BIGGEST ALUMNI DAY IN HISTORY
OF COLLEGE PLANNED

What will prove to be the biggest Alumni Day in the history of Bowling Green college has been planned for Wednesday, June the eleventh. A program which will provide something for every moment has been arranged and everything possible for the entertainment and pleasure of the alumni has been done.

In the morning at ten forty-five the graduates have arranged a delightful program of short talks and music. This program is the official recognition of this year's graduating class.

In the afternoon, the Seniors will plant, at the foot of one of the trees on the campus a shoot of ivy. This ivy is said to be a very enduring plant, continuing to grow from year to year, a constant reminder to the under graduates of the famous and distinguished class of '24.

Following this ceremony will be the coronation of the Queen of the day. This will take place at three o'clock at the foot of the Flag Pole. Miss Esther Russel, a Senior, has the honor of being elected by the graduates as their Queen. Following this exercise will be a May-Pole dance in the Circle. The dance will be done by members of the Graduating Class of '24. To close the festivities of the afternoon, each class has prepared a special exercise which they will do for the approval of the Queen.

There is absolutely no limit or restrictions placed upon the various classes in the preparation of their stunts and something surprising may be expected. According to training the Seniors should have the best stunt but past performances of the Freshman class has made them a host to be reckoned with. There is absolutely no limit or restrictions placed upon the various classes in the preparation of their stunts and something surprising may be expected.

This can easily see is a very delightful day's entertainment and one which insures a good time to all who attend.

FOX GOES TO STRYKER

Mr. C. D. Fox has accepted a position at Stryker, O., next year as Principal and Coach of Athletics. Mr. Fox ends four years of college in June at which time he will receive his Bachelor of Science degree. During his time in school, Mr. Fox has earned a position of height in the esteem of his class mates. He is the Editor of The Key, the college annual, as well as a leader in many other college activities. The Bee Gee News wishes Mr. Fox success in his new field.

BEE GEE SHOWS WELL IN TRACK MEET

Bluffton college won the track and filed meet Wednesday afternoon at that place. Toledo U. placed second with Bee Gee third. Defiance and Findlay were unable to count.

Nearly every record was broken. Brand, for Bee Gee, put the 16 pound shot 36 feet 7 inches. Holloway upset the dope by hurling the javelin 150 feet, 9 inches. Both of these lads broke the former records in these events.

John Rudolph scored three points in a triple tie for first in the high jump. Bachman placed second in the pole vault. Frankfather placed third in the century dash. Ogden was third in the mile while Etoll landed third place in the discus.

Coach "Mac" is much pleased with the showing made by the athletes, considering the few experienced men he had to work with.

Shot put—1, Brand, Bowling Green; 2, Emerson, Toledo; 3, Pierce, Toledo. Distance 36 feet, 7 inches.

100 yard dash—1, Salzman, Bluffton; 2, Ausberger, Bluffton; 3, Frankfather, Bowling Green. Time 10 2-5 seconds.

440 yard dash—1, Salzman, Bluffton; 2, Vanceef, Toledo; 3, Osanbaugh, Bluffton. Time 54 2-5.

Mile—1, Gottshall, Bluffton; 2, Fork, Toledo; 3, Ogden, Bowling Green. Time 4:49 1-5.

Low Hurdles—1, Ausberger, Bluffton; 2, Kuebler, Bluffton; 2, Hilty, Toledo. Time 29 2-5 seconds.

Pole Vault—1, Nitweller, Bluffton; 2, Bachman, Bowling Green; 3, Lehman, Bluffton. Heighth 10 feet, 3 inches.

100 yard dash—1, Salzman, Bluffton; 2, Ausberger, Bluffton; 3, Frankfather, Bowling Green. Time 10 2-5 seconds.

440 yard dash—1, Solzman, Bluffton; 2, Vanceef, Toledo; 3, Osanbaugh, Bluffton. Time 54 2-5.

Mile—1, Gottshall, Bluffton; 2, Fork, Toledo; 3, Ogden, Bowling Green. Time 4:49 1-5.

Low Hurdles—1, Ausberger, Bluffton; 2, Kuebler, Bluffton; 2, Hilty, Toledo. Time 29 2-5 seconds.

Pole Vault—1, Nitweller, Bluffton; 2, Bachman, Bowling Green; 3, Lehman, Bluffton. Heighth 10 feet, 3 inches.

High Jump—J. Rudolph, Bowling Green; Tutt, Bluffton; Alexander, Toledo. Heighth tied at 5-5.

220 yard—1, Oxberger, Bluffton; 2, Alexander, Toledo; 3, Emerson, Toledo. Time 24 2-5.

Discus—1, D. Alexander, Toledo; 2, B. Alexander, Toledo; 3, Etoll, Bowling Green. Distance 108.

Half Mile—1, Slozman, Bluffton; 2, Gotshall, Bluffton; 3, Fettermen, Toledo. Time 2:9.

Broad Jump—1, Ausberger, Bluffton; 2, Litweller, Bluffton; 3, Alexander, Toledo. Distance 21 feet, 2 inches.

Javelin—1, Holloway, Bowling Green; 2, Motter, Bluffton; 3, Murray, Bluffton. Distance 150 feet, 9 inches.

Relay—Bluffton.

HOME ECONOMICS ENTERTAINS

The Home Economics graduates were "at home" to their friends Thursday afternoon from three until five o'clock. After the guests had seen the clothing display, they were invited to the Home Economics dining room where refreshments were served. The hostesses as well as the freshmen girls, who assisted them were attired in costumes made in the department.
ORGANIZATIONS

Five Brothers
The Five Brothers Fraternity announces the formal initiation of Harry Crawford '27; Earl Smith ’26 and Roy Porter '27.

The Five Brothers annual picnic will be held June 7, at Vollmar's Park. A big and crowded day has been planned by the committee. For this last "get-to-gether," many of the college men and Seniors from various high schools have been invited.

Quill-Type
The Quill-Type society, the new commercial club, that recently appeared on the campus, has enjoyed her share of success. Besides holding their regular meeting, the commercial students, fostered the State Commercial Contest. The contest was a regular meeting, the commercial students, at their "Hop" in honor of the visiting high school pupils.

In this way, the name of B. G. N. C. has been carried into many communities. This has been a great service to our college, and we know that students will come here, who would have not otherwise done so.

The Quill-Type has proved her worth, and thus, can take a stand along side the other organizations of the college.

Seven Sisters
With the closing of this school year, also comes the close of the Seven Sisters career. This organization of girls has taken a great interest in every school activity, and will be missed next year. It was hoped that the organization would continue, but the girls have thought otherwise, and thus the Seven Sisters will pass along down the old, old trail of oblivion, but always remembered by the Seven Sisters.

Country Club
A group of girls, known as the Country Club, have banded together in the past few weeks. Little is known of this group, but they will probably make themselves better known next year.

The various classes, Seniors, graduating Soph's, Juniors, degree Soph's, and the Frosh, are all planning stunts for "Alumni Day." From rumors afloat, they are going to be good and original.

The organizations of the college have held their last meetings and have closed their books, until the opening of school next year.

Emerson Literary Society
From month to month there have been reports of meetings of the Emerson Literary Society in the Bee Gee News. Those who have read the programs may have noticed that it is the only society at which the Alma Mater was sung at all the meetings, a tradition we hope will be continued. Some of the most interesting programs of the year were the Thanksgiving program; the Art program, given just before Christmas; the Magazine program in January; and the Kipling program in March. The annual Emerson school paper read at the February 19 meeting afforded much amusement.

Probably the most outstanding feature of the society have been the cooperation and loyalty of the members. The program committee wishes to thank all those who have helped to make this year a successful one for the society and especially Miss Nielun for her helpful advice and criticisms.

Five Sisters
The attic of the Dormitory has always been a mysterious place but henceforth if by chance there are any ghosts of the past lingering about the various nooks and corners of this romantic attic they may rightfully chuckle and grin with glee as they remember the scene they witnessed on the night of June 3, 1924, when the initiation of the Five Sisters took place. Following the ceremony which was greatly enjoyed by all (?) The charter members served a delicious lunch to the new members and Mrs. Webb, a guest of the organization.

Country Life Club
The Country Life Club held its last meeting of the school year on Tuesday evening, May 27. As this was the last time for many students to be affiliated in any way with the society, the entire evening was spent socially. At an early hour over a hundred members gathered in the gymnasium. The time was spent in dancing and games. Frances Kurz, president, took charge of the fun, while the music for dancing was furnished by Jean Scherers and June Beverstock. Light refreshments were served at a later hour to those present.

From a financial standpoint the club was very successful this year, leaving in the treasury a small sum with which to continue its activities next year. The membership is open to every student who comes to Bowling Green and if you return next year, don't fail to attend the meetings of the one lively organization, the "Country Life Club."

WIN-ONE-CLUB ELECTS
At a recent chapel meeting Mr. Johnathan Ladd ’26 was elected president for the ensuing year of ’24-’25. Mr. Ladd is a popular man on the campus, being a member of the Bee Gee News staff, president of one fo the literary societies and a member of the Five Brothers Fraternity.

Mr. Ladd will be assisted by Mr. Earle Davidson as Vice-President. Mr. Davidson is a Junior and a very capable man. The two men should be able to put over for Bee Gee one of the biggest Home-Comings ever. The date and game for the day has all been arranged. Defiance college will play B. G. on that great day, November 8. The plans are not yet complete for the program but will be in a few days. When the plans are in their entirety and are made known, each and every Bee Gee Alumnus can begin spreading the news of the next Home-Coming.

Our motto: Bigger and better each year. Bee Gee has never lost a game on Home-Coming Day and the gang will sure enough fight to keep up the good record.

MEN'S "HOP"
The fifth annual Men's "Hop" was held on Friday, May 16th. Many former students came back to attend, making this party one of the big events of the year.

The gym was uniquely decorated with many colors. A very enjoyable evening was spent in dancing. Leo Lake's new orchestra furnished fine music.

The patrons and patronesses were: The president, Mr. H. B. Williams, Mr. and Mrs. J. R. Overman, Mr. and Mrs. H. Kimmel, and Mr. and Mrs. E. C. Powell.
CHAPEL
Chapel, May 20th, 1924

Prof. Waller, of Ohio State University, spoke on Botanical Gardens of the Old World.

The Royal Botanical Gardens of England were discussed by Prof. Waller. This was made very interesting by the use of slides. Many foreign plants have been transplanted here, and by this method the British rubber industry grew. The young plants sent from here to England’s many colonies.

Many artificial ponds and hills have been made in this Garden, and so real, that the eye of man is fooled, and even nature seems to have been fooled also.

The Gardens of Oxford University, Onne Hathaway’s Garden, the great botanical gardens of Berlin and Paris were also discussed.

The whole address was interesting and well worth while.

CHAPEL, June 3rd

This could well be called “Announcement Day,” as many were made at this time.

Mr. Overman told of the annual and urged the 1925 “Key,” by having the editors on the job this summer and next fall.

Y. M. C. A.

Mr. Hall, secretary of the state Y. M. C. A. was here May 16th. In chapel he announced the “Y” conference at Lake Geneva. While here Mr. Hall talked with many of the professors and college men on organizing a “Y” here. Efforts have been made in the past to do this and it is hoped that such an organization may be started here in the near future.

MUSIC FESTIVITIES

Two organizations of which we are very proud are the Glee Club and the Male Quartette. Neither of these organizations are so very well known this year, that is thy have not appeared before the public a great number of times but it does not mean that they have been doing nothing all year. The Glee Club, under the personal direction of Professor Tuncliffe has held regular rehearsals throughout the year. During this time they have prepared a program which will be given to the public, June tenth in the College Auditorium. This program will afford the students and townspeople an opportunity to hear what the ladies have accomplished during the year.

Monday, June 9th, the Male Quartette will give their annual concert. Many of the papers of Northwestern Ohio have described the quartette as the finest organization of its kind in this section of the state.

The quartette is much better known by the public than the Glee Club owing to the fact that the quartette has been singing a great deal for conventions, banquets, commencements, etc.

The members of the quartette are Mr. Witte, Mr. Premo, Mr. Mohr and Mr. Currant. These men are all music students of the college and are accustomed to singing for the public so that all the appearance of the movie is removed and a polished concert may be expected.

Be sure to get your “Key” before you leave Bowling Green. See Don Smith.

THIRD AND FINAL YELLOWSTONE TRIP

If you ever desire to visit the Yellowstone and Middle West, and do so under the most favorable conditions, this is the year.

This wonderful tour of over 4500 miles of educational travel, by rail and auto, includes not only five great days in the Yellowstone, but also the rocky Mt. Park and vicinity, Pikes Peak, Garden of the Gods, the famous Crystal Pary trip, the Royal Gorge, a day and a half at Great Salt Lake and vicinity, and special sight-seeing tours in Chicago, Kansas City, Salt Lake City, besides various other attractions.

Going the southern route and returning via the historic Overland Trail (Union Pacific) gives sections of 10 states.

Stop-over and extension privileges can also be arranged.

The cost of this great tour, covering 16 memorable days, is only $195. Excellent meals are provided thru-out. The entire trip is personally conducted, and the very best possible service will be rendered.

Every detail of travel is carefully arranged for you, thus giving you your full time for getting the most that is possible out of this wonderful trip.

The educational value of such a tour cannot be overstated; it has far exceeded the highest anticipations of all the 200 and more who have taken it—and the same will be true in your case.

The price is far below what one could visit these great wonders for alone, or in other way.

Requests for reservations are coming in rapidly, and only a limited number will be taken. “Eleventh hour” reservations cannot be promised and since this is the last Yellowstone and Middle West trip to be offered for a long time, communicate at once with Prof. W. P. Holt, or you may be disappointed in being able to go on this great trip. Further information will be gladly furnished on request.

SHATZEL HALL

One of the finest buildings on the campus is the new dormitory, Shatzel Hall. The building is much larger than Williams Hall and very pleasing to the eye as well as very tastefully planned. The lawn around the new edifice is now being graded and gives every promise of being a beautiful when covered by a cloak of green and carefully placed shrubs. This building has been planned with every care possible taken to make it convenient and home like for the girls who will live there. The furniture that goes into the new building is better than the ordinary dormitory furniture, being chosen with an idea of service and beauty.

It is hoped that Thurston avenue will soon be paved as is the street on the north of the campus, Ridge street.

WHO SAID THE ATTIC WAS UNPOPULAR?

On May 25th, twenty-six girls gathered in the dormitory attic at 9:45 P. M. for a feed. The party opened with dancing, eating and star-gazing. The party closed with many thrills at a late hour.

The late hour does not mean that the party continued for the entire evening in the attic, for there are other places in the dormitory where gatherings are held. If you wish to know—ask any of the five who became separated from the group. That might help to explain the thrills.

The dorm girls wish to say that much pep is shown in their so called “dead life” but only those living in the Hall can realize it.
TO THE STAFF

I take this means of extending to my very effi-
cient staff of associate editors my sincere thanks for
their hearty cooperation and assistance through-
out the year just ending. If, during the past year
the Bee Gee News can in any degree or measure
be counted a success it is due to their ever-ready as-
sistance and cooperation. I am in grave doubt as
to whether or not they have come into their just
dues. I doubt that they have, either from myself
or the student body as a whole. The task of getting
out a college paper which will be presentable is a
large one and generally unappreciated. The report-
ers and the editors of the paper have generally
been compelled to get out the paper practically un-
assisted by the students, which is as good as it should
not be. The people who know the bits of news that
will make the paper interesting are the students
themselves and unless they make a special effort to
turn such items in to the reporters, the reporters
must personally solicit for them and when one takes
into consideration the fact that these reporters are
carrying their school work besides the news work,
one can easily see how impossible it is for all the
interesting events to be written up in time for pub-
lication. Next year the paper is going to be greatly
enlarged and unless the students awake to what is
This, none of us want to happen and so we must,
a long, dry sheet of editorials which no one reads,
really their duty the paper will be nothing more than
each of us, resolve to help out on the news proposi-
tion next year.

The student body is not alone in this charge of
negligence for the Alumni must take their share of
the blame. With but one or two exceptions there
were no articles from an alumnus last year. Cer-
tainly the alumni are a busy folk but considering
the service that Bee Gee has rendered them while
they were in school, they aren't being asked to make
any real great sacrifice after all. At least the gradu-
ates of this year can remember the situation
well enough to know that any articles or bits of
news that they can send in will be joyfully re-
ceived by the staff of the Bee Gee News.

Once again I wish to thank my associate edi-
tors for their very great aid in making the paper
whatever of a success it has been during the past
year and I assure each and every one of them that
the associations with them have been among the
pleasanthest of my entire college life. I surely wish
each of them the fullest measure of success wherever
he may be.

DONNAL V. SMITH, Editor-In-Chief.

WHO ARE THE EDUCATED?

Here, Mr. Graduate is something for you to
think about. You are now a college graduate. What
qualities have you annexed to yourself which you
did not have before? Are you a better man than
you would have been had you gone to College? If
you decide that a college education has brought
something to your being, something really useful in
life, does that signify that those less fortunate than
yourself who have not had the advantage of a college
training are not educated? Or is it possible that
an education may be received elsewhere than in
school room? We hear a lot of talk about the
sermon in books and stones and such things. Do
you believe in them or not? Do you think that an
education can be had by not going to college? An
answer to these questions involves a comprehen-
sion of the true meaning of the word “culture” and
of the term “education.”

You know, fellow grads, there are, among us
many pessimists. Some of them say: “A college
education doesn’t pay.” They are wrong, generally.

It is true, they know it but occasionally they are sincere. They
are a failure who is a college graduate and they
point at him when they say that a college education
doesn’t pay. If you meet such a pessimist it is your
duty to correct his illusion by proving to him that
good examples live among the people who go to
college and are benefited thereby. Most of us have,
either by personal contact or by hear-say, learned
that colleges do not make fools, a fool is a fool when he comes in. However, it is true that too
rarely the students have been educated in the
understanding to see these sermons and lessons
in life. Then true life has the strange habit of put-
ing situations up before one which involves a deci-
sion, the outcome of which may be the difference be-
tween success and failure. Now college does the
same thing with the exception that the decisions
made there are not so vital as those demanded in
actual life and they give a person the feeling of
what one may expect from real life with all her
critical decisions when they come. That is why the
fool is all the more noticeable when he gets thru
college; he has had four years of practice and still
he does the wrong thing. A college education
trained him to be a better man. It is true that we run across those people endowed with rare vision
and broad understanding, but even they would have

(Continued on page five)
WHO ARE THE EDUCATED?

Continued from Page Four.

been benefited by a college education. I could go on here at great length with my comparison but I won’t assume that the majority of people are already convinced as to the truth of that fact. Time forbids my so doing.

The question comes to my mind then as to how the pessimist came by such an erroneous belief. Thought upon the question has resolved itself into this conclusion: Too many college people, when graduated, do not take life as seriously as they might, there is too much of the ease of the college carried into the office where it is soon developed into failure. The college man, it seems has gained the idea that society owes him a living and that it (society) isn’t delivering as fast as it should. They have a horror of a job that excludes the white collar and think that, if they accept such a position there whole life in college has been wasted. Education should teach the doctrine of service, and should that doctrine carry one to the office or the White House or to the lowly ditch it will bring peace of soul and understanding, in a word it will bring happiness that is lasting, which is the aim of living. Let’s you and I resolve that wherever our life may be lived that it shall be a life of service, let’s be doers and not shirkers and prove to even the most pessimistic that a college education does pay, especially to the people who went to Bee Gee College.

---

LETTER FROM A PAULDING COUNTY FARMER
TO HIS SON IN COLLEGE

Paulding, Ohio, June 10, 1924.

Dear Willie: Your Ma and me will meet you on the 5:59 next Saturday. Your Ma says that you should be sure to bring all the things that belongs to you and I want to caution you against bringing anything that doesn’t belong to you.

I am glad to hear that you hate to leave all of your friends in college. You may be a little surprised to hear me say that but this is the way that I have it all figured out: If you hate to leave your friends that is a good sign that you like them and I trust you enough to believe that the friends you like are of the right sort. After you leave a place, the thing you take, which gets better with constant use is, your recollections and nothing makes memories so dear as a host of good friends. Say good bye to all of them and tell them that when they come within a mile of our place to be sure and stop. What I mean is that any of your friends are welcome here whenever they choose to come.

Your Ma and me would be delighted to come down to Bowling Green for Alumni Day but your Ma’s little chicks and me in the alfalfa is enough to know to keep us here at home. I am always pleased to see you fellows at college for I like the life there myself. I sometimes wonder whether you know what a perfect place you are in; the college is showing you life in a pleasant way; it is training you for a place in the world and you aren’t even wise to the fact that anything is happening at all. There is one thing a college should give a fellow lots of; even life doesn’t do it and that one thing is nerve. You know me well enough to know that I am not talking about the smart-aleck type of nerve but the kind that makes you buck up against the odds and fight. I read in that history you left at home Easter about the time that Napoleon’s army was going to revolt in Egypt; when Napoleon heard about it he got all his troops out and made them his speech and because it shows so plain just what I had in mind I am going to write it here: He said, “Soldiers of France, you are too many to murder me and too few to intimidate me. Go on with the march.” Now that was nerve and if you can find a sizeable chunk or two of it around Bowling Green you had better pick it up because it is rather hard to get. It seems like the geniuses of the world has a corner on it.

Now before you leave Willie I want you to make all preparations for going back again next year because I believe you can use lots of that stuff that they are pouring out down there. I am sure that you will be glad to get back to Bowling Green next fall too for after you and me get through all the work a wet spring has piled up on us you will be glad to get back to playing a nice easy game like foot-ball where you can rest up. You know football is something like life just as you say only we put in about three quarters in life while there is four in foot-ball. I must say though that the quarters in life is about 25 years long which as you can see would naturally make some difference.

It is now 9:30 and you know what generally happens at that time especially after a hard day on the farm. In case you don’t know now I’ll bet you will find out when you begin working along with me and the hired man.

Ever yours truly, DAD.

P. S. You won’t need them funny sticks you was knuckling that little rubber ball around with because we are farming all of our land and besides the pups would lose them little rubber balls in no time at all.—D.

---

THE 1924 NIAGARA TRIP

A large number are already planning to take the combination Lake Erie and Niagara trip on July 11, 12, 13. The trip this year will also include an important stop at Put-in-Bay, with its interesting caves and other special attractions, in addition to the stop-over at Cedar Point.

This is an educational trip of exceptionally high value, and should be taken by every progressive teacher. Over 500 have already taken it; and no one has yet been found who does not speak of it in terms of the very highest appreciation.

Yes, other teachers—and your relatives—and all seriously interested in educational travel, can go.

The trip will be personally conducted thru-out, and everything possible will be done to make this trip of exceptional value for the large number who are planning to go.

You can cooperate in helping to make this a record trip by telling your friends about it, and by sending in your name at once to Prof. Holt of the Geography Dept., so that more detailed information can be sent to you in the near future.

The price is reasonably low this year for all that will be included. Let’s go.

Can You Picture This

Clem—“Which side would a photographer take in a debate?”

Don—“The negative, of course.”

Clem—“Are you positive of that?”

Don—“Sure, I have the proofs for it.”
BEE GEE LOSES TITLE TO DEFIANCE  
The Orange and Brown lost an exciting ball game, in fact the championship game to their old rivals, Defiance College, 4 to 1.

As usual, there was a missing link in the Bee Gee team. The Bee Gee gardners misjudged several fly balls, which should have been cleanly fielded. The failure in catching them was responsible for the loss of the game.

Defiance presented an excellent bunch of ball players, who played heads up baseball throughout the game. They had a good bunch of sluggers, who hit when hits meant runs. Two triples and about half a dozen singles were made of the offerings of J. Rudolph.

The game was a real championship affair and was interesting to watch.

Although the rain held up the team several times this year, they passed through a very successful season, finishing in second place in the conference.

Captain Bistline had his men well under hand during each game under the watchful eye of Coach McCandless. The men who played their last game of athletics for their Alma Mater are Etoll, Fox, Herrick nad Bistline.

RUDOLPH BEATS MEINHART  
IN PITCHING DUEL

The varsity won their second game of the season from Toledo University, 3-2 in a ten inning game.

The game was played on the Merchants Field which was on that particular occasion very fast. The weather was ideal and a large crowd of enthusiastic rooters filled the stands to its capacity.

The game soon developed into a pitchers battle between Rudolph and Meinhart from which Rudolph, the local twirler emerged victorious.

The fielding of both teams was especially good, Smith and Berry handling especially hard chances for the locals.

Certainly the Rudolph brothers come in for their share of the glory, John pitching big time ball and Bruce handling every pass without booting a single one.

FIRST CONFERENCE DEFEAT

After being rained out twice Bowling Green and Defiance finally played their first game at Defiance.

The day ended disastrously for the Orange and Brown as they were way off form and marred the game by a number of very costly errors. However it was the errors and not the hits that lost the the game for the locals. Bowling Green made more hits that did the Defiance club but they were too scattered to do much good.

The locals were on numerous occasions caught napping on the paths while Defiance played heads up ball the whole time.

The fact that the regular umpire did not appear did not help the situation any. Two of the spectators tried to fill the bill.

THE NEW FOOT BALL SCHEDULE, 24-25

Sept. 27, Varsity-Reserve game.
Oct. 4, Heidelberg U. at B. G.
Oct 11, Capital U. at Columbus.
Oct. 18, Ashland at Ashland.
Oct. 25, Toledo U. at B. G.
Nov. 1, Central College at Mt. Pleasant.
Nov. 8, Home Coming Day, Defiance at B. G.
Nov. 15, Muffton at Bluffton.
Nov. 27, Cedarville at B. G.

M'CANDLES LEAVES BEE GEE

Coach Mas has signed a contract to go to Bethany College at Bethany, W. Va. He will take up his new duties there in September. The promotion is a big one, meaning not only a larger field but also a substantial increase in salary as well.

Coach Mac has been a hard worker and was well liked by the student body and his athletes as well, for his energetic and consistent efforts to give Bee Gee winning teams in all sports.

His football season was not such a great success because the new western style of play was strange to the local athletes and was harder for them to get acquainted with that the mid-west style. The game was true in basket ball. His teams this spring have been rather successful.

Mac leaves Bee Gee with the hearty good wishes of all who came to know him during his stay here.

A successor has not been appointed at the college but Dr. Williams has started to look for a man to fill the position. Coach McCandless has recommended several men to the college head, who should fill the vacancy very satisfactorily.

TENNIS

The last issue of the Bee Gee News would not be complete without a few words in regards to the tennis team.

The Varsity Team won the championship for the first time in the history of the institution.

The team lost but one match during the season and that was to the Defiance College netters.

Place and Preme played wonderful in their single sets, while Old and Bachman did equally as well playing doubles. Olds won the majority of his singles. Bachman did not play singles.

The team should be complimented for their efforts and winning the championship.

SPORT BITS

Shinew Temple Boys are 100 percent gold medal men. It might also be interesting to know that Harkinson, Herrick, Fox and Etoll have together earned eleven varsity letters the past school year. We challenge any other one house to show a better record.

Coach Allen Snyder was a Temple caller Friday night.

Plans are developing fast for the organization of a new conference which would include Michigan, Indiana and Ohio Colleges. The name for the new conference would be O-M-I.

Erratic base running and ragged fielding has been responsible for the loss of most of the college games this season.

Team batting for season has been very poor. Scarcely a man is batting over .300.

BLUFFTON TILT STOPPED IN 2ND FRAME

A game which gave promise of being a slow affair was stopped in the second frame by old Pluvius. At the time the game was called Bee Gee was leading 2-0, but judging from the brand of ball started the out come of the game was by no means certain. Early in the season Bee Gee easily trounced Bluffton on the latter's field.

Excited voice (over the telephone to physician)  
"Doctor, my mother-in-law is at death's door. Please come and see if you can't pull her through."
PERSONALS

Prof. Knepper, head of the Commerce and Business Department will attend Chicago University this summer.

Prof. Hissong, supervisor of the Training school will attend Columbia University this summer to complete work on his Master's degree.

Robert Younkin, captain of last year's football team has been engaged at Napoleon next year as Science teacher in the Junior High school. Mr. Younkin will also have charge of athletics in the Junior High school.

Everett Fish is negotiating for an aeroplane in order that he may get to his classes quicker. Ev. says he wants an aeroplane for two reasons—one is that it is faster and the other is that it is safer for other people.

Miss H斯顿 and Miss Nielsen will spend the summer traveling abroad, spending a part of their time in England, Europe and Africa.

Mr. Lester O. Bower of Van Wert, a graduate of the Commercial Dept. in 1922 has been engaged as clerk in the business office.

Miss Dorothy Hoff and Miss Dorothy Bost have been engaged as teachers in the elementary schools of Napoleon, Ohio.

Miss Janet Adecock and Miss Eleanor Armstrong of Antwerp, Ohio, spent the first of the week as guests of Miss Lucille Carr and Miss Zona Daniels.

The Misses Young, Woolworth and Doane entertained Mr. and Mrs. Hissong and daughter Harriet, and the Misses Johnson, Brooks, Vial and McDowell at the Woman's Building, Monday evening, June 2nd.

The music instructors entertained the students of the music class with a dinner party at the Woman's Building, Monday evening, June 2nd. A jolly good time was enjoyed by everyone present.

Miss Laura Oberlin, former B. G. student, visited friends at Williams Hall, the week of June 2nd.

Mr. and Mrs. Thomas Doolin Bain, '23 announce the arrival of Delores Lenore on May 23, 1924. The Bee Gee wishes to congratulate Mr. and Mrs. Bain and extend sincerest wishes to Dolores Lenore.

Mr. Merle Hoskinson spent Decoration Day at the home of Don Smith in Convoy.

Maurice Bistline, popularly known as "Bobby" has been engaged as Coach of High School Athletics, at Blissfield, Mich. Bobby is Capt. of this year's base ball team and an all around good athlete. He has the best wishes of all his friends for a successful and happy year.

It is with great eagerness and bated breath that the student body of Ol' Bee Gee are awaiting the arrival of "The Key," the first annual that the college has put out since 1918. Mr. Fox, the editor reports that the books are expected to arrive on the tenth of June.

Lester Scherf had the sad misfortune to break the middle finger of his writing hand in a fistic encounter with Dinty Mohr, bass sniger for the college quartette. The engagement was only a friendly encounter but ended rather disastrously (?) for Skinny since he isn't going to get out of any of his exams as was at first expected.

Subscribe for the Bee Gee News before you leave the old school. Don't be without your college paper the first year out of school.

HOME-COMING DAY, NOVEMBER 8. PASS THE WORD ALONG, BIGGER AND BETTER EVERY YEAR. BOOST THE COLLEGE—GET IN LINE.

The organization in Bee Gee which has made the most advancement is the College Band. At every college game, on all special occasions the band has been out boosting old Bee Gee to the limit. At present here is no special recognition given to the band members but there certainly should be. Every man who played in the band helped old Bee Gee and just as the athletes, the debaters, Drama class and the numerous other extra-curricular are recognized so should the band be recognized. A pin, a medal or some other fitting token should be given them to show that the college is not without appreciation for what they have done.

Miss Shaw of our Physical Education Dept. acted as Head Judge at the Women's Field Day held at Ohio State University on May 23rd, 1924.

The events included base ball throw, basket ball throw, hurl ball, javelin throw, shot put, running broad jump, hop step jump, running high jump, dashes, discus throw, and hurdles.

Miss Shaw also umpired the championship intramural baseball game.

Mr. Earl Lowrie of Lorain, O., spent the week end in town, attending the Five Brothers picnic.

Mr. Roy Vermilya, of Ohio State, was a guest of Dewey Fuller at the Five Brothers picnic, Saturday.

Miss J. Kathryn Fast of Napoleon, is spending Commencement Week with her sister, Mrs. J. R. Overman.

Mr. Ralph Castner, who has been working at Lodii, Ohio, during the past year, returned to Bee Gee for the Five Brothers picnic.

Kenton Moore, '23, returned to Bowling Green for the Five Brothers picnic and commencement.

Miss Ada Campbell of Ada, spent the week-end visiting friends in Bowling Green.

The stark visited the home of Mr. and Mrs. Crowley at 228 S. Grove St. Saturday, June the seventh, leaving a fine nine pound baby boy. Both mother and babe are doing nicely. The many friends of Mr. and Mrs. Crowley in Bee Gee extend to them, heartiest congratulations.

Be sure to subscribe for the Bee Gee News for next year. Plans are now being laid that will make the Bee Gee News an altogether different paper and well worth taking. Don't delay, but subscribe at once.
FIVE BROTHERS PICNIC

What proved to be one of the most delightful outings of the entire year, was held Saturday, June the seventh, at Vollmar's Park, where the second annual Five Brothers picnic was held. Over fifty couples enjoyed the day.

The party left the campus at twelve o'clock, Saturday noon and journeyed by motor to the Park. The afternoon was spent in boating, playing ball and pitching horse shoes. In the game last mentioned several of the faculty members proved to be bright and shining lights.

At five o'clock a picnic dinner was served and there was plenty of good things to eat. After the dinner the entire party enjoyed the dancing at the club house. Very excellent music was furnished by Howard's colored orchestra from Columbus.

Mr. and Mrs. Overman, Mr. and Mrs. Biery, Mr. and Mrs. Kimmel, Mr. and Mrs. Clutts and Coach MacCandless acted as chaperones for the party. It was certainly a very tired and happy crowd that left the park for Bowling Green at eleven o'clock.

It is hoped that the Five Brothers will continue this delightful practice of holding a day's outing for members and friends once a year.

The entire organization deserves much credit for the manner in which the party was conducted, but most of all, Homer Mascoe, Ol'de Shull of the Five Brothers, deserves special mention. Homer spent the entire day making his guests feel at home. The fact that every one expressed the fact that they had a regular time, shows how well he succeeded. Indeed Homer made a very fine host.

Many of the old members of the organization were back to enjoy the day. Among this number was Earl Loprie, Robert Slotterbeck, Ralph Castner and Lester Bower.

BACCALAUREATE

Baccalaureate service for the graduating class of 1924 was held Sunday afternoon, June the eighth, at three o’clock, in the United Brethren church, delivered the address. He spoke on the seven lamps of education, Truth, Beauty, Love, Kindliness, Honesty, Diligence and Faith. Music for the occasion was furnished by a specially selected choir from the music department and Lloyd Witte, who sang a very beautiful solo.

The largest crowd ever in attendance, was at this service in spite of the threatening weather. There are 103 graduates this spring and the graduates and faculty and their families filled half of the spacious auditorium.

TO THE PUBLIC

The Senior class wishes to take this means of thanking the faculty, the students and all others, who are helping to make this Commencement such a success. The class appreciates such kindness and hopes that all concerned feel how really grateful it is.

CLASS OF ’24.
D. V. Smith, Pres.

FAREWELL DINNER

The diploma graduates in the Home Economics course, entertained at dinner at the Ottawa Hills Tea House, Friday evening. The party was given in honor of Miss Laura Heston and Miss Caroline Nielsen, who will leave the middle of June for a summer in Europe and for Miss Margaret Walker, an instructor in the Home Economics Department.

Plaques for the guests were marked with old fashioned corsages. Seated at the table were Marjorie Cox, Alice Allen, Hazel Bodley, Aileen Edgecomb, Elma Grubs, Ruby Garn, Bernita Shupp, Christine Russell and the guests of honor.

NEWS BITS

Miss Alice Rupp has been engaged as a critic teacher for the summer in Training school. Miss Rupp is a Bowling Green graduate.

Merle G. Hoskinson has been engaged at Convoy, Ohio, as Director of Athletics and head of the Agriculture Department. Mr. Hopkinson is going into a new school plant of a very good standard, having a new gymnasia and all new athletic equipment. The basket ball team of this place has the reputation of being one of the best in that section, winning for the third successive time the championship of Van Wert county.

Miss Young and Miss M’Dowell, critic teachers will spend the summer at Hyannins, Mass, attending the college there.

Miss Clara Rankin, formerly a Bee Gee student, underwent an operation for appendicitis at her home in Elyria, Ohio, June the sixth and is recovering nicely.

Miss Evelyn Scherf has been engaged as a teacher in the Sandusky schools.

Miss Esther Russel will coach the renowned Girls basket ball team of Port Clinton next year. Miss Russel will also teach in the High school there.

Dewey Fuller, a graduate of the Agriculture Department will teach in Lafayette next year.

Ernest Etoill will teach Industrial Arts and coach athletics in the parochial school at Norwalk next year. Mr. Etoill is a letter man in all sports here, getting his letter in track this spring.

Catherine Rieber, Edna Hapley, and Margaret Coveritt will teach in Erie Co. next year.

Miss Eleanor Shatzel, a graduate from the two year course in Music this year will continue her study at Oberlin College next year.
