Home-Coming Was Great Day

Team Ties Toledo U.

The First Annual Home-Coming of the Bowling Green College on November 4 was a decided success. About 500 former students came for the day's events. The program consisted of a mass meeting in the auditorium, a parade, a football game, group meetings and a party at night. The Win-One Club had charge of the day's program.

In the afternoon B. G. N. C. tied Toledo U. 6 to 6 and thereby won the championship of the Northwestern Ohio Intercollegiate Association.

The mass meeting took place at 9:30 a.m. in the auditorium. Prof. Carmichael presided. H. K. Moore, '23 gave the address of welcome and Helen Shafer, '22 gave the response. Ivan E. Lake, '23 gave a talk on "What We Expect From Our Alumni." Dr. Williams also greeted the former students.

The parade formed on the Court street drive of the college. Almost every organization in the school was represented by a float that was either of an artistic or an humorous nature. This parade went down E. Court, Prospect street, E. Washington to South Main and from thence thru the business district.

The game was played at the fair-grounds soon after the parade arrived. About 2,000 people saw this game and 500 of these came with the Toledo U. team. The score was a tie of 6 all. Quarterback Herrick was out of the game with a bad knee. The B. G. score came as a result of Younkin block-

To Debate Heidelberg

The Varsity Debating Club is tackling a very stiff proposition this year in debating with Heidelberg. This debate will take place the latter part of January. Heidelberg has put out winning teams for a number of years and it is the aim of the B. G. N. C. team to provide an outstanding exception to their record.

The Club put on a banquet to the prospective audience.

(Continued on page 2)

Glenn Frank to Speak

Glenn Frank, the brilliant young editor of the Century Magazine will speak on "New Order vs Disorder" in the College Auditorium Tuesday evening, December 5th. Mr. Frank was a member of the group headed by Ex-President Taft that drafted a covenant for the League of Nations.

Mr. Frank gave a very fine address at the Northwestern Ohio Teacher's Conference at Toledo several weeks ago, and everyone should welcome this splendid opportunity to hear a man so well versed in modern affairs.

1800 People Visited Museum

Prof. E. L. Moseley opened the museum of the Science Building to the public on Saturday and Sunday, November 4 and 5. A count was kept on Sunday and 1335 visited the displays on that day. Perhaps 500 more had attended on Saturday.

Aside from the large collections of many kinds of fish, amphibia, reptilia, vertebrates, plants of all kinds etc., etc., several things were of especial interest. A number of specimens of Japanese and Chinese art were there. A plant discovered by Prof. Moseley and named after him was there. Harry Towers had his radio set and was getting music from Detroit. Helen and Edith Cain played on Hawaiian guitars. A human brain, skull and the skeleton of a Chimpanzee interested many people. Demonstrations by students occurred in all departments.

Local People at N. W. O. T. A.

Students and faculty of B. G. N. C. took a very prominent part in the Northwestern Ohio Teachers' Association meeting at Toledo on October 28.

The college served a luncheon to 500 friends and former students at LaSalle & Koch's at 12:30 on Friday at which the college quartet sang. In the afternoon those members of the faculty who took part in the departmental meetings were E. L. Moseley, Dr. C. C. Kohl, J. R. Overman, R. M. Tunnicliffe and W. P. Holt. All but Dr. Kohl were chairmen of their respective meetings. Dr. Kohl spoke on "The Place of American History in the Training for Citizenship."
Home-Coming Was Great Day

(Continued from page 1)

ing a T. U. punt and Skibbie falling on it as it rolled over the goal line. The whole team showed that fighting spirit so characteristic of B. G. N. C. teams. Toledo U. made a touchdown after covering a B. G. fumble on the ten yard line in the second quarter. The locals were penalized 5 and then Stick plunged the ball over. The Bee Gee team is considered fortunate to have tied Toledo U. considering the way Toledo fought November 4. Every Toledo man was right on the job playing a clean, hard game and B. G. N. C. was lucky to have a good share of the “breaks.” On the other hand B. G. was seriously handicapped by not having the services of quarterback Hesrick who is considered by some as the best passer in the conference.

A snake dance after the game, led by a 1902 Cadillac chugging away in its ancient dotage took the crowd through the Main street to the corner.

Group meetings of the home-comers were held from then on and the day soon ended for former good times at B. G. N. C. were discussed.

The concluding event of the day was the party at night in the gymnasium. About 400 were present.

A great deal of credit for the success of the day should be given to Ivan Lake, president of the Win-One Club. It was Lake who planned this day and engineered it to success.

To Debate Heidelberg

(Continued from page 1)
debaters the latter part of October and aroused much enthusiasm for the year’s struggles. Dr. Williams, Mr. Biery, Mr. Carmichael, John Mc- Dowell, C. D. Fox and H. K. Moore spoke at this banquet. This banquet brought out the fact that there are a number of experienced debaters in school.

The Heidelberg debate is one of several debates to be held this year. Negotiations are on with Ypsilanti Normal, Defiance College, and Bluffton College. Two of these schools may be induced to join us in a triangular affair.

Alumni Spirit

Every educational institution must depend on its alumni for a number of things. In private institutions this dependence is even financial in character. The support B. G. N. C. looks to from her alumni is more spiritual and intangible.

The Home-Coming, the banquet at Toledo during the N. W. O. T. A. and other more remote meet-

ings have shown that B. G. N. C. has a very large body of active, enthusiastic alumni ready to support the college on any and every occasion. Someone has said that there must be 20,000 teachers in Ohio who have received training in Bowling Green College. Many of these are now holding administrative positions in the schools where they are. This body of teachers will be a great boosting and supporting force for a still bigger and greater B. G. N. C.

Plays Well Presented

The first production of the drama class for this year was given on the evening of Home-Coming day, November 3. The evening’s major play was Little Women and The Dear Departed was given as the curtain raiser.

Much credit is due the members of the casts and several appeared on the college platform for the first time. A few of the casts were in last year’s drama class and were more at home on the stage.

Both plays were well presented and to Miss McCain, who has charge of the dramatics, great credit is due for the artistic and financial success of the plays.

The next play will be given in January 1923.
Victory Party

On Saturday evening, October 14th, a party was given in the gymnasium of the college by the A. B. C. Club to celebrate our victory over Findlay in the first conference game of the season. Coach and Mrs. Snyder lead the grand march, followed by the football men. The music was good. All had a delightful evening.

Hallowe'en Party

Every one surely had a fine time at the Hallowe'en party, November 25th. There were ghosts and goblins and all sorts of creatures present. Prizes were awarded to Mr. Bentley, Donnel Smith, and "The Five Brothers." The customary Hallowe'en refreshments were served. However, all had to be sent home at an early hour, so as to be able to make their appearance at school the following morning.

Findlay Beaten 26-0

Bowling Green College won her first game of the season on October 14 at Findlay by a score of 26 to 0. The Orange and Brown's first score came when Castner caught a bad punt on the one yard line and put the ball over. After that the locals let loose with an aerial attack and soon had the conference tail-enders whipped.

Coach Snyder used a different combination in this game, shifting Skibbie to end and Hesrick to quarterback with McMann at full. It worked better than any other he had tried.

Defiance Decisively Downed

Quarterback Hesrick of our Varsity eleven was too much for the strong and heavy Defiance team on October 19. Projected by a fighting line that held remarkably well considering their opponent's weight, "Dutch" passed and punted with the precision of a veteran.

The elevens clashed on even terms throughout the opening period.

When the second period opened Defiance had the ball on B. G.'s 43 yard line. The visitors dug in their toes and punted thru time after time in a mad rush for a touchdown. In desperation they attempted a drop kick from the 25 yard line. This failed and took the heart out of them. B. G. marched thru to their 45 when Defiance intercepted a pass and after plunging to B. G.'s 38 they again tried a drop kick. This attempt also failed and was run back to our 20 yard line. There the visitors had a chance to score but time was called.

Huntington College of Indiana was an easy team to handle. Ryder's 80 yard run from the first kick off and Hesrick's 30 yard place kick were the features.

Huntington Lost, 38-6

Huntington College of Indiana was an easy team for the State College and was defeated by a 38 to 6 score October 28 in a game that was a poor exhibition of football. Ryder's 80 yard run from the first kick off and Hesrick's 30 yard place kick were the features.

Named "The Gold Mask"

The regular meeting of the drama club was held November 6th at the home of Helen Shafer on S. Main street.

The name of "The Gold Mask" has been selected by the club.

On October 16th the club and some members of the drama class saw "The Hairy Ape," at the Saxon Auditorium. This trip was especially interesting to those acquainted with modern dramatic devices.

Kent Lost Again, 6-0

With three men "canned" for breaking training and Etoll and Hesrick out of the game with injuries the Orange and Brown was very much handicapped in its game November 11 with Kent Normal, the sister school in Northeast Ohio.

However, the team played a very hard game fighting every inch of the way and won when Moscoe put the pigskin over. The final score was 6 to 0.

Ryder at quarter, Skibbie at end, Younkin at center and Moscoe at half were the outstanding men in the Bee Gee lineup. Bee Gee had the ball in Kent's territory almost all of the time.
Quizzes to Quiff

A new person has come into our midst by the name of "Quiff." Now Quiff is a wonderfully wise and intelligent person and if you have any perplexing problems pertaining to love, your lessons, members of the student body or equally serious things please consult "Quiff." Drop your questions in the Bee Gee Box. Dear "Quiff:" "Could you please tell me why all the young men of the college have been posing as golfers lately?" "Inquisitive."

The men feel that dame fashion has slighted them for sometime, and they are going to have a try at the posing game, too.

Dear Quiff: "Why do my fellow classmates congregate in the halls between classes?" "A student."

They seem to believe in the old maxims "All work and no play makes John a dull boy" and "Lose not the present moments, for they will soon be gone and someone else will get him or her as the case may be."

All questions must be signed, but no names will be printed.

A. B. C. Lively Bunch

The A. B. C. girls are a most lively and energetic bunch of Co-eds and certainly have shown a spirit that has been a credit to the college this year. They are back of the team all of the time in victory or defeat.

THAT'S THE OLD SPIRIT GIRLS

Country Life Club

The college quartet sang at the Country Life Club meeting on October 24. Ivan Lake gave his humorous Negro Sermon. Clement Premo sang several solos. A social hour in the gym followed.

Current events was the main topic of the November 7 meeting. Moore gave a number of things at present occurring in the world. By questions put for the purpose it was found out that many of the members knew astonishingly little about our times. Prof. Beattie and others were called on for extemporaneous speeches. The usual social hour followed in the gym.

This Club is planning to take up square dancing and instruction of the first four couples is underway.

Granville, Baritone, Sang

On Thursday evening, November 16th, Charles Norman Granville, a distinguished American Baritone, thoroughly delighted his audience with his singing.

The Culbertson Company furnished us this concert free of charge to take the place of the first number on the course, the concert given by Thomas Chalmers on October 2.

Young Kid: Say Dad what is college bred?
Old Man: Why son, it's just a four year loaf.

Literary Societies

The Wilsonians met in Room 401 at 7:00 on Tuesday, October 17, in a business session. The following additional officers were elected: Critic, Doolen Bain; Reporter, Laura Oberlin; Prosecuting Attorney, John Pilcher; Sergeant-at-Arms, Helen Hobart. Besides the following members of the executive committee were elected: for music, Ethel Cupp; for dramatics, Esther Russel; for literary, Miss Neilson. Miss Cupp then rendered two selections on the piano.

The Wilsonians met in Room 401 at 7:00 on Tuesday October 31. The program which consisted of a reading by Hazel Smith, "The House by the Side of the Road," a discussion by Miss Grau on the opera "Carmen," was enjoyed by all.

The Wilsonians on November 14 listened to a debate on Aesolved, that immigration should be abolished for a period of two years. The affirmative team consisted of Mrs. Criger, Miss Neff and Miss Ricketts. The negative tea mincluded Miss Stout, Miss Hull and Miss Buerstrom.

The Emerson Literary society met October 27 in room 315. The following members were elected to the intersociety council: Kenton Moore and Earl Leiter. Other officers elected were: Pianist, Pearl Shaffer and Chorister La Rue Williams. The aims and purposes of the society were discussed by Mr. Moore and the Misses Trexel, Ladd and Pettibone.

The Emerson Literary society met October 31 in room 315. Miss Holloway was elected secretary.

The following program was given:

Biography of Maeterlinck—Elizabeth Thomas
Criticism of Maeterlinck—Marian Koleman
"The Intruder"—presented by a group
"Blue Bird"—Miss Clark.

The Emersons on November 14 held a debate on Resolved, that women have contributed more to the progress of civilization than men. The affirmative team was composed of Hazel Althouse, Grace Clark and Rena Ladd. The negative team consisted of Ernest Finkenbiner, Earl Leiter and Jonathan Ladd. The judge's decisions were in favor of the affirmative.

Alumni News

Dallas Lawrence, principal at Lime City, Ohio, has instituted a lecture course of four numbers at that place.

Miss Violet McBride is teaching in the Harpster schools this year.

Georgianna Peffley is teaching in Van Buren, Ohio.

Arline Poe is teaching in Garretsville, Ohio.

Young Kid: Say Dad what is college bred?
Old Man: Why son, it's just a four year loaf.

Q. E. D.
Education and Wealth

It is coming more and more to be the case that a man's chances in life are poor indeed without the formal training given in our educational institutions.

1. According to a study of Dr. Charles Thwing of the 100 wealthiest men in the U. S., considered with reference to the total population, there were 277 times as many college-bred men as there were non college-bred men.

2. Less than 1 per cent of American men are college graduates, yet this 1 per cent of college graduates furnishes 55 per cent of our Presidents; 36 per cent of our Congressmen; 47 per cent of our Vice Presidents; 62 per cent of the Secretaries of State; 50 per cent of the Secretaries of the Treasury; 67 per cent of Attorney Generals, and 69 per cent of the Justices of the Supreme Court.

In no group in the foregoing is the annual salary less than seven times the average for the U. S.

3. Mr. James M. Dodge, a former president of the American Society of Mechanical Engineers, calculated the financial value of different grades of education by comparing the earning capacities of common laborers, shop-apprentice trained men, trade-school graduates, and technical school graduates. The money value was taken to be that sum which at 5 per cent interest would yield an income equal to the sum being received as a salary. He found the education of the common laborer worth $10,200; that of the shop apprentice $15,800; that of the trade school graduate $25,000; and that of the technical-school graduate $43,000.

Custom permits and encourages the enumeration of the many reasons for giving "Thanks." Let us suggest that you stop a few minutes and make your own list of your many blessings and in your own way express your gratitude to God.

Educational Survey

The State supported institutions of higher education are making an effort to bring about a better correlation of work among them and a committee is now at work on the problem.

This committee visited B. G. S. N. C. the week October 23-27. The personnel of the committee is as follows.

Chairman—Dr. D. B. Buckingham, Ohio State University
Secretary—Prof. T. Howard Winters, State Department of Education
Dr. B. M. Davis, Miami University
Dr. W. L. Gard, Ohio University
Prof. L. S. Ivans, Kent Normal College
Prof. C. F. Reeds, Bowling Green Normal College

After making a study of the different institutions the committee will report to the President.

Our Own Ads

Laundry Ad: Don't kill your wife. Let us do your dirty work.—(from an exchange.)

Wanted: Curling irons and eye-brow pencils for our knicker boys.

Wanted: Another cemetery so that the Hokus Pokus and the Five Brothers can have one apiece.

Wanted: Another dormitory for similar reason.

Wanted: Another set of buildings for similar reason.

Wanted: Waste basket in main corridor as substitute for floor. Either that or a hickory massage for anybody that drops paper there.

Newsy Notes

The following officers have been elected by the Freshman class for the coming year: President, Jonathon Ladd; Vice President, Eleanor Shatzel; Secretary Eulalie Hoffman; Treasurer, Hayden Olds.

The Sophomore Class elected the following officers for this year: President, Gertrude Fries; Vice President, Onnolee Hipp; Secretary Katherine DeVore; Treasurer, Lester Bowers.

The following officers have been elected by the Girls Glee Club for the coming year: President, Katherine Fast; Secretary-Treasurer, Betty Hull and Chairman of the Social Committee, Emily Benson. The Glee Club contains a very fine group of voices this year, and some excellent work is expected.

The male quartet sang at the Pythian Sister's meeting on October 24.

The Men's Glee Club has been meeting every Wednesday at 4 for an hour of rehearsal.

The Orchestra has also been rehearsing regularly.

The Junior class met on October 23 and elected Miss Harris, president; Ray Vermilya, Vice President; and Helen Hobert, Secretary-Treasurer.

Dr. Kohl has been chosen by the Seniors as their faculty adviser.

Prof. Robert A. Cummins, former Extension Instructor in B. G. S. N. C. is at the University of Southern California, Los Angeles, Cal.

Dr. Boyle Spoke

The Home Economics club listened to Dr. Boyle last week on the subject of the "Care of Children." Dr. Boyle is both a well-trained and an interesting speaker. A good crowd of girls were present. The Home Ec club is another of the girls' organizations of the college that are doing real constructive work.
Chapel Exercises

October 17
Prof. McEwen, accompanied at the piano by Miss Heiser, played several very delightful violin selections. The Varsity N also conducted a short football rally for the Defiance game.

October 24
Prof. Carmichael lead the devotional exercises. Dr. Buckingham, Ohio State University gave a very interesting address on Education.

October 31
Prof. Carmichael had charge of the program, and the readings were very much enjoyed by all.

November 7
Prof. Moseley gave an extremely interesting talk on the orient and its customs, and his display of oriental curious was well worth seeing.

November 14
Prof. Holt gave a stereoptican lecture on the children of other lands.

Calendar
November 21—Chapel. County Life Club.
November 23—Miss Neville on Personal Hygiene
November 24—Kick-off Party. A. B. C. Club
November 28—Chapel. Literary Societies
December 5—Chapel. Country Life Club
December 5—Lecture by Glenn Frank
December 8—Junior-Senior Formal
December 12—Chapel. Literary Societies
November 19—Chapel. County Life Club
December 21—Christmas Party

Do You Know?
That a Rossford, O., pastor has written a book to prove the earth is not round?
That an Alabama man was charged with murder 48 years after the crime was committed?
That deaths and injuries from auto accidents are increasing? It has been proposed to license all auto drivers.
That Bowling Green has several new business buildings under construction?
When the State Legislature convenes?
How and when county officials are elected?

Dr. Kohl Opens Office
Dr. C. C. Kohl, head of the History Department has opened an office at the south end of the third floor in the room between rooms 315 and 300. This room had previously been used by Prof. Carmichael, debating coach but he is now located in the science building and the debaters are using room 103. Dr. Kohl announced that his consultation hours would now be from 3 to 4:30 on Mondays, Wednesdays and Fridays and all morning on Tuesdays and Thursdays.

Twenty-Five Books For a Country School

Two Foot Shelf
Aesop. Fables; ed. Stickney (2-3) Ginn.
Alcott. Little Women. Little (6-7).
 Andersen. Fairy Tales (4-6) Burt.
 Arabian Nights. Entertainments (5-7) Ginn.
 Carroll. Alice's Adventures in Wonderland, and Through the Looking Glass (4-6) Jacobs.
 Defoe. Robinson Crusoe (4-8) Ginn.
 Dodge. Hans Brinker (5-7) Scribner.
 Hawthorne. Wonder Book (4-6) Houghton.
 Irving. Essays from the Sketch Book (6-7) Houghton.
 Lamb. Tales from Shakespeare. (6-8) Houghton.
 Pyle. Some Merry Adventures of Robin Hood. (6-8) Scribner.
 Seton. Wild Animals I Have Known (6-8) Grosset.
 Spyri. Heidi. (?-6) Ginn.
 Stevenson, B. E. Home Book of Verse for Young Folks (5-8) Holt.
 Stevenson, R. L. Treasure Island (6-8) Scribner.
 Twain, Mark. Tom Sawyer. (7-9). Harper.
 Van Loon. Story of Mankind. (6-8) Boni.
 Wiggin. Rebecca of Sunnybrook Farm. (6-8) Houghton.

The figures indicate the grades for which the book is best suited.

These books were chosen by a vote of the National Educational Association and the American Library Association.

Our Christmas Issue
Our Christmas issue is to contain 12 pages this year. It should be out about the middle of December. The staff is now hard at work preparing articles of interest, news, jokes etc. Other interesting articles will also be included. Prof. Clutts is working on one that every reader should welcome. There will be several pictures in this number.

We would like to have any funny or interesting things that happen written up in an impersonal manner and handed in. A Christmas poem of merit written by a student or alumnus would be very welcome. Any news regarding those who may visit the school or dormitory should be written up.

Put all items in the Bee Gee News Box on the P. O. window opposite the bulletin boards.
To Be Unthankful Is To Be Blind

Why will people grumble, complain and even curse when things do not seem to be going well with them? The “plus” things that happen so far outweigh the “minus” things (to use algebraic terms) that it would seem the logical thing to govern our emotions accordingly. It is because these “plus” quantities are so common, plentiful, that we overlook them, just as we do that greatest of blessings, water.

Considered from this standpoint doubt, grumbling, anger, complaint and so on are all a form of blindness and even of unintelligence. The wise man, the thinking man would consider every side to the matter and balance accordingly.

If people balanced the “plus” and “minus” quantities—carried out the process of mathematics to the full—everyone would be thankful to the Supreme Being for these things and for a special day set aside for nothing but thanks-giving.

Thad Subber Flu

By darling as I sit this night,
I think of odly you.
Your bouth, your lips, your hair, your eyes,
They're—they're—oh my! Achoo!

I'm boor at wriding boedry,
I'll surely gum to grief,
By love is boldless, Bary Jade,
Ah—h— where's my haggerchief?

To be your eyes are warb with love,
Do other ben they freeze.
O Bary, I'b the chosed wud,
Wadch oud, I'b going to sneeze!

By Gosh, I'b dub with boedry,
I know while here I sid,
Though I cad easy wride three lines,
I caddot fidish id!—Hillsdale Collegian.

A GREAT FAVOR

He was a handsome man. She saw that with a glance. His manly figure and handsome face appealed to her instantly. As he approached her there was a wistful, inquiring look in his eyes. He hesitated, turned as if to go but reversing his decision faced her again. What thing could he have on his mind? What great decision had he come to? These things she pondered in her brain. Their eyes met and there was a strange fire in both of them. Their lips quivered. At last he spoke. “Please, Miss, I think you are sitting on my hat.”

Seen on the campus: Three of our intelligent young men seated at various times on top of a tall step ladder fishing in a can of water below. This took place in the center of the mall in front of the Administration building. Five Brothers responsible.

Miss Neville Speaks

Miss Neville, instructor in Scott High School, Toledo, is giving a series of talks to the girls of the college on the general topic of “Personal Hygiene.” There are to be four of these lectures and two have already been given. They are being given under the auspices of the Womans' League of which Rena Ladd is the president. These lectures are very interesting and instructive and well deserve the large attendance the first two have had.

They Have Met Again

Their meeting it was sudden,
Their meeting it was sad;
She gave her sweet young life,
The most precious thing she had.
She sleeps beneath the willows,
In peace she's resting now;
There's always something doing
When a freight train meets a cow.

—The Teaser, Toledo, O.

HOW TO OPEN A BOTTLE OF INK

If you have ever wrestled for hours trying to peacefully open a bottle of ink without breaking the bottle or spilling it all over, you will no doubt welcome a set of directions for doing this. Ink bottles have a variety of tops, all of which should be thoroughly investigated by the National Food Administration or the Ptomaine Society.

Tops for ink bottles were invented by a launderer and a dry cleaner working conjointly. Some ink bottles require one consecutive day of hard labor to open easily, but we don't believe in breaking the bottle. Something ought to be done by Congress to compel manufacturers to supply a one-man top for ink bottles. How can one open a bottle of ink as the caption of this sketch promises? We don't know.

A LITTLE LEARNING, ETC.

She was a cute little cwt. However she was not at all good on entertaining. In fact I had a deuce of a time starting up a conversation with her.

“What do you think of the changing styles?” I asked knowing how much attention the eternal feminine paid to such matters.

“Oh gee, I don't know,” she said hopelessly.

Groaning silently I tried again, “How do you think the election will turn out in November?”

“I don't know; I haven't been reading the papers.”

I decided then and there that that was the last time I would ever go any place with her. However, I tried again, “What magazine do you like best?”

“I don' know; I don't read any.”

Then followed an awkward silence—Finally she said: “I think you are a wonderful man. Do tell me about yourself.”

I proposed to her then and there.
OVER 550 STUDENTS ENROLLED
(Continued from last month)

Frances Taggart, Marie Taylor, Blanche Thomas, Chloe Thomas, Elizabeth Thompson, Lenore Thompson, Hobarl Thompson, Bernard Toan, Verrell Tobey, Harry Towers, Georgia Trautman, Mary Travis, Elmer Treece, Dorothy Tressel.

Mersens Uncapher, Helen Urschel, Kenneth Urschel.

Christel Van Scy, Clement Veler, Ray Vermilya, Sylvia Vickery, Anna Voland, Frances Vollmer, Mildred Vornholt.

Helen A. Young, Marguerite Young, Lovilla Young, Thelma Young, Robert Younkin.

DOROTHY TRESSEL.

A DOMESTIC EPISODE

She was sitting, waiting, in a chair when he came up, grabbed her by the neck and began to cut and cut and cut. She was strangely quiet during all this, only occasionally offering a timid complaint. He continued cutting, cutting, cutting. By this time she was almost completely silent.

Then he took a razor and began to cut again. "Oh!" she screamed. "Shut up!" he growled. "Ouch, you're killing my neck!" she cried in her agony. But he only cut and cut and cut. At last he was finished. The deed was done. He could not now undo the work of the last half hour. Turning he silently strode from the room.

Was he a heartless wretch cruelly murdering this innocent maid? No, he was only her brother bobbing her hair.

HOW TO BECOME AN EXPERT ON ANYTHING

So many people are in this country at the present time claiming to be experts on politics, diplomacy, war, fashions, athletics, horse racing, etc, etc, and again etc, together with another etc that we believe it will be doing the public a great favor to compile and publish a set of simplified directions for becoming an expert. These directions are as follows:

1. Subscribe for one or more newspapers. Be sure not to read any of them.

2. Practice daily the art of authoritatively and knowingly clearing the throat. A good cough is another valuable aid in case you are ever cornered in an argument.

3. Practice clapping the hands behind the back and wrinkling up the nose and forehead as if in deep thought.

4. Learn how to quote statistics. Make them up as you go. Everybody's doing it. To quote them convincingly be sure to put them in the billions with three or four decimal places.

5. Always compliment your audience on the beauty of the city, their intelligent faces and don't forget to tell them joyfully how glad you are to be there. Note: That one about the intelligent faces is only good for college students. Everybody else knows better.

You are now an expert on anything, anytime, anywhere.

HEARD, SEEN, or SAW

A 75 year old man was arrested for speeding. Probably in a hurry to reach the age of 000.

In a town not over 45 miles from here there is a street named Eliza street which goes toward the river. We suppose that every winter Eliza crosses the ice.

Sign on tent of fortune-teller at fair near here: "Mrs. Madame Wonder, Fortune Telling." A six months old baby slept through an automobile collision in which the father was killed. They evidently have either a saxophone or cornet player at home.

The thing that made us hottest this summer was to have a well-meaning, tho very proper seminary graduate ask us: "Are the atmospheric conditions sufficiently caloric to compel a sensation of satiety?"
