The Varsity Squad

Review of the Orange and Brown's Basketeers

Playing the best of ball one game and then going through a tilt which wasn't so well played, the Bowling Green college basketeers under Coach Warren E. Steller had what might be considered as one of best seasons that the college has ever had. The local men won nine and fell in five games this year under the guidance of Capt. Moscoe.

The Varsity started out the season in great shape by winning four games in a row but their trip to Defiance was a fatal one, since the orange and brown had a bad night. The college then lost a couple of the next games. The last part of the season was played much better.

"Nig's" team reached the pinnacle of its form on the night of the Bliss college game at which time the team, which claimed the title of Non-conference champs of Ohio went down in defeat before Bee Gee 35 to 32. It was the first defeat that Bliss had sustained in Ohio in two years.

Capt. Moscoe was always fighting hard for victory and did every thing in his power to keep his alma mater on top. Homer has a way of fooling other men by the clever way he handles the ball with his left wing and he sure used it to advantage in the 1924-25 season. Homer will be back in college next year and should give the college another year of his valuable services.

Clem Premo, his old side kick both in high school at Potsdam, N. Y. and for the last three years at the college will graduate and will be the only man lost to the squad next year. Clem was captain one year and has always been a great basketeer for B. G. The college will miss him greatly.

Big Bud Brand played a stellar game at guard and was playing his second year on the local varsity. Bud was a hard man to get by at all times and was a good scorer also.

Dale Huffman played regular at the center job this year. The former Grand (Continued on page 22)
Teachers Field for Service
With the present universal discussion pro and con as to the morals of the younger generation there is one thing which may be decided. How can we make sure that the morals of the boys of to-day will grow up to be clean useful citizens?

A remedy which has been used with success for twelve years in this country is the Boy Scout movement. The character training and civic values of Scouting are universally acknowledged. What is needed is more boys to receive this training and more men to take up the work as leaders.

A high school without a Boy Scout troop is not doing its duty to the boys of to-day. The Boy Scout age of from 12 to 18 is the most impressionable of any. If Scouting is used to supply the ideals of the growing adolescent at this time it will mean just that many less converts to loafing, degeneracy and criminality.

Who may be leaders of the boys at this time? Men teachers with a vision can do no greater service than to volunteer as Scoutmasters. Surely no other class of men are better trained for work of this sort.

We claim that we are in the teaching game primarily for service. This is our chance.

Vanlue Knows Bee Gee
Since Vanlue has her new school building (just completed in 1924) she will probably have more students in B. G. N. C. The school is now a centralized one with a first-grade high school. Several members of her present teaching force have had training here in the college. These teachers are doing very satisfactory work and of course that opens the way for more of their kind.

Vanlue High School contributed five young folks to the B. G. N. C. Freshman class this year as well as a few upperclassmen.

More are already planning to come next year.

Let's go Bee Gee Vanlue's with you.

Put down the number of your living brothers. Multiply it by two. Add three. Multiply the result by five. Add the number by living sisters. Multiply the result by ten. Add the number of dead brothers and sisters. Subtract 150 from the result.

The right hand figure will be the number of deaths, the middle figure the number of living sisters and the left hand figure the number of living brothers.

Dear Editor:

Will you please tell me where the following quotation is from? I wish to use it in the near future and naturally I wish to credit the right author. As I recall it, it goes like this:

"A score an' 20 years ago under a spreading walnut bough, I stood on a bridge at midnight, with a jug no wine, a lofe no bread an' thou. This wuz the forest primeval, when inter the mouth of hell rode the 600. Gimme liberty or gimme deth. A horse, a horse, my kingdom for a horse." P. S. Alumni

Superintendents and school boards have learned that Bowling Green State Normal College is the place to come for their teachers of special subjects. Why not? This college has the training of teachers as its main object. It is not a side line for Bee Gee. The legion of successful teachers of this type are proof of the superiority of this policy.

In History, Civics, Economics and Sociology the various high schools of Northwestern Ohio can boast of none better than R. Langstaff, Donnal V. Smith, T. D. Bain, P. H. Huffman, John Humphries and others.

In English the college is proud of the success of such teachers as Suzanne Spearman, Helen Shafer, M. A. Shultz, Howard Hamm and others.

In Foreign language the names of Lillian Tressel, Nadine Clevenger, and Helen Shafer may be mentioned as well as others whose names are not at hand.

In Athletics and coaching Bee Gee is proud of Bistline, Clucas, Stough, Etoll, Hessrick, Bachman, Raberding and many others who are putting out clean and winning teams.

In Industrial Arts we have Fry, Troyer, Clucas, Shultz, Raberding, Hutchinson and many others.

In Agriculture we have Hoskinson, Fuller and C. C. Stough and several others.

There are also quite a number of B. G. N. C. Science, Mathematics, Home Economics etc teachers whose names are not at hand who are a credit to the school. The Alumni Editor would like to hear from these people as well as the various instructors who may have data as to their whereabouts so that they may receive the mention they deserve.

A favorite expression of the spelling classes, "Words fail me."

My girl is so up-to-date that when she heard about the New Testament she wouldn't even read the old one any more—Humbug.
Argumentation

Mr. Chairman, Friends:
The vocabulary struggle is on. In other words the argumentors are nearing a stage of perfection. Since one week before Christmas the debators have been working on the following question: Resolved "That Congress, be given the power to override decisions of the Supreme Court, when the Supreme Court declares acts of Congress unconstitutional, by a two thirds majority vote." The question is one which should be given due consideration by the American people.

Bowling Green students will have the opportunity of hearing the question discussed twice. On March the 12th the negative team of Bluffton meets the local affirmative team and on March 26 the negative team of Adrian meets the local affirmative team. The negative team of B. G. will be the road team meeting Ypsilanti on March 12 and Toledo on March 26.

The Bowling Green teams are represented by the following men: negative team, Ray Troutner, Lester Bower, Vernon Sprague and Ralph Engle, alternate. The affirmative team, Dallas Lawrence, Robert Wyandt, G. M. Wilson and Paul Domrow, alternate.

The debate teams wish to express in this manner their sincere thanks to Professor Carmichael for his valuable assistance as coach.

The Affirmative team won the debate on the home platform by a three to nothing decision of the judges.

The local Negative team lost the decision at Ypsilanti by a two to one vote on the same question.

Skol

The regular meeting of the "Skol" was held Wednesday evening, March 18, at the home of Jean Sherer. Business occupied the greater part of the evening, after which a delicious luncheon was served and "eaten."

Mumps

"Peanuts" and Jean joined the "mumpy" crew."
One morning bright and fine,
And then came Hefty and Harry
Following next in line.

'Twas heard that Billie Ogden
Had joined the motley crew,
He thought he'd tired his jaws
By the gum which he did chew.

"Peanuts" had an awful time,
She opened her mouth too wide,
And gave an awful shriek of pain
And almost up and died.

Sherer spent the time in moaning,
To have to stay at home,
Her Ma said she got acquainted
With her daughter all alone—for once.

Hefty's face was kinda fat,
But that didn't hurt her much,
She spent her little vacation
In dinner parties and such.

Harry beyond all reason
Got up and went to school.
But he went home in a hurry
O what a dumb, dumb, fool.

Oh the mumps, the mumps, the glorious mumps,
So sang the "mumpy crew."
For pickles and lemons and grapefruit too
Are the best kind of food for you,
"When you have the mumps."

Did You Ever?

A famous professor has made the statement that nothing is impossible. But did you ever try to chew tobacco when you had the mumps or play a slide trombone in a telephone booth?

When courage fails, all is lost. Apply yourself earnestly each day and receive your rewards. If so secured, education is priceless.
Another Victory
For Bee Gee

Showing a great deal of speed and improvement over former playing, Bowling Green brought home the bacon from Bluffton on Thursday night February 19th, having trimmed the Purple and White by a twenty-one to eighteen score.

The game was slow in the first half with Bluffton opening up with a temporary lead of two points. Then Premo caged a foul, and Goebel followed with a long shot with Moscoe presently putting in another.

Then Bluffton called upon her reserve force and swept past the orange quintet ending the half with a 10 to 7 lead.

Evidently the coach gave the fellows something to think about between halves because they came onto the floor the second time with a new determination.

Huffman started the scoring in the second period with a foul and later followed with a long shot. Goebel came in with a two point counter as Moscoe passed off to him and then Bluffton carried the ball to the other end of the hall adding two points to their score. Huffman was going good and made two more fielders before a sub went in to cover him. Bluffton called time and then tied the score at sixteen all, but Goebel and Held made three foul goals good, then Augsberger intercepted a pass and made an easy one from under the basket. Huffman was again the outstanding feature as he grabbed the ball and sent it through the net for the final basket.

Findlay -vs- Bee Gee

On Wednesday night, March 4 the gym was filled again with spectators who were in hopes of a great victory in the final game of the season.

The Findlay boys came on the floor with victory pep and showed their stuff well in the game from the very start.

The Bowling Green boys played a listless game which nearly cost them a victory.

Coach Steller started his regular five and left them in all the way through the battle. The ball was near the local's basket most of the game and many shots were disappointing.

Findlay had a good shooter in Struble, who caged 18 points for the Findlay team.

**Referee—Etter.**

Bowling Green College concluded the season with a victory, making nine wins and five defeats during the season.

**Bee Gee Takes Defiance Across**

Confident of winning the claim to the championship title of the N. W. Ohio Conference, the Defiance College cagers came to this city on Friday, February 27th to stack up against B. G. C.'s fast quintet, but had to leave with the small end of a twenty-seven to twenty-six score.

At the same time T. U. was defeating Bluffton at Toledo twenty-five to twenty.

With the gym packed to capacity the two teams trotted out onto the floor for the tilt that meant to Defiance either a tie or a right to claim the title entirely.

Altho the visitors had it over on the Stellarites for size, the latter were just as sure of their basket and were able to keep up with the "big boys" up to the second half when they shot ahead with two field goals from Goebel, one from a combination play by Premo, Moscoe and Held, which put the orange outfit in the lead. One minute and thirty seconds to play! Then Held caged a foul which clinched the game for B. G.

Eddie Fries was substituted for Brand in the latter part of the second half and Held for Huffman who was suffering with a bad shoulder.

GOOD OUT-LOOK NEXT YEAR

The coach will lose only one basketeer from his five squad this year. Clement Premo is the only man who will leave. Capt. Moscoe, Huffman, Brand and Goebel of the varsity will return next year along with Fries and Held, who almost made their letters this year.

"Do they have fraternities in Scotch Universities?"

"No—savings banks"—Jack-o-lantern.

The contents of a bald man's head may be valuable even though he hasn't a lock thereon.

"That isn't fare," said the conductor as he returned the button.

I heard there was a shortage in the hog supply, and I wonder what the Chinese restaurants will do for their chicken salad?
Girls' Physical Ed. Department

The B. G. College girls have a variety program in their physical education classes. As for sports— in the Fall it is Hockey, in the Winter, Basket Ball and in the Spring, Baseball and Tennis. Everybody plays hockey and baseball and belongs to a team, but basket ball is optional as it is played after school in addition to the regular physical education periods.

The indoor season from November to May is devoted to a number of activities. In every lesson there is a period of free standing gymnastics, especially planned for its hygienic value and posture training. Weak muscles are strengthened, tight muscles stretched, protruding chins drawn back, low chests are lifted, and every attempt made to put the body into the very best mechanical position to do its work. But that is not all, games and relays of every description are played, folk dances are learned from Little Boy Blue to the Sailor's Hornpipe and all sorts of stunts are tried from the wicket walk to the somersault. Then there is the squad work, when three or four things are going on at the same time, one squad shooting goals, another vaulting over the parallel bars, a third throwing an indoor baseball at a target and a fourth practicing jumping or one of the stunts.

But one of our objectives is not forgotten—that of preparing the student to handle physical education as a teacher in the grades and so there is some instruction in theory and some practice teaching.

Basket Ball

One hundred girls divided into ten squads, are playing off a series of basket ball games. The squad captains are Alice Geltz, Cleo Moore, Mildred Enis, Helen Whipple, Arlene Stannard, Dorothy Hesrick, Inez Saneholtz, Grace Tressel, Betty Harvitt and Henrietta Hoffman. At the close of this series, class teams will be selected for the final games of the season.
Bee Gee -vs- Dayton

Bowling Green College basketeers were defeated Saturday February 21 when Dayton University captured the victory with a final 30 to 15 score. The cage conflict took place at the college gym after the last game of the second round of the Wood County Tournament.

The contest was a peculiar one for the Stellerites were all off-form. They all fought hard, but seemed to do no good for they were working individually. The Dayton quintet were not flashy, but consistent. When the first half was nearly complete the Dayton bucket tosser came through with a crash and half ended 10 and 5 for Dayton.

In the second half the Orange quintet were still off form, and couldn't hit the stride they showed in the last two cage conflicts. They only registered five fouls out of twenty-one chances. Dayton basketeers came back with the same consistent stride which won the game for them. The conflict ended with a 30 to 15 score.

B. G. Captures
The Conflict

Bliss Business College basketeers of Columbus, the non-conference champions of Ohio last year was forced to defeat by the Bowling Green College quintet. This is the first time in two years that Bliss's cagers have been forced to bow to an Ohio college. This was one of the best games that has been played on the college gym. The final score was 35 to 32 in Bee Gee's favor.

Steller's quintet fought and played as they had never fought and played before for they knew the odds were against them. Bliss had lost only one cage conflict this season up to this time and had beaten Toledo "U" and St. Johns.

The Stellerites started their pace shortly after the whistle blew by Huffie shooting a foul, which was followed by Goebel and Moscoe registering a field goal a-piece. Shortly after this Moscoe turned his ankle. Bliss seeing their chance came through with a crash and the half ended a tie 12 all.

Shortly after the second half started the Bliss quintet took the lead with a score of 23 to 16 before the Orange knew what was what. But Gus registering three points for the Stellerites followed by Moscoe registering a field goal a-piece. The score then being 24 to 23 in the Orange's favor but Cupp tied it again by a foul, making the score 24 all.

Captain Shag came through with a sensational interception of an out of bounds throw and dribbled in and registered two or more counters, which gave Orange the lead. But was soon tied by Cupp making a field goal. Captain Moscoe then called time.

Bliss's red headed center registered two points putting Bliss again in the lead. But just for a short time when Huffie made one of his old favorites from mid-floor which dropped through the net for two counters, knotting the score again.

The crowd was in an uproar for the score was tied and a minute to go. Both teams were fighting hard for a point. Moscoe got the ball for a shot and was fouled by

Cupp who went out of the game on personals. Shag had a chance to win by registering by one goal, but it seemed as if his nerves got the best of him. Griffin of Bliss registered a basket which put them in the lead. Huffie, the flash Frosh from Grand Rapids came through with a field goal which again knotted the score when the gun was sounded.

They then played a five minute overtime period when the Stellerites stepped out and strutted their stuff. Huffman opening the score book for the Orange in the overtime period by making a foul and shortly afterwards a field goal. Goebel also came crashing through in time of need with a heavy heave from mid-floor and the ball swished through the net for two counters which gave Bee Gee a three point lead.

Bliss's quintet were good sports, fine players and their conduct was a credit to their school.

Bee Gee and Toledo U

Playing one of the roughest games of their career, the Bowling Green College basketeers again went down to defeat before their old rivals, Toledo U. on the night of February 24.

Toledo started off with a bang, but Bowling Green crept up and passed them, but not for long, as T. U. again found their bearings and the first half ended 21 to 26 in their favor. In the second period the Stellerites almost topped the score but Big Bud and Huffman were forced out of the game on account of injuries and thus B. G.'s defeat.

Bowling Green may be proud of their offensive game but were weak on the defensive and therefore T. U. gained by having several easy shots from underneath their basket.

Toledo's offense was in fine working order but the guarding was featured by roughness.

A large crowd of spectators from B. G. witnessed the final tilt between the Orange and Brown and Toledo.

Spring Sports

This invigorating atmosphere with every indication of spring approaching, makes all athletes anxious to start spring activities.

Since we have been successful in football and basketball, let's have every athlete out to make championship teams in baseball, track and tennis.

For the benefit of the fans who wish to know our prospects for spring sports I shall try to enumerate the prospects of each team.

Base ball: We shall have an all-round good team for we have veterans for every part of the diamond. We have five letter men, namely; Rudolph, Moscoe, Meyers, Frankfather and Skibbie. For the team Rudolph and Skibbie will likely make up the battery with Meyers in the infield, Moscoe and Frankfather in the outfield. Some promising athletes who have had experience on other diamonds and expect to try out are: Bob Wyant, Gill, G. Crawford, Bowman and Held. Bob Wyant of Convoy plays in the infield or as pitcher. Gill of Delta is a short stop. Crawford and Bowman play in the outfield. Held of Maumee plays first base. We expect a great turn out of freshmen when Steller gives the first call for men interested in base ball. There will be much competition causing everyone to do his best to maintain a place on the team.

Track: With a new track and many men interested, the prospects for a winning team are great this season. In the different events there will be many places open, since two men may enter any event. Last year fourteen men made the team and we have nine of them with us this year, namely, Bowman, Brand, Burkholder, G. Crawford, Frankfather, Gundrum, Ogden, Rudolph and Swartz. Bowman runs the half mile and mile. Brand, heaves the shot. Burkholder, high jumps. G. Crawford runs the 100 yards, 220 yards, the 440 yards and broad jumps. Frankfather runs the 100 yards and high jumps. Swartz, hurls the discus and pole vaults. Frankfather, Gundrum and G. Crawford were on the relay team. Among the freshmen there are several men with good high school records who are expecting to try out for their event this spring. Mann of Milton, runs a good 440. Evans of Bloomdale, high jumps, holding an excellent record. Huffman of Grand Rapids and Jonkins of Weston have pole vaulting records. Price of Convoy shows some ability as a track man. We are looking to Ostrander of Bradner for our main man on the sprints for he holds some very good county records.

Tennis: Of all the sports we are the most confident of a championship team in tennis. We had one last year and this year we have all stars of the court, with enough competition to make a real team. The prospective players are: Clement Premo, Bob Place, Ham Place and Eddie Fries, with Carlton Miller and Jay Bone as substitutes.

Premo and Bob Place are letter men of last year. This is the fourth year for Premo on the court.

This makes the best combination of players the college has ever had. Much is expected of them this year.

Dear Nancy Noitall:

How can I make the other B. G. fellows realize that corduroy pants are in style?

Bob Place.

Dear Miss—:

You, I know, have a large circle of friends. Have you ever thought how you could make them happy? A letter, you think? No, something far better than that! A photo of yourself! A letter brings joy to your friends, but a photo brings you.

A photo isn’t a luxury; it’s a necessity! Your picture would be an inspiration to your friends in their daily tasks. Try to make them happy by sending them YOU.

Are Bargains Always Bargains?

Bargain sales are always attractive. To get something for less than one ordinarily pays for it seems to be a lure to economy hard to resist. But all bargains do not represent true economy.

As a rule, hosiery bargain sales comprise stockings that are imperfect in some respect or other. It may be hard for the inexperienced eye to detect these flaws, but they do exist. It may be uneven knit, a broken thread, or any one of the many things that cause hosiery to be rejected upon inspection.

On the other hand, good hosiery, like all good merchandise, is a real economy. Humming Bird Hosiery is a striking example of this. When you ask for Humming Bird you know that you will receive a stocking that has been made of the finest materials, under ideal conditions and subjected to rigid inspection—all of which insures stylish appearance and complete satisfaction during its long life. $1.50 pair.

Country Life

February 17 the Country Life Club met in the auditorium where the following program was given:

Songs by Club with Estel Mohr as leader.

News Items—Otto Roth.

Readings—Miss Anderegg.

At the close of the program all adjourned to the gym where games were played.

Emersons

The Emerson Literary Society held its regular meeting February 24.

A short program was given.

A Perfect Tribute—Mary Lawrence.

On February 10th, the study of George Bernard Shaw was made the topic of the evening. After a short business session, Prof. Schwartz led in Parliamentary Drill.

The following program was then given:

Life of Shaw—Marie Pulskamp.

St. Joan (Review of play)—Theodore Fowler.

Shaw’s War Record—Wayne Cornell.

Shaw’s Philosophy—Marjorie Dunnapace.

Sophomore Prom

After a period of several weeks, the college gymnasium was once more the scene of a party, when the Sophomores held their annual Prom Saturday evening, March 7.

The ceiling of the gym was very prettily draped with red and white strips of crepe paper, which formed a pleasing contrast with the dainty colored frocks of the girls.

Dancing was enjoyed during the evening. The Grand March was led by the president of the Sophomore class, Harry Crawford, Jr., and Miss Dorothy Hern.

Music was furnished by Lake’s Orchestra. During the evening punch and wafers were served.

The decoration committee for this party was headed by Mary Williams.

The patrons and patronesses were: Pres. and Mrs. Williams, Mrs. Maud Sharp, Mr. and Mrs. Clyde Hissong, Miss Wilna Young and Miss Lena Mills.

Valentine Party

A very delightful Valentine Party was held in Room 134 Williams Hall Saturday evening February 14. The room was appropriately decorated for the occasion.

Margaret Jessen was awarded a huge cake in the shape of a heart for composing the most original sentence from candy hearts.

A buffet lunch was served to the Misses Evelyn Weirich, Margaret Jessen, Leonora Wallen Katherine Gunn, Olive Bowers Esther Weaver, Ruth Greening, Mildred Markly, Rozella Loesch and Marian Koleman.

Five Sisters

A meeting of the Five Sisters was held March 5th in the club rooms at Shatzel Hall. Plans were discussed for the first annual dance which is to take place March 20th. The music and dancing which followed was enjoyed by everyone.

Gone But Not Forgotten

For the benefit of many who so often ask about the disappearance of the wooden Indian that used to stand in front of the cigar store—please be informed that he mounted the magnificent dapple-gray horse that graced the sidewalk in front of the harness shop and rode toward the sunset painted on the opera house curtain.

Not Bad

Dear Hank: “Which is the most important—a man’s wife or his trousers?”

Answer: “Well there are lots of places a man can go without his wife.”

“Waiter, will the orchestra play anything you ask?”

“Yes, indeed they will, sir, anything at all.”

“Then please ask them to play a game of chess.”

Review of the Orange and Brown's Basketeers

(Continued from page 2)

Rapids boy filled a big hole in the quintet during his Freshman year and will be back to try for the same position next year. Huffman seemed to be in just the right places and the right times and, until the last of the season when he was injured, was one of the best centers in the conference.

Gus Goebel was the big boy who proved to be Defiance's undoing in the local game by his whirlwind guarding and effectiveness in shooting from the corners. Goebel was one of the most dependable men on the team and fought hard for the orange and brown.

Eddie Held was a great asset to the team as a utility man and took forward and center positions easily at any time he was called on. He should make a regular next season.

Eddie Fries was handicapped by size but won his letter at guard position by filling in the pinches. He, too, should be a regular next year.

Sullenbarger, Gill, Markle, Bricher and Place formed the nucleus of the reserve squad and were the greatest asset in keeping the varsity in top notch condition.

On the whole the season was an unqualified success under Coach Warren E. Steller, whose fine leadership was so effective in putting Bee Gee to the front in basket ball this winter.

Why They Leave The Farm

Why did you leave the farm, my lad?
Why did you bolt and leave your dad?
Why did you beat it off to town
And turn your poor old father down?
Thinkers of platform pulpit and press
Are wallowing in deep distress;
They seek to know the hidden cause.

Well, stranger, since you've been so frank,
I'll roll aside the hazy bank,
I left my dad, his farm, his plow,
Because my calf become his cow.
I left my dad 'twas wrong, of course,
Because my colt become his horse.

I left my dad to sow and reap,
Because my lamb became his sheep.
I dropped my hoe and stuck my fork,
Because my pig become his pork.
The garden truck that I made grow,
Was his to sell and mine to hoe.

It's not the smoke in the atmosphere,
Nor the taste of life that brought me here.
Please tell the platform, pulpit, press,
No fear of toil nor love of dress
Is driving off the farmers lads,
It's just the methods of their dads.

With best wishes for the farmer's lads,
A Student
(Urban P. Klingshim)

Teacher's Education

With the development and realization of the idea that the education of the children of a state is a function of that state there ensues the idea that the training of the teacher who is to teach those children is also a function of the state.

There is no better example of this principle than the one found in our own educational history. With the establishment of the American free public-school system, as a means by which the state might secure for all of its children a free and non-sectarian education, there came a demand for the training of the public school teacher. An education whose aims incorporate "social efficiency, civic virtue and character, rather than mere learning or the advancement of sectarian ends," E. P. Cubberley, The History of Education,

as did this, is an education the realization of which can be achieved only when the teacher possesses a knowledge of these objectives and the principles and methods involved in their attainment. But such a type of training can be secured most advantageously only at the hands of the state which has laid down the objectives to be achieved. Consequently, the state teachers training institution is a necessity if democracy is to meet with success.

President H. A. Brown of the Oshkosh State Normal School said: “The problem of preparing teachers is the most important educational problem with which this nation has to deal at the present time.”

If this statement be true—and I do not believe that there is a shadow of a doubt but that it is—then the most important educational institutions in our country to-day are the state teachers training institutions—that class of institutions to which our own BOWLING GREEN STATE NORMAL COLLEGE belongs.

As students and teachers of the Bowling Green State Normal College, we have a tremendous opportunity for service if we but strive “to cultivate deep-seated and effective habits of discriminating tested beliefs from mere assertions, guesses and opinions; to develop a lively, sincere, and open-minded preference for conclusions that are properly grounded; and to ingrain into the individual’s working habits methods of inquiry and reasoning appropriate to the various problems that present themselves.” John Dewey, How We Think, p. 28.
