Mathematics Laboratory supports campus-wide learning in mathematics and statistics. Tutoring is available in the Mathematics Laboratory as well as other types of academic support including videos of lectures, reference materials and computer assisted instruction.

The Study Skills Laboratory provides academic support in a variety of disciplines including the natural sciences and social sciences. Structured study groups led by outstanding undergraduate students are available in a number of freshman level classes. These groups meet throughout the semester to assist students in both study and reading strategies.

The Writing Laboratory provides one-on-one tutoring and small group instruction in composition to any writer on campus. In addition, this laboratory also provides instruction in word processing on personal computers.

Student Support Services

This federally funded program provides special academic support services to disadvantaged students enrolled at the University. Special developmental classes, academic counseling and tutoring are available for participants in this program.

Post Secondary Enrollment Options Program

This program offers outstanding high school students the opportunity to strengthen and enrich their educational programs by enrolling in regular University courses for high school and/or college credit.

Advanced Placement

The Advanced Placement Program (AP) enables entering students to earn University credit for college-level courses taken in high school based upon the scores achieved in final examinations. Advanced Placement courses and exams are offered through high schools. The score reports are then sent to BGSU for credit review.

Current credit guidelines are available from the Office of Academic Enhancement.

Language Laboratory

303 University Hall, 372-8146

The Language Laboratory serves the departments of Romance languages and German, Russian and East Asian languages, as well as the ESL (English as a Foreign
Jang Language courses providing intensive practice are coordinated in a laboratory at BGSU. Students use the open access laboratory as part of their course assignments, usually on an unscheduled basis. The laboratory is open 40 hours per week (M-F) during the academic terms. Although not a tutorial (remedial) laboratory, the language trained staff does assist and monitor students doing their assigned audio practice.

Foreign language placement advising for entering students is available in the laboratory at fall pre-registration and during the academic year.

---

**University Honors Program**

372 Administration Building, 372-8504

The University Honors Program provides enriching and intellectually stimulating classes, at no additional cost, for academically talented students who are interested in participating. The program is optional and open to any eligible student within any academic discipline. Actual registration for any University Honors class requires approval of the Honors director or associate director.

The Honors Program accepts incoming students based on the following criteria:

1. Placement in, or exemption from, English 112 as determined by a written essay judged by the English department;
2. ACT composite score of 27 or above or SAT composite score of 1100 or above;
3. High school grade point average of 3.5 or better on a 4.0 point scale; and
4. Two favorable letters of recommendation from teachers.

Beginning students who wish to apply must complete the application process by early May of the year they intend to enter the University. There is a separate application process for transfer students.

Continuing students must have at least a 3.5 GPA and be registered for or have completed English 112. Continuing students should make an appointment with the director or associate director to discuss the Honors Program and course enrollment.

Once admitted, students must enroll in a minimum of two Honors courses every three semesters until a minimum of 15 Honors hours have been successfully completed.

Most of the classes offered through the Honors Program are sections or seminars which satisfy general education requirements for all students. Additionally, some upper-division seminars and courses are offered which may qualify as electives. Each term consists of different course offerings. The classes are small and are taught by professors with high academic standards who are particularly interested in professional interaction with highly motivated students. Whenever possible, there is an effort to make the courses interdisciplinary — that is, the content is approached from the perspective of at least two different disciplines. Because the classes are small, there is more responsibility placed on the individual student, more individual attention and the atmosphere tends to be more free and interactive.

A student may graduate with University Honors by meeting the following criteria:

1. A minimum 3.5 GPA overall and at least a 3.2 in Honors courses;
2. Completing at least 17 semester hours of University Honors courses with at least a B in each Honors course and at least one of the courses having been an interdisciplinary seminar, and
3. Taking no more than 10 hours in any one of the University general education categories. Seven of the required 17 hours must come from at least one other general education category. (Math courses will count in the natural sciences category.)
4. Successfully completing a three-semester-hour senior Honors project (HNR 499).

Application for graduation with University Honors must be made no later than the tenth day of classes the semester the student plans to graduate.

Some departments on campus also have departmental honors programs. The University Honors Program does not conflict with such programs; University Honors Program courses are taken primarily in the freshman and sophomore years whereas departmental honors courses are upper division. In fact, University Honors courses are very useful in preparation for departmental honors programs. It is also possible to graduate with departmental honors. Any interested student should discuss such a possibility with his or her department.

An Honors housing option is available in Darrow Hall in Kreischer Quadrangle. Students interested in this option must apply both through the Honors office and the On-Campus Housing Office.

The Honors Program also features an Honors Student Association to which any University student may belong. The NSA offers a variety of educational, social and cultural activities, some of which take place in the Honors Center on campus.

For more information, contact the director or associate director of the University Honors Program, 372 Administration Building, Bowling Green State University, Bowling Green, Ohio 43403-0014, (419) 372-8504.

---

**Study abroad**

**Center for International Programs**

1106 Uffenhauer West, 372-2247

The staff provides information and advises students about a variety of study abroad and student exchange programs sponsored by BGSU and other colleges and universities. A study abroad resource center contains current printed materials and videos about the numerous opportunities. Students are encouraged to meet with the associate director starting in their freshman year. Early planning for a study abroad experience is of utmost importance so that it becomes an integral part of one's degree program.

**Australia-Lismore**

An exchange program exists for sport management and exercise science majors with Southern Cross University of Lismore, Australia. This study abroad is usually arranged for the junior and senior years. For more information call 372-2676 (sport management), 372-6905 (exercise science), or 372-0309 (International Programs).

**Austria—Salzburg**

As part of BGSU's official partnership with the University of Salzburg, the Department of German, Russian and East Asian Languages offers an academic year abroad in Salzburg, Austria, a center of German-speaking cultures at the heart of Europe. All courses in the two-semester (three-quarter) program are conducted in German and include German language and literature as well as arts and humanities and social sciences. Qualified music students may also take courses at the Mozarteum, Salzburg's famous conservatory. The wide spectrum of courses and appropriate planning allow students of any major to fit a full year of study abroad into a four-year graduation schedule. An American program director resides in Salzburg, but Austrian faculty teach the courses. Students live in dormitories, in most cases with an Austrian roommate. Cultural travel (e.g., to Vienna and Berlin), concert tickets and local field trips are included in the program cost.

The program usually runs from October 1 through June 30. Applications are accepted starting in September of the previous academic year. Applicants in good academic standing who will be at least sophomores will be accepted regardless of major if they have completed two years of college German, or the equivalent, with a B average by the time the program starts. The grade limit may be observed less strictly if the applicant has strong recommendations.

In addition to the academic year abroad in Salzburg, three- and six-week German language and culture programs are offered each summer in Salzburg during July and August. These are open to students at all levels of language study, from beginning to advanced. For more information, call 372-2268.
China—Xi’an
In cooperation with Xi’an Foreign Languages University (XFLU), this program offers complete immersion in a different cultural environment. Xi’an, the old imperial capital of China, is now the capital of Shaanxi province. The program is recommended for all majors with a special interest in Asian studies and China in particular. It offers a balanced curriculum of courses in Chinese language, arts and culture, as well as history, music, political science, current events, martial arts and geography. A one-semester program as well as intensive summer programs are available. However, a full year of study is recommended. Students should have some prior coursework in Chinese language and/or culture. Full BGSU credit is granted for the courses taken at XFLU. Students are housed in a modern foreign-students dormitory; ample opportunity is given for communication with Chinese students. Some travel within the cultural environment is included in the program costs.

For further information, call the Department of German, Russian and East Asian Languages at 372-2268.

France—Nantes
The College of Business Administration offers an opportunity to enroll in a six-week summer session at the Nantes Atlantique Business Administration College, a leading business school. All students are eligible regardless of major. Courses are taught in English and carry six hours of credit. A graduate program is also available. Knowledge of French is not required. A separate French language program is also available. Students live with carefully selected French families. The class schedule allows 3.5-day weekends for traveling.

The course of study includes European business environment, the European Union; and economic, finance, management, and marketing. The program includes a field trip to Brussels, where various institutions are visited.

Classes are taught by European professors. Students have the option of receiving credit in either economics or business administration and may take the courses for a letter grade, S/U or audit.

For more information, call the Department of International Programs in Business, 372-8180 or 372-2646.

France—Tours
Tours, situated in the “garden of France,” is the site of BGSU’s academic year in France, conducted by the Department of Romance Languages. All courses are conducted in French and include work in French language and literature as well as the arts and social sciences. Students live with carefully chosen French families. A BGSU faculty member supervises the program but the teaching staff is drawn from the Université François Rabelais and the Institut d’Études Français de Tournai. The program also features an intensive language orientation session and a stay in Paris during September. Extensive cultural travel is included in the cost of the program.

The program is open to any student having completed FREN 202, regardless of the major area of study. A student must have a minimum 2.5 cumulative grade point average, with a 2.5 average in French courses.

A seven-week summer session allows FREN 101 or 102 students to finish their language requirement in France. A 3.0 GPA in French is required. Advanced undergraduates and graduate students are also eligible. For high school students, a three-week summer program is offered, as well as a three- or seven-week program for high school teachers. All courses are taught in French by native French speakers.

For more information, call 372-2667.

Germany
In cooperation with the Federation of German American Clubs (West Germany), BGSU maintains a direct student exchange with German universities. This program brings two or three German students to BGSU each year, in exchange for two or three BGSU students going abroad to one of 13 cooperating German universities. BGSU students must have approximately a 3.00 grade point average and fluency in German. Preference is given to students entering their junior year. The program is open to all students, regardless of major area of study.

For information, contact the Center for International Programs, 372-0309.

Korea, China, Japan
The Asian studies program offers outstanding undergraduate students the opportunity to study in Japan, Korea or China for a full academic year and to work with stipends in Japanese corporations as a student intern for half a year. BGSU has an exchange arrangement with Yonsei University in Korea, Nanzan University in Japan and Shandong University in China. Tuition is waived for American students at the Asian universities as is room and board at the Chinese university. Students bear the cost of airfare, room and board (except for China) and have a total cultural immersion experience. The Asian studies program also sends one student to Tokai Rubber Industries, Ltd. in Komaki, Japan for a six-month business internship. Students pay airfare and receive a monthly stipend and free housing. All academic credits earned at the host institution are counted for graduation at Bowling Green.

Mexico—Summer Study
A five-week summer study program is available which earns the student six semester credits in ethnic studies and popular culture. The intent of the program is to introduce the student to the Mexican culture. The classes, therefore, are taught in English and the credits are based in BGSU. Four weeks are spent in Guadalajara and eight to ten days in Mexico City. For more information contact the Department of Ethnic Studies, 372-2756 or 372-7119.

An exchange student program has been established with the Autonomous University of Guadalajara. Students interested in spending a semester in the city of Guadalajara, Mexico, and at UAG should contact A. Rolando Andrade, Department of Ethnic Studies, 372-7119.

Russia—St. Petersburg
For information on the semester program in Russian language and culture (and other fields, given sufficient language background) at St. Petersburg University, contact the Russian program, 372-8028 or 372-7135. Courses (15 or more credits) may be transferred to BGSU. Room and board (dormitory or in a family) are arranged individually.

Russia and Ukraine—Summer Study
A five-week program is available which earns a student six to nine semester credit hours in Russian language and culture. Ukrainian language and culture courses are also available. Courses are conducted by specialists in teaching Russian or Ukrainian as a foreign language and by BGSU faculty. The program sites are St. Petersburg and Kiev, with excursions to other cities. For more information, contact the Russian program, 372-8028 or 372-7135.

Spain—Madrid
The Department of Romance Languages conducts a year-round study program in Alcalá de Henares, 20 miles from Madrid, Spain. The curriculum for the program, which runs for two semesters and a summer session, includes coursework in the Spanish language and literature, as well as in the arts, history and geography of Spain. All courses are taught in Spanish and are approved by the respective departments at BGSU. The teaching faculty is drawn from the staff of the University of Alcalá de Henares. An American program director resides in Alcalá and supervises the academic program. The program is open to any qualified student regardless of major area of study.

The department also offers a graduate study program for students enrolled in the M.A. degree program in Spanish. For high school students, a four-week summer program is offered, as well as a four- or eight-week program for high school teachers. For more information, call 372-2667.

United Kingdom—Brighton, England
An exchange program exists for sport management and physical education majors with Brighton Polytechnic of Brighton, England. This study abroad is usually arranged for the junior and senior years. For
more information, call 372-2876 (sport management), 372-6905 (physical education), or 372-0309 (International Programs).

United Kingdom—Norwich, England
The Honors Program sponsors an academic program in England at the University of East Anglia in Norwich, England. Norwich, one of Britain's major provincial cities, is steeped in tradition and history. It is located less than two hours from London. UEA has a reputation as being one of the top universities in the United Kingdom. Students have the opportunity to study for one semester or the entire year. UEA offers excellent academic opportunities in the humanities, social sciences and is especially known for its programs in creative writing and literature, environmental sciences, English and American studies. Students live in dormitories and study with students and faculty from around the world.

For more information, call the Honors Program, 372-8504.

Student teaching abroad
Students enrolled in the College of Education and Allied Professions and interested in completing their student teaching in another country may apply for student teaching in Rio de Janeiro, Brazil, or in Montreal, Canada. While completing the student teaching requirements, students live with national host families and participate in daily cultural activities of the country. All instruction is provided in English and knowledge of the national language is not required. For more information, call 372-7389.

Cooperative Education Programs

University-wide
238 Administration Building, 372-2451
The Cooperative Education Program offers graduate and undergraduate students an opportunity to integrate classroom theory with practical, on-the-job realities through work assignments with employers in business, industry, government and the nonprofit sector that alternate with formal coursework. Employers assign students work which is relevant to each student's academic degree program or career interests, provide on-the-job supervision, evaluate the student's performance on a regular basis and usually pay each student a fair wage. The program is optional (except for College of Technology majors) and open to any student, within any academic discipline on campus, who chooses to participate. Academic credit may be awarded for the work experiences subject to departmental approval.

College of Technology
102 Technology Building, 372-7580
College of Technology majors are required to participate in three semester-long, paid, full-time co-op work assignments which alternate with semesters spent on campus. The college requires that the last semester be spent at BGSU attending the student's final semester of on-campus coursework. The Technology Cooperative Education Program requires that each student's employment be directly related to his or her academic program.

The program also requires that work experiences increase in difficulty and responsibility as the students progress through their college curriculum.

National Student Exchange
238 Administration Building, 372-2451
The National Student Exchange offers BGSU students the opportunity to take course work at another college or university in the United States without losing progress toward a BGSU degree. The program encourages students to experience and learn from different regional and cultural perspectives and to broaden their educational backgrounds, frequently through courses of study not available at their home campus. Bowling Green is a participating member of the NSE consortium of 120 colleges in the United States and its territories.

A qualified, full-time student may participate for up to one academic year. Out-of-state tuition fees are waived at the host institution and NSE students take courses which transfer back to BGSU. Students must have at least a 2.5 grade point average, be enrolled full-time at BGSU and must exchange prior to their last 30 hours before graduation. Interested students should consult with the NSE coordinator, 238 Administration Building, 372-2451, about costs, course selection, choice of host university and planning the best time for exchange.

Washington Center Internships
238 Administration Building, 372-2451
The Washington Center Internship program offers internships for students of all majors in Washington, D.C. Participating students work full-time in their chosen fields in one of more than 2,000 placements chosen to match their individual interests and skills. While gaining valuable work experience in his or her career area, the student receives 12-15 hours of BGSU credit.

The program includes placement, orientation, evaluation, counseling, small group discussions, a lecture series, special events and support services. Scholarships are offered and housing is provided if desired. Minority students are especially urged to apply for a scholarship and to take advantage of The Washington Center's Minority Mentor Program which matches the minority student with a minority professional in his or her field for support and career guidance.

Information on the various opportunities is available in the Cooperative Education Program office. Interested students with a minimum 2.5 GPA are urged to contact the coordinator at least six months prior to the term in which they would like to intern.

Continuing Education, International and Summer Programs
40 College Park Office Building, 372-8181
Continuing Education, International and Summer Programs extends the educational resources of the University to traditional and nontraditional students through off-campus courses and summer credit classes, Adult Learner Services, Computer Training Centers in Bowling Green and Maumee and the OPTIONS program for children and adults.

Summer Programs
The academic summer session is fully integrated into the academic program of the University. It offers basic academic courses for students while also presenting seminars and workshops for individuals and groups from northwest Ohio and throughout the United States.

Summer courses are offered either in six-week or eight-week timeframes or in a workshop format. A student may enroll in a maximum of six semester hours during a six-week session and a maximum of nine semester hours during an eight-week session. During the special Summer Freshman Program, students pursue a regular freshman course of study while receiving tutorial and other academic support not readily available during the academic year.

Evening Credit Program
The Evening Credit Program offers a wide variety of undergraduate courses for students who attend the University after 4:30 p.m. Students may take courses to update skills, to explore a new career or to work toward a degree. Undergraduate programs in liberal studies, electronic technology, manufacturing technology, social work, general business and marketing may be completed in the evening. While determining academic interests and possibilities, an individual may enroll as a guest student and accumulate up to 16 hours of credit before being admitted to the University and declaring a major. Course offerings are advertised each semester and a special evening registration is held each semester before classes begin. Program advising is available during evening registration, or by appointment through Continuing Education.
International and Summer Programs. The evening student can obtain necessary forms and parking stickers, register for courses, drop or add courses and obtain general information about University procedures and programs.

Adult Learner Services
This branch of Continuing Education, International and Summer Programs recruits nontraditional students for the University. It assists students with financial aid, housing, day care and class planning and provides information about programs and admissions procedures for daytime, evening, full-time or part-time students at BGSU and other area educational institutions.

Any adult interested in returning to school, returning to work or changing careers may use these services. An adviser will help adults think through the options and problems involved in career decisions. Interest testing is available for a nominal fee. Adult Learner Services also conducts education workshops on career development at northwest Ohio regional libraries, businesses and civic organizations.

Nontraditional students may be able to receive college credit for knowledge gained outside school through the prior learning assessment program administered by the director of Adult Learner Services. Credit may be earned through Credit by Examination, for which a $50 fee is assessed for each successful validation of a course. Portfolio assessment is another experiential learning option. Students are required to take an English course and are assessed $70 for each course for which portfolio credit is requested.

Book scholarships from the Comier/Pallister funds will be selectively granted to qualified nontraditional students pursuing their first undergraduate degree.

College Level Examination Program (CLEP)
Selected subject examinations grant credit for courses in the areas of accounting, biology, chemistry, computers, literature, Western civilization, American history, human development, business law, marketing and sociology. To be eligible for an area of the CLEP exams a student must not have done college-level work in that specific area. The policies governing the administration of CLEP examinations are subject to change. To set up a testing date, contact the Counseling Center. Other questions about CLEP should be directed to Continuing Education, International and Summer Programs.

Senior Adults Grants Program
Any individual age 60 or older who has been President of Ohio for at least one year may enroll in any BGSU credit course on a noncredit basis. Students should call or come to the Continuing Education, International and Summer Programs office to register for courses before the first day of classes.

Off-Campus Programs
Off-Campus Programs provides sequences of courses which progress toward competency, certification or a degree to students at sites in 25 Northwest Ohio counties. These courses are usually scheduled after 5 p.m. and generally meet once or twice a week. This broad-based program supplies academic support services as well as offering continuing education units (CEUs) for teachers and other professionals who need additional training. The program schedules a selected number of upper-division courses at the Firelands College. Consortia arrangements with other institutions of higher education provide senior-level programs leading to the baccalaureate degree at numerous Ohio locations.

Computer Training Centers
At computer training centers in Bowling Green and Maumee, individuals, businesses, schools and government and social service agencies can receive personalized, hands-on training in computer basics as well as many sophisticated software packages. Instruction can be customized to suit the needs of a particular business or industry.

Professional Programs and Customized Training
Conferences, customized training and various certificate programs enable individuals, business, social service and government agencies to upgrade their skills and increase their knowledge in both general and specialized fields. Through these public service programs the University offers its educational resources to career-oriented adults who cannot take time from their occupations to pursue a formal degree.

OPTIONS Program
Children and adults can participate in these University-sponsored arts, entertainment, travel, sports, cultural and educational noncredit courses.

Center for Environmental Programs
College Park Office Building, 372-8207

The Center for Environmental Programs is responsible for coordinating, facilitating and monitoring a variety of academic programs relating to the environment. Four-year degree programs are available in the College of Arts and Sciences, the College of Education and Allied Professions and the College of Health and Human Services. In cooperation with academic advisers in the various colleges, the center staff assists students in selecting program options that can best fulfill their personal goals and career objectives. An Environmental Resource Room is maintained by the center. The Resource Room contains more than 10,000 items including current periodicals, technical reports, general environmental literature and curriculum materials for environmental education. Information on environmentally related employment opportunities is also maintained there. An index of books and monographs in the collection is stored on a computerized data base which may be used for topical searches. The Center offices are open from 8 a.m. - 5 p.m. daily with extended hours for the Resource Room during the academic year.

ROTC (Reserve Officers Training Corps)
Air Force ROTC 372-2176

The Air Force Reserve Officers Training Corps (AFROTC) program, offered by the Department of Aerospace Studies, provides college-level education to prepare interested men and women for commissioning as second lieutenants in the United States Air Force. The program emphasizes the development of each student's sense of personal integrity, honor, individual responsibility, and potential as a leader and a manager.

The AFROTC program consists of a General Military Course (GMC) offered to freshmen and sophomoremen, and a Professional Officer Course (POC) offered to selected juniors and seniors. Admission to the GMC is open to most U.S. citizens, male and female, over the age of 14. The student must be regularly enrolled in the university and registered for a minimum of 12 academic hours. The student spends two hours per week in AFROTC courses. A uniform and AFROTC textbooks are provided without cost while enrolled in the GMC. Enrollment of foreign students is governed by Air Force regulations.

Admission to the POC is on a competitive basis for those students who successfully complete the GMC. Requirements for selection to the POC include successful completion of the Air Force Officer's Qualifying Test (general knowledge and aptitude), completion of a four-week summer field training camp and an Air Force medical examination. The student must be of high moral character and demonstrate outstanding leadership potential. The student spends four hours per week in AFROTC. While enrolled in the POC, students receive $150 per academic month (tax-free) and free AFROTC uniforms. Enrollment of foreign students is governed by Air Force regulations.

A two-year program is available to students who have two years remaining to complete either an undergraduate or
graduate degree. In addition to meeting physical requirements for selection, the student must attend a six-week summer field training camp prior to admission to the two-year program.

Students enrolled in Aerospace Studies may substitute these courses for courses as prescribed by the Individual colleges. AFROTC leadership training activities (leadership laboratory) are a part of each course and offer opportunities for practical leadership training and experience in a supervised environment. Certain selected students are eligible for two-, three- and four-year ROTC scholarships. Scholarships provide full college tuition, required fees, textbook allowance and pay the recipient $150 per academic month (tax-free).

The student who successfully completes the AFROTC program and graduates from the university is commissioned as a second lieutenant in the U.S. Air Force and will be called to active duty. Commitment incurred is normally four years; however, students designated for pilot or navigator training will serve a longer time, based on the current AF requirements.

**Army ROTC** 372-2476

Army ROTC at BGSU provides an opportunity for men and women to participate in practical management and leadership activities designed to enhance the student’s academic pursuits. Upon successful completion of the Army ROTC program, graduates may be commissioned as second lieutenants in the Active Army, the Army Reserve or the Army National Guard. All ROTC courses are fully accredited.

Both two-year and four-year programs are offered at BGSU. The traditional four-year program consists of a basic and an advanced course. The basic course is completed by enrolling in a 100- or 200-level military science course each semester during the freshman and sophomore years. Freshman and sophomore classes focus on leadership development, management skills, wilderness survival skills and general knowledge of the Department of Defense. Special emphasis is placed on exciting hands-on activities such as riflemarksmanship, rappelling, tactical movement techniques and land navigation. These activities are encouraged, but optional. Participation in the basic course entails no military obligation, no uniform wear and no military drill.

Upon successful completion of the basic program, students become eligible to enroll in the advanced course provided they have demonstrated officer potential, met physical standards, passed a general aptitude test and been accepted for enrollment by the military science department. Once accepted into the advanced course, a military obligation is incurred and the student has the privilege of wearing the uniform. The advanced course is normally completed in the last two years at BGSU. In addition to one military science course each semester, it includes a six-week advanced camp, for which students are paid, during the summer after the junior year. All advanced course students receive a monthly allowance of $150 (tax-free). Textbooks and course materials for military science courses are free, as are uniforms.

The two-year program is a special option program designed for students who did not complete the two-year basic course. Students interested in the two-year program should contact the Department of Military Science.

All BGSU students (even those who have had no previous connection with ROTC) may compete for ROTC scholarships. Our scholarships are awarded on demonstrated performance and leadership potential. These scholarships are designed to cover tuition. Additionally, students also receive $150 each month for living expenses and $450 a year for books and supplies. Limited programs are available to assist qualified students in graduate study.

Students who are not U.S. citizens must obtain permission from the military science department prior to enrolling in any ROTC course.

### Academic Support Centers

**Management Center**

A division of the College of Business Administration since 1969, the center offers management development, consulting and research assistance to business, industry and other public and private institutions. No geographical limitation is placed upon the clients for these services, although the Management Center emphasizes assistance to clients located in Ohio. The center has assisted many clients in such areas as strategic planning, business start-up, financial restructuring, market analysis, feasibility studies, acquisition analysis, regional economic development, profit improvement, management development, employee involvement, sales forecasting, inventory management and other areas.

- Using faculty resources of the University, the Management Center, located in 367 Business Administration Building (372-2307), also provides assistance in specific problem solving for business, industry and public institutions.

**McMaster Institute**

The Harold and Helen McMaster Institute focuses on the ways in which small firms in scientific and technical industry can profit and grow in today’s economic climate, concentrating on planning, organization, communication, continuing innovation, management and other areas critical to the success of the scientific and technical business community.

The Institute sponsors a McMaster Fellows Program whereby two types of full-fee fellowships are granted. The first is a Senior McMaster Fellow, a one-year award to an industrial scientist who is a leader in research and development. The junior fellows are selected from undergraduates who plan to pursue doctoral studies in the Center for Photochemical Sciences.

**Social Philosophy and Policy Center**

Established in 1981, the center is devoted to research in political philosophy and the examination of public policy issues from a philosophical perspective, e.g., economic regulation, taxation and land use legislation. The center, which is maintained by foundation grants, sponsors national conferences, publishes a journal, Social Philosophy & Policy, and other topical literature, and supports visiting scholars.

**National Drosophila Species Resource Center**

The center contains 400 species of fruit flies in 4,000 strains and is the largest scientific facility of its kind in the world. Flies are bred and supplied for international research in basic genetics, genetic engineering, evolution and cancer. The center was transferred to Bowling Green in 1982 from the University of Texas at Austin upon the recommendation of the National Science Foundation, the American Society of Naturalists and the National Policy Guidance Council. It is located in the Life Sciences Building.

**Mid America Stock Center**

Since 1966, Bowling Green has operated the center which is a repository for the world’s largest collection of a specific research fruit fly species, Drosophila melanogaster. Each year the center, which is funded by the National Science Foundation, supplies quantities of the species to accommodate nearly 1,000 requests from scientists in this country and around the world.

**Population and Society Research Center**

The PSRC serves the public and private social research needs of organizations within Ohio and, in particular, the greater metropolitan area of Toledo. The Survey Branch provides survey research services including research design, questionnaire development, sampling, data collection, data base construction, data entry, data manipulation, data analysis and technical reporting of survey results. Sophisticated methodologies are used to research subjects such as employee satisfaction, consumer preferences, market penetration and local and regional needs assessments.

The Demographic Analysis Branch houses complete census holdings for
northwest Ohio and is affiliated with the Ohio Data Users Center. This branch responds to a range of population-related data requests, from current estimates to detailed site location analysis.

**National Institute of Physical Education for Children**
The Institute promotes skill development, healthy life styles, personal meaning, and cognitive understanding as necessary components of a quality physical education experience for children. The faculty of the institute are devoted to practice and scholarship in elementary school physical education that encourages collaboration among the university, public and private schools, professional organizations, international educational institutions, and the general public carried out through teaching, research, conferences, faculty exchanges, field experiences and community outreach.

**Clinical Laboratory**
Located in the College of Education and Allied Professions, the laboratory permits students to experience the newest technological developments in teacher education. Electronically equipped study carrels provide students the opportunity to learn teaching techniques through slide-tape, videotape and other media presentations, many of which have been designed and prepared by Bowling Green's own faculty and staff. Microcomputers complement coursework on the utilization of computers in classroom teaching, are used with tutorials, simulations, statistical packages and multimedia materials to teach various skills, and also assist students in producing written assignments.

**Philosophy Documentation Center**
The Philosophy Documentation Center is a university press that publishes and distributes philosophy indexes, directories, bibliographies, scholarly journals and philosophy software. The center's major publication is *The Philosopher's Index*, an international subject and author index to philosophy books, articles and anthologies. Each issue of the *Index* covers more than 500 philosophy books and journals from more than 40 countries. The center is dedicated to serving philosophers, students and others with professional services including mailing lists, typesetting, subscription fulfillment and conference exhibits.

**Center for Archival Collections**
The Center for Archival Collections, located on the fifth floor of the Jerome Library, is responsible for preserving and making available to researchers archival and manuscript material relative to northwest Ohio and the University. Much of this is maintained through an extensive paper preservation and archival microfilm program. Among the materials available are local government records, newspapers, manuscripts, census records, photographs and rare works concerning the 19 counties served by the center, as well as photographs, books and pamphlets. University Archives is responsible for the preservation and care of all BGSU institutional records deemed of historical value, including the *BG News*, yearbooks and other University publications, as well as the records and correspondence of campus organizations and offices.

The center also houses rare books and special collections which support numerous academic programs of the University.

**Center for Photochemical Sciences**
The Center for Photochemical Sciences is a prototype research and teaching entity which focuses on chemical reactions initiated by light. Research concentrations include photochemistry, photophysics, photobiology, photopolymer science, spectroscopy, photoelectron microscopy and optoelectronics. Educational programs of the center prepare students at all levels for careers in academia and industry. An interdisciplinary Ph.D. degree in the photochemical sciences is offered to students with baccalaureate degrees in chemistry, biological sciences or physics. The center also provides a vital academic link to industry in the development of new technologies. One of the center's functions is to serve as a clearinghouse for information in the photochemical sciences primarily through a quarterly scientific newsletter which is distributed to 7,000 scientists worldwide.

**MidAmerican Center for Contemporary Music**
MACCM supports a variety of activities to foster creativity, performance, research and education in twentieth-century music, expanding the activities of the College of Musical Arts' New Music and Art Festival. The festival is an annual forum for contemporary music and art and has garnered national attention through its radio series and recording projects. Supported by a state-of-the-art music technology studio, MACCM sponsors the contemporary-music concert series Mostly MIDI and Music at the Forefront.

**Center for Quality, Measurement and Automation**
This applied manufacturing research center is located in the College of Technology. As part of the Edison Industrial Systems Center in Toledo, Ohio, the center was created to build and maintain a competitive edge in area manufacturing companies. Some of the services provided are program development, inspection and gauging systems design, manufacturing process development and industrial training.

Independent research by companies and individuals with manufacturing problems is welcome. The machine tools, equipment, hardware and software have supported research in reverse engineering, rapid prototyping, assistive/rehabilitative technologies and noncontact measurement systems. Custom tailored training programs and software development are also available.
Fees and Charges

Bowling Green's tuition is broken down into two charges: instructional fee and general fee. The instructional fee, which is supplemented by state appropriations, finances the University's educational programs and the general fee pays for most student services and activities. In addition, those students living on campus pay room and board charges.

The following table shows what students paid on the main campus for the two semesters of the 1994-95 academic year:

<table>
<thead>
<tr>
<th>Semester</th>
<th>Year</th>
</tr>
</thead>
<tbody>
<tr>
<td>Instructional fee</td>
<td>$1,535</td>
</tr>
<tr>
<td>General fee</td>
<td>$3,070</td>
</tr>
<tr>
<td>Room charge</td>
<td>$984</td>
</tr>
<tr>
<td>Meal (board) charge</td>
<td>$1,968</td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td><strong>$3,541</strong></td>
</tr>
</tbody>
</table>

These charges were typical for a full-time Ohio student living on the main campus in standard housing and subscribing to the basic meal plan. There are different housing and meal plans available which, depending upon the plan selected, will alter the above fee schedule. See Housing for a description of room and meal plans.

There is a surcharge for all out-of-state students. Nonresident students paid a surcharge of $4,382 during the 1994-95 academic year or $2,191 per semester.

The Board of Trustees reserves the right to make adjustments in fees or charges when deemed necessary. Current fee information can be obtained through the Office of Admissions or the Bursar’s Office.

A student who is an Ohio resident and is enrolled for 11 or more credit hours pays fees as a full-time student.

A student who is an Ohio resident and is registered for 10 credit hours or less pays on a per-credit-hour basis. A nonresident part-time student pays an additional per-hour surcharge.

If a student drops a course which reduces the fee status from full-time to part-time, the hourly rate schedule will be applicable to the remaining hours. The refund schedule for the dropped courses is based on a class-by-class reduction schedule; see “Refund of Fees.”

During any semester when a student is registered for a combination of main campus (including extension) and branch or resident credit center courses, fees are determined based on actual course registration. A mixture of main campus, Firelands College, resident credit center and/or off-campus programs will result in a tuition calculation total based on the hourly rate schedule approved for each area by the Board of Trustees.

A previously enrolled student may be denied readmission after payment of fees for several reasons, one of which is failure to maintain a satisfactory academic standing. In such cases, a full refund is made of fees paid for that academic term.

Selective service compliance
The State of Ohio requires that all male students between the ages of 18 and 24 must register with the Selective Service (the draft). As a result of this requirement, all male students not complying with this law will be assessed a fee equivalent to the nonresident fee for each semester of non-compliance—$2,191 for a full-time student or $209 per hour for a part-time student.

Questions about selective service status should be directed to the Office of Registration and Records, 110 Administration Building, (419) 372-8441.

Summer session fees
Full-time summer session students paid a $1,581 instructional fee and a $208 general fee for a total of $1,789 in 1995. The nonresident fee was an additional $2,257.

Part-time students paid $157 per credit hour for instructional fees, $20 per credit hour for general fees and $215 per hour for the nonresident fee.

Selective service compliance
The State of Ohio requires that all male students between the ages of 18 and 24 must register with the Selective Service (the draft). As a result of this requirement, all male students not complying with this law will be assessed a fee equivalent to the nonresident fee for each semester of non-compliance—$2,191 for a full-time student or $209 per hour for a part-time student.

Questions about selective service status should be directed to the Office of Registration and Records, 110 Administration Building, (419) 372-8441.

Graduate fees
For complete information regarding graduate fees, consult the Graduate Catalog.

Validation sticker
Validation stickers are issued each term to all registered and paid students. This sticker verifies enrollment in the particular term and includes the student's name, identification number, class, college, hours registered, term and year. Stickers are only issued to students determined by the bursar to have paid accounts. Stickers are distributed through the mailboxes in the residence halls and the on-campus mailboxes for all undergraduate students. Validations may be replaced if lost for a $2 charge.

If the information on the validation sticker is not correct, the student should contact the bursar's office on the first floor of the Administration Building.

Other fees, charges and deposits

Application fee—$30 (nonrefundable) to be paid when application for admission is submitted.

Audit credit—charged at same per-hour rate as credit class registration.

Automobile registration—$30 per year (fall semester through summer session).

Firelands charge is $20 per year.

Change of registration—$3 for any change of registration made on or after the first day of classes.

Clinical lab fee—$5 assessed all education majors each term enrolled.

Course fees—assessed in some courses with special costs associated with instruction. Fees are noted in course descriptions.

Credit by examination—$50 for each special examination.

Driver education fee—$25 per year; $20 for HED 462.

Excess credit fee—$50 per hour for each hour over 18 taken each semester.

Late payment charge—$5 for each day (including Saturdays and Sundays) fees to a maximum of $75 are paid late at the beginning of a term.

Late registration fee—$25 beginning the 8th day of the semester through the 14th day, $50 for the next 15-44 days and $75 thereafter for initial registration.

Music fees—
Applied music private lessons $45/cred. hr.

Applied music classes $22.50/cred. hr.

Music major equip. fee $35/semester

Music Technology Lab fee $15/semester

Recording Technology Lab fee $15/course

MUED 402 Tools for piano tuning variable
Residence hall technology fee—$50 per semester ($35 during summer session) for all students living on the main campus.

Return check service charge—a $20 service charge is assessed for each check returned by the bank as uncollectible.

Service charges—will be assessed to those accounts not paid by the official due dates to help offset additional billing and collection costs.

Student teaching laboratory fee—$5 per credit hour.

Transcript charge—$4 each.

Physical education course fees:
- Billiards: $20
- Bowling: $25
- Beginning golf: $5
- Intermediate golf: $10
- Advanced golf: $20
- Ice skating, curling, hockey: $15
- Skiing: $92
- Horsemanship: $135

The student is held responsible for apparatus lost or damaged and for materials wasted in laboratory classes. The student pays for all materials used in making articles or items that become personal property.

The Board of Trustees reserves the right to make any changes or adjustments in fees when such changes are deemed necessary.

Payment of fees

All fees and charges are payable in advance of the semester for which the student is enrolled. The final date for payment of fees for each semester is the next to last operating day before the official date for the beginning of the semester. A student registering and paying late risks the cancellation of his or her schedule. A student registering and/or paying fees beginning with the first day of classes (including summer) is assessed a late payment fee of $5 for each late day including Saturdays and Sundays to a maximum of $75 and a late registration fee between $25 and $75, depending on the date of registration.

Fees are payable at the Bursar's Office on the first floor of the Administration Building between 8 a.m. and 5 p.m. Checks and money orders made payable to Bowling Green State University for the exact amount are accepted for the payment of all fees. At Firelands, fees are payable at the Office of Registration.

Charge cards

Charges at the University can be paid not only by check or cash but also by MasterCard, Discover and Visa. Any questions should be directed to the Bursar's Office. Charge card payments may also be made by fax or voice mail, fax (419) 372-7665, voice mail (419) 372-0111.

Installment payment plan—fall, spring

An optional installment payment plan is available for the payment of instructional and general fees, room and meal charges.

The installment plan, which has a per-semester application fee, permits on-campus students to spread their fall semester room, meal and fees charges over four payments and spring semester fees over three payments. Off-campus students can spread instructional and general fees over three payments for each semester (fall and spring).

Students interested in participating in the installment plan should contact the Bursar's Office, (419) 372-2815.

Refund of fees

In the case of voluntary withdrawal of a student from the University in any semester, fees, except for the application fee, are refunded on the following basis: during the calendar week in which classes begin, 90 percent; during the second calendar week, 80 percent; during the third calendar week, 60 percent; during the fourth calendar week, 40 percent; after the fourth week, no refund. A student withdrawing under discipline forfeits all rights to the return of any portion of fees. However, in the event of academic dismissal, all monies prepaid for a semester are refunded in full.

This schedule pertains to instructional, general and nonresident fees (where applicable); a separate refund schedule for room and meal plan charges is outlined in the housing contract-acceptance agreement. No deduction is granted because of late entrance.

The residence hall technology fee is refunded as follows: prior to the first day of classes the entire fee will be refunded; on or after the first day of classes through the end of the eighth week of classes 50% of the fee will be refunded; on or after the ninth week of classes the fee will not be refunded.

Summer session fees (eight-week session only) are refunded as follows: 90 percent during the calendar week in which classes begin; 80 percent during the second calendar week; 60 percent during the third calendar week; 40 percent during the fourth calendar week; no refund after the fourth calendar week. A different refund schedule applies to students withdrawing from a six-week summer term.

If a student drops a course which reduces the fee status from full-time to part-time, the hourly rate schedule will be applicable to the remaining courses. The refund schedule for the dropped courses is based on a class-by-class reduction schedule according to the schedule listed above. Any refund is subject to the percentage refund schedule.

In a change of program involving the dropping of a course in which a special course fee has been paid, the fee is refunded in accordance with the schedule given in the preceding paragraph. Refunds normally take a minimum of four weeks to be processed.

Delinquent accounts

Students experiencing financial difficulties should contact the Bursar's Office promptly to arrange for the payment of their outstanding balance to avoid the following collection actions.

When University charges (room, meals, fees and others) are not paid on a timely basis, the Bursar's Office will seek to collect the past due monies in a prompt business-like manner. As part of this process, service charges will be assessed and it is possible that a student's grades, diploma and/or transcript and other services may be withheld and room, meals and/or registration could be cancelled. If satisfactory arrangements cannot be made, as a last resort the account will be referred to a third party for collection and the delinquency reported to the credit bureau.

Nonresident fee regulations

A student classified as a nonresident of Ohio for fee purposes who is entering or reentering the University is assessed a nonresident fee in addition to the instructional and general fees.

The responsibility of indicating proper residence at the time of registration is placed upon the student. If there is any question regarding the students' state of residence, the Residence Status Review Committee in the Office of Registration and Records, 110 Administration Building, should be contacted. Any student who registers improperly with respect to legal residence under the rules identified below shall be required to pay all applicable nonresident fees. Students who fail to pay this fee within 30 days after having been notified of the assessment may have their registration in the University automatically nullified.

The University reserves the right to make a final decision in any case of disputed residence for the student as a condition of admission. In determining the student's proper residence, University officials use the following regulations approved by the Ohio Board of Regents effective spring semester 1990.

(A) Intent and authority

1. It is the intent of the Ohio Board of Regents in promulgating this rule to exclude from treatment as residents, as that term is applied here, those persons who are present in the state of Ohio primarily for the purpose of receiving the benefit of a state-supported education.

2. This rule is adopted pursuant to Chapter 119. of the Revised Code, and under the authority conferred upon the Ohio Board of Regents by Section 3333.31 of the Revised Code.
(B) Definitions
For purposes of this rule:
1. A "resident of Ohio for all other legal purposes" shall mean any person who maintains a twelve-month place or places of residence in Ohio, who is qualified as a resident to vote in Ohio and receive state welfare benefits, and who may be subjected to tax liability under Section 5747.02 of the Revised Code, provided such person has not, within the time prescribed by this rule, declared himself or herself to be or allowed himself or herself to remain a resident of any other state or nation for any of these or other purposes.
2. "Financial support" as used in this rule, shall not include grants, scholarships and awards from persons or entities which are not related to the recipient.
3. An "institution of higher education" as used in this rule shall mean any university, community college, technical institute or college, general and technical college, medical college or private medical or dental college which receives a direct subsidy from the State of Ohio.
4. For the purpose of determining residency for tuition surcharge purposes at Ohio's state-assisted colleges and universities, "domicile" is a person's permanent place of abode; there must exist a demonstrated intent to live permanently in Ohio, and a legal ability under federal and state law to reside permanently in the state. For the purpose of this policy, only one domicile may be maintained at a given time.
5. For the purpose of determining residency for tuition surcharge purposes at Ohio's state-assisted colleges and universities, an individual's immigration status will not preclude an individual from obtaining resident status if that individual has the current legal status to remain permanently in the United States.

(C) Residency for subsidy and tuition surcharge purposes
The following persons shall be classified as residents of the State of Ohio for subsidy and tuition surcharge purposes:
1. A dependent student, at least one of whose parents or legal guardian has been a resident of the State of Ohio for all other legal purposes for twelve consecutive months or more immediately preceding the enrollment of such student in an institution of higher education.
2. A person who has been a resident of Ohio for the purpose of this rule for at least twelve consecutive months immediately preceding his or her enrollment in an institution of higher education and who is not receiving, and has not directly or indirectly received in the preceding twelve consecutive months, financial support from persons or entities who are not residents of Ohio for all other legal purposes.
3. A dependent child of a parent or legal guardian, or the spouse of a person who, as of the first day of a term of enrollment, has accepted full-time, self-sustaining employment and established domicile in the State of Ohio for reasons other than gaining the benefit of favorable tuition rates. Documentation of full-time employment and domicile shall include both of the following documents:
   (a) a sworn statement from the employer or the employer's representative on the letterhead of the employer or the employer's representative certifying that the parent or spouse of the student is employed full-time in Ohio,
   (b) a copy of the lease under which the parent or spouse is the lessee and occupant of rented residential property in the state; a copy of the closing statement on residential real property located in Ohio of which the parent or spouse is the owner and occupant; or if the parent or spouse is not the lessee or owner of the residence in which he or she has established domicile, a letter from the owner of the residence certifying that the parent or spouse resides at that residence.

(D) Additional criteria which may be considered in determining residency for the purpose may include but are not limited to the following:
1. Criteria evidencing residency:
   (a) if a person is subject to tax liability under Section 5747.02 of the Revised Code;
   (b) if a person qualifies to vote in Ohio;
   (c) if a person is eligible to receive state welfare benefits;
   (d) if a person has an Ohio driver's license and/or motor vehicle registration.
2. Criteria evidencing lack of residency
   (a) if a person is a resident of or intends to be a resident of another state or nation for the purpose of tax liability, voting, receipt of welfare benefits, or student loan benefits (if the student qualified for that loan program by being a resident of that state or nation):
   (b) if a person is a resident or intends to be a resident of another state or nation for any purpose other than tax liability, voting or receipt of welfare benefits (see paragraph (D)(2)(a) of this rule).

(E) Exceptions to the general rule of residency for subsidy and tuition surcharge purposes:
1. A person who is living and is gainfully employed on a full-time or part-time and self-sustaining basis in Ohio and who is pursuing a part-time program of instruction at an institution of higher education shall be considered a resident of Ohio for these purposes.
2. A person who enters and currently remains upon active duty status in the United States military service while a resident of Ohio for all other legal purposes and his or her dependents shall be considered residents of Ohio for these purposes as long as Ohio remains the state of such person's domicile.
3. A person on active duty status in the United States military service who is stationed and resides in Ohio and his or her dependents shall be considered residents of Ohio for these purposes.
4. A person who is transferred by his employer beyond the territorial limits of the fifty states of the United States and the District of Columbia while a resident of Ohio for all other legal purposes and his or her dependents shall be considered residents of Ohio for these purposes.
5. A person who has been employed as a migrant worker in the State of Ohio and his or her dependents shall be considered a resident for these purposes provided such person has worked in Ohio at least four months during each of the three years preceding the proposed enrollment.

(F) Procedures
1. A dependent person classified as a resident of Ohio for these purposes under the provisions of paragraph (C) 1. of this rule and who is enrolled in an institution of higher education who his or her parents or legal guardian removes their residency from the State of Ohio shall continue to be considered a resident during continuous full-time enrollment and until his or her completion of any one academic degree program.
2. In considering residency, removal of the student or the student's parents or legal guardian from Ohio shall not, during a period of twelve months following such removal, constitute relinquishment of Ohio residency status otherwise established under paragraph (C) 1. or (C) 2. of this rule.
3. For students who qualify for residency status under paragraph (C) 3. of this rule, residency status is lost immediately if the employed person upon whom resident student status was based accepts employment and establishes domicile outside Ohio less than 12 months after accepting employment and establishing domicile in Ohio.
4. Any person once classified as a nonresident, upon the completion of twelve consecutive months of residency, must apply to the institution he or she attends for reclassification as a resident of Ohio for these purposes if such person in fact wants to be reclassified as a resident.
Should such person present clear and convincing proof that no part of his or her financial support is or in the preceding twelve consecutive months has been provided directly or indirectly by persons or entities who are not residents of Ohio for all other legal purposes, such person shall be reclassified as a resident. Evidentiary determinations under this rule shall be made by the institution which may require, among other things, the submission of documentation regarding the sources of a student’s actual financial support.

5. Any reclassification of a person who was once classified as a nonresident for these purposes shall have prospective application only from the date of such reclassification.

6. Any institution of higher education charged with reporting student enrollment to the Ohio Board of Regents for state subsidy purposes and assessing the tuition surcharge shall provide individual students with a fair and adequate opportunity to present proof of his or her Ohio residency for purposes of this rule. Such an institution may require the submission of affidavits and other documentary evidence which it may deem necessary to a full and complete determination under this rule.
Admissions

Freshmen

For admission to Bowling Green State University a freshman applicant must:

1. be a graduate of a senior high school approved or accredited by the department of education of the state in which it is located; or
2. have earned high school equivalency through the General Educational Development (GED) testing program (issued by the state department of education); or
3. present GED test results and ACT or SAT test results, if the student completed secondary education through an alternative program such as home schooling; or
4. present an international Baccalaureate Diploma or Certificate.

Applications for admission are accepted and processed each semester of the academic year and the summer session until the capacity of the freshman class is reached on the Bowling Green campus and at the Firelands College campus in Huron, Ohio. Admission is competitive and is based on grade point average, standardized test scores and class rank.

High school students are encouraged to apply for admission beginning August 1 between their junior and senior years. Since housing accommodations and classroom facilities are limited, students should submit their applications as soon as possible. Prospective students should refer to the Guide for Prospective Freshmen for fall admission deadlines. Although the largest number of new students enters in August, it is possible to enter in the spring semester or the summer session. For spring and summer terms, applications must be submitted 30 days prior to the beginning of the term, and all admission credentials must be received by the Office of Admissions 14 days before the term to allow sufficient time for processing, notification, academic advising and registration for classes.

An Admissions Application packet is available from the director of admissions, Bowling Green State University, Bowling Green, Ohio 43403. Applicants should complete the Application for Undergraduate Admission and the College Preparatory Curriculum Completion Form. They should take these, with a $30 check or money order made payable to BGSU (no cash, please) for the nonrefundable application fee, to the high school counselor or principal to be forwarded with transcripts. All transcripts, test results and other academic credentials must be mailed from the school or agency to the Office of Admissions to be accepted as official. Academic credentials mailed by a student will be inadequate for evaluation for an admissions decision. All admission credentials submitted to the Office of Admissions become the property of Bowling Green State University and cannot be returned.

Applicants who have already graduated from high school may send their completed applications and application fee directly to the BGSU Office of Admissions. An official final high school transcript should be sent from the high school to the Office of Admissions. The College Preparatory Curriculum Completion Form should be given to the high school counselor or principal for completion, also.

Applicants who have earned high school equivalency through the General Education Development (GED) testing program should send their completed applications and application fee directly to the BGSU Office of Admissions. Both an official copy of the GED results and an official high school transcript of all work completed must be sent to the Office of Admissions.

A student who has not taken coursework anywhere (high school or college) during the past five years prior to enrollment is eligible for admission to the University. Under this five-year admission policy, a student receives admission and is required to take courses under the close supervision of his or her college academic adviser.

Applicants may fulfill the requirements for admission by presenting an International Baccalaureate Diploma or Certificate. Grades of four through seven in higher level subjects may be considered for individual course credit. Students with questions about the IB should contact the Office of Admissions.

The American College Test (ACT) or the Scholastic Aptitude Test (SAT) is required of all freshmen except those who have been out of high school for three or more years. Either test will fulfill this requirement. International applicants are not required to submit ACT or SAT results. All non-native speakers of English are required to take the TOEFL test, or if unavailable, the Michigan Test. This is required of international students issued immigrant visas, those transferring from another American college or university, those (with English as a foreign language) coming from U.S. territories (such as Puerto Rico) and those granted U.S. citizenship within recent years.

As a condition of admission to the University and reflecting the educational philosophy of the institution, all freshman- and sophomore-level students are required to live in University residence halls except for students commuting daily from the home of a parent, legal guardian or spouse (commuters must live within 50 miles of Bowling Green), or unless they have attained 60 academic semester hours or four semesters of campus residency on or before their first day of classes. See under Housing.

For residency requirements for Ohio residents and nonresidents, refer to residency regulations under Fees and Charges.

Recommended high school subjects and articulation policy

Bowling Green State University endorses the college preparatory curriculum as set forth by the Ohio Advisory Commission on Articulation between secondary schools and Ohio colleges. A strong high school curriculum is essential to a student's success at the University.

All students graduating from high school after April 15, 1986, who desire to pursue a four-year baccalaureate degree at BGSU are to fulfill a specified college preparatory program. See Academic Policies.
**Transfer Students**

Candidates for admission who have attempted 12 or more collegiate hours since high school graduation are considered transfer applicants. Candidates enrolled in their first collegiate term immediately prior to the term for which they are seeking admission will be considered based on their high school record and collegiate performance. Students not admissible on their high school record must complete 24 semester hours or 36 quarter hours of collegiate-level work and have an accumulative grade point average equivalent to a 2.5 to be considered for admission. Any questions regarding these transfer policies should be directed to the Office of Admissions before submitting an application. A transfer student who wishes to enroll at Bowling Green as an undergraduate must submit an application for admission and a nonrefundable $30 application fee. The University requires an official high school transcript sent from the school by the high school counselor or principal. A transfer student who has earned a baccalaureate degree from an accredited college or university does not need to submit high school records. Transfer students are not required to submit American College Test (ACT) or Scholastic Aptitude Test (SAT) results.

An official transcript of credit is required from each college or university the student has attended. This transcript must be mailed to the Office of Admissions by the institution and is not accepted from the student. Failure to indicate previous college attendance may result in refusal of admission, no transfer of credit and/or expulsion from the University if discovered subsequently. The transfer application deadline is 30 days before the start of the term to which the student is applying. All admission credentials must be received by the Office of Admissions 14 days before the semester or the summer session to allow sufficient time for processing, notification, academic advising and registration for classes.

Transfer students interested in the physical therapy program should contact the College of Health and Human Services for information (419) 372-8242. Students must have earned 30 hours at Bowling Green before being formally admitted to the physical therapy major.

Transfer students applying to the nursing program professional curriculum must apply to the University by December 1 so that they may be granted formal admission before applying to the nursing program. January 1 is the deadline for applying to the nursing professional curriculum.

**Transfer students interested in criminal justice must take 25 graded hours in BGSU coursework to be eligible to apply. Transfer students should be aware that while grades do not transfer to BGSU, the entire transcript of all work attempted at other institutions will be considered in computing grade point average for admission to the program. A student who has attended another accredited college or university and is in good standing is considered for admission:

1. if the student has most recently earned an associate degree or at least 60 semester hours with an accumulative grade point average equivalent to a 2.0 in a 4.0 system; or,
2. if the student has earned fewer than 60 semester hours (or fewer than 90 quarter hours) with an accumulative grade point average equivalent to a 2.5 in a 4.0 system.

A student who has completed fewer than 60 semester hours (90 quarter hours) and whose accumulative grade point average is between 2.0 and 2.5 may appeal for admission. After evaluating the student's completed admissions credentials, an appeal form will be sent to the student. Upon return of the completed appeal form, an admission recommendation is made by the dean of the college to which the student is applying, in consultation with the director of admissions. Appeals will not be sent after the application deadline has passed. An applicant who is too late to appeal will be denied admission for that term.

A student who does not meet the above requirements AND who has not attended another college or university for one or more years may be considered for probationary admission by appealing to the dean of the college to which the student is applying. An appeal form will be sent to the student after an evaluation of the student's completed admissions credentials is completed. Appeals for probationary admission will not be sent after the application deadline has passed.

Transfer students must demonstrate competence in English/writing, mathematics and reading before advancing to sophomore and junior standings.

A person receiving probationary admission is restricted to no more than four courses during the first semester at Bowling Green.

A transfer student who has not taken coursework anywhere (high school or college) during the past five years prior to enrollment is eligible for admission to the University. Under this five-year admission policy, a student receives admission and is required to take courses under the close supervision of his or her college academic adviser.

BGSU's College of Technology offers upper division (junior/senior) programs designed specifically for transfer students. A transfer student who has received an associate degree with a technical specialization from an institution accredited either regionally or by the Ohio Board of Regents may apply for admission to one of these programs. When applying for admission, the student must request acceptance of the associate degree.

Please note: Admission to Bowling Green State University does not ensure acceptance into all undergraduate programs/majors. Candidates should thoroughly read the information contained in the Transfer Student Application Packet regarding Special Transfer Admission Requirements. If additional clarification is needed, students should contact the appropriate college office or the Office of Admissions.

**Transfer of Credit**

Bowling Green State University awards transfer credit for formal course work of baccalaureate level completed with a grade of C or better (or a mark of pass/credit on a pass/fail graded course) which is judged to be equivalent to the University's own courses or which can be assigned to a BGSU department, school or program. Credit may also be awarded for experiential learning that meets the guidelines and is validated by procedures as described below.

**Acceptable Collegiate Sources**

Universities and colleges with accreditations or which are candidates for accreditation by one of the regional accrediting associations, (such as North Central Association of Colleges and Schools) and colleges and universities in foreign countries which hold official recognition in the specific country in which located:

1. Credit is accepted generally. Credit awarded may be exact BGSU course equivalent credit when a course is substantially equivalent to an existing BGSU course. (Example: History of U.S. to Civil War – History 205)

2. When a course is in a department existing at BGSU but is not equivalent to a specific course, credit may be awarded in that department but with no course number assigned, i.e. non-equivalent credit. (Example: History of India would equal history elective.)

3. When the course is in a department not existing at BGSU, credit may be awarded in a different department. (Example: anthropology assigned to sociology, some architectural courses assigned to art or technology.)

4. Credit may be deferred when a course is of college level and in a department offered at BGSU but when equivalency cannot be determined by the Office of Registration and Records. Procedures exist for the further evaluation of deferred credit by faculty members in an appropriate department.
Community and technical colleges with accreditation or which are candidates for accreditation by one of the regional accrediting associations:

1. Credit for basic education courses is accepted generally (with some specific exceptions).
2. Credit granted may be course equivalent and non-equivalent credit, or credit may be deferred.
3. Coursework in technical or specialized disciplines is evaluated by faculty members in appropriate departments.

Technical colleges, business colleges and other schools lacking regional accreditation but having accreditation by another agency recognized by the Council on Post-Secondary Accreditation (COPA):

1. Credit may be accepted only upon the recommendation of the specific department and/or college/school in which the course work is offered.
2. Before credit is awarded, previous coursework may be subject to validation by examination if recommended by department/college/school. Procedures for validation of credit are in existence.

Acceptable Noncollegiate Sources

Program on Noncollegiate Sponsored Instruction (PONS I): The American Council on Education (ACE) acts as a recommending agency for coursework offered by diverse noncollegiate organizations (such as the National Security Agency, General Motors, American Institute of Banking, etc.). Course descriptions, together with credit recommendations, are available in ACE's National Guide to Credit Recommendations for Noncollegiate Courses.

1. Credit is accepted generally as recommended by ACE for lower-division (100-200 level) courses at BG SU.
2. Course credit recommendations for work which is on the upper-division (300-400) level at BG SU may be subject to validation by appropriate departments before credit can be granted.

Educational experiences in the armed services. The American Council on Education (ACE) also accredits work offered by the U.S. armed services. Course descriptions and credit recommendations are available in its publication Guide to the Evaluation of Educational Experiences in the Armed Services.

1. Credit is accepted generally as recommended by ACE.
2. Normally, all credit accepted is non-equivalent course credit.
3. Equivalent course credit where appropriate may be subject to evaluation and recommendation of appropriate departments.

Experiential Learning.

1. Credit for experiential learning may be granted for educational experience outside the classroom that corresponds to material taught at the University.
2. Credit granted for experiential learning is subject to Credit by Examination.
3. A $50 fee is assessed for each course granting successful completion of the Credit by Examination for validation of experiential learning.
4. Experiential learning is also measured by portfolio assessment. For information about the program, contact the Director of Adult Learner Services/Continuing Education International and Summer Programs.
5. Portfolios are written in a three-semester credit hour English course; in addition, a $70 fee is assessed for each course for which portfolio credit is requested.

Institutional transfer

The Ohio Board of Regents, following the directive of the Ohio General Assembly, has developed a new statewide policy to facilitate movement of students and transfer credits from one Ohio public college or university to another. The purpose of the State Policy is to avoid duplication of course requirements and to enhance student mobility throughout Ohio's higher education system. Since independent colleges and universities in Ohio may or may not be participating in the transfer policy, students interested in transferring to an independent institution are encouraged to check with the college or university of their choice regarding transfer agreements.

Transfer module

The new Ohio Board of Regents' Transfer and Articulation Policy established the Transfer Module, which is a specific subset of the entire set of a college or university's general education requirements. The Transfer Module contains 54-60 quarter hours or 36-40 semester hours of specified course credits in English composition, mathematics, fine arts, humanities, social science, behavioral science, natural science, physical science, and interdisciplinary coursework. Information regarding Bowling Green State University's transfer module can be obtained from the Office of Admissions, the Office of Registration and Records or the college offices.

A transfer module completed at one college or university will automatically meet the requirements of the transfer module at the receiving institution, once the student is accepted. Students may be required, however, to meet additional general education requirements that are not included in the Transfer Module.

Conditions for transfer admission

Students meeting the requirements of the Transfer Module are subject to the following conditions:

1. The policy encourages receiving institutions to give preferential consideration for admission to students who complete the Transfer Module and either the Associate of Arts or the Associate of Science degrees. These students will be able to transfer all courses in which they received a passing grade of D or better. Students must have an overall grade point average of 2.0 to be given credit for the Transfer Module.
2. The policy also encourages receiving institutions to give preferential consideration for admission to students who complete the Transfer Module with a grade of C or better in each course and 90 quarter hours or 60 semester hours. Students must have an overall grade point average of 2.0 to be given credit for the Transfer Module and only courses in which a C or better has been earned will transfer.
3. The policy encourages receiving institutions to admit on a non-preferential consideration basis students who complete the Transfer Module with a grade of C or better in each course and less than 90 quarter hours or 60 semester hours. These students will be able to transfer all courses in which they received a grade of C or better.

Admission to a given institution, however, does not guarantee that a transfer student will be automatically admitted to all majors, minors, or fields of concentration at that institution. Once admitted, transfer students shall be subject to the same regulations governing applicability of catalog requirements as all other students. Furthermore, transfer students shall be accorded the same class standing and other privileges as all other students on the basis of the number of credits earned. All residency requirements must be successfully completed at the receiving institution prior to the granting of the degree.

Responsibilities of students

In order to facilitate transfer with maximum applicability of transfer credit, prospective transfer students should plan a course of study that will meet the requirements of a degree program at the receiving institution. Specifically, students should identify early in their collegiate studies an institution and major to which they desire to transfer. Furthermore, students should determine if there are language requirements or any special course requirements that can be met during the freshman or sophomore year. This will enable students to plan and pursue a course of study that will articulate with the receiving institution's major. Students are
encouraged to seek further information regarding transfer from both their adviser and the college or university to which they plan to transfer.

Appeals process
A multi-level, broad based appeal process is required to be in place at each institution. A student disagreeing with the application of transfer credit by the receiving institution shall be informed of the right to appeal the decision and the process for filing the appeal. Each institution shall make available to students the appeal process for that specific college or university. See "appeal of transfer credit," below.

If a transfer student's appeal is denied by the institution after all appeal levels within the institution have been exhausted, the institution shall advise the student in writing of the availability and process of appeal to the state level Articulation and Transfer Appeals Review Committee.

The Appeals Review Committee shall review and recommend to institutions the resolution of individual cases of appeal from transfer students who have exhausted all local appeal mechanisms concerning applicability of transfer credits at receiving institutions.

Appeal of credit transfer
Students or institutions wishing to challenge Bowling Green State University transfer of credit decision may submit a written appeal to the Office of Registration and Records, which will determine whether a policy is at issue. If a policy is at issue, the Office of Registration and Records will perform the appropriate research and send the appeal to the Undergraduate Council. The Undergraduate Council will review all available information and make a recommendation to the Office of Academic Affairs. The Office of Academic Affairs will give final approval or disapproval of the Undergraduate Council's recommendation.

Other admission categories
International students
Students from more than 80 countries are enrolled at the University. Well qualified foreign students are welcomed. Their participation is eagerly sought to enrich educational opportunities for all students. International students applying for admission should write the Center for International Programs, Bowling Green State University, Bowling Green, Ohio 43403, (419) 372-2247.

For admission purposes, applicants whose native language is not English are required to take an English proficiency test—either the official Test of English as a Foreign Language (TOEFL) or the official Michigan Test. Arrangements to take the TOEFL must be made by the applicant in direct communication with the Educational Testing Service, Box 899, Princeton, New Jersey 08541, U.S.A. Although the TOEFL is preferred, the University also accepts results of the Michigan Test. Arrangements to take it must be made by the applicant in direct communication with the Testing and Certification Division, English Language Institute, University of Michigan, Ann Arbor, Michigan 48109, U.S.A.

Upon reporting to the University and before registering for classes, all entering international students admitted through the Office of International Programs and the Office of Admissions, except those whose native language is English, are required to take additional English tests; international students transferring from other colleges or universities in the United States as well as students from Puerto Rico are also required to take these tests. On the basis of these tests, the University reserves the right to require enrollment either in ENG 100 (English as a Foreign Language) or in the Special Section for International Students of ENG 110 (Developmental Writing) and to limit the courses taken for credit.

Evening and part-time students
Prospective students who plan to take evening classes only (after 4:30 p.m.), can apply for admission to the Evening Program, if space allows, enroll as undergraduate guest students (this page) before seeking admission to the University.

Concurrent enrollment
Concurrent enrollment at Bowling Green State University and the University of Toledo allows a student with at least a 2.0 GPA to take courses at both universities and receive credit toward a degree. To be enrolled concurrently during a single term, a student must be registered for courses at both institutions. If a Bowling Green student takes all courses at Toledo during a single term, then that student must register at the University of Toledo as a transient or guest student. See guest students, this page.

Under this policy, the university that has most recently granted formal admission to the student is designated as the home university. The other university is the host institution.

A student registering for 8 hours or more of coursework at the home university shall pay all fees to the home university. If a student registers for fewer than 8 hours, instructional, general and nonresident fees are to be paid at the separate universities. (Special course fees are payable to the teaching institution.)

All coursework taken under concurrent registration will be registered at each university. It will be included in the calculation of a student's grade point average at his home university. Seniors within the last 30 hours before graduation must receive permission from their deans before enrolling in concurrent courses at the University of Toledo.

Coursework completed at the University of Toledo may not be used to delete F's and other low grades previously earned at Bowling Green State University in grade point average computation.

Concurrent enrollment forms are available through the Office of Registration and Records of either institution.

Guest students
Any person who has graduated from high school (or earned the GED equivalent) or any person who has attended another university may apply as a guest student. Such a student is not required to submit a high school transcript or ACT (American College Test) results. Guest students are not eligible for financial aid. Any coursework taken as a guest student will be applicable to a degree program once the student is formally admitted. A guest student is limited to taking 16 hours of credit without formal admission to the University. The 16-hour credit limit shall include all credit hours attempted by the student. If a student fails a class, those hours will be included in the 16-hour limit. Once the 16-hour credit limit has been reached, the student must be formally admitted through the Office of Admissions, 110 McFall Center. Permission to exceed the 16-hour credit limit must be obtained from the Office of Admissions.

A guest student is required to apply each term at the Office of Registration and Records, 110 Administration Building. Such a student will register on dates established by the Office of Registration and Records. A guest student may register for undergraduate courses only.

Guest student enrollment is not to be used by students who have been denied or refused formal admission to the University. Such a student must contact the undergraduate Office of Admissions, 110 McFall Center, to receive permission to register as a guest student. A guest student's registration will be withdrawn if it is discovered subsequently that he/she has been denied or refused formal admission.

Non-U.S. citizens can apply as guest students only through the Office of International Programs. Students currently enrolled in high school who wish to take courses at BGSU should contact the Office of Academic Enhancement, 101 University Hall, 372-2677.

Students wishing to enroll as a guest at the Firelands campus of BGSU may submit the application and obtain registration information from Firelands College, Office of Enrollment Services, 114 East Building, 901 Rye Beach Road, Huron, Ohio 44839, (419) 433-5560.

Guest students will be charged a one-time only $10 application fee after registering for a term. Applications to register as a
Guest student may be obtained from and must be submitted to the Office of Registration and Records, 110 Administration Building.

**Guest degree holder**
A student who has earned a four-year degree in higher education and who wishes to enroll in undergraduate courses without pursuing another degree may enroll as a guest degree holder. Such a student is not limited as to the number of courses which may be taken at the University. Guest degree holders may register for undergraduate courses only.

The only admission requirement for a guest degree holder is official confirmation from the appropriate institution of the highest degree received.

Guest degree holders who maintain continuous attendance at BGSU will automatically be sent registration materials for succeeding terms. Students not in continuous attendance must re-submit the guest degree holder application in order to obtain registration materials for the designated term.

Guest degree holders will be charged a one-time only $10 application fee after registering for a term. Applications to register as a guest degree holder may be obtained from and must be submitted to the Office of Registration and Records, 110 Administration Building.

**BGSU students enrolled as guests (transient students) at another institution**
Students pursuing a degree at BGSU who wish to earn credit from another college or university may transfer such credits to BGSU if they have a BGSU accumulative grade point average of at least 2.00 and all other criteria for the acceptance of transfer credit are met (see Transfer of Credit). Students are encouraged to verify with the Office of Registration and Records the equivalency of courses from another institution to BGSU courses and to consult with their college advisors concerning the applicability of the courses to their degree program. Grades earned at the other institution do not become part of the student's record at BGSU, but are included in the determination of all honors.

**Readmission of former students**
A student who has not been in continuous attendance during the regular academic year and wishes to attend either spring or fall semester must complete the application for readmission form and submit it to the Office of Registration and Records. A copy of this form may be obtained by contacting the Office of Registration and Records, 110 Administration Building, or by calling 372-8441. The readmission of a former student is based on past academic and personal records at the University and on the availability of facilities. A former student who has transferred to another college or university since the last enrollment at Bowling Green may be considered for readmission and must submit the application for readmission form and a complete transcript. Any student readmitted after a one-year absence will be charged a $10 application fee after registering for a term.
Residence Halls

Bowling Green is primarily a residential University, and nearly 6,400 undergraduate students live in residence halls.

University residence halls provide a physical environment designed to further the academic, cultural, and personal development of resident students. A wide range of living options is available to students and a wide variety of educational and social programs is offered.

Undergraduate students are required to reside in University-owned living units as a condition of enrollment unless they are commuting daily from the homes of their parents, guardian, spouse; OR unless they have attained 60 earned academic hours and/or four semesters of on-campus residency on or before the first day of classes for fall. For the purposes of this regulation, a home is defined as the actual and regular place of residence in the community in which the parent, guardian or spouse is eligible to register to vote. A guardian is defined as a person awarded legal guardianship by a court of competent jurisdiction. The on-campus housing acceptance agreement is an agreement for the entire academic year. A student must be in compliance with the University housing policy as a condition for applying to be an exception to the policy.

Accommodations in University residence halls are available to any University student regardless of race, religion, creed, color, national origin, handicap or sexual orientation.

The Department of Student Housing and Residence Programs, 440 Saddlemire Student Services Building (372-2011), is responsible for the assignment of all students to on-campus housing accommodations. This office processes all housing applications and roommate requests for assignment to the 14 residence halls and 31 small group living units.

The Department of Student Housing and Residence Programs is responsible for the operation, staffing and programming of all campus living units, including sorority and fraternity houses. A trained residence hall staff including undergraduate resident advisers (R.A.'s) is present to help students derive the fullest possible benefits from the residence life experience.

On-campus housing regulations

Responsibility for personal effects

During a student's residence in a hall, every effort is made to provide adequate supervision. However, the University cannot assume responsibility for loss or damage to personal effects of the student or guests of the University. If a student's parents have a blanket homeowner's insurance policy, the student's personal effects may be listed and covered in such a policy.

Generally, each room is completely furnished except for linens, pillows, blankets and personal toiletries.

For detailed information regarding services and accommodations available contact the Department of Student Housing and Residence Programs.

Occupancy of rooms

Each student is required to vacate and remove personal belongings from the residence hall after the close of final examinations for the spring semester, except for the student who receives a degree at the May commencement. Such a student may remain in the University residence up to a designated hour on commencement day.

A student in good standing with the University is not required to clear the room of possessions at the close of the fall semester unless that person has failed to acquire a paid on-campus housing reservation for the succeeding semester. A resident who has not paid for additional accommodations, however, is required to vacate the room and remove personal belongings within 24 hours after the close of semester examinations.

The University undertakes at all times to maintain pleasant living conditions in all its residence halls, and the right is reserved to remove an occupant at any time for violations of University and/or residence hall policies, rules and regulations. Anyone found residing in University facilities who has not paid for accommodations, who is not a lawful resident of that facility or who is found in a closed building may be charged with trespassing.

Vacation periods

With the exception of Bromfield Hall, the residence halls are not open during the vacation periods. Residents of Bromfield may remain over the Thanksgiving and spring recesses or between semesters for a nominal daily fee. The dining halls will not be open during the vacation periods; however, residents may prepare their own meals in the kitchen facilities. The Department of Student Housing and Residence Programs can assist in making these arrangements. The University reserves the right to assign, inspect, maintain and make repairs in residences any time during the school year.

Change of assignment

If, for some reason, a student should find it necessary to change his or her on-campus assignment, such a change must be registered and approved by the Department of Student Housing and Residence Programs in advance of the proposed move.

Off-campus housing

The Off-Campus Student Center, Moseley Hall, maintains up-to-date listings of available houses, apartments, rooms in homes and subleases and their prices. The Off-Campus Student Center will not list housing vacancies unless the owners have agreed not to engage in discrimination to prospective tenants on the basis of race, color, religion, sex, national origin and sexual orientation. The office operates a roommate locator service to help students find compatible roommates. The office can also provide move-in inventory forms, information on the public utilities and a variety of other information.

A student who lives off campus does so accepting individual responsibility. The University does not undertake to provide social and educational opportunities or the supervision furnished in University residence halls to students residing in off-campus housing. A contractual agreement exists between the student and the landlord exclusive of the University.
Room and meal plan charges

A student who wants to live on campus must apply for housing and sign a residential agreement card in the spring for the following fall semester. Dates and procedures for payment are outlined in the acceptance agreement.

Five housing plans with several different rates are available to students regardless of class rank as long as space is available. Priority of assignments is given to continuing upperclass students with seniors, juniors, sophomores and incoming freshmen assigned in that order. Returning former students are assigned with new incoming students.

Plan I includes Conklin Hall and McDonald North. Students living in these residence halls are not required to purchase a meal plan. Students living in these units who desire a meal plan must purchase at least the minimum on-campus meal plan.

Plan II covers these residence halls: Kreischer, Harshman, McDonald East and West, Rodgers, Kohl and Prout. This rate also applies to students living in Conklin and McDonald North halls who are taking part in a meal plan program.

Plan III applies only to Offenhauer East and Offenhauer West.

Plan IV is for the room-only rent for fraternities, sororities and the French House. Since most Greek houses operate their own dining facilities, the University collects only room rent, leaving the various groups to collect their own meal plan charges. If a house does not have its own meal plan, residents' participation in the minimum on-campus meal plan is required.

Plan V applies only to Founders.

All students living on the main campus are assessed a residence hall technology fee each semester (see Fees and Charges). The fee is used to upgrade and maintain computing resources, services and technologies within the University's residence halls.

Room and meal rates are established annually by the University Board of Trustees. Information regarding living options and rates can be obtained from the Department of Student Housing and Residence Programs, 440 Saddlemire Student Services Building, 372-2011.

Payment schedule

Since arrangements for residence on campus must be made before the opening of fall semester and the University wishes to accommodate as many students as possible, a forfeiture schedule for late cancellations is maintained. This schedule appears in the acceptance agreement which is provided when the residence hall agreement is accepted. The acceptance agreement should be read thoroughly by both student and parents or guardian and retained for future reference. A residential agreement card accompanies the agreement. It must be signed and returned with the initial payment, indicating acceptance of the provisions of the agreement. Full payment may be made in advance for the semester, or entire academic year, or in accordance with an optional Installment Payment Plan described in the acceptance agreement. The initial payment date appears on the residential agreement card.

Refunds

Adherence to the payment schedule is a prerequisite for admission. Should it be necessary for a student to withdraw from the University after the acceptance agreement has been executed, the refund schedule outlined in the agreement is followed.

For information regarding other fee refunds see Fees and Charges.

Meal plan

University Food Operations offers flexible hours and varied menus in pleasant dining areas conveniently located in the residence hall complexes. The facilities are managed by University professionals who are dedicated to providing quality food services.

At Bowling Green students use their student photo I.D. to purchase snacks and meals. The I.D. serves as a debit card when presented to the cashiers in campus dining services. With each purchase, the total is deducted automatically by computer from the prepaid meal account. Parents and friends are welcome to eat with students, either on their meal plans or by paying with cash.

Bowling Green's award-winning dining areas offer a wide variety of menu items. Vegetarian soups and entrees, as well as lowfat selections are offered daily, along with featured entrees, sandwiches, salads and desserts. Carry-out service is available. In addition to the traditional cafeteria service, Food Operations provides alternative services in the nighttime snack bars, dinner restaurant service, convenience stores and a deli. Students living in most residence halls are required to purchase at least the minimum meal plan each semester in order for Food Operations to meet its financial obligations.
Financial Aid

All types of financial aid including scholarships, grants, loans and work opportunities are coordinated through the Office of Financial Aid and Student Employment (FASE). Detailed information on individual programs and financial aid counseling are available on a walk-in basis or by appointment. Office hours are 9 a.m.-4 p.m. Monday through Friday. Summer hours vary. Students and parents are encouraged to call ahead to confirm counselor availability.

The philosophy of need-based aid is that each student and the student's family are responsible for a reasonable contribution to the student's educational expenses, also called the cost of attendance. To determine the family contribution, the student must submit a Free Application for Student Aid (FAFSA). Calculation of the family's expected contribution is based on a formula established by the U.S. Congress. The estimated cost of attendance is determined by the university. When the calculated family contribution does not meet the estimated cost of attendance, FASE attempts to meet the difference with various aid sources.

Freshmen who are admitted by March 1 and submit the FAFSA by February 15 (a priority date, not a deadline) are given first consideration for institutional need-based financial aid for the following summer, fall and spring semesters. Awards are made assuming full-time enrollment, but some awards are available for part-time attendance. Notices of eligibility are mailed beginning in April and continue throughout the academic year. Early application assures consideration for institutional programs as well as federal and state aid.

**Employment**

A variety of part-time employment opportunities are available both on and off campus. At BG SU, students are a vital element of the work force. FASE posts on-campus job openings daily. Students contact, apply and interview directly with prospective employers. During the academic year, campus employment is available to undergraduate students who are enrolled on at least a half-time basis. Students are employed university-wide as clerks, custodians, library aides, receptionists, tutors, typists, lab assistants, delivery persons, lifeguards, computer programmers and food service employees.

In addition to on-campus job postings, FASE maintains a list of off-campus jobs in the Career Resource Library in the Saddlemire Student Services Building.

Students participate in either the Federal Work Study Program, which is a need-based program, or the university's regular work program, which is not based on financial need.

**Grants**

Grants are financial aid awards that do not require repayment. They are available to eligible students who have the lowest expected family contribution.

**Federal Pell Grant**

The Federal Pell Grant (FPell) program is the largest of the grant programs. It provides a foundation of financial aid students who have the highest financial need. Students can apply for the Federal Pell Grant by completing the FAFSA.

**Federal Supplemental Educational Opportunity Grant**

The Federal Supplemental Educational Opportunity Grant (FSEOGG) is another aid source for students with high need and who are eligible for the FPell.

**Ohio Instructional Grant**

The Ohio Instructional Grant (OIG) is a state-funded grant available to eligible Ohio residents who show financial need. The OIG is designated to pay instructional and general fee charges. Ohio residents apply for OIG by completing the FAFSA.

**Talent Awards and Grants-in-Aid**

Students demonstrating special talents or abilities in athletics, music, drama, broadcasting or speech may be eligible for University-funded grants. Recipients apply to and are selected by individual departments or committees.

**Loans**

Loans are available to eligible students and/or their parents through a variety of need-based and non-need-based programs. Typically, need-based student loans are offered at low interest rates and need not be repaid while the student is enrolled on a full-time basis. Interest rates and repayment grace periods vary according to the terms of the individual programs. Most loans require the student to complete the FAFSA.

**William D. Ford Federal Direct Stafford and Unsubsidized Loans**

These are low interest loans which do not require repayment until six months after the student no longer maintains at least a half-time enrollment. Students do not have to pay interest on subsidized Direct Loans while enrolled at least half-time. The Unsubsidized Direct Loan is not based on need, but requires the student to file the FAFSA to first determine subsidized loan eligibility.

**Federal Perkins Loans**

These are need-based, lower interest (currently 5 percent) loans which do not require repayment or accrue interest until nine months after the student no longer maintains at least a half-time enrollment. Award amounts are determined by FASE.

Students file the FAFSA for Perkins Loan consideration.

**Nursing Student Loans**

Students admitted to the School of Nursing are considered for need-based nursing loans (currently 6 percent) upon submitting their FAFSA forms. Loans do not accrue interest or require payment while the student is
enrolled at least half-time. Special deferment and cancellation options are available depending on the location of the student's employment after graduation. Award amounts are determined by FASE.

**Federal Direct Parent Loans for Undergraduates**

Federal Direct Parent Loans for Undergraduates are available to parents whose students either do not qualify for need-based financial aid or who need additional assistance above and beyond their determined eligibility. Applications are available from FASE. Parents applying for the Direct Parent Loan do not have to file a FAFSA form, but should contact FASE for an FPLUS application. Interest rates are variable (not to exceed 6.8 percent); monthly payments are required within 60 days after the loan is disbursed.

**Short-term Loans**

Short-term loans for personal emergencies are available in FASE. Interest rates range from 0-8 percent depending on the amount borrowed. All loans must be repaid within 45 days or by the last day of the semester, whichever comes first. Application is made on an appointment basis at FASE.

**Scholarships**

Scholarships differ from other forms of financial aid. Awards may be based on merit or criteria other than financial need. Like grants, they do not have to be repaid.

A limited number of academic scholarships are available to students with outstanding academic records. Students who receive the Ohio Academic Scholarship also receive an institutional supplemental scholarship. Other scholarships, including FASE's University Scholarship, are awarded on the basis of academic achievement and need. Detailed information on scholarship programs may be obtained from BGSU's Guide to Scholarships.

**Other Programs**

Some students qualify for Veteran's Benefits, Bureau of Rehabilitation Assistance, or are eligible to participate in the Job Partnership and Training Act programs. Students are encouraged to consult the yellow pages to contact the local, federal or state sponsoring office.

---

**Standards of Satisfactory Academic Progress for Undergraduate Financial Aid Recipients**

To encourage financial aid recipients to complete academic degree/certificate objectives within a reasonable time and in accordance with federal and state requirements, Bowling Green State University requires undergraduate financial aid recipients to maintain satisfactory academic progress as defined by this policy. Specific programs governed by this policy are listed in Section B.

Records of all students receiving or being considered for financial aid from any aid sources listed in Section B are reviewed. Satisfactory academic progress is monitored on an annual basis after spring semester. The annual assessment of a student's satisfactory progress will be based on the student's entire academic record. Also included are all transfer credit hours being accepted by the University, whether or not the student received financial aid for previous periods of enrollment.

Students will be considered to be maintaining satisfactory academic progress if they:

1. Maintain the required cumulative grade point average (Section C);
2. Satisfactorily complete the necessary number of credit hours (Section D) and
3. Will graduate within ten semesters if enrolled as a full-time student (Section E).

Proportional adjustments to the ten-semester requirement will be made for students who attend on a less than full-time basis.

Permission to enroll at the University does not constitute maintaining satisfactory academic progress for financial aid. In most instances when a student does not maintain satisfactory academic progress, the student will be allowed a period of Conditional Satisfactory Progress: one academic year to eliminate all deficiencies. During this time, the student shall be encouraged to seek appropriate counseling, tutoring, academic advising and other means of assistance. If after the period of Conditional Satisfactory Progress a student does not maintain satisfactory academic progress as determined by this policy, the student's eligibility for programs governed by this policy shall be terminated. Students whose eligibility for financial aid is terminated based on this policy may re-establish their eligibility for financial aid (Section I). A student also has the right to appeal a decision to terminate financial aid eligibility (Section J).

**Section A: Definitions**

- **Academic year**: A period of twelve months beginning annually with the summer semester and continuing through the fall and spring semesters.

- **FASE Satisfactory Progress Review**: At the time a student applies for financial aid, FASE reviews each student's Satisfactory Academic Progress status.

- **Full-time undergraduate enrollment**: Full-time undergraduate enrollment is 12 credit hours or more per semester.

- **Three-quarter time and half-time undergraduate enrollment**: Three-quarter time undergraduate enrollment is 9 to 11 hours per semester; half-time undergraduate enrollment is 6 to 8 hours per semester.

**Section B: Programs Governed by the Policy**

- Federal Pell Grant (FPell)
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Perkins Loan (Formerly National Direct Student Loan)
- Federal Direct Student Loan (Subsidized and Unsubsidized)
- Federal Direct PLUS Loan
- Nursing Student Loans
- Ohio Part-Time Grant (OPTG)
- The Ohio Instructional Grant (OIG) and other student financial aid programs sponsored by the state of Ohio
- All scholarships and grants sponsored by the University including the Diversity Grant for Fees, talent grants, athletic grants and scholarships and other institutional programs except those academic scholarships and grants which have higher requirements
- Schell Foundation Loan

**Section C: Minimum Cumulative Grade Point Average Requirement**

<table>
<thead>
<tr>
<th>Credit Hours Completed</th>
<th>Cumulative Grade Point Average Required</th>

<tr>
<td>90+</td>
<td>2.0</td>
</tr>
</tbody>
</table>

If a student does not attain the required cumulative grade point average, he or she will be placed on Conditional Satisfactory Progress status (see Section F) and will have one academic year to correct the deficiency. In addition, students whose cumulative grade point averages fall below a 2.0 will not be eligible for the Perkins Loan, Nursing Student Loan or Schell Foundation Loan. For purposes of financial aid the grade point average earned at another college or university will not transfer to BGSU and, therefore, cannot be used to correct a cumulative grade point average deficiency.
Section D: Undergraduate Minimum Credit Hours Required

1. During each academic year, financial aid recipients will be required to complete satisfactorily a minimum number of credit hours. Credit hours are considered to have been completed satisfactorily if the final grade received was an A, B, C, D or S. Credit hours received a final grade of F, U, I, W, WP, WF, AUD or NGR are not considered satisfactory.

2. Students who enroll in classes on a full-time basis will be expected to complete satisfactorily 24 credit hours per academic year. Students who enroll in classes on a less than full-time basis will have their minimum annual credit hour requirement adjusted accordingly. Also, if a student does not attend fall or spring semester during an academic year, similar adjustments will be made to the minimum credit hours required. See examples below.

3. BGSU summer sessions will not be counted as a semester of enrollment for purposes of determining minimum credit hours required. Also, these periods do not count toward the maximum number of semesters (10) permitted by this policy. BG SU summer sessions are considered make-up periods. It should be noted, however, that all hours and grades earned during a BG SU summer session will be included in determining the required cumulative grade point average. Credit hours earned during a summer session at another college or university will be considered transferred hours (see Section E) and not as a make-up period of enrollment.

4. If a student has not satisfactorily completed the minimum credit hours, a satisfactory academic progress status will be assigned as follows:

   - **1-6 hours deficient** — **Warning Status**: No action taken but student is encouraged to make up deficiencies in order to graduate;
   - **7-12 hours deficient** — **Conditional Status**: See Section F;
   - **13 hours deficient and beyond** — **Unsatisfactory Progress Status**: Termination of financial aid eligibility.

Examples

**Warning Status**: A first-year full-time student successfully completes 14 hours in the fall and 9 of 13 hours in the spring. At the conclusion of the academic year, the student has completed 23 hours. However, the student should have completed 24 credit hours, and is one hour deficient. Based on the requirements above, the student is still maintaining satisfactory academic progress but is encouraged to make up the (1) credit hour deficiency.

**Conditional Status**: A student has just completed the second year of consecutive full-time studies. The student has earned 39 credit hours. The student was required to have completed 48 credit hours (2 years x 24 hours per year = 48), and is 9 hours deficient. The student has one academic year to reduce his/her deficiency to less than 7 hours. An example, the student could make up the 3 hours (9 hours - 3 hours = 6 hours, which is warning status) by completing 15 hours (12 full-time + 3 make-up hours) the following fall semester.

**Unsatisfactory Progress Status**: A student has just completed the third year of consecutive full-time studies. The student has earned 59 credit hours. The student was required to have completed 72 credit hours (3 years x 24 hours per year = 72). The student is 13 hours deficient. The student is no longer eligible to receive financial aid.

Section E: Maximum Academic Years of Financial Aid Eligibility

To remain eligible for financial aid, the financial aid recipient must make sufficient progress to graduate within 10 full-time semesters (excluding summer sessions), or 5 academic years.

For part-time enrollment, additional semesters will be allowed in proportion to each semester of part-time enrollment. Transfer hours accepted by BG SU will be considered when calculating the aid recipient's remaining semesters of eligibility. Minimum hours to be completed and minimum grade point average expected. Transfer hours are divided by 12 (the minimum hours for full-time enrollment) to determine the number of equivalent semesters. For example, 72 transfer hours divided by 12 equals three years or six semesters. Five minus three years equal two remaining years of eligibility.

Undergraduate students who have already earned a bachelor's degree and are seeking another undergraduate degree or teacher's certification are eligible to apply for only the Federal Direct Student Loan. Upon application, they may receive a Satisfactory Progress letter notifying them of their eligibility for financial aid due to having more than ten semesters of earned credits. To continue the application process they must submit the Previous Degree Holder Review Form to FASE each academic year prior to or at the time of application for the Federal Direct Student Loan.

Section F: Conditional Satisfactory Progress

A student will be placed on Conditional Satisfactory Progress if it is determined during the FASE Satisfactory Progress Review that he or she is deficient by 7 to 12 credit hours, or is below the minimum cumulative grade point average according to the requirements stated in Section C, or both. A student placed on Conditional Satisfactory Progress will continue to be eligible for financial aid for one academic year.

At the conclusion of the Conditional Satisfactory Progress period, if the student has not achieved the minimum number of credit hours required to maintain progress (see Section D:4) and the minimum cumulative grade point average (see Section C), the student's eligibility for programs governed by this policy (see Section B) will be terminated.

Section G: Repeated Courses

For purposes of this policy and because the University policy is designed to limit the frequency and conditions under which repeated courses are permitted for credit, financial aid will be awarded when a student is permitted by University policy to repeat a course for credit. Under such circumstances, the student's grade point average will be calculated in accordance with the University's policy on repeated courses as described in the Academic Policies section of the Undergraduate Catalog.

Section H: Academic Forgiveness

Financial aid recipients granted academic forgiveness by the University will be required to notify FASE in writing. FASE will determine the student's remaining years of eligibility by the following method. FASE will:

1. Total all credit hours completed with a letter grade of A, B, C or S during enrollment periods covered by Academic Forgiveness;
2. Total all credit hours completed with a letter grade of A, B, C, D or S during enrollment periods not covered by Academic Forgiveness;
3. Combine the total credit hours calculated in steps 1 and 2 above and divide by 24. The quotient represents the number of full-time equivalent academic years completed to date. The full-time equivalent academic years completed will determine the required minimum credit hours. The total completed credit hours will determine the required minimum cumulative grade point average;
4. Subtract the full-time equivalent academic years from five years (which is the maximum years allowed under this policy) and this will determine the remaining years of financial aid eligibility available.

Section I: Reinstatement of Financial Aid Eligibility
A student who does not meet the terms of Conditional Satisfactory Progress is not eligible for financial aid until he or she fulfills one of the following conditions:
1. Eliminates all academic deficiencies at his or her own expense;
2. Demonstrates special circumstances worthy of appeal consideration (see Section J);
3. Is granted Academic Forgiveness (see Section H).
If the student meets one of the eligibility requirements stated above, he or she must submit a Satisfactory Academic Progress Appeal Application and other supporting documentation to FASE. Students will receive a written response.

Section J: Right to Appeal
A student who has been denied financial aid may appeal in writing to FASE. To appeal a satisfactory academic progress decision, the student must obtain a Satisfactory Progress Appeal Application from FASE.

The appeal application and all supporting documentation must be submitted to FASE before an appeal can be considered. FASE will respond by letter to each appeal. If the student's appeal is denied, a final appeal may be made to the director of FASE within 10 working days of the date on the denial letter.

Section K: Policy Disclosure
The policy "Standards of Satisfactory Academic Progress for Undergraduate Financial Aid Recipients" shall be included in the financial aid section of the University's Undergraduate Catalog and the Office of Financial Aid and Student Employment's Notification of Financial Aid Eligibility letter (award letter). The policy is also available upon request from FASE.
The Office of Registration and Records, 110 Administration Building, is responsible for each student's class registration and academic record. In addition, the schedule of classes is compiled by this office with the assistance of academic departments and colleges. The office is also responsible for commencement programs and receives applications for graduation. Other services provided are the evaluation of transfer credit, certification for benefits under the Veterans Education and Social Security Acts, issuance of student transcripts, readmission of former students, admission of guest students, certification for eligibility in athletics, membership in honor societies, clarification of residency, processing of credit-by-exams and various other academic student-related actions.

Identification card

Photo identification cards are issued to new freshmen, transfer and graduate students during their first term of classes. This photo ID is good for the entire length of time a student attends the University. The identification card is only valid with a bursar validation obtained each term (see Validation Sticker). Guest students are not issued photo identification cards except on request. Identification cards may be replaced if lost or defective for a fee.

The photo ID card, with the validation sticker, is needed for eating in the dining facilities, cashing checks, charging items, checking out library books, using computer labs, purchasing athletic tickets, using the recreation center, attending University functions, etc. For information concerning office hours, call (419)372-6081.

Transcripts of credit

An official transcript of a student's record is used for transferring credits to other colleges and universities and for transmitting information to certifying agencies and employers. An official transcript is issued only at the written request of the student. A charge of $4 is made for each transcript and should be included with the request. A transcript is not released for a student who is delinquent in any financial obligation to the University. Requests for transcripts to be picked up in person by the student should be submitted at least 24 hours in advance to the Office of Registration and Records, 110 Administration Building (104 East Building at Firelands). Photo identification is required. Transcripts from other institutions that have been presented for admission or evaluation become part of the student's permanent academic file and are not returned nor copied for distribution. Students desiring transcripts covering work completed elsewhere should request them from the institutions concerned.

Academic load

A full-time undergraduate is defined as a student registered for 12 or more semester hours. A full-time student normally should be registered for 15 to 16 hours per semester. The academic load of a regular undergraduate student should not be less than 12 hours at any time. Enrollment for more than 18 hours requires the approval of the office of the dean of the college in which the student is enrolled; such enrollment will be reviewed in accordance with the policies of the respective college. Based upon institutional policy, the following enrollees are involved in a full-time academic experience at BGSU: students registered for COOP 650, TECH 289/389/489, and Academic Year Abroad. During the eight-week summer session, a full-time student is one enrolled for six or more hours (three or more hours for a four-week session, four or more hours for a six-week session).

Registration schedule

All fully admitted students who are enrolled for the current semester are eligible to register for the next semester using the telephone registration system. Registration materials are distributed to campus addresses, on-campus mail boxes or home addresses two weeks prior to registration. Students who are either not currently enrolled or have not been admitted need to apply for admission or readmission prior to registration.

Registration is divided into three phases: Course Requests, Priority Section Registration, and Open Registration with Drop/Add. Course requests, which are made one term in advance, provide departments with information about demand for their courses. Only those students participating in Course Requests are allowed to take part in Priority Registration.

Priority Registration is the first opportunity for students to register for sections of the specific courses they requested. Access to Priority Registration is by appointment; each student receives three time periods during which he/she may call and register. Appointments are sequenced by class, and within class by grade point average.

Priority Registration is followed by Open Registration. During Open Registration students may complete their initial registration, drop, add or change their grade options, and register for sections of courses which they did not request during the course request phase. Students registering late in the semester must pay their fees by 5 p.m. on the last working day prior to the start of the term or their registrations will be cancelled.

Students registering or reregistering on or after the first day of the term must prepay their fees and obtain a bursar clearance prior to registration. These registrations are also subject to late registration and late payment fees.

Drop/add

After the initial registration period has been completed, all changes must comply with the policy of the college in which the student is enrolled. An undergraduate may enroll in a course within seven calendar days from the beginning of classes during the semester. After this time, a student may add a course only with permission of the college dean.
A student may change the grading option (graded or S/U) for a specific course only during the first seven calendar days of a given semester. Seven calendar days are allowed for a student to withdraw from a class with no record on the transcript. After these dates, exceptions may be granted only by the dean of the student's college.

During summer session, students may register for courses, add, change grade options or drop during the first three calendar days of a given term.

An undergraduate who drops a course during the fourth through the ninth week of a semester may either receive a grade of WP (withdrawn passing) or WF (withdrawn failing) according to the student's standing in the course. A grade of WF is assigned to courses dropped after the ninth week of a semester and to courses that the student ceases to attend without permission. Any student terminating attendance in an S/U course without officially dropping the course or withdrawing from the University will receive a WF. This may be appealed through the student's college office.

See change of registration charge under fees and charges, page 21.

Audit
A student who wishes to attend a class without receiving credit for it may register to audit that course. A per-hour instruction fee is charged as if the student had registered for the course for credit. Students may add classes for audit status or change to or from audit status during the first seven calendar days of the fall or spring semesters or the first three calendar days of any summer term. Students may drop classes with audit status during the first seven days of the fall or spring semesters or the first three days of any summer term.

Change of personal information
Changes to student personal information should be reported to the Office of Registration and Records. For name changes, two documents are required: one with the new name and one with the former name. One of these must contain a photo. Documents could include a court order, a marriage license or a driver's license.

For a change of student number or birthdate, the student must provide photo identification and a document containing the correct information.

Student records policy
The University's Student Records Policy can be found in Appendix C of the Student Code which is distributed to students by the Office of Student Affairs.

Veterans/reservists
The Veterans Affairs Office is located within the Office of Registration and Records. The office certifies all students eligible for Veterans Affairs educational benefits under Chapter 31 (Title 38, Code of Federal Regulations), Chapters 30, 32 and 35 (Title 38, United States code), and Chapter 106 (Title 10, United States Code). Students applying for veterans benefits must provide a copy of member 4 of the DD 214 form, Report of Separation from the Armed Forces. Questions should be referred to the Office of Registration and Records, 110 Administration Building.

Certifications
Certification for loan deferments, good student automobile insurance discounts, health insurance, and degree, scholarship and enrollment verifications are processed in the Office of Registration and Records when requested by the student.

Registration and Records policies
Change of address
To assure prompt receipt of grades and schedules, a student should report any change in their address to one of the following offices: Admissions, Bursar, Financial Aid and Student Employment, Graduate Admissions, Student Housing and Residence Programs or Registration and Records.
Organizations and Activities

The Office of Student Life is the center for student organizations, the coordination of campus activities programming and the Freshman Pre-Registration and Orientation programs, all of which are designed to aid in the total development of students at BGSU.

Student organizations
405 Saddlemire Student Services Building, 372-2843

The most successful students are those who take advantage of the extracurricular activities offered at BGSU through its more than 160 student clubs, groups and organizations. Involvement in student activities and organizations provides students with experiences that supplement their academic regimen while helping them develop into well-rounded graduates. This out-of-class education provides students with invaluable transferrable skills such as time management, leadership, motivation, group communication and goal-setting which can carry through into future careers.

See the Firelands College section of the catalog for information on student organizations there.

Student organizational regulations
Students are free to organize and join clubs, groups or organizations to promote their common interests provided that these associations are organized for legal purposes and do not conflict with the University's educational objectives.

For purposes of continuity, direction, counseling and fiscal responsibility, each organization must have an advisor who is either a faculty member or an administrative staff member of Bowling Green State University.

Organizations shall not discriminate in their activities, programs, operations or membership selection on the basis of race, sex, age, religion, national origin, handicap or sexual preference.

A complete list of regulations governing student organizations can be found in the Student Code.

Student government
The Undergraduate Student Government provides the student with opportunities for responsible participation in the government of the University community and gives the University the advantage of student views and experience in arriving at the soundest possible policies and practices with respect to issues relating directly to each student enrolled in the University.

In addition to the Undergraduate Student Government, the qualified student may serve on other policy-determining and administrative councils and committees of the University.

University Activities Organization
All students may participate in planning and organizing social, cultural, educational and recreational events for the University community through the University Activities Organization.

The entire organization is involved with such major events as the annual Halloween and Mardi Gras celebration, in addition to programs planned and implemented by the following 14 committees: administrative, campus films, contemporary issues, exhibits, games, Homecoming, mini courses, outdoor recreation, performing arts, public relations, publications, publicity, spotlight entertainment and travel.

The University Activities Organization provides students with the opportunity to organize functions affecting the entire student body while developing leadership skills.

Intercollegiate athletics
Participation and excellence are the primary goals of Bowling Green intercollegiate athletics. As one of the largest total-sports programs in the Mid-American Conference, more than 500 men and women compete for championship recognition each year on 19 varsity teams.

Men's and women's teams exist in basketball, cross country, golf, swimming, tennis and track. Men compete in football, baseball, ice hockey and soccer, while women compete in gymnastics, volleyball and softball.

The University is a member of the National Collegiate Athletic Association (NCAA) and the 10-university Mid-American Conference (MAC). The hockey team participates in the Central Collegiate Hockey Association (CCHA). Bowling Green competes regularly with nationally prominent teams from other major conferences.

To be eligible for intercollegiate athletic competition, a student must meet various academic standards established by the University, the NCAA and the MAC. When a student becomes involved on any of the teams that compete in intercollegiate contests, it is assumed that consent to do so has been received from the student's parents or guardian. Every precaution is taken to safeguard the health of the student athlete and a physician is generally present at intercollegiate contests in the more rigorous sports.

Recreational sports
Recreational sports provides a broad-based recreational sports program.

Many recreational activities are offered through the Student Recreation Center. All registered full-time students may use the center as often as desired; a usage fee is included in the general fee paid each semester. Part-time students must pay a prorated usage fee. Special plans for spouses and children of students are available.

A diverse intramural program offers sport opportunities to the University community through individual, dual and team activities. Competition is offered through residence hall, sorority, fraternity, independent and coed leagues.

Sport clubs are established to promote and develop the interests and skills of members in a particular sport. Normally, only those individuals possessing very high interest and/or skill in a particular sport are members of a club. Most sport clubs provide competition outside BGSU with teams from other clubs, schools, colleges and universities.
Support Services

Computer Services
209 Hayes Hall, 372-2911
Bowling Green State University provides students, faculty and staff with access to diverse computing capabilities through several large-scale mini and microcomputers. DEC VAX 8650 and 6620 are available for interactive use with FORTRAN, PASCAL, C and other popular computer languages from terminals located in Hayes Hall and other areas on campus. An IBM 9121 is available for batch processing via a computing service center in the Business Administration lab. An IBM 9221 is available for interactive statistics. The BGNet system is available for Internet access and can be used for electronic mail, news, gopher and other services. There are 13 laboratories equipped with IBM, Gateway and Apple Macintosh microcomputers available for student use. Four of the residence halls have computer laboratories.

Students using these facilities for coursework will be introduced to the appropriate computer systems by their instructors. Others should contact the on-duty monitor at one of the computing service centers for assistance.

A comprehensive list of available hardware, software and use documentation is available upon request from the on-duty monitor.

Microcomputer sales and rental services are also available to students.

Counseling Center
320 Student Services Building, 372-2081
The Counseling Center provides individual/group personal counseling and crisis intervention to enrolled students, and consultation regarding student concerns to faculty and staff. National testing programs are also administered through this office. The staff includes licensed psychologists, graduate student assistants from the clinical psychology training program and a testing coordinator.

In addition to tests that may be administered as adjuncts to counseling, the following testing programs are administered by the center: American College Test (ACT), College Level Examination Program (CLEP), Graduate Record Examination (GRE), Graduate Management Admission Test (GMAT), National Teacher’s Examination (NTE), Pre-Professional Skills Test (PPST), Medical College Admissions Test (MCAT), Law School Admissions Test (LSAT) and Miller Analogies Test (MAT), and some occupational certification examinations.

Usual center hours are 8 a.m. to 5 p.m., Monday through Friday. During the summer the center is open from 7:30 a.m. to 5 p.m., Monday through Thursday and 7:30 a.m. to 11:30 a.m. on Fridays. Students are seen by appointment except for emergencies.

Career Services
360 Saddlemire Student Services Building, 372-2356
This office provides comprehensive career planning and placement services for students and alumni of the University. The professionally trained staff helps students clarify and implement their career goals. In brief, services include: a Career and Life Planning course offered each semester; individual counseling appointments; personality and career assessment inventories; SIGI+, an interactive computer career guidance and information system; classroom presentations on all phases of the career decision making process; career search workshops; on-campus interviews conducted by more than 550 recruiters; career days and job fairs; computerized resume referrals; credential services; the Falcon Career Connection, and alumni placement services.

Career Services is nationally recognized as a leader in educational programming. The College Placement Council, Inc., presented the office with its prestigious Award of Excellence for Educational Programming in Career Planning and Placement.

Students are highly encouraged to attend programs, utilize office services and register for placement assistance at the end of their junior year of study.

Center for Career Resources
300 Student Services Building, 372-2143
The Center for Career Resources provides the most current research materials available for those who are developing their career goals or entering the job market. The collection includes books, periodicals, VCR tapes, computer programs, employer profile books, company annual reports, job descriptions and many specialized directories. The periodical collection provides information and current job listings for many career fields.

Other special resources provided by the library are the SIGI PLUS computer program which is designed to aid students in assessing their career goals and interests, and a Resume Expert computer terminal designed to aid students in developing and writing resumes.

The center’s hours are 8 a.m. to 8 p.m., Mon.-Wed., and 8 a.m. to 5 p.m. Thurs.-Fri., during the academic year, with varying hours during semester breaks, holidays and summer sessions.

Off-Campus Student Center
110 Moseley Hall (ground level), 372-2573
The Hazel H. Smith Off-Campus Student Center provides a home base for off-campus and commuting students, although all programs and services are open to the University community. Facilities include a study lounge, television lounge, STAR registration telephones, refrigerators, microwave, vending machines, storage lockers and photocopier. A computer lab includes Macintosh and IBM personal computers, software, printers and correcting typewriters. Other services include a ride board for carpools and emergency weather assistance. Also housed in the center are the Nontraditional Student Association (NTSA) and the Freshmen Off-Campus University Students (FOCUS). Hours of operation are 7:30 a.m. to 7 p.m. Monday through Thursday and 7:30 a.m. to 5 p.m. Friday during fall and
On-campus Mailboxes

206 Mosely Hall

Mailboxes are assigned to undergraduate students living on campus. They are assigned at the beginning of fall semester, and students continue to use the same box for spring semester. (The mailbox is closed during the summer session.) A listing posted outside 206 Mosely Hall and in the Off-Campus Student Center main office indicates the mailbox numbers for students who have been assigned mailboxes. Students may request or cancel mailboxes through the Office of Registration and Records. The mailbox is used by University offices and organizations to make off-campus students aware of University information and events.

Disability Resources

705 Administration Building, 372-8405

The Office of Disability Resources provides disabled persons with assistance in obtaining reasonable accommodation, counseling, assistance in overcoming architectural and attitudinal barriers, and acts as a liaison between rehabilitation agencies and various University offices. Individuals with physical or learning disabilities are encouraged to contact the office for consultation and assistance.

Student Health Service

University Health Center, 372-2271

The Student Health Service provides outpatient care to all currently registered students and their spouses. The staff consists of over 35 health professionals: physicians, nurse practitioners, registered nurses, pharmacists, laboratory and x-ray technologists and physical therapists. Services include: health care for illnesses and accidents; sports, employment and school physicals; allergy injections; immunizations; and Women's Clinic.

Regular clinic hours are 8 a.m. to 4:30 p.m. Monday through Friday when classes are in session.

Students are charged for laboratory, x-ray, pharmacy and physical therapy services, surgical procedures and sports, school and job physicals. Some laboratory procedures and medical consultations are referred to outside sources at the student's expense.

Students who become ill or are injured at times when the Student Health Service is closed and who believe that immediate medical attention is required should report to the emergency room of Wood County Hospital. Students who use this service will be expected to pay for the cost of treatment.

Nonemergency transportation service to and from the Student Health Service or to Wood County Hospital may be obtained, at no cost, by calling Campus Security, 372-2346. Ambulance service is provided by the City of Bowling Green at the student's expense.

A student group insurance program is available to students at a reduced student rate. Students should check any hospitalization program under which they are covered (generally as a dependent) since insurance companies have varying reimbursement policies. Students are encouraged to carry some form of health care insurance.

Speech and Hearing Clinic

338 South Hall, 372-2515

The Speech and Hearing Clinic in the Department of Communication Disorders provides screening, diagnostic and treatment services for students with communication problems such as articulation, language, stuttering and voice disorders, foreign dialect and hearing loss. The clinic is open Monday through Friday, 8 a.m. to 5 p.m. Appointment and fee payments are arranged through the clinic. Services are also extended to children and adults throughout northwest Ohio.

Instructional Media Services

101 Oiscamp Hall, 372-2881

The Instructional Media Services provides a variety of services to students, faculty and administrators on a campus-wide basis.

The IMS Materials Production Service can produce high quality presentation materials and specializes in graphics and photographic products. IMS also operates the Materials Production Laboratory (206 Education Building, 372-2883) for student and faculty use. The lab is equipped with copiers, laminating machines, a photographic copy stand, machines for making thermal transparencies and ditto masters, and other equipment.

IMS's Technical Services assist in the production of audio and video recordings by faculty and students, in the maintenance and repair of audiovisual equipment, in conference production work and other special projects.

The Audiovisual Distribution Services distributes audiovisual equipment and materials (especially films and videotapes) to classrooms and meeting rooms for faculty and students. Equipment includes video, film, slide and transparency projectors, lecterns and PA systems; video and audio playback equipment, etc. A film-video collection is maintained by AVOS and rental films are available from outside sources. In addition to the main service center at 102 Education Building, service is provided by in 126 Technology Building.

Services to support credit-bearing classes are provided at no charge. Other services are provided for a fee (e.g., sound systems for conferences, materials prepared under research contracts, consumption of materials in the Materials Production Laboratory, etc.).

Parking and Traffic

Commons Building, 372-2776

The University requires that any motor vehicle owned or operated by a student be registered through the Parking and Traffic Office within 48 hours after the time it is initially operated or parked on any property owned or controlled by the University.

An automobile registration charge of $30 per year (fall semester through summer session) is required of each student who registers an automobile with the Parking and Traffic Office. A temporary registration can be obtained for $2 per week and may be renewed for $2 per each additional week. Each automobile on campus must be registered and its decal displayed in accordance with regulations.

Psychological Services Center

Psychology Building, 372-2540

The Psychological Services Center provides services through its doctoral training program to University students on a limited basis. Services include diagnostic evaluations, treatment of behavior disorders through psychotherapy, behavior therapy, biofeedback, marriage counseling, and case and program consultation to University and community agencies.

UniGraphics

211 West Hall, 372-7418

Open 8 a.m. - 5 p.m., Mon.-Fri., this department offers a full range of design and desktop publishing services, including some file conversion and photo/image scanning. Postscript files are accepted for output to a high resolution laser imagesetter. Professionally designed resumes are available for a nominal cost.
The College of Arts and Sciences has two primary instructional purposes: to provide specialized training for students majoring in the basic disciplines of the arts and humanities, the social and behavioral sciences, and the natural, physical and mathematical sciences; and to provide the basic courses that serve as the foundation for the liberal education of all students in colleges of the University.

Through a flexible curriculum, the College of Arts and Sciences combines the traditional and continuing values of a vigorous and broad general liberal education with sound preparation for immediate occupational needs or for advanced graduate or professional study. Attuned to changing needs and times, the College of Arts and Sciences has preserved and strengthened the central values of a liberal education, while providing specializations geared to today's career opportunities.

**Academic Objectives**

- Bachelor of Arts
- Bachelor of Science in Journalism
- Bachelor of Liberal Studies

**Programs Offered**

- American Culture Studies (planned program)
- Art
- Art History
- Asian Studies
- Business, General Studies
- Canadian Studies
- Classical Studies
- Computer Science
- East and Central European Studies
- Economics
- English
- Environmental Policy and Analysis
- Ethnic Studies
- Family and Consumer Sciences
- Apparel Design and History
- Consumer and Family Resource Management
- Fashion Merchandising
- Food Science and Nutrition
- Interior Design

**Organization of the College**

Largest of the collegiate organizations of the University, the College of Arts and Sciences includes two schools (Art and Mass Communication), and 21 academic departments, as well as an additional number of formally organized program areas. The academic departments span the range of the traditional disciplines in the arts and humanities, languages, sciences and mathematics, and social sciences.

A strong faculty of nearly 400 teacher-scholars offers general and specialized instruction leading to six different undergraduate degrees: the Bachelor of Arts, the Bachelor of Science, the Bachelor of Fine Arts, the Bachelor of Liberal Studies, the Bachelor of Science in Journalism and the Bachelor of Arts in Communication. Under these six degree programs, students may choose from more than 70 different major fields, and an equal number of minor fields. These wide-ranging choices provide ample opportunity to pursue individual interests and needs. All programs unite the common characteristics of combining breadth of intellectual inquiry with the specialized instructional needs of students seeking either immediate and meaningful post-baccalaureate employment or preparation for graduate or professional study.

The College also offers the following special pre-professional preparation:

Pre-professional preparation, four-year curricula providing preparation for:

- Arts professional curricula
- Preparation for Dentistry
- Preparation for Law
- Preparation for Medicine

Pre-professional preparation for:

- Engineering
- Mortuary Science
- Occupational Therapy
- Optometry
- Osteopathy
- Pharmacy
- Veterinary Medicine

The college also offers an arts-education curriculum and other programs leading to dual degrees, including certification to teach in the public schools. Combined baccalaureate-master's degree programs are offered in chemistry. For more information, see Combined baccalaureate-Master's Program in Chemistry.

General Education Program

Students are required to take eight courses distributed as follows: two courses each from the Natural Sciences, the Social and Behavioral Sciences, and the Humanities and Arts, and one course from Cultural Diversity in the United States. One of the courses taken from either the Social and Behavioral Sciences or the Humanities and Arts must be taken from International Perspectives. Courses marked with an (*) indicate have been approved for international Perspectives. One course remains as an elective.

The Natural Sciences

ASTR 201, 212; BIOL 101, 104, 204, 205; CHEM 100, 109 & 110, 117 & 118, 125, 127 & 128, 135, 137 & 138; GEOG 125; GEOL 100, 104, 105, 205, 215, 322; HNRS 250; PHYS 101, 201, 202, 211, 212.

The Social and Behavioral Sciences

The Arts and Humanities

ACS 200, 230, 300; ART 101; ARTH 145, 146; A&S 250; ENG 150, 200, 203, 261, 262, 264, 265, 266, 267, 269*; ETHN 220*; Foreign Languages at 201, 202, 211, 212 level; HNRS 260; MUCH 101, 125*, 221, 233*, 234*, 235*, PHIL 101, 102, 103, 204, 211, 212, 230, 325; POPC 160, 165, 220; LAT 141, 142; TCOM 201; THEA 141, 202, 247, 348.

Cultural Diversity in the United States

ACS 250; EDFI 408; ENG 200 (Black American Literature), 424; ETHN 101, 120, 130, 210, 260, 301, 302, 410; GEOG 337, GER 301; HDFS 107, 408; HIST 307, 319, MUCH 237, 431; SOC 316; TCOM 270; THEA 215, 280.

General Requirements for a Degree

In addition to specific requirements listed on the following pages, a candidate for any degree in the College of Arts and Sciences must meet the following requirements:

1. Meet the degree requirements listed below, preferably in the freshman and sophomore years.

2. Satisfy the requirements for a major and minor area of specialization (if applicable, courses taken for a major may not also be counted for a minor). Major courses may not be taken S/U.

3. Meet the University's general education program requirements (above). These include courses in natural sciences; social and behavioral sciences; humanities and arts; international perspectives; and cultural diversity in the United States. Students wishing to apply general education program courses also to college degree requirements should consult the arts and Sciences Handbook for a list of appropriate courses which could be used to fulfill both sets of requirements. See also the college foreign language statement in this catalog under specific degree being sought.

4. Students anticipating graduation must file for a junior audit four semesters (60 hours) prior to graduating to ensure that all requirements will be met for the degree. Checksheets are available in the college office and must be submitted with the department/school adviser's signature. Failure to file for a junior audit may severely jeopardize graduating on time. The student assumes the responsibility
for failure to be informed about requirements for the degree. See Academic Policies.

Academic Advising

Although the adviser and the dean's office advise students and check each student's record, upon request, the responsibility for meeting graduation requirements lies with the student and not with the adviser, the department or the dean. Thorough familiarity with the Undergraduate Catalog is essential.

Special Opportunities

Membership in Phi Beta Kappa, the nation's first Greek letter society and most prestigious honor society, is restricted to those students enrolled in Arts and Sciences degree programs who meet the stringent criteria and are elected to membership. The BGSU chapter of Phi Beta Kappa was installed in 1983.

The College of Arts and Sciences offers opportunities for year-long study in Tours, France; Salzburg, Austria; and Madrid, Spain. Students participating in these programs enroll in courses offered by departments/schools in arts and sciences during their academic year abroad, but participation is not limited to arts and sciences students. Fashion merchandising majors have the opportunity to spend their senior year at the nationally recognized Fashion Institute of Technology in New York City.

Arts and sciences students who are undecided about a major are assigned to one of the college office advisers and thereby have access to a program designed to be of assistance to students in the selection of a major.

Opportunities for involvement in cocurricular activity abound in the College of Arts and Sciences. Its academic units sponsor the theatre and forensics programs as well as numerous discipline-based honor societies and interest groups. The French House, located on campus, offers a small, informal, residential and learning setting for women who are interested in French culture and language, whatever their major field of study. Often, enrollment in the College of Arts and Sciences is not a prerequisite for participation in these activities.

The college also sponsors an internship program through which students can gain practical, "hands-on" experience in workplace settings related to their field of study. Several departments and schools in the college also offer internship programs. Arts and sciences students interested in internship experiences may also work under the auspices of the University's Cooperative Education Program.

Bachelor of Arts Degree

Each student must complete the degree requirements listed below as nearly as possible in the freshman and sophomore years and must satisfy the requirements for a major and a minor area of specialization. Every student, however, must take English in the first year. If known, the major or minor should be started in the first year, but selection of the major may be deferred as late as the beginning of the sophomore year. Certain majors and programs require course sequences. These sequences should be started in the freshman year.

Major courses may not be taken S/U.

Degree Requirements

Group I: English Composition
Completion of ENG 112 or demonstration by examination of proficiency in written expression equivalent to that attained by the student who completes that course. (A penalty is imposed if ENG 112 is not completed within the first 60 hours).

Group II: Foreign Languages
Demonstration of a proficiency in a language and language area by one of the options listed below:

1. Graduation from a high school where all instruction was conducted in a language other than English; or
2. Passing a proficiency examination in the language on the 202 course level; or
3. Having completed four years of one language in high school; or
4. Having completed one of the departmental options listed below (14 hours minimum in the same language area, or fewer by advanced placement).

Note: Foreign language courses numbered 201, 202, 211, 212 apply to Group II, not Group V.

German, Russian and East Asian Languages (Chinese, Japanese)
Completion of GERM 101 and 102 plus a minimum of six additional hours from:
GERM 117, 118, 201, 202, 217, 218, 231, 331, and/or GERM 260, 315, 316; or
Completion of CHIN 101, 102, 201 and 202; or
Completion of JAPN 101, 102, 201 and 202; or
Completion of RUSN 101 and 102 plus a minimum of six additional hours from:
RUSN 201, 202, 215, 216, 317, 319, 331 and/or 312, 313.

Romance languages (French, Italian, Latin, Spanish)
Option I:
FREN 101, 102, 201 and 202; or
ITAL 101, 102, 201 and 202; or
LAT 101, 102, 201 and 202; or
SPAN 101, 102, 201 and 202

Option II: (one of the following)
FREN 101, 102, 211 and 212; 
LAT 101, 102, and two of: LAT 141, 142 or 201; 
SPAN 101, 102, 211 and 212

A student may transfer at any point from option I to option II but not vice versa. If a student selects option II, all courses in that sequence must be completed subsequent to the first course in which the student is placed. Course 202 is required for admission to 300-level courses.

Credit toward a degree is not granted for foreign language courses which duplicate more than two units of high school study.

Group III: Mathematics, Computation and Natural Sciences
Completion of both A and B below.
A. Completion of at least one course in addition to the General Education Program elected from astronomy, biological sciences, chemistry, geology, physics or physical geography (including GEOG 125, 126, 127, 213, 404) including at least two courses approved for laboratory credit from a list of approved courses printed in the College of Arts and Sciences Handbook.

B. Completion of one of the following:
1. Three and one-half years of high school mathematics or equivalent proficiency as demonstrated on a placement test;
2. MATH 115, 126, 128, 129 or 130;**
3. MATH 111 or 120** and one of the following: PHIL 103, CS 100 or CS 101;
4. Three years of high school mathematics and CS 100 or CS 101. High school mathematics means college preparatory mathematics, which normally includes algebra I and II, geometry, and in the case of three and one-half years, trigonometry. Remedial, technical and business mathematics are not applicable.

* Or a B.S. laboratory sequence in one of the sciences meets this requirement. A list of approved courses is printed in the College of Arts and Sciences Handbook.
** See Department of Mathematics and Statistics for placement test.

Group IV: Social Sciences: Economics, Ethnic Studies, Geography, History, Political Science, Psychology, Sociology
Completion of four courses in addition to the General Education Program selected from at least three areas with at least three courses in one area (excluding GEOG 125, 126, 127, 213, 404). A student majoring in one of the social sciences may include two major courses in this group. A list of approved ethnic studies courses is printed in the College of Arts and Sciences Handbook.
American Culture Studies
211 Moseley Hall, 372-8866

Planned program (36 hours) (minor also required)
An interdisciplinary program dedicated to the holistic study of American culture, society and institutions. American culture studies offers individualized programs which focus on the American experience. American culture studies courses develop the skills and methods appropriate to cultural studies and serve to integrate the substance of other disciplines into coherent patterns reflecting the complexity of American life and our national heritage. The director of American culture studies and the undergraduate adviser help students design programs using courses in the humanities and social sciences suited to their needs and interests within the general requirements of the program and the college.

The program requires a minimum of 36 hours including the following:
- ACS 200 and 400 (6)
- ACS 230, 240, 250, or 300 (3)
- HIST 205 and 206 (6)
- Emphasis area (21)
- Emphasis areas include American Thought and Expression, American Society and Institutions, Comparative Cultures, or Culture and Community. Each of these emphasis areas is designed to allow the student to work across departmental lines to develop a program that is both interdisciplinary in approach and focused in purpose. Within each emphasis area students have the opportunity to design a program (in consultation with the undergraduate adviser) uniquely suited to individual needs and interests. Of the 21 hours in the emphasis area, at least two departments must be represented and no more than 9 hours in a single discipline may be counted toward fulfillment of this requirement; 15 of the 21 hours must be upper division.

Minor (21 hours)
- HIST 205 and 206 (6)
- ACS 200 and 400 (6)
- Courses outside the major selected in consultation with the American culture studies adviser (9)

Other programs
An American culture studies option, leading to certification in social studies, history and either political science or geography, is available in the comprehensive social studies major offered by the College of Education and Allied Professions.

Bachelor of Arts: Majors and Minors

By the beginning of the second year most students select a major and minor subject.

The number of hours required for a major or minor varies with departmental requirements but at least 32 hours are required in the major and 20 hours in the minor except as indicated in the following sections. In arranging courses in the minor field, a student should consult the department concerned.

Outlines listed for each major represent the usual sequences, but may be modified upon departmental approval to meet individual needs.

If educational objectives cannot be met by one of the departmental majors or minors or by one of the planned programs, students may create an individualized planned program in consultation with a faculty adviser or advisers to substitute for the major or minor or both. A student who has earned at least 30 hours of credit and who needs at least 30 hours to complete the program may petition the Academic Appeals Board of the college by presenting a statement of rationale for an individualized planned program as well as a detailed list of courses to be taken. Upon approval, the student is obligated to complete the program as planned unless changes are approved by the office of the dean. The group requirements remain the same.

Art
1000 Fine Arts Center, 372-2786
Major (42 hours) (minor also required)
First year (12 hours)
- ART 102, 103 and 112 (9)
- ARTH 145 (3)
Second year (12 hours)
- ART 205 and 261 (6)
- ARTH 146 (3)
- ART/ARTD/ARTH elective (3)
Third and fourth years (18 hours)
- Two from: ART 263, 265 or 315, 320 or 321, 365 or 366 (6)
- Three from: ART 277, 325, 371, 373, 390, ARTD 211 (9)
- ARTH 4XX (3)

Minor (21 hours)
First year (12 hours)
- ART 102, 103 and 112 (9)
- ARTH 145 (3)
Second year (6 hours)
- ARTH 146 (3)
- Art elective (3)
Third and fourth years (3 hours)
- Art elective (3)

Other programs
Bachelor of Fine Arts programs in art are offered by the School of Art in the College of Arts and Sciences. In addition, a Bachelor of Science program in visual arts education is available through the College of Education and Allied Professions. A Bachelor of Science in art therapy is offered through the College of Health and Human Services.

Art History
1000 Fine Arts Center, 372-2786
Major (42 hours) (minor also required)
- ART 102 (3)
- ARTH 145, 146 (6)
- Studio elective (6)
- ARTH 441 or 442 (3)
- ARTH 445 or 446 or 447 (3)
- ARTH 456 or 457 (3)
- ARTH 458 or 459 (3)
- At least two courses from each of the following groups:
  - ARTH 448, 449, 453 (6)
  - ARTH 451, 454, 455 (6)
  - Two additional ARTH electives (6)

Minor (21 hours)
- ART 102 (3)
- ARTH 145 and 146 (6)
- Art history electives (12)

Asian Studies
27 Williams Hall, 372-8362
Planned program (36 hours) (minor also required)
Asian Studies program offers an interdisciplinary planned curriculum of studies on Asia. The Asian Studies major will complete a minimum of 36 credit hours from the list of the core courses (9 hours) and the elective courses (27 hours).

The core courses: HIST 180, 382, 384, 486; POLS 366. The elective courses: A&S 489; ARTH 458, 459; BA 390; CHIN 300,
450, 491; CS 100, 101; ECON 202, 203, 351, 451, 492, 454; GEOG 121, 122, 230, 325, 344, 422; HIST 151, 152, 337, 381, 386, 437, 438, 405; JAPN 301, 302, 480, 491; MICH 100, 125, 234, 235; PHIL 321, 322; POLS 171, 172, 301, 372, 374, 460, 462; SOC 101, 231, 312, 331, 369, 370. Additional courses may be approved by the advisor. Students must fulfill the foreign language requirement by completing Chinese or Japanese at the 202 level or demonstrate competency in one Asian language, such as by completing intensive Asian language and culture courses through the student exchange programs in Asia. The students who wish to enter non-teaching careers are encouraged to develop a second major or minor in history, political science, economics, geography, etc. Dual degrees can be pursued in the area of comparative education, ethnomusicology, international business, and other areas.

Minor (20 hours)
(20 hours selected from the core and elective courses in consultation with the Asian Studies advisor. No Asian language required)

Student Exchange and Internship Program
The Asian Studies program sends qualified undergraduate students to Asia as exchange students and student interns every year under the agreements between the University and the host institutions in Asia. Students earn credits transferable to the University.

1. Nanzan University in Nagoya, Japan
dmits one to two students every year with a tuition scholarship, and room and board. Classes taught in English.
2. Saitama University in Urawa, Japan
dmits one to two students a year with a tuition scholarship. Classes taught in Japanese.
3. Yonsei University in Seoul, Korea
admits one to two students every year with a tuition scholarship. Classes taught in English.
4. Shandong University in Jinan, China
admits one to two student every year with a full scholarship. Classes taught in Chinese and English.
5. Xi'an Foreign Language University in Xi'an, China
admits students to a summer program and one year academic program. Classes taught in English.
6. Tokai Rubber Industries Inc. in Komaki, Japan
admits two student interns every year for six months each with a stipend, housing and other benefits. Japanese required.

Financial aid
Students who study about Asia may qualify for one of the three scholarships awarded each April for academic excellence: Kiyo Kitahara Scholarship for Asian Studies, Hiroko Nakamoto Scholarship for Japanese Studies, and Seiko McCann Scholarship for the US-Japan Friendship and Mutual Understanding.

---

**Business, General Studies in**

205 Administration Building, 372-2015

Planned program (36 hours) (minor also required)

- MATH 126 (5) or MATH 131 (5) or MATH 134 and 135 (6) (prerequisite to STAT 211 and 212, but mathematics hours not included in major)
- ECON 202 and 203
- MIS 200 (3)*
- STAT 211 and 212
- ACCT 221 and 222
- LEGS 301
- MKT 300
- MGMT 300 and 360
- FIN 300

* The total number of hours in the College of Business Administration may not exceed 25 percent or 30 hours of the 122 needed for graduation. This limitation includes any ECON courses at the 300 or 400 level. Any hours taken in excess of this limitation may not be counted toward a degree in the College of Arts and Sciences. No minor may include any additional business hours.

---

**Canadian Studies**

253 Business Administration Building, 372-2457

Minor only (21 hours)
This program is designed to provide students with an interdisciplinary program of study focusing on Canada. It is intended to be used in conjunction with a variety of majors which would be complemented by an intensive yet broad examination of Canadian society and culture. The program consists of 21 credit hours planned in consultation with the director of Canadian studies. At least three departments are to be represented. The study of French is encouraged as part of the program. Canadian Studies 201, "Introduction to Canadian Studies," (3 hours) is required of all students in the program. The remaining 18 credit hours are to be selected from among the following courses:

- CAST 305 - Canadian Film
- ENG 269 - Canadian Fiction (3)
- ENV 412 - Great Lakes Ecosystems
- FCS 480 - Canadian-American Women's Material Culture: The Textile Arts (3)
- FIN 410 (3)
- FREN 284 (3)
- FREN 458 (3)
- GEOG 342 (3)
- HIST 313 - Indian in American History (3)
- HIST 414 (3)
- HIST 441 or 442 (3)
- MGMT 300 - Folklore of the Great Lakes Region (3)
- PHIL 211 (3)
- SOC 3XX - Introduction to Canadian Demography (3)

---

**Classical Studies**

243 Shatzel Hall, 372-2667

Major only (24 hours) (minor also required)
Fourteen hours of Latin beyond the 202 level including LAT 351 and at least two courses at the 400 level.

- ART 445 or 446 (3)
- HIST 441 or 442 (3)
- PHIL 211 (3)
- Greek language courses recommended.

---

**Computer Science**

221 Hayes Hall, 372-2337

Minor (30 hours) (minor also required)

- CS 205, 215, 217, 324, 325, 327, 355 (21)
- Three CS electives at the 400 level, excluding CS 490 (9)
- An approved societal impact course (see department for list) (3)
- MATH 134-135 (6) or MATH 131 (5)
- MATH 222 or 322 (3)
- MATH 247 or 313 (3)

Students with computer science transfer credit see departmental advisor for additional guidelines.

Students with a minor or joint major in MATH need not complete the listed MATH courses.

---

**East and Central European Studies**

106 Shatzel Hall, 372-8026

Planned program (57-72 hours) (no minor required)
This program examines the societies, history, politics and cultures of countries in Eastern and Central Europe. The student combines either history or political science (21 hours) with a concentration in one of the social sciences (21 hours). All majors take an introductory course (ECES 216) and a seminar (ECES 460). The program includes Russian or another approved language through the advanced level (21 hours). Each student devises his or her own specific course of study in close consultation with the...
Director and other faculty. A list of approved history and political science courses is available from the director or the College Office.

Economics
3002 Business Administration Building, 372-2646

Major (33 hours) (minor also required)

First year (7 hours)
MATH 126 (5) or MATH 131 (5) or MATH 134 and 135 (6) (prerequisites to STAT) Students are strongly urged to take MATH 131. *

Second year (12 hours)
STAT 211 and 212 or equivalent (not included in major hours) (6)
ECON 202 and 203 (6)
Third year (9 hours)
ECON 302, 303, 473 (9)
Fourth year (18 hours)
ECON electives (18)*

Minor (21 hours)

Second year (6 hours)
ECON 202 and 203 (6)

Third year (6 hours)
ECON electives (6)

Fourth year (9 hours)
ECON electives (Not ECON 200 or 304) (9)

All economics majors must satisfy a written and oral communications requirement in economics. Certification by an economics faculty member that the requirement has been met will be required. Details are available in the economics department office.

* ECON 304 cannot be counted toward the requirements for the economics major without permission from the adviser.
ECON 200 does not count in the major.

Other programs
Programs in economics also are available through the College of Business Administration and the College of Education and Allied Professions.

Environmental Policy and Analysis
153 College Park Office Building, 372-8207

Planned program (78 hours) (no minor required)
The program emphasizes the multidisciplinary nature of the field of environmental studies and the role of the social sciences which address environmental issues from a point of view other than natural science. The curriculum includes basic instruction in the ecosystem approach and an individually planned area of emphasis which is designed to prepare each student to enter the career field of his or her choice.

Required courses are:
ENVS 101, 301, 401 and 402 (11)
CS 100 or 101 (3)

ECON 200 or 202 (3)
SOC 101 or PSYC 201 (3-4)
PHIL 332 (3)
POLS 336 (3)
ENG 207 or 388 (3)
LEGS 431 (3)
BIOL 101 and 104; or 204 and 205 (two courses) (7-10)
IPC 205, 306 or 403 (3)
Two from: GEOG 125, 126, 127; CHEM 109 and 110, 117 and 118; GEOL 100, 104; PHYS 100, 360 (6-8)
Statistics: MATH 115 or 247, or PSYC 270, or SOC 369, or STAT 211 and 212, or STAT 200 (3-6)
Four from: ECON 332, 335; EDFI 416; ENRH 306; ENVIR 421; GEOG 321, 325, 331, 333, 337, 412, 426, 457; GEOL 304, 322, 418; HIST 306, 319, 338; POLS 331, 335, 345, 430; PSY 140 (environmental issues only); RTD 304; SOC 312, 315, 414, 418 (12)
Fifteen hours must also be taken in an area of emphasis such as environmental planning, management and administration, legislation and policy development or environmental analysis (economics and statistics).

Students should file an approved course list no later than the end of the junior year. An internship is highly recommended. Individualized planned minors in environmental studies are available also.

Other programs
The College of Arts and Sciences offers a planned program in environmental science leading to a Bachelor of Science. An environmental health program is also available in the College of Health and Human Services. Students should contact the Center for Environmental Programs, 372-8207, for help in selecting the program that most closely meets their career objectives.

Ethnic Studies
117 Shatzel Hall, 372-2796

Major (32 hours) (minor also required)
A student, in consultation with the adviser, may choose to focus on a specialized area of ethnic studies.

Basic Ethnic Studies:
ETHN 101 and one of ETHN 110, 120, 130, 140, or 160.
Required ETHN 301, 305, and one of the following ETHN 302, 351, or 361.
Four courses in three areas: African American, 220, 320, 321, 420, Latino, 210, 211, 310, 311, 410, Native American, 260, 360, 361. Five hours in 400 senior project, 489 field study, international activity, or arranged with advisor.

African American Emphasis:
ETHN 101, 120. Three of the following, ETHN 220, 320, 321, 420, or HIST 307. Required ETHN 301, 305, and one of the
following ETHN 302, 351, or 361. One of the
following: ETHN 210, 211, 260, 310,
360, 361, 410. Five hours in 400 senior
project 489 field study, international
activity, or arranged with advisor.

Latino American Emphasis:
ETHN 101, 110. Three of the following,
ETHN 210, 211, 310, 311, 410. Required
ETHN 301, 305, and one of the following
ETHN 302, 351, or 361. One of the
following: ETHN 220, 260, 320, 321, 360,
351, 420. Five hours in 400 senior project,
489 field study, international
activity, or arranged with advisor.

Native American Emphasis:
ETHN 101, 160. Three of the following,
ETHN 260, 360, 361, HIST 319. Required
ETHN 301, 305, and one of the following
ETHN 302, 351, or 361. One of the
following: ETHN 210, 211, 220, 311, 320,
321, 410, 420. Five hours in 400 senior
project, 489 field study, international
activity, or arranged with advisor.

Womanist Ethnic Studies Emphasis:
ETHN 101. Three of the following, ETHN
302, 351, 361. Required ETHN 301, 305.
Two of the following ETHN 210, 211, 220,
302, 311, 320, 321, 351, 410, 420.
Five hours in 400 senior project, 489 field
study, International activity, or arrange
with advisor.

Minor (21 hours)
Must include two introductory courses with
remained of courses relating to ethnicity, in
consultation with the adviser.

Family and Consumer Sciences
206 Johnston Hall, 372-2026

Five programs are available through the
Department of Family and Consumer
Sciences. These include planned profes­
sional programs in fashion merchandising,
interior design, and consumer and family
resource management; major programs in
food science and nutrition, and apparel
design and history. Programs must be
planned with the adviser no later than the
second year. After the first year, students
may participate in a supervised field
experience during the summer or academic
year.

Apparel Design and History
206 Johnston Hall, 372-2026

A major program designed for the student
who wishes to specialize in apparel design
and/or history for a career in various aspects
of the fashion industry, a museum or in
preparation for graduate studies.

Major (49 hours) (minor also required)
First year (6 hours)
AMID 101 and 103 (6)
Second year (12 hours)
AMID 202 and 204 (6)
F&N 207 (3)
HDFS 107 or 408 (3)
Third year (15 hours)
AMID 401 and 340 (6)
AMID 412 and 451 (6)
One of: AMID 313, 303, 418 (3)
Fourth year (15 hours)
AMID 389 or 489 (3)
Four of: AMID 403, 404, 414, 456, 458,
480 (12)

Minor (21 hours)
AMID 101, 202, 401, 458 (12)
Three from apparel design (AMID 103,
340, 412, 414) or three from apparel
history (AMID 403, 451, 456) (9)

Consumer and Family Resource Management
206 Johnston Hall, 372-2026

The consumer and family resource manage­
ment planned program examines American
social and economic conditions as they affect
families. Careers exist in such areas as
consumer affairs, customer service, and
consumer education and information.
Students acquire an understanding of
consumer behavior and management in a
market economy as well as resource
management for the individual and the
family. Studies include consumers in the
market, the legal system as well as con­
sumer rights and how problems in a
changing environment are influenced by
public policy. An opportunity for field work
in a consumer agency is included in the
program.

Major (57 hours)
Core courses
F&N 207, AMID 303, HDFS 305

Program courses
HDFS 107; FCS 205, 311; 405; AMID 406;
HDFS 407; HDFS 429; FCS 480, 489; STAT
200 or 211; ACCT 325; LEGS 200 or 310;
POLS 110, 302; ECON 202, 203, 311, 323,
312 or 332 or 425 or 462.

Fashion Merchandising
206 Johnston Hall, 372-2026

This is a planned program designed to
prepare students for careers in business and
industry. These may include executive
management positions; retail or wholesale
merchandising; educational and/or sales
representative for fabric, apparel and
accessory firms. Fashion merchandising
students may choose to study at the Fashion
Institute of Technology in their senior year.
No minor is required.

Major (76 hours) (no minor required)
First year (18 hours)
ART 101 and ARTH elective (6)
AMID 101 and 103 (6)
SOC 101 (3)
CS 100 (3)

Second year (16 hours)
ECON 202 (3)
PSYC 201 (4)
AMID 202 and 204 (6)
BA 203 or STAT 200 (3)

Third year (18 hours)
AMID 303 and 313 (6)
MKT 300 (3)
ACCT 325 (3)
MGMT 305 (3)
One from: F&N 207, HDFS 107, 408, (3)
FCS 389 (optional)

Fourth year (24 hours)
AMID 401, 402 and 403 (9)
MKT 410 and 430 (6)
Two from: AMID 340, 404, 412, 414, 451,
456, 458 (6)
AMID 452 (3)

* MKT 300 prerequisite is an economics
course.

Food Science and Nutrition
206 Johnston Hall, 372-2026

A major program designed for the student
who wishes to specialize in nutrition sciences
preparatory to graduate study or for a career
in business or industry.

Major (36 hours) (minor also required)
First year (13 hours)
CHEM 125, 127, 128 (10)
SOC 101 (3)

Second year (24 hours)
CHEM 306, 308 and 309 (8)
ECON 202 and 203 (6)
F&N 210 and 212 (6)
PSYC 201 (4)

Third year (10 hours)
F&N 307, 326 and 480 (10)

Fourth year (18 hours)
F&N 405; F&N 431, 432, 435, 436 and
FCS 480 (18)

Interior Design
206 Johnston Hall, 372-2026

The interior design program prepares
students in the planning and executing of
residential and nonresidential interiors.
Coursework is designed to evaluate
problems and devise solutions.

Major (63 hours) (no minor required)
First year (21 hours)
ART 102 (3)
AMID 103, 116 and 117 (9)
CS 100 (3)
DESN 105 (3)
SOC 101 (3)
Second year (31 hours)

Also see School of Art for a specialization in graphic design and College of Technology for a specialization in product design.

Other programs

Programs in Family and Consumer Sciences also are available through the College of Education and Allied Professions and the College of Health and Human Services.

---

**Film Studies**

325 West Hall, 372-8646

**Planned program**

Film studies is an interdisciplinary program designed to provide a general education in history, aesthetics and production, as well as specialized study in areas of individual student interest.

The major program consists of a minimum of 39 credit hours for a film major, 24 credit hours for a minor.

**Major (39 hours) (no minor required)**

After completion of 24 hours of coursework in the basic core, the student selects an additional 15 hours of coursework in the creative track or critical track. The creative track provides training in aspects of audiovisual production necessary for graduate work or employment in filmmaking. The critical track develops knowledge of world cinema and skills of film analysis necessary for film critics and teachers. Each student plans a program of study in consultation with the director of film studies.

**Core courses (24 hours)**

FREN 351, 361, 362, 371 or 372 (12)

Electives, including one 400-level course (not independent study course) (7)

---

**Notes**

- The courses listed are subject to change and are subject to approval by the director of film studies.
- Elective courses include courses not specifically listed above but may be chosen in consultation with the program adviser.
- For complete course descriptions, please refer to the College of Arts and Sciences catalog.
- For more information, contact the director of film studies.
Minor (24 hours) (minor also required)

Other

HIST 304, 305, 309, 310, 311, 315, 340, 381, 382, 386, 401, 411, 413, 414, 441, 442, 462, 483, 486.

Minor (12 hours beyond LAT 202)
Latin American Studies
205 Administration Building, 372-2015
Planned program (33 hours) (minor also required)
An interdisciplinary planned program for those students who want to specialize in the Latin American area. The student must complete 33 semester hours of courses in HIST, GEOG, POLS, SPAN, ECON and SOC, along with a Latin American studies senior seminar. The student's foreign language is Spanish and an appropriate minor is selected in consultation with the Latin American studies adviser.

Core courses (21 hours)
HIST 309, 310
POLS 355
GERM 349
SPAN 377, 378
LAS 401
The remaining 12 hours will be selected from the following: HIST 311, 411, 413, 415, SPAN 368, 431, 481, 482, 488 and 489; ECON 454, 476; SOC 334.

Linguistics
305-A University Hall, 372-2576
Planned minor only (20 hours)
An interdepartmental and interdisciplinary program designed for the student who is interested in linguistics primarily for its relevance to the major field. The program requires 20 hours of coursework appropriately selected from courses recommended by the linguistics adviser. No work can be counted both for the major and the minor.

Required courses
LING 310 and 490 (5-6)
One of the following (remainder may be used as electives) (3-4):
GERM 482
ENG 380
SPAN 455
Electives (10-12)

Mass Media
Planned minor only (20 hours)
This program is designed to give students as consumers of the mass media an opportunity to examine the role of the mass media in a democratic society. Primarily for students not planning careers in print, broadcast or film media, the program consists of a minimum of 20 hours. At least three departments are to be represented and no more than three courses are to be selected from any one department.
Mathematics
450 Mathematical Sciences Building, 372-2636

Majors or Minors
Students may complete a Bachelor of Arts degree with a major, second major or minor in mathematics by completing the degree requirements for the BA degree and the requirements for a major or minor in mathematics listed under the Bachelor of Science degree. This policy also applies to majors in applied mathematics, actuarial science and statistics as well as the minor in statistics.

Other programs
A mathematics major which leads to certification as a public school teacher is available through the College of Education and Allied Professions.

Music
Moore Musical Arts Center, 372-2181

Students wishing to pursue a major or minor in music should contact the associate dean of the College of Musical Arts. An audition is required.

Major I (38 hours) (minor also required)
MUCH 131, 132, 231, 141, 142, 241 (17)
MUSP, applied study (4)**
MUSP ensemble (4)
Music electives* (13)

Major II (38 hours) (minor also required)
MUCH 101, 110, 125, 221 (10)
MUSP, applied study (16)**
MUSP ensembles (8)
MUSP 305 (2)
Music electives* (2)
Graduation recital**

Minor or planned program in related area by advisement (20-24)
Suggested fields: business, computer science, film studies, interpersonal and public communication, journalism, mass media, popular culture, telecommunications, recording technology, scientific and technical communication, theatre.

Minor (25 hours)
MUCH 131, 132, 141, 142, 241 (14)
MUSP applied study (3)*
MUSP ensemble (3)
Music electives (5)*

Other programs
Degree programs in music are also offered through the College of Musical Arts.

Philosophy
303 Shattel Hall, 372-2117

The philosophy department intends to serve the interests of a wide variety of students seeking the skills and understanding traditionally known as a philosophical perspective.

Major (33 hours) (minor also required)
The major requires work in the various areas of philosophical study: logic, history of philosophy, normative philosophy, and metaphysics and epistemology. Requirements are:

Logic: PHIL 103 or 303
History of Philosophy: two from PHIL 211, 212, 311, 312, 411 and 412, one of which must be at the 400 level.

Normative Philosophy:
two from PHIL 318, 319, 320, 325, 332, 342, 417, 418 and 425, one of which must be at the 400 level.

Metaphysics and Epistemology:
two from PHIL 317, 321, 330, 344, 345, 406, 414, 431, 433, 442, 445, one of which must be at the 400 level.

Four other PHIL courses, one of which must be at the 400 level.

The undergraduate adviser must approve the coherence of the 33 hours included in each major.

Eight separate tracks are available to serve students of varying interests: Philosophy of Business, Philosophical Aspects of Health Care, Philosophy and the Law, Philosophy of Mind, Philosophy and Religion, Philosophy and Science, traditional track and individually designed track.

Minor (20 hours)
Students fashion philosophy minors to complement major programs across the college as well as to develop broad philosophical perspectives of general interest. The philosophy minor is designed to serve

philosophic interests of students throughout the college. The minor consists of 20 hours, including two history of philosophy courses, and three other 300-400 level philosophy courses, one of which must be at the 400 level.

Political Science
124 Williams Hall, 372-2921

Major (33 hours) (minor also required)
POLS 110 and 290 and 3 additional hours at the 100 level (POLS 290 should be taken no later than the end of the junior year). A minimum of 24 hours of political science at the 300-400 level distributed among at least three areas of political science with a concentration (at least 9 hours) in one is also required. The following areas in political science are available:

American Government
POLS 110, 302, 324, 325, 331, 336, 341, 345, 346, 347, 374, 430, 431, 440, 443, 459

Comparative Government
POLS 171, 335, 351, 354, 355, 361, 366, 368, 434, 452, 454, 458, 460, 462

International Relations
POLS 172, 335, 372, 374, 434, 452, 458, 460, 472, 475, 476, 478

Political Theory
POLS 301, 304, 402, 403, 404, 405, 452

Public Administration
POLS 302, 303, 331, 346, 420, 421, 423, 430, 431, 459

Public Law
POLS 347, 416, 417, 418, 419, 420, 424, 425

POLS 303 is recommended for any of the 300-400 level courses in public administration. The beginning student is encouraged to take the following courses before taking advanced courses in a particular area: POLS 110 for American government, POLS 171 for comparative politics and POLS 172 for international relations. While all 100-200-level coursework completed satisfactorily will count toward the total number of hours necessary for the baccalaureate degree, no more than 9 hours at the 100-200-level or POLS 395 will count toward the 33-hour major.

All students must consult with an adviser early in their pursuit of a major. Students opting for honors in political science must also take POLS 495, Honors Seminar in Contemporary Political Science, and write a senior thesis under the direction of a faculty adviser.

Minor (21 hours)
POLS at 100-200 level (6)
POLS at 300-400 level (15)

Other programs
A program in political science also is offered through the College of Education and Allied Professions.

**Popular Culture**

Popular Culture Building, 372-2381

Planned program (no minor required)

The Department of Popular Culture studies the forms of creative expression we use in everyday life. Courses focus on the impact various aspects of popular culture (such as television, movies, rock music, popular books and magazines, sports, holidays, festivals and folklores) have on our culture and how they reflect the values of our society. While studies of contemporary culture are an important part of the program, historical material is emphasized as well. The popular culture undergraduate adviser assists students in designing programs adapted to their individual interests and career goals.

Major (43 hours)

Required courses:

- POPC 160, 165, 220, 480, 426 and one of the following: 250, 270, 350, 355, 370 (17)
- Plus 26 hours selected from POPC courses and/or from the list available from the Department of Popular Culture of approved courses offered by other departments. No more than 10 credit hours taken in any one department other than POPC count toward the major.

Minor (20 hours)

Required courses:

- POPC 160, 165, 426 and one of the following: 250, 350, 355, 370 (12)
- POPC 220 and 480 are recommended. Plus eight hours selected from POPC courses or from the list available from the Department of Popular Culture of approved courses offered by other departments.

**Psychology**

139 Psychology Building, 372-2301

Major (30 hours in psychology and a minor or 24 hours in cognate fields) (minor also required)

A psychology major may minor in any department with an established minor. A student who elects a cognate minor should select, after consultation with an adviser, courses from at least three of the following fields: BIOL, CHEM, CS, ECON, MATH, PHIL, PHYS, SOC. Two courses that are used to fulfill group requirements may also be applied to this minor.

First year

- PSYC 201 and 270 (8)
- PSYC 290 (4)
- PSYC electives

Second year

- PSYC 390 (3)
- PSYC electives

Third year

- One 300-level laboratory course
- PSYC electives

Fourth year

- One 300-level laboratory course
- PSYC electives

Minor (20 hours in PSYC)

Other programs

The Bachelor of Arts program in psychology is primarily designed for the student interested in psychology as the focus of a liberal education. There is also a Bachelor of Science program in psychology offered by the College of Arts and Sciences that is designed for the student who is preparing for graduate study. Other programs in psychology are available through the College of Education and Allied Professions.

**Russian**

103 Shatzel Hall, 372-2268

Major (minor also required)

- 25 hours beyond RUSN 202, or equivalent, and including RUSN 312, 313, 317, 318, 320, 417 and 331 or 419

Minor

- 12 hours beyond RUSN 202, or equivalent, and including RUSN 317, 318 and 320
- Summer or semester study abroad is strongly recommended for majors.

Other programs

Programs in Russian also are offered by the College of Education and Allied Professions.

**Scientific and Technical Communication**

219 University Hall, 372-2576

Technical communication clearly and accurately conveys scientific and technical information. Technical communicators interpret specialized information for their readers' practical use. A technical communicator may be expected to create brochures, research reports, manuals, instructions, news stories, scripts and speeches. Although technical communicators are not expected to be scientists or engineers, they are expected to have a good background in at least one technical, scientific or business area.

Technical communication is a rapidly growing profession needed in all industries, and technical communicators are in national demand.

Curriculum

BGSU's Bachelor of Arts and Bachelor of Science degree programs develop technical communication skills by offering courses in technical writing, technical editing, computer science, visual communications and project management. In both degree programs a technical, scientific or business cognate area is determined by students' career interests and planned with and approved by the undergraduate adviser for scientific and technical communication and a cognate area adviser. Also included in both degree programs is an internship which gives the student practical work experience. Both programs combine in one comprehensive course of studies all of the requirements for both a major and a minor.

Matriculation into Scientific and Technical Communication Major

Before being fully accepted as a scientific and technical communication major, the student must have completed 30 hours of coursework and achieved an overall grade point average of 2.7; waivers of the grade point average requirement may be granted on the basis of the student's unique educational or work experience.

Bachelor of Arts Program (57-63 hours)

Communication core-required courses

- ENG 207, 388, 389 and 488 (12)
- ENG 489 (3-9)

One of the following: ENG 484, JOUR 301 or any 300- or 400-level English literature course (3)

Computer science/technology requirement (9) (one of three of the four subgroups below)

- CS 100, MIS 200
- CS 101, CS 280, MIS 360
- CS 205, CS 390, TECH 102, CONS 235, MFG 112
- SOC 369, PSYC 270, STAT 200, MATH 115, MATH 247

Graphics and design requirements (choose two) (6)

- DESN 104, 204, ART 102, ARTD 211
- VCT 203, 208

Project management requirements (choose two) (6)

- These courses may have prerequisites, some of which may be taken as part of the Group IV requirements.
- PSYC 352, 452, 454, MGMT 300, 305, 361, IPC 203, 207, 303, 304, SOC 318, 320, 415

Cognate area-suggested concentrations

- Biology
- Psychology
- Physics
- Mathematics
- Chemistry
- Computer Science
- Geography
- Foreign Languages
- Sociology
- Law-Related Studies
- Industrial Technology
- Environmental Studies
- Business-Related Studies
- Journalism-Related Studies
Note: scientific and technical communication majors are required to take Great Ideas (A&S 50) as part of their Group V requirements.

'Minor-recommended for students with science, technology or business majors (21 hours)
ENG 207, 388, 389, 488
ENG 484 or JOUR 301
Any two courses chosen from computer science/technology, graphics and design, and project management groups above.

'Minor-recommended for students with humanities majors (21 hours)
ENG 388, 389, 488
ENG 484 or JOUR 301
Any three courses chosen from computer science/technology, graphics and design, and project management groups above.

Bachelor of Science Program
The bachelor of science program is similar to the bachelor of arts program except that a total of 45 hours of coursework is required in mathematics, which may be distributed among college math and science requirements, the computer science courses in the computer science/technology group and the cognate area.

Additional Learning Opportunities
BSGSU has an active student chapter of the Society for Technical Communication (STC), the profession's international association, providing opportunities for contact with professional communicators and with students in BSGSU's highly successful graduate program in technical communication. In addition, students have the opportunity to write and edit for Interchange, STC's international student newsletter which is published by our chapter.

Sociology
224 Williams Hall, 372-2294

Major (32 hours) (minor also required)
SOC 101, 369 and 370
SOC 301 or 302
SOC electives are generally chosen to serve student career goals. Majors and minors are strongly encouraged to concentrate course selections in one of the following areas:

Criminology/Corrections
This concentration includes the nature of criminal law, the causes and consequences of criminal behavior and the ways in which society deals with criminal offenders. Criminology is appropriate preparation for careers in both the adult and juvenile justice systems: the police, the courts, probation and corrections.
SOC 316, 319, 340, 341, 352, 441, 442, 443, 444, 461

Family and Social Services
This concentration is suited for students preparing for careers in agencies responsible for the planning, delivery and administration of services and resources for the well-being of individuals. Coursework provides fundamental understandings for management decisions involving gender, the family, poverty, aging and other human service programs.
SOC 313, 316, 317, 319, 341, 361, 404, 417, 460, 461, and 463

Population Studies
This concentration examines the composition of human populations, communities and organizations as they adapt to their environment. Basic understandings of contemporary energy and ecological issues are emphasized.
The curriculum provides a breadth of training for careers in business planning, labor force analysis and economic development. Population analysts are employed in all levels of government and private business.
SOC 311, 312, 313, 316, 361, 404, 414, 418, 419.

Pre-professional Program
This concentration is designed for the student who wishes a sociology background as preparation for an eventual career in one of the professions such as law, business or public administration. It is also an appropriate concentration for students intending to pursue advanced degrees in sociology or related disciplines such as social work, counseling, psychology or college student personnel. The intent of the pre-professional program is to expose the student to a range of content areas within the discipline, and in particular those courses which emphasize the development of critical thinking, writing and research skills, and a broader understanding of the nature of society and social relationships.

Research Internships
All of the programmatic concentrations listed here may involve cooperative education placements or internships which offer an opportunity for students to work in settings where they can apply their knowledge and learn more about careers in their area of study, as well as cognate courses in other departments.

Students can consult the undergraduate adviser in the Department of Sociology for the planning of other concentrations (e.g., pre-law and social science education) and for planned individual programs.

Minor (20 hours)
A student minoring in sociology is strongly encouraged to complete SOC 301 or 302, 369 and 370.

Other programs
A combination psychology/sociology major is offered in the College of Education and Allied Professions.

Spanish
203 Shatzel Hall, 372-2667

Major (33 hours at the 300 and 400 level) (minor also required)
SPAN 351, 352, 367, 368, 371, 377 and 378 (21)
Electives at the 400-level (12)

Minor (21 hours at the 300 and 400 level)
SPAN 351, 352, 371 (9)
SPAN 367 or 368 (3)
SPAN 377 or 378 (3)
Electives with one course at 400 level (6)

Statistics
450 Mathematical Sciences Building, 372-2636

This major should be combined with a minor or second major in an area of application or technique, such as psychology, science, computer science, business administration or business systems.

Major (34 hours) (minor also required)
MATH 131, 232, 233 and 332 (16)
MATH 441 and 442 (6)
MATH 434 or 465 (3)
Plus three courses from the following, with at least two from statistics (9): STAT 402, 406, 408, 412, 414 and 416
MATH 432, 445, 447, 451 and 461
CS 440 and 442

Minor (19 hours)
MATH 131, 232, 233 (13)
MATH 441 and 442 (6)

Recommended electives from MATH 332, 445, 447, STAT 402, 406, 410, 412, 416
Other programs
The College of Arts and Sciences also offers a program in statistics leading to the Bachelor of Science degree. A program in statistics is also offered by the College of Business Administration.

Telecommunications
322 West Hall, 372-2138 or 372-2224

Major (35-37 hours) (minor also required)
TCOM 103, 255, 260, 262, 263, 360, 366, 451, 460, 489 (28)
Focus area: 3 courses (9) upper level.

Minor (21 hours)
TCOM 103 and 255 with grade point average of 2.5 (6)
Two 3-credit hour courses from TCOM courses at 200-300 level (6)
Three 3-credit hour courses from TCOM courses at 400 level (9)

Other programs

Programs leading to the Bachelor of Arts in Communication also are offered by the College of Arts and Sciences.

Theatre

322 South Hall, 372-2222

Major (42 hours) (minor also required)
THEA 201, 202, 241, 243, 244, 341, 347, 348, 486, and 146(139), or 346(339)
total four hours
THEA electives (300-400 level) (12)

Minor (24 hours)
THEA 141, 202, 241, 243, 341
Electives at 300-400 level (9)

Other programs

A separate degree in theatre is listed in the catalog under Bachelor of Arts in Communication.

Women's Studies

246 Shatzel, 372-7133

Women's studies is a multidisciplinary program which offers students the opportunity to explore the diverse experiences, perspectives and significant contributions of women-past, present and cross-culturally. Women's studies courses and those cross-listed with women's studies make the study of women and gender central to their purpose. Women's studies courses also emphasize the interconnections among issues of gender, class, race and ethnicity.

Readings and classroom discussions introduce women's studies students to the new scholarship on women which reveals the ways in which women's lives have been frequently erased from traditional scholarship. Women's studies faculty encourage critical analyses of women in society, culture and history; they promote active learning and social responsibility.

The women's studies major consists of a multidisciplinary program of study leading to the Bachelor of Arts degree. Both the major and minor in women's studies provide flexibility in the pursuit of a liberal arts education along with useful preparation for a variety of careers.

Major (39 hours) (minor also required)
WS 200; ETHN 302; WS 302, WS 400, WS 401 (15)
Eight additional courses (24 hours) from the approved courses listed below.

Coursework counting toward the major must be completed in at least four departments. Four of the eight courses (12 hours) must be completed in one of the arts and sciences departments offering courses on women and/or gender. The area of concentration is planned in consultation with the program adviser to reflect the individual student's interests and career goals.

ACS 300*, 400*, 490*
ARTH 480
BA 305/HDFS 305
ECOM 323, 476,
EDFI 460
ENG 269, 300*, 423, 470*
ETHN 300*, 306, 351, 361, 470* 480*
HED 301
HIST 326, 327, 480*, 495*
HDFS 105, 107, 302, 408, 426, 427
IPC 406*
PHIL 245
POPC 231, 424, 460*, 480*
PSYC 306, 307, 490*, 495*, 496*
SOC 300*, 313, 316, 361, 461, 470*, 480
SMD 425
TCOM 270*
THEA 449*
WS 300, 470*

* Indicates variable topic courses which may be included in the program when the topic is appropriate to women's studies.

Minor (21 hours)
WS 200, ETHN 302, WS 302, and either WS 400 or WS 401 (12)
9 hours of courses chosen from the above approved course list.

Bachelor of Science Degree

Each student must complete the degree requirements listed below, preferably in the freshman and sophomore years, and must satisfy the requirements for a major and minor area of specialization as outlined. Every student, however, must take English in the first year. If known, the major or minor should be started in the first year, but selection of the major may be deferred as late as the beginning of the sophomore year. Certain majors and programs require course sequences. These sequences should be started in the freshman year. Major courses may not be taken S/U.

A Bachelor of Science degree is only available in biological sciences, chemistry, computer science, environmental science, geology, mathematics, physics, psychology or statistics. The student also completes a minor area of specialization as outlined below.

Degree Requirements

Group I: English Requirements

Students are required to complete ENG 112 or to demonstrate by examination that they have proficiency in written expression equivalent to that attained by the student who completes that course. (A penalty is imposed if ENG 112 is not completed within the first 60 hours.)

Group II: Foreign languages

Each student is required to demonstrate a proficiency in a language and language area by one of the options listed below:
1. Having been graduated from a high school where all instruction was conducted in a language other than English; or
2. Passing a proficiency examination in language on the 202 course level; or
3. Having completed four years of one language in high school; or
4. Having completed one of the departmental options listed below (14 hours minimum in same language area, or fewer by advanced placement).

Note: Foreign Language courses numbered 201, 202, 211, 212 apply to Group II, not Group V.

German, Russian, East Asian Languages (Chinese, Japanese)

Completion of GERM 101 and 102 plus a minimum of six additional hours from: GERM 117, 118, 201, 217, 218, 231, 331, and/or GERM 315, 316, 260; or Completion of CHIN 101, 102, 201 and 202; or Completion of JAPN 101, 102, 201 and 202; or
Completion of RUSN 101 and 102 plus a minimum of six additional hours from:
RUSN 201, 202, 215, 216, 317, 319, 331 and/or 312, 313.

Romance languages (French, Italian, Latin, Spanish)

Option I:
FREN 101, 102, 201 and 202; or
ITAL 101, 102, 201 and 202; or
LAT 101, 102, 201 and 202; or
SPAN 101, 102, 201 and 202.

Option II: One of the following:
FREN 101, 102, 211 and 212;
LAT 101, 102 and two of: LAT 141 and/or 142 and/or 201;
SPAN 101, 102, 211 and 212.

A student may transfer at any point from option I to option II but not vice versa. If a student selects option II, all courses in that sequence must be completed subsequent to the first course in which the student is placed. Course 202 is required for admission to 300-level courses.

Credit toward a degree is not granted for foreign language courses which duplicate more than two units of high school study.

**Group III: Mathematics and computation and natural sciences: biological sciences, chemistry, computer science, geology, mathematics and statistics, physics, psychology**

A student is required to complete a minimum of 45 hours of credit, including:
1. A major in biological sciences, chemistry, computer science, environmental science, geology, mathematics, physics, psychology or statistics;
2. A minimum proficiency in mathematics equivalent to MATH 131; and
3. A laboratory sequence in one of the sciences. (A list of approved courses is printed in the College of Arts and Sciences Handbook.)

Certain science courses numbered 100 do not apply toward a student's degree requirements if credit has been granted for the introductory course in the same science. See departmental listings in the course descriptions for specific applications.

* See MATH course descriptions for placement in MATH 128/130/131/134 & 135, or Department of Mathematics and Statistics for placement test.

**Group IV: Social sciences: economics, ethnic studies, geography, history, political science, psychology, sociology**

Each student is required to complete two courses in one or more of these areas (excluding GEOG 125, 126, 127, 213, 404) in addition to the General Education Program. Psychology major may include some psychology courses in this group. A list of approved ethnic studies courses is printed in the College of Arts and Sciences Handbook.

**Group V: Arts and humanities**

Each student is required to complete one course in literature (American, English or foreign), one course in the fine arts (art, art history, music, theatre, television and film), and two additional courses from the General Education Program and in addition to Foreign Language courses numbered 201, 202, 211, 212 which apply to group II, not group V. It is recommended that philosophy be one of these areas. A list of courses approved for general education group V requirements is printed in the College of Arts and Sciences Handbook.

**Bachelor of Science: Majors and Minors**

By the beginning of the second year most students select a major and minor subject. The number of hours required for a major or minor varies with departmental requirements but is at least 32 hours in the major and 20 hours in the minor except as indicated in the following sections. Major courses may not be taken S/U. In arranging courses in the minor field, a student should consult the department concerned.

These outlines represent the usual sequence, but may be modified upon departmental approval to meet individual needs. If educational objectives cannot be met by one of the departmental majors or minors or by one of the planned programs, the student may create an individualized planned program in consultation with a faculty advisor or advisers to substitute for the major or minor or both. A student who needs at least 30 hours of credit and who needs at least 30 hours to complete the program may petition the Academic Appeals Board of the College by presenting a statement of rationale for an individualized planned program as well as a detailed list of courses to be taken. Upon approval, the student is obligated to complete the program as planned unless changes are approved by the office of the dean. The degree requirements remain the same.

**Other programs**

A program in astronomy also is offered by the College of Education and Allied Professions.

**Biological Sciences**

217 Life Sciences Building, 372-2332

**Major** (32 hours) (minor also required)

**First and second years**

BIOL 204 and 205, 350 (13)
CHEM 125, 127 and 128 (10)
BIOL courses as required for the student's program

**Third and fourth years**

One course in organic chemistry (CHEM 306 or CHEM 341 and 342) (4-10) (At least one course in biochemistry is strongly recommended.)
MATH through 131 or 134 and 135
PHYS 201 (5)
A minimum of 10 hours at the 400-level and 9 additional hours electives in BIOL
At least one course in each of the following groups:

- Group 1: Biology of Organisms
  BIOL 313, 331, 332, 343, 404, 405, 406, 413, 414, 424, 426, 427, 434, 435, 472, 473, 474, 476, 477
- Group 2: Ecology, Evolution & Behavior
  BIOL 325, 354, 412, 420, 422, 425, 449, 451
- Group 3: Cell, Molecular & Regulatory Biology
  BIOL 407, 408, 411, 417, 421, 431, 438, 439, 442, 443, 446, 447

**Minor (20 hours)**

**First and second years**

BIOL 204 and 205 (10)
CHEM 125, 127 and 128 or equivalent (10)

**Third and fourth years**

Electives in BIOL (10)

**Microbiology**

519 Life Sciences Building, 372-8568

**Major only** (32 hours)

BIOL 204, 205 and 313 (14)
CHEM 125, 127, 128 and 201 (13); or
CHEM 135, 137 and 138 (10)
CHEM 341 and 342 (10); or CHEM 306 (4)
CHEM 308 and 309 (4) or CHEM 445 and 447 (6)
MATH equivalent to 131
PHYS 201 and 202, or 211 and 212 (10)
CSCI 100, 101 or M/S 200 recommended
A minimum of 18 hours, at least 12 of which should be selected from the following list of core courses, including at least one course with a laboratory component: BIOL 421, 426, 442, 443, 444, 447, 400 (up to 3 hours in a microbiology topic, with prior
approval of microbiology adviser). Additional hours may be selected from the following: BIOL 405, 407, 424, 439, 446. The following courses may also be taken as electives with prior approval of the microbiology adviser: BIOL 400, 401, 402, 470, 489, 490, all in the area of microbiology; BIOL 479; MEDT 404 (or 416), 434, 435, 421, 422, 431 and 432 (or 403). Other programs Programs in biology are offered also through the College of Education and Allied Professions. A program in applied microbiology is available through the College of Health and Human Services.

Chemistry
141 Overman Hall, 372-2031

Students who take two courses in any one of the following groups may not receive graduation credit for both:

Major (32 hours) (minor also required)
A chemistry major may follow several programs of study depending upon career aspirations. All chemistry majors must take the following:
CHEM 125, 127, 128 and 201 (13) or CHEM 135, 137, 138 (10) CHEM 341, 342 (10) CHEM 321 or CHEM 454, 407 (3-5) CHEM 352 or CHEM 405 (3-4) PHYS 202 or PHYS 212 (preferred) should be taken by the end of the second year. GERM or RUSN should be selected as the foreign language. MATH 232 should be completed by the end of the second year, except in the least rigorous major. CHEM 313, 395, 413 and 483 may not be included in the 32 hours.

The following program will meet American Chemical Society professional training standards and is the recommended program for students who plan professional careers in science.

First year
CHEM 125, 127, 128 (10) or CHEM 135, 137, 138 (10); MATH 131

Second year
CHEM 201 (3) (For those having taken CHEM 128) PHYS 211, 212 (10) MATH 232 (5) CHEM 341, 342 (10)

Third year
CHEM 405, 406, 407 and 408 (12) CHEM 413 is highly recommended PHYS 401 or MATH 233 and 332

Fourth year
CHEM 454 (3) CHEM 463 (4) or CHEM 445, 446 (4) Additional 400-level CHEM courses to a minimum of five credit hours of lecture and two credit hours of laboratory.

A student who wishes a more limited major but one that is still adequate for advanced study or professional work in chemistry follows the same schedule during the first three years as given above, except PHYS 401 or MATH 233 and 332 are not required.

Fourth year
CHEM 454 (3) Electives from 400-level CHEM (none required)

This program also gives excellent preparation for pre-medical students and other pre-professionals who anticipate possible research careers. The least rigorous major is useful for certain pre-professional (pre-dental or pre-medical) programs or for preparation for limited positions in industry or government:

First year
CHEM 125, 127, 128 (10) or CHEM 135, 137, 138 (10) MATH 131 (5)

Second year
CHEM 201 (3) (For those having taken CHEM 128) CHEM 341, 342 (10) PHYS 201, 202 (10) or PHYS 211, 212 (10)

Third and fourth years
CHEM 352 (3) or CHEM 405 (4) CHEM 321 (3) or CHEM 454 (3) and 407 (5)

300-and 400-level CHEM courses to a minimum of 32 hours; at least one CHEM course must be 400-level (not CHEM 413 or CHEM 483). CHEM 313, 395, 413 or 483 may not be counted in the 32-hour minimum.

Minor (20 hours)
First year
CHEM 125, 127, 128 (10) or CHEM 135, 137, 138 (10)

Second year
CHEM 201 (3) (For those having taken CHEM 128) CHEM electives

Third and fourth years
CHEM electives CHEM 313, 395, 413 and 483 cannot count toward the 20 hours required.

Biochemistry Specialization
Chemistry majors preparing for graduate study or research in the health related academic area requiring biochemistry should take: CHEM 445, 446, 447 and 449; BIOL 204, 205, 313, 350, and 411 or 439. CHEM 413 is recommended.

To complete either a standard chemistry major or the more rigorous ACS major, the student should consult the above guidelines for additional courses that are required to complete the major program of choice.

The student is urged to seek advice from departmental advisers at the chemistry office before planning an academic program, and at regular intervals thereafter. Detailed supplements to this publication are available in the chemistry office that describe courses, program (including graduate) and professional requirements.

Other programs Programs in chemistry also are offered by the College of Education and Allied Professions.

Computer Science
221 Hayes Hall, 372-2337

Major (30 hours) (minor also required) CS 205, 215, 217, 324, 325, 327, 335 (21) Three CS electives at the 400 level, excluding CS 490 (9) An approved societal impact course (see department for list) (3) MATH 134-135 (6) or MATH 131 (5) MATH 222 or 322 (3) MATH 247 or 313 (3) Students with computer science transfer credit see departmental advisor for additional guidelines.

Students with a minor or joint major in MATH need not complete the listed MATH courses.

Business systems specialization
A student interested in the application of computer science to business systems may take ECON 202 and 203 as part of the group IV requirement and may choose electives such as ACCT 221 and 222, FIN 300, MATH 226, MGMT 300 or 305, and MKT 300. See the Department of Computer Science for details.

Microcomputer systems specialization
A computer science major may choose to specialize in microcomputer systems. No minor is required in this program. The student should include CS 426 in the computer science major. In addition, the following courses must be taken:
PHYS 202, 303, 428 (11) ET 358, 453 (6) ET 490 or PHYS 429 (1-3) A total of 19 hours is required.

Minor (18 hours)
CS 205, 215, 217, 325 (12) CS electives (6) Transfer courses included in the minor are limited to three hours per course. The following courses may not be applied to the 18-hour minor requirement: CS 100, 101, 190, 280, 289, 390, 490.
Other programs
A Bachelor of Arts in computer science also is offered by the College of Arts and Sciences. In addition, programs in computer science are available through the College of Education and Allied Professions.

Environmental Science
153 College Park Office Building, 372-8207

Planned program (92 hours) (minor not required)
This program emphasizes the multidisciplinary nature of environmental issues and the role of the natural sciences in addressing and solving environmental problems. Students receive a basic understanding of the sciences, particularly biology and chemistry. Additional courses in the social sciences and humanities are included to help the student obtain a holistic view and understanding of the overall context in which environmental issues are placed. Each student also takes courses in an individually planned area of emphasis designed to prepare for a career field. Close consultation with the staff of the Center for Environmental Programs is essential. Required courses are:

- ENVS 101 (3)
- ENVS 301, 401 or 402 (choose two) (5-6)
- CS 100 or 101 (3)
- ECON 200 or 202 (3)
- SOCI 101 or PSYC 201 (3-4)
- BIOL 204 and 205 (10)
- CHEM 125, 127 and 128 (10)
- ENVS 104 (4)
- ENG 207 or 388 (3)
- Two courses from PHYS 201, 202, 211, 212, 360 (8-10) or CHEM 306 and one PHYS course (7-9)
- MATH 115, 247, PSYC 270 or SOC 369, STAT 211 and 212 or STAT 200 (5-6)
- IPC 205, 306 or 403 (choose one) (3)
- Four courses from: ECON 332, 335; EDFI 416; ENVH 306; ENVR 421; GEOG 321, 325, 331, 333, 337, 412, 426, 457; GEOL 304, 322, 418; HIST 306, 319, 338; LEGS 431; PHIL 332; POLS 331, 335, 336, 435, 430; PSYC 440 (environmental issues only); RTD 304; SOC 312, 315, 414, 418 (12)
- Fifteen hours must also be taken in an area of emphasis such as energy use, chemical analysis; geography/geology, coastal studies or computer modeling. The area of emphasis is planned by the student with faculty members and academic advisers to reflect the student's occupational goals.
- Students should file an approved course list for their area of emphasis no later than the end of the junior year. An internship is highly recommended. Individualized planned minors in environmental studies are available also.

Other programs
The College of Arts and Sciences offers a Bachelor of Arts planned program in environmental policy and analysis. An environmental program is also available in the College of Health and Human Services. Students should contact the Center for Environmental Programs, 153 College Park Office Building, 372-8207, for help in selecting a program that most closely meets their goals.

Geology
190 Overman Hall, 372-2886

Major (34 hours) (minor also required)
A geology major may follow several programs of study depending upon career aspirations. All geology majors must take the following:
- GEOL 104, 105, 302, 309, 316 and 494 (45)
- Two from GEOL 415, 431, 432 (8)
- MATH 134 and 135 (6) or MATH 131 (5)
- CHEM 125 (5) or (135) (5) and 127 and 128 (5) or (137 and 138) (5)
- PHYS 201 (5) or (211) (5) and PHYS 202 (5) (or 212) (5)
- BIOL 204 may be substituted for PHYS 202 or 212

Geoscience
A student concentrating in geoscience should take the following courses:
- GEOL 104, 105, 302, 309, 316, 415 (or 432), 431 and 494 (34)
- PHYS 201 and 202 (or 211 and 212) (10)
- MATH 131 and 232 (10)
- CHEM 125 and 128 or (135, 137 and 138) (10)
- CS 101 (3)
- No minor is required.

Mathematics
450 Mathematical Sciences Building, 372-2636

Major (34 hours) (minor also required)
MATH 131, 232, 323, 322, 332, 337, 403 (25)
MATH 434 or 465 (3)
At least two additional 300 or 400 level MATH electives (6). These electives must be chosen so that two courses are completed from any one of the following groups:**
- MATH 401, 403, 404, 432
- MATH 402, 405
- MATH 331, 421
- MATH 434, 439, 461, 465, 466
- MATH 441, 442, 445, 447
- MATH 451, 452
- MATH 462, 427

To graduate with a major in mathematics, a grade point average of 2.0 or better is required in those courses used to meet the requirements for the major. (The University policy for grades in repeated courses is used in computing this grade point average.)

Actuarial Science (37-40 hours)
This option is intended for students interested in a career as an insurance or pension actuary. It requires the following courses:
- MATH 131, 232, 323, 322, 332, 337, 432, and 441 (28)
- MATH 434 or 465 (3)
- MATH 451 or CS 451(0-3)
A second course from any one of the following groups (0-4)**:
- MATH 337, 437, 439
- MATH/CS 451, 452
- MATH 441, 442, 445, 447

Other programs
A program in geology leading to the Bachelor of Arts also is offered by the College of Arts and Sciences.

Mathematics
450 Mathematical Sciences Building, 372-2636

Major (34 hours) (minor also required)
MATH 131, 232, 323, 322, 332, 337, 403 (25)
MATH 434 or 465 (3)
At least two additional 300 or 400 level MATH electives (6). These electives must be chosen so that two courses are completed from any one of the following groups:**
- MATH 401, 403, 404, 432
- MATH 402, 405
- MATH 331, 421
- MATH 434, 439, 461, 465, 466
- MATH 441, 442, 445, 447
- MATH 451, 452
- MATH 462, 427

To graduate with a major in mathematics, a grade point average of 2.0 or better is required in those courses used to meet the requirements for the major. (The University policy for grades in repeated courses is used in computing this grade point average.)

Applied Mathematics (31-37 hours)
This option emphasizes the scientific computing and modeling aspects of applied mathematics. The minimum grade point average in major courses given above also applies. A minor or double major in computer science or physics is recommended.

Actuarial Science (37-40 hours)
This option is intended for students interested in a career as an insurance or pension actuary. It requires the following courses:
- MATH 131, 232, 323, 322, 332, 337, 432, and 441 (28)
- MATH 434 or 465 (3)
- MATH 451 or CS 451(0-3)
A second course from any one of the following groups (0-4)**:
- MATH 337, 437, 439
- MATH/CS 451, 452
- MATH 441, 442, 445, 447

Other programs
A program in geology leading to the Bachelor of Arts also is offered by the College of Arts and Sciences.
Suggested schedule for program courses:

First year
Fall
  MATH 131 and CS 101
Spring
  MATH 232
Second year
Fall
  MATH 233, 332
  ECON 202
Spring
  ECON 203
  MATH 322
  MATH 425 (even years)
Third year
Fall
  MATH 441, 451
Spring
  MATH 442, 432
  ACCT 221
  MATH 425 (even years)
Fourth year
Fall
  MATH 426
  FIN 420
  OR 380
Spring
  MATH 427
  STAT 404

Arrangements have been made to waive the stated prerequisites to OR 380 and FIN 420. The economics courses may be counted toward the social sciences requirement. It is essential that students consult with the program advisor on a regular basis so that they can meet the program requirements within the normal time frame.

Minor (22 hours)
  MATH 131, 232, 233 and 332 (16 hours)
  Two electives at the 300- or 400-level* (6)

Core program
The following is recommended for majors and minors in mathematics and statistics:
First year
  MATH 131, 232 (10)
Second year
  MATH 233, 332 and 322 and/or 337 (9-12)

Other programs
A double major in mathematics and computer science and a Bachelor of Arts in mathematics also are offered by the College of Arts and Sciences. In addition, programs in mathematics are available through the College of Education and Allied Professions.

Core program
The following is recommended for majors and minors in mathematics and statistics:
First year
  MATH 131, 232 (10)
Second year
  MATH 233, 332 and 322 and/or 337 (9-12)

Other programs
A double major in mathematics and computer science and a Bachelor of Arts in mathematics also are offered by the College of Arts and Sciences. In addition, programs in mathematics are available through the College of Education and Allied Professions.

Physics
104 Overman Hall, 372-2421

Major (32 hours) (minor also required)
  PHYS 211, 212, 301 and 311 (14)
  PHYS 307, 317, 401, and 418 (11)
  PHYS 429 or 470 (1)
  PHYS 416, 417 (6)

It is recommended that a student majoring or minoring in physics take the following:
  CHEM 125, 127 and 128 (10)
  MATH 332 (3)
For students expecting to continue on to graduate school, the following courses are recommended:
  PHYS 303, 309, 402, and 419 (12)

Microcomputer systems specialization
A student may elect to specialize in microcomputer systems. The following courses should be included as part of the major:
  PHYS 303, 428 and 429 (9)
In addition, the following courses must be taken:
  CS 101 (3)
  CS 205, 215, 217 and 325 (12)
  MATH 332 (3)
No minor is required.

Applied physics specialization
A student may elect to specialize in applied physics, with emphasis on the areas of current interest in the modern optics and solid state fields. The following courses should be included as part of the major:
  PHYS 303, 306, 309, 410 or 411, 428 and 429 (18)
In addition, the following courses must be taken:
  CS 101; 205, 215 (9)
  CHEM 125, 127 and 128 (10)
  DESN 243 (3)
Minors (22 hours)
  PHYS 211, 212, 301 and 311 (14)
  PHYS 317 (1)
  Other 300- and 400-level courses in PHYS (7)

Other programs
Programs in physics are also available through the College of Education and Allied Professions.

Psychology
139 Psychology Building, 372-2301

Major (30 hours) (minor also required)
  30 hours in PSYC and either 24 hours in cognate fields or a minor in a second department.
  The 24 hours in cognate fields should be selected, after consultation with an advisor, from at least three of the following fields:
    BIOI, CHEM, CS, ECON, MATH, PHIL, PHYS, SOC.
  Two courses that are used to fulfill group requirements may also be applied to this minor.

Note: The psychology department departs from the arts and sciences group requirements in the following aspects:

Group III (science and mathematics):
  A minimum of 43 hours must be completed in two or more of the following fields:
    BIOI, CHEM, CS,
Sciences) degree requirement for the bachelor of science degree. A plan for these courses is worked out in consultation with and approval of the program adviser. Admission to the major requires adviser approval.

Before being fully accepted as a scientific and technical communication major, the student must have completed 30 hours of coursework and achieved an overall grade point average of 2.7; waivers of the grade point requirements may be granted on the basis of the student's unique educational or work experience.

Minor
See description under Bachelor of Arts Degree.

Statistics
450 Mathematical Sciences Building, 372-2636

Major (34 hours) (minor required)
MATH 131, 232, 233 and 332 (16)
MATH 441 and 442 (6)
Math 434 or 465 (3)
Three electives chosen from the following list with at least two from statistics (9):
STAT 402, 406, 408, 412, 414, 416
MATH 432, 445, 447, 451, 461
CS 440, 442

Minor (21 hours)
MATH 131, 232, 233 (13)
MATH 441 and 442 (6)
Recommended electives from MATH 332, 445, 447, STAT 402, 406, 410, 412, 416

Other programs
A double major in mathematics and computer science and a Bachelor of Arts in mathematics also are offered by the College of Arts and Sciences. In addition, programs in mathematics are available through the College of Education and Allied Professions.

Bachelor of Liberal Studies Degree
205 Administration Building, 372-2015

The Bachelor of Liberal Studies degree program is one option available to the student whose interests extend beyond a single academic major or more traditional interdepartmental program. The degree's flexibility may make it an appropriate option, for example, for nontraditional students who enroll only in evening courses.

A fully admitted student at the University may be evaluated for admission to the BLS program if she/he has:

- Completed no less than 30 semester hours;
- A minimum GPA of 2.25 or greater;
- At least 45 semester hours of coursework remaining to be completed before graduation;
- Submitted the application for admission into the BLS degree program within the first 14 days of the semester in which the last 45 hours of the degree program are begun;
- Submitted a personal essay of three to five pages which articulates specific correspondences between the student's long and short term goals and objectives and the proposed curriculum;
- Completed English 112;
- Removed all high school deficiencies (if appropriate);
- Completed the University's general education program (page 9);
- Student's enrolled in other colleges at GUSU, must meet with an advisor at the time application is made.

2. A BLS degree program may include within the 122 hours required for graduation no more than 27 hours within any one department in the College of Arts and Sciences.

3. To be eligible to graduate in the BLS degree program, a student must have:
   - Met all of the requirements set forth in section 1 above and have been admitted to the program;
   - Completed 100 hours of coursework within the college;
   - Met all of the University's requirements for a bachelor's degree.

Bachelor of Fine Arts Degree
103 Hanna Hall, 372-8370

Each student must complete the degree requirements listed below preferably in the freshman and sophomore years and must satisfy the requirements for a major in creative writing and a minor in an area of specialization. Major courses may not be taken S/U.

Degree Group Requirements

Group I: English Composition
Students are required to complete ENG 112 or to demonstrate by examination that they have proficiency in written expression equivalent to that attained by the student who completes that course. (A penalty is imposed if ENG 112 is not completed within the first 60 hours.)

Group II: Foreign Languages
Each student is required to demonstrate a proficiency in a language and language area by one of the options listed below:

1. Having been graduated from a high school where all instruction was conducted in a language other than English; or
2. Passing a proficiency examination in the language on the 202 course level; or
3. Having completed four years of one language in high school; or
4. Having completed one of the departmental options listed below (14 hours minimum in same language area, or fewer by advanced placement).

Note: Foreign Language courses numbered 201, 202, 211, 212 apply to Group II, not Group V.

German, Russian, East Asian Languages (Chinese, Japanese)
Completion of GERM 101 and 102 plus a minimum of six additional hours from:
GERM 117, 118, 201, 202, 217, 218, 231, 331 and/or GERM 315, 316, 260; or
Completion of CHIN 101, 102, 201 and 202; or
Completion of JAPN 101, 102, 201 and 202; or
Completion of RUSN 101 and 102 plus a minimum of six additional hours from RUSN 201, 202, 215, 216, 313, 317, 319, 331 and/or RUSN 312.

Romance languages (French, Italian, Latin, Spanish)
Option I:
FREN 101, 102, 201 and 202; or
ITAL 101, 102, 201 and 202; or
LAT 101, 102, 201 and 202; or
SPAN 101, 102, 201 and 202.

Option II: one of the following:
FREN 101, 102, 211 and 212; or
LAT 101, 102 and two of: LAT 141, 142 and/or 201; or
SPAN 101, 102, 211 and 212.

A student may transfer at any point from option I to option II, but not vice versa. If a student selects option II, all courses in that sequence must be completed subsequent to the first course in which the student is placed. Course 202 is required for admission to 300-level courses.

Credit toward a degree is not granted for foreign language courses which duplicate more than two units of high school study.

Group III: Mathematics and computation and natural sciences
Each student must complete at least two courses elected from the General Education Program including at least one course approved for laboratory credit from a list of approved courses printed in the College of Arts and Sciences Handbook.

Group IV: Social sciences: economics, ethnic studies, geography, history, political science, psychology, sociology
Each student must complete one course in addition to the General Education Program in
Creative Writing
104 Hanna Hall, 372-8370

Enrollment in the creative writing major is dependent upon an ACT score of 22 or higher in English, or consent of the creative writing staff. A creative writing major must: 1) produce a senior thesis, 2) give a senior reading of his/her thesis work.

Group I: Language Proficiency

Major (37 hours) (minor also required)
ENG 208, 209, 308a, 308b, 407a and 407b (18)
ENG 205, 206 (or ENG 201) (4)
ENG 261 or 262 (3)
ENG 320, 323, 330, 333 (12)

Minor (20 hours)
ENG 208, 209, 308, 407 (12)
ENG 205 or 206 (2)
ENG 320 or 333 (3)
ENG 330 or 333 (3)

Bachelor of Arts in Communication Degree

The requirements for the degree of Bachelor of Arts in Communication (BAC) include completion of the requirements for the baccalaureate listed on page 5 and:
1. Completion of the degree requirements in the six areas listed below.
2. Completion of a specialized program in Theatre as defined below.
3. Major courses may not be taken S/U.

Degree Requirements

Group I: Communication

Students are required to complete ENG 112 or to demonstrate by examination that they have proficiency in written expression equivalent to that attained by the student who completes that course. (A penalty is imposed if ENG 112 is not completed within the first 60 hours. See page 10.) IPC 102, THEA 202 and IPC 201 are also required.

Group II: Foreign languages

Each student is required to demonstrate a proficiency in a language or language area by one of the options listed below:
1. Having been graduated from a high school where all instruction was conducted in a language other than English; or
2. Passing a proficiency examination in the language on the 202 course level; or
3. Having completed four years of one language in high school; or
4. Having completed one of the departmental options listed below (14 hours minimum in the same language area, or fewer by advanced placement).

Note: Foreign Language courses numbered 201, 202, 211, 212 apply to Group II, not Group V.

German, Russian, East Asian Languages (Chinese, Japanese)
Completion of GERM 101 and 102 plus a minimum of six additional hours from GERM 117, 118, 201, 202, 217, 218, 231, 331 or GERM 260, 315, 316 or Completion of CHIN 101, 102, 201, 202; or
Completion of JAPN 101, 102, 201, 202; or
Completion of RUSN 101 and 102 plus a minimum of six additional hours from RUSN 201, 202, 215, 216, 317, 319, 331 and/or 312, 313.

Romance languages (French, Italian, Latin, Spanish)

Option I:
FREN 101, 102, 201 and 202; or
ITAL 101, 102, 201 and 202; or
LAT 101, 102, 201 and 202; or
SPAN 101, 102, 201 and 202

Option II: one of the following:
FREN 101, 102, 211 and 212; or
LAT 101, 102 and two of LAT 141, 142 or 201
SPAN 101, 102, 211 and 212

A student may transfer at any point from option I to option II but not vice versa. If a student selects option II, all courses in that sequence must be completed subsequent to the first course in which the student is placed. Course 202 is required for admission to 300-level courses.

Credit toward a degree is not granted for foreign language courses which duplicate more than two units of high school study.

Cultural experience

Those students who have completed two years of one foreign language in high school may select a planned program of at least four courses involving study of foreign or ethnic cultures drawn from a list approved by the major department.

Group III: Mathematics and science

Each student must complete at least two courses elected from the General Education Program including at least one course approved for laboratory credit from a list of approved courses printed in the College of Arts and Sciences Handbook.

Group IV: Social sciences: economics, ethnic studies, geography, history, political science, psychology, sociology

Each student must complete one course in addition to the General Education Program. Two departments must be represented. A list of approved ethnic studies courses is printed in the College of Arts and Sciences Handbook.

Group V: Arts and humanities: art, literature (American, English or foreign), film, music, philosophy, popular culture, theatre

Each student must complete one course in addition to the General Education Program. Two departments must be represented. A list of approved courses printed in the College of Arts and Sciences Handbook.

Group VI: Cognate studies experience

Students must complete, as specified by the nature of their specialized program, six additional courses from at least two of the above groups.

Specialized Programs

Each student is expected to present a program of specialization in communication study from existing structured options (theatre, telecommunications, interpersonal communication), or a previously approved individual program to approximate the equivalent of a range from 42-54 hours.

Interpersonal Communication

See School of Mass Communication

Telecommunications

See School of Mass Communication.

Theatre

All BAC students with a specialization in theatre must take the following theatre core courses: THEA 201, 243, 244, 246, 498, 146(139), or 346(339) (2 hours), 110/310/449/490 (2 hours); total core 18 hours. Student will also follow a specialized concentration in either: Performance Studies: THEA 241 or 340, 341 or 449, 243 or 244, 302, POPC 220, ENG 385, and TCOM 261 (18 hours). Acting/Directing: THEA 241, 243 or 244, 341, 344, 345, or 342 or 490 (Stage Management) or 3XX (Voice & Movement) total 18 hours. Design/Technical Theatre Concentration: THEA 243, 244, 266, 341, ART 103, THEA 343 or 349, 466 Scene Design) total 18 hours. In addition a Support Field of at least 12 hours outside of the department is required.
Other programs

Programs leading to the Bachelor of Arts degree also are offered by the College of Arts and Sciences.

University Theatre

The University Theatre serves as a laboratory for University students interested in theatre. The University Theatre presents approximately twelve productions during the academic year. Plays and musicals that are presented represent a wide range of dramatic literature in a variety of production styles. The productions are presented in the Eva Marie Saint Theatre and the Joe E. Brown Theatre, both in University Hall. Open auditions are held for all productions and the entire University community is invited to participate. Opportunities are available for students to work in all aspects of theatre production from management and promotion to acting, directing, designing and crew work.

The theatre department offers talent scholarships in acting, forensics and technical theatre to qualified undergraduates. The scholarships are awarded on a competitive basis with students submitting applications, letters of recommendation and doing a live audition or interview. Students interested in obtaining a talent scholarship audition form should contact the theatre office in 322 South Hall.

The theatre program also sponsors the Iron Playhouse each summer. Students must audition to be considered for membership in the company. Each year the Playhouse presents five plays and musicals during the eight-week season. The Playhouse provides students with a full range of summer stock experience.

The theatre program is accredited by the National Association of Schools of Theatre.

Combined Curricula

The student may obtain both an arts and sciences degree and an education degree at Bowling Green by following this program.

Combined Baccalaureate-Master's Program

By following this program, the student may finish the coursework for a bachelor's degree in less than four complete years and is prepared for early enrollment in a graduate program.

A student who expects to receive a degree by completing one of these curricula must meet all of the requirements for the degree including major, minor and group requirements.

Arts-Professional Curricula

It is strongly recommended that the student who expects to enter a professional school first complete a four-year course in the College of Arts and Sciences. A student may desire, however, to secure the Bachelor of Arts or Bachelor of Science, as well as a professional degree, but may be unable to give the time necessary for the completion of both programs. Therefore, combination arts-professional curricula are offered which enable the student to shorten the time required for the two degrees. Combination curricula are offered in cooperation with the professional schools and colleges of other institutions. These enable the student to shorten the time required for securing the two degrees by substituting the first year of work in a professional college for the fourth year of the course in arts and sciences. These courses vary in length from five to seven years—the first three years being taken in the College of Arts and Sciences and the remainder in an approved professional school. Upon the satisfactory completion of the work of the first year in the professional college, the student is granted the degree of Bachelor of Arts or Bachelor of Science by Bowling Green.

Permission to graduate from one of these combination curricula must be obtained from the dean before the end of the junior year. A student in these curricula must:

1. Earn a minimum of 92 hours either in residence or by advanced standing; at least 60 hours must have been taken at Bowling Green in the student's last two academic years prior to entering the professional school;
2. Earn a grade point average of at least 2.5 in all courses undertaken in residence;
3. Meet the requirements of the degree sought;
4. Meet the major and minor requirements of the curriculum selected.

Other programs

A combined arts-professional curriculum is also offered through the College of Education and Allied Professions.

Preparation for Dentistry

503 Life Sciences Building, 372-8361

Admission to dental school is selective and based upon scholarly achievement and aptitude as indicated by scores on the Dental Aptitude Test, which is generally taken in the spring semester of the student's third year of college. The predental student should select an academic program that provides for an alternate career should acceptance into dental school be denied. The Bachelor of Science degree program can be planned to meet all course requirements for dental school and still provide time for sufficient electives in other areas so that the student may attend graduate school or pursue new career alternatives. There are no preferred majors for entrance into dental school, although students generally choose biology or chemistry. Predental students are encouraged to meet frequently with an adviser to ensure progress in meeting the designated prerequisites, to prepare for the Dental Aptitude Test and to make application to dental school.

Recommended course sequence:

Biol 204, 205, 350, 352, 431 and 432
Chem 125, 127, 128 or Chem 135, 137, 138; Chem 201 for those having taken Chem 127;
Chem 341, 342, 308, 309 (plus 445, 446, 447 if Chem major)
Phys 201, 202 or 211 and 212
Math 130 or 128 or 129 (by placement) and 131 and 232 depending on major

A student should take the required courses to complete a major and a minor, as well as the degree requirements for the particular degree program selected, and electives to total 122 hours. A science minor may be desirable.

Preparation for Law

206 Williams Hall, 372-2030

All accredited law schools in Ohio, like most accredited schools throughout the country, require a college degree for admission. A college degree is also a prerequisite to taking the Ohio Bar Examination and the bar examinations for most other states.

Beyond the minimum requirements for admission, law schools emphasize the value of a broad, general program of arts and sciences for the prospective law student. Above all, they stress the importance of acquiring certain intellectual skills and abilities rather than a particular body of information. Foremost among these skills are facility in writing and speaking, logical reasoning and the use of abstract concepts. Because the student can develop these skills in a variety of courses, there is no basis on which to prescribe a rigid and detailed "pre-law curriculum" or any particular major.

Law schools, however, uniformly emphasize the special value of courses in-
which considerable writing is required. In addition, courses in American government help acquaint the student with the basic legislative, administrative and judicial processes of our society. Business and economics courses often provide an understanding of business and financial concepts and terms with which the lawyer may deal. Other disciplines, such as history, philosophy, psychology and sociology, offer concepts, information and perspectives that are important in dealing with modern legal issues. Finally, prelaw students may wish to take a course taught by case method in order to discover if their aptitudes lie in this direction.

Preparation for Medicine
503 Life Sciences Building, 372-8361 or 141 Overman Hall, 372-2031

Admission to medical school is selective and is dependent upon scholarship and aptitude as indicated by the scores attained on the Medical College Admission Test (normally taken during the spring semester of the student's third year) and by other criteria. The student should include in the premedical program a course of study to prepare for admission to medical school and for admission to an appropriate graduate school or for an industrial, government or teaching position in case the first choice cannot be realized. To meet the requirements for admission to most medical schools, the Bachelor of Science curriculum can be modified to include the required courses and still provide the student with enough depth in at least one area for graduate work or for career opportunities if medical school is not attended. There is no preferred major for entrance into medical school. Generally, either chemistry or biology is chosen by the premedical student, but other majors are possible.

The premedical student is urged to confer frequently with the adviser, particularly with respect to planning prerequisite courses for the Medical School Admission Test and for meeting the admission requirements of the medical school of the student's choice.

Recommended course sequence
Biol 204 and 205 (10)
CHEM 125, 127, 128, or CHEM 135, 137, 138; CHEM 201 for those having taken CHEM 127
CHEM 341 and 342 (10)
MATH 130 or 128 or 129 (by placement) and 131 (232 optional depending upon major) (7-13)
PHYS 201, 202 or 211 and 212 (10)
ENG 112 (3)

In addition, a student should plan to take the required courses to complete a major and a minor; group requirements for the degree sought. Total: 122 hours. Note: the science minor may be advantageous.

Pre-professional Preparation
Preparation for Engineering
1040 Overman Hall, 372-2421

The two-year curriculum outlined below closely parallels the introductory coursework of engineering schools and is designed for the student who expects to transfer to a college of engineering at the end of two years. Since the requirements in engineering colleges and in different fields of engineering vary considerably, the student should consult with the pre-engineering program adviser early in the freshman year in order to plan a schedule to meet the requirements of the institution and branch of engineering in which he or she expects to receive a degree.

Engineering is presently a high-opportunity career area, and a pre-engineering program at Bowling Green offers several advantages, especially for those students who are uncertain about an engineering specialty. However, students should be advised that all engineering specialties require a high aptitude for mathematics and quantitative reasoning. In order to complete the curriculum below in two years, a student must be qualified to enroll in MATH 131 during the first semester of the freshman year; this normally requires four years of high school mathematics and good mathematics aptitude.

Recommended course sequence
MATH 131, 232, 233 and 332 (16)
CHEM 125, 127 and 128 or 135, 137 and 138 (10)
PHYS 211, 212, 301 and 313 (14)
CS 101 (3)
CS 205 (3)
DESN 104 (3)
ENG 112 (3)
Electives

Preparation for Mortuary Science
503 Life Sciences Building, 372-8361

The Board of Embalmers and Funeral Directors of Ohio requires a minimum of 60 semester hours in courses to be eligible to register with the board prior to entering a college of mortuary science. At least 30 hours must be in the following subject areas, with a minimum hourly distribution of English (8 hours), science (6 hours), social science (8 hours), fine or applied arts (6 hours). In addition, at least 3 hours of psychology and 3 hours of speech communication (offered in the department of interpersonal communication) are required. Students wishing to practice in another state should contact its licensing authority. Information about colleges accredited by the Commission of Schools of the American Board of Funeral Service Education can be obtained by writing to the agency at 201 Columbus St., P.O. Box 2006, Fairmont, WV 26554.

The Cincinnati College of Mortuary Science offers the Bachelor in Mortuary Science degree. Students planning to transfer into this program after two years at Bowling Green must take at least 10 hours of English composition and literature; 12 hours of social science, including required psychology and sociology; 12 hours of natural science/math, with biological sciences and chemistry recommended; 12 hours of humanities and the arts, including beginning drawing/art, sculpting and theatre arts recommended and IPC 102 required, as part of the 60-hour minimum requirement to enter. For more information, write to the American Board of Funeral Service Education, 14 Crestwood Drive, Cumberland, ME 04021.

Preparation for Occupational Therapy
205 Administration Building, 372-2015

Occupational therapy—an auxiliary medical service in which normal activities are used as remedial treatment in the rehabilitation of patients—is being used increasingly in hospitals, schools, rehabilitation centers and related institutions. Such therapy is prescribed by physicians and applied by trained therapists as part of the treatment of an adult or a child in the areas of orthopedics, psychiatry, tuberculosis, general medicine and surgery.

In preparing for a career in occupational therapy, the student should complete two years of preprofessional courses at BGSU, two years of academic instruction in an approved professional school and 10 months of clinical training. Ohio institutions offering bachelor's degrees in occupational therapy include Cleveland State and Ohio State universities. Professional occupational therapy programs differ greatly in preprofessional course requirements. While advising of a general nature is available through the College of Arts and Sciences, the student should contact the institution in which admission will be sought to ensure that specific preprofessional and admission criteria are met.

Preparation for Optometry
112 Hayes Hall, 372-2031

Requirements vary for admission to the schools and colleges of optometry. Typically, they include courses in English, mathematics, physics, chemistry and biological sciences. Requirements of specific schools should be examined before planning the program for the sophomore year. A list of accredited schools and colleges of optometry in the United States can be obtained from the American Optometric Association, 243 N. Lindbergh Blvd., St. Louis, MO 63141.

The following two-year pattern coordinates with the program of the College of Optometry of Ohio State University. Many students find that three or four years of preoptometry are necessary before gaining admission.
Recommended course sequence: (62 hours)

CHEM 125, 127, 128, 341 and 342 (20)
PHY S 201 and 202 (10)
BIOL 204 and 205 (10)
BIOL 313 (4)
ENG 112 (3)
MATH 130 or 128 or 129 (by placement) and 131 (8)
PSYC 201 (4)
PEG 100 (2)

Electives

Preparation for Veterinary Medicine

The amount of foreign language to be taken depends upon the requirements of the professional school and the student's high school preparation. Students who do not need foreign language courses should substitute those courses which meet the requirements of the professional school they plan to enter.

Recommended course sequence: (62 hours)

BIOL 204 and 205 (10)
BIOL 313 (4)
BIOL 350 (3)
ENG 112 (3)
PEG 100 (2)
CHEM 125, 127 and 128 or CHEM 135, 137 and 138 (10)
CHEM 341 and 342 (10)
CHEM 308 or 445 (3)
MATH 130 (3) or MATH 128 (5) (by placement)
PHY S 201 and 202 (10)
Electives selected to meet requirements of the college of veterinary medicine to be entered.

Preparation for Osteopathy

All accredited colleges of pharmacy require five years of study to qualify for the pharmacy degree. One or two years of the five-year requirement may be satisfied at this University. The state boards of pharmacy usually require a period of practical experience in pharmacy. Students should request information concerning requirements for a certificate to practice pharmacy from the board of pharmacy in the state in which they wish to practice. In Ohio this information may be obtained from the secretary, State Board of Pharmacy, Wyandotte Building, 21 West Broad St., Columbus, OH 43215.

Since colleges of pharmacy vary in their requirements, pre-pharmacy students should ascertain the requirements of the school they plan to enter before selecting the courses for the second year. The program outlined below prepares the student for transfer to the College of Pharmacy at Ohio State University after one year.

A list of accredited colleges of pharmacy may be obtained from the American Association of Colleges of Pharmacy, 4630 Montgomery Ave., Suite 201, Bethesda, MD 20014.

Recommended course sequence: (33 hours)

BIOL 204 and 205 (10)
ENG 112 (3)
MATH 130 or 128 or 129 (by placement) and 131 (8)
PEG 100 (2)

Electives chosen from social sciences, literature and philosophy

CHEM 125, 127 and 128 (10)

Some pharmacy schools require additional calculus.

Preparation for Veterinary Medicine

112 Hayes Hall, 372-2031 or
503 Life Sciences Building, 372-8361

Colleges of veterinary medicine require two years of pre-veterinary medical work for admission; however, most students find that three or four years of pre-veterinary study are necessary. The two-year pre-veterinary medical program which follows meets the requirements of the College of Veterinary Medicine at Ohio State University. Students should obtain information as early as possible about the requirements of the school where they plan to apply. A list of accredited colleges of veterinary medicine in the United States can be obtained from the American Veterinary Medical Association, 900 N. Meacham Rd., Schaumberg, IL 60172.

Intracollege Curricula and Dual Degrees

A candidate for a degree from the College of Arts and Sciences who desires a second degree within the College of Arts and Sciences may take work after graduation to complete second degree requirements or qualify for the dual degree program prior to graduation. Students desiring a dual degree must:

1. Secure permission of the dean of the College of Arts and Sciences;
2. Complete the requirements for a major and minor in each degree independently. The courses counted toward a major and minor (or concentration) for the first degree cannot apply toward the major or minor of the second degree;
3. Complete at least 32 hours minimum of credit beyond the hours required for a single degree major.

Certification to Teach in the Public Schools

365 Education Building, 372-7372

A student holding a bachelor's degree in arts and sciences who wishes to become certified to teach in the public schools of Ohio should contact the Program Advisement and Teacher Certification Office, 365 Education Building. Both specified coursework and satisfactory completion of the state-prescribed examinations are required.

Combined Baccalaureate-Master's Program in Chemistry

The combined baccalaureate-master's program in chemistry offers the well-qualified student the opportunity to complete the Bachelor of Science degree in three years and the Master of Science degree at the end of the fourth. By completing the two degrees in four years, the student may become better prepared to earn the Ph.D. degree because of the more concentrated background. In addition, a preprofessional student may elect either to complete the three-year bachelor of science program and go directly to professional school or to continue on to earn the master of science degree to prepare for a research-oriented career.
The program is structured on a schedule of four years, including summers. Courses should be carefully chosen so that major and group requirements will be completed on time.

First year
A first-year student will take two semesters each of chemistry and calculus, will complete the English requirement and take social science and/or humanities courses. In the summer session the student will take either eight hours of German (or Russian) or three hours of quantitative analysis, or both.

Second year
A second-year student completes two semesters of physics and two semesters of organic chemistry and finishes the requirements in social sciences and humanities as well as the physical education requirement. If these have been completed, other courses may be substituted.

Third year
This year includes two semesters of physical chemistry and electives chosen from biochemistry or advanced organic chemistry. A course in instrumentation or inorganic chemistry completes the undergraduate chemistry major. Some students may choose independent research or other electives such as differential equations. During the third summer, a student begins research and completes the Bachelor of Science requirements.

Fourth year
Upon admission to the Graduate College, courses in thermodynamics, kinetics, quantum mechanics, reaction mechanisms, inorganic chemistry and atomic and molecular structure are taken. During the fourth year, the student may become eligible for a stipend as well as tuition waivers for assisting in one or more undergraduate laboratories.

In the final summer, the student would normally be expected to complete a formal thesis as part of the master of science program (plan I). Under certain circumstances, however, a student may, by early consultation with an academic adviser, elect the nonthesis option (plan II) and still complete the program within the four-year period.

This program also offers students the option of studying off campus for a semester in a governmental or industrial laboratory, which would likely be done during the summer between the third and fourth years.

Other combined baccalaureate-master's programs
205 Administration Building, 372-2015
An undergraduate capable of maintaining high grades can take the undergraduate degree in the middle of the fourth year by carrying an average of 18 hours for seven semesters. The resulting total 126 hours is four more than the required minimum for the undergraduate degree. These four hours might be taken as graduate credit and followed by a full semester of graduate study. A candidate for a graduate degree may not become a candidate for a degree in an undergraduate college without the permission of the dean of the Graduate College.
School of Art

1000 Fine Arts Center
372-2786

Bachelor of Fine Arts Degree

The School of Art is accredited by the National Association of Schools of Art and Design and offers several degree options in the visual arts. Central among them is the Bachelor of Fine Arts degree. The requirements for the B.F.A. degree, in addition to the general requirements listed on page 5, include the completion of:

1. Degree requirements;
2. An art core;
3. A major in either two-dimensional studies or three-dimensional studies including:
   a. 15-hour specialization in either ceramics, computer art, drawing, fiber/fabric, glass, jewelry/metal smithing, painting, photography, printmaking or sculpture.
   b. 9-hour art minor, 12 hours of support courses in art, and senior studio seminar (3); OR
   a major in graphic design studies including:
   a. pre-major portfolio review
   b. 27-hour specialization
   c. 21 hours of support courses
4. Major courses may not be taken S/U.

Degree Requirements

Group I: English composition
Completion of ENG 112, or demonstration by examination of proficiency in written expression equivalent to that attained by a student who completes ENG 112. (A penalty is imposed if ENG 112 is not completed within the first 60 hours. See page 8.)

Group II: Foreign languages
Each student is required to demonstrate a proficiency in a language by one of the options listed below:
1. A two-year study of one language in high school; or
2. Passing a proficiency examination in the language on the 102 course level; or
3. Having graduated from a high school where all instruction was conducted in a language other than English; or
4. Having completed one of the departmental options listed below (8 hours minimum in same language area, or fewer by advance placement):
   - Chinese, German, Japanese, Russian
   - Completion of CHIN 101 and 102; or GERM 101 and 102; or JAPN 101 or 102; or RUSN 101 and 102.
   - French, Italian, Latin, Spanish
   - Completion of FREN 101 and 102; or ITAL 101 and 102; or LAT 101 and 102; or SPAN 101 and 102.

Group III: Science, mathematics, computer science
Each student must complete two courses from the general education program including, one course approved for laboratory credit, listed in the College of Arts and Sciences advising handbook.

Group IV: Social science
Each student must complete one course in addition to the general education program. Approved ethnic studies courses are listed in the College of Arts and Sciences advising handbook.

Group V: Arts and humanities
Each student is required to complete one course in literature (American, English or foreign), and two additional courses from the general education program.

Note: Foreign Language courses numbered 201, 202, 211, 212 apply to Group II, not Group V.

B.F.A. students are encouraged to elect a course in aesthetics, art criticism or film criticism, and will count two required art history courses in this area. Approved courses are listed in the College of Arts and Sciences advising handbook.

Art Majors
1000 Fine Arts Center, 372-2786

The School of Art offers studio majors in the areas of two-dimensional studies, three-dimensional studies and graphic design studies. The majors in two-dimensional studies and three-dimensional studies require completion of the art core, a 15-hour specialization, a 9-hour art minor and 12 hours of support courses and senior studio seminar. The major in graphic design studies requires completion of the art core, a pre-major portfolio review, a 27-hour specialization and 21 hours of support courses. A student should consult each semester with their respective B.F.A. advisor in the School of Art concerning progress and course sequence. Courses taken as part of the art core may not be considered part of a specialization, minor or support core.

Two-Dimensional Studies
Art Core (48 hours)
- Foundations: ART 102, 103, 112 (9)
- Art History: ARTH 145, 146, two 400-level ARTH electives (12)
- Studio: ART 205, 261; four from ART 277, 325, 371, 373, 390, ARTD 211; three from ART 263, 365 or 366, 267 or 315, 320 or 321 (27)

Specializations (15 hours)
- Computer Art: ART 391, 392, 490, 491, elective
- Drawing: ART 206, 305, 305, 405, 405
- Painting: ART 371, 372, 471, 471; or ART 373, 374, 473, 473
- Photography: ART 325, 326, 425, 425, 426
- Printmaking: ART 277, 377, 377, 477, 477

Minor (9 hours, three courses from one area)*
- Support Courses (12)*
- Senior Studio Seminar (3)

Courses comprising the minor and support core can be selected from any area of the School of Art in consultation with their respective major adviser.
Three-Dimensional Studies
Art Core (48 hours)
  Foundations: ART 102, 103, 112 (9)
  Art History: ARTH 145, 146, two 400-level ARTH electives (12)
  Studio: ART 205, 281; four from ART 277, 371, 373, 390, ARTD 211; three from ART 263, 365 or 366, 267 or 315, 320 or 321 (27)

Specializations (15 hours)
  Ceramics: ART 263, 363, 463, 463, elective
  Glass: ART 267, 315, 415, 415, 415
  Jewelry/Metalsmithing: ART 320, 321, 322, 421 or 423
  Sculpture: ART 361, 361, 461, 461

Minor (9 hours, three courses from one area)
  Support Courses (12)*
  Senior Studio Seminar (3)
  Courses comprising the minor and support core can be selected from any area of the School of Art in consultation with the respective major adviser.

Graphic Design Studies
Art Core (39 hours)
  Foundations: ART 102, 103, 112 (9)
  Art History: ARTH 145, 146, two 400-level ARTH electives (12)
  Studio: ART 205, 281, 325; two from ART 277, 371, 373, 390; one from ART 263, 365 or 366, 267 or 315, 320 or 321 (18)

Specialization (27 hours)
  Pre-Major ARTD 211, 212 (6)
  Pre-Major Portfolio Review* ARTD 311, 312, 319, 411, 412, 413, 414 (21)
  Students may become pre-graphic design candidates at any time during their academic program. Following Art Foundations (ART 102, 103, 112), pre-majors will take ARTD 211 and ARTD 212. At the conclusion of the ARTD 212 course, all pre-graphic design candidates will take part in the Design Portfolio Review process (scheduled each semester) in order to be officially admitted into the graphic design specialization. Accepted students may then continue with the necessary course requirements to complete the B.F.A. degree in graphic design. All transfer students will be designated as pre-graphic design candidates and must complete the Design Portfolio Review to be accepted into the graphic design specialization. Non-graphic design majors completing a minor with emphasis in graphic design must follow the same procedure as B.F.A. graphic design majors. Upon acceptance into the program, they will be required to take ARTD 311 and selected advance courses from the curriculum to complete the minor. Students must declare their status as minors during the portfolio review process.

Support Courses (21 hours)
  Selected from an approved list of courses in consultation with the graphic design adviser.

B.F.A. Teacher Preparation
The teacher preparation program is available as a combined arts and sciences/education curriculum which leads to the Bachelor of Fine Arts degree with certification to teach in the public schools. It offers in-depth experiences in the studio component of the art education content specialization. Students in the B.F.A. program may qualify for teacher certification through successful completion of the teacher education certification requirements. This combined program will generally require an additional semester to complete. Though it is possible to complete the education requirements in a fifth year of study, it is recommended that B.F.A. students desiring Ohio teacher certification attend to these requirements earlier in their programs. A student who follows this curriculum registers in both the College of Arts and Sciences and the College of Education and Allied Professions.

A student should consult each semester with the B.F.A. teacher preparatory advisor in the School of Art concerning progress and course sequence. Courses taken as part of the art core may not be considered part of a specialization, minor or support core.

In addition to completion of the art core (48 hours), a two-dimensional or three-dimensional studies specialization (15 hours) and the senior studio seminar (3 hours), the following courses are required for teacher certification:
  SOC 101*, PSYC 201*, EDFI 302*, POPC elective, PHIL 204**
  * Group IV social science requirement
  ** Group V humanities requirement

Minor (9):
  ARTE 252, 352, 452

Support courses (17):
  ARTE 407 (3) and ARTE 492/497 (14)

Education core (17-20):
  ARTE 382 (3) or EDS E 311 (2)
  IPC 102 (3)
  EDCI/EDFI 202 (3)
  EDFI 402 (3)
  EDFI 408 (3)
  Math Elective (3-5)

Related Degree Programs
The School of Art sponsors Bachelor of Arts programs in art history and art through the College of Arts and Sciences. The school also offers a Bachelor of Science degree in visual arts education in conjunction with the College of Education and Allied Professions, and a Bachelor of Science degree in art therapy through the College of Health and Human Services.

Special Topics Offerings
Periodically the School of Art offers experimental courses in a variety of areas to enhance the established curricula of the various degree programs. These workshops (ART 395, ART 495), taught by both school faculty and invited artists and scholars, have included: computer art, papermaking, illustration, textile printing, photo/print techniques and mural painting. Individual study (ART 470) is also available for students who have completed available course offerings in an area, and have exhibited a marked degree of proficiency and independence in regular coursework.

Summer and Academic Year Programs in Florence, Italy
The partnership between Bowling Green State University and Studio Art Centers International offers a bi-cultural educational experience for students seeking excellence in studio art instruction and liberal arts subjects in Italy. The program draws upon the rich past of Florence, its resources in museums, architecture, specialists in art fields and wide cultural offerings, while presenting contemporary developments in Italian art and culture through classroom and studio instruction and through field trips. For further information, students are encouraged to contact the program coordinator for SACI in the School of Art.
The Field of Mass Communication

The study of mass communication encompasses all of the modern mass communication media—newspapers, consumer magazines, business and industrial publications, technical periodicals, books, trade and professional publications, radio, television, photography, motion pictures, cable television, teletext, videotext, corporate video and satellite transmissions. As a diversified profession, mass communication requires highly trained news reporters and editors for daily newspapers, weeklies, the wire services, radio and television; specialists in photojournalism; public relations practitioners; editors for a wide range of magazines; producers, directors and editors for television and film; writers in special fields such as science, business, economics, education, medicine and politics; radio announcers and production experts; broadcast salespersons; audience researchers; and competent administrators to manage the editorial, advertising and business functions of publications, broadcast stations and other mass communication services.

The student who plans a career in mass communication must have a broad education based on the social sciences, humanities and natural sciences; understand the social, political and economic roles of the mass media in a democratic society; be able to read intelligently the scholarly mass communication literature; have superb writing and thinking skills, and be proficient in the professional techniques demanded by employers.

Majors

Students can major in one of the programs in the Departments of Interpersonal Communication, Journalism or in Telecommunications. Major courses may not be taken S/U. Those choosing to major in one of the journalism programs may not also major in a telecommunications program, unless they are willing to extend their education beyond the 122 hours normally required for graduation.

Students planning careers as news writers, reporters, feature writers, sports writers, magazine and newspaper editors, television and radio news directors, photojournalists and public relations specialists usually major in the Department of Journalism.

Students planning careers as television and film producers, directors and editors; broadcast salespersons; radio announcers and production experts; programming researchers; scriptwriters; and on-air personalities usually major in the Department of Telecommunications.

A minor in broadcast meteorology is available to journalism and telecommunications majors. Students take 21 hours consisting of:

- GEOG 125, 213, 303, 400, 404 (15)
- GEOG 122 or 342 (3)
- GEOG 455 or 457 or 490 (3)

For more information contact the geography department, 305 Hanna Hall, 372-2925.

Campus Media

The BG News, the five-times weekly campus newspaper (214 West Hall, 372-2601), provides opportunities to gain experience in reporting, editing, advertising and management. In addition, students have the opportunity to work on the Key, BGUS’s yearbook (28 West Hall, 372-8086). Other publications include a student magazine, Miscellany, and The Obsidian and The Gavel, newspapers aimed at special interests. All these publications are under the supervision of a board of student publications.

Located on the south side of campus, the Tucker Telecommunications Center contains public television station WBGU-TV, and closed-circuit instructional television production and distribution facilities.

The center’s staff of 30 full-time professional broadcasters is assisted by graduate assistants, doctoral fellows and more than 50 undergraduate employees.

WBGU-TV, a regional public television station serving northwest Ohio, broadcasts instructional television programs to elementary and secondary classrooms during the day and cultural and public affairs programs to the general public throughout the evening. It is affiliated with the Public Broadcasting Service (the national public television network) and with the Ohio ETV Network. The station’s local program production schedule provides student opportunities for professional production experience in television.

The Closed-Circuit Instructional Television Office provides the campus community with telecourses and a variety of other educational television and film materials used by academic departments. A campus-wide dual television cable system carries commercial station programs and educational programming to all residence halls.

The system also provides opportunities for Intra-University communications.

The center’s television staff contracts with state and other agencies for production projects, some of which attain nationwide distribution.

Students interested in gaining professional radio experience while studying at Bowling Green have two stations at their disposal. WBGU, the University FM radio station (120 West Hall, 372-2826), broadcasts on 88.1 megahertz with 1350 watts. Programming consists of rock, jazz, classical and ethnic music, plus news, sports and public affairs programs. This non-commercial radio station is operated by student volunteers who work with a faculty adviser.

Carrier-current WFAL (120 West Hall, 372-2195) is a student-operated commercial AM radio station broadcasting to residence halls on campus. The station provides communication to and among students while offering commercial programming designed to meet students’ interests. The station is heard in the residence halls on 680 AM.

Both WBGU and WFAL are organized and operated according to professional radio
Training and Facilities

The School of Mass Communication occupies West Hall on campus, a modern mass communication laboratory. Each area of West Hall has been specifically designed to aid in the education of a particular segment of mass communication professionals. For example, the lower floor of the building consists of laboratories and classrooms dedicated to the teaching of film. The lower floor contains still photography developing labs, printing labs and color labs, and the student yearbook. It also contains super 8mm motion picture labs. The first floor houses two radio stations, a complete television studio, video editing facilities and a property storage area. The second floor contains modern writing laboratories, three computer laboratories, a broadcast studio, a student-operated newspaper, an audio-visual classroom, numerous newspaper and magazine layout and paste-up areas and a lounge. The mass communication faculty is housed on the third floor, and that floor also contains several classrooms and a reading room with reference books and periodicals. Modern typesetting, broadcasting, photography, film, audio and video equipment is provided in the various laboratories.

Laboratory fees are charged in many of the skills courses utilizing equipment.

A field practice (internship) provides majors with professional training and experience on the staff of a daily or weekly newspaper, magazine, radio or television station, cable television system, college news bureau or public relations department of a business or governmental agency.

Student Organizations

The school has chapters of six national organizations dedicated to professional interest in mass communication fields: Society of Professional Journalists, a society of journalists open to students wishing a professional association; Women In Communications, Inc., an organization dedicated to the professional advancement of women working in the media; Public Relations Student Society of America, an organization affiliated with the national Public Relations Society of America; the International Association of Business Communicators, an association for those employed in communication roles in the business world; the International Television Association, an organization of non-broadcast video practitioners, and a student affiliate of Radio/ Television News Directors Association.

The Department of Journalism also has a chapter of Kappa Tau Alpha, the national journalism honorary society.

School Requirements

All majors are required to seek program counseling at least once per semester with an academic adviser in the school. The school requires each major to have a junior audit of his/her program before making application for graduation.

Any change in a student's program requirements or course prerequisites must have approval of the director of the School of Mass Communication.

Department of Journalism

The Department of Journalism is accredited by the Accrediting Council on Education in Journalism and Mass Communication. The department is a recipient of Readers' Digest Foundation funds, which pay travel and other expenses for students researching stories away from campus. Contacts with numerous professional organizations are maintained through individual faculty memberships. The Department of Journalism serves as secretariat for the Great Lakes Interscholastic Press Association (GLIPA), the high school press association serving portions of Ohio, Michigan and Indiana. The department also holds memberships in the Association of Schools of Journalism and Mass Communication.

Bachelor of Science in Journalism

A candidate for the degree of bachelor of science in journalism must meet the following requirements in addition to those listed under Academic Policies.

1. Be proficient in typing skills.
2. Complete approximately 58 semester hours of degree requirements, including completion of the General Education Program and 3 to 8 hours of English composition; demonstration of proficiency in a foreign language; 3 hours of cultural diversity; 6 hours of natural science including a laboratory course; 18 hours of social science courses including history, political science and economics; 15 hours of humanities and arts courses including A&S 250 (Great Ideas), English literature and philosophy; 6 hours of computer science and mathematics including computer science and a course in either college mathematics, statistics or accounting; and a 3-hour course in speaking and listening. Courses fulfilling the degree requirements are listed in the Department of Journalism Requirements Sheet provided to incoming freshman and transfer students each year and available from the departmental office in 319 West Hall.

Foreign Language Requirement

Each student is required to demonstrate proficiency in a language or language area by one of the options listed below:

a. Having been graduated from a high school where all instruction was conducted in a language other than English;

b. Passing a proficiency examination in the language on the 202-course level;

c. Having completed four years of one language in high school;

d. Having completed one of the departmental options listed below (14 hours minimum in the same language area, or fewer by advanced placement).

Note: Foreign Language courses numbered 201, 202, 210, 211, 212 apply to Group II, not Group V.

German, Russian, East Asian Languages (Chinese, Japanese)

Completion of GERM 101 and 102 plus a minimum of six additional hours from GERM 117, 118, 201, 202, 217, 218, 231, 331 and/or GERM 260, 315, 316;

or

Completion of CHIN 101, 102, 201, 202;

or

Completion of JAPN 101, 102, 201, 202;

or

Completion of RUSN 101 and 102 plus a minimum of six additional hours from RUSN 201, 202, 215, 216, 317, 319, 331 and/or 312, 313.
Romance Languages (French, Italian, Latin, Spanish)
Option I:
FREN 101, 102, 201, 202; or
ITAL 101, 102, 201, 202; or
LAT 101, 102, 201, 202; or
SPAN 101, 102, 201, 202
Option II: one of the following:
FREN 101, 102, 211 and 212; or
LAT 101, 102 and two of LAT 141, 142 or 201
SPAN 101, 102, 211 and 212.
A student may transfer at any point from option I to option II but not vice versa. If a student selects option II, all courses in that sequence must be completed subsequent to the first course in which the student is placed. Course 202 is required for admission to 300-level courses.
Credit toward a degree is not granted for foreign language courses which duplicate more than two units of high school study.
3. Complete 29 or 30 semester hours of journalism/mass communication courses, 11 or 12 hours of which are core journalism courses and the remainder of which are specific sequence courses and journalism electives. No more than 30 semester hours of journalism/mass communication courses may be counted towards a Bachelor of Science in Journalism degree. (Note: Courses taken in programs other than journalism, such as the telecommunications program or the visual communication technology program, may count as part of the 30 semester hours allowed.) Students should not enroll in mass communication courses in programs outside the Department of Journalism without permission of the chair of the Department of Journalism.
4. Earn a grade of C or better in all journalism courses and maintain a 2.5 grade point average in journalism courses (and a 2.5 in JOUR 103 and JOUR 300). All journalism courses must be taken for a grade. A student is allowed to repeat a journalism course only once.
5. Complete a minor of at least 20 semester hours in a field other than journalism/ mass communication or complete an interdepartmental minor of 20 hours that clusters courses in two or more fields other than journalism/mass communication. Twelve of the 20 hours required for a minor must be in 300- or 400-level courses. Minors are declared in consultation with the student's advisor. All courses taken for minor credit must be taken for a grade.
6. Earn an overall grade point average of 2.25 in order to graduate.

Note: Resources may limit class enrollment in upper-division journalism courses, beginning with JOUR 300. Total hours earned and grade point average determine which journalism students are given preference. Students not majoring in journalism may find it difficult to gain admittance into many upper-division journalism courses, including JOUR 300. Non-majors may wish to consider enrolling in JOUR 301, Journalism Techniques for Non-majors. Major courses may not be taken S/U.

Core courses in journalism required of all majors
(11 hours minimum)
JOUR 103, 300 and 402 (9)
JOUR 412 (2-3); 2 hours required, one of which must be with a campus medium such as the BG News, WFAL, WBGU-TV, BG24 News, etc.

Broadcast journalism
(18 hours)
TCOM 250 (3)
JOUR 330, 331, 430 (9)
JOUR electives (6)
Note: Listed prerequisites for the above TCOM courses may not apply to journalism students who have completed JOUR 300. Students should check with their advisor before enrolling in TCOM courses listed as prerequisites for the above courses.

Magazine journalism
(18 hours)
JOUR 303, 304, 404 (9)
JOUR electives (9)

News-editorial
(18 hours)
JOUR 302, 311, 312 (9)
JOUR electives (9)

Photojournalism
(18 hours)
JOUR 206, 307, 407 (9)
JOUR Electives (9)

Public relations
(18 hours of journalism courses and 9 hours of business courses)
JOUR 340, 380, 440 (9)
MKT 300 and 410 (6)
MGMT 305 (3)
JOUR electives (9)
Note: Two of the above three business courses may be applied to certain minors, in consultation with the student's adviser.

Specialization: five sequences
In addition to other requirements, each journalism major chooses one of five areas of specialization called sequences. The news-editorial sequence is generally associated with training for reporting and editing positions on weekly or daily newspapers and the wire services. Public relations includes inter-group communications and relating the interests of business, industry, government and public and private institutions to each other and to society. Broadcast journalism aims at competence in the electronic media of radio and television. Magazine journalism is concerned with the writing, editing and publishing of magazines and journals. A student interested in teaching should seek the requirements for a journalism major in the College of Education and Allied Professions.

Matriculation into journalism sequences
Before being admitted into JOUR 300, a student must:
1. Complete at least 30 hours of coursework consisting of degree requirements including ENG 112 and JOUR 103.
2. Earn an overall grade point average of 2.7 in the above mentioned coursework. The coursework and GPA must be completed at the time admittance is sought into JOUR 300.
3. Earn a minimum grade of C in JOUR 103.
4. Officially matriculate into the chosen sequence by declaring a major near the completion of JOUR 300. Students must have an overall GPA of 2.5 before their major will be approved by the department. To remain journalism majors, students must maintain a 2.5 grade point average in all journalism courses and a C in every required journalism course. An overall GPA of 2.25 must be maintained for graduation.
5. If transferring into the BGSU journalism program, have a 2.5 grade point average in both journalism and overall coursework if JOUR 300 transfer credit is approved. The normal requirements for entry into JOUR 300 apply if a student does not receive transfer credit for JOUR 300. No more than 12 semester hours of coursework in journalism will be accepted for transfer from junior colleges. No more than 15 semester hours of coursework in journalism will be accepted for transfer from any four-year institution.

Note: Students seeking entry into JOUR 300 who are not pre-journalism majors must meet all of the above-listed requirements. Pre-journalism majors have priority admittance into this class.

Non-journalism electives
After completing their approximately 58 hours of required general education courses, their 29-30 hours of required journalism/mass communication courses and their 20-hour required minor, most students will have approximately 15 semester hours remaining to complete the 122 semester hours required for graduation. Students must use these hours as general electives, taking courses outside the field of journalism/mass communication. Students are encouraged to select these general electives carefully with the advice of their journalism advisor. General electives should be chosen with the goal of enhancing the student's overall education.
Bachelor of Arts in Communication

Degree Requirements

Group I: Communication

Students are required to complete ENG 112 or to demonstrate by examination that they have proficiency in written expression equivalent to that attained by the student who completes that course. (A penalty is imposed if ENG 112 is not completed within the first 60 hours. See page 8.) IPC 102, THEA 202 and IPC 201 are also required.

Group II: Foreign languages

Each student is required to demonstrate a proficiency in a language or language area by one of the options listed below:

1. Having been graduated from a high school where all instruction was conducted in a language other than English; or
2. Passing a proficiency examination in the language on the 202 course level; or
3. Having completed four years of one language in high school; or
4. Having completed one of the departmental options listed below (14 hours minimum in the same language area, or fewer by advanced placement).

Note: Foreign language courses numbered 201, 202, 211, 212 apply to Group II, not Group V.

German, Russian, East Asian Languages

(Chinese, Japanese)

Completion of GERM 101 and 102 plus a minimum of six additional hours from GERM 117, 118, 201, 217, 218, 231, 331 and/or GERM 260, 315, 316; or

Completion of CHIN 101, 102, 201, 202; or

Completion of JAPN 101, 102, 201, 202; or

Completion of RUSS 101 and 102 plus a minimum of six additional hours from RUSS 201, 202, 215, 216, 317, 319, 331 and/or 312, 313.

Romance Languages (French, Italian, Latin, Spanish)

Option I:

FREN 101, 102, 201 and 202; or ITAL 101, 102, 201 and 202; or LAT 101, 102, 201 and 202; or SPAN 101, 102, 201 and 202

Option II: one of the following:

FREN 101, 102, 211 and 212; or ITAL 101, 102 and two of LAT 141, 142 or 201; or SPAN 101, 102, 211 and 212.

A student may transfer at any point from option I to option II, but not vice versa. If a student selects option II, all courses in that sequence must be completed subsequent to the first course in which the student is placed. Course 202 is required for admission to 300-level courses.

Credit towards a degree is not granted for foreign language courses which duplicate more than two units of high school study.

Cultural Experience

Those students who have completed two years of one foreign language in high school may select a planned program of at least four courses involving study of foreign or ethnic cultures drawn from a list approved by the major department.

Group III: Mathematics and science

Each student must complete two courses selected from the general education program including at least one course approved for laboratory credit from a list of approved courses printed in the College of Arts and Sciences Handbook.

Group IV: Social sciences: economics, ethnic studies, geography, history, political science, psychology, sociology

Each student must complete one course in addition to the general education program. Two departments must be represented.

Group V: Arts and humanities: art, literature (American, English or foreign), film, music, philosophy, popular culture, theatre

Each student must complete one course in addition to the general education program. Two departments must be represented.

Group VI: Cognate studies experience

Students must complete, as specified by the nature of their specialized program, six additional courses from at least two of the above groups.

Interpersonal Communication

303 South Hall, 372-2823

Major (42 hours)

IPC BAC students must complete a minimum of eight, three-hour courses (24 credit hours), selected in consultation with their adviser. Credit for internships and independent studies may not be used to satisfy this requirement.

Additionally, each student must complete a Career Focus (24 credit hours). The specific courses used to fulfill the career focus must define an occupational area. Some examples might include human resource development, community affairs liaison, customer service representative, communication consultant, information specialist, industrial and labor relations, corporate sales, fund raising, lobbyist, recreation and leisure time activities, and management communication. Any number of sequences of courses can be used to define a career focus, but the choices must logically and clearly support the designated focus. (Internships may not count.) Students are expected to work closely with advisers in selection of courses.

Matriculation into Interpersonal Communication BAC major

Students must earn a 2.75 average, minimum, in Group I requirements to gain admission to the IPC BAC program. Students who have not met this requirement may become IPC BA majors. Students must also complete IPC 102 before they can take any other IPC courses (except IPC 305, 395, 403 and 406). Students must also complete IPC 201 before they can take any 300-400 level courses, except those noted above. These requirements apply to majors and non-majors on the main campus, with the exception of communications majors in the Colleges of Education and Allied Professions and Firelands unless they seek admission to the IPC program on the main campus.

Telecommunications

322 West Hall, 372-2138

A candidate for the degree of bachelor of arts in communication with an emphasis in telecommunications must meet the following requirements in addition to those listed in Academic Policies:

1. Complete the degree requirements for the Bachelor of Arts in Communication explained below.
2. Complete at least 30 hours in telecommunication courses, 20 of which are core requirements.
3. Earn a grade of C or better in all TCOM courses after TCOM 255 and 103 are completed.
4. Complete a support field of at least nine hours in one department other than telecommunications. A student wishing to pursue an interdisciplinary support field must make an argument in writing to his or her adviser. The support field must be declared in writing by the end of the student's junior year.

Matriculation into Telecommunications Sequences

Before being classified as a telecommunications major, a student must:

1. Complete at least 30 hours of coursework consisting of degree requirements and TCOM 103 and 255.
2. Earn an overall grade point average in the above-mentioned coursework of at least 2.5, and earn at least a 2.0 in both TCOM 103 and 255.
To remain a telecommunications major, a student must receive a grade of C or better in all TCOM coursework. (Students are required to take all TCOM courses for a grade.)

Students transferring into the Department of Telecommunications must have a 2.5 grade point average in both telecommunications and overall coursework. No more than 12 semester hours of coursework in telecommunications will be accepted for transfer from junior colleges. No more than 15 semester hours of coursework in telecommunications will be accepted for transfer from any four-year institution.

Major (36 hours)

Part I.
All majors are required to take ten core courses (28 hours):
TCOM 103, 255, 260, 262, 263, 360, 366, 451, 460 and 489

Part II.
All majors are required to take three additional electives from TCOM courses numbered 261 to 490. These electives are in addition to courses already applied toward satisfying Part I course requirements. The three courses should have an area of focus (such as production, programming, management) that is approved by a faculty adviser.
College of Business Administration

Health Care Administration, Donald Boren, J.D., Director, 264 Business Administration Building, 372-2376
Hospitality Management Program, 367 Business Administration Building, 372-8713
International Business Program, Charles Chittle, Ph.D., Director, 312 Business Administration Building, 372-8160

Statement of Mission

The College of Business Administration is a center of learning that nurtures the continuous personal and professional development of all who participate in its academic programs and scholarly endeavors. We are entrusted with a fundamental responsibility by the University and the people of the state of Ohio to educate individuals for professional roles in business and society. In fulfilling our mission, we foster intellectual curiosity, innovative leadership, critical thinking, ethical behavior, and an understanding of the cultural implications of managing in a pluralistic society and in an international environment.

Program Philosophy

The goal of the undergraduate business administration degree program is to develop broadly educated business professionals. This goal is accomplished through a four-year academic experience involving curricular and co-curricular elements. The program consists of three major components: professional education in business administration, education in the liberal arts and development of a broadly defined set of personal skills. Each component is a necessary part of the educational experience for students, and none can be neglected if the program is to succeed.

The professional component of the program stresses knowledge and skill development necessary for students to function effectively in entry-level jobs and to enjoy productive professional careers. It develops understandings of the "common body of knowledge" as defined by the American Assembly of Collegiate Schools of Business (AACSB). Consistent with this definition, this background includes study and understanding of the business functional and tool areas, the economic and legal environment, organizational theory and behavior, and integrative strategy and policy analysis. It also incorporates the worldwide dimension of business administration.

Professional knowledge and skills are developed through a common business core curriculum and areas of specialization designed to meet students' specific professional needs. The core develops a broad understanding of the entire business enterprise and represents the more important element of business majors' professional education component. The specialization supplements the core by allowing students to develop a deeper understanding of a more precisely defined field.

The liberal arts component emphasizes facts, concepts and ideas which are necessary to be a broadly educated person in our society. More importantly, it provides a set of frameworks with which to analyze, comprehend and enjoy these facts, concepts and ideas in a long term perspective. Consistent with University general education requirements, it contains background and study of the humanities and the arts, the natural sciences, social and behavioral sciences, and cultural diversity in the United States. Beyond that it develops a sense of ethical considerations and a framework for analyzing social issues.

Personal skills developed through the program are designed to enhance productivity for a long term career, and to permit the individual to engage in lifelong learning. By enabling students to engage in self-initiated independent learning, these skills provide the foundation for a productive career and a satisfying life. These skills include analytical and critical thinking, decision making, intellectual independence, leadership, planning and organization, and problem solving. Of paramount importance in order to manifest these skills is the ability to communicate ideas effectively. Consequently, the program pays particular attention to the development of students' written and oral communication skills.
Standards of Performance and Accreditation

To meet the challenges of the business world, the academic programs of the College of Business Administration require high standards of performance. Programs are designed to provide an intellectual challenge to a student who wishes to assume the responsibility for tomorrow's business leadership.

The College of Business Administration is a fully accredited member of the American Assembly of Collegiate Schools of Business. Degrees granted by such accredited colleges are widely recognized by major businesses and graduate schools.

Students of outstanding achievement in business and management may be recognized by Beta Gamma Sigma, the national scholastic honor society. The purposes of Beta Gamma Sigma are to encourage and reward scholarship and accomplishment, to promote the advancement of education in the art and science of business, and to foster integrity in the conduct of business operations.

Credit by transfer from a two-year, fully accredited institution is not accepted for most business courses which require junior or senior standing at Bowling Green. However, pre-business students believe they have sufficient background in the subject matter of a course, they may seek credit by examination or credit through the College Level Examination Program (see policy on credit by examination). These validation options are given at the discretion of the appropriate department and may result in transfer credit for the course being accepted.

Credit by transfer from a four-year, fully accredited institution is accepted for most courses.

Bachelor of Science in Business Administration

- Accounting
- Administrative management
- Business pre-law
- Economics
- Finance
- General business
- Health care administration
- Hospitality management
- Human resource management
- Industrial and labor relations
- International business
- Management information systems
- Marketing
- Office administration
- Operations research
- Production and operations management
- Public and institutional administration
- Purchasing and materials management
- Statistics
- Bachelor of Science in Economics
- Economics

Study Abroad

The College of Business Administration offers an opportunity to enroll in a five-week summer session at a business school in Nantes, France. Courses are taught in English and carry up to nine hours credit. Special courses in the French language are optional. The program is contingent upon enrollments. See Special Academic Programs and Services for additional information.

Academic Advising

Each student is assigned a faculty adviser in his or her area of specialization. Undecided pre-business students and those in general business are advised by the college advising staff in the Office of the Dean (371 BA). The adviser helps students select courses most suitable for their specializations and discusses program requirements, career and educational goals, and job opportunities.

Students are responsible for meeting all graduation requirements. To facilitate student planning, degree audits indicating all unfulfilled graduation requirements are provided to all students each fall and spring semester in which they are enrolled.

Bachelor of Science in Business Administration

The curriculum leading to the Bachelor of Science in Business Administration (BSBA) degree consists of two phases. The first phase, completed in the freshman and sophomore years, consists of liberal arts, general education and preprofessional courses. These courses provide the foundation for the second phase, the professional core and specialization courses completed in the junior and senior years.

Admission to the BSBA Program

Students who wish to pursue the BSBA degree enter the college as pre-business students and retain that classification until they are admitted to the BSBA program by the College of Business Administration. The BSBA degree will be granted only to those students who fulfill all degree requirements, which includes achieving BSBA admission. BSBA admission requires that credit be earned for the eight pre-professional core courses (ACCT 221-222, BA 203, ECON 202-203, MIS 200, and STAT 211-212) with a minimum grade point average of 2.25 in these eight courses.

Pre-business students are expected to achieve BSBA admission before enrolling in 300-level business courses and are not permitted to take 400-level business courses. Those who do not achieve BSBA admission by the end of the sophomore year (completion of 60 semester hours applicable to the degree) are placed on conditional standing for a maximum of one semester, to complete the requirements for BSBA admission.

Pre-business students on conditional standing may take 300-level business courses, subject to normal prerequisites, but still cannot take 400-level business courses. Students who do not achieve BSBA admission after the conditional semester are classified as undecided and may not register for 300- or 400-level business courses until they achieve BSBA admission. In cases of extreme hardship, extension of the conditional semester will be considered through the College of Business Administration appeal process.

Completion of the BSBA Program

After gaining admission to the BSBA program, a candidate for the degree of Bachelor of Science in Business Administration must complete the general requirements for graduation listed under Academic Policies and the following:

1. meet the articulation requirements of the University;
2. meet the University, College, general education and electives requirements listed below;
3. meet the professional core requirements and specific requirements for an area of specialization;
4. complete at least one-half of the area of specialization courses and BA 405 at Bowling Green State University;
5. take all courses satisfying the mathematics requirement, pre-professional core, professional core, and area of specialization for a grade.
University Requirements

English Each student is required to complete ENG 112, ENG 110 and/or 111 also may be required depending on a student's placement, but only six hours from ENG 110/111/112 count toward graduation. If a student is required to complete only three hours of English based on placement (ENG 112), three additional hours of non-business electives are required. Additional hours will be required for graduation if ENG 112 is not completed within the first 60 hours.

College Requirements

Mathematics Each student is required to complete five credit hours in calculus with a grade of C or better. Unless stated otherwise in the area of specialization, a student may select either MATH 126 or MATH 131, or both MATH 134 and 135. Refer to specific areas of specialization for any differences in this mathematics requirement. MATH 095 or 120 also may be required depending on a student's placement. Credit for MATH 095 does not count toward graduation in any University program, including the BSBA program. MATH 120 does not count toward graduation in the BSBA program.

Communications Each student is required to complete a three-hour communications course, IPC 102.

General Education Requirements

Natural Sciences Each student is required to complete two courses from the natural sciences. A list of approved courses satisfying these requirements is available in the College of Business Administration office.

Social and Behavioral Sciences Each student is required to complete two courses from the social and behavioral sciences. At least one course from either the social and behavioral sciences or the humanities and arts must be an international perspectives course, noted with an asterisk (*) on the checksheet of requirements. A list of approved courses satisfying these requirements is available in the College of Business Administration office.

Cultural Diversity in the United States Each student is required to complete one course from the area of cultural diversity in the United States. A list of approved courses satisfying this requirement is available in the College of Business Administration office.

General Education Elective Each student is required to complete one additional general education elective. A student may select this elective from any of the general education categories including natural sciences, social and behavioral sciences, humanities and arts, and cultural diversity in the United States. A list of approved courses satisfying these requirements is available in the College of Business Administration office.

Non-business Electives Each student is required to complete seven to 14 additional hours (depending on ENG placement) in non-business fields. An academic adviser can assist each student in selecting courses which broaden or deepen the student's general education. Courses chosen must not be in Business Administration. See appropriate College of Business Administration (CBA) checksheet for a list of courses that do not count toward the BSBA degree.

The Curricula

The pages which follow describe the specific requirements in various areas of specialization. Whenever possible, 100-level courses should be taken during the freshman year; 200-level courses during the sophomore year; 300-level courses during the junior year; and 400-level courses during the senior year. Following these levels is particularly important for core courses.

A typical program for a student in the BSBA degree program would appear as follows:

First year (32 hours)
- ENG 111 and/or 112 (3-6)
- MATH 126 (5)
- MATH 131 (5)
- General education courses and/or electives (21-24)

Second year (30 hours)
- MATH 200 (3)
- MATH 211 and 212 (6)
- ACCT 221 and 222 (6)
- ECON 202 and 203 (6)
- BA 203 (3)
- General education courses and/or electives (6)

Pre-professional Core Each student is required to complete the following 24 hours of pre-professional courses: ACCT 221 and 222; ECON 202 and 203; STAT 211 and 212; MIS 200; and BA 203. Ordinarily a student would enroll in these courses during the sophomore year. A grade point average of at least 2.25 in these eight pre-professional core courses is required to be admitted to the BSBA program. See Admission to the BSBA Program section for additional requirements.
Accounting
332 Business Administration Building, 372-2767

The curriculum in accounting is designed for the student who wishes to prepare for a career as a professional accountant with industry, government, nonprofit organizations, or for public accounting practice as a CPA. Opportunities exist to work in such special areas as auditing, managerial reporting, cost accounting and consulting. Students interested in specializing should consult their academic advisers for proper course selection.

Statement of Objectives—Accounting Specialization
Accountants aid society by providing information that promotes optimal allocation and use of limited resources. Accordingly, one objective of the program is to introduce students to the institutional framework of business and society which accounting serves. Students also are educated about financial and operating decision-making; the goals, conflicts in goals, and constraints on decision-makers; and the information needed to support decision-making. Further objectives are (1) to aid the student in becoming a well-rounded individual by incorporating into the program courses in science and mathematics, social studies, and the humanities; and (2) to promote awareness of the need for continuing intellectual growth and adaptability to a dynamic environment. In general, the program is designed to enhance conceptual and analytical understanding, to provide exercises in communications skills, to foster a work ethic among the students, and to develop judgment and a mature, professional, ethical attitude.

A few students can predict the future career courses of their careers. Accordingly, each is expected to become familiar with the theory, principles and practices of the major branches of the accounting field—auditing, financial accounting, managerial accounting and tax accounting—and to acquire knowledge of general information systems concepts. The program recognizes the need for adequate training to fulfill entry-level job requirements and to aid in obtaining professional certification. However, the program's primary emphasis is on education for the student's total career, including future leadership and policy-making roles. Given this total-career emphasis, students are expected to be motivated and well-qualified. They may expect upper-level instruction from full-time professors who are regularly involved with course development, practical accounting issues and problems, and current professional and academic research in accounting.

CPA Examination and Licensing Requirements
Until December 31, 1999, to qualify as a candidate for the CPA examination in the State of Ohio, one must hold at least a bachelor's degree (not necessarily in accounting or business) and have a minimum of 24 semester hours of accounting. A candidate may count 3 semester hours of computer-related training with the 24-semester-hour total. Beginning on January 1, 2000, a minimum 150 semester hours of university education will be required as an additional qualification for the CPA examination. Hours taken beyond the bachelor's degree may be taken within the context of a master's program or as independent study. The specific content of the additional semester hours is not specified and, therefore, is up to each CPA examination candidate. Graduation from BGSU with an area of specialization in accounting will fulfill CPA candidacy requirements until December 31, 1999. Students planning to take the CPA examination after January 1, 2000, should enroll for at least 28 semester hours of additional coursework beyond the 122 semester hours required for an undergraduate degree. BGSU offers both Master of Business Administration and Master of Accountancy programs, that permit an individual to fulfill the additional educational requirements within the context of a graduate degree program. Students should consult the BGSU Graduate Catalog for admission and degree requirements within those programs.

To receive the CPA certification and to practice in Ohio, a candidate also must complete two years in public accounting or four years in another accounting-related position. One half the work experience may be waived if the candidate has a master's degree. Education and experience requirements differ in other states; contact the appropriate state board of accountancy to determine its requirements.

For more information regarding the application for the examination, contact CPA Examination Services, Ohio Coordinator, P.O. Box 5391; Grand Central Station; New York, NY 10163-5391 (telephone 1-800-CPA-EXAM). First-time applications must be mailed to the processing center by March 1 for the May examination and September 1 for the November examination.

Two other certification examinations are sponsored by private agencies. Information on the Certified Management Accountant (CMA) examination is available from the Institute of Certified Management Accountants, 10 Paragon Drive, Montvale, NJ 07645. Information on the Certified Internal Auditor (CIA) examination is available from the Institute of Internal Auditors, P.O. Box 1119, Altamonte Springs, FL 32701.

Matriculation into the Accounting Area of Specialization
Students who plan to obtain the bachelor of science in business administration degree with an area of specialization in accounting should enroll in the pre-accounting program within the College of Business Administration. To enroll in upper-level accounting classes (with an expectation of an accounting specialization), a student must:

1. attain an all-University cumulative grade point average of at least 2.6
2. complete a minimum of 51 semester hours of University credit
3. complete ACCT 231 and 232 with a grade of C or better in each.

The specific requirements for an area of specialization in accounting are as follows:

Third and fourth years
ACCT 321, 322, 331, 332, 341, 360 and 451 (MIS 360 may be substituted for ACCT 360 by students who also have MIS as an area of specialization). Students must attain a grade of C or better in all of the courses specifically required for the area of specialization. They are not permitted to take ECON 304 as part of the professional core.

Students planning to take the CPA examination are advised to take LEGS 301 rather than LEGS 303 as part of the professional core.

Administrative Management
242 Business Administration Building, 372-2901

This program is designed for students who wish to specialize in the planning, organizing and controlling of office work. This curriculum introduces students to the administrative functions of office systems and procedures, records management, word and data processing and office organization and management. Graduates of this program may obtain employment in a variety of office occupations involved in information processing or management.

The specific requirements for an area of specialization in administrative management are as follows:
First year
BUSE 111*, 204

Second year
BUSE 304, 305

Third year
BUSE 306, BUSE 335, MGMT 361

Fourth year
BUSE 455, MGMT 454 or MGMT 456 or MGMT 463
* BUSE 111 is a prerequisite for BUSE 204.
However, if a student has one or more years of typing credit, BUSE 111 is waived.

Business Pre-law
264 Business Administration Building, 372-2376

The program's intent is to provide the student with a broad foundation in business with a major concentration designed to enhance one's communication skills and critical thinking abilities. Emphasis on writing, research and a legal approach to problem solving provides the framework for the specialization.

This combination of experiences should enrich a student's understanding of the interaction of business, government and society. Such experience would be appropriate for law school candidates or any student seeking a firm foundation in business and economic concepts who does not desire a more narrow area of specialization.

Specific requirements for the area of specialization in business pre-law are as follows:

Second year
ENG 207

Third year
LEGS 305

Fourth year
LEGS 421 or 410, 490, and three additional hours in LEGS at the 400 level.

A&S 250 or ENG 261 or ENG 262 must be taken as part of the specialization.

The following courses are suggested but not required: PHIL 103 as a humanities elective, HIST 205 and/or HIST 206 as social and behavioral sciences electives, and HIST 367 and/or HIST 433 as non-business or free electives. Other suggestions for the non-business or free electives may be obtained from the business pre-law adviser.

Economics
3002 Business Administration Building, 372-2648

Students choosing a specialization in economics gain critical reasoning skills in areas related to many aspects of business and society. Depending upon the students' course selection, they can gain analytical and technical capabilities relating to such areas as business behavior and management, finance, labor, employment, inflation, international trade, and income distribution. The study of economics prepares students for futures in virtually all areas of business and society.

After completing the business professional core, students selecting an economics specialization within the BSBA degree take 18 additional hours of economics courses. These courses must include either ECON 302 or 303 (whichever one was not counted in the core) and one quantitative economics course (i.e., ECON 400 or 401 or 402). Students are then free to choose any four other 300 or 400 level ECON courses (except ECON 304) to complete the specialization. (ECON 304 cannot be counted toward the economics specialization without permission from the student's adviser.)

All students with an economics specialization must satisfy a written and oral communication requirement in economics. Certification by an economics faculty member that the requirement has been met is required. Details are available in the economics department office.

Areas of concentration
The 12 elective hours can be chosen to define an area of concentration for the economics specialization. Two examples are listed below. These are illustrative. Others can be designed with the advice and consent of the student's adviser.

Business Economics
ECON 302 or 303 (whichever is NOT counted in the professional core)
ECON 400 or 401 or 402
ECON 404, 471 and two ECON electives

Labor economics and relations
ECON 302 or 303 (whichever is NOT counted in the professional core)
ECON 400 or 401 or 402
Twelve hours selected from: ECON 321, 323, 421, 422, 424

Other programs
The College of Business Administration also offers the bachelor of science in economics. Programs in economics also are available through the College of Arts and Sciences and the College of Education and Allied Professions.

Finance
201 Business Administration Building, 372-2520

This specialization is for the student interested in financial management as it relates to either financial or non-financial institutions. Areas of emphasis included within this curriculum are risk analysis and management, financial markets and institutions management, business financial analysis and management, and investment analysis and management. Career opportunities associated with this specialization include but are not restricted to commercial lending, retail bank management, credit management, cash management, capital budgeting and investment analysis, securities analysis, portfolio management, real estate and securities brokering, risk management, pension and employee benefits management, and insurance company operations/management.

The specific requirements for an area of specialization in finance are as follows:

Third year
FIN 320, 330, 340 and 350

Fourth year
Any four of ACCT 321, 322, FIN 410, 425, 435, 445, 447, 455
All 400-level finance courses require a grade of C or better in the prerequisite finance course.

General Business
371 Business Administration Building, 372-2747

This curriculum is for students who desire a broad business background with a minimum of specialization or who desire a program tailored to specific needs.

The requirements for an area of specialization in general business are as follows:

The student must select at least 18 hours but no more than 24 hours from a list of approved courses in ACCT, BA, BUSE, ECON, FIN, LEGS, MGMT, MIS, MKT, OR and/or STAT with no more than nine hours in any one area. The courses taken for the specialization in general business must be selected from business courses required by other BSBA specializations. A list of approved 300-400 level courses for the general business specialization is available in the College of Business Administration office.

General business may not be combined with any other area of specialization to form a dual area of specialization.

Health Care Administration
264 Business Administration Building, 372-2376

This is an area of undergraduate studies which will provide a variety of career opportunities in community hospitals, extended care facilities, state and federal agencies, voluntary health agencies and in various services found in health care organizations.

The specific requirements for an area of specialization in health care administration are as follows:

Third year
BA 325

Fourth year
LEGS 425, BA 420, BA 429*
In addition to the area of specialization, the student must complete a management concentration (a minimum of 9 semester hours) in selected areas of business management, such as staff planning and research, human resource management, accountancy, and general supervision. (These courses are taken in the junior and senior years.)

The internship component of the program (BA 429) will provide students with practical experience and participation in the particular health care institutions and agencies in which they may be professionally interested. The student must complete a minimum of two courses in the management concentration before the internship (BA 429) may be taken.

**Hospitality Management**

367 Business Administration Building, 372-8713

Hospitality management is an area of specialization designed to prepare students for managerial positions in the hospitality industry. Since the hospitality sector is a multi-billion dollar industry, the program is designed to provide students with a sound education in the fundamentals of business administration. Graduates typically start their careers as management trainees, assistant managers or supervisors in hotels, clubs, restaurants or food companies. They also may find positions with airline, hospital or university food service programs. Advance­ment opportunities extend far beyond these entry level positions to include corporate staff positions in large hospitality oriented firms.

In addition to formal coursework, students are required to complete a minimum of 800 clock hours of practical work experience in the hospitality industry.

The specific requirements for an area of specialization in hospitality management are as follows:

**Third year**  
BA 310

**Fourth year**  
BA 480, F&N 331, MGMT 452 and MKT 405  
Either LEGS 450 or F&N 437

Students are encouraged to take elective courses in one of five areas: foreign language, human resource management, marketing, travel and tourism, or food service management. Contact the program office for a list of suggested electives.

**Human Resource Management**

3018 Business Administration Building, 372-2946

This curriculum prepares a student for a career in the field of human resource management, in the key staff positions of compensation, staffing-employment, training and organization development, or for a position in line management. The human resource management specialization courses (six are required) develop advanced knowledge and skill in the areas of organization design, human resource planning, staffing, compensation, training and development, employee involvement programs, performance improvement programs and organization development and the management of change. Electives (two are required) are used to strengthen the student's background through courses in psychology, economics, law and/or applied field experience in organization development.

Students are encouraged to enroll in the human resource management program as freshmen. However, to be admitted officially to the specialization, students must have been admitted to the BSBA program and have an accumulative grade point average of at least 2.5.

The specific requirements for an area of specialization in human resource management are as follows:

**Third year**  
MGMT 361

**Fourth year**  
MGMT 454, 455, 456, 463, 465 and two electives

Electives are selected from: ECON 423, FIN 428, LEGS 419, LEGS 429, MGMT 460, PSYC 352, 354, PSYC 452, PSYC 454 and PSYC 455 (other relevant courses may be substituted as electives with prior written approval of the student's academic adviser.)

See your academic advisor for more detailed information about requirements.

**International Business**

312 Business Administration Building, 372-8180/372-2646

This curriculum is designed to provide students with an international perspective in preparation for a career with a multinational company, international organization, government, or other organization concerned with international activities.

The specific requirements for an area of specialization in international business are as follows:

**Third and fourth years**  
ECON 351, POLS 476 or 372.

An area of concentration (9 hours) also must be chosen from one of the following areas: ACCT, ECON, FIN, LEGS, MGMT, MIS, MKT or a selection specifically approved by the student's adviser. These courses may be taken during the third or fourth year.

Careful planning of the electives can broaden the international business specialization. A second area of specialization, such as accounting or marketing, may easily be added. In this way a student has both job entry skills useful in seeking employment immediately after graduation and training in international business which will be useful in later career stages.

A foreign language is strongly suggested but is not required.

**Management Information Systems**

332 Business Administration Building, 372-2767

The curriculum in management information systems is designed for the student who is interested in a position as a systems analyst or a position requiring the application of computers to business problems. Emphasis is placed on the use of the computer in a business environment. Students are encouraged to use their free electives to strengthen their technical background and to strengthen their understanding of a business field such as accounting, economics, finance, management, marketing, operations research or statistics.

The specific requirements for an area of specialization in management information systems are listed below. A grade of C or better must be earned in each course required for the area of specialization.

**Second year**  
CS 260 (or CS 205)

**Third year**  
CS 360, MIS 360, 370

**Fourth year**  
MIS 412, 421, 471, 479

**Industrial and Labor Relations**

306 Business Administration Building, 372-8060/372-2646

This is an interdiscipli­nary program designed to prepare a student for work in industrial relations departments in corporations, government agencies and other organizations. This program will provide the student with a series of courses in the three areas of personnel, labor relations and the legal aspects of industrial relations.

Specific requirements for an area of specialization in industrial and labor relations are:

**Third year**  
ECON 321  
LEG 71

**Fourth year**  
LEG 419

Three courses chosen from the following, but no more than two courses in any one field: ECON 323, 421, 422; LEGS 476 or 372.
Marketing
234 Business Administration Building, 372-2041
Marketing consists of a broad spectrum of business activities designed to plan, price, promote and distribute products and services to consumers, businesses and other organizational buyers. Those activities include, but are not limited to, market assessment, marketing research, product development, distribution, retailing, pricing, selling and advertising.

Not surprisingly, career opportunities in marketing are both extensive and diverse, including positions in advertising management, brand or product management, marketing research, retail merchandising, buying or store management, professional selling, sales management, wholesaling/distribution management, as well as international marketing.

While all BSBA students take MKT 300 as part of the professional core, each student who selects marketing as an area of specialization is required to take: MKT 402, 410, 420, 450, 460. In addition, students specializing in marketing must select two more marketing courses from the following list of electives*: MKT 400, 405, 412, 421, 430, 440, 442, 445 and 455. (*One of the two electives may be taken from an approved list of courses outside the Department of Marketing. The list is available in BA 234.)

All students must achieve a C or better in MKT 300 in order to enroll in advanced marketing courses. BSBA students who have designated a marketing specialization must achieve a C or better in each course they take as part of that specialization. Each student is strongly encouraged to meet and maintain contact with his or her marketing faculty adviser throughout the program of study. The suggested program of study for a specialization in marketing is:

Third year
MKT 300
Two courses from: MKT 402, 410, 420, 450

Fourth year
Two courses from MKT 402, 410, 420, 450
Two MKT electives
MKT 460 (normally taken in the last semester of the senior year)
Students should be sure to check prerequisites for each course.

Operations Research
344 Business Administration Building, 372-2363
This curriculum is for students with good mathematical backgrounds who wish to prepare for careers in which mathematical and scientific techniques will be used to help solve business, social and other problems. This curriculum also provides an excellent preparation for graduate study in operations research, management science and related disciplines.

Operations research, mathematics and statistics requirements for the area of specialization in operations research are:

Operations Research: OR 480, 482, 485 and one operations research course selected from OR 497, 489
Mathematics: MATH 131, 232 and 332
Statistics: STAT 300 or STAT 414 or one course from STAT 402*, 406*, 408*, 412*, 416*.

Note that MATH 131 must be taken in place of MATH 126 to satisfy the College of Business Administration mathematics requirement.
* Prerequisites are STAT 315 or MATH 441 or consent of instructor.

Production and Operations Management
3016 Business Administration Building, 372-2946
Production and operations management is concerned with the theory and practice of making products economically in both manufacturing and service firms. In a typical organization, this function is responsible for designing, operating and controlling the productive system. Production and operations managers are responsible for making strategic and tactical decisions that determine quality levels, cost levels and the time availability of goods and services.

Students are encouraged to enroll in the production and operations management program as freshmen. However, to be admitted officially to the specialization, the student must have been admitted to the BSBA program and have an accumulative grade point average of at least 2.5.

The specific requirements for an area of specialization in production and operations management are as follows:

Fourth year
MGMT 441, 442, 445, 449 and one of the following pairs of courses:
MGMT 330 and 430
or
MGMT 361 and 456
or
Two courses (6 hours), approved in advance by the academic adviser, from any one of the following areas:
ACCT, CS, MFG, MIS, OR, or STAT.
Students should see their academic adviser for more detailed information about requirements.

Public and Institutional Administration
310 Business Administration Building, 372-8162/372-2646
This program has an interdisciplinary curriculum key to management and administration in public and nonprofit institutions. In addition to the general business courses taken by all candidates for the BSBA degree, the student takes courses in advanced management as well as courses that provide an understanding of important public policy problems and the environment within which decision-making occurs in the public and nonprofit sectors. The program is interdisciplinary and allows development of a student’s particular skills and interests through courses taken in optional study areas. For those students who are unclear about their career objectives, this program exposes students to a range of managerial options. The program also provides a suitable pre-professional program for students interested in professional degrees in law, business or public administration.

The specific requirements for the area of specialization in public and institutional administration are as follows:

First or second year
Students who have not had a strong course in government in high school are recommended to take a political science course such as POLS 110 as one of the social and behavioral science general education courses.
Third and fourth years

POL 303
MGMT 361
ECON 331 and/or 332
300 or higher level course(s) selected
from courses in the optional study
areas or approved by adviser from
courses in business, economics or
political science.

Optional study areas (3-6 hours)
Each student will select at least one course
from the following options to complete the
area of specialization. Additional courses can
be taken as elective courses.

Administration
MGMT 339, 463
ECON 423
ACCT 423 (ACCT 321 and 322 prerequisites)

Policy Analysis
POLS 302, 431, 459
ECON 321, 447
LEGS 425, 431

Criminal Justice
LEGS 440
SOC 341, 441, 442

Urban Studies
ECON 460, 462
POL 331, 430

Mass Media and Public Opinion
JOUR 103, 340, 433, 435
POLS 341, 443

Purchasing and Materials Management
3018 Business Administration Building, 372-2946

This curriculum is for students who are
interested in the field of purchasing and
materials management. The course of study
includes an integrated approach to the
movement of goods from the supplier to the
final customer. The purchasing department in
a typical organization is responsible for
securing necessary materials, supplies,
capital equipment and services at the best
possible terms. The materials management
function typically coordinates the major
activities contributing to material costs and
availability including purchasing, production
control and physical distribution.

Students are encouraged to enroll in the
purchasing and materials management
program as freshmen. However, to be
admitted officially to the specialization, the
student must have been admitted to the
BSBA program and have an accumulative
grade point average of at least 2.5.

The specific requirements for an area of
specialization in purchasing and materials
management are as follows:

Third and fourth years

MGMT 330, 430, 439, 441, 442 and 445

See your academic adviser for more
detailed information about requirements.

Statistics
344 Business Administration Building, 372-2363

This curriculum is for the student who is
interested in a career in statistical analysis
and research in government or business. It is
an excellent preparation for graduate study
in statistics or any discipline that utilizes a
quantitative component.

Statistics and mathematics requirements
for the area of specialization in statistics are:

Statistics: STAT 315, STAT 402, and
three statistics courses selected from
STAT 406, 408, 412, 414, 416 with at
least one of the three being STAT 406
or STAT 408

Mathematics: MATH 131, MATH 232,
or MATH 233 or MATH 332

Note that MATH 131 must be taken in
place of MATH 126 to satisfy the
College of Business Administration
mathematics requirement.

Recommended electives: CS 101,
MATH 441, 442 and 432, ECON 402,
OR 480, 482, 485, 487 and 489.
For further information, a student should
consult an adviser.

STAT courses are listed under "Applied
Statistics."

Other Programs
Two programs in statistics are offered by the
College of Arts and Sciences.

Bachelor of Science in Economics
3002 Business Administration Building, 372-2646

The study of economics involves an
analytical look at how scarce resources are
allocated to various areas of production. It
emphasizes the importance of making
choices between desirable alternatives. The
study of economics provides tools to make
these choices in such areas as employment,
economic growth, price stability, and trade.
The B.S. major in economics is especially
suited for students who wish to combine a
major in economics with concentrated study
in other disciplines. The B.S. in economics
requires two more economics courses than
the economics specialization in the B.S.B.A.,
but the B.S. permits students to choose their
own cognate field of study (15 hours). The
B.S. in economics is well suited for double
majors. For example, students can expand
the number of hours in the cognate field to
achieve a major in such areas as sociology,
political science, history, mathematics or
psychology. Students may also combine a
major in economics with business fields such
as accounting, finance, legal studies,
marketing or management. This program
provides students with a meaningful
educational experience that is suitable for
employment in a wide variety of occupations
in business or government, and for continued
study in graduate schools in economics,
business, law and other fields.

A candidate for the bachelor of science in
economics must complete the general
requirements for graduation listed under
Academic Policies and meet the general
education requirements listed below.

General Education Requirements

Communication
Each student is required to complete ENG
112, ENG 110 and/or 111. ENG 110 and/or
111 may be required depending on a student's
placement, but only six hours from ENG 110/111,
112 count toward graduation. If a student is
required to complete only three hours of
English based on placement (ENG 112),
three additional hours of electives are
required. Additional hours will be required for
graduation if ENG 112 is not completed
within the first 60 hours. In addition all
economics majors must satisfy a written and
oral communications requirement in
economics. Certification by an economics
faculty member that the requirement has
been met will be required. Details are
available in the economics department office.

Mathematics, science and
quantitative measurements

Each student is required to complete MATH
126 or MATH 131, or both MATH 134 and
MATH 135, STAT 211 and 212. Students are
strongly urged to take MATH 131, or MATH
134 and MATH 135, rather than MATH 126.

Natural sciences
Each student is required to take two courses
from the natural sciences. An approved list of
courses satisfying these requirements is
available in the Department of Economics
office.

Social and behavioral sciences
Each student is required to complete ECON
202 and 203 plus two courses from the social
and behavioral sciences outside ECON. At
least one course from either the social and
behavioral sciences or the humanities and
arts must be an international perspectives
course, noted with an asterisk (*) on the
checksheet of requirements. An approved list
of courses satisfying these requirements is
available in the Department of Economics
office.
All other general education and University requirements are to be dispersed throughout the four years.

Minors
The following minors are offered by college departments:

Applied Statistics
344 Business Administration Building, 372-2363
(not available as a minor to students with a major or specialization in statistics)

Minor (25 hours)
1. MATH 131 and 232 (10)
MATH 134 and 135 may be substituted for MATH 131.
2. One of the following sets of two courses (6):
   • STAT 211 and 212
   • One from STAT 200, MATH 115, MATH 247, PSYC 270, SOC 369 and one
     from STAT 315, MATH 441
   • MATH 441 and 442
3. STAT 402 and 408 (6)
4. One from STAT 406, 412, 414, 416, MATH 447 (3)

If any of the courses in (1) or (2) above are required for the major and cannot be
counted for the minor, no substitution is necessary provided that the number of
remaining hours is at least 18. If the number of remaining hours is less than 18, substitu­
tions must be approved by the Department of Applied Statistics and Operations Research.

Economics
See under the College of Arts and Sciences.
(not available as a minor to students with a major or specialization in economics)

Marketing
234 Business Administration Building, 372-2041

Minor (21 hours)
(not available to students who are pursuing a BSSA degree or who are majoring in general
studies in business in the College of Arts and Sciences)

1. Required Courses (15 hours)
   ECON 200, or higher level ECON (3)
   ACCT 325 or 221, or MGMT 305 (3)
   MGT 300, 402 and 410 (6)
2. Elective Courses (6 hours) from:
   MGT 405, 412, 420, 430, 440, 445, 450, 455

If any of the courses in (1) or (2) above are required for the major and cannot be
counted for the minor, no substitution is necessary provided that the number of
remaining hours is at least 18. If the number of remaining hours is less than 18, substitu­
tions must be approved by the Department of Marketing. Note: all course prerequisites
must be met.

Operations Research/Management Science
344 Business Administration Building, 372-2363
(not available as a minor to students with a specialization in operations research)

Minor (26 hours)
MATH 131 (5)
One of the following sets of two courses:
• OR 380 and either STAT 211 or MATH
  115 or MATH 247
• CS 101 and 440
• OR 480 (3)
• OR 482 or CS 442 (3)
• OR 485 or MATH 445 (3)
• OR 487 (3)
• OR 489 (3)

If any of the above courses are required for
the student's major and cannot be
counted for the minor, no substitution is
necessary provided that the number of
remaining hours is at least 18. Substitu­
tions must be approved by the Department

Major and cognate concentration
Each student is required to complete ECON
302, 303, 473, three hours of quantitative
economics (ECON 400, 401 or 402) and 18
additional hours of 300 and 400 level ECON
or approved related courses. ECON 304
cannot be counted toward the requirements
towards the economics major without permission
from the student's adviser. To complete the
cognate concentration, 15 hours must be
selected from the areas of business
administration, arts and sciences or
education, after consultation with and
approval of the program adviser.

Major (30 hours)
First year
MATH 126 (5) or MATH 131 (5), or MATH
134 (3) and MATH 135 (3). Students are
strongly urged to take MATH 131
or the MATH 134-135 sequence.
Second year
ECON 202 (3) and ECON 203 (3) (ECON
202 and 203 are counted as social
science courses and not as part of the
major) and STAT 211 (3) and STAT
212 (3)
Third year
ECON 302 (5) ECON 303 (3), ECON 473
(3) and either ECON 400 or 401 or
402 (3)
Fourth year
ECON electives (18)

Business Administration-
Education
242 Business Administration Building,
372-2901

A candidate who has met all the require­
ments for the degree of bachelor of science
in business administration also may qualify
for the degree of bachelor of science in
education and for an Ohio teaching certifi­
cate by completing a combined curriculum
including the general and specific graduation
requirements for each college.

The student who desires to pursue the
combined program must:
1. Petition the board of appeals of the
   College of Education and Allied Profes­sions
   and the College of Business
   Administration to request registration in
   both colleges.
2. Complete a minimum of 20 credit hours
   beyond the 122 hours required for
   graduation with a bachelor's degree in
   one college.
3. Complete the major in comprehensive
   business education or the marketing
   education major.
4. Complete the appropriate professional
   education courses, meet the general
   education requirements of the College of
   Education and Allied Professions and
   participate in a semester of professional
   concentration which includes student
   teaching (BUSE 497).

A student interested in teaching business
or marketing education in high school should consult with the Department of Business
Education in planning the program.
College of Education and Allied Professions

Office of the Dean
Les Sternberg, Ph.D., dean, 444 Education Building, 372-7403
Steven Russell, Ph.D., assistant dean, 444 Education Building, 372-7401
Richard W. Bowers, summer dean, 444 Education Building, 372-7402
Ellen Williams, Ph.D., assistant dean, 455 Education Building, 372-7407

Office of Undergraduate and Graduate Student Services
Ellen Williams, Ph.D., assistant dean, 455 Education Building, 372-7407

Office of Program Advisement and Teacher Certification and Office of Field Experiences
Karen Matheny, Ph.D., dean, 444 Education Building, 372-7401
Sandra Peggi, M.Ed., coordinator of field experience, 365 Education Building, 372-7389
Ellen Williams, Ph.D., assistant dean, 455 Education Building, 372-7407

Clinical and Computer Laboratories
Gregg Brownell, Ed.D., Director, 215 Education Building, 372-7392

Schools and Departments
School of Health, Physical Education, and Recreation, Mary Ann Roberton, Ph.D., director, 117 Eppler Center, 372-2334
Department of Educational Administration and Supervision, Patricia L. Reed, Ph.D., chair, 510 Education Building, 372-7377
Department of Educational Curriculum and Instruction, Leigh Chiarelott, Ph.D., chair, 529 Education Building, 372-7314
Department of Educational Foundations and Inquiry, Jane Wolfe, Ph.D., chair, 550 Education Building, 372-7350

Department of Family and Consumer Sciences, Thomas Chibucos, Ph.D., chair, 217 Johnston Hall, 372-7823
Department of Higher Education and Student Affairs, Patricia King, Ph.D., chair, 330 Education Building, 372-7382
Department of Special Education, Richard Wilson, Ph.D., chair, 451 Education Building, 372-7385

Aims and Purposes
The College of Education and Allied Professions has two primary purposes: to provide coursework that contributes to the general education program of the University and to provide programs that lead to careers in the fields of education, sport management, recreation, dance, health promotion, child and family community services, and restaurant and institutional food service management.

The college believes that quality career programs must include:
1. a program of general education designed to provide a broad and liberating educational experience for life-long learning.
2. advanced study in one or more areas of specialized interest.
3. a program of on-campus and field-based professional experiences.

The College of Education and Allied Professions maintains close working relationships with other colleges in the University, with elementary, secondary and vocational schools in northern Ohio and with the State Department of Education for teacher certification.

The bachelor of science in education, the bachelor of science in child and family community services and the bachelor of science in technology are offered by the College of Education and Allied Professions. To qualify for one of these degrees, a candidate must complete the requirements under Academic Policies, complete 32-33 hours of general education later in this College section, complete all of the specified major and professional requirements and complete any other published graduation requirements of the College or the program area.

Programs Offered
The following programs are available in the College of Education and Allied Professions. Unless otherwise noted, the areas indicated are majors only.

Aquatics (minor only)
Art
Athletic coaching (minor only)
Bookkeeping and basic business (minor only)
Business education
Child and family development
Child and family community services
Dance (minor also available)
Early childhood education
Elementary education
Elementary/special education (dual program)
Environmental education (minor only)
Exercise specialist
Family and Consumer Sciences (minor also available)

French
German
Health education (minor also available)
Health promotion (minor also available)
Industrial technology education (minor also available)
Latin
Marketing education
Music (minor also available)
Physical education (two programs available) (two minors also available)
Recreation (two options available) (minor also available)
Restaurant and institutional food service management
Russian
Sales (minor only)

Secondary education
Biological sciences
Chemistry
Communications
Computer science
Earth science
Economics
English (minor also available)
General science (minor only)
Geography
History
Journalism
Mathematics (minor also available)
Physics
Political science
Psychology/Sociology
Science comprehensive
Social studies
Spanish
Special education
- Developmental handicaps
- Hearing handicaps
- Multihandicaps
- Severe behavior handicaps
- Special education (minor only)
- Specific learning disabilities
Sport management (major only; four options available)
Sport specialist
Stenography and typing (minor only)

Endorsements/Validations Leading to Certification Offered at the Undergraduate Level in the College of Education and Allied Professions
- Adapted physical education
- Driver education
- Elementary school physical education
- Pre-kindergarten
- School nurse
- Typing/keyboarding

College Admission
Students accepted by Bowling Green State University may enroll in the College of Education and Allied Professions when they have:
1. formally declared their desire to major within the College;
2. registered with the college Office of Program Advisement their choice of major or as an undecided major;
3. conferred with an adviser assigned by the College of Education and Allied Professions; and
4. earned at least a 2.0 grade point average if transferring from another BGSU college.

College Retention
Non-Certification Programs
Students registered in majors not leading to teacher certification will be considered full members of the college when they have:
1. completed ENG 112;
2. completed IPC 102 with a C or better; and
3. attained a 2.0 BGSU accumulative grade point average.

Teacher Certification Programs
Students registered as majors in teacher certification programs will be considered full members of the college when they have:
1. completed ENG 112;
2. completed IPC 102 with a C or better;
3. completed EDUC/FI 202 or a program alternative accepted by the college with a C or better;
4. attained a 2.5 BGSU accumulative grade point average.

A teacher education student who fails to meet the above criteria upon attaining junior status will be designated "pre-education" and will not be permitted to enroll in the methods courses indicated on program area checklists.

Pre-education students will be reinstated as full members only upon completion of the above criteria.

Program Matriculation/Retention
Many programs in the college have established matriculation/retention criteria in addition to the college criteria specified above. These additional requirements and/or application procedures are indicated on each program area checksheet and at the end of this section.

Due Process for Academic Decisions
The College of Education and Allied Professions has established specific requirements for admission, retention, student teaching eligibility, graduation and certification eligibility; some program areas have also established additional full admission requirements. There are also established University policies regarding academic dismissal, deadline dates, etc.

Students who do not meet specified requirements or who have not met established deadlines may file an academic appeal. Academic appeals must be initiated in the Program Advisement and Teacher Certification Office where appeal forms are available. Only written appeals are considered. A rationale for the appeal is required and documentation or other evidence may be attached. The written materials constituting the appeal are reviewed by an appeals committee, which serves in an advisory capacity to the dean. Examples of academic appeals include: appeals for reinstatement after being suspended or dismissed for academic reasons, appeals regarding the denial of admission to either the college or a program, and appeals to drop and/or change classes to or from S/U beyond the specified deadline. The dean of the college reserves the right of final decision.

Appeals regarding the issuance of a grade originate with the instructor. Students wishing to appeal a grade must first contact the instructor who issued the grade. If the grade dispute cannot be resolved by the student/instructor, a student may file an appeal with the chair of the department in which the course was taught. Each department follows its own appeals procedure which is consistent with the recommendations of the Faculty Senate.

In cases related to academic honesty or other disciplinary action, a student is referred to the Student Code.

Advising
Two types of advising are available to students enrolled in the College of Education and Allied Professions—faculty advising and college office advising.

Upon enrolling in the college, each student is assigned to a faculty adviser. Faculty advisers assist students in career-decision making, selecting appropriate classes, checking progress toward a degree and long-range program planning.

To supplement faculty advising, the college maintains a staff of program counselors in the Program Advisement and Teacher Certification Office, located in 365 Education Building. This staff provides initial advisement for all students entering the college, and supplements the advising at the faculty/departmental level. This staff can also explain certification and appeals procedures, and assist students with exploring career options.

The responsibility of contacting a faculty or college office adviser rests with the student. Students are given a general orientation to the college upon their initial enrollment in the college, are assigned a faculty adviser, are introduced to the services of the Program Advisement and Teacher Certification Office, and are periodically sent communications from the college. It is each student's responsibility, however, to seek advice, to become familiar with the academic information available in the University or college offices and the Undergraduate Catalog, and to meet the established graduation and/or certification requirements. Program revision, certification changes and shifts in the demands of the marketplace support a close adviser/student relationship.

Degree Audit
All juniors should request a degree audit by completing a Degree Audit Request Form in the Program Advisement and Teacher Certification Office, 365 Education Building. Once a degree audit is completed, the student is sent a listing of remaining unfulfilled graduation requirements. This information assists students in planning their senior year course selections.

Certification
Successful completion of a Bowling Green teacher education program with at least a 2.5 accumulative GPA usually results in one or more of the seven types of Ohio certificates.
described below. The only times that certification does not result is 1) when a student does not successfully complete the state-mandated competency examination, 2) when a student elects to graduate on Planned Program (see this page), or 3) when a student is following a set of degree requirements that no longer meets Ohio teacher certification standards. Since the State Department of Education has the authority to change certification requirements at any time, students may be required to complete additional requirements for certification.

All candidates seeking Ohio teacher certification must have a background check completed and must fill out an application(s) for certification. Applications, fingerprint cards and directions for completing them are available at the student teaching meeting which occurs the day before student teaching begins or from the Program Advisement and Teacher Certification Office. Completed certification applications and money orders should be submitted to 365 Education Building by the end of the second week of the student's final term of enrollment.

Ohio teaching certificates are not transferable to other states, but preliminary information on certification in other states is available in 365 Education Building.

Descriptions of the seven types of Ohio Four-year Provisional Teaching Certificates which a candidate can be recommended by Bowling Green State University follow.

Pre-Kindergarten
A graduate completing the child and family development major, possessing a 2.5 accumulative grade point average, and successfully completing the National Teachers Examination is eligible for a pre-kindergarten certificate. Early childhood majors meeting the aforementioned criteria qualify for a pre-kindergarten validation on the K-8 certificate.

Elementary
A graduate completing the elementary education major, possessing a 2.5 accumulative grade point average and successfully completing the National Teachers Examination is eligible for an elementary teaching certificate, valid for teaching grades one to eight. An elementary education major who meets the above criteria and who completes HDFS 224, EDCI 348, EDCI 357 and one of the following—EDFI 342, HDFS 321, PSYC 303—will be eligible for a K-8 certificate. Students pursuing a K-8 certificate must student teach or do methods field experience in kindergarten, first, second or third grade.

High School
A graduate completing a degree program with a major and/or minor in a secondary field, possessing a 2.5 accumulative grade point average and successfully completing the National Teachers Examination is eligible for a high school teaching certificate valid for teaching the major and/or minor subject area in grades seven through twelve. Majors and/or minors leading to junior and high school teaching include biology, bookkeeping and basic business, chemistry, computer science, earth science, economics, English, general science, geography, health, history, home economics, journalism, mathematics, music, physical education, physics, political science, psychology/sociology, sales, stenography and typing. Elementary education majors desiring high school certification must successfully complete the subject area major or minor, the special education secondary methods course(s) and the appropriate National Teachers Examination.

Comprehensive
A graduate completing a degree program in business education, communications, comprehensive science or comprehensive social studies is eligible for a comprehensive teachers certificate valid for teaching grades 7 and 8 in their respective major and for teaching grades 9-12 in their selected areas of concentration providing that a 2.5 accumulative grade point average and a successful score on the National Teachers Examination have been earned.

Special
A graduate completing one of the following major programs—art, foreign language, health, industrial technology education, music or physical education—is eligible for a special teaching certificate, valid for teaching the subject in all grades, kindergarten through twelve, providing that the candidate has a 2.5 accumulative grade point average and has successfully completed the National Teachers Examination.

Education of the Handicapped
A graduate completing one of the following majors—developmental handicaps, hearing handicaps, multihandicaps, severe behavior handicaps, specific learning disabilities—is eligible for a special exceptional children teaching certificate valid for teaching the major area in all grades, kindergarten through twelve, providing that the candidate has a 2.5 accumulative grade point average and has successfully completed the National Teachers Examination.

Vocational
A graduate completing a marketing education, family and consumer sciences or business education major is eligible for a vocational teaching certificate, providing that the candidate has a 2.5 accumulative grade point average and has successfully completed the National Teachers Examination.

Planned Program
(Graduation without certification)
Some students in the College of Education and Allied Professions decide late in the four-year sequence that they do not wish to teach or obtain teacher certification. Others may be counseled out of the teaching profession by advisers and professional education faculty. To accommodate such students, the college has a plan whereby students admitted to a program with at least a 2.5 accumulative grade point average can graduate but not be eligible for certification.

Students desiring to graduate under the planned program must complete a Planned Program Form, obtainable from and returnable to the Program Advisement and Teacher Certification Office, 365 Education Building.

If a planned program is approved, the student is not eligible for certification, and the student's official record in the registrar's office indicates "Not Eligible for Teacher Certification." Furthermore, if a candidate decides to pursue certification after a planned program has been approved, an appeal to be removed from the planned program must be filed. If approved, the candidate must meet the requirements for student teaching and certification eligibility in effect at the time of the desired student teaching and/or recommendation for certification.

Intercollege Curricula
A candidate for a degree from the College of Education and Allied Professions who desires a second degree from the College of Health and Human Services, College of Arts and Sciences, College of Business Administration, College of Musical Arts or College of Technology may take work in that college after graduation to complete degree requirements or qualify for the dual degree program prior to graduation. Students desiring a dual degree must:

1. secure permission of the dean of both colleges before the end of the junior year.
2. complete the requirements of both colleges for the degree sought.
3. complete at least 20 hours of credit beyond the hours required for a single degree.

A candidate for a degree in the College of Education and Allied Professions may elect a minor offered by one of the other BGSU colleges. The desired minor should be officially declared in 365 Education Building.

General Education
The College of Education and Allied Professions has a strong commitment to general education and consequently requires all candidates for baccalaureate degrees to demonstrate, through satisfactory completion of a minimum of 32-33 semester hours of general education credit (which includes a minimum of eight courses from the University general education core), that they have:

1. developed skills in listening, speaking, reading, writing, mathematics computa-
I. Communications and Mathematics
Minimum Total: 9 semester hours
A. Each student must satisfactorily complete ENG 112 (3); a penalty is imposed if ENG 112 is not completed before the junior year. (See page 8)
B. Each student must successfully complete IPC 102 (3) with a grade of C or better.
C. Each student must complete one of the following mathematics courses: MATH 115, 116, 120, 126, 128, 130, 131, 134, 135 or 232. Elementary, early childhood, child and family development and special education (EDSE) majors may complete MATH 241 and 242 (or 243) to fulfill the mathematics requirements.

II. Natural Science
Minimum total: 6 semester hours (two courses)
A. Each student must complete two of the following natural science courses: ASTR 201, 212; BIOL 101, 104, 204, 205; CHEM 100, 109/110, 117/118, 125, 127/128, 135, 137/138; GEOG 125; GEOL 100, 104, 105, 205, 215, 322; HNRS 250; PHYS 101, 201, 202, 211, 212.

III. Social and Behavioral Sciences
Minimum total: 6 semester hours (two courses)
Each student must complete two of the following: A&S 250; CAST 2011; ECON 100, 200, 202, 203; ENVS 210; ENVS 101, 301; GEOG 121, 122, 225, 230, 235, 331, 343, 344, 345, 349, 426, 452; GEOV 405; HIST 151, 152, 180, 205, 206, 310, 311, 370, 382, 411, 429, 470; HNRS 201, 240; POLS 110, 171, 172, 301, 355, 361, 372, 402, 403; PSYC 201; SOC 101, 202, 231, 581; TECH 502.

IV. Humanities and Arts
Minimum total: 5 semester hours (two courses)

V. Cultural Diversity in the United States
Minimum total: 3 semester hours (one course)
Each student must also select one of the following courses: AGS 250; EDSE 408; ENG 220, 242; ETHN 101, 120, 130, 210, 260, 301, 302, 410; GEOG 337; GERO 301; HDFS 107, 408; HIST 207, 319; MUCH 237, 431; PSYC 324; SOC 316; T Seminar 270; THEA 215; WS 200.

VI. Additional General Core Course
Minimum total: 3 semester hours (one course)
Each student must complete one additional course from categories II, III, IV or V.

Professional Requirements
All students pursuing programs leading to teaching certification must complete a sequence of courses in professional education. This coursework is integrated with directed observation and participation in school settings (field experiences) and is accompanied by on-campus clinical experiences. Professional education coursework required in each of the teacher education program areas is shown below.

Business education: BUSE 497; EDSE 202 or EDFI 202; EDSE 311; EDSE 360; EDSE 302; 402 and 408; EDAS 409; and BUSE 314, 364, 481, 482, 463 or 465; EDAS 409.

Music education: MUSI 497; MUSI 302, 402, 408; EDSE 311; EDSE 360; BUSE 314, 364, 481, 482, 463 or 465; EDAS 409.

Physical education, K-12 with elementary emphasis: KNS 492, 497; KNS 247 or EDSE 201 or EDFI 201; LEM 301 or VCT 203; EDSE 302 and 408; KNS 402; EDAS 409; and KNS 238, 241, 332, 337, 428, 433 and 438.

Secondary education: EDSE 201 or EDFI 201; EDSE 365; EDSE 302, 402 and 408; EDSE 311; EDSE 409; EDSE 370; and completion of the Secondary Professional Semester comprising the following courses: EDSE 360; EDSE 497; and one of the following: EDSE 391, 372, 374, 375, 376 or 378.

Severe behavior handicaps: EDSE 492 or 497; EDSE 202 or EDFI 201; EDSE 302; EDSE 402 or 429; EDAS 408; EDAS 409; EDSE 431, 437, 442 and 457.

Specific learning disabilities: EDSE 492 or 497; EDSE 202 or EDFI 202; EDSE 302, 402 or 429, 408; EDAS 409; and EDSE 431, 437, 442 and 457.

Technology education: TE 497; EDSE 202 or EDFI 202; VCT 203; EDSE 302, 402 and 408; EDAS 409; and TE 252, 352, 447, 449 and 458.

Visual arts: ARTE 492, 497; EDSE 202 or EDFI 202; EDSE 302, 402 and 408; EDAL 409; and ARTE 252, 352, 407, 452; ARTE 392 or EDSE 311.
Student Teaching

Student teaching is the culminating field experience in the student's teacher education program. During student teaching, the student devotes full-time to teaching and participates in the school's activities under the guidance of a cooperating teacher and the student's teacher. The student progresses from observation and directed teaching to give proper balance or concentration in teaching stations. Student teaching assignments for the student in public school music are individually planned to give proper balance or concentration in vocal or instrumental experience.

The college attempts to place student teachers in the best available stations. While student preferences are taken into consideration, they cannot be met in all cases. Stations must have both college and program approval. Students are responsible for their own transportation to student teaching stations.

Student teaching in a major area can only be repeated once. Thus only two opportunities to successfully complete student teaching in a major area are given.

All students who student teach in the spring semester must follow the spring break calendar of the school system to which they have been assigned; the University spring break is forfeited.

Upon completion of student teaching, students receive a copy of their student teaching evaluation report. Students should retain this copy for their records and future reference since the University does not include/retain this report/evaluation as part of the permanent record.

Student Teaching Eligibility Requirements

To be eligible for assignment in student teaching, the student must have:

1. Filed an application for student teaching at a sign-up meeting held the second Wednesday of fall semester for students planning to student teach the following spring and/or fall semester. Information is available in 365 Education Building.
2. Been fully admitted into the College of Education and Allied Professions (see College Retention).
3. Been fully accepted in a certification program either as an undergraduate or baccalaureate degree holder.
4. Completed 90 hours of university credit, including:
   a. EDCI 202 or EDFT 202 or a program alternative accepted by the College with a C or better.
   b. ENG 112
   c. IPC 102 with a C or better
   d. EDFT 302
5. Completed any additional program specific requirements listed on the official program check sheet available from the Program Advisement and Teacher Certification Office.
6. Earned an accumulative grade point average of 2.50 by the end of the semester prior to student teaching.

Students who are declared ineligible for student teaching have the right to appeal the decision via a letter to the Field Experience Appeals Committee.

Upon the recommendation of the Field Experience Appeals Committee, student teaching may be deferred, denied or approved by the dean of the College of Education and Allied Professions.

International Teacher Education Programs

The College of Education and Allied Professions offers interested education majors an opportunity to complete the educational component of student teaching in an international setting.

Selected individuals will be placed in an international school in Rio de Janeiro, Brazil, or Montreal, Canada, for a 10-week student teaching program. Student teaching abroad enables individuals to understand aspects of another country and its ramifications on the western world.

Interested students should direct initial inquiries to the Office of Field Experiences, 365 Education Building.

Majors/Minors/Content/Endorsements Area Requirements

Following is an alphabetical listing of the majors/minors/endorsements available in the College of Education and Allied Professions. Offerings in the School of Health, Physical Education and Recreation and in the Department of Family and Consumer Sciences are grouped by unit with selective cross-referencing in this list. Degree requirements for any of the majors and minors must also include the specified general education requirements; those majors and minors leading to Ohio teacher certification must be accompanied by specified professional education coursework as well. The coursework indicated has been approved by the College of Education and Allied Professions.

Checksheets indicating all required coursework (content, professional, general) for each major and/or minor are available in the Program Advisement and Teacher Certification Office, 365 Education Building. These checksheets also indicate College retention requirements and, when appropriate, student teaching eligibility requirements, program area admission/retention requirements, and certification eligibility requirements.

Select two of these: ART 261; 267; 320 or 321; 468; 365 or 366; ARTD 213 (6)
Select two of these: ART 325; 371 or 373; 277; 390; ARTD 211 (6)
ART History elective (3)
ART electives (6)
ART sequence study in one area (6)
ARTH 442, 456 or 457 (3)
PHIL 204 (3)

Other programs
Programs in art also are offered by the College of Arts and Sciences and its School of Art.

Astronomy

365 Education Building, 372-7372

Endorsement (leads to a strong background in astronomy, but does not lead to teacher certification) (8-9 hours)
ASTR 201 (3)
Two of these courses—ASTR 212, 305, 307, 403, 321 (5-6)

Other programs
Programs in astronomy also are available through the College of Arts and Sciences.

Athletic Coaching

See School of Health, Physical Education, and Recreation.

Athletic Training

See School of Health, Physical Education, and Recreation.

Biological Sciences

365 Education Building, 372-7372

Major (56-58 hours)
BIOL 204, 205, 301, 332, 350, 352, 451 (24)
BIOL 313 or 343 (4)
Select one: BIOL 407, 408, 411, 417, 431, 442, 443 (3-4)
Select one: BIOL 331, 343, 405, 413, 414, 420, 422, 424, 425, 427, 434, 435, 472, 473, 474, 476, 477 (3-4)
CHEM 125 or 135 (5)
CHEM 127/128 or 137/138 (5)
PHYS 201 (5)
GEOL 104 (4)
ASTR 201 or 212 or GEOG 125 or 213 (3)
Other programs
Programs in biological sciences are also offered through the College of Arts and Sciences.

Business Education
242 Business Administration Building, 372-2901

Major-Comprehensive business education (60 hours)
BUSE 101, 321, 210, 204, 205, 206, 207, 240, 304, 305, 306, 335, 455 (27)
ACCT 221, BA 203, ECON 202, LEGS 301 (12)
MGMT 355, MKT 300 (6)
Select one: ACCT 222 or ECON 203 (3)
Select 12 hours from MGT 402, 410, 430, 438, 440; ECON 302, 303, 304, 311; MKT 381; FIN 300; BUSE 307, 311, 401; CS elective (other than 100 or 130), MIS elective (other than 200) (12)

Upon graduation a student is eligible for vocational certification and high school certification for business education in grades 7 and 8 and bookkeeping/basic business and typing in grades 9-12 provided the state-prescribed examination has been successfully completed. Careful selection of the 12 hours of business electives could also lead to high school certification in economics, sales or stenography. Students must follow the checksheet given to them; the checksheet indicates the business electives that must be selected to qualify for one or more of the additional areas of secondary certification indicated above.

Minor-bookkeeping and basic business (30 hours) (leads to certification only if a certified major is also being pursued)
ACCT 221 and 222 (6)
BUSE 240, 321 and 335 (9)
MKT 300 and LEGS 301 (6)
ECON 202 and 203 (6)
Elective in ACCT, LEGS, ECON, MGT, MGMT (3)

Minor-sales (30 hours) (leads to certification only if a certified major is also being pursued)
BUSE 240 (3)
BA 203 (3)
MKT 300, 402, 410, 430, 440 (15)
ECON 202 and MGMT 305 (6)
Approved elective in ACCT, ECON, MGT, MGMT, LEGS (3)

Minor-stenography and typing (30 hours) (leads to certification only if a certified major is also being pursued)
BUSE 204, 205, 206, 210, 304, 311, 321, 335, 401, 455 (24)
BA 203 (2)
Elective selected from ECON, MGT, MGMT, LEGS (3)

Chemistry
365 Education Building, 372-7372

Major (49 hours)
CHEM 125, 127/128 (10) or CHEM 135, 137/138 (10)
CHEM 201 (for those having taken CHEM 125, 127/128) (8)
CHEM 341 and 342 (10)
CHEM 352 (3) or CHEM 405 (3-4)
CHEM electives selected from CHEM 321, 442, 413, 463, 308/309, 406, 407, 408, 445 (6-9)
Biol 204 or 205 (5)
PHYS 201 (5)
GEOG 104 (4)
ASTR 201 or 212 or GEOG 125 or 213 (3)

Other programs
Programs in chemistry also are offered through the College of Arts and Sciences.

Computer Science
365 Education Building, 372-7372

Major (30 hours)
CS 101, 205, 215, 217, 325 (15)
Select two: CS 324, 327, 335 (6)
Two CS electives at the 400 level, excluding CS 490 (6)
An approved societal impact course (see department for list) (3)
MATH 131 or 134 and 135 (5-6)
MATH 247 or 313 (3)
MATH 222 or 322 (3)
Students with a minor or joint major in MATH need not complete the listed MATH courses.

Other programs
Programs in computer science are also offered through the College of Arts and Sciences.

Child and Family Community Services
See Department of Family and Consumer Sciences.

Child and Family Development
See Department of Family and Consumer Sciences.

Communications
365 Education Building, 372-7372

Major (62-65 hours plus EDCI 420 and 349)
IPC 102, 201, 306 and 308 (12)
ENG 201 or 205 and 206 (4)
ENG 380 (4)
IPC 203 or 205 (3)
JOUR 103 and 414 (6)
JOUR 300 or 301 (3)
Select two, one of which must be ENG 266 or 267, ENG 264, 265, 266, 267 (6)

In addition to the 38 hours specified above, TWO areas of concentration of 12-15 hours each must be completed. The areas of concentration from which a student may choose are English, speech and journalism. Students must follow the checksheet given to them; the checksheet indicates the courses available for the areas of concentration. Upon graduation, a student is certified to teach communications in grades 7 and 8 and in the two areas of concentration selected in grades 9-12 provided the state-prescribed examination has been successfully completed.

Developmental Handicaps
451 Education Building, 372-7293

Major (See full admission, retention and student teaching eligibility requirements, page 91-93.) The following four-year plan indicates all the general education, curriculum content, specialization coursework and professional education coursework specifically required for graduation. The four-year plan indicates one way the coursework can be sequenced.

First year (29-30 hours)
ENG 112 (3)
Humanities/arts electives (5-6)
Approved social science electives (6)
Approved science electives (6)
GEOG 121, 122 or 230 (3)
Approved general education elective (3)
HIST 151, 152, 205, 206 or 180 (3)

Second year (30 hours)
IPC 102 (3)
EDFI 302 (3)
EDCI 202 or EDFI 202 (3)
MATH 241 (3)
EDSE 431 and 451 (6)
CDIS 223, 451 or 471 (3-4)
MATH elective (3)
MUED 248 or ARTE 482 (3)
One of the following: EDSE 421, 455, 459; PSYC 405; SOE 341; ARTE 230; EDCI 365 (3)

Third year (30 hours)
KNS 433 (3)
ENG 342 or 343 (3)
HED 346 (3)

Dance
See School of Health, Physical Education and Recreation.

Other programs
Programs in dance are also offered through the College of Arts and Sciences.
EDCI 349 (3)  
EDSE 433, 437, 454, 457, 484 (15)  

**Fourth year (34 hours)**  
EDSE 447 and 443 (4)  
EDSE 448 and 443 (4)  
EDSE 453 and 443 (4)  
EDSE 442 (3)  
EDAS 409 (3)  
EDFI 408 (3)  
EDSE 492/497 (10)  
Approved cultural diversity elective (3)

**Driver Education**  
See School of Health, Physical Education, and Recreation.

**Dual Certification**  
**Elementary and an area of Special Education**  
365 Education Building, 372-7372

A special dual certification program is available for students desiring certification in both elementary education and one of the following areas of special education—specific learning disabilities, developmental handicaps, multihandicaps, severe behavior handicaps. Students desiring this program must meet all of the full admission requirements for both the elementary and special education programs. The following plan indicates all the general education, professional education, curriculum content, specialization and area of concentration coursework specifically required, and indicates one way the coursework can be sequenced. Approximately 10 semesters are required for completion of the program.

**NOTE:** The program outlined below is the dual program leading to elementary and SLD or DH or SBH certification. Students desiring MH/Elementary certification must take EDSE 440, 443, 445 and 470 instead of EDSE 447, 448 and 453 during the fourth year.

**First year (31 hours)**  
ENG 112 (3)  
Approved arts/humanities electives (5-6)  
HIST 151, 152, 205 or 206 (3)  
BIOL 101 or 104 (3-4)  
IPC 102 (3)  
Select two from: GEOL 100, 101 or 104, PHYS 100, 101, 104; CHEM 100 (5-8)  
Approved social science elective (3)  
MATH 241 (3)  
Approved general education (3)  

**Second year (45-50 hours)**  
EDCI/FI 202 (3)  
MATH 242 (3)  
CDIS 223, 451 or 471 (3-4)  
HED 346 (3)  
EDFI 302 (3)  
EDCI 349 (3)  
MUED 248, ARTE 343 or ARTE 482 (3)  
ENG 342 or 343 (3)  
EDSE 431 (3)  
KNS 342 or 433 (3)  
Area of concentration (15-20)

**Third year (48 hours)**  
EDSE 433, 451, 484 (9)  
EDFI 408 (3)  
EDFI 402 or 429 (3)  
EDCI 350, 351, 352, 353, 355, 356, 365 (21)  
EDSE 454, 437, 457 (9)  
EDAS 409 (3)

**Fourth year (31 hours)**  
EDSE 447, 443, 448, 453, 442 (15)  
EDCI 492 (8)  
EDSE 492/497 (8)

**Early Childhood Education**  
See Department of Family and Consumer Sciences.

**Earth Science**  
365 Education Building, 372-7372

**Major (49-50 hours)**  
GEOL 104, 105 (8)  
GEOG 125, 213 (6)  
GEOL 302, 304 (8)  
GEOL 493 (6)  
Select one: GEOL 205, 215, 322, 415 (3-4)  
BIOL 204 or 205 (5)  
CHEM 125 or 135 (5)  
ASTR 201 or 212 (3)  
PHYS 201 (5)

**Economics**  
365 Education Building, 372-7372

**Major (30 hours)**  
ECON 202, 203, 303 (9)  
ECON electives (21)

**Other programs**  
Programs in economics also are offered through the College of Arts and Sciences and the College of Business Administration.

**Elementary Education**  
365 Education Building, 372-7372

**Major** See full admission, retention and student teaching eligibility requirements.

The elementary program requires completion of coursework in four areas—general education, professional education, curriculum content and at least a 20-hour area of concentration. All elementary education majors must complete specifically designated courses to fulfill the general education, professional education and curriculum content aspects of the program. They may, however, choose the area of concentration from the areas of concentration indicated on the elementary checksheet, available in 365 Education Building.

(The following four-year plan indicates all of the general education, curriculum content, and professional education coursework specifically required for graduation as an elementary education major. The four-year plan indicates one way this coursework and the area of concentration can be sequenced.)

**First year (31 hours)**  
ENG 112 (3)  
Elective (3)  
Approved science elective (2-3)  
IPC 102 (3)  
BIOL 101 or 104 (3-4)  
GEOL 100, 104, CHEM 100 or PHYS 101 (3)  
HIST 151, 152, 205 or 206 (3)  
Arts and humanities electives (5-6)  
Social science electives (6)

**Second year (27-30 hours)**  
EDCI/FI 202 (3)  
MUED 248 (3)  
CDIS 471 (3)  
MATH 241 (3)  
EDFI 302 (3)  
MATH 242 (3)  
Area of concentration (9-12)

**Third year (30-31 hours)**  
HED 346 (3)  
ENG 342 (3)  
EDCI 349 (3)  
KNS 342 (3)  
ARTE 343 (3)  
EDCI 365 (3)  
EDFI 408 (3)  
EDSE 311 (2)  
Area of concentration (7-8)

**Fourth year (34 hours)**  
EDFI 402 (3)  
EDFI 350, 351, 352, 353, 355, 356 (18)  
EDAS 409 (3)  
EDCI 492 (10)  
Completion of EDCH 357; HDFS 224; EDCH 348; and EDCH 340 or PSYC 303 or HDFS 321, and completion of student teaching or methods field experience in a kindergarten, first, second or third grade setting will qualify an elementary education major for K-8 certification.

Elementary education majors also desiring developmentally handicapped, specific learning disabled, multihandicapped or severe behavior handicapped certification, should follow the dual certification program indicated on the preceding page.
English
201 University Hall, 372-2576

Major (38 hours beyond English 112, plus
EDCI 420 and A&S 250 (3)

Group I
- Select one: ENG 201 or 205 or 206 (4)

Group II
- ENG 301, 343 (6)
- Select one: ENG 261 or 306 (3)
- Select two (at least one must be ENG
  265 or 267): ENG 264, 265, 266,
  267 (6)
- Select one: ENG 320, 323, 325, 330, 333,
  335 (3)
- Select one: ENG 310 or if topic is
  appropriate ENG 423 (3)

Students are urged to take at least one
British literature course (other than
Shakespeare). A second major author course
is also recommended.

Group III
- ENG 380*, 391*, 483 (10)
- Select one: ENG 481 or 482 or 484 (3)
- ENG 207, 208, 251 and 388 are also
  recommended.

*Prerequisites for EDCI 371. Students
should also complete Groups I and II before
taking EDCI 371.

Minor (29 hours of English beyond ENG 112
plus EDCI 420) (leads to certification only if a
certified major is also being pursued)

Group I
- Select one: ENG 201 or 205 and 206 (4)

Group II
- ENG 301 (3)
- Select one: ENG 261 or 306 (3)
- Select two: ENG 264, 265, 266 or 267 (6)
  (at least one must be ENG 265 or
  267)
- Select one: ENG 320, 323, 325, 330, 333,
  or 335 (3)
- ENG 310 and 343 are also recom-
  mended.

Group III
- ENG 380, 381, 483 (10)
- One of the following courses is also
  recommended—ENG 207, 208, 251,
  386, 481, 482, 484.

Environmental Education
365 Education Building, 372-7372

Minor (does not lead to certification) (21-22
hours)

BIOL 101 (3)
- Select two of these—EDCI 415, 490, 416
  (6)
- Select four of these—BIOL 104, GEOG
  331, GEOG 442, HIST 338, ECON
  435, POLS 335, POLS 336, PHIL 332,
  ENVR 421 (12-13)

Exercise Specialist
See School of Health, Physical Education and
Recreation.

Family and Consumer Sciences
See Department of Family and Consumer Sciences.

French
365 Education Building, 372-7372

Major (33 hours of French beyond 202)
FREN 351, 352, 353, 361, 362, 371, 372
(21)
FREN electives at 400-level (at least one
course with francophone content must be
included) (12)

Other programs
Programs in French also are available
through the College of Arts and Sciences.

Geography
365 Education Building, 372-7372

Major (30 hours)
Select two from this group: GEOG 125,
126, 127, 213, 404, 433, 455, 457 (6)
Select two from this group: GEOG 225,
230, 237, 238, 327, 326, 331, 333,
334, 335, 402, 426, 436, 442, 452,
475 (6)
Select two from this group: GEOG 341,
342, 343, 344, 345, 346, 347, 349,
351 (6)
Geography electives (12)

Other programs
Programs in geography also are offered
through the College of Arts and Sciences.

German
365 Education Building, 372-7372

Major (31 hours of German beyond 202)
GERM 317, 318, 417 (9)
Select two: GERM 315, 316, 416 (6)
GERM 311 or 313 (3)
GERM 491 (Senior Project) (2)
GERM electives beyond 202 (GERM 260
and 360 may not be counted
00-level toward the major) (11)

Other programs
Other programs in German also are available
through the College of Arts and Sciences.

History
365 Education Building, 372-7372

Major (33 hours)
HIST 205, 206, 480 (9)
Select one: HIST 151, 152 or 180 (3)
History electives (21) Included in these
21 hours must be three 400-level

Hearing Handicaps
451 Education Building, 372-7293

Major (See full admission, retention and
student teaching eligibility requirements. The
following four-year plan indicates all of the
general education, curriculum content,
specialization coursework and professional
education coursework specifically required
for graduation as a hearing handicaps major.
The four-year plan indicates one way the
coursework can be sequenced.)

First year (29 hours)
- Social science electives (6)
- Science electives (6)
- Humanities electives (5-6)
- IPC 102 (3)
- ENG 112 (3)
- CDIS 223 (3)
- General education elective (3)

Second year (33 hours)
- EDSE 431 and 451 (6)
- CDIS 224 and 302 (6)
- ART 101 or ARTH 145 or 146 or ARTE
  343 or 482 (3)
- MATH 241 (3)
- EDCI 349 (3)
- EDCI/FI 202 (3)
- MUCH 101 or 125 or MUED 248 (3)
- Math elective (3)
- EDFI 302 (3)

Third year (36 hours)
- EDSE 442 (3)
- EDFI 402 or 429 (3)
- EDFI 408 (3)
- CDIS 361 (3)
- EDSE 461 and 462 (6)
- EDSE 464 and 466 (6)
- KNS 433 (3)
- HED 346 (3)
- Cultural diversity elective (3)
- ENG 342 (3)

Fourth year (35 hours)
- EDSE 463/443 and 465/443 (6)
- EDAS 409 (3)
- EDSE 492/497 (10)
- EDSE 457 and 467/443 (7)
- EDCI 365 (3)
- EDSE 459 and 460 (6)

Health
See School of Health, Physical Education,
and Recreation.
courses and at least one course from each of the following groups:
Select one: HIST 357, 363, 367, 377, 415, 444, 448, 454, 458, 459, 464, 469, 470, 471 (3)
Select one: HIST 304, 305, 309, 310, 311, 315, 340, 360, 381, 382, 386, 401, 411, 413, 414, 441, 442, 462, 483, 486 (3)

Other programs
Programs in history are also offered through the College of Arts and Sciences.

Journalism
365 Education Building, 372-7372

Major (31 hours)
JOUR 103, 300, 414 (9)
JOUR 205, 303, 304, 330, 331, 340, 404 (21)
JOUR 412 (1-3)

Other programs
Other programs in journalism are offered through the School of Mass Communication in the College of Arts and Sciences.

Latin
365 Education Building, 372-7372

Major (31 hours beyond 202)
Courses in LAT beyond 202 (31) (Included may be LAT 480, 481, 485 and a maximum of 6 hours of Greek)

Other programs
Other programs in Latin also are offered by the College of Arts and Sciences.

Marketing Education
250 Business Administration Building, 372-8039

Major (45 hours)
BUSE 101 and 240 (6)
BA 203 (3)
ECON 202 (3)
MKT 300, 402, 410, 430 (12)
BUSE 204, 205 and 206 or MIS 200 (3)
ACCT 221 or 325 (3)
MGMT 300 or 305 (3)
Select 12 hours of electives from the 38 courses specified on checksheet available in 365 Educ. Bldg. (12)

Mathematics
365 Education Building, 372-7372

Major (35 hours)
MATH 131, 232, 233, 322, 332, 402, 441 (26)
MATH elective at 300/400 level, excluding 395, 414, 490, 495 (3)
MATH 339 or 403 (3)
MATH 421 or 465 (3)

Minor (31 hours)
MATH 131, 232, 233, 322, 332, 402 (22)
MATH 339 or 403 (3)
Two MATH electives selected from MATH 247 or any course excluding 395, 414, 490, 495; one 400-level course must be included (6)

Other programs
Programs in mathematics also are offered by the College of Arts and Sciences.

Multihandicaps
451 Education Building, 372-7293

Major (See full admission, retention and student teaching eligibility requirements. The following four-year plan indicates all of the general education, curriculum content, specialization coursework and professional education coursework specifically required for graduation as a multihandicaps major. The four-year plan indicates one way the coursework can be sequenced.)

First year (29-30 hours)
ENG 112 (3)
Humanities/arts electives (5-6)
Approved science electives (6)
GEOG 121, 122 or 230 (3)
General education elective (3)
HIST 151, 152, 180, 205 or 206 (3)
Approved social science electives (6)

Second year (30 hours)
EDFI 302 (3)
IPC 102 (3)
EDCI 202 or EDFI 202 (3)
MATH 241 (3)
EDSE 431 and 451 (6)
CDIS 233, 451 or 471 (3-4)
MATH elective (3)
MUED 248 or ARTE 482 (3)
One of the following: EDSE 421, 456, 459, PSYC 405; SOC 341; ARTT 230; EDCI 365 (3)

Third year (30 hours)
KNS 433 (3)
ENG 342 or 343 (3)
HED 346 (3)
EDCI 349 (3)
EDSE 437 (3)
EDFI 402 or 429 (3)
EDSE 433, 454, 457, 484 (12)

Fourth year (33 hours)
EDSE 440 and 443 (4)
EDSE 445 and 443 (3)
EDSE 470 and 443 (4)
EDSE 442 (3)
EDAS 409 (3)
EDFI 408 (3)
EDSE 492/497 (10)
Approved cultural diversity elective (3)

Music
1031 Musical Arts Building, 372-2181

Major (see College of Musical Arts.)
All prospective music minors must complete the music entrance examinations (see College of Musical Arts)

Minor-secondary instrumental (31-33 hours)
MUCH 131, 132, 231 (11)
MUCH 141, 142 (4)
MUED 150, 151 or 154 (1-2)
MUSP major instrument (3)
MUSP 305 and 306 (4)
MUED 340 (6-7)*
MUSP large ensembles (2)

Minor-secondary vocal (31-33 hours)
MUCH 131, 132, 232 (10)
MUCH 141, 142 (4)
MUED 150, 151 or 154 (1-2)
MUED 170, 177 or studio voice (4)
MUSP 305, 306 (4)
MUED 340 (6-7)*
MUSP large ensembles (2)

* See prerequisites, College of Musical Arts.

Other programs
Programs in music also are offered by the College of Musical Arts and College of Arts and Sciences.

Philosophy
365 Education Building, 372-7372

The following endorsements lead to a background in philosophy, but do not lead to teacher certification:
Endorsement—teaching courses in philosophy (15 hours)
PHIL 101, 103, 470 (9)
PHIL 102 or 204 (3)
EDFI 408 (3)
Endorsement—philosophy as a supplement to major field of study (15 hours)
PHIL 101, 103 (6)
EDFI 408 (3)
PHIL electives (6)

Other programs
Other programs in philosophy also are offered through the College of Arts and Sciences.
Physical Education
See School of Health, Physical Education, and Recreation.

Physics
365 Education Building, 372-7372
Major (49 hours of physics plus MATH 232)
PHYS 211 and 212 (10)
PHYS 270, 301, 317, 360 (10)
PHYS 303 and 307 (6)
MATH 232 (5)
Biol 204 or 205 (5)
CHEM 125 or 135 (5)
ASTR 201 or 212 (3)
GEOL 104 (4)
PHYS electives at 300/400 level (6)
Other programs
Programs in physics also are offered through the College of Arts and Sciences.

Political Science
365 Education Building, 372-7372
Major (30 hours)
POLS 110, 331, 416 (9)
Select two: POLS 345, 346, 440, 443 (6)
Select two: POLS 351, 354, 355, 361, 366, 388, 458, 462 (6)
Select one: POLS 272, 460, 473, 475 (3)
Select one: POLS 361, 303, 423, 459 (3)
POLS elective at 300/400 level (3)
Other programs
Programs in political science also are offered by the College of Arts and Sciences.

Psychology/Sociology
365 Education Building, 372-7372
Major (37-39 hours)
PSYC 201 (4)
SOC 101, 202 (6)
Select three: PSYC 303, 307, 405, 460 (9)
Select three: SOC 231, 312, 340, 361 (9)
Select either Option A or Option B (9-10)
Option A—PSYC 270, PSYC 290, SOC 301 (11)
Option B—PSYC 359, SOC 370, PSYC 311 (9)
Other programs
Programs in psychology are also offered by the College of Arts and Sciences.

Recreation
See School of Health, Physical Education and Recreation.

Restaurant Management
See Department of Family Consumer Sciences.

Russian
365 Education Building, 372-7372
Major (29 hours beyond 202)
RUSN 317, 318, 417 (9)
RUSN 320, 419 (4)
RUSN 401, 480 (readings in literature) (6)
RUSN electives beyond 202 (10)
Other programs
Programs in Russian also are offered by the College of Arts and Sciences.

Science Comprehensive
365 Education Building, 372-7372
Major (62 hours)
GEOL 104 or 105 (4)
GEOG 125 or 213 (3)
CHEM 125 or 135 (5)
Biol 204 or 205 (5)
ASTR 201 or 212 (3)
PHYS 201 or 211 (5)
In addition to the 25 hours specified above, TWO areas of concentration must be completed. The areas of concentration from which a student may choose are biology, earth science, chemistry, physics. Students must follow the checksheet given them; the checksheet indicates the courses appropriate for the areas of concentration. Upon graduation a student is certified to teach science in grades 7 and 8 and the areas of concentration selected in grades 9-12.
Minor (general science) (34-37 hours)
Biol 204, 205 (10)
PHYS 201, 202 OR 211, 212, 301 (10-13)
CHEM 125, 127/128 OR 135, 137/138 (10)
GEOL 104 (4)

Secondary Education
365 Education Building, 372-7372
Major (Biology, Chemistry, Communications, Computer Science, Earth Science, Economics, English, Geography, History, Journalism, Mathematics, Physics, Political Science, Psychology/Sociology, Science Comprehensive, Social Studies.) See individual heading for coursework required in the above areas. During the senior year, students are enrolled in the Secondary Professional Semester (SPS) which involves the following courses: EDCI 360, one of the following advanced methods courses (EDCI 371, 372, 374, 375, 376 or 378) and student teaching EDCI 497. During the first six weeks students spend three days on campus enrolled in the professional education courses and two days in the schools where their student teaching experience will be completed the last ten weeks of the semester.

Severe Behavior Handicaps
451 Education Building, 372-7293
Major (See full admission, retention and student teaching eligibility requirements.) The following four-year plan indicates all of the general education, curriculum content, professional education and specialization coursework specifically required for graduation as a severe behavior handicaps major. The four-year plan indicates one way the coursework can be sequenced.

First year (29-30 hours)
ENG 112 (3)
Approved social science electives (6)
Humanities/arts electives (5-6)
Approved science electives (6)
GEOP 121, 122 or 230 (3)
Approved general education elective (3)
HIST 151, 152, 205, 206 or 180 (3)
Second year (30 hours)
IPC 102 (3)
EDFI 302 (3)
EDCI 202 or EDFI 202 (3)
MATH 241 (3)
EDSE 431 and 451 (6)
CDIS 223, 451 or 471 (3-4)
Math elective (3)
MUED 248 or ARTE 482 (3)
One of the following: EDSE 421, 456, 459; PSYC 405; SOC 341; ARTT 230; EDCI 365 (3)
Third year (30 hours)
KNS 433 (3)
ENG 342 or 343 (3)
HED 346 (3)
EDCI 349 (3)
EDSE 437 (3)
EDFI 402 or 423 (3)
EDSE 433, 454, 457, 484 (12)
Fourth year (34 hours)
EDSE 447 and 443 (4)
EDSE 448 and 443 (4)
EDSE 453 and 443 (4)
EDSE 442 (3)
EDAS 409 (3)
EDFI 408 (3)
EDSE 492/497 (10)
Cultural diversity elective (3)

Social Studies
365 Education Building, 372-7372
Major (60 hours)
SOC 101 and HIST 205 (6)
GEOP 230 (3)
ECON 200 or 203 (3)
POLS 110 (3)
In addition to the 15 hours specified above, TWO areas of concentration of 18-19 hours each must be completed. The areas of concentration from which a student may choose are history, economics, geography, political science, sociology/psychology. In addition, 8-9 hours of additional social science must be completed outside the areas of concentration for a minimum total of 60 semester hours.

A student desiring an American studies concentration in this major must complete/ include ACS 200, 230 and 400 in the "additional social science" category; must complete ENG 266 and 267; and must complete history and either geography or political science as areas of concentration.

Students must consult an assigned social studies adviser and follow the checksheet given them. The checksheet indicates the courses appropriate for the areas of concentration. Upon graduation a student is certified to teach social studies in grades 7 and 8 and the areas of concentration selected in grades 9-12, provided the state-prescribed examination has been successfully completed.

## Spanish

365 Education Building, 372-7372

**Major** (33 hours beyond 202)
- SPAN 351, 352, 367, 368, 371 (15)
- SPAN 377 and 378 (6)
- SPAN electives at 400-level (12)

**Other programs**

Programs in Spanish also are offered by the College of Arts and Sciences.

## Special Education

See hearing handicaps; developmental handicaps; multihandicaps; severe behavior handicaps; and specific learning disabilities. Also see adapted physical education in the School of Health, Physical Education and Recreation.

**Special Education Minor** (does not lead to certification) (15 hours)
- EDSE 311 or 431 (2-3)
- EDSE 439 (3)
- EDSE 451 or 454 (3)

Select 7 hours from this group—EDSE 421, 432, 437, 440, 441, 442, 443, 445, 447, 448, 453, 456, 457, 461, 462, 463, 464, 465, 470 (7)

## Sport Management

See School of Health, Physical Education and Recreation.

## Sport Specialist

See School of Health, Physical Education and Recreation.

## Technology Education

260 Technology Building, 372-2437;
365 Education Building, 372-7372

**Major**—Technology Education

**First year** (30 hours)
- ENG 112 (3)
- IPC 102 (3)
- Humanities elective (3)
- EDFI 202 or EDFI 202 (3)
- DESN 104 or 204 (3)
- MFG 112 (3)
- ETE 101 (3)
- ETE 191 (3)
- CONS 235 (3)
- ETE 102 (3)

**Second year** (34 hours)
- PSYC 201 (4)
- Natural science electives (6)
- CS 100, 101 or MIS 200 (3)
- VCT 203 (3)
- MATH 128 (5)
- MFG 229 (4)
- MFG 322 (3)
- TE 252 (3)
- TECH elective (3)

**Third year** (30 hours)
- Core elective (3)
- EDFI 302 (3)
- TE 462 (3)
- TE 352 (3)
- MFG 329 (3)
- CONS 306 (3)
- EDFI 402 (2)
- DESN 301 or 404 (3)
- TECH 302 (3)
- Humanities elective (3)

**Fourth year** (30 hours)
- Elective (2-3)
- TE 497 (10)
- EDAS 409 (3)
- EDFI 408 (meets cultural diversity requirement) (3)
- TE 449 (3)
- TE 447 (3)
- TECH electives (6)

**Minor**—Industrial Technology Education (36 hours)

This minor in technology education is restricted to teacher education majors and practicing teachers in the following areas: comprehensive science, physics, chemistry, biology, earth science, social studies, environmental science, or computer science. Alternatively, students and practicing teachers from other areas may petition for admission through the technology education faculty. This minor leads to high school certification for industrial technology education, provided a certified major is (or has been) successfully completed.
- TECH 101 or 102 or 302 (by advisement) (3)
- DESN electives (by advisement) (6)
- TE 352 (3)
- TE 447 (3)
- TE 449 (3)
- MFG 112 (3)
- MFG 220 (3)
- MFG 322 (3)
- ET 191 (3)
- CONS 235 or 306 (3)
- VCT 203 (3)

## Specific Learning Disabilities

451 Education Building, 372-7293

**Major** See full admission, retention and student teaching eligibility requirements. The following four-year plan indicates all of the general education, curriculum content, professional education and specialization coursework specifically required for graduation as a specific learning disabilities major.

**First year** (29-30 hours)
- ENG 112 (3)
- Humanities/arts electives (5-6)
- Approved social science electives (6)
- Approved science electives (6)
- GEOG 121, 122 or 230 (3)
- Approved general education elective (3)
- HIST 151, 152, 205, 206 or 180 (3)

**Second year** (30 hours)
- IPC 102 (3)
- EDFI 302 (3)
- EDFI 202 or EDFI 202 (3)
- MATH 241 (3)
- EDSE 431 and 451 (6)
- CDIS 223, 451 or 471 (3-4)
- Math elective (3)
- MUED 249 or ARTE 482 (3)
- One of the following: EDSE 421, 456, 459; PSYC 405; SOC 341; ARTT 230; EDSE 355 (3)

**Third year** (30 hours)
- KNS 433 (3)
- ENG 342 or 343 (3)
- HED 346 (3)
- EDSE 349 (3)
- EDSE 437 (3)
- EDFI 402 or 429 (3)
- EDSE 433, 454, 457, 484 (12)

**Fourth year** (34 hours)
- EDSE 447 and 443 (4)
- EDSE 448 and 443 (4)
- EDSE 453 and 443 (4)
- EDSE 442 (3)
- EDAS 409 (3)
- EDFI 408 (3)
- EDSE 492/497 (10)
- Cultural diversity elective (3)
Program Advisement and Teacher Certification Office, 365 Education Building, BGSU, Bowling Green, Ohio 43403.

3. Successful completion of at least 60 semester hours. Note: Transfer students must complete at least 15 of the 60 hours at BGSU with a BGSU GPA of at least 2.5.

4. A ranking in the top 100 of all "pre-elementary" students meeting the first three criteria according to the following policy:

   The elementary education program area accepts a maximum of 100 students each semester of the academic year—100 at the end of fall semester and 100 at the end of spring semester for a total number of 200 students per year. If a student becomes eligible for admission consideration because of summer school work, he/she will not be considered for admission until the end of fall semester. If more than 100 pre-elementary education students meet criteria 1, 2 and 3 above in a particular semester, all eligible students will be rank-ordered according to GPA. The top 90 eligible students will be admitted. An additional 10 will be admitted based on GPA and/or need to assure equal access to eligible students from historically underrepresented populations. It is possible for a student, therefore, to meet all eligibility requirements and not be admitted to the program.

Admission to the program, however, is guaranteed if a student meets all eligibility requirements and possesses a GPA of 3.25 or better. If a completely eligible pre-elementary education student has not been admitted to the program after being considered for admission twice, the student should consult his or her assigned adviser and/or a counselor in the Counseling Center to discuss career alternatives. The elementary education program is a competitive one, since admission is limited to 200 students per year. An appeals procedure exists to handle potential errors in the admission process and to consider student appeals relating to exceptional circumstances.

Pre-elementary education students admitted to the program will be classified as "elementary education" students and subsequently permitted to enroll in elementary methods courses—EDCI 350, 351, 352, 353, 355 and 356. (No student having the label of pre-elementary education will be permitted to take these courses.) Students admitted to the elementary education program will receive information about the two delivery systems for the methods coursework with their acceptance letters and will be asked to return a form indicating a preferred term/delivery system for these courses. The elementary program area, however, reserves the right to assign the term/delivery system.

Student Teaching Eligibility Requirements

1. Full acceptance into elementary program (this includes C or better in ENG 112, IPC 102, EDCI/ FI 202, MATH 241, 242 or 243 and EDFI 302).

2. 90 semester hours of college credits.

3. Completion of all methods courses (EDCI 350, 351, 352, 353, 355 and 356) with a grade of C or better.

   a. Method courses must be taken at BGSU unless consent of Review Board is given. Method courses must also be completed within the five-year period immediately preceding student teaching.

   b. No method course in elementary education (EDCI prefix) may be taken more than twice without the permission of the Review Board gained through the appeals procedure.

4. Application for student teaching is made at a sign-up meeting held the second Wednesday of fall semester for students planning to student teach the following spring and/or fall semester. Information is available in 365 Education Building.

5. Accumulative grade point average of 2.5 (with no incompletes in courses designated as student teaching prerequisites) at the end of the semester prior to student teaching.

Eligibility for student teaching can be revoked for reasons such as basic skills deficiency, poor interpersonal communication and unprofessional behavior by the written recommendation of two or more elementary teacher education faculty members, supported by the Review Board.

Foreign Language

(French, German, Latin, Russian and Spanish Education Majors)

To be fully admitted to one of the above foreign language programs a candidate must have a 2.5 accumulative grade point average, must have completed the 202 level of the language or equivalent, and must have completed a diagnostic test evaluating the four language skills of the candidate.

To be eligible for graduation and certification as a foreign language major a candidate must have a 2.5 accumulative grade point average, must have a 2.75 major point average, must demonstrate to the Foreign Language Education Committee that serious deficiencies indicated by the
Special Education
(Developmental Handicaps; Specific Learning Disabilities; Severe Behavior Handicaps; Multihandicaps; Hearing Handicaps)

All students desiring full admission to a special education program must meet specific admission criteria. Prospective special education majors will be assigned a special education adviser, given a special education checklist to follow, and advised to take courses required in the special education major they are pursuing. They will, however, need to be fully admitted in the program before enrollment in EDSE methods courses will be permitted.

Prerequisites for Full Acceptance
1. Completion of a minimum of 60 semester hours.
2. Completion of the following courses with a grade of C or better:
   - ENG 112
   - IPC 102
   - EDCI/EDFI 202
   - Attainment of a minimum BGSU GPA of 2.5.

To be permitted to student teach, a secondary education major must meet the following student teaching eligibility requirements:
1. Full acceptance into the secondary education program.
2. Completion of 90 semester hours of University credits.
3. Completion of the following courses with a grade of C or better:
   - EDCI 370
   - EDCI 37X (Content Methods Course)
   - EDCI 360
   - EDFI 302
4. No incompletes in courses that are prerequisites for student teaching.
5. Recommendations of content methods course instructor, clinical supervisor and cooperating teacher(s)
6. Attainment of a minimum cumulative GPA of 2.5.
7. Attainment of a minimum 2.2 GPA in the content specialty area.

In addition to meeting all of the course and hour requirements for graduation, all secondary education majors must meet the following additional graduation requirements:
1. Completion of all professional education courses with C or higher.
2. Attainment of a BGSU GPA of 2.5.
3. Satisfactory completion of the state-prescribed teacher tests.
4. All appeals will be processed through the normal departmental and college processes.

Physical Education
(See School of Health, Physical Education and Recreation)

Secondary Education
Biology, Chemistry, Communications, Computer Science, Earth Science, Economics, English, Geography, History, Journalism, Mathematics, Physics, Political Science, Psychology/Sociology, Science Comprehensive, Social Studies majors

All students desiring full acceptance to one of the secondary education majors listed above must meet the following criteria:
1. Completion of a minimum of 60 semester hours.
2. Completion of the following courses with a grade of C or better:
   - ENG 112
   - IPC 102
   - EDCI/EDFI 202
3. Attainment of a minimum BGSU GPA of 2.5.

To be permitted to student teach, a secondary education major must meet the following student teaching eligibility requirements:
1. Full acceptance into the secondary education program.
2. Completion of 90 semester hours of University credits.
3. Completion of the following courses with a grade of C or better:
   - EDCI 370
   - EDCI 37X (Content Methods Course)
   - EDCI 360
   - EDFI 302
4. No incompletes in courses that are prerequisites for student teaching.
5. Recommendations of content methods course instructor, clinical supervisor and cooperating teacher(s)
6. Attainment of a minimum cumulative GPA of 2.5.
7. Attainment of a minimum 2.2 GPA in the content specialty area.

In addition to meeting all of the course and hour requirements for graduation, all secondary education majors must meet the following additional graduation requirements:
1. Completion of all professional education courses with C or higher.
2. Attainment of a BGSU GPA of 2.5.
3. Satisfactory completion of the state-prescribed teacher tests.
4. All appeals will be processed through the normal departmental and college processes.
Department of Family and Consumer Sciences

206 Johnston Hall, 372-2026

Degree programs offered by the Department of Family and Consumer Sciences address the several functions used by individuals in a family environment: clothing, shelter, nutrition, care of the elderly, development of young children, management of resources. Degrees in family consumer sciences are offered through the Colleges of Education and Allied Professions, Arts and Sciences, and Health and Human Services. The department provides students with the opportunity to major in foods and nutrition; the department provides students with the opportunity to major in foods and nutrition; family community services; and textiles, clothing and interior design. There are 12 undergraduate majors, which are identified below by college and degree.

Individuals completing degree requirements within family consumer sciences must meet the general education requirements specified by the college in which the program is housed. Advisers are available within the department to meet with students and to discuss admission standards, degree requirements and employment opportunities related to each of the major programs.

Bachelor of Science in Education

Teacher Certification Programs
(See introduction to College of Education and Allied Professions for general education requirements.)

Early Childhood Education
206 Johnston Hall, 372-2026

Major (meets pre-kindergarten, kindergarten, and elementary certification requirements provided the state-prescribed tests are also successfully completed. This triple certification will involve 9-10 semesters of full-time enrollment to complete. Also see full admission requirements under the College of Education and Allied Professions.)

First year (28 hours)
- ENG 112 (3)
- HIST 151, 152, 205 or 206 (3)
- BIOL 101 or 104 (3-4)
- IPC 102 (3)
- Approved arts & humanities electives (5-6)
- Approved social science electives (5)
- Select text(s) from GEOG 100, 101, 104; PHYS 100, 101, 104; CHEM 100 (5-8)

Second year (36 hours)
- EDCI/FI 202 (3)
- MATH 241 and 242 (6)
- EDFI 302 (3)
- EDCI 349 (3)
- Area of concentration (15-33)
- HDFS 224, 320 (6)

Third year (48 hours)
- HED 346 (3)
- ENG 342 (3)
- MUED 248 (3)
- KNS 342 (3)
- ARTE 343 (3)
- EDCI 348, 350, 351, 352, 353, 355, 356, 357 (24)
- HDFS 321, 322, 421 (9)

Fourth year (33 hours)
- EDFI 402 or 429 (3)
- EDFI 408 (3)
- CDIS 471 (3)
- EDSE 311 or 421 (2-3)
- EDAS 409 (3)
- EDCI 365 (3)
- EDCI 492 (10)
- HDFS 422, 423 (6)

Pre-Kindergarten Validation/Minor
(Leads to pre-kindergarten validation for students who are majoring in or who hold a valid teaching certificate in kindergarten-primary, elementary, family and consumer sciences or the special certificate for education of the handicapped provided the state-prescribed test is successfully completed.) (21 hours)
- HDFS 224, 320, 321, 322, 421, 422, 423

Family and Consumer Sciences Education
206 Johnston Hall, 372-2026

Major—family and consumer sciences education
The program options in family and consumer sciences education are designed to prepare those who wish to teach family and consumer sciences from junior high school through adult education. The curricula are designed to meet the educational requirements necessary for the certificate options available in vocational consumer homemaking education, child care services job training, community and human services job training, fabric services job training, food services job training, multi-area job training and family consumer sciences education.

First year (30 hours)
- Approved science electives (6)
- MATH elective (3)
- ENG 112 (3)
- AMID 101 (3)
- HDFS 105 (3)
- Approved social sciences electives (6)
- IPC 102 (3)
- Approved arts & humanities elective (3)

Second year (32 hours)
- F&N 210, 212 and 207 (9)
- FCS 205 and 250 (6)
- AMID 103 and 202 (6)
- Approved arts & humanities elective (2-3)
- EDFI 302 (3)
- EDCI/FI 202 (3)
- General education elective (3)

Third year (27 hours)
- FCS 311, 352 and 353 (9)
- HDFS 321 and 322 (6)
- ECON 200 (3)
- EDCI 360 (2)
- EDSE 311 (2)
- LEM 301 (2)
- AMID 303 (3)

Fourth year (33 hours)
- FCS 354 and 405 (5)
- AMID 406 (3)
- HDFS 302 (3)
- EDFI 402 (3)
- FCS 497 (10)
- EDSE 409 (3)
- EDFI 408 (3)
- Cultural diversity elective (3)

A family and consumer sciences education major with the preceding program may prepare for an additional certificate to teach job training in secondary vocational programs by completing the following additional coursework. In addition to the coursework specified, occupational work experience for three hours is also required.
Child care services-job training (32 hours)
FCS 389 (3)
ENG 342 (3)
MGMT 305 or ACCT 325 (3)
KNS 342 (3)
HDFS 224, 320, 421, 422, 423 (15)
FCS 489 (5)

Community and home services-job training (32 hours)
FCS 311, 405 (6)
HED 209 (3)
MGMT 305 or ACCT 325 (3)
HED 313 (3)
FCS 389 (3)
FCS 489 (6)
ECON 200 (3)
F&N 335 (3)

Fabric services-job training (30 hours)
FCS 389, 489 (9)
AMID 313, 404, 412, 414 and 417 (15)
ART 103 (3)
MGMT 305 or ACCT 325 (3)

Food service-job training (30 hours)
FCS 389 (3)
F&N 331, 333, 431 and 433 (12)
F&N 230, 437, 335 (9)
DESN 104 (3)
MGMT 305 or ACCT 325 (3)

Multi-area job training (6 hours)
FCS 389 (3)
MGMT 305 or ACCT 325 (3)

A family and consumer sciences education major with the preceding program may also qualify for a pre-kindergarten validation by completing HDFS 224, 320, 421, 422, 423 (15) and by successfully completing the state-prescribed test.

Minor (leads to certification only if a certified major is being pursued and if the state-prescribed test is successfully completed) (40 hours)
AMID 101, 202, 303 (9)
HDFS 105, 302, 321 (9)
F&N 207, 210, 212 (9)
FCS 205, 250, 352, 405 (13)

Other professional options
206 Johnston Hall, 372-2026

The emphases of the program are on human development, social relationships and the family life cycle. Practical experience in the nursery school and other community facilities provides opportunities for supervised observation and field work with various age groups.

Possible careers include teaching in nursery schools or day care centers; working in government Headstart programs and community social services; working with youth groups, retirement homes, nursing homes and vocations in which a knowledge of human relationships is required. A foundation is provided for graduate study and for professional careers in which additional work is required, such as child and family counseling, and the administering of programs for families and children.

Major—Child and family community services (non-certification)

First year (30 hours)
HDFS 105 (3)
ENG 112 (3)
IPC 102 (3)
Approved science elective (3)
SOC 101 (3)
Approved mathematics elective (3)
Free elective (3)

Second year (30 hours)
HDFS 302 or 305 (3)
Approved humanities elective (2-3)
Content specialty selections* (12)
PSYC 201 (4)
Approved social science elective (3)
Approved humanities elective (3)
Approved science elective (3)

Third year (33 hours)
HDFS 321 and 407 (6)
Content specialty selections* (12)
Electives (6)
Approved cultural diversity elective (3)
General education elective (3)
Approved social science elective (3)

Fourth year (29 hours)
Ten hours from HDFS 322, FCS 389, FCS 489 (10)
Content specialty selections* (7)
Electives (12)

* Content specialty electives—40 hours must be elected from these courses:
HDFS 120, 224, 305, 320, 328, 421, 422, 425, 427, 428, 429, PSYC 305, 306, 307, 403, 406; IPC 306; SOC 202, 301, 341, 342; PHIL 319; BIOL 311; ART 230, 330; HDFS 107 or 408; FCS 205; F&N 207.

Major—Child and family development (meets pre-kindergarten certification— which prepares students to work with public or private preschool programs, day care or Head Start, as well as other agencies serving young children— provided state-prescribed examination is also successfully completed.)

First year (32-33 hours)
Approved arts & humanities electives (5-6)
ENG 112 (3)
Approved social and behavioral science electives (6)
HDFS 105 and 120 (6)
Approved science elective (3)
IPC 102 (3)
Approved concentration courses (6)

Second year (32 hours)
HDFS 224, 305 and 320 (9)
Approved natural science elective (3)
Approved concentration courses (8)
F&N 207 (3)
EDCI 348 (3)
EDCI/FFI 202 (3)
Approved math elective (3)

Third year (29 hours)
EDFI 302 (3),
HDFS 321, 322, 421 and 424 (11)
Approved cultural diversity elective (3)
Approved concentration courses (6)
Approved general education elective (3)
FCS 389 (3)

Fourth year (31 hours)
HDFS 407, 422 and 423 (9)
EDFI 408 and 429 (6)
EDSE 421 (3)
EDAS 409 (3)
HDFS 491 (10)

Bachelor of Science in Technology

The Department of Family and Consumer Sciences offers a program which leads to the Bachelor of Science in Technology degree. For information on other programs leading to the Bachelor of Science in Technology, see College of Technology.

Restaurant and Institutional Food Service Management
206 Johnston Hall, 372-2026

Students who complete this program are qualified to work in food production, sales and service in institutions or restaurants at the management level. The flexibility of this program permits students to strengthen existing competencies in food science and food production management. Industrial experience is gained through supervised field experiences in a job related to the student's goals.

First year (29 hours)
Approved science electives (6)
F&N 210 (3)
MATH 120, 126 or 131 (4-5)
SOC 101 (3)
IPC 102 (3)
ENG 112 (3)
Cultural diversity elective (3)
FCS 100 (1)
Elective (3)

Second year (30 hours)
Approved humanities elective (3)
MATH 115 or STAT 200 or STAT 211 (3)
ECON 200 (3)
General education core course (3)
F&N 207 and 212 (6)
PSYC 201 (4)
MIS 200 or CS 100 (3)
Humanities elective (2-3)
F&N 230 (3)

Third year (33 hours)
MKT 300 (3)
HED 313 (3)
F&N 331 and 333 (6)
ACCT 325 (3)
Fourth year (30 hours)
MGMT 361 or 452 (3)
FCS 395 (1)
Electives (12)
FCS 489 (5)
F&N 433 and 437 (6)
AMID 403 (3)

Family and Consumer Sciences Programs In Other Colleges

College of Arts and Sciences
Bachelor of arts degree

Five programs in family and consumer sciences are available through the College of Arts and Sciences. These are planned professional programs in fashion merchandising; food science and nutrition; apparel design and history; consumer and family resource management; and interior design. Fashion merchandising students may choose the option to study at the Fashion Institute of Technology, New York, for a year during the junior or senior year. Programs must be planned with the adviser no later than the second year. After the second year students may participate in a supervised field experience during the summer or academic year. The following programs are available.

Apparel Design and History
206 Johnston Hall, 372-2026
A major program designed for the student who wishes to specialize in the textiles and clothing field preparatory to graduate study or for a career in business and industry. A minor is required. See College of Arts and Sciences.

Consumer and Family Resource Management
206 Johnston Hall, 372-2026
This planned program examines American social and economic conditions as they affect families. An understanding of consumer behavior and management in a market economy may lead to careers in consumer affairs, customer service and consumer education and information.

Food Science and Nutrition
206 Johnston Hall, 372-2026
A major program designed for the student who wishes to specialize in the food science field preparatory to graduate study or a career in business or industry. A minor is required. See College of Arts and Sciences.

Interior Design
206 Johnston Hall, 372-2026
The interior design program trains student in the planning and executing of residential and contract interiors. Coursework is designed to help students evaluate problems and devise solutions for them. Students who complete the approved four-year program are eligible to apply for membership in the American Society of Interior Designers (ASID). The program received NKBA (National Kitchen and Bath Association) endorsement in fall 1994. It was the first program in the state of Ohio to receive such an endorsement. See College of Arts and Sciences.

Fashion Merchandising
206 Johnston Hall, 372-2026
This is a planned program designed to prepare students for careers in business and industry. These may include executive management positions; retail or wholesale merchandising; educational and/or sales representative for fabric, apparel and accessory firms. No minor is required. See College of Arts and Sciences.
School of Health, Physical Education and Recreation

Mary Ann Roberton, professor and director, 117 Gertrude M. Eppler Center, 372-2334

The School of Health, Physical Education and Recreation is organized into four divisions and two program areas. Each division offers a variety of undergraduate majors and minors. The divisions are health education (HED), kinesiology (KNS, DANC), recreation and tourism (RTD) and sport management (SMD). The two program areas are the Graduate Program (HPER) and the Physical Education General Program (PEG).

Students majoring in recreation and tourism or sport management are preparing for leadership, management and supervisory positions within the sport, leisure, tourism and recreation industries or nonprofit agencies. An additional sport management option prepares students to be athletic trainers/clinic managers. Health education students have the option of majoring in health promotion to prepare for careers within corporate/public settings, or in health education to be public school educators. Training in driver education is also available. Students in the kinesiology division study a variety of careers dealing with human movement. They can become K-12 physical educators or clinical exercise specialists. Majors in dance focus on modern dance and ballet performance/choreography. The kinesiology division also offers courses in athletic coaching and adapted physical education.

Each division has active student organizations which help students explore the career and graduate school opportunities within their majors. The University Dance Alliance and University Performing Dancers provide performance opportunities for those interested in modern dance and ballet.

The physical education program offers instruction in physical activity/movement/dance forms to the general University student. These classes take advantage of the modern facilities available in the Gertrude M. Eppler complex, the Student Recreation Center, the University Fieldhouse, Memorial Hall and the ice arena.

Students seeking enrollment in the school's courses should consult with the appropriate program coordinator. Students seeking majors or minors within any of the divisions should consult with the appropriate program adviser for current admission and retention procedures.

General Physical Education

PEG 100-General physical education
Diverse activity courses are available. Transportation to off-campus sites for some physical education activities may become the responsibility of the student. Students may contact the School of HPER for transportation information regarding the off-campus activity of their choice. In addition, students will be informed the first week of classes whether transportation is provided. All PEG 100 courses are graded on an S/U basis. Most activities are coeducational and meet two hours per week.

PEG 200-General physical education
Diverse activity courses are offered in conjunction with and at the same time as the PEG 100 activity courses. Students may elect the S/U option for the 200-level activities. Most activities are coeducational and meet two hours per week.

Bachelor of Science in Education

All major programs in the School of Health, Physical Education and Recreation lead to the Bachelor of Science in Education degree.

Dance
Eppler North, 372-6918

The dance program stresses the interdisciplinary nature of dance, encouraging the study of related courses in conjunction with the dance core curriculum to develop creative and innovative individuals.

Major
The dance major is a four-year program leading to the Bachelor of Science degree. The curriculum is designed to provide a strong theoretical and anatomical mastery of movement technique. Students may choose a concentration in either modern dance or classical ballet.

Emphasis areas include the choice of the following: performance; education; production; history, philosophy and criticism; and ethnomusicological or scientific research in dance.

Core requirements (59 hours)
DANC 115-215, 120-220, 301 or 302, 224, 315 or 320, 325, 326, 327, 424, 425, 426
KNS 137, 230
PHIL 204
ARTH 145 or 146
MUCH 221
HED 313
RTD 487, 488

Emphasis area (21 hours in consultation with adviser)

First year (29 hours)
ENG 112 (3)
DANC 115 and 120 (4)
General education electives (18)
KNS 137 (1)
ARTH 145 or 146 (3)

Second year (30 hours)
Electives (6)
IPC 102 (3)
DANC 215 and 220 (4)
PHIL 204 (3)
DANC 224 (1)
KNS 230 (3)
MUCH 221 (2)
General education electives (5)
HED 313 (3)

Third year (29 hours)
DANC 325, 326, 327 (4)
DANC 315 or 320 (2)
DANC 424 (3)
General education elective (3)
Electives (4)
Emphasis area hours (11)
DANC 301 or 302 (2)

Fourth year (34 hours)
DANC 315 or 320 (2)
Emphasis area hours (10)
DANC 425 and 426 (6)
RTD 487 (1)
RTD 488 (15)

Minor (24 hours)
DANC 115/215, 120/220, 326, 424 and 426 (12)
Select one of the following emphases:

Dance education (12 hours)
DANC 301, 302, 215/315, 325 and RTD 387/487, DANC electives

Dance performance (12 hours)
DANC 220/320, 224, 215/315, 325 and 327, DANC electives
Driver Education
Teacher candidates can qualify for a certification endorsement in driver education by completing the following six hours:
HED 362 and HED 462 (6)

Exercise Specialist
In addition to the general education requirements of the college, the following are required:
SMD 310, 368, 414, 429, 440 (15)
KNS 230, 303, 360, 361, 423 (14)
BIOL 332 (4)
KNS/PEG/DANC activities (6)
F&N 207 (3)
MKT 300 (3)
MGMT 305 or 360 (3)
ACCT 221 (3)
Acceptance requirements are currently under revision; see 1995-96 checksheet for current ones.

Health Education
202 Eppler North, 372-2395
Major (meets special certification, kindergartenthrough twelfth grade provided the National Teacher Examinations are successfully completed)

First year (30 hours)
HED 209 or 215 (3)
PSYC 201 (4)
SOC 101 (3)
Science electives (6-7)
ENG 112 (3)
IPC 102 (3)
HED 216 or EDCI/FI 202 (3)
Humanities elective (2-3)
Elective (3)

Second year (32 hours)
HED 348 (3)
F&N 207 (3)
BIOL 332, 331 (8)
Social science electives (6)
Approved humanities elective (3)
Math elective (3)
EDFI 302 (3)
General education elective (3)

Third year (31 hours)
HED 313, 338, 340, 393, 409 (15)
EDSE 311 (2)
EDCI 360 (2)
KNS 360 (3)
SMD 250 or CS 100 (3)
Electives (6)

Fourth year (29 hours)
HED 481 and 497 (12)
EDFI 402 and 408 (6)
EDAS 409 (3)
Electives (8)

To be fully admitted the student must have:
1. completed IPC 102 and ENG 112 with a grade of C or better;
2. attained an accumulative grade point average at BGSU of 2.5 or higher;
3. completed EDCI 202 or EDFI 202 or HED 216 with a grade of C or better.

To be eligible for student teaching the student must have:
1. met college student teaching eligibility requirements;
2. successfully completed EDCI 202 or EDFI 202 or HED 202 or HED 216 or HED 209 or 315, 313, 338, 340 and F&N 207;
3. received a C or better in HED 348 and 393.

While completing all of the above requirements, it is strongly recommended:
1. that the student see his or her adviser at least twice per year;
2. that the student seriously consider working toward at least one additional certification area.

Health Promotion
202 Eppler North, 372-2395
Major (does not lead to certification; health in non-school settings)

First year (29 hours)
HED 209 or 215 (3)
Social science electives (6)
Science elective (6)
ENG 112 (3)
IPC 102 (3)
HED 216 (3)
CS 100 (3)
Humanities elective (2)

Second year (31 hours)
HED 348 (3)
F&N 207 (3)
BIOL 332 (4)
Approved humanities elective (3)
Cultural diversity elective (3)
Mathematics elective (3)
General education core elective (3)
HED 313 (3)
Approved program electives (6)

Third year (29 hours)
HED 310, 338, 340, 393 (11)
KNS 360 (3)
Approved program electives (12)
HED 411 or RTD 384 (3)

Fourth year (33 hours)
HED 481 and 489 (17)
Electives (7)
Career focus electives (9)

School Health Minor (leads to seven through twelve certification only if another certified major is pursued and if the state-prescribed examination is successfully completed) (33 hours)
HED 209 or 215 (3)
SOC 101 (3)
BIOL 104 and 332 (8)

Physical Education
Eppler South, 372-6905
Major-K-12 Physical Education Teacher Education with Elementary Emphasis (leads to special certification in physical education, kindergarten-twelfth grade, provided the state-prescribed examinations are successfully completed). See College of Education and Allied Professions for admission requirements.

Sample Program
First year (30 hours)
KNS 116, 121, 124, 137, 138 and 203 (9)
KNS 164, 227 and 229 (5)
ENG 112 (3)
General education requirements (13)

Second year (30 hours)
KNS 230, 238, 241, 247 and 350 (13)
DANC 302, 301, 115 or 120 (2)
IPC 102 (3)
BIOL 332 (4)
General education requirements (6)
LEM 301 or VCT 203 (2-3)

Third year (32 hours)
KNS 303, 332, 337, 340, and 428 (15)
HED 315 (3)
KNS/DANC elective (2)
EDFI 302 and 408 (6)
General education requirements (6-7)

Fourth year (30 hours)
KNS 402, 433 and 438 (8)
EDAS 409 (3)
KNS 497 (10)
KNS 492 (6)
KNS/HED elective (3)

Major-K-12 Physical Education Teacher Education with Secondary Emphasis (leads to special certification in physical education, kindergarten-twelfth grade, provided state-prescribed examinations are successfully completed). See College of Education and Allied Professions for admission requirements.
### First year (29 hours)
- ENG 112 (3)
- KNS 110 or 112, 116, 137, 138, 164, 227, 229 (11)
- General education requirements (15)

### Second year (30 hours)
- KNS 121, 123, 124, 230, 241, 247 (14)
- EDIF 302 (3)
- IPC 102 (3)
- DANC 302, 301, 115 or 120 (2)
- General education requirements (8)

### Third year (30 hours)
- KNS 303, 332, 340, 350, 356, 360 and 362 (20)
- HED 313 (3)
- LEM 301 (2)
- Professional activity elective (2-3)
- Elective (3)

### Fourth year (33 hours)
- KNS 402, 412 and 433 (9)
- KNS 497 (10)
- EDIF 408 (3)
- EDAS 409 (3)
- HED elective (3)
- Electives (5)

To be officially admitted to either of the above physical education teacher education programs, the following college and kinesiology division criteria must be met.

### College of Education and Allied Professions Requirements
- Completion of 60 semester hours;
- Completion of IPC 102 and ENG 112 with a grade of C or better;
- University GPA of 2.5
- Completion of early field experience course, KNS 247 with a grade of C or better.

### Kinesiology Division Requirements
1. Completion of 10 KNS semester hours on the BGUS campus;
2. Removal of all articulation deficiencies;
3. Completion of KNS 227;
4. Major GPA of 2.6 which is calculated by using the grades earned in the following courses:
   a. Professional Physical Education KNS 164, 227, 230, 247
   b. Professional Physical Education Activities
      Gymnastics: KNS 110/112, 138, 214
      Dance: KNS 137, DANC 302, 301, 115, 120
      Net games: KNS 121, 124, 202
      Field games: KNS 116, 203, 208, 217
      Aquatics: KNS 205, 218, 219, 222, 322
      Other: KNS 123, 201, 204, 207, 209, 226, 229
5. Completion of physical education activity course requirement.
   a. Major activity GPA of 2.7 in a minimum of four activity courses, and a total of eight semester hours (all courses listed in "b" below are courses designated for the major activity GPA);
   b. Successful completion of one course in four of the six activity categories with a minimum of eight semester hours:
      - Gymnastics: KNS 110/112, 138, 214
      - Dance: KNS 137, DANC 302, 301, 115, 120
      - Net games: KNS 121, 124, 202
      - Field games: KNS 116, 203, 208, 217
      - Aquatics: KNS 205, 218, 219, 222, 322
      - Other: KNS 123, 201, 204, 207, 209, 226, 229

To be eligible for student teaching a physical education major must meet the college's student teaching eligibility requirements and the additional program requirements indicated on the major checksheet.

### Adapted Physical Education Minor—for physical education majors only. (24 hours)
A candidate must be interviewed by the area coordinator before declaring this cognate. This cognate does not lead to a K-12 physical education certificate holders.

- KNS 164 (2)
- KNS 340 or 350 (3)
- KNS 433, 435, 387, 487 (10)
- EDSE 431 (3)
- PSYC 324 or EDSE 459 (3)
- Select one: EDSE 433, 442, 451, 457, PSYC 405, 408 (3)

A 10-hour cognate, Movement Performance of the Handicapped, is available for special education, early childhood, elementary, and sport management majors. See the area coordinator before declaring this cognate. This cognate does not lead to certification.

- KNS 164, 340 or 350, 387, 433 (10)
- SMD majors may substitute SMD 240 for KNS 433.

### Elementary School Physical Education Endorsement/Minor (32 hours)
- Certification as an endorsement for holders of a standard elementary certificate and holders of a K-12 certificate in health, music, physical education or special education
- KNS 137, 138, 238, 241, 247 (or EDSE/EDFI 202), 332, 337, 402 (or EDFI 402), 428 and 492 (25-28)
- HED 313 (3)
- Select two hours from: KNS 164, 230, 303, 340 or 350 (2)
- Select two hours from: KNS 433, 438, 387 or 457 (2)

### Secondary Physical Education Minor
- Leads to secondary certification in 7-12 physical education only if a certification major is also being pursued (33 hours)
- Select four (8) from: KNS 110 or 112, 116, 121, 123, 124; DANC 302 OR 301 or 115 or 120

### KNS 200-level elective professional activities (1)
- KNS 230 (3)
- KNS 303 (2)
- KNS 350 (3)
- KNS 362 (3)
- KNS 412 (3)
- HED 313 (3)
- SMD 310 (2)
- Select a minimum of 5 hours from: KNS 214, 328, 329, 331, 360, 433; HED 209; SMD 410, 431

### Athletic Coaching Minor (27-29 hours)
- KNS 164, 230, 328, 360 and 412 (14)
- SMD 310, 391 and 429 (6)
- HED 313 (3)
- KNS 329 or 331 or 339 (2-3)
- Select one: SMD 391, 425; KNS 303, 350, 423; SOC 417 (2-3)

### Recreation and Tourism
200 Health North, 372-6906

Two majors are available through the division of recreation and tourism. Any student declaring one of these majors must fulfill the College of Education and Allied Professions general education requirements. To be officially accepted into the recreation major a candidate must have achieved a minimum accumulative grade point average of 2.3, must have received a 2.5 average in RTD 190 and 210, must have submitted an application for admission to the recreation major, and must have been notified via letter by the admissions coordinator of acceptance into the major. There are two recreation options, each having a set of professional core classes and diverse career emphases. All students are required to complete a semester-long internship as part of their professional preparation.

### Recreation Administration
The recreation administration option prepares students for supervisory and management positions in public and voluntary organizations which are nonprofit in nature and also for positions in private and commercial employment settings which are profit motivated. Employment settings include governmental recreation services, community organizations such as YMCAs, Girl Scouts, services for special populations and the aging, and those agencies found in the private sector such as resorts, convention centers and the travel/tourism industry. The student enrolled in the recreation administration option focuses on business skills such as financial management, marketing and promotion, public relations and personnel management. Career electives will be chosen from the areas of commercial recreation, public/voluntary services, leisure/wellness and performing arts/entertainment.
School of Health, Physical Education and Recreation

First year (30 hours)

ENG 115 (3)
IPC 102 (3)
Free electives (6)
Approved mathematics elective (3)
RTD 190 and 210 (6)
Approved science elective (3)
Cultural diversity in the U.S. elective (3)

Second year (30 hours)

Approved science elective (3)
Approved social science elective (3)
Humanities and arts electives (5-6)
Free elective (3)
Other general education elective (3)
SMD 250 or CS 100 or 101 or MIS 200 (3)
HED 313 (3)
RTD 384, 385 and 387 (7)

Third year (23 hours)

SMD 290 (3)
KNS 433 or RTD 260 (3)
RTD 386, 487 (2)
Career electives (18)
Elective (3)

Fourth year (30 hours)

RTD 482, 483 and 488 (21)
Career electives (3)
Electives (6)

Recreation Minor (21 hours)

A candidate must be interviewed by the area coordinator before declaring this minor.

RTD 190, 210, 384, 385 (12)
Select 9 hours from this group: RTD 215, 260, 304, 315, 325, 380, 395, 415, 482, 483, 484

Sport Management

237 Eppler Center, 372-2876

The sport management major is offered through the sport management division (SMD) of the School of Health, Physical Education and Recreation (HIPER). This program and matriculation requirements are subject to revision.

To be formally accepted into the sport management major, a candidate must meet the following criteria:

1. Completion of 47 semester hours including a C or better in ENG 112, IPC 102, SMD 201, SMD 250 or CS 100, and SMD 298; 2 hours in KNS/PEG/DANC activity courses; and 30 hours in additional College of Education and Allied Professions general education courses.
2. University GPA of 2.5.
3. Formal application and acceptance into the sport management program (see division office, 257 Eppler Center, for appropriate form).

To be retained in the sport management major, a candidate must meet the following prerequisites for enrollment in SMD 387 and SMD 489:

1. SMD 387—formal acceptance into the sport management program;
2. SMD 489—52 hours in major field, satisfactory completion of SMD 387, GPA of 2.5 and major GPA of 2.7. Option I majors must also satisfactorily complete HED 313.

The three options and their emphases are athletic training and clinic management, sport information management (sports information emphasis, sport marketing emphasis) and sport organization management (sport enterprise emphasis).

Major-Option I, athletic training and clinic management

The athletic training and clinic management option develops skills and knowledge necessary to become an athletic trainer/clinician manager with sports medicine clinics or corporate or industrial fitness programs, or athletic trainers with professional sport teams, and secondary school or college university athletic programs.

Option I requirements (93-86 hours in addition to general education requirements of the College of Education and Allied Professions; see College of Education and Allied Professions.)

SMD 201, 306, 375, 390, 489, 490 (30)
SMD 387 (3-6)
SMD 250 or CS 100 (3)
SMD 311, 410, 411, 413, 414, 429 (18)
HED 209, 313, 314, 340 (10)
F&N 207 (3)
KNS 164, 303, 328 (7)
SMD 240, 310, 365 (9)

Athletic Training Certification Program

(53 hours and a minimum of 800 hours of clinical experience)

This program is designed for students who major in education or other academic areas and wish to prepare themselves as athletic trainers. Professional liability insurance is required.

SMD 310, 311, 391, 410, 411, 413, 414, 429 (23)
HED 209, 313, 314, 340 (10)
KNS 164, 230, 303, 328, 360 (13)
BIOL 332 (4)
F&N 207 (3)

Note: Students interested in athletic training must contact the athletic training coordinator, 372-6810.

Major-Option II, sport information management

Students who choose the sports information area usually seek careers as sport journalists, sport information directors in intercollegiate athletic programs, athletic conference offices or working in public/community relations with professional teams. Students who select the sport marketing emphasis are preparing for careers such as account executives for professional teams, sales representatives for sporting goods companies, marketing directors in intercollegiate athletic programs, conference offices, governing bodies or in professional sport.

Option II requirements (90-95 hours in addition to the general education requirements of the College of Education and Allied Professions.)

SMD 201, 305, 306, 375, 390, 489, 490 (33)
SMD 387/487 (3-6)
SMD 250 or CS 100 (3)

Sports information emphasis (51 hours)

JOUR 103, 300, 340, 402, 412 (13)
Approved JOUR electives from checklist (12)
PEG (2)
ACCT 221 or 325 (3)
MKT 300 (3)
MGMT 305 or 360 (3)
SMD 421 and 425 (6)
SMD 365 or 366 (3)
MKT 410 (3)
SOC 417 (3)

Sport marketing emphasis (18 hours)
JOUR 103, 301 and 340 (9)
Approved MKT electives from checksheet (9)
Approved communications electives from checksheet (9)
ACCT 221 or 325 (3)
MKT 300 and 410 (6)
MGMT 305 or 360 (3)
SMD 414, 421 and 425 (9)
SOC 417 (3)
PEG (2)

Major—Option III, sport organization
This option has a strong business component to help students develop skills applicable to management-level positions in organized sport. Examples of such positions are professional sport administrator, corporate administrator of sporting events, tournament director, college/university athletics director, business manager, fundraising administrator or sport facility manager.

Option III requirements (92 hours in addition to the general education requirements proscribed by the College of Education and Allied Professions; see College of Education and Allied Professions.)
SMD 201, 305, 306, 375, 390, 489, 490 (33)
SMD 387/487 (3-6)
SMD 250 or CS 100 (3)

Sport enterprise emphasis (53 hours)
SMD 421 and 425 (6)
PEG 100 (2)
IPC elective (3)
SOC 417 (3)
BA 310 or MKT 405 (3)
MGMT 305 or 360 (3)
JOUR 340 (3)
VCT 203 (3)
ACCT 221 and 222 (6)
MKT 300 (3)
Approved electives from checksheet (18)

Minor—aquatics (20-22 hours)
SMD 229 and 245 (5)
SMD 397 (2-3)
HED 313 (3)
KNS 225, 322 (3)
SMD 240 or KNS 433 (3)
Select 4-5 hours from: SMD 231, 324, KNS 205, 218, 219, 339, PEG 100-200

Sport Specialist
In addition to the general education requirements prescribed by the College of Education and Allied Professions, the following courses are required.
SMD 201, 306, 375, 387, 390, 489 and 490 (33)
SMD 250 or CS 100 (3)
KNS 164, 230, 303, 340, 360 and 423 (16)
SMD 240, 310, 365, 421, 425, 431 and 440 (21)
BIOL 332 (4)
HED 313 (3)
KNS/PEG/DANC activities (3)
ACCT 221 or 325 (3)
MKT 300 (3)
Approved electives from checksheet (8-9)

This program and its acceptance requirements are under revision. See 1995-96 checksheet for current course and acceptance requirements.
College of Health and Human Services

Clyde H. Willis, Ph.D., dean, 101 Health Center, 372-8242
Barbara Keeler, R.N., M.S.N., director of program advisement, 102 Health Center, 372-7774

Programs
Applied Microbiology, Bob Harr, M.A., director, 504 Life Sciences Building, 372-8109
Art Therapy, Michael Franklin, M.A., director, 127 Fine Arts Center, 372-2786
Criminal Justice, Steven Lab, Ph.D., director, 102 Health Center, 372-2326
Dietetics, Key Soltesz, Ph.D., director, 106 Johnston Hall, 372-8090
Environmental Health, Gary Silverman, D.Env., director, 102 Health Center, 372-7774
Gerontology, Jennifer Kinney, Ph.D., director, 102 Health Center, 372-2326
Physical Therapy, advisera, 101 Health Center, 372-8242 (or Catherine Hornbeck, M.S., P.T., chair, Medical
College of Ohio, 381-3519)

Departments
Communication Disorders, Linda Petrosoino, Ph.D., chair, 338 South Hall, 372-2515
Medical Technology, Bob Harr, M.A., chair, 504 Life Sciences Building, 372-8109
Social Work, Glenn Shields, D.S.W., chair, 114 Health Center 372-2441

Schools
School of Nursing, Barbara Keeley, R.N., M.S.N., coordinator, 101 Health Center, 372-8760 (or Joyce Shoemaker, Ed.D., R.N., dean, Medical College of Ohio, 381-5858)

Philosophy
Human dignity, health and safety are three of an individual's most prized possessions and, as such, should be protected. The professional programs offered in this college were founded in response to the needs of individuals. The education of students in this college involves knowledge from diverse sources, including a liberal general education. Students graduating from this college should be prepared to examine their roles and modify practice in response to new information. They should be able to act as catalysts in initiating and implementing new patterns of practice aimed at bettering the human condition. For these reasons, education is directed toward inspiring and developing problem-solving and creative capabilities in students. Additionally, pre-professional and professional education must be regarded as preparation for a lifetime of continued learning which enhances the process of self-actualization for the individual.

Academic advising
Each student is assigned a faculty adviser within the selected program. In addition, career information and advising services are provided for students in the college office located in the Health Center Building. The responsibility for meeting graduation requirements lies with the student and not with the adviser, the program director or the dean. Reading and following the information in the Undergraduate Catalog and the College Academic Handbook are essential.

Degrees offered
The degrees awarded by the College of Health and Human Services and its School of Nursing are:
Bachelor of science in applied microbiology
Bachelor of science in art therapy
Bachelor of science in communication disorders
Bachelor of science in criminal justice
Bachelor of science in dietetics
Bachelor of science in environmental health
Bachelor of science in gerontology
Bachelor of science in medical technology
Bachelor of science in nursing
Bachelor of science in physical therapy
Bachelor of science in social work

A candidate for any degree in the College of Health and Human Services or School of Nursing must complete the general requirements for graduation listed under Academic Policies. In addition, all students must complete all major requirements. Required internships, field work and clinical practicums completed during the last 30 hours will be considered in residence even though taken off campus.

Bowling Green State University also offers master's degrees in communication disorders and rehabilitation counseling as well as a doctoral degree in communication disorders.

General education requirements
The College of Health and Human Services requires a minimum of eight (8) courses from the approved list of general education core courses. See Academic Policies. The requirement includes two courses in each of the functional understandings of natural sciences, social sciences, humanities and arts, and one course in cultural diversity in the United States plus one additional course from an international perspective from social sciences or humanities and the arts. Some programs may suggest which courses to take, so talk to your adviser.

Readmission policy
Students returning to the University after an absence who have completed a portion of a professional program must have those courses re-evaluated by the program or department. It should be understood that certain courses may be outdated or lack relevancy to the current professional curriculum and may have to be repeated. Additionally, new course requirements may have been added to the curriculum by the department or by the university. Furthermore, it shall be the responsibility of the department or program to determine the appropriate checksheet for returning students.

Grading option
A student may request the S/U grading option for as many as 16 credits in a baccalaureate degree program, in addition to
courses universally graded on an S/U basis. Check with an adviser to be certain your major allows you to take a particular course S/U. (Please refer to grading system for University requirements regarding S/U standards.)

Students in the College of Health and Human Services should check their program requirements and the policy to graduate with honors before electing the S/U option.

Degree Programs

In most cases, the sequence of courses listed below must be completed in order to meet the requirements for the major or for professional certification. Upon the recommendation of the program director, and with final approval resting with the dean of the College of Health and Human Services, some courses may be substituted.

Applied Microbiology

504 Life Sciences Building, 372-8109

Microbiologists are employed by medical or clinical laboratories for detection and diagnosis of disease. Public health laborato­ries use microbiological procedures in testing water supplies for potability and in quantifying incidences of communicable diseases.

Microbiologists work as public health officials in consulting infected individuals to control the spread of diseases. They also work in the food, dairy or liquor industries to maintain product quality, and in pharmaceutical companies, which ferment microbes to produce antibiotics. Sanitation laboratories employ microbiologists for the safe treatment of sewage.

Additionally, the small size and simple organization of microorganisms makes them the most effective subjects for studying life at its most fundamental level. Research with microbes has made increasingly important contributions to the understanding of genetics and cancer. Genetic engineering utilizing microorganisms is developing into a major industry.

The coursework required of students will allow them, after a year of employment, to take the qualifying examination of the National Registry of Microbiologists of the American Academy of Microbiology, or the microbiology specialization of the American Society of Clinical Pathology.

An individual with the bachelor of science in applied microbiology may pursue advanced degrees in medical schools or diversities to specialize in medical microbiology, clinical microbiology, protozoology, virology, microbial genetics, microbial physiology, immunology, food science or other areas of microbiology. A few additional courses will satisfy the requirements for entrance into medical, dental or veterinary schools.

Suggested program (course sequence may vary)

First term (14-18)

ENG 111 (3)
MATH 130 or equivalent (3-7)
CHEM 125 (5)
CS 100 (3)

Second term (13-16)

ENG 112 (3)
CHEM 127-8 (5)
BIOL 205 (5)
Social Science elective (3)

Third term (15)

BIOL 313 (4)
MATH 115 (3)
CHEM 201 (3)
PHYS 201 (5)

Fourth term (14-15)

Micro elective group (3-4)
PHYS 202 (5)
Social Science elective (3)
Cultural diversity in US elective (3)

Fifth term (14-16)

CHEM 306 (4) or CHEM 341 (5)
Micro group elective (3-4)
BIOL 439 (4)
Humanities and arts elective (3)

Sixth term (13-15)

CHEM 308-9 (4) or CHEM 342 (5)
Micro group elective (3-4)
BIOL 443 (3)
Humanities and arts elective (3)

Seventh term (12-15)

BIOL 408 (5)
MEDT 434 (2)
MEDT 435 (2)
Electives (5-8)

Eighth term (12-16)

MEDT 431-2 (5)
MEDT 470 (1-3)
Electives (3-8)

A grade of C or better is required in the core courses.

Other programs

Microbiology is also offered by the Depart­ment of Biological Sciences as a specializa­tion under the biology major for the College of Arts and Sciences.

Art Therapy

1000 Fine Arts Center, 372-2786

A bachelor of science in art therapy is available through the College of Health and Human Services in cooperation with the School of Art. The program offers studio art courses, art therapy methodology courses, supportive core requirements in the behavioral and social sciences and a cognate or specialization in any one of the following areas: psychology, special education, gerontology, criminal justice, social work or a dual degree in art education.

The interdisciplinary nature of this pre­professional program can lead to entry-level positions in a variety of social service agencies. The program also strives to fulfill requirements for entry into master's degree training programs in art therapy approved by the American Art Therapy Association.

Students who are serious about pursuing a career in art therapy are strongly advised to continue with their education at the graduate level.

The role of the art therapist as a member of the health care team is gaining wide acceptance. In recent years, an increasing variety of clients has been served by art therapists. Changing practices in the field of mental health have created an even broader definition of the art therapy specialization. It is quite common today to find art therapists with graduate degrees working in special education programs, nursing homes, community mental health centers, psychiatric hospitals and other health care and social service agencies. Students graduating from this program are able to work for change within a variety of treatment and mental health settings in a way which is respectful of individual differences and cultural identities.

Students can enroll at the University as a pre-art therapy major. They can apply to the program once the following criteria have been met:

1. The completion of ARTT 230, Introduction to Art Therapy, with a grade of "C" or higher. Note: This course can only be taken at BGSU; transfer students will be required, if relevant, to retake the course. This course must be completed prior to applying to the art therapy program.

2. Have an overall accumulated GPA of 2.5 or better based upon completion of 40 graded hours (not S/U) preceding the application deadline which is January 18. Transfer students must submit official transcripts and meet the same requirements of a 2.5 GPA, complete 15 graded hours (not S/U) at BGSU with at least a 2.5 GPA prior to the application process, and have the minimum total of 40 graded hours completed. S/U courses do not count. All program core courses, supportive core courses, or cognate courses completed before application to the program must be graded "C" or higher in order to apply.

3. Students will submit their application during the spring semester of the sophomore year. Students ranking, by GPA, in the top 20 will be selected. Notification of acceptance will be mailed out by mid March. Students must respond with an acceptance letter by April.

4. If the art therapy program does not hear from the student by this date their acceptance to the program will be canceled.

In order to continue in the program, all art therapy majors are required to have the...
grade of "C" or higher in all program core courses, supportive core requirements, studio concentration courses and cognate courses. It is important to note that students will be required to repeat courses if they fail to earn a "C" or higher; if they fail to do so, they will be denied permission to do their practicum. All majors must also have an accumulative GPA of 2.5 before enrolling in ARTT 488. No class required in the major can be taken SU. Transfer students must complete the appropriate prerequisites before enrolling in specific courses.

Suggested program
First year
ENG 111 and/or 112 (3)(6)
ART 102, 103 and 112 (9)
PSYC 201 (4)
SOC 101 (3)
ARTH 145 or 146 (3)
General education requirements (9)
Second year
ART 205 (3)
ARTT 230 (3)
ENG 207 (3)*
PSYC 303 or EDSE 490 or HDFS 321 (3)
SOWK 324 (3)*
PSYC 403 (3)*
PHIL 319 (3)
Two required beginning level studio courses (ART 261, 263, 371, 373) (6)
General education requirement (3)
Third year
ART 320 (Fall only) (3)
ART 351 (Spring only) (3)
PSYC 405 (3)*
Two required beginning level studio courses (ART 261, 263, 371, 373) (6)
ARTT 482 or 343 (3)
Cognate (6) or ARTT 431 (3) plus one cognate course
ARTH 456 or 457 or 460 or 442 (3)*
Studio concentration (3)
Fourth year
Cognate (remaining hours)
Studio concentration (remaining hours)
ARTT 488 (10-12) (Students can only take one course with their practicum.)
General elective or ART elective
* Strongly recommended during this year.

Communication Disorders
338 South Hall, 372-2515
Speech-language pathologists and audiologists specialize in the study and treatment of human communication disorders. They work in a variety of professional settings such as public and private schools, hospitals, community clinics, universities, nursing homes and other health care facilities, as well as in private practice. Speech-language pathologists and audiologists work with all ages, from infants to the elderly. The minimum entry level qualification for professional practice in the fields of speech-language pathology and audiology is a master's degree. The pre-professional undergraduate curriculum in communication disorders is designed to provide instruction in the basic components of the discipline and to prepare the student for entrance into a graduate training program. The undergraduate student will study the basic speech and hearing sciences and the normal human communication process, as well as the theoretical and practical aspects of therapy. Clinical observations are required and a supervised clinical practicum in which direct treatment is provided to a communicatively disordered client will be completed during the junior or senior year. The school practicum experience occurs at the graduate level, however it is strongly recommended that students take the necessary coursework for school certification at the undergraduate level. These courses can be taken as electives.

Admitance to the major is restricted to those applicants meeting the following requirements:
1. minimum grade of C in CDIS 223, 224 and 225 with a minimum GPA of 2.5 in these courses; and
2. completion of a speech-hearing screening exam; and
3. an overall GPA of 2.5 after 30 hours.
For a student to maintain a CDIS major once admitted, the student must have:
1. minimum grade of C in all CDIS courses completed; and
2. 2.5 GPA in the major; and
3. 2.5 GPA overall.
For a student to gain entrance into CDIS 421, the student must have:
1. minimum grade of C in all CDIS courses completed; and
2. 2.7 GPA in the major; and
3. 2.7 GPA overall.
All major core courses must be taken for a grade, except for those courses graded only S/U.

Suggested program
First year (27-34 credits)
BIOL 101, 104, or 205 (3-5)
ENG 112 or equivalent (3-6)
IPC 102 (3)
PHYS 101 or 201 (3-5)
CDIS 223 and 224 (6)
Humanities and arts (3)
International Perspective course (3)
Cultural diversity in the United States (3)
Second year (31 credits)
MATH 120 or 128 (5)
CS 100 or 101 (3)
PSYC 201 (4)
EDSE 302 (3)
ENG 360 (4)
CDIS 225, 301, 302, 311 (12)
Third year (30-34 credits)
EDSE 431 (3)
EDCI 349 (3)
PSYC 270 or SOC 369 and PSYC 303 (6-7)
GERO 301 or 405 (3)
IPC 306 (3)
CDIS 351, 361, 401 and 421* (9-12)
Social science (3)
Fourth year (29-35 credits)
REHB 401 (3)
PSYC 304, 309 and 405 (8)
EDSE 459 or PSYC 324 (3)
CDIS 421 (3)*
Natural science (3)
Social science (3)
Humanities and arts (3)
Electives (3-9)
* The student will be placed into CDIS 421 by his/her academic adviser during the junior or senior year. The student will only be able to take 421 at the time designated by the adviser because of the need to limit the enrollment in such a clinical practicum class.

Criminal Justice
102 Health Center, 372-2326
In preparation for careers in law enforcement, investigative units, private security organizations, penal institutions, probation and parole work and other agencies in the criminal justice system, the criminal justice program integrates coursework and interaction with professionals in various disciplines. The graduate of the program receives a bachelor of science in criminal justice degree. The program prepares students for entry into all types of agencies in the criminal justice system—law enforcement, corrections, investigative, forensic, security. (Students interested specifically in corrections should also consider the corrections cognate in the social work program.) Admittance to the program is restricted to those applicants meeting these three requirements:
1. have CRJU 210 or its equivalent on the record with a C or better;
2. have a 2.5 GPA or higher on a total of at least 25 graded hours; and
3. have completed one year of residency (at least 25 graded hours) at BGSU (effective for students applying for admission to criminal justice for fall 1994); and
4. rank in the top 30 applicants each year according to GPA. (Details may be obtained from the Criminal Justice Office, 102 Health Center.)

The program places emphasis on superior academic attainment, ability to communicate verbally and in writing, and research potential. Every student must complete an original proposal for research (CRJU 480, Senior Seminar) as well as the field placement or practicum of 480 agency hours. It is anticipated that a large number of CRJU graduates will go on to graduate school, law school or enter the field of practice with a view to becoming supervisory-level personnel.

---

---
Internships are subject to the approval and requirements of the American Dietetic Association. Requirements for registration are an internship or an approved pre-professional supervised practice, followed by the passing of a national examination, after completion of this course of study.

A declaration of intent to pursue the dietetics program should be filed in the college office during the first year at BGSU. Admission to the program further requires the completion of 45 hours of credit, approval through the program director, and a minimum GPA of 2.5. Graduates of this program will earn a Bachelor of Science in Dietetics degree.

Upon completion of one of the professional practicums (internship or AP4) after graduation, and the successful completion of the national registration examination, a graduate will be a licensed dietician (in the state of Ohio) and a registered dietician (with the American Dietetic Association).

**Suggested program**

**First year**
- BIOL 104 or 205 (4-5)
- ENG 112 (3)
- SOC 101 (3)
- CHEM 125, 127 and 128 (10)
- MGMT 101 (1)
- F&N 210 (3)

**Second year**
- F&N 207, 212 and 310 (9)
- CHEM 306 (4)
- CS 100 (3)
- BIOL 332 (3)
- PSYC 270 (4)
- POLS 110 (3)
- FCS 250 (3)
- STAT 200 (3)

**Third year**
- F&N 331, 432, 431 and 440 (12)
- BIOL 314 and 315 (4)
- CHEM 308 (3)
- HDFS 408 (3)
- Two emphasis electives (6)

**Fourth year**
- F&N 433, 434, 435, 436, 438 (15)
- MGMT 305 and 361 (6)
- F&N 333 or 335 (3)
- Two humanities electives (6)

- Program approval status: Bowling Green State University is currently granted approval status by the American Dietetic Association Council on Education Division of Education Accreditation. Approval, a specialized accrediting body recognized by the Council on Postsecondary Accreditation and the United States Department of Education.

**Other programs**

A program in dietetics also is offered in the College of Education and Allied Professions through the Department of Applied Human Ecology.

**Environmental Health**

102 Health Center, 372-7774

Environmental health graduates are specialists in improving and protecting the quality of our environment. They are prepared to evaluate potential threats to health, develop strategies to reduce these threats and implement programs to provide needed protection. They hold key positions ensuring safe and high quality air, water, food and consumer products. They apply governmental, industrial and professional standards to protect health and safety.

Specific concerns include air, land and water pollution; occupational health and safety; food protection; health and safety in recreation areas; hazardous waste disposal; and institutional environmental protection.

Graduates are eligible to become Registered Sanitarians (R.S.) by the state of Ohio upon completion of employment experience requirements. Places of employment are in industry, government, environmental engineering firms, consulting firms, testing laboratories, insurance-risk management agencies, health care facilities and educational institutions.

The curriculum emphasizes the biological, chemical and physical sciences with additional requirements in the social sciences, computer science and statistics. Students learn investigation, sampling and analysis of indoor and outdoor environments to ensure compliance with occupational, public health, safety and environmental laws.

An internship in an environmental related agency or company is necessary. The internship is an opportunity for students to relate academic preparation to practical experience and application in the field. Please check with the program office for specifics on the selective enrollment policy limiting the number of majors.

**Suggested program**

**First year**
- ENG 112 (3)
- MATH 128 or 130 or 131 or 120 and 129 (3-7)
- CHEM 125 and 127 and 128 (10)
- PSYC 270 or SOC 369 (4 or 3)
- CS 100 or 101 (3)

**Second year**
- BIOL 204 and 205 or 104, 331, 332 (10 or 12)
- PHYS 201 (5)
- POLS 331 or 336, or LEGS 431 (3)
- ECON 200 (3)
### Gerontology

102 Health Center, 372-2326

The Bachelor of Science in Gerontology degree prepares graduates for positions in agencies and institutions that administer and deliver services for the aged, including senior centers, nutrition programs, nursing homes, recreation and counseling agencies, research organizations and social service agencies.

While providing a basic background in general studies, the gerontology program is flexible enough to permit students to design courses that will best prepare them for particular types of careers within the general field of aging.

Each student in the gerontology program selects a cognate area from areas such as social work, administration, biology, art therapy, urban planning, health, psychology, nutrition, recreation, food management and sociology. Cognate areas are designed by the student and his or her academic adviser.

New majors are admitted to the gerontology program according to the following criteria:

1. completed GER0 101 (Introduction to Gerontology) or its equivalent on the record with a C or better;
2. completed a 2.5 GPA or higher on a total of at least 30 credit hours.

Prior to admission, students will be classified as pre-gerontology majors in the College of Health and Human Services. Premajors are not permitted to take upper division gerontology courses. Majors who wish to transfer from one option to another within the gerontology program must also meet these requirements. Details about admission may be obtained from the gerontology office, 102 Health Center.

During the course of the program, each student completes a field placement in an agency or an institution serving the elderly. Prior to the field experience, each student must complete a volunteer or paid experience in a facility or a program with elderly clients.

#### Suggested program

**First year**

- ENG 112 or equivalent (3-6)
- GER0 101 (3)
- PSYC 201 (4)
- BIOL 104 or 205 (4-5)
- F&N 207 (3)
- cognate requirements
- general education requirements
- electives

**Second year**

- BIOL 332 (4)
- GEOG 326 (3)
- PSYC 309 (3)
- PSYC 270 or SOC 369 (3-4)
- cognate requirements
- general education requirements
- electives

**Third year**

- BIOL 310 (2)
- GER0 405 (3)
- PHIL 319 (3)
- F&N 436 (3)
- GER0 422 (3)
- cognate requirements
- electives

**Fourth year**

- GER0 402, 410, 420 and 493 (10)
- GER0 491 (10)
- cognate requirements
- electives

This program is subject to revision and may be modified to meet student needs.

### Long-Term Care Administration Option

A special option available to students majoring in gerontology is to elect a specially designed cognate, long-term care, which prepares the student to seek an Ohio Nursing Home Administrator's license. This cognate consists of 12 courses in accounting, business administration, economics, finance, legal studies and management. The student is also required to complete a practicum of a minimum of 800 hours of experience in an approved nursing facility under the supervision of an Ohio licensed nursing home administrator.

Because of the need for close supervision of the student registered for this practicum experience, the placement must be in a facility in close proximity to Bowling Green. The student should also be aware that 132 hours are required for graduation in the long-term care administration option.

#### Suggested program

**First year**

- ENG 112 or equivalent (3-6)
- GER0 101 (3)
- PSYC 201 (4)

During the course of the program, each student completes a field placement in an agency or an institution serving the elderly. Prior to the field experience, each student must complete a volunteer or paid experience in a facility or a program with elderly clients.

### Medical Record Administration

101 Health Center, 372-8242

This program will not be available 1995-97.

### Medical Technology

(Clinical Laboratory Science)

504 Life Sciences Building, 372-8109

Certified medical technologists (clinical laboratory scientists) perform tests that aid in the detection, diagnosis and treatment of disease. Medical technology is composed of five clinical laboratory sciences: blood banking, clinical chemistry, hematology, immunology and microbiology. Collectively, applications taken from each of these disciplines enable clinicians to make a comprehensive assessment of each patient. Most medical technologists work in laboratories of public and commercial settings. Medical
technologists also work in the areas of technology, toxicology, and various specialties such as cytogenetics and transplantation. Medical technologists may pursue careers in laboratory supervision, management, education, customer training or sales (instrumentation, pharmaceuticals and new technology).

Students are encouraged to acquire a liberal arts education during the first three years while completing the prerequisite science courses. The senior year is devoted to professional study and training through lectures, laboratory instruction, seminars and supervised clinical practice at an affiliated hospital laboratory. Upon successful completion of the program, students receive a Bachelor of Science in Medical Technology and certificate of clinical training, and are eligible to take either of the national certification examinations for medical technologists. The professional studies program in medical technology is fully accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS). The major also prepares students for entry into graduate or professional school.

While acceptance to the major may occur at any time, application to professional training is required and is normally submitted during the junior year. Admission is granted to applicants who have a GPA of 2.5 or better, have completed all major course requirements with a grade of C or better, and are chosen for a clinical practicum position at one of the program's affiliated hospitals. These positions are assigned at the time of acceptance by a committee of hospital and University representatives. The clinical affiliates of the program are the Toledo Hospital, St. Vincent Medical Center and St. Rita's Medical Center. The professional studies program provides experience in research as well as in clinical practice. As an alternative, students may apply for their professional training through an accredited hospital based program that is affiliated with the University.

A grade point average of 2.5 or better must be maintained throughout the professional training program. During professional training no more than one lecture course in which a D or F has been earned may be repeated; no more than one laboratory course in which a D or F has been earned may be repeated. A student may not proceed through the practicum portion until all prerequisites have been completed with a grade of C or better.

Three plus one (3+1) plan (course sequencing may vary)

First term (13-16 hours)

Physical Therapy

101 Health Center, Bowling Green State University, 372-8242
2601 Dowling Hall, Medical College of Ohio, at Toledo, 381-3518

The physical therapy educational program provides opportunities for development of the knowledge, skills and attitudes which enable students to be competent entry-level clinical practitioners, to participate in clinical research and to have the basis for future graduate study. The professional education phase:

- fosters values and attitudes that promote caring and concern for the individual and for society
- enhances concepts and principles derived from knowledge of the natural sciences, the social sciences, and the humanities
- develops skills in:
  - the collection of information from and about patients
  - the establishment of rapport with patients to facilitate both problem identification and therapeutic intervention
  - the application of the scientific method to the analysis, synthesis and management of practice-related problems
  - the critical appraisal of relevant literature and clinical evidence
  - the continuation of one's own professional development

The physical therapist is a highly skilled practitioner who is knowledgeable of the health problems of the disabled in all age groups and in a variety of environments. Physical therapy provides a career option for men and women who want to work with other health care professionals in the restoration of maximal functional capabilities of individuals of all ages temporarily or permanently disabled by illness, disease, trauma or congenital abnormalities. Physical therapists provide services in hospitals, public health agencies, health maintenance organizations, rehabilitation and extended care facilities, public schools and governmental agencies, or they may establish their own independent practices.

During the freshman and sophomore years, students complete pre-professional coursework that permits them to fulfill all prerequisite requirements and to attain a general education background in communication skills, natural sciences, social and behavioral sciences and the humanities.

The professional education phase of the program is provided on the campus of the Medical College of Ohio. Courses in the professional curriculum, which continues for seven consecutive semesters, include courses in the basic sciences, physical therapy theory and procedures and applied
Selection
The responsibility for selecting students for enrollment into the professional component of the curriculum is vested in the Committee on Admissions, which is composed of representatives from the faculty of the physical therapy program at the Medical College of Ohio and appointees from Bowling Green State University and The University of Toledo. Criteria for selection include the strength of the academic record with particular emphasis on performance in science courses, evidence of observation of physical therapy services, and personal characteristics important when working with people in the health care fields.

Suggested program: * courses required for admission into the professional curriculum in the third and fourth years.

First year
ENG 112 or equivalent (3-6)
SOC 101 (3)*
MATH 130 (3)
CHEM 125 and 127-128 (10)*
PSYC 201 (4)*
MEDT 101 (1)
General education requirement (2-3)

Second year
PHYS 201 (5)*
BIOL 205 and 331 (9)*
IPC 102 (3)
MEDT 301 (2)
PHIL 342 (3)
PSYC 240 (3)
CS 100 or 101 (3)
General education requirements: select from humanities and art, cultural diversity in the United States

Third year
Anatomy & Physiology (7)
Neurosciences (5)
Pathophysiology (2)
Physical Therapy Theory and Procedures (8)
Introduction to Physical Therapy (2)
Foundations of Physical Therapy (3)
Therapeutic Exercise (2)
Kinesiology (5)
Musculoskeletal Problems (3)
Early Development (3)
Clinical Pracicum (4)
Computer Applications in PT (2)

Fourth year
Psychology of Physical Disability (3)
Musculoskeletal Problems (3)
Scientific Inquiry (2)
Therapeutic Exercise (4)
Clinical Pracicum (2)
Exercise Physiology (3)
Management of Physical Therapy Services (3)
Principles of Rehabilitation (3)
Research Topics (1)
Gerontology in PT (2)
Clinical Problem Solving (2)
Fundamentals of Teaching & Learning in PT (3)
Professional issues (1)
Seminar (1-3)

Summer
Clinical Internship (6)

Fall (fifth year)
Clinical Internship (6)

To enroll in the summer/fall clinical internships the student must have a GPA of 2.5 or above in professional courses with a PHYT prefix and faculty consent.

This program is subject to revision and may be modified to meet student needs.

Social Work
114 Health Center, 372-2441

This program is designed to prepare students to be generalist social work practitioners, which is considered the entry level for social workers. The program is built upon a liberal arts foundation. Thus, it provides students with the knowledge and value base of the social work profession as well as the practice skills necessary to work with a variety of clients in various social service agencies.

Students successfully completing the social work program are eligible to take the state license examination in order to become a Licensed Social Worker (LSW). Social workers are employed in public welfare, corrections, health and mental health systems, and child and family services. Among social workers' clientele are those affected negatively by economic structure, those who have committed or been victims of crimes, persons who have physical and mental disabilities, and those who have experienced discrimination and oppression. Besides individuals, clients include families, small groups and communities experiencing conflict and crisis.

The course of study begins with pre-major status. Students take two introductory social work courses along with general education courses. All other social work courses are taken after being accepted for social work major status. A written application requesting major status must be submitted to the department (see College of Health and Human Services Academic Handbook for specific requirements). The number of students admitted to major status is restricted.

In addition to the course of study, students participate in area social service agencies through observation, volunteer work and supervised field instruction. The social work program is accredited by the Council on Social Work Education at the baccalaureate level. Graduates of the program receive a Bachelor of Science in Social Work.

Admission and Continuation in the Social Work Program
1. Students who declare social work as a major will be classified as pre-social work majors prior to admission to the program.
2. Students may apply for admission to the program after:
   a. Completion of 30 credit hours.
   b. The attainment of a 2.5 accumulative GPA.
   c. Satisfactory completion of SOWK 110 and 227 with a grade of C or better.
      • Transfer students will also be evaluated upon the same criteria and must complete 12 semester hours at BGSU before application.
3. Program applications are submitted the first full week of each semester.
4. Faculty will review applications the second full week of each semester.
5. Notification of acceptance/rejection will be mailed by the fourth week of the semester. See application form for exact dates.
6. Students who apply for senior field placement must have a minimum GPA of 2.5 in the core courses. They must have a minimum of 2.5 accumulative GPA to apply for graduation in social work.

Suggested Program

**First year**
- SOWK 110 (3)
- SOWK 227 (3)
- ENG 112 or equivalent (3-6)
- BIOL 104 (4)
- SOC 101 (3)
- CS 100 (3)
- POLS 110 (3)
- Elective
- General education requirements (6)

**Second year**
- SOWK 230 (3)
- IPC 306 (3)
- PSYC 201 (4)
- ECON 200 (3)
- General education requirements (9)
- Electives (9)

**Third year**
- SOWK 320, 321, 322, 324 and 332 (15)
- SOC 301, 369, 370 (9)
- Electives (6)

**Fourth year**
- SOWK 325, 326, 423, 430 (22)
- PSYC 405 (3)
- Electives (6)

This program is subject to revision and may be modified to meet student needs. All students must have 122 hours of 100-level or above courses for graduation.
School of Nursing

The School of Nursing offers the student an opportunity to become actively involved in the health field as a professional nurse with a Bachelor of Science in Nursing degree. The curriculum emphasizes a liberal education combined with the nursing theory and clinical practice needed to develop the educated nurse. A graduate of the nursing program is capable of providing health services for individuals, families and communities and is eligible to take the licensing examination to become a registered nurse and prepare for future graduate study and leadership in nursing.

The School of Nursing is accredited by the National League for Nursing and has full approval of the Ohio Board of Nursing. Fees for the nursing program are the same as for all other degree programs. Additional charges, however, are mandated for uniforms, professional liability insurance, specific health tests and immunizations, and lab fees. The classes in the nursing major are taught in Toledo at the Medical College of Ohio. Transportation to classes at the Medical College of Ohio in Toledo and to the clinical placements is the responsibility of the student.

The School of Nursing offers two tracks to obtain a Bachelor of Science in Nursing degree:
1. BSN for students entering the nursing profession.
2. RN/BSN for students who are A.D. or diploma graduates and licensed as registered nurses.

Admission requirement information is available from the nursing office.

### Bachelor of Science in Nursing - BSN

A candidate for the Bachelor of Science in Nursing degree must earn a minimum of 123 semester hours of credit either in residence, by advanced standing or through transfer of credits, in addition to the requirements under Academic Policies.

A minor is not required for graduation.

### Admission requirements

Admission to the pre-professional nursing program is through the Office of Admissions of the University. Successful completion of the pre-professional requirements is a prerequisite for admission to the professional nursing program. The number of students accepted into the nursing program is limited by the availability of clinical facilities and faculty. Admission to the professional program is competitive and based upon:

1. Completion of the following prerequisite courses with a C or better:
   - ENG 111, 112
   - MATH-demonstrated competency above 095 level
   - CHEM 109, 110 and 117,118
   - BIOL 205
   - PSYC 201
   - If a grade of less than C is earned, two courses may be repeated, one time only.
2. Minimum cumulative grade point average of 2.5 overall including all transfer work.
3. Faculty evaluation of all candidates for admission to include, but not limited to (a) Academic progression (including age of coursework) and (b) Repeated coursework.

Admission applications are available from the nursing office and must be submitted by January 1.

### University requirements

These courses are offered at the BGSU main campus or at Firelands College in Huron, Ohio. Each student is required to complete ENG 112 or demonstrate a proficiency in written expression equivalent to that attained by students who have completed the course. A penalty is imposed if ENG 112 is not completed within the first 50 hours. See Academic Policies.

#### Suggested program

**First year** (pre-professional program)
- CHEM 109, 110 and 117-118 (8)
- MATH-demonstrated competency above 095 level
- Cultural diversity in the U.S. elective (3)
- ENG 111 and 112 or equivalent (3-6)
- BIOL 205 (5)
- PSYC 201 (4)
- NURS 100 (1) optional
- General education elective (3)

**Second year**
- PHIL 342 or 102 (3)
- BIOL 331, 332, 314 and 315 (12)
- ED/FI 490 or PSYC 240 (3)
- FAN 207 (3)
- Literature (3)
- PSYC 270, SOC 369 or MATH 115 (3-4)
- Course in international perspective elective (3)
- PSYC 405 (3)

**Upper division** (third and fourth years)

- **Level I**
  - NURS 316 (summer between sophomore and junior years), 325, 326, 327, 335, 336 and 337
- **Level II**
  - NURS 430, 442, 445, 447, 450, 457, 467, 477 and 495
- **Level III**
  - NURS 496 and 497
  - Elective
  - Electives may be required to meet the 123 hours required for graduation

The above is a suggested program that may be modified according to individual needs and capabilities. The School of Nursing recommends regular academic advisement as the student progresses.
Bachelor of Science in Nursing - RN/BSN

Degree track for the registered nurse

The School of Nursing also offers an opportunity for graduates of associate degree and diploma nursing programs to earn a baccalaureate degree with a major in nursing. The RN student achieves the same terminal objectives as the basic student. However, this alternate track for the RN provides for flexibility and an individualized approach for the nurse in practice. This program is offered through the Bowling Green main campus and the Firelands campus.

Admission requirements

Criteria for seeking admission to the major are:

1. Minimum cumulative grade point average of 2.5 overall including all transfer work.
2. Successful completion of selected NLN Examinations.
3. Current license to practice as a registered nurse in the state of Ohio.
4. Professional liability/malpractice insurance coverage of $1 million per incident, $3 million per aggregate.
5. Graduation from an NLN accredited school of nursing.
6. Completion of following prerequisite courses with a minimum grade of "C".
   - Biology 205 or Basic Natural Science Chemistry 109, 110 (Lab)
   - English 111
   - English 112
   - Math (competency above 095 level)
   - Psychology 201

Graduation requirements

Applications to the nursing major are available in the nursing offices on the main and Firelands campuses and at the LAHEC office.

A lab fee is assessed for all technology courses.

University requirements

Each student is required to complete ENG 112 or demonstrate a proficiency in written expression equivalent to that attained by students who have completed the course. A penalty is imposed if ENG 112 is not completed within the first 60 hours. See Academic Policies.

RN students must take or transfer in equivalent to Math as demonstrated by a competency examination score above 095 level.

Required Supportive Courses

Additional required credit hours exclusive of major include EDFI 490 or PSYC 240; either PSYC 270, SOC 369 or MATH 115; PSYC 405 or any other upper division PSYC course, BIOL 433.

There are 28 hours in the nursing major. Typically, students take the 28 hours part-time spread out over two years. An acceleration plan is possible; however, prior approval must be obtained from the director for the RN/BSN track.

Required Supportive Courses

Additional required credit hours exclusive of major include EDFI 490 or PSYC 240; either PSYC 270, SOC 369 or MATH 115; PSYC 405 or any other upper division PSYC course, BIOL 433.

There are 28 hours in the nursing major. Typically, students take the 28 hours part-time spread out over two years. An acceleration plan is possible; however, prior approval must be obtained from the director for the RN/BSN track.

Graduation requirements

A minimum of 123 hours is required for graduation, of which 40 hours must be in upper-division course work. In addition, the 30 hours earned immediately before graduation must be completed through Bowling Green State University uninterrupted by coursework at another university or college.
College of Musical Arts

H. Lee Riggins, Ph.D., dean, 1031 Moore Musical Arts Center, 372-2181
Richard Kennell, Ph.D., associate dean, 1031 Moore Musical Arts Center, 372-2181
Department of Music Composition/History, Donald M. Wilson, D.M.A., chair, 1031 Moore Musical Arts Center, 372-2181
Department of Music Education, Victor Ellisworth, Ph.D., chair, 1031 Moore Musical Arts Center, 372-2181
Department of Music Performance Studies, Paul Hunt, D.M.A., chair, 1031 Moore Musical Arts Center, 372-2181

Objectives

The primary objectives of the College of Musical Arts are to educate talented musicians for professional careers in teaching, performance, composition and musical scholarship; and to serve the University community by contributing to the general education program. The college also strives through its division of public mission to enhance the cultural climate of the entire campus and community and to serve as a cultural resource for northwest Ohio.

Music for the Non-Major

The student interested in music but not planning to be a major will find a wide variety of courses and performing options from which to choose. Courses range from a basic music appreciation class that introduces both popular and classical styles to more specific courses in art music, jazz, world music, music theory and composition. Those interested in learning piano, voice or guitar will find group instruction offered in these areas. Private instruction and membership in University performing ensembles are available on a limited basis by audition for people with previous performing experience.

Accreditation

Since 1947, the College of Musical Arts has been an accredited institutional member of the National Association of Schools of Music.

Entrance Examinations

Students wishing to major or minor in music (recording technology minor excepted) are required to audition in their principal performance medium and to take diagnostic examinations in general musicianship. A study guide is provided prior to the examination. In addition, a personal interview is strongly recommended. Applicants with performance skills in more than one medium are encouraged to audition in the second medium as well. Admission to a degree program in music is dependent upon satisfactory completion of these auditions and examinations. Students with majors in disciplines other than music who wish to register for applied music instruction (private lessons) are also required to audition in the principal performance medium. For information about other University entrance/placement examinations, see Academic Policies and Admissions Requirements.

Music Performance Ensembles

Membership in music ensembles is open to all students in the University who qualify on the basis of auditions. These ensembles include the A Cappella Choir, Men's Chorus, Women's Chorus and Collegiate Chorale; Concert, University, Athletic, Marching, and Symphonic Bands; Philharmonia Orchestra; and a variety of small vocal and instrumental ensembles, including Brass Choir, Jazz Lab Band, Early Music Ensemble, Balinese Gamelan Ensemble and New Music Ensemble. See course descriptions for a full listing of ensembles.

Programs Offered

Bachelor of Music

The College of Musical Arts offers majors leading to the Bachelor of Music degree as follows:

- Jazz studies (MUCH)
- Music composition (MUCH)
- Music education (MUED)
  - Choral option-keyboard emphasis
  - Choral option-vocal emphasis
  - Choral/musical theater option-keyboard emphasis
  - Choral/musical theater option-vocal emphasis
  - Classroom option-keyboard emphasis
  - Classroom option-vocal emphasis
  - Instrumental option—brass, percussion, guitar, string or woodwind emphasis
  - Instrumental option-keyboard emphasis
- Music History and literature (MUCH)
- Music Performance (MUSP)
  - Church music option (organ or voice)
  - Instrumental option—brass
  - Guitar (jazz emphasis)
  - Harp
  - Percussion
  - String
  - Woodwind
  - Keyboard option
  - Harpsichord
  - Organ
  - Piano accompanying
  - Piano literature
  - Piano pedagogy
  - Voice option
  - Voice/musical theater option
  - Vocal pedagogy option
  - Woodwind specialist option

A minor in jazz is available to Bachelor of Music degree candidates majoring in any of the fields listed above, with the exception of Jazz Studies.

The Bachelor of Music degree provides undergraduate preparation for a professional career and a background for graduate study. The curriculum for each Bachelor of Music program stresses not only technical and musical skills, but also a broad understanding of the social and cultural environment in
which the art of music is practiced. See the
sections immediately following as well as the
Course descriptions for specific details of
each of these majors.

Bachelor of Arts
The Bachelor of Arts degree with both majors
and minors in music is also available (see
College of Arts and Sciences). Bachelor of
Arts degree candidates who wish to pursue a
major or minor in music should contact the
associate dean of the College of Musical
Arts.

Bachelor of Science in Education
A minor in music is available to students
majoring in education (see College of
Education and Allied Professions). The
following options are offered:
- Secondary instrumental music (meets
  secondary certification requirements)
- Secondary vocal music (meets secondary
  certification requirements)

All prospective music minors must complete
the music entrance examination including an
audition in the major performance medium.

Approval for Continuation as a Music
Major or Minor
The progress of each music major or minor
toward a degree is reviewed each semester
by the faculty of the appropriate
department(s). Only students whose musical
and academic performance is satisfactory
are permitted to continue in the program.

Choice of a Major
Upon successfully meeting entrance
requirements, a student wishing to pursue
the Bachelor of Music degree should select a
suitable major within music in consultation
with an adviser. Students considering a
major in jazz studies should meet with the
coordinator of the jazz studies program.
Students planning to major in music
composition or music history and literature
usually do not declare their major until
the end of the sophomore year. Such students
should consult the chair of the Music
Composition/History Department for
academic advisement during the first
semester of their first year at BGSU.

Students planning to major in music
education must first enter a pre-music
education track. These students must meet
all admissions criteria for the University, the
College of Education and Allied Professions,
and the College of Musical Arts. In addition,
students planning to major in music
education are required to take a music
achievement test, which is used for
advisement purposes.

Double Major
A student interested in a double major
should consult the chairs of the departments
involved for information pertaining to the
requirements. Double majors must be
approved by the chairs of the appropriate
departments. Such programs ordinarily
require more than eight semesters to
complete.

Recital Attendance
All freshman, sophomore, and junior music
majors (and minors during terms in which
they are engaged in performance study) are
required to attend 15 music recitals or
concerts on campus each term, exclusive of
those in which the student is a participant.
Attendance at the biweekly College Recitals
may be counted toward the minimum of 15
recitals per term. To monitor recital
attendance, students majoring in music must
register for and successfully complete six
semesters of MUS 099 (Recital Attendance).
Students are also required to attend biweekly
seminars according to major applied
medium.

Minor in Another Discipline
A music major interested in concentrated
study in another discipline should consult the
chair of the department in which the major is
being taken. With judicious course selection
it is often possible to earn a minor or its
equivalent in another field. This additional
study may require more than eight semesters
to complete.

Jazz Minor
The jazz minor is a supplementary program
of courses and performance experiences
presenting the historical and stylistic features
of jazz. The jazz minor may be added to
existing undergraduate degree programs in
music composition, music education, music
history and literature, or music performance.
Students interested in the jazz minor should
consult their department chair and the
coordinator of jazz studies for assistance in
planning for the additional required course
work.

Jazz minor program (31)

MUCH 211, 212—Jazz Improvisation and
Repetoire (4)
MUCH 236—Intro Jazz and Commercial
Music (2)
MUCH 237—Jazz (3)
MUCH 311, 312—Jazz Arranging and
Analysis (6)
MUCH 411—Jazz Pedagogy (2)
MUCH 436—Recording Techniques (2)
MUSP Jazz Lab or Jazz Ensemble (4)
MUSP Applied instruction (3)
Applied credits earned in any music major
program count toward this requirement.

Recording Technology Minor
The recording technology minor is a
supplementary program that provides
students with appropriate terminology and
allows them to become familiar with the
equipment and techniques of a recording
studio. By means of elective courses,
students can emphasize either the business
or technological aspects of the program, or
create any combination of those aspects.
Open to all University students who meet the
course prerequisite. No performance audition
required. Obtain further information from
chair, Department of Music Composition/
History.

Recording Technology minor program
(28)

Required courses
- PHYS 350—Musical Acoustics (3) (spring
  only—offered alternate years)
- MUCH 436—Recording Techniques (2)
- MUCH 437—Advanced Recording
  Techniques (2) (spring only)
- MUCH 444—Music Technology I (3) (fall
  only)

- ET 241—Electronics (4) — Prereq: ET
  240 (spring only)
- CONS 235—Intro to Construction (3)
  Prerequisite: high school math
- CS 100—Computer Basics (3) Prerequi-
  site: one year high school algebra or
  MATH 095**
- BA 102—Introduction to Business (3)
- ECON 200—Introduction to Economics
  (3)
Jazz Studies

1031 Moore Musical Arts Center, 372-2181

Admittance as a Jazz Studies Major

In addition to the audition in the student's principal performance medium for acceptance into the College of Musical Arts, students wishing to pursue studies in jazz and jazz-related music-industry activities must demonstrate their understanding and facility in the jazz idioms. This will normally be accomplished by a separate audition with the coordinator of jazz studies. Acceptance into the program is contingent upon the approval of the coordinator of jazz studies. It is also possible to add jazz studies to an existing major for a double major.

Jazz Performance Ensembles

Jazz studies majors must perform in either the Jazz Lab Bands or Jazz Combos (or both) as part of the requirements for this degree program. Refer to the specific performance requirements for the Jazz Studies major below. All music majors are expected to participate in ensembles throughout their undergraduate program at Bowling Green State University. Performance opportunities in the Jazz Lab Bands and Combos are not limited to jazz studies or other music majors.

Jury Examinations

Jazz studies majors must complete jury examinations in their major applied medium as described in the course description section of this catalog under Applied Instruction. In addition, jazz studies majors must perform a jazz jury examination at the end of each semester. This jury examination is conducted by the coordinator of jazz studies.

Keyboard Proficiency Requirement

Functional keyboard proficiency tests I and II are required. See Music Education: Functional Keyboard Requirements below and pertinent course descriptions.

Recital Requirement

Candidates for the bachelor's degree in jazz studies are required to present a full recital. This is usually given in the senior year. Permission to perform a recital is given by the coordinator of jazz studies and the appropriate performance studies faculty. The recital requirement for jazz studies majors shall include an equal amount of Western art music and jazz.

Degree Requirements

The Bachelor of Music degree in jazz studies requires 128-135 total credits distributed as follows:

1. 28-33 credits in General Education;
2. 25 credits in basic musicianship (music core);
3. 22 credits in advanced courses in Jazz Studies;
4. 38 credits in Music Performance Studies courses and keyboard proficiency;
5. 6 credits in music electives;
6. 3 credits in ENG 112;
7. 6-8 credits in a foreign language.

For specific information, consult the coordinator of jazz studies.

General Requirements

All jazz studies degree candidates are subject to the general requirements listed under Academic Policies in this catalog as well as general requirements listed under Bachelor of Music degree, none of which are superseded by individual degree programs.

Writing Proficiency

See Academic Policies, Writing Proficiency Requirement. Note that a penalty is imposed if ENG 112 is not completed by the junior year.

General Education Requirements

I. Humanities and Arts

English Literature Elective—3 hours
Additional elective from the approved general education list—3 hours

II. Natural Sciences

Two courses from the approved general education list—8 hours

III. Social and Behavioral Sciences

Two courses from the approved general education list—8 hours

IV. Cultural Diversity

At least one course from the approved general education list—3 hours

Additional requirements outside of music

ETHN 120 Introduction to Black Studies—3 hours
POPC 280 Introduction to Popular Music—3 hours
One additional course from the approved general education list—3 hours
Two courses in one foreign language—6-8 hours

Music Requirements

All jazz studies majors are required to complete the following music courses. Total: 91 hours.

Music core

Music Performance

Large ensembles 4 hours; small ensembles 12 hours; major instrument/voice 16 hours; MUSP 305 2 hours; MUSP 495 recital 2 hours. Total: 36 hours.

Plano

MUCD 150, 151 (may be waived by proficiency exam). Keyboard proficiency tests I and II are required. Total: 2 hours.

Music electives

(MUCH 234 and 235 strongly recommended) Total: 6 hours.

Jazz studies major courses

Much 211, 212, 213, 237, 311, 312, 411, 436 and 438. Total: 22 hours.

Recital requirement (see above).

Suggested Program

Note: Exact order of courses is dependent upon semester of entry into program and frequency of offerings, which is subject to change. This is a general guide only.

First year (32 hours)

Much 131, 141, 142, 236 and 237 (13)
Applied music (4)
Ensembles (4)
MUCD 150 and 151 (2)
ENG 112 (3)

Social and behavioral sciences general education requirements (6)

Second year (31 hours)
MUCH 132, 231, 233, 241, 242, 211 and 212 (17)
Applied music (4)
Ensembles (4)
POPC 280 (3)
ETHN 120 (3)

Third year (32 hours)
MUCH 213, 232, 311, and 312 (11)
MUSP 305 (2)
Applied music (4)
Ensembles (4)
Music elective (2)
Natural sciences general education requirements (6)
Humanities and arts general education elective (3)

Fourth year (32-34 hours)
MUCH 411, 436 and 438 (6)
MUSP 495 Recital (2)
Applied music (4)
Ensembles (4)
Music electives (4)
English literature general education elective (3)
Foreign language courses (6-8)
Cultural diversity general education elective (3)

The above is a sample program which may be modified with the approval of the coordinator of jazz studies and individual department chairs according to the student's individual needs and capabilities.

Music Composition
(courses coded MUCH)
1031 Moore Musical Arts Center, 372-2181

Admittance as a Composition Major
Music students who have developed a strong interest in music composition and have demonstrated a significant aptitude in this area may apply to the chair of the Music Composition/History Department for acceptance as a major in music composition. It is also possible to add music composition to an existing major for a double major.

Application for admission to the composition program is usually made prior to the end of the sophomore year, although students prepared to do so may apply as early as the beginning of the freshman year. Applicants should submit a portfolio of scores and tape recordings. These will be reviewed by the composition faculty to determine acceptance into the program. If deficiencies are noted, a student may be admitted on probationary status. Students accepted on this status must achieve a 3.0 grade point average in major area courses within two semesters (summer is not included). Failure to do so will result in discontinuation as a composition major.

Collegium Musicum
The department maintains a Collegium Musicum as a training ground for performance practice and showcase for music not usually performed by other music ensembles. Ensemble credit is available in New Music Ensemble, Early Music Ensemble, Balinese Gamelan Ensemble and Afro-Caribbean Ensemble. Participation in the New Music Ensemble by music composition majors is strongly encouraged. All music majors are expected to participate in ensembles throughout their undergraduate program at Bowling Green State University.

Jury Examinations
Composition jury examinations occur each semester during final examination week. The composition faculty as a whole comprises the jury for the examinations. All composition majors are required to take jury examinations each term in which they are registered for MUCH 216 or 416.

The final grade in composition is determined by combining the grade from the individual instructor with the grade given at the jury. A final grade lower than B earned in fall or spring will result in probationary status in composition for the following semester, except summer. A letter will be sent to the student indicating the reason for probationary status, its duration and the steps necessary for its removal. If the student eliminates the deficiencies within the probationary period, regular status will be reinstated. If the conditions for removal are not met, probationary status will be continued for one more semester. Failure to remove deficiencies at the end of the second probationary semester will result in discontinuation as a composition major.

Keyboard Proficiency Requirement
Functional keyboard proficiency tests I and II are required. See Music Education: Functional Keyboard Requirements below and pertinent course descriptions.

Completion Requirement
Candidates for the bachelor's degree in music composition are required to present a half-recital of original compositions (or equivalent, such as music for a stage play or film of substantial length). Composition majors planning to give a degree recital must be registered for MUCH 416 during the semester in which the recital is given, or must give the recital within four weeks of the beginning of the semester immediately following the last semester of MUCH 416.

Approval for Senior Status
Each candidate for senior status as a music composition major must submit at least one score or tape of an original composition.

Degree Requirements
The Bachelor of Music degree in music composition requires 127-142 total credits distributed as follows:

1. 29-31 credits in general education;
2. 45-52 credits in basic musicianship, including performance;
3. 44-48 credit hours in advanced courses in music theory, literature and composition;
4. 3 credits in ENG 112;
5. 6-8 credits in a foreign language.

For specific information, consult the chair of the Department of Music Composition/History.

General Requirements
All composition degree candidates are subject to the general requirements listed under Academic Policies in this catalog as well as general requirements listed under Bachelor of Music degree, none of which are superseded by individual degree programs.

Writing Proficiency
See Academic Policies, Writing Proficiency Requirement. Note that a penalty is imposed if ENG 112 is not completed by the junior year.

General Education Requirements
I. Humanities and Arts
Two courses from the approved general education list - 6 hours.

II. Natural Sciences
Two courses from the approved general education list - 6 hours.

III. Social and Behavioral Sciences
Two courses from the approved general education list - 6 hours.

IV. Cultural Diversity
At least one course from the approved general education list - 3 hours.

Electives outside of music
Three or four additional courses, including at least one from the approved general education list —8-10 hours.

Foreign Language
Two courses in the same language—6-8 hours.

Music Requirements
All composition majors are required to complete the following music courses. Minimum total: 89 hours.

Music core
MUCH 131, 132, 231, 232; either 236 or 237, and one the following: 233, 234 or 235.
MUCH 141, 142, 241, 242, and 341.
Total: 27-28 hours.

Music Performance
Large ensembles 4 hours; small ensembles 3 hours; major instrument/vocal 4 hours; MUSP 305 and 306 4 hours; performance electives 3 hours. Total: 16 hours.

Piano
MUED 150, 151, 250, 251 (may be waived by proficiency exam). Keyboard proficiency tests I and II are required. Total: 5-6 hours.
Music literature electives
Two courses from the following:
MUCH 318, 401, 406, 412. Total: 4 hours.
Music composition major courses
MUCH 308, 309, 315, 216-416 (12-16 hours).
320 or 325, 403, 404, 410 (4 hours),
MUCH 444, 445, 446, 447 (Total: 40-44 hours). Completion requirement (see above).

Suggested Program
Note: Exact order of courses is dependent upon semester of entry into program and frequency of offerings, which is subject to change. This is a general guide only.

First year (31-32 hours)
MUCH 131, 141, 142, 233 or 234 or 235, and 236 or 237 (12-13)
Applied music (2)
Arts and humanities general education requirement (3)
Cultural diversity general education requirement (3)
MUCH 116 or 216 (4)
Ensembles (2)

MUCH 403 and 404 (4)
MUCH 410 (4)
MUCH 446 and 447 (6)
Electives in and out of music (4)
Social sciences general education requirements (3)
Ensembles (1)

Selecting a Degree Option
All freshman pre-music education majors are enrolled in a general course of study for the first academic year. Students are required to select a degree option during that year. Approval of an option is initially determined on the basis of the student's academic standing and performance achievement. (See Admittance as a Music Education Major above.)

1. Academic standing is determined on the basis of cumulative grade point hours and quality points, and standing in the basic music courses.
2. Performance proficiency is measured through applied juries which are scheduled at selected times and are posted for each academic year. These performance juries are used to determine a student's performance proficiency for choosing a specialty area, and to determine whether performance progress has been satisfactory. Only students whose performance status is satisfactory will be granted an area of specialty.
3. To remain in a degree option, students must exhibit teaching competency as judged by the music education faculty.

Students who decide to change from one option to another must first consult with the department chair. In addition, they may be required to meet additional professional and performance requirements. Any student changing an option must complete at least 10 credit hours in one performance area.

Degree Requirements
General Requirements
All music education degree candidates are subject to the general requirements listed under Academic Policies in this catalog, as well as general requirements listed under Bachelor of Music degree, none of which are superseded by individual degree programs.

Writing Proficiency
See Academic Policies: Writing Proficiency Requirement. Note that a penalty is imposed if ENG 112 is not completed by the junior year.

General Education
To ensure a general education background in addition to the teaching major, a student is required to complete a minimum of eight courses, totaling at least 42 hours of credit, from the areas of knowledge indicated below.

1. Humanities and Arts
Students are required to complete two courses from the approved general education list. Courses in music may not be used. Minimum total: 6 hours. Exception to this requirement are described below.
Requirements for the classroom music option
The following courses are listed as required courses in the professional education course list for the classroom music option and may be used in the humanities and arts requirements as well as to fulfill the 8-course requirement beyond the natural science, social and behavioral science, and cultural diversity in the U.S. requirements: English literature from the approved general education list, ART 101, and a choice of one of the following: ART 145, 146 or THEA 347.

Requirements for the choral/musical theater option
The following courses are listed as required courses in the professional education course list for the classroom music option and may be used in the humanities and arts requirements as well as to fulfill the 8-course requirement beyond the natural science, social and behavioral science, and cultural diversity in the U.S. requirements: THEA 202, 241, 341 and 353 and THEA 243 or 343 or 349. Courses in music may not be used. Choral/musical theater students must also complete 3 hours of recreation in dance from among ballet, ballroom dance, square dance, folk dance, jazz dance, modern dance and tap dance. These courses may be used to fulfill electives outside of music.

II. Natural Science
Students must complete at least two courses selected from the approved natural science general education list.

III. Social and Behavioral Sciences
Each student must complete at least two courses selected from the approved social and behavioral science general education list.

IV. Cultural Diversity
Students are required to take one course from the approved cultural diversity general education list.

International Perspectives in the United States
All students must take one course in international perspectives from either the social and behavioral sciences or the humanities and arts lists.

Communications and Mathematics
All music education students are required to take ENG 112 (C or better), IPC 102 (C or better) and one mathematics course.

Total group requirements
Music education degree options are divided into three categories: professional music offerings (minimum of 50% of hours), professional education offerings (minimum of 15-20% of hours) and general education offerings (minimum of 30-35% of hours) which include communications and mathematics. Each student is responsible for meeting with the departmental advisor to ensure that they meet these percentages.

Professional Education Requirements
To ensure adequate professional preparation for a career in teaching, the following courses are required: EDFI 302 and 402 and EDAS 409. (The prerequisite for EDFI 302 is PSYC 201). EDFI 408 appears as a requirement.

Music Core Requirements
All music education majors are required to complete the following core courses. Minimum total: 58 hours.

Music history, theory and aural skills
Music modules 131, 132, 231, 232, 236 and MUCH 233, 234 or 235 in select degree options. In addition, either 315, 320, 325 or 322 taken according to specific option. Aural skills I-IV (MUCH 141, 142, 241 and 242). Minimum total: 25 hours.

Conducting
MUSP 305 and 306 required in the junior year before student teaching. Minimum total: 4 hours.

Performance
10 hours minimum in one performance medium (e.g., trumpet, violin, voice).

Ensembles
5 hours of large ensembles and one hour of small ensembles. Total: 6 hours.

Music methods
MUED 240. Total: 3 hours. Prerequisites: GPA of 2.5; grade of C or better in each course with a MUED prefix; pass both history/theory in MUCH 131; grade of C or better in MUCH 141. MUED 340/341—all sections. Total: 9 hours. Prerequisites: MUED 240; GPA of 2.5; grade of C or better in each course with a MUED prefix; instrumental majors must have successfully completed two techniques classes and the voice class with a grade of C or better; MUCH 132-pass both history/theory; grade of C or better in MUCH 142; pass Piano Proficiency I.

Student teaching
MUED 497. Eligibility requirements for student teaching are specified under "Student Teaching" in this section of the Undergraduate Catalog. Total: 10 hours.

Music Education Options
In addition to the core requirements (47 hours) each major in music education must complete the requirements of one of the following options:

Choral option (keyboard emphasis)
MUED 340, MUED 341, MUED 359, MUSP 310, 3 hours of instrument classes (see additional requirements—instrument classes), 3 hours of class or studio voice, 2 hours of class piano, functional proficiencies I and II, and MUSP 264. Total: 21 hours.

Choral option (vocal emphasis)
MUED 340, MUED 341, MUED 359, MUSP 310; 3 hours of instrument classes (see additional requirements—instrument classes), one hour of studio piano, 3-5 hours of class piano and functional proficiencies I, II and III. Total: 19-21 hours.

Classroom option (keyboard emphasis)
MUED 340, MUED 341, 451, 3 hours of instrument classes, 3 hours of class or studio voice, 2 hours of class piano, functional proficiencies I and II, and MUSP 264. Total: 20 hours.

Classroom option (vocal emphasis)
MUED 340, MUED 341, 451, 3 hours of instrument classes, 1 hour of studio piano, 3-5 hours of class piano and functional proficiencies I, II and III. Total: 18-20 hours.

Instrumental option (instrument emphasis in woodwind, brass, string, guitar or percussion) (Students wishing to know more about the classroom option should contact the chair.)
MUED 340, MUED 341, 7 hours of instrument classes, 1 hour of class voice, 3-5 hours of class piano and functional proficiencies I, II and III. Total: 20-22 hours.

Choral-musical theater option (vocal emphasis)
MUED 340, 341, 359, MUSP 310, 3 hours of instrument classes, 1 hour of studio piano, 3-5 hours of class piano, and functional proficiencies I, II and III. Total: 19-21 hours.

Choral-musical theater option (keyboard emphasis)
MUED 340, 341, 359, MUSP 310, 3 hours of instrument classes, 3 hours of class or studio voice, 2 hours of class piano, functional proficiencies I and II, and MUSP 264. Total: 21 hours.

Performance requirements-musical theater option
Students must participate in one University musical (theater program and College of Musical Arts) and three theatrical productions well distributed over the following: opera, opera workshop, educational theater, community theater, professional theater, and dance theater. Each production must be approved by the chair of music education. MUED 340/341 consists of four major methods components: elementary general music, junior high school general music, the student’s major option area of emphasis, and a field component (MUED 341). Specific option areas will be offered only during certain semesters. Students should consult the department for details.

Performance Requirements
In addition to specific course requirements, music education majors must meet the following performance-oriented requirements:
Performance jury examinations

Students in music education must have a major performance emphasis and must pass an examination in that area at jury examination times. Jury examinations are scheduled at selected times and are posted for each academic year. Students wishing to change their area of performance emphasis must do so with the approval of the chair of music education and the appropriate performance faculty.

Recital

A half recital (or its equivalent) is required of all music education majors. Students must be enrolled for studio lessons during the semester of the recital. The recital may not be given while student teaching. Permission to perform a recital is given by the appropriate performance faculty, and is based upon the student's performance at a recital jury examination. Students desiring to meet this requirement through equivalent means must receive approval from the chair of music education and the appropriate performance faculty. Students are encouraged to give a full recital; however, a full recital may only be given with the consent of the performance area faculty.

Functional Keyboard Requirements

Music education majors are required to pass the three functional proficiency examinations below. Piano requirements for all degree programs cannot be met simply by taking piano for a specified number of credit hours. The following skills are required for each proficiency examination:

- **Proficiency I**: (freshman level) scales, basic chord progressions, chording melodies, and sight reading
- **Proficiency II**: (sophomore level) harmonization, score reading, and transposition, etc.
- **Proficiency III**: (sophomore level) accompanying

**Proficiency I** is a freshman-level requirement; **proficiencies II and III** are sophomore requirements.

All entering freshman are auditioned on piano and placed according to their keyboard skills. Students with no keyboard background are placed in the introductory class piano sequence of MUED 150 and 151. Students with some keyboard experience are placed in either 151 or 154 depending upon their level of proficiency. Keyboard emphasis students are placed in MUED 154 in lieu of taking MUED 150-151 and take MUSP 264 in lieu of proficiency III.

All freshmen are expected to pass functional proficiency I by the end of the second semester. Sophomore level piano course requirements are unique to each option in music education. They are specified in the music education handbook and are designed to prepare students for the second and third functional proficiency examinations. Any of these proficiency examinations may be passed ahead of schedule.

Proficiencies I and II must be completed prior to student teaching. Students who have not passed functional proficiency I and II will not be allowed to student teach. Because of the time required to place students in student teaching assignments, there must be at least one full semester between the time the final proficiency is passed and the semester of student teaching. Proficiency III may be taken after student teaching and must be passed to qualify for graduation and certification. Summer session is considered equivalent to one semester. Proficiency examinations are scheduled on an arranged basis for students not enrolled in class piano.

All piano classes must be passed with a grade of C or better. This is indicated in the course descriptions. Additional information on all functional piano requirements is available from the chair of music education. Students are responsible for knowing and meeting all proficiency requirements.

Additional Requirements

**Academic minor or second major**

Ordinarily students pursuing a degree in music education do not carry an academic minor or second major; however, a minor or second major can be pursued provided the student is willing to take additional credits beyond the minimum required for graduation. Students with this interest should consult the chair of music education.

**Elements of music**

All entering freshmen are required to take a diagnostic examination in general musicianship (see Entrance Examination above). On the basis of this examination, students may be required to enroll in MUCH 110, Elements of Music. MUCH 110 will be applied to the elective in music category.

**Field experiences**

Field-based experiences are an essential part of professional teacher preparation. In compliance with state certification standards, students are required to participate in such experiences as a part of certain music education courses.

**Instrument classes**

Music education majors pursuing the instrumental option are required to take the following six instruction classes: MUED 130, 136, 140, 145, 146 and 180. (It is strongly recommended that MUED 130, 140, 145 and 146 be taken initially, preferably during the freshman/sophomore year.) Students in the choral, classroom and theater options are required to take 3 hours of instrument classes including 1 woodwind, 1 brass and MUED 195 (guitar). The following instrument classes are available for MUED 125 (percussion), MUED 147 (bassoon reed class).

**Conducting requirements**

All music education majors must pass second semester conducting with at least a grade of C. Those students receiving a grade of D or less will be required to repeat MUSP 306 (Conducting).

**Methods requirements**

Music education majors must pass all required methods courses (MUED 240, 340) with at least a grade of C. Those students receiving a grade of D or less will be required to repeat the course(s) in question.

**Ensemble participation**

Music education majors are expected to participate in ensembles throughout their undergraduate program except the semester they student teach. Instrumental option students must acquire five semester hours of large ensemble credit (exclusive of marching band credit which may apply toward elective hours) and one semester hour of small ensemble credit. Students in the choral, classroom and musical theater options must acquire five semester hours of large ensemble credit and one semester hour of small ensemble credit. A total of one semester hour of credit for men’s or women’s chorus may be applied toward the large ensemble requirement. Any remaining hours of credit accumulated through men’s and women’s chorus may apply toward elective credit hours.

**Student teaching**

The requirements for student teaching in music are established by the State of Ohio, the College of Education and Allied Professions, and the Department of Music Education. To be eligible for an assignment in student teaching the student must meet the general requirements of the College of Education and Allied Professions and those prerequisites established by the Department of Music Education. An overall GPA of 2.5 is required.

**Departmental prerequisites**

Music requirements for student teaching include the successful completion of MUED 240 (C or better), MUED 340 (C or better), MUED 341 (with an S), MUSP 306 (C or better), and the required functional piano proficiency examinations. (Refer to course descriptions for additional details.) Instrumental option students should attempt to complete the seven semester hour instrument class component prior to student teaching. In addition, classroom option students should complete MUED 451.

**Registration**

Each student teacher must register in two places: (a) with the University Office of Student Teaching in the College of Education and Allied Professions; and (b) with the coordinator of student teaching in the College of Musical Arts.

**Speech and hearing test**

Prospective teachers may also take speech and hearing tests so that they may avail themselves of appropriate corrective services if necessary.
Transportation and housing

Students must provide their own transportation to assigned schools. Students without transportation are expected to live in the assigned community. Requests for stations close to the campus because of apartment leases, etc., may not be honored.

Station assignment

Students will be assigned to teaching stations and supervisors at the discretion of the coordinator of student teaching. Requested stations or supervisors cannot be guaranteed.

Preteaching interview

Any school system has the right to interview a prospective student teacher. If the student is not accepted, the coordinator reserves the right to designate a reassignment. If necessary, the coordinator may request that the student seek an interview with school authorities.

Radius

The radius for student teacher placement is not more than 50 miles from campus.

Withdrawal from student teaching

Once an assignment has been accepted by a school system, a student teacher may not withdraw except in cases of emergency (e.g., ill health, a death in the family).

Changing semester of teaching

Students requesting to change their assigned semester of student teaching may have to wait one or more semesters if no opening in the semester requested exists.

Extended student teaching

If a student does not successfully meet the performance objectives and competencies outlined by the Office of Student Teaching and the Department of Music Education during the semester of student teaching, s/he may be required to do extended student teaching. A student doing unusually ineffective teaching in any of the competency areas may be required to pursue further academic study in that area(s) before being allowed to do extended student teaching.

Time requirement

All students must complete the time requirement for student teaching.

Written requirements

Student teachers must complete all written requirements connected with their final evaluations or receive an incomplete for the semester.

On-campus activities

For a student to be effective, total commitment to teaching is necessary. Students may not take an academic course, present recitals, perform in ensembles or take private lessons during student teaching.

Graduate students

Graduate students seeking teaching certification must meet all undergraduate teaching requirements.

Summer student teaching

Student teaching during summer session terms is not permitted.

Suggested Programs

NOTE: Exact order of courses is dependent upon semester of entry into program, and time frequency of offerings which is subject to change. This is a general guide only.

Fourth year (28-30 hours)
Semester VII
Instrumental majors will be placed in the
junior methods project in music, when
possible, as follows:
1) String emphasis-fall only
2) Wind/percussion/guitar emphasis-
University lab schools-fall only
3) Wind/percussion/guitar-all others-
spring only
The following semesters will be reversed
based on 1, 2 and 3 as listed above.
Junior Methods Project
MUED 340 (7)
MUED 341 (2)
EDFI 302 (3)
MUSP 305 (2)
Large ensemble (1-2)
Instrumental techniques (1)
Applied study (2)
MUS 099 (0)
Semester VI
MUCH 315 or 320 (2)
MUSP 306 (2)
EDAS 409 (3)
General education electives (6-8)
Instrumental techniques (2)
Large ensemble (1-2)
MUS 099 (0)

Fourth year (31 hours)
Semester VII
Student teaching (first 10 weeks) (10)
EDFI 402 (last 5-6 weeks) (3)
EDFI 408 (last 5-6 weeks) (3)
Semester VIII
EDAS 409 (3)
General education electives (9-12)

Music History and
Literature
(courses coded MUCH)
1031 Moore Musical Arts Center,
372-2181
Admittance as a Music History and
Literature Major
Music students who have developed a strong
interest in music history and have demon­
strated a high standard of academic
achievement may apply to the chair of the
Music Composition/History Department for
acceptance as a major in music history. It is
also possible to add music history to an
existing major for a double major. Application
for admission to the music history program is
made prior to the end of the sophomore year.
Applicants should submit sample papers
to the departmental chair. These will be
reviewed by the music history faculty. For full
acceptance into the program a student must
have achieved a 3.0 average in each of the
following groups of courses: MUCH 131 and
132; Non-Western Music (MUCH 233, 234 or
235); MUCH 236; and MUCH 141, 142 and
241. Students with an average of 2.5 to 2.9
may be accepted as majors on probationary
status. Students accepted on this status
must achieve a 3.0 average in major area
courses within two semesters (summer is not
included). Failure to do so will result in
discontinuation as a music history major.

Collegium Musicum
The department maintains a Collegium
Musicum as a training ground for perfor­
ance practice and showcase for music not
usually performed by other ensembles.
Ensemble credit is available in: Early Music
Ensemble, New Music Ensemble, Balinese
Gamelan Ensemble and Afro-Caribbean
Ensemble. Participation in these ensembles
by music history and literature majors
beyond the required four hours is strongly
encouraged. All music majors are expected
to participate in ensembles throughout their undergraduate program at Bowling Green State University.

**Keyboard Proficiency Requirement**
Functional keyboard proficiency tests I and II are required. See Music Education: Functional Keyboard Requirements and pertinent course descriptions.

**Completion Requirements**
Candidates for the bachelor's degree in music history and literature are required to submit scholarly papers which demonstrate an understanding of historical issues and basic research techniques. This is accomplished through MUCH 406, Problems in Music History.

**Degree Requirements**
The Bachelor of Music degree in music history and literature requires 122-135 total credits, distributed as follows:
1. 30-36 credits in general education
2. 43-50 credits in basic musicianship, including performance;
3. 30 credits in advanced courses in music theory, history and literature;
4. 3 credits in ENG 112;
5. 8 credits each in two foreign languages.

For specific information consult the chair of the Department of Music Composition/History.

**General Requirements**
All music history and literature degree candidates are subject to the general requirements listed under Academic Policies in this catalog, as well as general requirements listed under Bachelor of Music degree, none of which is superseded by individual degree programs.

**Writing Proficiency**
See Academic Policies: Writing Proficiency Requirement. Note that a penalty is imposed if ENG 112 is not completed by the junior year.

**General Education Requirements**
1. **Humanities and Arts**
   - Two courses from the approved general education list.—6 hours.
2. **Natural Sciences**
   - Two courses from the approved general education list.—6 hours.
3. **Social and Behavioral Sciences**
   - Two courses from the approved general education list.—6 hours.
4. **Cultural Diversity**
   - At least one course from the approved general education list.—3 hours.

**Electives outside of music**
One additional course from the approved general education list; one fine arts elective; one English literature elective; one English literature/composition elective, and one philosophy elective. Total 30-36 hours.

**Foreign Language**
Two courses in the same foreign language and two courses in a second language. Total: 16 hours.

**Music Requirements**
All history majors are required to complete the following music courses. Minimum total: 78 hours.

**Music Core**
MUCH 131, 132, 231, 232, 236 or 237, and 233, 234 or 235.
MUCH 141, 142, 241, 242 and 341.
Minimum total: 27-28 hours.

**Music Performance**
Large ensembles 4 hours; small ensembles (Early Music Ensemble) 4 hours; major instrument/voice 4 hours; MUSP 305 and 306 4 hours. Total: 18 hours.

**MUCH 315 or MUCH 320 (4)**

**Music History and Literature Courses**
MUCH 316, 406 (6 hours), 407, 408, 412, electives. Total: 24 hours.

**Completion Requirement (see above)**

**Suggested Program**
NOTE: Exact order of courses is dependent upon semester of entry into program and frequency of offerings which is subject to change. This is a general guide only.

**First year (34 hours)**
- MUCH 131, 141, 142, 233 or 234 or 235, 236 (12)
- MUED 150, 151 (2)
- Applied music (2)
- Large ensembles (2)
- Collegium Musicum (1)
- Humanities and arts general education requirements (6)
- Natural sciences general education requirements (6)
- ENG 112 (3)

**Second year (31 hours)**
- MUCH 132, 231, 241, 242 (11)
- MUED 250 and 252 (3)
- Applied music (2)
- Large ensembles (2)
- Collegium Musicum (1)
- Social sciences general education requirements (6)
- Electives outside of music (6)

**Third year (32 hours)**
- MUCH 232 (2)
- MUCH 308 and 309 (4)
- MUCH 315 or 320 or 325 (2)
- MUCH 318 and 407 (4)
- MUCH 341 (2)
- Music literature electives (6)
- Collegium Musicum (1)
- Cultural diversity general education requirement (3)
- Foreign language (8)

**Fourth year (30 hours)**
- MUCH 408 (9)
- MUCH 408 and 412 (4)
- MUSP 305 and 306 (4)
- Music literature electives (4)
- Collegium Musicum (1)
- Elective outside of music (3)
- Foreign language (8)

The above is a sample program which may be modified with the approval of the chair of the Music Composition/History department according to the student's individual needs and capabilities.

**Music Performance**
(courses coded MUSP)
1031 Moore Musical Arts Center, 372-2181

The Department of Music Performance Studies provides applied instruction and coursework in performance for music majors and minors, as well as for all qualified students of the University. The department also administers the Bachelor of Music degree program in performance with options as follows:

- Church music (organ or voice emphasis)
- Harpsichord
- Instrumental (brass, harp, percussion, string, woodwind)
- Organ
- Piano Accompanying
- Piano Literature
- Piano Pedagogy
- Voice
- Vocal Pedagogy
- Woodwind specialist

(The woodwind specialist option is a limited enrollment program. Acceptance is based on an audition which is to be scheduled at the end of the student's first semester. Successful completion of the option requires high performance standards in the major woodwind instrument and a proficiency level in two other woodwind instruments equivalent to that of entering freshmen with these instruments as their major performing medium.)

**Piano Proficiency**
Applied piano instruction is required of all music performance majors. A prerequisite to individual applied instruction is class piano, MUED 151, or equivalent. (See coordinator of class piano for placement assessment.)
addition, majors in brass, guitar, harp, percussion, strings, voice and woodwinds are required to demonstrate piano proficiency through examination. The examination, which is to be scheduled through the keyboard coordinator during the final semester of applied piano study, consists of satisfactory performance of one Baroque, one Classical and one Romantic or contemporary composition. One work is to be memorized.

Admittance as a Music Performance Major
A student is accepted for the Bachelor of Music degree program in music performance by audition before the appropriate area faculty. This audition may be held at the time of the initial College of Musical Arts audition or during the course of degree study. It is highly recommended that the acceptance audition take place during the freshman year. Acceptance later than the freshman year may necessitate studies beyond the fourth year to meet repertoire and performance standards.

Upon acceptance the student, in counsel with an adviser, develops a course of study based on degree requirements and the student's needs and interests.

Jury Examinations
Information on jury examinations can be found in the Course Descriptions section of this catalog under Applied Instruction.

Recital Requirement
At least one full recital is required of all performance majors. This is usually music given in the senior year. Permission to perform a recital is granted by the appropriate performance studies faculty and is based upon the successful completion of a recital jury.

A student must be registered for applied study during the semester when the recital is presented.

Ensemble Participation
All music performance majors are expected to participate in ensembles each semester of registration. Ensemble choice should be appropriate to the student’s principal performance medium (e.g., strings: orchestra; woodwinds, brass, percussion and harp: band and/or orchestra; guitar: small ensembles; voice: choral ensembles and/or opera theater; piano: accompanying and/or small ensembles). In cases subject to question, students should consult the department chair.

Degree Requirements

General Requirements
All music performance degree candidates are subject to the general requirements listed under Academic Policies in this catalog, as well as general requirements listed under Bachelor of Music degree, none of which is superseded by individual degree programs.

Writing Proficiency
See Academic Policies.

Physical Education
See Academic Policies.

General Education Requirements
Students are required to take eight courses from the current list of approved General Education courses (see Academic Policies). The eight courses are to be distributed as follows: two each from Natural sciences, the social and Behavioral Sciences, and the Humanities and Arts; one course from cultural diversity in the United States; and one additional general studies course. In addition, one of the courses taken from either the Social and Behavioral Sciences, OR the Humanities and Arts must be taken from the list of International Perspectives course...

Electives In or Out of Music
The required number of electives in or out of music will vary according to the student’s program option; however, at least 25 percent of the total degree credit hours must be outside of music.

Music Core Requirements
Program options: church music, harpsichord, organ.
MUCH 131, 132, 231, 232, 141, 142, 241 and 242 (21)
Program options: all others
Same as above with addition of MUCH 236 (2) or 237 (3) (guitar option requires both)

NOTE: Some students may be required to enroll in MUCH 110 prior to MUCH 131 and 141.

Total Requirements
More than the 122-hour University minimum total is required for certain music performance degree program options. Specific course requirements not listed above for the various options follow, along with a suggested order of courses over a four-year period.

Specific Requirements for Music Performance Program Options

Church Music Option (125-126 hours)
Voice or Organ Emphasis
MUED 359 Choral Repertoire (2)
MUCH 403 Counterpoint I (2)
MUCH 404 Counterpoint II (2)
MUCH 407 Performance Practice (2)
MUSP 100/300, 277-79/477-79 Ensembles (8)
MUSP 261/461 Applied Piano (2)
MUSP 215-216 or 311-312 Repertoire (4)
MUSP 272/472 or 263/463 Applied Principal Performance Medium (16)
MUSP 272/472 or 263/463 Applied Secondary Performance Medium (4)
MUSP 305 Conducting I (2)
MUSP 306 Conducting II (2)
MUSP 396 Service Playing I (2)
MUSP 397 Service Playing II (2)
MUSP 415 Organ Construction (2)
MUSP 416 Church Music (2)
MUSP 459 (2) or 370 (3) Pedagogy
MUSP 495 Senior Recital (2)
French (8)
German (8)

Each student in the church music option is expected to participate in the music program of a church of his or her choice.

Guitar Option (127 hours)
Jazz Emphasis
MUCH 211 Jazz Improvisation and Repertoire I (2)
MUCH 212 Jazz Improvisation and Repertoire II (2)
MUCH 237 Jazz Theory (3)
MUSP 305 Conducting I (2)
MUCH 311 Jazz Arranging Analysis I (3)
MUCH 312 Jazz Arranging Analysis II (3)
MUCH 411 Jazz Pedagogy (2)
MUCH 436 Recording Techniques (2)
MUSP 458 String (guitar) Pedagogy (2)
MUSP 100/300 Small Ensembles (16)
MUSP 261/461 Applied Piano (2)
MUSP 286/486 Applied Guitar (28)
MUSP 495 Senior Recital (2)

Harpischord Option (126 hours)
MUCH 100/300 Early Music Ensemble (4)
MUCH 308 Keyboard Harmony I (2)
MUCH 309 Keyboard Harmony II (2)
MUCH 315 Orchestration (2)
MUCH 403 Counterpoint I (2)
MUCH 404 Counterpoint II (2)
MUCH 406 Problems in Music History (3)
MUCH 407 Performance Practice (2)
MUCH 408 Chamber Music Literature (2)
MUSP 305 Conducting I (2)
MUSP 306 Conducting II (2)
MUSP 367 Piano Pedagogy I (3)
MUSP 410 Harpsichord Repertoire I (3)
MUSP 411 Harpsichord Repertoire II (3)
MUSP 282/462 Applied Harpsichord (30)
MUSP 495 Senior Recital (2)

Instrumental Option (124-125 hours)
MUCH 320 Band Scoring or 315 Orchestration (2)
MUCH 318 Symphonic Literature (2)
MUCH 408 Chamber Music Literature (2)
MUSP 305 Conducting I (2)
MUSP 453, 454, or 458 Pedagogy (2)
MUSP 100/300 Small Ensemble (4)
MUSP 261/461 Applied Piano (2)
MUSP 495 Senior Recital (2)

Organ Option (122 hours)
MUCH 315 Orchestration (2)
MUCH 403 Counterpoint I (2)
MUCH 404 Counterpoint II (2)
MUCH 407 Performance Practice (2)
MUSP 305 Conducting I (2)
MUSP 306 Conducting II (2)
MUSP 215 Organ Repertoire I (2)
MUSP 216 Organ Repertoire II (2)
MUSP 395 Service Playing I (2)
MUSP 397 Service Playing II (2)
MUSP 415 Organ Construction (2)
MUSP 450 Organ Pedagogy (2)
MUSP 100/300 Small Ensembles (4)
MUSP 283/463 Applied Organ (32)
MUSP 495 Senior Recital (2)

Piano Accompanying Option (127-128 hours)
MUCH 315 Piano Repertoire (1)
MUCH 404 Counterpoint II (1)
MUCH 407 Performance Practice (2)
MUCH 408 Chamber Music Literature (2)
MUCH 410 Contemporary Music Process Seminar (2)
MUCH 300 or 400 Literature (2)
MUSP 160 Sightreading I (1)
MUSP 210 Piano Repertoire I (3)
MUSP 211 Piano Repertoire II (3)
MUSP 264 Accompanying Techniques I (1)
MUSP 285 Piano Four-Hand Class (1)
MUSP 100/300R Accompanying Practicum (2)
MUSP 100/300S Mixed Chamber Ensemble (2)
MUSP 100/300R or 100/300S Accompanying Practicum or Mixed Chamber Ensemble (1)
MUSP 305 Conducting I (2)
MUSP 360 Sightreading II (1)
MUSP 361 Style and Interpretation (1)
MUSP 364 Accompanying Techniques II (1)
MUSP 367 Piano Pedagogy I (3)
MUSP 466 Piano Pedagogy Practicum (1)
MUSP 261/461 Applied Piano (32)
MUSP 495 Senior Recital (2)

Piano Literature Option (125-126 hours)
MUCH 315 Piano Repertoire (2)
MUCH 404 Counterpoint II (2)
MUCH 407 Performance Practice (2)
MUCH 408 Chamber Music Literature (2)
MUCH 410 Contemporary Music Process Seminar (2)
MUCH 300 or 400 Literature (2)
MUSP 160 Sightreading I (1)
MUSP 210 Piano Repertoire I (3)
MUSP 211 Piano Repertoire II (3)
MUSP 264 Accompanying Techniques I (1)
MUSP 100/300R Accompanying Practicum (1)
MUSP 100/300S Mixed Chamber Ensemble (2)
MUSP or MUCH Ensembles (at least one large) (3)
MUSP 305 Conducting I (2)
MUSP 361 Style and Interpretation (1)
MUSP 465 Piano Pedagogy Practicum (2)
MUSP 495 Senior Recital (2)
MUSP 261/461 Applied Piano (32)
MUSP 495 Senior Recital (2)
MUSP 495 Senior Recital (2)
MUSP 261/461 Applied Piano (32)

Piano Pedagogy Option (130-131 hours)
MUSP 410 Piano Pedagogy I (2)
MUSP 404 Counterpoint II (2)
MUSP 407 Performance Practice (2)
MUSP 408 Chamber Music Literature (2)
MUSP 410 Contemporary Music Process Seminar (2)
MUSP 300 or 400 Literature (2)
MUSP 160 Sightreading I (1)
MUSP 210 Piano Repertoire I (3)
MUSP 211 Piano Repertoire II (3)
MUSP 264 Accompanying Techniques I (1)
MUSP 100/300R Accompanying Practicum (1)
MUSP 100/300S Mixed Chamber Ensemble (1)
MUSP or MUCH Ensembles (at least one large) (4)
MUSP 305 Conducting I (2)
MUSP 361 Style and Interpretation (1)
MUSP 367 Piano Pedagogy I (3)
MUSP 368 Piano Pedagogy II (3)
MUSP 468 Piano Pedagogy Practicum (3)
MUSP 261/461 Applied Piano (32)
MUSP 495 Senior Recital (2)

Voice Option (127-128 hours)
MUSP 412 Opera Literature (2)
MUSP 217 Singers' Diction I (2)
MUSP 218 Singers' Diction II (2)
MUSP 261/461 Applied Piano (4)
MUSP 272/472 Applied Voice (28)
MUSP 275 Introduction to Opera Theater (2)
MUSP 305 Conducting I (2)
MUSP 311 Vocal Repertoire I (2)
MUSP 312 Vocal Repertoire II (2)
MUSP 370 Vocal Pedagogy (3)
MUSP 379 Opera Theater (4)
MUSP 100/300, 277-79/477-479 Ensembles (6)
MUSP 495 Senior Recital (2)
MUSP 495 Senior Recital (2)
MUSP 495 Senior Recital (2)
FREN 101 (4)
GERM 101 (4)
ITAL 101 (4)

Woodwind Specialist Option (129-130 hours)
MUSP 140 Clarinet/Saxophone (1)
MUSP 145 Flute/Percussion (1)
MUSP 146 Oboe/Bassoon (1)
MUSP 320 Band Scoring or 315 Orchestration (2)
MUSP 318 Symphonic Literature (2)
MUSP 408 Chamber Music Literature (2)
MUSP 305 Conducting I (2)
MUSP 454 Pedagogy (4)
Major 2
First minor 1
Second minor 1
MUSP 100/300 Small Ensemble (4)
MUSP 261/461 Applied Piano (2)
MUSP 241-45/441-45 Applied Instrument (32)
Major 16
First minor 8 & half recital or equivalent proficiency hearing
Second minor 8 & half recital or equivalent proficiency hearing
MUSP 495 Senior Recital (major instrument)
Suggested Programs

Note: Exact order of courses is dependent upon semester of entry into program, and time and frequency of offerings which is subject to change. This is a general guide only.

### Church Music Option

#### Semester I
- Arts and humanities (3)
- MUCH 141 (2)
- MUSP 100, 277-79 (1)
- MUSP 263 or 272 (2)
- ENG 112 (3)
- French (4)
- MUS 099 (0)

#### Semester II
- MUCH 131 (4)
- MUCH 142 (2)
- MUSP 100, 277-79 (1)
- MUSP 263 or 272 (2)
- Arts and humanities (3)
- French (4)
- MUS 099 (0)

#### Semester III
- MUCH 132 (4)
- MUCH 241 (2)
- MUSP 100, 277-79 (1)
- MUSP 263 and 272 (3)
- German (4)
- MUSP 261 & Proficiency (1)
- Social science (3)
- MUS 099 (0)

#### Semester IV
- MUCH 231 (3)
- MUCH 242 (2)
- MUSP 100, 277-79 (1)
- MUSP 263 and 272 (3)
- German (4)
- MUSP 261 & Proficiency (1)
- Social science (3)
- MUS 099 (0)

#### Semester V
- MUSP 232 (2)
- MUSP 300, 477-79 (1)
- MUSP 463 and 472 (3)
- MUSP 215 or 311 (2)
- MUSP 305 (2)
- MUSP 396 (2)
- Natural science (3)
- Cultural diversity (3)
- MUS 099 (0)

#### Semester VI
- MUSP 453 and 472 (3)
- MUSP 300, 477-79 (1)
- MUSP 216 or 312 (2)
- MUSP 306 (2)
- MUSP 397 (2)
- MUSP 459, if organ emphasis (2)
- Natural science (3)
- MUS 099 (0)

#### Semester VII
- MUED 359 (2)
- MUCH 403 (2)
- MUCH 407 (2)
- MUSP 370, if voice emphasis (3)
- MUSP 463 or 472 (2)
- MUSP 415 (2)
- MUSP 300, 477-79 (1)
- Social or behavioral science (3)
- MUS 099 (0)

#### Semester VIII
- MUSP 463 or 472 (2)
- MUSP 404 (2)
- MUSP 416 (2)
- MUSP 495 (2)
- MUSP 300, 477-79 (1)
- Electives (4)

### Guitar Option

#### Semester I
- Arts and humanities (3)
- MUCH 141 (2)
- MUSP 100 (2)
- MUSP 286 (4)
- ENG 112 (3)
- MUS 099 (0)

#### Semester II
- MUCH 131 (4)
- MUCH 142 (2)
- MUSP 100 (2)
- MUSP 286 (4)
- Arts and humanities (3)
- MUS 099 (0)

#### Semester III
- MUCH 132 (4)
- MUCH 241 (2)
- MUSP 100 (2)
- MUSP 286 (4)
- Social science (3)
- MUS 099 (0)

#### Semester IV
- MUCH 231 (3)
- MUCH 232 (2)
- MUCH 242 (2)
- MUSP 100 (2)
- MUSP 286 (4)
- MUSP 237 (3)
- MUS 212 (2)
- MUS 099 (0)

#### Semester V
- MUSP 461 (1)
- MUSP 300 (2)
- MUSP 486 (4)
- MUCH 311 (3)
- MUSP 305 (2)
- Natural science (3)
- Elective (1)
- MUS 099 (0)

#### Semester VI
- MUSP 461 and proficiency (1)
- MUSP 300 (2)
- MUSP 486 (4)
- MUCH 312 (3)
- Natural science (3)
- Cultural diversity (3)
- MUS 099 (0)

#### Semester VII
- MUSP 300 (2)
- MUSP 486 (4)
- MUCH 411 (2)
- MUSP 458 (2)
- Social or behavioral science (3)
- Additional general studies course (3)

#### Semester VIII
- MUSP 300 (2)
- MUSP 486 (4)
- MUCH 436 (2)
- MUSP 495 (2)
- Electives (5)

### Harpsichord Option

#### Semester I
- Arts and humanities (3)
- MUCH 141 (2)
- MUSP 100 (2)
- MUSP 286 (4)
- ENG 112 (3)
- MUSP 238-39, 277-79, 288-89 (1)
- MUS 099 (0)

#### Semester II
- MUCH 131 (4)
- MUCH 142 (2)
- MUSP 262 (4)
- Arts and humanities (3)
- MUSP 238-39, 277-79, 288-89 (1)
- MUS 099 (0)

#### Semester III
- MUCH 132 (4)
- MUCH 241 (2)
- MUSP 262 (4)
- MUSP 238-39, 277-79, 288-89 (1)
- Natural science (3)
- MUS 099 (0)

#### Semester IV
- MUCH 231 (3)
- MUCH 232 (2)
- MUCH 242 (2)
- MUSP 262 (4)
- MUSP 238-39, 277-79, 288-89 (1)
- Natural science (3)
- MUS 099 (0)

#### Semester V
- MUCH 300 (Early Music Ensemble) (1)
- MUCH 308 (2)
- MUCH 315 (2)
- MUSP 305 (2)
- MUSP 367 (3)
- MUSP 462 (4)
- Social science (3)
- MUS 099 (0)

#### Semester VI
- MUCH 300 (Early Music Ensemble) (1)
- MUCH 309 (2)
- MUSP 306 (2)
- MUSP 462 (4)
- Cultural diversity (3)
- Additional general studies course (3)
- MUS 099 (0)

#### Semester VII
- MUCH 403 (2)
- MUCH 406 (3)
- MUCH 407 (2)
- MUSP 410 (3)
- MUSP 462 (4)
- Electives (2)

#### Semester VIII
- MUCH 404 (2)
- MUCH 408 (2)
- MUSP 411 (3)
- MUSP 462 (2)
- MUSP 495 (2)
- Electives (3)

### Instrumental Option

#### Semester I
- Arts and humanities (3)
- MUCH 141 (2)
- MUSP 100 (1)
- MUSP 221, 231-35, 241-45, 281-85 (4)
- ENG 112 (3)

GOALS

The foremost consideration in the College of Technology is to provide students with a quality professional education including a strong general education component. Students acquire the competencies, attitudes, and understandings to function as qualified professionals in business, industry, government, and education. The programs are based on the exciting and evolving dimensions of several specialties in industrial technology. The college's faculty accept and conscientiously contribute to the achievement of excellence in the cultural, citizenship, communication, and general education goals of the University.

The college and departmental goals and objectives and individual program objectives augment the University's mission statement and academic program goals. They contribute to the accomplishment of University objectives of (1) quality in instructional programs for the preparation of technologists and teachers; (2) providing for better practical and theoretical understanding of current industrial technology; (3) emphasizing the development and application of competencies such as critical thinking, problem solving, communication skills, career decision making, computation and mathematics; and (4) fostering understanding of other cultures, humanities and arts, social and behavioral sciences, and the natural sciences.

The mission of the College of Technology is to develop problem solving and leadership capabilities for professionals who seek, create, and use technological knowledge. The major goals for the College are:

1. To prepare exemplary professionals who are problem solvers, human resource developers, and educators for leadership roles in technology.
2. To facilitate research and development in the application, innovation, transfer of, and education about, technology.
3. To influence technology policy, economic development, and the improvement of the environment.

The mission and goals are fulfilled by students and faculty in:

1. Researching and testing ideas, methods, and procedures to improve techniques of preparing personnel. This adds to the knowledge of industrial technology and of applied instructional and learning theory.
2. Research and development in technical processes and materials to benefit the private sector, government, and education.
3. Undergraduate, graduate, and continuing education programs which prepare, update, and upgrade personnel for technical management positions in the private sector and government.
4. Undergraduate, graduate, and continuing education programs which prepare, update, and upgrade personnel who serve at all levels in industrial and technology education and industrial training.
5. Undergraduate and graduate general education experiences which develop basic insights into the broad aspects of the technologies of industry. These involve problem-solving and creative processes, consideration of technological effects, and the development of skills and understanding which will allow people to adapt to or control the technological environment.

6. Responding to the needs of the enterprise system to enhance the college's own capabilities. Faculty and students share specialized knowledge and skills with appropriate individuals, organizations and agencies at the local, state and national levels.

SPECIAL OPPORTUNITIES

Special opportunities exist for students to become involved in a number of professional organizations. The following student chapters or their counterpart national or international organizations are operated by students who major in the college: Alpha Eta Rho Honorary Aerotechnology Student Organization, American Institute of Architectural Students, Bowling Green Technology Education Association, Instrument Society of America, Sigma Lambda Chi Construction National Honor Society, Society of Manufacturing Engineers, Student Construction Management Association, and Visual Communication Technology Organization.

The college is also the international headquarters for Epsilon Pi Tau, the International Honorary for Professions in Technology. Its Alpha Gamma chapter serves students and other professionals who may be invited to membership on the basis of scholarship and leadership performance. The purpose of Epsilon Pi Tau is to recognize high academic achievement.

All technology specializations in the College of Technology are fully accredited by the National Association of Industrial Technology. Students have the opportunity to become involved in the National Association of Industrial Technology as student members.

The technology education programs are accredited by the National Council for the Accreditation of Teacher Education.

The construction management and technology program is accredited by the American Council of Construction Education.
College Matriculation

Students admitted to Bowling Green State University may register in the College of Technology when they have:
1. Formally declared their intent to major in the college.
2. Registered with the college's Program Services Office as a provisional member of a program or an undecided major.
3. Conferred with an advisor assigned by the College of Technology.

Program Matriculation

Full membership in a College of Technology program will become effective when a student has:
1. Attained an overall BGSU grade point average of at least 2.25 for all courses taken prior to matriculation and a 2.5 within specified technology courses.
2. Completed cooperative education experience (TECH 289) for all programs except technology education.
3. Completed with a C grade or better, ENG 112 and computer science, mathematics, and science requirements as specified on program check sheets.
4. Completed any additional specific requirements and application procedures that have been established by the programs in which the student wishes to matriculate. Information on specific program matriculation requirements is available in the college's Program Services Office.

The matriculation steps listed above must be completed before students will be permitted to register for 300/400 level courses in the College of Technology. In addition to meeting the matriculation requirements and all course and hour requirements for graduation, all courses offered in the College of Technology except for co-ops and 490, must be taken for letter grades by majors in the College of Technology.

Due Process for Academic Decisions

The College of Technology has established specific requirements for admission, program matriculation, graduation and cooperative education. Information pertaining to these requirements is available from the Program Services Office. Questions regarding these requirements, standards or appeals procedures may be directed to the Program Services Office.

Academic appeals may be initiated in the Program Services Office. A rationale for the appeal is required and documentation or other evidence may be attached. The written materials constituting the appeal are then reviewed by an appeals board which serves in an advisory capacity to the dean.

Examples of academic appeals include: appeals for reinstatement after being suspended or dismissed for academic reasons, appeals regarding the denial of admission to either the college or a program, and appeals to drop and/or change classes to or from S/U beyond the specified deadline. The dean of the college reserves the right to final decision.

Appeals regarding the issuance of a grade are processed through the specific instructor(s) of the course(s). Grade appeals are not processed through the college's Program Services Office, but must be processed through appropriate departments. In cases related to academic honesty or other disciplinary action, students are referred to the Student Code.

Advising

The College of Technology faculty and administration are committed to an excellent program to communicate with and advise students on academic matters. Faculty advisors are readily available. However, students should make appointments in a timely manner and prepare for their conferences with such items as tentative class schedules and questions as appropriate to the purpose of the meeting.

The Program Services Office is located in 101 Technology Building. The staff is available to assist students with specific requirements, curriculum developments, career options, academic appeals procedures and general advisement.

After selecting a major within the college, the student is assigned to an advisor in the major area of study. Faculty advisors' teaching and advising schedules change every semester. At the beginning of each semester, faculty advisors post their advisement schedules. The responsibility of contacting an advisor rests with the student. The Program Services Office supplements advising performed at the department level. Program revision, assistance with registration, matriculation and shifts in the demands of the marketplace require a close advisor/student relationship.

Intercollege Dual Degrees and Intracollege Dual Majors

A candidate for a degree from the College of Technology, who desires a second degree from a different school or college, or a dual major within the College of Technology, may take work after graduation to complete second degree requirements or qualify for the dual major program prior to graduation. Students desiring a dual degree must:
1. secure permission of both deans of the colleges before the end of their junior year;
2. complete the requirements of the checksheets for both majors for the degrees sought; and
3. complete at least 20 hours minimum of credit beyond the hours required for a single degree.

Students desiring a dual major in technology must complete the requirements of both majors, a minimum of 20 hours beyond the hours for a single degree, and at least three cooperative education experiences amounting to a minimum of 12 credit hours.

General Education Requirements

All College of Technology programs are in compliance with the University general education guidelines, as stated elsewhere in this catalog. Furthermore, general education components as integral parts of each College of Technology program are listed on the following pages.

Bachelor of Science in Technology

Bachelor of science in technology programs are designed for the student interested in the application of arts and sciences to the technologies of industry. Career opportunities exist in a growing area of service. Emphasis is placed on industrial control and supervision, technical processes, and personnel leadership with such employment classifications as: construction supervision, production management, technical sales, product design, quality assurance, technical service training, graphic coordinator, cost and systems analysis, and customer service technician. These classifications are used in all segments of our enterprise system including the automotive, construction, pollution control, communications, glass, plastics and metal industries. The University's geographic location is such that excellent cooperation exists with companies and government agencies which require well-prepared individuals in technology.

A unique strength of this curriculum is its flexibility. During the second year of study, the student, in cooperation with the advisor, selects courses from the appropriate technology concentration, management, marketing, the physical sciences, communications and the humanities. Industrial experience is gained through the college-sponsored cooperative education program which is required of all technology majors.

The Cooperative Education Program of the College of Technology is a required
program which integrates classroom academic work with practical work experience. Students alternate periods of attendance at college with periods of employment in industry, business or government. College of Technology majors are required to participate in three semester-long, paid, full-time co-op work assignments which alternate with semesters spent on campus. As part of the cooperative education requirement, students must enroll in and attend classes as full-time students at the University's main campus during the semester immediately before commencement.

The Cooperative Education Program requires each student's employment to be directly related to his or her academic program. The program also requires that all work experiences increase in difficulty and responsibility as students progress through their college curriculum.

Based upon institutional policy, students enrolled in (Co-op) TECH 289/389/489 are involved in a full-time academic experience at BGSU.

A candidate for the degree of bachelor of science in technology must meet requirements for graduation as listed elsewhere in this catalog (General Requirements for Baccalaureate Degrees). Students. Refer to 2+2 transfer statement in this catalog (General Requirements for Baccalaureate Degrees).

**Aerotechnology**

264 Technology, 372-2439
204 Technology Annex, 372-2870

The aerotechnology major is designed to prepare students for responsible positions in general and commercial aviation. The program is organized around three options: aviation management and operations, aviation technical management, and professional pilot. All instruction leading toward Federal Aviation Administration (FAA) flight certification is conducted in accordance with the appropriate Federal Aviation regulations.

All students are also required to complete coursework in areas of science and mathematics, general education and business. Supervised cooperative education experiences with or related to the sequences selected are required.

Students who have obtained an associate degree in these or a closely related field may pursue a bachelor's degree in this program by enrolling in the curriculum for 2+2 transfer students. Refer to 2+2 transfer statement in the front of this section.

**Flight Training Policies**

Once a student has enrolled at Bowling Green State University, all subsequent flight and ground training must be completed in residence at the University. Flight and ground training obtained elsewhere is not permitted without prior written authorization from the dean of the College of Technology. If permission is granted to receive flight instruction elsewhere, no academic credit is accepted or awarded by the University.

In this case, a student is required to take approved elective(s) to satisfy total credit hour requirements.

In degree programs requiring flight training, a transferring student may (at the discretion of the dean of the College of Technology) have the requirement waived for AERT 220 and 221 if all instruction was accomplished at and the student graduated from an institution where a course of study was approved under Part 141 or 142 of the Federal Aviation Regulations. Students receiving such a waiver are required to take additional courses to satisfy the credit hour requirement. To receive transfer credit for AERT 220 or 221, a student must have taken them at a regionally accredited college or university as part of a FAR Part 141 or 142 syllabus. All other flight and ground training courses must be completed as part of the BGSU aerotechnology program. The dean of the college may make exceptions for certain qualified aviators.

**Curriculum for 2+2 Transfer Students in Technology Programs**

101 Technology Building, 372-7581

For students who have earned an associate degree in an engineering or related technology from a regionally accredited post-secondary institution, the upper-division program (junior and senior years) is completed in one of the technology programs offered. After analysis of the student's credentials, appropriate courses are selected to best fulfill the degree requirements and meet career objectives.

Associate degree holders are required to participate in only two semester-long paid, full-time co-op work assignments which alternate with semesters spent on campus.

These rates are approved by the Board of Trustees. Flight fees are not refundable.

**Aviation Management and Operations**

The aviation management and operations (AMO) program option is designed to prepare students for career positions with airports, general aviation facilities, airlines, engineering and consulting firms, other organizations specializing in aviation, and auxiliary businesses whose primary customers are aviation-oriented and who require individuals with an aviation background.

The AMO option provides an interdisciplinary approach to management and technology systems and their application to the aviation environment. A benefit of the program is that a student can utilize the educational background in other disciplines, such as facility management or general management. The curriculum focus is on aviation, management, technical systems operation and safety.

**First year (31 hours)**

- AERT 240 (3)
- BA 203 (3)
- DESN 131 (2)
- ENG 112 (3)
- IPC 102 (3)
- MATH 128 (5)
- MIS 200 (3)
- STAT 200 (3)
- TECH 101 and 102 (6)

**Second year (31 hours)**

- TECH 289 (4)
- AERT 348 and 224 (6)
- CONS 235 (3)
- DESN 104 or 105 (3)
- MGMT 305 or 360 or AERO 311 (3)
- SOC 101 (3)
- General Education Core (9)

**Third year (34 hours)**

- ACCT 325 (3)
- AERT 352 and 354 (6)
- IPC 207 or 304 or 306 (3)
- JOUR 340 (3)
- TECH 389 (4)
- General Education Core (9)
- Business electives (3)
- Technology elective (3)

**Fourth year (31 hours)**

- AERT 349, 490 and 456 (9)
- CONS 442 (3)
- TECH 302 (3)
- TECH 489 (4)
- MKT 300 (3)
- Business elective (3)
- Technology electives (6)

**Aviation Technical Management**

The aviation technical management (ATM) program option is designed to prepare students for aviation careers with organizations and companies that engage in the manufacture or maintenance of aviation components or which provide aviation products or services.
The ATM option provides an interdisciplinary and practical approach to management and technology systems and their application to the aviation environment. Its intent is to further develop or supplement an individual who has an FAA airframe and powerplant (A&P) license or a strong technical or vocational background. A benefit of the program is that a student can utilize the educational background in other technology disciplines, such as manufacturing, production or general management. The curriculum focus is on aviation, management, technical systems operation and safety.

**First year** (31 hours)
- AERT 240 (3)
- BA 203 (3)
- ENG 112 (3)
- CS 101 (3)
- DESN 131 (2)
- IPC 102 (3)
- MFG 112 (3)
- TECH 101 and 102 (6)

**Second year** (32 hours)
- AERT 348 (3)
- DESN 104 or 105 (3)
- FT 240 and ET 241 (8)
- PHYS 201 (5)
- SOC 101 (3)
- STAT 200 (3)
- TECH 289 (4)
- General Education Core (3)

**Third year** (33 hours)
- AERT 352, and 354 (6)
- DESN 243 (3)
- MGMT 300 (3)
- MGMT 305 or 360 or AERO 311 (3)
- PHYS 202 (5)
- TECH 389 (4)
- Technology elective (3)
- General Education Core (6)

**Fourth year** (31 hours)
- ACCT 325 (3)
- AERT 349, 405 and 490 (9)
- EN VH 307 (3)
- IPC 207 or 304 or 306 (3)
- TECH 302 (3)
- TECH 489 (4)
- Business elective (3)
- General Education Core (3)

**Professional Pilot**
The Professional Pilot (PP) option prepares the student for a career as a commercial pilot for the airlines, air cargo companies, corporate or business operations, or numerous general aviation positions such as agriculture, flight training, charter, air freight, and sightseeing. Flight and ground school training is accomplished in strict accordance with Federal Aviation Regulations Part 141 and other pertinent regulations. Upon successful completion of the PP option, the student will hold the following FAA certificates and ratings: Commercial Pilot-Airplane with single engine, multi engine and instrument rating; Flight Instructor-Airplane single engine land and instrument rating.

**First year** (32-34 hours)
- AERT 220 and 221 (8)
- AERT 224 and 240 (6)
- CS 101 or MIS 200 (3)
- ENG 112 (3)
- IPC 102 (3)
- MATH 128, 130 or 131 (3-5)
- TECH 101 and 102 (6)

**Second year** (32 hours)
- AERT 280, 281 and 282 (9)
- PHYS 201 (5)
- TECH 289 (4)
- GEOG 213 (3)
- MATH 126 (5)
- General Education Core (6)

**Third year** (34 hours)
- AERT 320, 321, 349, 352 and 354 (15)
- MGMT 305, 360 or AERO 311 (3)
- TECH 302 (3)
- TECH 389 (4)
- General Education Core (6)
- Technology elective (3)

**Fourth year** (31 hours)
- AERT 404 and 405 (6)
- AERT 406, 407, 443 and 445 (4)
- AERT 440 (2)
- TECH 489 (4)
- HED 313 (3)
- General Education Core (6)
- Technology electives (5)

**Construction Management and Technology**

264 Technology Building, 372-2439

The construction management and technology curriculum prepares personnel for construction contractors, engineering/architectural firms, public agencies, and trade associations. The program is accredited by the American Council for Construction Education (ACCE), the accrediting agency for four-year baccalaureate degree programs in construction, construction science, construction management and construction technology.

The construction management and technology concentration requires coursework in general education, natural sciences, mathematics, business, technology, design and construction. The graduate of the construction management and technology program receives the Bachelor of Science in Technology degree and seeks a career such as a project manager, estimator, scheduler, project inspector, superintendent or material representative, to name a few.

The cooperative education program is a required program which integrates each student's employment with classroom academic work. Students also participate in the Student Construction Management Association, which is a combination of the student chapters of the Associated General Contractors (AGC), the National Association of Home Builders (NAHB) and the Ohio Contractors Association (OCA).

Students who have obtained an associate degree in this or closely related field may pursue a bachelor's degree in this technology by enrolling in the curriculum for 2+2 transfer students. Transfer credit is allowed for associate degrees. Students must meet specific requirements for this degree outlined in this sample schedule.

**First year** (30-31 hours)
- ENG 112 (3)
- TECH 101 (3)
- DESN 105 (3)
- MATH 131 or 134 (3-5)
- DESN 131 (2)
- CONS 236 (3)
- TECH 102 (3)
- MATH 135 (3)
- PHYS 201 (5)
- General Education Core (3)

**Second year** (32-33 hours)

**Design Technology**

260 Technology Building, 372-2437

These programs involve the efficient application of arts, sciences, technology and business to the process of design in industry. The arts involve the development of communicative working drawings, renderings and models. The scientific knowledge required includes a basic understanding of mathematics, physics and computer science. Computer-aided design principles and applications are an integral part of the program. The technology of manufacturing and construction and selected courses in business complement and complete the respective design program. An important component of these design technology programs is a cooperative education experience in a design or design-related position in industry which is supervised by College of Technology faculty or staff.
Students who have obtained an associate degree in an area of design or a closely related field may pursue a bachelor's degree in this program by enrolling in the curriculum for 2+2 transfer students. Refer to 2+2 transfer statement in the front of this section.

Architecture/Environmental Design
The architecture/environmental design option is a pre-professional degree program that prepares students to enter the environmental design occupations or continue in higher education to pursue professional degrees in architecture, landscape architecture, urban planning, historic preservation or construction. The focus of the program is to enhance the student's problem solving ability and produce critical thinkers, not technicians.

Most states require that an individual intending to become an architect hold an accredited degree. There are two types of degrees that are accredited by the National Architectural Accrediting Board (NAAB): (1) The Bachelor of Architecture (B. Arch.), which requires a minimum of five years of study, and (2) Master of Architecture (M. Arch.), which requires a minimum of three years of study following an unrelated bachelor's degree or two years following a related preprofessional degree. These professional degrees are structured to educate those who aspire to registration/licensure as architects. To become a registered architect, a graduate of this program must either obtain a B. Arch. or M. Arch. degree at an NAAB accredited program.

Mechanical Design
This program prepares the student to design products, tools and machines for manufacturing processes, and to deal with the practical aspects of mechanical and manufacturing design in industry. Designers in industry serve society by creating new products and redesigning existing ones that need improvement. These designers may create simple tools, complex machines, or consumer products. Several aspects need to be considered when designing, such as economics, physics and aesthetics. Is the new product efficient? Can it be manufactured easily? Is the new product pleasing to the eye? These are all considerations that a mechanical designer must face.

The mechanical design program at Bowling Green consists of a concentration of technology courses, business, and general education. BGSU uses the latest Computer Aided Design (CAD) software, milling machines, lathes, and other industrial equipment. Classes are designed to give a well-rounded perspective of the manufacturing industry while giving you the experience of designing a given part or machine.

Classes will include engineering graphics, materials processing, strength of materials and CAD.

Aside from the classes, students can get involved in the Society for Manufacturing Engineers (SME) which consists of faculty and students of mechanical design and related fields. This is a fun way to learn more about the field and the people who are involved.

Electronic Technology
264 Technology Building, 372-2439

Electronic technology is a comprehensive study of the diverse areas of electronics such as circuits, electronic devices (including microprocessors), computer hardware and interfacing, electric motors, instrumentation, process control, fiber optics and electronic communication systems. Emphasis is placed on the practical application of physics, mathematics and computer science to the study of electronics. An emphasis can be taken in digital electronics and computer systems, instrumentation and control or electronic communication. This knowledge is blended with a core study of manufacturing, design, business and general education to develop the whole person as well as flexibility for career responsibilities and advancement. An important component of this technology curriculum is a cooperative education program in industry which is supervised by University faculty.

Students who have obtained an associate degree in this or a closely related field may pursue a bachelor's degree in this technology by enrolling in the curriculum for 2+2 transfer students. Refer to 2+2 transfer statement for information on this section.

Industrial Training Technology
260 Technology Building, 372-2437

Industrial trainer preparation is an interdisciplinary program consisting of coursework in industrial technology, instructional strategies, related social sciences and management. The combination of practical/laboratory studies, applied disciplines and actual work experience (cooperative education) will enable the graduate to function confidently and effectively in the training role.

Students who have obtained an associate degree in this or a closely related field may pursue a bachelor's degree in this program by enrolling in the curriculum for 2+2 transfer students. Refer to 2+2 transfer statement Refer to 2+2 transfer statement in the front of this section.

Manufacturing Technology
264 Technology Building, 372-2439

This field of study applies the principles of mathematics and the physical sciences to industrial problems related to manufacturing systems. Computer usage in designing, monitoring and controlling manufacturing processes, including robotics and automated work cells, is an important part of this program. An important component of this technology program and its options is the required cooperative education experience in industry which is University supervised. In addition to the technical studies, the program offers excellent opportunities for studies in management and science. Several options are offered under this program: applied materials science, applied quality science, industrial environment technology and physical plant and energy utilization.

Students who have obtained an associate degree in manufacturing or a closely related area may pursue a bachelor's degree in this technology by enrolling in the curriculum for 2+2 transfer students. Refer to 2+2 transfer statement Refer to 2+2 transfer statement in the front of this section.

Applied Materials Science Option
This option prepares students for responsible and technical positions related to engineering materials within the manufacturing industry. It provides a strong science base and applies this to engineering materials. Graduates may be employed in positions dealing with material processing, material testing, material quality control, mechanical design and materials development.

First year (32 hours)

Physical Plant and Energy Utilization Option

Specifically the physical plant technologist may be employed in the following areas: plant layout and design, construction and installation of equipment, maintenance, repairs and replacement, operation of utilities, and plant and industrial engineering roles. In general, the energy utilization technologist may be employed in commercial or industrial areas and responsible for efficient, proper and economical use of the mechanical, electrical, thermal nuclear, chemical and radiant sources of energy. These are applied to the production, processing and transportation of goods and materials; and the heating, cooling and ventilating of physical plants.

Advanced Technical Teaching
This program will not be available in 1995-97.

Visual Communication Technology
260 Technology Building, 372-2437

The visual communication program prepares students in the processes used to transmit ideas and concepts through visual media. The program offers theory and practice in computer applications of visual media, print, video, display and photography. These careers require technical competencies in printing, video, display and photography. With help from an adviser, each student selects an occupational option for specialization from numerous career options. The program proceeds through a framework of analyzing and applying the many methods of creating, reproducing and distributing visual communication materials. Students ultimately combine concepts, theories and principles with critical and creative-technical problem solving abilities to generate solutions for visual communication problems. By developing the ability to solve communication problems, students will be prepared for such technological production and management positions as graphic coordinator, video producer or editor, electronic publisher, multimedia producer, print/video/photo sales representative, or printing/publishing plant manager. Supervised cooperative work experience provides students with "real world" practice in their area of interest.

Students who have obtained an associate degree in an allied area may pursue a bachelor’s degree in visual communication by enrolling in the curriculum for 2+2 transfer students. Refer to 2+2 transfer statement in the front of this section.

First year (39-31 hours)
- TECH 101 (3)
- VCT 203 (3)
- ENG 112 (3)
- General Education Core (6)
- ARTD 211 (3)

Bachelor of Science in Education

The College of Education and Allied Professions in cooperation with the College of Technology offers a program in technology education which leads to the bachelor of science in education. This program includes an option for a major and a minor. Professional education and general education requirements are specified elsewhere in this catalog. For admittance to the Bachelor of Science in Education program the student must meet all program matriculation requirements as determined by the College of Education and Allied Profession’s matriculation standards and the faculty of technology education.

Technology Education
260 Technology Building, 372-2437
365 Education Building, 372-7372

Major-Industrial Technology Education
(meets special certification, kindergarten-twelfth grade)

The College of Education and Allied Professions offers the teacher certification program through both a minor and major in industrial technology education which leads to the bachelor of science in education.

First year (30 hours)
- ENG 112 (3)
- IPC 102 (3)
- EDFI 202 or EDCI 202 (3)
- DESN 104 or 204 (3)
- MFG 112 (3)
- TECH 101 (3)
- ET 196 (3)
- CONS 235 (3)
- TECH 102 (3)
- General Education Core (3)

Second year (34 hours)
- PSYC 201 (4)
- CS 101 or MIS 200 (3)
- VCT 203 (3)
- MATH 126 (5)

- EDAS 409 (3)
- EDFI 408 (meets cultural diversity req.) (3)
- TE 449 (3)
- TE 447 (3)
- Technology electives (6)
- Free electives (2)

Minor-Industrial Technology Education
(meets high school certification)
(36 hours)

This minor in technology education is restricted to teacher education majors and practicing teachers in the following areas: comprehensive science, physics, chemistry, biology, earth science, social studies, environmental science or computer science. Alternatively, students and practicing teachers from other areas may petition for admission through the technology education faculty. This minor leads to high school certification for industrial technology education.

First year (30 hours)

- VCT 203 (3)
Firelands College

The College

Firelands College is the regional branch campus and one of seven undergraduate colleges of Bowling Green State University. Located in Huron, Ohio, Firelands is within easy commuting distance of most communities in north central Ohio. Specifically, it is located on a 216-acre site at the intersection of Ohio Route 2 and Rye Beach Road.

The association between Firelands College and BGSU is a close one and the courses and programs offered by the College are carefully coordinated to ensure a smooth transition for students who wish to begin their baccalaureate degrees at Firelands and then transfer to other colleges and universities.

Firelands offers 21 programs for students who wish to transfer to the baccalaureate (four-year) programs at BGSU or other colleges, or who plan to enter the job market in a technical or para-professional area.

In continuing to meet the variety of educational needs of area residents, a variety of junior, senior and graduate courses are offered, as well as non-credit courses, workshops and seminars.

Currently, students can complete bachelor's degrees in liberal studies, general studies in business and nursing at Firelands College.

Members of the faculty, more than 70 percent of whom hold the highest degrees in their fields, include two Fulbright Scholars and nationally known researchers and authors.

The small size of the campus and its classes (usually 25-30 students) promotes close interaction between students and their professors both in and out of the classroom.

A variety of scholarships, loans, grants and other kinds of financial aid are available through Bowling Green and other groups and associations in conjunction with the University.

Numerous student clubs and organizations, as well as a variety of intramural sports and an active theatre program make it possible for Firelands students to have a well-rounded college experience.

The college also serves as a cultural center for surrounding communities. The musical arts series features concerts by students and faculty of the BGSU College of Musical Arts. Guest speakers also appear on campus throughout the year.

Firelands Library

Firelands College Library functions as an integral part of the educational process. The collection of more than 30,000 volumes, 216 current periodical and newspaper titles and a wide variety of audiovisual materials enhances the instructional program and provides additional resources for use by members of the community. The collections of the University Libraries in Bowling Green may be accessed by students through BGLink which also include the Firelands holdings. The library is also a member of OhioLink. As a result, students have ready access to scholarly materials at universities throughout Ohio.

The Library Handbook, revised annually, contains specific information on the services of the library as well as a general introduction to the use of library research tools. Instruction in library usage is offered throughout the academic year.

IDEACenter

The Interactive Distance Education and Conferencing Center is located in 326 West Building. Hours are 8 a.m. to 5 p.m. weekdays, with services available throughout regularly scheduled class hours.

The IDEACenter utilizes interactive distance education and conferencing to increase area citizens' access to university resources. Its services include teleconferences and distance education at the upper-division and graduate level, for continuing education and for training programs. Area high schools, agencies and businesses can also access the facilities of the center.

The IDEACenter also provides audiovisual presentation and production services to faculty teaching courses listed in the college's official course schedule.
To access the center, call 2-0693 on the Firelands campus, 832-2-0693 on the Bowling Green campus and (419) 433-5037 from all other phones.

Admissions

The procedures for admission to Bowling Green State University are described in the Admissions section of this catalog. Students seeking admission to Firelands College should follow the same procedures.

For specific information, tours or an admissions interview, contact the Firelands Office of Admissions, 901 Rye Beach Road, Huron, Ohio 44839 or call (419) 433-5560 or (800) 322-4787, extension 20607.

Housing

A wide variety of reasonably priced housing is available throughout the Firelands area. The Firelands Admissions Office maintains a list of available housing which includes rooms, apartments, houses and motels. Because the population in the area increases in the summer, many housing options in the local community are available at very reasonable rates during the academic year. Students should, however, plan to provide their own transportation to and from Firelands College. For further information or a complete housing list, contact the Firelands Office of Admissions.

Registration

The Office of Enrollment Services at Firelands is responsible for the coordination of all registration and bursar-related functions for Firelands students. Student concerns relative to academic policies, registration for classes, payment of fees and academic records should be addressed to this office, East Building or call (419) 433-5560 or (800) 322-4787, extension 20651.

Computer Services

Firelands College's access to large-scale computers on the main campus as well as local on-site microcomputers provides students, faculty and staff with diverse computing capabilities. Locally, various microcomputers, located in the computer science and word processing laboratories, are available for instructional use and/or program preparation.

Academic Services

Firelands College provides a variety of student services which include career development and placement, counseling, program advisement, and developmental education opportunities. The Academic Services Office, which is located in Room 129, West Building, maintains day and evening hours to accommodate all students.

Career Development and Counseling Services provides educational, career and personal counseling services to students. A variety of printed materials can be found in the Academic Services Office Career Library. The Campbell Interest Inventory and the SIGI Plus assist students in making career decisions. They are computer-administered and offer immediate feedback.

Courses entitled Career Planning (UNIV 129) and Job Search (UNIV 130) are offered each semester. Career-related interest and values inventories are also available to students as an aid for career planning.

The College Level Examination Program (CLEP) is administered each semester by the office.

The Placement Service, located in the North Building in room 139, is responsible for providing employment counseling, assistance in resume writing and information on interviewing procedures to all students and alumni. Students should develop a placement file at the beginning of the final semester before graduation so that individual assistance can be given in planning the job search.

Disability resources are provided to assist disabled persons in attending classes and to participate in a broad range of activities. The Academic Services Office acts as a liaison between rehabilitation agencies and the college. All disabled students should contact the Academic Services Office before classes begin each semester.

Program advisement at Firelands College provides the opportunity to gather information about various fields of study available through Bowling Green State University. Upon admission all students are assigned a faculty or staff adviser who is a specialist in the student's area of interest. While all students are encouraged to make regular contact with their adviser, all freshmen and sophomores must meet with their advisers every semester to plan course schedules.

Although an adviser checks each student's record, upon request, the responsibility for meeting graduation requirements lies with the student and not with the adviser, the department or the dean. Thorough familiarity with the Undergraduate Catalog is essential.

Students who are undecided as to their career goals and those returning to school after a lengthy absence, have the opportunity to discuss their interests and objectives with a career counselor in the Academic Services office. EDCI 121, a course which helps students make the transition from work, home or high school to college, is offered each semester.

Advisers from the University's main campus are available at specific times each semester to provide information on four-year baccalaureate degree programs.

Cooperative education integrates classroom theory with on-the-job training, whether in business, government, industry or the nonprofit sector.

Every effort is made to place students in assignments compatible with their academic programs and career goals. Employers are responsible for assigning, supervising and evaluating work assignments and for paying students fair wages. Assignments are monitored by the College.

Cooperative education is open to students in all programs. Application should be made at least one semester prior to the anticipated assignment. Interested students should contact the Academic Services Office in the West Building.

Campus Activities

Firelands College offers students cocurricular opportunities for personal growth and development. Social, cultural and athletic programs are sponsored by the Campus Activities Office, various student organizations and academic departments of the college. An opportunity for self-government is afforded students through elected representatives or by election to office. Many academic departments and student groups provide additional opportunities for learning through lectures, seminars and activity programs. A committee composed of students and faculty advisers develops a calendar of activities and events each year. Chartered clubs and organizations include:

- Allied Health Club
- Campus Fellowship
- Firelands College Theatre
- Fitness Club
- Intramurals Club
- Minority Student Union
- Model United Nations
- Ski Club
- Social Science Club
- Society of Manufacturing Engineers
- Speech Activities Organization
- Student Business Club
- Student Government
- UCAM-Peace and Justice Center
- New Waves: Firelands College Literary Magazine
- Writer's Club
Learning Center

The Learning Center is located on the second floor in room 230 North. Students who want to improve their learning skills and become more effective and efficient in college use the center. Support services include:

1. Free tutoring in numerous subject areas. Study groups led by a tutor are also developed for certain classes.
2. Computer-assisted instruction and videotapes in many subject areas provide reinforcement and alternate methods of instruction.
3. Word processing for writing and printing.
4. Computer instructional programs to improve students' learning skills, speed-reading and typing are also available. Appointments can also be arranged to assist individual students in improving their learning skills (i.e., notetaking, textbook study, test-taking). Handouts are available.

Financial Aid and Scholarships

The Enrollment Services Office, East Building, provides counseling services to all students who are interested in applying for federal, state and campus-based financial aid. A variety of printed materials are maintained by this office for student use. Additionally, the Financial Aid Office provides enrollment certification services for students who are eligible for Veterans Administration educational benefits.

Scholarships

Numerous annual scholarships are administered by Firelands College. Applications for these scholarships are available from the Admissions Office and must be filed by May 1 to be considered for the next academic year. Special need analysis forms are not required for scholarships administered directly by Firelands College, which include:

- Bank One BGSU Alumni Association
- Derek E. Carney Memorial
- James E. Cole Memorial
- Caryl Crane Scholarship for the Performing Arts
- Alta M. Croll Memorial
- Leon and Susan Cross Book Scholarship
- Sally DeForest
- Elyria Savings and Trust National Bank
- Erie County Cablevision Inc.
- John F. and Doris H. Ermsthausen Memorial

Harlequins Founders' Robert J. Hamed Art Scholarship
- William Randolph Hearst
- Holiday Challenge Tournament
- Huron Rotary Club
- Kiwanis Club of Sandusky Bay
- Milan Chamber of Commerce
- Milan Mothers Club
- Mruk Family Scholarship
- Mylander Scholarships
- National City Bank
- Ruth Frost Parker
- William J. Parker Family
- William J. Parker Memorial
- Mary A. Printy Memorial
- Respiratory Care Technology Sandusky Club
- Sandusky Exchange Club-Dr. Henry W. Lehrer Memorial
- Third and Fourth Degrees of Sandusky Knights of Columbus, Firelands Shrine Club and Singara Grotto
- Sandusky Register
- Student Advisory Board
- Dr. Carl R. and Elizabeth Swanbeck Memorial
- Robert W. Traver Memorial
- Pauline L. Wallace Memorial
- Margie A. Woell Memorial

Emergency Loan Funds

The objective of the Firelands College Emergency Loan Fund Program is to assist students who, for one reason or another, find it extremely difficult or impossible to make payment for University instructional and general fees by the payment date.

Amount of Loan

The maximum loan that may be granted is $350. The amount of the loan is contingent upon the time of application and is determined by the person administering the loan fund. All loans may require a co-signature.

Student Qualifications

The emergency loan program is available to continuing Firelands College students who have at least a 2.0 (C) accumulative grade point average. Exceptions to these criteria may be considered on an individual basis. Guest students are not eligible for a loan under any circumstances.

Repayment Deadline

All loans during any semester become due as specified in the loan agreement. Students may request an extension.

Finance Charge

The finance charge for all loans is established by the Ohio State Aid Commission prior to the beginning of each calendar quarter.

Late Payment

Students who fail to repaid emergency loans by the date due are charged a late payment fine. Fines are assessed at a rate of $.50 per day (including Saturdays and Sundays), but will not exceed $25. Students are granted a three-day grace period. If payment is not made during the grace period, the fine on the fourth day is $2.

Non-payment

Students not repaying loans by the end of the grace period (three days after the due date) will have their class registrations for that semester canceled and all records in the Office of the Registrar frozen. Also, they will be denied registration for any future semesters until the loan and penalty are repaid.

Other Loans

Harry G. Beare Memorial Loan Fund

This loan is available to Firelands College students who are graduates, or candidates for graduation, from Edison High School in Milan. The loan is based on proven financial need and is interest free. However, it is suggested that the student make a gift to the loan fund after repayment of the loan.

Third and Fourth Degrees of Sandusky Knights of Columbus, Firelands Shrine Club, and Singara Grotto Loan Fund

Loan funds have been provided by these organizations since Firelands College was opened. Typically, the loans are for up to $250 and are issued for short periods of time—emergency types of loans. Early repayment is encouraged and a small service charge is assessed.

Academic Objectives and Organizations

Firelands is organized as a college of Bowling Green State University. The college has three academic departments: applied sciences, humanities, and natural and social sciences. The departments are structured by academic discipline as follows:

Applied Sciences
- Accounting
- Applied Statistics
- Business Administration
- Business Education
- Business Management Technology
- Computer Science
- Computer Programming Technology
- Design and Engineering Graphics
- Economics
- Electronic Technology
- Environmental Health Technology
- Finance
- Health Information Technology
- Legal Studies
- Management
- Management Information Systems
- Manufacturing Technology
- Marketing
- Respiratory Care Technology
Humanities
- Art
- Art History
- Creative Writing
- Education
- English
- French
- Humanities
- Interpersonal Communication
- Journalism
- Music
- Philosophy
- Physical Education
- Popular Culture
- Spanish
- Theatre
- Women's Studies

Natural and Social Sciences
- Astronomy
- Biology
- Chemistry
- Criminal Justice
- Ethnic Studies
- Geography
- Geology
- History
- Mathematics
- Physics
- Political Science
- Psychology
- Sociology
- Social Work

Pre-baccalaureate Courses
Students who are interested in completing a baccalaureate degree at Bowling Green should consult the appropriate section of this catalog for a complete program description. These students should work closely with their academic advisers at Firelands and the main campus to ensure completion of appropriate general education requirements for the degree sought.

Associate of Arts and Associate of Science Requirements
A university education is more than the learning of skills appropriate to a career or job. The acquisition of knowledge from such areas as the humanities and the natural and social sciences contribute to the foundation of the well-educated person. Through the courses of the general education requirements, students discover their values and gain insight into the challenges of the future.

Designed to contribute to the foundation of the baccalaureate degree programs, these requirements add breadth to the major field selected by the student. The requirements are grouped into four areas: communication, humanities and arts, social sciences, and physical sciences. At least one course must have an international perspective if the student is planning on pursuing a baccalaureate degree at Bowling Green State University.

A wide variety of general education courses are available at Firelands. These courses can be used to meet the appropriate group requirements in baccalaureate and associate degree programs.

Upper-division Courses
Firelands College primarily offers the freshman and sophomore-level courses required for most four-year programs at BGSU as well as other colleges and universities.

The college also provides opportunities for some study at the junior, senior and graduate levels.

Personal and Professional Development (noncredit) Courses
The Office for Personal and Professional Development offers a wide variety of lifelong learning (noncredit) courses, workshops and seminars. The chief purpose of the offerings is to provide area residents with opportunities to develop new skills or to stimulate new interests. Special workshops and seminars are also offered in many topical areas, such as management, education, computers and Total Quality Management.

Lifelong learning courses, workshops, seminars and in-service training programs may be customized for a particular firm, school, organization or interest group. Inquiries relative to the offering of such specific programs should be directed to the Office for Personal and Professional Development at Firelands College.

Lake Erie Regional Studies Program at Firelands College
The mission of the Lake Erie Regional Studies Program is to provide a forum for multidisciplinary and specialized study of issues relating to Lake Erie and the surrounding region. This investigation can include an analysis of the natural setting, social and cultural life, recreational activities, business-economic institutions, history, and U.S.-Canadian relations.

Associate Degree Programs
Five associate degrees are offered by Firelands College: associate of arts; associate of applied science; associate of applied business; associate of technical study; and associate of science. A candidate for an associate degree must earn a minimum of 62 semester hours; some degrees require more than 62 credit hours. The associate of arts and associate of science programs are designed to fulfill the first two years of a baccalaureate degree, but may also serve as terminal programs for students who do not plan to complete a four-year degree. The associate of applied business, associate of applied science and associate of technical study degrees are primarily intended to prepare students for employment upon graduation. Although termed career education, they are articulated with similarly oriented four-year programs, thus permitting a student to continue toward a baccalaureate degree in related disciplines.

Students who seek an associate degree must complete both general and specific requirements for the degree sought.

General Requirements
A candidate for an associate degree at Firelands College must satisfy the general requirements listed on page 8 of this catalog. Students must take CS 180 along with ENG 110, 111 or 112 or demonstrate required skills in an approved word processing program.

No more than six credit hours of basic writing from ENG 110, 111 and 112 may be applied toward graduation.

Graduation Requirements
A candidate for a certificate or associate's degree must complete the requirements listed below and any other requirements set by the colleges for the specific degrees sought. Check appropriate sections of this catalog for additional degree requirements. The general requirements are:

1. Satisfy all University entrance requirements.
2. Earn a minimum of 30 hours for a certificate and 62 hours for an associate's degree. For an associate's degree at least 15 hours must be completed at BGSU immediately before graduation (some degrees require more than 62 hours of credit).
3. Complete the freshman English composition sequence.
4. Satisfy all course requirements for the degree as listed in the appropriate sections of this catalog.
5. A student who wishes to graduate with a certificate or associate degree must file for graduation according to the following schedule:
   a. For graduation in December or May, the deadline for filing an application is the end of the second week of the semester on graduating.
   b. For graduation in August, the deadline for filing an application is the end of the first week of the summer session.

Students who have a grade point average of 3.5 to 3.89 are eligible to graduate "with distinction;" students with a grade point average of 3.9 to 4.0 will be eligible for graduation "with highest distinction." To be eligible for these honors, students must have completed a total of 26 credit hours, 21 of which must be letter-graded.

An application form and information may be obtained in 129 West, Academic Services, where completed forms are to be returned.

**Associate of Arts**

Firelands College offers two years of general education courses leading to the associate of arts degree. Students who complete the associate of arts degree have reached junior status in the progression toward a baccalaureate degree.

The associate of arts degree program is designed to provide pre-baccalaureate students with a sound academic background in a number of academic disciplines. Credits earned may be transferred to four-year programs. The intent is to provide a liberal background within a two-year program. General education programs have been developed in the following areas:
- Criminal justice
- Elementary education
- Humanities
- Human services
- Liberal studies
- Pre-business administration
- Secondary education
- Social science

**Associate of Arts Requirements**

This degree is awarded to a student who completes one of the prescribed curricula, including the general education requirements listed below and complies with general degree requirements cited previously.

**Communication**

Each student is required to acquire proficiency in written expression and oral communication. ENG 112 is required. Based on English Placement Tests, ENG 110 or ENG 111 may also be required. The Office of Academic Services will provide placement information before your first semester. No more than six hours of basic writing can be applied toward graduation. IPC 102 is required.

**Mathematics and sciences**

Each student must complete three courses, including one in math and two in the natural sciences. MATH 115 is required. Students without a satisfactory score on Math Placement Test B will take MATH 098 before MATH 115.

The student must select two science courses from astronomy, biology, chemistry, geology, physical geography or physics. BIOL 101, PHYS 100 or 101, or CHEM 100 are recommended.

**Social and behavioral sciences**

Each student must complete a minimum of 10 hours. Required in this area are PSYC 201 and SOC 101.

**Humanities and arts**

Each student must complete a minimum of 9 hours. The required courses are CRJU 210, CRJU 220 and CRJU 230.

**Electives**

Each student must select a sufficient number of electives to earn a minimum of 62 hours. A student planning to pursue a baccalaureate degree should choose one course with an international perspective. This course can be taken from the social and behavioral sciences or humanities and arts. A student pursuing a baccalaureate degree should also choose one course that satisfies the cultural diversity in the United States requirement. See page 6 for lists of courses meeting these requirements.

**Criminal Justice**

Dr. Timothy J. Jurkovac, program director, 341 West Building

The associate degree in criminal justice is designed to provide a student with junior standing in the completion of the baccalaureate degree at Bowling Green.

The program focuses principally on administrative and theoretical aspects such as: communication processes, ethnic relations, public administration, procedural justice, criminology, abnormal psychology, statistics, and professional ethics. It is not oriented toward technical training, but is a logical sequence for further education for someone trained in police science.

**Communication**

Each student is required to acquire proficiency in written expression and oral communication. ENG 112 is required. Based on English Placement Tests, ENG 110 or ENG 111 may also be required. The Office of Academic Services will provide placement information before your first semester. No more than six hours of basic writing can be applied toward graduation. IPC 102 is required.

**Elementary Education**

This curriculum provides courses prescribed by colleges of education to students seeking certification in elementary education. These courses are those in the first two years of the program and ensure a broad background of study. In addition to the associate of arts general requirements, students must complete the following:

**Communication**

Each student is required to acquire proficiency in written expression and oral communication. ENG 112 is required. Based on English Placement Tests, ENG 110 or ENG 111 may also be required. The Office of Academic Services will provide placement information before your first semester. No more than six hours of basic writing can be applied toward graduation. IPC 102 is required.
Mathematics and science
MATH 241 and 242 and select one course from at least three (3) of the following groups: BIOL 101 OR 104; CHEM 100 or 104 or 105 and 110; PHYS 100 or 104; GEOL 100 or 101 or 104; (13 hours minimum)

Social and behavioral sciences
PSYC 201 (4)  
HIST 151 or 152 or 205 or 206 (3)  
ECON 200 or 202 or 203 or POLS 110 or 171 (3)  
SOC 101

Humanities and arts
ART 101  
ENG literature  
Two additional courses from ART, ARTH, ENG, POPC, MUSIC, THEA, PHIL

Other requirements
EDCI/EDFI 202 (3)

Humanities
Dr. O. Dale Schnetzer, humanities chair, 300d West Building

This degree program provides the foundation for a bachelor of arts program with concentrations in humanities. In addition to the associate of arts general requirements, students must complete the following:

Communication
Each student is required to acquire proficiency in written expression and oral communication. ENG 112 is required. Based on English Placement Tests, ENG 110 or ENG 111 may also be required. The Office of Academic Services will provide placement information before your first semester. No more than six hours of basic writing can be applied toward graduation. IPC 102 is required.

Mathematics and science
Each student must complete both (A) and (B) below. Nine (9) hours minimum.

A. One of the following:
   1. Three and one-half years of high school college preparatory mathematics.
   2. Three years of high school college preparatory mathematics and CS 100 or CS 101.
   3. MATH 120 and one of the following: PHIL 103 or CS 100 or 101 or 103.
   4. MATH 115 or 126 or 128.

B. At least one course selected from BIOL, CHEM, GEOL, PHYS, or GEOG 125, 126, 127, 213. At least one course must be approved for laboratory credit.

Social and behavioral science
Each student must complete a minimum of 10 hours from at least two disciplines including a minimum of six hours in one discipline. Eligible disciplines include:

- Economics, geography, history, political science, psychology, social geography and sociology.
- Humanities and arts
  Each student must complete HUM 101 and HUM 200 and a minimum of 16 hours from at least three of the following disciplines: art, humanities, literature, philosophy (except PHIL 103, when used to apply to mathematics/science requirements), theatre, film, music, popular culture and American studies. One course in literature and one course in the fine arts (art, music, theatre, film) must be included. (See the College of Arts and Sciences Group V listing of approved courses.)

Human Services
Dr. Christopher J. Mruk, program director, 303 West Building
Tatiana Wanshula, coordinator, 300B West Building

This program prepares students for employment as paraprofessionals in social and human service agencies. It also provides a means for those currently employed in these organizations to improve their proficiencies and move toward promotion. The two-year degree program combines academic courses and supervised field experiences, and may be applied toward several baccalaureate programs offered by the College of Health and Human Services.

The regular human services program trains the student to deal with a broad range of human service issues, populations and agencies. However, the student may opt for a special gerontology emphasis which focuses on the needs and programs of the elderly. In addition to the associate of arts general requirements, students must complete the following:

Communication
Each student is required to acquire proficiency in written expression and oral communication. ENG 112 is required. Based on English Placement Tests, ENG 110 or ENG 111 may also be required. The Office of Academic Services will provide placement information before your first semester. No more than six hours of basic writing can be applied toward graduation. IPC 102 is required.

Mathematics and science
A minimum of 7 hours in at least two sciences or a science and a mathematics combination.

Social and behavioral sciences
A minimum of 10 hours chosen from: economics, geography, history, political science, psychology and sociology.

Humanities and arts
Each student must complete HUM 101 and a minimum of seven hours from at least two of the following:
   - Art, English, music, philosophy, popular culture, theatre and American studies. (One course in English literature must be included.)

Applied arts
Each student must complete a minimum of two hours from the following: ACCT, BA, BAT, BUSA (except 101), CRJU, CS, CST, DESN, ENVT, ET, FCS, HED, JOUR, MFG, MIS, MRT, RT, SOWK.
re-Business

Cynthia Miglietti, program director, 320e West Building

This program provides the foundation for a bachelor's degree in business. In addition to the associate of arts general requirements, the curriculum includes business principles in accounting, communication, economics, statistics, finance, marketing and management.

This program is ideally suited for the individual wanting to pursue a bachelor's degree in business, but who first desires an associate degree for purposes such as securing an entry level position, gaining a job promotion or refining skills in business principles.

Communication

Each student is required to acquire proficiency in written expression and oral communication. ENG 112 is required. Based on English Placement Tests, ENG 110 or ENG 111 may also be required. The Office of Academic Services will provide placement information before your first semester. No more than six hours of basic writing can be applied toward graduation. IPC 102 is required.

Mathematics and science

Each student must complete a minimum of ten (10) hours, including A, B, and C:

A. Three years of high school preparatory mathematics or MATH 115, 120, 126, 128, 130, 131 or 232.

B. Select one: ASTR 201, 212; BIOL 101, 104, 204, 205; CHEM 100, 109/110, 117/118, 125, 127/128; GEOG 125; GEOL 100, 104, 105; PHYS 101, 201, 202, 211, 212.

C. Select another course, if needed, from A or B or CS 100 or 101 or any other courses in ASTR, BIOL, CHEM, GEOL, PHYS.

Social and behavioral sciences

Each student must complete a minimum of ten (10) hours, including PSYC 201 and two of the following: ECON 200, 202, 203; GEOG 121, 122, 230; HIST 151, 152, 205, 206; POLS 101, 171; SOC 101, 202, 231.

Humanities and arts

Each student must complete a minimum of ten (10) hours, including A, B, and C:

A. Select one: ENG 150, 200, 261, 262, 264, 265, 266, 267.

B. Select one: ART 101, 102; ARTH 145, 146; PHIL 101, 102, 103, 204, 212; POPC 220; THEA 141, 202.

C. Select courses from A or B or any other courses in ART, ARTH, MUSIC, PHIL, POPC, THEA.

Other requirements

Each student must complete EDCI/EDFI 202 (3) and should consult an adviser for information concerning courses required in various secondary teaching fields.

Social Science

Dr. Jeffrey Welsh, program director, 320B West Building

This curriculum offers the foundation of a bachelor of arts degree program in geography, history, political science, psychology, sociology or liberal studies. In addition to the associate of arts general requirements, students must complete the following:

Communication

Each student is required to acquire proficiency in written expression and oral communication. ENG 112 is required. Based on English Placement Tests, ENG 110 or ENG 111 may also be required. The Office of Academic Services will provide placement information before your first semester. No more than six hours of basic writing can be applied toward graduation. IPC 102 is required.

Mathematics and science

Both (A) and (B) below. Nine hours minimum.

A. One of the following:

1. Three and one-half years of high school college preparatory mathematics.

2. MATH 115 or 126 or 128 or 130 or any MATH course beyond 130 except 241 or 242.

3. MATH 120, and one the following: PHIL 103, CS 100 or 101.

4. Three years of high school mathematics and CS 100 or 101.

B. At least two courses elected from biological sciences, chemistry, geology, physics or physical geography (GEOG 125, 126, 127, 213). One course must be approved for laboratory credit.

Social and behavioral sciences

A minimum of 20 hours from at least three of the following disciplines including an approved concentration: economics, ethnic studies, history, non-physical geography, political science, psychology and sociology. SOSC 101 will also count toward this requirement. Students should also have an area of concentration from one of these disciplines.

Fine and applied arts

A minimum of 10 hours from at least two of the following: art, art history, film, literature, music, philosophy (except PHIL 103 when used to apply to mathematics/science requirements), popular culture, speech and theatre. One course in literature must be included; a course in the fine arts (art, film, music, or theatre) is highly recommended. (See College of Arts and Sciences listings for Group V courses.)

Associate of Applied Business

Two-year, career-oriented curricula are available leading to the associate of applied business degree. These programs prepare students for immediate employment in area communities and elsewhere, and also may be transferred to similarly oriented baccalaureate degree programs.

Usually, general education requirements are not part of the curriculum. Those general
education courses that are taken are in some related general education field (such as English, speech, psychology), in appropriately related disciplines (such as mathematics and science, physical science) and in specific major areas (such as business management, secretarial technologies).

Applied business programs offered at Firelands include:
- Business Management Technology
- Computer Programming Technology
- Secretarial Administrative Sciences

**Associate of Applied Business Requirements**
This degree is awarded to a student who successfully completes the career-oriented programs listed below and the general associate degree requirements listed under Academic Policies.

**General Business Management Technology**
Majors within this program are accounting and general business management, with a specialization possible in industrial management and retail management.

**Accounting**
Planned program
This program prepares students for paraprofessional positions in industrial, public or governmental accounting. It is designed to provide the graduate with theoretical and practical accounting knowledge and skills required of business personnel in today's economy. Many of the courses in the two-year accounting program are applicable to the four-year baccalaureate degree in business.

**First year**
- **General education**
  - ENG 110, 111 and/or 112 (3-8)
  - IPC 102 (3)
- **Basic courses**
  - MIS 200 or BUSE 321 (3)
  - MATH 120 or 126 (5)
- **Core courses**
  - ACCT 221 and 222 (6)
  - ACT 231* (3)
  - BAT 102 (3)

**Second year**
- **General education**
  - ECON 202 (3)
- **Humanities elective** (3)
- **Social/behavioral science elective** (3)
- **Basic courses**
  - STAT 200 (4)
  - MATH 120 or MATH 126 (5)
  - MIS 200 or BUSE 321 (3)
- **Core courses**
  - BAT 102, 201, 209 (9)
  - Technical elective (3-4)

**Retail Management Specialization**
Planned program
The retail management specialization, under the general business management technology program, prepares an individual to serve as manager of retail stores, department stores, restaurants, grocery stores, banks and factories.

**First year**
- **General education**
  - ENG 110, 111 and/or 112 (3-8)
  - IPC 102 (3)
- **Basic courses**
  - MATH 120 or MATH 126 (5)
  - MIS 200 or BUSE 321 (3)
- **Core courses**
  - BAT 102, 201, 209 (9)
  - Technical elective (3-4)
**Industrial Management Specialization**

**Planned Program**

The industrial management specialization, under the general business management technology program, prepares an individual for assignment in planning, organizing and controlling the manufacturing operation, including supervisory and management techniques and systems used in production. A sequence of courses in total quality leadership and resources management, business finance and economics, production management, occupational safety and hygiene, statistical process control, word processing of business communications, accounting spreadsheet utilization and psychology provide students with specialized knowledge and practical skills in industrial management.

**First year**

**General education**
- ENG 110, 111 and/or 112 (3-8)

**Basic courses**
- STAT 200 and BUSE 101, or STAT 211 and 212 (6)
- BA 203 (3)

**Core courses**
- ACCT 221 (3)
- BAT 204 and 208 (6)
- BAT 260 (3)
- Finance elective (3)

**Second year**

**General education**
- ENG 110, 111 and/or 112 (3-8)

**Basic courses**
- MATH 120 or MATH 126 (5)
- Social and behavioral science elective (3-4)

**Core courses**
- BAT 202, 201, 209 (9)
- ENVT 270 (3)
- MFG 112 (3)

**Core courses**
- BAT 203 (3)
- MIS 200 or BUSE 321 (3)

**Basic courses**
- STAT 200 and BUSE 101, or STAT 211 and 212 (6)
- BA 203 (3)
- MIS 200 or BUSE 321 (3)

**Core courses**
- ACCT 221 (3)
- BAT 203 or MGMT 300 (3)
- BAT 205 (3) and MFG 243 (3)
- Finance elective (3)

**Administrative Office Systems**

Dr. Teresa A. Marano, program director
311D West Building

The two-year program prepares students for secretarial responsibilities in business and industrial firms, professional offices and governmental agencies. Upon successful completion of the two-year program, students receive an associate of applied business. The program is designed to provide students with training in secretarial and information processing skills (word processing, spreadsheet, database, and desktop publishing) and with knowledge of business and communication theory to enhance their opportunities for career advancement. The program can meet the needs of both beginning and advanced secretarial students, and credits received may be applied toward a four-year baccalaureate degree in a related field.

In addition to the two-year program, one-year certificate programs are offered in administrative support secretary, desktop publishing specialist, information processor, and medical transcriber.

**First year**

**General education**
- ENG 110, 111 and/or 112 (3-8)
- IPC 102 (3)

**Basic courses**
- BUSE 101 (3)

**Core courses**
- BUSE 111, 201, 204, 205, 206, 207, 210, 217 or 311 (14)

**Second year**

**General education**
- Humanities or natural sciences or U.S. cultural diversity area.

**Basic courses**
- ECON 200/202 (3)

**Core courses**
- BUSE 253, 304, 305, 306, 307, 335, 401 (18)
- BUSE 314 (2)

**Office Support Specialist**

The one-year administrative support secretary option prepares students for entry-level receptionist/secretary positions.

The program is ideal for individuals wishing to re-enter the secretarial field. The program is arranged so that credits received in a one-year program may be transferred if a student decides to pursue a two- or four-year degree in a related field. To receive the administrative support secretary certificate, the student must have at least a 2.0 grade point for all work attempted.

**One-year certificate**

**General education**
- ENG 110, 111 and/or 112 (3-8)
- IPC 102 (3)

**Basic course**
- BUSE 101 (3)

**Core courses**
- BUSE 111, 201, 204, 205, 206, 210, 213, 217, 335 (16)

**Desktop Publishing Specialist**

The one-year desktop publishing specialist program prepares students to integrate basic

**Computer Programming Technology**

**Planned program**

Computer programming technicians are two-year college graduates with an associate of applied business degree. This program will prepare students for employment as microcomputer specialists, application programmers, or programmer/analysts. The emphasis of the program is the microcomputer environment. Graduates will have learned principles of computer logic and decision making, computer languages (Pascal, FoxPro, COBOL, C), selection and implementation of microcomputer hardware and software, use of popular microcomputer software packages (Windows-based word processing, spreadsheets, database). Advanced programming skills such as structured design, system implementation, basic system architecture and techniques of systems analysis. Career opportunities exist in business, industry, education, government or public service.

**First year**

**General education**
- ENG 110, 111 and/or 112 (3-8)
- STAT 211 (3)

**Basic courses**
- MATH 120 or above (excluding MATH 214, 242, 243) (5)

**Computer core**
- CS 101 and 205 and CST 201 (9)

**Second year**

**General education**
- IPC 102 (3)

**Basic courses**
- Social sciences or humanities or art or U.S. cultural diversity area.

**Computer core**
- CS 232, 261, 275 (10)
- CS 360 (3)

**Business**
- ACCT 221 (3)
- BAT 102 or 205 (3)
- Technical elective (2 hours minimum).
design principles with desktop publishing skills. Students receive training with word processing, spreadsheet, and database software and the integration of these software programs with desktop publishing.

The program is arranged so that credits received in a one-year program may be transferred if a student decides to pursue a two- or four-year degree in a related field. To receive the desktop publishing specialist certificate, the student must have at least a 2.0 grade point for all work attempted.

**One-year certificate**

**General education**

ENG 110, 111 and/or 112 (3-8)

IPC 102 (3)

**Basic course**

BUSE 101 (3)

**Core courses**

BUSE 111, 201, 204, 205, 206, 210, 217, 304, 305, 306, 335 (20)

**Information Processing Specialist Option**

The one-year information processor option prepares students for positions working with computers. Students receive training with word processing, spreadsheet, and database software and develop skills in preparing documents through the use of transcription equipment.

The program is arranged so that credits received in a one-year program may be transferred if a student decides to pursue a two- or four-year degree in a related field. To receive the information processor certificate, the student must have at least a 2.0 grade point average for all work attempted.

**One-year certificate**

**General education**

ENG 110, 111, and/or 112 (3-8)

IPC 102 (3)

**Basic course**

BUSE 101 (3)

**Core courses**

BUSE 111, 201, 204, 205, 206, 210, 304, 305, 306, 335 (13)

**Medical Transcribing Specialist Option**

The medical transcriber is responsible for transcribing medical information and reports from transcription equipment onto paper in a complete and accurate manner. Career opportunities exist in the medical record departments of hospitals, physicians' offices, private clinics and other settings.

The program consists of selected courses from both the secretarial/administrative sciences program and the health information technology program, and students may continue in either program for an associate degree. To receive the medical processor certificate, the student must have at least a 2.0 grade point average for all work completed.

**One-year certificate**

**General education**

ENG 110, 111 and/or 112 (3-8)

IPC 102 (3)

**Basic course**

BUSE 101 (3)

**Core courses**

BUSE 111, 201, 204, 205, 206, 210, 304, 305, 306, 335 (20)

**Associate of Applied Science**

Two-year, career-oriented curricula exist leading to the associate of applied science degree. These programs prepare students for immediate employment in area communities and elsewhere, and also may be transferred to similarly oriented baccalaureate degree programs.

General education requirements are part of the curriculum and are taken in some related general education field (such as English, speech, psychology), in appropriately related disciplines (such as mathematics and science, physical science) and in specific major areas.

Applied science programs offered at Firelands include:

- World Class Manufacturing Technology
- Electrical/Electronics Engineering Technology
- Health Information Technology
- Respiratory Care Technology

**Electrical/Electronics Engineering Technology**

Dr. Jan Adams, program director

320D West Building

**Planned Program**

Academic preparation for this program emphasizes digital electronics and micro-computer electronics with robotics applications. Also covered are basic electricity and electronics circuits, instrumentation and measurements, power and energy, materials processing and computer-aided design. The program prepares students for positions as engineering assistants, engineering technicians, production technicians, instrument calibration and repair technicians, field service technicians, customer service representatives and other entry-level positions in electronic engineering technology. Students who complete the associate degree have also reached the halfway point in progress toward a baccalaureate degree.

**First year**

**General education**

ENG 110, 111 and/or 112 (3-8)

**Basic Courses**

MATH 120/129, 128 or 131 (5)

DES 104 (3)

**Core courses**

ET 191, 240 and 249 (11)

DES 131 (2)

MFG 112 and 340 (6)

**Second year**

**General education**

IPC 102 (3)

**Social Science, Humanities and Arts or U.S. Cultural Diversity**

- Electives (5)

**Core courses**

CS 101 (3)/PHYS 201 (5)

ENVT 270 or PHYS 202 (3-5)

STAT 200 (3)

**World Class Manufacturing Technology**

Dr. James M. Smith, program director

152 North Building

**Planned Program**

This program emphasizes three technical areas: design, manufacturing processes and quality.

Manufacturing courses provide an understanding of processes with hands-on emphasis on programming and operating computer-controlled machines (CNC) and robots. A sequence of drafting and design courses provide practical skills in computer-aided design and the technical knowledge to provide specifications for manufactured products. Quality and industrial management courses emphasize the application of statistics and management techniques that maximize quality and workplace safety.

Graduates are employed in business and industry and are prepared to continue for a bachelor's degree in manufacturing or mechanical design.

**First year**

**General education**

ENG 110, 111 and/or 112 (3-8)

**Elective (3)**

**Basic courses**

MATH 128 or MATH 120 and MATH 129 (5-7)

MIS 200 or CS 101 (3)

DES 104 (3)
Core courses
- MFG 112 and 222, 340 (6)
- DESN 131 (2)
- ENVT 270 (3)
- BAT 209 (3)

Second year
General education
- IPC 102 (3)
  Social science, humanities and arts or U.S. cultural diversity area. If pursuing a baccalaureate degree, a student may want to choose a course with an international perspective. (3-6)

Basic courses
- PHYS 201 (5)

Core courses
- MFG 243 and 428 (6)
- DESN 204 (2)
- DESN 231 or MFG 225 (2-3)
- ET 191 (3)
- STAT 200 (3)
- BAT 209 or MGMT 300 or 305

Health Information Technology
Mona M. Jackson, RRA, program director
151 North Building

Planned program
Health information is found in many places in a variety of formats. As a health information technician, an Accredited Record Technician (ART) specializes in evaluating, controlling and maintaining the information contained in all types of health records. Career opportunities include positions in group practices, long-term care facilities, hospital health information management departments, attorneys’ offices, health maintenance organizations, professional review organizations, ambulatory care facilities, public health agencies, mental health facilities and many others. The positions include all aspects of medical record technical level tasks: filing and retrieval, analyzing, coding, indexing, compiling statistics, answering subpoenas, utilization review, quality assessment, medical research, medical-legal correspondence, abstracting, transcribing, and compiling and presenting medical data through the use of computerized systems.

Directed practices allow the student to apply theory learned in the classroom and technical level skills developed in the laboratory to be applied to a health information management department setting. This clinical direction takes place during the second year of study. Students may not take the responsibility or the place of "qualified" staff. However, after demonstrating proficiency, students may be permitted to perform procedures with careful supervision. Students may be employed in the clinical facility outside regular education hours provided the work is limited so it does not interfere with regular or academic responsibilities. The work must be non-compulsory, paid and subject to employee regulations.

The program has been granted accreditation status through the Commission on Accreditation of Allied Health Educational Programs, in cooperation with the Council on Accreditation of the American Health Information Management Association. This accreditation allows graduates to sit for a national examination sponsored by the American Health Information Management Association. Upon successful completion of the accreditation examination, the student receives Accredited Record Technician (ART) credentials.

The health information technology curriculum is based on written goals and standards, consistent with and responsive to the demonstrated needs and expectations of the health care community served by Firelands College. Instruction in the program is based on a curriculum which documents the objectives/competencies to be developed and the methods whereby they are achieved and evaluated. The health information technology curriculum shall lead students to develop the Domains, Tasks and Subtasks for Accredited Record Technicians, identified by the profession as currently encompassing the following four areas:

1. Assess institutional and patient-related information needs and departmental (i.e., medical record, quality assurance, cancer registry or similar department) information, service and operational needs.
2. Design and select departmental service and operational systems.
3. Implement departmental service and operations systems, and information systems for patient-related data.
4. Evaluate departmental, operational and service systems, and information systems for patient-related data.

Due to limitations in clinical directed practice assignments as well as available laboratory facilities, enrollment in the HIT program may be limited during a given year. Prospective students are encouraged to make contact with the program director at least one year prior to planned enrollment in the program to adequately prepare for admission to the professional core of the program.

Admission standards may include but are not limited to SAT/ACT scores, placement test scoring, current grade point averages, letters of reference and a personal interview. Standards and other steps in the application process are provided by the program director on request. All students requesting admission to the program through MRT 100 should contact the program director for a copy of this procedure approximately six months to one year before their planned admission to the program.

Students who have been academically suspended or otherwise suspended/dismissed from the University and later reinstated must also reapply for reinstatement to the program. Reinstatement to the University does not carry with it automatic reinstatement to the program.

To be admitted to and continue in the professional program in health information technology, the student must meet the following matriculation standards before eligibility for directed practice or other clinical experience (as applicable) is determined:

1. Successful completion of HIT 100, 101, 102, 112, 204, and RT 101.
2. GPA of at least 2.5 or better in all HIT coursework attempted with an overall GPA of 2.0 or better.
3. Permission of instructor.

Any/all HIT students enrolled in a course which involves clinical experience, or enrolled in HIT 201 or 202 specifically, may not participate in that clinical experience if they are currently on academic or other college-related warning, probation, suspension or dismissal proceedings.

Before clinical assignments can be made, the student must have a physical exam on file with the HIT program director, show evidence of auto insurance policy, apply for liability insurance through BGSU, and receive permission from the program director for clinical assignment.

First year
General education
- ENG 110, 111 and/or 112 (3-8)

Basic courses
- BUSE 111 (3)
- CS 180 (1)
- BAT 209 (3)
- RT 101 (5)

Core courses
- HIT 100, 101, 102, 112, 204 (17)
- Technical Elective (1)

Second year
General education
- IPC 102 (3)
- PSYC 201 (4)

General studies
- Electives (6)

Basic courses
- MIS 200 (3)
- MATH 115 or STAT 200 (3)

Core courses
- HIT 200, 201, 202, 211, 212, 213 (14)
- BAT 205

Respiratory Care Technology
Rod Roark, program director
150 North Building

Planned program
Respiratory care is an allied health specialty concerned with the treatment, management, control, diagnostic evaluation and care of patients of all ages with deficiencies and abnormalities associated with the cardiopulmonary system. The respiratory therapist must be proficient in the delivery of medical
gases, aerosol and humidity modalities, intermittent and continuous mechanical ventilation, bronchopulmonary hygiene, cardiopulmonary resuscitation, pulmonary function assessment and airway management.

This program prepares students to function with understanding, skill and competence in the practice of respiratory care. Theory and laboratory practice are provided prior to clinical rotations. Clinical experience is achieved in a variety of settings while under the supervision of selected clinical instructors.

Program graduates are eligible to sit for the National Board for Respiratory Care examinations to become a Registered Respiratory Therapist. Graduates must also satisfy all requirements of the Ohio Respiratory Care Board to obtain a license to practice in the state of Ohio. Requirements to practice respiratory care in other states are dictated by individual state law.

Admission to the program is limited to the number of students which can be accommodated by the faculty and clinical sites. Following admission to the University, the student is responsible for filling a separate application with the respiratory care program director. Criteria for and information about program admission is available upon request. Applications for admission must be received by July 15 for consideration for the upcoming year.

Program accreditation
The program is fully accredited by the Committee on Allied Health Education Programs through the Joint Review Committee for Respiratory Therapy Education (JRCRTE).

Program entrance requirements
Students interested in majoring in respiratory care technology must make formal application to the program. Students must meet the following criteria for consideration:
1. Be formally admitted to BGSU.
2. Be a graduate of an accredited secondary high school and have attained an overall GPA of 2.0, or have completed twelve (12) semester hours of college work with an overall GPA of 2.0 or higher.
3. Achieve placement test scores exceeding entrance into or successful completion of MATH 098, ENG 112 and EDCI 100.
4. Have completed one year of high school chemistry or its equivalent with a grade of C or better within the past seven years OR have credit for CHEM 100 with a grade of C or better.
5. Complete a tour of a clinical setting where respiratory care is performed and submit an Observation Verification Form, which can be obtained from the program director.

Program progression
After gaining admittance into the program, students must continue to meet the following standards to progress in the program:
1. Maintain a cumulative GPA of 2.5 or higher.
2. Earn a grade of C or better in all RT courses.

Admittance into clinicals
To be admitted to the clinical portion of the program, students must meet the following requirements:
1. Successful completion of all prerequisite coursework;
2. Have a physical examination form on file with the program director;
3. Submit evidence of an auto insurance policy;
4. Apply for liability insurance through BGSU.
   Clinical slots may be limited during a given year. In the event that more students meet clinical admission standards than there are slots available, admission will be determined by a rank ordering based upon grade point average and program hours completed.

Expenses for Clinical Training
The student is responsible for the following expenses incurred as a result of participation in clinical training. Prospective students may contact the program director for information on estimated costs.
- Pre-clinical physical exam, lab work and immunizations
- Professional liability insurance (minimum $1,000,000/$3,000,000 coverage)
- Textbooks and/or clinical training manuals and folders
- Transportation to and from clinical training sites
- Meals while at clinical sites (students generally receive any cafeteria discounts offered to employees).
- Scrub attire, lab coats and/or uniforms
- Stethoscope
- BGSU/Firelands student nametag
- NBRC/AMP Self-Assessment Examinations (Students are required to take the Entry Level, Written Advanced Practitioner and Clinical Simulation exams)

The following are generally provided at no cost to the student:
- Hospital ID/nametags
- Parking at clinical sites

Scholarships
Hospital-sponsored scholarships are available for deserving respiratory care students through the Firelands College Scholarship Program. Other organizations also sponsor scholarships for which students preparing for allied health careers may be eligible.

Dr. John P. Pommersheim
320c West Building
Firelands College offers two years of general education courses leading to the Associate of Science degree. This degree is designed to provide a student with junior standing towards the completion of the Bachelor of Science degree in the College of Arts and Sciences at Bowling Green State University.

The associate of science degree program is designed to provide pre-baccalaureate students with a sound academic background in a number of academic disciplines such as the biological sciences, computer science, chemistry, geology, physical geography, mathematics and physics/electronics.

In addition, the associate of science degree offers the foundation to many career opportunities, such as:
- Agriculturist
- Applied mathematician
- Chemist
- Inorganic-organic
- Physical-nuclear
- Structural-polymer
- Microbiologist
- Physicist
- Pre-professional
- Chiropractic
- Dental hygiene
- Dentistry
- Engineering
- Medicine
- Mortuary science
- Occupational therapy
- Optometry
- Pharmacy
- Physical therapy
- Veterinary medicine
- Secondary school teacher
- Wildlife management
General requirements for the associate of science degree are:

- Communication (6 hrs. minimum)
  Each student is required to acquire proficiency in written expression and oral communication. ENG 112 is required. Based on English Placement Tests, ENG 110 or ENG 111 may also be required. The Office of Academic Services will provide placement information before your first semester. No more than six hours of basic writing can be applied toward graduation. IPC 102 is required.

- Mathematics/Science (20 hrs. minimum)
  Each student must complete a minimum of 20 hours from at least two of the following disciplines: astronomy, biology, chemistry, geology, physical geography and physics. A laboratory sequence in biology, chemistry, geology or physics is required. MATH 131 (5) or higher level (except MATH 241 and 242) is required.

- Social and behavioral sciences (12 hrs. minimum)
  Each student must complete a minimum of 12 hours from at least three of the following disciplines: economics, physical or cultural geography, history, political science, psychology and sociology.

- Arts and humanities (10 hrs. minimum)
  Each student must complete a minimum of 10 hours from at least two of the following disciplines: art, English, philosophy, humanities, popular culture and theatre. One course in ENG literature is required.

Transfer requirements

Students planning on pursuing a baccalaureate degree should choose a course that satisfies the cultural diversity in the U.S. requirement and one course with an international perspective. This course can be taken from the social and behavioral sciences or humanities and arts. See page 6 for a list of courses meeting these requirements.

Electives

Each student must select a sufficient number of electives to earn a minimum of 62 hours. A student planning to pursue a baccalaureate degree in arts and sciences is encouraged to take a foreign language.

Admission into the ATS Program

Firelands College, Bowling Green State University, is open admissions institution. However, every effort is made to assure that students are admitted to programs in which they have a reasonable chance for success. Further, we attempt to ascertain their career goals and objectives in order to provide the best match for them in terms of a career direction. Only those students who are identified as being unable to accomplish their educational goals through one of our existing programs will be advised into the Associate of Technical Study program. At that point students will be informed of available resources, faculty and staff to assist them in designing their individualized degree.

The student will work with an adviser to complete the application and develop a proposed program. The application then will be forwarded to a committee. The committee will evaluate the application and if it is acceptable the student will be advised to consult appropriate faculty members. Students unable or unwilling to meet the college degree requirements, or who have submitted a proposal which is deemed unacceptable, will be denied admission to the program.

Program Planning

Each student entering the program will be assigned to the director of academic services at Firelands College as well as to a faculty member within the primary area of interest. The further development of the educational plan will be done jointly by the student, the director of academic services and the faculty member each semester.

Any changes in the educational plan will require the signature of both faculty member and the adviser and concurrence by the ATS Committee. Students beginning at Firelands College will be required to submit a plan of action prior to having earned 30 semester hours of credit in the college. It is explicitly understood that all of the OBOR standards for approval of the Associate of Technical Study degree will be adhered to. This will include the fact that following approval of the application, each candidate will be required to complete no less than 33 semester credit hours of course work under the supervision of the college. It is further understood that a maximum of 30 semester hours can be recognized by our college for approved college level course work completed in other public, private or proprietary post-secondary institutions, and schools conducted by business and industry, prior to the declaration of candidacy for this degree. This means that students transferring from other institutions will be required to complete a minimum of 33 semester hours at Firelands College.

First year

General education

- ENG 110, 111 and/or 112 (3-8)
- IPC 102 (3)

Basic courses

- Computation/math elective (3-5)
- Computer literacy elective (3)
- Science/math/computer science elective (3-5)

Core courses

- Technical electives (16)

Second year

General education

- Social/behavioral science elective (3)
- Humanities/fine arts elective (3)
- If necessary, choose an additional course in social and behavioral science or humanities and arts area in the international perspective/U.S. cultural diversity area to fulfill the 15 hours of general education.

Basic courses

- Computation/math elective or science/math/computer science elective (6)

Core courses

- Technical electives (16)

Nursing

Mary DeVos, RN, MSN
Coordinator, Nursing Programs
225 West Building

The Medical College of Ohio School of Nursing, in consortium with Bowling Green State University, offers two programs at Firelands College which lead to a bachelor of science degree in nursing.

Bachelor of Science in Nursing

Students interested in earning this degree from Bowling Green State University can complete the first two years of this four-year program at Firelands College. The professional nursing courses are offered at the Medical College of Ohio at Toledo.

Successful completion of the preprofessional requirements is a prerequisite for admission to the professional nursing program which is limited by the availability of
clinical facilities and faculty. Admission to the professional program is competitive and based upon:

1. Completion of:
   - ENG 112
   - MATH-demonstrated competency above 095 level
   - CHEM 109, 110, 117, 118
   - PSYC 201
   - BIDL 205

2. A minimum cumulative grade point average of 2.5 in the preprofessional program.

3. Completion of 29 semester hours of credit.

Admission applications are available from the nursing office in December of each year.

Suggested preprofessional program

**First year**
- CHEM 109, 110, 117, 118 (8)
- MATH-demonstrated competency above 095 level
- SOC 101 (3)
- ENG 111 and ENG 112 (3-6)
- BIDL 205 (5)
- PSYC 201 (4)
- NURS 100 (1)
- Humanities elective (3)

**Second year**
- PHIIL 342 or 102 (3)
- BIDL 314, 315, 331 and 332 (12)
- EDFI 490 or PSYC 240 (3)
- F&P 207 or 307 (3)
- Literature (3)
- PSYC 270, SOC 353 or MATH 115 (3)
- PSYC 245 (3)

The above is a suggested program that may be modified according to individual needs and capabilities. The School of Nursing recommends academic advisement as the student progresses.

**Transfer requirements**

Students planning on pursuing a baccalaureate degree should choose a course with an international perspective, taken from the social and behavioral sciences or humanities and arts.

**Bachelor of Science in Nursing for the registered nurse**

The School of Nursing also offers an opportunity for graduates of associate degree and diploma programs to earn a baccalaureate degree with a major in nursing. This alternate track for the RN student provides for flexibility and an individualized approach for the nurse who is already practicing.

**Admission Requirements**

Criteria for seeking admission to the major:

1. Minimum of 29 semester hours of college credit including prerequisite courses in chemistry and biology or equivalents with minimum GPA of 2.5

2. Successful completion of selected National League for Nursing Examinations or substitute

3. Current license to practice in the state of Ohio

4. Completion of general college requirements

5. Professional liability/malpractice insurance

6. Graduation from an NLN accredited school

There are 28 hours in the nursing major. Typically students take the 28 hours part-time spread out over two years.

An accelerated plan is possible; however, prior approval must be obtained through the nursing adviser.

The nursing courses are offered at Firelands College.

---

**Associate of Applied Science in Nursing**

Hope Moon, coordinator, 201 West Building
Lorain County Community College/Firelands College cooperative arrangement

Lorain County Community College brings its National League for Nursing accredited associate degree nursing program to the campus of Firelands College. This program offers the citizens of Erie, Huron, Ottawa and Sandusky counties the opportunity to obtain Registered Nurse status from a state-assisted college. All support courses may be taken at Firelands College and will transfer to Lorain County Community College. The nursing courses are LCCC courses that are offered on the Firelands campus. All students are enrolled as BGSU students for support courses and as LCCC students for nursing courses. Clinical work is done at Fisher-Titus Hospital in Norwalk and at Firelands Community Hospital in Sandusky. The associate of applied science in nursing degree is earned from Lorain County Community College.
Accounting (ACCT)

ACCT 221. Accounting and Business Concepts I (3) Fall, Spring, Summer. Concepts and issues of organizational reporting are introduced within the context of financial and managerial accounting, systems, taxation, and auditing and are illustrated through the use of examples involving international and domestic businesses, nonprofit, and government organizations. The course is designed to enhance group dynamics, communications skills, use of electronic media, and inquiries into ethics and values within the accounting environment. Prerequisite: sophomore standing or consent of the department.

ACCT 321. Intermediate Financial Accounting II (3) Fall, Spring, Summer. ACCT 321 continued with emphasis on long-term liabilities, pensions, leases, stockholder's equity, income tax allocation, accounting for inflation and the statement of changes in financial position. Prerequisite: grade of C or better in ACCT 321.

ACCT 325. Accounting Concepts for Non-business Students (3) Fall, Spring, Summer. Accounting concepts and procedures and their contribution to administrative processes. Enterprise analysis, relevant data, its uses and limitations. Not applicable to pre-professional core requirements in the College of Business. No credit allowed toward BSBA degree. Prerequisite: junior standing.

ACCT 331. Cost Accounting (3) Fall, Spring, Summer. Cost determination and cost accounting systems. Cost analysis using regression methods. Job order, process, standard and variable cost systems. Accounting for spoilage, service departments and joint products. Prerequisite: admission to upper-level accounting classes and STAT 212, or consent of department.

ACCT 332. Intermediate Managerial Accounting (3) Fall, Spring, Summer. Accounting's relationship to planning and control function. Budgeting, corporate planning models, cost-volume-profit analysis, relevant data, capital budgeting, data for operations research models, behavioral considerations, enriched variance systems, evaluation of performance and transfer pricing. Prerequisite: grade of C or better in ACCT 331.

ACCT 341. Introduction to Federal Taxation (3) Fall, Spring, Summer. History, assumptions, objectives of federal tax system. Determination of an entity's taxable and nontaxable incomes, capital gains and losses, deductions and exemptions, and special provisions. Reporting requirements and determination of tax liability. Introduction to federal tax research methodology. Prerequisite: grades of C or better in ACCT 221 and 222, or C or better in ACCT 325. No credit if previous credit earned for ACCT 441.

ACCT 421. Advanced Financial Accounting (3) Fall. Theory and practice for business combinations and consolidations, partnerships, branch and home office accounting, financial reporting for multinationals including foreign currency translation. Prerequisite: grade of C or better in ACCT 322.

ACCT 422. Contemporary Financial Accounting Topics (3) Spring, alternate years. Theory and Implications for accounting practice of selected contemporary financial accounting topics. Topics vary with governmental and professional bodies' pronouncements impacting on financial accounting. Prerequisite: grade of C or better in ACCT 322.

ACCT 423. Accounting for Non-profits (3) Spring, alternate years. Methods and problems of controlling and reporting on resources (funds) segregated for conducting specific activities of non-profit-seeking entities; budgetary control. Prerequisite: grade of C or better in ACCT 322 or consent of department.

ACCT 424. Financial Reporting for Multinationals (3) Spring, alternate years. Case study of worldwide accounting control and reporting problems, impact of cultural and legal constraints, and objective appraisal of various accounting principles and standards. Prerequisite: grade of C or better in ACCT 322 or consent of department.

ACCT 425. Problems in Accounting Practice (3) Spring. Comprehensive review and integration of accounting theory and practice using problem method. Prerequisite: 15 hours of accounting and grade of C or better in ACCT 322.

ACCT 439. Role of the Financial Executive (3) Spring. Capstone case study of accountant's role in management planning and control; profit centers, discretionary costs, budgeting, strategy and evaluation of enterprise performance. Prerequisite: grade of C or better in ACCT 392 or in ACCT 397, or consent of instructor.

ACCT 442. Advanced Federal Taxation (3) Spring. Determination of taxable income and reporting requirements unique to corporations, partnerships and Subchapter S corporations. Application of federal tax laws to special problems of corporations including stock redemptions, capital structure, liquidation and corporate accumulation. Overview of federal taxation of gifts, estates and trusts. Prerequisite: grade of C or better in ACCT 341.

ACCT 451. Auditing I (3) Fall. Spring, Summer. Auditing principles and procedures for independent verification of financial records and reviews of operations as used by internal auditors and public accountants. Nature of audit evidence, evaluation of internal controls, statistical sampling, computer auditing. Prerequisite: grade of C or better in ACCT 322 or grade of C or better in ACCT 321 if concurrently enrolled in ACCT 322.

ACCT 452. Auditing II (3) Spring. Auditor's role in society, auditing standards, professional ethics, accountants' legal liability, the auditor's report. Case studies in applied auditing. Review for professional examinations in auditing. Prerequisite: grade of C or better in ACCT 451, or consent of instructor.

ACCT 489. Internship Seminar (1-3) Fall. To be completed at first opportunity following suitable internship experience. Work experience to be preceded by at least 70 hours of academic credit and advance approval by program coordinator. No credit for students with other internship credit in College of Business Administration. Graded S/U.

ACCT 491. Studies in Accounting (1-3) To be arranged. Investigation in depth of selected areas or contemporary problems. May be offered individually as well as in classes depending on student needs and nature of material. Prerequisite: approval of department.

Accounting Technology (ACT)

<table>

Aerospace Studies (AERO)

These courses are for Air Force ROTC. Successful completion of these courses can lead to a commission as an officer in the United States Air Force.

AERO 111. Air Force Organization (2) Fall. Organization of the United States Air Force. Focus on missions involving airift forces, strategic forces, tactical forces as well as overseas forces. Development and employment of weapon systems and logistic support functions. Leadership Laboratory activities.

AERO 211. Air Force History (2) Fall. Development of air power from the first lighter-than-air vehicles through to the establishment of the Department of the Air Force as an independent military force. Various concepts of employment of air power and factors which have prompted research and technological change. Examples of impact of air power on strategic thought. Leadership laboratory activities.

AERO 212. Air Force History (2) Spring. Development of air power since the establishment of the independent Air Force to the present. Various concepts of employment of air power and factors which have prompted research and technological change. Examples of impact of air power on strategic thought. Leadership laboratory activities.

AERO 311. Air Force Management (3) Fall. Integrated management course emphasizing individual as a leader in the Air Force. Human behavior, individual and in groups, historical development of management thought, discussion of classical leadership theory; oral and written communication, military writing, and briefing formats. Leadership laboratory activities. Prerequisite: departmental approval.

AERO 312. Air Force Management (3) Spring. AERO 311 continued. Air Force leadership, planning, organizing, coordinating, directing and controlling functions of management with emphasis on Air Force application, concept of command and staff, junior officer as administrative leader, Air Force personnel system, management of change, managerial strategy in changing environment. Leadership laboratory activities. Prerequisite: departmental approval.

AERO 411. American National Security (3) Fall. Role of the President, the Congress and National Security Council in national security policy making; American defense strategy;
AERO 412. American National Security (3) Spring. Air Force officer as part of national security forces; military law; laws of armed conflict; the military profession; transition to military life; relations with civilian community. Leadership Laboratory activities. Prerequisite: departmental approval.

AERO 491. Air Force Issues (1-3) On demand. In-depth study of selected topics. Offered to individuals in lecture, seminar or independent study depending on student needs and nature of the material. May be repeated twice for up to 6 hours. Contact hours 1 to 3 hour/week. No special fees. Departmental permission required.

Aerotechnology (AERT)

AERT 099. Flight Evaluation (0) On Demand. Student flight competency evaluation. Prerequisite: Consent of instructor. Lab Fee.

AERT 220. Private Pilot Ground School (4) Fall, Spring, Summer. Aerodynamics, aircraft systems, charts, airports, communication procedures, meteorology, regulations, aviation publications, flight computer. Country flight planning. FAA Private Pilot-Airplane written exam must be passed to receive course credit. Prerequisite: None. Lab fee for FAA written exam.

AERT 221. Private Pilot Flight Instruction (4) Fall, Spring, Summer. To achieve the necessary flight hours and airmanship competencies required to earn an FAA Private Pilot-Airplane certificate. To receive credit for this course the FAA Private Pilot-Airplane certificate must be obtained. This course includes an arranged evening lecture one hour per week. Prerequisite: AERT 220 or concurrent enrollment with prior consent. Lab fee.

AERT 224. Air Traffic Control & the National Airspace System (3) Fall. A study of the nation's air traffic control system with emphasis on basic air traffic control procedures; the role of centers, approach control, towers, and Flight Service Stations; communications, navigation procedures, radar operations, and facilities. Covers problems encountered in implementing the system, airspace allocation, safety considerations and new developments. Prerequisite: None. Lab fee.

AERT 240. Air Transportation (3) Fall, Spring, Summer. History, regulation and administration of air transportation system. Emphasis on air carrier, air taxi, corporate and general aviation. Prerequisite: None. Lab fee.

AERT 280. Instrument Ground School (3) Fall, Spring. (Formerly AERT 402). Instrument flight planning, meteorology, approach procedures, approach chart interpretation, and instrument flight communications. FAA Instrument-Airplane written exam must be passed to receive course credit. Prerequisites: AERT 220 and AERT 224 or prior consent. Lab fee for FAA written exam.

AERT 281. Basic Instrument Flight Instruction (3) Fall, Spring, Summer. (Formerly AERT 345). First course in a sequence offering approximately half of the solo cross country flight and dual advanced instrument flight instruction required for the FAR Part 61 Instrument-Airplane rating or FAR Part 141 Commercial Pilot-Airplane certificate with Instrument-Airplane rating. Prerequisite: AERT 280 or concurrent enrollment with prior consent. Lab fee.

AERT 282. Advanced Instrument Flight Instruction (3) Fall, Spring, Summer. (Formerly AERT 403). Second course in a sequence offering additional solo cross country flight and dual advanced instrument flight instruction required for the FAR Part 61 Instrument-Airplane rating or FAR Part 141 Commercial Pilot-Airplane certificate with Instrument-Airplane rating. Prerequisite: AERT 281. Lab fee.

AERT 320. Commercial Ground School (3) Spring. (Formerly AERT 344). Aerodynamics, aircraft systems, commercial pilot operations, weight and balance, and complex aircraft operation. FAA Commercial Pilot-Airplane written exam must be passed to receive course credit. Prerequisite: AERT 220 or prior consent. Lab fee for FAA written exam.

AERT 321. Commercial Flight Instruction (3) Fall, Spring, Summer. (Formerly AERT 346). Aerodynamics, aircraft systems, commercial pilot operations, weight and balance, and complex aircraft operations. FAA Commercial Pilot-Airplane certificate must be obtained to receive course credit. Prerequisite: AERT 281 and 320 or prior consent. Lab fee.

AERT 348. Airport Operation (3) Spring. General aviation airport operations planning including airport environment, airport security, legal aspects, deregulation, airport finance and airport master plans. Prerequisite: None. Lab fee.

AERT 349. Aviation Law (3) Spring. A survey of significant aviation legal cases. Includes airport and passenger liability, tariffs, Worker's Compensation, manufacturers and repairers liability, and national/ international aviation legislation and regulation. Prerequisite: None. Lab fee.

AERT 352. Aviation Safety (3) Spring. Presentation and analysis of factors and procedures relating to aviation safety; techniques for accident prevention, development of safety programs, procedures used in accident investigation, the human factor (physiological and psychological), the effect of weather. Prerequisite: GEOG 213 or prior consent. Lab fee.

AERT 354. Aviation Management (3) Fall. Management techniques and administrative functions as applied to the aviation industry. Includes problems, current issues, and future trends related to aviation operations, planning, and economic and resource consideration. Prerequisite: MGMT 305. Lab fee.

AERT 404. Advanced Aerodynamics & Aircraft Performance (3) Fall. Advanced flight theories including airfoil shape, drag, velocity, lift and thrust, stability and control; advanced principles of performance including capabilities, limitations, design criteria, weight and balance charts, comparative analysis of aircraft, and certification of aircraft. Prerequisites: AERT 320 or prior consent. Lab fee.

AERT 405. Advanced Aircraft Systems (3) Spring. In depth discussion of electrical, mechanical and hydraulic systems on aircraft, design and performance standards, capabilities and limitations, conformance to FAA specification. Prerequisites: AERT 320 or prior consent. Lab fee.

AERT 406. Multiengine Ground School (1) Fall, Spring, and Summer on demand. (Formerly AERT 350). Theory of multiengine airplane operation including the ground instruction necessary for preparation for the FAA multiengine rating. Covers transition to multiengine aircraft, multiengine aircraft systems, operational considerations, and emergency procedures. Prerequisite: AERT 320. Lab fee.

AERT 407. Multiengine Flight Instruction (1) Fall, Spring, Summer. Flight instruction in preparation for the FAA multiengine rating. Covers transition to multiengine aircraft and all normal, abnormal and emergency operating procedures. Prerequisites: FAA Commercial Pilot - Airplane certificate with Instrument-Airplane rating, AERT 406 (may be taken concurrently), or prior consent. Lab fee.

AERT 440. Aviation Instructor Ground School (2) Spring. (Formerly AERT 401). Learning theory in an aviation setting, instructor responsibility, lesson planning, and advanced aviation problems. To receive credit for this course FAA Fundamentals of Instructing and either Basic Ground Instructor or Flight Instructor-Airplane written exam must be passed. Prerequisite: AERT 320. Lab fee for FAA written exam.

AERT 443. Flight Instructor-Airplane (1) Fall, Spring, Summer. Flight instruction preparing the student for FAA Flight instructor-Airplane certification. The course includes comprehensive coverage of flight maneuvers necessary for instructing private and commercial students. Prerequisites: AERT 440 and FAA Commercial Pilot-Airplane certificate. Lab fee.

AERT 445. Flight Instructor-Instrument (1) Fall, Spring, Summer. Covers ground and flight instruction necessary to complete requirements for a flight instructor-instru-
American Culture Studies (ACS)

ACS 200. Introduction to American Culture Studies (3) Fall, Spring, Summer. Regional, ethnic and economic aspects of American national experience as reflected in verbal, visual and material artifacts. Culture theory and models used to examine selected topics and problems. Required of all American culture studies majors.

ACS 230. Issues in American Civilization (3) Fall, Spring. Characteristically American themes, issues or problems reflecting relationships among ideas, values, traditions, events and personalities. Subject matter designated in time schedule; may be repeated once if topics differ.

ACS 240. Historical Perspectives on American Culture (3) Fall, Spring. Interdisciplinary study of a theme, issue or problem as it relates to historical development of American culture. Designed for non-majors; meets requirement for Group IV.

ACS 250. Cultural Pluralism in the United States (3) Fall, Spring, Summer. Interdisciplinary exploration of race, ethnicity, class, gender, and sexual orientation in the United States, emphasizing imaginative expressive forms, such as fiction, poetry, film, and the visual arts.

ACS 303. Interpretations of American Culture (3) Fall, Spring. Such theories as frontier thesis, melting pot, cultural pluralism, regionalism, and technocracy and their imaginative expression. Prerequisite: Junior standing or consent of instructor. May be repeated if subject differs.

ACS 400. The Literature of American Culture Studies (3) On demand. Interdisciplinary approach to study of American culture. Required of American culture studies majors, but of interest to students who focus on American culture, society, institutions or economics in their particular disciplines. May be repeated once if topics differ. Prerequisite: Senior or permission of instructor.

ACS 490. Tutorial in American Culture Studies (1-3) Fall, Spring. Independent study in special interdisciplinary subject not covered by existing courses. Prerequisite: Junior standing; proposal, signed by proposed tutor, must be submitted for approval by undergraduate adviser in American culture studies prior to semester in which tutorial begins.

Apparel, Merchandising and Interior Design (AMID)

AMID 050. FIT Visiting Student (0) Fall, Spring. Visiting student studying at Fashion Institute of Technology in New York City. May be repeated. Prerequisites: Senior standing and consent of fashion merchandising program director.

AMID 103. Textiles (3) Fall, Spring. Fiber, yarn and fabric structures; finishes; color and design. Selection and care of fabrics for personal and household uses. Lab fee.

AMID 116. Introduction to Interior Design (3) Fall. Overview of the interior design profession; examination of the design process with emphasis on creative problem solving and development of competencies in space planning and presentations.

AMID 117. Interior Design I (3) Fall, Spring. Color drawing techniques used in the simulation of materials in interior and exterior renderings. Experiments with various media, their uses and limitations as applicable to visual presentation by designers, architects, renderers, and illustrators. Two one-hour lectures, one two-hour studio. Lab fee.

AMID 202. Designing with Flat Pattern (3) Fall, Spring. Apparel design techniques using basic flat pattern methods. Create patterns for apparel in various styles of bodices, necklines, collars, sleeves and skirts. Development of original designs and production of the designs in muslin and fashion fabric. Prerequisites: AMID 101 and 103. Lab fee.

AMID 204. Introduction to the Fashion Industry (3) Spring. Fashion design and terminology; organization of fashion industry and career opportunities in fashion. Prerequisites: AMID 101 and AMID 103 or consent of instructor.

AMID 219. Interior Design II (3) Fall, Spring. Programming, conceptualization and problem solving for residential and non-residential environments. Historic preservation and special population projects also included. Prerequisites: AMID 116, 117. Six studio hours. Lab fee.

AMID 303. Contemporary Interiors (3) Fall, Spring. Design elements, principles and color theory used to create the human environment. Finish and material selection for furnishings and other surface treatments. Lab fee.

AMID 313. Textile Analysis (3) Fall, Spring. Economic, political and cultural forces related to production and use of historic and modern textiles; emphasis on recent technical developments and consumer textiles. Prerequisite: AMID 103. Lab fee.

AMID 319. Interior Design III (3) Fall. Small residential design with emphasis on space planning, furniture selection and layout in children and special populations projects. Prerequisites: AMID 219, 303. Lab fee.

AMID 329. Interior Design IV (3) Spring. Large residential projects incorporating kitchen and bath detailing and visual presentation. Complete design concept and presentation with special attention to low income, energy conservation and specialized construction details. Prerequisite: AMID 319. Six studio hours. Lab fee.

AMID 333. Specifications, Codes, and Special Needs (2) Spring. Specification writing for interior finishes and furniture. Accessing local code information, fire safety and organizations that test product safety.

AMID 340. Computers for Apparel Design (3) Spring. Both a conceptual approach and a laboratory experience are presented in understanding technology in the apparel industry. Problem-solving and computer procedures for such tasks as textiles and apparel design, pattern-making, pattern grading, and digitizing. Prerequisite: AMID 202. Lab fee.

AMID 345. Computers and Interior Design (3) Fall, Spring. Microcomputer applications for the professional practice of interior design; includes computer aided design, spreadsheets, specifications and estimations. Prerequisites: CS 100 and AMID 219. Lab fee.

AMID 401. History of Costume (3) Fall. Development of western costume from Egyptian times to present; emphasis on relation of modern costume to earlier forms of dress. Lab fee.

AMID 402. Fashion Merchandising (3) Fall. Planning, selection and marketing of fashion merchandise, including identification of a target customer, building a fashion image, financial planning, assortments and unit
control, fashion promotion and trend merchandising. Prerequisite: AMID 204 or consent of instructor. Lab fee.

AMID 403. Sociological and Psychological Aspects of Clothing (3) Spring. Cultural, sociological and psychological factors influencing clothing habits of individuals and groups are related to their environments. Prerequisites: SOC 202 and PSYC 201 and junior standing.

AMID 404. Tailoring (3) On demand. Specialized techniques of professional tailoring used in construction of a suit or coat. Analysis of quality in ready-to-wear tailored garments. Prerequisite: AMID 202 or consent of instructor. Lab fee.

AMID 406. Housing the Family (3) Spring. Selecting, financing and adapting housing for families with varying lifestyles and needs. Energy efficiency, government role in housing, renting and owning options, and psychological needs emphasized. Lab fee.

AMID 412. Advanced Apparel Design (3) Spring. Creative expression and application of principles of apparel design through the media of flat pattern and draping. Development of original design from sketch to finished garment. Prerequisite: AMID 202. Lab fee.

AMID 414. Experimental Clothing Construction (3) Fall. Experimental approach to factors influencing construction of apparel. Prerequisite: AMID 202 or consent of instructor. Lab fee.

AMID 417. Interior Design V (3) Fall. Small non-residential design which incorporates programming, conceptualization, problem solving and evaluation for offices, retail and other small institutions. Prerequisites: AMID 329. Lab fee.

AMID 418. History of Interiors (3) Fall. European and American furniture from 14th through 20th centuries with corresponding interiors; wall, window and floor treatments and decorative arts. Prerequisite: AMID 303 or consent of instructor.

AMID 419. Interior Design VI (3) Spring. Large nonresidential design incorporating building systems, custom cabinetry and open office systems in historic preservation and adaptive reuse projects. Prerequisites: AMID 333, 417. Six studio hours. Lab fee.

AMID 451 Fashion Illustration (3) Fall. Basic fashion figure rendering (adult and child); rendering using various media; garment construction details; portrayal of texture, color and pattern in fabrics. Prerequisites: ART 101 or 102. Lab fee.

AMID 452. International Trade in Textiles and Apparel (3) Fall. Theories, concepts, and problems relating to the trade and consumption of textiles and clothing products worldwide. Prerequisites: AMID 204; ECON 202 or equivalent. Lab fee.

AMID 456. Historic Costume and Textile Collections Management (3) Spring. Role and responsibilities of historic costume and textile curator. Policies and procedures for proper administration and care of valuable clothing and textile collections and related material culture. Prerequisites: AMID 401, AMID 458, or consent of instructor. Lab fee.

AMID 499. FIT Visiting Student (12-21) Fall, Spring, Summer. Visiting student studying at Fashion Institute of Technology in New York City. May be repeated. Prerequisites: Senior standing and consent of fashion merchandising program director. Graded S/U.

Applied Mathematics and Statistics (AMS)

1AMS 100. Developmental Mathematics (3) Fall, Spring, Summer. Review of basic mathematics such as equations, inequalities, exponents and radicals, logarithms, polynomial functions, graphs and applications. Graded S/U.

Applied Statistics (STAT)**

ΔSTAT 200. Using Statistics (3) Fall, Spring. Descriptive statistics, probability distributions, estimation, hypothesis testing, regression, contingency tables. Interpretation and misinterpretation of statistical techniques. Does not count toward graduation credit for students receiving BSBA.

ΔSTAT 211. Elementary Statistical Methods I (3) Fall, Spring. Elementary probability, random variables, probability distributions, sampling, descriptive statistics, sampling distributions, estimation. Prerequisite: MATH 126, MATH 131 or C or better in MATH 134.

ΔSTAT 212. Elementary Statistical Methods II (3) Fall, Spring. Estimation, hypothesis testing, regression, correlation, analysis of variance and contingency tables. Prerequisite: STAT 211.

ΔSTAT 300. Introduction to Regression and Design (3) Fall, Spring. Regression analysis, analysis of variance, topics in design of experiments. Prerequisite: STAT 212 or consent of instructor.

ΔSTAT 312. Topics in Applied Statistics (3) Selected topics from time series, sample design, decision theory, nonparametrics or factor analysis. Prerequisite: STAT 212.

ΔSTAT 315. Introduction to Statistical Inference (3) Fall. Univariate and N-dimensional random variables and distributions; methods of estimation. Prerequisites: STAT 212 and MATH 232. No credit for students with MATH 441.

ΔSTAT 402. Regression Analysis (3) Fall. Linear, nonlinear and multiple regression and correlation analysis. Prerequisite: STAT 315 or MATH 441 or consent of instructor.

ΔSTAT 406. Sample Design (3) Spring. Sampling as a tool of scientific inference in research and management. Planning surveys; sample size, stratified, systematic and cluster sampling; sources of error in surveys. Prerequisite: STAT 315 or MATH 441 or consent of instructor.

ΔSTAT 408. Experimental Design (3) Spring. Constructing statistical designs and analyzing resulting data; basic experimental design and analysis of variance. Prerequisite: STAT 315 or MATH 441 or consent of instructor.

ΔSTAT 412. Applied Nonparametric Statistics (3). Nonparametric approach to testing hypotheses; contingency tables, goodness of fit, procedures based on ranks. Prerequisites: STAT 315 or MATH 441 or consent of instructor.

ΔSTAT 414. Statistical Quality Control (3). Statistical process control; Shewhart control charts (variables and attributes); acceptance sampling (single, double, and sequential); Dodge-Romig Tables. Prerequisite: STAT 212 or MATH 441 or consent of instructor.

ΔSTAT 416. Time Series Analysis (3). Stochastic stationary and nonstationary models; use in forecasting seasonal and nonseasonal discrete time series; fitting models to time series data. Prerequisite: STAT 315 or MATH 441 or consent of instructor.

ΔSTAT 491. Studies in Statistics, (1-3). On demand. Investigation of selected areas or contemporary problems. May be offered individually and in classes depending on student needs and nature of material.

* Cannot be counted toward specialization in STAT.

** See also mathematics and statistics (MATH)

Arabic (ARAB)

The following courses employ the self-instructional approach, utilizing tapes, text, native tutor and outside examiner.

ΔARAB 101. Beginning Arabic I (4) Fall. Introduction to modern standard Arabic. Four
class periods and practice with tapes each week.

ARAB 102. Beginning Arabic II (4) Spring. ARAB 101 continued. Four class periods and practice with tapes each week. Prerequisite: ARAB 101 or equivalent.

ARAB 201. Intermediate Arabic I (4) Fall. ARAB 101-102 continued. Conversation, writing, reading, grammar. Four class periods and practice with tapes each week. Prerequisite: ARAB 102 or equivalent.

ARAB 202. Intermediate Arabic II (4) Spring. ARAB 201 continued. Four class periods and practice with tapes each week. Prerequisite: ARAB 201 or equivalent.

Art (ART)

ART 101. Introduction to Art (3) Fall, Spring. Historical and aesthetic components of art with laboratory experiences with basic elements of creative expression. Non-majors only. Two hours studio, two hours lecture. Lab fee.

ART 102. Two-Dimensional Foundations (3) Fall, Spring. Introduction to principles of art through a variety of concepts and media used in creation of three-dimensional form. Organization of art majors and minors. Can be taken with ART 103 or ART 112. Lab fee.

ART 103. Drawing Foundations (3) Fall, Spring. Development of drawing skills through observation of natural objects to aid expressive craftsmanship and pictorial accuracy. Required of art majors and minors. Can be taken with ART 102 or ART 112. Lab fee.

ART 112. Three-Dimensional Foundations (3) Fall, Spring. Creative principles of art in three-dimensional form emphasizing aesthetics, utilitarian concepts and tools in experiential studio experiences. Required of art majors and minors. Can be taken with ART 102 or 103. Lab fee.

ART 205. Figure Drawing (3) Fall, Spring. Principles and practices of creative and structural figure drawing; development of concepts and techniques for competent graphic expression related to drawing human forms. Six studio hours. Prerequisite: ART 103. Lab fee.

ART 206. Figure Drawing II (3) Fall, Spring. Further work on visual comprehension in figure drawing to improve perceptual judgment; move to a more personal and selective level of stylistic interpretation. Six studio hours. Prerequisite: ART 205. Lab fee.

ART 261. Sculpture I (3) Fall, Spring. Creative concepts, arrangements and techniques of three-dimensional sculptural forms. Six studio hours. Prerequisite: ART 112. Lab fee.

ART 263. Ceramics I (3) Fall, Spring. Clay as creative medium for functional forms. Handbuilding and wheel techniques; simple sculpture; glazing and firing; survey of clays, pottery types, kilns, pyrometry. Six studio hours. Prerequisite: ART 102, ART 112. Lab fee.

ART 267. Stained Glass Compositions (3) Fall, Spring. Techniques involved with creative two-and three-dimensional arrangements; emphasis on individual studio development. Six studio hours. Lab fee.

ART 277. Printmaking I (3) Fall, Spring. Basic techniques for woodcuts, silk screen, intaglio or lithography. Six studio hours. Prerequisite: ART 103. Lab fee.

ART 305. Intermediate Drawing (3) Fall, Spring. Advanced experimentation using the figure in drawing composition with a graphic medium. Six studio hours. May be repeated to six hours. Prerequisite: ART 206. Lab fee.

ART 320. Enameling on Metal (3) Fall, Spring. Enameling techniques on copper; after initial 6 hours credit earned, choice of copper or jewelry techniques. Six studio hours. May be repeated to 9 credit hours. Prerequisite: ART 101 or ART 102, or consent of instructor. Lab fee.

ART 321. Beginning Jewelry Design and Metalsmithing (3) Fall, Spring. Foundation techniques and creative processes including design, fabrication, casting, and surface treatments. Six studio hours. Prerequisite: ART 101 or ART 102, or consent of instructor. Lab fee.

ART 322. Jewelry Design (3) Fall, Spring. Centrifugal casting of silver, gold, tombac, brass and bronze jewelry and related objects, using wax and plastic models. Six studio hours. Prerequisite: ART 321. Lab fee.

ART 325. Fine Art Photography I (3) Fall, Spring. Photography as a fine art. Use of camera for creative expression: Introduction to history and critical awareness. Black and white lab work. Six studio hours. Prerequisites: ART 102 or consent of instructor. Lab fee.

ART 326. Fine Art Photography II (3) Fall, Spring. Introduction to view camera techniques, development of critical awareness of contemporary creative photography, personal imagery and perception. Six studio hours. Prerequisite: ART 325. Lab fee.

ART 363. Ceramics II (3) Fall, Spring. Development of throwing techniques, design concepts, surface decoration and sculptural forms. Laboratory development of simple glazes. Kiln stacking and firing. Six studio hours. May be repeated to six hours. Prerequisite: ART 263. Lab fee.

ART 365. Weaving (3) Fall, Spring. Techniques of weaving on a 4-harness loom. Emphasis on materials and creative interpretation of fiber forms. Six studio hours. Lab fee.

ART 366. Fiber/Fabric Techniques (3) Fall, Spring. Introduction to the use of fiber and fabric dyeing, construction techniques and materials used to develop personal creative expression. Feltmaking, plaiting, machine quilting, painting with dyes, coiling. Six studio hours. Lab fee.

ART 371. Watercolor Painting I (3) Fall, Spring. Introductory experimentation with painting techniques on paper; employment of the figure, still life and landscape as initial references. Six studio hours. Prerequisite: ART 103. Lab fee.

ART 372. Watercolor Painting II (3) Fall, Spring. Choice of specific compositional problems exploring the possibilities of design and expression in watercolor techniques; creation of foundational surfaces, mixed media and works in series. Six studio hours. May be repeated to six hours. Prerequisite: ART 371. Lab fee.

ART 373. Oil/Acrylic Painting I (3) Fall, Spring. Exploration of painting techniques from traditional and contemporary using oil and acrylic paint as a medium emphasizing individual artistic response. Six studio hours. Prerequisite: ART 103. Lab fee.

ART 374. Oil/Acrylic Painting II (3) Fall, Spring. Opportunity to experiment with varying media and techniques and to use fundamentals learned in introductory course. Six studio hours. May be repeated to six hours. Prerequisite: ART 373. Lab fee.

ART 377. Printmaking II (3) Fall, Spring. Development of additional techniques as related to woodcut, silk screen, intaglio or lithography. Six studio hours. May be repeated to six hours. Prerequisite: ART 277. Lab Fee.

ART 390. Introduction to Computer Art (3) Fall, Spring. Methods of producing original computer art, software and appropriate hardware. Prerequisites: ART 102, 103, 112, or consent of instructor. Lab fee.

ART 391. Computer Art II (3) Fall, Spring. Intermediate animation using computers, video equipment, software and languages in creation of original works of art. May be repeated to six hours. Prerequisite: ART 390 or consent of instructor. Lab fee.

ART 392. Applications of Computer Art (3) Fall, Spring. Computer art in specific disciplines such as imaging, multimedia, etc.
ART 405. Content and emphasis as directed by needs and interests. May be repeated to six hours. Prerequisite: ART 365 or consent of instructor. Lab fee.

ART 466. Surface Design/Silkscreen Techniques (3) Spring. Approaches to surface design leading to development of understanding of motifs, repeats, and expanding pattern. Experiments with silkscreen printing, registration techniques, and fiber reactive dyes. Various registration techniques will be explored which will allow set-up and yardage to develop. Lab fee.

ART 470. Independent Studies in Studio (1-3). Supervised individual problems in selected studio research for students who have shown proficiency and marked degree of independence in other studio coursework. May be repeated. Prerequisite: consent of instructor. Lab fee.

ART 471. Watercolor Painting III (3) Fall, Spring. Individual development in watercolor medium emphasizing personal style and presentation. Students are encouraged to find self-directions and motivation in consultation with instructor. Six studio hours. May be repeated to six hours. Prerequisite: ART 372. Lab fee.

ART 473. Oil/Acrylic Painting III (3) Fall, Spring. For advanced student to pursue personal style and to concentrate on elements most important to them. Emphasis placed on individuality and arranged critiques. Six studio hours. May be repeated to six hours. Prerequisite: ART 374. Lab fee.

ART 477. Printmaking III (3) Fall, Spring. Specialized advanced techniques in woodcuts, silkscreen, intaglio or lithography. Six studio hours. Prerequisite: six studio hours. Prerequisite: ART 377. Lab fee.

ART 490. Problems Computer Art (3) Fall, Spring. The computer and contemporary technology (i.e., video, imaging, multimedia, etc.) in the realm of art forms. May be repeated to six hours. Prerequisites: ART 390, 391, 392 or consent of instructor. Lab fee.

ART 491. Advanced Computer Art (3) Fall, Spring. The creation of art through computer simulation, animation, and virtual space. May be repeated to six hours. Prerequisites: ART 390, 391, 392, (knowledge of a computer language is recommended), or consent of the instructor. Lab fee.

ART 495. Special Topics in Art (1-3). Innovative and intensive group studies in selected studio research. Prerequisites announced for each offering. May be repeated.

ART 499. Senior Studio Seminar (3) Fall or Spring. Capstone experience for graduating studio majors emphasizing portfolio preparation, career goals and objectives and participation in the BFA Senior Thesis Exhibition. Six studio hours. Prerequisite: Senior standing and advanced level in specialization. Lab fee.

Art Design (ARTD)

ARTD 211. Introduction to Graphic Design (3) Fall, Spring. Exploration and application of design principles, layout and typography; tools, techniques and terminology of the discipline. Six studio hours. Prerequisite: ART 102. Lab fee.

ARTD 212. Typography (3) Fall, Spring. Historical survey and formal study of typographic design; the aesthetics of letterform design, practical applications, and computer-generated typography. Six studio hours. Prerequisite: ARTD 211. Lab fee.

ARTD 311. Intermediate Graphic Design (3) Fall, Spring. Continued exploration in graphic design with an emphasis on typography and editorial and publication design. Six studio hours. Prerequisite: ARTD 212 or consent of instructor. Lab fee.

ARTD 312. Advertising Design (3) Fall, Spring. Translating words and ideas into visual realities of mass communication; magazines, newspapers, billboards, direct-mail and TV. Use of felt markers, storyboards and videotape. Six studio hours. Prerequisite: ARTD 311. Lab fee.

ARTD 319. History of Design (3) Fall, Spring. Slide survey of design movements influencing western culture from 1850 to present.

ARTD 411. Advanced Graphic Design (3) Fall, Spring. Concentrated study and advanced level problems that allow senior level students to expand and refine their abilities in graphic design. Six studio hours. Prerequisite: ARTD 312. Lab fee.

ARTD 412. Packaging and Promotion Design (3) Fall, Spring. The package as attractive, informative product vehicle, and its relationship to consumer purchase. Promotional and collateral advertising of product and package. Six studio hours. Prerequisite: ARTD 312. Lab fee.

ARTD 413. Corporate Identity Design (3) Fall, Spring. Professional presentation of corporate identity program for existing or fictitious company. Development and application of trademark and/or logo type based on compiled in-depth research. Six studio hours. Prerequisite: ARTD 412. Lab fee.

ARTD 414. Senior Design Seminar (3) Fall, Spring. Preparation for entrance into the profession. Emphasizes job related skills and practices. Each student prepares a portfolio and designs and prints a personal resume. Prerequisite: ARTD 412. Lab fee.

ARTD 470. Independent Studies in Design (1-3). Supervised individual problems in selected design research for students who have shown proficiency and marked degree of independence in other design coursework. May be repeated. Prerequisite: consent of instructor.
ARTD 489. Design Internship (3-15) Fall, Spring, Summer. Studio experience in chosen area design firm. Credit approved upon submission of portfolio and written description of experience in consultation with firm; elective hours only. Prerequisites: 15 hours of design, consent of design staff.

ARTD 495. Special Topics in Design (1-3). Innovative and intensive group studies in selected design research. Prerequisites announced for each offering. May be repeated.

---

**Art Education (ARTE)**

ARTE 252. Foundations of Art Education (3) Fall; Spring on demand. Lecture, field-based experiences and clinical exploration of child art development, historical and contemporary approaches to art education and art curricula. Prerequisite: sophomore standing.

ARTE 434. Art in the Elementary Schools (3) Fall, Spring, Summer. Professional methods in a discipline-centered approach to art education with focus on child art development, curriculum planning and clinical experiences in art production, art history, art criticism and aesthetics. Prerequisite: Junior standing. C/F hrs.: 30. Lab fee.

ARTE 352. Planning and Implementing Instruction in the Visual Arts I (3) Fall; Spring on demand. Approaches to curriculum development, organization, materials and teaching methods and behaviors for effective art instruction. Practicum experience allows students to apply this knowledge in a supervised learning environment. Prerequisites: ARTE 252; Junior standing. C/F hrs.: 40. Lab fee.

ARTE 382. Art for Special Needs Children (3) Fall, Spring. Art teaching methods and media adaptations for exceptional populations in both regular and alternative education settings. Child art development, approaches to curriculum planning, studio experiences and a field-based practicum. Prerequisite: Junior standing. C/F hrs.: 40. Lab fee.

ARTE 452. Planning and Implementing Instruction in the Visual Arts II (3) Fall; Spring on demand. Units of instruction, classroom management, evaluation of teaching and learning, instructional resources, methods for teaching K-12 art curriculum. Clinical experiences partially relate to developing lessons in art criticism and aesthetics for a field-based practicum with secondary students. Prerequisites: ARTE 252 and 352. C/F hrs.: 20. Lab fee.

ARTE 470. Independent Studies in Art Education (1-3). Supervised individual problems in selected art education research for students who have shown proficiency and marked degree of independence in other art education coursework. May be repeated. Prerequisite: consent of instructor.

ARTE 492. Student Teaching (1-10) Fall, Spring. Classroom teaching under supervision on full-day basis. Conferences and seminars supplement program. Required for elementary and/or kindergarten-primary certification. Fee: $5 per credit hour. Eligibility requirements must be met. C/F hrs.: 300. May be repeated. Graded S/U.

ARTE 495. Special Topics in Art Education (1-3). Workshop topics and intensive group studies relative to special needs of visual arts teachers.

ARTE 497. Student Teaching (1-10) Fall, Spring. Classroom teaching under supervision on full-day basis. Conferences and seminars supplement program. Required of students in secondary school or special certification program. Fee: $5 per credit hours. Eligibility requirements must be met. C/F hrs.: 300. May be repeated. Graded S/U.

---

**Art History (ARTH)**

ARTH 145. Western Art I (3) Fall, Spring. Ancient and Medieval art.

ARTH 146. Western Art II (3) Fall, Spring. Art from Renaissance to present. May be taken before ARTH 145.

ARTH 441. American Art to the Civil War (3). Painting, sculpture and architecture of colonial era and United States to 1860; interrelationship between visual arts and significant issues in American culture.

ARTH 442. American Art Since the Civil War (3). Painting, sculpture, architecture and photography of United States from 1860 to present. Special attention to artists and developments prior to W.W. II frequently overlooked in surveys of modern art.

ARTH 445. Preclassical Art (3) Alternate years. Art and archaeology of preclassical Aegean world to the end of the Bronze Age; the Minoan and Mycenaean civilizations.

ARTH 446. Greek Art (3) Alternate years. Art of Greece from the Dark Ages through the Hellenistic period: emphasis on vase-painting, sculpture, and architecture.

ARTH 447. Art of Etruria and Rome (3) Alternate years. Etruscan and Roman sculpture, architecture, and painting from the 8th century B.C. to the 5th century A.D.

ARTH 448. Early Christian and Byzantine Art (3) Alternate years. Christian art to the medievalization of the Roman empire in the west and Byzantine art to the fall of Constantinople in 1453.

ARTH 449. Medieval Art (3). Alternate years. Art and architecture from medievalization of Roman Empire through High Gothic period.

ARTH 451. Art of the Italian Renaissance (3) Alternate years. Painting, sculpture and architecture of Italy during the Renaissance, from the late 13th century through the 16th century and Mannerism.

ARTH 453. Northern Renaissance Art (3) Alternate years. Painting, sculpture and graphic arts of Flanders, France, Germany, England and Spain during the 15th and 16th centuries.

ARTH 454. Baroque and Rococo Art (3) Alternate years. The painting, sculpture and architecture of Italy, Spain, France and the Low Countries in the 17th and 18th centuries.

ARTH 455. Art of the 19th Century (3). Painting and sculpture in the 19th century in Europe from neoclassicism through post-impressionism.

ARTH 456. Art of the Early 20th Century (3) Fall Alternate years. Major movements in painting and sculpture in Europe and America from Fauvism to World War II; theoretical bases as well as formal innovations.

ARTH 457. Art of the Later 20th Century (3) Spring. Alternate years. Major movements in painting and sculpture in Europe and America from World War II to the present; traditional art forms as well as the more radical recent developments.

ARTH 458. Art of India and S.E. Asia (3). Art and architecture in India and S.E. Asia from the earliest times to present.

ARTH 459. Art of China and Japan (3). Art and architecture of China and Japan from earliest cultures to present.

ARTH 460. Women and the Visual Arts (3) Alternate years. Historical survey of the role of women in the fine arts, in their capacities as artists, critics, matrons (patrons), and audiences, from antiquity to the present. Emphasis on examining issues relevant to the contemporary situation in the arts and society.

ARTH 470. Independent Studies in Art History (1-3). Supervised individual problems in selected art history research for students who have shown proficiency and marked degree of independence in other art history course work. May be repeated. Prerequisite: consent of instructor.
ARTH 495. Special Topics in Art History (3). Innovative and intensive group studies selected in art historical research. Prerequisites announced for each offering. May be repeated.

Art Therapy (ARTT)

ARTT 230. Introduction to Art Therapy (3) Fall. Introductory exposure to the theories, practices and literature of the profession, Lab and lecture. Prerequisites: ART 102 or ART 103 and PSYC 201 or consent of instructor. Lab fee.

ARTT 330. Art Therapy Methods and Theories I (3) Fall. Investigation of theoretical and practical applications of art therapy methods with specific populations. Exposure to the implementation of various treatment models within the field, the therapeutic uses of art materials, and development of communication skills for processing art work. Required field work. Prerequisite: ARTT 230 (PSYC 403 recommended). Lab fee.

ARTT 331. Art Therapy Methods and Theories II (3) Spring. Increased exposure to art therapy in both theory and practice emphasizing the role of the art therapist, discussion of the art therapy treatment process, and ways to facilitate group and individual work. Lab, lecture, and required field work. Prerequisite: ARTT 330 (PSYC 335 recommended). Lab fee.

ARTT 431. Art Therapy Process, Studio Methods and Techniques (3) Spring. Hands-on investigation of art studio processes and procedures with emphasis on adaptations of projects for specific client populations; development of the student's own creative/visualizing process. Prerequisite: ARTT 330 or permission of instructor. Lab fee.

ARTT 470. Independent Studies in Art Therapy (1-3). Supervised individual problems in art therapy research for students who have shown proficiency and high degree of independence in other art therapy coursework. May be repeated. Prerequisite: consent of instructor.

ARTT 488. Art Therapy Practicum (10-12) Fall, Spring. Supervised 320- or 350-hour art therapy practicum in a specific agency. Required weekly seminar. Prerequisite: all program requirements must be fulfilled before enrolling. Those students electing to enroll for 12 hours must meet specific additional course requirements. Graded S/U.

ARTT 495. Special Topics in Art Therapy (1-3). Innovative and intensive group studies in selected subject areas. Prerequisites announced for each offering. May be repeated.

Arts and Sciences (A&S)

A&S 100. Seminar in Arts and Sciences (1-5) On demand. Interdisciplinary studies in arts and sciences or area of study meeting new trends in arts and sciences. May be repeated by consent of dean of the College of Arts and Sciences. Prerequisite: consent of instructor.

A&S 200. Seminar in Arts and Sciences (1-5) On demand. Interdisciplinary studies in arts and sciences or area of study meeting new trends in arts and sciences. May be repeated by consent of dean of the College of Arts and Sciences. Prerequisite: consent of instructor.

A&S 210. Introduction to Aesthetic Perception (3) Spring. Initial course of the fine arts specialization for elementary education majors, but open to all interested in the nature of aesthetic inquiry through experiences in specific arts events, discussion and reflection with faculty from different disciplines.

A&S 250. Great Ideas (3) Fall, Spring. Interdisciplinary seminar on some of the motivating ideas of Western culture: Judeo-Christian heritage, Greek humanism, science, democracy, feminism, etc. Emphasis on reading of primary texts and class discussion. Prerequisite: ENG 112.

A&S 300. Seminar in Arts and Sciences (1-5) On demand. Interdisciplinary studies in arts and sciences or area of study meeting new trends in arts and sciences. May be repeated by consent of dean of the College of Arts and Sciences. Prerequisite: consent of instructor.

A&S 395. Workshop on Current Topics in Arts and Sciences (1-4) On demand. Workshop on current topics and issues within Arts and Sciences. May be repeated if topics differ, upon approval of program adviser.

A&S 400. (1-4) Offered on demand. Interdisciplinary studies in arts and sciences area of study focusing on new trends in arts and sciences. May be repeated by consent of dean of the College of Arts and Sciences. Prerequisite: consent of instructor.

A&S 410. Making Aesthetic Judgments (3) Fall. Capstone seminar for elementary education major completing the fine arts specialization, but open to all. Students will demonstrate and reflect upon the development of their aesthetic perception gained through other courses and apply it primarily in teaching situations. Prerequisite: A&S 210.

A&S 460. Arts Professional Credit Program (1-15) Fall, Spring. Summer. For students enrolled in the Arts-professional Curriculum who have completed 92 hours and are currently enrolled at a professional school. May be repeated up to 30 hours. Graded S/U only.

A&S 470. Independent Study (1-4) On demand. Supervised individual study to meet student's need for special exploration in areas not covered by regular courses. Specific proposal and permission of adviser and College of Arts and Sciences required prior to enrollment. May be repeated to a maximum of six hours.

A&S 489. Internship (1-12) On demand. Applied experience for students in arts and sciences programs. Specific proposal and permission of undergraduate adviser as well as College of Arts and Sciences required prior to enrollment. Maximum internship credit is 12 hours. Guidelines available in College of Arts and Sciences office. Graded S/U.

Astronomy (ASTR)

ASTR 201. Modern Astronomy (3) Fall, Spring, Summer. Recent astronomical discoveries, space travel among planets, birth and death of stars, supernovas, pulsars, black holes, x-ray stars, radio galaxies, quasars, extra-galactic phenomena, and origin of universe; some observational work.

ASTR 212. The Solar System (3) Fall, Summer. Planetary, solar and space science. The moon, solar interior and atmosphere, solar/terrestrial relations, planetary structure and atmospheres, comets, asteroids, meteoroids, space exploration, origin of solar system.

ASTR 270. Independent Study (1-3) On demand. Introduction to research in physics and astronomy; projects chosen in consultation with adviser. May include library and laboratory work. For lower division students only. Prerequisite: consent of instructor.

ASTR 305. Life in the Universe (3) Spring. Alternate years. Possibilities for life on other planets and other star systems, methods for communicating with other intelligent life, movement of human life into space.

ASTR 307. Understanding the Cosmos (3) Spring. Alternate years. The universe as a whole, gravity, black holes, structure of space; other galaxies and the universal redshift, clusters of galaxies and other large-scale structure; big bang and steady state models; the three degree background radiation; first moments of creation.

ASTR 309. Observational Astronomy (2) Fall. Alternate odd years. Instrumentation and techniques used in making astronomical observations. Includes operation of an astronomical telescope, working knowledge of celestial coordinates, obtaining photographic images of astronomical objects and digital images with data reduction. One hour lecture and two hours laboratory. Open only to majors or minors in physics or astronomy. Lab fee.
ASTR 321. Recent Progress in Astronomy (2) Fall. Alternate years. Pulsar dynamics, gravitational collapse and black holes, galaxies, large-scale structure in the universe, active galaxies and quasars, cosmology. Two lecture-recitations. Prerequisite: PHYS 212; or PHYS 202 and MATH 232. Not open to students with credit for PHYS 321.

ASTR 403. Stellar Structure and Evolution (3) Spring. Alternate years. Basic data, stellar interiors, theoretical models; advanced evolutionary states; red giants, white dwarfs, neutron stars, supernovas, black holes. Prerequisites: PHYS 301 and consent of instructor. Not open to student with credit for PHYS 403.

ASTR 470. Independent Study in Astronomy (1-3). On demand. Introduction to research in astronomy; projects chosen in consultation with adviser, may include library and laboratory work. Prerequisite: consent of instructor.

**Biological Sciences (BIOL)**

△BIOL 101. Environment of Life (3) Fall, Spring, Summer. Basic ecology and current environmental problems of air, water and land pollution; human reproduction and population dynamics. Two one-hour lectures and one two-hour laboratory. Not accepted toward biology major or minor. Lab fee.

△BIOL 104. Introduction to Biology (4) Fall, Spring, Summer. Basic concepts: the cell, metabolism, genetics, reproduction, development, evolution, ecology. Three one-hour lectures, one two-hour laboratory. Not accepted toward biology major or minor. Lab fee.

△BIOL 204. Concepts in Biology I (5) Fall, Spring, Summer (on demand). Introduction to ecological and evolutionary biology. Mendelian and population genetics, and the major groups of plants, animals and microbes. Three one-hour lectures, one three-hour lab and one two-hour recitation. Field trips required. Lab fee.

△BIOL 205. Concepts in Biology II (5) Fall, Spring, Summer (on demand). Introduction to molecular and cellular biology, physiology and organ systems. Three one-hour lectures, one three-hour lab and one one-hour recitation. Lab fee.

BIOL 295. Oceanus (3) Spring. Telecourse emphasizing oceanographic and biological aspects of the ocean environment and human impact on the oceans. Thirty televised programs, 8 2-hour biweekly campus meetings with instructor. High school biology recommended. Not accepted toward biology major or minor.

△BIOL 301. Field Biology of the Vertebrates (3) Fall. Evolution, systematics, physiology, ecology and identification of vertebrates. Required field trips emphasize collection techniques and quantitative sampling. Two one-hour lectures and one three-hour laboratory. May occasionally have early A.M. Labs. Prerequisite: BIOL 204 or 205. Lab fee. Credit not given for both BIOL 301 and 491.

BIOL 310. Biology of Aging (2) Fall. Biological aspects of normal aging at the cellular, tissue and organismal levels. Two one-hour lectures. Prerequisites: BIOL 104 or BIOL 204 and 332 or BIOL 411, or consent of instructor.

BIOL 313. Microbiology (4) Fall, Spring, Summer (on demand). Methods of isolation, culture and identification; physiological, genetic and applied aspects of microorganisms. Two one-hour lectures, two two-hour laboratories. Prerequisites: BIOL 204 and 205 and one year of chemistry. Lab fee.

△BIOL 314. Microbiology for Health Professionals (3) Fall. Microbiological and epidemiological principles as the basis of practice for nursing, dietetics, physical therapy and other health professions. Three one-hour lectures. No credit for microbiology or biology majors or minors. Prerequisites: BIOL 104 or 205 and CHEM 117/118 or 127/128 or 137/138; or consent of instructor.

△BIOL 315. Microbiology Laboratory for Health Professionals (1) Fall. Methods for detection, growth and identification of microorganisms. One three-hour laboratory. No credit for microbiology or biology majors or minors. Prerequisite: Concurrent or previous registration in BIOL 314. Lab fee.

BIOL 325. Applied Ecology of Urban Pests (3) Fall. Biology, ecology, and control of Urban insects and vertebrate pests; ecosystem manipulation techniques; environmental effects and physiological actions of pesticides. Two one-hour lectures and one two-hour lab. Prerequisite: BIOL 204 and 205 or permission of instructor. Lab fee.

△BIOL 331. Human Anatomy and Physiology I (4) Fall, Spring, Summer. Anatomical and physiological aspects of cells and tissues and the integumentary, skeletal, muscular and nervous systems. Three one-hour lectures and one two-hour laboratory. Prerequisite: BIOL 104 or 205. Lab fee.

△BIOL 332. Human Anatomy and Physiology II (4) Fall, Spring, Summer. Anatomical and physiological aspects of circulation, respiration, digestion, excretion, endocrinology and reproduction. Three one-hour lectures and one two-hour laboratory. Prerequisite: BIOL 104 or BIOL 205 or consent of instructor. Lab fee.

BIOL 345. General Botany (4) Spring. Structure, evolution, ecology and physiology of plants and their economic importance. Three hours of lecture and one two-hour lab. Prerequisite: BIOL 204 or consent of instructor. Lab fee.

BIOL 350. General Genetics (3) Fall, Spring. Theoretical and applied aspects of inheritance. Molecular, chromosomal and population levels of heredity in both prokaryotes and eukaryotes. Three one-hour lectures. Prerequisites: BIOL 204 and 205 or consent of instructor.

BIOL 352. Laboratory in Genetics (1) Fall, Spring. Materials, methods and terminology of genetics through experiments, problems and demonstrations. One three-hour laboratory. Prerequisite or corequisite: BIOL 350. Lab fee.

BIOL 370. Introduction to Inland Marine Research (2) Fall. Theories and techniques for designing inland closed ecosystems for scientific research; basic concepts in marine ecology. One hour of lecture/discussion and three hours of Lab arranged. Prerequisites: BIOL 204 and CHEM 125.

BIOL 400. Special Topics in Biology (1-5) Fall, Spring, Summer. Selected topics or subject areas in life sciences. Prerequisite: consent of instructor; maximum of two enrollments, each with different topic but only six hours may be applied toward major in biology. Lab fee may be required.

BIOL 401. Introduction to Biological Research (1-4) Fall, Spring, Summer. For advanced student who has shown proficiency and marked degree of independence in work. Individual registration. Prerequisite: four semesters of biology and consent of instructor. May be repeated once, but only four hours may be applied toward major in biology. Lab fee. May be taken S/U for major credit.

BIOL 402. Honors Thesis (3) Fall, Spring, Summer. For students in the departmental honors program only. The thesis describes the student's independent research, previously conducted as BIOL 401H. An approved public presentation of the research is required.

BIOL 404. Human Genetics (3) Spring. Alternate years. Essential principles of modern genetics with special emphasis on humans. Methods of human genetic analysis: screening and counseling; genetic aspects of human health; genetics and cancer. Two one-hour lectures and one two-hour laboratory. Prerequisites: BIOL 204 and 350, or permission of instructor.
BIOL 405. General Parasitology (4) Fall. Ecological, morphological, taxonomic, and other biological aspects of parasites. Three one-hour lectures and one two-hour laboratory. Prerequisites: BIOL 204 and 205 or consent of instructor. Lab fee.

BIOL 406. Arthropod Vectors and Parasites (3) Spring. Biology and identification of disease-carrying, toxic and parasitic arthropods. Two one-hour lectures and one two-hour laboratory. Prerequisites: BIOL 204 and 205 or consent of instructor. Lab fee.

BIOL 407. Cell Biology (4) Fall. Structure and physiology of cells, integrating the dynamics of cellular structures with metabolic functions and control. Two one-hour lectures and one four-hour laboratory. Prerequisites: BIOL 204, 205 and two years of chemistry or consent of instructor. Lab fee.

BIOL 408. Molecular Biology (3) Fall. Function and structural relationship of genes and gene products, with emphasis on the applications of molecular biology to the diverse fields of biological research. Three one-hour lectures. Prerequisites: BIOL 350 or permission of instructor; CHEM 306 recommended.

BIOL 411. Animal Physiology (4) Spring. General and comparative animal physiology with emphasis on vertebrate systems. Two one-hour lectures, one three-hour laboratory and one one-hour recitation. Prerequisites: BIOL 204 and 205 or consent of instructor; organic chemistry and BIOL 407 recommended. Lab fee.

BIOL 412. Field Experience (2-6) On demand. Intensive field study involving quantitative population and community sampling and analysis. Independent projects expected. Requires off-campus travel. Field conditions may be rigorous and/or primitive. May be repeated, but only 4 hours count toward biology major.

BIOL 413. Vascular Plant Structure (4) Spring. Comparative structure and evolutionary trends of the principal tissues of vascular plants. Three one-hour lectures, one two-hour laboratory. Prerequisites: BIOL 204 or 343 or consent of instructor. Lab fee.

BIOL 414. Plant Systematics (4) Fall, alternate odd years. Principles of plant classification, evolutionary relationships and processes of plant evolution. Construction and use of keys, identification of local flora, use of classical and molecular techniques in plant evolutionary studies. Three hours of lecture and one two-hour laboratory. Prerequisite: BIOL 204 or consent of instructor. BIOL 463 recommended. Lab fee.

BIOL 417. Plant Physiology (4) Spring. Plant growth and development, transport, photosynthesis, mineral nutrition, plant hormones and photoperiodism. Three one-hour lectures, one four-hour laboratory and additional laboratory by arrangement. Prerequisites: ten hours of biology; one year of chemistry and BIOL 407 strongly recommended. Lab fee.

BIOL 420. Animal Behavior (3) Spring. Genetics, physiology, development and evolution of behavior from an ecological perspective. Two one-hour lectures and one two-hour laboratory. Prerequisites: BIOL 204 and 205 or consent of instructor. Lab fee.

BIOL 421. Molecular Biotechnology (3) Spring. Overview of techniques of recombinant DNA that form the basic elements of biotechnology and its far-reaching applications in medicine and industry. Three hours of lecture. Prerequisite: Four semesters of Biology or consent of instructor. BIOL 313 or 350 recommended.

BIOL 422. Plant Ecology (4) Fall. Alternate (even) years. Physical and biological factors influencing the distribution and abundance of plant populations and communities. Three one-hour lectures and one three-hour laboratory. One weekend field trip required. Prerequisites: BIOL 204 and 205. Recommended: BIOL 343, 354 or 451. Lab fee.

BIOL 424. Algology (4) Fall. Alternate (odd) years. Taxonomy, ecology and morphology of the algae; emphasis on fresh-water algae. One two-hour lecture and two two-hour laboratories. Prerequisites: BIOL 204 and 205. Lab fee.

BIOL 425. Limnology (3) Fall. Physical, chemical and biological aspects of aquatic habitats. One two-hour lecture and one three-hour lab, and one weekend field trip to Upper Great Lakes. Prerequisites: BIOL 204 and 205. Lab fee and field trip fee.

BIOL 426. Pathogenic Microbiology (4) Spring. Morphologic, physiologic, serologic characteristics of pathogenic microorganisms; their epidemiology; and the host-parasite interrelations resulting in infectious disease. Two one-hour lectures and two two-hour laboratories. Prerequisites: BIOL 313; BIOL 343 recommended. Lab fee.

BIOL 427. Entomology (4) Fall. Classification, biology and physiology of invertebrates. Three one-hour lectures and one two-hour laboratory. Prerequisite: one course in biology or consent of instructor. Lab fee.

BIOL 431. Developmental Biology (3) Fall. Overview of animal development (primarily embryogenesis) integrating classical morphological studies and current cellular and molecular findings. Three one-hour lectures. Prerequisites: BIOL 204 and 205 or consent of instructor.

BIOL 431L. Developmental Biology Laboratory (2) Fall. Early embryogenesis and morphogenesis in invertebrates. Prerequisite: Previous or concurrent enrollment in BIOL 431 or consent of instructor. Lab fee.

BIOL 433. Human Cells and Systems (4) Fall, Summer (on demand). Physiological principles underlying cellular, organ and organ system function in the human. Limited to registered nurses and other health professionals. Not accepted toward a biology major or minor. Two two-hour lectures. Prerequisites: organic chemistry and BIOL 331 and 332 or equivalent.

BIOL 435. Entomology (4) Fall. Biology of insects: structure, physiology, ecology, systematics, evolution and importance to man. Two one-hour lectures and two two-hour laboratories or equivalent in field trips. Prerequisites: BIOL 204 and 205. Lab fee.

BIOL 438. Endocrinology (4) Spring. Physiological, metabolic actions of selected endocrine secretions with emphasis on mammals. Three one-hour lectures and one three-hour laboratory. Prerequisites: BIOL 411 and organic chemistry or consent of instructor; biochemistry recommended. Lab fee.

BIOL 439. Immunobiology (3) Fall. Study of the immune system. Analysis of the molecules, cells and processes involved in host defense against infection. Three one-hour lectures. Prerequisites: BIOL 204 and 205. BIOL 350 and biochemistry recommended. Lab fee.

BIOL 441. Chemical Ecology (3) Fall. The evolution and ecology of chemical signallng in the recognition of food, mates, hosts and pathogens. Three one-hour lectures. Prerequisites: Organic chemistry, BIOL 204 and 205.

BIOL 442. Plasmid Biology (3) Fall. Mechanisms of plasmid replication, copy number control and compatibility. Methods used to isolate and purify plasmid DNA. Procedures used to transfer plasmids to new hosts. Prerequisite: BIOL 313 or consent of instructor.

BIOL 443. Microbial Physiology Laboratory (2) Spring. Growth, nutrition, biochemical, metabolic and regulatory activities of microorganisms. Prerequisite: Previous or concurrent enrollment in BIOL 443 or consent of instructor. Two two-hour laboratories. Lab fee.

BIOL 444. Microbial Physiology Laboratory (2) Spring. Growth, nutrition, biochemical, metabolic and regulatory activities of microorganisms. Prerequisite: Previous or concurrent enrollment in BIOL 443 or consent of instructor. Two two-hour laboratories. Lab fee.

BIOL 446. Scanning Electron Microscopy (4) Spring. Theory and practice of scanning electron microscopy applicable to structural/compositional research. Critical point drying, sample coating techniques, backscattered, electron detection, energy-dispersive x-ray microanalysis and computational analysis of data. Two one-hour lectures and two three-hour laboratories. Prerequisites: one year of physics, two years of chemistry and consent of instructor. Lab fee.
BIOL 477. Ornithology (3) Spring. Structure, physiology, behavior, ecology and evolution of birds; identification in field and laboratory. Two one-hour lectures and one three-hour laboratory or equivalent field work, all-day or weekend field trip. Prerequisite: seven hours of biology. Lab fee.

BIOL 478. Parasites of Marine Animals (6) Summer. Study of parasites of marine animals. Prerequisite: sixteen hours of biology including parasitology. Taught at Gulf Coast Research Laboratory.

BIOL 479. Marine Microbiology (5) Summer. Role of microorganisms in the ecology of oceans and estuaries. Prerequisites: general microbiology or bacteriology and consent of instructor. Taught at Gulf Coast Research Laboratory.

BIOL 480. Problems in Comparative Histology of Marine Organisms (1-6) Summer. Histological preparation for light and electron microscopy studies of marine organisms including structural changes during life cycles and histopathology of diseased tissues. Prerequisites and credits to be set by instructor and Registrar at Gulf Coast Research Laboratory.

BIOL 481. Marine Botany (4) Summer. Survey based upon local examples of principal groups of marine algae and maritime flowering plants, treating structure, reproduction, distribution, identification and ecology. Prerequisites: BIOL 204 and 205 or consent of instructor. Taught at Gulf Coast Research Laboratory.

BIOL 482. Introduction to Marine Zoology (4) Summer. Introduction to marine environment with emphasis on local fauna. Weekly boat trips are made to collect specimens for laboratory study. Prerequisites: BIOL 204 and 205. Taught at Gulf Coast Research Laboratory.

BIOL 484. Marine Invertebrate Zoology (6) Summer. Anatomy, life history, distribution and phylogenetic relationships of free-living marine invertebrates with emphasis on fauna of the Carolinian Region. Laboratory and field work included. Prerequisites: sixteen semester hours of biology and junior standing. Taught at Gulf Coast Research Laboratory.

BIOL 485. Marine Vertebrate Zoology and Ichthyology (6) Summer. Marine Chordata, including lower groups and mammals and birds with emphasis on fishes. Prerequisites: sixteen semester hours of biology and junior standing. Taught at Gulf Coast Research Laboratory.

BIOL 487. Special Problems in Marine Science (1-6) Summer. Supervised research on specific problems in all areas of marine science. Prerequisites and credits to be set by problem director and registrar at Gulf Coast Research Laboratory.

BIOL 488. Topics in Marine Science (3-6) Summer. Various marine courses such as marine ecology, salt marsh ecology, marine fisheries management, aquaculture and others offered when taught by the Gulf Coast Research Laboratory staff. May be repeated for different titled topics as approved by the departmental marine science coordinator.

BIOL 489. Biology Internship (1-3) Fall, Spring. For biological sciences majors in cooperative education program. Written report required. May be repeated with permission. Only three hours can apply toward biology major or minor. Prerequisite: consent of the departmental CEP representative. Graded S/U.

BIOL 490. Seminar (1) Fall, Spring. Review of literature to acquaint student with research techniques and important work in various fields of biology. May be repeated, but only two hours may be applied toward a biology major. Prerequisite: ten hours of biology.

BIOL 491. Biology of Vertebrates (4) Fall. Vertebrate adaptation: ecology, biogeography, behavior and physiology of selected vertebrate groups with emphasis on Ohio fauna. Credit not given for both BIOL 301 and 491. Three one-hour lectures and three-hour laboratory. All day Saturday and/or weekend field trips required. Lab fee. Prerequisites: BIOL 204 and 205.

Business Administration (BA)

BA 102. Introduction to Business (3) Fall, Spring. Market competition and change, nature and central role of management, our business environment. No credit allowed toward BSBA degree.

BA 203. Written Communications for Business (3) Fall, Spring. Summer. Principles of effective communication in writing business messages such as letters, memos and reports. Emphasis on written communication skills and word processing applications on the personal computer for use in business and public organizations. Prerequisite: ENG 112.

BA 300. Executive Seminar (2) Fall, Spring. Exposure to current issues in business administration via guest lecturers who are visiting executives-in-residence. Students have opportunity to examine a variety of career choices in business and current issues in business management. Graded S/U.

BA 310. Introduction to Hospitality Management (3) Fall. First course in hospitality management curriculum. Scope, structure and economic principles of service management. Operations management considerations for hotels, restaurants and institutional food service. Uniform system of accounts and key operating ratios. Prerequisite: ACCT 221.
BA 325. Organization and Structure of Health Care Services Industry (3) Fall. Broad dimensions and areas of health care services organizations, internal administrative processes; perspectives on comprehensive health planning and policy administration; environmental linkages to community health services agencies.

BA 390. Introduction to Multinational Business (3) Fall, Spring. Environment encountered by U.S. enterprises engaged in businesses abroad; business practices and policies for foreign operations; international organizations: UN, OAS, EEC. Prerequisites: BCON 202 and 203, or consent of instructor.

BA 395. Workshop on current topics in business administration (1-3) On demand. Selected topics in business administration. May be repeated if topics differ.

BA 396. Workshop on current topics in business administration (3) On demand. Selected topics in business administration. May be repeated if topics differ. No credit allowed toward BSBA degree.

BA 405. Business Policy and Strategy (3) Fall, Spring, Summer. Capstone course integrating functional areas of business. Strategic management planning process: decision making under uncertainty; external environment; internal strengths and weaknesses of the organization and its competitors; global competition; social responsibility; corporate culture; and values and ethics. Case analysis and simulations. Prerequisites: senior standing; credit for FIN 300, MGMT 300, MGMT 360, MKT 300, and OR 380 and admission to the BSBA program. (May NOT be taken concurrently with any of the prerequisites).

BA 420. Health Care Case Problems (3) Spring. Principles of management in the health care organization are explored in depth through the use of case studies. Students have the opportunity to develop a clear understanding of the differences between management in for-profit/nonprofit health care services organizations versus other organizational models. Emphasis is provided concerning reimbursement, the roles of various health professions and the changes currently taking place in health care management. Prerequisite: BA 325.

BA 429. Health Care Internship (6) Fall, Spring, Summer. Specific internship in one of the following areas of administration: hospital, nursing home, governmental health agency, voluntary health agency, health research project administration; and mental hospital administration; minimum of 20 credits of elective studies aimed at preparing for internship selected with advice and consent of adviser. Graded S/U.

BUS 440. Management of International Operations (2). Accounting, finance, marketing, management and operational policies; practices and strategies appropriate for foreign operations. Selected case studies for special problems. Prerequisite: BA 390.

BA 474. Seminar in Entrepreneurship (3). Economic models of entrepreneurship including fiscal, regulatory and taxation issues. Product-market strategies, new business ventures, existing firm organization structures and capital acquisition. Prerequisites: MKT 300, FIN 300 and MGMT 300 and senior status, or permission of instructor.

BA 480. Hospitality Management Seminar (3) Spring. Integration of previous coursework in business administration with hospitality management. Unit operating concerns, corporate policy and strategy. Prerequisites: Admission to the BSBA program and 800 hours of approved practice.

BA 489. Business Internship (1-3). No credit for students with other internship credit in the College of Business Administration. Program must be approved in advance by college internship director. Work experience must be completed within last year prior to graduation. Graded S/U.

BA 491. Studies in Business Administration (1-3) On demand. In-depth study of selected areas. Offered to individual student on lecture basis or in seminar depending on student needs and nature of material. May be repeated to eight hours.

BA 492. Studies in International Business Administration (1-3) On demand. Independent study on subjects related to international business not otherwise offered in curriculum. Reading, report and research assignments. May be repeated to eight hours.

BA 495. Reading for Honors in Business Administration (1-3) Fall, Spring, Summer. Supervised, independent program of reading and study. Prerequisites: 3.0 cumulative GPA and consent of department.

Business Education (BUSE)

BUSE 111. Keyboarding (3) Fall, Spring. Touch operation of alphanumeric and symbol keys with emphasis on keyboarding accuracy for microcomputers, word processors, and computer terminals. Four class periods. Lab fee. The student with two semesters of high school typewriting or keyboarding may take either BUSE 213 or BUSE 311. Lab fee. Offered only at Firelands College.

BUSE 201. Introduction to Windows Applications (1) Fall, Spring. Windows operating environment technology and fundamental operations. Working with program manager, file manager and control panel and various applications in MICROS group. Prerequisite: BUSE 111 or one semester of high school keyboarding or equivalent or permission of instructor. Lab fee.

BUSE 204. Introduction to Word Processing Applications (1) Fall, Spring, Summer. Introduction to word processing terminology and fundamental applications such as creating, editing, saving, and printing business documents on IBM systems. Prerequisite: BUSE 111 or one semester of high school keyboarding or equivalent. Lab fee.

BUSE 205. Introduction to Database Applications (1) Fall, Spring. Introduction to database terminology and fundamental applications such as creating database structures, developing queries, editing, deleting, and manipulating records to generate business reports on IBM systems. Prerequisite: BUSE 111 or one semester of high school keyboarding or equivalent. Lab fee. No credit allowed toward BSBA degree. GPA and class standing are affected.

BUSE 206. Introduction to Spreadsheet Applications (1) Fall, Spring. Spreadsheet management applications including creating and manipulating data on IBM systems. Topics such as formulas, formatting, printing and WYSIWYG enhancements. Emphasis on using spreadsheets in the decision-making process. Prerequisites: BUSE 111 or one semester of high school keyboarding or equivalent. Lab fee. No credit allowed toward BSBA degree. GPA and class standing are affected.

BUSE 207. Introduction to Desktop Publishing Applications (1) Fall, Spring. Introduction to the concepts of desktop publishing and applications on IBM systems. Prerequisite: BUSE 204 or equivalent. Lab fee.

BUSE 210. Document Formatting and Production (3) Spring. Formatting problems and projects; office production standards. Prerequisite: two semesters of high school typewriting or BUSE 111. Lab fee.

BUSE 213. Beginning Shorthand/Notetaking (3) Fall. Alphabetic shorthand system. Introduction to theory, transcription and speed development, and personal use applications. Four class periods. Prerequisite: BUSE 204 or knowledge of word processing for the IBM computer. With instructor's approval, students with one year of shorthand may take either BUSE 213 or BUSE 311. Lab fee. Offered only at Firelands College.

BUSE 217. Integrated Office Applications (3) Fall, Spring. Development of word processing, database and spreadsheet skills through the integrated activities of a simulation. Review of English mechanics, proofreading skills and document setup. Four hours lecture/lab. Prerequisites: BUSE 201, 204, 205, 206 and ENG 112 placement.
\(\text{\textbf{ABUSE 240. Business Problems of the Consumer}}\) Spring. Relationship of business practices to consumer activities. Developing consumer competencies in insurance, credit, savings, investments, housing, and estate planning. Basic economic principles underlying consumer decision making.

\(\text{\textbf{ABUSE 253. Desktop Publishing Design}}\) (3) Fall, Spring. Development of the concepts and applications of document composition through the integrated activities of a simulation. Graphic design techniques, typographic design, principles of page and document layout. Four hours lecture/lab. Prerequisites: BUSE 201, 207 and 307. Lab fee.

\(\text{\textbf{ABUSE 304. Word/Information Processing Applications}}\) (3) Fall, Spring. Advanced application techniques such as developing macros, creating graphics, designing mail merge, and generating reports on IBM systems. Prerequisites: BUSE 204 or equivalent. Lab fee.

\(\text{\textbf{ABUSE 305. Advanced Database Applications}}\) (1) Fall, Spring. Advanced database functions such as generating reports, building relationships between databases, creating custom formats and merging database fields with word processing documents on IBM systems. Prerequisite: BUSE 205 or equivalent or MIS 200. Lab fee.

\(\text{\textbf{ABUSE 306. Advanced Spreadsheet Applications}}\) (1) Fall, Spring. Advanced spreadsheet management applications on IBM systems. Topics such as graphs, database management, macros, vertical lookup and data tables, financial functions, and WYSIWYG enhancements. Emphasis on using spreadsheets in the decision-making process. Prerequisites: BUSE 206 or equivalent or MIS 200. Lab fee.

\(\text{\textbf{ABUSE 307. Advanced Desktop Publishing Applications}}\) (1) Fall, Spring, Summer. Advanced concepts of desktop publishing on the IBM computer. Emphasis is on creating brochures, booklets, and using advanced graphics. Prerequisite: BUSE 207 or equivalent. Lab fee.

\(\text{\textbf{ABUSE 311. Dictation and Transcription}}\) (3) Spring. Dictation at speeds of 80 wpm; emphasis on rapid, accurate transcription. Offered to students with a background in any shorthand/typing system. Three class periods and one hour lab. Prerequisite: BUSE 213 or equivalent. Lab fee.

\(\text{\textbf{ABUSE 314. Internship in Business Education}}\) (1-3) Fall, Spring. Supervised experience in local offices or businesses. Sixty clock hours of work required for each hour of college credit. May be repeated up to three hours. No more than one hour of credit may be granted for work in any one office or business. No credit for students with other internship credit in the College of Business Administration. Graded S/U.

\(\text{\textbf{ABUSE 370. OWA Organization and Program Coordination}}\) (3) On demand. Principles, objectives, and methods of teaching Occupational Work Adjustment; program philosophy, organization, coordination, student selection, and youth activities.

\(\text{\textbf{ABUSE 395. Workshop in Business and Marketing Education}}\) (1-3) Summer. Areas of current interest to teachers in business and marketing education. Possible areas include youth with special needs, cooperative education, vocational education for adults, intensive programs, postsecondary programs, and technical programs.

\(\text{\textbf{ABUSE 401. Office Administration}}\) (3) Spring. Intensive study of procedures, skills, knowledge and technologies basic to office administration positions; refinement of office management operations, office simulations, and advanced word/Information processing applications using microcomputers. Prerequisites: BUSE 210, 304, 305, 306 or permission of instructor. Lab fee.

\(\text{\textbf{ABUSE 455. Administrative Management}}\) (3) Fall, Spring. Principles and practices of managing office personnel and operations.

Selecting, developing, motivating, and appraising office employees. Office layout and design, work measurement, and work standards.

\(\text{\textbf{ABUSE 461. Development of Instructional Materials in Marketing Education}}\) (2) Fall. Methods of developing teaching materials in marketing education.

\(\text{\textbf{ABUSE 463. Community Planning in Adult Vocational Education}}\) (3) Fall. Identification of adult needs, procedures for organizing and promoting adult programs in vocational education, selecting and training adult leaders, and financing adult programs.

\(\text{\textbf{ABUSE 465. Development and Administration of Vocational Education}}\) (3) Spring. Vocational education as sponsored by federal, state, and local legislation.

\(\text{\textbf{ABUSE 469. OWA Curriculum and Instructional Procedures}}\) (3) On demand. Curriculum development for vocational work experience programs including instructional learning packets, course of study, teaching methodology, and techniques.

\(\text{\textbf{ABUSE 470. Studies in Business and Marketing Education}}\) (1-4) Fall, Spring. Offered on individual, seminar, or lecture basis. Treatment of selected areas in depth depending on student needs and nature of material. May be repeated up to four hours. Prerequisite: consent of instructor. Graded S/U.

\(\text{\textbf{ABUSE 497. Student Teaching}}\) (1-10) Fall, Classroom teaching under supervision on full-day basis. Conferences and seminars supplement program. Required of students in secondary school or special certification program. Fee: $5 per credit hour. Eligibility requirements must be met. C/F hrs: 300. May be repeated. Graded S/U.

---

**Business Management Technology (BAT)**

\(\text{\textbf{BAT 100. Introduction to Real Estate}}\) (2) Spring, Summer. Foundation for further study and partial preparation for securing a salesperson's license. Contracts, financing, deeds, title, escrow, closing estates, civil rights ethics, license law, leases, brokerage, total investment decision, appraisal fundamentals and commercial-investment properties.
Organized forms of administration. Acquisition, development, Technology (3) Fall, spring. Business functions of management and personnel work force; recruitment and selection, landlord-tenant, public control of land use, organized forms of multiple ownership, wills and estates.

BAT 102. Introduction to Business Technology (3) Fall, spring. Business technical process including structure of business and functions of marketing, production, finance, personnel, technical processes of control, and responsibilities of business.

BAT 201. Human Resource Management (3) Fall. Basic concepts, principles and functions of management and personnel administration. Acquisition, development, utilization and maintenance of an effective work force; recruitment and selection, testing, interviewing, counseling, developing and compensating employees.

BAT 203. Production Management (3) Spring. Analyze operations of the firm. Fundamentals of production, design of production systems, operations, coordination and control of production activity, major analytical tools for management. Three hours lecture. Prerequisite or corequisite: STAT 203 or 211.

BAT 204. Marketing (3) Fall. Introduction of organization, management and practice of marketing by business firms. Two hours lecture, three hours field study.

BAT 205. Total Quality Leadership (3) Introduction to "Managing for Quality," team building, graphical problem solving, how to use teams to improve quality, and continuing improvement techniques that optimize Just-in-Time production methods.

BAT 207. Business Finance (3) Spring. Funds allocation and acquisition process of the firm, financial planning, capital budgeting, capital structure, long-term and short-term financing. Two hours lecture, three hours field study.

BAT 208. Advertising (3) Fall, Spring. Design, layout, production and placement of advertising, historical and cultural precedents of modern advertising. Prerequisite: MKT 204 or MKT 300 or permission of instructor.

BAT 210. Principles of Banking (2) Fall, Spring. Fundamentals of banking functions, language and documents of banking, check processing, teller functions, deposit function, trust services, bank bookkeeping and bank loans and investments.

BAT 211. Money and Banking (3) Fall, Spring. Basic monetary theory and policy, emphasis on function of the banking system in the economy; structure of commercial banking system, creation of bank deposits, Federal Reserve policy and operations. Treasury money market operations, the pricing of money and international financing problems.

BAT 212. Installment Credit (2) Fall, Spring. Basic knowledge of installment credit and its administration; emphasis on establishing credit, obtaining credit information, and loan servicing and administration; inventory loans, rate structure and advertising.

BAT 213. Real Estate Finance (3) Fall, Spring. Home mortgage investment by savings and commercial banks; channeling of money into mortgages, home mortgage lending, special purpose mortgages and the administration of mortgage accounts.

BAT 214. Banking Law (2) Fall, Spring. Consumer protection, real property, personal property and sales, the uniform commercial code, negotiable instruments and bank collections, and secured financing.

BAT 215. Real Estate Appraisal (2) Fall, Spring, Summer. Three basic techniques of appraising—market comparison, cost of replacement and income capitalization. The appraising process, understanding value, basic valuation principles, general market analysis, sites and improvements analysis, market data approach, income approach, and reconciliation and the final value estimate. Prerequisites: BAT 100 and BAT 101 or permission of instructor.

BAT 216. Real Estate Finance (2) Fall, Spring, Summer. Instruments of real estate finance such as mortgages, lien and title theories, leases and land contracts. Other topics including mortgage payment patterns, single family properties, mortgage market, major lenders, government and real estate, and special topics. Prerequisites: BAT 100 and BAT 102 or permission of instructor.

BAT 217. Real Estate Brokerage (2) Spring alternate years. Operation of a brokerage business. Includes the opportunity to expand knowledge of broker-client relationship, office management, selection of sales personnel, training salespersons, and a policy and procedure manual for the brokerage office. Prerequisites: BAT 100 and BAT 101 or permission of instructor.

BAT 218. Special Topics in Real Estate (3) Spring alternate years. A sample property case study is covered. Other subjects include single family housing design and construction, residential land development, condominiums and cooperatives, farm, rural, commercial and industrial real estate, federal taxation of real estate, and federal, state and local regulatory controls. Prerequisite: BAT 100, 101, 215, 216 or permission of instructor.

BAT 250. Marketing Research (2) Fall, Summer. Secondary information sources and technique alternatives, sampling, response and interpretive problems. Computer analysis introduced. Prerequisite: BAT 204 or consent of instructor.

BAT 280. Retail Management (3) Fall, Spring. Introduction to the principles and practices of retail management using a managerial approach. Topics emphasized include strategic planning, store operation, promotional strategy and computer applications.

BAT 290. Studies in Business (1-3) Fall, Spring, Summer. Business study projects, seminars and other forums in the fields of marketing, personnel, management, human relations, production, finance, computer science, law or economics. Prerequisites: sophomore standing and appropriate prior course work.

Field Experience (1-3) Fall, Spring, Summer. Ten weeks of work in an appropriate business field to be decided in consultation with student's adviser. Prerequisite: permission of work supervisor and adviser.

Canadian Studies (CAST)

CAST 201. Introduction to Canadian Studies (3) Fall. Multidisciplinary review of Canadian development. Comparisons with the United States. Study of Canada's history, geography, government and political system, population and social policy, economy and foreign trade, literature, art and popular culture. Prerequisite: Sophomore standing.

CAST 305. Canadian Film (3) Spring. History of Canadian feature films from 1939 to the present; seeks to determine a Canadian national identity, taking into consideration English and French Canadian social, political and cultural issues. Explores Canadian film styles in relation to American and European models. Extra fee.

Chemistry (CHEM)

No credit for two courses in any one of the following groups: CHEM 100, 109, 125, 135; CHEM 117, 127, 137; CHEM 117, 306, 341; CHEM 117, 308, 445; CHEM 301, 454; CHEM 352, 405.

CHEM 100. Introduction to Chemistry (3) Fall. Examination of basic chemical concepts and role of chemistry in modern society. For students not majoring in sciences. Not counted toward chemistry major or minor. Can be taken concurrently with CHEM 110.

CHEM 109. Elementary Chemistry (3) Fall, Spring, Summer. General chemistry and
CHEM 110. Elementary Chemistry Laboratory (1) Fall, Spring, Summer. Exploration of fundamental chemical principles and their application to the solution of environmental, health and economic problems. Not accepted toward chemistry major or minor. Corequisite: CHEM 110. Prerequisites: two years of high school science; high school algebra or its equivalent.

CHEM 118. Elementary Organic and Biochemistry Laboratory (1) Spring, Summer. Not accepted toward chemistry major or minor. One three-hour laboratory. Corequisite: CHEM 117. Lab fee.

CHEM 125. General Chemistry (5) Fall, Spring, Summer. Chemistry sequence for students majoring in sciences, the liberal arts or in premedical programs. Three lectures, one recitation, one three-hour laboratory. Prerequisite: high school chemistry, algebra, and geometry, or CHEM 109 and 110. Credit for graduation for CHEM 109 and 110 or CHEM 125, but not both. Lab fee.

CHEM 127. General Chemistry Laboratory (1) Fall, Spring, Summer. CHEM 125 continued. Three lectures, one recitation. Prerequisite: C or better in CHEM 125 or CHEM 135. Corequisite: CHEM 128, or CHEM 138 with consent of instructor.

CHEM 128. General Chemistry Laboratory (1) Fall, Spring, Summer. One three-hour laboratory includes some qualitative analysis. Prerequisite: C or better in CHEM 125 or CHEM 135. Corequisite: CHEM 127 or CHEM 137. Lab fee.

CHEM 135. General Chemistry (5) Fall. General chemistry sequence for well-prepared students. Three lectures, one recitation, one three-hour laboratory. Prerequisites: high school chemistry and consent of instructor. Corequisite: MATH 130 or MATH 131. Lab fee.

CHEM 137. General Chemistry (4) Spring. CHEM 135 continued. Four lectures. Prerequisite: C or better in CHEM 135, or B or better in CHEM 125 and consent of instructor. Corequisite: CHEM 138 or 128.

CHEM 138. General Chemistry Laboratory (1) Spring. One three-hour laboratory. Emphasis on quantitative procedures. Prerequisite: C or better in CHEM 125 or CHEM 135. Corequisite: CHEM 137, or CHEM 127 with consent of instructor. Lab fee.

CHEM 199. Introduction to Elementary Organic Chemistry (1) Fall, Spring. Not accepted toward chemistry major or minor. Provides a link between the CHEM 125-127-128 sequence and CHEM 117-118; concurrent with the last one-third of CHEM 109. Three lectures, one three-hour laboratory. Prerequisite or corequisite: CHEM 125 and consent of department.

CHEM 201. Quantitative Chemical Analysis (3) Fall. Theory and practice of quantitative analytical procedures, volumetric and gravimetric methods. Two lectures, one three-hour laboratory. Prerequisite: C or better in CHEM 127 and 128. Lab fee.

CHEM 305. Organic Chemistry (4) Fall, Spring (odd-numbered years). Summer. For students who do not require full-year course. Includes carbohydrates and amino acids. Not accepted toward chemistry major. Three lectures, one three-hour laboratory. Prerequisites: CHEM 127 and 128 or CHEM 137 and 138. Lab fee.

CHEM 306. Organic Chemistry (4) Fall, Spring (odd-numbered years). Summer. Structure, chemical, physical and metabolic properties of bioorganic molecules. For students whose program does not require full-year course. Prerequisite: CHEM 127 and 128 or CHEM 137 and 138 and CHEM 342 or C or better in CHEM 306; BIOL 104 and CHEM 201 recommended.

CHEM 309. Elementary Biochemistry Laboratory (1) Fall, Spring. Basic biochemical techniques. One three-hour laboratory. Prerequisite or corequisite: CHEM 308 or CHEM 445. Lab fee.

CHEM 310. Special Topics in Chemistry (1-3) Fall, Spring, Summer. Specific topics of current interest in chemistry. Not applicable toward minimum 32-hour major or 20-hour minor. May be repeated with different topics.

CHEM 321. Survey of Instrumental Analysis (3) Spring. Elementary Instrumental methods of analysis. Primarily for biology and med-tech majors. Two lectures, three hours of laboratory. Prerequisites: CHEM 137 and 138 or CHEM 201 and either PHYS 212 or PHYS 202. Lab fee.

CHEM 341. Organic Chemistry (5) Fall, Summer. Structure and reactivity of organic substances. Four lectures, one three-hour laboratory. Prerequisite: CHEM 127 and 128 or CHEM 137 and 138. Lab fee.

CHEM 342. Organic Chemistry (5) Spring, Summer. CHEM 341 continued. Three lectures, two three-hour laboratories. Prerequisite: C or better in CHEM 341. Lab fee.

CHEM 352. Physical Chemistry (3) Fall. For students whose program does not require full-year course. Prerequisites: CHEM 127-128 and CHEM 201 or CHEM 137-138. MATH 130. Prerequisite or corequisite: PHYS 202 or PHYS 212.

CHEM 395. Workshop on Current Topics (1-3) Intensive course on selected topics. May be repeated if topics differ. Does not apply toward first 20 hours of minor or first 32 hours of major.

CHEM 402. Numerical Methods in Chemistry (1) Spring. Use of computers and numerical methods in chemistry; survey of computer graphics and microcomputer-based instrumentation in chemical research. Prerequisite or corequisite: CHEM 405.

CHEM 405. Physical Chemistry (4) Fall. Thermodynamics and quantum chemistry. Prerequisite: CHEM 137-138 or CHEM 127-128 and CHEM 201. MAT1 232 and either PHYS 212 or PHYS 202.

CHEM 406. Physical Chemistry (4) Spring. CHEM 405 continued. Electrochemistry, kinetics, spectroscopy and molecular structure. Prerequisite: CHEM 405.

CHEM 407. Integrated Analytical and Physical Laboratory (2) Fall. Principles of measurement; spectral, chromatographic and electroanalytical techniques; thermodynamic and kinetic measurements; computerized data acquisition. Two three-hour laboratories. Prerequisite or corequisite: CHEM 405. Lab fee.

CHEM 408. Integrated Analytical and Physical Laboratory (2) Spring. CHEM 407 continued. Prerequisite: CHEM 407; prerequisite or corequisite: CHEM 406. Lab fee.

CHEM 413. Special Problems (1-3) Fall, Spring, Summer. Independent study and research. Three to nine hours of laboratory, one half-hour conference each week. Not applicable toward minor requirements of major or minor. Prerequisite: consent of instructor, 20 hours of CHEM or consent of department, 2.5 minimum overall GPA. May be repeated, but no more than six hours credit may be applied toward degree.

CHEM 416. Bioinorganic Chemistry (3) Spring alternate odd years. Role of inorganic chemistry in biological processes. Biological role of metal ions, structure and function of metalloproteins, electron-transfer reactions and medicinal applications of metal complexes. Prerequisites: CHEM 405 and 463.

CHEM 445. General Biochemistry (3) Fall. Structure, function, chemical and physical properties of biological molecules and assemblies. Prerequisites: CHEM 342 and either CHEM 352 or CHEM 406, or permission of instructor.

CHEM 446. Biochemistry Laboratory (1) Fall. Experimental techniques in biochemistry. Three-hour laboratory. Prerequisite or corequisite: CHEM 445. Lab fee.

CHEM 449. Advanced Biochemistry Laboratory (2) Spring. Research techniques in biochemistry. Two three-hour laboratories. Prerequisite: CHEM 446 or permission of instructor. Lab fee.

CHEM 453. Environmental Chemistry (2) Fall. Alternate years. Sources, reactions, transport and fates of chemical species in water, soil and air environments. Prerequisites: CHEM 127-128 and CHEM 201 or CHEM 137-138, CHEM 306 or 342, CHEM 405 or 352 and PHYS 202.

CHEM 454. Instrumental Methods of Analysis (3) Spring. Theory of instrumental methods of analysis including electroanalytical, spectroscopic and chromatographic methods. Prerequisite: CHEM 408 or consent of instructor.

CHEM 463. Advanced Inorganic Chemistry (4) Fall. Chemical bonding, stereochemistry, acid-base chemistry, periodicity, nonmetal and transition metal chemistry, organometallic and bioinorganic chemistry. Prerequisite: CHEM 342 or 406.

CHEM 466. Spectroscopic Methods in Organic Chemistry (2) Fall. Organic structure determination by spectroscopic techniques, with emphasis on infrared, ultraviolet and nuclear magnetic resonance spectroscopy, and mass spectrometry. Also includes a brief introduction to related spectroscopic methods. Prerequisite: CHEM 342. Prerequisite or corequisite: CHEM 405.

CHEM 483. Advanced Topics in Chemistry (1-3) Fall. Spring. Summer. Rigorous study of specific topics of current interest. Not applicable toward minimum 32-hour major or 20-hour minor. May be repeated with different topics. Prerequisite: CHEM 342 or consent of instructor.

Chinese (CHIN)

CHIN 101. Beginning Chinese I (4) Fall. Introduction to Mandarin Chinese, the official standard language of Mainland China and Taiwan. Development of the four skills: listening, speaking, reading and writing. Four class periods and laboratory practice each week.

CHIN 102. Beginning Chinese II (4) Spring. CHIN 101 continued. Four class periods and laboratory practice each week. Prerequisite: CHIN 101 or equivalent.

CHIN 201. Intermediate Chinese I (4) Fall. CHIN 102 continued. Grammar and character writing review; continued development of the four skills. Four class periods and laboratory practice weekly. Prerequisite: CHIN 102 or equivalent.

CHIN 202. Intermediate Chinese II (4) Spring. CHIN 201 continued. Four class periods and laboratory practice weekly. Prerequisite: CHIN 201 or equivalent.

CHIN 300. Selected Topics in Chinese Language and Culture (2-6) On demand. Topic chosen from language, culture or literature to meet curriculum needs and student requests both on campus and in a study abroad setting. May be repeated with different topics up to 12 hours. Prerequisite: consent of instructor.

CHIN 480. Selected Topics in Chinese (1-3) On demand. Topics chosen from Chinese literature, culture or thought to meet curriculum needs and student requests. May be repeated to six hours with different topics.

CHIN 491. Studies in Chinese (1-3) On demand. Independent reading for the advanced student. Prerequisite: arrangement with the instructor and consent of department chair prior to registration.

Communication Disorders (CDIS)

CDIS 223. Introduction to Communication Disorders (3) Fall, Spring, Summer. Normal speech and language development, description and etiology of various communication disorders, e.g., articulation, voice, stuttering, etc.

CDIS 224. Phonetics (3) Fall, Spring. Sounds of spoken English, their production and recognition. Applications to techniques in speech pathology and habilitations of the hearing handicapped. Prerequisite: CDIS 223 or 471 or concurrent with CDIS 223.

CDIS 225. Language Acquisition and Development (2) Fall, Spring. Language acquisition theories, developmental processes, and characteristics of syntax, semantics, morphology and pragmatics in normal children. Prerequisites: CDIS 223, 224, (225 required for CDIS majors only) and BIOL 101, 104, or 205; CDIS or HI major.

CDIS 301. Anatomy and Physiology of the Speech Mechanism (4) Fall, Spring. Anatomical and physiological principles of the speech mechanism, including central and peripheral nervous systems. Prerequisites: CDIS 223, 224, (225 required for CDIS majors only) and BIOL 101, 104, or 205; CDIS or HI major.

CDIS 302. Introduction to Hearing Science and Acoustics (3) Fall, Spring. Physics of sound, decibel notation, anatomical and physiological principles of the hearing mechanism, and basic concepts in psychoacoustics. Prerequisites: CDIS 223, 224 and PHYS 101 or 201, BIOL 101, 104, or 205 and Junior standing.

CDIS 311. Articulation Development and Disorders (3) Fall, Spring. Development, diagnosis and therapeutic techniques for problems of articulation. Prerequisite: CDIS 225, 301 and CDIS major or permission of instructor.

CDIS 351. Language Assessment and Remediation (3) Fall, Spring. Overview of language disorders, principles and techniques of language evaluation and treatment. Prerequisites: CDIS 225 and ENG 380; CDIS major or permission of instructor.

CDIS 361. Introduction to Diagnostic Audiology (3) Fall, Spring. Audiometric puretone testing methods, immittance testing procedures, otologic pathologies, and associated hearing problems. Prerequisite: CDIS 302 and CDIS major or permission of instructor.

CDIS 401. Clinical Methods in Communication Disorders (4) Fall, Spring. Introduction to clinical setting; student will be involved in planning, observing, and assisting in therapy. Three lectures, two observation periods per week. Prerequisites: CDIS 311, 351, and CDIS major or consent of instructor.

CDIS 421. Practicum in Communication Disorders (3) Fall, Spring, Summer. Supervised clinical experience with children and adults. Prerequisites: CDIS 401, CDIS major, GPA in major of 2.7, nothing less than C in major and 25 observation hours.

CDIS 471. Introduction to Communication Disorders for the Classroom Teacher (3) Fall, Spring. Summer. Identification, etiologies and characteristics of communication disorders. Suggestions for classroom management of communication disorders. Not open to student with credit for CDIS 223.

CDIS 490. Independent Study in Communication Disorders (1-3) Fall, Spring, Summer. For students who wish to do intensive study in communication disorders independently, or in conjunction with courses regularly offered. May be repeated. Prerequisite: consent of instructor and department chair.

Computer Science (CS)

CS 100. Computer Basics (3) Fall, Spring, Summer. Computer technology and related social issues. Hardware, software, applications in diverse areas. Problems concerning computerized services, data banks, governmental controls. Problem solving using software packages (such as hypertext, spreadsheets, word processing, database, presentation graphics, etc.). Credit not allowed for both CS 100 and MIS 200. Credit not applicable toward major or minor in
Design notation, dialog styles, screen layouts, usability testing. Event-driven programming language for rapid prototyping. Prerequisite: CS 215.

CS 327. Operating Systems and Networks (3) Fall. Design of multiprocessing operating systems, process scheduling and synchronization. Device drivers and communication hardware. Networks and their topologies. Communication protocols and client server environments with implication for operating system services and user programs. Prerequisites: CS 215 and 217.

CS 335. Software Components and Data Structures (3) Fall. Specification, implementation, encapsulation, adaptation, use and reuse of advanced data structures and related control abstractions. Criteria for analysis and selection of software components for use in applications. Prerequisite: CS 325.

CS 360. COBOL Programming (3) Fall, Spring, Summer. COBOL programming language and techniques for use; report generation; table handling; sorting; sequential and random-access data files; debugging techniques; COBOL standards. Prerequisite: Grade of C or better in CS 101 or CS 260.

CS 371. Introduction to Unix (1) Fall, Summer. Unix operating system; utilities; file structure; pipes; filters; shell programming. Prerequisite: CS 101 or 260.

CS 373. Introduction to C++ (1) Fall, Summer. Programming techniques for C++; data structures; operators and expressions; functions. Credit allowed for only one of CS 205, CS 260, CS 373. Prerequisite: CS 101 or permission of department.

CS 374. Advanced C++ (1) Fall. Object-oriented programming; function prototypes, classes and abstract data types; templates; overloading; inheritance. Not open to computer science majors or minors. Prerequisite: CS 373.

CS 380. Special Topics in Computer Science (1-3). Detailed study of a particular computer system or programming language which is not covered elsewhere in the curriculum. May be repeated if topics differ. Prerequisite: CS 205. (Additional prerequisites, if any, will be announced.)

CS 390. Practicum in Computer Science (1-6). For students working in internship or co-op programs. Written report required. Does not apply to major or minor in computer science. May be repeated to three hours.

Students working through the co-op office may earn up to six hours of credit. Prerequisite: consent of department. Graded S/U.

CS 409. Language Design and Implementation (3) Fall. Fundamental concepts of languages. Processors, data, operations, sequence control, data control, storage management, syntax, translation. Prerequisites: CS 208 and CS 306.

CS 410. Formal Language Theory (3) Fall. Various types of languages (context-sensitive, context-free, regular). Discussion of recognition devices such as pushdown automata, linear bounded automata and Turing Machines. Some topics of current interest. Prerequisite: MATH 222 or consent of instructor.

CS 420. Artificial Intelligence Methods (3) Summer, odd-numbered years. Intermediate AI programming with application to representational problems requiring searching, reasoning, planning, matching, deciding, parsing, seeing and learning. Prerequisite: elementary knowledge of Lisp.

CS 425. Computer Graphics (3) Fall even-numbered year; Summer even numbered years. Graphic I-O devices; 2-dimensional and 3-dimensional display techniques; display processors; clipping and windowing; hidden line removal; data structures for graphics. Prerequisites: CS 207 and MATH 222 or 322.

CS 429. Data Communication and Networks (3) Spring. Communication equipment; device protocols; network configurations; encryption; data compression and security. Private, public, local and satellite networks. Prerequisite: CS 208. Prerequisite or corequisite: CS 307.

CS 440. Optimization Techniques (3) Summer odd-numbered years. Linear programming, graph theory, FERT, network analysis; duality theory and sensitivity analysis; applications. Computer programs written to implement several techniques. Prerequisites: CS 101 and MATH 222.

CS 442. Techniques of Simulation (3) Spring. Principles of simulation and application of simulation languages to both continuous and discrete systems. Prerequisites: CS 205 and MATH 247.

CS 452. Numerical Analysis (3) Spring. Study of numerical methods for the algebraic eigenvalue problem, solutions of ordinary differential equations, and topics from approximation theory, numerical solution of partial differential equations, optimization techniques, and sparse matrix computations. Prerequisites: CS 451 and MATH 337. Not open to students with credit for MATH 452.

CS 464. Software Development (3) Fall. In-depth study of all aspects of software development process: user requirements, specifications, design, coding, testing, maintenance, documentation, management. Use of CASE tools for analysis and design. Team development of large software project. Prerequisite: Grade of C or better in CS 305, or consent of instructor.

CS 480. Seminar in Computer Applications (1-3). Prerequisite: consent of instructor. May be repeated up to six hours.

CS 490. Independent Project (1-3). Readings and/or computer implementations in area of interest to individual student. Does not apply to major or minor in computer science. May be repeated up to six hours. Graded S/U.

Construction Management and Technology (CONS)

(All CONS courses are offered during evenings and summer on a five-year rotating plan.)

CONS 235. Introduction to Construction (3) Fall, Spring, Summer. Basic concepts of construction management and technology, including office organization, building construction techniques, surveying, building materials, plan reading and estimating. One and one-half hours lecture, three hours laboratory. Lab fee.

CONS 305. Residential Construction (3) Spring. Residential and light commercial construction, including principles of project utilization, market and site analyses, cost estimating, scheduling, financial management, construction techniques, contracting, and marketing. One and one-half hour lecture, three hours laboratory. Prerequisites: CONS 235 and DESN 105. Lab fee.

CONS 318. Construction Surveying (3) Fall. Detailed study of surveying, including field work, with equipment such as transit, level and tape. Emphasis on closure. One and one-half hours of lecture and three hours of laboratory. Prerequisites: CONS 235 and MATH 129 or equivalent. Lab fee.

CONS 320. Computer Application in Construction (3) Spring. Computer applications of construction programs in the areas of materials, methods and management. Two hours lecture, two hours laboratory. Prerequisites: admission to construction program, TECH 101 or equivalent, junior standing. Lab fee.

CONS 335. Construction Materials and Testing (3) Fall. Materials and testing as used in commercial construction. Emphasis on foundation, sitework, soils, and concrete. One and one-half hours of lecture and three hours laboratory. Prerequisites: CONS 235 and PHYS 201. Lab fee.

CONS 336. Structural Design (3) Spring. Standard methods utilizing shear and bending stresses to size structural members. Emphasis on floor framing systems, columns and connections in steel and wood per design codes. Two hours of lecture and two hours laboratory. Prerequisite: DESN 243. Lab fee.

CONS 337. Heating, Ventilating and Air Conditioning Systems (3) Spring. Mechanical systems for heating, ventilating, air conditioning cooling of buildings and in production processes. Experience with conventional and solar mechanical systems; determining losses, make-up, system sizing, control. Methods, materials and problems encountered in installing mechanical systems are stressed. One and one-half hours of lecture and three hours laboratory. Prerequisite: ET 191 or CONS 235 or permission of instructor. Lab fee.

CONS 412. Water Resources and Treatment (3) Fall, on demand. Introduction to the design fundamentals associated with providing a public water supply and wastewater collection systems. Topics include water quality, treatment requirements, design methods of water distribution, and environmental considerations. One and one-half hours of lecture and three hours laboratory. Prerequisites: CHEM 125, PHYS 201, or consent of instructor. Lab fee.

CONS 435. Construction Methods and Practices (3) Spring, on demand. Advanced course in professional construction emphasizing superintendent's role in planning, inspecting, expediting and supervising construction operations. One and one-half hours of lecture and three hours laboratory. Prerequisites: CONS 335, CONS 336. Lab fee.

CONS 437. Construction Equipment (3) Fall. Equipment factors related to construction operations. Ownership and operating costs and productivity of major construction equipment; frequent down-time items. One and one-half hours of lecture and three hours laboratory. Prerequisite: CONS 235. Lab fee.

CONS 439, Estimating and Cost Control (3) Fall. Take off and costing and pricing for typical construction project. Preparation of final bid document including all materials, labor, equipment and overhead costs, and profit margin. One and one-half hours of lecture and three hours laboratory. Prerequisite: CONS 235. Lab fee.

CONS 440. Construction Contracting (3) Spring. Type of construction procurement, contracts, and specifications important to project management. Subcontracting, insurance, bonds, mechanics liens, and labor relations. Concepts applied to cases. Two hours lecture, two hours laboratory. Prerequisite: Senior Standing or permission of instructor. Lab fee.

CONS 442. Construction Scheduling (3) Fall. Management utilizing critical path method, activity on arrow, Gantt charts, and PERT techniques. Planning, scheduling, control, resource allocation, and least cost expediting using computers. Two hours lecture, two hours laboratory. Prerequisites: Senior standing or permission of instructor. Lab fee.

CONS 470. Construction Management (3) Fall. Spring. Formulate a construction project manual using several software packages. The comprehensive manual includes schedule, quantity survey estimate, project management considerations, and a panel defense. Prerequisites: CONS 439, CONS 442. Lab fee.

CONS 490. Problems in Construction Technology (1-3) On demand. For advanced students wanting to conduct intensive study of selected problems in construction technology. Prerequisite: consent of instructor. Materials fee. Graded S/U.

Cooperative Education (COOP)

COOP 050. Work Block (0) Fall, Spring, Summer. Work and study in business and industry, service or government agency in a supervised position related to major. May be repeated. Prerequisite: consent of cooperative education program.
Creative Writing (ENG)

ENG 206. Craft of Poetry (2) Fall. Traditional and contemporary poetry; emphasis on way poetry is made. Required for majors and minors in B.F.A. creative writing program. Prerequisite: ENG 112.

ENG 206. Craft of Fiction (2) Spring. The way fiction works; impulses creating it, how it turns out. Emphasis on style and form in traditional and contemporary fiction as way of understanding meaning. Required for majors and minors in B.F.A. creative writing program. Prerequisite: ENG 112.

CREATIVE 208. Imaginative Writing (3) Fall, Spring. Explorations of the creative process through the writing of poetry and fiction. Emphasis is on the means whereby private fantasy is transformed into artistic expression. Open to all students.

CREATIVE 208. Creative Writing Workshop (3) Fall, Spring. Principles of poetic composition and fiction writing; analysis of contemporary models and group discussion of student's work. May be repeated once.

CREATIVE 306. Creative Writing (3) Fall, Spring. Imaginative writing, fiction and poetry. Class discussion and individual conferences. Required for creative writing major. Prerequisite: B or better in ENG 209 or permission of instructor. May be repeated once.

ENG 407. Writer's Workshop (3) Fall, Spring. Original composition, analysis of contemporary creative writing models, emphasis on fiction and poetry. Creative writing seniors taking their second workshop, creation of Senior Thesis. Prerequisite: B or better in ENG 308 or approval of instructor. May be repeated once.

Criminal Justice (CRJU)

CRJU 210. Introduction to Criminal Justice (3) Fall, Spring. Philosophical, historical, operational aspects of criminal justice agencies and processes in a framework of social control in a democracy. Crime and corrections problems and response of criminal justice agencies to them.

CRJU 220. Law Enforcement in American Society (3) Fall. An overview of the police role in modern American Society; emphasis on problems and issues confronting police and solutions within an organizational framework. Prerequisite: CRJU major.

CRJU 310. Criminal Justice Research Methods (3) Fall. Survey of research methods including research design, measurement and sampling, survey, experimental and field methods and data collection and analysis. Emphasis on interpreting and critically evaluating research in criminal justice. CRJU major.

CRJU 330. Juvenile Justice Subsystems (3) Fall. Examination of the varied agencies, methods and techniques used in handling delinquent youths (historic and contemporary); emphasis on agency effectiveness and perspectives. Prerequisite: CRJU major.

CRJU 340. Drugs, Crime and Criminal Justice (3) Spring. Explores the legal and social aspects of drug and alcohol use and the criminal justice response to that use. Topics include types and effects of drugs, relationship to crime, and treatment of drug users. Criminal Justice credit not given for both CRJU 340 and HED 340. CRJU major.

CRJU 395. Workshop-Current Topics (1-3). May be repeated. Any semester. Special topics or issues in criminal justice, primarily of a current or unique interest to students/practitioners. Prerequisites: CRJU 210, junior standing or permission of instructor. CRJU major.

CRJU 410. Victimology (3) Fall. An examination of the victim in the criminal justice system. The course covers the development of victimology, basic concepts and issues, specific types of victimization, and societal/system response to the victim. Prerequisite: CRJU major.

CRJU 420. The Criminal Courts (3) Fall. Structure, jurisdiction, procedures including the nature of criminal law and the interaction of other criminal justice agencies (police, prosecutor, probation) with the courts. CRJU major.

CRJU 470. Independent Study in Criminal Justice (1-3) Fall, Spring, Summer. Student designs and carries out study or special project in area of interest. Prerequisite: consent of instructor. May be repeated. CRJU major.

CRJU 480. Senior Seminar in Criminal Justice (3) Fall, Spring, Summer. Consideration and evaluation of selected policies and practices in criminal justice field. Attempt to integrate criminal justice field and to focus on common problems and concerns. Problems of theoretical and practical nonconvergence. Individual research interests explored, formalized, reported. Required of all CRJU majors. Prerequisites: senior standing and completion of 25 hours of CRJU core courses.

CRJU 491. Practicum (1-12) Fall, Spring, Summer. Experience working in a criminal justice agency under both practitioner and academic supervision. Emphasis on practice rather than observation. May be repeated. Prerequisites: permission of program director and completion of ENG 112 or equivalent. Concurrent enrollment in other courses permitted with permission of program director. Graded S/U.

CRJU 492. Practicum Seminar (3) Fall, Spring, Summer. Analysis of problems and experiences encountered in the practicum. Relations between field experiences, coursework and related literature. Prerequisite: permission of director. Corequisite: CRJU 491.

Dance (DANC)

DANC 101. Folk and Square Dance (1) Fall. Two contact hours. Dances of American and international cultures examined through active participation. Dance costumes, customs and music are introduced with cultural information for more thorough understanding of specific dances. May be repeated up to 4 hours. Graded S/U.

DANC 102. Ballroom Dance I (1) Fall, Spring, Summer. Two contact hours. Basic step patterns of social dances: Fox trot, waltz, swing, polka, cha-cha. Leading and following as a dance partner; music and rhythms, etc., be repeated up to 4 hours. Graded S/U.

DANC 107. Jazz Dance I (1) Fall, Spring, Summer. Two contact hours. For student with limited or no previous dance training. Studio instruction of basic jazz dance techniques and historical origins. May be repeated up to 4 hours. Graded S/U.

DANC 110. Tap I (1) Fall, Spring, Summer. Two contact hours. For student with limited or no previous dance training. Studio instruction of basic tap dance technique and historical origins. May be repeated up to 4 hours. Graded S/U.

DANC 115. Modern Dance I (2) Fall, Spring. The first in a series of progressions in modern dance, exploring basic movement skills and correct body alignment; may be repeated up to six hours.

DANC 120. Classical Ballet I (2) Fall, Spring. Studio instruction of classical ballet fundamentals with emphasis on correct body alignment, barre and center work; may be repeated up to six hours. Prerequisite: beginning competency and permission of instructor.

DANC 207. Jazz Dance II (2) Fall, Spring. Four contact hours. Second in a series of jazz dance technique level which includes extended center combinations and complex rhythms. May be repeated to 6 hours. Prerequisites: DANC 107, 120 and/or permission of instructor.
DANC 215. Modern Dance II (2) Fall, Spring. The second in a series of Progressions, including studio instruction in modern dance with floor and center work in varying modern styles; may be repeated up to six hours. Prerequisite: DANC 115 or permission of instructor.

DANC 220. Classical Ballet II (2) Fall, Spring. The second of a graded series of progressions, including studio instruction in classical ballet techniques with emphasis on adagio and allegro enchainments; may be repeated up to six hours. Prerequisite: DANC 120 or permission of instructor.

DANC 224. Dance Performance Workshop (1) Fall, Spring. Experience in choreography and participation as members of the concert group; may be repeated up to six hours. Prerequisites: audition and permission of instructor.

DANC 215. Modern Dance II (2) Fall, Spring. The second in a series of progressions, including studio instruction in classical ballet techniques with emphasis on adagio and allegro enchainments; may be repeated up to six hours. Prerequisite: DANC 120 or permission of instructor.

DANC 224. Dance Performance Workshop (1) Fall, Spring. Experience in choreography and participation as members of the concert group; may be repeated up to six hours. Prerequisites: audition and permission of instructor.

DANC 326. Dance Composition (2) Spring. Basic principles of form and flow of movement and their application to compositions in dance. Prerequisites: DANC 215, DANC 220 or permission of instructor.

DANC 327. Choreography Workshop (1) Fall. Studio analysis of the elements of choreography; development of dance compositions; specific assignments of selected problems; may be repeated up to six hours. Prerequisite: DANC 326 or permission of instructor.

DANC 387. Practicum in Dance (1-4) Fall, Spring, summer. Under supervision of dance faculty in School of HPER; petitioning required before registration; credit hours approved separately by program area. Prerequisites: sophomore or junior standing and approval of dance faculty.

DANC 424. Dance History I (3) Fall, alternating years. Influence of culture, philosophy, persons and events on dance from primitive times to 1900s.

DANC 425. Dance History II (3) Spring, alternating years. Dance developments from 1900 to present; influential events, personalities, technologies and philosophies.

DANC 426. Dance Production (3) Spring. Classroom and hands-on experience; problems and techniques in dance lighting, sound, costuming, direction, publicity and general management.

DANC 470. Independent Study in Dance (1-3) Fall, Spring, Summer. In-depth study project of particular significance to student. Project must be approved by project supervisor and division chair before registration. May be repeated. Prerequisite: permission of instructor.

DANC 487. Practicum in Dance (1-6) Fall, Spring, Summer. Under supervision of dance faculty in School of HPER; petitioning required before registration; credit hours approved separately by program area. Prerequisites: junior or senior standing and approval of dance faculty.

Design Technology (DESN)

DESN 104. Design and Engineering Graphics I (3) Fall, Spring, Summer. Design process as well as engineering graphics as a vehicle to communicate problem solutions. Documented design analysis, free hand sketching, orthographic projection; shape, size and position dimensioning; isometric and oblique drawing, and auxiliary and section views as applied to technical design problems. Four hours of lecture and laboratory. Lab fee main campus.

DESN 105. Design Representation I (3) Fall, Spring, Summer. Fundamental freehand and machine assisted drawing principles necessary to the investigation, visualization and presentation of design ideas. Drafting methods and techniques including the principles of orthographic projection, paraline and perspective drawing. One hour of lecture and four hours laboratory. Lab fee.

DESN 131. Computer-Aided Design (2) Fall, Spring, Summer on demand. Concepts and operation of a computer-aided design system. Creating and editing two-dimensional graphics, text, basic dimensioning and plotting. Four hours of lecture/lab. Prerequisite: DESN 104 or 105 or permission of instructor.

DESN 132. Computer-Aided Design for Architecture (2) On demand. Intermediate computer-aided design. Focus of the course is on the application of CAD to architectural drafting. Prerequisite: DESN 131, or instructor's permission.

DESN 202. Mechanical Design (5) Spring alternate years. Design and selection of mechanical elements, fasteners, power transmission devices, hydraulic systems, manuals, catalogs and publications utilized. Consideration of economy, loading conditions, stresses, deformation, fits and finishes in design. Three hours lecture, six hours laboratory. Prerequisites: DESN 104 and PHYS 201.

DESN 204. Design and Engineering Graphics II (5) Fall, Spring, Summer. Application of design analysis and engineering graphics for design solutions in a variety of technical disciplines. Analysis of point, line and plane problems using auxiliary views, revolution methods and true length diagrams. Use of working drawings and graphic standards to communicate design solutions. Four hours of lecture and laboratory. Prerequisite: DESN 104. Lab fee main campus.

DESN 205. Design Representation II (3) Fall. DESN 105 continued. Freehand and machine assisted drawing principles necessary to the investigation; visualization and presentation of design ideas. Paraline and perspective drawing methods, shade and shadow, rendition of value and context, sketching and architectural presentation techniques. One hour of lecture and four hours laboratory. Prerequisite: DESN 105 or permission of instructor. Lab fee.

DESN T205. Tool, Die, Jig and Fixture Design (4) Spring alternate years. Importance and economics of tooling designed for mass production; topics include jigs, dies, design and construction, emphasis placed on die design problems and solutions. Field visits to die stamping plants. Two hours lecture, six hours laboratory. Prerequisite: DESN 104. Lab fee.

DESN 231. Advanced Computer-Aided Design (2) Fall, Spring. Creation and display of 3-D objects as wireframes, surface models, solid models. Customization of menus and programming for productivity. Four hours lecture/lab. Prerequisite: DESN 131 or permission of instructor.
DESN 236. Mechanical and Electrical Building Systems (3) Fall, Summer on demand. A survey of mechanical and/or electrical building systems including a review of the scientific principles used in system design. Topics covered include equipment description and selection, system types, system components, and basic design. Prerequisite DESN 105 or permission of the instructor.

DESN 243. Statics and Strength of Materials (3) Fall, Spring, Summer. Fundamentals of statics including vectors, centroids, moment of inertia, free body diagrams and structural systems. Strength of materials including simple and combined stress, bending, shear and torsional stress. Four hours lecture and laboratory. Prerequisite: Good math background in algebra and trigonometry or MATH 128. Lab fee main campus.

DESN 250. Architectural Design I (3) Spring. Introduction to architecture/environmental design problem solving. Topics include anthropometrics, human-environment interaction, principles of form, style, order, proportion, scale and balance; concepts of programming and diagramming. One hour of lecture and four hours laboratory. Prerequisite: DESN 205 or permission of instructor. Lab fee.

DESN 290. Problems in Design Technology (1-3) On demand. For advanced students wanting to conduct intensive study of selected problems in design technology. May be repeated up to three hours. Prerequisites: Sophomore standing and consent of instructor.

DESN 301. Architectural Design II (3) Spring. Architectural design with residential building focus; development and use of schematics, sketches, elevations, plan detail and perspective drawings in planning and designing residential, business and industrial structures. One hour lecture and four hours laboratory. Prerequisite: DESN 250 or permission of instructor. Lab fee.

DESN 304. Mechanical Design (3) Spring odd numbered years. Engineering graphics principles applied in design of structures, machines, production systems. Selection and application of standard mechanical components. Four hours lecture and laboratory. Prerequisites: DESN 204 and 243. Lab fee.

DESN 305. Technical Illustration (3) Spring on demand. Technical illustration for design presentation, assembly, repair and advertising. Variety of equipment, materials and techniques to accomplish various pictorial representations and design illustrations. Four hours lecture and laboratory. Prerequisite: DESN 104. Lab fee.

DESN 307. Land Planning and Development (3) Fall. Technical aspects of site planning and land development. Topics include theories of site design, economic considerations for development, government regulation, the effect of environmental forces and human activity in site design, principles of grading, drainage, and utility distribution. One hour of lecture and four hours laboratory. Prerequisites: DESN 105 and junior standing. Lab fee.

DESN 336. Architectural Materials and Systems (3) Fall. Building systems approach to understanding architectural elements of buildings. Topics include fire protection, thermal and moisture protection, coatings, doors and windows, curtain walls, ceiling systems. Two hours lecture and two hours laboratory. Prerequisites: DESN 236 and junior standing. Lab fee.

DESN 337. Mechanical and Electrical Building Systems II (3) Spring. A laboratory course investigating applications of mechanical and electrical building systems. Course work includes: analysis of existing systems, system design, system modeling and report writing. Topic areas include: water and sanitary waste systems, electrical distribution systems, HVAC systems, and lighting design. One hour lecture and four hours laboratory. Prerequisite: DESN 236 or permission of the instructor. Lab fee.

DESN 401. Historic Preservation (3) Fall on demand. Introduction to historic preservation including: Review of history of building styles, research methods, preparation of historic building inventory forms, principles of restoration and renovation, and architectural design methods for historic environments. One hour lecture and four hours laboratory. Prerequisites: DESN 250 and Junior Standing or permission of the instructor. Lab fee.

DESN 404. Computer Aided Design (3) Fall, Spring, Summer. Study and application of computer graphics systems to the design process. Use of interactive methods using computers and commercial CAD software for design purposes. Development of two- and three-dimensional views and complex surface generation. Emphasis on learning to draw with the computer and applying computer graphics technology to engineering graphics and design. Prerequisites: DESN 104 or DESN 105, and DESN 131, and DESN 231. Lab fee.

DESN 405. Design Representation III (3) Spring, on demand. Production of architectural working drawings. Students prepare working drawings for a commercial building. Topics include elements of working drawings, methods of producing documents, scheduling and budgeting work. Four hours lecture and laboratory. Prerequisites: DESN 105, 236, 237, 336 and junior standing, or permission of instructor. Lab fee.

DESN 436. Planning and Design of Industrial Facilities (3) On demand. Planning, estimating, design and modeling of industrial facilities with consideration of management, personnel, production, aesthetics and environment. Four hours lecture and laboratory. Prerequisite: DESN 301. Lab fee.

DESN 440. Architectural History and Theory Seminar (2) Spring. Seminar and panel discussion sessions on topics in architectural history and theory. Prerequisite: Junior Standing or permission of instructor.

DESN 441. Building Systems Technology Seminar (3) Fall, on demand. Capstone course in building systems technology sequence. Student-led discussion on topics related to human performance and building systems. Three hours of seminar. Prerequisite: DESN 336 or consent of instructor.

DESN 450. Architectural Design III (3) Fall. Architectural design, focus on commercial and industrial buildings; man-made environment considered through the study of advanced problems in the planning and designing of commercial structures. Development and use of schematics, sketches, elevations, plans, details and construction documents. One hour of lecture and four hours of laboratory. Prerequisite: DESN 301. Lab fee.

DESN 452. Design In Industry (3) Fall on demand. Systems approach applied to solution of one and two dimensional product design problems; emphasis of feasibility in production and use. Prerequisites: DESN 304 and 404. Lab fee.

DESN 455. Engineering Design (3) Spring, even numbered years. Problems in design requiring advanced engineering graphics computation for solution. Emphasis on kinematics of mechanism, human factors, strength of materials and the design process. Four hours of lecture and laboratory. Prerequisite: DESN 304. Lab fee.

DESN 470. Senior Project I (2) Fall, and Spring. First half of the capstone course in the architecture/environmental design laboratory sequence. Emphasis is placed on developing a student selected design problem that integrates previous coursework in design problem solving and building systems technology. Three hours of lecture and laboratory. Prerequisite: DESN 336 and DESN 450, and Senior Standing. Lab fee.

DESN 471. Senior Project II (4) Fall, and Spring. Second half of the capstone course in the architecture/environmental design laboratory sequence. Emphasis is placed on developing a design solution to a student selected design problem that integrates previous coursework in design problem solving and building systems technology. Six hours of lecture and laboratory. Prerequisite: DESN 470. Lab fee.

DESN 490. Problems in Design Technology (1-3) On demand. For advanced students wanting to conduct intensive study of selected problems in design technology. Prerequisite: junior standing and consent adviser. Material fee. Graded S/U.
Economics (ECON)

ECO 100. Development of the American Economy (3) Fall, Spring. Study from colonial times to present to provide perspective for understanding current economic problems. How Americans lived, changes in population and income distribution, agriculture, industry, technological change, labor, transportation, money and banking, foreign trade, role of government. Prerequisite: high school algebra or equivalent.

ECO 200. Introduction to Economics (3) Fall, Spring. Alternative economic goals; economic growth, full employment, price stability, fair income distribution, economic security, economic freedom, consumer sovereignty, efficiency. Recommended for students taking only one ECON course. Does not count toward the total hours of economics required for BSBA, BA in economics, or minor in economics; cannot be used to satisfy specialization, non-business elective requirement.

ECO 202. Principles of Microeconomics (3) Fall, Spring. Price and allocation of resources. Demand, supply; price theory; some distribution; market failure; current problems and public policy. Enhances students' ability to evaluate economic policy. Recommended before ECON 203. Prerequisite: high school algebra or equivalent.

ECO 203. Principles of Macroeconomics (3) Fall, Spring. National income and employment, inflation, banking system, monetary and fiscal policy; economic growth and development; international economics. Develops students' understanding of tradeoffs and enhances critical reasoning abilities. Prerequisite: high school algebra or equivalent. ECON 202 recommended.

ECO 302. Intermediate Microeconomic Theory (3) Fall, Spring. Theoretical course on decisions by consumers and firms. Theory of demand, of the firm, production and distribution. Compares market structures. Factor price determination and welfare economics. Prerequisites: ECON 202, 203 and either MATH 126 or 131 or equivalent. Normally students should not take both ECON 302 and ECON 304.

ECO 303. Intermediate Macroeconomic Theory (3) Fall, Spring. A theoretical course on how the economy as a whole operates. Measurement and determination of national income, employment, the price level, interest rates, and growth. International influences on the economy. Alternative theories are compared. Prerequisites: ECON 202 and ECON 203.

ECO 304. Managerial Economics (3) Fall, Spring. Applications of microeconomic theory to decision-making process of the firm. A profit maximizing framework is developed to apply and adapt to a diverse set of situations related to contrasting market structures and alternative pricing policies. Prerequisites: ECON 202 and ECON 203 and STAT 212. Normally students should not take both ECON 302 and ECON 304.

ECO 311. Money and Banking (3) Fall, Spring. Monetary policy and financial institutions. Causes and effects of changes in the money supply. Interest rates, commercial banking, central banking policy, and international monetary institutions. Prerequisites: ECON 202 and ECON 203.

ECO 321. Labor Economics (3) Spring. Economics of manpower employment and labor market; labor organizations, collective bargaining, regulation of labor by government, wage determination, unemployment and social security. Prerequisites: ECON 202 and ECON 203.

ECO 323. Inequality, Unemployment and Discrimination (3) Fall alternate years. Structural and cyclical unemployment; causes of and alternative responses to poverty and discrimination; treatment of nonwhites and women in labor markets. Prerequisites: ECON 202 and ECON 203 or consent of instructor.

ECO 331. Public Finance (3) Fall, Spring. Survey of government finance. Public expenditures, taxation, and debt; emphasis on federal level. Prerequisites: ECON 202 and ECON 203 or consent of instructor.

ECO 332. State and Local Government Finance (3) Fall or Spring. Economic functions of state and local governments; revenue sources, expenditures, debt and intergovernmental fiscal relations. Prerequisites: ECON 202 and ECON 203 or consent of instructor.

ECO 335. Environmental Economics (3) Fall. Implications of environmental philosophies; benefit-cost analysis with applications; economics of pollution and resource management; application of economic tools to environmental problems. Prerequisite: ECON 202 or consent of instructor.

ECO 340. Mathematics for Economists (3) Fall. Elementary mathematical methods and basic applications to economic theory. Not recommended for students who have had MATH 131 or above.

ECO 401. Mathematical Economics (3) Spring. Economic theory in mathematical context; microeconomic and macroeconomic models, their structure and analysis. Constrained optimization. Prerequisites: ECON 202 or equivalent; or consent of instructor.

ECO 402. Econometrics (3) Spring. Statistical techniques used to measure economic data and to test validity of theoretical models. Prerequisites: STAT 212 and ECON 200, or equivalent; or consent of instructor.

ECO 414. Monetary and Fiscal Policy (3) Spring. Objectives, means and analysis of monetary and fiscal control; effect on total economic activity. Prerequisite: ECON 303 or ECON 311.

ECO 421. Labor-Management Relations (3) Spring. Employer-employee relations from historical and legal aspects to collective bargaining process, including mediation and arbitration procedures. Prerequisites: ECON 200 or 202 or consent of instructor.

ECO 422. Labor Relations Policy (3) Fall. Collective bargaining and labor negotiation and their ties to federal and state legislation process, including negotiation and arbitration procedures. Prerequisites: ECON 200 or 202 or consent of instructor.

ECO 451. International Trade (3) Fall. Microeconomic aspects of international economics. Comparative advantage, gains from trade, free trade agreements, protection and real wages, international factor movements, commercial policy including analysis of tariffs, quotas and voluntary export restraints. Prerequisite: ECON 351 or consent of instructor.

ECO 452. International Monetary Economics (3) Spring. Macroeconomic side of international economics. Open economy macroeconomics, exchange rates and the balance of payments, fiscal and monetary policy, fixed versus floating exchange rates, budget deficits and international coordination of macroeconomic policies. Prerequisites: ECON 303 (or 311) and 351 or consent of instructor.

ECO 454. Economic Development (3) Fall. Obstacles to and current efforts for promotion of economic growth in emerging nations. Prerequisite: ECON 202 or consent of instructor.

ECO 462. Urban Economics (3) Spring. Urban spatial theory and analysis, economic analysis of urban problems including poverty.
housing, transportation, the environment and public finance. Prerequisites: ECON 202 and ECON 203.

ECON 471. Industrial Organization: Study of Business Size and Competition (3) Fall. Study of size and behavior of firms, especially large firms, and how size and behavior influence profits, pricing, costs, production differentiation, and innovation. Emphasis on policy issues about size and regulation. Prerequisites: ECON 202 or consent of instructor.

ECON 472. Comparative Economic Systems (3) Spring. Economic structures, conditions, problems and policies in a selection of countries. Prerequisites: ECON 202 and ECON 203 or consent of instructor.

ECON 473. History of Economic Thought (3) Fall. Development of economics and economic analysis from Adam Smith to J.M. Keynes. Prerequisites: ECON 202 and ECON 203.

ECON 476. Seminar in Contemporary Economic Problems (3) On demand. Interested students should consult with chair of department.

ECON 491. Studies in Economics (1-3) On demand. Treatment of selected areas in depth. Offered to individual on lectures basis or in seminar depending on student needs and material. May be repeated to six hours.

ECON 485. Readings for Honors in Economics (3-5) Fall, Spring. For economics major with accumulative GPA of 3.0; normally culminates in comprehensive examination which must receive approval of department. Consult department chair. Prerequisite: consent of department.

**Education Curriculum and Instruction (EDCI)**

EDCI 106. College Reading/Learning Skills (2-3) Fall, Spring, Summer. Designed to improve basic reading/learning habits of college students—vocabulary, comprehension, note-taking, time management, test-taking, analytical and critical thinking. Lab required. $10 lab fee. Graded A-B-C-no credit. Summer 3 hrs.; fall and spring 2 hrs.

EDCI 101. Speed Reading (2) On demand. Designed to improve study-type reading speed; leisure reading speed; adjusting reading speeds to purposes, material difficulty and background experience of reader. (Minimum score of 260 words per minute with 80th percentile comprehension on reading speed test is necessary to receive C in course.) Prerequisite: departmental testing or successful completion of EDCI 100. Clinic/lab required: 15 hrs. Lab fee: $15.

EDCI 121. Transition Course (1) Summer. Transition to University life through orientation to University facilities and options; activities stressing study skills and personal growth.

**EDCI 202. Introduction to Teaching (3)** Fall, Spring. One and one-half hour on-campus class each week with supervised experience in schools one day per week for ten weeks. On-campus classes require students to demonstrate acquisition of body of professional knowledge. Field experiences require students to apply this body of professional knowledge through working as teachers' aides, observing and analyzing school processes and completing structured field activities. Students are assigned to an elementary school for five weeks and a secondary school for five weeks. One of these settings will be culturally, racially and socioeconomically diverse in terms of pupil enrollment. Prerequisites: Recommended that students have completed at least two semesters of undergraduate coursework. Required in all teacher certification programs except those offering an approved alternative. Grade of C or better required to be eligible for student teaching. Cross-listed in EDFI, C/F hrs: 30. Lab fee.

EDCI 348. Literacy and the Young Child (3) Fall, Spring, Summer. Young child's acquisition of oral and written language, emphasis on roles of child development, social interaction, culture and environment. Prerequisites: EDFI 302 or consent of Instructor. C/F hrs: 30.

**EDCI 349. Fundamentals of Reading (3)** Fall, Spring, Summer. Basic understandings and instructional implications of reading acquisition and development from linguistic, social, psychological, cognitive, historical and curricular perspectives. Prerequisites: EDFI 302 or consent of instructor.

EDCI 350. Planning and Implementing Instruction in the Classroom (3) Fall, Spring. Demonstration and analysis of interdisciplinary nature of media, methodology and classroom management in elementary classrooms. Practicum experience in a selected classroom to demonstrate acquired knowledge and skills. Must obtain a grade of C prior to student teaching. Prerequisite: Admission to elementary education program. C/F hrs: 30.

EDCI 355. Teaching Reading in the Elementary School (3) Fall, Spring. The basic theory of developmental reading including teaching procedures, setting objectives, designing curriculum, utilizing instructional materials and evaluation. Prerequisite: admission to elementary education program and EDCI 349. Must obtain a minimum grade of C prior to student teaching. C/F hrs: 30.

EDCI 356. Language Arts in the Elementary School (3) Fall, Spring. Basic course in teaching English language arts. Overview of language development and theory from sociocultural perspectives. Focus on integrated development of communication skills with literature as primary resource. Classroom decision-making from objectives and lesson planning to evaluation for language arts instruction. Must obtain a minimum grade of C prior to student teaching. Prerequisite: admission to elementary education program. C/F hrs: 30.

**EDCI 357. Kindergarten-Primary Curriculum and Methods (3)** Fall, Spring, Summer. Objectives, curriculum, instruction and resource materials, methods. Laboratory experience in kindergarten-primary education. Should precede semester of student teaching. Prerequisite: EDFI 302 or EDFI 342 and EDCI 348. C/F hrs: 30.

EDCI 360. Content Reading for Specialized Subject Areas (2) Fall, Spring. Designed for preservice teachers seeking certification in specific subject areas at elementary and/or secondary levels. Participants become acquainted with reading needs of students in content area class. Prerequisites: early field experience and EDFI 302. C/F hrs: 30.

EDCI 365. Computer Utilization in the Classroom (3) Fall, Spring, Summer. Impact of the computer on educational methods and applications in the classroom. Evaluation of software. Integration of the computer and associated technologies into the content areas. Prerequisites: EDFI 302 and Junior standing. Lab fee $15.

EDCI 370. General Teaching Methods in Secondary Schools (3) Fall, Spring, Summer. Processes and issues that form the basis of instruction in all content areas; development of strategies and teacher behaviors associated with effective instruction. Prerequisites: attainment of 60 semester hours; cumulative GPA of at least 2.5; grade of C or better in IPC 102, ENG 112, EDCI/EDFI 202, EDFI 302. Lab fee.

EDCI 371. English in Secondary Schools (3) Fall, Spring. Philosophies of, experiences in and methods of teaching English in

EDCI 373. Teaching Foreign Language in the Schools I (3) Fall, Spring. Principles of second language learning; theory and practice of K-12 curriculum, development of fundamental skills and abilities in teaching listening, speaking, reading, writing in foreign language; techniques of instruction planning; concepts of teaching culture. Prerequisites: EDCI/IFI 292, EDFI 302 and junior standing. C/F hrs: 30.

EDCI 395. Workshop on Current Topics (1-3) On demand. Intensive education experience on selected topics related to skill development, content update or materials development. Typically, an all-day or similar concentrated time format. Requirements usually completed within time format. May be repeated on approval of adviser.

EDCI 418. Effective Teaching/Classroom Management (3) On demand. Effective teaching principles dealing with techniques, organization, planning and management of strategies used to facilitate learning and to reduce behavior problems.

EDCI 420. Developmental Reading in the Content Areas (3) Fall, Spring, Summer. Orient the teacher to the developmental reading process as it applies to the various subject matter areas, including diagnosis and prescription, vocabulary, word analysis, comprehension and study skills. Prerequisite: EDFI 302, content methods course or consent of instructor.

EDCI 424. Investigation in Teaching of Elementary Social Studies (3) On demand. Seminars in the teaching of social studies. In-depth study of values education, the interdisciplinary approach, problem solving techniques, and the role of social studies in controversial issues. Each can be taken alone but recommended that 3 of the 4 be completed. Prerequisite: EDCI 351.

EDCI 425. Investigations in the Teaching of Language Arts (3) On demand. Investigations of language arts in the elementary school, the nature and interrelationships of the various components, objectives for teaching, and development and evaluation of language learnings, materials and methodology. Prerequisite: EDCI 356.

EDCI 426. Investigations in the Teaching of Elementary Science (3) On demand. Analysis of the science concepts and principles which are developed; nature of materials and methodology and designs of evaluation procedures. Prerequisite: EDCI 353 recommended.

EDCI 429. Teaching Foreign Language Skills in the Schools II (3) Spring. Advanced-level skills and abilities in teaching listening, speaking, reading and writing in foreign languages as applied to the K-12 curriculum, classroom management, testing and evaluation, individualized instruction and culture. If taken for graduate credit, a research paper is required. Prerequisite: EDCI 373. C/F hrs: 30.

EDCI 490. Problems in Education (1-3). On demand. For advanced student wanting to conduct intensive study of selected problems in education. May be repeated to six hours; undergraduate credit only. Prerequisite: consent of department.

EDCI 492. Student Teaching (1-10) Fall, Spring. Classroom teaching at the elementary level under supervision on full/day basis. Conferences and seminars supplement program. Fee: $5 per credit hour. College/program eligibility requirements must be met. C/F hrs: 300. May be repeated. Graded S/U.

EDAS 409. Organization and Administration of Education in American Society (3) Fall, Spring, Summer. Local, state and federal involvement in American education as it relates to society. Teacher interrelationships; school organization and climate, school finance, legal issues, job placement, professional responsibilities, teacher evaluation, school-community relations, current educational issues and politics of education. Prerequisites: EDFI 302 and junior standing.

EDAS 490. Problems in Education (1-3). On demand. For advanced student wanting to conduct intensive study of selected problems in education. May be repeated to six hours; undergraduate credit only. Prerequisite: consent of department.

EDAS 492. Student Teaching (1-10) Fall, Spring. Classroom teaching at the secondary level under supervision on full/day basis. Conferences and seminars supplement program. Fee: $5 per credit hour. College/program eligibility requirements must be met. C/F hrs: 300. May be repeated. Graded S/U.

EDFI 202. Introduction to Teaching (3) Fall, Spring. One and one-half hour on-campus class each week with supervised experience in schools one day per week for ten weeks. On-campus classes require students to demonstrate acquisition of body of professional knowledge. Field experiences require students to apply this body of professional knowledge through working as teachers' aids, observing and analyzing school practices and completing structured field activities. Students are assigned to an elementary school for five weeks and a secondary school for five weeks. One of these settings will be culturally, racially and socioeconomically diverse in terms of pupil enrollment. Prerequisites: Recommended that students have completed at least two semesters of undergraduate coursework. Required in all teacher certification programs except those offering an approved alternative. Grade of C or better required to be eligible for student teaching. Cross-listed in EDCI. C/F hours: 50. Lab fee.

EDFI 302. Educational Psychology (3) Fall, Spring. Theory and research on learning, development, personality and motivation applied to educational processes.
in various learning environments. Some field or clinical work. Prerequisites: PSYC 201 and sophomore status. C/F hrs: 20.

EDFI 342. Psychology of Childhood (3) Fall, Spring, Summer. Behavior and development of children through elementary school ages. Prerequisite: PSYC 201. EDFI 302 recommended.

EDFI 395. Workshop on Current Topics (1-3) On demand. Intensive educational experience on selected topics related to skill development, content update or materials development. Typically, an all-day or similar concentrated time format used. Requirements usually met within time format. May be repeated on approval of advisor.

EDFI 402. Assessment and Evaluation in Education (3) Fall, Spring, Summer. Assessment and evaluation applied to instructional procedures; construction of assessment tools; interpretations of assessment results. Prerequisites: EDFI 302. C/F hrs: 20.

EDFI 405. Psychological Foundations of Classroom Management (3) On demand. A survey of major approaches to classroom management with particular emphasis upon the applications of different approaches to case studies, field observations, and personal attitudes and values. Prerequisites: PSYC 201 and either EDFI/GC 202 or EDFI 302.

EDFI 411. Teachers' Role in Guidance (3) On demand. Human relations and classroom management practices which teachers may use to meet affective and cognitive learning needs of students; practical application counseling and guidance techniques and strategies which encourage positive classroom climate. Prerequisite: senior standing.

EDFI 412. Education of Disadvantaged (2) On demand. Effects of socioeconomic deprivation on educational performance; teaching techniques appropriate to needs and characteristics of disadvantaged student. Prerequisites: education methods and EDFI 302.

EDFI 415. Spaceship Earth Seminar (3) On demand. Integrating, synthesizing, environmental education program for undergraduate and graduate students. Using inquiry approach, participants consider relationships of humankind with total environment.

EDFI 416. Philosophy of Environmental Education (3) On demand. Concepts and processes of environmental education including theories such as Toledo model, Strand approach, Environmental Studies Project, Boulder and other representative models.

EDFI 417. Urban Education (2) On demand. Research, methods and concepts from sociology and psychology discussed as basis for critically analyzing current educational practices, program and policies of urban schools. Resource people used. Library and field research required. Prerequisite: commitment to, or at least serious interest in, urban education.

EDFI 460. Sex Role Stereotyping and Sex Discrimination in Education (2) On demand. Education as influential institution and process in society in terms of sexism in educational materials, curriculum, structure, federal, state, local policy responses to this concern; consideration and development of other policies for action regarding sex equity in education.

EDFI 480. Seminar in Educational Foundations (3) Fall, Spring, Summer. In-depth study of selected topics, offered on demand. May be repeated once if subject material is different.

EDFI 481. Leadership Training in Behavior Analysis Program (1-5) On demand. Prepares individuals to function as group leaders in academic, year-long, inservice behavior analysis program. Prerequisite: permission of instructor and enrollment in behavior analysis program.

EDFI 490. Problems in Education (1-3) On demand. For advanced student wanting to conduct intensive study of selected problems in education. May be repeated to 6 hours; undergraduate credit only. Prerequisite: permission of instructor.

EDFI 492. Student Teaching (1-10) Fall, Spring. Classroom teaching at the elementary level under supervision on full-day basis. Conferences and seminars supplement program. Fee: $5 per credit hour. College/program eligibility requirements must be met. C/F hrs: 300. May be repeated. Graded S/U.

EDFI 497. Student Teaching (1-10) Fall, Spring. Classroom teaching at the secondary level under supervision on full-day basis. Conferences and seminars supplement program. Fee: $5 per credit hour. College/program eligibility requirements must be met. C/F hrs: 300. May be repeated. Graded S/U.

Electronic Technology (ET)

ET 191. Energy, Power, Instrumentation and Control (3) On demand. Principles of automated systems, how machines work and emphasizing energy, power, measurement and controlling devices. One and one-half hour lecture and three hours laboratory. Lab fee main campus.

ET 196. Electrical - Electronic Systems (3) Fall, Spring, and Summer on demand. An overview of electrical principles, instruments, electronic machines, selected electronic devices, and computer control systems. Also, fabrication and assembly techniques are covered. One and one half hours of lecture and three hours of laboratory. Prerequisite: None. Lab fee main campus.

ET 240. Electric Circuits (4) Fall, Summer on demand. Electron theory; DC and AC units and theorem; circuit component; circuit analysis techniques; RLC circuits; power concepts; use of test instruments. Two and one-half hours of lecture and three hours of laboratory. Three hours of lecture at Firelands. Prerequisite: MATH 120 or equivalent. Lab fee main campus.

ET 241. Electronic Circuits (4) Spring. Summer on demand. Analog and digital electronic circuits and semiconductors. Design and application of power supplies; amplifiers, oscillators and digital gates to communication, instrumentation and process control. Two-and-one-half hours of lecture and three hours of laboratory. Three hours of lecture at Firelands. Prerequisite: ET 240 or permission of instructor. Lab fee.

ET 244. Communication Circuits (4) Spring odd numbered years. Communication circuits including telecommunications and amplifiers; amplifier design, components and applications, oscillators, communication components and principles of receivers and transmitters. Six hours of lecture and laboratory. Prerequisite: ET 241 or permission of instructor.

ET 245. Communications Systems (4) Fall even numbered years. Applications of principles of communications circuit to large and complex systems including telecommunication. Techniques of transmission and radiation of electromagnetic energy applied to pulse, television and micro-wave systems. Six hours of lecture and laboratory. Prerequisite: ET 241.

ET 247. Electrical Measurement (3) Spring. Electrical Measurement and instrumentation devices, transducers and elements; principles underlying their design and use. Two hours of lecture, three hours of laboratory. Prerequisite: ET 241. Lab fee.
ET 248. Industrial Equipment and Controls (3) Fall. Automation and industrial control principles. Study and application of typical devices such as time control switches, servo-mechanisms, photoelectric switches. Two hours of lecture, three hours of laboratory. Prerequisite: ET 241. Lab fee.

ET 249. Digital Electronic Components and Systems (4) Fall. Basic digital system logic analysis and synthesis techniques; number systems and codes; Boolean algebra and circuit minimization techniques. Characteristics of modern digital integrated circuit components. Three hours of lecture, three hours of laboratory. Prerequisite: ET 191. Lab fee.

ET 250. Real Time Microcomputer Systems for Industrial Control (4) Fall. Principles and practices of interfacing microcomputers in the real time environment of industrial process control. Organization and operation of computers, various process control modules (A/D and D/A), signal conditioning and converting, and design of process control systems. Three hours of lecture, three hours of laboratory. Prerequisite: ET 249 or consent of instructor. Lab fee.

ET 290. Experimental Studies in Industrial Education and Technology (1-3) Fall, Spring, Summer. Experimental study projects, seminars and workshops dealing with topics in industrial technology.

ET 300. Electric Machinery and Controls (3) Fall, Summer on demand. Electric motors, generators, power electronic controls; operating characteristics, selection, testing and control of direct current, single and three-phase machinery. One and one-half hours of lecture and three hours laboratory. Prerequisite: ET 241. Lab fee.

ET 310. Programmable Logic Controllers (3) Spring, and Summer on demand. A study of programmable logic controllers including, programming in ladder diagrams for counting, sequencing and timing functions, input/output modules, planning, installation, and applications. One and one-half hours of lecture and three hours laboratory. Prerequisite: ET 196. Lab fee.

ET 344. Electronic Communication Circuits (3) Spring, and Summer on demand. The principles of electronic circuits as applied to large and complex telecommunication systems. One and one-half hours lecture and three hours laboratory. Prerequisite: ET 241. Lab fee.

ET 345. Electronic Communication Systems (3) Fall even years, and Summer on demand. A study of the concepts of transmission, radiation and reception of electromagnetic energy in communication systems, with focus on wave guides, transmission and complex telecommunication systems. One and one-half hours lecture and three hours laboratory. Prerequisite: ET 241. Lab fee.

ET 357. Electrical Power Transmission (3) Fall odd years. Power converters, polyphase distribution systems including conductors, transformers, voltage regulation, protection, control, placing and metering. Electrical codes, methods and materials used in electric installation. Problems in electrical construction work. One and one-half hours lecture and three hours laboratory. Prerequisite: ET 191 or ET 196. Lab fee.

ET 358. Digital Electronics (4) Fall. Summer on demand. Digital integrated circuit devices with medium and large scale applications. Digital families, their functions, use of specification sheets, discussion of digital system. Two and one-half hours lecture and three hours laboratory. Prerequisite: ET 241 or PHYS 202. Lab fee.

ET 441. Instrumentation (3) Fall, Summer on demand. Industrial instrumentation, measuring mechanical, fluid and electric phenomenon, transducers, recorders, indicators and controllers. Principles underlying their design and applications. One and one-half hours lecture and three hours laboratory. Prerequisite: ET 241 and CS 101 or consent of instructor. Lab fee.

ET 442. Digital Computer Analysis (3) Spring odd years, and Summer on demand. Organization and construction of mini-micro computers, machine language programming, interfacing, including developing logic design, selection of integrated circuits, assembly, testing, and system diagnostic testing procedures. One and one-half hours lecture and three hours laboratory. Prerequisite: ET 358 or consent of instructor. Lab Fee.

ET 443. Electronic Devices (3) Fall, Summer on demand. A study of semiconductor devices, FET transistors, operational amplifiers and optoelectronic devices including theory of operation, specifications, performance testing and applications. One and one-half hours lecture and three hours laboratory. Prerequisite: ET 241 or consent of instructor. Lab fee.

ET 453. Digital Computer for Process Control (3) Spring, Summer on demand. Basic concepts, terminology, evaluation and types of control systems as they apply to industrial process control and positioning systems. These systems will be subdivided into measurement, controllers and final control elements. One and one-half hours lecture and three hours laboratory. Prerequisite: ET 358 or CS 307, CS 101, MATH 126. Lab fee.

ET 456. Digital Communication and Networking (3) Spring odd years, and Summer on demand. An intensive study of digital electronic communication and networking which includes: digital modulation schemes, transmission media characteristics, interface standards like RS 485, network standards and configurations, testing equipment. One and one-half hours lecture and three hours laboratory. Prerequisites: ET 344, ET 442, and CS 101. Lab fee.

ET 490. Problems in Electronic Technology (1-3) on demand. For advanced students wanting to conduct intensive study of selected problems in electronic technology. Prerequisite: consent of College. Materials fee. Graded S/U.

English (ENG)

ENG 100. English as a Foreign Language I (4) Fall, Spring. Develops intermediate skills in listening, speaking, reading and writing academic American English in students whose first language is not English. Placement on basis of performance in proficiency tests. No more than four hours from ENG 100 and ENG 101 may be applied toward graduation. Graded S/U.

ENG 101. English as a Foreign Language II (4) Fall, Spring, Develops advanced skills in listening, speaking, reading and writing academic American English in students whose first language is not English. Placement on basis of performance in ENG 100 or proficiency tests. No more than four hours from ENG 100 and ENG 101 may be applied toward graduation. Graded S/U.

ENG 110S. Developmental Writing (3) Summer only. Development of skills in sentence structure, edited American English usage, mechanics, paragraph and short essay construction. Placement through departmental pretesting. Students must complete course and departmental proficiency examination successfully to receive S and to be eligible to enroll in ENG 111; students who receive No Record must enroll in ENG 110. No more than 6 hours from ENG 110S, ENG 110, ENG 111 and ENG 112 may be applied toward graduation. Graded S/No Record.

ENG 110. Developmental Writing (5) Fall. Development of skills in sentence structure, edited American English usage, mechanics, paragraph construction; basic expository writing; emphasis on organizing and developing coherent essay of approximately 600 words for college-educated audience. Placement through departmental pretesting. Student must complete course and departmental portfolio assessment successfully to receive S and to be eligible to enroll in ENG 112; students who receive No Record must enroll in ENG 111. No more than 6 hours from ENG 110, ENG 111 and ENG 112 may be applied toward graduation. Graded S/No Record.

ENG 111. Introductory Writing (3) Fall, Spring. Basic expository writing; emphasis on organizing and developing coherent essay of approximately 600 words for college-educated audience. Placement through departmental pretesting or no record of ENG 110. Students must complete course and departmental portfolio assessment successfully to receive S. No more than 6 hours from ENG 110, ENG 111 and ENG 112 may be applied toward graduation. Graded S/No Record.
Course Descriptions

ENG 112. Varieties of Writing (3) Fall, Spring. Expository writing including research paper, emphasis on analytical writing based on critical reading. Placement through departmental pretesting or successful completion of ENG 110 or ENG 111. Student must complete course and departmental portfolio assessment successfully to receive passing grade. Graded A, B, C/No Record.

ENG 160. Response to Literature (3) Fall, Spring. A general education course emphasizing discussion of humanistic themes based on student responses to readings in fiction, drama, poetry and nonfiction. Not accepted toward English major or minor. Prerequisites: enrolment in or completion of ENG 111.

ENG 200. Introduction to Literature: various topics-Short Story, Literature and Film, Science Fiction, Fantasy, Women in Literature, Black Literature (2,3) Fall, Spring. A general education course with emphasis on humanistic themes and basic literary concepts. Some topics for 2 hours, most for 3. Can be repeated once if topics differ. Not accepted for English major or minor. Prerequisite: enrollment in or completion of ENG 112.

ENG 201. Literature and Writing (4) Fall, Spring. Literary interpretation and criticism of poems, short stories, novels and plays. Study of the literary elements and forms of composition about literature. Extensive expository writing. Required for all English majors/minors before third-year courses. Prerequisite: ENG 112.

ENG 203. Introduction to Literature: various topics-Literature of Laughter, Literature of Growing Up, Literature of Romance, Love, Literature and Art, Literature and Religion, Literature and Science, Literature of War, Literature and the Natural World (3) Fall, Spring. A general education course with emphasis on humanistic themes and basic literary concepts. Can be repeated once if topics differ; no more than six hours of ENG 200/203 may count toward graduation. Not accepted for English major or minor. Prerequisite: enrollment in or completion of ENG 112.

ENG 205. Craft of Poetry (2) Fall. Traditional and contemporary poetry; emphasis on way poetry is made. Required for majors and minors in B.F.A. creative writing program. Prerequisite: ENG 112.

ENG 206. Craft of Fiction (2) Spring. The way fiction works. Impulses creating it, how it turns out. Emphasis on style and form in traditional and contemporary fiction as way of understanding meaning. Required for majors and minors in B.F.A. creative writing program. Prerequisite: ENG 112.

ENG 207. Intermediate Writing (3) Fall, Spring. Work on developing mastery of the rhetorical principles of planning, executing and revising prose. Emphasis on strengthening analytical writing, both expository and argumentative; value for writing on the job. Prerequisite: ENG 112.

ENG 208. Imaginative Writing (3) Fall, Spring. Explorations of the creative process through the writing of poetry and fiction. Emphasis on the means whereby private fantasy is transformed into artistic expression. Open to all students.

ENG 209. Creative Writing Workshop (3) Fall, Spring. Principles of poetic composition and fiction writing; analysis of contemporary models and group discussion of students' work. May be repeated once.

ENG 251. Writing About Films (3) Fall. Same amount of writing as in ENG 207; deals entirely with film theory, films, film scripts, novels on which films are based and film reviews. Equivalent of ENG 207. Prerequisite: ENG 112.

ENG 256. English Literature Survey to 1700 (3) Fall. Major authors in the context of major literary traditions from Anglo Saxon times through the Restoration; introduces historical approach to the study of literature. Prerequisites: any ENG literature course or ENG 112.

ENG 256. English Literature Survey to 1700 (3) Fall. Major authors in the context of major literary traditions from Anglo Saxon times through the Restoration; introduces historical approach to the study of literature. Prerequisites: any ENG literature course or ENG 112.

ENG 256. English Literature Survey, 1700-1900 (3) Spring. Major authors in the context of major literary traditions from the eighteenth century through the Victorian Age; introduces historical approach to the study of literature. Prerequisite: any ENG literature course or ENG 112.

ENG 256. American Literature Survey to the Civil War (3) Fall, Spring. Roots of American literary traditions and growth of national independence of expression: religious, political, philosophical sources of American imagination based on texts of representative writers including Edwards, Paine, Irving, Cooper, Poe, Bryant, Emerson, Thoreau, Hawthorne, Whitman, Melville. Prerequisite: any ENG literature course or ENG 112.

ENG 256. American Literature Survey, Civil War to World War I (3) Fall, Spring. Literary patterns of idealism, skepticism and emergent materialism based on texts of representative writers such as Dickinson, Twain, Crane, Howells, Wharton and Norris; literary movements such as local-colorism, realism and naturalism. Prerequisite: any ENG literature course or ENG 112.

ENG 268. 20th Century Masterpieces of American and British Literature (3) Fall, Spring. Seminal works of modern and contemporary literature, seen in relation to the social and human problems of the age. Prerequisite: any ENG literature course or ENG 112. Not accepted toward English major or minor.

ENG 269. Canadian Fiction (3) Spring. Short stories and novels by leading Canadian authors from English-speaking areas, with major emphasis on recent writers. Titles are chosen to represent the diversity of expression from various regions, with some attention to women's concerns as well as Indian, Eskimo and ethnic views. Prerequisites: any ENG literature course or ENG 112.

ENG 272. Literature of Minorities (3) Fall. Minority literary expression: aims, methods and accomplishments. Prerequisite: any ENG literature course or ENG 112.

ENG 290. Language Study (3) Spring. Aspects of form and style in language: structure, usage, semantics; language change and cultural convention; social and regional dialects. Prerequisite: sophomore standing. Not applicable for state certification requirements. Not a substitute for ENG 390 requirement for English education.

ENG 291. Language Study for Elementary Teachers (3) On demand. Structure of English; emphasis on linguistic basis of reading, spelling, and other language arts concerns. Prerequisites: ENG 112.

ENG 295. Telecourse on Current Topics in English (1-3) On demand. Selected topics within the discipline. Includes departmentally supervised presentations via television complemented by seminars and/or other student-instructor means of interaction on a group or individual basis.

ENG 300. Themes in Literature (3) On demand. Literary treatment of single theme, such as hero and heroine in literature, youth and age, love and death, innocence and experience, war and peace, wealth and poverty, etc. Prerequisite: any ENG literature course and ENG 112. May be repeated once if topics differ.

ENG 301. Shakespeare (3) Fall, Spring. Representative comedies, history plays, tragedies and trapcomedies, and sonnets. Designed for student with no previous Shakespeare courses. Prerequisite: any ENG literature course and ENG 112.

ENG 306. Bible (3) Fall. English Bible as literary classic; its development and influence on literary culture. Prerequisites: any ENG literature course and ENG 112.

ENG 307. Great Books (3) On demand. Books not usually studied in other courses; organized according to topic such as love, war, or death; or according to genre such as fantasy, science fiction, or romance, or according to LeGuin or Tolkien. Prerequisites: any ENG literature course and ENG 112.

ENG 308. Creative Writing (3) Fall, Spring. Imaginative writing, fiction and poetry. Cla
Discussion and individual conferences. Required for creative writing major. Prerequisite: B or better in ENG 209 or permission of instructor. May be repeated once.

ΔENG 310. Multiethnic American Literature (3) Fall, Spring, Summer. Modern and contemporary literatures by visibly ethnic American writers. Themes, literary techniques, other topics at points where these literatures intersect. Prerequisite: ENG 201, 266, or 267.

ΔENG 320. Modern Poetry (3) Fall. English and American poetry and European poetry in translation from 1900 to 1945; writers and works significantly influencing development of poetic forms. Required for creative writing major. Prerequisite: any ENG literature course and ENG 112.

ΔENG 322. 19th-Century American Fiction (3) Fall. Short stories and novels. Includes Poe, Hawthorne, Melville, Twain, James and Crane; minor writers including regional humorists. Prerequisite: any ENG literature course and ENG 112.

ΔENG 323. Modern Fiction (3) Fall. Emphasis on the novel; American and English works as well as works in translation from 1900 to 1945; works which represent development of forms of fiction. Required for creative writing major. Prerequisite: any ENG literature course and ENG 112.

ΔENG 325. Modern Drama (3) Fall. Great plays by Ibsen, Chekhov, Shaw, O'Neill, and others—dramatist's insight into human condition. Prerequisite: any ENG literature course and ENG 112.

ΔENG 330. Contemporary Poetry (3) Spring. Cross section of English and American poetry and European poetry in translation, mostly written since 1945; writers and works representing major trends in development of poetry. Required for creative writing major. Prerequisite: any ENG literature course and ENG 112.

ΔENG 333. Contemporary Fiction (3) Spring. Cross section of American and English fiction and European fiction in translation, mostly written since 1945; works representing major trends in development of fiction. Required for creative writing major. Prerequisite: any ENG literature course and ENG 112.

ΔENG 335. Contemporary Drama (3) Spring. Plays since 1945 by American, British and European dramatists (in translation); new techniques, thematic trends, and aspect of human condition revealed through plays. Prerequisite: any ENG literature course and ENG 112.

ΔENG 342. Children's Literature (3) Fall, Spring. Reading and evaluation of books for children from nursery school through junior high school; novels, folklore, informational literature, poetry and bibliographical sources. Not open to student with credit for LEM 342. Prerequisite: any ENG literature course and ENG 112.

ΔENG 343. Literature for Adolescents (3) Fall, Spring. Reading and evaluation of books for junior and senior high school students; emphasis on fiction; also biography and other nonfiction, folklore, myth, poetry. Prerequisite: any ENG literature course and ENG 112.

ΔENG 380. Introductory English Linguistics (4) Fall, Spring. Structure of English through recent linguistic theories and related topics such as dialects, usage, dictionaries. ENG 290 will not satisfy this requirement for English education. Prerequisite: sophomore standing.

ΔENG 381. Grammar and Writing (3) Fall, Spring. Application of grammatical models (traditional, structural and transformational) to the teaching of writing. Prerequisite: ENG 380.

ΔENG 385. Studies in Literature-Film (3) On demand. Problems in film's relationship to literature; definitions and theory; specific film and literary works. May focus on author, genre or historical period. May be repeated once if topics differ. Prerequisite: any ENG literature course and ENG 112.

ΔENG 388. Introductory Technical Writing (3) Fall, Spring. Application of basic forms of writing for business, industry and government. Requires writing and revising a number of short papers including instructions, definitions, descriptions and reports. Prerequisite: junior standing.

ΔENG 389. Professional Editing (3) Fall. Editing technical, scientific and other professional writing, such as proposals, reports, journal articles, conference proceedings and books. Includes introduction to managing editorial services. Prerequisites: junior standing and permission of instructor.

ΔENG 400. Chaucer (3) Fall. The Canterbury Tales, Troilus and Crises, and such dreamvision poems as The Book of the Duchess and lyrics, in Middle English. Prerequisite: any ENG literature course and ENG 112.

ΔENG 401. Shakespeare II (3) Alternate years. Shakespeare's dramatic technique in tragedy, comedy or history play. Prerequisite: ENG 301.

ΔENG 402. English Medieval Literature (3) Alternate years. Poetry, prose and drama including such works as Beowulf (selection), Pearl, The Wakefield Plays and The Prick of Conscience read in Old and Middle English or in translation. Prerequisite: any ENG literature course and ENG 112.

ΔENG 403. 16th-Century English Poetry and Prose (3) Alternate years. Renaissance literature, including great sonnets, early novels, Spenser's Arthurian epic, Skelton's satires and Marlowe's erotic love poetry. Prerequisite: any ENG literature course and ENG 112.

ΔENG 404. 17th-Century Writers (3) Alternate years. Poetry and prose from 1600 to 1660; Donne, Jonson, Herrick, Herbert, Vaughan and Marvell, Bacon, Browne, Hobbes and Bunyan. Prerequisite: any ENG literature course and ENG 112.

ΔENG 406. English Renaissance Drama (3) Alternate years. English drama (except Shakespeare) before 1642; including Marlowe, Jonson and Webster; reading in antecedent forms and traditions; Prerequisite: any ENG literature course and ENG 112.

ΔENG 407. Writer's Workshop (3) Fall, Spring. Original composition, analysis of contemporary literary models, emphasis on fiction and poetry. For creative writing seniors taking their second workshop, creation of the senior thesis. Prerequisite: B or better in ENG 308 or approval of instructor. May be repeated once.

ΔENG 408. Milton (3) Alternate years. Paradise Lost, Paradise Regained and Samson Agonistes and selected minor poems and prose. Prerequisite: any ENG literature course and ENG 112.

ΔENG 410. English Restoration and 18th-Century Drama (3) Alternate years. Restoration features heroic drama, pathetic tragedy and libertine comedy; 18th century sentimentality and laughing comedy. Stage and theatre design, historical and social background. Prerequisite: any ENG literature course and ENG 112.

ΔENG 411. 18th Century Writers (3) Alternate years. Prose and poetry from Restoration, Augustan and Johnsonian periods; neoclassical and preromantic writers; Dryden, Swift, Pope, Johnson, Boswell. Prerequisite: any ENG literature course and ENG 112.

ΔENG 417. Romantic Writers (3) Alternate years. English poetry and prose from 1789-1832; Blake, Wordsworth, Coleridge, Byron, Shelley, Keats. Prerequisite: any ENG literature course and ENG 112.

ΔENG 418. Victorian Writers (3) Alternate years. Prose and poetry of Carlyle, Mill, Tennyson, Browning, Arnold, the Pre-Raphaelite poets and successors. Prerequisite: any ENG literature course and ENG 112.

ΔENG 419. Modern British Writers (3) Alternate years. British writers from 1900 to 1945: Joyce, Lawrence, Conrad, Forster, Woolf, Yeats, O'Casey, Shaw, Auden.
Prerequisite: any ENG literature course and ENG 112.

ENG 423. Women's Studies in Literature (3) Fall. Topics such as women poets and women novelists, depiction of women in works by men, feminist criticism; primarily British and American writers. May be repeated once if topics differ. Prerequisite: any ENG literature course and ENG 112.

ENG 424. Topics in Multicultural American Literature (3) Fall, Spring. Summer. Literary works by writers from one designated ethnic American culture. In-depth study of significant texts placed in their culturally specific context. May be repeated once if topics differ. Prerequisite: ENG 310.

ENG 430. American Transcendentalism (3) Alternate years. Major writers of Transcendentalist movement and social and philosophical background of their time: Emerson and Thoreau. Prerequisite: any ENG literature course and ENG 112.

ENG 436. Hawthorne and Melville (3) Alternate years. Major works of Hawthorne and Melville and background of the age. Prerequisite: any ENG literature course and ENG 112.

ENG 442. Studies in Children's Literature (3) Alternate years. Problems in children's literature; history, criticism, trends, individual authors, types. Not open to student with credit for LEM 442. Prerequisite: ENG 342 or permission of instructor.

ENG 456. Critical Writing (3) Alternate years. Writing from various critical perspectives such as biographical, textual, psychological, mythical, analytical. Prerequisite: any ENG literature course and ENG 112.

ENG 460. Literature of Genocide and the Holocaust (3). Examination of the literature (including memoir, fiction, drama, poetry, philosophy and history) of genocide, the systematic attempt to destroy an entire ethnic, religious or national group. Specific attention to the Native American, Armenian, Cambodian, Soviet-Stalinist and Nazi genocides. Prerequisite: Any ENG literature course and ENG 112.

ENG 470. Directed Readings in Language and Literature (1-4) Fall, Spring. Advanced student or small group of students to work independently in specialized subject not covered by existing courses. Prerequisites: junior standing; six hours of ENG beyond ENG 112; written description of the proposal, prepared by student and signed by proposed instructor, to be submitted to undergraduate curriculum committee in English prior to end of preceding semester.

ENG 480. Studies in English or American Literature (3) Intensive study of author, literary school, genre or theme. May be repeated once if topics differ. Prerequisite: any ENG literature course and ENG 112.

ENG 481. Advanced English Linguistics (3) Alternate years. Intensive study of topic in English linguistics. Topics announced in advance and vary from section to section and semester to semester. May be repeated if topics clearly differ. Prerequisite: ENG 380 or permission of instructor.

ENG 482. History of English Language (3) Alternate years. Changes in sounds, grammar, usage and meaning from Old English to present. Prerequisite or corequisite: ENG 290 or 380.

ENG 483. Advanced Writing (3) Fall. Expressive, expository and argumentative writing. For anyone interested in developing rhetorical skills such as invention, arrangement and style in discourse. Especially recommended for students who plan to write as part of their careers. Prerequisite: junior standing.

ENG 484. The Writing Process (3) Fall, Spring. Traditional and modern theory and practice of rhetoric and composition; examination of the ways writers gather and organize knowledge, assess their audience, control style and revise.

ENG 485. Writing Film Criticism (3) On demand. Principles and assumptions underlying approaches to film criticism as revealed in commentaries and critiques; application of these principles to writing film criticism. Prerequisite: ENG 201 or ENG 207 or ENG 208 or ENG 251, or permission of instructor.

ENG 488. Technical Writing (3) Fall, Spring. Advanced study of theory and research in documentation. Student produces a proposal for funding and a full-length portfolio-quality manual or report. Prerequisite: ENG 388 or approval of instructor.

ENG 489. Internship in Technical Writing (1-9) Fall, Spring, Summer. Full-time technical writing internship for 15 weeks in industrial publications office under supervision of professional publications director. Available only for students with exceptional skill in technical writing, with approval and recommendation of technical writing staff. Prerequisites: ENG 488 and approval of technical writing staff. Graded S/U.

ENG 495. Honors Reading (3). For superior major or minor who wants to pursue common studies determined by interests of group looking toward granting of honors in English. Prerequisite: consent of instructor.

ENG 498. Senior Project Tutorial (3) Fall, Spring. Student selects faculty member to guide work on topics such as major author, theme, period, genre or linguistics. Research and writing to produce a scholarly essay of approximately 25 pages. Prerequisite: 20 hours of English beyond ENG 112. Credit may not be received for both ENG 498 and 499.

ENG 499. Senior Thesis Workshop (3) Fall, Spring. Workshop on research techniques and writing designed to assist students to produce a scholarly essay of approximately 25 pages. Credit may not be received for both ENG 498 and 499. Prerequisite: 20 hours of English beyond ENG 112.

Environmental Health (ENVH)

ENVH 210. The Global Commons: International Perspectives on Environmental Health and Protection (3) Spring. An examination of environmental conditions throughout the world, and how culture affects response to and perceptions of environmental conditions. Prerequisites: ENG 112 or equivalent.

ENVH 301. Public Health and Sanitation (3) Fall. Assessment of public health in the community. Institutional inspection techniques, communicable disease control, solid waste disposal and prevention of food-borne disease. Three hours lecture. Prerequisite: BIOL 204.

ENVH 302. Industrial Hygiene (4) Fall. Basic concepts in ergonomics, noise, vibration, temperature and radiation. Protection from chemical and biological agents. Three hours lecture, three hours lab. Prerequisites: CHEM 127, 128 or 137, 138, PHYS 201 or 211 or instructor's consent.

ENVH 304. Air Quality Control (4) Fall. Principles of air quality control. Sampling and analysis methods; pollution sources and control strategies. Three hours lecture, three hours lab. Prerequisites: CHEM 127, 128, PHYS 201 or instructor's consent.

ENVH 307. Occupational Safety (4) Spring. Recognition of occupational hazards, including safety practices, fire prevention, material handling, machine guarding and personal protective equipment.

ENVH 308. Industrial Ventilation (2) Fall. Principles of ventilation. Design and evaluation of general dilution and local exhaust systems. One hour lecture, three hours lab. Prerequisites: PHYS 201, MATH 120 & 129 or 130.

ENVH 403. Principles of Water Quality (4) Fall. Properties of water and biological, chemical and physical pollutants. Relationship between use and quality. Management strategies. Three hours lecture, three hours
lab. Prerequisites: CHEM 127, 128 or 137, 138; BIOL 205 or instructor's consent.

ENVH 404. Water Supply and Pollution Control (4) Spring. Examination of water sources, requirements and treatment for potable use, and wastewater treatment and disposal. Three hours lecture, three hours lab. Prerequisites: ENVH 403 or instructor's consent.

ENVH 407. Environmental Toxicology (3). The measurement, effects and mechanisms of toxicity on human health and the environment. Use of toxicology in environmental risk assessment and risk management. Prerequisite: CHEM 306.

ENVH 470. Special Problems in Environmental Health (1-4) Fall, Spring, Summer. Student designs and carries out study or special project in area of interest. Prerequisite: program director's permission. May be repeated.

ENVH 491. Practicum (1-4) Fall, Spring, Summer. Experience working under supervision in selected environmental, public health or health planning agencies or industries with environmental health units; emphasis on practice rather than observation. Prerequisites: instructor's permission, at least junior status. Graded S/U. May be repeated up to 4 hours.

ENVH 492. Comprehensive Environmental Health Practices (3). A capstone course for integrating environmental health principles into practical application. Dissemination and examination of internship research will also be considered. Prerequisite: ENVH 491.

Environmental Studies (ENVS)

ENVS 101. Introduction to Environmental Studies (3) Fall, Spring, Summer. Overview of environmental principles and concepts. Students consider contemporary environmental issues as they relate to the quality of life. Topics of environmental concern are used to develop skills in evaluation, analysis and historic responses are examined through research and review of source materials. Emphasizes a synthesizing, multidisciplinary team approach to problem solving.

ENVS 400. Special Topics in Environmental Studies (1-3) Fall, Spring, Summer. Selected topics and subject areas in environmental studies. Offered on demand to cover current environmental issues. Prerequisite: consent of instructor. Can be repeated once for maximum of 6 credits, if topics differ.

ENVS 401. Environmental Strategies (2) Fall, Spring. Investigation of the strategies used by various organizations, institutions and government agencies relating to current environmental issues. Models, games and simulation exercises are developed to illustrate different strategies which may be used to address such concerns as toxic substances, water resources, pesticides, land and energy use.

ENVS 402. Environmental Impact Statements (3) Fall, Spring. History, philosophy and legal authority for environmental impact statements and assessments. Specific documents are analyzed and the development of evidential information and techniques for environmental arbitration are included. Practice in writing an environmental impact statement is given using one or more current issues as a focus.

ENVS 403. Geographic Information Systems (4) Fall. Collection, manipulation, integration and automated display of spatial data from various disciplines with particular emphases on environmental geology, resource management, and geographic analysis. This course is also listed as GEOL 403.

ENVS 412. Great Lakes Ecosystems (3) Fall. An interdisciplinary study of Great Lakes ecosystems with emphasis on history, development, natural resources, environmental concerns, transboundary issues and the potential for international cooperation.

ENVS 470. Readings/Research in Environmental Studies (1-3) On demand. Independent readings or research on topics of current or specialized interest in environmental studies. May include library, laboratory or field work. Prerequisite: consent of instructor. May be repeated to a maximum of six hours. Graded S/U.

ENVS 489. Internship (1-3) On demand. Applied experience for students in environmental programs. Specific proposal and approval of undergraduate adviser and supervising instructor required prior to enrollment. May be repeated to a maximum of six hours. Prerequisites: junior standing and 2.5 GPA. Graded S/U.

Environmental Technology (ENVR)

ENVR 421. Industrial Pollution Control (3) Spring. Air and Water pollution control regulations as they apply to industry. Functioning and selection of parameters of industrial pollution control equipment and selected case studies. Materials fee.

ENVR 490. Problems in Industrial Environment Technology (1-3) On demand. For advanced students wanting to conduct intensive study of selected problems in industrial environment technology. Prerequisite: consent of college. Materials fee. Graded S/U.

Ethnic Studies (ETHN)

ETHN 101. Introduction to Ethnic Studies (3) Fall, Spring, Summer. Introduction to the discipline of ethnic studies, including methods and approaches to studying major ethnic groups in the United States.

ETHN 110. Introduction to Latinos in the United States (3) Fall, Spring. Latino experience in the United States; cultures, life experiences and the limited political, educational, socio-economic opportunities of this minority.

ETHN 120. Introduction to Black Studies (3) Fall, Spring, Summer. Introduction to the black experience with special emphasis upon but not limited to the cultural experience of the United States.

ETHN 130. Introduction to Asian American Studies (3) Fall. Similarities and differences of the various components of the "Asian American" category with reference to their individual histories and collective situation from the 19th century to the present.

ETHN 140. Introduction to European American Studies (3) Fall, Spring. Immigration experience of several European groups in the U.S. and their cultural adaptation thereafter. Specific groups to be studied might be Irish, Polish, Italian, Jewish and German Americans.

ETHN 160. Introduction to Native American Studies (3) Fall. Introduction to Native America; culture, language, origin myth, subsistence activities, political organization, kinship patterns, and religion.

ETHN 210. Chicano in the United States (3) Fall, Summer. The Mexican-American culture and its place in U.S. society. Topics include family, immigration, religion and others.

ETHN 211. History of Mexican Americans (3) Spring. History of Mexican Americans from the Texas Revolution, Mexican American War to the present.

ETHN 260. Contemporary Issues in Native America (3) Fall. Examines selected contemporary issues in Native America; migration and urbanization, reservation economic development, activism and native land, water, fishing and hunting rights, education, religious freedom, self-determination and sovereignty.

ETHN 300. Topics in Ethnic Studies (3) Fall, Spring, Summer. On demand. Special ethnic topics of interest to students provided as a part of regular offering.

ETHN 301. Ethnicity in the United States (3) Fall, Spring, Summer. Advanced study of the methods and approaches of the discipline of ethnic studies by focusing on contemporary issues and comparative theories of ethnicity. Prerequisite: Any 100-level ETHN course.

ETHN 302. Women of Color in the United States (3) Fall, Spring, Summer. An overview of female experience in U.S. society, highlighting that of women of color, with emphasis on diversity. Study of changes in women's status, the cultural and material constraints that continue to limit women, and their responses to these barriers.

ETHN 303. Ethnicity and Popular Stereotypes (3) Spring. Stereotyping based upon ethnic identification. Stereotyping of ethnic groups in novels, films and by the media in general.

ETHN 304. Ethnicity and Creative Writing (3) Spring, Fall. A writer's workshop focusing on the interaction between processes and strategies of creative writing and issues of ethnicity. Students create a portfolio of original writing which may include one or a combination of stage play, film/television, fiction, poetry, essays, reviews, etc.

ETHN 305. Qualitative Research Methods (3) Spring. Emphasizes conducting qualitative modes of research in racial and ethnic communities, including multicultural-responsive research practices.

ETHN 310. Mexican Culture (3) Spring. The culture of Mexico in the 20th century with emphasis on economics and the national experience as reflected in the family, religion, arts and other select facets of the culture.

ETHN 311. Origins of Latino Culture (3) Fall, Spring. Origins of Latino culture and its contributions to art and folklore.

ETHN 321. Novels of Black Liberation (3) Spring, Summer. Artistic, historical, social and cultural influences on the new world contemporary black novel.

ETHN 330. Introduction to Asian-American Writing (3) Fall, Spring. A survey course on important texts by Asian-American writers based on genres, themes, and historical problems. A comparative approach will contextualize the texts in their sociohistoric conditions.

ETHN 351. International Perspectives on Women (3) Spring. An introduction to the lives and concerns of women around the world. Addresses the impact of the global order on women's day-to-day existence.

ETHN 360. Ethnicity and Native American Identity (3) Spring. Examines the transformations of the tribe by looking at the process and content of Native American Ethnic reorganization and its impact on the formation of a Native American Panethnic identity.

ETHN 361. Native American Women (3) Spring. Examines the social, political, economic, and spiritual lives of Native American Women of various tribal nations in their traditional and contemporary aspects.

ETHN 395. Workshop on Current Topics (1-3) Fall, Spring, Summer. Comprehensive study of America's ethnicity with special emphasis upon the represented ethnic groups in northwest Ohio.

ETHN 400. Senior Project (3) Fall, Spring, Summer. Directed individual research concerning issues in ethnic studies, resulting in a research paper. Prerequisites: senior status, ethnic studies major or minor, permission of Instructor, and approval of department.

ETHN 410. Mexican-American Social Thought (3) Spring. The development of the Mexican philosophical thought as related to the Chicano ideologies, their significant parallels within their contemporary periods and institutions.

ETHN 420. The Ethnicity of Baldwin and Achebe (3) Spring. The ethnic dimensions of James Baldwin and Chinua Achebe.

ETHN 470. Readings in Ethnic Studies (1-3) Fall, Spring, Summer. Individual extensive readings in consultation with instructor in fields of special interest. May be repeated. Prerequisite: consent of instructor. May or may not partially fulfill group requirements.

ETHN 480. Seminar in Ethnic Studies (3) Fall, Spring, Summer. Specific content areas offered depends on demand and interest of staff. May be repeated three times. Prerequisite: consent of instructor. May or may not partially fulfill group requirements.

ETHN 499. Field Study in Ethnic Studies (1-12) Fall, Spring, Summer. Placement of students in a variety of agencies or businesses, which are relevant to the study of ethnicity or research/study outside of Bowling Green. Prerequisites: junior standing; 6 hours of upper division ETHN courses relevant to the study; and permission of instructor. Graded S/U.

Family and Consumer Sciences (FCS)

FCS 100. Professional Perspectives (1) Spring. Integrative focus to discipline of family and consumer sciences. Contemporary issues, pertinent resources, career options, professional leaders, organizations. Recommended for all majors. First eight weeks of semester (II). Graded S/U.

FCS 195. Telecourse on Current Topics in Family and Consumer Sciences (1-3) On demand. Selected introductory topics; departmentally supervised presentations via television complemented by seminars or other student-teacher interaction in groups or individually.

FCS 205. Resource Management (3) Fall, Spring. Effects of values and philosophy on decisions regarding family resources: time, energy, knowledge, money, skills and attitudes in achieving family goals. Utilization of human and material resources in the family management system.

FCS 250. Foundations of Family and Consumer Sciences (3) Fall, even years. Family and consumer sciences: the profession, the role of the educator and understanding students; development of educational strategies including peer teaching through field and clinical experiences. One hour of seminar and three hours of experience in a professional setting. C/F hrs.: 50.

FCS 295. Telecourse on Current Topics in Family and Consumer Sciences (1-3) On demand. Selected advanced topics; departmentally supervised presentations via television complemented by seminars or other student-teacher interaction in groups or individually.

FCS 311. Family Resource Management (3) Spring, even years. Integration and application of concepts; processes and principles of family resource management within household environment. Four hours lecture/lab plus arranged. Prerequisites: FCS 205 and F&N 307. Lab fee.

FCS 353. Organization and Teaching in a Vocational Job Training Program (3) Spring, even years. Techniques of teaching, occupational analysis, curriculum planning and supervision of cooperative education in school programs and in vocational and technical schools. No S/U grade for family and consumer sciences education majors. Prerequisites: FCS 250; FCS 352 prerequisite or concurrent. C/F hrs.: 20.
FCS 354. Curriculum Management in Family and Consumer Sciences (2) Spring, odd years. Field experience and coordinated seminar examining curriculum management as it differs in urban, suburban or rural schools. No S/U grade for family and consumer sciences education majors. Arrangements made in consultation with family and consumer sciences education faculty. Prerequisite or corequisite: FCS 352. C/F hrs.: 45.

FCS 389. Supervised Field Experience (1-5) Fall, Spring, Summer. Supervised work experience of diversified nature in approved field site. Contact hours and specific requirements obtainable from authorized family and consumer sciences faculty members in the specialized areas. May be repeated. Prerequisite: consent of department. Graded S/U.

FCS 395. Workshop on Current Topics (1-3) On demand. Intensive educational experience on selected topics related to skill development, content update or materials development. Typically, an all-day or similar concentrated time format used. May be repeated on approval of adviser. Some workshops require transportation.

FCS 405. Family and Consumer Economics (4) Fall. Families' financial planning; conditions as they affect consumer decisions in relation to patterns of living, income and goals. Not open to students with credit for CSE 240.

FCS 470. Independent Study (1-3) Fall, Spring, Summer. For advanced students who want to conduct intensive study of selected problems in family and consumer sciences. For undergraduate credit only. Prerequisite: consent of department chair.

FCS 480. Seminar in Family and Consumer Sciences (1-3) On demand. In-depth examination of topics in family and consumer sciences not covered by existing coursework. Repeatable once. Undergraduate credit only. Some seminars require transportation and/or lab fee.

FCS 489. Internship. (5-12) Fall, Spring, Summer. Internship in a professional environment. Work settings are approved on an individual basis. May be repeated. Graded S/U.

FCS 497. Student Teaching (1-10) I. Vocational family and consumer sciences classroom teaching at the secondary level under supervision on full-day basis. Conferences and seminars supplement program. Fee: $5 per credit hour. College/program eligibility requirements must be met. C/P hrs: 300. May be repeated. Graded S/U.

Finance (FIN)

FIN 400. Personal Finance (3) Fall, Spring. For non-business majors. Personal financial management; borrowing sources and costs; auto, property and life insurance; homeownership financing; personal investment strategy, and long-range personal financial planning. No credit allowed toward BSOA degree.

FIN 300. Business Finance (3) Fall, Spring, Summer. Acquisition of assets and funding in business enterprise. Fundamentals of financial analysis, working capital management, and investment and financing decision-making. Prerequisite: ACCT 222, ECON 202, MIS 200 or equivalent, and STAT 212 or equivalent.

FIN 320. Corporate Pure Risk Management (3) Fall, Spring. Methods and alternatives for managing pure risk exposure. Theory underlying approaches to eliminating, reducing, retaining and transferring pure risk from management's perspective is discussed. Topics covered: insurance (business interruption, commercial property, group health, group life, liability), physical risk management, self funding, workers compen­sation, social security, and employee benefits.

FIN 330. Investment Analysis (3) Fall, Spring, Summer. Security evaluation theory. Presentation of the functions and operations of securities markets, appraisal of investment risks of specific securities; valuation and suitability of specific securities for investment; appropriateness of securities for inclusion in investment portfolios. Prerequisite: grade of C or better in FIN 300.

FIN 340. Financial Markets (3) Fall, Spring. Nature and function of money and capital markets, with emphasis on interest rate determination and forces shaping structure of financial markets, including issues of regulation and control. Prerequisite: ECON 203 and grade of C or better in FIN 300.

FIN 350. Corporate Finance (3) Fall, Spring, Summer. Advanced practices of financial management are developed. Financial models used in decision-making and their application to major areas of business finance are emphasized. Prerequisite: grade of C or better in FIN 300.

FIN 410. International Financial Management (3) Fall, Spring. An extension of financial management to the international arena. Topics covered include foreign exchange markets, currency futures and options markets, comparative equity and bond markets, international short term and long term asset management. Prerequisite: grade of C or better in FIN 300.

FIN 425. Insurance Company Operations (3) Fall, Spring. Operations and organization of insurance companies. Topics covered include financial statements, financial statement analysis, regulation, job functions, premium investment management, and risk diversification. Prerequisite: grade of C or better in FIN 320.

FIN 435. Investment Management (3) Fall, Spring. Applications of security analysis and portfolio management. Extended discussion of topics in both security analysis and portfolio theory, applied security analysis and development and management of investment portfolios. Prerequisite: grade of C or better in FIN 330.

FIN 445. Bank Management (3) Fall, Spring. Management of banking fund sources and their allocation among reserves, loans, and investments; and their impact on bank liquidity and profitability. Depositors' services, and credit and lending analysis practices. Prerequisite: grade of C or better in FIN 340.

FIN 447. Real Estate Management (3) Summer. Investment decision making in land resource use, appraisal and investment analysis. Real estate location, markets, property rights, financing, taxation and valuation. Accepted by Ohio Real Estate Commission as one of four required courses for licensing exam. Prerequisite: grade of C or better in FIN 340.

FIN 455. Financial Management (3) Fall, Spring. The case method is used to apply decision-making procedures to realistic problems in financial management. Prerequisite: grade of C or better in FIN 350.

FIN 491. Studies in Finance (1-3) On demand. In-depth study of selected areas. Offered to individual students on lecture, seminar, or independent study basis, depending on student needs and nature of material. May be repeated to six hours. Prerequisite: permission of instructor and chair. Graded S/U.

Foods and Nutrition (F&N)

F&N 207. Nutrition, Health and You (3) Fall, Spring, Summer. Application of fundamental nutrition principles in selecting diets for optimal health. Discussion of current nutrition concepts and controversies, including world hunger.

F&N 210. Fundamentals of Food Science (3) Fall. Art and science of foods. Specific food science principles reinforced by actual preparation of foods. Two hours of lecture and three hours of lab. Lab fee.

F&N 212. Meal Service Management (3) Fall, Spring. Management of available resources for planning, organization, preparation and service of family and commercial type meals. Controls in purchasing, receiving, storage and costing. One hour of lecture and four hours of lab. Prerequisite: F&N 210. Lab fee.

F&N 230. Professional Catering Techniques (3) Spring only, odd years. Techniques of preparation and presentation germane to food service catering specialists. Laboratory fee. Prerequisite: F&N 210 or equivalent. Professional liability insurance required.

F&N 310. Nutritional Assessment and Patient Instruction (3) Spring. Methods for evaluating nutritional status of individuals
and population groups, and techniques used in diet instruction. Methods of quality assurance, program evaluation, laws, regulations and standards affecting dietetic practice. Two hours lecture and one three-hour lab. Prerequisite: F&N 207, CHEM 306 or consent of instructor. Lab fee.

F&N 336. Foods of Other Cultures (2) Fall odd years. Geographic, economic, political, religious and cultural influences on dietary patterns in selected regions of the world. Includes a variety of experiences with cultural and ethnic foods. One-hour lecture, one two-hour lab. Lab fee.

F&N 331 Quality Food Production (3) Fall, Spring. Planning and service of quantity foods for institutions and restaurants. Menu planning, purchasing, production scheduling, recipe standardization, receiving, storage and issuing. Two hours lecture, three hours clinical experience. Prerequisite: F&N 210 or consent of instructor. Professional liability insurance required.

F&N 333. Evaluation of Foodservice Facilities Layout and Equipment (3) Fall even years. Interpretation and evaluation of layout, design and space requirements of contemporary foodservice facilities. Includes development of work analysis, prospects, equipment requirements, atmosphere and work environments for efficient utilization of human and monetary resources. Two hours lecture, one two-hour lab.

F&N 335. Principles and Practice of Food Production (3) Fall odd years. Principles involved in identification and prevention of the causes of food contamination. Public health regulations and microbiologic control measures in various food service operations. Could lead to Education Foundation Sanitation Certification. Three hours lecture.

F&N 431. Experimental Foods (3) Spring. Experimental methods of quality control and product development. Scientific reasoning applied to the methods of food preparation. Subjective and objective evaluation criteria will be practiced. Two hours lecture and three hours of lab. Prerequisites: F&N 210, CHEM 306 or consent of instructor. Lab fee.

F&N 433. Principles of Foodservice Management (3) Spring. Management principles and procedures in institutional or commercial food services. Selection, training and supervision of personnel, food procurement, production and marketing. Clinical practicum. Two hours lecture and two hours of clinical experience. Prerequisite: F&N 351 or consent of instructor. Professional liability insurance required.

F&N 434. Diet Therapy (3) Fall. Diseases and dietary modifications they necessitate. Determination of rationale for inclusion or exclusion of specific foods in prescribed diet; clinical dietician's roles. Two hours of lecture and four hours of clinical experience. Prerequisite: F&N 432. Professional liability insurance required.

F&N 435. Nutrition for Infants and Young Children (3) Fall. Nutrition of infants and children in health and disease, from prenatal period to adolescence. Two hours of lecture and two hours of lab. Prerequisite: F&N 207. Professional liability insurance required.

F&N 436. Nutrition for the Aging (3) Spring. Psychological, physiological and socio-economic factors affecting dietary practices and nutritional needs of the elderly in group and individual situations. Two hours of lecture and two hours of clinical experience. Prerequisites: F&N 207 and BIOL 332, or consent of instructor. Professional liability insurance required.

F&N 437. Advanced Foodservice Management (3) Fall. Management application to the unique aspects of the foodservice industry. Organizational leadership, employee motivation, legal aspects of the industry. Involves role playing, case studies, problem solving techniques. Prerequisite: FCS 489 or consent of instructor. Lab fee.

F&N 440. Research Methods in Nutrition, Foods and Dietetics (3) Fall. Methods in research design, data analysis and presentation. Techniques in dietetics, nutrition, foods, foodservice management and clinical studies. Preparation of research proposals, evaluating published research and ethical issues. Two hours lecture, three hours lab. Prerequisites: F&N 310, BIOL 332 and MATH 115 or equivalent. Lab fee.

French (FREN)

Students who had French in high school should attend the placement session during preregistration or contact the department prior to enrollment in a course. Credit will not be given for courses work more than two levels lower than the highest level completed in high school, unless authorized by the chair of the department.

FREN 101. Elementary French (4) Fall, Spring. Beginning oral-aural study; attention to grammar. Four class periods and scheduled oral practice each week.

FREN 102. Elementary French II (4) Fall, Spring. FREN 101 continued. Four class periods and scheduled oral practice each week. Prerequisites: FREN 101 or one year of French in high school.

FREN 201. Intermediate French I (3) Fall, Spring. Grammar review; development of the four skills. Three class periods and laboratory practice each week. Prerequisite: FREN 102 or two years of French in high school.

FREN 202. Intermediate French II (3) Fall, Spring. FREN 201 continued. Three class periods and scheduled laboratory each week. Prerequisite: FREN 201 or three years of French in high school.

FREN 211. French Cultural Series III (3) Fall, Spring. Development of reading comprehension in French using cultural materials concerning France and Francophone areas. Conducted in English. Prerequisite: FREN 102 or two years of French in high school. Cannot be taken for credit if 201 credit has been received.

FREN 212. French Cultural Readings IV (3) Fall, Spring. Development of reading comprehension in French using cultural and/or literary materials. Reading in French or Francophone texts. Conducted in English. Prerequisite: FREN 201 or three years of French in high school. Cannot be taken for credit if 202 credit has been received.

FREN 284. French Canadian Life Through Literature (3). Selected authors studied in translation. Use of a socio-critical approach enables students to discover the particularity in the French Canadian expression of the American experience.

FREN 350. Problems in Translation (3). Practical work in translilngual rendering of expository texts, stressing vocabulary building and critical reading. Prerequisite: FREN 202 or 212.

FREN 351. French Composition and Conversation I (3) Fall. Intensive grammar review for development of oral and written skills. Prerequisite: FREN 202.

FREN 355. French Linguistics (3) Fall. Sound system and grammatical structures of modern French; practical application. Prerequisite: FREN 202.

FREN 361. Introduction to French Literature I (3). Development of major trends in French literature from the Middle Ages to 1850. Introduction to techniques of literary analysis. Prerequisite: FREN 202; FREN 351 or 352 strongly recommended.

FREN 362. Introduction to French Literature II (3). Development of major trends in French and Francophone literature since 1850. Introduction to techniques of literary analysis. Prerequisite: FREN 202; FREN 351 or 352 strongly recommended.
FREN 371. French Civilization I (3). Political, social, intellectual, artistic life of French people from prehistoric times to Industrial Revolution; study of geographic and ethnic divisions. Prerequisite: FREN 202.

FREN 372. French Civilization II (3). FREN 371 continued; political, social, intellectual, artistic life of modern France and Francophone areas. Prerequisite: FREN 202.

FREN 389. Contemporary Touraine (3) Summer. Individual research projects culminating in term paper dealing with some aspect of region of Touraine. Prerequisite: FREN 202. Offered only abroad.

FREN 444. French Film (4). Overview of French film history; film as reflection of society; introduction to "auteur" criticism and semiotics. Film in French and subtitles. English and French discussion sections. Prerequisite 300/400 literature/culture course or permission.

FREN 451. Advanced Composition and Conversation (3). Development of fluency and accuracy in written and oral skills at an advanced level. Prerequisite: FREN 351 or 352.

FREN 453. Advanced French Dictation (3). Continued study of pronunciation, stress and intonation. Prerequisite: FREN 351 or 352.

FREN 458. Career French I (3). Terminology used in commercial operations, economics, international trade; emphasis on business correspondence; some translation. Prerequisite: FREN 351 or FREN 352.

FREN 459. Career French II (3). Advanced study of the economic and administrative structures in France and in Francophone areas, with intensive concentration on related technical language. Prerequisite: FREN 458.

FREN 470. Independent Readings in French (1-3). Readings for the advanced student who wishes to study a particular author or period, or problem in language or civilization. Prerequisite: consent of department chair and instructor.

FREN 484. Nineteenth Century French Literature (4). Literature of France of the nineteenth century, including Romanticism, Realism and Naturalism. Prerequisite: FREN 361 or 362.

FREN 488. French Literature: Advanced Studies (3). Intensive study of author, literary school, genre or a selected theme. May be repeated if topics clearly differ. Prerequisite: FREN 361 or 362.

Geography (GEOG)

GEOG 121. World Geography: Eurasia and Africa (3) Fall, Spring. Geographical analysis of selected topics in Asia, Africa and Europe. Ecological aspects of cultural, political and economic problems. Open only to freshmen and sophomores.

GEOG 122. World Geography: Americas and Pacific (3) Fall, Spring. Geographical analysis of selected topics in the Americas and Pacific world. Ecological aspects of cultural, political and economic problems. Open only to freshmen and sophomores.

GEOG 125. Weather and Climate (3) Fall, Spring. Atmospheric elements and controls; earth-sun relationships, weather components, weather prediction, and climatic types and distribution. Two one-hour lectures, one-hour demonstration-discussion.

GEOG 126. Vegetation and Soils (3) Fall. Physical geography; distribution and classification of vegetation and soil types using maps and profiles. Two one-hour lectures, one-hour discussion-demonstration.

GEOG 213. Meteorology (3) Fall, Spring. Physical processes of atmosphere and relationships to daily weather patterns. Two one-hour lectures, one two-hour laboratory.

GEOG 225. World Economic Geography (3) Fall, Spring. Ways in which people have developed natural and human resources to meet economic needs which result in different economic patterns and landscapes.

GEOG 230. Cultural Geography (3) Fall, Spring. Geographic influences upon population distribution, religion, dietary patterns, economics, others.

GEOG 300. Topics in Geography (3) On demand. Experimental courses considered part of regular offering.

GEOG 303. Severe Weather (3) Fall. Occurrence, cause and hazards of blizzards, surface cyclones, hurricanes, severe thunderstorms, tornadoes, lightning, hail, floods, droughts and unusual weather patterns.

GEOG 312. Geography of Marketing (3) On demand. Geographical study of marketing concerned with the spatial nature of commerce examined on the macro- and microscales. Theoretical and applied research are used to examine different area contexts, tertiary economic activities, and targeted populations.

GEOG 321. Cartography and Map Communication (3) Fall or Spring. Practical map planning and construction, and production; thematic mapping; basic cartographic theory; and computer application. Two hours of lecture and two hours of lab.

GEOG 323. Research Methods (3) On demand. Geographic research techniques; quantitative methods of describing and analyzing spatial distributions.

GEOG 325. Population Geography (3) Spring. Spatial analysis of size, distribution, density, migration, age-sex composition, and dynamic factors of change in major world population regions and sub-regions.

GEOG 326. Environment and Aging (3) Spring. The development of services and facilities which enhance the ability of older persons to function in their environment; particular emphasis on the impacts of housing and transportation on the lives of older persons.

GEOG 327. Delivery of Social Services: Geographic Perspectives (3) Alternate years. Delivery of social services to subnational geographic areas; design and monitoring of delivery systems by examining specific social programs and problems, as those related to poverty, crime, health and elderly.

GEOG 331. Principles of Conservation Ecology (3) Fall or Spring. Principles necessary in considering environmental problems and application to various aspects of conservation; interdisciplinary approach combining social, biological and physical sciences.

GEOG 333. Geography of Recreation and Tourism (3) Fall. Spatial aspects of outdoor recreation; assessment of present and future recreational resources; space for urban and rural areas, accessibility of these resources, governmental policies and tourism.

GEOG 334. Geography of Diseases (3) On demand. Past and present spatial distribution of diseases; cultural and environmental impacts in distribution, transmission and causes of diseases in different regions of the world.

GEOG 335. Geography of Human Migrations (3) On demand. Causes and consequences of selected historical and contemporary human migrations, both international and internal; spatial analysis of characteristics of migration streams and places of origin and destination.
GEOG 337. American Indian (3) Fall. Past and present spatial aspects of native American population in United States and Canada; distributions, migrations, economies, land tenure, cultures, art, rural-urban settlement, impact upon cultural and physical landscapes.

GEOG 341. Soviet Union (3) Spring. Description and interpretation of geographic factors related to present development.

GEOG 342. United States and Canada (3) On demand. Problems and factors influencing the development of the U.S. and Canada.

GEOG 343. Europe (3) On demand. Environments, cultures, utilization of resources, problems of development and future opportunities in European countries.

GEOG 344. Eastern Asia (3) On demand. Problems and factors influencing development of countries of eastern Asia; emphasis on China and Japan.

GEOG 345. Southern and Southeast Asia (3) On demand. Countries extending from Philippine Islands to Pakistan; different cultures; utilization of resources, future opportunities and problems of development.

GEOG 346. Middle East (3) On demand. Contemporary problems of Middle East; petroleum development and impact on society, food needs, population problems, and spatial characteristics of religious and linguistic groups.

GEOG 348. Latin America (3) Fall. Problems related to contemporary development of societies of Latin America.

GEOG 351. Ohio (3) Fall. Historical, physical, economic and social problems related to development of Ohio.

GEOG 400. Special Topics in Geography (3) On demand. Experimental courses considered part of regular offering.

GEOG 402. Regional Economic Geography (3) On demand. Problems of subnational area unite in county and regional planning, poverty pockets, delivery of services; emphasis on individual projects.

GEOG 404. Climatology (3) Fall or Spring. Fundamentals and applications; drought, water resources, human comfort, health, architecture, short- and long-term climatic changes.

GEOG 411. Theoretical Cartography (3) Alternate years. Analysis of cartographic research. Four hours per week; two hours lecture or discussion and two hours of laboratory. May be repeated once upon consent of instructor. Prerequisite: GEOG 321 or consent of instructor.

GEOG 412. Use and Interpretation of Aerial Photographs (3) Fall. Sources, types, characteristics, uses and limitations of aerial photographs. Training in use of standard equipment for stereoscopic viewing and height measurement.

GEOG 413. Introduction to Remote Sensing (3) Spring. Principles and procedures used to obtain information about natural and cultural features through imagery derived from photographic, multispectral, thematic mapper and side-looking airborne radar sensor systems.

GEOG 422. Computer Mapping (3) Spring. Map construction and display of geographical data using the computer. Prerequisite: CS 101 or consent of instructor.

GEOG 424. Geographic Information Systems (4) Fall or Spring. Collection, manipulation, integration and automated display of data with emphasis on geographic/spatial analysis. Three hours of lecture and three hours of lab. Prerequisite: GEOG 321 or 422 or consent of instructor.

GEOG 426. The American City (3) Fall. Internal organization of cities. Ecological and land use problems, ghetto development, urban-economic base, urban sprawl and intra-urban delivery of services.

GEOG 433. Soil Classification and Mapping (3) On demand. Classification of soils; use of soil survey equipment; preparation of soil type, slope and erosion maps of assigned areas. Prerequisite: GEOG 126 or permission of instructor.

GEOG 435. Political Geography (3) Fall. Study of political features and processes from a geographical perspective. Issues include land use planning, zoning, electoral patterns, and geopolitical relationships of countries.

GEOG 436. Topics in Community and Area Development (3) Alternate years. Field analysis of various problems and topics of urban and rural areas. Prerequisite: GEOG 402 or GEOG 422 or consent of instructor.

GEOG 442. Conservation: Resources and Regional Development (3) On demand. Problems of area development in relationship to cultural, economic and physical resources; obstacles to present development, needed changes and potentials for future growth.

GEOG 455. Global Atmospheric Problems (3) On demand. Interrelationships between humans and atmospheric environments; implications of air pollution, acid rain, snow, floods, drought, temperature extremes and global warming. Prerequisites: GEOG 125 and either GEOG 213 or 303.

GEOG 457. Global Water Resources (3) Spring. Analysis of the earth's water resources, surface water systems (drainage basins, rivers, lakes, reservoirs), distribution, supply demand, quality and hydrologic extremes. Prerequisite: GEOG 125 or consent of Instructor.

GEOG 459. Topics in Physical Geography (3) On demand. Selected aspects of physical geography.

GEOG 475. Agriculture and Rural Development (3) On demand. Changes and trends in availability, production and consumption of food resources; rural problems such as pollution, zoning, recreation and future uses of rural areas.

GEOG 489. Internship (3) Fall, Spring. Provides practical experience in applied geography, such as land use planning; urban and rural planning; recreational, regional and environmental planning; and location of industrial, commercial and health service facilities. May be repeated. Only six hours may be applied to GEOG major or minor; additional hours are for general electives. Graded S/U.

GEOG 490. Special Problems in Geography (1-3) On demand. Readings and research on varied topics to suit needs of student.

Geology (GEOL)

GEOL 100. Introduction to Geology (3) Fall, Spring, Summer. The earth; physical and historical geology; including economic, social and environmental aspects. Not open to geology majors and minors. Credit not given for GEOL 100 and GEOL 101 or GEOL 104.

GEOL 101. Earth Science (3) Survey of earth's geology, oceanography, meteorology and place in the universe. Credit not given for GEOL 101 and GEOL 100 or GEOL 104.

GEOL 104. Earth Environments (4) Introduction to the science of geology. Relationship of man to physical environment of the earth and its natural resources. Three lectures and one two-hour laboratory. Credit not given for GEOL 104 and GEOL 100 or GEOL 101. Lab fee.

GEOL 105. Time, Life and Man (4) Introduction to the origin, evolution and extinction of major fossil groups in relation to moving continents, mountain building, changing environments and the appearance of man. Three lectures and one two-hour laboratory. Lab fee.

GEOL 205. Geologic History of Man (3) Evolution, distribution, way of life and geologic history of prehistoric hominids.

GEOL 215. Geologic History of Dinosaurs (3) Evolution, ways of life, and extinction of the Dinosauria; geologic history of vertebrates and dinosaurs in relation to a changing earth. Two lectures and one two-hour laboratory. Lab fee.

GEOL 302. Earth Materials (4) Classification, identification, chemistry, association, economics and genesis of crystals, minerals and rocks. Three lectures and one two-hour
GEOL 304. Geology of the National Parks (4) U.S. regional geology as illustrated in the national park system. Three lectures and one two-hour laboratory. Prerequisite: GEOL 100 or GEOL 104.

GEOL 305. Life of the Geologic Past (4) Study of fossils and the factors that influence the progressive development of life through geologic time. Three lectures and one two-hour discussion-demonstration laboratory. For nonscientists; not open to geology majors in the B.S. program; not open to students with credit for GEOL 415. Prerequisite: GEOL 100 or GEOL 101 or GEOL 105. Lab fee.

GEOL 306. Rocks and Minerals (4) Non-technical study of earth materials as illustrated by gems, minerals and rocks. Two lectures and two two-hour laboratories. Not open to geology majors in B.S. program. Credit not given for GEOL 306 and GEOL 302. Prerequisite: GEOL 100 or GEOL 104. Lab fee.

GEOL 309. Earth Structures and Tectonics (4) Identification and interpretation of geologic structures; mechanics of rock deformation, fracturing and folding, plate tectonics and orogeny. Three lectures and one three-hour laboratory. Prerequisites: OL 302, PHYS 201 or PHYS 211, and MATH 129 or equivalent; or consent of instructor. (GEOL 310. Geomorphology (3) Nature and classification of landforms and processes that produce them; geomorphic systems in relation to varied geologic structures, rocks and climates. Two field trips required. Prerequisite: GEOL 104.

GEOL 316. Sedimentation and Stratigraphy (4) Classification and origins of sedimentary rocks; depositional environments; stratigraphic principles and procedures. Three lectures and one two-hour laboratory. Prerequisites: GEOL 105 and 302.

GEOL 322. Human Environmental Geology (3) Aspects of geology critical to wise use of human environments. One half-day field trip required. Credit not given for both GEOL 322 and 420. Prerequisite: GEOL 104.

GEOL 401. Economic Geology (4) Classification and genesis of metallic ore deposits illustrated by study of classic areas. Three lectures and one two-hour laboratory. Prerequisites: GEOL 309 and GEOL 302.

GEOL 402. Computer Applications in Geology (3) Methods for the retrieval, analysis and manipulation of geological information and numerical data using computers. Prerequisites: minimum of 9 credit hours in GEOL and knowledge of FORTRAN (students may co-register for CS 280); or consent of instructor.

GEOL 403. Geographic Information Systems (4) Collection, manipulation, integration and automated display of spatial data from various disciplines with particular emphasis on environmental geology, resource management, and geographic analysis. This course is also listed as ENVS 403 and GEOG 403.

GEOL 415. Paleontology (4) Principles of paleontology; major groups of fossil animals. Three lectures and one two-hour laboratory. Prerequisite: GEOL 105 or consent of instructor.

GEOL 418. Geology of Ohio (3) Alternate years. Bedrock and surficial geology of Ohio; state's economic-mineral resources. Two lectures and one two-hour laboratory. Three full-day field trips required. Prerequisites: GEOL 100 or 104 and GEOL 105.

GEOL 419. Vertebrate Paleontology (3) Fossil vertebrates and their morphology, classification and evolution. Two lectures and one two-hour laboratory. Credit not given for both GEOL 419 and 305. Prerequisite: GEOL 100 or 101 or 105 or BIOL 104.

GEOL 420. Environmental Aspects of Geology (3) Contributions of geological concepts to environmental concerns. One half-day field trip required. Credit not given for both GEOL 322 and 420. Prerequisites: GEOL 104 and 310 or consent of instructor.

GEOL 423. Tectonics (3) Tectonic elements in the continents and ocean basins interpreted within the framework of plate tectonics. Prerequisites: GEOL 309 and 316.

GEOL 425. Micropaleontology (3) Classification, morphology, phylogeny and paleoecology of selected groups of microfossils. Two lectures and one two-hour laboratory. Prerequisite: GEOL 415 or consent of instructor.

GEOL 431. Introduction to Geochemistry (4) Principles of mass action, acidity, solubility, introductory thermodynamics and petrogenesis. Three lectures and one three-hour laboratory. Prerequisites: CHEM 127 and 128 or consent of instructor.

GEOL 432. Solid Earth Geophysics (4) Gravity, magnetic, and seismic properties of the earth; plate tectonics. Three lectures and one two-hour problem-solving laboratory. Prerequisites: GEOL 309, PHYS 201 or 211; or consent of instructor.

GEOL 440. Geologic Remote Sensing (4) Use of remotely sensed multispectral data for geological applications: data acquisition, image processing and interpretation. Recent advances in geologic remote sensing research. Three lectures and one two-hour laboratory. Prerequisite: GEOL 309.

GEOL 445. Surface Water Hydrogeology (4) Geologic aspects of flowing water at the earth's surface, emphasizing open channel hydraulics, flood analysis, sediment transport, and water quality. Three lectures and one recitation section. Prerequisite: GEOL 316.

GEOL 446. Groundwater Hydrogeology (4) Hydraulics of groundwater flow, hydrologic properties of geologic materials, evaluation of groundwater resources and contamination. Three lectures and one recitation section. Prerequisite: GEOL 316.

GEOL 472. Marine Geology (3) Processes, sediments and organisms of modern environments; interrelationships and expression in rock record. Prerequisite: consent of instructor.

GEOL 475. Workshop in Seismology (1) Supervised program in theory of seismology, operations of seismological observatory, interpretation of seismic records. May be repeated to four hours. Prerequisite: consent of instructor. Graded S/U.

GEOL 480. Seminar in Geology (1-3) Study of selected topic. May be repeated. Prerequisite: consent of instructor.

GEOL 483. Coastal Marine Geology (3) Summer only. Inshore and nearshore geological processes, sedimentation patterns and landform development. Prerequisites: physical and historical geology. Taught at Gulf Coast Research Laboratory under their number GEOL 431.

GEOL 490. Geological Problems (1-3) Individual work for student who has shown proficiency and marked degree of independence in work. May be repeated. Prerequisite: consent of instructor.

GEOL 493. Field Experience (1-6) Summer only. Recognition and study of geologic materials, structures and landforms in the field. Written report required. Not open to B.S. geology majors. Prerequisites: GEOL 104 and 105, or GEOL 304, or consent of instructor. Lab fee.

GEOL 494. Field Geology (5) Summer only. Principles and practices of field geology and geologic mapping. Final map and report required. Prerequisites: grade of C or better in both GEOL 309 and GEOL 316, or consent of instructor. Lab fee.

GEOL H490. Honors Thesis (3) For students in the departmental honors program only. The thesis describes and presents the results of independent research, which normally is completed under GEOL H490. Graded S/U.

German (GERM)

Entering students who had German in high school should attend the placement session during pre-registration or contact the department prior to enrollment in a course. Credit for a degree is not granted for foreign language courses which duplicate more than two units of high school study.
GERM 101. Elementary Language and Culture I (4) Fall, Spring. Cultural approach to beginning language study in the four skills: listening, speaking, reading, writing. Four class periods and laboratory practice each week.

GERM 102. Elementary Language and Culture II (4) Fall, Spring. GERM 101 continued. Four class periods and laboratory practice each week. Prerequisite: GERM 101, or by placement.

GERM 117. Beginning Conversational German I (2) Fall. Basic conversational German. Suggested as a supplemental course to accompany GERM 101, or may be taken independently. Not open to students who have completed GERM 102.

GERM 118. Beginning Conversational German II (2) Spring. Basic conversational German continued. Prerequisite: GERM 117 or GERM 101 or permission of instructor. Not open to students who have begun or completed GERM 201.

GERM 201. Intermediate German I (3) Fall, Spring. Grammar review; development of the four skills. Three class periods and laboratory practice each week. Prerequisite: GERM 102, or by placement.

GERM 202. Intermediate German II (3) Fall, Spring. GERM 201 continued. Three class periods and laboratory practice each week. Prerequisite: GERM 201, or by placement.

GERM 217. Intermediate Conversational German I (2) Fall. Practice in conversation at the intermediate level. Suggested as supplemental course to accompany GERM 201, or may be taken independently. Not open to students who have begun or completed GERM 317. Prerequisite: GERM 118 or 102 or permission of instructor.

GERM 218. Intermediate Conversational German II (2) Spring. GERM 217 continued. Not open to students who have begun or completed GERM 318. Prerequisite: GERM 217 or 201 or permission of instructor.

GERM 231. Intermediate Reading (3) Fall, Summer. Development of reading skills in expository prose from various fields (scientific, technical, commercial and others). Vocabulary building, analysis of syntax and grammar for reading purposes. Prerequisite: GERM 102 or equivalent.

GERM 260. Modern German Literature in Translation (3) Spring. Readings in English of internationally known authors from German-speaking countries. May include Kafka, Mann, Hesse, Brecht, Grass and others. Course does not count towards a German major or minor.

GERM 300. Introduction to Study Abroad (1) Spring. Preparation for study abroad. Limited to Salzburg and German Exchange Program participants. Course does not count towards German major or minor. Graded S/U.

GERM 311. Introduction to Literature: 20th Century (3) Fall. Representative authors of the 20th century: development of reading skills and vocabulary necessary for discussion of literature. Prerequisite: GERM 202, or by placement.

GERM 313. Introduction to Literature: 18th and 19th Centuries (3) Spring. Major authors and representative works of the 18th and 19th centuries; main genres and movements in historical and social context; literary terminology; development of reading skills. Prerequisite: GERM 202, or by placement.

GERM 315. German Culture and Civilization (3) Fall, Spring. Cultural-historical treatment of the social, intellectual and artistic life of the German-speaking peoples from medieval times to World War II. Lectures, audio-visual presentations and readings in English.

GERM 316. Contemporary Germany (3) Fall, Spring. Lecture-reading course in English. Division of Germany after W.W.II; rebuilding and development of the two German states since 1949; political, economic and social systems, Inter-German relations, patterns of daily living; revolution in East Germany and process of unification.

GERM 317. Composition and Conversation I (2-4) Fall. Extensive practice in speaking and writing German. (May be repeated for credit in AYA Salzburg Program.) Prerequisite: GERM 202, or by placement.

GERM 318. Composition and Conversation II (2-4) Spring. GERM 317 continued. (May be repeated for credit in AYA Salzburg Program.) Prerequisite: GERM 317 or permission of instructor.

GERM 319. German Phonetics and Pronunciation (1-2) Spring. Theory and practice of German pronunciation; introduction to phonetic principles. Prerequisite: GERM 102.

GERM 331. Workshop in Translation (1-3) Spring. Small group work in German to English translation of scientific, technical or business writing or other types of expository prose in the student's specialty. May be repeated to six hours with different projects. Prerequisite: GERM 231 or GERM 201 or permission of instructor.

GERM 360. Literature in Translation (3) On demand. Variable topic course on German literature in translation; may center on authors, periods, genres or themes. May be repeated to six hours with different topics. Prerequisite: previous literature course in any department, or permission of instructor. Course does not count towards a German major or minor.

GERM 380. Topics in German Language, Thought or Culture (1-3) On demand. Topic chosen to meet curriculum needs and student requests. May be repeated to six hours with different topics. Prerequisite or corequisites: GERM 317 and GERM 311 or 313 or 331.

GERM 407. Classical Age of German Literature (3) Alternate years. Selected works from classical period of German literature, especially the writings of Goethe and Schiller. Prerequisites: GERM 311 or 313, GERM 318.

GERM 409. German Romanticism (3) Alternate years. Major authors of the romantic era; introduction to the theoretical and philosophical representatives. Prerequisites: GERM 311 or 313, GERM 318.

GERM 411. Modern German Drama (3) Alternate years. Selected major representatives of modern German drama from Hauptmann to the present. Prerequisites: GERM 311 or 313, GERM 318.

GERM 412. Modern German Prose (3) Alternate years. Selected major representatives of prose fiction from about 1900 to present. Prerequisites: GERM 311 or 313, GERM 318.

GERM 415. The German Film (3) On demand. Cultural and literary aspects of German film; emphasis may be on important developments in German filmmaking, thematic aspects of film or on interrelationships between literary and cultural phenomena and the film.

GERM 416. Contemporary Austria (3) Fall. Offered in AYA Salzburg Program. Survey of political and social life, education, mass media, the arts and cultural life in present-day Austria. Guest lectures, discussion sessions, field trips. Prerequisite: admission to AYA program.

GERM 417. Advanced Composition and Conversation (2-4) Fall. Development of increased facility in speaking and writing. (May be repeated for credit in AYA Salzburg Program.) Prerequisite: GERM 318 or permission of instructor.

GERM 418. Stylistics, Syntax and Structure of German (2-3) Spring. Practice and problems of writing style and syntax. Descriptive study of grammatical structures, contrastive analysis of English and German. (May be repeated for credit in AYA Salzburg Program.) Prerequisite: GERM 318 or permission of instructor.

GERM 419. German Drama Workshop (3) On demand. Practical advanced linguistic training through active participation in theatrical projects; advanced phonetics; methods of utilizing dramatic productions as part of foreign language instruction. Prerequisite: GERM 417 or permission of instructor.

GERM 431. Advanced German-English Translation (1-3) On demand. Analysis and application of translation techniques; attention to levels and areas of style. Intensive general practice followed by work on individual projects. May be repeated to six hours with different projects. Prerequisites:
six hours from GERM 317 and/or GERM 318 and/or GERM 331.

GERM 432. Advanced English-German Translation (1-3) On demand. Analysis and application of translating techniques; expansion on working vocabulary and idiomatic basis in German. Treatment of structural differences between languages through error analysis. General practice, individual projects. May be repeated to six hours. Prerequisites: six hours from GERM 317 and/or GERM 318 and/or GERM 331.

GERM 480. Selected Topics in German (1-4) On demand. Topic chosen from literature, culture or language to meet curriculum needs and student requests. May be repeated with different topics. Prerequisites: GERM 318 and two courses from GERM 311, 313, 331, 380, or permission of instructor.

GERM 491. Studies in German (1-3). Independent study project for advanced students in German. May be repeated to six hours with different projects. Prerequisite: arrangement with instructor and consent of department chair prior to registration.

Gerontology (GERO)

GERO 101. Introduction to Gerontology (3) Fall, Spring. Study of aging from a multidisciplinary perspective; focus on the way people are thought about, evaluated and treated on the basis of their age.

GERO 301. Aging and Ethnicity in the United States (3) Fall, Spring. Examination and analysis of cultural diversity and ethnicity in the older population residing in the United States.

GERO 402. Health and Aging (3) Spring. Demographic characteristics, health status of older adults; impairments and chronic conditions most typically demonstrated by older adults; pertinent medical terminology; formal and informal supports available to address the health care needs of older adults.

GERO 405. Cross-Cultural Aging (3) Fall, Spring. Cross-cultural analysis of the aging process and the problems of the aged throughout the world. Prerequisite: GERO 101 or consent of instructor.

GERO 410. Administration (3) Fall. Administration of human service agencies with aging clients. Goal setting, staffing, evaluation, budgeting and organizational structures. Prerequisite: senior standing.

GERO 411. Principles of Nursing Home Administration (3) Spring. A capstone course for prospective nursing home administrators to assist them in the integration and concepts necessary for successful operation of a facility. Required of all gerontology majors who have selected the nursing home administration option. Open only to those students who have achieved senior standing in the nursing home administration option.

GERO 420. Proposal Writing (3) Fall, Spring. Funding potential, methods, design and proposals in human service agencies. Prerequisite: senior standing.

GERO 422. Research in Health Care. Settings (4) Fall. Logic of scientific inquiry; the complexity of gerontologic research; critical evaluation of measures, methods used in gerontologic research; hands-on experience in data analysis, interpretation and presentation. Prerequisites: GERO 101; PSYC 270 or SOC 369.

GERO 440. Seminar in Gerontology (1-5) Fall, Spring. Interdisciplinary study of special topics in gerontology. May be repeated by consent of the director of the gerontology program. Prerequisite: consent of instructor.

GERO 470. Special Topics in Gerontology (1-3) On demand. Independent study on subject matter related to gerontology not otherwise offered. May be repeated. Prerequisite: consent of program director.

GERO 491. Practicum in Gerontology (2-20) Fall, Spring, Summer. Experience in working under supervision in selected agencies providing services to the aged. Emphasis on practice rather than observation. May be repeated. Prerequisites: enrollment in gerontology program or permission of program director; junior or senior standing; 2.50 GPA prior to registration. Graded S/U.

GERO 493. Practicum Seminar (1). Fall, Spring, Summer. Analysis of problems and experiences encountered in practicum. Prerequisites: permission of program director and GERO 491. Graded S/U.

Health and Human Services (HHS)

HHS 100. Seminar in Health and Human Services (1-5) On demand. Interdisciplinary study of special health or human service topics. May be repeated. Prerequisite: consent of dean's office.

HHS 395. Workshop on Current Topics in Health and Human Services (1-4) On demand. Current topics and issues in health and human services areas. May be repeated if topics differ, with approval of program adviser.

HHS 440. Seminar in Health and Human Services (1-5) On demand. Interdisciplinary study of special health or human service topics. May be repeated. Prerequisite: consent of dean's office.

Health Education (HED)

HED 215. Personal Wellness (3) Fall, Spring, Summer. Broad overview of the elements and principles of developing a wellness lifestyle. Personal assessment and behavior change techniques will be used to enhance health behavior.

HED 216. Introduction to Health Education (3) Fall, Spring. Introduction into the profession of health education. Fundamental concepts of health determinants, behavior determinants, process and practice, health education settings and the health education profession.

HED 301. Women's Health (2) On demand. Health topics of special interest and importance to women. Open to all students. Prerequisite: HED 338 highly recommended.

HED 310. Planning and Assessing Health Promotion Programs (3) Spring. Overview of the theories, principles and methods involved in the planning and evaluation of health promotion programs. Prerequisites: HED 215 and 216.

HED 313. Cardiopulmonary Resuscitation and Advanced First Aid and Safety (3) Fall, Spring, Summer. Provides knowledge and training in the prevention and treatment of accidents, injuries and procedures of basic life support. Satisfactory completion may result in American Red Cross certification. Participation in skill practice required. Lab fee.

HED 314. Instructors Advanced First Aid and Emergency Care (1) Fall, Spring. Successful completion may lead to advanced instructor's certificate by the American National Red Cross. Prerequisites: junior standing and valid American Red Cross advanced first aid certificate.. Lab fee.

HED 315. Cardiopulmonary Resuscitation Recertification (1) Fall, Spring, Summer. Basic life support for victim of sudden cardiac arrest and/or respiratory failure. Satisfactory completion may result in American Red Cross Certification. Participation in skill practice required. Prerequisites: junior standing and prior CPR Certification. Fee: $7.50.

HED 338. Concepts of Human Sexuality (3) Fall, Spring, Summer. Information and concepts of human sexuality, including the physiological, social, psychological, moral and legal aspects. Prerequisite: junior standing or consent of instructor.
HED 340. Drug Use/Abuse (3) Fall, Spring. Knowledge regarding the ambiguity of drugs in society. Physical, psychological and social ramifications of drug use/abuse will be discussed. Prerequisites: HED 209 and junior standing or consent of instructor.

HED 346. Health Education for the Elementary School Teacher (3) Fall, Spring, Summer. Content and techniques for teaching personal and community health in the elementary school.

HED 362. Instructors Drivers Education (3) Summer. First of two courses required leading to certification in the state of Ohio. Provides teacher with introduction to traffic problems in our society and overview of existing driver education programs. Fee $25. Prerequisites: junior standing and driver's license. C/F hrs.: 5.

HED 393. Practicum in Health Education (2-5) Fall, Spring, Summer. An opportunity to observe and participate in health education activities in a professional setting on a limited basis. Includes campus seminars. May be repeated up to a total of five credit hours. Prerequisites: HED 313, and HED 348 or 310.

HED 395. Workshop on Current Topics (1-3) On demand. Intensive educational experience on selected topics related to skill development, content update or materials developed. Typically, an all-day or similar concentrated time format. Requirements usually completed within time format. May be repeated on approval of adviser. Prerequisite: as decided by instructor.

HED 409. School Health Services and School Environment (3) Fall, Summer. On demand. Consideration of school health services and school environment, including principles, organization and administration of: health appraisal, health counseling, communicable disease control, educational adjustments, emergency programs, record keeping and a safe school environment. Prerequisite: junior standing. C/F hrs.: 20.

HED 411. Organization and Administration of Health Agencies (3) Fall. Basic concepts for organization and administration of health agencies. Topics covered include: Principles of organization, ethical and legal concerns, principles of management as they relate to fiscal and personnel policies, marketing, public relations, and health statistics and information systems. Prerequisite: HED 310.

HED 462. Advanced Instructors Driver Education (3) Summer. Second of two courses required to qualify a student for state certification in driver education; students learn to organize, administer and teach driver education in Ohio secondary schools. Emphasis on laboratory experience involving Transportation Research Center. Prerequisite: HED 362. Fee: $20. C/F hrs.: 15.

HED 470. Independent Study in Health Education (1-3) On demand. An in-depth study project of a topic of particular significance to the student. Project must be approved by project supervisor and program area chair prior to registration. May be repeated.

HED 481. Seminar in Health Education (2) Fall. Discussion of issues and problems faced by the health educator. Prerequisites: HED 393 and senior standing.

HED 489. Internship in Health Education (15) Fall, Spring, Summer. A concentrated pre-professional experience for those preparing for a career in health education in settings other than schools. Prerequisites: Senior standing, satisfactory completion of HED 310, and a minimum GPA of 2.5. Petitioning and one three-credit-hour HED 393 experience required before registration.

HED 492. Student Teaching (1-10) Fall, Spring. Classroom teaching at the elementary level under supervision on full-day basis. Conferences and seminars supplement program. Fee: $5 per credit hour. College/program eligibility requirement must be met. C/F hrs.: 300. May be repeated. Graded S/U.

HED 497. Student Teaching (1-10) Fall, Spring. Classroom teaching at the secondary level under supervision on full-day basis. Conferences and seminars supplement program. Fee: $5 per credit hour. College/program eligibility requirements must be met. C/F hrs.: 300. May be repeated. Graded S/U.

Health Information Technology (HIT)

HIT 100. Introduction to Health Information Systems (4) Fall. Survey of health care delivery systems and their levels of organization. Basic policies and procedures as they relate to technical medical record standards as required by accreditation or licensing agencies. Three hours lecture and two hours assigned lab. Prerequisite: Permission of instructor.

HIT 101. Medical Terminology (3) Fall. Vocabulary and terms used by medical personnel; prefixes, suffixes, word roots and their combining forms, usage, spelling and pronunciation; specialized terms within body systems and medical specialties. Two hours lecture and two hours of assigned lab.

HIT 102. Medical Transcription (4) Spring. Skill in use of transcription equipment and expansion of medical terminology and typing accuracy and speed. Practice in typing, medical, operative, clinical summary, laboratory, history, physical and admission reports. One hour lecture and two hours lab. Prerequisites: HIT 101 and typing proficiency as indicated with a grade of C or better in BUSE 111 or equivalency, CS 160.

HIT 200. Management Information Systems for Healthcare (3). Components of modern information technology as it relates to healthcare including advanced systems applications, information technology planning and information resource management. Primary area of emphasis will target HIM departments and quality management processes. Prerequisites: MIS 200 and HIT 100.

HIT 201. Directed Practice I: Ambulatory and Long Term Care (2) Fall, Spring or Summer. Application of health record theory to actual practice through a supervised learning experience involving lecture, laboratory practice and group assignments in clinical settings under direction of health record practitioner.

HIT 202. Directed Practice II: Acute Care (3) Fall, Spring or Summer. Continued application of health record theory to actual practice of technical skills under instruction of health record practitioner in assigned acute care site. Prerequisite: HIT 201. 16 hours of clinical instruction per semester.

HIT 204. Pathophysiology (4) Spring. Disordered human functions and systems; language, causes and types of diseases; diseases of the body systems, each described in terms of its etiology, pathology, symptoms and treatment. Four hours lecture. Prerequisites: RT 101.

HIT 211. Health Data Collection and Quality Assessment (4) Fall. Health and hospital data collection, analysis and presentation. Quality assurance, utilization review and risk management programs as required by accrediting and licensing agencies. Cancer registry policies and procedures. Three hours lecture and two hours assigned lab. Prerequisite: HIT 112.

HIT 212. Supervision of Mediocalcge Aspects (3) Spring. Policy and procedure as it relates to legality issues involving medical information. Focus on consent and permission for release of information. Basic concepts for supervision of procedures as they relate to confidentiality communications. Two hours lecture, one hour laboratory. Prerequisite: MRT 211.

HIT 213. Advanced Coding (2) Spring. HIT 112 continued. Emphasis on coding for reimbursement purposes and severity of illness, diagnostic related groups and new legislative changes affecting current reimbursement trends. Prerequisites: HIT 112 or permission of instructor in relation to on-the-job experience. Graded S/U.
HIST 290. Topics in Medical Record Technology (1-3) Fall, Spring. Medical record technology projects, workshops and seminars dealing with current topics not covered in existing courses. Prerequisite: permission of instructor.

HIST 291. Field Experience (3) Fall, Spring, Summer. Fifteen weeks of paid field work in a medical record department under supervision of Registered Record Administrator or Accredited Record Technician. Prerequisite: permission of instructor.

History (HIST)

HIST 151. World Civilizations (3) Fall, Spring. Comparative study of selected Western and non-Western civilizations in terms of how and why economic, social, political and intellectual factors shaped and defined history of ancient and medieval worlds.

HIST 152. The Modern World (3) Fall, Spring. Comparative study of how and why selected economic, social, political and intellectual revolutions of the modern world have transformed and are shaping contemporary European and non-Western cultures.

HIST 180. Asian Civilizations (3) Fall, Spring. Interdisciplinary study of Asian civilizations, such as China, Japan, Korea and India; emphasis on how and why socioeconomic, political and intellectual developments shaped traditional cultures of Asia and transformed modern Asia into the fastest growing region of the world.

HIST 205. Early America (3) Fall, Spring. Selected constitutional, intellectual, political and social developments that defined and shaped America between its first European settlement and the end of the Civil War and Reconstruction.

HIST 206. Modern America (3) Fall, Spring. How and why selected economic, intellectual, political and social developments transformed post-Civil War America and shaped 20th-century American society.

HIST 301. American Military History (3) Fall, Spring. Development of American military institutions, policies, strategy, tactics from American Revolution to present.

HIST 304. The Bible as History: The New Testament (3) Spring. Based on modern Biblical scholarship; analyzing the New Testament as a historical medium reflecting the cultural matrix of Greco-Roman Palestine, conveying the eschatological message of Jesus through his discipies and maneuvering the evangelical mission of the early Christian church.

HIST 305. The Bible as History: The Old Testament (3) Fall. Major problems relating to text, content, and context of Old Testament as historically interpreted in modern Biblical scholarship; keyed to demonstrating authenticity of evidence, integrity of explanation and continuity of experience found in Bible.

HIST 306. History of Ohio (3) Fall, Spring. Precolonal background, early exploration, settlement; Northwest territory; Ohio in French and Indian War, American Revolution, War of 1812; Ohio's place in national development.

HIST 307. Afro-American History (3) Fall. History of black Americans from African origins, slavery and emancipation through rural Southern and 20th century urban experiences.

HIST 308. 20th-Century U.S. Presidents (3) Fall. Biographical study of the people who have served as President; course employs psychological and political models of analysis to ask: "Can performance as President be predicted?"

HIST 309. Latin America Before Independence (3) Fall. Latin-American history treating these phases: pre-Columbian; discovery and conquest; colonial; wars of independence. Role of indigenous and European cultures in development of Latin America.

HIST 310. Modern Latin America (3) Spring. Common and unique social, economic, political and intellectual features of Latin American nations and Latin America in world affairs.

HIST 315. Slavery in the Americas (3) African slave trade and various slave societies which that traffic gave birth to in Western hemisphere. Emphasis on Cuba, Jamaica, Brazil and American South.

HIST 319. Indian in American History (3) Spring. Indian responses to the European invasion of North America, Indian-White relations in the 19th and 20th centuries, Indian contributions to American culture and contemporary Indian life and culture on and off the reservation.

HIST 323. History of American Journalism (3) Fall. Spring. American journalism from colonial newspapers to multimedia age, emphasizing 20th century.

HIST 325. American Workers and the Workplace (3) Spring. Changing patterns and institutions of work; experiences of workers from late 18th to 20th centuries. Emphasis on rise of mass-production factory, vertical corporation, gender and work, race and work, the American Office.

HIST 326. Women in American History (3) Spring. Major issues and movements in American history that have involved women from colonial period to modern times.

HIST 327. Women in Modern Europe (3) Alternate years, Fall. Cross-listed with Women's Studies as WS 327. Examination of women in Europe since 1750. Emphasis on changes in women's working, family, sexual, and political lives in conjunction with Europe's economic and political modernization. Credit not given for both WS 327 and HIST 327.

HIST 337. The Vietnam War (3) Spring. The American experience in Vietnam from several perspectives: origins of the war and U.S. escalation; media coverage, public opinion and anti-war movements; U.S. withdrawal and communist victory; the war in retrospect as seen in American popular culture, political debate and foreign policy.

HIST 338. American Environmental History (3). Three centuries of changing American attitudes and actions toward natural environment, rise of conservation movement and development of ecological perspective.

HIST 340. World of the Bible (3). Major civilizations of ancient Near East (Mesopotamia, Egypt, Syria and Israel); defining, comparing and contrasting Oriental and Biblical social traditions as embodied in respective institutions, art, literature, religion.

HIST 353. Introduction to Public History (3) Spring. Acquaints students with the practice of public history through a variety of sources including archives, oral accounts, museums, historical sites and parks, and corporations. Special attention is given to understanding public history as a discipline and its importance to the field of history.

HIST 357. English Origins of American Law (3) Spring. Medieval and early modern English history; origin and growth of legal and constitutional doctrines, institutions and procedures important to understanding American legal system.

HIST 360. Representative Personalities of 20th Century (3) Fall, Spring. History of the 20th century looking at major themes and roles played by individuals in them.

HIST 363. French Revolution and Napoleon (3) Spring. Impact of French Revolution on society of Old Regime; formation of revolutionary creed; Great Revolution,
Jacobin Republic, Thermidor; Napoleon and principles of 1789.

HIST 387. Hitler's Germany: Rise and Fall of Nazism (3) Fall. Major developments in Germany from defeat in 1918 through collapse in 1945 and recovery in Cold War era. Walther Republic, Hitler, Third Reich, post-war reactions and conditions; key to causes and effects of Nazi totalitarianism and racism.

HIST 390. Introduction to Modern Russia (3) Fall. Survey and analysis of development of Russian social, political and economic systems in modern times. Designed to provide an understanding of Russia and the Russian federation today.

HIST 377. 20th Century Europe (3) Fall.

HIST 381. United States and Asia (3) U.S. relations with China, Japan, India and southeast Asia in 20th century; interaction of domestic politics and foreign policy; Asian nationalism, militarism, communism; America's involvement in wars and peace-making.

HIST 382. Chinese Civilization (3) Fall. History of Chinese dynasties, from ancient to modern times. Emphasis on cultural, social-economic and political development of the world's oldest continuous civilization before the early 20th century.

HIST 384. Korean Civilization (3) On demand. History of Korea from ancient to modern times; emphasis on cultural, social-political and economic development of Korean people. Importance of Korean tradition and transformation for our understanding of East Asia.

HIST 391. Special Studies in History (1-3) Content and theme vary with instructor. Designed to meet needs and interest of non-majors.

HIST 395. Workshop on Current Topics (1-3) On demand. Intensive educational experience on selected topics. Typically, an all-day or similar concentrated time format used. Requirements usually completed within time format. May be repeated if topics differ on approval of adviser.

HIST 400. Topics in History (2-3) On demand. Study of selected topics or subject areas.

HIST 401. Caesar and Christ: Social Worlds of Late Antiquity and Early Christianity (3) Fall. Basic issues and problems involved in tensions and conflicts between pagan and Christian that were eventually accommodated in 4th century AD; social disaffection, political resistance and cultural alienation.

HIST 411. Modern Mexico (3) Spring. Analysis of first Latin-American state to experience political, social and economic revolution in 20th century; causes of the revolution, leaders and institutions produced, emergence of Mexico as relatively stable and progressive state.

HIST 413. Caribbean and Spanish Main (3) Spring. Political, economic and social development of Greater Antilles and Spanish Main from 17th to 20th centuries; war and trade, slavery, revolution, caudillismo and communism in Caribbean.

HIST 414. Canada (3) Fall. European colonial rivalry, problems of European-settled colonies, emergence of colonial self-government, confederation movement, search for national identity, nature of commonwealth nation, role as mediator in Anglo-American relations, importance as independent neighbor.

HIST 415. Spain and Portugal (3) Political, economic and social development of Iberian peninsula from invasion of Moors to 20th century dictators; reconquest, reign of Hapsburgs, Spanish Civil Wars, regimes of Franco and Salazar.

HIST 419. Westward Movement in America (3) Fall. Development of Trans-Mississippi West during 19th century; American Indian, territorial expansion, sectional conflict, economic development.

HIST 421. American Colonial History, 1492-1763 (3) Fall. European backgrounds of American history, establishment of European settlements and institutions, emergence of colonial culture, conflict between France and England for New World.

HIST 425. Early National U.S., 1789-1848 (3) Fall. Development and growth of American social, political, and economic institutions from the ratification of the Constitution to the Mexican War. Topics include the emergence of new ideologies of race and gender, the market revolution, slavery and the Old South, antibellum religion and reform.

HIST 426. Civil War and Reconstruction, 1861-1877 (3) Spring. Political, economic and cultural conditions during War; resulting problems to peoples and governments of both sections continuing through postwar period.

HIST 427. American South, 1865-Present (3) Spring. Reconstruction South, new industrial growth, evolution of Southern agriculture, racial and labor problems. South in American political life, southern education and culture, South today.

HIST 428. America Becomes Modern: 1877-1917 (3) Fall. Between the late 19th and early 20th centuries, America acquired characteristics of a modern society. Immigration, urbanization, imperialism, "losers" of modernization as well as "winners."

HIST 433. American Constitutional History (3) Fall. Constitutional developments from framing of the Constitution in 1787, which established a federal republic that protected states rights, to creation of a national republic after Civil War, aiding rapid industrialization and creating need for business regulation, social welfare state, national protection of civil rights and expanded role of presidential leadership.

HIST 437. U.S. as World Power in 20th Century (3) Fall. American involvement in world affairs; imperialism in Asia and Latin America; World War I-response to German militarism and Russian communism; post-war "isolationism"; World War II-background to Pearl Harbor, wartime alliances, peace settlements.

HIST 441. Classical Hellenism (1000-400 B.C.) (3) Fall. Ancient Greek society and culture from "dark ages" through "golden age" of 5th century. Resourcefulness of Hellenistic sects of politics, imperialistic policies and classic products of Periclean Athens. Weakness of Greek civilization in coping with crises engendered by Atheno-Peloponnesian war.
HIST 442. Roman Revolution: From This Through Caesar Augustus (3) Spring. Crisis of social turbulence, political violence and cultural ambivalence that marked Rome’s transition from city-state to world state; how and why Roman archaism, republicanism and imperialism contributed to collapse of Late Republic and creation of Early Empire.

HIST 444. The Making of Europe (3) Spring. Cultural, religious, political and economic aspects of the Middle Ages which laid the framework for modern European civilization; cross-cultural contacts with the Christian and Islamic East.

HIST 446. Early Modern Europe, 1450-1750 (3) Fall. Comparative study of European societies in an age of transition. Renaissance, Reformation, growth of absolutism and constitutionalism, economic expansion, social change, intellectual development and emergence of baroque art forms.

HIST 448. Modern European Society and Thought (3) Spring. Major social and intellectual trends in modern European society, including liberalism, socialism, Marxism, fascism, existentialism and post-war disillusionment.

HIST 454. European Foreign Relations, 1914-Present (3) Fall. Foreign policies and diplomatic practices of the great powers and their statesmen: World War I, postwar quest for stability; World War II, Europe in the Cold War; contemporary problems.

HIST 455. Europe since 1945 (3) Alternate years. Spring. Europe since the Second World War. International events (division of Europe, Cold War, fall of Communism), domestic developments (evolution of modern welfare state), and impact of nationalism and internationalism. Prerequisites: HIST 152 or 377.

HIST 464. History of France since 1815 (3) Spring. Social and economic development of France, 1815-Third Republic; Jacobin radicalism, emergence of French labor movement; France between two world wars; Vichy and the Resistance; problems of Fourth and Fifth Republics.

HIST 469. Imperial Russia (3) Fall. Development of Russian social, political and economic systems from the time of Peter the Great to the Revolution of 1917. Provides understanding of pattern of historical development with a grasp of basic resources necessary to continued study of Russian and Soviet society.

HIST 470. Twentieth Century Russia (3) Spring. Development of Russian and Soviet social, political and economic systems after the Revolution of 1917. Provides understanding of pattern of historical development with a grasp of basic resources necessary to continued study of Russian and Soviet society.

HIST 471. Russian Political Economy (3) Spring. Russian political and economic systems, their structure and functioning from beginning of modernization to present. Provides understanding of pattern of historical development with a grasp of basic resources necessary to continued analysis of contemporary Russian political economy.

HIST 480. Senior Pro-Seminar (3) Fall, Spring. Required capstone experience for all history majors. Selected historical interpretations and discussion of various historical methods and problems encountered in historical research. Writing of carefully argued position paper based on primary sources.

HIST 483. Modern China (3) Spring. Late Ch'ing (Qing) reforms, the Nationalist and Communist revolutions, and China's struggle for modernization. Development of Chinese culturalism, nationalism and socialism.

HIST 486. Japan: New Superstate (3) Spring. Japan's successful modernization since "opening" to West in 1853; political development, industrialization, expansion; Japan's rise from defeat in World War II to world economic power.

HIST 489. Internship (1-3) Fall, Spring, Summer. Supervised field experience in an applied history setting. Prerequisite: Junior/senior standing and departmental permission. Credit not applicable to history major or minor. May be repeated to maximum of six hours. Graded S/U.

HIST 495. Readings in History (1-3). Individual readings in consultation with instructor in fields of special historical interest. Prerequisite: consent of department chair and instructor.

Honors (HNRS)

HNRS 201. Evaluating Social Controversies (4) Fall, Spring. Interdisciplinary inquiry in social sciences. Analysis of arguments through assumptions, ambiguity, data and fallacies; formulation of conclusions and alternative inferences; value assumptions and decision making.

HNRS 240. Honors Seminar: Social Sciences (4) Fall. Interdisciplinary social sciences seminar that integrates at least two different social sciences. Content and skills will relate to both specific disciplines and social sciences in general. Satisfies social science group requirement. Prerequisite: admission to the honors program or permission of honors director.

HNRS 250. Honors Seminar: Natural Sciences (3). On demand. Interdisciplinary natural science seminar, integrating at least two different natural sciences. Content and skills will relate to both specific disciplines and natural sciences in general. Satisfies natural science group requirement. Prerequisite: admission to the honors program or permission of the honors director.

HNRS 260. Interdisciplinary Humanities Seminar (3) Spring. Integrates at least two different humanities. Content and skills will relate to both specific disciplines and humanities in general. Satisfies humanities group credit. Prerequisite: admission to the honors program or permission of the honors director.

HNRS 300. Special Topics Seminar (1-3) Fall, Spring. On demand. Subject matter varies. These special seminars are elective courses that are designed to meet the interest and curiosity of honors students. Prerequisite: approval of honors director. May be repeated up to six hours if topics differ.

HNRS 400. Special Topics Seminar (1-3) Fall, Spring on demand. Subject matter varies. Special seminars are elective courses designed to meet the interest and curiosity of honors students. Prerequisite: approval of honors director. May be repeated to six hours if topics differ.

HNRS 490. Independent Study in Honors (1-5) Fall, Spring. For students who wish to pursue intensive study in honors independently or in conjunction with courses regularly offered. May be repeated. Prerequisite: Consent of instructor and director of honors program.

HNRS 499. Senior Honors Project (3) Fall, Spring, Summer. Student selects two faculty from different disciplines to advise the work on a research or creative project that draws upon the knowledge and skills from at least two disciplines. Prerequisites: Senior standing with at least a 3.5 GPA. Consent of director of honors program.
Human Development and Family Studies (HDFS)

HDFS 105. Human Development and the Family (3) Fall, Spring. Individual and family theories, examination of major domains of knowledge in human development and family studies, personal application.

HDFS 107. Black Families in America (3) Fall, Spring. Living patterns of the American black family; historical development, present status, strengths, problems and prognosis.

HDFS 120. Introduction to Professions in Human Development and Family Studies (3) Fall, Summer. Introduction to range of careers related to children and families. Professional issues related to qualification, preparations and legal and ethical responsibilities. Transportation required.

HDFS 223. Child Study (2) Spring. Learning about the development of young children as individuals and in groups using observation and other data gathering techniques.

HDFS 302. Foundations of Marriage and Family Relationships (3) Fall, Spring. Development of basic understanding of marriage and family relationships in a democratic society. Emotional, psychological and physical aspects of dating and marriage; family interaction patterns. Prerequisites: HDFS 105 or SOC 101; junior or senior standing.

HDFS 305. Integrating Career and Family (3) Fall, Spring. Issues facing dual-career families; applied problem-solving as approach to family decision making, communication, childrearing, career patterning. Not open to students with credit for BA 305.

HDFS 320. Infant and Toddler Development (3) Fall. Growth and development of infants and toddlers from conception to two years. Developmental theories and characteristics. Implications for enhancing development. C/F hours: 15.

HDFS 321. Child Development (3) Spring. Physical, emotional, social and cognitive development of children from conception to school age, emphasis on ages 2-6. Developmental theories; influences of family, peers and society. C/F hrs.

HDFS 322. Child Development Practicum (2) Fall, Spring. Supervised participation with preschool children. Two hours seminar and six hours of lab. Must apply in the Child Development Center office during preregistration for class enrollment. Prerequisites: HDFS 224 and 321 or EDFI 342. C/F hours: 120. Lab fee.

HDFS 328. Preadolescent and Adolescent in Family and Community (3) Fall. Development and socialization of preadolescents and adolescents; youth growth, culture and potential problems. Focus on family and peers. A review of research relevant for intervention or service programming. Prerequisite: HDFS 105 or consent of instructor.

HDFS 407. Research in Human Development and Family Studies (3) Fall, Spring. Research methodology: completing a research project on a topic of the student's choice in the area of human development and family studies. Prerequisite: junior or senior standing.

HDFS 408. Minority Families in American Society (3) Fall. Investment of family patterns among racial, ethnic, and cultural minority groups in the United States. Theoretical analysis of minority family systems. Prerequisite: junior or senior standing.

HDFS 420. Parenting and Parent Education (3) Fall, Spring. Theories related to process of parenting and interactive effects of parent-child relationships including its impact on roles of professionals. Strategies for working with parents explored. No prerequisites.

HDFS 421. Cognitive Development of the Young Child (2) Fall. Contemporary theories of intellectual development of young children; research pertaining to specific concept areas and the development of related experiences. Prerequisite: HDFS 320 or HDFS 321 or consent of instructor.

HDFS 422. Organization of Program for Young Children (3) Spring. Factors in organization and administration of programs for young children. Prerequisite: HDFS 322 or consent of instructor. C/F hours: 20.

HDFS 425. Children and Families Under Stress (3) Fall. Stresses related to children, adolescents and families throughout the life cycle. Emphasis on theory and research related to family role(s) and coping strategies. Prerequisites: HDFS 320, 321 or consent of instructor.

HDFS 427. Introduction to Marriage and Family Counseling (3) Spring. Marriage and family counseling, including professional issues, major theories and techniques, introduction to family counseling skills. Prerequisites: HDFS 105 and 302 or consent of instructor.

HDFS 428. Sexuality in Human Development and Family Studies (3) Spring. Analysis of sexuality through the lifespan and within the context of family interaction. Focus on process of sexual development and on relationship dynamics. Intended for students with backgrounds in sexual physiology and the social-psychological aspects of human sexuality. Prerequisite: PSYC 307, HED 338 or consent of instructor.

HDFS 429. The Family in the Middle and Later Years (3) Spring. The family in the middle and later years, with emphasis on relationship between spouses, and with children and grandchildren. Identification and critical analysis of factors associated with success and problem areas for such families.

HDFS 491. Pre-kindergarten Student Teaching (1-12). Fall. Classroom teaching in a pre-kindergarten setting under supervision. Conferences and seminars supplement classroom teaching. Required of students in pre-kindergarten certification program. Fee: $5 per credit hour. College/program eligibility requirements must be met. C/F hrs.: 300. May be repeated. Graded S/U.

Humanities (HUM)

HUM 101. Introduction to the Humanities (3) Spring. Experience of art including music, film, theatre, literature, dance, painting, sculpture, architecture, philosophy and the combined arts.

HUM 200. Topics in Humanities (3) Basic humanities concepts organized on a single topic: self and culture, the combined arts, art and nature, mythology and symbolism, comic and tragic in art, language and culture. Can be repeated once if topics differ. Prerequisite: HUM 101 or consent of instructor.

International Studies (INST)

Interpersonal Communication (IPC)

IPC 102. Speech Communication (3) Fall, Spring, Summer. Basic principles of interpersonal communication, small-group communication and public speaking; exercises and activities in each area with attention to individual needs.

IPC 201. Human Communication (3) Fall, Spring, Summer. Development of theoretical formulations in speech communication. Emphasis on special heuristic (not general explanatory) theories which focus on relationship factors, as well as speaker and message aspects. Interdisciplinary perspectives utilized. Prerequisite: IPC 102.

IPC 203. Small Group Communication (3) Fall, Spring, Summer. Theory and practice in the analysis of social interaction in small groups as it affects problem solving and policy formation processes. Mass lecture plus lab sections. Prerequisite: IPC 102.
IPC 205. Presentational Speaking in Organizations (3) Fall, Spring. Principles of public communication, composition and public speaking, including practice. Prerequisite: IPC 102.

IPC 207. Interpersonal Communication I (3) Fall, Spring, Summer. Introduction to dyadic communication with a focus on factors which influence effectiveness. Practical experience in behaviors associated with interpersonal competence. Prerequisite: IPC 102.

IPC 303. Persuasive Communication (3) Fall, Spring, Summer. Theories and concepts of persuasive communication; attitude change, audience analysis and strategies of persuasion. Prerequisites: IPC 102 and 201.

IPC 304. Leadership in Communication (3) Fall. Conceptions, methods and techniques of leadership related to communication. Emphasis on understanding and application of communication theories to leadership. Prerequisites: IPC 102 and 201.

IPC 306. Interpersonal Communication (3) Fall, Spring, Summer. Two-party communication, reduction of defensive climates as means of facilitating effective communication. Practical experience in information seeking, persuasive and personal encounters. For nonmajors only.

IPC 307. Organizational Communication (3) Spring. Message initiation, diffusion and reception in organizational setting. Role of communication in establishing and maintaining climates, systems, cultures; organization's external environment. Prerequisites: IPC 102 and 201.

IPC 308. Argumentation (3) Fall, Spring, Summer. Principles of argumentation; case analysis and construction; practice in forms of debating using contemporary topics. Prerequisites: IPC 102 and 201.

IPC 395. Workshop on Current Topics (1-3) On demand. Intensive educational experience on selected topics. Typically, an all-day or similar concentrated time format. May be repeated on approval of adviser, if topics differ. Prerequisites: IPC 102 and 201.

IPC 403. Assertiveness (3) Fall, Spring. Methods for developing effective coping strategies under a wide variety of life situations. Special emphasis on dynamic negotiation and on dealing with difficult people.

IPC 406. Topics in Communication Studies (3) Fall, Spring, Summer. Selected topics or subject areas within the field of communication, marital communication, legal speaking, assertiveness and nonverbal communication. May be repeated to six hours.

IPC 407. Interpersonal Communication II (3) Fall, Spring, Summer. Extended analysis of current theoretical positions and research in interpersonal communication. Topics include social exchange, rules, attribution, attraction, relational stages, power, impression formation and management. Prerequisite: IPC 102, 201, and IPC 207 or 306.

IPC 408. Intercultural Communication (3) Fall. Communication variables in intercultural contexts. Culture and meaning, communication values in intercultural dialogue, culture as symbolic worldview, culture shock, conflict resolution across cultures. Prerequisites: IPC 102 and 201.

IPC 489. Communication Internship (1-10) Fall, Spring, Summer. Field experience in communication. Study of communication as intern in public or commercial agency. Open only to IPC majors in BAC program. Prerequisites: 2.5 overall GPA, junior status and 12 hours of completed IPC courses. Graded S/U. Prerequisites: IPC 102 and 201.

IPC 490. Problems in Communication Studies (1-3) Fall, Spring. For advanced student who wishes to do intensive study in rhetoric, public address or communication studies independently or in conjunction with courses regularly offered. May be repeated. Prerequisite: consent of department. Prerequisites: IPC 102 and 201.

Italian (ITAL)

Students who had Italian in high school should attend the placement session during preregistration or contact the department prior to enrollment in a course. Credit will not be given for course work more than two levels lower than the highest level completed in high school, unless authorized by the chair of the department.

ITAL 101. Elementary Italian I (4) Fall. Cultural approach to beginning language. Development of the four skills: listening, speaking, reading, writing. Four class periods and laboratory practice each week.

ITAL 102. Elementary Italian II (4) Spring. ITAL 101 continued. Four class periods and laboratory practice each week. Prerequisite: ITAL 101 or one year of Italian in high school.

ITAL 201. Intermediate Italian I (3) Fall. Grammar review. Development of the four skills. Three class periods and laboratory practice each week. Prerequisite: ITAL 102 or two years of Italian in high school.

ITAL 202. Intermediate Italian II (3) Spring. ITAL 201 continued. Three class periods and laboratory practice each week. Prerequisite: ITAL 201 or three years of Italian in high school.

ITAL 261. The Italian Cinema (3). Modern Italian culture and literature movements and their expression in cinema; demonstrates close relationship between literature and cinema. In English.

ITAL 351. Italian Composition and Conversation I (3). Improvement of oral and written skills; emphasis on composition. Prerequisite: ITAL 202.

ITAL 352. Italian Composition and Conversation II (3). Improvement of oral and written skills in the language; emphasis on conversation. Prerequisite: ITAL 202.

ITAL 361. Introduction to Italian Literature (3). Chronological evaluation of outstanding works in Italian literature from Middle Ages to present; various movements and genres. Prerequisite: ITAL 202.

ITAL 371. Italian Civilization I (3). Political, social, intellectual, artistic life from Middle Ages through 19th century. Background for literary studies and preparation for teaching of Italian. Prerequisite: ITAL 202.

ITAL 372. Italian Civilization II (3). ITAL 372 continued; political, social, intellectual, artistic life of modern Italy. Prerequisite: ITAL 202.

ITAL 470. Independent Readings in Italian (1-3). For the advanced student who wishes to study a particular author or period, or a problem in language or civilization. Prerequisite: consent of chair of department and instructor.

ITAL 488. Italian Literature: Advanced Studies (3). Study of author, literary school, genre or selected theme. May be repeated to nine hours if topics are clearly different. Prerequisites: ITAL 361 and ITAL 362.

Japanese (JAPN)

JAPN 101. Elementary Language and Culture I (4) Fall. Introduction to modern spoken Japanese. Four class periods and scheduled oral practice each week.

JAPN 102. Elementary Language and Culture II (4) Spring. JAPN 101 continued. Four class periods and scheduled oral practice each week. Prerequisite: JAPN 101 or equivalent.

JAPN 201. Intermediate Japanese I (4) Fall. JAPN 101-102 continued. Conversation, writing, reading, grammar. Three class periods and scheduled oral practice each week. Prerequisite: JAPN 102 or equivalent.

JAPN 202. Intermediate Japanese II (4) Spring. JAPN 201 continued. Three class periods and scheduled oral practice each week. Prerequisite: JAPN 201 or equivalent.

JAPN 301. Third Year Japanese I (3). JAPN 201-202 continued. Development of the four skills. Three class periods and scheduled oral practice each week. Prerequisite: JAPN 202 or equivalent.
JAPN 302. Third Year Japanese II (3) Spring. JAPN 301 continued. Three class periods and scheduled oral practice each week. Prerequisite: JAPN 301 or equivalent.

JAPN 480. Selected Topics in Japanese (1-3) On demand. Topics chosen from Japanese literature, culture or thought to meet curriculum needs and student requests. May be repeated to six hours with different topics.

## Journalism (JOUR)

**JOUR 103. Introduction to Mass Communication (3) Fall, Spring, Summer.** Modern journalism and mass communication; mass communication media and effects; role and influence of newspapers, magazines, radio, television, photography, and related fields of advertising and public relations. Open to nonmajors. Credit not given to students with credit for TCOM 103.

**JOUR 206. Introduction to Photojournalism (3) Fall.** Functions of pictures in newspaper, magazine and television reporting. Practice in picture taking and darkroom procedures. Lecture and laboratory. Student must provide own camera and supplies. Lab fee.

**JOUR 291. Foundations of Journalism (1-3) Fall, Spring, Summer.** Lecture and laboratory experience in journalistic writing and editing. Not available to students on the main BGSU campus. Prerequisite: permission of instructor.

**JOUR 300. Introduction to Journalistic Writing (3) Fall, Spring, Summer.** Practice in the elementary forms of newspaper, magazine, broadcast and public relations writing; emphasis on grammar, spelling, punctuation and sentence structure. Prerequisites include completion of at least 30 semester hours of coursework consisting of general education requirements including ENG 112 and JOUR 103. An overall grade point average of 2.7 must have been earned in the aforementioned coursework at the time of admittance into JOUR 300, as well as a minimum grade of C in JOUR 103. This course is reserved for pre-journalism majors and exceptions approved by the Department of Journalism. Application for this course must be made at the journalism office, 319 West Hall.

**JOUR 301. Journalism Techniques for Non-Majors (3) Fall, Spring.** Introduction to news gathering, news writing, news editing and journalistic graphics for non-journalism majors whose programs might benefit from such a course. Not open to those who are presently journalism majors. Does not serve as a prerequisite to other journalism classes. Prerequisite: completion of freshman English composition requirements.

**JOUR 302. Copy Editing (3) Fall.** Theory and practice in editing local and wire news, headline writing, picture editing, evaluating news, layout and design, video display terminal operation. Prerequisites: Major or minor status; junior standing. Lab fee.

**JOUR 303. Editing Specialized Publications (3) Fall, Spring.** Theory and practice of editing functions and techniques in producing specialized publications: magazines, newsletters, newspapers and brochures for business and nonprofit organizations. Graphics skills, including electronic typesetting. Prerequisites: Major or minor status; junior standing. Lab fee.

**JOUR 304. Feature Writing (3) Fall, Spring.** Discovering, researching and writing the newspaper feature story and short magazine article. Prerequisites: Major or minor status; junior standing. Lab fee.

**JOUR 305. Photojournalism Editing (3) On demand.** Assignment, selection, preparation and display of photographs for publication, especially in newspapers, magazines and newsletters. Prerequisites: Major or minor status; junior standing. Lab fee.

**JOUR 307. Advanced Photojournalism (3) On demand.** Practice in advanced problems of photography, including picture stories, and evaluation of photographs for reproduction and communication. Lecture and laboratory. Student must provide own camera and supplies. Prerequisite: C or better in JOUR 206. Lab fee.

**JOUR 311. Reporting (3) Fall.** Newspapers and newswriting for all types of news stories ranging from the simple factual story to the complex, specialized story. Practice in covering assignments for publication. Prerequisites: Major or minor status; junior standing. Lab fee.

**JOUR 312. Reporting of Public Affairs (3) Spring.** Field practice in covering governmental and community affairs with attention both to general and specialized areas. Prerequisite: C or better in JOUR 311 or 330.

**JOUR 315. Press Management (3) On demand.** Business problems of publishing-organization, financing, circulation, promotion, concentration on management philosophy and problem solving. Open to nonmajors.

**JOUR 325 Introduction to Information Gathering (3) Fall, Spring.** Practical experience in interviewing, journalistic observation, conducting polls and surveys, and searching various kinds of stored sources of information.

**JOUR 330. Radio/Television News (3) Fall, Spring.** Techniques of writing, reporting and editing news for radio and television broadcasting; rewriting wire copy; introduction to ENG shooting and editing techniques; preparation and utilization of television graphics. Student must provide own tape recorder and cassettes. Prerequisites: Major or minor status; junior standing. Recommended: TCOM 250. Lab fee.

**JOUR 331. Advanced Radio/Television News (3) Fall.** Writing, editing and producing the radio and television newscast. Emphasis on ENG shooting and editing; field reporting; producing the newscast in a TV studio; advanced television graphics. Student must provide own videotape cassette. Prerequisite: C or better in JOUR 330 and TCOM 250. Lab fee.

**JOUR 340. Principles of Public Relations (3) Fall, Spring.** Public relations problems, policies, practices applied to business and nonprofit organizations; media methods of communicating, survey research and attitude change. Open to nonmajors.

**JOUR 380. Writing for Public Communication (3) Fall, Spring.** Public relations writing skills for business and nonprofit organizations. Prerequisites: Major or minor status; junior standing. Lab fee.

**JOUR 402. Journalism Law and Ethics (3) Fall, Spring, Summer.** Legal concept of freedom of the press, constitutional guarantees, libel, privacy, copyright, broadcast regulation, contempt, obscenity, ethical problems, right to know. Open to nonmajors.

**JOUR 403. The Editorial (3) On demand.** Techniques of persuasive and critical writing and the role of editorial opinion in modern mass media. Prerequisites: Major or minor status; junior standing.

**JOUR 404. Magazine Article Writing (3) Fall.** Searching for story ideas, analyzing magazine markets, researching subject matter, writing and polishing stories. Prerequisite: JOUR 304.

**JOUR 407. Color Photography (3) On demand.** Theory and application of color processes and their limitations and advantages. Production of color transparencies and prints. Prerequisite: C or better in JOUR 307. Lab fee.

**JOUR 412. Field Experience (1-3) Fall, Spring, Summer.** Journalism internship program required of all journalism majors and minors. Activity may be in more than one medium, full or part time, paid or voluntary. Two hours required of all majors, one of which must be with a campus medium. (120 hours of internship service equals one credit hour). Prerequisites: 2.5 JOUR grade point average; 2.25 overall grade point average; JOUR 300 and major or minor status; junior standing. Graded S/U.

**JOUR 414. Supervision of High School Publications (3) Spring.** For preservice teachers of high school journalism or advisers of school newspapers or yearbooks.
Problems of editorial supervision, business management and production. Open to non-majors.

JOUR 425. Seminar in American Journalism History (3) Fall. American journalism from colonial newspapers to multimedia age, emphasizing recurrent themes and issues in the history of the mainstream and alternative press. Open to non-majors.

JOUR 430. The Documentary (3) Spring. Research, writing and preparing news, informational and public service features, documentary and magazine-type programs; writing a program treatment and budget; production of a documentary of broadcast quality. Prerequisite: C or better in JOUR 311. Lab fee.

JOUR 431. Interpretive Reporting (3) On demand. Research and writing of in-depth reports, interpretive news, profiles, background stories, news analyses. Investigative reporting of current events and issues. Prerequisite: C or better in JOUR 312 or consent of instructor.

JOUR 432. Newsroom Decision Making (3) On demand. Newspaper editorship, goal setting, problem analysis, readership analysis, publication conception and creation, staff management. Prerequisite: senior standing in journalism or consent of instructor.

JOUR 435. Press and Society (3) Fall. Press as institution, its role, content, effects and responsibilities as a cultural force in society. Open to non-majors.

JOUR 440. Public Relations Campaigns (3) Fall, Spring. Application of public relations theories, tools and techniques to the public relations campaign. Research, planning and execution are practiced. Prerequisites: senior status in the public relations sequence and C or better in JOUR 303, 340 and 380.

JOUR 470. International Press Systems (3) Spring. Social, economic and political factors, organization and control in the national news and informational systems of countries around the world. Open to non-majors.

JOUR 471. International Media Networks (3) Spring. Factors affecting flow of world news and public information; regional and international networks. Open to non-majors.

JOUR 481. Topics and Problems in Public Relations (1-3) On demand. Issues and problems that confront public relations practitioners in corporate and nonprofit communications programs. Prerequisite: instructor's consent.

JOUR 490. Special Problems in Journalism (1-3) Fall, Spring. Research problems, practical projects, intensive reading or mini-courses to meet needs of student's special interests. Prerequisite: instructor's consent. Graded S/U.

Kinesiology (KNS)

KNS 110, 112, 116, 121, 123, 124, (KNS Professional Activity Courses. See School of HPER program requirements.) Courses of skill and knowledge development within each activity including identification/analysis/observation of elements of movement. Two laboratories. O/F hrs.: 10 each.

KNS 110. Gymnastics-Men (2) Fall. KNS 112. Gymnastics-Women (2) Fall. KNS 116. Soccer (2) Fall, Spring. KNS 121. Tennis (2) Fall, Summer. KNS 123. Track and Field (2) Fall. KNS 124. Volleyball (2) Fall, Spring.

KNS 137. Educational Dance (1) Spring. Movement approach for dance in which the learner becomes aware of the expressive values inherent in dance by experiencing and analyzing movement, creating dances and responding to dance structure. One laboratory. Advisable to take concurrently with KNS 138.

KNS 138. Educational Gymnastics (1) Spring. Movement approach to gymnastics in which the learner becomes aware of how to manage body weight and understand concepts related to the development of versatile, qualitative and inventive movement. One laboratory. Advisable to take concurrently with KNS 137.

KNS 164. Introduction to Movement Analysis (2) Fall. Introductory study and analysis of human motion through application of basic mechanical concepts and use of a movement framework. One lecture, one laboratory. Prerequisite: none. One activity course must be taken concurrently with this course.

KNS 201-205, 207-209, 213, 214, 217-219, 226-228. Professional Activities. Courses of skill and knowledge development basic to participation and understanding of the activity. One laboratory.

KNS 222. Advanced Synchronized Swimming (1) On demand. For advanced synchronized swimmer or person interested in participating in production and demonstrations; choreography, lighting, publicity. Laboratory hours arranged. May be repeated for four hours. Prerequisite: consent of instructor.

KNS 224. Outdoor Leisure Pursuits (1) Fall, Spring. Knowledge and skills of lifelong leisure activities such as camping, orienteering, hiking and aquatic-based experiences. One laboratory.

KNS 225. Advanced Lifesaving (1) Call kinesiology division office for registration information. Red Cross Advanced Lifesaving training techniques and skills designed to save lives in the event of aquatic emergencies. Prerequisite for water safety instructor's course and lifeguard training. One laboratory. Prerequisite: eligibility testing conducted first week of course.

KNS 227. The Physical Education Profession (2) Fall, Spring. An introduction to physical education as a professional career choice.

KNS 229. Individualized Exercise Prescription (1) Development and administration of exercise training programs designed for improving personal physical fitness. (2 hours per week). Class restricted to physical education majors and minors; others by permission of instructor.

KNS 230. Structural Kinesiology (3) Fall, Spring, Summer on demand. The study of movement based on functional anatomy. Two lectures; one laboratory. Prerequisite: KNS 164. Lab fee.

KNS 235. Professional Reading and Writing in Physical Education (1) On demand. Reading and interpretation of literature in physical education; writing professional paper; treatment of pertinent statistical techniques. Prerequisite: ENG 112.

KNS 238. Teaching Educational Gymnastics to Children (2) Fall alternate years. Movement approach to gymnastics for
KNS 322. Water Safety Instructor's
Educational implications; methodology and progression. One lecture, one laboratory. Prerequisite: KNS 138 or permission of instructor. C/F hrs.: 21.

KNS 324. Educational Games Teaching to Children (2) Fall, Spring. Movement approach to games/sports with special emphasis on program content, methodology and progression. One lecture, one laboratory. Prerequisite: KNS 137 or 138 or permission of instructor. C/F hrs.: 40.

KNS 327. Introduction to Teaching Physical Education (3) Fall, Spring. Introduction to the teaching of elementary and secondary physical education. Two lecture hours and arranged field hours. C/F hrs.: 40. Prerequisites: KNS 164 and 227, and two major activity courses. Field experience fee.

KNS 303. Biomechanics (2) Fall, Spring. The study of human motion through the examination of internal and external forces acting on the body and the effects produced by these factors. Two lectures. Prerequisites: KNS 164 and 230. Extra fee.

KNS 322. Water Safety Instructor's Course [WSI] (2) Fall on demand, Spring. Successful completion certifies student to conduct and to certify Red Cross swimming and lifesaving courses except WSI. One lecture, one laboratory. Prerequisites: Current advanced lifesaving certificate and consent of instructor. (Eligibility testing conducted first week of course.)

KNS 328. Principles, Ethics and Problems of Coaching (3) Fall, Spring. Non-technical, "off-the-field" aspects of athletic coaching educational implications; coaching ethics; public relations; equipment; financing; liability; coach-athlete rapport.

KNS 329. Coaching Football (3) Fall. Development of personal skills and understandings in football; team administration, organization, philosophy, theory, fundamentals, strategy, methods and responsibilities of coaching football. Two lectures, two lab hours per week. Prerequisite: sophomore standing.

KNS 331. Coaching Basketball (2) Spring. Administration, organization, philosophy, theory, strategy, methods and responsibilities of coaching basketball. One lecture, two lab hours per week. Prerequisite: KNS 203-Basketball.

KNS 337. Teaching Education Dance (2) Fall. Movement approach to children's dance with special emphasis on program content, methodology and progression. One lecture, one laboratory. Prerequisite: KNS 137 or permission of instructor.

KNS 339. Coaching of Interscholastic Sports: A Practicum (2) Fall, Spring. Offers prospective coaches instruction in planning, teaching, administrative functions, safety, and liability essential to effective coaching. Taken during semester in which selected sport is in season. One lecture hour and arranged practicum hours. Prerequisites: KNS 328, HED 313.

KNS 342. Physical Education in the Elementary School (3) Fall, Spring. Summer. Movement Approach to teaching elementary school physical education; human movement content knowledge; emphasis on conceptual and developmental perspectives. Prerequisites: KNS 137 and/or 138 recommended; EDFI 302 required; or consent of instructor.

KNS 355. Socio-cultural and Psychological Foundations of Teaching Physical Education (2) Fall, Spring. Socio-cultural and psychological foundations of physical education curriculum and instruction. Two lecture hours.

KNS 356. Historical, Philosophical and Curricular Foundations of Physical Education (2) Fall, Spring. History, Philosophy and curriculum as related to physical education. Two lecture hours.

KNS 360. Exercise Physiology (3) Fall, Spring. Lecture/laboratory course; the immediate and long-range effects of exercise upon the human body. Two lectures, one laboratory. Prerequisite: BIOL 332. C/F hrs.: 20. Lab fee.

KNS 361. Applied Exercise Physiology (3) Spring. Metabolism, body composition, cardiac patho-physiology, training for fitness, exercise prescription and instrumentation. Practical applications and assessments. Prerequisite: KNS 360. Fee required.

KNS 362. Teaching Motor Activity in Secondary Schools (3) Fall, Spring. Principles, objectives, lesson planning, instruction, teaching methods, curriculum and field experience in physical education in the secondary schools. Two lectures, two laboratories. Prerequisites: KNS 350, admission to major program meets college retention requirements. C/F hrs.: 50.

KNS 387. Practicum (1-5) Fall, Spring, Summer. Field experience under supervision of KNS division of School of Health, Physical Education and Recreation. Petitioning required of each student before registration. Credit hours for each experience approved separately by program area. Prerequisite: approval of KNS division faculty.

KNS 402. Assessment and Evaluation of Motor Activity (3) Spring. Assessment and evaluation principles and techniques with application to performance/learning in physical education and related activity programs. Two one-hour lectures and one two-hour laboratory. Prerequisite: junior standing. C/F hrs.: 22.

KNS 412. Organization and Administration of Physical Education and Interscholastic Athletics (3) On demand. Organization and administration of the total physical education program including instructions, intramurals, extramurals and interscholastic athletics. Prerequisite: senior standing.

KNS 423. Scientific Foundations of Physical Fitness (3) Spring. Assessment and development of physical fitness. Prerequisite: KNS 360.

KNS 428. The Movement Approach to Teaching Physical Education to Children (5) On demand. Selection, design and application of learning experiences appropriate for elementary school child based on movement concepts. KNS 387 may be taken concurrently. Two lectures, three laboratories. Prerequisite: KNS 332, admission into major program and meets college retention requirements. C/F hrs.: 100.

KNS 435. Movement Analysis in Adapted Physical Education (3) On demand. Advanced concepts of adapted physical education related to neuromuscular and
Latin (LAT)

Students who had Latin in high school should consult the department about placement during preregistration or prior to enrollment in a course. Credit will not be given for coursework more than two levels lower than the highest level completed in high school, unless authorized by the chair of the department.

LAT 101. Elementary Latin I (4) Fall. Cultural approach to beginning language. Development of the four skills: listening, speaking, reading, writing. Four class periods and laboratory practice each week.

LAT 102. Elementary Latin II (4) Spring. LAT 101 continued. Four class periods and laboratory practice each week. Prerequisite: LAT 101 or one year of Latin in high school.

LAT 141. Great Greek Minds (3) Fall. Masterpieces of Greek literature: Homer, Sappho, Pindar, Aeschylus, Sophocles, Euripides, Aristophanes, Herodotus, Thucydides, Plato, Aristotle. No Greek required. No credit for both LAT 141 and 485.

LAT 145. Greek and Latin Elements in English (3). Terms and concepts derived from Greek and Latin occurring in English; designed for premedical, predental, prelaw, language, sciences majors.

LAT 201. Intermediate Latin I (3) Fall. Grammar review. Development of the four skills. Three class periods and laboratory practice each week. Prerequisite: LAT 102 or two years of Latin in high school.

LAT 202. Intermediate Latin II (3) Spring. LAT 201 continued. Three class periods and laboratory practice each week. Prerequisite: LAT 201 or three years of Latin in high school.

LAT 351. Latin Prose Composition I (3). Developing increased ability to understand structural peculiarities of classical Latin. Prerequisite: LAT 202.

LAT 352. Latin Prose Composition II (3). Developing increased ability to understand structural peculiarities of classical Latin. Prerequisite: LAT 351.

LAT 470. Readings in Latin Literature (1-3) Fall, Spring. Advanced reading for students wishing to study special period or great author. Prerequisite: consent of chair of department and instructor.

LAT 480. Classical Mythology (3). Study in English of Greek and Roman myths; historical meaning and influence on life, literature, and art. No Latin required.

LAT 481. Roman Life (2). Study in English of daily life and customs in Rome as described in literature and attested by history, art, archeology. No Latin required.

LAT 485. Greek Literature in English (3) Fall. Thought and action of ancient Greeks as seen mainly through their literary works. For majors and minors in Latin and other languages and for students wanting to fulfill humanities requirement; no Greek required. No credit for both LAT 485 and 486.

LAT 486. Latin Literature in English (3) Spring. Thought and action of ancient Romans as seen mainly through their literary works. Intended for majors and minors in Latin and other languages and for students wanting to fulfill humanities requirement; no Latin required. No credit for both LAT 142 and 486.

Latin-American Studies (LAS)

LAS 401. Latin-American Studies Senior Seminar (3) Spring. For seniors majoring in Latin American studies and other interested students. Examination of literature, problems of research and writing, discussion of methods. Required of Latin-American studies major.

Legal Studies (LEGS)

LEGS 200. Perspectives of American Law (3) Fall. Thematic case study of family law, property, privacy, torts, criminal law and other areas which explain social forces that give substance to American law, analysis and reasoning beyond court decisions. Prerequisite: 30 hours.

LEGS 201. Business Law and the Legal Environment (3) Fall, Spring, Summer. The fundamentals of the structure of the American legal system, contracts, torts and selected topics related to the legal environment of business. Prerequisite: junior standing.

LEGS 305. Comparative Legal Philosophy (3) Spring. Legal philosophy and comparative law using legal systems of Western, Communist and developing countries as models; treatment of commercial obligations and constitutional rights within different legal systems.

LEGS 401. Law of Business Relationships I (4) Fall. Legal environment of business relationships; includes study of contracts, sales, professional responsibility and commercial paper. No credit for students who have taken LEGS 301. Recommended for accounting students planning on taking the CPA examination.

LEGS 402. Law of Business Relationships II (4) Spring. Commercial law including secured transactions, bankruptcy, bailments, agency, partnership, corporation, insurance, trusts and wills. Prerequisite: LEGS 301 or 401. Recommended for accounting students planning on taking the CPA examination.

LEGS 406. International Business Transactions (3) Spring. Legal problems faced by individual and corporate business persons when operating within international framework. Methods of control of multinational corporate entities, effect of doing business as national or foreign firm, and act of state doctrine relating to expropriation of assets of foreign firm.
LEGs 410. Business, Individuals and the Constitution (3) Fall. An analysis of economic and individual rights of U.S. citizens and businesses and their relationship with state and federal government. Topics of constitutional import will be featured. Prerequisite: Junior standing.

LEGs 413. Trusts and Estates (3) Fall. Alternate years. Execution, administration, revocation of wills and trusts, guardianships, life insurance; insurance law relating to estates, their protection, and liability; role of wills and trusts in distribution of wealth. Prerequisite: LEGs 301 or 401.

LEGs 414. Liability Law (3) Fall alternate years. History and development of modern concepts in areas of privacy, product and service liabilities, legal problems in advertising, responsibility to work force, and ecology.

LEGs 415. Realty Law (3) Spring. Creation of property rights; acquisition, transfer of realty; deeds and mortgages as security devices and their economic implications; landlord-tenant relations and economic role of leasehold interests.

LEGs 419. Employment Law I (3) Spring. A discussion of federal and state labor laws regulating (a) labor union and management relationships, (b) plant closings, (c) safe and healthy working environment, (d) employment of immigrants and aliens, (e) privacy (polygraph usage and drug testing) in the work place, (f) employment at will and for term, and (g) wrongful discharge. Prerequisite: Junior standing.

LEGs 421. Government Regulation of Business (3) Spring. Regulation of business and policy implications for public; anti-trust, trade practices and securities regulation.

LEGs 423. Computer and Technology Law (3) Fall. Developing law concerning computers and technology, including acquisition of computer hardware and software, remedies for failure of a computer system, computer crime, privacy, liability and intellectual property.

LEGs 425. Health Care Law (3) Fall. Public/private constraints in foundation health agencies; experimentation and risk assumption; agency and independent contract liability; reasonable standards of care doctrines; governmental regulations.

LEGs 429. Employment Law II (3) Spring. A discussion of laws focusing on the prohibition of discrimination and harassment on the basis of race, color, national origin, sex, religion, age and handicap, and veterans; and on wage and salary discrimination using equal pay and comparable worth analysis. Prerequisite: Junior standing.

LEGs 431. Environmental Law (3) Spring. History and development of modern concepts in environmental law; air, water, land, toxic waste; legal solutions to environmental problems.

LEGs 440. Purchasing and Selling Law (3) Spring. Legal analysis of the state and federal laws regulating the purchasing, sale and marketing of goods and services. Regulations involving corporate procurement and marketing functions as well as consumer rights and remedies emphasized. Prerequisite: LEGs 301 or 401.

LEGs 450. Hospitality Law (3) Spring. Legal regulations, duties, liability and relationships of persons and businesses engaged in the food service, restaurant, hotel/motel and hospitality industries.

LEGs 490. Legal Research and Drafting Seminar (3) Spring. Legal research and drafting seminar that requires use of all types of legal resources. Series of projects to develop competencies in legal research and drafting.

LEGs 491. Studies in Business Law (1-3). In-depth study of selected areas. Offered to individual student on lecture basis or as seminar depending on student needs and nature of material. May be repeated to six hours. Research paper required. Prerequisite: consent of chair of department and instructor.

LEGs 495. Readings for Honors in Business Law (1-3) Fall, Spring, Summer. For student in business administration who wishes to pursue supervised independent program of reading and study. Prerequisite: 3.0 accumulative GPA, or consent of department. Prerequisite: consent of chair of department and instructor.

Library and Educational Media (LEM)

LEM 203. Introduction to Librarianship (3) Fall, Spring. The profession of librarianship; types of library/information/media centers, jobs performed, professional literature and organizations, history of libraries and materials. Lecture; discussion/questioning; role-playing; practicum. C/F hrs.: 16.

LEM 301. Basic Educational Media (2) Selection, operation and utilization of common classroom educational media. Lecture; discussion/questioning; problem solving; laboratory; practice/drill. Prerequisite: to follow EDIF 302. C/F hrs.: 16.

LEM 395. Workshop in Educational Media (1-2) On demand. Study, readings and development of materials to meet the needs of practitioners. Topics vary from offering to offering. May be repeated with consent of adviser. C/F hrs.: varies.

LEM 404. History of Books and Libraries (2) Development of books and libraries from earliest times to the present with emphasis on their roles in the preservation and communication of information. Lecture; discussion/questioning; viewing/listening/answering. C/F hrs.: 4.

LEM 405. Government Publications (3) Nature, use, acquisition and organization of printed materials issued by federal, state and local governments and international agencies. Lecture; discussion/questioning; practice/drill; laboratory. Prerequisite: LEM 403 or consent of instructor. C/F hrs.: 17.

LEM 408. Classification and Cataloging (3) Tools and basic procedures of technical processing and organizing of library/information materials. Lecture; discussion/questioning; practice/drill; problem solving; laboratory; practicum. C/F hrs.: 40.

LEM 411. Materials for Secondary School Media Centers (3) Print and nonprint materials and program activities for secondary school media centers. Special needs of adolescents including gifted and retarded. Lecture; discussion/questioning; viewing/listening/answering; problem solving. Prerequisite: 9 hours of LEM courses or consent of instructor. C/F hrs.: 20.

LEM 428. Advanced Utilization of Educational Media (3) Audio-visual materials to motivate, persuade, instruct. Selection, production, use and evaluation. Lecture; discussion/questioning; viewing/listening/answering; problem solving; laboratory. Prerequisite: LEM 301 or consent of instructor. C/F hrs.: 16.

LEM 430. Preparation of Instructional Materials (3) Planning, designing and producing instructional materials in terms of stated objectives. Laboratory; practicum; discussion/questioning; problem solving. Prerequisite: LEM 301 or 428 or consent of instructor. C/F hrs.: 22. Lab fee.

LEM 431. Visual Communication in Instruction (3). Role of visual stimuli in teaching/learning environments. Emphasis on instructional drawing. Lecture, practice/drill; problem solving; laboratory. Prerequisite: LEM 301 or consent of instructor. C/F hrs.: 40.

LEM 433. Classroom Television (3) Television as an integral part of the instructional process. Includes equipment operation and selection and basic production techniques. Lecture; practice/drill; viewing/listening/answering; problem solving;
LEM 434. Individualizing Instruction with Educational Media (3). The application of educational technology (equipment, materials and instructional design techniques) to the conceptual and operational aspects of individualized instruction. Lecture; viewing/listening/answering; problem solving; independent learning/self-instruction. Prerequisite: LEM 301 or 428 or consent of instructor. C/F hrs.: 20.

LEM 438. Selection, Maintenance and Repair of Media Equipment (3). The role of the teacher and media specialist in selection, maintenance and repair of classroom media equipment at building level. Lecture; practice/drink; laboratory; independent learning/self-instruction; problem solving; discover. Prerequisite: LEM 428 or consent of instructor. C/F hrs.: 20.

LEM 441. Storytelling (3) Techniques and practice of storytelling in libraries, classrooms, etc. Selection of traditional and modern literature to tell and read aloud. Lecture; practice/drink; viewing/listening/answering; role playing. Prerequisite: ENG 342 or consent of instructor. C/F hrs.: 8.

LEM 450. Media Center in the School (3). Organization and administration of school media centers. Lecture; discussion/questioning; practice/drink; problem solving; practicum; role-playing. Prerequisite: just prior to student teaching. C/F hrs.: 20.

LEM 455. Instructional Media in Industry, Business and Government (3). Selection and utilization of instructional media in non-school settings. Not available for students with credit for LEM 428. Lecture; discussion/questioning; viewing/listening/answering; problem solving; laboratory. Prerequisite: consent of instructor. C/F hrs.: 16.

LEM 490. Problems in Library and Educational Media (1-3). Independent study of selected topics. May be repeated to six hours. Prerequisite: consent of instructor. C/F hrs.: varies.

LEM 491. Field Work (2). Supervised field work in library, media center or information service approved by department. May be repeated to 4 hours. Practicum. Prerequisite: consent of instructor. C/F hrs.: varies. Graded S/U.

LEM 492. Student Teaching (1-10) Classroom teaching at the elementary level under supervision on full-time basis. Conferences and seminars supplement program. Fee: $5 per credit hour. College/program eligibility requirements must be met. C/F hrs.: 300. May be repeated. Graded S/U.

LEM 497. Student Teaching (1-10) Classroom teaching at the secondary level under supervision on full-time basis. Conferences and seminars supplement program. Fee: $5 per credit hour. C/F hrs.: 300. May be repeated. Graded S/U.

Linguistics (LING)

LING 310. Introduction to Linguistics (3) Spring. Nature of languages and human communication; principles and procedures for analyzing and describing languages; language change and variation. Prerequisite: sophomore standing.

LING 490. Special Problems in Linguistics (2-3) On demand. Theories and applications of linguistic studies or problems in languages, literatures, psychology, speech and other related fields. Prerequisite: LING 310.

Management (MGMT)

MGMT 300. Introduction to Production and Operations Management (3) Fall, Spring, Summer. Fundamentals of management of operations of firm; design of production systems, operation, coordination and control of production activity; major analytical tools for management. Prerequisite: STAT 212 or equivalent.

MGMT 305. Principles of Organization and Management (3) Fall, Spring, Summer. Fundamentals of organization theory; objectives, policies, decision-making, authority, management development, leadership, communication, motivation and effective human relations management principles. No credit allowed toward BSBA degree.

MGMT 330. Purchasing Management (3) Fall, Spring, Summer. Introduction to the general area of purchasing and materials management with in-depth coverage of selected topical areas. A general overview of the purchasing cycle is provided along with short term operational considerations of managing this functional group. The critical components of sourcing decisions, contract and legal terms and conditions, the purchase process for capital equipment and disposition of surplus and waste materials are also covered. Prerequisite: MGMT 300 (current registration in MGMT 300 permitted with instructor approval).

MGMT 350. Organizational Theory and Behavior (3) Fall, Spring, Summer. Microrelationships in organizations; historical perspective, changing nature of organizations, and individual and overall group behavior. Specific topics include motivation, decision making, leadership, group dynamics, and organization structure. Prerequisite: STAT 212.

MGMT 361. Human Resource Management (3) Fall, Spring, Summer. Survey of human resource management activities designed to attract, retain and motivate qualified employees, including such functions as human resource planning, staffing, appraising performance, compensation, training and development, labor relations, health and safety, and compliance with government requirements. Prerequisites: MGMT 360 or MGMT 305 (concurrent registration in MGMT 360 or MGMT 305 permitted with instructor approval).

MGMT 430. Advanced Purchasing Management (3). Fall, Spring. Advanced topics in purchasing. Product-related issues of design, specifications, and price/cost are examined in detail. Special issues relating to government and institutional purchasing. Operational aspects of materials transportation, receiving, inspection, and warehousing. Computer applications and purchasing information systems. Prerequisites: MGMT 300 and MGMT 330 (concurrent registration in MGMT 330 permitted with instructor approval).

MGMT 439. Purchasing and Materials Management Problems (3). Fall, Spring. Capstone course integrating principles from other required courses in the area of purchasing and materials management; lectures, case discussions, simulations and research projects used for instructional purposes. Prerequisites: MGMT 330 and 430. Admission to purchasing specialization required.

MGMT 441. Process and Quality Management (3). Fall, Spring. Effective design of production systems including long-term capacity planning, process selection, and alternative measures of system performance. Quality management in production systems and its impact on the competitiveness of the firm in domestic and world markets. Prerequisite: MGMT 300.

MGMT 442. Materials Management Systems (3). Fall, Spring, Summer. Focus on material needs determination and the study of traditional theories and techniques of inventory control. Current inventory methodology such as kanban systems and just-in-time concepts are also studied. Broad range of inventory control problems covered. Prerequisite: MGMT 300.

MGMT 445. Production Planning and Control (3). Fall, Spring. Production planning and control processes including: intermediate range scheduling such as aggregate planning and master scheduling; short range production scheduling such as job shop scheduling; capacity planning and control such as rough-cut capacity planning and capacity requirements planning; material planning and control using material requirements planning; project scheduling with resource constraints. Prerequisite: MGMT 300.
MGMT 449. Problems in Production and Operations Management (3) Fall, Spring, Summer. Integrates principles, theories, and techniques gained from previous courses in production and operations management to provide a broad perspective for the efficient and effective management of operations in both manufacturing and service organizations. Case studies, group projects and presentations, and integrative simulation models are used for instructional purposes. Prerequisites: MGMT 445 and either MGMT 441 or 442. Admission to production specialization required.

MGMT 452. Human Resource Management in the Hospitality Industry (3) Fall. Concepts and skills involved in staff planning, selection, placement, appraisal and development of personnel in the hospitality industry. Prerequisites: MGMT 360 and completion of 400 hours of practicum. Admission to the BSBA program.

MGMT 454. Managing the Employment Process (3) Fall. Current practices and recommended methods for providing an organization with the human resources needed to meet organizational goals. Emphasis on application of relevant theories. Major topics include quantitative methods and computer utilization in employment, job analysis; human resource planning, recruiting, selection, and government regulation of employment practices. Prerequisite: MGMT 361 (concurrent registration in MGMT 361 permitted with instructor approval).

MGMT 455. Managing the Compensation Process (3) Spring. Current practices and recommended methods in the establishment of base pay, incentive pay, and employee benefits and services. Government regulations concerning pay, job analysis and job evaluation, wage surveys, pay structure design, pay for performance, benefits and services, pay administration, and the issue of comparable worth. Prerequisite: MGMT 361 (concurrent registration in MGMT 361 permitted with instructor approval).

MGMT 456. Managing Productivity Measurement and Improvement (3) Spring. Major ideas, skills and activities involved in the study, measurement and improvement of organizational productivity. Focus on developing student's ability to analyze and critique existing organizational systems and to create or modify organizational systems in order to improve individual, team and organizational performance. Stresses understanding and application of contemporary performance improvement strategies. Prerequisite: MGMT 361 (concurrent registration in MGMT 361 permitted with instructor approval).

MGMT 463. Organization Theory, Analysis and Design (3) Fall, Spring. Organizational variables and processes which influence the overall design and functioning of organizations. Investigates traditional and contemporary theories of organization such as systems theory, social construction, political models, information processing and population ecology. Prerequisite: MGMT 360 or MGMT 305 (concurrent registration in MGMT 360 or MGMT 305 permitted with instructor approval).

MGMT 465. Organization Development Theory and Technology (3) Fall. Theory and technology of organization development, history, philosophy, process and major technology of organization development; the consult process and the diagnostic methodology used in organization development. Emphasizes understanding, measuring, and improving organization culture. Prerequisite: MGMT 360.

MGMT 468. Organization Development Field Experience (3) Spring. An integrative and applied course designed to allow students to develop and apply skills in diagnosing organizations, designing interventions and carrying out change in organizations. Prerequisite: MGMT 465.

MGMT 489. Internship (1-3) Fall, Summer. Experience in approved business position. Student participates in seminar to formally evaluate work experience. Must be arranged in advance and approved by coordinator. Work experience must be completed within one year of acceptance into program. No credit for students with credit from any similar program in College of Business Administration. Graded S/U.

MGMT 491. Studies in Management (1-3) Fall, Spring, Summer. Lectures, seminars, and applied projects for students desiring to read in a specific area of management or business administration. Prerequisite: MGMT 361 (concurrent registration in MGMT 361 permitted with instructor approval).

MGMT 495. Readings for Honors in Management (1-3) Fall, Spring, Summer. For superior student who desires individual reading program to broaden knowledge of management literature on semi-independent basis. Prerequisite: academic standing in upper 20 percent of class.

Management Information Systems (MIS)

The availability of summer classes and electives is subject to demand.

ΔMIS 200. Introduction to Management Information Systems (3) Fall, Spring, Summer. Principles of computer systems, role of information systems in organizations; introduction to microcomputer operating systems, spreadsheet and database software. Lab fee at Firelands. Credit allowed for at most one of the following courses: MIS 200, CS 100.

MIS 360. Introduction to Systems Concepts (3) Fall, Spring, Summer. Introduction to the general concept of a system and to systems theory, the system life-cycle and system development processes; emphasis is on application to business-oriented information systems. Prerequisites: C or better in MIS 200 or equivalent.

MIS 370 Database Management (3) Fall, Spring. Logical database design and effective implementation, including hierarchical, network and relational models. Prerequisites: MIS 360 and CS 260.

MIS 412. Decision Support Systems/Expert Systems (3) Fall, Spring, Summer. Provides the student with skills necessary to conceptualize, design and implement decision support systems (DSS) and expert systems (ES) in organizations; includes the use of a variety of software in creating DSS and ES. Prerequisite: MIS 360.

MIS 421. Business Data Communication and Distributed Processing (3) Fall, Spring. Basic concepts, security and design of business data communication systems and distributed processing of business information systems. Prerequisites: MIS 360.

MIS 432. End-User Computing (3) Fall, Spring. Explores the phenomenon of end-user computing with special emphasis on the effective use of microcomputers with regard to business productivity. Prerequisite: MIS 200 or permission of the instructor.

MIS 433. Artificial Intelligence in Business Decision Making (3) Spring. Survey of the area of A.I. with an emphasis on business decision making. Students will do a project utilizing an A.I. language or Shell. Prerequisite: MIS 200 or permission of instructor.

MIS 471. Systems Analysis and Design (3) Fall, Spring, Summer. Concepts and methods of systems analysis and design; includes a project involving design of a computer-based information system. Prerequisites: MIS 370 and CS 360.

MIS 479. Information Resource Management. (3) Fall, Spring, Summer. Managing information as a corporate resource. Involves the management of the various elements of the information systems areas as well as strategic planning of information resources using state-of-the-art technology in a dynamic field. Prerequisite: MIS 471, FIN 300, MKT 300, MGMT 360, MIS 412 (or concurrent registration), and MIS 421 (or concurrent registration).

MIS 489. Internship Seminar (1-3) Fall, Spring. Credit can be completed at first opportunity following suitable internship experience. Work experience to be preceded by at least 70 hours of academic credit. No credit for students with other internship credit in College of Business Administration. Graded S/U.
MIS 491. Studies in Management Information Systems (1-3) On demand. Selected topics or contemporary problems. May be repeated. May be offered individually as well as in classes, depending upon student needs and nature of material. Prerequisite: approval of department.

**Manufacturing Technology (MFG)**

*MFG 112. Introduction to Manufacturing Processes and Systems (3) Fall, Spring, Summer on demand. Technology of the manufacturing enterprise. Production materials and methods, manufacturing planning, organizing and controlling. Two one-hour lectures and one two-hour laboratory per week. Lab fee.*

*MFG 134. Time Study (4) Fall, Spring. Responsibilities of a time study technician and equipment utilized; emphasis on performance, rating, conducting a time study, determining allowances, work sampling.*

*MFG 211. Manufacturing Processes II-Forming, Combining (3) alternate years. Traditional and nontraditional forming and combining processes in plastics; extrusion, injection, compression, vacuum, fiberglass, rotation and other processes studied. Emphasis on industrial applications. Field trips to plastics processing plants. Two one-hour lectures; three hours laboratory. Prerequisite: MFG 113.*

*MFG 213. Manufacturing Processes II Computer numerical control technology, including machinability of materials, CNC mathematics, and programming and operation of CNC lathes and mills. Four hours lecture and laboratory. Prerequisite: MFG 112.*

*MFG 215. Metallurgy and Metrology (3) alternate years. Physical metallurgy and heat treatment of metals; metal structure, alloys, tool steels, tempering and powder metallurgy. Study of instruments and machines for measuring dimensions and surface finishes of machine tools. Two hours lecture, three hours laboratory. Lab fee.*

*MFG 220. Metallic Materials and Processes (4) Fall, Summer on demand. Metals and their hot and cold processing practices. Laboratory applications and techniques studied. Two two-hour labs and two one-hour lectures a week. Prerequisites: MFG 112 and MATH 128. Lab fee.*

*MFG 222. Metallic Materials and Processes I (3) Fall. A survey of metallic machining practices. Laboratory applications and techniques are studied. Two one-hour lectures and one two-hour laboratory per week. Prerequisites: MFG 112.*

*MFG 225. Plastic Materials and Processes (3) Spring. Identification, properties, characteristics and selection of plastic materials. Set-up and operation of plastic processing equipment. Two hours lecture and two hours laboratory. Prerequisite: MFG 112 or permission by instructor.*

*MFG 229. Metallic Materials and Processes II (3) Spring. A survey of hot metal forming and combining practices. Laboratory applications and techniques are studied. Two one-hour lectures and one two-hour laboratory per week. Prerequisite: MFG 112.*

*MFG 235. Properties and Testing of Engineering Materials (3) Spring. Mechanical properties and failure modes of engineering materials. Destructive and nondestructive testing of these materials. One two-hour lecture and one two-hour laboratory a week. Prerequisites: MATH 126 and PHYS 201 or consent of instructor. Lab fee.*

*MFG 243. Quality Control (3). Quality assurance; product reliability; acceptance, attribute, and variable sampling; control charts as related to quality control. Prerequisites: MFG 112 and 223, and MATH 115 or STAT 200 or 211, or permission of instructor.*

*MFG 290. Problems in Manufacturing Technology (3) on demand. For advanced students wanting to conduct intensive study of selected problems in manufacturing technology. May be repeated up to 3 hours. Prerequisites: sophomore standing and consent of instructor.*

*MFG 322. Non-Metallic Materials and Processes I (3) Spring. Wood, reconstructed wood, and ceramic materials, processing methods, and product applications. One two-hour lecture and one two-hour laboratory. Prerequisite: MFG 112. Lab fee.*

*MFG 325. Total Quality Assurance (3) Spring. Overview and application of modern statistical and other techniques in assuring quality in designing a total quality system for a manufacturing environment. One two hour lecture and one two hour laboratory. Prerequisites: MFG 220 and 235, DESN 204 or 243. Lab fee.*

*MFG 327. Manufacturing Engineering Applications (3) Fall. Overview and application of modern techniques in assuring productivity in the manufacturing environment. Two hours lecture and two hours laboratory. Prerequisites: MFG 220 and 236, DESN 204 or 243. Lab fee.*

*MFG 329. Plastics and Composite Materials and Processes (3) Fall. Identification, properties, characteristics and selection of plastics materials. Set-up and operation of primary and secondary plastics processing equipment. One two-hour lecture and one two-hour laboratory a week. Prerequisite: MFG 112. Lab fee.*

*MFG 424. Manufacturing Systems (3) Spring, Summer on demand. Production methods, process equipment, tooling, organization and control employed in manufacturing industries. One two-hour lecture and one two-hour laboratory per week a week. Prerequisites: Two of the following: MFG 220, 322 or 329. Lab fee.*

*MFG 426. Integrated Measurement Systems (3) Summer. Overview and application of modern metrology and measurement techniques in assuring quality in the manufacturing environment. Technical topics include data acquisition and manipulation, coordinate measurement, machine vision, calibration and traceability, and others. Two hours lecture and two hours laboratory. Prerequisites: All courses in the AGS option but MFG 427 and TECH 489. Lab fee.*

*MFG 427. Quality in Design (3) Summer. Design of experiments (DOE), Taguchi design methods and finite element analysis (FEA) applied for robust problem solving through experimentation and computer modeling techniques, oriented to enhancements and innovations in quality and reliability. Two hours lecture and two hours laboratory. Prerequisites: All courses in the AGS option but MFG 426 and TECH 489. Lab fee.*

*MFG 428. Automation and Computer Integrated Manufacturing (CIM) (3) Spring. Automation in manufacturing, including fixed automation, flexible automation based on Computer Numerical Control (CNC) technology, and integration of these technologies into CIMS. One two-hour lecture and one two-hour laboratory. Prerequisites: MFG 220, MATH 126 or equivalent. Lab fee.*

*MFG 490. Problems in Manufacturing Technology (1-5) On demand. For advanced students wanting to conduct intensive study of selected problems in manufacturing technology. Prerequisite: Senior standing and consent of department. Materials fee. Graded S/U.*

**Marketing (MKT)**

*MKT 300. Principles of Marketing (3) Fall, Spring, Summer. Introduction to marketing activities and decisions. Topics include: product, price, promotion, distribution activities; market segmentation; behavior of
consumers and business customers; marketing research; environmental analysis; services, nonprofit, international marketing. Prerequisite: Any ECON course.

MKT 400. Topics in Marketing (1-3) Fall, Spring. Selected areas not covered in depth by existing courses but which are developing as an important part of marketing. Offered on lecture basis or in seminar, depending on student demand and course content. Typical topics, which may vary from semester to semester, could include nonprofit marketing; demand analysis and forecasting; distribution systems; product (brand) management; or pricing strategies. May be repeated to 6 hours. Prerequisites: depending upon course content, prerequisites in addition to C or better in MKT 300 may be required.

MKT 402. Consumer Behavior (3) Fall, Spring, Summer. Pertinent theoretical and empirical findings about consumer markets and behavior; implications for marketing practice. Topics include: processes of decision making and evaluation; personal, social, environmental and marketing influences; attitude formation and change; information processing and learning; segmentation of markets. Course also develops students' problem-solving skills. Prerequisite: C or better in MKT 300.

MKT 405. Services Marketing (3) Fall, Spring. Conceptual and analytic framework for the application of marketing principles to the service sector of the economy. Development and understanding of the impact of unique service characteristics on the development of marketing strategies. Prerequisite: C or better in MKT 300.

MKT 410. Marketing Communication and Promotion (3) Fall, Spring, Summer. Role of promotion in marketing process. Emphasis on communication theory and practice as related to promotional mix (advertising, personal selling, sales promotion, public relations). Topics include: role of promotion in marketing mix; implicit and explicit forms of promotion; promotional planning; the communications process; information processing and communication response models; consumer decision making; diffusion of innovation; managing the promotional mix. Course also develops students' oral communication skills. Prerequisite: C or better in MKT 300.

MKT 412. Advertising Management (3) Fall, Spring. Managerial application of advertising theory; advertising effectiveness; impact on society and economy; campaign design; setting of objectives; creative appeals; budget allocation and media planning; decision making. Focused projects and in-class exercises are usual experiential methods used. Prerequisites: MKT 410 and C or better in MKT 300.

MKT 420. Marketing Research (3) Fall, Spring, Summer. Research as a process and source of Information for marketing decision making. Examines research methods and techniques used in the collection, analysis and interpretation of primary and secondary data for consumer and business marketing. Course also develops students' written communication skills. Prerequisites: STAT 212 and C or better in MKT 300.

MKT 421. Advanced Marketing Research (3) Spring. Application of research methods and techniques to solve marketing problems. Research design, implementation, interpretation of results, reporting. Topics include: advanced study of sampling; questionnaire design; data collection and retrieval; data analysis; presentation of results. Prerequisites: STAT 212, MKT 420 and C or better in MKT 300.

MKT 430. Retail Management (3) Fall, Spring, Summer. Retailing is the study of companies involved in and process of selling products to final consumer. Topics include: store location and trade area analysis; retail financial control; inventory planning; buying; merchandising; store layout; retail promotion. Prerequisite: C or better in MKT 300; ACCT 221 or 325 also recommended.

MKT 440. Professional Selling (3) Fall, Spring, Summer. The selling process is studied from a theory, techniques and application perspective. Topics include: behavioral aspects of sales; prospecting; qualifying; approaching; presenting; handling objections; closing; follow-up; and other special interest topics. Sales presentation is required for all students. Prerequisite: C or better in MKT 300.

MKT 442. Sales Management (3) Fall, Spring, Summer. Theory, principles and practices of selling and sales force administration for manufacturing and wholesaling enterprises. Topics include: recruiting; training; compensation; sales force size and design; selling techniques; performance appraisal. Prerequisite: C or better in MKT 300.

MKT 445. Product Planning (3) Fall, Spring, Summer. Issues and concepts related to planning, development, management and analysis of products. Emphasis on role of new products in corporate strategy; process, organization, research and oversight of new product development and management of existing products. Prerequisite: C or better in MKT 300.

MKT 450. Business-to-Business Marketing (3) Fall, Spring, Summer. Theory and practice of marketing to organizations (business, institutions, government). Topics include organizational buying behavior; market forecasting; segmentation and competitive assessment; business marketing partnerships and distribution channel management; products, services, pricing, promotions for organizational markets. Course also develops students' team building skills. Prerequisite: C or better in MKT 300.

MKT 455. International Marketing (3) Fall. Spring. Theory and practice of marketing across national borders as well as market within different foreign environments, highlighting the similarities and differences among various countries and regions. Special attention to the marketing structure and strategies of global corporations. Prerequisites: BA 390 (BA 390 may be taken concurrently) and C or better in MKT 300.

MKT 460. Marketing Management (3) Fall, Spring, Summer. Capstone course in planning, integration, management of marketing functions. Customer analysis and segmentation, competitive analysis; design and management of pricing, product, distribution, promotion activities; tactical and strategic marketing decisions. Course develops students' problem-solving skills. Prerequisites: C or better in MKT 300, MKT 402, MKT 420 MKT 450 and admission to the BSBA program.

MKT 489. Marketing Internship (1-3) Fall, Spring, Summer. Work in approved business position; credit determined by quality and extent of work experience. Not open to freshmen and sophomores. No credit for students with credit for ACCT 489 or BA 489 or MGMT 489 or MIS 489. Prerequisites: Six hours of MKT coursework and permission of department. Graded S/U.

MKT 491. Special Studies in Marketing (1-3) Fall, Spring, Independent or small group study of selected topics not covered by existing courses but which are currently (or becoming) an important part of marketing. Prerequisite: permission of department chair. Graded S/U.

MKT 495. Reading for Honors in Marketing (1-3) Fall, Spring. For superior student who wishes individual reading program or independent research experience with guidance from an appropriate advisor. Prerequisite: open only to marketing student in BSBA with an overall GPA of 3.0 or better at time of registration. Letter grade only.

Materials Science (MATS)

MATS 100. Materials in the Service of Society (3) Fall. Basic concepts of materials science and the role materials have played in history and in our daily lives. For students not majoring in science. Not counted toward a major in any of the natural sciences. No prerequisites.

MATS 401. Survey of Materials Science I (3) Fall. Basic concepts of materials sciences. Crystalline materials, dislocations, elastic properties, polymers, ceramics and corrosion. For students majoring in science or technology. Two one-hour lectures and one three-hour laboratory. Prerequisites: college algebra and introductory course in physics or chemistry.
MATS 302. Survey of Materials Science II
Spring. MATS 401 continued. Electrical, electronic, magnetic and optical properties of materials; focus on modern applications and instrumentation. Surface science and its application in the assessment and development of novel materials. Prerequisite: MATS 401.

Mathematics and Statistics (MATH)

Entry Level Courses
The selection of a mathematics course should reflect the student's college requirements, major requirements, mathematics preparation and interests. Flexibility to meet a variety of program requirements should be added to the criteria since changing majors or colleges is a common occurrence. The information below provides an overview of the 100-level mathematics courses to assist the student in making an informed course selection. Students are encouraged to contact a representative of the Department of Mathematics and Statistics or their academic adviser if they need additional information.

MATH 131, the first course in the standard calculus sequence, is required for all students in the Bachelor of Science degree program. In addition, it satisfies the mathematics requirement for the B.S. in Business Administration degree and is required or recommended for a variety of additional majors. MATH 131 provides a high degree of flexibility in meeting requirements and is prerequisite to the higher-level mathematics curriculum and courses in other areas.

The MATH 134-135 sequence includes all the topics from MATH 131. Completion of this sequence is equivalent to completion of MATH 131 in terms of requirements and prerequisites.

MATH 126 includes topics from differential calculus, integral calculus and some matrix theory. It satisfies the mathematics requirement for most specializations in the B.S in Business Administration degree and some majors in other degree programs. This course does not satisfy the mathematics requirement for the Bachelor of Science degree nor does it satisfy some major or program requirements in other areas, including some in the College of Business Administration.

Students who complete this course and subsequently change to a program of study in statistics, operations research, computer science, mathematics or the natural sciences may be required to take MATH 131 and possibly MATH 129 or MATH 130.

MATH 131 satisfies all requirements met by MATH 126 so the department recommends that qualified students take MATH 131 since it provides greater flexibility in fulfilling requirements and prerequisites. MATH 120, 128 and 130 satisfy some program or degree requirements and serve as preparatory courses for calculus students.

MATH 130 is an accelerated version of MATH 128 for students with better placement scores. MATH 128 and 130 satisfy the prerequisites for both MATH 126 and 131 while MATH 120 satisfies only the prerequisites for MATH 126. In general MATH 128 and MATH 130 will satisfy any requirement of prerequisite satisfied by MATH 120 so qualified students are advised to take MATH 128 or MATH 130 instead of MATH 120.

MATH 115 is an introductory statistics course and is taken by students in various colleges to satisfy programmatic requirements or for general background purposes. The department offers MATH 095 and MATH 098 for students not prepared to enter higher level mathematics courses. These courses are offered without credit toward any degree program. Students are placed into MATH 095 and 098 through the Mathematics Placement Examination.

Mathematics Placement
The department administers placement examinations to aid students in selecting an appropriate entry point or to determine if remedial work is necessary. Placement testing and advice on course selection are available at preregistration, and at other times in the department office (450 Mathematical Sciences Building). The department recommends that students use their placement test results and consult with their adviser when selecting an initial course in mathematics. It is important to understand that placement decisions are intended to provide reasonable expectation of successfully completing the recommended course. Students who elect to ignore placement recommendation do so at their own risk.

Advanced Placement
Students who have taken a calculus course in high school may be eligible to enter the calculus sequence (MATH 131, 232, 233) at MATH 232 or 233, and may also be eligible for credit for some of the courses in this sequence. These students should take the Calculus AB or Calculus BC advanced placement examinations from the College Entrance Examinations Board given at their high school. The department also gives an advanced placement qualifying examination in calculus for those students who do not have these examinations available, or who did not score high enough to earn credit. Students should register for MATH 131, pending examination results.

Prerequisite Policy
Prerequisites are strictly enforced with exceptions made only by the instructor. Admission to 300 and 400 level courses require that a grade of A, B, C or S has been earned in the prerequisite course(s).

MATH 090. Elementary Algebra (3) Fall, Spring, Summer. Fundamental topics of beginning algebra. Intended for students having no previous algebra experience. Credit for this course cannot be applied toward any degree program. Graded S/No Record.

MATH 095. Intermediate Algebra (5) Fall, Spring, Summer. Review of high school algebraic topics, desigual equations and inequalities, second degree equations and inequalities; functions and graphs; logarithmic and exponential functions. Credit for this course cannot be applied toward any degree program. Additional fee. Graded S/No Record.

MATH 098. Algebra Review (3) Fall, Spring. Review of topics in algebra to prepare students for further coursework. Intended only for those students who have already studied algebra. Credit for this course may not be applied towards any degree program. Additional fee. Graded S/No Record.

MATH 111. Topics in Modern Mathematics (3) Spring. Language of sets, introductory logic, number systems, other topics. Not intended for improvement of algebra skills. Students needing additional preparation in algebra should take MATH 095. Not open to students with credit for any college mathematics course. Prerequisite: one year of high school algebra.

MATH 115. Introduction to Statistics (3) Fall, Spring, Summer. Description of data, binomial and normal distributions, estimation and testing hypotheses for means and proportions. Prerequisite: Two years high school algebra, one year of geometry and a satisfactory placement exam score.

MATH 116. Introduction to Statistics II (3) Spring. MATH 115 continued. Nonparametric methods; linear regression and correlation; analysis of variance. Prerequisite: grade of C or higher in MATH 115 or consent of instructor.

MATH 120. College Algebra (5) Fall, Spring, Summer. Polynomials, factoring, rational exponents, linear and quadratic equations and inequalities, applications; polynomial, exponential and logarithmic functions and their graphs, systems of equations, theory of equations. Not to be taken if credit for MATH 128 or 130 has been received. Prerequisite: Two years of high school algebra, one year of geometry AND a satisfactory placement exam score.

MATH 126. Basic Calculus (5) Fall, Spring, Summer. Differential and integral calculus, multivariate differential calculus and matrix theory; applications. Not open to students with a grade of C or higher in MATH 131 or 135. Prerequisite: a grade of C or higher in MATH 120, 128, or 130; or two years of high school algebra and one of geometry AND a satisfactory placement exam score.

MATH 128. Precalculus Mathematics (5) Fall, Spring, Summer. Basic algebra; inequalities; functions and graphs; logarithmic and exponential functions; trigonometric functions and identities; applications and other topics. Not to be taken if credit for MATH 120, 129, or 130 has been received.
Prerequisites: Two years of high school algebra, one of geometry AND satisfactory placement exam score.

**MATH 129. Trigonometry (2) Fall, Spring.** Trigonometric functions, graphs, identities, equations, inverse functions, solution of triangles, complex numbers. Intended for students who have good preparation in algebra and geometry but lack knowledge of trigonometry. Not to be taken if credit for MATH 128 or 130 has been received. Prerequisite: C or higher in MATH 120, or consent of instructor.

**MATH 130. Precalculus Mathematics (3)** Fall, Spring, Summer. Theory of equations, coordinate geometry, exponential, logarithmic and trigonometric functions, applications. Overlaps with content of MATH 126 and 129. Not to be taken if credit for MATH 128 or 129 has been received. Prerequisite: two years of high school algebra, one year of high school geometry and a satisfactory placement exam score.

**MATH 131. Calculus and Analytic Geometry (5)** Fall, Spring, Summer. Differential and integral calculus including applications. The MATH 131-232-233 sequence is a traditional calculus course for well-prepared students and is prerequisite for all advanced mathematics and statistics courses. Prerequisites: (1) two years of high school algebra, one year of geometry, one-half year of trigonometry, ACT math score of 24 or higher and satisfactory score on department placement test; or (2) grade of C or higher in MATH 128, 129, or 130.

**MATH 134. Calculus and Analytic Geometry IA (3)** Fall, Spring. Limits, the derivative, differentiation techniques and applications of the derivative. MATH 134 and 135 is a two-semester sequence which includes all the topics from MATH 131. Not open to students with a grade of C or higher in MATH 131 or MATH 126. Prerequisites: same as MATH 131.

**MATH 135. Calculus and Analytic Geometry IB (3)** Fall, Spring. The definite integral; the fundamental theorem; indefinite integrals; integration by parts, by substitution and using tables; and applications of definite and indefinite integrals. Prerequisite: a grade of C or higher in MATH 134, or satisfactory placement exam score.

**MATH 222. Discrete Mathematics (3)** Fall, Spring. Sets, functions, relations, algorithms, induction, elementary combinatorics, graph theory and propositional calculus. A student cannot receive credit for both MATH 222 and 322. Prerequisite: MATH 126, 131 or 135.

**MATH 232. Calculus and Analytic Geometry II (5)** Fall, Spring. MATH 131 continued. The calculus of logarithmic and exponential functions; techniques of integration; sequences and series; power series; introduction to differential equations; analytic geometry. Prerequisite: grade of C or higher in MATH 131.

**MATH 233. Calculus and Analytic Geometry III (3)** Fall, Spring. MATH 232 continued. Vectors; vector valued functions; partial derivatives; multiple integrals; applications. Prerequisite: grade of C or higher in MATH 232.

**MATH 241. Mathematics for Elementary Teachers I (3)** Fall, Spring, Summer. Numeration systems, set theoretic development of the whole number system, systems on integers and rationals, number theory. Open only to elementary and special education majors. Prerequisite: satisfactory placement exam score.

**MATH 242. Mathematics for Elementary Teachers II (3)** Fall, Spring, Summer. MATH 241 continued. The real number systems, informal geometry, basic probability. Open only to elementary and special education majors. Prerequisite: grade of C or higher in MATH 241.

**MATH 243. Mathematics for Elementary Teachers 4 (4)**. A fast-paced treatment of MATH 241 and 242 for well-prepared, mathematically inclined students only. Open only to elementary and special education majors. Prerequisite: placement in MATH 243 by placement exam and permission of instructor. Not open to students who have taken MATH 241 or 242.

**MATH 247. Fundamentals of Statistics (3).** Fall, Spring. Discrete probability models, sampling theory, solving problems in statistical inference using nonparametric techniques. Prerequisite: MATH 126 or 131.

**MATH 295. Honors Course in Mathematics (1).** Series of lectures by various department members surveying major areas of mathematics. To be taken after completion of MATH 242. Prerequisite: Invitation of department.

**MATH 311. History of Mathematics (3)** Spring. History of mathematics through calculus. Prerequisite or corequisite: MATH 332.

**MATH 313. Elementary Mathematical Logic (3) Fall.** Propositional and predicate logic; nature of mathematical proof; applications to mathematics and computer science. Prerequisite: MATH 131. Not open to students with credit for CS 313.

**MATH 322. Discrete Mathematics (3)** Fall, Spring, Summer. Sets, functions, relations, algorithms, induction, elementary combinatorics, graph theory, the propositional calculus and other topics. A student cannot receive credit for both MATH 222 and 322. MATH 322 is recommended for majors or minors in mathematics. Prerequisite: MATH 232 or consent.

**MATH 332. Elementary Linear Algebra (3)** Fall, Spring, Summer. Systems of linear equations, vectors, matrices, determinants, linear transformations, vector spaces and applications. Techniques and some proofs. Prerequisite: MATH 232.

**MATH 337. Differential Equations (3) Fall.** Introduction to ordinary differential equations: general equations of lower order, higher order linear equations with constant coefficients, series solutions, qualitative theory, and systems of differential equations. Prerequisite: MATH 233.

**MATH 339. Fundamental Concepts of Modern Algebra (3)** Fall, Spring, Summer. Elementary topics from rings, fields and groups: divisibility properties of the integers; integral domains; construction of the rational, real and complex number systems; polynomial rings. MATH 339 should not be used as an elective for students in the College of Arts and Sciences. Prerequisite: MATH 322 or consent of instructor.

**MATH 341. Principles of Probability and Statistics (3).** Fall, Spring, Summer of even numbered years. Summary and display of data; basic probability concepts; discrete distributions; continuous distributions; computer-aided probabilistic and statistical modelling of real problems; estimation; tests of statistical hypotheses. Not open to students who have credit for MATH 441. Prerequisites: MATH 232 and 322, or consent of instructor.

**MATH 395. Honors Course in Mathematics (1).** A choice of two experiences: (1) a problem solving seminar, or (2) use of the mathematics library to conduct a search for articles related to a selected topic. Prerequisite: Invitation of department.

**MATH 400. Topics in Mathematics (3).** Selected topics in mathematics not included in existing courses. May be taken twice for credit. Prerequisite: consent of instructor.

**MATH 401. Number Theory (3) Summer of odd-numbered years.** Divisibility, prime numbers, linear congruences, Chinese Remainder Theorem, quadratic residues, quadratic reciprocity law, numerical functions, factorization of integers, Fibonacci numbers, elementary diophantine equations, and applications. Prerequisite: MATH 322 or MATH 332 or consent of instructor.

**MATH 402. Modern Geometry (3) Fall, Spring. Summers of odd numbered years.** Axiomatic development of neutral and Euclidean geometry; introduction to non-Euclidean geometry. Prerequisite: MATH 339, or MATH 403 or consent of instructor.

**MATH 403. Modern Algebra I (3) Fall.** Topics from groups and rings; normal subgroups, homomorphisms, cyclic group, permutation groups, Lagrange’s and Cayley’s theorems, factor groups, abelian groups, direct products; integral domains, ideals and factor rings, ring isomorphisms.
polynomial rings. Prerequisite: MATH 233, MATH 322 and MATH 332 or consent of instructor.

MATH 404. Modern Algebra II (3) Spring. Continuation of topics from MATH 403: vector spaces, extensions of fields, finite fields. Prerequisite: MATH 403 or consent of instructor.

MATH 405. Topics in Geometry (3). Organized around one or more areas from geometry such as projective geometry, non-Euclidean geometry or differential geometry. Prerequisite: consent of instructor.

**MATH 414. Advanced Mathematics for Elementary Teachers (5) Fall, Spring. Consumer mathematics, non-Euclidean geometry, matrices and vectors, proof and axiomatic systems, number theory, and other selected topics. Prerequisite: grade of C or better in MATH 242 or 243.**

For elementary education credit only.

**MATH 421. Foundations of Mathematics (3). Fall, Spring odd numbered years. Summer even numbered years. Logic; set theory (including informal discussion of infinite sets and cardinals); axiomatic method (including models, consistency and independence). Prerequisite: MATH 339 or MATH 453 or consent of instructor.**

**MATH 425. Theory of Interest (3) Spring of numbered years. General theories of interest, annuities, yield rates, amortization schedules and sinking funds, bonds and other securities and additional topics in financial analysis. Prerequisite: MATH 232 or consent of instructor.**

MATH 426. Actuarial Mathematics I (3) Fall. Brief introduction to annuities certain, survival distributions and life tables, life insurance, life annuities, net premiums, net premium reserves. Intended to prepare students for actuarial examinations. Prerequisite: MATH 441.

MATH 427. Actuarial Mathematics II (3) Spring. Multiple life functions; multiple decrement models; valuation theory for pension plans; insurance models including expenses, nonforfeiture benefits and dividends. Prerequisite: MATH 426.

MATH 432. Linear Algebra with Applications (3) Spring. Matrices and vector spaces, eigenvalues, orthogonal matrices, positive definite matrices, quadratic forms. Applications to differential equations, Markov chains, least squares. Prerequisite: MATH 332 or consent of instructor.

MATH 434. Advanced Calculus (3) Fall. Advanced topics from the differential and integral calculus of functions of several variables including: curvilinear coordinates, Jacobian matrices, Lagrange multipliers, gradient fields, divergence and curl of a vector field. Prerequisites: MATH 233 and 332, or consent of instructor.

MATH 437. Qualitative Theory of Differential Equations (3). Existence theorems for linear and nonlinear equations, systems of first order linear equations, nonlinear equations and stability, applications. Prerequisite: MATH 337.

MATH 441. Probability and Statistics I (3). Fall, Spring. Axiomatic probability; conditional probability; random variables/ vectors; distribution functions; expectations; moment-generating functions; special distributions; functions of random variables/vectors; random sampling and sampling distributions; central limit theorem; weak law of large numbers. Prerequisite or corequisite: MATH 233

MATH 442. Probability and Statistics II (3) Spring. Statistical models; point estimation; interval estimation; testing statistical hypotheses; analysis of discrete data; nonparametric methods. Prerequisite: MATH 441.

MATH 445. Applied Probability (3) Fall of even numbered years. Probability models for applications, finite Markov chains, queueing systems, Poisson process, applications to genetics, diffusion, computer systems. Prerequisites: MATH 332 and 441.

MATH 447. Exploratory Data Analysis (3) Fall of odd numbered years. Introduction to modern techniques in data analysis, including stem-and-leaves, box plots, resistant lines, smoothing and median polish. Prerequisite: MATH 247, 341 or 441 or STAT 315 or permission of instructor.

MATH 452. Numerical Analysis (3) Spring. Study of numerical methods for the algebraic eigenvalue problem; solutions of ordinary differential equations; and topics from approximation theory, numerical solution of partial differential equations, optimization techniques and sparse matrix computations. Prerequisites: MATH 337 and MATH 451 or CS 451. Not open to students with credit for CS 452.

MATH 461. Introduction of Complex Analysis (3) Spring of odd numbered years. Complex numbers, complex valued functions, differentiation of complex valued function, analytic functions, power series, integration, contour integrals, residues and poles, conformal mapping, applications. Prerequisite: MATH 233 and 332 or consent of instructor.

MATH 465. Introduction to Real Analysis I (3) Fall, Spring. Completeness and order axioms; limits of sequences; limits of functions and continuity; open, closed and compact sets; uniform continuity; differentiation and the mean value theorem; the Riemann integral. Prerequisites: MATH 233, 322 and 332, or consent of instructor.

MATH 466. Introduction to Real Analysis II (3) Spring. The Riemann-Stieltjes integral; sequences of functions; series of real numbers; series of functions; and optional topics selected from transcendental functions, special functions, Fourier series, and metric spaces. Prerequisites: MATH 465 or consent of instructor.

MATH 470. Readings in Mathematics (1-3). Independent study of a topic of particular interest to an advanced student under the direction of a faculty member. May be repeated. Prerequisite: consent of instructor and chair of department.

MATH 489. Internship (1-3). Internship for majors in mathematics or statistics in the cooperative education program. Written report required. May be repeated with permission. Does not apply towards major or minor. Prerequisite: permission of department. Graded S/U.

MATH 495. Honors Course in Mathematics (1). Directed study in some field of mathematics; preparation and presentation of research topic. To be taken concurrently with two or more hours of MATH 470. Prerequisite: invitation of department.

Medical Technology (MEDT)

- Duration of these courses may vary slightly from hospital to hospital.

MEDT 101. Introduction to Health Professions (1) Fall. Survey of health and human service professions and the function of health care personnel within these professions.

MEDT 201. Orientation to the Professions of Medicine/Medical Technology (1) Spring. Professional aspects of medical technology and the allied health fields; introduction to laboratory procedures and topics concerning direct and indirect patient care; tour of hospital facilities; review of current clinical practice issues. Time: one (1) two-hour laboratory/discussion session per week.
MEDT 205. Acquired Immunodeficiency Syndrome (1) Fall, Spring. A comprehensive course on AIDS, discussing epidemiology, biology, socio-demography, safe sex, ethics, public policy, test sites & support services. Rowing Green faculty, as well as community experts, will be brought in as instructors. This course will be informative and practical. Graded S/U.

MEDT 301. Medical Terminology I (2) Fall, Spring. Vocabulary and terms used by medical personnel; prefixes, suffixes, word roots and their combining forms, usage and spelling; specialized terms by body systems. Prerequisite: sophomore standing.

MEDT 370. Human Immunodeficiency Virus (2) Fall. Review of current scientific literature regarding HIV infection and pathobiology with emphasis on immunological aspects of infection and diseases associated with AIDS. Prerequisites: Biology 205 or equivalent; Biology 313 or 314; MEDT 205 (may be taken concurrently).

MEDT 380. AIDS Education in the Schools (2) Spring. Review of current legislation, policies, and procedures, educational materials, and safety regarding AIDS/HIV in the classroom with emphasis on responsibilities of teachers, administrators, school board. Prerequisites: EDCI 205 or EDFI 202; MEDT 205 (may be taken concurrently).

MEDT 402. Orientation and Management (1) Fall, Spring, Summer. Orientation to the hospital departments and laboratory procedures. Laboratory supervision and management. Prerequisite: admission to hospital-based medical technology program.

*MEDT 403. Applied Clinical Microbiology (9) Fall, Spring, or Summer according to sequence. Fourteen weeks of supervised practical experience in identification of bacteria, fungi and parasites in a hospital laboratory setting. Prerequisite: admission to hospital-based medical technology program.

*MEDT 404. Clinical Serology (2) Fall, Spring, or Summer according to sequence. Three weeks of supervised experience in clinical applications of cellular and humoral immunity as diagnostic procedures. Prerequisite: Admission to hospital-based medical technology program.

*MEDT 405. Applied Clinical Hematology (5) Fall or Spring or Summer according to sequence. Eight weeks of supervised practical experience in hematologic methods, coagulation and blood cell morphology in a hospital laboratory setting. Prerequisite: Admission to hospital-based medical technology program.

*MEDT 406. Applied Clinical Chemistry (11) Fall or Spring or Summer according to sequence. Seventeen weeks of supervised practical experience in manual and automated methods in clinical chemistry, toxicology and endocrinology in a hospital setting. Prerequisite: Admission to hospital-based medical technology program.

*MEDT 407. Blood Bank (5) Fall or Spring or Summer according to sequence. Seven weeks of supervised practical experience in blood group serology with emphasis on preparation and testing of blood for transfusion in a hospital laboratory setting. Prerequisite: Admission to hospital-based medical technology program.

MEDT 410. Applied Microbiology Practice I (10) Fall, Spring, Summer. One semester of full time training in the areas of medical or industrial microbiology, research, or public health learning procedures, policies, methods, and techniques used in the field. Prerequisites: Completion of major core in Applied Microbiology and permission of instructor. Corequisite: MEDT 470, Microbiology Project.

MEDT 411. Diagnostic Immunology I (2) Fall or Spring or Summer according to sequence. Theory of clinical immunology related to humoral and cellular immunity in health and disease states. Prerequisites: BIOL 439 recommended and permission of instructor.

MEDT 412. Diagnostic Immunology II Laboratory (1) Fall or Spring or Summer according to sequence. Laboratory application and testing related to humoral and cellular immunity in disease states. One three-hour laboratory. Prerequisites: BIOL 439 recommended and permission of instructor. Lab fee.

MEDT 413. Immunohematology I (4) Fall or Spring or Summer according to sequence. Theory of human blood groups, compatibility testing, detection and identification of antibodies, blood collection/storage, management of transfusion service. Prerequisites: BIOL 439 recommended and permission of instructor.

MEDT 414. Immunohematology II Laboratory (2) Fall or Spring or Summer according to sequence. Laboratory application and testing of human blood groups, compatibility testing, detection and identification of antibodies. Two three-hour laboratories. Prerequisites: BIOL 439 recommended and permission of instructor. Lab fee.

MEDT 415. Immunohematology II (3) Fall, Spring, or Summer. MEDT 413 and MEDT 414 continued; emphasis on a clinical application of current practice in Blood Banking. Prerequisites: MEDT 413 and 414 with a grade of C or better and permission of instructor. Lab fee.

MEDT 416. Clinical Immunology II (2) Fall, Spring, or Summer. Clinical laboratory experience regarding testing and application of diagnostic immunology (MEDT 411 and 412). Prerequisites: grade of C or higher in MEDT 411 and 412 and permission of instructor. Lab fee.

MEDT 421. Hematology I (3) Fall, Spring, or Summer according to sequence. Origin, regulation, morphology and function of blood cells in health and disease. Congenital and acquired hematologic aberrations. Prerequisite: BIOL 332 or equivalent and permission of instructor.

MEDT 422. Hematology II (2) Fall or Spring or Summer according to sequence. Diagnostic laboratory procedures applied to qualitative and quantitative evaluation of blood cells. Prerequisites: BIOL 332 or equivalent and permission of instructor. Lab fee.

MEDT 423. Hematology II (2) Fall or Spring or Summer according to sequence. Mechanism of hemostasis in health and hemorrhagic and thrombotic disease. Blood cell morphology. Lecture and laboratory. Prerequisite: MEDT 421 and 422. Lab fee.

*MEDT 424. Hematology III (3) Fall or Spring or Summer. Continuation of Phase I hematology sequence with emphasis on clinical application and hospital laboratory instrumentation. Full-time clinical instruction and practice. Prerequisites: grade of C or better in MEDT 421, 422 and 423 and permission of instructor. Lab fee.

MEDT 431. Clinical Microbiology I (3) Fall, Spring or Summer according to sequence. Isolation identification and detailed description of clinically important bacteria. Microbial etiology of disease; methods of prevention and control. Prerequisites: BIOL 313 or equivalent and permission of instructor.

MEDT 432. Clinical Microbiology I Laboratory (2) Fall or Spring or Summer according to sequence. Diagnostic microbiology laboratory procedures. Methods of isolation and identification of clinically significant bacteria. Prerequisites: BIOL 313 or equivalent and permission of instructor. Lab fee.

*MEDT 433. Clinical Bacteriology I (4) Fall or Spring or Summer. MEDT 431 and 432 continued; emphasis on clinical application and identification of clinically significant bacteria. Full-time clinical instruction and practice. Prerequisites: Grade of C or better in MEDT 431 and 432 and permission of instructor. Lab fee.

MEDT 434. Clinical Parasitology (2) Fall or Spring or Summer according to sequence. Parasitic diseases of man; methods of detection, isolation, and identification of clinically significant human parasites. Lecture and lab. Prerequisites: BIOL 313 and permission of instructor. BIOL 405 recommended. Lab fee.

MEDT 435. Clinical Mycology (2) Fall or Spring or Summer according to sequence. Clinically significant fungi; methods of detection, isolation and identification. Lecture and lab. Prerequisites: BIOL 313 or equivalent and permission of instructor. Lab fee.
MILS 401. Lifetime Leaderships Skills. (2) Skills needed to be successful in wide range of environments to include academic, corporate and military. Subjects include but not limited to time management, memory comprehension, effective and efficient reading and effective note taking. Extensive leadership studies of both corporate and military settings focuses on interpersonal skills, professional ethics and officerhood. No military obligation or prerequisites. Freshmen only.

MILS 402. ROTC and the National Defense Organization. (2). Background, programs, benefits, and objectives of Army ROTC. Organization and functions of national defense establishment, with emphasis on the role of the US Army. Extensive discussion of the role and responsibility of the military officer. Presentation of detailed information concerning career opportunities as an Army officer. No military obligation or prerequisites. Freshmen and sophomores only.

MILS 403. Survival. (2) Discussion and application of knowledge and skills needed in basic human survival situations in wilderness environments. Topics include land navigation, first aid, map reading, survival kits, adverse weather conditions, finding shelter, water and food. No military obligation. Freshmen and sophomores only. Prerequisite: MILS 401 or permission of instructor.

MILS 404. Military Tactics. (3). Army tactics, principles of engagement, written military orders and usage of military maps. Simulation exercises and war games will be utilized in class highlighting military tactics. No military obligation. Freshmen and sophomores only. Prerequisite: MILS 402 or permission of instructor.

MILS 405. Professionalism/Leadership. (3). Professionalism and leadership required of the US Army Officer; application of leadership principles and styles through case studies and role-playing exercises with emphasis on military situations. Participation in leadership labs, physical training program and field training exercises required. Prerequisite: department permission and completion of one of the following: ROTC basic course at BGSU; ROTC Basic Camp at Fort Knox, KY; prior active duty service; Army Reserve or Army National Guard basic training.

MILS 406. Small Unit Operations. (3). Organization and employment of basic military teams. Squad and platoon level tactical operations. Progressive leadership development through application of tactical principles. Participation in leadership labs, physical training program and field training exercises required. Prerequisite: department permission.

MILS 407. Unit Management and Officer Development. (3). Concepts and fundamentals of Army unit administration, supply and material readiness. Professional officership techniques and military ethics. Management at the small unit level: Organizing, planning and participating in field training exercises, participation in physical training, and leadership labs. Prerequisite: department permission.

MILS 408. Unit Management, Military Writing and Correspondence. (3). Organization and concepts of the US Army judicial system including court martial, nonjudicial and nonpunitive actions. Development of military writing techniques, preparation of staff papers and staff actions. Discussions of various administrative details pertinent to newly commissioned lieutenants. Participation in field training exercises, physical training, and leadership labs. Prerequisite: department permission.

MILS 409. Studies in Military Science. (1-3) On demand. Detailed study of selected military subjects. Offered on lecture basis, in seminar or independent study depending on students' needs and nature of material. May be repeated to six hours. Prerequisite: consent of instructor.

MUCH 131. Western Art Music I (4) Spring. Music of Baroque and Rococo periods viewed from theoretical, analytical, historical, cultural and performance perspectives. Prerequisite: Passing grade on freshman placement exam or MUCH 110.

MUCH 132. Western Art Music II (4) Fall. Music of Classical and Romantic periods viewed from theoretical, analytical, historical, cultural and performance perspectives. Prerequisite: MUCH 131.

MUCH 141. Aural Skills I (2) Fall, Spring, Summer. Basic skills in sight-singing; rhythmic, melodic and harmonic dictation of diatonic and triadic materials. Prerequisite: Passing grade on freshman placement exam or MUCH 110.

MUCH 142. Aural Skills II (2) Fall, Spring, Summer. MUCH 141 continued. Prerequisite: MUCH 141.

MUCH 211. Jazz Improvisation and Repertoire I (2) Fall alternate years. Techniques of jazz improvisation and related repertoire; application of basic scales, arpeggios, melodic construction to blues and standard pop tunes. Prerequisite: MUCH 131 or consent of instructor.

MUCH 212. Jazz Improvisation and Repertoire II (2) Spring alternate years. Advanced techniques of jazz improvisation and related repertoire; application of modes, altered scales, chord extensions, chromatic harmony to jazz compositions. Prerequisite: MUCH 211.

MUCH 213. Jazz Piano Fundamentals (3) Fall alternate years. Analysis of jazz piano accompaniment styles; techniques of left-hand voicing and rhythmic accompaniment; scale repertoire; piano arranging from lead sheets. Prerequisites: MUED 151, and passing grade on freshman placement exam or MUCH 110.

MUCH 216. Composition (1, 2, 3, 4) Fall, Spring, Summer. Private composition lessons for freshmen and sophomores. May be repeated. Limited enrollment course, with registration priority given to composition majors. Others accommodated on a space-available basis by audition.

MUCH 221. Masterpieces of Music (2) Fall, Spring. Music of important composers from various periods; directed listening of selected works. Not open to Bachelor of Music degree students.

MUCH 231. Western Art Music III (3) Spring. Music of the 20th century viewed from theoretical, analytical, historical, cultural and performance perspectives. Prerequisite: MUCH 132, MUCH 142.

MUCH 232. Western Art Music IV (2) Fall, Spring. Music of the Medieval and Renaissance periods viewed from theoretical, analytical, historical, cultural and performance perspectives. Prerequisite: MUCH 141.

MUCH 233. Music in African Culture (2) Spring alternate years. The study of music in various groups of sub-Saharan Africa with emphasis on its relation to individual cultures, its structure, and performance. Prerequisite: Passing grade on freshman placement exam or MUCH 110.

MUCH 234. Music in Japanese Culture (2) Spring alternate years. The study of music in Japanese religious ritual, historical court music, and music for theater and concert, with emphasis on its socio-historical context. Prerequisite: Passing grade on freshman placement exam or MUCH 110.

MUCH 235. Music in Indonesian Culture (2) Fall. The study of music in Java, Bali, and the Sunda in its historical and cultural contexts. Music of the outer islands is compared to the principal groups. Prerequisite: Passing grade on freshman placement exam or MUCH 110.

MUCH 236. Introduction to Jazz and Commercial Music (2) Fall. Analysis of theoretical and historical evolution of American popular music, focusing on Broadway musical theater, rock 'n' roll and contemporary jazz-rock. Prerequisite: Passing grade on freshman placement exam or MUCH 110.

MUCH 237. Jazz (3) Spring. The music of various styles of jazz from around 1900 to the present. Theoretical, analytical, cultural and performance concepts will be related to the music. Prerequisite: MUCH 131 or consent of instructor.

MUCH 241. Aural Skills III (2) Fall, Spring, Summer. Intermediate skills in sight-singing; rhythmic, melodic and harmonic dictation of chromatic material including seventh chords. Prerequisite: MUCH 142.

MUCH 242. Aural Skills IV (2) Fall, Spring, Summer. MUCH 241 continued. Prerequisite: MUCH 241.

MUCH 300E. Small Ensembles (1) Fall, Spring. Collegium Musicum of College of Musical Arts offered under supervision of Composition/History Department. For juniors and seniors. May be repeated. Following small ensembles offered: Early Music Ensemble, Balinese Gamelan Ensemble, New Music Ensemble, Afro-Caribbean Ensemble.

MUCH 308. Keyboard Harmony I (2) Fall alternate years. Use of keyboard skills related to score reading, transposition, extemporization and accompanying.

MUCH 309. Keyboard Harmony II (2) Spring alternate years. Continuation of keyboard skills developed in MUCH 308. Prerequisite: MUCH 308.

MUCH 311. Jazz Arranging and Analysis I (3) Fall alternate years. Swing repertoire, typical chord progressions, formal structure, melodic construction, compositional devices. Basic arranging techniques common to traditional big-band music. Prerequisite: MUCH 212 or consent of instructor.

MUCH 312. Jazz Arranging and Analysis II (3) Spring alternate years. Harmonic trends of both period: substitute chords, altered chords, melodic and rhythmic treatment. Addition of double reeds, French horns and strings to the big-band. Contemporary trends in jazz and commercial music, including small group and rock styles. Prerequisite: MUCH 311.

MUCH 315. Orchestration (2) Fall. Score analysis; arranging and/or composing for various families in the orchestra (woodwinds, brass, percussion, strings), and scoring for full symphonic orchestra. Prerequisite: MUCH 231.

MUCH 318. Symphonic Literature (2) Fall alternate years. Listening to and analyzing works tracing development of symphony and symphonic poem to modern period. Prerequisite: MUCH 231.

MUCH 320. Band Scoring (2) Fall, Spring. Scoring for band instruments, from small ensembles to concert band and marching band. Prerequisite: MUCH 231.

MUCH 325. Choral Arranging (2) Spring. Text analysis; arranging for men's voices, treble voices, mixed voices; A Cappella and accompanied ensemble arranging techniques; calligraphy, reproduction and copyrighting; dealing with publishers. Prerequisite: MUCH 232.

MUCH 341. Aural Skills V (2) Spring alternate years. Advanced skills in sight-singing; rhythmic, melodic and harmonic dictation of chromatic and atonal material. Prerequisite: MUCH 242.

MUCH 401. History and Literature of Jazz (2) Fall. Jazz from African influences through present developments; personalities involved in stylistic change.

MUCH 403. Counterpoint I (2) Fall alternate years. 16th-century counterpoint. Prerequisites: MUCH 231 and 232.

MUCH 404. Counterpoint II (2) Spring alternate years. 18th-century counterpoint: tonal counterpoint in three and four voices; canon, invention, fugue, chorale-prelude. Prerequisite: MUCH 231.
MUCH 406. Problems in Music History (3) spring. Research of topics and problems in music history. Prerequisite: consent of instructor. May be repeated to 12 hours.

MUCH 407. Performance Practice (2) Spring alternate years. Performance practice in music, improvisation, ornamentation, accompaniment, instrumentation, rhythm and tempo. Prerequisite: MUCH 231.

MUCH 408. Chamber Music Literature (2) Fall alternate years. Selected major chamber works of various periods. Reading on all forms and media. Prerequisite: MUCH 231.

MUCH 410. Contemporary Music Pro-Seminar (2) Fall, Spring. Musical styles and techniques of 20th century. Compositional and analytical approach, considering various influences of past. May be repeated to 8 hours. Open automatically to composition majors, to others by consent of instructor. Prerequisite: MUCH 231 with C or better.

MUCH 411. Jazz Pedagogy (2) Spring alternate years. Prepares student to teach fundamentals of jazz improvisation, arranging, jazz ensemble techniques. Prerequisite: MUCH 312.

MUCH 412. Opera Literature (2) Fall alternate years. Styles, interpretation, traditional performances of various schools. Prerequisite: MUCH 221.

MUCH 416. Composition (1, 2, 3, 4) Fall Spring, Summer. Private composition lessons for juniors and seniors. May be repeated. Limited enrollment course, with registration priority given to composition majors. Others accommodated on a space-available basis by audition.

MUCH 420. Problems and Techniques of Ethnomusicology (2) Spring alternate years. Topics and techniques in ethnomusicology. Open to students interested in all music as aspects of culture.

MUCH 431. Aesthetics of Black Music (3) Spring. West African and Afro-American concepts of music; modifying effects America has had from slavery to present.

MUCH 436. Audio Recording Techniques (2) Fall, Spring. Concert and studio multi-track recording methods culminating with an actual recording session. Students will gain some hands-on experience. Prerequisite: experience with audio hardware. Lab fee.

MUCH 444. Music Technology I (3) Fall. Basic audio techniques (with no electronic background assumed and no math beyond basic algebra needed). Study of analog classical and voltage control techniques. History and literature of electronic music. Learn to use analog hardware. Prerequisite: none. Lab fee.

MUCH 445. Music Technology II (3) Spring. Introduction of MIDI computer-music techniques. Use of computer music software, including sequencers and music editors for printing music. Study of schematics of analog hardware. Prerequisite: MUCH 444.

MUCH 446. Music Technology III (3) Fall. Programming of MIDI voice modules. Extended study of computer music MIDI techniques and audio sampling. Introduction to videographic techniques and multi-media. Prerequisite: MUCH 445. Lab fee.

MUCH 447. Music Technology IV (3) Spring. Students work independently to produce multi-media computer compositions under faculty supervision. Prerequisite: MUCH 446. Lab fee.

MUCH 450. Problems in Music History (3) Spring. Research of topics and problems in music history. Prerequisite: consent of instructor. May be repeated to 12 hours.

MUCH 451. Class Piano I (1) Fall, Spring. Piano instruction for beginners and those with minimal keyboard experience. Placement into MUED 150 and 151 is determined on the basis of an audition. Only open for credit to music majors and minors. Grade of C or better required for admittance into MUED 151. Lab fee.

MUCH 151. Class Piano I (1) Fall, Spring. MUCH 150 continued. Grade of C or better required for admittance into sophomore level group piano courses. This course includes Piano Proficiency I. Lab fee.

MUCH 152. Class Piano II (1) Fall, Spring. Intermediate class study. A more advanced approach to the acquisition of functional skills for those with advanced keyboard facility who need class instruction in order to pass functional proficiency requirements. A grade of C or better required for admittance into sophomore level group piano courses; includes Piano Proficiency II. Lab fee.

MUCH 153. Beginning Piano for the Non-music Major I (2) Fall, Spring. Class piano course for beginning work in music reading, pop/jazz chords, keyboard technique, improvisation and elementary piano literature. Not open to music majors or minors.

MUCH 154. Beginning Piano for the Non-music Major II (2) Spring. MUCH 153 continued. Class piano course for beginning work in music reading, pop/jazz chords, keyboard technique, improvisation and easy piano literature. Not open to music majors or minors. Prerequisite: MUCH 153 or equivalent.

MUCH 155. Beginning Piano for the Non-music Major III (3) Fall. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 156. Beginning Piano for the Non-music Major IV (3) Spring. MUCH 155 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 157. Beginning Piano for the Non-music Major V (3) Fall. MUCH 156 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 158. Beginning Piano for the Non-music Major VI (3) Spring. MUCH 157 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 159. Beginning Piano for the Non-music Major VII (3) Fall. MUCH 158 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 160. Beginning Piano for the Non-music Major VIII (3) Spring. MUCH 159 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 161. Beginning Piano for the Non-music Major IX (3) Fall. MUCH 160 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 162. Beginning Piano for the Non-music Major X (3) Spring. MUCH 161 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 163. Beginning Piano for the Non-music Major XI (3) Fall. MUCH 162 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 164. Beginning Piano for the Non-music Major XII (3) Spring. MUCH 163 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 165. Beginning Piano for the Non-music Major XIII (3) Fall. MUCH 164 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 166. Beginning Piano for the Non-music Major XIV (3) Spring. MUCH 165 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 167. Beginning Piano for the Non-music Major XV (3) Fall. MUCH 166 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 168. Beginning Piano for the Non-music Major XVI (3) Spring. MUCH 167 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 169. Beginning Piano for the Non-music Major XVII (3) Fall. MUCH 168 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 170. Beginning Piano for the Non-music Major XVIII (3) Spring. MUCH 169 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 171. Beginning Piano for the Non-music Major XIX (3) Fall. MUCH 170 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

MUCH 172. Beginning Piano for the Non-music Major XX (3) Spring. MUCH 171 continued. Beginning study of voice production, breathing, posture and diction through vocalises and songs in English.

Music Education (MUED)

For music education majors or minors only unless otherwise noted. Questions concerning eligibility for MUED courses should be directed to the Chair of Music Education prior to enrollment.

MUED 125. Percussion Class (1) Fall, Spring. Prerequisite: MUED 145. (Elective).

MUED 130. Trumpet-French Horn Class (1) Fall, Spring, alternate summers.

MUED 136. Trombone-Euphonium-Tuba Class (1) Fall, Spring, alternate summers.

MUED 140. Clarinet-Saxophone Class (1) Fall, Spring, alternate summers.

MUED 145. Flute-Percussion Class (1) Fall, Spring.

MUED 146. Oboe-Bassoon Class (1) Fall, Spring, alternate summers.

MUED 147. Bassoon Reed Class (1) Spring. (Elective).

MUED 150. Class Piano (1) Fall, Spring. Class piano instruction for beginners and those with minimal keyboard experience.
MUED 250. Class Piano: Instrumental Harmonization and Score Reading 1 (2) Fall, Spring. Class piano course for intermediate level work in melody harmonization, pop/jazz chords, and sightreading of piano and instrumental scores. Prerequisite: Piano Proficiency I. Grade of C or better required for admittance into accompanying course.

MUED 251. Class Piano: Instrumental Harmonization and Score Reading II (1) Fall. Class piano course for students with advanced keyboard facility; intermediate level work in melody harmonization, pop/jazz chords, and sightreading of choral scores. Prerequisite: Piano Proficiency I. Grade of C or better required for admittance into accompanying course.

MUED 252. Class Piano: Choral Harmonization and Score Reading I (2) Fall, Spring. Class piano course for intermediate level work in melody harmonization, pop/jazz chords, and sightreading of choral scores. Prerequisite: Piano Proficiency I. Grade of C or better required for admittance into accompanying course.

MUED 253. Class Piano: Choral Harmonization and Score Reading II (2) Fall. Class Piano course for students with advanced keyboard facility; intermediate level work in melody harmonization, pop/jazz chords, and sightreading of choral scores. Prerequisite: Piano Proficiency I. Grade of C or better required for admittance into accompanying course.

MUED 254. Class Piano: Classroom Harmonization, Transposition and Improvisation I (2) Fall. Class piano course for intermediate level work in melody harmonization, pop/jazz chords, transposition and improvisation. Prerequisite: Piano Proficiency I. Grade of C or better required for admittance into accompanying course.

MUED 255. Class Piano: Classroom Harmonization, Transposition and Improvisation II (1) Fall. Class piano course for students with advanced keyboard facility; intermediate level work in melody harmonization, accompaniment transposition and improvisation. Prerequisite: Piano Proficiency I. Grade of C or better required for admittance into accompanying course.

MUED 256. Class Piano: Accompanying as a Teaching Tool I (1) Fall. Spring. Class piano course for music education students who are not advanced pianists; provides introductory work in accompanying skills. Prerequisite: Piano Proficiency II. Grade of C or better required of music education majors for graduation.

MUED 257. Class Piano: Accompanying as a Teaching Tool II (1) Spring. Class piano course for music education student with advanced keyboard facility; provides work in accompanying skills. Prerequisite: Piano Proficiency II. Not for keyboard emphasis majors. Grade of C or better required for music education majors for graduation.

MUED 250. Junior Methods Project in Music (7) Fall. [Choral, String, Band (University Lab Schools) options only]; Spring. [Band, classroom options only]. Concentrated study of organization, administration and teaching of music in grades K-12; emphasizes correlation of methods seminars with clinical and field activities. C=20 hours. Taken with conducting, MUED 341, applied study, one ensemble and an evening section of either EDIF 302 or EDAS 409. Prerequisites: MUED 240 and permission of chair; 2.5 GPA; grade of C or above in each course with MUED prefix; instrumental majors must have successfully completed two techniques classes and the voice class with grades of C or above; pass both history and theory in MUCH 132; grade of C or above in MUCH 142; pass piano proficiency I.

MUED 341. Junior Methods Project in Music Field Experience (2) Fall. [Choral, string, band (University Lab Schools) options only]; Spring. [Band, classroom options only]. Field component of MUED 340. Students are assigned to the University laboratory schools and/or area schools within a 20-mile radius. Includes observation and teaching. F=minimum 48 s hours. Must be taken with MUED 340. Prerequisites: MUED 240 and permission of chair; 2.5 GPA; grade of C or above in each course with MUED prefix; instrumental majors must have successfully completed two techniques classes and the voice class with grades of C or above; pass both history and theory in MUCH 132; grade of C or above in MUCH 142; pass piano proficiency I. Grade of C or above required.

MUED 395. Workshop on Current Topics (3). On demand. Intensive educational experience on selected topics related to skill development, content update or materials development. Typically, an all day or similar concentrated time format used. Requirements usually met within time format.

MUED 450. Adult Group Piano Teaching (2) Spring. A survey of materials, supervised teaching and program development appropriate for adult level class. Open to students with a strong piano background. Consent of instructor required. Available for graduate credit also. Alternate years beginning 1984 or on demand.

MUED 451. Advanced Methods for Classroom Music (2) Fall. Examination of methods, instructional hardware, organizational patterns and curricular models. Available for graduate credit also. Prerequisite: MUED 340 or consent of instructor. Required for classroom option. Should be completed prior to student teaching. C=10 hours.

MUED 458. Marching Band Techniques (2) Spring. Techniques in planning, charting and rehearsing marching band shows and administering public school marching bands. Prerequisite: junior standing.

MUED 470. Readings in Music Education (1-3) Fall, Spring. Special topics in music education. Admittance by consent of instructor.

MUED 491. Teaching Practicum (1-2) Fall, Spring. Supervised teaching in University laboratory schools for junior level classroom, choral or instrumental option music education majors. Prerequisite: consent of instructor. Graded S/U.

MUED 497. Student Teaching (1-10) Fall, Spring. Supervised teaching in area schools, supplemented by conferences and seminars. Ten semester hours required of all music education majors. Meets student teaching requirement for special teacher's certification in music. Lab fee. Graded S/U.

Music, General (MUS)

MUS 099. Recital Attendance (0) Fall, Spring. Required of all music majors for six semesters. Successful completion of course requires attendance at minimum of 15 on-campus music performances. Graded S/U.

MUS 190. Beginning Guitar (2) Fall, Spring. Introduction to the guitar, fundamentals of technique and music notation reading. Open to non-music majors only.

MUS 191. Intermediate Guitar (2) Fall, Spring. MUS 190 continued. Open to non-music majors only. Prerequisites: MUS 190 or previous experience and consent of instructor.

Music Performance Studies (MUSP)

MUSP 100E. Small Ensembles (1) Fall, Spring. For freshmen and sophomores. May be repeated. Formed under supervision of College of Musical Arts and offered on demand. Open to any University student who qualifies on the basis of audition. Designed to foster independent listening and performance skills and the investigation of appropriate literature. For audition information and other particulars, consult with the department chair. It is recommended that music majors and minors discuss the selection of ensembles with the applied
MUSP 100E. Practicum

Development of visual comprehension of scales, reading and repertoire. Prerequisites: alternate years. Literature from early MUSP 210. Alternate years. Literature from Romantic era. If students cannot attend classes due to academic obligations, they will qualify as probationary students. Refer to the instructor for details. Fee: $22.50.

MUSP 180. Sight Reading I (1) Fall. Development of visual comprehension of intervocalic patterns and basic rhythm patterns for the keyboard player. Prerequisite: consent of instructor.

MUSP 195. Pedal Harp Class (1) Fall, Spring. Prerequisite: one semester of Subhadour Harp (MUED 190) or permission of instructor. Fee: $22.50.

MUSP 201. Guitar Lab (1) Fall, Spring. May be repeated. Practical applications of concepts covered in MUSP 191, Intermediate Guitar class; continued study of chords, scales, reading and repertoire. Prerequisites: MUSP 191 or equivalent and consent of instructor.

MUSP 210. Piano Repertoire I (3) Fall alternate years. Literature from early keyboard music through classical. Prerequisite: consent of instructor.

MUSP 211. Piano Repertoire II (3) Spring alternate years. Literature from Romantic era to present. Prerequisite: consent of instructor.

MUSP 215. Organ Repertoire I (2) Fall alternate years. Literature from 1325 to the present, excluding the music of J.S. Bach. Prerequisite: consent of instructor.

MUSP 216. Organ Repertoire II (2) Spring alternate years. Organ music of J.S. Bach. Prerequisite: consent of instructor.

MUSP 217. Singer's Diction I (2) Fall. Fundamentals and application of International Phonetic Alphabet (IPA) to selected English and Italian song texts. Instruction and drill in rules of pronunciation as applied to singing of these languages.

MUSP 218. Singer's Diction II (2) Spring. Application of International Phonetic Alphabet (IPA) to selected German and French song texts. Instruction and drill in rules of pronunciation as applied to singing of these languages. Prerequisite: MUSP 217.

MUSP 221, 231-235, 241-245, 261-263, 271-272, 281-286. Applied Instruction. For freshman and sophomores. May be repeated. A limited enrollment course, with registration priority given to students for whom applied study is a degree requirement. Others accommodated on a space-available basis, by audition. One credit hour entitles students to weekly half-hour lessons or equivalent instructional experience; two through four credit hours entitles students to weekly one-hour lessons or equivalent instructional experience, with three and four credits available to performance majors only. Students enrolled for applied instruction have access to practice rooms and equipment with schedules and regulations determined by the College of Musical Arts. Fee for each applied course: $45 for one credit hour; $90 for two or more credit hours. Lesson times arranged through instructor.

MUSP 221. Applied Percussion (1,2,3,4) Fall, Spring, Summer.
MUSP 231. Applied Trumpet (1,2,3,4) Fall, Spring, Summer.
MUSP 232. Applied French Horn (1,2,3,4) Fall, Spring, Summer.
MUSP 233. Applied Trombone (1,2,3,4) Fall, Spring, Summer.
MUSP 234. Applied Euphonium (1,2,3,4) Fall, Spring, Summer.
MUSP 235. Applied Tubas (1,2,3,4) Fall, Spring, Summer.
MUSP 241. Applied Flute (1,2,3,4) Fall, Spring, Summer.
MUSP 242. Applied Oboe (1,2,3,4) Fall, Spring, Summer.
MUSP 243. Applied Clarinet (1,2,3,4) Fall, Spring, Summer.
MUSP 244. Applied Saxophone (1,2,3,4) Fall, Spring, Summer.
MUSP 245. Applied Bassoon (1,2,3,4) Fall, Spring, Summer.
MUSP 261. Applied Piano (1,2,3,4) Fall, Spring, Summer. (Permission of instructor required for 2 or more credits)
MUSP 262. Applied Harpsichord (1,2,3,4) Fall, Spring, Summer.
MUSP 263. Applied Organ (1,2,3,4) Fall, Spring, Summer.
MUSP 271. Para Voice (2) Fall, Spring. No audition required. Fee: $45.
MUSP 272. Applied Voice (1,2,3,4) Fall, Spring, Summer.
MUSP 281. Applied Violin (1,2,3,4) Fall, Spring, Summer.
MUSP 282. Applied Viola (1,2,3,4) Fall, Spring, Summer.
MUSP 283. Applied Cello (1,2,3,4) Fall, Spring, Summer.
MUSP 284. Applied Double Bass (1,2,3,4) Fall, Spring, Summer.
MUSP 285. Applied Harp (1,2,3,4) Fall, Spring, Summer.
MUSP 286. Applied Guitar (1,2,3,4) Fall, Spring, Summer.

All students registered for applied instruction are subject to the following regulations:
- Jury examinations occur at selected times once each semester of each academic year. All music majors are expected to perform jury examinations. In addition, some areas have special requirements for non-music majors, music minors and music majors and minors in secondary performance media. (See Area Coordinators for details.) Failure to meet expected standards in weekly applied lessons or in jury examinations will be reflected in the course grade. A grade lower than C will result in probationary status in applied instruction for the following semester. The appropriate chair will send a letter to the student indicating the reason(s) for the probationary status, its duration and recommended action for its removal. If the student overcomes the identified deficiencies within the stated period, the probationary status will be lifted and permission will be granted to continue applied instruction as required by the student's degree program. If conditions for removal of the probationary status are not met, the student will be denied registration in applied instruction within the degree program. After one semester, the student may audition for reinstatement.
- Jury examinations are appropriate times for students to be evaluated for change of emphasis or degree programs within the College of Musical Arts.

MUSP 238E-239E, 277E-279E, 288E-289E. Large Ensembles (1-2) Fall or Spring. For freshmen and sophomores. May be repeated. Open to any University student who qualifies on the basis of audition. It is recommended that music majors and minors discuss the selection of ensembles with the applied teacher and academic adviser.

MUSP 243E. Band (1) Fall, Spring.
MUSP 244E. Marching Band (1) Fall, Spring.
MUSP 245E. Athletic Band (1) Spring, Summer.
MUSP 246E. Athletic Band (1) Spring, Summer.
MUSP 248E. Philharmonia (2) Fall, Spring.
MUSP 249E. Chamber Orchestra (1) On demand.

MUSP 250E. Accompanying Techniques I (1) Fall, Spring. Problems involving musical comprehension of solo part together with accompaniment and general introduction to vocal and instrumental accompaniment literature. Prerequisite: MUSP 190 or consent of instructor.
MUSP 265. Piano Four-Hand Class (1) Fall, Spring. May be repeated. Appropriate four-hand literature. Prerequisite: MUSP 160 or consent of instructor.

MUSP 275. Introduction to Opera Theater (2) Fall. Basic terminology and practices of opera theater.

MUSP 300E. Small Ensembles (1) Fall, Spring. For juniors and seniors. May be repeated. Formed under supervision of College of Musical Arts and offered on demand. Open to any University student who qualifies with consent of instructor. Designed to foster independent listening and performance skills and the investigation of appropriate literature. For audition information and other particulars, consult with department chair. It is recommended that music majors and minors discuss the selection of ensembles with the applied teacher and academic advisor. The following small ensembles are offered:

MUSP 300E. Brass
MUSP 300E. Brass Choir
MUSP 300E. Classical Guitar
MUSP 300E. Electric Guitar
MUSP 300E. Euphonium-Tuba
MUSP 300E. Harp
MUSP 300E. Horn Club
MUSP 300E. Jazz
MUSP 300E. Jazz Lab I
MUSP 300E. Jazz Lab II
MUSP 300E. Mixed Chamber
MUSP 300E. Music Theater Productions
MUSP 300E. Percussion
MUSP 300E. Piano Accompaniment
Practicum
MUSP 300E. Saxophone
MUSP 300E. String
MUSP 300E. Trombone Choir
MUSP 300E. Trumpet Guild
MUSP 300E. Varsity Quartet
MUSP 300E. Vocal Chamber Lab
MUSP 300E. Woodwind

(See also MUCH 300.)

MUSP 305. Conducting I (2) Fall. Fundamental beat and cueing techniques; option of either instrumental or vocal emphasis. Prerequisite: passing grade on freshman placement exam or MUCH 110 or consent of instructor.

MUSP 306. Conducting II (2) Spring. MUSP 305 continued. Advanced study and analysis of baton techniques, score reading and rehearsal procedures; option of either instrumental or vocal emphasis. Prerequisite: MUSP 305 or consent of instructor.

MUSP 310. Vocal Repertoire for the Young Singer (1) Fall. Designed for music education choral/musical theater majors only. Late 19th century to present with emphasis on British and American song literature for young singers.

MUSP 311. Vocal Repertoire I (2) Fall. Late 19th century to present British and American song literature; repertoire for high school vocal solo contests; Scandinavian and Russian song literature. Prerequisite: consent of instructor.

MUSP 312. Vocal Repertoire II (2) Spring alternate years. 19th and 20th century French and German art song literature. Prerequisite: consent of instructor.

MUSP 360. Sight Reading II (1) Spring. Rapid comprehension of complex interlacing and rhythmic patterns; special attention to ensemble precision. Prerequisite: MUSP 160 or consent of instructor.

MUSP 361. Style and Interpretation (1) Fall, Spring. May be repeated. Supervised preparation and analysis of selected works from the piano repertoire; emphasis on style and interpretation. Prerequisite: Consent of instructor.

MUSP 364. Accompanying Techniques II (1) Spring. MUSP 264 continued, using more advanced literature. Prerequisite: MUSP 264 or consent of instructor.

MUSP 367. Piano Pedagogy I (3) Fall. Methods, materials and teaching techniques for the beginning pre-college student. Prerequisite: consent of instructor.

MUSP 368. Piano Pedagogy II (3) Spring alternate years. Methods, materials and teaching techniques for the intermediate pre-college student. Prerequisite: consent of instructor.

MUSP 370. Vocal Pedagogy (3) Spring. Basic concepts of vocal pedagogy; methods, materials and terminology. Prerequisite: consent of instructor.

MUSP 378E. Opera Theater (2) Fall, Spring. May be repeated. Development of stage techniques for more advanced students in productions of scenes and complete operas. Prerequisite: MUSP 275 and consent of instructor.

MUSP 396. Service Playing I (2) Fall alternate years. Hymn playing, transposition, modulation, improvisation and accompanying at the organ. Prerequisite: consent of instructor.

MUSP 397. Service Playing II (2) Spring alternate years; MUSP 396 continued. Prerequisite: MUSP 396 or consent of instructor.

MUSP 410. Harpsichord Repertoire I (3) On demand. Keyboard literature to 1700 based on original source material and contemporary editions; emphasis on performance. Prerequisite: consent of instructor.

MUSP 411. Harpsichord Repertoire II (3) On demand. Solo harpsichord literature from 1700 to present; emphasis on performance. Prerequisite: MUSP 410 or consent of instructor.

MUSP 415. Organ Construction (2) On demand. History of the design and construction of the organ. Prerequisite: consent of instructor.

MUSP 416. Church Music (2) On demand. On demand. Music of the major Western churches; plainsong, hymnology, liturgies. Prerequisite: consent of instructor.

MUSP 421, 431-435, 441-445, 461-463, 471-472, 481-486. Applied Instruction. For juniors and seniors. May be repeated. A limited enrollment course, with registration priority given to students for whom applied study is a degree requirement. Others accommodated on a space-available basis, by audition. One credit hour entitles students to weekly half-hour lessons or equivalent instructional experience, two through four credit hours entitles students to weekly one-hour lessons or equivalent instructional experience, with three and four credits available to performance majors only. Students enrolled for applied instruction have access to practice rooms and equipment with schedules and regulations determined by College of Musical Arts. Fee for each applied course: $45 for one credit hour; $90 for two or more credit hours. Lessons times arranged through the instructor.

MUSP 421. Applied Percussion (1,2,3,4) Fall, Spring, Summer.

MUSP 431. Applied Trumpet (1,2,3,4) Fall, Spring, Summer.

MUSP 432. Applied French Horn (1,2,3,4) Fall, Spring, Summer.

MUSP 433. Applied Trombone (1,2,3,4) Fall, Spring, Summer.

MUSP 434. Applied Euphonium (1,2,3,4) Fall, Spring, Summer.

MUSP 435. Applied Tuba (1,2,3,4) Fall, Spring, Summer.

MUSP 441. Applied Flute (1,2,3,4) Fall, Spring, Summer.

MUSP 442. Applied Oboe (1,2,3,4) Fall, Spring, Summer.

MUSP 443. Applied Clarinet (1,2,3,4) Fall, Spring, Summer.

MUSP 444. Applied Saxophone (1,2,3,4) Fall, Spring, Summer.

MUSP 445. Applied Bassoon (1,2,3,4) Fall, Spring, Summer.

MUSP 451. Applied Piano (1,2,3,4) Fall, Spring, Summer. (Permission of instructor required for 2 or more credits.)

MUSP 452. Applied Harpsichord (1,2,3,4) I, II.

MUSP 463. Applied Organ (1,2,3,4) Fall, Spring, Summer.

MUSP 471. Para-Voice (2) Fall, Spring. No audition required. Fee: $45.

MUSP 472. Applied Voice (1,2,3,4) Fall, Spring, Summer.

MUSP 481. Applied Violin (1,2,3,4) Fall, Spring, Summer.

MUSP 482. Applied Viola (1,2,3,4) Fall, Spring, Summer.

MUSP 483. Applied Cello (1,2,3,4) Fall, Spring, Summer.

MUSP 484. Applied Double Bass (1,2,3,4) Fall, Spring, Summer.

MUSP 485. Applied Harp (1,2,3,4) Fall, Spring, Summer.

MUSP 486. Applied Guitar (1,2,3,4) Fall, Spring, Summer.

All students registered for applied instruction are subject to the following regulations:
Nursing (NURS)

NURS 100. Orientation to Nursing (1) Fall. Assists freshmen in choosing nursing as major and career goal; professional nurse's role, history of nursing, future trends in relation to current U.S. health care delivery system.

NURS 255. Human Anatomy (3) Fall. Structure of body systems.

NURS 257. Human Physiology (3) Winter. Function of various body systems. Prerequisite: NURS 255.

NURS 259. Microbiology and Infectious Disease Processes (3) Spring. Microbiology, immunology, pathologic responses to infection, principal infectious disease of man; structure and function of bacteria and viruses, antigen-antibody reactions, serology, growth and inhibition of microorganisms, pathogenesis and disease. Prerequisite: NURS 257.

NURS 316. Foundational Nursing Technologies (2). Learning selected nursing technological skills in the college laboratory with simulated clients. Self-paced modular learning experiences help students develop beginning cognitive knowledge and psychomotor skills. Prerequisite: all sophomore-level courses. Lab fee.

NURS 325. Bioscience I (3). Pathophysiology, diagnosis, signs and symptoms, treatment modalities and pharmacological aspects of common health deviations of the musculoskeletal, gastrointestinal and integumentary systems. Prerequisite: NURS 316.

NURS 326. Intermediate Nursing Technologies (2). NURS 316 continued; physical/psychosocial assessment skills, selected nursing technology skills, communication techniques with adult clients in a college laboratory setting. Prerequisite: NURS 316. Corequisite: NURS 327. Lab fee.

NURS 327. Nursing Care of the Adult I (5) Fall. Professional role, Orem's Self-Care Deficit Theory of Nursing and management of common nursing problems related to nutrition, hydration, activity, rest, skin integrity, safety for young, middle, older adults. Prerequisite: NURS 316. Corequisite: NURS 326.

NURS 335. Bioscience II (3) Fall. Pathophysiology, diagnosis, signs/symptoms, treatment modalities and pharmacological aspects of common health deviations of the respiratory, cardiovascular, endocrine, renal, neurological and sensory systems. Prerequisite: NURS 325.

NURS 336. Advanced Nursing Technologies (5) Fall. Continuation of prerequisite courses; developing physical/psychosocial assessment skills, selected nursing technology skills, communication techniques with adult clients in college laboratory. Prerequisites: NURS 326 and 327. Corequisite: NURS 337. Lab fee.

NURS 404. Interdisciplinary Clinical Ethics (1). Winter, Spring. Interdisciplinary dialogue among health professionals. Explores potential conflicts among nurses, physicians and other health care providers. Includes conflict resolution, truth-telling, withdrawing nutrition and hydration, whistleblowing and assisted suicide. Prerequisite: completion of junior level, RN status, medical student, or permission of instructor.

NURS 405. Oncologic Nursing Elective (2) Winter. Focuses on concepts, knowledge and skills necessary to assist individuals who have cancer and their families. Emphasizes helping people to care for themselves throughout their illness. Prerequisite: successful completion of junior level or RN status.

NURS 407. Emergency Nursing Elective: Concepts of Practice (2) Winter. Designed to study nursing systems related to episodic,
primary and acute care in the emergency care setting. Prerequisite: completion of junior level nursing courses.

NURS 408. Intraoperative Nursing Elective (2) Fall, Spring. Designed to enhance the student's knowledge base and clinical competence in developing nursing agency in the operating room. Prerequisite: completion of junior level nursing courses.

NURS 410. Computer Trends in Nursing and Health Care (2) Spring. Focuses on various trends and uses of computers in nursing and health care including hospital information systems, health care research and computer-assisted instruction, and related legal-ethical issues. No experience with computers required.

NURS 417. Health Care Aspects of Human Sexuality (3) Winter. An examination of the impact on health care of selected components of human sexuality. Aspects include sexual assessment, changes during the life span and disturbances in sexuality due to health conditions. Prerequisites: Junior level courses or permission of instructor.

NURS 430. The Nurse as Provider of Care to Families (1). Adapting the student's knowledge of the nursing process and health assessment of the individual to the family using Orem's Self-Care Deficit Theory of Nursing. Prerequisites: NURS 335, 336, 337.

NURS 442. The Nursing Role in Groups (1). Broadens student's perspective of nursing roles in groups across the lifespan. Methods of identifying groups at risk using Orem's Self-Care Deficit Theory of Nursing. Prerequisites: NURS 335, 336, 337.

NURS 447. Care of Childbearing Families (5). Designing, implementing and evaluating nursing systems for the childbearing family within a self-care framework. Preparatory LRC experiences for clinical application. Prerequisites: NURS 335, 336, 337. Lab fee.

NURS 450. Care of Critically Ill (2). Care of critically ill individuals and their families. Nursing knowledge and skills, philosophy of critical care systems. Prerequisites: NURS 327, 337, 445.

NURS 457. Nursing Care of Children and Adolescents (5). Designing, implementing and evaluating nursing systems for the child/adolescent within families and groups. Experience in college and clinical laboratory. Prerequisites: NURS 335, 336, 337.

NURS 460. Clinical Elective in Critical Care Nursing (2). Fall, Winter. Clinical elective focusing on the client who requires critical care nursing. Student works in a one to one relationship with a preceptor in a critical care unit. Emphasis is placed on the design of nursing systems when the therapeutic self care demand is in flux and the self care agency is severely compromised. Prerequisites: junior level nursing courses. Pre or Corequisite NURS 450. Graded S/U.

NURS 467. Care of Aggregates and Communities (3). Design and implementation of nursing systems for individuals and multiperson units; emphasis on working with aggregates and communities. Prerequisites: NURS 335, 336, 337.

NURS 470. Independent Study in Nursing (1-3) Fall, Spring, Summer. Research or project designed with guidance of a faculty member. Open to senior students with consent of a faculty member. May be repeated.

Operations Research (OR)

OR 380. Introduction to Management Science (3) Fall, Spring, Summer. Introduces various quantitative approaches for modeling and solving business problems. Topics include linear programming models and solution methods, problem formulation via integer and goal programming, decision analysis under uncertainty, and simulation. Prerequisites: MIS 200 and STAT 211.

OR 480. Linear and Integer Programming (3). Modeling industrial and public administration problems via linear, goal and integer programming; L.P. solution techniques, sensitivity analysis, dual, parametric programming; cutting-plane and branch and bound methods; current topics in integer programming. Prerequisite: OR 380 and CS 440 or consent of instructor.

OR 482. Computer Simulation of Management Systems (3). Techniques of setting up stochastic models for inventory, production, queuing, scheduling, economic systems; implementing these models using computer simulation languages (e.g. GPSS). Prerequisites: STAT 212 or MATH 442, and at least one computer programming course.
OR 485. Probability Models for Decision Making (3). Problems of incorporating risk into decision models; queuing theory; stochastic inventory models; Markov chains; stochastic mathematical programming. Prerequisite: OR 380 or CS 440, STAT 315 recommended.

OR 487. Network Analysis (3). Network techniques for modeling and analysis of industrial management problems: project management and resource allocation with PERT/CPM; transportation, transshipment, assignment, shortest path and minimal spanning tree models; maximal flow problems in single and multimmodity networks; out-of-kilter algorithm; advanced topics in network analysis. Prerequisite: OR 480 or CS 440.

OR 489. Applied Nonlinear and Dynamic Programming. (3) Modeling decision problems in business and public administration via nonlinear and dynamic programming. Topics include quadratic and separable programming, penalty function, search methods, geometric programming, dynamic programming with discrete and continuous variables. Prerequisite: OR 480 or CS 440.

OR 491. Studies in Operations Research (1-3) On demand. Investigation of selected areas of contemporary problems. May be offered individually and in classes, depending on student needs and nature of material.

Philosophy (PHIL)

PHIL 101. Introduction to Philosophy (3) Fall, Spring. Systematic study of enduring human concerns about God, morality, society, the self and knowledge.

PHIL 102. Introduction to Ethics (3) Fall, Spring. Discussion of ethical concepts such as good and evil and right and wrong in the context of contemporary moral issues; major ethical theories as a basis for dealing with contemporary moral concerns.

PHIL 103. Introduction to Logic (3) Fall, Spring. Uses of language including definitions and arguments, typical mistakes in reasoning, and methods of evaluating arguments.

PHIL 204. Aesthetics (3) Fall, Spring. Meaning of "beauty" or aesthetic value in art and nature, approached problematically and applied to present-day experiences.

PHIL 211. History of Ancient Philosophy (3) Fall. Progress of Greek philosophy from its earliest origins in Greece through the Presocratics, Plato and Aristotle, concluding with main themes of Hellenistic, Roman and medieval philosophy. PHIL 211 can function as an excellent introduction to philosophy.

PHIL 212. History of Modern Philosophy (3) Spring. Modern philosophy from its beginnings in the Renaissance through the rationalists, empiricists and Kant. Attention to emergence of skepticism and rise of modern science as important influences on the development of modern philosophy. PHIL 212 can function as an excellent introduction to philosophy.

PHIL 216. Introduction to the Philosophy of Mind (3) Fall or Spring. The nature of persons, the relation of mind and body, free will, language and thought, thought and action, the nature of mental phenomena and the problem of other minds (humans, animals and machines).

PHIL 217. World Religions (3) Fall or Spring. Fundamental tenets of major world religions-Hinduism, Buddhism, Confucianism, Taoism, Judaism, Christianity and Islam, with the cultural backgrounds of lands of their development.

PHIL 218. Legal Reasoning (3) Fall or Spring. The logic of judicial decision making, from "mechanical jurisprudence" to various forms of judicial discretion. The role of definition in legal reasoning, and several theories of statutory interpretation.

PHIL 230. Scientific Reasoning (3) Fall or Spring. Study of the scientific method which develops skills for interpreting scientific findings and evaluating theories, tests and causal and statistical claims. One component deals with decision-making procedures based on these evaluations. No prerequisites.

PHIL 240. Topics in Philosophy (3) Fall, Spring. Subject matter designated in class schedule. Primarily for students with little or no background in philosophy.

PHIL 245. Philosophy of Feminism (3) Fall or Spring. Philosophical presuppositions and specific proposals of feminists; views on sex roles, human welfare, justice and equality, rights, self-actualization, self-respect, autonomy, exploitation, oppression, freedom and liberation, reform and revolution.

PHIL 303. Symbolic Logic (3) Fall or Spring. Notation and proof procedures used by modern logicians to deal with special problems beyond traditional logic: propositional calculus, truth tables, predicate calculus, nature and kinds of logical proofs.

PHIL 311. History of Medieval Philosophy (3) Fall alternate years. Major philosophical positions of Middle Ages; St. Augustine through Renaissance philosophers.

PHIL 312. Modern Political Philosophy (3) Fall or Spring. A survey of some of the main political thinkers and works of the modern world from Hobbes to Marx.

PHIL 315. American Thought (3) Fall or Spring. Philosophical thought in America; emphasis on pragmatists (Peirce, James, Dewey); Natural Rights philosophy, transcendentalism, other major figures such as Royce, Santayana, Whitehead.

PHIL 316. Philosophy of Psychology (3) Fall or Spring. A study of the contribution of psychology to cognitive science and the philosophy of mind. Topics include the supposed independence of the study of the mind from the study of neurophysiology (of the brain), the nature of mental representation, including imagery, psychological explanation and cognitive architecture.

PHIL 317. Philosophy of Religion (3) Fall or Spring. Nature of religion; gods and/or God; faith, revelation and religious belief; evil and righteousness; meaning of life. Readings from variety of sources, largely contemporary.

PHIL 318. Philosophy of Law (3) Fall, Spring. Philosophical foundations of legal system; essential nature of law and relation to morality; liberty, justice and legal responsibility (intention, human causality, negligence, mens rea, fault, etc.) and punishment. Prerequisite: For philosophy major section, PHIL 102 or 312.

PHIL 319. Philosophy of Death and Dying (3) Fall, Spring. Conceptual, metaphysical and epistemological issues related to nature of death; existential issues related to human significance of death for individual and community; normative issues related to care of dying.

PHIL 320. Business Ethics (3) Fall, Spring. Value conflicts that arise in business situations and philosophical ways of resolving them including issues involving the social responsibility of business people. Prerequisite: for philosophy major section, PHIL 102 or 312.

PHIL 321. Indian and Chinese Philosophy (3) Fall or Spring. Traditional schools such as Nyaya, Sankhya-Yoga, Buddhism, Vedanta, Confucianism and Taoism; epistemology, formal inference, causality, metaphysics, mind-body relationships.

PHIL 322. Thought Across Cultures (3) Fall or Spring. Philosophical dimension of the structure and content of "culture", including examination of the presuppositions of major world cultures, and a philosophical examination of the relationships between cultural perceptions and the purported evidence for them.

PHIL 325. Communism, Capitalism and Democracy (3) Fall or Spring. Freedom, alienation, human nature, the state, etc. as they function in communist, capitalist and democratic ideology.

PHIL 327. Philosophy of Punishment (3) Fall, Spring. Justification of capital punishment; acceptability of imprisonment as punishment; desirability of treating criminals as mentally ill rather than punishing them; related issues of different theories of punishment.

PHIL 330. Theory of Knowledge (3) Fall or Spring. Theories of knowledge, truth, belief and evidence.
PHIL 331. Existentialism (3) Fall or Spring. Various existential themes, including the meaning of life, human freedom, the limits of reason, the meaning of death, and the individual vs. society. Kierkegaard, Nietzsche, Dostoevsky, Camus, Sartre, Jaspers, Buber and others comprise the reading.

PHIL 332. Environmental Ethics (3) Fall or Spring. Framework to assess possible responses to environmental problems in light of human rights, standards of justice, and harm and benefit accruing from alternative solutions.

PHIL 334. Philosophy in Literature (3) Fall or Spring. Death, perception of self, conflict of values occurring in novels, plays and poetry from various cultures. Content may vary from instructor to instructor, and from semester to semester. May be taken only once for credit.

PHIL 335. Philosophy of Film (3) Fall or Spring. Aesthetic theories concerning definition of film as distinctive art form; criteria for evaluation of films. Popular, documentary, art and experimental films shown in class.

PHIL 340. Problems in Philosophy (3) Fall, Spring. Subject matter designated in class schedule. Primarily for students with little or no background in philosophy.

PHIL 342. Medical Ethics (3) Fall, Spring. Selected topics such as genetic engineering, euthanasia, honesty with the dying, and human experimentation viewed from perspective of representative ethical theories. Prerequisite: For philosophy major section, PHIL 102 or 312.

PHIL 344. Computers and Philosophy (3) Fall, Spring. Philosophical dimensions of the impact of computers on society with emphasis on the issues of ethics and artificial intelligence. Prerequisite: CS 101, its equivalent or permission of the instructor.

PHIL 345.Reason and Decision (3) Fall or Spring. A survey of decision theory covering basic issues in utility theory, decision making under risk or uncertainty, game theory and social choice theory.

PHIL 385. Workshop on Current Topics (1-4) Fall, Spring on demand. Intensive educational experience on selected topics. Typically, an all-day or similar concentrated time format is used. Requirements are usually completed within this expanded time format. May be repeated if topics differ and advisor approves.

PHIL 406. Philosophy of Language (3) Fall alternate years. Historical and contemporary theories of meaning; their use in resolving traditional philosophical controversies and in providing foundation for contemporary analytic philosophy; various interdisciplinary connections.

PHIL 411. Contemporary Analytic Philosophy (3) Fall or Spring. Major twentieth century movements in the analytic tradition, including ideal language philosophy, ordinary language philosophy, and naturalized, holistic philosophy, including such philosophers as Russell, Austin, Wittgenstein, Quine, Davidson and Kripke. Prerequisite: Six hours of philosophy including PHIL 212 or 312.

PHIL 412. Contemporary Continental Philosophy (3) Fall or Spring. Major twentieth century movements in France and Germany, beginning with the phenomenology of Husserl, proceeding through Sartre and Heidegger and including philosophical hermeneutics, critical theory, the theory of communication and genealogies of values, with attention to such philosophers as Gadamer, Ricoeur and Derrida, Adorno, Habermas and Foucault. Prerequisite: Six hours of philosophy including PHIL 212 or 312.

PHIL 415. Topics in American Philosophy (3) Fall or Spring. Theme or themes central to American philosophy. Prerequisite: one course in PHIL (excluding PHIL 103) or consent of instructor.

PHIL 417. Skepticism and Faith (3) Fall or Spring. In-depth examination of modern challenges to religious faith and religious responses. Topics such as evolution, societal secularization, the autonomy of morals and naturalistic explanations of religion and religious experience. Prerequisites: PHIL 217 and 317; 412 is recommended. May be repeated with different topics.

PHIL 418. Topics in the Philosophy of Law (3) Fall or Spring. In-depth examination of such topics as the nature and analysis of law, legal reasoning, judicial decision, hard cases, responsibility, causation and fault, the mental element in crime, formal and material principles of justice and the legal enforcement of morality. Prerequisite: PHIL 318 and one of PHIL 102, 320, 325, 332, 342, 425. May be repeated with different topics.

PHIL 425. Moral and Social Philosophy (4) Fall or Spring. An in-depth treatment of some theme(s) in social philosophy combined with a survey of traditional ethical theories as a background to social philosophy. Prerequisite: PHIL 102 and PHIL 318 or 320 or 325 or 332 or 342.

PHIL 431. Topics in Philosophy of Science (3) Fall or Spring. Content varies from year to year. Topics include: nature of scientific explanation, causality, contemporary empiricism, philosophy of biology, methods, presuppositions, concepts of behavioral sciences. May be repeated for credit. Prerequisite: three hours in PHIL and/or coursework in sciences or consent of instructor.

PHIL 433. Philosophy and Physics of Space and Time (3) Spring. Physical theories of space and time from philosophical, scientific and historical points of view. Topics include Zeno's paradoxes, Greek concepts of space and time, classical Newtonian world view, general ideas of modern theory of relativity and cosmology. Course presupposes high school level mathematics only. Cross-disciplinary; cross-listed as PHYS 433.

PHIL 442. Philosophy of Health (3) Fall or Spring. In-depth examination of selected issues in medical epistemology, philosophy of science and the philosophy of mind, drawing on the continental philosophical tradition to examine professional and social constructs and their impact on the therapeutic relationship. Prerequisite: PHIL 342 and 412. May be repeated with different topics.

PHIL 445. Topics in the Philosophy of Business and Economies (3) Fall or Spring. In-depth examination of such concepts as profit and the profit motive, egotism in economic activity, the moral limits of markets and market behavior and ethical problems arising from nonprofit organizations and socialist economies, as well as truth in advertising, cover-ups and whistleblowing. Prerequisites: PHIL 312 and 345. May be repeated with different topics.

PHIL 470. Readings and Research (1-3) Fall, Spring. Supervised independent work, selected areas. Prerequisite: twelve hours of PHIL and consent of chair of department. May be repeated to six hours.

PHIL 480. Seminar in Philosophy (3) Fall, Spring. In-depth examination of one specific philosopher, philosophical movement or problem. Determined by need and interest of student. Prerequisite: three hours in PHIL (excluding PHIL 103) or consent of instructor.

Physical Education, General (PEG)

PEG 100. Physical Education General (1) Fall, Spring, Summer. Each activity course develops the knowledge, understanding and skills pertinent to the activity. Most activities are coeducational. Offerings each term will vary. Graded S/U.

PEG 101. Adapted Physical Education. For students with physical limitations. Department permission required.

PEG 104. Aerobic Dance.

PEG 105. Intermediate Aerobic Dance.

PEG 106. Archery.

PEG 107. Badminton.

PEG 108. Basketball.

PEG 111. Bowling, $25 fee required. Shoe rental fee extra.

PEG 113. Canoeing, $25 fee required. Rental fee extra.

PEG 114. Cheerleading Gymnastics.

PEG 115. Colorado Ski Weekend. Extra fee of approximately $300 required.
PEG 117. Cycling.
PEG 118. Curling. $15 fee required.
PEG 119. Ballroom Dance II.
PEG 120. Classical Ballet I.
PEG 121. Classical Ballet II.
PEG 122. Classical Ballet III.
PEG 123. Modern Dance I.
PEG 124. Modern Dance II.
PEG 125. Modern Dance III.
PEG 126. Tap Dance.
PEG 127. Modern Dance.
PEG 128. Advanced Golf.
PEG 129. Beginning Gymnastics.
PEG 130. Ice Skating.
PEG 131. M. Volleyball.
PEG 132. Volleyball.
PEG 133. Intermediate Tap Dance.
PEG 134. Tap Dance.
PEG 135. Beginning Tap Dance.
PEG 136. Diving — Introduction.
PEG 137. Intermediate Diving.
PEG 138. Downhill Skiing. $92 fee required.
PEG 139. Exercise and Conditioning.
PEG 140. Exercise and Conditioning.
PEG 141. Fencing.
PEG 142. Intermediate Fencing.
PEG 143. Intermediate Fencing.
PEG 144. Coed Flag Football.
PEG 145. Golf. $5 fee required.
PEG 146. Intermediate Golf. $10 fee required.
PEG 147. Intermediate Golf. $20 fee required.
PEG 148. Advanced Golf. $20 fee required.
PEG 149. Beginning Gymnastics Apparatus I.
PEG 150. Intermediate Gymnastics Apparatus II.
PEG 151. Handball.
PEG 152. Basic Hockey. $15 fee required.
PEG 153. Basic Hockey. $15 fee required.
PEG 154. Advanced Hockey. $15 fee required.
PEG 155. English Horsemanship. $15 fee required.
PEG 156. English Horsemanship. $15 fee required.
PEG 157. Western Horsemanship. $15 fee required.
PEG 158. Water Aerobics.
PEG 159. Water Aerobics.
PEG 160. Beginning Ice Skating. $15 fee required.
PEG 161. Figure Skating. $15 fee required.
PEG 162. Precision Skating. $20 fee required.
PEG 163. Precision Skating. $20 fee required.
PEG 164. Karate.
PEG 165. Racquetball.
PEG 166. Intermediate Racquetball.
PEG 167. Advanced Racquetball.
PEG 169. Sailing. $85 fee required.
PEG 170. Skin Diving/Snorkeling. $10 fee required.
PEG 171. Soccer.
PEG 172. Intermediate Soccer.
PEG 174. Softball - Women.
PEG 175. Softball - Coed.
PEG 176. Squash.
PEG 177. Intermediate Squash.
PEG 178. Life Guard Training.
PEG 179. Beginning Swimming.
PEG 181. Advanced Swimming.
PEG 182. Advanced Swimming.
PEG 183. Tennis.
PEG 184. Triathlon Training.
PEG 185. Tumbling and Gymnastics.
PEG 186. Volleyball.
PEG 187. Weight Training.
PEG 188. Intermediate Weight Training.
PEG 189. Whitewater Rafting. $104 fee required.
PEG 191. Tension Management.

PEG 200. Physical Education General (1) Fall, Spring, Summer. Develops knowledge, understanding and skills pertinent to the activity. Most activities are coeducational. Offerings vary each term. May be taken for grade or S/U. See Kinesiology (KNS) and Dance (DANC) for additional activity offerings.

PEG 201. Adapted Physical Education. For students with physical limitations. Department permission required.

PEG 205. Intermediate Aerobic Dance.
PEG 206. Archery.
PEG 207. Badminton.
PEG 208. Basketball.
PEG 209. Billiards. $20 fee required.
PEG 211. Bowling. $25 fee required. Shoe rental extra fee.
PEG 212. Intermediate Bowling. $25 fee required. Shoe rental extra fee.
PEG 213. Cheerleading Gymnastics.
PEG 214. Cycling.
PEG 215. Curling. $15 fee required.
PEG 216. Ballroom Dance II.
PEG 217. Classical Ballet I.
PEG 218. Classical Ballet II.
PEG 219. Classical Ballet III.
PEG 220. Modern Dance I.
PEG 221. Modern Dance II.
PEG 222. Modern Dance III.
PEG 223. Tap Dance II.
PEG 224. Intermediate Gymnastics.
PEG 225. Beginning Gymnastics.
PEG 227. Fencing.
PEG 228. Advanced Fencing.
PEG 229. Fitness Walking.
PEG 231. Intermediate Fencing.
PEG 232. Modern Dance I.
PEG 233. Modern Dance II.
PEG 234. Modern Dance III.
PEG 235. Apparatus.
PEG 236. Diving — Introduction.
PEG 237. Intermediate Diving.
PEG 238. Exercise and Conditioning.
PEG 239. Fencing.
PEG 240. Exercise and Conditioning.
PEG 241. Fencing.
PEG 243. Fitness Walking.
PEG 244. Coed Flag Football.
PEG 245. Golf. $5 fee required.
PEG 246. Intermediate Golf. $10 fee required.
PEG 247. Advanced Golf. $20 fee required.
PEG 248. Beginning Gymnastics Apparatus II.
PEG 250. Intermediate Gymnastics Apparatus II.
PEG 251. Handball.
PEG 252. Basic Hockey. $15 fee required.
PEG 253. Basic Hockey. $15 fee required.
PEG 254. Water Aerobics.
PEG 255. Beginning Ice Skating. $15 fee required.
PEG 256. Figure Skating. $15 fee required.
PEG 257. Precision Skating.$20 fee required.
PEG 258. Water Aerobics.
PEG 259. Intermediate Ice Skating. $15 fee required.
PEG 260. Advanced Ice Skating. $20 fee required.
PEG 261. Figure Skating. $15 fee required.
PEG 262. Precision Skating. $20 fee required.
PEG 263. Golf. $5 fee required.
PEG 264. Intermediate Golf. $10 fee required.
PEG 265. Advanced Golf. $20 fee required.
PEG 266. Beginning Gymnastics Apparatus II.
PEG 267. Advanced Gymnastics.
PEG 268. Self Defense.
PEG 269. Advanced Gymnastics.
PEG 270. Skin Diving/Snorkeling. $10 fee required.
PEG 271. Soccer.
PEG 274. Softball - Women.
PEG 275. Softball - Coed.
PEG 276. Squash.
PEG 277. Intermediate Squash.
PEG 278. Life Guard Training.
PEG 279. Beginning Swimming.
PEG 282. Advanced Swimming.
PEG 283. Tennis.

PEG 284. Triathlon Training.
PEG 285. Tumbling and Gymnastics.
PEG 286. Volleyball.
PEG 287. Weight Training.
PEG 288. Tension Management.

Water Safety Instructor (see KNS 322)

Physical Therapy (PHYT)

PHYT 300. Introduction to Physical Therapy (2) Fall. Introduction to physical therapy practice. Primary focus on professional terminology, the problem-solving process, and principles of: body mechanics, client-positioning, transfers, gait training, infection control and management of clinical emergencies. One hour of lecture, two hours of laboratory.

PHYT 301. Anatomy and Physiology I (3) Fall. An integrated study of the structure and function of the musculoskeletal and connective tissues systems of the back and lower extremities, including basic embryology and histology. Laboratory session to include cadaver dissection and prospected materials. Two hours of lecture, one 3-hour laboratory.

PHYT 302. Anatomy and Physiology II (4) Spring. An integrated study of the structure of the musculoskeletal (upper extremity, chest and neck), circulatory, respiratory, endocrine and gastrointestinal systems. Laboratory sessions include cadaver dissection and prospected materials. Four hours of lecture, one three-hour laboratory.

PHYT 307. Neurosciences and Clinical Correlations (5) Spring. An integrated study of the structure and function of the central and peripheral nervous systems. Principles of neurophysiological and neuropathological motor and sensory function and related basic assessments skills. Two, 2-hour lectures, one, 2-hour laboratory.

PHYT 309. Kinesiology I (3) Fall. Normal and abnormal static and dynamic human posture through the examination of internal and external forces acting on the trunk and lower limbs. Special emphasis on human locomotion. Two hours of lecture, one, 2-hour laboratory.

PHYT 310. Kinesiology II (2) Spring. Normal and abnormal static and dynamic human posture through the examination of internal and external forces acting on the upper limbs. One hour of lecture; one 2-hour laboratory.

PHYT 311. Pathophysiology I (1) Spring. Introduction to cellular level pathophysiology. Clinical correlations of circulatory, infectious and collagen diseases, genetic and metabolic defects. One and one-half hours of lecture.

PHYT 312. Pathophysiology II (1) Summer. Pathophysiology and clinical correlations in hematologic, toxicology, dermatology, gastrointestinal diseases and renal diseases. Basic pharmacological principles and
nutritional principles and management. One and one-half hours lecture.

PHYT 321. Theory and Procedures of Physical Therapy I (3) Fall. Physiological and biochemical principles and application of structural and functional modalities used in treating clients. Two and one-half hours of lecture, one, 3-hour laboratory.

PHYT 322. Theory and Procedures of Physical Therapy II (3) Spring. Physiological and biochemical principles and application of structural and functional modalities used in treating clients. Basic therapeutic massage/soft tissue mobilization techniques. Two hours of lecture, 2 hours laboratory.

PHYT 323. Theory and Procedures of Physical Therapy III (2) Summer. Theory and applications of electrical currents, compression and heat in the assessment and/for treatment of clients. One and one-half hours lecture, one-two hour laboratory.

PHYT 331. Therapeutic Exercise I (2) Fall. Introduction to the types and application of therapeutic exercise—includes passive, resistive coordination. Principles of relaxation training and posture correction. One hour of lecture, one, two-hour laboratory.

PHYT 340. Foundations of Physical Therapy I (1) Fall. Introduction to concepts and principles forming the cultural orientation for physical therapy practice and behavior—professional ethics. Includes ethics and therapeutic communication skills. Two hours of discussion.

PHYT 341. Foundations of Physical Therapy II (1) Fall. Continuation of Foundations I. Includes advanced communication skills, developing support systems, dealing with difficult clients, such as the dying client, family of severely disabled children, and older clients. Two hours of discussion and recitation.

PHYT 342. Foundations of Physical Therapy III (2) Spring. Introduction to conceptual basis for the health care delivery system in the United States. Critical issues in the health care system and physical therapy as a subsystem will be presented—prevention/promotion, legislative process, quality assurance. One and one-half hours discussion/recitation sessions.

PHYT 350. Musculoskeletal Problems I (3) Spring. Theories and principles of basic musculoskeletal screening. Biomechanical gait analysis and correction will be covered. Introduction to the pathophysiology of the musculoskeletal system with pertinent assessment and treatment principles. Two hours of lecture, two, 2-hour laboratory.

PHYT 381. Clinical Practicum (4) Summer. Course consists of 5 weeks of clinical observation and supervised application of appropriate assessment and treatment skills/procedures. Forty hours per week for 5 weeks. Arranged. Graded S/U.

PHYT 401. Early Development (3) Summer. Principles of development from conception to adolescence. Includes congenital problems, high risk neonate assessment and intervention, developmental assessment tools, and common pediatric disorders. Three hours of lecture, one hour laboratory.

PHYT 406. Management of Physical Therapy Services (3) Spring. Introduction to theory and principles of management. Includes programmatic planning, organizational change, motivation, cost analysis and budgeting. Workshops, case studies, and group projects are methods to be used. Three hours of lecture.

PHYT 410. Scientific Inquiry (2) Fall. Introduction to elements of basic research design, reliability and validity, and critical review of research literature. Pertinent statistical knowledge required to critically analyze published research. Two hours of lecture.

PHYT 415. Research Topics (1) Fall. Discussion of current research topics and their implications and relevance to the practice of physical therapy. One and one-half hours of discussion/recitation.

PHYT 421. Principles of Exercise Physiology (3) Fall. Principles of exercise physiology as they relate to healthy and temporarily or permanently disabled clients. Also included will be the pathophysiology, assessment and treatment of cardiopulmonary dysfunction. Two hours of lecture, one, 3-hour laboratory.

PHYT 422. Principles of Rehabilitation (3) Spring. Theories, philosophies and principles of rehabilitation for the chronically disabled with emphasis on spinal cord injuries and amputations. Three hours of lecture, one, 2-hour laboratory.

PHYT 426. Psychology of Physical Disability (3) Fall. Review of basic principles and major theoretical approaches to understanding personality and human behavior as it relates to illness and physical disability. Special emphasis on hemiplegia, burns, eating disorders, sexuality and the disabled, and chronic pain. Three hours of lecture.

PHYT 428. Gerontology in Physical Practice (2) Spring. A study of age-related anatomical, physiological and biomechanical change and the psychosocial problems of the aged. Special emphasis on pharmacological, exercise, nutritional, and political concerns. Clinical case studies will be discussed. Two hours of lecture and discussion.

PHYT 430. Principles of Therapeutic Exercise II (2) Fall. Principles and theories of therapeutic exercise as they relate to the neuromuscular dysfunctional client. Includes theories of motor control, normal and abnormal movement, client assessment and treatment. One and one-half hours of lecture, one two-hour laboratory.

PHYT 431. Principles of Therapeutic Exercise III (2) Spring. Continuation of Therapeutic Exercise II. Selected theories include neurodevelopmental, and sensory integration. Assessment and treatment planning for adult and pediatric clients, with pediatric components to be conducted as clinical laboratories. Other topics to traumatic train injury and oral motor control. One hour of lecture, 3 hours laboratory.

PHYT 440. Clinical Problem Solving I (1) Fall. Presentation of selected clinical cases. Discussion and planning of appropriate assessment and treatment procedures. One and one-half hours of discussion/recitation sessions.

PHYT 441. Clinical Problem Solving II (1) Spring. Presentation of selected clinical cases. Discussion and planning of appropriate assessment and treatment procedures. One and one-half hours of discussion/recitation sessions.

PHYT 444. Fundamentals of Teaching and Learning in Physical Therapy (3) Spring. Introduction to basic principles of teaching and learning as they relate to health promotion and patient, family, and community education, in service education and instruction of physical therapy students. Students will design and conduct educational activities. Two hours of lecture, 2 hours laboratory.

PHYT 446. Professional Issues (1) Spring. In-depth exploration of current issues affecting the practice of physical therapy. One and one-half hours of discussion.

PHYT 450. Musculoskeletal Problems II (3) Fall. Theory and principles of advanced musculoskeletal evaluation of trunk and peripheral joints. Topics to include sports related injuries, peripheral joint mobilization, leokinetik protocols, introduction to work hardening/ergonomics. One hour of lecture, two, 2 1/2 hours laboratory.

PHYT 480. Seminar (1-3) Spring. In-depth exploration of selected clinical topics. Arranged.

PHYT 481. Clinical Practicum II (2) Fall. Clinical observation and supervised application of appropriate assessment and treatment skills/procedures (120-160 hours); 40 hours per week for 3-4 weeks arranged. Graded S/U.

PHYT 489. Clinical Internship (5-7) Summer, Fall. Observation and orientation to physical therapy departments including supervised application of assessment and treatment procedures. Forty hours/week for 10-14 weeks. Graded S/U. Arranged. May be repeated for a maximum of 12 credits.
PHYS 100. Basic Physics (3) Fall, Summer. For nonscience student; major principles and concepts; application to other fields. Not acceptable toward physics major or minor.

PHYS 101. Physics for Society (3) Spring. Relation of physics to areas of natural science, cultural development and society. Two lecture-recitations and one two-hour laboratory. For nonscience students; not acceptable toward physics major or minor. Lab fee.

PHYS 104. Physics for Elementary Teachers (2) Fall, Summer. Introduction to laws of motion, heat flow, electricity and microscopic structure of matter; concepts used in the statement of these laws and their applications. Not acceptable toward physics major or minor.

PHYS 201. College Physics I (5) Fall, Spring, Summer. First term of an introductory physics sequence intended for students without calculus. Motion, forces, energy, fluids, heat and wave motion. Four lecture-recitations and one two-hour laboratory. Prerequisites: algebra and trigonometry. Lab fee.

PHYS 202. College Physics II (5) Fall, Spring, Summer. Physics 201 continued. Sound, electricity, magnetism, electrical measurements, optics; atomic and nuclear and solid state physics. Four lecture-recitations and one two-hour laboratory. Prerequisite: PHYS 201. Lab fee.

PHYS 211. University Physics I (5) Fall. Introductory calculus-based physics sequence for science and engineering majors. Kinematics in one, two and three dimensions; Newtonian mechanics; gravitation; heat and thermodynamics. Four lecture-recitations and one two-hour laboratory. Corequisite: MATH 131. Lab fee.

PHYS 270. Independent Study (1-3) On demand. Introduction to research in physics and astronomy; projects chosen in consultation with adviser. May include library and laboratory work. For lower division students only. Prerequisites: consent of instructor.

PHYS 301. Modern Physics (2) Fall. Topics from relativity; quantum physics; nuclear, atomic and molecular physics. Three lecture-recitations. Prerequisites: MATH 232 and PHYS 202; or PHYS 212. Student must also register for PHYS 311.

PHYS 303. Electronics (3) Spring. Discussion and laboratory practice in networks, transistors, integrated circuits and associated circuitry. Two lecture-recitations and one three-hour laboratory. Prerequisite: PHYS 202 or PHYS 212. Lab fee.

PHYS 301. Recent Progress in Astronomy (2) Fall alternate years. Pulsar dynamics, gravitational collapse and black holes, galaxies, large-scale structure in the universe, active galaxies and quasars, cosmology. Two lecture-recitations. Prerequisites: PHYS 212; or PHYS 202 and MATH 232. Not open to students with credit for ASTR 321.

PHYS 400. Selected Topics in Physics (1-3) On demand. Selected topics not included in existing courses. Scheduling of course may be initiated by department staff or by students. May be repeated as different subjects are offered. Prerequisite: consent of instructor.

PHYS 401. Methods of Mathematical and Computational Physics I (4) Fall. Survey of basic methods of mathematical techniques applied to Physics, including linear algebra, ordinary differential equations, and vector calculus with emphasis on how these concepts are used in physics. Parallel development is given to numerical methods used to solve physical problems. Use of an appropriate scientific programming language is included. Four lecture-recitations. Prerequisites: PHYS 212; or PHYS 202 and MATH 232.

PHYS 402. Methods of Mathematical and Computational Physics II (3) Spring alternate years. Survey of mathematical and computational techniques for solving partial differential equations, including the wave equation, Poisson's equation, and the heat equation. Introduction to the Fourier analysis with applications and the Fast Fourier Transform algorithms and their implementation. A rudimentary treatment of special functions, as they arise in solving physical problems, will be given. Prerequisite: PHYS 401 or permission of instructor.

PHYS 403. Stellar Structure and Evolution (3) Spring alternate years. Basic data, stellar interiors, theoretical models; advanced evolutionary states: red giants, white dwarfs, neutron stars, sepanovas, black holes. Prerequisites: PHYS 301 and consent of instructor. Not open to students with credit for ASTR 403.

PHYS 412. Infrared Molecular Spectra (2) Spring on demand. Origin of spectra of simple molecules. Prerequisite: PHYS 301 or course in physical chemistry.

PHYS 416. Classical Mechanics (3) Fall. Newtonian particle mechanics in one-, two-, and three-dimensions; non-inertial reference frames. Central forces and celestial

PHYS 417. Quantum Mechanics (3) Spring. Duality of matter and radiation, state functions and interpretation. Heisenberg uncertainty principle, wave equations and principles of wave mechanics, elementary applications of Schrödinger's equation, operator methods and approximation techniques. Prerequisites: PHYS 301, 401.

PHYS 418. Electricity and Magnetism I (3) Fall. Electric and magnetic fields; Maxwell's theory of electromagnetic field with applications in propagation, absorption, reflection, transmission of radiation. Relativity. Prerequisite: PHYS 401 and MATH 233.

PHYS 419. Electricity and Magnetism II (3) Spring alternate years. PHYS 418 continued with applications to guided waves and physical optics. Thermodynamics. Prerequisite: PHYS 418.

PHYS 427. Signal Processing (3) Spring. Introduction to techniques of signal processing; data acquisition and reduction, spectral analysis of continuous signals, sampling, aliasing and discrete Fourier transform. Convolution, correlation and filtering. Prerequisite: PHYS 401 or equivalent.

PHYS 428. Microcomputer Interfacing (3) Fall. Medium and large scale integrated circuits such as peripheral interface adapters. Integrated circuits such as UARTS and A/D converters are used to interface a microcomputer to the external world of the laboratory. One class period and two three-hour laboratories. Prerequisites: CS 307 and PHYS 212 or 202, or permission of instructor. Lab fee.

PHYS 429. Selected Topics in Microelectronics (1-3) On demand. An individual, indepth study of a microelectronic project. Designed to integrate the introductory knowledge gained in PHYS 303 and PHYS 428 into a complete microelectronic system. Arranged. Prerequisites: PHYS 428 and PHYS 303.

PHYS 433. Philosophy and Physics of Space and Time (3) Spring. Physical theories of space and time from philosophical, scientific and historical points of view. Topics include Zeno's paradoxes, Green's concepts of space and time, classical Newtonian world view, general ideas of modern theory of relativity and cosmology. Cross-listed as PHIL 453.

PHYS 470. Independent Study (1-3) On demand. Introduction to research in physics and astronomy; projects chosen in consultation with adviser, may include library and laboratory work. Prerequisite: consent of instructor.

PHYS 489. Cooperative Education in Physics (1-3) On demand. Work and study in physics in an industrial, commercial or government laboratory setting in an approved cooperative position. May be repeated to six hours. Written technical report required. By permission of departmental co-op director. Only three hours may be applied toward physics major or minor.

PHYS 490. Special Problems in Physics (1-3) On demand. Readings and research on recently developing topics chosen to fit needs of students.

Political Science (POLS)

POLS 110. American Government: Processes and Structure (3) Fall, Spring, Summer. Constitutional basis and development, political processes (parties, nominations and elections, interest groups, public opinion), federalism and institutions of national government.

POLS 171. Introduction to Comparative Government (3) Fall, Spring, Summer. Basic concepts, approaches to and comparisons of different political systems, including political cultures, participation, interest groups, institutions and processes; essential tools and methods for the study of political systems in the world.

POLS 172. Introduction to International Relations (3) Fall, Spring, Summer. Historical and contemporary overview of the modern international system: governmental and nongovernmental actors influencing international relations; major issues of the post-war period. No prerequisite.

POLS 290. Introduction to Political Inquiry (3) Fall, Spring. Concepts and theories used by political scientists; traditional and behavioral-political science; how political scientists establish and evaluate concepts and theories. Required of all majors; should be taken before any 300-level course. Non-majors must receive permission of instructor.

POLS 301. Modern Political Ideologies (3) Spring. Nature of political power, freedom, authority and terrorism as seen in ideologies of democracy, capitalism, liberalism, conservatism, communism, anarchism, socialism and fascism.

POLS 302. American Domestic Public Policy (3) Fall, Spring, Summer. Description and analysis of environment, education, defense, civil rights, criminal justice, health, welfare and other selected contemporary policy areas and issues.

POLS 303. Introduction to Public Administration (3) Fall, Spring, Summer. American administrative system: emphasis on administrative structures and processes; relationship between elected offices and bureaucracy; notion of civil service, modes of managing administrative system. Prerequisite: POLS 110.

POLS 304. American Political Thought (3) On demand. As reflected in colonial, Federalist, Civil War and late 19th century political thought.

POLS 325. Black Politics (3) Fall. Political behavior (such as voting, other forms of political participation) and political leadership (elected and unelected) of African-Americans.

POLS 331. State and Local Government (3) Fall, Spring. Influence of culture and socioeconomic factors on state-local politics; state constitutions, municipal corporations and charters; political participation; institutions and processes; intergovernmental relations; policy issues and outcomes in state/local government with special reference to Ohio.

POLS 335. Global Resource Politics (3) Spring. Resource-related global political problems dealing primarily with energy and food questions for policymakers and citizens concerned with political determinants of energy and food security in an interdependent world.

POLS 336. Environmental Politics and Policies (3) Fall, Spring. Environmental policy process primarily in the U.S. including agenda setting, formulation, adoption, implementation and evaluation. Political interests, governmental institutions and actors involved in environmental policy making. Focus on key environmental issues and policies.

POLS 341. Public Opinion (3) Fall. Processes of opinion formation and change, political attitudes, belief systems, socialization and the operation of public opinion processes in democracy; models of linkages between public opinion and public policies.

POLS 345. Legislative Process (3) Fall. Legislative behavior and decision making; forces involved in formation of public policy; proposed reforms of Congress. Prerequisite: POLS 110 or consent of instructor.

POLS 346. Presidency and Executive Process (3) Spring. Organization, functions and powers of office of president and vice president; roles and presidential leadership psychology.

POLS 347. Judicial Process (3) On demand. American judiciary, particularly Supreme Court, as political institution; decision-making process and interaction of courts with rest of political system.

POLS 351. Western European Politics (3) Spring. Political systems and major policy problems of selected European countries. Political culture, governmental structures, political parties and interest group roles in policy development. Prerequisite: POLS 110 or permission of instructor.

POLS 354. Governments and Politics of Eastern Europe (3) On demand. Representative, contemporary Eastern and Central
POLS 355. Governments and Politics of Latin America (3) Fall. Influence of cultural and socio-economic factors on politics; violence and revolution; role of major interest groups such as the military, labor, the Catholic Church; political parties and elections; institutions; focus is on selected nation-states.

POLS 361. Governments and Politics of Middle East (3) Spring. Governmental and political processes of Turkey, Iran, Iraq, Arab Republic of Egypt, other selected Middle Eastern and North African political systems; major developmental problems of the area.

POLS 365. Governments and Politics of Asia (3) On demand. Representative contemporary Far Eastern and Southeast Asian political systems; how ideology, religion, militarism and other social forces (both endogenous and exogenous) have influenced the development of these policies.

POLS 367. Contemporary World Politics (3) Fall, Spring. Current global issues and problems such as the arms race, population control, disarmament and East-West, North-South rivalries are discussed and analyzed.

POLS 374. American Foreign Policy Process (3) Fall. Nature and conduct of contemporary U.S. foreign policy, with particular emphasis on the roles that the Executive and Legislative branches play in the process. Secondary foci of analysis are how domestic political problems, interest groups, military alliances, technological and economic forces help shape foreign policy formation and articulation.

POLS 375. Workshop on Current Topics (1-4) On demand. Intensive educational experience on selected topics in political science. May be repeated if topics differ, on approval of adviser. No more than 9 hours of POLS 375 will count toward a major or minor in political science.

POLS 400. Topics in Political Science (1-3) Fall, Spring. On demand. Subject matter varies. New, one-time courses being offered experimentally. See schedule for listing. Prerequisite: POLS 110.

POLS 402. Western Political Thought I (3) On demand. Classics of political philosophy of ancient and medieval periods. Major ideas and concepts of western political tradition from Plato through Middle Ages to Machiavelli.

POLS 403. Western Political Thought II (3) On demand. Classics of political philosophy of modern period. Major ideas and concepts of Western political tradition from Hobbes to Marx.

POLS 404. 20th Century Political Thought (3) On demand. Contemporary classics of political philosophy. Theories of justice and right of Rawls, Nozick, Hayek and Strauss; Berlin's pluralism; existentialism; and/or democratic theory.

POLS 405. Recent American Political Thought (3) On demand. American political ideas, ideologies, movements with fundamental social and political philosophies from Civil War to contemporary period. Prerequisite: POLS 304 or permission of instructor.

POLS 416. Constitutional Law: Powers and Relationships (3) Fall. Supreme Court cases relating to U.S. governmental structure, powers and relationships.

POLS 419. Jurisprudence (3) Spring. Leading theories and theorists of law; Anglo-American thought and practice.

POLS 420. Administrative Law (3) Fall. Legal aspects of the administrative process and the effect of legal principles and processes upon administrative decision making. Emphasis on the limitation of administrative discretion and the judicial review of administrative decisions. Prerequisite: consent of instructor.

POLS 421. Bureaucratic Politics (3) Spring. The role federal bureaucracy plays in public policy process. Policy development; social and political factors that influence the administrative branch of government. Prerequisite: POLS 303 or permission of instructor.

POLS 422. Comparative Public Administration (3) Spring. Comparative study of administrative structures and processes in selected modern and modernizing political systems. Analysis includes the consideration of cultural, legal and political factors influencing the operation of bureaucratic institutions, developmental goals, and the methods of establishing and administering programs of social, economic and political development.

POLS 424. Supreme Court and Contemporary Issues (3) Spring. Alternate years. Selected areas of current concern in constitutional law; substantive knowledge of relevant case law, scholarly legal journals which attempt to predict outcome of future constitutional litigation. Prerequisite: POLS 417 or POLS 418.

POLS 425. Constitutional Law Advocacy (3) Spring. Substantive knowledge of one area in constitutional law; practical skills necessary for constitutional adjudication; techniques of legal research, writing appellate court briefs, and appellate court advocacy. Prerequisites: POLS 416 and POLS 417, or POLS 418 and permission of instructor.

POLS 430. Local Government Management and Politics (3) Spring. Socio-economic and political factors affecting local governments with an emphasis on governmental structure, problems, and administrative mechanisms, intergovernmental relations, service delivery, performance measures, and alternatives for improving governmental policy and management. Prerequisite: POLS 303 or permission of instructor.

POLS 431. Regulatory Policy (3) Fall. Development of regulation as an instrument for correcting deficiencies of the economic market, role in achieving societal purposes, problems of regulatory practice. Prerequisite: POLS 303 or permission of the instructor.

POLS 434. Gender Politics in Cross-Cultural Perspective (3) On demand. Socialization to, maintenance of and change in gender political roles; patterns of dominance and submission in cross-cultural perspective.

POLS 440. Political Parties and Voter Behavior (3) Fall. Democracy and political parties, party organization, primaries and conventions for nomination, campaigns and elections, patterns of election participation and factors affecting the voter's decision making.

POLS 445. Constitutional Law Advocacy (3) Spring. Substantive knowledge of one area in constitutional law; practical skills necessary for constitutional adjudication; techniques of legal research, writing appellate court briefs, and appellate court advocacy. Prerequisites: POLS 416 and POLS 417, or POLS 418 and permission of instructor.

POLS 458. Foreign Policy of the Commonwealth of Independent States (3) On demand. Foreign policy of the states of the former Soviet Union in the post-cold war era; domestic and international causes and consequences of their relations with the West, Central Europe, and developing countries.
POLS 459. Intergovernmental Relations (3) Fall. Vertical and horizontal relations among governments in the American federal system, models and theories of federalism and intergovernmental relations (IGR), constitutional issues, twentieth-century changes, recent developments in financing and managing federalism and IGR. Prerequisite: POLS 303 or permission of instructor.

POLS 460. Politics and Issues of World Development (3) Spring alternate years. Political and economic modernization problems; equity versus development; hunger and population; foreign aid, technology transfer and other selected topics.

POLS 462. Japanese Politics and Foreign Policy (3) On demand. Political culture, institutions, processes and issues in contemporary Japanese politics; Japan's foreign relations with emphasis on relations with Pacific/Asian nations. Prerequisite: POLS 171 or permission of instructor.

POLS 473. Individual Readings (1-3) Fall, Spring. On demand. Supervised individual readings to meet student's need for extended reading in familiar areas or for exploration in fields not covered by courses. Prerequisites: consent of supervising instructor. May be repeated to nine hours.

POLS 475. International Law (3) On demand. History, nature, sources and applications; relationship between law and society at international level.

POLS 475. International Organization (3) Spring. History, organization and function of international organizations within the context of world politics. Major emphasis on United Nations and issues facing it. Prerequisite: POLS 172, 372 or permission of instructor.

POLS 476. International Political Economy (3) Spring. Survey and analysis of political economy on a global scale, including review of major Marxist, realist and liberal theories and policy issues of trade, debt, investment and aid.

POLS 478. International Conflict (3) Fall. Political theories and research on the causes of war and other forms of international conflict. Analysis of escalatory processes, ethics of warfare, techniques of conflict resolution.

POLS 491. Seminar for Intern (3) Suggested for students planning internships. Survey and analysis of literature dealing with practice political experiences. Use of biographical material as sources.

POLS 492. Field Study (1-3) Fall, Spring, Summer. For students working on political internship programs and political campaigns. May be repeated to six hours.

POLS 495. Honors Seminar in Contemporary Political Science (4) On demand. Political science as discipline and profession; forms of political inquiry and research; scientific and methodological orientations toward values and scholarship; public and professional status of political science. Prerequisite: permission of honors committee. May be repeated to eight hours.

**Popular Culture (POPC)**

POPC 160. Introduction to Popular Culture (3) Fall, Spring, Summer. Basic theories of approaches to and topics within popular culture; several selected topics and use of various theories and approaches.

POPC 165. Popular Culture and Media (3) Fall, Spring, Summer. Some of the ways in which mass media (TV, film, recording industry, print, radio) have effected modern American culture. Media relationships and interactions.

POPC 170. Black Popular Culture (3) Fall. Spring. Basic theories of approaches to 20th century African American popular culture. Trace ways black popular culture has shaped and is shaped by American society. Examines relationship of race, ethnicity, gender, and class.

POPC 220. Introduction to Folklore and Folk Art (3) Fall, Spring. Study and collecting of folklore; ballads, myths, tall tales, heroes, folk medicines, superstitions, proverbs and crafts.

POPC 231. Studies in Popular Culture (1-3) Fall, Spring, Summer. Study of theme, era or issue in popular culture. Subject matter designated in class schedule. May be repeated once if topics differ.

POPC 240. History of Popular Culture (3) Alternate years. Relationship between society and its popular culture as it has changed over time.

POPC 250. Introduction to Popular Film (3) Fall, Spring, Summer. Popular film as mass entertainment medium; Hollywood studios, popular film formulae, genres, relationships between popular films and movie-going audience; viewing of appropriate films.

POPC 270. Introduction to Contemporary Popular Literature (3) Alternate years. Popular literary formulae, publishing industry, relationship between popular literature and reading public, functions of popular literature in society.

POPC 280. Introduction to Popular Music (3) Fall, Spring, Summer. Relationship between music world and listening-viewing audience; musical styles, trends in popular music, popular performers and entertainers and what they reveal about popular culture; appropriate music listening.

POPC 290. Television as Popular Culture (3) Fall, Spring, Summer. Relationship between popular television programming and American society; viewing of appropriate television.

POPC 320. Folklore and Legend (3) Alternate years. Intensive examination and collecting of oral narratives; theory and methods of collecting, organizing and interpreting such material as folktales, urban belief tales, supernatural legends, narrative jokes, tall tales, etc.; analysis of folk mythology.

POPC 321. Folklore and Material Culture (3) Alternate years. Study and analysis of nonverbal folklore; theory and methods of analysis of such forms of expressive folk culture as arts, crafts, architecture, foodways, festivals, customs and folk rituals; emphasis on modes of description and analysis commonly used by folklorists to understand and explain such materials.

POPC 325. The Folk Group/Folk Region (3) Alternate years. Intensive study of a single folk group or the folklore of a specific region (e.g. Women's Folk Culture, Folklore of the Great Lakes Region, etc.) Emphasis on the function of various types of folklore within the group or region. May be repeated once if content clearly differs.

POPC 350. Advanced Studies in Popular Film (3) Alternate years. In-depth study of particular aspect of popular film: single genre, particular director, specific studio, etc. May be repeated once if topics are different; viewing of appropriate films. Two-hour lecture, two-hour lab.

POPC 355. Studies in History of America: Popular Film (3) Alternate years. Specific period in American popular film: silent era, films of Depression, films of post World War II, etc. May be repeated once if topics are different; viewing of appropriate films. Two-hour lecture, two-hour lab.

POPC 370. History of Popular Literature (3) Alternate years. Detective, science fiction, western, mystery, best sellers, poetry, magazine fiction. Prerequisite: any 200-level literature course or permission of instructor.

POPC 380. Contexts of Popular Music (3) Alternate years. In-depth investigation into single aspect of popular music: specific popular music genres, specific musical themes, popular music industry, etc. May be repeated to eight hours if topics differ. Prerequisite: POPC 280.

POPC 395. Workshop on Current Topics (1-3). On demand. Intensive educational experience on selected topics. Typically, an all-day or similar concentrated time format. Requirements usually completed within expanded time format. May be repeated if topics differ, on approval of adviser.

POPC 424. Folklore Genres (3) Alternate years. Intensive study and collecting of a single folk genre or distinctive types of folk materials (e.g. American Folk Music, Ethnic Foodways in America, The Urban Belief Text, etc.). Emphasis on theory and method of collection and analysis. May be repeated once if content clearly differs.
### Psychology (PSYC)

<tbody>
<tr>
<td>PSYC 201</td>
<td>General Psychology</td>
<td>4</td>
<td>PSYC 120</td>
<td>On demand. Models and roles associated with delivery of mental health services; major conceptions of psychological assessment and treatment. Prerequisite: PSYC 201.</td>
</tr>
<tr>
<td>PSYC 209</td>
<td>Psychology of Aging</td>
<td>3</td>
<td>PSYC 201</td>
<td>On demand. Discussion of major theories of adult development; description of how biological, cognitive, personality and social-psychological processes interact to produce development; emphasis on seeing how these processes occur in adults’ everyday lives. Prerequisite: PSYC 201.</td>
</tr>
<tr>
<td>PSYC 211</td>
<td>Social Psychology</td>
<td>3</td>
<td>PSYC 201, PSYC 120</td>
<td>On demand. Social behavior covering theoretical issues and recent empirical findings: social influence and conformity processes, attitudes and attitude change, interpersonal attraction, social perception, group processes, sexual behavior, environmental influences on social behavior. Prerequisite: PSYC 201 or SOC 101.</td>
</tr>
<tr>
<td>PSYC 301</td>
<td>Brain Mechanisms of Behavior</td>
<td>4</td>
<td>PSYC 201, PSYC 120</td>
<td>On demand. Classical conditioning and instrumental learning from empirical and theoretical point of view. Three lecture hours; two laboratory hours. Prerequisites: PSYC 270 and 290.</td>
</tr>
<tr>
<td>PSYC 302</td>
<td>Conditioning</td>
<td>4</td>
<td>PSYC 201, PSYC 120</td>
<td>On demand. Principles and theories of human learning and memory, applied to the acquisition of knowledge and skills. Three lecture hours; two laboratory hours. Prerequisites: PSYC 270 and 290.</td>
</tr>
<tr>
<td>PSYC 303</td>
<td>Psychology of Child Development</td>
<td>3</td>
<td>PSYC 201, PSYC 120</td>
<td>On demand. Major concepts, theories and principles of child development. Coverage is from conception until adolescence. Prerequisite: PSYC 201.</td>
</tr>
<tr>
<td>PSYC 304</td>
<td>Adolescent Development</td>
<td>2</td>
<td>PSYC 201</td>
<td>On demand. Major concepts, theories and principles of adolescent development. Prerequisite: PSYC 201.</td>

<td>PSYC 305</td>
<td>Psychology of Personality Adjustment</td>
<td>2</td>
<td>PSYC 201</td>
<td>On demand. Problems of theory and measurement of personality. Prerequisite: PSYC 201.</td>
</tr>
<tr>
<td>PSYC 306</td>
<td>Psychology of Gender</td>
<td>3</td>
<td>PSYC 201</td>
<td>On demand. Psychological characteristics of women and men: personality, adjustment, identity formation, intellectual processes, sexuality; theories and data on gender development.</td>
</tr>
<tr>
<td>PSYC 307</td>
<td>Human Sexuality</td>
<td>3</td>
<td>PSYC 201</td>
<td>On demand. Survey of the relationship of biological, psychological, cultural, and historical factors to typical and atypical sexual attitudes and behaviors. Prerequisite: PSYC 201 or SOC 101 or BIOL 104.</td>
</tr>
<tr>
<td>PSYC 308</td>
<td>Introduction to Clinical Psychology</td>
<td>3</td>
<td>PSYC 201</td>
<td>On demand. Models and roles associated with delivery of mental health services; major conceptions of psychological assessment and treatment. Prerequisite: PSYC 201.</td>
</tr>
<tr>
<td>PSYC 309</td>
<td>Psychology of Language and Communication</td>
<td>4</td>
<td>PSYC 201, PSYC 120</td>
<td>On demand. Broad-based survey of the various content areas of industrial (e.g., selection, appraisal) and organizational (e.g., motivation, leadership) psychology. Underlying psychological principles that influence human behavior in the workplace are discussed.</td>
</tr>
<tr>
<td>PSYC 310</td>
<td>Psychobiology of Emotions and Motivation</td>
<td>4</td>
<td>PSYC 201</td>
<td>On demand. Principles and theories of human learning and memory, applied to the acquisition of knowledge and skills. Three lecture hours; two laboratory hours. Prerequisites: PSYC 270 and 290.</td>
</tr>
<tr>
<td>PSYC 311</td>
<td>Social Psychology</td>
<td>3</td>
<td>PSYC 201, PSYC 120</td>
<td>On demand. Field and laboratory research techniques in social psychology, attitude change, conformity, attraction, environmental effects on social behavior, aggression, group processes. Three lecture hours; two laboratory hours. Prerequisites: PSYC 270, 290 and 311.</td>
</tr>

</tr>
</tbody>
</table>
organizational climate, job satisfaction and work motivation. Prerequisite: PSYC 270 or consent of instructor.

PSYC 354. Assessment of Work Effectiveness (3) On demand. Emphasis on the design, measurement and evaluation of human and machine performance and productivity. Assessment of factors related to training, efficiency and safety. Prerequisites: PSYC 270 and one other course in PSYC, or consent of instructor.

APSYC 395. Workshop on Personnel Selection (1-5) On demand. Intensive educational experience on selected topics. Typically an all-day or similar concentrated format. Requirements usually completed within time format. May be repeated on approval of adviser.

PSYC 403. Personality Theory (3) On demand. Scientific constructs in personality theory; contemporary theories with historical antecedents; assessment of relationship to general psychology. Prerequisite: eight hours in PSYC.

APSYC 405. Psychology of Abnormal Behavior (3) Fall, Spring, Summer. Data and concepts used in understanding, labeling and modifying deviant behavior. Prerequisite: PSYC 201.

APSYC 406. Behavior Pathology in Children (3) On demand. Major behavioral disorders of childhood: description, etiological implications, treatment issues, approaches and problems, and related research. Prerequisite: PSYC 201 or consent of instructor.

PSYC 425. Community Mental Health (3) On demand. Development, concepts and current models in community mental health; individual and system-centered approaches that promote health and prevent psychological maladjustment; federal, state and county programs. Prerequisite: PSYC 201 or consent of instructor.

PSYC 437. Field Study: Deafness and ASL (1) On demand. Orientation to deafness and on-site observation of educational approaches and communication methods used at elementary, secondary and post-secondary levels by programs for deaf children. Conducted at Gallaudet University, Washington, D.C., between semesters. Prerequisites: PSYC 324 or equivalent and consent of instructor.

APSYC 440. General Seminar (1-4) On demand. Specific content areas offered depend on demand and interest of staff. May be repeated three times. Prerequisite: consent of instructor.

PSYC 452. Personnel Selection (4) On demand. Methods of selection and assessment in industrial and other organizations. Includes recruitment, hiring, promotion, etc. Compliance with fair employment and equal employment opportunity regulations. Prerequisites: PSYC 201 and 270 or STAT 211 or equivalent.

PSYC 454. Interviewing (3) On demand. Laboratory exercises in administering and responding to interviews differing in structure, behavior, decisions and interrelationships within interviews, validity and reduction of bias. Prerequisite: PSYC 201.

PSYC 455. Stress Factors of Work (3) On demand. Sources and effects of psychological stress at work and research on stress reduction. Topics include perceived work loads, role demands and ambiguities, job involvement and career stresses such as those in dual-career families. Prerequisite: PSYC 201.

PSYC 460. Introduction to Psychological Testing (3) On demand. Theory and methods of measuring human behavior. Basic measurement principles and applications; representative standardized tests of intelligence, interest, aptitude and personality. Prerequisites: PSYC 201 and 270 or equivalent.

PSYC 489. Internship (1-3) Fall, Spring, Summer. Supervised field experience in an applied psychology setting. Credit not applicable to psychology major or minor. May be repeated to six hours. Prerequisite: Junior standing and departmental permission. Graded S/U.

PSYC 490. Special Problems in Psychology (1-3) Fall, Spring, Summer. Supervised independent minor research or intensive reading on selected problems. No student may register for course without written approval of staff member concerned. May be repeated to six hours. Prerequisite: 7 hours of psychology. Graded S/U.

PSYC 495. Senior Honors Seminar (3) Fall. Seminar in general psychology for senior major. Student required to plan and carry out research project under direction of faculty member. Prerequisite: senior major, approval by department undergraduate committee.

PSYC 496. Senior Honors Seminar (3) Spring. Seminar in general psychology for senior major. Student required to plan and carry out research project under direction of faculty member. Prerequisite: senior major, approval by department undergraduate committee.

Recreation and Tourism

(RTD)

RTD 190. Recreation Leadership (3) Fall, Spring. Recreation activity analysis and development; leadership theories, styles and techniques with application to the needs and interests of various populations.

RTD 210. Major Concepts in Recreation (3) Fall, Spring. Philosophical concepts and historical foundations; personal values of recreation; economic impact; leisure service delivery system and professional leadership.

RTD 215. Introduction to Travel and Tourism (3) Fall. Overview of travel industry; employment opportunities, professional preparation; trends in travel; tourism data; issues in travel and tourism. Total clock hours: 45. Prerequisite: MKT 300 or consent of instructor.

RTD 260. Leisure Services for the Older Adult (3) Fall, Spring. Characteristics of older adults; therapeutic benefits of recreation; major services and settings; programme planning and administrative concerns; field visits.

RTD 304. Outdoor Recreation (3) Fall. Outdoor recreation resources; government management policies; private organizations and enterprises; legal, economic and political impacts; human behavioral patterns.

RTD 315. Program Planning in Travel and Tourism (3) Spring. Program development in various tourism settings; planning special events; tour packaging and escorting. Total clock hours: 45. Prerequisites: RTD 215, MKT 300 or consent of instructor.

RTD 325. Resort, Convention and Tourism Agency Administration (3) Fall. Exploration of analytical framework for management strategies unique to travel and tourism industry. Analysis of structure and function for integration of services. Total clock hours: 45. Prerequisites: RTD 215, MKT 300 or consent of instructor.

RTD 380. Concepts and Techniques in Outdoor Education (4) Spring. Outdoor education through school curricula, interpretive services, recreation agencies and community action; philosophical bases; identification and utilization of resources; the methods associated with the learning process; field-based experiences.

RTD 384. Organization and Administration of Leisure Services (3) Fall, Spring. Basic concepts of administration, personnel management, fiscal management, public relations techniques, motivation theory, grant writing and fund raising, marketing, legal aspects of administration; budget proposal preparation and development of employment-seeking skills. Prerequisites: RTD 190, 210 and 30 hours.

RTD 385. Recreation Program Development (3) Fall, Spring. Principles of program
Rehabilitation Counseling (REHB)

REHB 401. Introduction to Rehabilitation Counseling (3) Characteristics and principles of the rehabilitation process; disabilities and agencies serving the disabled.

Respiratory Care Technology (RT)

RT 101. Basic Human Anatomy and Physiology for Allied Health (5) Fall. A one-semester course developed especially for students in allied health programs who have had no prior college course in introductory biology. Includes study of structure and function of cells and tissues, general body organization, and organ systems. Does not transfer as biology credit. Three hours lecture, three hours lab, and one hour of recitation.

RT 120 Principles of Respiratory Care I (3) Fall. Basic scientific principles of gases, humidity, aerosols, fluid flow as applied to respiratory care. Devices for measuring oxygen levels and regulating pressure and flow of therapeutic gases, as well as equipment for delivering humidity and medical aerosols. Therapeutic application of respiratory care equipment. Basic patient care and assessment. Medical terminology. Introduction to respiratory care. Two hours of lecture, two hours of lab, and one hour of recitation.

RT 121. Principles of Respiratory Care II (3) Spring. Introduction to cardiopulmonary disease. Patient assessment, hyperinflation therapy, bronchopulmonary hygiene, isolation procedures, pulmonary function testing. Sterilization and processing of respiratory equipment. Two hours lecture, three hours lab. Prerequisites: RT 120, ENVT 110 or BIOL 314/315, CHEM 109/110.

RT 140. Pharmacology for Respiratory Therapy (3) Spring. General pharmacological principles, including drug dosage calculations and dispensing systems. Study of major drug groups. Emphasis on drugs used in delivery of respiratory care. Three hours lecture. Prerequisite: RT 120.

RT 151. Respiratory Care Directed Practice I (2) Spring. Introduction to hospital environment. Directed clinical practice including basic practice skills, patient assessment, charting, oxygen therapy, aerosol administration, equipment processing. Twelve hours of field study per week. Prerequisite: Must meet program matriculation standards. RT 120, ENVT 110 or BIOL 314, 315, and CHEM 109/110 required or permission of instructor. Corequisite: RT 121, BIOL 332 (if no credit for RT 101).

RT 202. Cardiopulmonary/Renal Anatomy and Physiology (3) Spring. Anatomy and physiology of respiratory, cardiovascular, renal systems in depth. Ventilatory mechanics, pulmonary function, control of respiration, gas diffusion, transport and exchange, acid-base balance, fluid and electrolyte balance, blood gas interpretation. Two hours lecture, two hours recitation. Prerequisite: RT 120, RT 101 or BIOL 331, and CHEM 109/110 or permission of instructor. Corequisite: BIOL 332 (if no credit for RT 101).

RT 203. Pulmonary Pathophysiology (4) Fall. Disease terminology and basic pathophysiological processes common to organ system disease. Common cardiopulmonary disorders with respect to etiology, pathology, pathophysiology, clinical manifestations, diagnosis (including radiological assessment of the chest), treatment and prognosis. Prerequisites: RT 120, RT 101 or BIOL 331, and RT 332 or permission of instructor.

RT 221. Respiratory Critical Care Procedures (4) Summer. Manual resuscitators, airway management, arterial sampling and analysis, quality control procedures, non-invasive gas monitoring. Mechanical ventilation. Prerequisites: RT 121, 151, RT 101 or BIOL 331 and 332 or permission of instructor. Corequisite: RT 252. Three hours lecture, three hours lab.

RT 222. Principles of Respiratory Care III (3) Fall. Hemodynamic and other physiological monitoring, EKG interpretation, cardiopulmonary diagnostics, neonatal and pediatric respiratory care. Pulmonary rehabilitation and home care. Two hours lecture, three hours lab. Prerequisites: RT 221 and 252 or permission of instructor. Corequisite: RT 253.

RT 232. Advanced Cardiopulmonary Concepts and Procedures (3) Fall. Advanced techniques and equipment and selected pulmonary-related disorders not covered in previous courses. Introduction to basic principles of management and supervision, education and research as they relate to respiratory care. Prerequisites: Must meet program matriculation standards; RT 252 and 221.

RT 252. Respiratory Care Directed Practice II (2) Summer. RT 151 continued with addition of directed practice in clinical environment of hyperinflation modalities, bronchopulmonary hygiene, CPR. Twelve hours of field study per week. Prerequisites: Must meet program matriculation standards; RT 121 and 151. Corequisite: RT 221.

RT 253. Respiratory Care Directed Practice III (4) Fall. Directed clinical practice at various clinical sites. Students gain hands-on experience in managing artificial airways and mechanical ventilators, performing arteriometry and analyzing samples and interpreting and applying physiological data. Experience gained in cardiopulmonary diagnostics and other related areas of respiratory care practice. Twenty-four hours
of field study per week. Prerequisites: Must meet program matriculation standards; RT 221 and 252. Corequisite: RT 222.

RT 254. Respiratory Care Directed Practice IV (4) Spring. Students rotate to various clinical sites to gain exposure to specialized equipment and techniques; which may be unique to that institution, while continuing to practice procedures from previous clinical assignments. Twenty-four hours of field study per week. Prerequisites: Must meet program matriculation standards; all respiratory therapy courses.

## Romance Languages

**ROML 200. European and Latin American Cinema (3)** Films of cultural and literary significance from Mediterranean and Latin American countries seen through study of selected topics, themes or movements. Taught in English. Includes viewing of films with subtitles.

**ROML 262. African Literature in Translation (3).** Literary masterpieces from or about Africa, including negritude movement. Works originally written in romance languages. Does not count toward French or Spanish major or minor.

**ROML 470. Readings in Romance Languages and Literature (1-3).** Independent reading for advanced students wishing to conduct comparative study in particular period, author or authors, problem or genre. Prerequisites: consent of chair of department and instructor.

**ROML 495. Literary Translation (3).** Translation into English of poems and short prose works of students' choice, with advice and consent of instructor. From French, Spanish, Italian and Portuguese. Open to majors, minors and graduate students in French and in creative writing and graduate students in Spanish. Prerequisite: FREN, SPAN or ITAL 202, 212, 500 or equivalent.

## Russian (RUSN)

Entering students who had Russian in high school should take the placement test during summer preregistration or prior to enrollment in a course.

**RUSN 101. Elementary Language and Culture I (4) Fall.** Introduction to the Russian language in its cultural and social context with emphasis on speaking, listening and reading skills. Four class periods and laboratory practice each week.

**RUSN 102. Elementary Language and Culture II (4) Spring.** RUSN 101 continued. Four class periods and laboratory practice each week. Increased use of authentic reading materials. Completion of elementary grammar study. Prerequisite: RUSN 101, or by placement.

**RUSN 117. Conversation and Pronunciation I (1) Fall or Spring.** Oral practice for beginning students. Concurrent enrollment in RUSN 101 or 102 required. May be repeated to three hours.

**RUSN 118. Conversation and Pronunciation II (1) Fall or Spring.** Oral practice for intermediate students. Concurrent enrollment in RUSN 201 or 202 required. May be repeated to three hours.

**RUSN 200. Study Abroad I (2-6)** On demand. Intermediate in-country Russian language training. Prerequisite: RUSN 102 or equivalent.

**RUSN 201. Intermediate Russian I (4)** Fall. Further development in reading, narrating and describing. Writing common documents. Review of elementary grammar. Four class periods and laboratory practice each week. Prerequisite: RUSN 102, or by placement.

**RUSN 202. Intermediate Russian II (4)** Spring. RUSN 201 continued. Introduction to reading Russian fiction. Completion of basic grammar. Four class periods and laboratory practice each week. Prerequisite: RUSN 201, or by placement.

**RUSN 215. Russian Culture (3) Fall.** Culture and civilization of the Russian people from their origins to the recent past. Lectures, audio-visual presentations and readings in English.

**RUSN 216. Contemporary Russian Society (3) See ECES 216.**

**RUSN 300. Study Abroad II (2-6)** On demand. Advanced in-country Russian language training. Prerequisite: RUSN 202 or equivalent.

**RUSN 312. Introduction to Russian Literature (3)** Select 19th and 20th century Russian writers such as Dostoevsky, Chekhov, Bulgakov. In translation. Class discussion and writing in English.

**RUSN 313. Contemporary Russian Literature (3)** Exploration of themes, styles and genres of Russian writing since the 1950s. Includes Russian women writers and examples of non-Russian Soviet writers. In translation. Class discussions and ample English writing practice.

**RUSN 317. Composition and Conversation I (3) Fall.** Intensive oral and written practice; emphasis on mastery of basic structural patterns employed in conversation and writing. Prerequisite: RUSN 202, or by placement.

**RUSN 318. Composition and Conversation II (3) Spring.** RUSN 317 continued. Prerequisite: RUSN 317.

**RUSN 320. Readings in Russian Culture (2).** Readings selected to elucidate themes in Russian cultural and social thought. Guidance in advanced reading techniques. Prerequisite: RUSN 202 or consent of instructor.

**RUSN 331. Workshop in Translation (1-3)** On demand. Individualized and/or small group work in translation of scientific, technical or business writing, or other types of expository prose in the student's area of specialty. May be repeated to six hours. Prerequisite: RUSN 202.

**RUSN 401. Russian Poetry (3) On demand.** Russian lyric from the mid-18th century through contemporary Soviet verse. Prerequisite: RUSN 202.

**RUSN 402. Russian Novel (3) Fall.** Detailed study of the great tradition of the Russian novel. Primary readings consist of authors such as Karamzin, Pushkin, Gogol, Turgenev, Tolstoy, Dostoyevsky, Gorky, Solzhenitsyn. May be repeated for credit when offered with different content. Prerequisites: RUSN 311 and 312, or permission of instructor. Open to nonmajors who will read assigned works in translation.

**RUSN 403. Russian Drama (3) Spring.** Major works of Russian dramatic literature as exemplified by Polotski, Fonvizin, Griboyedov, Pushkin, Ostrovski, Turgenev, Tolstoy; emphasis on Chekhov and Moderns. Prerequisites: RUSN 311 and 312, or permission of instructor. Open to nonmajors who will read assigned works in translation.

**RUSN 415. Russian Film (3) Fall.** Russian film art and history from its inception to present. Works of major directors (Dovzhenko, Eisenstein, Paradzhanov, Pudovkin, Tarkovsky) and other representative films in their cultural context. Fee.

**RUSN 417. Advanced Composition and Conversation (3) Fall.** Styles of speech and related advanced grammar. Conversation and composition practice. May be repeated to six hours. Prerequisite: RUSN 318.

**RUSN 419. Journalistic Russian (2) Spring.** Advanced skills for reading periodical literature in Russian. Prerequisite: RUSN 417 or consent of instructor.

**RUSN 432. Russian Folklore (3) On demand.** Survey of major genres of Russian folk literature and culture, and their influence on language and literature. Prerequisite: RUSN 102, or permission of instructor. Open to nonmajors who will read assigned works in translation.

**RUSN 460. Selected Topics (1-3) On demand.** Topic chosen to meet curriculum needs and student requests. May be repeated to six hours. Prerequisite: RUSN 202.

**RUSN 491. Studies In Russian (1-3) On demand.** Independent reading for the advanced student. Prerequisite: arrangement with instructor and consent of department chair prior to registration.
Social Science (SOSC)

SOSC 101. Introduction to the Social Sciences (3) Fall, Spring. Fundamental concepts and methods in the social sciences.

SOSC 289. Human Services Practicum (3-4) Spring. Supervised field experience in an approved agency combined with a seminar designed to integrate theory and practice. Capstone course to the human services curriculum; students must be near completion of the degree in human services and be in good standing academically. Prerequisite: SOWK 324 or consent of instructor.

Sociology (SOC)

SOC 101. Principles of Sociology (3) Fall, Spring. Elements and concepts of social organization, social change and group relationships.

SOC 210. Sociology of Religion (3). Role of religion in society; influence of religion upon society and effects of social structure on religious beliefs. Prerequisite: SOC 101.

SOC 231. Cultural Anthropology (3). Basic concepts and objectives in study of culture. Range of cultural phenomena and approaches to their study.

SOC 289. Field Study in Applied Sociology (1-3) Fall, Spring, Summer. Field experience in an applied sociology setting. May be repeated once. Only three hours may be applied to a sociology major or minor. Prerequisite: Six hours in SOC. Graded S/U.

SOC 300. Topics in Sociology (1-3) On demand. Courses being considered for offering on regular basis. See class schedule for listing. May be repeated. Prerequisite: SOC 101.

SOC 301. Social Psychology (3). Social behavior; process of interaction and interpersonal influence. Prerequisite: SOC 101.

SOC 311. Community and Urban Sociology (3). Communal life from beginnings in folk society; contemporary urban-metropolitan communities; folk urban contrasts and community types. Prerequisite: SOC 101.

SOC 312. Population and Society (3). Population growth and distribution; bearing on current economic, political and social problems. Prerequisite: SOC 101 or consent of instructor.

SOC 313. Fertility and Family Planning (3). Sociological causes and consequences of human fertility patterns with emphasis on trends and differentials in the United States, including: fertility decision making, value and costs of children, contraception and abortion, unplanned parenthood, voluntary childlessness, illegitimacy, sex education and related public policies. Prerequisite: SOC 101.

SOC 316. Minority Groups (3). Analysis of ethnic and minority groups in American society; conditions that favor and hinder acceptance of such groups as integral elements in national population. Prerequisite: SOC 101.

SOC 317. Social Stratification and Poverty (3). Inequalities in distributions of wealth, power and prestige in societies. Types of systems of inequality; caste, estate, class. Consequences of inequalities for society as wholes and for segments of society; educational-occupational opportunities, racial-ethnic relations, social mobility; social change. Prerequisite: SOC 101.

SOC 318. Social Organization (3). Sociological concepts, theories and models of contemporary complex organizations; impact of social psychological factors on organizational effectiveness, relationship of systems theory to problems of organizational design and behavior. Prerequisite: SOC 101.

SOC 319. Alcohol and Public Policy (3). The social psychology of alcohol abuse with respect to the incidence, causes and social control of problem drinking. Policy issues considered include those relating to alternative prevention, treatment and intervention strategies. Prerequisite: SOC 101, 301.

SOC 320. Computers and Society (3). Impact of computers on society and the social forces prompting the rapid and widespread adoption of computer technology. Protection of personal privacy, changing labor force composition, the cashless society, modification in beliefs and values, the future of post-industrial society. Not a programming course.

SOC 321. Contemporary Cultures (3). Culture area(s) emphasized varies with staff and student interest. Area announced in schedule of classes (Africa, Europe, Near East, Native North America, Latin America, Asia, Pacific). May be repeated to 12 hours. Prerequisites: SOC 231 or consent of instructor.

SOC 322. Archaeology (2). Prehistory of man; early cultural development throughout world. Prerequisite: SOC 231.

SOC 324. Anthropology and Contemporary Human Problems (3). Contemporary cultures as collective patterns of living and attempts to create more human way of life. Methods of depicting and interpreting cultural codes of behavior, thought, feeling. Prerequisite: SOC 231 or consent of instructor.

SOC 340. Deviance and Social Control (3). Fall, Spring. History of attempts to define and explain deviant behavior. Social conditions and processes associated with careers of deviants; relationship of deviancy to problems of social control. Prerequisite: SOC 101.

SOC 361. The Family (3). Traditional and contemporary family types; current similarities and differences of family organization in various cultural environments. Prerequisite: SOC 101.

SOC 369. Introductory Statistics (3) Fall, Spring. Data presentation, measures of dispersion, correlation, regression, probability distributions, sampling distributions, hypothesis testing and analysis of variance. Prerequisite: SOC 101.

SOC 370. Introductory Methodology (3) Fall, Spring. Survey course on research methods in sociology: nature of science, theory construction, operationalization of a research problem, alternative research designs (including evaluation), instrumentation, data collection and data analysis. Prerequisite: SOC 101 or consent of instructor.

SOC 371. Applied Survey Research (3). Practical experience in survey research in an applied context: policy issues, problem formulation, measurement, questionnaire-interview design, sampling procedures, data collection, electronic data processing, interpretation and report writing. Prerequisites: SOC 101, 369, 370 or consent of instructor.

SOC 395. Workshop on Current Topics (1-4) On demand. Intensive educational experience on selected topics. Typically, an all-day or similar concentrated time format. Requirements usually completed within time format. May be repeated if topics differ, on approval of adviser.

SOC 404. Social Gerontology (3). Problems of aged in contemporary society. Social gerontology as field of interest of interdisciplinary nature; emphasis on socio-economic approach. Prerequisite: SOC 101.

SOC 414. Society and the Environment (3). Present issues and problems of human environment from a sociological perspective. Special emphasis on analysis of the present problems of resources, pollution, technology, population, consumerism and the use of energy.

SOC 415. Industrial Sociology (3). Industrialization as a social process, labor force dynamics, models of organization, human relations, nature of work and job satisfaction. Prerequisite: SOC 101.

SOC 416. Political Sociology (3). Political behavior in society from standpoint of both classical and contemporary sociology. Prerequisite: SOC 101.

SOC 417. Sociology of Sport (3). Sociological concepts and theories to investigate sport as social institution and relationship to other social institutions; organizational theory and small group research applied to sport; social psychological aspects of sports. Prerequisite: SOC 101.

SOC 418. Social Change (3). Theories of social change, technology and social change, social trends and their consequences. Planning, predicting and adapting to social change. Prerequisite: SOC 101.

SOC 419. Population and Development (3). Sociological approaches to understanding relationship between population trends and poverty in developing societies. Issues include food supplies, birth control, urbanization.

SOC 442. Corrections (3). Socio-psychological approach to origins and development of federal, state and local penal institutions. Prerequisite: SOC 441.

SOC 443. White Collar and Organized Crime (3) Fall. Criminal behavior within and by organizations; analyses of employee theft, graft, corporate crime, governmental crime, professional crime, syndicated crime. Prerequisite: SOC 340 or 441.

SOC 444. Deviant Sexual Behavior (3). Spring. Sociological perspective on sexual behaviors stigmatized in U.S.; such aspects as prevalence, social contexts of occurrence, effects on society, sources and impacts of societal reaction, especially criminal law. Prerequisite: SOC 340 or 341 or 441.

SOC 449. Field Work, Corrections (1-2). Field work experience in approved correction agency. Arrangements (usually one full day per week plus individual conferences and group seminar for two consecutive semesters) must be approved in advance by instructor. May be repeated once. Prerequisite: senior standing. Graded S/U.

SOC 453. Ethnological Theory (3). Anthropological theories and varying uses of concept of culture in social sciences. Prerequisites: SOC 231 and consent of instructor.

SOC 460. Gender Socialization (3). Theoretical and empirical literature on family and sex roles; socialization, changing nature of women's and men's roles and prospects for future. Institutional sources of women's and men's roles in other cultures. Prerequisite: SOC 101.
SOC 461. Sociology of Family Violence (3). Current research and theoretical perspectives on family violence: spouse battering; marital rape; sibling violence; incest; child abuse. Sex roles, family ideologies, social structures, power relations examined as constituting the basis of family conflict and violence between family members. Prerequisite: SOC 101.

SOC 463. Leisure, Work, and Retirement (3). Sociological analysis of three aspects of life cycle. Crisis in personal life occasioned from one stage to another. Prerequisite: by each of these stages and by transitions in the life cycle. Crisis in personal life occasioned from one stage to another. Prerequisite: by each of these stages and by transitions in the life cycle. Crisis in personal life occasioned from one stage to another. Prerequisite: by each of these stages and by transitions in the life cycle. Crisis in personal life occasioned from one stage to another. Prerequisite: by each of these stages and by transitions in the life cycle. Crisis in personal life occasioned from one stage to another. Prerequisite: by each of these stages and by transitions in the life cycle. Crisis in personal life occasioned from one stage to another. Prerequisite: by each of these stages and by transitions in the life cycle. Crisis in personal life occasioned from one stage to another. Prerequisite: by each of these stages and by transitions in the life cycle. Crisis in personal life occasioned from one stage to another. Prerequisite: by each of these stages and by transitions in the life cycle.

SOC 470. Readings, Research and Internship (1-8) Fall, Spring, Summer. Supervised independent work in selected areas. Extensive reading of more advanced literature, planned research or field placement in an approved setting. May be repeated, but cannot exceed a total of 12 hours. Prerequisites: junior standing and a minimum of 12 hours of accumulated credit in regularly scheduled SOC courses. Prior written permission of instructor and department chair required. Graded S/U.

SOC 480. Senior Seminar (3) On demand. Selected topics in sociology. Recent seminars have included sociology of women, individual and sociology, contemporary social criticism, the family, alternatives and critiques. May be repeated. Prerequisite: SOC 101 or consent of instructor.

SOC 489. Internship (1-5) Fall, Spring, Summer. Provides practical experience in applied sociology such as criminology, human services, population studies, community planning and survey research. May be repeated. Only five hours may be applied to SOC major or minor. Prerequisite: 12 hours in SOC. Graded S/U.

**Spanish (SPAN)**

Students who had Spanish in high school should attend the placement session during preregistration or contact the department prior to enrollment in a course. Credit will not be given for course work more than two levels lower than the highest level completed in high school, unless authorized by the chair of the department.

**SPAN 101. Elementary Spanish I (4)** Fall, Spring. Communicative approach to beginning language use in the four skills: listening, speaking, reading, writing. Four class periods and scheduled laboratory practice each week.

**SPAN 102. Elementary Spanish II (4)** Fall, Spring. SPAN 101 continued. Four class periods and scheduled laboratory practice each week. Prerequisite: SPAN 101 or one year of Spanish in high school.

**SPAN 141. Conversational Spanish for Medical Personnel (3)** Practice in speaking and understanding oral Spanish: essential expressions, questions and directions needed by medical personnel.

**SPAN 201. Intermediate Spanish I (3)** Fall, Spring. Communicative approach to intermediate language use in the four skills: listening, speaking, reading, writing. Three class periods and scheduled laboratory practice each week. Prerequisites: SPAN 102 or two years of Spanish in high school.

**SPAN 202. Intermediate Spanish II (3)** Fall, Spring. SPAN 201 continued. Three class periods and laboratory practice each week. Prerequisite: SPAN 201 or three years of Spanish in high school.

**SPAN 211. Hispanic Cultural Series I (3)** Fall, Spring. Development of reading comprehension in Spanish using cultural materials concerning Spain and Spanish America. Conducted in English. Prerequisite: SPAN 102 or two years in high school. Cannot be taken for credit if SPAN 201 has been received. Open to seniors only in 1995-96.

**SPAN 212. Hispanic Cultural Series II (3)** Fall, Spring. Development of reading comprehension in Spanish using cultural materials concerning Spain and Spanish America. Conducted in English. Prerequisite: SPAN 201 or three years of Spanish in high school. Cannot be taken for credit if SPAN 202 has been received.

**SPAN 221. Hispanic Songs (1)** Traditional and popular songs from various Hispanic countries, sung in Spanish; emphasis on study of texts and pronunciation. May be repeated to maximum of three hours. Prerequisite or corequisite: SPAN 101, or consent of instructor.

**SPAN 231. Hispanic Folk Dancing (1)** Traditional dances of Spain and Spanish America, especially those of Mexico and Colombia. Learning and performance of dances accompanied by regional and historical background. May be repeated to maximum of two hours. No prerequisite.

**SPAN 351. Spanish Composition and Conversation I (3)** Development of skill in speaking and writing, with appropriate grammar review. Prerequisite: SPAN 202.

**SPAN 352. Spanish Composition and Conversation II (3)** Continued development of skill in speaking and writing, with appropriate grammar review. Prerequisite: SPAN 202.

**SPAN 351. Hispanic Literature in Translation (3)** Literature of a specific country, genre, time period, author or theme. May be repeated for credit once if topics are clearly different. Does not count toward major, minor or foreign language requirement. No prerequisite.

**SPAN 356. Introduction to Spanish Peninsular Literature (3)** Outstanding authors, works and movements of Peninsular literature from the Middle Ages to the present. Prerequisite: SPAN 351 or SPAN 352 or consent of instructor.

**SPAN 358. Introduction to Spanish American Literature (3)** Outstanding authors, works and movements from the time of discovery to the present. Prerequisite: SPAN 351 or SPAN 352 or consent of instructor.

**SPAN 371. Spanish Civilization (3)** Political, social, intellectual, artistic development of Spain. Prerequisite: SPAN 351 or SPAN 352.

**SPAN 377. Civilization of Mexico and the Caribbean (3)** Political, social, intellectual, artistic development of Mexico, Central America and Spanish-speaking islands of the Caribbean. Prerequisite: SPAN 351 or SPAN 352.

**SPAN 378. Civilization of South America (3)** Political, social, intellectual, artistic development of Spanish-speaking countries of South America. Prerequisite: SPAN 351 or SPAN 352 or consent of department.

**SPAN 380. Introduction to Spanish-English Bilingualism (2)** Concepts and principles of bilingual-bicultural programs in the United States. Prerequisite: SPAN 202 or equivalent.

**SPAN 382. Spanish Business Correspondence (2)** Spanish for commercial purposes; business letter writing. Prerequisite: SPAN 351 or SPAN 352.

**SPAN 431. Spanish American Fiction (3)** Major authors and works from literary movements of the 19th and 20th centuries, with emphasis on either regionalism or the contemporary novel. Prerequisite: SPAN 388.

**SPAN 441. Medieval and Golden Age Literature (3)** Representative masterpieces of Spanish literature from the Middle Ages and the Siglo de Oro: Epic, poetry, novel and theater. Prerequisite: SPAN 367.

**SPAN 442. Spanish Literature of the Nineteenth Century (3)** Outstanding works of the 19th century; romanticism, realism, naturalism, prose and poetry. Prerequisite: SPAN 367.

**SPAN 444. Contemporary Spanish Literature (3)** Outstanding works from the generation of 1898 to the present; poetry and prose. Prerequisite: SPAN 367.

**SPAN 450. Advanced Grammar and Composition (3)** Grammar and composition, especially appropriate for future teachers of Spanish. Prerequisite: SPAN 351 and SPAN 352.

**SPAN 455. Applied Linguistics (3)** Phonological, morphemic, syntactical, semantic aspects of Spanish; application to language learning and teaching. Prerequisite: SPAN 351 and SPAN 352 or consent of instructor.

**SPAN 463. Career Spanish (3)** Development of translation skills (Spanish to English and English to Spanish) on materials
representing a wide range of technical, professional and business careers. Prerequisites: SPAN 351 and SPAN 352.

SPAN 470. Readings in Hispanic Literature (1-3). Independent reading for the advanced student who wishes to study a particular period or author. Prerequisite: consent of department chair and instructor.

SPAN 481. Spanish-American Literature I: Discovery to Modernism (3). Representative authors from the Chronicles through the Romanticists; prose and poetry. Prerequisite: SPAN 368 or consent of instructor.

SPAN 482. Spanish-American Literature II: Modernism to the Present (3). Representative authors from Modernism and subsequent 20th century literary developments; prose and poetry. Prerequisite: SPAN 368 or consent of instructor.

SPAN 488. Contemporary Mexican Literature (3). Outstanding works of the 20th century. Prerequisite: SPAN 368 or consent of Instructor.

SPAN 489. Hispanic Studies (3). Intensive study of an author, literary school, genre or selected theme. May be repeated if topics are clearly different. Prerequisite: SPAN 367 or SPAN 368.

---

**Special Education (EDSE)**

**EDSE 311. The Exceptional Child in the Regular Classroom (2) Fall, Spring, Summer.** Touching exceptional handicapped children in alternative settings. C/F hrs.: 10.

**EDSE 395. Workshop on Current Topics (1-3) On demand.** Intensive educational experience on selected topics related to skill development, content update, materials development. Typically, an all-day concentration of a particular topic, within format. May be repeated on approval of adviser.

**EDSE 421. Young Children With Special Needs in Early Childhood Programs (3) Fall.** Understanding of infant, toddler, and preschool children with special needs in integrated learning environments. Awareness of specific disabilities and their impact on development, family life and education.

**EDSE 431. Education of Exceptional Students (3) Fall, Spring, Summer.** Problems of exceptional school children with developmental disabilities, specific learning disorders, speech/hearing/visual disabilities, or multiple disabilities or students who are gifted; etiology, diagnosis, personal-social problems and prognosis. C/F hrs.: 11. Prerequisite: sophomore year status or higher.

**EDSE 432. Principles and Purposes of Special Education (2) On demand.** Functions of public school and governmental agencies in providing educational services for exceptional children. Prerequisite: EDSE 431 or concurrently.

**EDSE 433. Education of Students with Mental Retardation (3) Fall, Spring, Summer.** Understanding and teaching of students with mental retardation: etiology, diagnosis, theory, educational procedures. C/F hrs.: 20. Prerequisite: EDSE 431.

**EDSE 437. Occupational Orientation and Job Preparation for Individuals with Disabilities (3) Fall, Spring, Summer.** Responsibilities of teachers of students with disabilities for developing employability skills. Prerequisites: EDSE 431, 433 and 451. C/F hrs.: 25.

**EDSE 440. Curriculum Development and Methodology for Teaching Students with Multiple Disabilities (3) Fall.** Materials and techniques emphasizing development and appropriate skills with practical applications. Must be taken concurrently with EDSE 443. Prerequisites: EDSE 431, EDSE 433; or consent of instructor. C/F hrs.: 25.

**EDSE 441. Education of the Gifted and Talented Child (3) On demand.** Nature and needs of gifted/talented; Identification techniques, curriculum planning and development, teaching strategies and techniques, resources and materials available to teachers; program evaluation for gifted/talented. C/F hrs.: 10.

**EDSE 442. Applied Behavior and Classroom Management (3) Fall, Spring, Summer.** Strategies for modifying classroom behavior to facilitate learning. Application to elementary and secondary special and regular education settings. Prerequisites: junior standing, EDSE 311 or 431 or core equivalent or consent of Instructor. C/F hrs.: 15.

**EDSE 443. Practicum with Exceptional Students (1) Fall, Spring.** Individual participation, and supervised practicum experiences. May be repeated to nine hours. Prerequisite: Must be taken concurrently with EDSE 440, 444, 447, 449, 453, 465, 467 or 470. C/F hrs.: 44. Graded S/U.

**EDSE 445. Adult Service Options for Persons with Multiple Disabilities (2) Fall.** Employment options for students with multiple disabilities. Techniques for job analysis, analyzing skills, specific jobs and job areas. Must be taken concurrently with EDSE 443. Prerequisites: EDSE 431, 433; or consent of instructor. C/F hrs.: 25.

**EDSE 447. Language Arts Methods for Students with Mild to Moderate Disabilities (3) Fall, Spring.** Methods and materials for teaching reading, writing and other language arts for students with mild to moderate disabilities. Must be taken concurrently with EDSE 448, 453 and three sections of 443. Prerequisites: EDSE 484, senior status and department permission. C/F hrs.: 8. Lab fee.

**EDSE 448. Mathematics, Science and Social Studies Methods for Students with Mild to Moderate Disabilities (3) Fall, Spring.** Methods and materials for instruction in mathematics, science and social studies, for students with mild to moderate disabilities. Must be taken concurrently with EDSE 447, 453 and three sections of 443. Prerequisites: EDSE 484, senior status and department permission. C/F hrs.: 14. Lab fee.

**EDSE 451. Education of Students with Specific Learning Disabilities (3) Fall, Spring, Summer.** Characteristics, multiple origins and educational significance of specific learning disabilities. Prerequisite: EDSE 431 or concurrently. C/F hrs.: 15.

**EDSE 453. Educational Evaluation of Exceptional Students (3) Fall, Spring.** Identification and analysis of student performance and contributing factors to educational and behavioral failures of exceptional students. Must be taken concurrently with EDSE 447, 448 and three sections of 443. Prerequisites: EDSE 484, senior status and permission of department. C/F hrs.: 15. Lab fee.

**EDSE 454. Education of Students with Severe Behavioral Disabilities (3) Fall, Spring, Summer.** Problems of students with severe behavioral disabilities: identification, placement, programs, support services, educational treatments. Disorders are considered in terms of etiology, incidence, prognosis and concomitant disabling conditions. Prerequisite: EDSE 431 or consent of instructor. C/F hrs.: 11.

**EDSE 457. Parent Education and Interaction (3) Fall, Spring, Summer.** Approaches for educators in communicating with parents of children with disabilities. Counseling parents and families; understanding legislated rights of the child with disabilities and the role of educators/parents in instruction. Prerequisite: EDSE 431. C/F hrs.: 8.

**EDSE 460. Advanced Seminar in Manually Coded English/Classroom Techniques and Applications (3) Fall.** Investigation of linguistics of manual English in classroom use, implementation procedures for older students and parents. Development of advanced skills in manually coded English. Prerequisites: EDSE 459 or consent of instructor.

**EDSE 461. Introduction to Education Students with Hearing Impairments (3) Spring, History, philosophy, psychology and
EDSE 462. Beginning Methods of Instruction of Students with Hearing Impairments (3) Fall. Observation through public schools; review of commercial textbooks (K-HS). Developing lesson plans, unit plans, schools, four hours, three times per week. Prerequisites: EDSE 431, 451. C/F hrs.: 15.

EDSE 463. Curriculum Development and Instructional Strategies for Students with Hearing Impairments (3) Fall (part two of two-part sequence). This course stresses a mini-practicum experience in the public schools, four hours, three times per week. Emphasis on lesson plans, unit planning, development of materials and demonstration of teaching. Must be taken concurrently with EDSE 443. Prerequisites: EDSE 431, 451, 461, 462. C/F hrs.: 15.

EDSE 464. Language Development of Students with Hearing Impairments I (3) Fall (part one of two-part sequence). Students observe and evaluate language; develop a language picture file; analyze language through a hierarchy of language development and compare normal language with language of the hearing impaired. Prerequisites: EDSE 431, 451, 461. C/F hrs.: 15. Lab fee.

EDSE 466. Orthographic Systems of the Deaf and Phonetic Transcriptions (3) Fall. Teaching orthographic systems to students with hearing impairments; observation in public schools; comparative speech development for students with and without hearing impairments; definitions/related terminology; phonetic transcription and instruction in speech sensory stimulation. Prerequisites: EDSE 461. C/F hrs.: 15.

EDSE 467. Teaching Advanced Speech to Students with Hearing Impairments (3) Spring. Philosophy, teaching procedures, techniques of instruction through analytical and synthetical approaches. Use of current curriculum guides and testing materials. Prerequisite: EDSE 461, 466. C/F hrs.: 5.

EDSE 470. Education of Students with Multiple Disabilities (3) Fall. Educational dynamics, strategies, logistics and responsibilities involved in socialization and education of students with multiple disabilities. Must be taken concurrently with EDSE 443. Prerequisites: EDSE 431, 433. C/F hrs.: 25.

EDSE 484. Prerecruitment with Exceptional Students (3) Fall, Spring. Observations of educational programs for exceptional students. Experience in using media and developing IEPs with exceptional students. Must be taken concurrently with EDSE 431 or 451 or 454. Prerequisite: EDSE 431. C/F hrs.: 80. Graded S/U.

EDSE 490. Problems in Education (3) On demand. For advanced students wanting to conduct intensive study of selected problems in education. May be repeated to six hours; undergraduate credit only. Prerequisite: consent of department.

EDSE 492. Student Teaching (1-10) Fall, Spring. Classroom teaching in special education under supervision on full-day basis. Required for special education certification. Conferences and seminars supplement program. Fee: $5 per credit hour. College/program eligibility prerequisites must be met. C/F hrs.: 300. May be repeated. Graded S/U.

Sport Management (SMD)

SMD 201. Introduction to Sport Management (3) Fall, Spring. Basic concepts of sport management; career preparation; professional opportunities.

SMD 229. Lifeguard Training (2) Spring. Red cross lifeguard training in hazards, distress recognition, rescue, patrol and employer relationships, and responsibilities. Prerequisites: Standard First Aid and CPR certificates. Eligibility skills exam conducted first week of course. (See PEG 178.)

SMD 231. Aquatic Games and Activities (1) On demand. An overview of aquatic games and activities applicable to a variety of aquatic programs. Prerequisite: intermediate swimming skill level.

SMD 240. Sport and Recreation Clients with Differing Abilities (3) Fall, Spring. Introduction to knowledge and skills that will enable future sport and recreation management professionals to identify, assess, organize, supervise and promote sport and recreational programs for the disabled population.

SMD 245. Aquatics Operation and Management (3) On demand. Designing, construction, planning, programming, operating and administering aquatic facilities. Prerequisites: CHEM 115 and BUSE 101.

SMD 250. Computer Utilization in HPER Services (3) On demand. Manipulation and application of microcomputer software to selected problems in sport management, recreation and activity settings; two lectures, two lab hours per week.

SMD 298. Principles of Sport Management (3) Fall, Spring. Practical applications of various techniques of management and marketing required in a sports enterprise setting. Areas of study include: marketing, promotions, employee relations, personnel, finances and legal considerations. Prerequisite: matriculation in sport management program or consent of instructor.

SMD 305. Sport and Event Promotion (3) Fall, Spring. Fundamental promotional principles used in marketing sport and entertainment services and products. Focus on strategies of information-based promotional campaigns related to sport and event management. Prerequisites: SMD 201 and MKT 300.

SMD 306. Sport and Event Management (3) Fall, Spring. Processes for managing sport and event enterprises. Roles and skills utilized by sport and event managers. Prerequisites: SMD 201 and MGMT 305 or 360.

SMD 310. Care and Prevention of Athlete Injuries (3) Fall, Spring. Prevention, evaluation and temporary care of injuries; laboratory experience in bandaging, strapping, evaluating case studies, and use of the training room. One lecture, two lab hours per week. Prerequisite: C or better in KNS 230 or permission of instructor. $20 fee required.

SMD 311. Evaluation of Athletic Injuries (3) Fall even years. Commonly accepted techniques and procedures for clinical evaluation and recognition of the signs and symptoms of athletic injuries. Prerequisites: KNS 230, and SMD 310.

SMD 324. Adapted Aquatics Instructor (1) On demand. Experiences, knowledge and competencies leading to the test for Red Cross certification to conduct adapted aquatics programs. Prerequisite: Current Water Safety Certificate.

SMD 365. Foundations of Sport Psychology (3) Fall, Spring. A non-clinical approach for athletes, teachers and coaches regarding the role of psychological aspects of human behavior as it affects performance in sport and physical activity; psychological well-being, interpersonal skill development and fitness adherence will also be emphasized.

SMD 366. Psychological Aspects of Exercise and Fitness (3) Fall, Spring. Psychological considerations of exercise and fitness, psychological techniques to enhance adherence to fitness/rehabilitation programs and to enhance coping with exercise related injury. Prerequisites: PSYC 201 and junior standing.

SMD 375. Sport and Public Assembly Facilities (3) Fall, Spring. Designing, planning, managing public and private sport and other public assembly facilities. Prerequisites: SMD 387 and junior standing.

SMD 387. Practicum in Sport Management (1-5) Fall, Spring, Summer. Under supervi-
section of SMD Division of School of HPER; petitioning required before registration; credit hours approved separately by program area. Prerequisites: formal matriculation into the sport management program and approval of appropriate division faculty. Professional liability insurance required for Option I students.

SMD 390. Legal Aspects of Sport and Recreation (3) Fall. Spring. Negligence liability; control of amateur, professional and school sport; invasion/crowd control; product liability; risk management; selected current issues. Prerequisite: junior standing.

SMD 391. Practicum in Athletic Training (2) Fall, Spring. Field experience for athletic training certification students only; weekly seminars. Prerequisites: C or better in KNS 220; B or better in SMD 310 and KNS 328; certification in Red Cross CPR and Advanced First Aid; 90 credit hours; 600 supervised clinical clock hours; permission of instructor.

SMD 395. Workshop on Current Topics (1-3) On demand. Intensive educational experience in selected topics related to skill development, content update or material development; typically, an all-day or similar concentrated time format.

SMD 410. Pathology of Athletic Injuries (3) Spring odd years. Normal physiological responses of the human body to trauma and inactivity, physiological process of wound healing and tissue repair, and the relationship between typical symptoms and clinical signs and injury/illness pathologies. Prerequisites: SMD 310 and 311. $20 fee required.

SMD 411. Therapeutic Athletic Exercise (3) Spring even years. Essential components of a comprehensive rehabilitation program including goals and objectives, exercise selection, methods of evaluating and recording progress, and development of criteria for progression and return to competition. Prerequisites: SMD 410, SMD 423 or permission of instructor.

SMD 413. Therapeutic Athletic Training Modalities (3) Fall odd years. Examination of the application and physiological response to selected therapeutic modalities available to the athletic trainer. Prerequisites: SMD 410 or permission of instructor.

SMD 414. Interpretation of Research in HPER (3) Fall, odd years. Identification and evaluation of research problems; interpretation of research in HPER-related areas (e.g., ethlical training, sport management, fitness, health, recreation, physical education); basic statistical analysis. Prerequisites: ENG 112; MATH 115 or higher and junior standing.

SMD 421. History and Philosophy of Sport (3) Fall, Spring. Major historical and philosophical developments in sport.

SMD 425. Sport and Gender (3) Fall. Spring. Cultural, social-psychological and physiological considerations associated with gender and participation in sport and physical activity. Prerequisite: junior standing.

SMD 429. Principles and Problems of Athletic Conditioning (3) Fall, Spring. Physiological foundations of conditioning and the basic fundamentals of conditioning techniques based on principles of strength, power, endurance, speed, etc., relevant to athletic fitness and performance. Prerequisites: BIOL 332 or KNS 360 or consent of instructor. $15 fee required.

SMD 431. Program Planning and Management for Recreational and Youth Sports (3) Spring. Planning, management, financing, promotion of intramural, club, youth, community and special sport programs. Prerequisite: junior standing or permission of instructor.

SMD 440. Designing and Directing of Fitness and Sport Programs (3) Fall. Objectives, transactions and procedures to conduct professional physical activity and sport programs. Prerequisites: SMD 387 and either KNS 423 or SMD 431.

SMD 470. Independent Study in Sport Management (1-3) Fall, Spring, Summer. An in-depth study project of a topic of particular significance to the student; project must be approved by project supervisor and program area chair prior to registration; may be repeated. Prerequisite: by permission.

SMD 487. Practicum in Sport Management (1-5) Fall, Spring, Summer. Under supervision of Sport Management Division of School of HPER, petitioning required before registration; credit hours approved separately by program area. Prerequisites: SMD 387 and approval of appropriate division faculty. Professional liability insurance required.

SMD 489. Internship in Sport Management (15) Fall, Spring, Summer. Field experience for sport management majors only. Petitioning required before registration. Prerequisites: 52 hours in major field, satisfactory completion of SMD 387, GPA of 2.5 or above, an average of 2.7 or above in the major field and approval of appropriate division faculty. (Option I majors must also complete HED 313.) Professional liability insurance required for Option I students.

SMD 490. Professional Resources in Sport Management (3) Fall, Spring. Professional resources for leadership roles in sport and physical activity. Prerequisite: SMD 387.

Statistics (STAT)

STAT courses are listed under the heading Applied Statistics. See page 157.

Technology (TECH)

TECH 101. Technology I (3) Fall, Spring and Summer on demand. Communication processes and methods will be defined by the technology system model. Problem solving techniques will be introduced and developed. Students will use several application software packages on microcomputers to solve communication problems. No prerequisites. Materials fee.

TECH 102. Technology II (3) Fall, Spring and Summer on demand. The study of technology systems, elements and applications to meet industrial or commercial objectives. Course applies the technology systems model and explores the basic human adaptive skills required to operate, build, maintain, test and develop technology systems. One and one-half hours lecture and three hours laboratory. No prerequisites. Lab fee.

TECH 223. Mechanical Power Transmission (3) Fall. Mechanical drive systems and applications. Design, operation, maintenance of mechanical power systems used in industry. One and one-half hour lecture and three hours laboratory. Lab fee.

TECH 260. Developments in Technology (3) On demand. New developments in technology, as related to studies in the College of Technology, that impact on labor, management, equipment, materials and systems. May be repeated with approval of adviser. Four hours of lecture and laboratory.

TECH 289. Cooperative Education (4) Fall, Spring, Summer. Work and study in business, industry, service or government agency in college-approved, paid, full-time position related to student's intended area of concentration. A minimum of 520 hours of employment during one semester is required. Prerequisites: consent of department and successful completion of co-op workshop. Graded S/U.

TECH 302. Technology Systems in Societies (3) Fall, Summer on demand. Current issues and their relationship to technology and systems in various cultures throughout the world; emphasis on explaining technological behaviors, and on showing how technology permeates all human affairs. Two one-and-one-half hour lectures per week. Prerequisites: TECH core and junior status or consent of instructor. Materials fee.

TECH 323. Fluid Power Transmission (3) Spring. Pumps, motors, valves, circuits, applications of hydraulic and pneumatic power systems. Design, operation, maintenance of fluid power systems used in industry. One and one-half hours of lecture and three hours laboratory. Lab fee.

TECH 389. Cooperative Education (4) Fall, Spring, Summer. Work and study in business, industry, service or government agency in college-approved paid, full-time position related to student's area of concentration. A minimum of 520 hours of employ-
TECH 391. Internal Combustion Engines (3) Fall, Spring, Summer on demand. Otto (gasoline) or diesel cycles engines; emphasizes assembly, disassembly, testing and measurement procedures. Five hours instructed laboratories. Prerequisite: ET 191 or consent of instructor. Lab fee.

TECH 395. Technology Workshop (1-3) On demand. Intensive educational experience in a specialized technology. Typically an all-day or concentrated format. Requirements usually completed within time format. May be repeated.

TECH 402. Innovation in Technology (3) On demand. Techniques and procedures involved in innovation and experimentation related to technology; emphasis on product and prototype innovation, experimentation, problem solving, research and development, diffusion and adoption of innovations. Prerequisite: junior status or consent of instructor. Materials fee.

TECH 454. Energy Conversion and Power Transmission (3) Spring even years. Existing and developing systems of energy conversion and power problems of fuel efficiency, pollution, potential, maintenance and application. Four hours of lecture and laboratory. Prerequisite: ET 191. Lab fee.

TECH 480. Topics in Technology (1-3) On demand. Current trends and developments in industry and business, particularly as they have significance to equipment, materials, processes, systems and facilities related to the education of technologists. May be repeated on approval of adviser.

TECH 489. Cooperative Education (4) Fall, Spring, Summer. Work and study in business, industry, service or government agency in college-approved paid, full-time position related to student's intended areas of concentration. May be repeated to eight hours. A minimum of 520 hours of employment during one semester is required. Prerequisites: TECH 389 and consent of department. Graded S/U.

TECH 490. Problems in Technology (1-3) On demand. For advanced students wanting to conduct intensive study of selected problems in technology. Prerequisite: consent of college. Materials fee. Grades S/U.

TECH 492. Student Teaching (1-10) Fall, Spring, Classroom teaching under supervision on full-day basis. Conferences and seminars supplement program. Required for elementary and/or kindergarten-primary certification. Fee: $5 per credit hour. Eligibility requirements must be met. C/F hrs.: 300. May be repeated. Graded S/U.

TECH 497. Student Teaching (1-10) Fall. Classroom teaching under supervision on full-day basis. Conferences and seminars supplement program. Required of students in secondary school or special certification program. Fee: $5 per credit hour. Eligibility requirements must be met. C/F hrs.: 300. May be repeated. Graded S/U.

Technology Education (TE)

TE 352. Elements of Instruction (3) Fall. Elements of instruction as related to learner and functions and purposes of specialized career and technology education programs on all educational levels including individual observation and participation at various levels. Materials fee.

TE 352. Instructional Scope and Sequence (3) Spring. Design and implementation of instructional systems including performance objectives, appropriate content, teaching-learning strategies and evaluation in specialized career and technology education program on all educational levels including individual observation and participation at various levels. Prerequisite: TE 252. Materials fee.

TE 447. Teaching Technology Systems (3) Spring even years. Integration and use of principles developed in previous methods courses and laboratory settings; selection, organization, adaptation and use of instructional materials or curriculum projects related to industrial technology systems. Prerequisites: MFG 112, CONS 235. Materials fee.

TE 449. Organization and Administration (3) Fall. Financial and business procedures, program, laboratory and equipment planning; maintenance programs, classroom and laboratory management systems; purchasing, storage, dispensing and inventory control procedures; public relations, curricular responsibilities, innovative programs. Prerequisites: TE 352 and TE 497. Materials fee.

TE 462. Career and Technology Education in Elementary Schools (3) Spring on demand (odd years). Development and evaluation of instructional activities to facilitate career development and understanding of technology among elementary children. Materials fee.

TE 470. Coordinating Cooperative Education Programs. On demand. Prepares coordinator of cooperative work education programs in all phases of career and technology education. Readings, discussion and field experiences designed to develop understanding of various types of cooperative programs, role of coordinator and related instruction. Materials fee.

TE 490. Problems in Technology Education (1-3) On demand. For advanced students wanting to conduct intensive study of selected problems in technology education. Prerequisite: consent of college. Materials fee.

TE 492. Student Teaching (1-10) Fall, Spring, Classroom teaching under supervision on full-day basis. Conferences and seminars supplement program. Required for elementary and/or kindergarten-primary certification. Fee: $5 per credit hour. Eligibility requirements must be met. C/F hrs.: 300. May be repeated. Graded S/U.

TE 497. Student Teaching (1-10) Fall. Classroom teaching under supervision on full-day basis. Conferences and seminars supplement program. Required of students in secondary school or special certification program. Fee: $5 per credit hour. Eligibility requirements must be met. C/F hrs.: 300. May be repeated. Graded S/U.

Telecommunications (TCOM)

TCOM 103. Introduction to Mass Communications (3) Fall, Spring, Summer. Survey of broadcasting and other mass media; mass communication media and effects; role and influence of radio, television, film, print media, advertising and public relations. No credit for both JOUR 103 and TCOM 103. Open to non-majors.

TCOM 250. Radio and Television Production for non-TCOM Majors (3) Fall. Basic theories and tasks of audio and video production including scripting, technical quality and aesthetics. In-studio experience in radio and television operation. Laboratory hours. No prerequisites. Not open to TCOM majors.

TCOM 260. Writing for the Electronic Media (3) Fall. Writing for broadcasting and other electronic media; creating scripts that have visual and aural appeal; conveying messages in clear, economical, simple style that communicates to mass audiences. Open to non-majors with permission of department. Prerequisites: ENG 112, 2.5 GPA, 30 credit hours.

TCOM 261. Introduction to Film (3) Fall. Spring, Summer. Film as art. Essential elements of film; editing, camera work, sound and composition explored in some classic motion pictures. Various approaches to looking at movies and writing about them.

TCOM 262. Radio Announcing and Production (3) Fall. Style and basic principles and practices of announcing; theories and processes of audio production. Laboratory hours. Prerequisite: TCOM 260.

TCOM 263. Video I (3) Spring. Basic theories and tasks of video production, including scripting, organization and aesthetics. In-studio experience in equipment operation, program directing. Laboratory hours. Prerequisite: TCOM or JOUR students, major status and TCOM 260; all other students, B or better in TCOM 103.

TCOM 264. 8mm Film Making (3) On demand. Basic techniques of 8mm motion picture photography. Understanding of lenses, film and camera characteristics, lighting, camera operation and editing. Student furnishes camera and some materials.
Course Descriptions

TCOM 270. Topics in Minorities and Film/Video (3) On demand. Portrayal and/or participation of minorities in film and video. Topics vary. No prerequisite.

TCOM 350. Scriptwriting (3) Spring. Study and practice of writing for radio, television, film; treatment, format, audience requirements, production techniques.

TCOM 360. Applied Research in Telecommunication (3) Fall, Spring, Summer. Overview of approaches to social research; survey methods, including sampling, measurement, interviewing, questionnaire design and presentation of results; content analysis; ratings; and interpretation of elementary descriptive statistics.

TCOM 364. Video II (3) Fall. Theories and processes of producing and directing video programs, including scripting, visualization, personal management and budgeting. Includes multi-camera and single-camera productions, video editing techniques. Laboratory hours. Prerequisite: TCOM 263 or equivalent experience.

TCOM 366. Broadcast History (3) Fall. Current U.S. broadcasting with view of antecedents in regulations, economics, programs, audiences, stations, networks, technology and employment. Prerequisite: eight hours of TCOM.

TCOM 368. Media Effects (3) Fall, Spring, Summer. Theories and research studies of media effects. Critical examination of opposing viewpoints.

TCOM 369. Radio Workshop (1) Fall, Spring, Summer. Development of program ideas through all stages of planning, writing, directing and selling. Individual program projects for possible use on WBGU or WFAL. May be repeated to three hours. Prerequisite: TCOM 262.

TCOM 395. Workshop on Current Topics (1-3) On demand. Intensive educational experience on selected topics. Typically, an all-day or similar concentrated format. Requirements usually completed within time format. May be repeated if topics differ, on approval of advisor.

TCOM 441. Broadcast Computer Applications (3) On demand. Microcomputer-based software applications for radio and television stations. Prepares majors to function in the PC-based job environment. Prerequisite: TCOM computer requirement or consent of Instructor.

TCOM 451. New Electronic Media (3) Fall, Summer. New existing and future media technologies affecting broadcast and other media industries are introduced including satellite TV, interactive TV, high definition TV, optical disk technologies, electronic text, fiber optics, etc. The course builds from an examination of existing media to include the new technologies. No prerequisites.

TCOM 453. Electronic Media Management (2) Spring. Function, organizational structure and procedures involved in the operation of electronic media companies and broadcast stations.

TCOM 463. Television Programming (3) Fall. Structure and appealing characteristics of television and cable programs.

TCOM 464. 16mm Film Making (3) On demand. Concepts, theories and mechanics of film production; applications of cinema to television news, documentaries, informational presentations, and feature and art film production. Lectures and laboratory. Prerequisites: TCOM 264 or VCT 282; and permission of instructor.

TCOM 466. Video III (3) Spring. Production of dramatic and public affairs television programs. Writing, producing and directing emphasized. May be repeated once. Prerequisite: TCOM 364 or equivalent experience.

TCOM 468. Video III (3) Spring. Production of dramatic and public affairs television programs. Writing, producing and directing emphasized. May be repeated once. Prerequisite: TCOM 364 or equivalent experience.

TCOM 469. Seminar: Contemporary Aspects of Telecommunications (1-3) On demand. Investigation and analysis of area in telecommunications. Various topics of current concern. May be repeated with permission of adviser to six hours.

TCOM 489. Internship in Telecommunications (1-6) Fall, Spring, Summer. Supervised field experience in electronic communication. Student must arrange for experience with approval of intern supervisor in advance of registration. May be repeated up to six hours. Limited to TCOM majors. Prerequisite: 2.5 overall GPA. Graded S/U.

TCOM 490. Problems in Telecommunications (1-3) Fall, Spring, Summer. For advanced student who wishes to do intensive study in radio, television or film independently, or in conjunction with courses regularly offered. May be repeated. Prerequisite: consent of department.

Theatre (THEA)

THEA 110. Intercollegiate Forensic Activities (1) Fall, Spring. Instruction and experience in intercollegiate contest speaking, including forms of public address and oral interpretation. May be repeated to two credits.

THEA 139. Dramatic Production (1) Fall, Spring. Laboratory course for student who participates as performer or technician in Firelands College productions. May be repeated up to two hours. Any combination of THEA 139 and THEA 146 may not exceed two hours. Prerequisite: consent of instructor.

THEA 141. The Theatre Experience (3) Fall, Spring, Summer. Art of theatre; heritage and contemporary values as humanistic discipline; importance as social/cultural experience; opportunity for some involvement in theatrical activities. Laboratory hours required.

THEA 146. Dramatic Production (1) Fall, Spring, Summer. Laboratory course for student who participates as performer or technician in University Theatre productions. May be repeated to two hours. Prerequisite: consent of theatre program. Graded S/U.

THEA 201. Playscript Analysis (3) Fall. Methods of reading, studying and analyzing playscripts for production on stage. Concentration on script as vehicle for performance and the understanding of it from the perspective of the actor, director, designer and technician.

THEA 202. Oral Interpretation (3) Fall, Spring, Summer. Introduction to the art of oral interpretation, particularly the solo performance of prose and poetry. Emphasis on literary analysis as well as the vocal and physical techniques of solo performance.

THEA 215. Exploring Cultural Diversity through Performance (3) Fall, Spring. Theories and practice of selected public and private texts written by American minority writers, this course explores what it means to be a part of a culturally diverse society.

THEA 241. Principles of Acting (3) Fall, Spring. Basic techniques of acting applied to creating contemporary characters in realistic situations; imaginative, emotional and sensory responsiveness. Three two-hour meetings per week.

THEA 243. Basic Theatre Technology I (3) Fall. Introduction to stagecraft. Concentration on physical theatre, forms of scenery, materials, tools, construction techniques, rigging, painting, backstage organization and stage properties. Laboratory hours required.

THEA 244. Basic Theatre Technology II (3) Spring. Introduction to costuming, lighting and sound technology. Concentration on tools, techniques and materials of costume construction, lighting and sound equipment, their mechanics and application in production. Laboratory hours required.

THEA 266. Introduction to Theatre Design (3) Fall. Exploration and application of design principles as they affect the theatre. Introduction to rendering, studio tools, and media used by the various designers working in the theatre. Laboratory work on University productions required.
THEA 290. Studies in Theatre (1-3) Fall, Spring, Summer. For the intermediate major who wishes to do independent study, through a faculty adviser, on a variety of theatre topics. May be repeated. Prerequisite: consent of the theatre program.

THEA 302. Advanced Oral Interpretation (3) Spring. Practice in the analysis and solo performance of selected texts. Emphasis on programming and performance in social contexts. Prerequisite: THEA 202 or consent of instructor.

THEA 310. Intercollegiate Forensic Activities (1) Fall, Spring. Similar to THEA 110 for juniors and seniors. May be repeated to two credits.

THEA 330. Theatrical Makeup (3) Fall alternate years. Theory and application of makeup for stage, television and film, corrective and character makeup; prosthetics; facial hair.

THEA 339. Costume Design (3) Spring. Basic principles of costume design for the stage; development and rendering of design concepts; use of historic, stylistic and fantasy elements in stage character realization. Prerequisite: THEA 266.

THEA 340. Creative Dramatics (3) Fall, Spring, Summer. Principles, methods and laboratory experience in guiding dramatics for preschool, elementary and secondary school children, as well as recreation programs. Creative approach to dramatic play, language development, storytelling and story dramatization.

THEA 341. Directing (3) Fall. Theory and techniques of play direction. Laboratory hours arranged. Prerequisites: THEA 141, 241 and 243 or consent of instructor.

THEA 342. Advanced Directing (3) Spring, THEA 341 continued. Each student directs at least one short play or series of short scenes. Prerequisite: THEA 341. Laboratory hours arranged.

THEA 343. Lighting Design (3) Fall. Theories and techniques of lighting stage productions; lighting instruments and equipment. Prerequisite: THEA 244 or permission of instructor.

THEA 344. Intermediate Acting (3) Offered once a year. Understanding and creating characters that are different from the actor in style or idiom; expressing the inner life of the character; particularizing the role. Prerequisite: THEA 241 or consent of instructor. Three two-hour meetings per week.

THEA 345. Advanced Acting (3) Spring. Active and individualized laboratory work advanced acting students. Three two-hour meetings per week. Prerequisite: THEA 241 and 344 or consent of instructor.

THEA 346. Dramatic Production (1) Fall, Spring, Summer. Same as THEA 146 except for juniors and seniors. May be repeated to three hours. Prerequisite: consent of theatre program. Graded S/U.

THEA 347. Theatre History and Literature: Origins-1700 (3) Fall. History of theatrical production, major dramas and dramatists from primitive time through 1700.

THEA 348. Theatre History and Literature: 1700- Present (3) Spring. History of the theatrical production, major dramas and dramatists from 1700 to the present.

THEA 349. Costume Design (3) Spring. Basic principles of costume design for the stage; development and rendering of design concepts; use of historic, stylistic and fantasy elements in stage character realization. Prerequisite: THEA 266.

THEA 350. Milestones in Black Theatre (3) Spring. Read, research and discuss/report on the aesthetics, dramatic intent, historical significance and production history of milestone black plays.

THEA 352. Musical Theatre (3) Spring. The history, theory and staging techniques of musical theatre production in the United States.

THEA 355. Workshop on Current Topics (1-3) On demand. Intensive educational experience on selected topics. Typically, an all-day or similar concentrated time format. May be repeated if topics differ, on approval of adviser.

THEA 400. Theatre for Young Audiences (3) Fall. Producing plays for child audiences; application of concepts of child development to aesthetic problems of theatre for young audiences, through reading, discussion and participation.

THEA 442. Playwriting (3) Fall, Spring. Writer's workshop involving creation and production of original play for stage; discussion of process of playwriting and mounting a play for production. May be repeated.

THEA 446. Summer Theatre Performance (1-6) Summer only. Intensive laboratory work in study, preparation and development of roles. Particular problems of performance in summer theatre. Prerequisite: consent of theatre program.

THEA 448. Summer Theatre Production (1-6) Summer only. Intensive laboratory work in scenery construction and painting, stage lighting, organization and operation of backstage crews and technical theatre. Particular problems of technical production in summer theatre. Prerequisite: permission of theatre program.

THEA 449. Contemporary Issues in Theatre (3) On demand. Seminar for advanced students. Specific topics vary and depend on current trends in world theatre as identified by students and faculty members. Prerequisite: consent of instructor.

THEA 450. Summer Theatre Management (1-6) Summer only. Intensive laboratory work in various aspects of theatre management; publicity, box office, house management, public relations. Particular problems of management of summer theatre. Prerequisite: consent of theatre program.

THEA 460. Period, Style and Form (3) Fall alternate years. Historical overview of decorative arts in their social context for application in theatrical staging.

THEA 466. Scene Design (3) Spring alternate years. Advanced study in design for the stage. Dramatic action as organic element in design. The effects of line, mass, color, and texture on the scenic environment. Lab work on university productions required. Prerequisite: THEA 266 or consent.

THEA 470. Stage Management (3) Spring alternate years. A practical approach to the tools and techniques involved in stage management for drama, musicals, ballet and dance, and opera; including building prompt scripts, sight reading musical scores, dance notation, and basic music and dance terminology.

THEA 489. Theatre Internship (1-12) Fall, Spring, Summer. Supervised field experience in theatre. Contract-based study of theatre principles as intern in public or commercial theatre company. Student must be recommended by adviser and approved by chair of theatre department. Only nine hours applicable to the specialized program of a BAC. Graded S/U.

THEA 490. Problems in Theatre (1-3) Fall, Spring, Summer. For advanced student who wishes to do intensive study in theatre, independently, or in conjunction with courses regularly offered. May be repeated. Prerequisite: consent of theatre program.

THEA 498. Senior Seminar in Theatre (2) Fall, Spring. Exploration of the learning/life skills inherent in the study and practice of theatre. Emphasis on vocational, theoretical, and applied dimensions of using and doing theatre in a variety of contexts and settings. Prerequisite: Senior standing or permission of instructor.

University (UNIV)

UNIV 100. University Success (3) Fall. Introduction to higher education. Development of skills in oral and written communication, time and stress management, interpersonal relations, personal wellness, library research, studying/test-taking. Awareness of social issues such as AIDS, alcohol and substance abuse, acquaintance rape, race relations.

UNIV 101. Academic Enhancement (2). Structured academic support system for continuing students participating in the Student Support Services Program. Enhancement of competencies necessary for success at the University.
UNIV 124. State Government (1) Summer. Issues of government, governmental processes at local and state levels, societal and governmental influences on electoral process. For Boys State students.

†UNIV 129. Career Planning (2). Strategies developed for career and life planning decisions. Introduction to occupational issues affecting career choice.

†UNIV 130. Job Search (2). Strategies developed for job search and preparation. Skills in preparing resumes, job applications, cover and thank you letters, networking, and interviewing.

UNIV 131. Career Life Planning (2) Fall, Spring, Summer. Helps students assess personality, interests, values, aptitudes and abilities, explore world of work and requires academic preparation, generate occupational and academic options, make knowledgeable and self-appropriate decisions.

UNIV 201. Orientation Training (2) Spring. Introduction to issues, challenges, student development theories, support services associated with the freshman year of college. Development of oral and written communication skills, teaching techniques, presentation skills, an understanding of higher education and Bowling Green State University.

UNIV 202. Practicum in Orientation (2) Fall. Participants co-facilitate an orientation course for freshmen, plan and present class sessions, promote awareness of campus resources, meet weekly with their co-facilitators, serve as peer advisers, evaluate the program and their experience and attend training events.

UNIV 210. Residence Life for the Paraprofessional (1) Fall, Spring, Summer. Knowledge, skills, competencies needed to fulfill effectively the responsibilities and role of the paraprofessional in a university residence hall setting. Instructor permission required.

UNIV 211. Seminar in Residence Life (1) Spring. Expands knowledge and skill level of experienced paraprofessional. Problem solving activities, role playing, case studies used to address issues of the residential environment. Instructor permission required.

UNIV 331 Career Exploration (3) Spring. Explore occupational and academic prospects. Develop understanding of career decision making process, world of work, job search strategies, employability issues. Six to eight hour per week internships. Instructor permission required.

UNIV 380. Peer Career Advising (1) Spring. Development of peer advising skills including listening, interviewing, problem solving, decision making, related to career planning issues. Career development theory and explanation of roles in career planning and placement. Instructor permission required.

UNIV 401. Independent Studies (1-15) Fall, Spring, Summer. Research or project designed by student under supervision of faculty member. Open to any sophomore, junior or senior with 2.5 GPA. Contact Cooperative Education before registration. Graded S/U.

UNIV 410. Advanced Residence Life for the Paraprofessional (1) Spring. Experienced paraprofessional is teamed with full-time professional in group discussion format. As facilitator with groups of potential paraprofessionals, focus on skills and competencies needed for success. Instructor permission required.

Visual Communication Technology (VCT)

VCT 203. Visual Communication Technology (3) Fall, Spring, Summer. Visual communication theory and processes; video production, visual presentation, display theory, slide presentations, multimedia production and image transfer systems. Four hours of lecture/laboratory. Lab fee.

VCT 208. Graphic Communications (3) Fall, Spring, Summer. Major printing processes; concentration in offset lithography and computer applications in line-photography, image design, image assembly, photo conversion, image carrier preparation and image transfer. Four hours of lecture/laboratory. Lab fee.

VCT 209. Screen Process Printing (3) Fall, Summer on demand. Photographic screen process image conversion; electronic reproduction of art preparation for screen process; single and multiple color process on multiple substrates. Four hours of lecture/laboratory. Prerequisite: VCT 208. Lab fee.

VCT 282. Photography I (3) Fall, Spring, Summer. Basic camera and darkroom techniques. Experiences in film processing and printing techniques as well as basic camera operation with an introduction to digital imaging. Four hours of lecture/laboratory. Lab fee.

VCT 308. Photo Offset Printing I (3) Fall, Spring, Summer. Computer applications in "prepress" areas of graphic reproduction. Art preparation techniques, typography, line and halftone photography, exposure calibrating and tone reproduction. Printing requirements and paper specification. Four hours of lecture/laboratory. Prerequisite: VCT 208. Lab fee.

VCT 309. Photo Offset Printing II (3) Spring and Summer on demand. Computer and manual image assembly, imposition procedures and platemaking; offset lithographic printing press theory and operation, ink and paper in relationship to offset presswork. Theory and practical experience in four-color-process reproduction. Four hours of lecture/laboratory. Prerequisite: VCT 308. Lab fee.

VCT 368. Video Production in Visual Communication Technology (3) Fall, Spring, Summer on demand. Video recording theory, concept planning, production techniques, and linear and non-linear editing. Four hours of lecture/laboratory. Prerequisite: VCT 203. Lab fee.

VCT 382. Photography II (3) Spring and Summer on demand. Advanced camera handling, darkroom techniques, and an emphasis on digital image capture and manipulation. Four hours of lecture/laboratory. Prerequisite: VCT 282. Lab fee.

VCT 386. Animation Technology (3) On demand. Types and techniques in animation and multi-media. Structured experiences in producing complex presentations utilizing computer generated/controlled images. Four hours of lecture/laboratory. Prerequisite: VCT 203. Lab fee.

VCT 456. Color Process Photography (3) Fall. Electronic reproduction and process photography of photographs and illustrations in black/white and color. Halftones, duotones (black and color), electronic scanning, computer four-color separation, and color proofing systems. Four hours of lecture/laboratory. Prerequisite: VCT 208. Lab fee.

VCT 465. Commercial Photography (3) On demand. Application of skills and knowledge pertaining to the professional field of commercial photography. Production requirements, studio management and the use of large format cameras and advanced lighting techniques in both B&W and color photography. Four hours of lecture/laboratory. Prerequisites: VCT 282, 382 and ART 211. Lab fee.

VCT 466. Projected Communication (3) Fall, Spring. Exploration and experimentation in presentation technologies. Techniques in multi-screen, multi-image, and multi-media. Emphasis on the design and production of total presentations. Four hours of lecture/laboratory. Prerequisites: VCT 382. Lab fee.

VCT 476. Visual Communications Technology Synthesis (3) Spring, Summer on demand. Techniques of visual communication problem solving; project coordination, scheduling, cost and estimating for visual presentations; aesthetic and technical qualities of graphic presentation. Four hours of lecture/laboratory. Prerequisites: VCT 205, ART 211, senior standing. Lab fee.
VCT 482. Zone Photography (3) On demand. Theory, mechanics and application of the zone system to all areas of photography. Designed to raise the student's level of awareness for the technical and creative content of a photograph. Four hours of lecture/laboratory. Prerequisites: VCT 282 and 382. Lab fee.

VCT 483. Color Photography (3) On demand. Theories and principles in production of color negatives, prints and transparencies for commercial and industrial photographic applications; emphasizes basic color sensitometry, quality control techniques and use of laboratory color films. Four hours of lecture/laboratory. Prerequisite: VCT 382. Lab fee.

VCT 490. Problems in Visual Communication Technology (1-3) On demand. For advanced students wanting to conduct intensive study of selected problems in visual communication technology. Prerequisite: consent of college and instructor. Materials fee. Graded S/U.

Women's Studies (WS)

WS 200. Introduction to Women's Studies: Perspectives on Gender, Class, and Ethnicity (3) Fall, Spring, Summer. Multidisciplinary survey of the new scholarship on women. Emphasis on the connectedness of gender, class, and ethnicity in women's experiences and viewpoints.

WS 300. Topics in Women's Studies (1-4) Fall, Spring. Topics of interest in studying women in subject area not offered in regular college course offerings. May be repeated twice if topics differ. No prerequisites.

WS 301. Women, Art and Culture (3) Fall. Women's creativity and cultural production in the visual, literary and performing arts, and their relationships to broader cultural issues, including cross-cultural perspectives. Prerequisite: WS 200 or consent of instructor.

WS 302. History of Feminist Thought (3) Spring. Historical survey of feminist theorists who have challenged and advocated changes in traditional ways of thinking about women's diverse social, sexual, racial, theological, class-specific status in society. Prerequisite: WS 200 or permission of instructor.

WS 327. Women in Modern Europe (3) Alternate years. Fall. Cross-listed with History as HIST 327. Examination of women in Europe since 1750. Emphasis on changes in women's working, family, sexual, and political lives in conjunction with Europe's economic and political modernization. Credit is given for both WS 327 and HIST 327.

WS 400. Advanced Topics in Women's Studies (3) Fall, Spring. In-depth study of specific topic in women's studies scholarship or feminist criticism and theory. May be repeated if topics differ. Prerequisite: WS 200.

WS 401. Senior Seminar (3) Spring. Capstone course examines relationship between feminist theory and practice. Apply ideas learned in previous Women's Studies courses and seminar readings to experience working with community or national organization. Supervised practicum and weekly seminar meetings. Prerequisite: second semester senior standing.

WS 470. Independent Study in Women's Studies (1-3) Fall, Spring. Study project to be designed by student and member(s) of women's studies faculty in subject area not offered in regular course offering. Prerequisite: junior or senior standing or permission of instructor.
Board of Trustees

Valerie Newell, Cincinnati; Term Expires 1995
John C. Mahaney Jr., Columbus; 1996
C. Ellen Connally, Cleveland; 1997
John A. Laskey, Toledo; 1998
G. Ray Modlin, Toledo; 1999
Thomas Hoe, Sylvania; 2000
Deborah Latta, Bowling Green; 2001
Komit Stroh, Wapakoneta; 2002
David Bryan, Toledo; 2003

President
Sidney A. Ribeau

Faculty
Includes tenured, probationary faculty and
lecturers

Jan A. Adams, 1983. B.S., Ph.D., Ohio State
University. Assistant Professor of Electrical/
Electronic Engineering Technology. Department of
Applied Sciences, Firelands College.

Judy Adams, 1979. B.S., Indiana State University;
M.S., Ph.D. Bowling Green State University.
Associate Professor of Medical Technology.

Dr. Angela A. Ballweg, 1980. A.B., University of Philadelphia;
M.A., Boston College; M.A., University of
Connecticut; Ph.D., Union Institute. Associate
Professor of Ethnic Studies with joint appointment
in Women's Studies.

State University; M.A., Central Michigan University.
Assistant Professor of Aerospace Studies.

Janna R. Allard, 1979. B.S., Bucknell University;
M.A., Ph.D., Purdue University. Professor of
Mathematics and Statistics.

William Albracht, 1990. B.A., M.A., University of
Iowa. Assistant Professor of Accounting and
Management Information Systems.

Phil Alkire, 1986. B.S., M.A., Ohio State
University; Ed.D., University of South Dakota.
Associate Professor of Educational Administration
and Supervision.

Elizabeth Allgeier, 1980. B.S., University of
Oregon; M.A., State University of New York,
Oswego; Ph.D., Purdue University. Professor of
Psychology.

Pamela C. Allison, 1985. B.S., University of North
Carolina, Greensboro; M.A.T., University of North
Carolina, Chapel Hill; Ed.D., University of North
Carolina, Greensboro. Associate Professor of
Health, Physical Education and Recreation.

Dennis M. Anderson, 1968. B.A., Oberlin College;
M.A., Ph.D., Northwestern University. Associate
Professor of Political Science.

Richard B. Anderson, 1991. B.A., M.S., Ph.D.,
Pennsylvania State University. Assistant Professor of
Psychology.

Roger C. Anderson, 1967. B.A., University of
Minnesota; M.A., Ph.D., University of Wisconsin.
Associate Professor and Chair of Political Science.

University; M.A., Ph.D., University of Oklahoma.
Associate Professor of Ethnic Studies.

Charles H. Applebaum, 1969. B.S., Case Western
Reserve University; M.S., Ph.D., Rutgers
University. Associate Professor of Mathematics and
Statistics.

Lillian Ashcraft-Eason, 1990. B.S., Hampton
University; M.E., University of Virginia; Ph.D.,
College of William and Mary. Assistant Professor of
History.

Mark F. Aasen, 1986**. B.S., M.B.A., Bowling
Green State University; Ph.D., University of
Missouri. Professor of Accounting and
Management Information Systems.

University; M.A., Ph.D., Washington University.
Professor of Philosophy with joint appointment
in the College of Health and Human Services.

University; Ph.D., Adelphi University. Distinguished
University Professor of Psychology.

Sung Chul Bae, 1987. B.A.B.A., Korea University;
M.B.A., Michigan State University; Ph.D.,
University of Florida. Associate Professor of
Finance.

John Bailey, 1991. B.S. Ohio State University;
M.A., Ph.D., University of Toledo. Associate
Professor of Educational Administration and
Supervision.

Conservatory of Music; D.M.A., University of
Michigan. Associate Professor of Music
Performance Studies.

Janet Ballweg, 1990. B.S., University of
Wisconsin; M.F.A., University of Illinois. Associate
Professor of Art.

William K. Balzer, 1983. B.A., State University of
New York; M.S., Rensselaer Polytechnic Institute;
Ph.D., New York University. Associate Professor
and Chair of Psychology.

Lester E. Barber, 1968. B.A., St. Lawrence
University; M.A., Cornell University; Ph.D.,
University of Arizona. Professor of English and
Executive Assistant to the President.

Susan A. Barber, 1973. B.A., St. Lawrence
University; M.A., Bowling Green State University.
Instructor in Health, Physical Education and
Recreation.

Julie Barnes, 1990. B.S., M.A., M.S., Bowling
Green State University; Ph.D., Ohio State
University. Assistant Professor of Computer
Science.

Dennis E. Bauer, 1972. B.S., M.A., Western
Kentucky University; Ed.D., University of Nebraska.
Professor of Business Education.

Doris J. Beck, 1974. B.S., Bowling Green State
University; M.S., Ph.D., Michigan State University.
Associate Professor of Biological Sciences.

Marianne S. Bedee, 1989. B.S., Bowling Green
State University; M.A., Boston College. Lecturer in
Mathematics, Department of Natural and Social
Sciences, Firelands College.

Burton Beerman, 1970. B.M., Florida State
University; M.M., D.M.A., University of Michigan.
Professor of Music Composition and History.

Liceul de Muzica (Romania); M.M., Southern
Methodist University. Professor, Music
Performance Studies.

Vasile Beluska, 1986. Baccalaurate Degree,
Liceul de Muzica (Romania); M.M., Southern
Methodist University. Professor, Music
Performance Studies.

Ph.D., Duke University. Associate Professor and
Chair of Philosophy.

Year following name is year of first
appointment at BGSU.
** Service on faculty is not continuous.
Information correct as of March 1, 1995.

Curin D. Bennett, 1993. B.S., Colorado State University; M.S., Ph.D., University of Chicago. Assistant Professor of Mathematics and Statistics.

Roger V. Bennett, 1986. B.S., M.S., Ph.D., University of Wisconsin. Professor of the College of Education and Allied Professions.

Thomas L. Bennett, 1966. B.S., Southeast Missouri State University; M.Ed., Ph.D., University of Missouri. Associate Professor of Educational Foundations and Inquiry.

Mark L. Bennion, 1983. B.S., M.B.A, Ohio State University; Ph.D., Michigan State University. Associate Professor of Marketing.

Sharona Ben-Tov, 1993. B.A., Princeton; M.A., Boston University; Ph.D., Stanford University. Assistant Professor of English.

Robert Berg, 1990. B.A., Northern Illinois University; M.A., Ph.D., University of Illinois. Associate Professor of Romance Languages.

Een E. Bernhardt, 1985. B.S., State University of New York; M.S., Ph.D., Syracuse University. Associate Professor of Visual Communication Technology.

Robert G. Berns, 1985. B.S., Bowling Green State University; M.A., Ph.D., Ohio State University. Professor of Business Education.

Ellen Berry, 1966. B.A., M.A., University of New Hampshire; Ph.D., University of Wisconsin. Associate Professor of English and Director of Women's Studies Program.

Edieann Biesbrock, 1977. B.S., Utah State University; M.Ed., Ed.D., University of Georgia. Associate Professor of Education and Director of Marketing and Promotion, Continuing Education.

Verner Bingman, 1989. B.S., University of Wisconsin; M.S., Ph.D., State University of New York at Albany. Associate Professor of Psychology.

James H. Bisland, 1976. B.A., Cornell University; M.A., University of Massachusetts; Ph.D., University of Iowa. Associate Professor of Journalism.

Janice Black, 1993. B.T., M.A., Appalachian State University; Ph.D., Virginia Polytechnic Institute and State University. Assistant Professor of Technology.

Jofeil Blass, 1970. M.A., Warsaw University, Poland; M.A., Ph.D., University of Michigan. Assistant Professor of Mathematics and Statistics.

David L. Blinn, 1968. B.S., University of Pittsburgh; M.S., Ph.D., Ohio State University. Professor of Chemistry.

Anna Belle Bogner, 1979. B.M., Oklahoma State University; M.M., Bowling Green State University. Associate Professor of Music Education.

Bonna J. Bootch, 1992. B.M., Concordia College; M.F.A., University of Iowa; M.I.S., University of Western Ontario; D.M.A., University of Iowa. Head Librarian, Music Library and Sound Recordings Archives.

Martha Bone, 1991. B.S., M.S., The Pennsylvania State University; Ph.D., Kansas State University. Assistant Professor of Family and Consumer Science.

Steven Boone, 1987. B.A., University of Alabama; M.F.A., Ohio State University. Assistant Professor of Theatre.

Donald L. Boren, 1976. B.S., Union University; J.D., University of Tennessee. Professor and Chair of Legal Studies.

Frank Bosworth III, 1989. B.S., B.Arch., Rensselaer Polytechnic Institute; Ph.D., Virginia Polytechnic Institute and State University. Assistant Professor of Visual Communication and Technical Education.

Robert Boughton, 1980. B.S., M.S., Ph.D., Ohio State University. Professor and Chair of Physics and Astronomy.

Jeffrey Bradford, 1990. B.S., Southern Illinois University; M.B.A., University of South Dakota. Assistant Professor of Marketing.

Michael P. Bradle, 1968. B.S., Massachusetts Institute of Technology; M.A., Boston University; Ph.D., University of Hawaii. Professor of Philosophy.

Daniel J. Bragg, 1980. B.S., M.B.A., Ph.D., Ohio State University. Associate Professor of Management.

Daniel J. Brahlir, 1994. B.S., M.S., Bowling Green State University; Ph.D., University of Toledo. Assistant Professor of Education Curriculum and Instruction.

Arthur S. Brecher, 1969. B.S., City College of New York; Ph.D., University of California, Los Angeles. Professor of Chemistry.

Nancy Brendlinger, 1990. B.S., Iowa State University; M.S., University of Wisconsin; Ph.D., University of Texas. Assistant Professor of Journalism.

Barley A. Brennan, 1974. B.A., Georgetown University School of Foreign Service; M.A., Maimths State University; J.D., State University of New York at Buffalo. Professor of Legal Studies.

Kathy Browder, 1991. B.A., Furman University; M.S., University of Tennessee; Ph.D., Texas Woman's University. Assistant Professor of Health, Physical Education and Recreation.

Emily Freeman Brown, 1989. A.R.C.M., Royal College of Music; M.F.A., University of Iowa; D.M.A., Eastman School of Music. Associate Professor of Music Performance Studies.

Linda Brown, 1993. B.S., University of Massachusetts, Amherst; M.S., Simmons College. Assistant Professor and Coordinator of Collection Development, Library.

Sherin Brown, 1990. B.S., Hampton University; M.Ed., Bowling Green State University; Ph.D., University of Toledo. Assistant Professor of Educational Foundations and Inquiry.

M. Neil Browne, 1968. B.A., University of Houston; Ph.D., University of Texas; J.D., University of Toledo. Distinguished Teaching Professor, Economics.

Geg BROWNELL, 1987. B.A., Villanova University; M.A., University of Connecticut; Ed.D., University of Kansas. Associate Professor of Educational Curriculum and Instruction.

George S. Bullerjahn, 1988. A.B., Dartmouth College; Ph.D., University of Virginia. Associate Professor of Biological Sciences.

Julie A. Burke, 1992. B.A., University of Oklahoma; A.M., Ph.D., University of Illinois at Urbana-Champaign. Associate Professor of Speech Communication.

Elizabeth J. Burroughs, 1986. B.S., Purdue University; M.A., Ph.D., University of Iowa. Associate Professor of Communication Disorders.

Christopher Buzzelli, 1984. B.A., Trenton State University; M.M.E., North Texas University. Associate Professor of Music Performance.

Francisco Cabanillas, 1991. B.A., M.A., University of Cincinnati; Ph.D., University of Connecticut. Assistant Professor of Spanish.

John Cable, 1989. A.A., San Bernando Valley College; B.S., M.S., University of California at Riverside; Ph.D., Cornell University. Associate Professor of Chemistry.

Donald M. Callen, 1979. B.A., Roberts Wesleyan College; M.A., State University of New York; Ph.D., Temple University. Assistant Professor of Philosophy.

Lynn Campbell, 1989. B.A., Kent State University; M.A., Bowling Green State University. Lecturer in the Department of English.

Roman G. Carek, 1968. B.A., St. Francis Seminary; M.A., Ph.D., University of Iowa. Associate Professor and Director, Counseling and Career Development Center.

Alvar W. Carlson, 1970. B.S., University of Wisconsin; M.A., Ph.D., University of Minnesota. Professor and Chair of Geography.

Neal L. Carrothers, 1967. B.S., University of Toledo; Ph.D., Ohio State University. Associate Professor of Mathematics.

Cheri S. Carrico, 1993. B.S., Northern Michigan University; M.A., Western Michigan University; Ph.D., Northwestern University. Assistant Professor of Communication Disorders.

Catherine Cauca, 1992. B.A., University of Virginia; M.A., Ph.D., Michigan State University. Assistant Professor of Journalism.

Federico Chalupa, 1990. B.A., Universidad de Pisa; M.A., Washington State University; Ph.D., University of Arizona. Assistant Professor of Romance Languages.

Xi C. Chau, 1992. B.Sc., University of Hong Kong; Ph.D., University of Michigan. Assistant Professor of Mathematics.

Stephen Sin-Tak Chang, 1971. B.A., Bucknell University; M.A., Ph.D., University of California. Associate Professor of Geography.

Travis Chapin, 1989. B.S., M.S., Purdue University. Assistant Professor of Technology Systems.

D.S. Chauhan, 1979. B.A., B.H., College (Agra); M.A., D.P.A., Ph.D., University of Lucknow; M.P.A., Kori State University. Professor of Political Science.

Edward Chen, 1968. B.A., National Taiwan University; M.A., Ph.D., University of Pennsylvania. Professor of History.

Hanfeng Chen, 1980. B.S., M.A., Wahan University; Ph.D., University of Wisconsin. Assistant Professor of Mathematics and Statistics.

Leigh Chiarello, 1977. B.A., M.S.Ed., Northern Illinois University; Ph.D., Ohio State University. Professor and Chair of Education Curriculum and Instruction.

David Chilson, 1978. B.A., Wittenberg University; M.A., Ph.D., Bowling Green State University. Associate Professor of Computer Science.

Charles Chittie, 1965. B.A., Hiram College; M.S., Ph.D., Purdue University. Professor of Economics.

Thomas Y. Choi, 1993. A.B., University of California at Berkeley; Ph.D., University of Michigan. Assistant Professor of Management.

So-Hsiang Chou, 1985. B.S., M.S., National Tsing-Hua University, Taiwan; Ph.D. University of Pittsburgh. Associate Professor of Mathematics and Statistics.

John W. Chun, 1975. B.A., M.S., Ph.D., Ohio State University. Associate Professor of English, Department of Humanities, Firelands College.

Bradford B. Clark, 1993. B.A., University of California, Santa Cruz; M.F.A., Mankato State University. Assistant Professor of Theatre.

Eloise E. Clark, 1983. B.A., Mary Washington College; Ph.D., University of North Carolina. Professor of Biological Sciences and Vice President for Academic Affairs.

Cathryn L. Clausen, 1992. B.S., California Polytechnic University; M.A., University of Iowa; J.D., Georgetown University. Assistant Professor of Health, Physical Education and Recreation.

George B. Clemons, 1967. B.S., Virginia Polytechnic Institute and State University; M.A., Ph.D., Duke University. Professor of Chemistry.

Elizabeth Cobb, 1961. B.M., M.M., Yale University; Ph.D., University of Iowa. Associate Professor of Music Performance Studies.

Thomas Barry Cobb, 1969. B.A., Southern College; M.S., University of South Carolina; Ph.D., North Carolina State University. Professor of Physics and Astronomy and Director, Environmental Studies Program with joint appointment in the College of Health and Human Services.

William Coggin, 1960. B.A., M.A., Louisiana Technical University; Ph.D., Oklahoma State University. Professor of English.

Roger D. Colcord, 1982. B.S., M.S., Purdue University; Ph.D., Northwestern University. Associate Professor of Communication Disorders and Director of Clinical Services and Training.

Evron S. Collins, 1963. B.A., Bowling Green State University; M.S., University of Illinois. Associate Professor; Library.

Michael Coomes, 1986. B.A., Case Western Reserve University; Ed.D., Indiana University. Assistant Professor of Higher Education and Student Affairs.

Steven H. Cornelius, 1991. B.M.Ed., University of Wisconsin at Madison; M.M., Manhattan School; Ph.D., UCLA. Associate Professor of Music Composition and History.
Robert DeBard, 1988. B.S., M.A., Bowling Green State University; Ed.D., Indiana University. Associate Professor of Humanities, Firelands College.

Alfred DeMara, 1988. B.A., University of Miami; M.A., University of Florida; M.S., Virginia Polytechnic Institute and State University; Ph.D., University of Florida. Professor of Sociology.

Gregory DeNardo, 1986. B.S., University of Wisconsin at Milwaukee; M.M., University of Wisconsin at Madison; Ph.D., University of Wisconsin. Associate Professor of Music Education.

Ivan E. DenBesten, 1961. B.A., Calvin College; Ph.D., Northwestern University. Professor of Chemistry.

Wallace E. DePue, 1965. B.M., B.M.E., Capital University; M.A., Ohio State University; Ph.D., Michigan State University. Professor of Music Composition and History.

Kurt Deshayes, 1990. B.A., Carleton College; Ph.D., University of Chicago. Assistant Professor of Chemistry.

Robert Desmond, 1970. B.S., University of Notre Dame; M.D., Loyola University. Assistant Professor and Staff Physician, Student Health Services.

Donald W. Deters, 1985. B.S., St. Louis University; Ph.D., University of California at Irvine. Assistant Professor of Biological Sciences.

Jille J. Ding, 1992. B.S., Jilin University; B.E.E., Purdue University; Ph.D., The Johns Hopkins University. Assistant Professor of Physics and Astronomy.

Kathleen Dixon, 1985. B.A., Loyola of the South; M.A., Ph.D., University of Tennessee, Knoxville. Assistant Professor of Philosophy.

Michael E. Doherty, 1965. B.S., Manhattan College; M.A., Ph.D., University of Connecticut. Distinguished University Professor of Psychology.

Mary Schroeder Doucet, 1993. B.S., M.A.C., Ph.D., University of Georgia. Associate Professor of Accounting and Management Information Systems.

Thomas A. Doucet, 1993. B.S., M.B.A., Ph.D., University of Georgia. Assistant Professor of Accounting and Management Information Systems.

Richard W. Douglas Jr., 1976. B.A., University of Kansas; M.A., Ph.D., University of Iowa. Associate Professor of Economics.

George Comer Duncan, 1970. B.S., M.S., North Carolina State University; Ph.D., Brandeis University. Professor of Physics and Astronomy.

Larry A. Dunnig, 1980. B.S., M.S., Wichita State University; Ph.D., North Carolina State University. Professor of Computer Science.

Edward A. Duplaga, 1992. B.S., Bowling Green State University; M.B.A., Ph.D., University of Iowa. Assistant Professor of Management.

Dennis East, 1988. M.S., Knox College; M.S., Ph.D., University of Wisconsin. Associate Professor and Associate Dean of Libraries and Learning Resources.

Joyce Eastlund-Gromko, 1991. B.A., Luther College; M.A., San Diego State University; D.M.E., Indiana State University. Associate Professor of Music Education.

Norman Eckel, 1979. B.B.A., M.B.A., University of Toledo; Ph.D., University of Western Ontario. Associate Professor of Accounting and Management Information Systems.

Dennis Edgell, 1991. B.S., M.A., Ph.D., Kent State University. Assistant Professor of Geography, Department of Natural and Social Sciences, Firelands College.

Bruce L. Edwards Jr., 1981. A.A., Florida College; B.A., University of Missouri; M.A., Kansas State University; Ph.D., University of Texas. Professor of English.

Audrey Ellenwood, 1988. B.A., Adrian College; M.A., Ph.D., University of Toledo. Assistant Professor of Special Education.

E. Victor Ellsworth, 1983. B.M., North Texas University; M.M., Eastman School of Music; Ph.D., University of Wisconsin. Associate Professor and Chair of Music Education.

Salim Elwazani, 1990. B.S. in Planning. Al-Azhar University; B.Arch., Kansas State University; M.S. in Arch. Eng., The University of Kansas; Ph.D., The Catholic University of America. Assistant Professor of Visual Communication and Technology Education.

Allan Emery, 1984. B.A., Rice University; M.A., Ph.D., Cornell University. Associate Professor of English.

Paul F. Endres, 1989. B.S., Bradley University; Ph.D., University of Rochester. Professor of Chemistry.

Donald K. Emholm, 1973. B.A., Pepperdine College; M.A., Kansas State College; Ph.D., University of Kansas. Associate Professor of Interpersonal and Public Communication.

Thomas Erickson, 1991. B.S., Northern Illinois University; M.Ed., Ed.D., University of Illinois. Professor of Visual Communications and Technology Education and Dean, College of Technology.

Patricia Erickson, 1978. B.S., Bowling Green State University; M.A., Kent State University; Ph.D., Purdue University. Assistant Professor of Family and Consumer Science.

Patricia A. Essex, 1993. B.S., M.A., Bowling Green State University; Ph.D., Michigan State University. Assistant Professor of Accounting and Management Information System.

James Evans, 1988. B.A., Carleton College; M.S., University of Minnesota; Ph.D., University of Washington. Associate Professor of Geology.

Ernest B. Exell Jr., 1981. B.S., M.A., Western Kentucky University; Ph.D., Ohio State University. Associate Professor and Chair of Visual Communication and Technology Education.

Margot Fadool, 1994. B.S., Pennsylvania State University; M.Ed., Cabrini College; Ph.D., University of Cincinnati. Assistant Professor of Educational Curriculum and Instruction.

Kathleen Farber, 1969. B.S., M.A., Ph.D., Ohio State University. Associate Professor of Educational Foundations and Inquiry.

Douglas A. Ferguson, 1991. B.A., M.A., Ohio State University; Ph.D., Bowling Green State University. Assistant Dean, Arts and Sciences and Associate Professor of Telecommunications.

Reyes I. Fidalgo, 1994. Licenciatura, University of Oviedo, Spain; M.A., University of Massachusetts; Ph.D., University of Massachusetts. Assistant Professor of Romance Languages.

M.A. Carmen Fioravanti, 1977. B.S., St. Joseph's College; M.S., Villanova University; Ph.D., University of California, Los Angeles. Professor of Biological Sciences.

Edward Fiscus, 1976. B.A., Mount Union College; M.Ed., University of Pittsburgh; Ph.D., Ohio State University. Associate Professor of Special Education.

Humphrey S. Fong, 1970. A.B., Carroll College; M.S., Ph.D., Ohio State University. Associate Professor of Mathematics and Statistics.

Barbara Ford-Foster, 1989. B.S., Central State University; M.L.S., State University of New York at Buffalo. Assistant Professor and Head of Science Library, Library.

James Foust, 1994. B.A., Youngstown State University; M.S., Ph.D., Ohio University. Assistant Professor of Journalism.

Michael Franklin, 1986. B.A., University of South Florida; M.A., George Washington University. Associate Professor of Art and Director of Art Therapy Program.

Michael French, 1989. A.B., Notre Dame; M.A., College of St. Thomas; Ph.D., University of Wisconsin-Madison. Associate Professor of Educational Curriculum and Instruction and Director of the Reading Center.

Diane Frey, 1989. B.S., Olivet Nazarene College; M.A., Western Michigan University. Associate Professor of Family and Consumer Science.

John C. Glaviano, 1984. B.A., Utica College; M.S.L.S., Syracuse University. Assistant Professor and Coordinator of Cataloging, Library.

Veronica Gold, 1978. B.S., Southern Illinois University; M.Ed., Ph.D., Bowling Green State University. Associate Professor of Special Education.

Alberto Gonzalez, 1992. Bowling Green State University; M.A., Ph.D., Ohio State University. Associate Professor of Intercultural Communication.

Jeffrey J. Gordon, 1980. B.A., State University of New York, Binghamton; M.S., Pennsylvania State University; Ph.D., Syracuse University. Associate Professor of Geography.

Franklin Goza, 1989. B.A., M.S., Ph.D., University of Wisconsin. Associate Professor of Sociology.

Karen L. Gould, 1985. Diploma, La Sorbonne, Paris; B.A., Occidental College; Ph.D., University of Oregon. Professor of Franch and Associate Dean of the Graduate College.

William E. Grant, 1979. B.A., M.A., San Fernando Valley State College; Ph.D., Claremont Graduate School. Professor of English and Director of American Culture Studies Program.

Joseph L. Gray, 1970. B.A., Washington and Lee University; M.A., Ph.D., University of Chicago. Associate Professor of German, Russian and East Asian Languages.

John T. Gresser, 1969. B.S., M.S., Ph.D., University of Wisconsin. Associate Professor of Mathematics and Statistics.

Mark Gronko, 1978. B.A., Swarthmore College; M.A., Ph.D., Indiana University. Associate Professor of Biological Sciences and Associate Dean of College of Arts and Sciences.

David Groves, 1979. B.S., Concord College; M.S., Marshall University; D.Ed., Pennsylvania State University. Professor of Health, Physical Education and Recreation.

Marie T. Guendelberger, 1990. B.S., Bowling Green State University; M.S., Kent State University. Assistant Librarian, Instructor of Humanities, Department of Humanities, Firelands College.

Christina Guenther, 1990. B.A., M.A., University of Toronto; Ph.D., University of Wisconsin at Madison. Assistant Professor of German, Russian and East Asian Languages.

Arjun K. Gupta, 1976. B.S., Banaras Hindu University; B.S., M.S., Poona University; Ph.D., Purdue University. Distinguished University Professor of Mathematics and Statistics.

Sharon V. Gustin, 1981. B.A., Moorhead State University; M.Ed., South Dakota State University. Instructor of Mathematics, Department of Natural and Social Sciences, Firelands College.

Paul F. Hasa, 1967. B.S., John Carroll University; M.A., Ph.D., Boston College. Professor of Economics and Director, Honors Program.

Mary Jane Halter, 1970. B.S.Ed., M.A., Bowling Green State University. Assistant Professor of Romance Languages, and Associate Dean, Department of Humanities, Firelands College.

Chan K. Hahn, 1970. B.B.A., Yonsei University; M.B.A., Ph.D., Ohio State University. Distinguished Teaching Professor; Management; Owens-Illinois and National Association of Purchasing Management Distinguished University Professor of Management.

Alan D. Haight, 1991. B.A., University of Oregon; M.A., Ph.D., University of Wisconsin, Madison. Assistant Professor of Economics.

F. Dennis Hale, 1980. B.A., University of Puget Sound; M.S., University of Oregon; Ph.D., Southern Illinois University. Carbondale. Professor of Journalism.

Jeffrey Halsey, 1982. B.M.E., Aquinas College; M.M., Bowling Green State University. Professor of Music Composition and History.

Jodi J. Haney, 1994. B.A., Albion College; M.Ed., Ph.D., University of Toledo. Assistant Professor of Educational Curriculum and Instruction.

David Harnish, 1994. B.A., University of the Pacific; M.A., University of Hawaii, Manoa; Ph.D., University of California, Los Angeles. Assistant Professor of Music Composition and History.

Robert Harr, 1983. B.S., Kent State University; M.S., Ohio State University. Associate Professor and Chair of Medical Technology.

Janet Hartley, 1994. B.S., University of Missouri-Rolla. M.B.A., Ph.D., University of Cincinnati. Assistant Professor of Management.

Ronald V. Hartley, 1965. B.S.C., Ohio University; M.A.S., Ph.D., University of Illinois. Professor of Accounting and Management Information Systems and Associate Dean of Graduate Studies in Business.

Jane L. Harvill, 1994. B.S.E., M.S., Arkansas State University; Ph.D., Texas A & M University. Assistant Professor of Applied Statistics and Operations Research.
Richard J. Hebein, Professor of Romance Languages.

Elizabeth Lieben, Carol Hebel, Gary R. Hess, Associate Professor of Mathematics and M.A., Ph.D., University of Virginia. Distinguished liaison, Department of Applied University; M.F.A., Bowling Green Kansas. Professor and Chair of Economics.

Harry W. Hoemann, M.A., University of Minnesota; Ph.D., University of Catholic University. Professor of Psychology.

Carl B. Holmberg, William M.A., University of Chicago; Ph.D., Ohio State University; M.S., Ohio State University. Assistant Professor of Popular Culture.

Robert A. Holmes, 1977. B.A., J.D., College of William and Mary. Associate Professor of Legal Studies.

John A. Howe, 1965. B.S., Bowling Green State University; M.S., Ph.D., University of Nebraska. Associate Professor of Geology.

Geoffrey C. Howes, 1986. B.A., Michigan State University; M.A., Ph.D., University of Michigan. Associate Professor of German, Russian and East Asian Languages.

Paul B. Hunt, 1983. B.M./B.M.E., University of Northern Colorado; M.M., Youngstown State University; D.M.A., Eastman School of Music. Chair and Professor of Music Performance Studies.

Peggy Hurst, 1955. B.A., Wilson College; M.A., Ph.D., University of Wisconsin. Professor of Chemistry.

Peter M. Hutchinson, 1971. B.A., St. Vincent College; M.A., Ph.D., University of Pittsburgh. Professor of Economics and Associate Vice President for Academic Affairs.

Alexander Izzo, 1994. S.B., Massachusetts Institute of Technology; Ph.D., University of California. Assistant Professor of Mathematics and Statistics.

Mona M. Jackson, 1986. B.S., R.R.A., Ohio State University; M.A., Bowling Green State University. Lecturer and Director of Health Information Technology Program, Department of Applied Sciences, Firelands College.

Joseph Jacoby, 1981. B.A., Northern Michigan University; M.A., Ph.D., University of Pennsylvania. Associate Professor of Sociology.

Edward Jadallah, 1990. B.A., Malone College; M.A., Bowling Green State University; Ph.D., Ohio State University. Assistant Professor of Educational Curriculum and Instruction.

Elizabeth Jakob, 1991. B.S., Cornell University; Ph.D., University of California at Davis. Assistant Professor of Biologocal Sciences.

Roudabeh Jamsabi, 1981. B.S., University of Tehran; M.S., Ph.D., University of Arkansas. Professor of Medical Technology with joint appointment in Biological Sciences.

Laurence J. Jankowski, 1975. B.A., Maryknoll College; B.A., University of Toledo; M.A., Bowling Green State University; Ph.D., University of Toledo. Associate Professor of Journalism.

Sudeshan Jetley, 1999. B.S., M.S., Ph.D., University of Birmingham. Associate Professor and Chair of Technology Systems.

Shane Johnson, 1991. B.S., M.A., Ph.D., Louisiana State University. Assistant Professor of Finance.

Akiko K. Jones, 1986**. B.A., Kobe College, Japan; M.S., Bucknell University. Lecturer of German, Russian and East Asian Languages.

Eric Jones, 1962. B.A., Bucknell University; M.S., University of Colorado; Ed.D., University of Virginia. Professor of Special Education.

Gwen Jones, 1993. B.A., Gustavus Adolphus College; B.S., University of Wisconsin-Madison; M.S., St. Mary's University; Ph.D., State University of New York at Albany. Assistant Professor of Management.

Timothy J. Jurkovic, 1992. B.A., Ohio State University; M.A., Ph.D., Bowling Green State University. Assistant Professor of Sociology, Department of Natural and Social Sciences, Firelands College.

Charles F. Kahle, 1965. B.S., St. Joseph's College; M.S., Miami University; Ph.D., University of Kansas. Professor of Geology.

Karen L. Kakas, 1987. M.A., M.F.A., University of Iowa; Ph.D., Ohio State University. Assistant Professor of Art.

Barbara Kalman, 1980. B.S., Kent State University; M.A., Ed.D., Ball State University. Assistant Professor and Assistant Director of the Counseling and Career Development Center.

Vincent Kantorski, 1984. B.M., Chicago Musical College of Roosevelt University; M.M., University of Miami; Ph.D., Florida State University. Associate Professor of Music Education.

Mark J. Kasoff, 1991. B.A., City College, New York; M.A., Ph.D., Indiana University. Professor of Economics and Director of Canadian Studies Program.

Rene P. Katainas, 1984. B.S., Fairleigh Dickinson University; M.S., Southern Illinois University at Carbondale. Assistant Professor of Health, Physical Education and Recreation.

Louis I. Katzner, 1969. A.B., Brown University; M.A., Ph.D., University of Michigan. Professor of Philosophy, Dean of the Graduate College and Associate Vice President for Research.

Stuart M. Keeley, 1987. B.A., Coe College; M.A., Ph.D., University of Illinois. Professor of Psychology.

Charles Keil, 1994. B.S., Wheaton College; M.S., Ph.D., University of Illinois at Chicago. Assistant Professor of Environmental Health.

Richard Kennell, 1980. B.M.E., M.M., Northwestern University; Ph.D., Northwestern University. Associate Professor, Associate Dean, College of Musical Arts.

David Kent, 1984. B.A., M.S., Southwest Texas State University; Ph.D., Texas A&M University. Associate Professor of International Business.

Sally J. Klimer, 1979. B.S., M.S., Pennsylvania State University; Ph.D., Stanford University. Professor of Family and Consumer Science.

Kyoo H. Kim, 1978. B.A., Seoul National University; M.S., Ph.D., University of Wisconsin/Madison. Professor of Economics.
Younghee Kim, 1987. B.A., Seoul National University; M.S., Ph.D., University of Wisconsin. Associate Professor of Family and Consumer Science with joint appointment in the College of Health and Human Services.

Patrice King, 1982. B.A., Macalester College; Ph.D., University of Minnesota. Professor and Acting Chair of Higher Education and Student Affairs.

Thomas W. Knaack, 1971. B.A., Bowling Green State University; Ph.D., University of Illinois. Professor of Chemistry.

Kumula R. Kipu, 1970. B.A., University of South Florida; Ph.D., University of Florida. Distinguished University Professor of History.

Judith A. Klar, 1975. B.A., Bowling Green State University; M.S.W., University of Michigan. Assistant Professor and Chair of Social Work.

Judith K. Klein, 1970. B.S., M.A., Bowling Green State University. Assistant Professor of Health, Physical Education and Recreation.

Ganesh K. Klein, 1989. B.A., John Carroll University; M.S., Iowa State University; Ph.D., University of Kansas. Assistant Professor of Finance.

Thomas Q. Kline, 1971. B.A., Tufts University; M.A.T., Harvard University; Ph.D., Northwestern University. Professor of English.

Bruce Klopstien, 1985. B.A., Bowling Green State University; M.A., Ph.D., Ohio State University. Interim Director of School of Mass Communication and Associate Professor and Chair of Telecommunications.

Thomas N. Knox, 1972. B.A., Trinity College; M.A., Ph.D., Yale University. Associate Professor of History.

Stfi H. Kolb, 1993. B.E., Andhra University; M.E., Indian Institute of Science; M.S., University of Saskatchewan; Ph.D., University of Toledo. Assistant Professor of Technology Systems.

Lawrence Kowalski, 1978. B.S., Bowling Green State University; J.D., University of Toledo. Assistant Professor of Accounting and Management Information Systems.

Victor Krawiec, 1990. B.A., Denison University; M.S., University of Arizona; Ph.D., University of North Carolina. Associate Professor of Health, Physical Education and Recreation.

Stephen Krenz, 1991. B.S., Virginia Polytechnic Institute and State University; B.S., University of Maryland; M.A., Dr. S., George Washington University; Assistant Professor of Technology Systems.

Richard A. Kruppa, 1969. B.S., Pennsylvania State University; M.S., State University of New York, Buffalo; Ph.D., Ohio State University. Professor of Technology.

Nancy L. Kubasek, 1983. B.S., Bowling Green State University; J.D., University of Toledo. Professor of Legal Studies.

Mervin L. Kunkel, 1968. B.A., Northwestern University; M.A., Ph.D., Kent State University. Associate Professor of Psychology.

John W. Kunze, 1964. B.A., University of Chicago; B.A., Valparaiso University; M.A., Ph.D., Northwestern University. Associate Professor of Geography.

Ray Laakmann, 1972. A.B., University of Michigan; M.S., Ph.D., University of Ohio Interim Director of School of Mass Communication and Associate Professor and Chair of Journalism.

Francis E. Laatsch, 1988. B.S., University of Akron; M.B.A., Ph.D., University of Oklahoma. Associate Professor of Finance.

Steven Lab, 1987. B.A., University of Akron; M.A., Ph.D., Florida State University. Associate Professor of Criminal Justice.

Susan Lab, 1987. B.S., Syracuse University; M.S., Virginia Polytechnic Institute; Ph.D., Florida State University. Associate Professor of Family and Consumer Science.

Mary T. Laffin, 1983. B.S.Ed., M.S.Ed., University of Kansas; Ph.D., University of Maryland. Associate Professor of Health, Physical Education and Recreation.

John Laird, 1987. B.S., Pennsylvania State University; M.Ph., Ph.D., Yale University. Associate Professor of Physics and Astronomy.

William Lake, 1988. B.M.E., M.M., Indiana University; Ph.D., University of Michigan. Assistant Professor of Music, Composition and History.

Jean Marie Lancaster, 1976. B.A., Mt. St. Mary's College; M.S., San Diego State University; Ph.D., University of California, San Diego. Associate Professor and Chair of Computer Science.

Ronald L. Lancaster, 1973. B.A., Bellarmine College; M.S., Ph.D., Purdue University. Associate Professor of Computer Science.

Linda Lauder, 1983. B.S., University of Minnesota; M.S., University of Northern Colorado; Ph.D., University of Georgia. Assistant Professor of Health, Physical Education and Recreation.

Stephen J. Langendorfer, 1994. B.S., Cortland College; M.S., Purdue University; Ph.D., University of Wisconsin-Madison. Associate Professor of Health, Physical Education and Recreation.

John C. Lavezzii, 1973. A.B., Catholic University of America; M.A., University of Cincinnati; Ph.D., University of Chicago. Associate Professor of Art.

Fark E. Leather, 1975. B.A., Bowling Green State University; M.A.; Ph.D., University of Pennsylvania. Emt & Young Professor and Chair of Accounting and Management Information Systems.

Briant Hamor Lee, 1968. B.A., Adjunct University; M.A., Indiana University; Ph.D., Michigan State University. Associate Professor of Theatre.

Ronald L. Lehr, 1986. B.A., Cleveland State University; M.S., Bowling Green State University. Instructor of Computer Science, Management Information Systems, CPT, Department of Applied Sciences, Firelands College.

Julie Longfield, 1981. B.S., University of Illinois; M.S., Ph.D., Southern Illinois University. Associate Professor of Health, Physical Education and Recreation.

Yeelesie B. Lonton, 1987. B.S., Ohio State University; A.M., Harvard University; Ph.D., Yale University. Assistant Professor of Chemistry.

Fabrice I. Lepo, 1992. B.A., M.A., Universite De L'etat A Liege; Ph.D., Louisiana State University. Assistant Professor of French.

Laura Leverenthal, 1986. B.S., Georgia Institute of Technology; M.S., Ph.D., University of Michigan. Associate Professor of Computer Science.

Loy D. Littlefield, 1965. B.A., M.A., University of Oklahoma; Ph.D., Northwestern University. Associate Professor of Philosophy.

Nora Yan-Shu Liu, 1976. B.Ed., Taiwan Normal University; M.S., Ph.D., University of Illinois. Associate Professor of Health, Physical Education and Recreation.

Michael D. Locy, 1969. B.A., Webster College; M.A., M.Ph., Ph.D., University of Kansas. Associate Professor of Romance Languages.

Rex L. Lowe, 1970. B.S., Ph.D., Iowa State University. Professor of Biological Sciences.

Steven O. Ludd, 1976. B.A., M.S., J.D., Ph.D., Syracuse University. Professor of Political Science.

Harold Lunde, 1980. B.A., St. Olaf College; M.A., Ph.D., University of Minnesota. Professor of Management.

Mary Joyce Lunn, 1971. B.S., Creighton University; M.A., Ph.D., Case Western Reserve University. Assistant Professor of Educational Curriculum and Instruction.

Daniel Madigan, 1990. B.A., Central Michigan University; M.A., Oakland University; D.A., University of Michigan. Associate Professor of English.
Simha Magal, 1986. Bachelor of Commerce, University of Delhi; M.B.A., Valdosta State College; Ph.D., University of Georgia. Associate Professor of Accounting and Management Information Systems.

Annette Mahoney, 1994. B.A., Rice University; M.A., Ph.D., University of Houston. Assistant Professor of Psychology.

John Makay, 1991. B.A., Adrian College; M.A., Kent State University; Ph.D., Purdue University. Professor and Chair of Interpersonal Communication and Director of School of Mass Communication.

Joseph J. Mancuso, 1960. B.A., Carleton College; M.S., University of Wisconsin; Ph.D., Michigan State University. Professor of Geology.

Colleen Mandell, 1975. B.S., University of Maryland; M.S., Butler University; Ed.D., American University. Associate Professor of Special Education.

Linda Mandelbaum, 1981. B.S., M.Ed., Central State University; Ph.D., University of Oklahoma. Associate Professor of Special Education.

Walter Maner, 1984. B.A., Hendrix College; M.A., Ph.D., Boston College. Associate Professor of Computer Science.

Teresa A. Marano, 1976. B.S.Ed., M.Ed., Bowling Green State University; Ph.D., University of Toledo. Assistant Professor of Business Education, Department of Applied Sciences, Firelands College.

Edward J. Marks, 1969. B.S., Temple University; M.M., University of Maryland; Artist Diploma, Curtis Institute of Music. Professor of Music Performance Studies.

Todd Marshall, 1993. B.S., Bowling Green State University; M.S., University of Michigan. Instructor of Biology, Department of Natural and Social Sciences, Firelands College.

Ronald N. Marso, 1969. B.S., General Beadle State College; M.A., Adams State College; Ed.D., University of Nebraska. Professor of Educational Foundations and Inquiry.

Elden W. Martin, 1963. B.S., M.S., Kansas State University; Ph.D., University of Illinois. Associate Professor of Biological Sciences.

Scott, C. Martin, 1993. B.A., Yale College; M.S., Carnegie-Mellon University; Ph.D., University of Pittsburgh. Assistant Professor of History.

Julia McArthur, 1994. B.A., Rutgers University; M.Ed., Temple University; Ph.D., The University of Iowa. Assistant Professor of Educational Curriculum and Instruction.

Sherwood McElyea, 1992. B.A., College of Great Falls, Montana; M.A., University of Michigan. Assistant Professor of Art.

Edward McElheny, 1999. B.A., University of Michigan; Ph.D., Johns Hopkins University. Professor of Philosophy; Ohio Board of Regents Eminent Scholar in Moral and Social Philosophy.

Howard L. McCord, 1971. B.A., University of Texas; M.A., University of Utah. Professor of English and Director of the Creative Writing Program.

Evan E. McFee, 1967. B.S., Purdue University; M.A., Ball State University; Ed.D., Indiana University. Professor of Educational Curriculum and Instruction.

Francis McKenna Jr., 1982. B.A., Pennsylvania State University; M.A., East Stroudsburg University; Ph.D., University of Maryland. Associate Professor of Political Science.

Srinivas Melkote, 1984. M.S. Bangalore University; M.S., Ph.D., University of Iowa. Professor of Telecommunications.

Nancy J. Merritt, 1988. B.S., Montana State University; Ph.D., University of Arizona. Associate Professor of Marketing.

Lee Arthur Meserve, 1973. B.S., University of Maine; Ph.D., Rutgers University. Distinguished Teaching Professor of Biological Sciences with joint appointment, College of Health and Human Service; Coordinator, Physical Therapy Program.

Richard E. Messer, 1975. A.A., Mesa College; B.A., University of Northern Colorado; M.A., University of Colorado; Ph.D., University of Denver. Professor of English.

Helen Michaels, 1990. B.A., Brown University; M.S.C., Ph.D., University of Illinois. Assistant Professor of Biological Sciences.

Robert M. Middendorf, 1987. B.S., St. Johns University; Ph.D., Ohio State University. Assistant Professor of Chemistry.

Cynthia L. Miglietti, 1985. B.B.A., University of Cincinnati; M.B.A., Baldwin-Wallace College; Ph.D., Bowling Green State University. Lecturer of Accounting, Department of Applied Sciences, Faculty Chair, Firelands College.

Chris J. Miklo, 1986. B.S., M.S.L.S., Wayne State University; Ph.D., Michigan State University. Associate Professor, Head Librarian, Science Library.

Fred D. Miller, 1972. A.B., Portland State University; M.A., Ph.D., University of Washington. Professor of Philosophy and Executive Director of Social Philosophy and Policy Center.

Leland R. Miller, 1971. B.S., Bluffton College; M.A., Ed.S., Bowling Green State University; Ph.D., University of Missouri. Associate Professor of Computer Science.

Marjorie R. Miller, 1973. B.S., M.S., University of Illinois. Assistant Professor of Family and Consumer Science.

Jeffrey G. Miller, 1974. B.S., Muhlenberg; M.S., University of Virginia; Ph.D., The Ohio State University. Assistant Professor of Biological Sciences.

Willard E. Misfeld, 1967. B.S., M.F.A., University of Minnesota; Ph.D., Washington University. Professor of Art.

Ma Grace R. Montapiedra, 1993. B.S., M.S., University of the Philippines; Ph.D., University of Minnesota. Assistant Professor of Applied Statistics and Operations Research.

Michael A. Moore, 1965. B.A., College of Wooster; M.A., Ph.D., Case Western Reserve University. Associate Professor of History; Director of Arts Unlimited.

Paul Moore, 1994. B.S., University of Michigan; Ph.D., Boston University. Assistant Professor of Biological Sciences.

Edward E. Morgan Jr., 1975. B.A., Morehead State University; M.Ed., Pennsylvania State University; Ph.D., University of Pittsburgh. Associate Professor of Gerontology and Higher Education and Student Affairs.

Shawn Moran, 1990. B.F.A., University of Tampa; M.F.A., University of Georgia. Assistant Professor of Art.

Paul Morris, 1994. B.Sc., McMaster University; M.S., University of Guelph; Ph.D, Queen's University. Assistant Professor of Biological Sciences.

Bruce Moss, 1994. D.S., University of Illinois; Ph.D., Ohio State University. Associate Professor of Music Education.

Sue Mota, 1984. B.S., M.A., Bowling Green State University; J.D., University of Toledo. Associate Professor of Legal Studies.

Bruce Moss, 1994. D.S., University of Illinois; Ph.D., Ohio State University. Associate Professor of Music Education.

John F. Newby, 1974. B.S., Tennessee State University; M.S., Howard University; Ph.D., University of Massachusetts. Associate Professor of Educational Foundations and Inquiry.

Stephen J. Newell, 1993. B.A. Michigan State University; M.B.A., Indiana University; Ph.D., Florida State University. Assistant Professor of Marketing.

Douglas C. Neckers, 1974. A.B., Hope College; Ph.D., University of Kansas. McMaster Distinguished Research Professor and Chair of Chemistry.

Angela M. Nelson, 1993. B.M., Converse College; M.M., Ph.D., Bowling Green State University. Assistant Professor of Popular Culture.

Donald F. Nelson, 1976. B.A., M.A., Ph.D., University of Minnesota. Associate Professor of German, Russian and East Asian Languages and Literatures.

Christopher J. Nihlki, 1984. B.S., Michigan State University; M.A., Ph.D., Duquesne University. Associate Professor of Psychology, Department of Natural and Social Sciences, Firelands College.

Benjamin N. Njoku, 1980. A.B., University of the Philippines; M.A., Kunsse State University; Ph.D., Southern Illinois University. Professor of Political Science, Department of Natural and Social Sciences, Firelands College.

Donald F. Nelson, 1976. B.A., M.A., Ph.D., University of Minnesota. Associate Professor of German, Russian and East Asian Languages and Literatures.

John F. Newby, 1974. B.S., Tennessee State University; M.S., Howard University; Ph.D., University of Massachusetts. Associate Professor of Educational Foundations and Inquiry.

Stephen J. Newell, 1993. B.A. Michigan State University; M.B.A., Indiana University; Ph.D., Florida State University. Assistant Professor of Marketing.
Jeffrey Paul, 1980. B.A., University of Cincinnati; Ph.D., Brandeis University. Professor of Philosophy and Associate Director, Social Philosophy and Policy Center.

Curtis Peet, 1993. B.B.A., M.A., M.D., Abilene Christian University; M.A., Ph.D., Purdue University. Assistant Professor of Political Science.

Edzel A. Pena, 1986. B.S., M.S., University of the Philippines at Los Banos; M.S., Ph.D., Florida State University. Associate Professor of Mathematics and Statistics.

Migalos Pena, 1990. B.A., Iona College; M.A., United Theological Seminary of New York; M.A., Ph.D., State University of New York at Stony Brook. Associate Professor of Ethnic Studies.

Robert Perry, 1970. B.A., M.A., Bowling Green State University; Ph.D., Wayne State University. Professor and Chair of Ethnic Studies with a joint appointment in the College of Health and Human Services.

Linda Ann Pertusati, 1993. B.S., State University of New York; M.S.W., Ph.D., University of Michigan. Assistant Professor of Ethnic Studies.

Susan M. Petroshius, 1981. A.B., Syracuse University; M.S.B.A., University of Massachusetts; Ph.D., Virginia Polytechnic Institute. Professor of Marketing.

Linda Petrosino, 1986. B.S., M.S., Ithaca College; Ph.D., Ohio University. Associate Professor and Chair of Communication Disorders.

Alice Phlibin, 1983. B.A., Limestone College; M.A., Ph.D., Southern Illinois University. Associate Professor of English.

Peter Pinto, 1976. B.E., College of Engineering, Banalore, India; M.B.A., Indian Institute of Management; Ph.D., University of North Carolina. Professor of Management.

Becky Pissanos, 1987. B.S., Troy State University; M.S., Auburn University; Ed.D., University of North Carolina at Greensboro. Associate Professor of Health, Physical Education and Recreation.

Timothy Pogacar, 1985. B.S., Georgetown University; M.A., Ph.D., University of Kansas. Associate Professor of German, Russian and East Asian Languages and Director of International Studies.

Rosalie Politsky, 1989. B.F.A., Kent State University; M.A., Ph.D., Ohio State University. Assistant Professor of Art.

John P. Pommersheim, 1994. B.S., M.Ed., Pennsylvania State University; Ph.D., University of Pittsburgh. Associate Professor of Mathematics, Department of Natural and Social Science, Firelands College.

Gene W. Poor, 1972. B.S.M.Ed., Kent State University; Ph.D., Bowling Green State University. Professor of Technology.

Adam Porter, 1991. B.S., Michigan State University; M.A., Ph.D., University of California at Davis. Assistant Professor of Biological Sciences.

Conrad Priffer, 1971. B.S.S., St. Mary's College; M.A., DePaul University; Ph.D., University of Toronto. Professor of Educational Foundations and Inquiry.

Roger L. Ptak, 1968. B.S., University of Detroit; M.S., Ph.D., Cornell University. Professor of Physics and Astronomy.

Meredith D. Pugh, 1969. B.A., Macalester College; M.A., Ph.D., University of Connecticut. Professor and Chair of Sociology.

Jerome Quarterman, 1990. B.S.S., Savannah State College; M.E., Kent State University; Ph.D., Ohio State University. Assistant Professor of Health, Physical Education and Recreation.

Stephen M. Quilty, 1991. B.S., M.A., Western Michigan University. Assistant Professor of Technology.

J. Kevin Quinn, 1990. B.A., University of Maryland; Ph.D., The American University. Assistant Professor of Economics.

Subramaniam Ramakrishnan, 1987. B.S., M.S., University of Madras; Ph.D., Indian Institute of Technology. Associate Professor of Computer Science.

Julie Rabine, 1994. B.A., Taylor University; M.L.S., Ball State University. Assistant Professor, Library.

William Redmond, 1988. B.S., Miami University; M.S./M.B.A., University of Houston; Ph.D., University of Arizona. Associate Professor of Marketing.

James David Reed, 1968. B.B.A., Washburn University; Ph.D., Kansas State University. Professor of Economics.

Patricia Mills Reed, 1970. B.A., M.Ed., Miami University; Ph.D., Ohio State University. Professor of Educational Curriculum and Instruction, Chair Educational Administration and Supervision.

Robert L. REED, 1969. B.S., M.S., Ed.D., University of Kansas. Associate Professor of Educational Foundations and Inquiry and Director of Field Experiences.

Audrey L. Rentz, 1974. A.B., College of Mt. St. Vincent; M.S., Pennsylvania State University; Ph.D., Michigan State University. Professor of Higher Education and Student Affairs.

Sidney A. Ribeau, 1995. B.S., Wayne State University; M.A., Ph.D., University of Illinois. Professor of Interpersonal Communication and President.

V. Frederick Rickey, 1968. B.A., M.S., Ph.D., University of Notre Dame. Distinguished Teaching Professor of Mathematics and Statistics.

Herbert Lee Riggins, 1993. B.A., Humboldt State University; M.M., Arizona State University; Ph.D., University of Texas at Austin. Dean of the College of Musical Arts and Professor of Music Composition and History.

Blaine Ritts, 1978. B.S., M.S., Pennsylvania State University; Ph.D., Michigan State University. Professor of Accounting and Management Information Systems.

Rod C. Roark, 1995. A.S., Columbia Union College, B.S., Ohio State University, M.S., East Texas State University. Program Director, Instructor of Respiratory Therapy, Department of Applied Sciences, Firelands College.

Mary Robertson, 1992. B.S., University of Wisconsin; M.A., University of California; Ph.D., University of Wisconsin. Professor and Director of Health, Physical Education and Recreation.

Shelia Roberts, 1984. B.S., Colorado School of Mines; M.S., Ph.D., University of Arizona. Assistant Professor of Geology.

Michael H. Robins, 1969. B.A., University of Illinois; M.A., Roosevelt University; Ph.D., Northwestern University. Professor of Philosophy.

Carlton Lee Rockett, 1971. B.S., M.S., Ph.D., Louisiana State University. Professor of Biological Sciences with joint appointment in Heath and Human Services.

Michael A.J. Rodgers, 1988. Royal Institute of Chemistry; M.S., Ph.D., University of Manchester. Ohio Board of Regents Eminent Scholar and Professor of Chemistry.

Steven G. Rogelberg, 1994. B.S., Tufts University; M.A., Ph.D., The University of Connecticut. Assistant Professor of Psychology.

David C. Rogers, 1965. B.M., M.M., University of Michigan. Associate Professor of Music Performance Studies; Assistant to the Dean, College of Musical Arts.
Sukhendu Samajdar, 1994. B.E., Jadavpur University; M.E., Indian Institute of Science; Ph.D., University of Michigan. Assistant Professor of Materials Science.

Eptifanio San Juan, Jr. 1994. A.B., University of Philippines; A.M., Harvard University; Ph.D., Harvard University. Professor of Ethnic Studies.

D. David Sapp, 1994. B.A., Mount Vernon Nazarene College; M.F.A., Bowling Green State University. Assistant Professor of Art, Department of Humanities, Firelands College.

Ernest Savage, 1980. B.S., Keene State College; M.S., Bowling Green State University; Ed.D., University of Toledo. Associate Dean of College of Technology, Professor of Industrial Technology and Director of Graduate Studies.

Donald W. Scherer, 1957. B.A., Wayne State University; Ph.D., Cornell University. Professor of Philosophy.

Klaus M. Schmidt, 1986. Staatsexamen I; Baufachkunde, Darmstadt; Staatsexamen II, Teachers Training College, Stuttgart; Ph.D., University of Michigan. Professor and Chair of German, Russian and East Asian Languages.

David Schmidt, 1984. B.S., University of Calgary; B.A., University of Saskatchewan; M.A., Ph.D., University of Arizona. Associate Professor of Philosophy.

Evelyn Ruth Schneider, 1979. B.S., St. John College of Cleveland; M.S., Case Western Reserve University; Specialist in Arts, Western Michigan University; Ph.D., University of Akron. Associate Professor of Educational Curriculum and Instruction.

O. Dale Schnetzer, 1970. A.B., Franklin and Marshall College; M.A., University of Illinois; Ph.D., Johns Hopkins University. Associate Professor of Philosophy, Department of Humanities, Firelands College.

Janet A. Schnupp-Lee, 1970. B.S., M.A., Bowling Green State University. Assistant Professor of Educational Curriculum and Instruction.

Roger Schupp, 1992. B.M., M.M., Central Missouri State University; D.M.A., University of Texas at Austin. Assistant Professor of Percussion.

William L. Schurt, 1967. B.A., Bowling Green State University; M.S.L.S., Case Western Reserve University. Professor, Library.

William M. Scovell, 1974. B.S., Lebanon Valley College; Ph.D., University of Minnesota. Professor of Chemistry.

Monica A. Longmore-Scott, 1993. B.S., Oregon State University; M.A., University of New Hampshire; Ph.D., Washington State University. Assistant Professor of Sociology.

Steven Seubert, 1987. B.S., Case Western Reserve University; M.S., Ph.D., University of Virginia. Associate Professor of Mathematics and Statistics.

Kenneth M. Shemberg, 1966. B.A., University of Denver; Ph.D., University of Nebraska. Professor of Psychology.

Patricia A. Shawokls, 1993. B.S., M.S., East Stroudsburg State University; Ed.S., Ph.D., University of Georgia. Assistant Professor of Kinesiology and Health Physical Education and Recreation.

Glenn Shields, 1989. B.S., Eastern Michigan University; M.S., University of Michigan; Ph.D., Tulane University. Associate Professor and Chair of Social Work.

Peter Shields, 1993. B.A., M.A., Ph.D., Ohio State University. Assistant Professor of Telecommunications.

Ronald E. Shields, 1968. B.A., M.A., Bob Jones University; Ph.D., Louisiana State University. Associate Professor and Chair of Theatre.

Wei Shih, 1972. B.A., National Taiwan University; M.B.A., City University of New York; Ph.D., New York University. Professor and Chair of Applied Statistics and Operations Research.

Charles Shirkey, 1969. B.S., Ph.D., Ohio State University. Associate Professor of Physics and Astronomy.

Peteran Schniel, 1985. B.S., M.Ed., Bowling Green State University; Ph.D., University of Toledo. Associate Professor of Educational Foundations and Inquiry.

Gary S. Silverman, 1968. B.A., Claremont Men's College; M.S., University of California, Berkeley; D.Env., University of California, Los Angeles. Professor and Director, Environmental Health Program.
Irwin W. Silverman, 1968, B.A., Brooklyn College; M.S., Ph.D., Purdue University. Professor of Psychology.

Sue Carter Simmons, 1989, B.A., Mississippi College; Ph.D., University of Texas. Associate Professor of English.

Marc V. Simon, 1990, B.A., M.A., Ph.D., Indiana University. Assistant Professor of Political Science.

Charles Simpson, 1974, B.S., Southwest Missouri State University; M.Ed., University of Missouri; Ph.D., Indiana University. Assistant Professor of Health, Physical Education and Recreation and Gymnastics Coach.

John Slinn, 1984, B.S., M.S., Indiana State University; Ed.D., West Virginia University. Professor of Technology Department of Technology Systems.

David C. Skaggs, 1965, B.S., M.A., University of Kansas; Ph.D., Georgetown University. Professor of History.

Ewart C. Skinner, 1980, B.A., American University, Cairo; M.A., University of Illinois. Professor of History.

Stephen E. Skomp, 1986, B.S., Indiana University; M.B.A., Texas Christian University; D.B.A., Oklahoma University. Professor of Finance.

Fiona MacKinnon-Slaney, 1988, B.A., Denison University, M.S., University of Bridgeport; Ph.D., Ohio State University. Associate Professor of Higher Education and Student Affairs.

Larry H. Smoll, 1964, B.S., M.A., Kent State University; Ph.D., Ohio University. Associate Professor of Communication Disorders.

Bruce W. Smith, 1970, B.A., State University of New York, Potsdam; M.A., Ph.D., University of Illinois. Professor of Geography; Director of the Cooperative Education Program with joint appointment in the College of Health and Human Services.

Carla S. Smith, 1985, B.S., University of Houston; M.A., Ph.D., Rice University. Associate Professor of Psychology.

Dale W. Smith, 1983, B.A., Colgate University; M.S., Ph.D., University of Washington. Associate Professor of Physics and Astronomy.

James M. Smith, 1992, B.S., California University of Pennsylvania; M.A., Ph.D., University of Maryland. Assistant Professor of World Class Manufacturing, Department of Applied Sciences, Firelands College.

Larry R. Smith, 1970, B.A., Muskingum College; M.A., Ph.D., Kent State University. Professor of English and Humanities, Department of Humanities, Firelands College.

Stan Lee Smith, 1980, B.S., M.S., Purdue University; Ph.D., Northwestern University. Professor of Biological Sciences with joint appointment in the College of Health and Human Services.

Deanne L. Snavely, 1986, B.S., Ohio State University; Ph.D., Yale University. Associate Professor of Chemistry.

Kenneth C. Sneed Jr., 1988, B.S., Ohio State University; M.A., Ph.D., University of South Carolina. Associate Professor of Accounting and Management Information Systems.

Kay Soltess, 1986, B.S., University of Cincinnati; M.H.E., Bowling Green State University. Assistant Professor of Family and Consumer Science with joint appointment in the College of Health and Human Services and Director, Dietetics.

William Southern, 1986, B.A., M.A., Ph.D., Indiana University. Associate Professor of Special Education.

William R. Speer, 1976, B.S., M.S.Ed., Northern Illinois University; Ph.D., Kent State University. Professor of Educational Curriculum and Instruction.

Robert R. Speers, 1973, B.S. University of Michigan; M.S., Ph.D., Ohio State University. Associate Professor of Physics, Department of Natural and Social Sciences, Firelands College.

Herbert A. Spencer Jr., 1971, B.M., Eastman School of Music; M.M., M.S., Ithaca College. Professor of Music Performance Studies.

Joseph G. Spinelli, 1969, B.S., M.A., Ohio State University; Ph.D., University of Florida. Associate Professor of Geography.

Melissa M. Spirek, 1992, B.A., M.A., Ohio State University; Ph.D., Purdue University. Assistant Professor of Telecommunications.

Charles Spontelli, 1977**, B.S., Kent State University; M.S., Rochester Institute of Technology. Associate Professor of Visual Communication Technology and Technical Education.

Vakula S. Srinivasan, 1972, B.S., M.S., University of Madras; Ph.D., Louisiana State University. Professor of Chemistry.

Michael E. Staub, 1994, B.A., Hampshire College; M.A., Ph.D., Brown University. Assistant Professor of English.

Catherine H. Stein, 1986, B.A., Oberlin College; Ph.D., University of Illinois. Associate Professor of Psychology.

Ray P. Steiner, 1968, B.S., M.A., University of Arizona; Ph.D., Arizona State University. Professor of Mathematics and Statistics.

Don C. Steinke, 1967, B.S., Indiana University; M.S., University of Kansas; Ph.D., University of California, Berkeley. Professor of Geology.

V. Jerome Stephens, 1970, A.B., Georgia State University; M.A., Ph.D., Indiana University. Associate Professor of Political Science.

Leslie Sternberg, 1994, B.A., M.A., Ph.D., University of Connecticut. Dean of College of Education and Allied Professions and Professor of Special Education.

Jay Stewart, 1980, B.A., University of Toledo; M.R.C., Bowling Green State University; Ph.D., University of Toledo. Assistant Professor of Special Education and Director of Rehab Counseling Program.

Edward Grant Stockwell, 1971, B.A., Harvard University; M.A., University of Connecticut; Ph.D., Brown University. Professor of Sociology.

Winifred Stone, 1971, B.A., West Virginia State College; M.Ed., University of Toledo; Ph.D., Florida State University. Associate Professor of Ethnic Studies; Associate Dean, Graduate College.

Ronald E. Stoner, 1965, B.S., Wabash College; M.S., Ph.D., Purdue University. Professor of Physics and Astronomy.

C. Carney Strange, 1978, B.A., St. Meinrad College; M.A., Ph.D., University of Iowa. Professor of Higher Education and Student Affairs.

James D. Stuart, 1968, B.S.L., Th.D., Cincinnati Bible Seminary, M.A., Ph.D., University of Cincinnati. Professor of Philosophy.

James A. Sullivan, 1971, A.B., Miami University; M.S., Ph.D., Ohio State University. Professor of Applied Statistics and Operations Research and Interim Dean of Business Administration.

Jean Sullivan, 1987, B.S., Ohio State University; M.S., Bowling Green State University. Lecturer in Computer Science.

Sherry E. Sullivan, 1993, B.S., Bowling Green State University; Ph.D., Ohio State University. Associate Professor of Management.

P. Thomas Tallarico, 1978, B.S., Indiana University of Pennsylvania; M.M., Duquesne University; Ph.D., West Virginia University. Professor of Music Education.

Barbee Teasley, 1973**, B.S., University of Tennessee; Ph.D., Indiana University. Professor of Computer Science.

Deborah A. Tell, 1979, B.S., Eastern Michigan University; M.F.A., University of Michigan. Associate Professor of Health, Physical Education and Recreation.

Philip Terrie, 1980, A.B., Princeton University; Ph.D., George Washington University. Professor of English.

Wallace L. Terwilliger, 1965, B.S., Clarion State College; M.A., Ph.D., Washington State University. Associate Professor of Mathematics and Statistics.

Roger Thibault, 1975, B.S., University of Wisconsin; Ph.D., University of Connecticut. Assistant Professor of Biological Sciences.

Jack Ray Thomas, 1965, B.A., Youngstown State University; M.A., Kent State University; Ph.D., Ohio State University. Professor of History.

Lundeana M. Thomas, 1990, B.S., Youngstown State University; M.A., Ph.D., University of Michigan. Assistant Professor of Theatre.
Adrian R. Tiro, 1979. B.A., Temple University; M.F.A., University of Cincinnati. Professor of Art and Associate Dean of the College of Arts and Sciences.

John Tisak, 1984. B.A., Pennsylvania State University; M.S., San Francisco State University; M.A., Ph.D., University of California. Professor of Psychology.

Martin Tisak, 1989. A.A., Merritt College; A.B., University of California at Berkeley; M.S., Ph.D., Stanford University. Assistant Professor of Psychology.

Gene Trentham, 1994. B.M., B.M.E., Oshkosh Baptist University; M.M., University of Missouri; Ph.D., University of Wisconsin. Assistant Professor of Music Composition and History.

Dunna Trautman, 1988. B.S., M.Ed., Bowling Green State University; Ph.D., Ohio State University. Assistant Professor, Visual Communication and Education.

Paul Trivette, 1993. A.B., M.Ed., Wake Forest University; Ph.D., Virginia Polytechnic Institute and State University. Assistant Professor of Education, Guidance, and Counseling Area.

Ryan B. Twaney, 1970. B.A., University of Chicago; M.A., Ph.D., Wayne State University. Professor of Psychology.

Harry L. Tyson, 1967. B.S., New Mexico State University; M.A., Northeast Missouri State University. Instructor in Health, Physical Education and Recreation.

Douglas C. Ulman, 1972. B.A., Rutgers University; M.A., Ph.D., University of Iowa. Professor of Psychology.

Eileen M. Underwood, 1985. B.S., St. Lawrence University; M.A., Ph.D., Indiana University. Associate Professor of Biological Sciences.

Peter G. VanderHart, 1991. B.A., Alma College; Ph.D., University of Wisconsin. Assistant Professor of Economics.

Hrundin N. Vazumeva, 1971. B.A., M.A., Panjab University; M.A., Ph.D., University of Michigan. Associate Professor of English.

Donna Irene Vatan, 1989. B.S., M.A., Texas Tech University. Assistant Professor of Family and Consumer Science.

Russell A. Velth, 1973. B.S., University of Wisconsin; M.S., Ph.D., Kansas State University. Associate Professor of Psychology.

Stephan N. Vessey, 1969. B.A., Swarthmore College; M.S., Ph.D., Pennsylvania State University. Professor of Biological Sciences.

Craig Vickdo, 1986. B.S., University of Wisconsin at Whitewater; M.A., Bowling Green State University; Ph.D., Ohio State University. Associate Professor of Psychology. Psychologist, Counseling and Career Development Center.

Robert Vincenti, 1993. B.A., B.S., Louisiana Tech University; M.S., University of Maryland; Ph.D., The University of Michigan. Associate Professor of Geology.

Charlene Waggoner, 1992. B.S., Bowling Green State University; M.S., The University of Denver; Ph.D., The University of Michigan. Instructor of Biological Sciences.

Todd Waggoner, 1989. B.S., M.Ed., Bowling Green State University; Ph.D., University of Toledo. Assistant Professor of Technology.

Jeffrey K. Wagner, 1981. B.S., The Pennsylvania State University; Ph.D., University of Pittsburgh. Assistant Professor of Geology. Department of Natural and Social Sciences, Firelands College.

Ralph Wahrman, 1967. B.A., Queens College; M.A., Ph.D., Michigan State University. Associate Professor of Sociology. Natural and Social Sciences, Firelands College.

I., Tatiana Wanshula, 1992. B.S., M.A., Ph.D., Northern Illinois University. Assistant Professor of Psychology. Department of Natural and Social Sciences, Firelands College.

Lynn M. Ward, 1972. B.S., Ohio State University; J.D., University of Akron. Associate Professor of Legal Studies.

Richard J. Ward, 1969. B.S., Michigan State University; M.B.A., Pennsylvania State University; D.B.A., University of Colorado. Associate Professor of Management.

Edward Weilant, 1988. B.A., University of Toledo; M.L.S., Kent State University. Assistant Professor, Library.

David Wells, 1966. B.S.E., Bowling Green State University; M.S., Ph.D., Purdue University. Associate Professor of Family and Consumer Science.

Christine Weisfelder, 1991. B.A., University of North Carolina at Chapel Hill; M.B.A., Ohio University; Ph.D., University of Michigan. Assistant Professor of International Business.

W. Jeffrey Welsh, 1981. B.A., Grove City College; M.A., Ph.D., Bowling Green State University. Associate Dean for Instruction, Associate Professor of History and American Culture Studies. Department of Natural and Social Sciences, Firelands College and Director, Lake Erie Regional Studies Program.

Marilynn F. Wentland, 1975. B.S., University of Wisconsin; M.C.D., University of Mississippi. Assistant Professor of Communication Disorders.

James S. West, 1971. B.A., St. Cloud State University; M.A., Mankato State University; Ph.D., University of Nebraska. Associate Professor and Chair of Marketing.

Alien S. White, 1967. B.A., University of Maine; M.F.A., Ohio University; Ph.D., Michigan State University. Professor of Theatre.

Jerry W. Wicks, 1976. B.S., Northern Arizona University; M.A., Ph.D., Bowling Green State University. Professor of Sociology.

James W. Wilcox, 1969. B.S., Western Michigan University; M.A., Ph.D., Purdue University. Professor of Interpersonal and Public Communication.

Ellen U. Williams, 1975. B.S.Ed., Bowling Green State University; M.Ed., University of Toledo; Ph.D., Bowling Green State University. Professor of Special Education with joint appointment in Health and Human Services.

Fred Williams, 1989. B.S.M.E., Carnegie Institute; M.S.M., Ph.D., Purdue University. Professor of Applied Statistics and Operations Research and Dean, College of Business Administration.

I. Clay Williams, 1975. B.S., M.S., H.S.D., Indiana University. Associate Professor of Health, Physical Education and Recreation.

R. Darby Williams, 1993. B.A., M.A., Ph.D., Ohio State University. Dean of Firelands College and Associate Professor of Humanities.

Julian H. Williford Jr., 1978. B.S., M.S., Ph.D., Virginia Polytechnic Institute and State University. Associate Professor of Family and Consumer Science with joint appointment in Health and Human Services.

Clyde R. Willits, 1984. B.S., State University of New York, Geneseo; M.A., Ph.D., Indiana University. Professor of Speech Pathology and Audiology and Dean, College of Health and Human Services.

Donald M. Wilson, 1967. B.A., University of Chicago; M.A., D.M.A., Cornell University. Acting Chair and Professor of Music Composition and History.

Richard J. Wilson, 1983. B.A., Foreign Services; M.Ed., Ph.D., Pennsylvania State University. Professor of Special Education.

Ruth Ann Wilson, 1989. B.S., Dayton University; M.Ed., Bowling Green State University; Ph.D., University of Toledo. Associate Professor of Special Education.

Sheila A. Wineman-Krieger, 1975. B.S., East Central University; M.Ed., Ph.D., University of Utah. Salt Lake City. Assistant Professor of Educational Curriculum and Instruction.

Ralph H. Wolfe, 1956**. B.S., M.A., Bowling Green State University; Ph.D., Indiana University. Professor of English and Gish Professor of Film Studies.

Ron C. Woodruff, 1977. B.S., M.S., East Texas State University; Ph.D., Utah State University. Professor and Chair of Biological Sciences.

Bonadine R. Woods, 1962**. B.S., M.S., Ohio State University. Associate Professor of Family and Consumer Science.

Sara J. Worley, 1991. B.A., Reed College; Ph.D., University of Pittsburgh. Assistant Professor of Philosophy.

Paul T. Wright, 1974. B.S., M.Ed., Bowling Green State University; Ph.D., University of Utah. Assistant Professor of Health, Physical Education and Recreation; Co-head Track and Field Coach.

T.W. Wu, 1981. B.A., Fu-Jen Catholic University; M.B.A., University of Georgia; D.B.A., Indiana University. Associate Professor of Marketing.

Thomas L. Wymer, 1966. B.A., Rice University; Ph.D., University of Oklahoma. Professor of English.

Hong-Mei Xiao, 1993. S.M., Shanghai Conservatory; M.M., State of New York at Stony Brook. Assistant Professor of Viola.

Elizabeth Yarris, 1983. B.S., M.A., Ph.D., University of Iowa. Associate Professor and Counseling Psychologist, Counseling and Career Development Center.

(Arthur) Bai-Yau Yeh, 1993. B.S., National Tsing Hua University, Taiwan; M.S., Ph.D., Rutgers University. Assistant Professor of Applied Statistics and Operations Research.

Jong Sik Yoon, 1978. B.S., Yonsei University, Korea; M.A., Ph.D., University of Texas, Austin. Professor of Biological Sciences.

Beverly Zanger, 1969. B.S., M.A., Bowling Green State University. Assistant Professor of Health, Physical Education and Recreation.

Richard A. Zeller, 1970. B.A., LaVerne College; M.A., Ph.D., University of Wisconsin, Madison. Professor of Sociology.

Yu Zhou, 1993. B.S., Nanjing Normal University; M.A., Ph.D., Clark University. Assistant Professor of Geography.
Emeriti Faculty

Virginia Merrell Austin, 1969-77. Associate Professor Emerita of University Libraries.

Thomas C. Beal, 1965-83. Assistant Professor Emeritus of Technology.

Giacchino Baldaccii, 1968-95. Associate Professor Emeritus of Romance Languages.

Ron F. Bandy, 1968-91. Associate Professor Emeritus of Art.

Jean Bateman, 1971-94. Associate Professor Emerita of Health, Physical Education and Recreation.

Dorothy Behling, 1961-95. Associate Professor Emerita of Family and Consumer Science.

Stewart Berry, 1966-84. Professor Emeritus of Educational Foundations and Inquiry.

Robert B. Blackwell, 1969-95. Professor Emeritus of Special Education and Interim Director of Rehabilitation and Counseling Programs.

Morgan M. Brent, 1957-85. Professor Emeritus of Biological Sciences.

Don Bright, 1968-92. Professor Emeritus of Business Education.

Prudence L. Brown, 1947-72. Associate Professor Emerita of Speech.

Harold Brubaker, 1973-94. Associate Professor Emeritus of Educational Curriculum and Instruction.

Antonio Buron, 1969-95. Associate Professor Emeritus of Romance Languages.

Benita S. Chambers, 1972-92. Assistant Professor Emeritus of Educational Curriculum and Instruction.

Norman S. Chambers, 1969-92. Associate Professor Emeritus of Special Education.

Donald Chase, 1971-90. Associate Professor Emeritus of Education Curriculum and Instruction.

John W. Chun, 1975-95. Associate Professor Emeritus of English, Department of Humanities, Firelands College.

Cornellus Cochrane Jr., 1964-85. Associate Professor Emeritus of Health, Physical Education and Recreation.

Florence S. Cook, 1966-78. Associate Professor Emerita of Library.

Samuel M. Cooper, 1946-75. Trustee Professor Emeritus of Health, Physical Education and Recreation.

Howard Cottrill, 1967-85. Associate Professor Emeritus of Libraries and Learning Resources.

June M. Coughlin, 1974-90. Librarian Emerita/Assistant Professor Emerita of Library and Humanities.

Don A. Cunningham, 1946-92. Associate Director Emeritus of Intercollegiate Athletics.

Thomas G. Davenport, 1969-85. Associate Professor Emeritus of Art.

John R. Davidson, 1946-76. Professor Emeritus of Marketing.

Keith Dearborn, 1971-93. Associate Professor Emeritus, Music Education.

Millicent deOliveira, 1970-85. Assistant Professor Emerita of Home Economics.

Helen Dermer, 1960-82. Assistant Professor Emerita of Education.

E. Eugene Dickerman, 1936-68. Professor Emeritus of Biology.

Carol Durentini, 1967-94. Assistant Professor Emerita of Health, Physical Education and Recreation.

Martha Eckman, 1963-90. Associate Professor Emerita of English.

Bruce E. Edwards, 1966-95. Associate Professor Emeritus of Economics.

Donald Ehrlichman, 1968-94. Associate Professor Emeritus of Art.

Merle E. Flamm, 1948-72. Assistant Professor Emeritus of Physics.

Willard Fox, 1959-81. Professor Emeritus of Educational Administration and Supervision.

Stefania Frank, 1965-85. Associate Professor Emerita of German and Russian and Romance Languages.

Emma Lila Fundaburk, 1966-88. Professor Emerita of Economics.

Clifford J. Gallant, 1970-85. Professor Emeritus of Romance Languages.

Micheline Ghibaudo, 1965-90. Associate Professor Emerita of Romance Languages.

Robert Gill, 1969-94. Assistant Professor of Health, Physical Education and Recreation.

Kenneth Green, 1967-85. Assistant Professor Emeritus of Business Education.

Bonita R. Greenberg, 1970-95. Associate Professor Emerita of Communication Disorders.

Patricia Griffith, 1973-94. Instructor Emerita of Special Education.

Willard Fox, 1959-81. Professor Emeritus of Educational Administration and Supervision.

Stefania Frank, 1965-85. Associate Professor Emerita of German and Russian and Romance Languages.

Clifford J. Gallant, 1970-85. Professor Emeritus of Romance Languages.

Micheline Ghibaudo, 1965-90. Associate Professor Emerita of Romance Languages.

Robert Gill, 1969-94. Assistant Professor of Health, Physical Education and Recreation.

Kenneth Green, 1967-85. Assistant Professor Emeritus of Business Education.

Bonita R. Greenberg, 1970-95. Associate Professor Emerita of Communication Disorders.

Patricia Griffith, 1973-94. Instructor Emerita of Special Education.

William N. Harris, 1963-81. Professor Emeritus of Educational Curriculum and Instruction.

Daniel Heisler, 1967-85. Associate Professor Emeritus of Educational Administration and Supervision.

Harold Henderson, 1970-90. Associate Professor Emeritus of Special Education.

George Herman, 1958-81. Professor Emeritus of Speech Communication.

Margit Heskett, 1965-79. Associate Professor Emerita of Bowling Green State University.

Laura E. Heston, 1918-64. Professor Emerita of Home Economics.

Kenneth R. Hille, 1968-93. Associate Professor Emeritus of Biology, Department of Natural and Social Sciences, Firelands College.

Robert L. Hillierich, 1975-87. Professor Emeritus of Educational Curriculum and Instruction.

Mary C. Hisongsong, 1938-67. Associate Professor Emerita of English.

Marie R. Hodge, 1965-84. Assistant Professor Emerita of Management.

Agnes M. Hooley, 1954-77. Professor Emerita of Physical Education and Recreation.

Haro!d

Gay Jones, 1989-85. Assistant Professor Emerita, Instructional Media Center.

Mercedes Junquera-Early, 1965-91. Professor Emerita of Romance Languages.

Delbert Karnes, 1970-84. Associate Professor Emeritus of Business Education.

Rita Keeve, 1960-88. Associate Professor Emerita of Educational Foundations and Inquiry.

Mark Kelly, 1968-94. Professor Emeritus of Music Education.

James Paul Kennedy, 1936-78. Trustee Professor Emeritus of Music.

Kathleen Kinawy, 1967-93. Associate Professor Emerita, Political Science.

Laura E. Kratz, 1965-76. Professor Emerita of Physical Education and Recreation.

Ronald Errol Lam, 1968-95. Assistant Professor Emeritus of Libraries and Learning Resources.

Mary Lane, 1963-79. Associate Professor Emerita of Home Economics.

Virginia E. Leland, 1948-78. Professor Emerita of English.

Angela Lindley, 1968-92. Associate Professor Emerita, Library.

Lenita C. Locey, 1971-95. Associate Professor Emerita of Romance Languages.

Dorothy Luedtke, 1948-83. Associate Professor Emerita of Health, Physical Education and Recreation.

Mary Mabry, 1963-92*. Associate Professor Emerita of Art.

Robert A. MacGuffie, 1969-90. Professor Emeritus of Special Education.

Elizabeth Mackey, 1965-78. Associate Professor Emerita of Home Economics.

Marilyn Madden, 1968-92. Associate Professor Emerita of Romance Languages.

Louis E. Manini, 1964-77. Associate Professor Emeritus of Music.

JoAnne Martin-Reynolds, 1974-94. Professor Emerita of Educational Curriculum and Instruction.

Harvey D. Minner, 1947-75. Associate Professor Emeritus of Industrial Education and Technology.

Wanda Montgomery, 1975-86**. Associate Professor Emerita of Home Economics.

Dorothy Moulton, 1946-69. Associate Professor Emerita of English.

Joyce P.T. Myles, 1966-84. Assistant Professor Emerita of Educational Curriculum and Instruction.

Elizabeth A. Neidecker, 1962-82. Associate Professor Emerita of Speech Communication.

Relda Niederhofer, 1969-91. Assistant Professor Emerita of Biology, Department of Natural and Social Sciences, Firelands College.

Philip O'Connor, 1967-92. Distinguished Research Professor Emeritus and Director of Creative Writing Program.

Janis Louise Pallister, 1961-85. Professor Emerita of Romance Languages and Distinguished University Professor.

Beryl M. Parrish, 1946-76. Associate Professor Emeritus of English.

Larry W. Parsons, 1970-92. Professor Emeritus of Health, Physical Education and Recreation; Director, Student Recreation Center.

Fayette M. Paulsen, 1963-90. Associate Professor Emerita and Special Assistant to Financial Aid and Student Employment.

Marilyn B. Perlmutter, 1972-93. Professor Emerita of Communication Disorders.

Patricia Peterson, 1963-94. Assistant Professor Emerita of Health, Physical Education and Recreation.

Diane Goodrich Pretzer, 1962-90. Associate Professor Emerita of Romance Languages.

Francis Rabalais, 1968-94. Associate Professor Emeritus of Biological Sciences.

Donald M. Ragusa, 1965-95. Associate Professor Emeritus of Psychology.

John K. Raney, 1939-62. Assistant Professor Emeritus of Industrial Education.

George Rendina, 1967-84. Professor Emeritus of Chemistry.

Joan Repp, 1978-91. Associate Professor Emerita and Director of Access Services Library.

Armin J. Riesen, 1976-85. Lecturer Emeritus, School of Health, Physical Education and Recreation.

Elton Ringer, 1946-87. Professor Emeritus and Associate Vice President for Planning and Budgeting.

Robert Romans, 1969-94. Associate Professor Emeritus of Biological Sciences.

Kenneth Rothrock, 1968-95. Associate Professor Emeritus of Sociology.

James Ruehl, 1956-84. Associate Professor Emeritus of Health, Physical Education and Recreation.

Elfreda M. Rusher, 1950-76. Professor Emerita of Business Education.

Sally Sakula, 1968-93. Associate Professor Emerita of Health, Physical Education and Recreation.

Charlotte Scherer, 1971-92**. Associate Professor Emerita of Educational Curriculum and Instruction and Director of Clinical and Computer Labs.

John R. Schuck, 1960-84. Professor Emeritus of Psychology.

John Paul Scott, 1965-80. Research Professor Emeritus of Psychology; Director, Center for Research on Social Behavior. Regents Professor.

Eldon Snyder, 1964-95. Professor Emeritus of Sociology.

Dzidra Shilaku, 1959-85. Associate Professor Emerita of German and Russian.

L. Edward Shuck Jr., 1964-82. Associate Professor Emeritus of Political Science.
Emeriti Faculty

Harold Skinner, 1965-78, Professor Emeritus of Music Education.

Irene Skinner, 1966-80, Assistant Professor Emerita of Home Economics.

Kirk H. Smith, 1971-93, Professor Emeritus of Psychology.

Patricia C. Smith, 1966-80, Professor Emerita of Psychology.

Marvin J. Smith, 1970-84, Associate Professor Emerita of English.

Lilian A. Spraitzer, 1989-93, Professor Emeritus of Sociology.

Beatrice Sprigge, 1965-93, Assistant Professor Emerita of Library and Learning Resources.

Genevieve S. Strong, 1987-95, Associate Professor Emerita of Educational Foundations and Inquiry.

Nancy Steen, 1965-90, Assistant Professor Emerita of Library and Learning Resources.

John J. Stickle, 1970-89, Assistant Professor Emeritus of German, Russian and East Asian Languages.

Elisabeth Stimson, 1977-94, Associate Professor Emerita of Educational Curriculum and Instruction.

Robert E. Stinson, 1949-82, Professor Emeritus of Art.

Sidney Stone, 1944-76, Professor Emeritus of Speech Communication.

Cynthia Strong-Ilfig, 1962-93, Professor Emerita of Biological Sciences.

Jerry Streichler, 1967-93, Professor Emeritus of Visual Communication and Technology Education.

Thomas G. Stubbe, 1963-85, Assistant Professor Emeritus of Health, Physical Education and Recreation.

Kelman Szekely, 1960-96, Associate Professor Emeritus of Libraries and Learning Resources.

Ina Temple, 1965-92, Associate Professor Emerita of Health, Physical Education and Recreation.

Max A. Tindall, 1941-66, Associate Professor Emeritus of Education.

Edwin Tonnessen, 1971-93, Professor Emeritus of Management.

Malachi C. Topping, 1970-89, Professor Emeritus of Radio-Television-Film.

Ivan Trusler, 1966-85, Professor Emeritus of Music Education.

Duane E. Tucker, 1959-89, Professor Emeritus of Radio-Television-Film.

M.E. Betty van der Smisse, 1979-90, Professor Emerita of Health, Physical Education and Recreation.

Glenn I. Van Wormer, 1947-1979, Associate Vice-President/Associate Professor Emeritus.

Glenn Vanney, 1970-95, Professor Emeritus of Management.

Karl E. Vogt, 1968-93, Professor Emeritus of Management and Trustee Professor.

Jack Ward, 1968-91, Associate Professor Emeritus, Instructional Media Services.

Mary A. Watt, 1954-78, Professor Emerita of Physical Education and Recreation.

Joseph E. Weber, 1937-74, Professor Emeritus of Chemistry.

Martha Gesling Weber, 1946-75, Professor Emerita of Education.

David H. Weinberg, 1971-95, Professor Emeritus of History.

Morris J. Weinberger, 1968-85, Professor Emeritus of Education Administration and Supervision.

A. John White, 1966-93, Professor Emeritus of Health, Physical Education and Recreation.

Phillip R. Wigg, 1948-82, Professor Emeritus of Art.

Fred E. Williams, 1959-85, Professor Emeritus of Educational Curriculum and Instruction.

Larry Willis, 1970-94, Associate Professor Emeritus of Educational Curriculum and Instruction.

Laura Wilson, 1964-77, Professor Emerita of Education.

Mitton E. Wilson, 1968-82, Professor Emeritus of Legal Studies.

Warren Wolfe, 1961-87, Professor Emeritus of Romance Languages.

Peter Wood, 1971-95, Associate Professor Emeritus of Educational Foundations and Inquiry.

Marjorie S. Wright, 1969-82, Associate Professor Emeritus of Art.

Nancy Mills Wyant, 1969-83, Professor Emerita, Counseling and Career Development Center.

Raymond Yeager, 1950-80, Professor Emeritus of Educational Administration.
