Nearly Everybody Gets Voted For

One thing that may be said for the Bee Gee News Popularity Contest is that it certainly created lots of fun. It was intended that most of the twenty-five points should be merely an opportunity to poke fun at some of the "good scouts" in the college and the voters took advantage of this fact to honor those who can take "slams" because they are always in for all the fun that comes along even when it is at their expense.

The voting was very scattered. In very few cases did the person getting the most votes receive more than one-third of the total votes cast.

In some cases the individuals were inconsistent. For example somebody voted for the same person as the worst grouch and the sunniest nature. In another case the characters voted as the most devoted couple were chosen by that voter as the most confirmed spinster and bachelor.

The spelling in a great number of cases made it hard for the tellers to maintain their dignity. Prof Clutts provided trouble for a large number. One student spelled his name Klutz. Other variations were Klutts and Clutz. Dr. Kohl's name was also a source of spelling trouble. Some of the ways in which his name was spelled were Koale, Cole, Coal and Kole. Other very original spellings were Scibby, Hotchkinson, Polk for Pope, Lowerie, Dootie and Dooye for Doty, Witzler for Whistler, Insley for Oswick, Owick for Orwig and Knipp, and Knight for Neipp.

There were only 25 points to the contest but three students added a twenty-sixth. These are: "The student with the biggest feet—Veler," "The laziest man—Earl Lowrie," and "The poorest student—Ostrander." Other results were:

1. Who is the Tallest Man Student
   C. D. Fox had a walk away in this contest. He was head and shoulders above everybody else with 205 votes. Witte was very much shorter with 19 votes while Bachman was third with 11. Others receiving votes were Hoskinson, Skibbie, Dinty Mohr, Ogden, Walsh and Veler.

2. Who is the Tallest Woman Student?
   Justine Henkeiman was first with 75 votes, Margaret Williams second with 64 and Jane Webb

Y Man Visited B. G.

Mr. Seamans, a representative of the Y. M. C. A. visited Bee Gee College on Tuesday, May 8th. He spoke in Chapel on the work of the Y. M. C. A. explaining that the work of this organization is divided into three parts, Campus Service, Community Service and Religious Training.

Previous to chapel he talked to several of the college boys who are interested in establishing a Y. M. C. A. in this college. Mr. Seamans is planning to return here the early part of June to hold a conference in order to further sound out the possibilities of bringing this organization here.

Mr. Seamans would like to get some of the Bee Gee boys to attend the Lake Geneva Student Conference on June 15—25th. Not only will there be discussions and speeches by great men but every afternoon except Sunday will be free for recreation.

Mrs. Johnson at Chapel

Mrs. F. J. Johnson of Columbus spoke in Chapel on May 15th about Foreign Missions. In a very convincing way she contrasted the effects of Buddhism and Christianity in various countries.

Mrs. Dickson spoke very briefly on the Parent-Teacher movement. She met two Educational Sociology Classes during the day and spoke to them. She held a general conference at 4:00 o'clock.

The Old, Old, Story

My car was not so old, 
Along the road it rolled, 
While many things we told, 
And new opinions mold. 
I did not think she'd scold— 
She told me she was cold, 
My exit bell sure tolled, 
There's some things one can't hold. 
But now I'm getting old,  
I think that I was sold, 
For now when she is cold, 
A new coat to her is doled.

Orchestra At Chapels

The Orchestra has been playing the accompaniment to the songs at chapel the last month or so and this makes a decided addition to the chapel singing. This organization under the direction of Mr. McEwen has been doing some good work.
ATHLETICS

Findlay 9 Bee Gee 11

In a loosely played, slow, listless game Bee Gee College defeated Findlay College again 11 to 9. The size of the score was due in large measure to the stony college practice diamond used because the Fair Grounds field was muddy. C. F. Hissong started to pitch for Bowling Green but errors coupled with several hits caused his downfall. Raberding finished the game in good shape. Lowrie made several good catches at critical times.

Findlay Beaten 13 to 5

The Bee Gee College baseball warriors easily took the measure of the Findlay College team on April 27th at that place. The cellar champs never had a chance to win this game altho the Findlay pitcher was perhaps the best that ever hurled for that school. Earl Wittmer pitched a good game for the staters and let them down with 3 hits.

Wittmer Gave Bluffton

No Hits, No Runs

On Friday, May 4th, Bluffton came to Bee Gee and took a 6 to 0 lacing on the Fair Ground diamond. Captain Wittmer twirled a no-hit, no-run game while our team got to the opposing pitcher for 3 runs in two frames. Hesrick and Lowrie made great catches that looked like sure hits.

Toledo U. Beat Crippled Team

Weakened by the loss of Captain Earl Wittmer and fielder George Figgens who were declared ineligible for playing a game of Sunday baseball under assumed names the Bee Gee team played poor ball and was beaten by Toledo U. 7 to 3 on May 9th at that place. The field was cold and playing was very difficult. Berry pitched a good game for Bee Gee allowing the University lads but 5 hits but 10 errors coupled with walks caused the loss of the game. The staters on the other hand made 10 hits but lacked the punch to bring the game for Bee Gee. The never-give-up kind; the do-or-die kind that makes you proud of your school and the school proud of you. That, athletes, makes for winning teams and the college spirit you so much desire.

Criticism

It might be well to advance a few comments on the athletics of the past year in this issue. Our season this year was a success but not as it should have been and why not? Let us see.

Now in the first place our teams did not train! A few individuals might have trained to a certain extent but the majority of men utterly disregarded rules that should have been faithfully kept.

In football some players were penalized for smoking on the last trip. But they were not the only ones who smoked during the season. Almost half of the other men on the squad had been doing it all along.

In basketball there were five men out of the ten who were very irregular in their training habits which might easily account for their falling off form at Bluffton. Of course they had played three other games that week but had they been in the best possible physical condition they would have been able to stand it any way.

Baseball is not so strenuous and yet training is very important. Track men and Tennis men are not included in this criticism.

Now is it right for an athlete to expect the faithful support of the crowd or of the student body if he cannot keep faith with them? No! Then let us change our habits next year athletes and train. A lot depends upon the coach and especially upon Captain Younkin in football and Captain Premo in basketball.

Another thing that almost ruined the teams was the internal dissension that would now and then come out. Too much knocking, blustering, selfish desire for more awards, too many opinions on how the team should be coached and not enough optomistic spirit of fight for your school, for your student body, for your colors and for your Varsity N; no matter what the end, no matter what the odds nor what the award could be.

Spirit! The kind that came out in the Defiance-Bee Gee football and basketball contests. The never-give-up kind; the do-or-die kind that makes you proud of your school and the school proud of you. That, athletes, makes for winning teams and the college spirit you so much desire.

The mistakes of two of the baseball men hurt the baseball team this year. Earl Wittmer, Captain and star of the varsity, who had twirled three no-hit games for Bowling Green, who was idolized by his fellow students, should have been more careful to observe rules. He and Figgens, who was the best hitter on the varsity, who were regarded so highly by their team-mates, betrayed their school for the sake of a little fun. We are sorry for the two men but he who dances must pay the piper.

But let us forgive the past mistakes made by the school and the athletes and next year start right, be right, do right and continue right and our teams cannot help but be successful. In football we will have Bachman, Skibbie, Etoll, Castner, Kennedy, Fuller, Captain Younkin, Hesrick, Moscoe, Ryder and Bistline back who will be augmented by men who were stars in the high schools.

In basketball Captain Premo, Bachman, Hesrick, Moscoe, Skibbie, Bistline and Etoll, in fact the entire squad returns while men from high schools whom it is known are to be out to college next year will make the team even better than this years varsity.

In baseball, Skibbie, Bachman, Roe, Bistline, Sherer, Hesrick, Figgens and others will make a strong team with the new men who will come to school. The tennis and track team should be much better also.

Now with these prospects in view every
student should get down to work giving everything he has to make the Ohio State College a real big institution. Let's get every man, that we possibly can to make Bee Gee his alma mater. Next year a proportionate increase in the men of the college will make it close to 250. Let's make that the goal!
