Greetings

To Our Alumni and Our Friends from Kent:

I have the very great privilege today to greet the graduates of the first class since I came on the campus and at the same time to greet all of our alumni and former students.

We are happy in the changes that have been made during the year and the changes that are now in progress. You have learned, and we are happy of the fact that the Bowling Green State University is rapidly growing.

We rejoice with you in the reunions that are taking place and we trust that your work, wherever you are engaged, is going on both pleasantly and profitably.

Will you please aid me and the folks here at home in extending to our friends from Kent, a most kindly greeting. We hope to win today, they do too.

A few days ago I was most kindly received by the Trustees, faculty and students of Kent on the occasion of the inauguration of Dr. K. C. Leebrock as their new president. I cannot repay that debt without your help.

May we all have the privilege of looking back on this day as a pleasant memory.

Sincerely yours,
R. E. OFFENHAUER

Our Traditional Foe

Today two institutions which started life together under the same legislative act of 1910, becoming Normal schools together first, then colleges, and finally universities simultaneously, meet for the tenth time in their history on the gridiron. As sister schools their rivalry is naturally traditional.

Kent, located in the most densely populated section of Ohio, has a much greater enrollment and is called America's fastest growing university. Bowling Green happens to be America's second fastest growing university.

Until 1935 Kent was unable to defeat the Falcons on the gridiron but since then, the best that Bee Gee has been able to do is to tie the Golden Flashes. Bowling Green has won 3, lost 2 and tied 4 games with them. They are out to even that score today.

It is interesting to note that Kent has a monstrous backfield and a lighter line. The ball carrier average 198 pounds while the line averages 178. The entire team averages 185. Bowling Green averages 186 in the line, 164 in the backfield and 178 over all.

Until last week the Flashes were undefeated in five games and showing a record of scoring which broke all previous records at that institution. Their victories over Alfred Holbrook and Buffalo set successive records for the biggest scores ever rolled up by a Kent team.

Last week they lost to John Carroll 27 to 6, a team which had previously beaten Bowling Green 20 to 0. They defeated Findlay 13 to 7, Ohio Northern defeated Findlay 12 to 9 and Bee Gee played Northern to a scoreless tie. The dopesters figure the Falcons as slight underdogs but the game should be one well worth watching.

Appearing in uniform for the last time on the home gridiron will be eight Bowling Green players. They are Capt. Wayne Stewart and Steve Penton, backs; Dick Hagameyer, center; Dale Herbert and Matt Dotson, guards; Don Brentlinger and Arden Rathbun, tackles, and Dan Clingaman, end.

Cagers Start Drill

With basketball practice already under way and the football season rapidly waning, the attention of the followers of the Falcons naturally is beginning to turn to the cage sport prospects.

The high rating of the local cagers in Ohio last season when they turned in the best record in the history of the school has given others cause to look toward Bee Gee as a threat to others in the Ohio Conference during the 1938-39 season.

A hard schedule which includes 10 home games and 11 on the road faces a squad which promises to be made up for the most part of seasoned veterans. Pat Cordisco, guard, will captain the crew. A certain fixture at the other guard is Harold Bishop, All-Ohio selection on many teams last season.

Big Jim Zechman, sensational 225 pound shooting ace, who gained honorable mention for All-Ohio honors last year, will be back at forward. Duff Madaras, Pete Pick and Dick Wilke are lettermen expected to report again. From among those on the squad who did not receive letters last year there are Dick Hagameyer, Jack McNeel, Mike Marko, Paul Miles, Archie Steele, Merlin Budd, and Ed. Welker.

A quartet of players from the Frosh squad may make some of them hustle. Tom Mussill, George Dunn, Leroy Croyle and Lynn Powell are considered possibilities.

The Bands Perform

An essential part of every football game is the show that the band presents both before the game, between halves and during the various intermissions. In this department Bowling Green State University has been exceptionally fortunate.

One of the finest marching college bands in the country graces the Falcon campus under the direction of Prof. Charles F. Church, Jr. Not only is the organization musically well balanced and excellently trained, but it has entertained football crowds this year by some of the finest of marching stunts.

Dick Fruth, a sophomore of Fostoria, is again the chief drum major of the band and has charge of all formation drilling. An added attraction this season is the appearance of two freshman students who have already indicated their excellence in the tricks of baton twirling. Miss Jane Shaw, of Fostoria, is teamed opposite James Falls, of Bowling Green, and the two give some of the finest demonstrations ever seen on the local campus.

Today, in addition to the entertainment presented by the Falcon band, the campus is proud to act as hosts to the fine marching band from Kent State University. The campus welcomes the musicians from our sister university, who are returning a visit made by the BG band to Kent State University last autumn.

A BIG WPA PROGRAM

Nearing completion on the campus is a vast WPA project which has provided us with a new football field, tiled and provided with a fine pumping and sprinkling system, new concrete tennis courts, horse-shoe courts and shuffleboard courts. Soon completed will be the finest cinder track layout in Ohio with double pits for field events. All of the buildings were repainted and some new sidewalks have been built. The project amounted to $103,000.

LET'S WALK AROUND THE CAMPUS!

BOWLING GREEN STATE UNIVERSITY LOOKS EVEN BETTER THAN BEFORE. THE SAME SPIRIT OF PROGRESS WHICH KEEPS IT IN THE FRONT RANKS OF EDUCATIONAL INSTITUITIONS IS DICTATING PHYSICAL IMPROVEMENTS ON ALL SIDES.

WE LIKE TO FEEL THAT WE HAVE CONTRIBUTED IN SOME SMALL WAY TO THE NEW BEAUTY OF THE CAMPUS. ARCO PAINTING MATERIALS HAVE BEEN USED ON MANY OF THE SURFACES. THEY, TOO, ARE THE RESULT OF STEADY AND CONTINUED PROGRESS—IN PAINT RESEARCH AND MANUFACTURE. WE HOPE THAT THE ARCO PAINTS USED AT BOWLING GREEN STATE MAY MAKE YOUR VISIT MORE ENJOYABLE.

NEW BUILDINGS FOR B. G.

The large building now under construction northwest of the stadium is the first PWA project to be placed under construction under the new 1938 program of the Administration. It is a new Woman's Physical Education building and will be completed for occupancy next summer.

Two large gymnasiums, classrooms, locker rooms, archery and bowling alleys, correctional gymnasiums and the like will make it one of the finest women's gyms in the country.

The W. J. Gillespie Co., of Bowling Green, is doing the plumbing on it, W. F. Schmidt, of Dayton, has the heating contract while E. C. Reitz, of Bellevue, is handling the electrical contract.

The second part of this big PWA project is soon to get under way and will be under construction within a fortnight it is promised. It is the new Natatorium, which will be located directly between the Men's Gym and the Women's Gym with hallways connecting each.

The pool will be 75 feet by 35 feet, will be of tile and will be lighted from the bottom of the pool. Tile walls and cork ceiling with indirect lighting will provide a perfect setting for intercollegiate swimming meets. The east wall will feature glass tile walls.

New Men’s Dorm

Recently approved and to be rushed to completion before next September is the new Men’s Dormitory, something that Bowling Green State University has long needed. Estimated at $190,000, the new men’s dorm will be located where the engineer’s house is now located back of the Training School Building along Wooster Street. The bids are to be opened on Monday, November 28, at 2 p.m. in Columbus.

It will house 162 men, will have a large dining room, kitchen and other facilities of that nature. There will be three stories above the basement floor where large rooms will provide the finest housing facilities possible for the men students.

Lounge rooms, manager’s headquarters, pressing rooms and other features are planned. Pres. R. E. Offenhauer is most elated in being successful in launching this project and believes that the male population of the campus will show a decided increase when the new dormitory is completed.

POSSIBLE FUTURE PROJECT

In addition to the WPA program on the campus this year a supplementary project for 1939 may add many more fine improvements.

A new baseball diamond was to have been built this year but probably will have to be made a part of a 1939 project. A new out-door theatre is highly desirable. Many new cross-campus sidewalks are needed and there are needed projects of like nature which may be included.

All of which indicates that Bowling Green State University is growing more rapidly than ever before and will continue to try to be deserving of the fine support of the alumni, faculty, student body and all of their friends.

You Can Be Proud

Bowling Green State University can well be proud of the fine football field, tennis courts and track and field layout which will soon be completed. She can anticipate with unbounded pride the completion of the fine new Woman's Gym and the proposed new Nata- torium and Men's dormitory buildings.

We also are proud of these new improvements and additions. We are glad to have had the pleasure of furnishing part of the materials for those additions now in the state of completion.

PLAYING IT SAFE

‘With the ball inside your own thirty yard line, kick on third down’

This is one of the sound principles of football strategy. It doesn't pay to take the unnecessary chance of a fumble or a blocked kick, deep in your own territory.

When you look for a bank to entrust with your money, you want an institution that is run on sound principles of banking practice that have been established over the years.

You want a bank that will be safe, not spectacular.

Our steadfast devotion to these principles of sound banking practice is responsible for the complete confidence which the community places in us. It has made possible our contribution to its growth and development.
