FALCONS VERSUS OTTERBEIN
Three times in the past have the Cardinals and Falcons met on the gridiron. In 1925 and again in 1927 the two played to scoreless ties. In 1934, the last season that Warren Steller was football coach, the Falcons defeated Otterbein 20 to 7.

OTTERBEIN UNFORTUNATE
Today's visitors have been unfortunate in four games and may rebound today against the Falcons. They have lost four games straight as follows: Muskingum 32-0, Case 51-0, Wittenberg 51-0 and Waynesburg 32-0.

GO FORWARD
Bowling Green State University

We are happy to note the growth of the university each year and this year the exceptional increase in enrollment is gratifying to us. May we make the acquaintance of the new students and once more greet those who have attended college here in past years.

SECOND TO NONE

THREE MORE BUILDINGS HAVE BEEN ADDED TO THE PHYSICAL EQUIPMENT OF BOWLING GREEN STATE UNIVERSITY PROVIDING HER WITH A PHYSICAL EDUCATION PLANT WHICH IS SECOND TO NONE IN THE COUNTRY.

WE ARE PROUD OF THE PART WE PLAYED IN THEIR CONSTRUCTION.

The Wood County Stone & Construction Co.
SOUTH DIXIE HIGHWAY

Meat From The Electric Oven

You, too, will be an expert meat cook with an electric range. It used to be quite a trick to turn out a roast that was perfectly browned, and still juicy and tender. But now, with your electric oven to boss the job, it's simplicity itself. All you have to do is prepare the meat, and put it in the oven. The moist, controlled heat takes care of the browning and basting.

We Continue To Grow

Bowling Green State University starts her 26th year with a record registration of 1,425 students and no small part of that is due to the rapidly expanding physical plant.

The opening of school observed the first use of the new Men's Dormitory named in honor of Dr. Clayton C. Kohl, beloved of all who knew him and his name now immortally honored in a fine monument to youth. This structure houses 162 men and there is no doubt but that the facilities thus offered make the university more attractive to men.

Now for the first time is a suitable gymnasium available for the exclusive use of the women of the campus in the fine new building dedicated to that purpose. Up to the present the co-eds have been jammed into such inadequate quarters for physical education that it is difficult to imagine how they accomplished what they did. Now no school in this part of the country can pride themselves on better facilities for Physical Education for Women.

The show-place of the campus is the beautiful Natatorium, located between the Men's and Women's Gymnasiums. Perhaps Bowling Green enthusiasts are bursting with so much pride that they boast a little more than they ought about it, yet there are few authorities who have seen it who do not declare the place one of the finest that they have ever seen anywhere.

All these facilities and more unite to provide Bowling Green with increased facilities for greater good to a greater number of citizens than she has ever before provided. This fall's increase in the student body may indicate that the second quarter of a century for Bowling Green may see her take a place as one of the largest and finest educational institutions in Ohio.

NATATORIUM IS BEAUTY SPOT

Alumni and Homecoming visitors this weekend may view for the first time three new buildings, which have been completed and are now in use on the campus. Of the three new structures, possibly the most interesting one to the public, although it is the smallest, is the new Natatorium.

Recently opened by M. Budd Cox, new member of the Physical Education staff, the pool bids fare to become a most popular place for the students and faculty. It will soon be dedicated.

The interior of the building is beautifully lined with blue and white tile. The pool is lined with white tile and the water is kept so clear that one is able to see the bottom of the pool at all times. There are many under-water lights in the pool which not only aid in its attractiveness but also provide added safety when many are in the pool at the same time.

Seven lanes for high school and intramural competition and five lanes for intercollegiate competition, provide the pool with equipment for races. There are two diving boards at the east end, delightfully lighted in the daytime by a transparent background of glass brick.

The ceiling is of cork to eliminate echoes and the seating capacity of the room is estimated at 600.

An inter-collegiate team will be organized this year under Coach Cox, who expects that Bowling Green will be host to the Ohio Conference Swimming meet sometime in the next few years.

Playing It Safe

"With the ball inside your own thirty yard line, kick on third down."

This is one of the sound principles of football strategy. It doesn't pay to take the unnecessary chance of a fumble or a blocked kick, deep in your own territory.

When you look for a bank to entrust with your money, you want an institution that is run on sound principles of banking practice that have been established over the years.

You want a bank that will be safe, not spectacular.

Our steadfast devotion to these principles of sound banking practice is responsible for the complete confidence which the community places in us. It has made possible our contribution to its growth and development.

The Bank of Wood County Co.

Member of The Federal Deposit Insurance Corporation
