Greetings

Today we are glad to welcome Wittenberg to our campus.

We are proud of this most recent addition to our gridiron relationships. In only the last two years have our gridders met and both games resulted in upsets. Two years ago we surprised the Fighting Lutherans by winning 13 to 0. Last year they upset us 12 to 0 when we were expected to win.

This year the two clubs are figured to be so even in the dope that neither is favored and may the best team win. It is the desire of the Bowling Green State University athletic department to continue a gridiron relationship, so well begun, through many years to come.

Bowling Green State University can well be proud of the fine football field, tennis courts and track and field layout which will soon be completed. She can anticipate with unbounded pride the completion of the fine new Woman’s Gym and the proposed new Nata- torium and Men’s dormitory buildings.

We also are proud of these new improvements and additions. We are glad to have had the pleasure of furnishing part of the materials for those additions now in the state of completion.

PLAYING IT SAFE

'With the ball inside your own thirty yard line, kick on third down'

This is one of the sound principles of football strategy. It doesn't pay to take the unnecessary chance of a fumble or a blocked kick, deep in your own territory.

When you look for a bank to entrust with your money, you want an institution that is run on sound principles of banking practice that have been established over the years.

You want a bank that will be safe, not spectacular.

Our steadfast devotion to these principles of sound banking practice is responsible for the complete confidence which the community places in us. It has made possible our contribution to its growth and development.
