MEMORANDUM

FROM: Paul J. Olscamp  
President

SUBJECT: Opening Day Ceremonies and Salary Increments Policy

January 6, 1986

In response to two memoranda from you as Chair, Administrative Staff Council, I provide the following, with my apologies for the belated reply:

Opening Day Ceremonies:

You stated that you were "disappointed in the lack of any mention or recognition of the University Administrative Staff at the Ceremony." I did mention the Administrative Staff during my convocation address. The Administrative Staff were mentioned directly, mentioned several times as "staff" and mentioned specifically as they relate to certain administrative units such as the Computer Center, Office of Financial Aid, University Relations, Student Affairs, and others. No one recognizes the importance of the Administrative Staff at BGSU more than I do. If you feel additional mention of the Administrative Staff Council would be helpful, please forward your suggestions to Dr. Richard Eakin, Vice President for Planning and Budgeting, whose division includes the Office of Administrative Staff Services.

With regard to having the Chair of the Administrative Staff Council address the community during the convocation, I would prefer that present practice continue. Currently, the Chair of the Administrative Staff Services addresses members during an afternoon gathering of the Administrative Staff. I believe about 100 members have attended in the past. Perhaps some activity to draw more members would be appropriate such as an address from the Vice President. The convocation is already too long, in my opinion.

Salary Increment Policy

As you know, the final report of the Ad Hoc Committee on Salary Increment Policy is not yet complete. The final report

"An Environment for Excellence"
may include a recommendation that the Administrative Staff Council appoint a committee for purposes of developing a salary increments policy for administrative personnel. My office will keep the ASC posted.

I appreciate your interest and willingness to assist.

Thank you for your response to my inquiry concerning Administrative Staff Council representation on the Committee on Academic Priorities. Please find enclosed a new copy of the original request.

MEM/27
The Administrative Staff Council hereby requests representation within the University Exigency Plan as approved by the Faculty Senate October 18, 1982 and approved by the Board of Trustees February 11, 1983. Such representation would be through membership on the Committee on Academic Priorities (CAP) which is described under Section C, Step 1 of the University Exigency Plan.

Reasons:

1. The exigency policy was originally drafted by the Faculty Senate and then accepted as University Policy by the Board of Trustees before the inception of the Administrative Staff Council. Were it to be written now as a University policy it would most appropriately include a representative of the Administrative Staff Council.

2. The new "Statement of Role and Mission of Bowling Green State University" states in the epilogue that "...creative administrative leadership will be required for attaining desired goals." This same administrative leadership should be consulted and informed as part of the CAP also.

3. Under Article II, Section 7: Shared Responsibilities of the University Academic Charter passed by the Board of Trustees June 17, 1983, "certain responsibilities are shared in varying degrees by all the basic groups of individuals within the University Community." Section (c) and (e) in particular refer to providing "forums for the discussion of problems facing higher education in general and BGSU in particular; reviewing and making recommendations about the annual budget to be recommended to the Board of Trustees through the President." Such participation seems to recommend participation on the CAP.

4. Because the CAP will be identifying units to be curtailed within the academic area including "activities, offices, services, functions, degree programs, academic specializations, departments, divisions, centers, and institutes" which are supported, and influenced by many administrative areas within the BGSU community, the input from Administrative Staff representing those areas would enhance the decision making process.

5. Non-academic areas may also be subject to curtailment recommendations by the CAP and should also be represented in such deliberations by the ASC which represents the 300 Administrative Staff employees on campus.

MEMORANDUM

TO: Gregg DeCrane
Chair, Administrative Staff Council

FROM: Susan Caldwell, Director

SUBJ: Work Week and Compensatory Time

Gregg: In response to your questions concerning work week and compensatory time for administrative staff, I have referred to the policy on "Compensatory Time" on page 40 of the Administrative Staff Handbook for information on both issues. That policy states that "a full-time administrative staff member is expected to work a minimum of forty hours per week," and that at times it will be necessary to work more than 40 hours in order to fulfill contract obligations. Based on this statement, it is my understanding that a staff member may be required to work more than 40 hours in a week. In addition, no maximum limit has been set on the amount of time a person should be expected to work per week.

The only policy I am aware of dealing with compensatory time for administrative staff is the statement in the Handbook. There are, of course, policies providing classified employees with overtime pay or compensatory time off for hours worked in excess of forty in a week. I checked with the Library and was told that there are no special compensatory time policies in that area. Some departments may assign employees to staggered work schedules so that offices can be staffed for evening and weekend hours, but there is no provision for compensatory time when an employee's workload exceeds a certain number of hours. Please let me know if you have additional information that you would like me to look into. I hope my response will be helpful to you.

It has been brought to my attention, by way of a memo from Susan Caldwell, that the Administrative Staff Council may present annual salary increase recommendations to the Faculty Staff Budget Committee. This is certainly a welcomed opportunity and one that in future years we hope to participate in from the beginning. In regard to the current year's budget process, it is the Administrative Staff Council's recommendation that the Administrative Staff maintain its position of being considered in the same salary pool as the faculty. This is in light of past relationships with the faculty in regards to salaries and the yet to be finalized report of the Ad Hoc Committee on Salary Increment Policy.

SUBJECT: Opening Day Ceremonies

Dr. Olscamp has indicated to me that any suggestions for including Administrative Staff Council in Opening Day ceremonies should be forwarded to you. After discussing the topic with the ASC Executive Committee the following suggestions are offered:

1. The Chair of the Administrative Staff Council should be included in the presenters at the convocation. This would be consistent with the other two representative bodies during the Opening Day Convocation and the Classified Staff Convocation.

2. The Administrative Staff would continue to hold its annual meeting (as provided for in the ASC Charter) during the afternoon of Opening Day. This would be followed, as has been the custom, by a reception for all Administrative Staff with special recognition given to new employees.

3. The presentation of the Ferrari Award should be presented at the convocation. The award was created by the Board of Trustees and is the highest award that can be received by an Administrative Staff member. The forum for its presentation should be as broad as possible.

If you have any questions about the above suggestions, please call. Your help in this matter is appreciated.

SUBJ: Administrative Staff Contracts

As you requested, I checked to see if there are any University policies concerning the length of time for which a contract can be written. The following summarizes my findings:

Academic Affairs - The maximum length of a contract is 12 months. No contracts are allowed to overlap fiscal years, with the exception of grant-funded positions which may be on a different renewal schedule.

All Other Areas - There is no set policy on the length of a contract. Depending on the circumstances of each position, a contract may be written for as long as 14 months. Seldom would a contract be written for more than that. One of the reasons for keeping contracts to close to 12 months is that funding from the state is provided for one year at a time.

I hope this information will be helpful to you. Please let me know if I can be further assistance.

Section 5: Alternates at ASC Meetings

Alternates may be designated by any Administrative Staff Council member who finds that attendance at an Administrative Staff Council meeting is not possible. Alternates must be chosen from the Vice Presidential or Presidential area represented by the council member and must be identified to the Administrative Staff Council Chair prior to the beginning of the meeting. An alternate so chosen and so identified may participate in discussion, initiate motions, and vote on all issues, save those involving amendment to the Charter or By-Laws. Alternates may replace any single council member no more than three times in one year.

Section 6: Attendance Policy

An Administrative Staff Council member who is absent from three consecutive regular meetings without having sent an alternate or a total of five meetings during the academic year, and who has not offered for such absences reasons acceptable to the Executive Committee, shall be designated by the Executive Committee as absentee.

After the absentee Administrative Staff Council member has been notified by the Secretary of his/her designation as absentee, his/her name shall be placed before all Administrative Staff Council members at any regular meeting. At that time, a vote of two-thirds of those present shall be sufficient to remove the absentee Administrative Staff Council member from office.

Dear Greg:

Apparently my reply to your request earlier this year concerning Administrative Staff Council participation in Opening Day Ceremonies has been misplaced. I had indicated in that reply that it would not be possible to have the Chair of the Administrative Staff Council be among the presenters at the Convocation. The Convocation is too long as it is, because of the necessity for the President to report on the State of the University which takes a considerable amount of time, and because of the presentation of the other awards. I believe that there are ample opportunities throughout the year for the President and the other constituencies of the University to meet with the Administrative Staff Council.

In my opinion it would be inappropriate to present the Ferrari Award at the Convocation. It is designed to be an award specifically for administrative excellence, and thus the appropriate form for that presentation would seem to be a gathering of administrative employees.

I have included a copy of my January 6 letter to you for your information. Please note that I did not ask you to forward "any suggestions for including Administrative Staff Council in Opening Day Ceremonies" to Dick Eakin. What I did ask was that you forward any suggestion for "additional mention of Administrative Staff Council" to Dr. Eakin.

SUBJECT: ASC Update

DATE: February 27, 1986

I am sending you this memo with the attached information in order to update you on items being discussed in ASC. The next ASC meeting will be Thursday, March 6 at 1:30 and I would appreciate any comments you have on the information being provided.

- Elections, as you know, are currently in process for the 1986-87 year.

- The Insurance Committee’s proposal has been forwarded for approval. It will be competing with the faculty salary issue in the budget process.

- A proposal for presenting the Ferrari Award at the Opening Day Ceremony has been forwarded to Dr. Olscamp. It has met with a decidedly negative response from Dr. Olscamp.

- A task force has been established to study the taxation of fee waivers. We will keep in touch with the task force as it progresses. Apparently, if it is not called a "fringe benefit" it may not have to be taxed.

- The Personnel/Welfare Committee has drafted a proposal that would change from 5 to 3 years the employment period necessary to receive fee waivers for dependents. BGSU is the only state institution in Ohio that requires 5 years.

- The Personnel/Welfare Committee has also drafted a proposal (see attached) to change the vacation policy for administrative staff. Any comments you have on this or the fee waiver proposal will be taken to the meeting next week before a vote on the proposals.
- The Scholarship Committee is currently in the process of selecting the first recipient of the ASC Scholarship. Over 100 students submitted applications. The announcement should be made around March 14.

- The nomination process for the Ferrari Award is underway. You should already have received the information.

- The Personnel/Welfare Committee has also been working on the policy for across the board and merit increases. So far, they have suggested that any across the board increase be adjusted based on the employee's date of hire. For example, if the contract date is January 1, the employee would be eligible for 6-months, or one-half, of any across the board increase. The merit issue is proving to be difficult to resolve. Please let me know if you have any suggestions or comments.

- A survey will soon be mailed to all administrative staff in order to assess current needs. Please look for it in your mail and complete the survey as indicated.

If you have any other concerns, please keep in touch. I hope that this information is helpful.

RE: Merit and Across the Board Policies

DATE: March 12, 1986

For the last several weeks the Personnel Welfare Committee has been examining and discussing the current University policy for "across-the-board" and "merit" increases in conjunction with annual evaluations. It is the consensus of this committee that the current "across-the-board" policy, pro-rated by the number of months an employee is employed (less than one year), stand as is.

The Committee recommends that the question of "merit" be further examined and discussed by the Administrative Staff Merit Committee. The charge would be to first define "merit" and to investigate the consistency in its dissemination. This last provision could include: a) discretionary pools, b) one-time appropriations or awards, c) consistent evaluation time-tables to coincide with the budget process, d) etc. In short, this committee does not have the necessary information or data to present any concrete recommendations. However, I and the other committee members would be agreeable to discussing the topic in joint sessions if necessary.

Last, I apparently opened a "can of worms" at Executive Committee on Tuesday in regards to the "across the board" question. In a superficial examination of the Academic Charter, I did not locate text relating to the subject. However, I do know of one particular case; and after speaking with others, I know that across-the-board increases have been withheld for "unsatisfactory performance". But, it was due to specific "extenuating circumstances". From what I gather, the decision to withhold "across-the-board increases" is made at the Dean's level.

I will ask Betsy to address this question, and hope to have a clarification by the next Executive Committee meeting. If you think we need to discuss this further please give me a call.

MEMORANDUM

TO: Administrative Staff Members

FROM: Administrative Staff Council PERS Retirement Incentive Plan Committee

DATE: April 2, 1986

SUBJECT: Proposed PERS Retirement Incentive Plan

There are currently two pieces of legislation being considered relative to the approval of a Public Employees Retirement System Retirement Incentive Program. The bills would allow the University the option of establishing a plan that would have the University purchase up to five years of service credit for an eligible employee. The University would pay the cost of this purchased service credit on a date agreed upon by the eligible employee and the University. (An eligible employee is one who is a participant in the PERS, who is eligible to retire on or before the date of termination of the Retirement Incentive Plan with the additional service credit that would be purchased, and who agrees to retire within 90 days of receiving notice from PERS that the service credit has been purchased. Eligibility also includes years of out-of-state or military service which the employee has purchased or would be purchasing.) The program would be open to all eligible Administrative Staff and Classified Staff employees in the PERS. The order of selection to the program would be on the basis of seniority in terms of service credit at BGSU.

The University is not obligated to implement the PERS Retirement Incentive Program. If the program is implemented, the University would make the decisions relative to the length of time the program would be in effect, the number of employees (not less than 5%) eligible, and the amount of time allotted for an employee to indicate his/her interest in participating in the program.

In order to make an informed and representative recommendation to President Olscamp, we ask that you take the time to respond to the attached survey. This information, along with demographic data from Administrative Staff Personnel Services and future studies will assist us in formulating our recommendation. If you have any questions, please contact your ASC representative. You will be kept informed of any further developments relevant to this matter.

In previous correspondence we exchanged ideas about how the Opening Day Convocation could be more meaningful to Administrative Staff members. Your remarks at the Staff Awards Banquet made it perfectly clear to me what could be done. Listening to you express your views on the importance of the University staff members in creating the unique Bowling Green atmosphere made me proud to be a part of the University. It was a feeling that I haven't had in a long time and it was also the feeling that I hoped to have had when I left last year's convocation.

To offer a suggestion as to what could be done to make the Administrative Staff more a part of the convocation - let them hear some of what I heard at the banquet. Hearing that they are worth something could go a long way to bettering staff morale and building their self esteem. It definitely gave me a boost.

I am responding to your March 13 memo regarding across-the-board increments. In checking our records, it appears that it has been very rare indeed when a person's across-the-board increment has been withheld. Those instances involved persons who were being terminated or who were leaving under unusual circumstances. Although there was an attempt some years ago to designate the across-the-board increment as a "general increase" or "satisfactory performance" increase, it does not seem to have taken hold. It does appear, therefore, that at this time, the across-the-board increment is awarded to everyone, except in such rare instances as noted above. I appreciate your bringing this question to my attention.

RE: Grievance procedures as presented in the
    Administrative Staff Handbook

Even with revisions the grievance section and the termination and suspension parts of the Administrative Staff Handbook remain obscure and ambiguous. Since the document is currently being reviewed, I suggest that special attention be given to these sections. In light of recent developments there are several questions that should be considered. One, what is a grievable situation? This should be spelled out. Second, I believe that suspensions and terminations are two separate entities necessitating different language and procedures. Third, when one is suspended without pay, is it possible for the person to be granted sick leave or vacation pay or receive a leave of absence? I would object to that. When does conduct outside of the workplace become an issue with respect to suspension or termination? Would the same procedures hold? Should there be a University policy for the type of situation that transcends the various classification of employees? I am sure that other questions come easily to your mind.

I am requesting that these questions that have absorbed much of my energies in the past few days be looked at by classified and administrative staff prior to going to printers with the 1986-87 Handbooks.

Dear Shad:

Several months have passed since I talked to you about attending a meeting of the Administrative Staff Council in your role as a member of the Board of Trustees. As you may recall, you suggested that it might be more interesting for you to attend our June meeting since you will have completed your term as a Trustee in May of this year.

Therefore, I would like to renew my request for you to attend our June 5th Administrative Staff Council meeting which will be held from 1:30-3:30 in the Alumni Room of the Union. The format is informal and will consist of any remarks you would like to make followed by a question-and-answer session. Members of the Council have especially expressed a desire for you to discuss your experience as a Trustee and the changes/events at the University that you have witnessed during your nine years on the Board. The session will probably last about 45 to 60 minutes.

It may also be helpful for you to know that the newly-elected ASC representatives are invited to our June meeting. Attendance will total between 30 to 40 Administrative Staff Council members.

If you have any questions or desire additional information, please feel free to contact me.

After being notified of the response from Administrative Council in regards to the proposed changes in the Administrative Staff Handbook, and subsequently conferring with the Personnel Welfare Committee of Administrative Staff Council, the following position is held:

1. Sections A, C, D and E are acceptable if a compromise can be reached on Section B regarding the grievance of non-renewal. An overlapping of sections does not permit unconditional approval of those sections.

2. Section B's revised wording is acceptable and the principle of the wording would be acceptable if the following change was made:

   Change Grievance and Hearing Procedures I., A, paragraph 1, last sentence to read, "The decision not to renew the contract of an administrative staff member, in the first three years of employment, is not grievable, and, therefore, not subject to this procedure."

The change suggested takes into consideration the fact that non-renewal is a management's prerogative; new employees should be viewed in a more probationary status; employees with a number of years in service have demonstrated their worth to the institution and thus, if not renewed, should expect an opportunity to be heard; non-renewal is a rare occurrence on this campus; and finally, an understanding that grievance decisions are only recommendations.

In terms of being able to show improvements in the policy as it relates to employees, it is felt that with this change it could be salable to ASC. Without the change it is felt that we have a well written policy that benefits management at the expense of employees.

In general, when approaching changes to the Contract Information section of the handbook it was felt, and mutually agreed upon, that changes were indeed necessary to make the document clearer and the process simpler as well as fair. The changes are not being looked upon as adverse in nature, but rather such that the University as a whole is benefitting. While those involved in the writing of the changes were both potential supervisors and grieving employees, it should be understood that the Administrative Staff Council must have paramount concern for the welfare of the administrative staff member.

It is hoped that a response to the above recommendation may be received in a timely manner to allow for presentation to the Administrative Staff Council at its special meeting of May 15. If I can assist further, please call.

SUBJECT: Public Employees Retirement System Retirement Incentive Plan Recommendation

During the past three months, a committee established by the Administrative Staff Council has been looking at various aspects of the proposed PERS Retirement Incentive Plan. The committee’s work involved three tasks. Its first task was to inform the entire administrative staff of the details of the proposed plan. Its second task was to conduct a survey of the administrative staff to 1) determine interest in the program and 2) determine concerns relative to it.

The results of the survey, the committee’s knowledge of the recent STRS program at Bowling Green State University, and information received from other universities aided the committee in accomplishing its third task — the formulation of recommendations. These recommendations follow.

1. The University should adopt the PERS Retirement Incentive Plan if and when the option becomes available. 88% of the administrative staff responding to the survey indicated desire for the adoption of the plan and 5% had reservations and were non-committal.

2. Retirement Incentive program should be open ended with a one year notice required prior to termination in order to minimize the sudden impact of loss of personnel, lessen the impact of replacement of personnel, minimize the budgetary impact in a given year, allow for more long range planning of replacements, and consider the opportunity for planned internal promotions.

3. The number of years service credit to be purchased by the University should be five years.

4. Employees deciding to participate must indicate their intent six months in advance. Employees should be encouraged to retire at the end of the fiscal year.

5. Once the PERS Retirement Incentive Plan has been approved by the Board of Trustees, eligible employees should be given at least three months to decide whether or not they intend to participate.
6. PER3 representatives should be available to offer informational sessions concerning the plan and should offer individual counseling opportunities prior to the time an employee must indicate their interest to participate. The Office of Administrative Staff Personnel Services should coordinate these sessions and work with administrative staff retirees.

7. The Supplemental Retirement Program should be maintained in its present form.

RE: ASC story

Here is my account of Thursday's (May 15) meeting of the ASC. Please give it a good going over and we can talk about any changes you think should be made next week. I quote you extensively throughout since you are the spokesperson for the ASC, but I would have no trouble eliminating names if you think that would be more appropriate.

I think it is important that we keep the story positive so as not to alienate the administration. At the same time it is important that the ASC's concern about the difference in salary pools is expressed.

Please forgive any typos you may spot, I haven't proofed the copy. If you spot any, let me know, I can always use the help.

Looking forward to hearing from you.
The executive committee of the Administrative Staff Council has been assured that the difference in salary pool increases between the faculty and administrative staff is not the start of a trend.

Greg DeCrane, ASC chair, told the council that its executive committee had met with President Paul J. Olscamp to express concern about the faculty receiving an 8.5 percent increase in its salary pool while the administrative staff pool rose 8 percent. Traditionally, the two receive equal increases.

DeCrane, assistant vice president for student activities, reported on the discussions with Dr. Olscamp at a special meeting of the ASC May 15.

He said that both the Faculty Senate Budget and the University Budget committees had recommended an 8 percent pool increase for both faculty and administrative staff. Dr. Olscamp explained that he added the extra .5 percent to the faculty salaries from his contingency fund, said DeCrane.

"He did so to improve the faculty standing with other universities in the state," DeCrane said.

Though Dr. Olscamp assured the ASC executive committee that the difference in pools is not the start of a trend, DeCrane said the ASC must be alert to that possibility.

"Dr. Olscamp took full responsibility for the differential," said DeCrane. "It was a cordial meeting and we feel we got our questions answered. It's personally gratifying that the budget committees see us as equals."

Jim Sharp, ASC secretary, also attended the meeting with Dr. Olscamp. "He gave us a straight answer. I didn't like the answer, but appreciate that we were told," he said.

DeCrane said the administrative staff has support for receiving equal increases in the future, but it is important that the ASC "gets its ducks in a row, get a data base and get ready to present our case."

He said the ASC shouldn't wait until next February during budget deliberations to begin that work. Instead, he suggested that information be collected beginning this summer.

Other ASC members said that they were pleased with the 8 percent pool increase, but expressed concern about the faculty receiving the slightly higher increase.

It was also noted that while the administrative staff pool is 8 percent, the across-the-board pay raise for staff is 4.8 percent. The remaining 3.2 percent is allocated for merit increases, which are awarded on an individual basis.
It was also noted that while the administrative staff pool is 8 percent, the across-the-board pay raise for staff is 4.8 percent. The remaining 3.2 percent is allocated for merit increases, which are awarded on an individual basis.

Dr. Olschamp's effort to improve faculty salaries was "politically a great move," said DeCrane, explaining that it provides a favorable impression for faculty. He also said that now classified staff can see that the three employee groups are being dealt with individually.

DeCrane said that "good bases have been laid" for working with the administration in the future. He also said it is important that the ASC explain to its constituents the reasoning behind the differences in pool increases. "We are planning to follow up," he said.

Also at the meeting, the council approved sending a recommendation to Dr. Olschamp regarding the Public Employees Retirement System retirement incentive plan.

The letter recommends that:
- The University adopt the plan if and when the option becomes available;
- The program should be open ended with a one year notice required prior to termination;
- The number of years service credit to be purchased by the University should be five years;
- Employees deciding to participate must indicate their intent six months in advance and be encouraged to retire at the end of the fiscal year;
- Once the plan is approved by the trustees, eligible employees should be given at least three months to decide whether or not they intend to participate;
- PERS representatives should be available for counseling, and
- The supplemental retirement program should be maintained in its present form.

In other matters, the council also heard that discussions are still underway with the administration regarding handbook changes affecting non-renewal, termination, release and suspension policy.

FROM: Gregg DeCrane
    Chair, Administrative Staff Council

DATE: May 19, 1986

The Administrative Staff Council expresses its appreciation to the University Budget Committee for its recommendation of equal salary increases for faculty and administrative staff for the 1986-87 contract year. We understand and support the reasons for President Olscamp increasing the faculty salary by .5% over that recommended by your committee with the understanding that this differential is not intended to be permanent or expected in future years.

As you begin preparation for next year's budget process, I ask that you consider from the beginning direct input from Administrative Staff Council. There is adequate data to indicate that the administrative staff members, on the average, are compensated below their counterparts at other colleges and universities across the state and nation. The budget committee's access to this data would seem essential.

With my term of office as Chair of ASC ending on June 5, I ask that you inform Deb Heineman, the new chair, of any developments relative to the budget process.

Again, thank you for your past support as a committee. Administrative Staff Council looks forward to increased participation in the future.

The Administrative Staff Council expresses its appreciation to the Faculty Senate Budget Committee for its recommendation of equal salary increases for faculty and administrative staff for the 1986-87 contract year. We understand and support the reasons for President Olescamp increasing by .5% the faculty salary over that recommended by your committee, with the understanding that this differential is not intended to be permanent or expected in future years.

As you begin preparation for next year's budgeting process, I ask that you consider, from the beginning, direct input from Administrative Staff Council. It would make sense to have representation on the budget committee so that decisions effecting the administrative staff could be made on the basis of the best available information. There is adequate data to indicate that the administrative staff members on the average, are compensated below their counterparts at other colleges and universities across the state and nation. The budget committees access to this data would seem essential.

With my term of office as chair of ASC ending on June 5, I ask that you inform Deb Heineman, the new chair, of any developments relative to the budget process and any suggestion of representation of ASC on the committee.

SUBJECT: Salary Follow-Up

As I indicated at our meeting on May 7, the Administrative Staff Council and I appreciated the opportunity to meet with you and have the salary differential explained to us prior to the public announcement at the May 9 Board of Trustees meeting. We understand and support the basis for your decision, with the understanding that it is not intended to set up a permanent differential between faculty and administrative staff salary increases.

At a special meeting of the Administrative Staff Council on May 15, I shared with the representatives our conversation and the rationale for the differential. While the differential was not viewed in a totally positive light, the members were gratified to know that we were provided with the reasons for the change.

With the development of a data base of administrative staff salary information, I have written both the Faculty Budget Committee and the University Budget Committee, and indicated the desire of ASC to participate to the fullest extent possible in future budget preparations. In whatever way we can, it is our desire to assist in those processes that affect the welfare of administrative staff and the University as a whole.

Again, thank you for your time in this matter of concern.

MEMORANDUM

TO: Richard L. Conrad

FROM: Rich Zera  

SUBJECT: New Cost Containment Provisions of Health Insurance

I have received a copy of the new insurance changes from Benefit Plans Risk Management, and for the most part was very pleased. The purpose of this memorandum however, is to raise a serious concern about one issue which has yet to be passed by university committees. I am asking you to pass on these concerns to the Administrative Staff Council when they deliberate on these proposals.

The specific section which I have difficulty with deals with the notification of the plan administrator of hospitalization. In an non-emergency situation, we must notify the administrator, through the pre-admission certificate, at least 10 days in advance of admission. Even in a non-emergency situation, I believe that the admission time should be a function of factors such as degree of discomfort, work schedule, family schedules, doctor schedules, etc., and not subject to a lengthy delay merely for the insurance company.

Of even greater concern is the proposed requirement that in an emergency situation hospitalization can occur immediately, but the plan administrator must be notified within 48 hours of admission. If I or any member of my immediate family were to be seriously ill or injured, the last thing on my mind would be notifying the insurance administrator within 48 hours. I can see where getting second opinions on elective surgery has some possible cost containment advantages, but this ridiculous 48 hour rule for emergencies seems arbitrary, overly restrictive, and of questionable value. The penalty for failure to notify within 48 hours, loss of 20% of benefits, is equally absurd. If I am seriously injured in a car accident going home from work on Friday evening, my family will be too concerned about my condition, care for our children, arranging for tests or specialists, etc., to worry about trying to get hold of someone on a weekend to insure 100% coverage.....nor should they have to. And what will the insurance administrator do when they receive such notification Sunday evening, or any other time?

In the strongest possible terms, I urge you to oppose this aspect of the proposal.

Thank you.
Dear Deb,

I received a very nice letter from Mick Ferrari congratulating us on the selection of Greg for the award. I have it in the Ferrari Award file. If you would like it read at our October meeting please call me and I will bring it with me.

FROM: Terry W. Parsons
Chair, 1986 BGSU United Way Campaign

RE: United Way Campaign Preview

On behalf of the BGSU United Way Steering Committee, I am pleased to provide a preview of the organization and goals for the October United Way Campaign. While many university citizens play vital roles in a campus-wide charitable campaign of this magnitude, your support would be especially valued.

We are condensing the actual face-to-face campaign to but a two week time period: October 13-24. The plans are in place for an extensive publicity campaign through use of the BG News, Monitor and Sentinel-Tribune, (thanks to Paul Esntyu) and a variety of student involvement is planned to draw further attention to the importance of The United Way. Training sessions for campus captains and volunteers will once again be conducted by a team of graduate students under the direction of Richard Horton, and faculty/staff coordinators Don Ragus, Susan Caldwell, Denise Freeman and Mark Seminew are currently mobilizing over 360 faculty/staff volunteers.

Certainly all of the above factors are critical to ultimate financial success, but any and every formal and implied endorsement you might provide carries immense impact when the ultimate decision to "Listen To One's Heart" arises for over 2,500 BGSU faculty and staff. The image of our University as a "We Care" institution whose people genuinely reach out to lift up people in need is graphically enhanced via United Way Campaign success.

While President Olscamp will officially launch the 1986 United Way Campaign October 1, it is our wish that this advance notification might introduce you to our strategy, and earnestly invite your on-going support.

The task for a few is imposing, but rewards for many are vast!

Thank you.

1. Extend face-to-face invitation to become a 1986 contributor to 100% of BGSU employees.

2. Surpass the record number or 1985 BGSU donors (909) by 10% (to 1,000)

3. Surpass the record number of dollars contributed to the 1985 campaign by 10% (to $68,500)

II. In 1985 $450,000 was spent on Wood County people in need but only $239,000 was contributed by Wood County residents...

III. Two out of three people in Lucas, Wood, Ottawa, and eastern Fulton counties are touched by United Way supported services--but only one in three employed individuals were United Way donors.

IV. This year a 10% increase in United Way contributions will be required to maintain the same level of services as last year, a 22% increase to maintain and provide new solutions to community problems will be required.

V. If all of 257,000 employed individuals in our area pledged but one hour's pay per month, they would generate $32 million for United Way community services -- double the community services available from 1985 pledged levels.

VI. Ninety percent of the United Way dollars collected go directly to helping people in need.

VII. Volunteers, as you and I, both raise and allocate all United Way funds.

FROM: Eloise E. Clark, Vice President for Academic Affairs

RE: Administrative Staff Performance Evaluation Policy

The Administrative Staff Handbook contains a policy on evaluations (attached) which calls for each vice president to work with the area's representatives to the Administrative Staff Council (ASC) to develop a format for use in the evaluation of administrative staff. You will recall that in the late summer I asked each of you to respond regarding your use of the evaluation form. Your comments, with college names removed, were sent to the ASC representatives in Academic Affairs. Your responses were very thoughtful and helpful to me and to the ASC representatives. On September 29, I met with this group, and I am communicating to you their recommendations as agreed upon at that meeting.

Because of the diversity of duties and expectations across the academic affairs areas, it was recommended that the actual format of the evaluation form be left to the individual collegiate units. Any evaluation used, however, must address the three major issues contained in the attached evaluation policy, i.e., performance of primary duties, performance of occasional duties, and attainment of agreed upon goals. In your evaluations of the present form, several of you mentioned dissatisfaction with using a numerical scoring. As you work on developing a procedure for evaluation, you may wish to include more narrative evaluative comments as opposed to quantified evaluations.

Another part of the policy that is of critical importance is contained in 4, 8 and 5. All supervisors are to provide a yearly written evaluation of each administrative staff member. This evaluation is to become a part of the staff member's personnel file in the Office of Administrative Staff Personnel Services. The ASC representatives were particularly concerned that this portion of the policy be adhered to.

The administrative staff members also recommend that self-evaluation be a part of the evaluation process. This should take the form of a reporting of the activities that have been undertaken during the year, the goals achieved, and the goals not achieved.
Please note also in the policy the recommendation that the supervisor and staff member meet early in each evaluation period to discuss goals for the next year and to make any necessary changes to the job description. Any major changes made to the job description should be filed with the Office of Administrative Staff Personnel Services. At both the beginning of each year or at the end of the evaluation period there is, therefore, an excellent opportunity to discuss with the staff member the goals for the past year and for the upcoming period. I urge that you assure that such discussions are taking place and that staff members are also routinely evaluated in writing.

As you begin to implement the provisions of the evaluation policy, you should meet with administrative staff members in your collegiate area in order to develop an evaluation form that fits your needs. Another point to consider is whether, for some units, an evaluation cycle on a calendar year basis might be more appropriate than on an academic year basis. This timing question is for you and your staff members to decide.
EVALUATION PROCEDURE

1. All administrative contract staff should be evaluated each year primarily on the basis of:
   - performance of primary duties
   - performance of occasional duties
   - attainment of agreed upon goals

2. Each Vice President should establish a committee composed of all the administrative staff council representatives of that area to develop a format for written evaluations for the area. Each Vice President and administrative staff council representatives should agree to the format. All formats for written evaluation will include the criteria listed in item (1) above.

3. Within each department or area, a staff member may be evaluated on additional criteria appropriate to the position and agreed to in advance by the staff member and the supervisor. These criteria may include, but are not limited to:
   supervisory skills
   innovations
   professional development
   interpersonal relationships
   counseling
   awards/honors
   teaching
   service on governance bodies
   facility management
   learning new skills
   University and professional service
   peer relationships
   research/publications/
   presentations
   communication skills
   student evaluations

4. The evaluation process should occur in two steps.
   A. The staff member and supervisor should meet and accomplish the following:

   Review and determine staff member's job description and goals for the next contract period and make any necessary changes to the basic job description.

   Based on the above agreements, determine evaluation criteria that will be used to assess the staff member's performance.

   The staff member and supervisor will confirm the job description, goals and evaluation criteria in writing.

   - 9.1 -

   7-86
B. Before the beginning of the next contract period, the supervisor will provide the staff member with a written evaluation based on the previous agreements and will discuss the evaluation with the staff member. The employee may respond in writing to the evaluation, and this reply will become part of the evaluation.

5. The supervisor will send copies of the written evaluation to the Office of Administrative Staff Personnel Services and to the staff member.

RE: Foundation Challenge Match for the Faculty/Staff Campaign

As the result of conflicting information regarding the specifics of the above stated campaign, I offer the following:

* The Bowling Green State University Foundation Inc. will match the pledges of faculty and staff members which were made during the time period of March 15 - June 30, 1986.

* In order for these pledges to be matched, they must be paid by June 30, 1987.

* If the total pledge is not paid by June 30, 1987, the Foundation will match that portion that has been fulfilled by this date.

* The Foundation match will follow the original designation of the donor. Transfers from the Foundation will be made on December 31, 1986 and June 30, 1987 to the various different accounts represented by the donor's designation.

In summary, all individuals who pledged to the Faculty/Staff campaign have at least one year to fulfill their pledge. The Foundation will match all gifts toward these pledges that are given on or prior to June 30, 1987. This is what was implied to the donors at the time of solicitation and the Foundation will adhere to this policy. If you have any questions, please contact me.

RE: Resignation

DATE: October 2, 1986

I sincerely regret to announce my resignation from the position as Chair of Administrative Staff Council effective October 31, 1986. It has been extremely difficult the past two months to devote enough time to my responsibilities as chair due to the workload in the Office of Financial Aid and Student Employment.

For most, it would appear that the worst is over for the office since we are well into the Fall Semester. However, the House and Senate have recently passed Reauthorization regulations that, when signed by the president, will have an immediate negative impact on current procedures as well as bring substantial changes for the 1987-88 year which will begin for us in January. In addition, the office is facing increasing demands from within the university in the areas of recruitment and retention. Thus, it appears unlikely that the workload will diminish during the next eight months.

I will continue to serve in my position as an elected representative from the Student Affairs area and as a member of the Scholarship Committee of ASC. You can be assured that I will spend the amount of time necessary to do an effective job in both positions.

Thank you for your support and patience.

RE: Administrative Staff Council

I wanted to bring you up-to-date regarding the current happenings on ASC. First I have some sad news to share with you. Deb Heineman will resign her position as chair of ASC as of Friday, October 31. Deb explained that due to increase commitments in the Financial Aid Office, as a result of new verification guidelines, she will no longer able to devote adequate time to her position as chair of ASC. Deb's leadership and guidance will surely be missed. She will, however, actively continue in her capacity as an elected member to ASC. Succeeding Deb will be Paul Yon, Director, Archival Collections.

On a lighter note, I would like to remind you that the 1987 United Way Campaign is officially underway. ASC supports the work of this charitable organization. Please respond generously when asked for your contribution. At the next meeting of ASC, Paul Olsom will join us as a special guest. If you have any questions or issues you would like me to raise with him, please let me know prior to Thursday, November 6.

As always, if you have any questions regarding the activities of ASC or if you have a particular concern you would like me to share, please feel free to contact me.

RE: Results from Survey

Attached please find the results of the 1986 Administrative Staff Council Needs Assessment Survey. A blank survey is also attached for your use. Questions 1 and 2 were analyzed as a total group as well as by Presidential/Vice Presidential area. Questions 3, 4 and 5 have been summarized by Presidential/Vice Presidential area, with each area on a separate page. This should help Council reps easily review the comments for their specific area.

A total of 86 surveys were completed and returned. This represents 23.8% of the Administrative Staff population. Clear patterns and repeated concerns are evident throughout the results. For example, the majority of respondents are aware of ASC proceedings by reading the minutes in the MONTOR. However, it is evident that Council members need to be more conscientious in communicating with their constituents.

In general, the responses to Questions 3, 4, and 5 run the gamut. The most repeated themes are: salary issues, merit evaluation and disbursement, benefits, and comp time. My opinion is that ASC has been "right on target" in dealing with the first three; however, the issue of comp time has not been discussed within ASC. Perhaps this should become an item for an ad hoc committee or for the Personnel Welfare Committee. I also feel that we should make concerted efforts to publicize our efforts with the first three issues. This will insure that all Administrative Staff are aware of what's happening.

I am sure that you will see other general themes as you review this report. I will keep the original surveys on file in my office. I will now consider the work of the Needs Assessment Committee to be complete unless otherwise directed by you.

If you have any questions, please do not hesitate to contact me.

Re: Agenda - November 6, 1986
Date: October 31, 1986

A sincere and hearty thanks for agreeing to speak at the Administrative Staff Council meeting on November 6 at 2:15 p.m. in the Alumni Room. As in the past, you may take as long as you like and address anything you wish with Council. As Chair, I believe Council may be interested in your remarks about Administrative Staff salary increases for 1987-88, especially if you plan to continue differentiating their salary with those of the faculty. I also would anticipate questions about Administrative Staff representation on the Board of Trustees and failure last Spring to reach a compromise relative to grieving the non-renewal of administrative staff contracts.

I am confident there may be additional issues but I thought you would appreciate having some sense of what may be of concern to administrative staff. Last, I have Council's word that no questions relative to parking will be asked. Again, many thanks for agreeing to meet with us and I look forward to seeing you on the 6th.

Dear Deb:

Due to the fact that my schedule has been extremely busy and as a result I have not been available to attend many of the Administrative Staff Council meetings, I would like to request permission to appoint a permanent substitute. If it is not possible to do so, please let me know if you feel it would be better that I should resign from the Council.

Thank you for your attention to this matter, sorry this predicament has occurred.

SUBJ: Revisions to the Administrative Staff Handbook

Thank you for your memorandum advising me of the proposed agenda for the Personnel Welfare Committee this year. I will be happy to assist you in any way I can as you begin to investigate these issues.

One item that was not listed in your memo was the general review of the Administrative Staff Handbook. In past years the Personnel Welfare Committee has reviewed the handbook to determine if there are any editorial, clarification, or other revisions that are not related to policy changes. Proposed changes to existing policies or the addition of new policies to the handbook are treated separately. Most of the items listed in your agenda would be policy recommendations.

Several years ago, it was decided that the employees handbooks should be reviewed once a year by the Board of Trustees, at their April meeting. Last year, for a variety of reasons, we were not able to present our handbook to the Board until June. However, it is my understanding that we should continue to target the April meeting for the final review and approval of the handbook (and all changes) that will become effective the following July 1. With that in mind, I have set the following deadlines that will allow this office time to include the proposed editorial revisions in the handbook and will ensure time for necessary review/approval by the Administrative Staff Council, the Administrative Council, and University legal counsel prior to the April Board meeting.

Suggestions on editorial revisions to the handbook from the Personnel Welfare Committee to Administrative Staff Personnel Services by December 31, 1986. (These changes will be incorporated into the Handbook).

Proposed policy recommendations/changes should be approved by the Administrative Staff Council at the February 1987 meeting. (These changes will be presented in memorandum form; they will not at this time be incorporated into the Handbook document).

The Handbook with the editorial revisions and separate documentation on policy recommendations should be sent to Administrative Council by early February 1987.
Once approved by Administrative Council editorial revisions and policy recommendations should be sent to University legal counsel by February 28, 1987.

Final approved changes (editorial and policy changes) should be incorporated in the handbook by Administrative Staff Personnel Services by March 15, 1987.

These copies are then duplicated by Administrative Staff Personnel Services for mailing to the Board of Trustees by March 31, 1987. Handbook reviewed by the Board of Trustees at the April meeting.

Since I will be leave of absence shortly after the first of the year, I would appreciate your adhering to this deadline schedule. Marcia Buckenmyer will be able to incorporate the editorial revisions into the handbook in the proper review format (changes appear in capital letters, deletions are shown with a line through them, etc.) The policy changes/recommendations are not incorporated into the handbook until the final copy is prepared for the Board of Trustees.

I will contact you within the next few weeks to discuss the handbook review process and this schedule. In the meantime, please consider if the FWC will review the handbook for any editorial revisions which must be submitted to this office by the end of December.

SUBJ: H. B. 345 Resolution

Enclosed is a resolution which has been prepared for consideration by the Board of Trustees. I have scheduled a meeting for 9:00 a.m. on November 20, 1986 to discuss this resolution. This resolution is designed to institute a new fee to be charged to persons who are not registered for Selective Service. H. B. 345, which was passed earlier this year, requires Ohio state universities and colleges to charge a fee equivalent to the nonresident fee to students who are not registered with Selective Service. The law is applicable for the first time with the Spring Semester, 1987. I have enclosed a copy of H. B. 345 for your information.

The enclosed proposed resolution also provides that the fee assessed by virtue of a student's nonregistration with Selective Service may not be waived despite other fee waiver eligibility the student might possess.

If you have any questions relative to the proposed resolution before the meeting, please contact me.

RRE:sf

Enclosures
WHEREAS, the Ohio Legislature has passed H.B. 845 which requires male students who fail to meet the Selective Service registration requirements to be charged a fee equivalent to the nonresident fee and provides that the University will not receive state subsidy for such students; and

WHEREAS, in accordance with that legislation, and rules and regulations issued by the Ohio Board of Regents, this law will become effective the second semester of the 1936-37 academic year; and

WHEREAS, students may be eligible for fee waiver as a result of being a member of the faculty or staff, or a dependent thereof, athlete, graduate assistant, teaching fellow, or graduate research assistant;

NOW BE IT RESOLVED: that the Board of Trustees, in order to conform with H.B. 845, establishes that a fee equivalent to the nonresident fee be charged to students who are in violation of H.B. 845, and that such fee shall not be eligible for fee waiver.

RE: Clarification on Professional Liability Insurance

During our last ASC meeting, information was presented regarding the issue of professional liability insurance. Several ASC members indicated that they purchase liability insurance as a part of their homeowner's coverage. After the meeting, Sandy LaGro investigated this option and found that liability policies attached to homeowners' policies often do not include coverage if you are sued by a fellow employee or if you are sued for discrimination.

All ASC members are urged to contact their personal insurance agents and check the extent of your liability coverage if you purchase your coverage as a part of your homeowner's policy. Please also pass this information along to your constituents.

If you have any additional questions, please contact Sandy LaGro in the Treasurer's Office.

Thank you.

It is their desire to make this a quality session and to keep it as interesting as possible. The session would be planned for some time in February.

COST CONTAINMENT RESOLUTION

The Personnel Welfare Committee has addressed the proposed cost containment program for Bowling Green State University. The Personnel Welfare Committee supports cost containment as a means of reducing medical care costs which will be in the best interest of BGSU administrative staff employees.

Therefore, be it resolved that the current cost containment policy be accepted with the following recommendations:

1. Any cost savings realized as a result of cost containment be used to either reduce the cost of current benefits or fund additional benefits.

2. The last sentence of the proposal be modified to read "For emergency admissions, you or your representative should notify the BPRM cost containment department within 48 hours following admission OR AS SOON AS IS PRACTICAL UNDER THE CIRCUMSTANCES".

3. The current format of the Pre-admission Certification Card be changed to insure confidentiality of medical records.

4. A University-wide appeals committee be established to address claims settlement. This appeals committee shall consist of members representing: Faculty Senate, Administrative Staff Council, Classified Staff Council, Benefit Plans Risk Management, and the University Insurance Office.

5. The employee insurance card be changed to reflect the toll free BPRM telephone number. In addition, a statement requesting the hospital to contact BPRM in case of the inability of the patient to make a phone call be printed on the back of the card.
