“The Admirable
Crichton” Next

Play By Drama Class

“The Admirable Crichton” a four act play by J. M. Barrie will be given by the Drama class on March 15. This is a well known play by this famous author. This play should be one of the best ever presented by this class. Miss McCain is directing the production. The cast is as follows:

Crichton—John McDowell,
Hon. Ernest Woolley—Burton Dewese.
Lady Catherine—Isabel Layton
Lady Agatha—Gertrude Fries.
Lady Mary—Kathryn Fast,
Mr. Treherne—Ivan Lake,
Earl of Loam—Earl Lowrie,
Lord Brocklehurst—D’Arthur Bricker,
Fislin—Ruth Harris,
Tweeny—Esther Murlin,
Lady Brocklehurst—Esther Russel.

Bluffton Debate March 22

The Bluffton College Varsity debate team opposes the Bee Gee College team on March 22 in the college auditorium at 8 o’clock. The question for debate is Resolved, that the U. S. should immediately enter the League of Nations.

A change has been made in the line-up for this debate. The teams are now as follows:

<table>
<thead>
<tr>
<th>Negative</th>
<th>Affirmative</th>
</tr>
</thead>
<tbody>
<tr>
<td>2. C. F. Hissong</td>
<td>2. Vernon Sprague</td>
</tr>
<tr>
<td>3. T. D. Bain.</td>
<td>3. Lester Bower</td>
</tr>
<tr>
<td></td>
<td>Alt Jay Bone.</td>
</tr>
</tbody>
</table>

P. B. Huffman and H. K. Moore, both Seniors, have been selected assistant coaches by Prof. Carmichael. Huffman has charge of the Negative team and Moore has the Affirmative. This will provide excellent training for both men when they coach this form of activity in the high school in which they teach next year.

Many students and a few of the faculty are enjoying the flu.

“Impressario” Pleased

B. G. Audience

Thursday evening, January 25, the students of the college and the townspeople of Bowling Green saw and heard the most pleasing number of the lecture course when Percy Hemus and his company presented Mozart’s comic opera “The Impressario”. To use a slang but very forceful phrase the thing “went over big”. Not only was the singing delightful but the acting was charming as well.

It is seldom that one hears such a number of artists together as that which gave this opera. Miss Huntington, as the Prima Donna, fairly dazzled the audience with the beauty of her voice. Miss Lottice Howell as Dorothea, while not possessing the power of her rival, nevertheless completed won the hearts of her hearers by her charming manner and the remarkable sweetness of her voice. Mr. Tyler as Philip, Schickaneder’s nephew, besides playing the part of the devoted lover well, possessed a rich baritone voice, which he certainly knew how to use. Mozart, as played by Thomas McGranahan, could certainly get in and out of scrapes with ease and swiftness. Mr. McGranahan heightened the character with his excellent tenor voice.

Last, but not least, is Percy Hemus who took the part of Schickaneder, the irascible, self-important, old director. Mr. Hemus well deserves the title role, for besides possessing a nationally known baritone voice, he kept the audience in continuous laughter with his sprightly acting. He is undoubtedly the best actor of the entire company altho this casts no reflection on the rest of the cast. He was the decided “hit” of the evening.

Tom Skeyhill Gave

Powerful Lecture

The fourth number of the College lecture course was given at the College Auditorium on Saturday, February 10. It consisted of a lecture by Tom Skeyhill, who, besides serving in the World War, was on the platform with the late Theodore Roosevelt for some time. He was blinded by a shell, but recovered his sight in Washington after
Shall Bee Gee Have a Y. W. C. A?

Sometime ago at a meeting of the Honorary Society of Book and Motor it was suggested that that organization take up the matter of a Y. W. C. A. for Bee Gee College. To ascertain whether or not such an organization would be desirable or possible a committee was appointed of which Kathryn Fast is the chairman. One of the duties of this committee is to find out what the students think about instituting a Y. W. C. A. in this college. In considering this each woman of the college should answer for herself these questions:

1) What is the extent of the need for a Y. W. C. A?
2) Is the turnover each year in the personnel of the student body too great?
3) To what extent will I personally utilize the benefits of this organization?

The answer to these and other questions will prove of great value to this committee in its work.

How To Treat The Flu

Whether it is the "flu", as the Influenza is called, that everybody seems to be getting nowadays or not, these suggestions as to its cause, prevention and cure from a bulletin of the United States Public Health Service should be valuable in treating the apparent epidemic, regardless of its name.

There are many different ways in which the flu germs may be spread from person to person. "Thus they may be spread quite directly by being carried with the air along with very small droplets of mucous expelled by coughing, sneezing, forceful talking, and the like, by one who already has the germs of the disease. To guard against this mode of spread the use of face masks has been advocated. Though the use of suitably constructed masks will reduce the interchange of respiratory germs through inhalation, it must be remembered that there are many other paths by which such germs are spread, either directly or indirectly. Soiled hands, common drinking cups, improperly cleaned eating and drinking utensils in restaurants, soda fountains etc., roller towels, infected food—these are only a few of the common vehicles of germ transmission. The use of face masks appears to make people neglect these other paths of infection, and therefore such use has not been attended with the success predicted for them. If we would be more successful in combating influenza, greater attention must be paid to the factors just enumerated".

"It is very important that every person who becomes sick with influenza should go home at once and go to bed. This will help keep away dangerous complications and will at the same time, keep the patient from spreading the disease far and wide. It is highly desirable that no one should be allowed to sleep in the same room with the patient. In fact, no one but the nurse should be allowed in the room".

"If there is cough and sputum or running of the eyes and nose, care should be taken that all such discharges are collected on bits of gauze or rag, or paper napkins, and burned. If there is diarrhea, great care should be taken to prevent the spreading the disease through soiling of the hands, clothing, or bed linen. Practically the same precaution that a nurse takes when attending a case of typhoid fever should then be instituted. If the patient complains of fever and headache he should be given water to drink, a cold compress on the forehead, and a light sponge bath. Only such medicine should be given as is prescribed by the doctor. It is foolish to ask the druggist to prescribe, and may be dangerous to take the so-called 'safe, sure, and harmless' remedies advertised by patient medicine manufacturers".

"In guarding against disease of all kinds, it is
important that the body be kept strong and able to fight off disease germs. This can be done by having a proper proportion of work, play, rest, by keeping the body well clothed, and by eating sufficient, wholesome and properly selected food. In connection with diet, it is well to remember that milk is one of the best all-around foods obtainable for adults as well as children. . . . The value of fresh air through open windows cannot be over emphasized”.

“So far as avoidance of direct infection thru inhalation is concerned, it is important to beware of the person who coughs or sneezes without covering his mouth and nose. It also follows that one should keep out of crowds and stuffy places as much as possible; keep homes, offices, and workshops well aired; spend some time out of doors each day! walk to work if at all practicable; in short, make every effort to breathe as much pure air as possible.”

“The indirect transmission of influenza, while more difficult to avoid, can be guarded against by a little thought. Less shaking of hands, shunning unclean soda fountains and restaurants, avoiding the use of common drinking cups and common towels, insistence on the observance of sanitary practices in food handling establishments, and on the enforcement, by the authorities, of sanitary regulations governing such places—these are all measures by which each citizen can guard himself against infection. Their more general practice would do much to prevent the spread of disease generally. To a large extent the prevention of influenza can be summed up in the single word ‘cleanliness’.”

The student body owes the athletic teams enthusiastic loyal support—win or lose. The Athletic teams owe it to the student body to practice hard and keep in the best of condition.

B. G. S. N. C. is built upon a rock—so recommend this college to your friends as safe.

**String Recital By Music Department**

A semi-public lecture-recital involving string instruments was given on February 2. This lecture-recital was given under the direction of Mr. McEwen. The instruments used were first and second violins, viola and cello. Selections were played from Weber and Mozart. Those taking part were Helen Hull, Glenna Craw, Gerald Crowl and Mr. McEwen.

**Evangelists at Chapel**

Chapel on February 13 was given over to an evangelistic team holding services in one of the local churches. Rev. Powell introduced them. Dr. Hamilton of Bryan gave a short talk that was of especial interest. Mrs. Hamilton, his wife, was also introduced to the student body. Mr. Gourley and Mr. Upson sang a duet and in response to the enthusiastic applause of the students gave three encores. They sang “Jesus Lover of my Soul” to the tune of “Silver Threads Among the Gold”, “Beulah Land”, “I Want To Be a Christian” and “I Feel Like My Time Aint Long”. Mr. Gourley also played an enjoyable piano solo involving transcriptions on “Happy Day”.

**Valentine Party**

The Emerson Literary Society gave a Valentine Party on February 16. Decorations were in the usual Valentine colors and were very pretty. Leo Lake and his orchestra furnished music for the dancing. A feature of the evening was the Valentine Specialty Number.

**Tom Skeyhill Gave**

(Continued from page 1)
Tarkington Program by Wilsonians

A meeting of the Wilsonian society was held January 23, 1923 in Room 401. The following program was given:

- Song—Society.
- Pianologue—That Old Sweetheart of Mine, Irene Standard.
- The Turmoil—Lucile Long.
- The Purpose of the Story—Ida Switzer.
- Critics Report—Doolen Bain.

The many facts and interesting points of Booth Tarkington's life and works which were brought before the society were surely beneficial to all present.

Wilsonians Elected Officers

The Wilsonians met in Room 401, February 5, 1923 and elected the following officers for the second semester: Pres., Ivan Lake; Vice Pres., Grace Chambers; Sec., Leora Stout; Reporter Laura Oberlin; Sergeant-at-Arms, Mildred Whistler; Pros. Att., John McDowell; Rep. to Women League, Betty Huil; Chair. Music Com., Estell Mohr; Chairman of Literary Com., Inga Neison; Chairman Dramatic Com., Gertrude Fries; Critic, Helen Hobart.

Emersons Discussed Magazines

The Emerson Literary Society met in Room 315 January 23, 1923 and the following program was given:

- Atlantic Monthly.
- Review of Reviews.
- The Motion Picture Industry—Marjorie Bergman.
- The Worlds Work.
- Jews in America—Della Hunter.
- Century.
- An American Looks at his World—Ruth Lane.
- Literary Digest.
- Current Events—Pearl Shaffer.
- Scribners Magazine.
- Winter Moonshine—Cecile Bevington.
- Current Opinion.
- Will the Franc follow the Mark?—Lyndall Miller.
- Critic’s Report—Grace Clark.
- Criticism—Miss Neilson.
- Song—Society.

This was a very interesting program and was well attended.

Emersons Elected Officers

The Emerson Literary Society elected the following officers on February 6: President, Ruth Lane; Vice-Pres., Ruth Harris; Secretary, Margaret Holloway; Treasurcr, Mildred Luke; Chorister, LaRue Williams; Pianist, Ruth Tressel; Critic, Rena Ladd; Reporter, Bertha Brinkman; Chairman Pro-

Economics Club

The following was the program for the Home Economics Club on February 15:

1. Training of Hospital Dietits—Pauline Shockey.
3. Cafeteria Management—Margaret Holloway.
4. Talks by Instructors—Miss Heston and Miss Walker.

Quizzes to Quiff

Dear Quiff: Will you please tell me why the dormitory lights are kept on until 10 o’clock Friday and Saturday nights, while on other nights they are not on at all? —A CALLER

Answer: As you know those lights add to the beauty of the dormitory. I have heard however that the electric light bills at the dormitory have been unusually large so I suppose the best that they can do is to end the week right.

Dear Quiff: Will Coue’s auto-suggestion work on a prof to make him give one an “A”? —D. MINUS DUMBELL

Answer: I’ve been told that every day in every way they are getting “scarcer” and “scarcer”.

Dear Quiff: Are you a man or a woman? —SNOOPY

Answer: You characteristics ought to find that out for you without asking me. Get to work.

Dear Quiff: Why is Earl Leiter? —PARADOX

Answer: Why not find out for yourself? Can you answer these Who ever heard of a girl Esther by name called Russell? Why is Rena called a Ladd? Why is Ivan called a Lake?

From The Alumni

Miss Esther Dowler a former student of B. G. N. C. of Convoy, Ohio was recently married at Hillsdale, Michigan to Howard McBride. It was planned to be a “secret” marriage but like most secrets it slipped out and all Convoy was excited.
over the news before the happy couple returned home.

It is with much sadness that we inform our readers of the sudden death of Mrs. E. E. Leidy of North Baltimore, Ohio. Mrs. Leidy’s death occurred February 6, 1923 at her home after a brief sickness from pneumonia.

Mr. Leidy was a member of the graduating class of ’22 and during this school year has been principal of the High School at North Baltimore. Mr. Leidy as a student and as a man was much admired by both the students and faculty of our Alma Mater. The Alumni Association extends its sincere sympathy to Mr. Leidy and his family.

Mr. Leidy was very ill at the time of his wife’s death but we have learned that he is improving.

“Dick” Langstaff nee R. J. Langstaff ’22 is again ready to face the world after burying his head in the sand for the last four months—writing his “thesis”. Dick is doing graduate work for his A. M. degree at the University of Chicago and he writes that his work is coming splendidly (despite the fact that he has been unable to secure any second hand note books).

Work hard Dick because when some of the rest of us from B. G. N. C. get there we would like to sail through under your colors! !

My evangelistic appeal of last month brought forth two letters. That’s fine—now who’ll be the next? Don’t be ashamed of the fact that you’re teaching school, are married or engaged. Won’t you just whisper it in our ears and we will disperse it very quietly thru the annals of our little paper—to the Bee Gee family only. Don’t forget the address which is 409 South Main Street. In the words of our old cheer leader “Ike” Lake, “Let’s Get Some Pep”!

Funeral rites for Mrs. Mabel C. Reebs, wife of Prof. Charles F. Reebs, were held on January 29 at nine o’clock from the family residence, 303 Thurston avenue. Rev. Paul J. Gilbert officiated. President H. B. Williams, and Profs. W. P. Holt, C. J. Biery, F. G. Beyerman, G. W. Beattie and J. W. Carmichael acted as pallbearers. Interment was made at Three Rivers, Michigan.

The heart-felt sympathy of the entire faculty, student body and alumni go out to Prof. Reebs in his sorrow.

Newsy Notes

Work on the new dorm is progressing steadily. The men are now building the foundation. The Campus Grove back of Williams Hall looks like a brick yard.

The student body turned out in good shape to see the Bee Gee debaters oppose the Heidelberg Frosh on February 5. This debate was very good and gave the Bee Gee team serviceable practice for its other debates. There was no decision at either Heidelberg or B. G. No admission was charged to the local debate.

“A Samson Club” has been formed at the University of California. This is a sort of anti-co-ed society for the purpose of protecting the members from the fair sex. Their formula of success is “Grow Whiskers, shun co-eds and study in peace.” The members shave every two weeks, spend Friday and Saturday nights studying in the library, submit to censorship of correspondence of a feminine character, and take 5 other members along on every date at the dater’s expense.

Miss McCain, assisted by members of the Drama Club gave a puppet show before members of the Womans Club on Wednesday evening February 14.

Under The Shivering Cocoanut Tree

Our Own Exam Questions

Seeing as how the students have all taken their semester exams this department has decided to give an extra exam for the benefit of those who are not satisfied with passing all the time and would like to flunk just for a change. It is also for the benefit of those who flunked and would like to sharpen their wits for the coming ordeal. The one receiving the highest grade on this exam will be given a gold plated shoe brush, said shoe brush to be purchased by winner. The second prize will be a pair of fleece lined, non-shrinkable, patent-leather cuff links, said cuff links to be designed by the Olde Designer of the 5 Bro. and made by the Grand Erecting Hokum of the Hokus Pokus.

All answers should be written on the flat side of a piece of writing paper. Either a pen, pencil, or ink may be used. All replies should be so written and then hidden forever under the parlor rug so no one may ever find it. The exam follows:

1) Why is a saxophone? Answer yes or no.
2) What two nations fought in the Franco-Prussian War?
3) Who is the greatest man in America today, Jack Dempsey, John McGraw or Babe Ruth?
4) Have you ever aspired to be a detective? (All those who answer “no” to this question are freaks and are debarred from continuing with this exam.)
5) Who are the greatest people on earth, we Americans or we citizens of the U. S.?
(7) Discuss the value of studying in learning.
(8) Who invented modern dance music?
Where did they put him?
(9) Describe your first proposal. Was it as well done as later ones?
(10) In what queen’s reign did the Elizabethan Period of Literature come?
(11) How long did the Thirty Years War last?
(12) What is the least number of articles a merchant may have and still have a limited supply of them?
(13) Why is 7 a lucky number instead of thirteen and why is thirteen unlucky instead of 7?

Costumes and jewelry (bracelets) loaned by Wood County jail.

A Set of Directions
For the benefit of those young men in our college who are unable, because of either timidity or cowardice, to ask a girl to go with them to the next party, we append a set of directions which are guaranteed to either kill or cure.

When a lot of young men deliberately go to a party and then stand around looking foolish because they didn’t have nerve enough to ask for a date and even for a dance something has gotta be done. This is it:
(1) Forget you are you. Close your eyes and ears, walk boldly up to her, grasp her by the hand, look her directly in the optics and say in a voice trembling with emotion and firm with determination, “May I have the supreme pleasure of being your escort and partner to the social function to be held on umphry ump at 8 o’clock in the gymnasium?” Then before she has a chance to think, question, ponder, consider, cogitate, meditate, weigh, deliberate, ruminate, reflect, study, contemplate, conceive, imagine, apprehend, comprehend, fancy, hold, regard, believe, deem, opine, purpose, judge, reckon, investigate, observe, infer, deduce, ask, inquire, interrogate, doubt, investigate, dubitate, controvert, dispute, refuse, deny, withhold, reject, repudiate or decline, ask her what time you may call and if 7:30 will be the time? When she weakly raises her eyebrows and droops her head that means yes and be sure to be on time.
(2) Write her a letter, enclosing a stamped, self-addressed envelope and a sheet of paper. The following form should be closely followed:

Dear Friend to be:
I have long admired you from a distance but due to an innate modesty I have never felt free to approach you with the matter that is nearest my heart. This thing has been puzzling me for a long time and I can hold my thoughts no longer. My tongue is tied so I am writing a letter. Will you make me the happiest man on earth by going with me to the party next umphry ump at 8 o’clock? etc.
(3) Go to her and tell her you are asking for somebody else that you know she doesn’t like. She will then say, “Why don’t you ask for yourself John?” or whatever you name is.

Book and Motor Elected Officers
The Honorary Society of Book and Motor elected officers at its meeting on January 24, 1923. Helen Hobert was elected president; C. D. Fox, vice-president; and Kathryn Fast, secretary.
This society is not only the honorary society of the school but also is sponsor for the Student Loan Fund maintained by the college. To maintain this fund pop-corn and candy is sold at Lecture Course numbers.

Finance Committee Visited College
The Finance Committee of the House of Representatives of the Ohio Legislature visited the college on January 50 to go over the request made by B. G. College for the next two years. The committee was met at Tontogany by a committee of the faculty, local business men and students. Harry D. Silver is chairman of the committee.
Other members of the committee are: Representatives, Wendt, Edwards, Van Coye, Rohe, Hazard, Baxter, Johnston, Shaw, Robinson of Lawrence, Gray, Holloway, Rose, Emmons, King, and Hummon.
The college budget requests additional faculty members to care for the ever growing student body, street improvements about the campus, a hospital for the new dormitory, another dormitory for women, a combined library and recitation building, small farm buildings and college equipment.
A luncheon was served by the Home Economics department and the College Male Quartette appeared on the program.
Miss Steele is conducting extension courses in Port Clinton, Oak Harbor, Wapakonetta, St. Marys and Celina. The work being done is cooperating with the school authorities and teachers to improve the interest and efficiency of Reading.

Prof. C. F. Reeb is at present working with the high schools of Northwestern Ohio in the interest of B. G. N. C. and better teacher training.

Pres. H. B. Williams and Dr. H. J. Johnston, Secretary Board of Trustees appeared before the Financial committee of the House of Representatives, Wednesday evening February 14th.

They speak highly of the courtesy and consideration of the committee.

The Financial Committee of the Senate is to visit B. G. S N. C. Monday, February 26th. We are always pleased to entertain the committee and have them see the necessity of our requests.

Dr. Henry S. Lehr
President Emeritus of Ohio Northern University

Since the last issue of the Bee Gee News, a leading educator of the past generation has passed away. Dr. Lehr had the rare privilege of seeing his educational work mature in rich fruition; and enjoyed nothing so well as to refer to the many eminent men and women who in their youth had come under the inspiration of his genius as "my boys and girls."

That he has made a worth while contributlon to his generation is attested by the fact that the leading daily papers of the four largest cities of Ohio at his death commented upon the life and services of this school teacher and that for several days the daily press contained appreciatrons from former students. At his funeral the two United States senators from Ohio, two present members of the Supreme Court of the state, an eminent surgeon of international fame rendered tributes of gratitude with the throng of his "boys and girls" at his bier. Thousands of men and women, some in the uttermost parts of the world, remember the founder of the Ohio Northern University, with tender affection.

It may well be said of him that he needs neither sculptured marble nor stateiy co.umn to perpetuate his memory for the lineaments of his spirit are enbaimed in the grateful hearts of posterity.

ATHLETIC DEPT.
Toledo U. Lost 27 to 23

Toledo University came to the college on January 26 to meet defeat a second time at the hands of Bee Gee's fast traveling aggregation. The locals were not able to get away as usual on that night and the game was nip and tuck throughout.

The State team started well but were passed near the middle of the stretch in the first heat. Bachman's field goal as the gun cracked was enough to give the locals a 14 to 12 lead.

Toledo never was in the lead after that but they were always within striking distance. The game ended 27 to 23 in the teachers favor.

Moscoe and Bachman were the big guns on offense while Hesrick and Skibbie were putting up a clever defense. Premo was also playing good.

Scoring was as follows: goals Moscoe 5, Bachman 7, Hesrick 2, Premo 1, Weisburg 3, Butz, 2, Alexander 2, Friberg 3. Fouls Bachman 3, Weisberg 3.

Bee Gee Lost to Defiance

Bee Gee took her first defeat of the season at Defiance in a crucial game on Feb. 2 by a 30 to 25 score and as a result will have to be content with second place until lady fortune award Defiance a trimming either at the hands of the locals or some other team.

The game was the roughest that the State Cagers have played in this season. The larger team had a supreme advantage when it came to a rough contest and after wearing the State boys down they went into a permanent lead and won out.

Every one of the Bee Gee boys were playing as hard as they knew how and are to be commendined for their fight and gameness. Harris, D. C. guard was lucky slipping five long arches through and he only tried five times. The locals were not connecting as usual.

Scoring: Moscoe 2, Premo 1, Bachman 5 Skibbie 1, Harris 5, Kershner 5, Lankenau 3, Diehl 1. Fouls Bachman 7, Kershner 2.

Ashland Also Won

Ashland completely humbled the orange and brown by a bewildering passing attack at the opponents gym and hop'essly trimmed the college 47 to 31. The Ashland team had a neat offense combination that knew the floor like a book and had a parently little trouble in caging the pill.

The local aggregation went up into the air and, instead of the passing game that made them so well known in this part of the state, they resorted to dribbling and long shots. The game was by far the fastest yet played by the college this season. The referee was probably the best the college has payed under.

Scoring: Bachman 3, Moscoe 2, Premo 4, Hesrick 1, Skibbie 1, Crowley 1, Curry 3, McClintock 6, Wood 6, Hastings 1, Baylor 2, Kellog 1. Fouls: Bachman 7, McClintock 9.

Bluffton Lost Close Game

The next conference game was played at the college gym between Bluffton and B. G. C. on February 9. It ended in a Bowling Green victory by a score of 18 to 19.

The game was a see saw affair in the first half which ended 11 to 11 but in the second half the score was kept down more and the college was
able to win. Early in the half the orange and brown team run up a 19 to 13 lead but Bluffon cut it down. A foul called as the gun went off gave Bluffon two free throws which were good. The team work of the Bowling Green team was much better than it had been in the previous games.

Scoring: Moscoe 4, Premo 2, Bachman 2, Hochstetler 5, Gottshall 1, Augsberger 1. Fouls: Bachman 3, Gottshall 1, Augsberger 3.

St. John's U. Beaten By Sick Team

With almost every man in the squad weak from the effects of the flu the college team went into a return game with St. John's with little hopes of winning but when the curtain fell the game was easily recorded on Bee Gee's side of the register 41 to 13.

The first part of the game was very close but late in the half the State gang started a passing game that stood the visitors on their heads. The half ended 18 to 8. The second half was a repetition of the last part of the first.

The small crowd saw the best teamwork that the college has shown this year. Every man was playing his part. Cleverly feigning to shoot and then passing off to a team mate that happened to be closer to the net was the prettiest bit of work. Each man was doing it and it invariably drew the saints guards away. The crowd liked the teamwork.

Scoring: Bachman 7, Moscoe 5, Premo 5, Holtgrieve 2, O'Niel 1, Lynch 1. Fouls: Bachman 3, Gottshall 1, Augsberger 3.

Wood County Tourney Here

The Wood County High School tourney for both boys and girls teams was held in the two gymnasiums of the college on February 10 and 17 before large crowds. Eighteen girls and the same number of boys teams were entered. The Varsity N was a great help to the High School Committee.

Section of State Tourney Here

The State Tourney which will be held on March 2 and 3 at the various colleges will take place at Bee Gee for the central section of Northwestern Ohio. This section includes 53 High Schools of Fluton, Lucas, Ottawa, Hancock and Wood Counties. Big plans are being made for the event. The college students should stay over to see and boost the tourney. Every effort should be made to entertain the incoming teams with the greatest possible courtesy. The men and women who visit us now are possible college students of the future. If they are well impressed by the students, buildings social life and atmosphere of fair play, good will and happiness they are very much more apt to come to this growing college than if the hosts are not so accommodating.

Let every one display the “welcome” sign over the door, let them greet our High School visitors with a smile and a friendly greeting. The majority of these visitors have never been here before and they will have lots of questions. The Varsity N is going to urge them to ask questions if they want to know anything about the college or town. If they ask you answer them to the best of your ability or find out for them the answer. Let's show them what good entertainers there are in the best and most rapidly growing college in Ohio.

New Members of the Faculty

Prof. Charles A. Wagner—
A. B., University of Kansas: M A., University of Chicago. Prof. Wagner has been Principal of High School at Hutchinson, Kansas and Emporia, Kansas. Supt. of schools, Junction City, Kansas. Instructor State Normal, Emporia, Kansas and Miami University, Ohio.

Prof. Wagner is a valuable addition to our already strong department of education.

Prof. George F. Thomas, graduate of Stough Institute has been a teacher in high school at Green Bay, Wis., and Richmond, Ind. Special preparation in forging, sheet metal, mechanical drawing etc.

The Bee Gee News expects that shortly more additions must be made to the Industrial Arts Department, due to the great demand for Industrial Arts teachers and the popularity of the courses.

New Students 2nd Semester
