Dear Friends and Colleagues,

Happy New Year and welcome to the winter 2018 edition of Bowling Green State University Libraries newsletter. There are many exciting new developments that the library is proud of and this newsletter provides important details about all of them. I am excited to highlight some of the hard work of the library faculty and staff that made all of these developments possible.

In November, we celebrated the 50th anniversary of the Wm. T. Jerome Library by looking back at our biggest milestones, celebrating current and former employees and delighting in the number of patrons that we have served. A Message From the Dean

More 50th anniversary memories

Mark Kelly Inspires with Tales of Space,
center of the BGSU campus.

As part of the events commemorating our 50th anniversary celebration, University Libraries hosted astronaut and author **Mark Kelly** to headline the Ordinary People, Extraordinary Stories lecture series this fall. Kelly captivated the audiences with lessons learned from his extensive travels and experiences in the Navy, outer space and on the ground. He also shared an inspiration message about the recovery and resilience of his wife Gabrielle Giffords.

Finally, I would like to thank all of our new and continuing donors and supporters. Your donations help the library improve services and resources for all of our patrons.

Sincerely,

**Sara A. Bushong**
Dean, University Libraries
