Falcons’ Nest of Coaches

1990 BGSU Football Coaches — Pictured with the Anniversary Award and Peace Pipe trophies are: (seated, 1-r) Moe Ankney (head coach); Max Lowe (offensive guards and centers); Terry Malone (offensive tackles and tight ends); (standing, 1-r) Bob Reublin (assistant head coach and defensive line); Mike Mangili (defensive backs); Reggie Oliver (offensive coordinator and offensive backfield); Joey Batson (strength and conditioning); Kurt Humes (defensive coordinator and inside linebackers); Andy Garver (outside linebackers and special teams); and Todd Fitch (wide receivers). The Anniversary Award goes to the winner of the BGSU-Kent football game each year, while the Peace Pipe is awarded annually winner of the BGSU-Toledo football game. The Falcons defeated Kent (51-28) and Toledo (27-23) in 1989.

Their names are familiar, because they have made an impact on football at all levels of the game — high school, college, and professional.

They belong to the Falcons’ Nest of Coaches, an organization created in 1984 for the purpose of promoting the proud tradition of Bowling Green Falcon football. Through the development of student and graduate-assistant programs at Bowling Green, most of these coaches got their start at this Mid-American Conference institution. They’ve studied and matured under the coaching philosophies of Warren Steller, Robert Whittaker, Doyt Perry, Bob Gibson, Don Nehlen, Denny Stolz and Moe Ankney, to name a few. Today, they are making a name for themselves and for their respective football programs around the country. Though they may be miles apart, they share at least one thing in common. They are members of a fine football coaching fraternity at Bowling Green State University, the Falcons’ Nest of Coaches.

BG May Just Do It With Defense In 1990

Continued improvement. Perhaps those two words best summarize the objectives for Moe Ankney, his staff and the Bowling Green State University Falcons in 1990.

The Falcons were one of the most improved teams in the Mid-American Conference last season. Bouncing back from an eighth-place mark of 1-6-1 in the MAC in 1988, the ’89 Falcons went 5-3 in the league and climbed to fifth place in the final MAC standings. As late as the third week of October, BG was battling Eastern Michigan on the MAC TV Game of the Week for a share of first place in the conference standings.

Ankney returns for his fifth season at BGSU, he says. “We’ve got a lot of positive things to build on from the ’89 season.”

For starters, there are 45 returning lettermen (40 who lettered in 1989). Twelve of last year’s 24 starters are back, including seven on defense, along with punter Cris Shale, who has led the conference in punting for the last two years.

However, there are concerns for 1990. Offensively, BG must replace quarterback Rich Dackin, who passed for more than 6,800 yards, the second highest career total at BGSU. Reggie Thornton and Ron Heard, who last season became the MAC’s first pass-catching tandem to both top the 2,000-yard mark in career receiving yards, are gone. So, too, is honorable mention All-MAC tight end Kyle Hockman.

In all, seven offensive starters need to be replaced. There are fewer holes to fill on defense, but BG will miss two of its leading tacklers, linebacre Larry Lamberight and tackle Derrick Carr. The Falcons will be without placekicker Jason Zeller, as well.

Ankney made some moves during the off-season, and then watched the competition begin in the spring. By the end of April, it was clear that his defense was ahead of the offense.

“The defense dominated spring practice,” Ankney said. “That’s good. Our defense should be the strength of our team.”

When pre-season camp opens in August, the defensive advantage could increase by the arrival of three junior college linemen, who figure to push for places on the depth chart. Another JuCo transfer will improve BG’s receiving corps on offense.

But perhaps the key to success in 1990 will be the emergence of a starting quarterback. A quartet of QBs vied for the starting job in the spring, but none came to the front. All four will be back in August, along with two newcomers who starred on the high school fields last fall.

“The whole offense usually revolves around what the quarterback can do,” said Ankney. “But the position is wide open. Out of five or six guys, we’ve got to come up with a first team quarterback.”

A position-by-position look at the 1990 Falcons follows:

THE OFFENSE

(4 starters return / 7 starters lost)

The Falcon coaches are looking for several of last year’s second- and third-team performers at the skill positions to step forward and produce at a level comparable to last season. BG’s 195 points against MAC opponents in 1989 were the second-highest total in the conference. The Falcons led the league in passing (252.8 YPG), but ranked next to last in rushing (80.5 YPG).

Two lettermen return at quarterback, where 1989 senior Rich Dackin capped a four-year career with second team All-MAC honors. Sophomore Erik White was first in line behind Dackin last season, and he appeared to be the most likely successor in the spring. But a shoulder injury kept him on the sidelines for the last two weeks of drills. So, a pair of sophomores, Nick Eppard and Paul Seeley (a 1989 letterman on special teams), both gained more practice time with the No. 1 offense.

Whether it will be White, Eppard, Seeley, or walk-on Greg Price who steps forward this fall is anybody’s guess. Ankney isn’t ruling out the possibility of some playing time for incoming freshmen Todd Creech and Randy Hecklinski.

Whoever gets the call at QB, he will be throwing to a fleet of receivers with limited game experience. Reggie Thornton and Ron Heard, who together made MAC history the last four years, were both NFL draft picks earlier this year (Thornton with Minnesota and Heard with Pittsburgh).

That leaves the split end and flanker positions open for veterans like Allen Smith and Mark Szlachic, who combined for 13 receptions, almost 200 yards and two TDs last season. Dave Hankins, Darnell Staten and JuCo transfer Bobby Green will add needed depth and speed to the receiving corps.

Junior Brett Landman was a three-game starter at tight end last season, while Kyle Hockman was slowed by a knee injury. Landman responded with nine receptions for 100 yards in ’89, so he figures to see his share of action this fall.

One of Ankney’s experiments last spring was moving Pat Jackson back to his old tight end spot. Jackson, a two-time Academic All-American, has been a starting outside linebacker since 1988, but he started out as a tight end and had six receptions for 56 yards as a true freshman in 1987. Jackson actually won the starting job by the end of spring drills, but don’t be surprised to see both veterans on the field at the same time in a two-tight end formation.

The emergence last fall of true freshman tailback LeRoy Smith as one of the MAC’s top newcomers gives the Falcons a proven rushing threat in 1990. Smith’s numbers last season (161 rushes, 564 yards) were the best by a BG running back in four years and among the best ever by a first-year Falcon. He finished third in the balloting for the MAC Freshman of the Year, and he enjoyed a good spring.

Somewhat surprising was the rapid improvement of red-shirt freshman Zeb Jackson. Ankney called Jackson one of the most improved Falcons in the spring.
A pair of seniors, Deon Allen and Rozell Winters, will also carry the ball in 1990. The pair combined for 13 carries and 21 yards last year.

Allen could be in the running for the fullback duty, as well. BG lost starting fullback Ron Viscounte to graduation, but sophomore Tony Lee was making tremendous strides before suffering a knee injury in the spring. His status for 1990 is questionable, which will leave Jim Howell and Chris Beier in the hunt for the starting job, along with Allen and red-shirt freshman Maurice Coles.

Up front, eight lettermen return on the interior line, including senior starters Billy Horn at center and Brian Sherman at guard. A knee injury kept starting tackle Matt Kegel on the sidelines during spring drills, but he should be ready for the new season.

The most improved player on offense in spring practice was right tackle Nick Sims, who stepped up for ‘89 senior Tom Addie. Shawn Zimmerman is gone at left guard, but sophomore Steve Bosko looks ready to take over at that spot.

Other returning lettermen include two seniors, Harold Arrowsmith and Rick Young, a junior, Brian Walsch, and a sophomore, Pete Kowalski. Hoping to letter for the first time are tackles Eric Fitzpatrick and Pat Dutson.

THE DEFENSE
(7 starters return / 4 starters lost)

The key to improvement on defense in 1990 lies in a better defensive line, says Ankey. The Falcons ranked last in the MAC in total defense last year, allowing 420.0 yards per game. BG was last against the rush (215.1 YPG) and next to last against the pass (204.9).

Judging by the line’s performance in spring play, Ankey should see improvement up front this season.

The Falcons lost one starter up front from last year in tackle Derrick Carr, a New Orleans Saints draft pick. His replacement will likely be two-year veteran Steve Wilbourne, although red-shirt Bob Dudley could see some action, as well. Wilbourne was in on 94 tackles last year, third-best on the team.

Mark Ross returns as a starter at nose guard. Though he missed three games, Ross still managed 64 tackles in 1989, an average of 8.0 per game.

Paul Harris, who had an excellent spring, should be ready to step into a starting role at guard. Harris appeared in all 11 games last season and averaged 4.9 stops per game.

Two other lettermen are back on the line. Tackle Jeff Rottinghaus missed spring work-outs with a knee injury. Nose guard Steve Ross is back to push the other Ross for playing time. Sophomore Jerry Beattie is listed behind Harris at guard.

In August, more help up front will come from three junior college transfers: Cedric Ellis, Guy Fatato and Mario Lopez.

Mark Ross

There will be many familiar faces at the linebacking positions, where several veterans will battle for the position vacated by Larry Lambrick, BG’s leading tackler last year.

Four seniors are back to split time at inside linebacker, making it once again the deepest position on the team for game-tested players. Duane Crenshaw and Charles Dotson emerged as top candidates for the “Sam” and “Willie” positions. Dotson was second on the team in tackles (104) last year, while Crenshaw (76) was not far behind.

Senior Doug Atkin, who made 55 stops last year, moved from the outside-in during the spring, and what a move it proved to be. Not only did Atkin strengthen an already-deep position, he pushed the others to a higher level with his tenacity and love for the game.

Still another senior, Dal McDonald, enters his fourth season as a regular at the inside linebacker post. McDonald is also one of BG’s top special team players. Todd Currence, a junior, will back-up Dotson.

Atkin’s move left senior Keith Pace as the top returnee at the “Ollie” outside linebacking post. He made 49 tackles in 11 games last fall. As for Atkin’s replacement at “Ed,” sophomore Kevin O’Brien stepped forward and earned the distinction of being BG’s most improved defensive player.

Charles Dotson

More help at outside linebacker will come from a couple of veterans and a newcomer. Junior D.J. Ogilvie returns at “Ollie,” where he’ll compete with sophomore Artie Mangham, a lettermen in the defensive secondary last season. Junior college transfer Mike Calcagno will push O’Brien at the “Ed” position.

If there is a concern on defense, it’s the secondary. There is talent there with two returning starters and some promising youngsters. But gone from last year are two starters, safety Mike Holmes and corner Ray Southard. Add to that Mangham’s move to outside linebacker, and the loss of Dave Jacobs, who opted not to return for the 1990 season.

Seven lettermen return in the secondary, which should enable the Falcons to go two-deep at nearly every position. Returning starters include strong safety Terry Wilson and cornerback Ken Burress. Wilson finished fourth on the team in tackles (66), while Burress was in on 41.

Wilson experimented with a move to quarterback the last week of spring drills, but appears set for his return in the secondary. Burress will have to battle Mike Haack for the top job at cornerback.

At the other corner or halfback position, look for Carlos Brooks to get the starting nod after coming on strong in the last half of 1989, his true freshman season. Free safety Dave Bielinski, also a sophomore, has made tremendous strides and should start alongside Wilson.

Others who may step up and see some game time in the secondary include halfback Thomas Long, strong safety Joe Bair and free safety Scott Lindsey.

SPECIALISTS
(1 kicker returns / 1 kicker lost)

Senior punter Cris Shale is back after earning all-MAC honors the last two years. He led the conference with a 40.6-yard average last fall. But 1989 senior placekicker Jason Zeller is gone after a successful college career. Trying to fill his shoes will be junior Todd Powell.

BG’s long-snapping duties will once again be handled by sophomore Chris Henwood.

Ankney was Smith’s defensive coordinator and secondary coach at Tulane for four seasons between 1976-79. Before that, he was the secondary coach at Ball State from 1971-75 under the late Dave McClain. In all, he has spent 18 seasons coaching football at the collegiate level.

At each stop, Ankney was instrumental in helping to rebuild struggling programs. While at Ball State, the Cardinals improved their record from 4-5-1 in 1971 to 9-2 in 1975. At Tulane, Ankney helped the Green Wave from a 2-9 record in 1976 to a 9-2 mark and a berth in the Liberty Bowl in 1979. The Arizona Wildcats were 5-6 in 1980 and improved their record to 8-3-1 in 1985, including a 13-13 tie with Georgia in the Sun Bowl. His Arizona defensive units finished among the nation’s statistical leaders from 1982-85.

More than 20 of his former players have gone on to careers in professional football. While at Arizona, Ankney coached Denver Broncos’ linebacker Ricky Hunley. At BGSU, Ankney has coached Cleveland Browns’ safety Kyle Kramer. Three Falcons were drafted by NFL teams earlier this year: Reggie Thornton (Minnesota), Ron Heard (Pittsburgh) and Derrick Carr (New Orleans).

Ankney entered the coaching profession at the high school level. He was an assistant football and wrestling coach at Eaton High School for the 1964-65 seasons and then became head coach at Dayton Norridge in 1966. From 1967 to 1971, he was head football and tennis coach at Dayton Wayne High School. His five-year head coaching record in the high school ranks stands at 24-21-5. While coaching in the Dayton area, Ankney earned his master’s degree from Miami University in 1969.

Ankney, 48, a native Ohioan, grew up in Xenia before moving to Kettering as a high school senior. A 1960 Fairmont High School graduate, he was an all-state quarterback and a participant in the Ohio All-Star game.

While a student at BGSU, Ankney played on two MAC Championship teams as a reserve quarterback and lettered twice under legendary Coach Doyt Perry.

While an undergraduate, Ankney earned election to Omicron Delta Kappa, a leadership honorary, Phi Alpha Theta, a history honorary, and Kappa Delta Pi, an education honorary.

Ankney was reared in a football family. His uncle Pete was his head coach at Fairmont High School. Pete Ankney also was a head coach at Canton McKinley High School and at the University of Dayton. Moe’s father, Ben, coached at Miami University and at Xenia High School.

Moe and his wife, Caralee, are the parents of two daughters (Angela and Molly), a son (Andy), and have two grandchildren (Ashley and Bryce).

Howard Milton Ankney was born June 23, 1942.
On the team in general:
"We're a lot stronger football team. We found some football players in spring practice. The attitude was excellent. We have a team that works hard, and a team that practices well. A team that is getting tougher mentally and physically all of the time."

On the defense:
"The defense dominated spring practice. That's good. Our defense should be the strength of our team going into the 1990 season. They will have to be real strong at the start of the season and give our young quarterbacks a chance to catch up. I'm looking forward to our defense being better than it's been the last four years."

On the defensive line:
"We made a lot of progress on the defensive line. It was one of our major concerns going into spring practice, but the line is a lot better now. Paul Harris was one of our outstanding performers. Steve Wilbourne is a veteran. And there is good competition between the Ross boys (Mark and Steve, no relation). We have three junior college players coming in, and we'll give them every opportunity to play. Guy Fatato will get a shot at nose guard. Mario Lopez and Cedric Ellis will start out at guard or tackle. Whether they will be starters or back-ups by the time we get into the season, they will make the defensive line even stronger and deeper."

On the linebackers:
"The inside linebacker position was probably the best position overall on the team during spring practice. Our four seniors (Doug Atkin, Duane Crenshaw, Charles Dotson and Dal McDonald) all were very impressive during the spring. They were aggressive and made a lot of plays. Those guys, along with Todd Currence, give us good depth and quality at inside linebacker. Another one of our strong positions is probably the Ed outside linebacker position with Kevin O'Brien and Mike Calcagno. Keith Pace had an outstanding spring at the Ollie position. Artie Mangham has speed and big-play potential. D.J. Ogilvie can go both ways (Ed or Ollie)."

On the secondary:
"One of the weaknesses in our team is the depth in the defensive secondary. That's a real concern. We've got good players; we just don't have very many. Leaving Terry Wilson on defense (after a one-week trial at quarterback last spring) will help the secondary, no question about it. Dave Bielinski had an outstanding spring at free safety. There's good competition between Mike Haack and Ken Burress at corner. Carlos Brooks and Thomas Long are both good-looking young players at halfback."

On the offense:
"The weather (last spring) really hurt our passing game. It was difficult to practice the passing game, and, offensively, that's where we have a long way to go. The running game on offense was improved."

On the quarterbacks:
"Probably the biggest disappointment of the spring was quarterback, not the kids themselves, but just in the circumstances. We were not able to establish a first team quarterback in spring practice. The whole offense usually revolves around what the quarterback can do. No one has ever won a championship without a good quarterback. The position is wide open. Erik White will be the favorite, but Nick Eppert has improved, and Paul Seeley has speed and talent. Out of five or six guys, I think we'll come up with a good quarterback."

On the wide receivers:
"The wide receiver position is a real challenge for us, replacing the guys we lost. Mark Szlachcik is a quality wide receiver. (Alien) 'Speedy' Smith had a good spring. We are counting on Darnell Staten and David Hankins to play a lot. Bobby Green, our junior college transfer, gives us more speed."

On the tight ends:
"The tight end position was one of the more encouraging parts of spring practice. I think it's one of the strengths of our team. Pat Jackson and Brett Landman are both quality players. We're going to try to get them into the game at the same time."

On the offensive line:
"The offensive line was hurt a little bit by injuries in the spring (including tackle Matt Kretel with a knee injury). In the long run, I think that our offensive line is going to be strong. Billy Horn is a veteran player. Brian Sherman should be one of our best linemen. Steve Bosko was a pleasant surprise, so we should have a good pair of guards. At tackle, we saw big improvement with Nick Sims."

Ankney instructs defensive back Mike Haack during 1989 practice session.

Ankney thought fullback was going to be a strong position, but losing Tony Lee (knee injury) makes fullback a question mark. Jim Howell should be the first teamer, but we're going to need more than one fullback, so the other guys will have to come through. Deon Allen might be a swing player and play fullback or tailback."

On special teams:
"One of the strengths of our team again is the punting of Cris Shale and the punt team in general. Todd Powell had a good spring, but I expect freshman Brian Leaver will compete with him. Chris Henwood, our long-snapper, was excellent last fall. I expect D.J. Ogilvie and Dal McDonald to be two of our leaders on our coverage teams."

On the 10-game schedule:
"I'd rather play 11 games. We'll try to make the week of a big positive thing for us. It comes after our first two games and before we get into the conference. It could be a chance for us to evaluate. One of the real disadvantages is having so many away games early in the season. You have to overcome the challenges of playing at Cincinnati and at Virginia Tech. To be successful, the team is going to have to be tough mentally and be able to overcome the hurdles in our way. But when we get to the second half of the season, we'll be in pretty good shape with more home games down the stretch in the conference."

On the Mid-American Conference:
"The two teams that should be favorites, based on returning players from last year, are Central Michigan and Toledo. Those two stand out in my mind. After that, I think the rest of the conference is good, but I'd put those two slightly ahead of the rest of us."
JOEY BATSON
Responsibility: Strength and conditioning
Alma Mater: Newberry '85
Year at BGSU: 2nd year
Collegiate Experience: 5 years — 2 at BGSU, 3 at Clemson

Joey Batson, 29, is in his second year as the strength and conditioning coach at Bowling Green State University. He is the director of the BGSU Athletic Fitness Center, located on the west side of Doyt L. Perry Field.

Part of his responsibilities include the maintenance and development of the $3,000,000, 5,800-square foot fitness center. The facility offers everything from free weights and Nautilus equipment to an open area for general fitness and agility exercises. Office space, restrooms and lockers are also a part of the complex.

Recognized as a knowledgeable instruc tor, Batson became the first supervisor for the implementation of in-season and off-season weight training in September, 1989. He assists all 19 intercollegiate teams. Former Falcon Larry Lambright was named to the All-America Strength Team, thanks in part to Batson’s guidance.

He is a former assistant strength and condition ing coach at Clemson University of the Atlantic Coast Conference. There, he worked with the Tiger football, basketball, baseball, swimming and volleyball teams.

Batson received his bachelor’s degree in 1985 from Newberry College in South Carolina, where he was a three-year football letterman and team captain. He holds a master’s degree from Clemson (1988).

He formerly competed in the American Drug Free Powerlifting Association and earned a national top 20 ranking in 1985-86-87. He took fourth place in the national championships in 1986 and fifth in 1987.

A native of Greenville, SC, Joey resides in Bowling Green with his wife, Susan.

TODD FITCH
Responsibility: Receivers and tight ends
Alma Mater: Ohio Wesleyan ’86
Year at BGSU: 2nd year
Collegiate Experience: 6 years — 2 at BGSU, 1 at West Virginia, 1 at BGSU, 2 at Ohio Wesleyan
Recruiting Area: Akron, OH, and Canton, OH

Todd Fitch, 26, is in his second year as a full-time member of Coach Moe Ankney’s staff at Bowling Green State University. He previously spent one year in the program as a graduate assistant coach.

Fitch coaches the wide receivers and tight ends. Two of his former players at BGSU, Reggie Thornton and Ron Heard, were 1990 NFL draft picks by the Minnesota Vikings and Pittsburgh Steelers, respectively.

He is also responsible for recruiting in the eastern Ohio cities of Akron and Canton.

Fitch returned to Bowling Green last summer after serving for less than one year as a volunteer assistant coach under former BG player and coach Don Nehlen at West Virginia University. Fitch was in charge of the outside linebackers during spring practice and assisted in recruiting and summer camps.

The 5,800-square foot fitness center is located on the west side of Doyt L. Perry Field. Since its opening in 1988, the fitness center has helped the Falcons reach their potential for strength and conditioning.

The facility offers everything from free weights and Nautilus equipment to an open mat area for general fitness and agility exercises. Office space, restrooms and lockers are also available.

Bowling Green holds the MAC record for single-game attendance (33,527).

Doyt L. Perry Field, with its 30,000-plus seating capacity, is celebrating its 24th year as the home of Bowling Green State University football.

Built in 1966 for approximately $3 million as a replacement for the 43-year-old University Stadium, Perry Field had a capacity of 23,272 until bleacher seats were installed in both end zones in 1982.

One of the largest and most attractive athletic facilities in the Mid-American Conference, Perry Field holds the conference record for single-game attendance.

On October 8, 1983, a huge crowd of 33,527 packed into Perry Field for the annual Northwest Ohio rivalry between Bowling Green and Toledo, establishing a school and MAC record for single-game attendance. The Falcons went on to set a season record, breaking the six-digit figure for five games with a total draw of 100,021. It marked the first time in history that Bowling Green averaged more than 20,000 fans for five home football games.

That figure was topped in 1985, when Bowling Green posted a perfect record (11-0) in the regular season and clinched the MAC Championship by shutting out arch-rival Toledo at Perry Field in November. More than 26,000 fans turned out that day, raising Bowling Green’s season attendance to an all-time high 112,000, an average of 22,400.

Perry Field is more than just a football facility. The east side of the stadium includes dressing rooms, equipment and training rooms, along with the Athletic Department offices. The west side received a face-lift three years ago. A physical fitness center/weight room opened its doors for all 19 intercollegiate athletic teams in the summer of 1988.

Also situated on the west side of Perry Field are the Falcon Club offices and club house, the academic affairs office, the track and cross country offices, as well as maintenance and storage areas.

Sitting atop the press box on the west side of the stadium is the plush Stadium Club. Now in its 11th year of operation, the Stadium Club’s 106 theater-type seats, which are all sold, provide loyal BGSU fans with a fine view of the game. The President’s Box, located on top of the east side of the stadium, provides luxury seating for President Paul J. Olscamp and other supporters of Falcon football.

Bowling Green won the first game ever played in Perry Field, defeating Dayton, 13-0, on October 1, 1966. Since that time, the Falcons have won almost 65 percent of their home games, compiling a 75-41-3 record in the 119 games played at Perry Field.

BGSU students catch the spirit of Falcon football.
Over the last seven seasons, Bowling Green is 26-8-1 at home for a .757 winning percentage.

A multi-purpose facility, Perry Field has also hosted concerts, NFL exhibition games, and major soccer tournaments.

Perry Field is named in honor of the man who led Bowling Green to a 77-11-5 record in his 10 years as the head coach of the Falcons. Doyt L. Perry was simply one of the greatest football coaches of his day. His .855 winning percentage over 10 seasons in the 1950s and 1960s remains one of the highest in football history.

“First, I always tried to get the best assistant coaches possible,” Perry said of his success. “Then we sought to eliminate mistakes as far as possible.”

After stepping down as Bowling Green’s head football coach in 1964, Doyt Perry remained as the BGSU athletic director for six years.

The year 1988 will be fondly remembered by Doyt Perry, the former player, coach and administrator at Bowling Green State University.

In January of ’88, he learned that he would be an inductee into the National Football Foundation’s College Football Hall of Fame.

In October, when Bowling Green hosted Miami at Doyt L. Perry Field, the man in whose honor the stadium was named was there for a special on-campus presentation by the National Football Foundation.

In December, Perry was in New York for the Foundation’s Hall of Fame Dinner. He was officially enshrined into the College Football Hall of Fame at Kings Island, OH, the following June.

Perry’s association with BGSU dates back 60 years when, as a student he lettered nine times in three sports (football, basketball and baseball). The Croton, OH, native received his degree in 1932 and began coaching on the high school level before becoming an assistant football coach at Ohio State University in 1951.

Perry returned to his alma mater as head football coach in 1955. The next 10 years, he led the Falcons to a 77-11-5 record for a winning percentage of .655, topped only by Knute Rockne and Frank Leahy of Notre Dame. His teams won five MAC Championships and the national college division championship in 1959.

Perry, who retired from coaching in 1964 to become BGSU’s athletic director for six years, developed such outstanding coaches as Jim Young of Army, Bill Mallory of Indiana, Don Nehlen of West Virginia, Larry Smith of Southern California, the late Dave McClain of Wisconsin and Bowling Green’s own Moe Ankney.

Bowling Green State University celebrates its 72nd season of intercollegiate football in 1990, and if it keeps with tradition, the '90 season will be another successful one.

At the dawn of a new decade, one needs to look no farther than the 1980s to see that Bowling Green continues to uphold its reputation as a Mid-American Conference football power. Only Central Michigan had a better MAC record than BG's 57-28-2 mark in the 1980s.

The Falcons' success on the football field has mirrored a high level of achievement in all BGSU sports the last nine years. The Falcons have won 23 consecutive titles since 1980, 19 in the MAC and four more in the Central Collegiate Hockey Association. Twenty-one teams have gone on to post-season play in the NCAA, NIT and in the California Bowl, including Bowling Green's 1983-84 hockey team that won the NCAA Division I Championship.

Great football coaches over the years have roamed the sidelines at BGSU, men like Warren Steller (1924-34), Robert Whittaker (1941-54), Doyt Perry (1955-64), Bob Gibson (1965-67), Don Nehlen (1968-76), Denny Stolz (1977-85) and now Moe Ankney. Falcon football teams have captured eight MAC championships since Bowling Green joined the conference in 1952. Bowling Green's 71-year football record is 359-231-48, meaning the Falcons have won 60 percent of their games throughout history.

Bowling Green has made two trips to the California Raisin Bowl in 1982 and 1985. Only BGSU and Toledo have made the trip twice to Fresno, CA, for the Cal Bowl.

All-American Bernie Casey (1958-60)

Bowling Green's proud past also includes the NCAA College Division Championship and the school's first perfect season (9-0) in 1959. The next season began one of the finest decades in all of college football. From 1960 through 1969, the Falcons won 71 games, lost 22 and tied two for a winning percentage of .758. Among the nation's major colleges, only Alabama, Texas, Arkansas and Mississippi produced better records than Bowling Green during the 1960s.

Eleven Bowling Green players from that period went on to the National Football League, including All-Americans Bernie Casey and Mike Weger. Jamie Rivers and Bob Reynolds played a combined 20 seasons in professional football.

Nearly 100 former Falcons have been drafted by and/or played for a professional football team. Several BG players dot today's NFL rosters, including Doug Smith, an all-pro lineman with the Los Angeles Rams, Martin Bayless of the San Diego Chargers, and Kyle Kramer, of the Cleveland Browns. Three Falcons off the 1989 team — Reggie Thornton, Ron Heard and Derrick Carr — were drafted by NFL teams earlier this year.

Bowling Green has developed the reputation for turning out fine coaches, as well as fine players. Some of the nation's best coaches have Bowling Green ties, as evidenced by the many names associated with the Falcons' Nest of Coaches, an organization of high school, college and professional coaches. Doyt Perry, of course, is still recognized as one of the winningest coaches of all time with a 77-11-5 record over 10 seasons. Perry was inducted into the College Football Hall of Fame in 1988. (See page 39 of this media guide.)

Bo Schembechler, the former Michigan coach, was a BGSU assistant coach in 1955. Indiana's Bill Mallory was both a graduate assistant and assistant coach here. Bowling Green graduates now serving as head coaches at the Division I-A level include Moe Ankney '64, now in his fifth season at his alma mater, Jerry Berndt '62 at Temple, Don Nehlen '58 at West Virginia, Larry Smith '62 at Southern California, and Jim Young '57 at Army.

1989 AT A GLANCE

- Five Falcons were named to the All-Mid-American Conference team, as selected by the league's head coaches. Wide Receiver Ronald Heard and punter Chris Shae were named first team honors. Shae was a second team pick in 1988. Quarterback Rich Dackin and Wide Receiver Reggie Thornton were named to the second team, Dackin's second and Thornton's third appearance on the MAC honor roll. Tight End Kyle Hockman earned honorable mention.

- Wide Receivers Ronald Heard and Reggie Thornton became the first tandem in MAC history to both exceed 2,000 career receiving yards. Heard finished with a four-year total of 2,491 yards, while Thornton topped out at 2,231.

- Quarterback Rich Dackin finished his four-year career ranking among the MAC leaders for pass completions (2nd, 591), attempts (2nd, 1,073) and yards (6,862).

- Chris Shae repeated as the MAC punting leader with his 40.6-yard average. The two-time All-MAC selection punted 61 times for 2,474 yards for a narrow advantage over Toledo's Brian Borders (40.3 YPP).

- Jason Zeller extended his extra-point kicking streak to 64 successful conversions before an attempt was partially blocked at Western Michigan. Zeller's 71 points in 1989 were the most for a BG kicker in one season.

- LeRoy Smith set several BGSU freshman records, including rushing attempts (161), rushing yards (564), and receptions (28).

- Pat Jackson, BG's starting outside linebacker, was named to the Academic All-America first team. Jackson, a business major who carries a 3.96 grade point average, was a second team Academic All-American in 1988.

- The Falcons hosted their first night game at Doyt L. Perry Field and drew 25,057 fans. The crowd for the BG-Akron game under the lights was the fourth-largest in the 23-year history of Perry Field.

- Three BG seniors were selected in the NFL Draft last spring. Wide Receivers Reggie Thornton and Ronald Heard were chosen in the fifth and sixth rounds, respectively, by the Minnesota Vikings and Pittsburgh Steelers. Defensive Tackle Derrick Carr went in the eighth round to New Orleans. It was BG's biggest class of draft picks since six Falcons were selected in the 1974 NFL Draft.

Fresno State's Bulldog Stadium is the site of the California Raisin Bowl.

For the last nine years, the Mid-American Conference has been sending its champion to the California Raisin Bowl in Fresno, California.

Hosted by Fresno State University in its 30,000-seat Bulldog Stadium, the Cal Bowl pits the MAC Champ against the Big West Conference Champion.

The 1990 Cal Raisin Bowl is scheduled for December 8.

Bowling Green is one of two MAC teams to have made the trip to Fresno twice, with Toledo being the other. The Falcons appeared in Cal Bowl II on December 19, 1982 and lost a 29-28 heartbreaker to Fresno State. BG blew a 21-0 third-quarter advantage in that game.

The Falcons met Fresno State again in Cal Bowl V, but this time the Bulldogs rolled to a 51-7 victory on December 14, 1985. BG also lost its head coach, Denny Stoltz, who announced earlier in the week he was leaving to coach at San Diego State.

More than just a bowl game, the California Raisin Bowl is a community happening for San Joaquin Valley citizens, whose support benefits the Valley Children's Hospital. The benevolence of the Greater San Joaquin Valley Sports Association is displayed as every aspect of the Cal Bowl revolves around the well-being of the young patients of the Valley Children's Hospital.

Fund-raising activities include a 10K run, bike rally, and a coronation ball, in addition to the bowl game. The Cal Bowl has generated more than $250,000 for hospital equipment and services.

The Anniversary Award is held by (l-r) BG Coach Moe Ankney, Quarterback Rich Dackin, Linebacker Erik Johnson, and BG Athletic Director Jack Gregory following BG’s win over Kent in 1987.

**ANNIVERSARY AWARD**

**BOWLING GREEN vs. KENT**

The Bowling Green Falcons regained possession of the Anniversary Award with last season’s 51-28 victory over the Kent State Golden Flashes. The Falcons have now owned the Anniversary Award for four of its first five years of existence, 1985-86-87-89. Kent had rights to the traveling award for one year with a victory over BG in 1988. Established in 1985 by the respective alumni departments at BGSU and Kent, the Anniversary Award commemorates the founding of BGSU and Kent in the year 1910 and is presented annually to the winner of the BG-Kent football game. BGSU leads the all-time series with its “sister school,” 39-13-6. Kent has been on BG’s football schedule more often than any other Falcon opponent. This year’s BGSU-Kent game will be played at Kent, November 3.

The Peace Pipe is held by (l-r) BG Coach Moe Ankney, Linebacker Joe Foley, Tight End Kyle Hockman, and BG Athletic Director Jack Gregory following BG’s win over Toledo in 1987.

**PEACE PIPE**

**BOWLING GREEN vs. TOLEDO**

The Peace Pipe is a traveling award that goes to the winner of the annual gridiron battle between Bowling Green and Toledo. Thanks to last year’s thrilling 27-23 Falcon victory at Doyt L. Perry Field, the Peace Pipe resides in Bowling Green. The Peace Pipe tradition actually began on the basketball court during the 1947-48 season. At that time, the teams exchanged a six-foot long wooden peace pipe. The original basketball Peace Pipe disappeared, so, in 1980, the Peace Pipe was reinstated for football. Today’s Peace Pipe is a smaller version of the original pipe, resting atop a trophy that displays the score of each football meeting since 1980. BGSU leads the all-time series with Toledo, 29-21-4. This year’s BGSU-Toledo game will be played at Toledo’s Glass Bowl, October 13.

An aerial view of the Bowling Green State University campus.

The educational diversity and excitement of a large university combined with the caring and camaraderie of a small college. These are strengths of Bowling Green State University.

Bowling Green began in 1914 as a Normal School. On that first day, there were 15 faculty members and 158 students, all of whom were studying to be teachers. Today, the University has nearly 1,000 full- and part-time faculty and 18,000 students on its main campus. Degree programs are offered through the colleges of Arts and Sciences, Business Administration, Education and Allied Professions, Health and Human Services, Musical Arts, Technology and the Graduate College. Within the undergraduate colleges are schools of Art, Mass Communication, Nursing, and Health, Physical Education and Recreation.

In all, the University offers more than 170 undergraduate degree programs, 12 master's degrees in 75 fields of study and doctoral degrees in 14 departments with more than 60 specializations.

In addition to courses on the main campus, the University's Firelands College campus, located in Huron, Ohio, offers 23 two-year associate degree programs, as well as courses which fulfill the first two years of a bachelor's degree requirement. Firelands' enrollment tops 1,300 students.

Fully accredited at the highest state, regional and national levels, the University has chapters of most national academic honor societies, including Phi Beta Kappa and Phi Kappa *Phi. Bowling Green is also a member of the National Association of State Universities and Land Grant colleges.

The University's faculty members, 71 percent of whom hold the highest degree in their fields, include Fulbright Scholars, authors and nationally known researchers. The caliber of the faculty is reflected, too, in the number of academic programs which are regionally and nationally recognized, including the chemistry and philosophy departments which host Ohio Eminent Scholars. A third Ohio Eminent Scholar grant will be added in the Department of Psychology in 1991. The scholar program was created by the Ohio Board of Regents to attract world-class educators and researchers to the state's universities.

While committed to teaching, faculty are researchers as well, generating new knowledge through independent research and involvement in University units such as the Population and Society Research Center, the Center for the Study of Popular Culture and the Social Philosophy and Policy Center.

Bowling Green is also the site of the National Drosophila Species Center and the Mid-America Stock Center—the largest scientific facilities of their kind in the world—where University faculty assist in supplying some 400 species of fruit flies to scientists involved in genetics and cancer research around the globe.
The University's students come from throughout the United States and nearly 60 foreign nations. While most students are between the ages of 18-22, the number of those older than 25 is increasing. During the spring term of the 1989-90 academic year, there were more than 3,300 "non-traditional" adult students enrolled in undergraduate and graduate programs on a full- or part-time basis.

The focal point of the 1,250-acre campus is the nine-story Jerome Library, with its collection of more than four million items, including 1.5 million volumes plus journals, periodicals, microforms, government documents and other materials. Special sections of the library include the Center for Archival Collections which houses materials relevant to northwest Ohio history and the Sound Recording Archives with 400,000 recordings. The Institute for Great Lakes Research, located in Perrysburg, contains an extensive collection of materials on the shipping industry's past and present.

The University is continually refurbishing its more than 100 existing buildings and upgrading facilities to meet current needs. In recent years, nearly $83 million has been allocated for new construction and remodeling projects.

The University is also meeting the challenge of tomorrow's high-tech education. It currently has 19 computer labs, including one in every residence hall complex, for use by students. And talk is now underway of installing computers in every residence hall room.

president paul j. olscamp

"an environment for excellence." dr. paul j. olscamp adopted that slogan for his administration when he became bowling green state university's eighth president in 1982.

to create that environment, he charted a course that would move bowling green into the ranks of the country's most important colleges and universities. the effort has focused on teaching, research and service and has involved a university-wide commitment to excellence.

since arriving on campus, the president has aimed at fulfilling that vision. early in his administration, olscamp and the faculty outlined the task ahead in a 27-goal document called the role and mission statement. most of the goals centered on improving the quality of undergraduate and graduate students, the academic programs, the learning environment and the faculty and its resources.

now, as olscamp begins his ninth year at bowling green, many of those original goals have been met and new priorities have been established, including the recruitment of minority faculty and students, and greater emphasis upon research production.

one of his most important accomplishments has been to fully involve the faculty in university governance. faculty now have a key role in developing the annual budget and share authority with the president in interpreting the university's academic charter. the faculty also have greater control over the curriculum and development of new academic programs.

olscamp brings a personal touch to the presidency and frequently hosts students for breakfast at his home, eats with them in campus dining halls and attends as many student events as his schedule permits. he also holds weekly forums for students wanting to discuss campus issues. during the past six years, he has played host to more than 675 faculty members at a series of "fireside talks" at his home.
A great deal has happened at Bowling Green since 1982. Here are some of the highlights:

**Academic Programs**
- Creation of Bowling Green’s first endowed professorships, in management, finance, chemistry and philosophy.
- Development of the Center for Photochemical Sciences, the only one of its kind in the country. Photochemistry is a multibillion dollar growth industry and some key research for that industry is being conducted at Bowling Green.
- Appointment of an Ohio Eminent Scholar in both Photochemical Sciences and Moral Philosophy; the positions are the result of two $500,000 grants from the Ohio Board of Regents. In 1990, Bowling Green was awarded its third Ohio Eminent Scholar grant; this one in Psychology. The appointment is expected to be made in 1991.
- Addition of doctoral programs in Applied Philosophy and Photochemical Sciences; the 13th and 14th Ph.D. offerings at Bowling Green.
- Increasing in 1990 to 61 the number of National Merit scholars, the most ever in University history and a figure that places Bowling Green in the top 25 universities in the country.
- Establishing the University’s first major scholarships for minority students.
- A network of computer labs throughout the campus, including labs in each residence hall. Now, there is talk of installing a computer in every residence hall room.
- Securing more than $5 million from the Board of Regent’s Selective Excellence Programs, which are designed to attract top scholars, conduct pioneering research and develop centers of excellence. Grants have been awarded in both the sciences and the humanities.
- Increasing library holdings to more than four million items including 1.6 million books, plus journals, periodicals, microforms, government documents and other materials.

**Physical Plant**
- Nearly $83 million in state capital improvement funds for renovation and new construction projects.
- Completion of $7.2 million Physical Sciences Laboratory Building in 1984 and a $3.65 million addition to the Business Administration Building in 1988.
- A $9.1 million addition to the Fine Arts Building; the groundbreaking ceremony will be held this fall.

**University Finances**
- Growth in the University endowment from $1.9 million in 1982 to more than $27 million by the end of 1990.
- Creation of an internal endowment fund of $4 million from various University reserves. The balance is approaching $8 million and is expected to reach $10 million in two years. Interest on the $10 million principle will be used to supplement the academic budget.
- Developing a plan that restructures debt service obligations and is projected to result in a $35 million principle in 12 years. Interest on that amount, which could approach $3 million annually, will go toward the academic budget.
- Most successful fund raising drive in University history. With the assistance of the development and alumni office, the 75th Anniversary Fund raised more than $15 million in three years; well above the $12.5 million goal. Donations included the University’s first two $1 million gifts—from the Stranahan Foundation of Toledo for the Social Philosophy and Policy Center and from Harold and Helen McMaster of Perrysburg for the McMaster Leadership Institute. In 1988 the Stranahan Foundation awarded a $3 million grant to the Social Philosophy and Policy Center.

**HALL OF FAME PRESENTATION**

Ritter Collett (National Football Foundation), Doyt Perry, Paul Olscamp (BG President), and Jack Gregory (BG Athletic Director), gathered at mid-field in October, 1988, for Perry’s College Football Hall of Fame presentation. More than 18,000 fans were on hand for the event at BG’s Doyt L. Perry Field.
JACK GREGORY

Since his appointment nine years ago as director of athletics at Bowling Green State University, John C. (Jack) Gregory has set a standard of excellence designed to place Falcon men's and women's teams on equal terms with today's elite intercollegiate athletic programs. To reach these goals, Gregory challenges his staff of administrators, coaches and classified personnel to settle for nothing less than the very best. His challenge has resulted in some of the finest moments in the history of intercollegiate athletics at BGSU:
- the 1984 NCAA Division I Ice Hockey Championship;
- 13 Mid-American Conference regular season championships in football, men's and women's basketball, softball, women's cross country, gymnastics, men's golf, and last fall, volleyball;
- two California Bowl appearances;
- four MAC post-season tournament championships;
- three Central Collegiate Hockey Association regular season championships;
- one CCHA post-season tournament championship;
- 13 NCAA Tournament appearances in hockey, basketball, softball and gymnastics, including a MAC record nine appearances in the last four years;
- three home NCAA Tournament berths in hockey, softball and women's basketball;
- and the 1987-88 Jacoby Trophy, awarded annually to the MAC school with the best overall record in women's sports.

The 1989-90 school year was highlighted by three Falcon teams advancing to post-season play. Hockey and women's basketball returned to the NCAA Tournament, while men's basketball played in the NIT. Bowling Green was the only school in the country that sent teams to national post-season tournaments in those three sports.

Gregory came to Bowling Green during one of the most difficult periods in the school's 72 years of intercollegiate athletics, a time when BGSU and the MAC were fighting for NCAA Division 1-A status in football. Behind Gregory's leadership, the football program attained 1-A status.

Record crowds have attended Falcon football, hockey and women's basketball games during Gregory's tenure. Soccer, volleyball, gymnastics and softball are drawing larger crowds, too.

Last fall, the Falcon football team played before two of the 10 largest crowds in the 23-year history of Doyt L. Perry Field. More than 25,000 fans turned out for the first night game in Perry Field history.

In 1983, 33,527 fans packed Perry Field to witness the Bowling Green-Toledo football clash, one of college football's best rivalries. BGSU and MAC single game attendance marks fell that afternoon. Two years later, the Falcons drew a record 112,110 fans for five home games, giving BGSU the second-largest average attendance (22,422) in MAC history. In 1987, Bowling Green set still another MAC attendance record by playing in front of 84,574 fans at Penn State.

Sell-out crowds for BGSU hockey games are a tradition. The 1989-90 season featured the addition of 1,700 seats to the BGSU Ice Arena, and all attendance records were broken, including single game (5,005) and season (79,376).

With the growing interest in TV sports programming, Gregory has aggressively negotiated for live television coverage of BGSU sports events. Last year, Falcon football, basketball and hockey all attracted live TV coverage. This year promises more of the same. Falcon football and basketball will be aired as part of the MAC Game of the Week broadcasts, while Falcon hockey will continue to play in front of a national TV audience as part of the CCHA Game of the Week.

Gregory, 62, has also been instrumental in the development of the Falcon Club, the University's official athletic department booster club. Recent membership drives have encompassed all of northern and west central Ohio, resulting in unparalleled growth in cash and pledges. The Falcon Club has more than doubled its income and grown to such an extent that it compares favorably with any athletic support organization in the country.

Still, Gregory understands the integrity of college athletics depends on the continued emphasis of the "student" in student-athlete. In that regard, he appointed an academic coordinator in 1984, the first such appointment in the MAC. Many BGSU student-athletes have excelled in the classroom. Volleyball's Linda Popovich became the MAC's first female to receive the Byers Scholarship from the NCAA in May, 1990. There were more than 150 BGSU scholar-athletes with grade point averages of 3.0 or better in 1989-90, including three who were named Academic All-Americans, raising the total to 14 Academic All-Americans in the last four years.

A 1952 graduate of East Stroudsburg State College and holder of a master's degree from Temple University, Gregory was a teacher and coach at William Penn High School in New Castle, Delaware, and later at P.S. Dupont High School in Wilmington, Delaware. In 1959, he returned to East Stroudsburg as head football coach and assistant professor of physical education. One of the most successful coaches in the school's history, Gregory was inducted into the East Stroudsburg Athletic Hall of Fame in October, 1983.

In 1985, Gregory was named assistant football coach at the U.S. Naval Academy. Two years later, he was named head football coach at Villanova University. In 1989, he moved to the University of Rhode Island, where he served as head football coach for seven years.

In his 25 years as a head coach, Gregory's teams compiled a record of 132-69, including four undefeated seasons and seven league championships. He was twice selected as NAIA Coach of the Year, twice selected as Pennsylvania Coach of the Year and was named NCAA District Coach of the Year once.

Gregory joined the Green Bay Packers of the National Football League in 1976 and served in the personnel department for three years before becoming associate director at Yale University from 1978 to 1982.

Jack and his wife, Peg, reside in Bowling Green and have two sons and one granddaughter.

- **On her role in the athletic department:**
  "It is my job to serve as a liaison for the athletic department between our coaches and student-athletes and our campus faculty and administrative offices. I also help interpret NCAA, MAC and BGSU academic eligibility requirements. Perhaps most important, it is my job to work directly with our student-athletes, to care about their academic as well as athletic endeavors. My office's objectives are professional role models. We know that only a few of our student-athletes will go on to pursue professional careers in athletics, but we expect all of our students to leave the university as professionals."

- **On her office's objectives:**
  "It is our very strong goal that all of our student-athletes have the opportunity to become fully involved in their academics and to find the majors which will fulfill their career goals. We know that there are many constraints and pressures in the lives of student-athletes, and consider it our responsibility to do all we can do to provide them with the information and support they need to make informed decisions. I see my role as encouraging our student-athletes to set high goals and helping them to strive to achieve these goals with the same dedication they devote to their athletic pursuits."

- **On tutoring:**
  "BGSU provides all students a wide variety of academic skills workshops and laboratories as well as tutoring and counseling services administered by a number of campus offices. In addition, the athletic department provides a full range of academic support services tailored to the academic interest and needs of our student-athletes. I have a philosophy about tutoring; I think that tutoring is NOT remediation, but rather should be thought of as 'performance enhancement,' which builds upon the skills that students bring with them. That's the attitude I would like to see our student-athletes take in getting help from our tutors in the athletic department. Each year, we hold an academic skills workshop for all of our new students. We tell them all of the kinds of things which lead to good habits and good grades. That is followed by our walk-in tutoring facility in Hayes Hall, where we have tutors on duty in math, stats, accounting, economics, biology, chemistry and social science. Our student-athletes can use these tutors at no charge as much as they want throughout the whole semester. As a matter of fact, the people who have made the best use of our tutors have been our best students. They want to maintain that competitive edge."

"Bowling Green is an excellent university at which to be a student and an athlete."
MEDIA INFORMATION

CREDENTIALS: Requests for working press credentials should be made to Chris Sherk, Sports Information Director, BGSU. Requests should be made at least one week in advance. Late requests will be honored if space is available but parking cannot be guaranteed for requests less than one week in advance. Scouts and non-working media will be seated if space is available. Requests are screened with care to insure a working press box. Children, spouses and pets are not allowed in compliance with the working code of the Football Writers Association of America.

INTERVIEWS: All interviews with members of the team during the season should be arranged through the sports information office. Please allow 24 hours to set up interviews with players. Arrangements will be made for telephone and in-person interviews at a time that is mutually agreeable to the reporter/broadcaster and the athlete. The best time to call Coach Ankney is between 10:30-1 p.m., weekdays. Any television crews wishing to tape an interview with Coach Ankney may do so daily at 3 p.m. SHARP, just prior to practice.

PARKING: A special media parking lot is located adjacent to Doyt L. Perry Field, near the southwest corner of the stadium. Access to the media lot is by Alumni Drive which connects Mercer Road (near the Alumni Center) and Wooster Street (near the Visitors’ Center). Admission to the media lot is restricted to people holding special parking passes acquired from the sports information office.

PHOTOGRAPHERS: Photo passes for newspaper photographers, and, under special circumstances, for free-lance photographers are available from the sports information office. Photo passes entitle the photographer access to the sideline, and to the locker room after the game, but not to the press box.

POST-GAME COMMUNICATIONS: There are three telephones in the press box for use after the game. After the sports information staff completes reports to the wire services and television stations, and beeper reports to the radio stations, these phones are available, free of charge, to members of the media for collect calls. One Ricoh Fax 20 will also be available on a first-come, first-served basis with prior notification.

POST-GAME INTERVIEWS: The locker rooms are on the east side of the stadium, and can be entered through the tunnels at either the north or south end. Only people with proper credentials will be admitted. Coach Ankney and his players will be available for post-game interviews in a designated area following the normal cooling-off period.

PRESS BOX SERVICES: Members of the media will be provided with game programs, flip cards, current statistics and last-minute pre-game notes prior to the start of the game. Statistical summaries will include play-by-play, halftime stats, complete team and individual stats, tackles, and post-game coaches’ quotes. A light snack will also be available.

PRESS CONFERENCE: Coach Moe Ankney will hold a regular weekly press conference during the season on Tuesday at 11:00 a.m. in his office on the east side of the stadium. All members of the media are welcome to attend.

PRESS GATE: The press gate (Gate 2) at Doyt L. Perry Field is at the southwest corner of the stadium, a short walk from the media parking lot.

RADIO: There are radio booths in the press box at Doyt L. Perry Field. Requests for permission to broadcast must be made in writing at least THREE WEEKS prior to the game. A rights fee of $100 will be charged to broadcast. The fee will be waived for the official station of the visitors. There is space in each booth for four persons, but no spouses or children are allowed. Phone lines can be ordered through General Telephone Company (419/686-3765).

TELEVISION: There are no regularly reserved booths for television, so anyone wishing to televise a game from Doyt L. Perry Field should contact the sports information office at least ONE MONTH prior to the game, and preferably before the start of the season.
SPIRIT & TRADITION

Alma Mater
Alma Mater hear us,
As we praise thy name
Make us worthy sons and daughters
Adding to thy fame.
Time will treat you kindly
Years from now you'll be
Ever dearer in our hearts,
Our University.
From your halls of ivy
To the campus scene,
Chimes ring out with gladness
From our dear Bowling Green.
When all is just a mem'ry
Of the by-gone days,
Hear our hymn dear Alma Mater
As thy name we praise.

Frieda & Freddie Falcon
Frieda Falcon and Freddie Falcon are the official mascots of the Bowling Green Falcons. Together with the BGSU Cheerleaders, Frieda and Freddie boost spirit at intercollegiate athletic events. Tryouts are held each spring, and the winners remain anonymous to the student body until each is beheaded at the last home hockey and basketball games.

Why Orange and Brown?
Burnt Orange and Seal Brown have been the school colors at Bowling Green State University since 1914, the first year of classes. Legend has it that Leon Winslow, an industrial arts faculty member, got the idea from watching a woman’s hat on a bus trip to nearby Toledo, OH. He liked the brown and orange color combination.

Why The Falcons?
The 1989 season marks the 62nd anniversary of Bowling Green’s nickname, Falcons. Before 1927, BG teams were called the Normals or Teachers. Ivan Lake ’23 suggested the nickname, Falcons, after reading an article on falconry. Lake, managing editor and sports editor of the BG Sentinel-Tribune at the time, proposed the name change because it fit headline space and because falcons were “the most powerful bird for their size and often attacked birds two or three times their size.”

Retired Jersey
The only football jersey ever retired at Bowling Green is #29. It was worn by Paul Miles from 1971-73, when he rushed for 3,239 yards and 25 touchdowns. He was a three-time All-Mid-American Conference running back, gaining more than 1,000 yards in each of his three years on the varsity.

BGSU FALCON MARCHING BAND

FRIEDA FALCON

FREDDIE FALCON

The official fight song is “Forward Falcons.” No one knows who wrote “Ay Ziggy Zoomba,” but it became famous nationally when former Falcon All-American and Detroit Lion All-Pro halfback Mike Weger sang it in the film, “Paper Lion.” The Falcon football team traditionally sings “Ay Ziggy Zoomba” after each victory.
The first night game at Doyt L. Perry Field drew 25,057 fans for the 1989 BG-Akron game.
