MEMORANDUM:

TO: Robert Martin, VP for Operations
    Harold Lunde, Faculty Senate
    Greg DeCrane, Administrative Staff Council
    Kathy Eninger, Classified Staff Council

FROM: Parking Appeals Committee
      Linda Canterbury, Chair

Enclosed is the newly formed rules and regulations set forth by the Parking Appeals Committee at its recent meeting. The Committee feels these are fair and just guidelines by which to operate. We are, however, asking you to share this information with your respective groups and are open to any suggestions or comments forthcoming.

The Parking Appeals Committee has been meeting regularly every two weeks and is current with all University appeals. The restructuring of this Committee is definitely on the rise.

Any questions or comments, please forward to me for our February meeting of the 13th.

lc  
enc.
A. MEMBERSHIP OF PARKING APPEALS COMMITTEE

The membership of the Parking Appeals Committee should consist of four positions:

1. Faculty member who shall be appointed by the Faculty Senate for a three-year term.

2. Administrative Staff member who shall be appointed by the Administrative Staff Council for a three-year term.

3. Classified Staff member who shall be appointed by the Classified Staff Council for a three-year term.

4. Graduate Assistant who shall be appointed by the Graduate Student Senate for a one-year term.

The appointment of these members should be made by the appropriate bodies at the April meeting that precedes the final year of the outgoing members term, with the new term commencing after July 1. The Faculty, Administrative Staff, and Classified Staff members terms should be staggered so that no more than one of these three members' terms end in a single year.

It is the responsibility of each member to contact their alternate should they be unable to attend any meeting.

1. Each member of the Parking Appeals Committee shall serve a one-year term (during their second year as committee member) as the representative on the University Parking Committee as an ex-officio member to ensure communication between the two bodies.

2. Three members present at a meeting shall constitute a quorum.

3. The Chair should have served on the committee for at least one year previous to becoming Chair of the Parking Appeals Committee.

4. The Chair shall be elected for a one-year term.

5. No one shall serve as Chair for more than three years consecutively.

6. Members can be re-elected to a new term on the Parking Appeals Committee immediately following the completion of their term.
B. MEETINGS OF PARKING APPEALS COMMITTEE

1. Committee meetings shall be held every two weeks as deemed necessary at a set time and in a designated location agreeable to all members.

2. The Parking Appeals Committee should discuss all appeals prior to voting.

3. The Parking Appeals Committee shall decide on appeals by a simple majority vote. The Chair shall vote only in the case of a tie.

4. The Parking Appeals Committee will meet in open session. An article should be placed in the Monitor (by the Chair) at the beginning of each fall semester announcing meeting dates, times, and place.

C. APPEAL PROCEDURES

1. Any person wishing to appeal a parking citation must file their appeal within 21 calendar days of the date of issuance of the citation.

2. A decision must be made on every appeal within 21 days of the initial filing. This rule will not apply to any second appeals, nor will it apply to first appeals during BGSU break or holiday periods when an additional 10 day adjudication grace period shall be in effect.

3. A Compliance Officer appointed by the Parking Appeals Committee (preferable a member of the Parking Appeals Committee) shall rule on appeals during Christmas break.

4. In order to better facilitate communication and accountability a three-part parking appeals form will be adopted and supplied by the Parking and Traffic Department.

D. RE-APPEALS

1. The University Parking Appeals Committee shall be the body that rules on second appeals.

2. Second appeals must be made in person by the violator with all members of the committee present.

Memo

To: Administrative Staff Council

From: The Equal Opportunity Committee

The Equal Opportunity Committee has voted unanimously to endorse the Undergraduate Students Senate Bill 90-91-5 which deals with providing better services to our physically handicapped students. The recommendations are listed below.

A. Improved sidewalks in front of the Union, Health Center, and Hayes Hall
B. Electric doors to added in the Union, Offenhauer and Health Center
C. One entrance in each residence hall, i.e. ramps and automatic doors.
D. Physically challenged Bus service
E. To allocate a budget to procure interpreting services for hearing-impaired students.

We recommend that the Administrative Staff Council also endorse these recommendations.

xc: R. Martin
Undergraduate Student Senate
Graduate Student Senate
President Olscamp

------------------------------------------------------------------------------------------------------------------

Proposed ASC Response: For discussion 2-7-91

Administrative Staff Council endorses the concept behind U.S.G. Senate Bill 90-91-5 concerning the accessibility of campus facilities for physically challenged students.

It is felt, however, that this concept should be expanded to include all physically challenged individuals be they students or non-students.

We support the recommendations listed in Senate Bill 90-91-5 but encourage the appropriate university office(s) to conduct a thorough assessment of the entire campus to assure that all needs are identified.
SENATE BILL 90-91-5

WHEREAS, The Undergraduate Student Government at Bowling Green State University has noticed that many parts of the campus are inaccessible to the physically challenged; and

WHEREAS, Bowling Green State University as a State University should offer equal opportunity and access to all students.

THEREFORE BE IT RESOLVED, that the Undergraduate Student Government strongly suggests the following improvements:

A. Improved sidewalks in front of the Union, Health Center, and Hayes Hall.
B. Electric doors be added in the Union, Offenhauer and Health Center.
C. One entrance in each residence hall, i.e. ramps and automatic doors.
D. Physically challenged Bus service
E. To allocate a budget to procure interpreting services for hearing-impaired students.

THEREFORE BE IT FURTHER RESOLVED, that a copy of this bill be sent to President Olscamp, Director of Handicapped Services, and the Vice President of Operations and the University architect.

MEMORANDUM

TO: Gregg DeCrane, Chair
    Administrative Staff Council

FROM: Gaylyn J. Finn
    Treasurer and Assistant
    Vice President for Planning and Budgeting

RE: Health Care Information

In response to your January 11, 1991, memo, I am forwarding copies of the 1988/89, 1989/90, and to-date 1990/91 Health Care Analysis Report. This report shows the total of claims and premiums expended on behalf of the Health Care Program and the employee contributions and University accruals received by the program monthly. As you will note, expenditures exceeded accruals in the 1988 and 1989 fiscal years while accruals exceeded claims in fiscal 1990 and have for the first four months of fiscal 1991.

When considering reserves, I would first note that the general ledger balance in the Health Care Account at the end of December was $61,874. An appropriate reserve for a health care program with $8 million in claims would be in the vicinity of $1.5 to $1.8 million depending upon the claims lag. One of the ongoing concerns of Arthur Andersen, the University's external auditors, is the lack of an adequate health care reserve. University management concurs with this concern and has, in recent years, increased the annual accruals at a rate greater than the expected claims growth and is committed to maintaining an accrual rate, which will build an adequate health care reserve over a period of years without creating drastic budget reallocations.

Also attached is a schedule showing the increases in the Budget Accrual Rates, Total Accruals, and Actual Claims for the last four years and the increase in the Budget Accrual Rates for the 1990/91 year. Hopefully, this information will shed some light on the characteristics of the Health Care Program and considerations which must be dealt with when considering new health care benefits and the funding the University wants to contribute to the program. If you have any questions about the attachments, please feel free to call me.

RE: Health Care Information

Jim Morris attended the Administrative Staff Council meeting on January 10 and gave an excellent presentation along with a Q & A session dealing with health insurance and benefits in general. He distributed a handout (enclosed) which assisted members in understanding health care costs. During the Q & A session, a question arose as to the amount of money contributed to health care. Another question asked if there was a summary report available that would show health care contributions, costs and reserves for the health care year, which we understand runs September 1 to August 31. Jim indicated that you would be the one who could supply such information. I would appreciate whatever you could provide that would give ASC members a clear picture of the health care picture from a money in/money out perspective.

OPB 11/1/90
MEMORANDUM

TO: Chris Dalton  
   Vice President for Planning & Budgeting

FROM: Gregg DeCrane  
   Administrative Staff Council

DATE: February 4, 1991

RE: Flexible Spending Account

I was informed last week by a member of the Alumni Office that in a recent staff meeting attended by Phil Mason, the topic of Flexible Spending Accounts was raised. In answering a question about why he felt the Flexible Spending Account (125K) had not been approved, he indicated that he wasn't aware of our desire to have such a plan and that no proposal for such a plan had ever come before Administrative Council.

I am perplexed that after more than one year of ASC pursuing an FSA that it has not as yet gotten to a discussion stage with Administrative Council. We initially were told to wait until a new Executive Director of Personnel was hired; we were told by the new director to communicate directly with the Treasurer which we did (copy of follow-up memo attached); and you asked for information on other university’s FSA information, which I provided, and still it would appear that we are no further ahead than we were a year ago.

If there is something else that I should be doing in order for our request to receive consideration for implementation, would you please advise me of what it might be.

enclosure
MEMORANDUM

TO: Gaylen Finn
   Treasurer

FROM: Gregg DeCrane
   Chair of ASC

DATE: November 19, 1990

Thank you for meeting with the Administrative Staff Council Executive Committee and giving an insight into possible changes to the overall employee benefit package, as well as updating us on the status of our request for a Section 125K plan.

While we understand that changes in benefits, necessitated by the need for cost containment may be a possibility in the near future, we do feel that the implementation of a section 125K plan should be considered separately. I think it was obvious that the leadership of ASC does not view it as a trade-off in future benefit negotiations.

On behalf of Administrative Staff Council, I again request that the university initiate the implementation of a section 125K plan at the earliest possible time. Recognizing the risk to the University of a full section 125K plan, we are seeking only the premium pick-up aspects. While not fully cognizant of the costs involved, it would appear that the process needed for implementation would not differ significantly from that of other payroll deductions. I would be interested in your findings on the cost of implementation. The addition of John Moore, who administered such a plan while at Trustcorp, to our staff should enable us to get some background information that would be helpful to this request.

We clearly understand the need to limit costs at the University, as well as to the employee. This need in fact was one of the motivations for making a section 125K plan our number one goal for 1990-91.

RE: Faculty/Administrative Staff Open Forum for Spring Semester

The Spring Semester Faculty/Administrative Staff Open Forum with President Olscamp has been scheduled for Wednesday, March 6, 2:30-4:00 p.m., in the Ohio Suite of the University Union. The purpose of this second forum is, again, to discuss ways in which the general campus community and scholarly life at the university can be improved.

The forum held in the fall semester identified many good ideas and provocative areas of concern. I hope the spring forum will prove to be just as productive, or even more so. Please encourage your faculty and staff to attend and share any concerns, comments, or suggestions they may have to improve our university environment.

MEMORANDUM

TO: Greg DeCrane
FROM: Carl A. Lipp

I have been keeping the top administration aware of the increasing difference in the University travel mileage reimbursement rate from the amount allowed by the Internal Revenue Service. In fact, within the past week I sent them a statement reflecting the rate of $.37 per mile permitted by IRS.

It is my feeling that the University agrees that the difference needs to be adjusted. However, current budget conditions do not permit any increase at the present time.

I will keep you informed of any changes which would be forthcoming.

    Ann Bowers, Chair, Administrative Staff Welfare Committee

FROM: Jim Morris, Benefits Manager

RE: Selection of Consulting Firm

The process of selecting a consulting firm to assist in the evaluation of the University's Health Care Benefits Program is in the final stages. The number of firms being considered has been narrowed to four. The four firms still under consideration are:

2. Findley-Davies & Company
3. Foster Higgins & Company, Inc.
4. Peat-Marwick

I have invited representatives of each of the above firms to make a brief presentation regarding their capabilities to assist the University in the evaluation of the health care benefits program.

The presentations will be held on Tuesday, February 12, 1991, in the Chart Room of McFall Center from 1:30 to 4:30 p.m.

Since it is the intent of all parties involved in the administration of the program to get as much input and interchange as possible without unduly delaying the selection process, the scheduling of the presentations was deemed to be the best way to give each firm the opportunity to demonstrate their capabilities.

Please consider this memorandum as an invitation to attend the presentations.

Gregg DeCrane
Assistant Vice President Student Affairs
University Student Activities

Dear Gregg:

Thank you for taking the time to participate in our small group meetings. We have gained some very interesting and significant insights as a result of your comments and that of the others who have very candidly expressed their assessments of the issues we discussed.

I have enclosed a summary statement of the points which were made at our meeting. We hope we have captured the major points of our session. If you have any comments on the points made in the summaries (whether they reflect what essentially emerged in our meeting from the group as a whole), please let me or one of the committee members know. If you have any additional points you would like to share with us, please communicate them to us as soon as possible. We have entered into the final phase of our evaluation process and are in the midst of assessing the information gathered and formulating our report.

Thanks again for your help with the clarification of these budgeting and planning issues. Your insights will hopefully lead to an improvement of our planning and budgeting system.

Sincerely,

Leo Navin, Chair
Department of Economics

PLANNING & BUDGETING STUDY GROUP

MEETING WITH ASC/CSC

2:30 P.M.

1/15/91
In terms of the overall, what I perceive is that the group is saying that there is no overall great dissatisfaction with the system. What you see sometimes is unevenness in terms of results and this tends to be more of a problem than the process as it exists today. The current allocation of resources seems to be more of a problem than the process itself. The general fee and auxiliary character of some of the budgets that you are involved with seems to be operating satisfactorily under the current process. Because they are unique relative to the general education budget, there is more control in those areas. Some of the frustrations that are felt in instructional and general or educational budgets are not necessarily present in those particular areas though not to imply that you said that everything is always super or the way you want it.

It seems as a group you feel rather unanimously, that the one-year budget process seems to meet your needs satisfactorily and there doesn't seem to be advantages to going to a multi-year budget. There would tend to be more complications and difficulties with moving to a multi-year process than sticking with the annual process. If anything pushes some of the budget requests later in the year, it also may have some advantages in some areas.

In terms of participation, the group feels that it is necessary to have some input in terms of information and contributing to the decision process itself directly in the budget process. The exact configuration didn't emerge as being clear as to which configuration one would prefer. Basically there is a desire for input by the Administrative and Classified Staff in the final stages of the budget process, especially in making contributions to the policy making body with respect to budget decisions. While there was an expression of the possibility of having one committee, the group also recognized the advantages of having two separate units. You also discussed expanding the FSBC for broader participation. It was recognized that line responsibilities in budget formulation may be more appropriately handled by the line managers coming up through the system with the policy making body and the vice presidents still functioning in a kind of a negotiating format for the final budget.

(Not Discussed)

The group as a whole really has no strong opinions on strategies. They generally are not affected by it or are unaware of how it affects their particular area with the exception of the instructional and general budget in the student services area. Two problem areas were identified. The difficulty for the smaller units being able to augment
staffing and the problem of identifying 1 percent when it would be a part of a person in a small unit. Also the question was raised whether 1 percent, even in academic areas, would be sufficiently large to afford the kinds of reallocations that may be appropriate.

C-2 What I'm hearing in terms of operating budgets have somewhat of an expression which focus on pluses and really the minuses. The idea of the "x" percent being placed at risk may enhance flexibility in terms of ability to move funds to other areas but there is in the current system, no guarantee adequacy in the operating base if you have been funded at less than the increase in the cost of your operating items. So, there is no clear cut sentiment as to whether or not it is a viable option.

C-1 d. In considering a discretionary pool merit increase, there seems to be endorsement of the concept of the pool in part as long as the pool is identified as an amount rather than announced as a percent of the salary pool itself. Also that this merit amount would then be distributed in a consistent fashion across the administrative staff areas. Additionally, merit becomes significant only when it exceeds the cost of living increases. If increases are below the cost of living, then there seems to be little room for merit recognition.

E-2 Basically in discussing revenue constraints, the availability of a clear idea even if more than one constraint is presented, would be more helpful than an open ended request for expenditure patterns without any clear statement as to how much money is likely to be available. This would help significantly in the budget process.
March 1, 1991

John Laskey, President
The Port Lawrence Title & Trust Company
616 Madison Ave.
Toledo, Ohio  43604

Dear John:

My sincere thanks for meeting with me on Wednesday. I appreciate your understanding of the concerns associated with the earlier Administrative Staff Council meeting, but even more so I appreciate having the opportunity to get to know you better. Your interest in ASC and in the University is gratifying to see. I look forward to working with you in the future.

I have enclosed a copy of the Administrative Staff Council Constituent Network, some general information on our leadership, and our meeting schedules. The Network is broken down by Vice Presidential and Presidential areas with the single name on the left side of each page being the person who sits on Administrative Staff Council.

I will keep you informed of ASC concerns and ask that you let me know if I can assist you or answer any questions you may have.

Sincerely,

Gregg DeCrane

RE: Attendance Policy at Administrative Staff Council Meeting

I would like to call to your attention Article I. Section 6 of the ASC Bylaws:

Administrative Staff Council members will select a designated alternate who may substitute for said ASC member a maximum of 3 times per fiscal year. An ASC member who is absent in excess of these 3 regular meetings shall be designated by the Executive Committee as absentee.

After the absentee Administrative Staff Council member has been notified by the Secretary of his/her designation as absentee, his/her name shall be placed before all Administrative Staff Council members at any regular meeting. At that time, a vote of two-thirds of those present shall be sufficient to remove the absentee Administrative Staff Council member from office.

According to my records, you have been absent two times this year. The Executive Committee feels that it is very important for those individuals who have been elected to attend and actively participate in Council business in order to be able to report back to and give input to their constituents.

Below are listed the remaining meeting dates of ASC. Please feel free to contact me if you wish to discuss this further.

MEMORANDUM

TO: Administrative Staff

FROM: Greg Jordan, Secretary
       Administrative Staff Council

RE: Nomination Ballot for 1991-92 Elections

DATE: February 4, 1991

Enclosed are ballots to nominate Administrative Staff Members for membership on the Administrative Staff Council. As indicated in its Charter, the Administrative Staff Council represents administrative staff members by promoting their general welfare, seeking professional development opportunities, maintaining communication among staff members, and reviewing, initiating, and making recommendations on institutional policies. The Council meets from 1:30 to 3:00 pm on the first Thursday of each month. Attendance at ASC meetings is very important to the overall success of the representative council. If it is difficult to attend, administrative staff should withdraw from nomination. In addition, council members are asked to serve on council committees. Council members are elected for three year terms.

Please note the directions at the top of the ballot. The ballot consists of names of eligible staff members in your vice presidential area. When your nominations have been returned and tabulated, an election ballot will be prepared on which you will again be voting only for staff members in your area. The number of seats on the council is calculated at ten percent of the Administrative Staff in the area.

Also enclosed is a form on which you are asked to indicate if you would not be willing to have your name on the final election ballot if you are nominated. This form also seeks an indication of your interest in having your name on the ballot for various university committees.

Please return your nomination ballot and the committee interest form to Greg Jordan, Ice Arana, by 5:00 pm on February 22, 1991.

RE:     Endorsement of Physically Challenged Accessibility

In response to your request of January 9, 1991, the Administrative Staff Council at its February 7 meeting endorsed the following statement:

Administrative Staff Council endorses the concept behind U.S.G. Senate Bill 90-91-5 concerning the accessibility of campus facilities for physically challenged students.

It is felt, however, that this concept should be expanded to include all physically challenged individuals be they students or non-students.

We support the recommendations listed in Senate Bill 90-91-5, but encourage the appropriate university office(s) to conduct a thorough assessment of the entire campus to assure that all needs are identified.

If you should have any questions, please do not hesitate to contact me.

<td>$30,481 Duplicating Council Minutes $ 1,000</td>
<td></td>
</tr>
<tr>
<td>$30,481 Trustee Meeting Expenses $ 300</td>
<td></td>
</tr>
</tbody>
</table>

JUSTIFICATION:

Professional development should be funded from the operating budget, and should be expanded to allow succession planning. See attached explanation.

Distributing Council minutes to the full Administrative Staff, as is done for faculty by Faculty Senate, was done this year for the first time. The response has been enthusiastically favorable. The increase reflects the increased costs for duplication, which were supported this year, on a temporary basis, by the Personnel Office.

Effective 1991-92, Administrative Staff Council will be sending a representative to Trustee meetings, including retreats. This will require expenditures for travel, meals, and lodging. This year the expense was supported by depleting carry-over from the previous year's budget.
3/1/91

SUPPORTING MATERIALS - ASC OPERATING BUDGET - # 187400
JUSTIFICATION FOR PROFESSIONAL DEVELOPMENT FUNDING

This request has two components:

1. $2,500 to continue present program. Two years ago ASC was given $5,000 for professional development. This was a new program, and was funded with the understanding that after these funds were exhausted we would have more information on which to base future funding needs. The initial one time grant was given a separate account, but the Planning and Budgeting Office has requested that it now become part of our operating budget.

Of the initial $5,000, $3,762 has been allocated to date, and current requests exceed the remaining balance. Professional development funds have allowed several staff members to attend valuable programs that would otherwise have been impossible, including partial funding of a delegate to the Council of Hotel, Restaurant, and Institutional Educators, in Moscow. Based on our experience over the last two years, we believe there is ample justification to continue professional development funding at no less than the current rate, $2,500 per year.

2. $25,000 to fund professional development as a component of a succession planning program. Such a program is currently proposed by John Moore, Director of Personnel Services. This program would identify the University's future staffing needs, and provide for the development of administrators to fill them. This involves identification of qualified staff, career planning, and professional development. In addition to addressing the University's future needs for administrators, such a program also helps the University meet its affirmative action goals.

MEMORANDUM

TO: Greg DeCrane, Chair
    Administrative Staff Council

FROM: Robert Martin, CPE
       Vice President, Operations

SUBJECT: B.G.S.U. Health Care Plan Review

The University has recently contracted with Costeffex Employee Benefit Cost Management Inc., to review our current health care plan. They are to make recommendations on ways to manage rapidly increasing health care costs as well as potential redesign of our plan to provide improved employee cost management utilization and efficiencies of services provided. Costeffex will be conducting a series of interviews with employee groups and managers on April 3rd through April 5th to solicit their participation in this review process. Similar interviews and other forms of survey documents will be used later this summer and fall as well, to continue the evaluation process. They have been asked to provide recommendations by May 10th, 1991, on ways to minimize the increasing University share of health care costs and to provide recommendations by January 1, 1992, on possible plan redesign to manage employee costs and utilization.

The attached schedule will be used to conduct the meetings scheduled for April 3rd through April 5th. Meetings have been established for April 3rd, as indicated on the attached schedule, to allow representatives of Costeffex to gather information from University employees prior to their initial recommendations on cost containment efforts. Please notify your Executive Committee/Officers and Welfare Committee Chairman of this meeting and the opportunity it presents for them to share with our consultants information about our current health care plan. The group is to be limited in size to approximately 10 to 12 individuals, so should you find that officers are unable to attend, it would be appropriate to substitute Welfare Committee members up to the maximum of 10 to 12. Attendance by employees at the remaining meetings on April 4th and 5th is being handled through separate means.

We will be contacting you again concerning meetings to be scheduled for April 24th with Costeffex team members to review the results of these fact gathering meetings.

Please provide the names of individuals selected to attend these meetings to this office prior to the April 3rd meeting, in order that we may know whom to expect.

RE: Attendance Policy at Administrative Staff Council Meeting

I would like to call to your attention Article I, Section 6 of the ASC Bylaws:

Administrative Staff Council members will select a designated alternate who may substitute for said ASC member a maximum of 3 times per fiscal year. An ASC member who is absent in excess of these 3 regular meetings shall be designated by the Executive Committee as absentee.

After the absentee Administrative Staff Council member has been notified by the Secretary of his/her designation as absentee, his/her name shall be placed before all Administrative Staff Council members at any regular meeting. At that time, a vote of two-thirds of those present shall be sufficient to remove the absentee Administrative Staff Council member from office.

According to my records, you have been absent two times this year. The Executive Committee feels that it is very important for those individuals who have been elected to attend and actively participate in Council business in order to be able to report back to and give input to their constituents.

Below are listed the remaining meeting dates of ASC. Please feel free to contact me if you wish to discuss this further.

RE: Contract Wording Proposal

The Administrative Staff Council at its March 7th meeting, unanimously approved the attached recommendation relative to the wording of Administrative Staff contracts. Would you please carry this forward for the necessary approvals so that we may reach our implementation goal of having this wording used with the 1991-92 contracts.

If you have any questions, please call.

GD/bal
CURRENT CONTRACT WORDING
CONDITIONS OF EMPLOYMENT

5. Obligations of the Appointee: In consideration of the terms of this appointment, the Appointee agrees to perform such professional duties and services as identified in the appointed position or title, and/or as may be assigned or changed, to the satisfaction of the Appointee's immediate supervisor. It is the responsibility of the officer(s) signing for the University to verify whether or not the Appointee's performance is in accord with prevailing University practice.

PROPOSED CONTRACT WORDING
CONDITIONS OF EMPLOYMENT

5. Obligations of the Appointee: In consideration of the terms of this appointment, the Appointee agrees to perform such professional duties and services as identified in the appointed position or title and in the attached written position description, and/or as may be assigned or changed, to the satisfaction of the Appointee's immediate supervisor. It is the responsibility of the officer(s) signing for the University to verify whether or not the Appointee's performance is in accord with prevailing University practice.

RATIONALE FOR PROPOSED CHANGE
According to procedures outlined in the Administrative Staff Handbook (see below), written position descriptions are an essential part of the appointment and annual evaluation process. Position descriptions are subject to revision as part of the annual evaluation process and any revisions become effective with the new contract period. The proposed change in contract wording insures that changes in position descriptions become an integral part of the staff member's contract.

Administrative Staff Handbook, page 27: Appointment Information

"Administrative staff members shall be advised in writing at the time of initial appointment of the primary responsibility of the position including title, salary, and pay period."

Administrative Staff Handbook, page 31: Evaluation Procedure, 4A

"The staff member and supervisor should meet and accomplish the following:

Review and determine staff member's job description and goals for the next contract period and make any changes to the basic job description.

Based on the above agreements, determine evaluation criteria that will be used to assess the staff member's performance.

The staff member and supervisor will confirm the job description, goals and evaluation criteria in writing."

RE: Support Statement

The Administrative Staff Council unanimously approved the following statement at its March 7th meeting:

The Role and Mission Statement of Bowling Green State University emphasizes the importance of creating an environment which promotes multicultural values in students, faculty and staff. An important resource in attaining this goal is the Affirmative Action Office. Administrative Staff Council strongly supports the activities of this Office and recognizes that especially during this academic year, the Affirmative Action Office has promoted its educational mission as well as increased its visibility on campus through a series of training sessions, workshops and informal talks. Administrative staff are urged to participate in these educational programs themselves and to support the participation of staff members whom they supervise by providing appropriate release time.

Resources are required to attain the Affirmative Action Plan's broad objectives of education, advocacy and accountability. Thus it is urged that the Faculty Senate and University Budget Committees recognize the plan for additional personnel and budgetary support for this office. Added resources will allow this Office to continue to increase its visibility and promote a multicultural environment on campus.

If you have any questions, please call.

SUBJECT: B.G.S.U. Health Care Plan Review

The University has recently contracted with Costeffex Employee Benefit Cost Management Inc., to review our current health care plan. They are to make recommendations on ways to manage rapidly increasing health care costs as well as potential redesign of our plan to provide improved employee cost management utilization and efficiencies of services provided. Costeffex will be conducting a series of interviews with employee groups and managers on April 3rd through April 5th to solicit their participation in this review process. Similar interviews and other forms of survey documents will be used later this summer and fall as well, to continue the evaluation process. They have been asked to provide recommendations by May 10th, 1991, on ways to minimize the increasing University share of health care costs and to provide recommendations by January 1, 1992, on possible plan redesign to manage employee costs and utilization.

The attached schedule will be used to conduct the meetings scheduled for April 3rd through April 5th. Meetings have been established for April 3rd, as indicated on the attached schedule, to allow representatives of Costeffex to gather information from University employees prior to their initial recommendations on cost containment efforts. Please notify your Executive Committee/Officers and Welfare Committee Chairman of this meeting and the opportunity it presents for them to share with our consultants information about our current health care plan. The group is to be limited in size to approximately 10 to 12 individuals, so should you find that officers are unable to attend, it would be appropriate to substitute Welfare Committee members up to the maximum of 10 to 12. Attendance by employees at the remaining meetings on April 4th and 5th is being handled through separate means.

We will be contacting you again concerning meetings to be scheduled for April 24th with Costeffex team members to review the results of these fact gathering meetings.

Please provide the names of individuals selected to attend these meetings to this office prior to the April 3rd meeting, in order that we may know whom to expect.

MEMORANDUM

TO: Greg DeCrane, Chair
    Administrative Staff Council

FROM: Jim Morris, Benefits Manager

RE: April 18th meeting of ASC

In regret that I will be unable to attend the special meeting of the Administrative Staff Council on April 18th. I am certain that Chris Dalton, Bob Martin or Gaylyn Finn will be able to respond to the issues and questions indicated in your memorandum of April 10th.

I will gladly provide additional information which might be requested upon my return to campus on April 22nd.

RE: BGSU Health Care Plan Review

Please be advised that, as noted in my memorandum to you on
March 26th, another group of meetings has been scheduled with
employee groups and our Costelex Consultant. The purpose of the
second group of consultations is to review and discuss the results of
the initial fact gathering meetings about our Health Care Plan.

The Administrative Staff Council Executive Committee and Welfare
Committee Chair are scheduled to meet from 11 a.m.-noon, April 24th
in the Board Room, 10th floor, Administration Building.

We look forward to your group's attendance at this very important
meeting.

RE: Attendance  
DATE: April 15, 1991  

Thank you for your March 14 memo regarding the ASC attendance policy. I do understand the points you bring up for consideration. This topic was discussed at the April 9 Executive Committee.

To summarize, it is the opinion of the Executive Committee that, at this time, we feel the attendance policy should remain as written. While the Executive Committee recognizes the fact that every member, at sometime during the year, may have some kind of professional obligation that would take precedent over ASC, we still feel it is important that the elected representative make every attempt to attend meetings to enhance the two-way communication process. The policy, as written, is very "black and white" with regard to being absent (i.e., either you were or were not there). It is felt that we do not want to put the Secretary in a position to make decisions on what constitutes an "excused" absence. However, in the event that the matter would be forwarded to the Executive Committee, I am left with a sense of "flexibility" at that level. Frankly, quite often, the ASC member who has a real difficulty in attendance usually resigns prior to sending the matter to the Executive Committee. I am sure that the Executive Committee would consider the extenuating circumstances surrounding each absence.

I would like to note my appreciation for your communication regarding this matter. As a former Chair of ASC, I know of your commitment to Council. I would be happy to discuss this matter with you at your convenience. Please feel free to contact me if you have any questions.

RE: Attendance at Administrative Staff Council Meetings

I would like to call your attention to Article I, Section 6 of the ASC Bylaws:

Administrative Staff Council members will select a designated alternate who may substitute for said ASC member a maximum of 3 times per fiscal year. An ASC member who is absent in excess of these 3 regular meetings shall be designated by the Executive Committee as absentee.

After the absentee Administrative Staff Council member has been notified by the Secretary of his/her designation as absentee, his/her name shall be placed before all Administrative Staff Council members at any regular meeting. At that time, a vote of two-thirds of those present shall be sufficient to remove the absentee Administrative Staff Council member from office.

According to my records, you have been absent three times this year. Therefore, any additional absence will result in initiation of the policy to remove you from office.

The Executive Committee feels that it is very important for those individuals who have been elected to attend and actively participate in the business of Council in order to be able to report back to and give input of their constituents.

Below are listed the remaining meeting dates of ASC. Please feel free to contact me if you wish to discuss this further.

FROM: Greg DeCrane, Chair
Administrative Staff Council

DATE: April 25, 1991

RE: End of Year Committee Reports

As the academic year comes to a close, so does that of the 1990-91 Administrative Staff Council. What began as a relatively quiet year has developed into one of the busiest and most issue-orientated of any in ASC history. While the major issues have dominated Council's agenda, the true work of ASC still was taking place at the committee level. Your involvement as Bookstore Advisory Representative has been a vital part of ASC's work this year. For that, all Administrative Staff owe you a debt of gratitude.

To bring closure to this year's council and to lay some ground work for next year, I ask that you submit to me a short (whatever length it takes) written report, by June 15, outlining the accomplishments of your committee, your perceptions as to the value of the committee and your suggestions for 1991-92. I would also like for you to be present at the June 6 ASC meeting to give a 1-2 minute summary of your committee's work. This meeting will be in the Alumni Room of the University Union at 1:30 p.m.

I personally offer my thanks to you for the giving of your time in making ASC a viable organization and one that is responsive to the needs and concerns of Administrative Staff.

While the major issues have dominated Council's agenda, the true work of ASC still was taking place at the committee level. Your involvement as AGFA Representative has been a vital part of ASC's work this year. For that, all Administrative Staff owe you a debt of gratitude.

To bring closure to this year's council and to lay some ground work for next year, I ask that you submit to me a short (whatever length it takes) written report, by June 15, outlining the accomplishments of your committee, your perceptions as to the value of the committee and your suggestions for 1991-92. I would also like for you to be present at the June 6 ASC meeting to give a 1-2 minute summary of your committee's work. This meeting will be in the Alumni Room of the University Union at 1:30 p.m.

I personally offer my thanks to you for the giving of your time in making ASC a viable organization and one that is responsive to the needs and concerns of Administrative Staff.

DATE: April 30, 1991

RE: Proposed Health Care Contributions Plan

Please review the proposal attached, share it with your constituents and come to Thursday's meeting prepared to discuss it.
May 1, 1991

Gregg DeCrane, Chair
Administrative Staff Council

Dear Gregg:

In your position as Chair of the Administrative Staff Council, I would like you to know of my concerns with the ever-increasing workload being expected of the administrative staff on this campus. This has become even more obvious in view of the budgetary constraints we are currently experiencing.

Only administrative staff are expected to work more than the standard 40-hour week without any type of compensation. The classified staff are given overtime pay or compensatory time and faculty members are compensated for a larger-than-normal teaching load. I have not been concerned with this disparity in the past as the additional workload was occasional, manageable and something I had come to expect with a contract position.

However, during the past several years, administrative staff have experienced an increasing work expectation as the University and other agencies mandated additional programs or duties without a concomitant increase in staffing to manage these increases. When the workload of an office staff is already at its maximum, an administrator is faced with directing these additional duties to classified staff and paying overtime, compensatory time or giving the additional duties to an administrative staff member who must work additional hours to complete the added responsibilities but with no cost to the office budget.

Allow me to provide you with two examples from our office:

- The University has focused much attention on the development of scholarships to recruit students. The development of scholarship programs is also popular among private agencies, businesses and individuals. In fact, many scholarships have been established within the past three years at the institutional, state, federal and private levels. As is usual and customary, the administration of these varied programs is placed with our office and, because we cannot give the additional responsibilities (development and handling of selection processes, reporting to the funding agencies, reviewing appeals as well as handling student, parent and agency contacts with the office) to a classified staff member without creating an overtime situation, the responsibility for these programs has been placed with an administrator who must incorporate these responsibilities into an already-full workload.

- We are currently in the process of installing two systems through Project 90. Though we were able to hire one additional person to
assist in these processes, we have also had to redirect the responsibilities of an administrative staff person to be fully dedicated to the Project 90 implementation. Her office responsibilities have been reassigned to other administrative staff members who must assume these additional tasks for the next two-year period, at least, without additional compensation. And, the administrative staff are expected to contribute to the installation, conversion and testing processes for these systems.

As I mentioned earlier, I am not opposed to working additional hours from time-to-time, but the increasing expectations of my supervisor, my staff, the institution and outside agencies added to my workload require that I work more than the standard 40-hour week all year. With the hiring freeze and the budget reductions, I do not foresee that such will end soon. Rather, I expect that the demands will increase as we are forced to do as much, or more, with less.

It may also be helpful to know that all of the administrative staff in our office recently received notices that, unless they used vacation time before July 1 of this year, they would lose the days accrued above the 41-day maximum. We are in a situation where we cannot afford to take the benefit of our vacation days due to the amount of work that will pile up during our absence. If we do take vacation, we end up having to work overtime prior to leaving for vacation and having to work overtime upon our return to complete our tasks. This does not make the option of taking a vacation a very attractive one.

It may be time for the Administrative Staff Council to pursue the possibility of some type of compensation for administrative staff in overtime situations or a definite plan for flexible schedules (which is currently an option but not a freely-exercised one across campus). It is my hope that this letter will provide you with some information concerning the issue of overtime for administrative staff. Thank you.

Sincerely,

Deb Heineman
Associate Director, FASE
MEMORANDUM

5/2/91

TO: Greg DeCrane
FROM: Josh Kaplan
RE: Insurance Committee

Insurance Committee met frequently this year, initially approaching somewhat deliberately the task of restructuring the benefits package. The last few months were more hectic as the state-wide budget crisis forced the University to react more abruptly.

Specific accomplishments:
1. We assisted in the decision to hire Costeffex as a consultant.
2. We met with Costeffex to discuss the concerns of the members and their constituents.
3. We prepared "Goals for BGSU Health Care Plan." This listed some assumptions about our present plan, with regard to its strengths, its purpose, and areas where cost saving might be possible and appropriate. It then listed specific goals for what a revised plan should include, stressing comprehensive health care benefits as well as attempts to control costs. This document was distributed to constituents and the constituent groups' Welfare Committees, and reprinted with these groups' concerns incorporated. This document was extremely helpful in allowing the Insurance Committee to provide input to the Benefit Package Cost Reduction Team.
4. We endorsed the Administration's "Proposed Health Care Contribution Plan for 1991-92."
Insurance Committee will continue to be an important committee for 1991-92. It provides an opportunity to provide input into decisions about benefits. Perhaps even more important, it helps keep us informed. The Insurance Committee, meeting regularly with Gaylyn Finn and Jim Morris, was kept up to date about where we were regarding decisions about benefits changes. We also were able to receive a great deal of information about our benefits package, as Jim Morris in particular was exceedingly cooperative. I expect that information will continue to be the most valuable benefit of this committee, as we have recently demonstrated that there are other ways to provide effective input to the decision making process.

Gregg DeCrane
Assistant Vice President
Student Affairs

Dear Gregg:

Several weeks ago I received a copy of your memorandum to Dr. Chris Dalton supporting the resource needs of the Affirmative Action Office in this year's budget process. I shared the memo with members of the Equal Opportunity Committee, and it was my understanding that they would follow-up with a thank you note to you and the ASC Executive Council.

I am deeply appreciative to you and the Administrative Staff Council for your support in this regard. Your letter to Dr. Dalton was important as a sign of support for our efforts this past year. More importantly, your letter conveyed the personal sensitivity that members of the Administrative Staff Council feel for issues of equity, opportunity and diversity in our University. While I am not surprised, it is still invigorating to note the reaffirmation of this significant group to the ideals embodied by our affirmative action and equal opportunity commitment.

The most critical role in achieving our goals in this area must be played by our administrative staff. It simply cannot be done without your substantial contribution. The letter of support to Dr. Dalton is but another indication of the willingness of BGSU's administrative staff to provide the necessary leadership to bring these goals to fruition. Continued best wishes, and please do not hesitate to contact me if I can be of assistance.

Sincerely,

[Signature]

Marshall Rose, Director
Affirmative Action

Dear Dr. DeCline and Administrative Staff Scholarship Committee,

A few nights ago I received word from Yael M. Roberts that I was named the recipient of the Administrative Staff Scholarship. To be chosen the award winner out of over 200 applicants is a true honor, and I am both flattered and proud to be selected for this award.

As an Independent Student, funds are sometimes hard to manage, making a scholarship help greatly—especially in a world that is vicious! Thank you once again, and I look forward to meeting you all at the reception next fall. Sincerely,

Catherine Keane

MEMORANDUM

TO: Greg DeCrane, Chair
Administrative Staff Council

FROM: Charles Schultz

SUBJECT: End of Year Committee Report

Pursuant to your request, as contained in your memorandum, dated April 25, 1991, subject as above, the following report is submitted:

During the past year I served my first year of a three year term as the Administrative Staff representative to the Human Subjects Review Board (HSRB).

The Human Subjects Review Board was established in compliance with federal regulations to oversee the obligations of Bowling Green State University with respect to human subjects. When people are involved as subjects in research or related activities conducted under university auspices, both the institution and individual researchers are responsible for assuring that the rights and welfare of participants are adequately protected. The HSRB reviews all research proposals involving human subjects to insure that their rights and welfare are protected and that the benefits of the research outweigh the potential risks (if any) to the subjects. The board, which consists of 22 members, meets once a month to review proposals submitted during the preceding month. Approximately 15 proposals come up for review monthly, where they are examined individually and the determination made that the project should be (1) approved, (2) disapproved, (3) approved with modifications, or (4) deferred for later action.

While the work of the HSRB performs a necessary and valuable function, and although it is an interesting diversion from the daily routine, I cannot truthfully say the Administrative Staff representative to this board brings to it anything of particular value. Nothing that this board is involved in relates to Administrative Staff. The task of the board is to review written research proposals and insure that they meet the prescribed guidelines. Other than myself all remaining members of the board, with four exceptions, are faculty. The other non-faculty members are one representative from the Student Health Center, one representative from Wood County Hospital, one representative from the Wood County Board of Education, and the Director of Research Services.

If you have any questions regarding this report, please do not hesitate to contact me.

Thank you.

BGSU Foundation, Inc.

DATE: May 15, 1991

SUBJ: Grant Request for Ferrari Award

The Board would like to express its appreciation to you and the Administrative Staff Council for its commitment to BGSU. Your dedication to and success with the Administrative Staff Scholarship is certainly one example of that commitment.

The Board considered your request for matching funds up to $2,500 for the Ferrari Award. Unfortunately, we have decided not to take any action at this time. However, this does not preclude you from re-submitting this in the future.

As you may know, many grant requests are submitted to the Foundation. Unfortunately, all cannot be met. Deciding how to disburse available funds is not an easy task.

I would encourage you and ASC in pursuing your goals. Your role here at BGSU is one of importance. Best wishes.

MEMORANDUM

TO: Leigh Chiarelott
   Vice-Chair, Faculty Senate

FROM: Stephen Skomp, Chair
       University Parking Committee

RE: Annual Report

The University Parking Committee met at eight regularly scheduled meetings during the 1990-91 academic year. In addition, the Committee Chair met on one occasion with the Vice-president for Operations. The Parking Manager was also present at this additional meeting.

Discussions and recommendations focused on one of four areas of concern:

1. Requests for special parking privileges
2. Changes in parking policy
3. Changes in parking structure and/or characteristics
4. Alternative methods of funding parking-related operations

The first area covered normal requests from a wide range of university constituents. The second included a committee recommendation concerning VIP parking. The third involved such areas as increasing short-term metered parking spaces near resident halls for student loading/unloading purposes, and restricting student access to Lot 17 (behind the Union) during weekends.

The fourth area, which consumed much committee time this year, reflects the Administration's interest in receiving input from the UPC during the planning process, consistent with the understanding developed between the VPJ and the UPC this time last year. The committee made recommendations concerning the use and funding of decals, the shuttle service, short-term loading spaces, and Lot 4, which is currently leased at what appears to be an unreasonably high cost. Most of these recommendations are under consideration.

Dr. John Howe was elected Chair of the UPC for the 1991-92 academic year.
MEMORANDUM

TO:       Dick Newlove
          President, Board of Trustees

FROM:     Gregg DeCrane
          Chair, ASC

DATE:     May 29, 1991

As I leave my position as Chair of Administrative Staff Council, I want to thank you for your assistance during the past year. Your leadership in helping ASC and CSC gain a representative seat is most appreciated in that the position has proven invaluable. I only hope I have been able to contribute to the meetings and socials as much as I have received in return. I also wish to express my thanks for your comments at the May meeting which recognized the contributions of ASC in the Health Benefits deliberations. I will give Mr. Mahaney the benefit of the doubt in terms of our non-inclusion in his remarks as simply being an oversight.

Best of luck during your final year as President of the Board of Trustees. If I can be of assistance in any manner, please give me a call.

RE: May 7 meeting with Vice President Martin and Vice President Dalton

On May 7, Gregg DeCrane, Bob Martin, Chris Dalton and I met to discuss the task of the committee and the issues surrounding the collection of data. We had a productive and frank conversation on the issues and the concerns of the committee and administrative staff in general.

The Vice Presidents were going to consult with Ad Council during the next two weeks about the issues that we raised during our meeting. I was to call Bob Martin on May 21 to address further the issues we raised and also the opinions and decisions that Ad Council develops over those two weeks.

I called Bob Martin regarding Ad Council’s opinion on this issue. However Ad Council had not met. I am to call Bob Martin on June 5th to discuss the issue as hopefully, the Ad Council will have discussed it by then.

We will be in touch with you as soon as possible after my June 5th discussion with Bob Martin, on the direction that we will follow. If you have any questions, please feel free to contact me. I hope everyone is having a fun-packed end of the semester.
TO: Gregg DeCrane, Chair  
FROM: Ed O'Donnell, ACGFA Committee Member  
RE: Committee Report  
DATE: June 3, 1991

As requested I am sending a report of the committee that I served on this past year. Being the first time on this committee, it certainly was an eye opener!

The meetings, chaired by Bob Arrasmith, began Saturday, February 9, 1991. The group consisted of representatives from the various student organizations on campus as well as a Faculty and Administrative Staff representative.

Each student organization which was interested in receiving general fee allocations had to present a budget to the committee. The groups usually began with a history of their organization and what goals and objectives the organization had planned. Then the organization would detail their projected income and expenses.

Time was allocated for the committee members to ask questions in regards to the groups budget as well as to question the group as to whether they incorporated the recommendations that ACGFA had made the year prior.

By Sunday, March 3, 1991, each budget request was considered and the group spent considerable time determining, based on available funding, what each group would receive. One group lost its funding because it, twice, failed to show up for its budget presentation. Several other groups were denied funding because they did not meet the necessary criteria to receive General Fee allocations.

Enclosed is a copy of the ACGFA recommendations for 1991-92. If you have any questions, please feel free to give me a call.

Although this committee takes a great deal of time, approximately 5 weekends, I do feel the time was well spent. Something everyone should do once in their career!
June 3, 1991

MEMORANDUM

TO: Gregg DeCrane, Chair
    Administrative Staff Council

FROM: Diane Regan

SUBJECT: Annual Report for 1990-91

I am pleased to provide you with a written report of the activities of the EOC for 1990-91. Please note, however, the report is mine and should not be construed as the official report of the Committee which has just been submitted to the Faculty Senate by Dr. Elliott Blinn, Chemistry, Chair of the Committee for 1990-91.

The EOC met monthly with Mr. Marshall Rose, newly appointed Director of Affirmative Action/Handicapped Services to review current activities and offer counsel as appropriate.

In addition, the Committee:

Met with Vice President Martin to discuss the University's position on 'accessibility' and the implementation of shuttle service vans that were not handicapped accessible; made several recommendations to Martin about addressing the matter including the posting of signs, informational brochures and news releases to the campus community; endorsed USG Resolution 90-91-5 (Accessibility to Campus Buildings) and supported funding through the Local Capital Improvements Fund;

Discussed ways in which BGSU could become more attractive to minority faculty, including establishing post-doc fellowships for minorities and establishing linkages with traditionally Black institutions for recruiting purposes; a draft proposal for an 'Inter-University Post-Doctoral Fellowship Program' was sent to a sub-committee for review and comment;

Provided preliminary feedback to Personnel on the proposed Administrative Staff hiring procedures and suggested changes which would help ensure adherence to our commitment to equal opportunity;

Examined hiring practices within the Athletic Department with regard to adherence to AA/EOC guidelines;

Gave preliminary consideration to sections of a Senate proposed FPCC grievance procedure relevant to the scope of the EOC (i.e., handling claims of discrimination based on age, race, sex, national origin, life-style orientation, etc.);
June 3, 1991

Unanimously endorsed an Internal Reorganization Policy which will be forwarded to Faculty Senate, Administrative Staff Council and Classified Staff Council for consideration;

Unanimously endorsed a resolution on Amorous Relationships Between Instructional Staff and Students which will be forwarded to Faculty Senate for their action;

Gave preliminary consideration to a Resolution on the Department of Defense's Exclusionary Policy Against Homosexuals in ROTC Programs.

Several of the issues listed above will be continued on the agenda for 1991-92. Dr. James Litwin, administrative staff representative to EOC, will serve as committee chair next year.

Please feel free to share this report with interested members of Council and to call me if you would like additional information.

RE: Firelands Trip

The ASC Executive Council Spring Road Trip to the Firelands Campus will be, as you already know, on Tuesday, June 11, 1991. We will leave from the Student Services Bldg. parking lot at 8:00 a.m. Our meeting will begin at 10:00 a.m. and will be followed by lunch. After lunch, those who wish to play golf (Jordan, Zweirlien, Schultz, Kohler, Buckenmyer, DeCrane) will tee-off at Thunderbird Hills. Jill Carr has indicated a possible interest in being Pat's caddy. For those not playing God's game and wishing to do other exciting things, (McLaughlin, Colvin, Ruma, Bowers) a list of places is being developed by our hostess, Penny Nemitz, which will include malls, antique shops, etc.

After doing our thing for the afternoon, the group has indicated a desire to get together for dinner, probably about 6 or 6:30 p.m. There are a number of restaurants in the area we can choose from with the Brown Derby being one that was excellent in the past. We should return to Bowling Green around 9-9:30 p.m.

Transportation will be provided in the form of two vans. We should have a great meeting as well as a great time. Our colleagues at Firelands are super people and the facility is a gem.

GD/bal
pc: Penny Nemitz
person can use the service (e.g., 15 times a month only) or denying service because the van isn’t full would run counter to the “comparable service”

Plan

The ADA requires states to submit plans on how they will provide paratransit. The plans:

- information service (e.g., overall service, number of accessible vehicles);
- a description of existing paratransit service;
- a description of the proposed paratransit service that would comply with the ADA (including budget, timetable for implementation and changes to existing service).

Plans would also have to note if paratransit is offered by a provider other than the transit agency. Transit agencies would not be required to duplicate service, but would have to supplement gaps in the other provider’s service. For example, a private company may transport disabled people to and from a hospital twice a week. That service alone would not qualify as “complementary paratransit” under the ADA.

Also, transit agencies would have to allow the general public to participate in crafting the plan. Agencies should hold hearings, provide a comment period and make outreach efforts to disabled people and disability organizations. Plans should be available in accessible formats (braille, taped).

The ADA requires that initial paratransit plans be submitted (generally to state transportation agencies) by Jan. 26, 1992. The Urban Mass Transportation Administration (UMTA) at DOT will have final say in approving the plans.

DOT did not set an effective date for plans to be fully operational, pointing out that communities will differ in their ability to implement paratransit. Instead, the proposed rule would allow transit agencies to phase in paratransit service beginning Jan. 26, 1992. The department wants comments on whether a 5-year phase-in period would be appropriate for ADA-related paratransit.

**Paratransit rule would apply to public universities, DOT says**

Will public universities have to provide paratransit under the ADA, in addition to any campus shuttle service they may provide? According to the Department of Transportation, the answer is yes.

Title II of the ADA applies to public entities operating fixed-route transportation service. Commenters to DOT have argued that college transportation systems should not be covered by the act because they serve only a limited population (students and faculty), not the general public.

But DOT has rejected that argument, noting that the statute contains no explicit exemption for colleges and universities in this area (the law exempts only public school transportation provided by elementary and secondary schools). Public universities are clearly public entities, the department said in the preamble to proposed ADA rule changes, adding that most public universities are clearly public entities, the department said in the preamble to proposed ADA rule changes, adding that most campus bus systems are fixed-route transportation systems as defined by the ADA (i.e., travel along a prescribed route according to a fixed schedule).

As a result, public universities would be subject to the same transportation requirements as other public entities. That means acquiring only accessible new vehicles, making accommodations for disabled riders, providing accessible route and schedule information, etc.

It would also mean providing paratransit. As a public provider of fixed-route service, DOT said, a university would be subject to the complementary paratransit requirements and eligible to apply for a waiver based on undue financial burden. The department wants comments on whether paratransit requirements for public universities should be modified in the final rule.

Private universities, DOT said, would be covered by Title III of the ADA, which applies to private entities not primarily engaged in the business of transporting people. Consequently, they would not be required to provide paratransit, although under both section 504 and the ADA, their regular shuttle services would have to be accessible to disabled riders.
June 5, 1991

Re: Report to Administrative Staff Council

Gregg, since I will be attending the accreditation meeting tomorrow, and thus may not be able to attend the ASC meeting, I am providing you with a preliminary report on the Human Relations Commission. I will provide you with a more complete report next week.

The Human Relations Commission met once per month during 1990-91. The activities of the Commission included programs in cooperation with the City of Bowling Green and several University departments, and also included public relations efforts. The programs with the City of Bowling Green focused on Black History Month and Hispanic Awareness Month. Within the University, the Commission assisted with a newsletter produced by Institutional Research, co-sponsored the Ethnic Studies Conference, and also co-sponsored the Spelman College Jazz Ensemble. The goals of the Commission in assisting with these programs was to support activities which raised awareness about diverse cultures and activities. Internally, the Commission developed a new logo and stationary, as a means of gaining recognition on campus and in the community.

RE:    University Computing Council  
       End of Year Committee Report

This has been an important and very busy year for U.C.C. To help explain the functions and major activities of this committee, I am attaching the University Computing Council's annual report to Faculty Senate.

Administrative Staff representation to this committee is vital. As an active participant of UCC, I have promoted and educated other UCC members in administrative needs and viewpoints. A very visible result of this work is the $25,662 computer equipment grant given for the first time this year to an administrative unit. The Monitor's article describing this grant award is also attached to this report.

Next year, UCC will deal with prioritizing equipment budgets, networking, and security issues, and other University resource questions. I have truly enjoyed being a representative of this committee and pledge to do my best in my last term year next year.

LE:ca
MEMO
TO: Faculty Senate Office
FROM: Joseph Frizado, Chair
University Computing Council
Date: June 3, 1991
RE: Annual Report

The past year has been an extremely busy one for the University Computing Council (UCC). In addition to the normal activities of providing guidance to University Computer Services (UCS) at the University level, the committee was also called upon to assist in the Residence Hall Computer project, develop a new five year plan for computing at BGSU and develop a subcommittee structure for UCC to augment our technical expertise on specific issues.

NORMAL BUSINESS

UCC met twelve times during the past academic year. This does not include subcommittee meetings of both ad hoc and permanent subcommittees. The function of UCC is to serve as an advisory body to the Director of Computer Services. As such, it recommends policy statements, assists in developing budget requests, and acts as a liaison between the general computing community and UCS. As part of our normal business we reviewed Computer Services' Capital and Personnel Requests and help prioritize them. We also advised UCS on priorities for using OBOR Instructional Equipment funds that were available this year.

SUBCOMMITTEE STRUCTURE

In the past many issues requiring specific expertise were addressed by ad hoc committees. For example, an ad hoc Graphics Committee was created to selected hardware and software to implement a graphics facility as proposed by the Presidential Task Force in 1986. However, after the facility was in place, it became apparent that UCS needed a "user's group" committee to project what the needs for upgrading the facility would be as well develop policies as to how the facilities should be used. In this manner, the ad hoc committee achieved a semi-permanent stature with no direct linkage to normal university governance. Several other committees were in a similar
situation with it fast becoming unintelligible what committee reported to whom about what.

During the past year, UCC decided to revamp its own structure to include permanent subcommittees. The structure of each subcommittee is essentially the same. The Chair of the subcommittee is chosen by UCC. The Chair of UCC, the Director of UCS, and the Chair of the subcommittee select committee members for a one year term. UCC decided that three subcommittees were required at present; a Network Committee to oversee University-wide networking, a Research Facilities Committee to oversee specialized computer facilities (such as the Graphics Laboratory, the Workstation Laboratory, etc.) and a Security Committee to oversee any issues concerning computer security. Dr. Comer Duncan (Department of Physics) is chair of the Network Subcommittee. Dr. Charles Applebaum (Department of Mathematics and Statistics) is chair of the Security Committee. Both of these committees were active during the past academic year while the Research Facilities Committee will be activated next fall.

Network Committee

The Network Committee had the arduous task of developing a hardware, software and policy structure for the development of a campus-wide backbone network. They developed several policies covering how the network can be used and what criteria are needed to keep the network operational. They developed a series of "rules of the road" for units of the University to be granted access to the backbone network. Many of these discussions are of a highly technical nature and are continuing as the network grows. Each policy developed by the Network Committee was reviewed by UCC prior to implementation.

Security Committee

As the campus network grows, as microcomputers appear in residence halls, and as Project 90 is implemented, a larger portion of the University community will need access to certain aspects of our computer resources. As networking and intercommunicability increases, security issues become of paramount importance. Who will have access to what information and how can the system(s) be protected? The initial report of this committee included a recommendation for placing the administrative computer system on the campus-wide backbone with a new security system. By testing such a configuration, we should be able to know if we can reap the additional financial savings that networking will bring without loss of data security and integrity.

Two ad hoc subcommittees also worked on other specific issues this year, the Third Party Microcomputer Committee (Joe O' Loughlin, Firelands, Chair) and the Microcomputer LAN Grant Committee. The Third Party
Microcomputer Committee is charged with advising UCC on the selection of an additional computer vendor for the University. This vendor will offer MS DOS compatible microcomputers. The committee has not yet completed its work. The LAN Grant Committee was charged with making recommendations on the disbursement of funds to units for the acquisition of microcomputers, printers, software, etc. to create new local area networks (LANs) for optimal use of equipment. Although not all of the requests could be satisfied with available funds, six units will receive (or have received) equipment from this grant program.

**FIVE YEAR REPORT**

One of the most important responsibilities of UCC to advise UCS as to what we think the future direction of computing at BGSU should be. This responsibility was meet by producing a new five year plan for computing. The executive summary of the plan is attached to this report. The reports addresses projections for Academic Computing, Administrative Computing, Networking, Security and Organization.

**RESIDENCE HALL COMPUTERS**

During the past year UCC was called upon several times to comment on the proposed plans for having residence hall rooms "computerized". As the experimental phase of the project was started, UCC reviewed the responses to the request for proposals for microcomputer systems and made a detailed report to Drs. Christopher Dalton (Vice President for Planning and Budgeting) and Mary Edmonds (Vice President for Student Affairs) requesting a multi-platform approach with an eye towards integrating these computers into the campus backbone. Our recommendations were utilized in finalizing the structure of the experiment and a single residence hall will be used as a test case in academic year 1991-92.

**SUMMARY**

As a member of UCC for the last three years, this year stands out as the beginning of a "watershed" period for computing at BGSU. The campus network is building rapidly and as its expands more people at BGSU will have access to more computer resources. Policies that would only affect a few users in the past now have far reaching implications and required more study before being implemented. As Project 90 comes to fruition, there will be a demand for more microcomputer access points and a greater need for security on our administrative systems. Security issues require closer scrutiny than in the past as more users access administrative computer systems. The addition of the library and the possible addition of students in the residence halls to the campus network is quickly making UCC a very important committee that will affect many academic and research aspects of the University. During this
year with so many new and important items to be decided, a much greater workload was placed upon this committee. The subcommittee structure developed may help alleviate this problem in the near future, but it should be recognized that the University Computing Council has an extremely important role in mapping out where BGSU is going during the information age.
UCC FIVE YEAR PLAN FOR COMPUTING AT BGSU

Executive Summary

The University Computing Council (UCC) has the responsibility to update and revise the five year plan for computing at BGSU. Every two years UCC revisits the past plan and revises it to project forward new avenues and goals for the next five years. If there is a single long-term goal in this year's report, it is that within five years every faculty member, staff member and student in the University community should have access to the "electronic village" that we are becoming. This goal requires a commitment of time, effort and finances to insure that no area of BGSU is left behind as we move forward. Specific short-term and long term recommendations are summarized as follows:

Administrative Computing

• Users must be trained for the new systems/equipment by an enhanced offering of seminars, improved access to manuals, and documentation.
• Additional hardware must be acquired for individuals, academic departments, and administrative units to access the enhanced administrative systems of Project-90. As additional equipment is acquired, maintenance on existing equipment and the new items must be continually improved.

Academic Computing

• Each faculty member should have a microcomputer. This can be achieved by:
  • expanding funding and scope of the UCC microcomputer grant program
  • using University resources to fund college-level plans to provide for a computer on each faculty member's desk.
  • using start-up funds (at the University level) to provide each new faculty member with a microcomputer
  • improving the faculty/staff/student purchase plan with additional options
• Support facilities should be at two levels—departmental for laser printing, scanning, etc. and University-wide for specialized equipment such as color laser printing and film recording. Instructional Media Services should offer such instructional support.
• The residence hall project should go forward with a five year time frame to have all of the residence hall rooms "computerized".
• The current computer laboratories should be updated for safety and ergonomic conditions when possible. Use of the laboratories can be improved with better documentation, improved training, and providing a safe, clean environment for computing. The laboratories should be made part of the campus network to provide network access to off-campus students as the residence hall project continues.
• Instructional facilities at BGSU will be dramatically enhanced with the addition of the new classroom building. However, planning for computer connections into the classrooms, equipment for the classrooms and how they might be used has been addressed immediately.
Networking

• University Computer Services should provide expertise in helping administrative and academic units choose what type of local area network (LAN) is most appropriate within their area. Individual LANs should be connected to the University-wide backbone network. Financial aid for connections to the backbone should be provided in view of the large cost.

• Connection to the backbone should give faculty, staff and students access to the on-line catalog of the library, access to any of the nonadministrative computers on campus, and access to specialized computer peripheral facilities such as high quality printers, color printers, etc. Faculty and staff should also be able to access instructional facilities and have network access to the administrative system for specific tasks.

• We recommend devoting a new computer to news and off-campus network communication, an easy-to-use electronic mail system, and a campus-wide bulletin board. These communication capabilities should be available to the entire University.

Security

As the interconnections between systems are formed, security and privacy issues will have to be addressed. All users need to be aware of the "openness" of electronic mail. University policies in this area need to be widely publicized and constantly updated based upon current legal opinion. As networking grows, security issues must be addressed prior to implementation. The Security Subcommittee of UCC will continue to monitor the situation and will oversee a test of a new security system that should make the administrative system more accessible to the University community, while at the same time providing a high level of protection for the information on the system.

Organization

We would like to reiterate the recommendation of the previous Five Year Plan and the previous two Presidential Task Forces to call for a reorganization of University Computer Services. Diversified systems that include several mainframes, telecommunications for the campus, networking, a graphics laboratory, a workstation laboratory, numerous microcomputer laboratories and microcomputer purchasing as well, may need a different organizational structure in order to optimally function in the 1990's. UCC recommends the formation of a committee to study the possible reorganization of University Computing Services.

RE: University Union Advisory Committee Year End Report

The University Union Advisory Committee met four times to discuss the University Union operation. We were kept informed of issues relating to the Union operation and offered advice to the Union management staff.

At each meeting the Union Director, the Assistant-Director/Conference Director and the University Activities Organization reviewed activities and informed the Committee of upcoming events. Periodic reports were also given on financial condition of the Union and on the Debit Card System.

Action items included review and discussion of the guidelines for use of the foyer area of the Union. The Committee also considered a request from the Human Relations Commission to dedicate a room. The Committee denied the request but did offer suggestions on more appropriate places for such a dedication. A request was also made to Parking Services to change the time available for parking at the meters located behind the Union.

For the upcoming year the Long Range Planning Committee is expected to submit a report finalizing their recommendations.

RE: Ferrari Endowment

I appreciate your memo regarding the decision of the Foundation Board not providing matching funds for the Ferrari Endowment. As you can imagine, I am deeply disappointed.

I do wish to re-submit our request at the next available opportunity and would welcome information from you regarding when this would be. I would also appreciate any suggestions you could offer that would make our request more favorable.

            Administrative Staff Council

DATE:      June 12, 1991

RE:        ASC Annual Report

Enclosed please find a copy of the Administrative Staff Council's Annual Report for 1990-91. While the report is self-explanatory, there are several included items I wish to expand upon, and a couple more I think need mentioned.

1. Early Retirement Incentive Program - We were frustrated throughout the year by the lack of a response to our repeated request for information on the past ERIP. This lack of information made it impossible for our Ad Hoc committee to study the feasibility of future ERIP.

2. Change in written contract format - There has been no response to our proposal, which was forwarded to Bob Martin on March 13.

3. Salary inequities based on gender - The apparent lack of concern about this problem is surprising in light of the potentially volatile nature of the matter. ASC's intent is to be proactive in studying this situation and asks only for guidance as to what information would be accepted as meaningful. We choose this over an approach that would state what we perceive as a serious problem, which central administration would then have to prove or disprove.

4. Increased demands on administrative staff - The number of comments, calls and letters I have received on this issue during the year has exceeded that for any other topic including benefits. The administrative staff, as you frequently point out, has always been willing to do whatever was needed to get the job done. This included putting in hours well beyond what could be labeled as reasonable. With the budget cuts and hiring freeze of the past 6 months, the impact on administrative staff in regard to carrying the work load has been viewed as disproportionate. One staff member wrote of the situation in this manner......"Only administrative staff are expected to work more than the standard 40 hour week without any type of compensation. The classified staff are given overtime pay or compensatory time and faculty are compensated for larger-than-normal teaching load. I have not been concerned with this disparity in the past as the additional workload was occasional, manageable and something I had come to expect with a contract position."
5. Shuttle Bus - At the last meeting of ASC on June 6, I was surprised to learn during a report from ASC's Parking Committee representative that there are no plans to have the new shuttle bus handicapped equipped. This runs contrary to your statement at ASC's October meeting and the latest D.O.T. ruling that stipulates that public universities acquire only accessible new vehicles for campus shuttle services.

I am sure that Josh Kaplan, serving as new ASC Chair, will continue to pursue these issues. As always, ASC looks forward to working with the central administration and the 2 other employee constituent groups in continuing to make B.G.S.U. the best university it can be.

I have enjoyed my year of service and appreciate your support for myself and the Administrative Staff Council.

MEMORANDUM

TO: Greg DeCrane  
   Chair, Administrative Staff Council

FROM: Paul J. Olscamp  
       President

Many thanks for the ASC Annual Report dated June 12. I would like to respond to a couple of the items in it:

Item 1 - Early Retirement Incentive Program. I was not aware that you had requested information about a past Early Retirement Incentive Program, presumably for Administrative Staff. I have never heard of such a program. If there is information about such a program, there is no reason to conceal it from you whatsoever.

By copy of the memorandum to Bob Martin, I am asking that any and all information about the existence of such a plan in the past be made available not only to you, but also to me. However, I want to be clear about one thing: At the present time it is not feasible in my opinion to establish an Early Retirement Incentive Program for Administrators unless they are also eligible for such a program through faculty service.

Item 2 - Request for a change in written contract format. Again, by copy of this memorandum to Bob Martin, I am asking that this item be placed upon the Administrative Council agenda as soon as possible for consideration by that group. I am unaware of proposed changes in the written contract format, and therefore I am unable to respond at this time. I presume you are not referring to substantial changes, and we are always happy to consider such proposals in any event.

Item 3 - Salary inequities based on gender. In fact, the Administrative Council is looking into this matter carefully and is collecting information about it. We do not want to have any such inequities anywhere in the University and this should be obvious. We
will be working on it and we will get back to you as soon as we have hard and complete data.

Item 4 - Increased demands on Administrative Staff. I am not sure what we can do about this at this juncture. I know there are increased demands on Administrative Staff time particularly in some areas such as Financial Aid where federally mandates have increased the workload while we have been unable to increase the staff due to financial structures. The State of Ohio’s current financial situation and our budgetary constraints are no secret to anyone, and for the time being we all have to live with those.

Item 5 - Shuttle bus. I too am surprised to learn that there are no plans to have the new shuttle bus handicapped equipped. By copy of this memorandum, I am asking for a report on this from Bob Martin and from Parking Services. Clearly, we must make provisions for our handicapped colleagues.

Thank you for your note, and congratulations upon the completion of your service as Chair of the Administrative Staff Council. I remain grateful for your assistance.

Best wishes, and I look forward to working with Josh Kaplan.

Revised 9/4/91; Prepared by the Office of the President
September 10, 1991

MEMORANDUM

TO: John Moore  
   Executive Director, Personnel Services

FROM: Josh Kaplan

Thank you for your presentation to ASC on September 5, 1991. Your concern for administrative staff was evident, and your remarks were well received by the Council.

I would like to clarify our concerns regarding the Administrative Staff Handbook. We do not feel that it needs to be updated more frequently than once a year. However, we now have no idea about the status of our Handbook and the last set of recommended changes. We would like to have a clearly defined procedure for the annual update. Specifically, we want to know:

1. to whom proposed handbook changes should be submitted.
2. by what date they must be submitted.
3. when they will be considered by the Board of Trustees.
4. when the handbook, with revisions, will be printed.

I also want to extend to you an invitation to attend all ASC meetings. This is something that we would expect an Associate Director for Administrative Staff to do; since this position is vacant we want to encourage you to attend yourself. (You would not, of course, be expected to prepare a presentation for each meeting.) I am enclosing a schedule of our meetings and hope you will be able to attend.

cc: ASC Executive Committee

Richard A. Newlove
President, Newlove Realty, Inc.
Box 26, 337 South Main Street
Bowling Green, OH 43402

Dear Mr. Newlove:

I want to confirm your invitation to address the Administrative Staff Council on October 4, 1991, at 1:30 pm in the Alumni Room of the University Union. When we spoke, you indicated that you intended to speak fairly briefly, and then field questions. I anticipate that questions will address, among other issues, childcare, health benefits, salaries, and the impact of the hiring freeze on workloads. I look forward to having you at our meeting.

Yours truly,

Joshua Kaplan, M.D.

TO: Josh Kaplan, Chair, Administrative Staff Council

FROM: Jill Carr

RE: President's Panel

October 7, 1991

Per your invitation, I attended the meeting of the President’s Panel on Thursday, October 3, 1991. ASC was the only group who placed items on the agenda. The following outlines the responses to our items.

1. Administrative Staff Workloads - as of last week the vice presidents have been given the authority to individually decide to fill or not fill NEW position vacancies. It is no longer necessary to have all VPs in agreement to fill a vacancy. Paul Olscamp does recognize the additional workload being carried by administrative staff when vacancies are not filled. If a decision needs to be made to decrease or eliminate service(s) the appropriate vice president must concur with this recommendation. Paul Olscamp does not have a problem if reduction or elimination of services needs to be considered, however the VPs need to be involved in the decision making process. PJO also stated that he does not expect the restoration of any positions that have not been filled. We should consider these as “gone forever.”

2. Child Care Facility - Les Barber would be the most appropriate person to check with regarding the progress of the child care facility. PJO is optimistic that within 12-18 months we will have a functioning child care facility. There has been some contact made with the YMCA in Toledo. They have indicated that they will provide the service “cheaply” if we provide the physical facility. Not much is known about the YMCA offer at this point, it will be investigated further. Leigh Chiarelli indicated that a meeting is scheduled for 10/10 with WSGS to discuss other funding options. He also expects a final report from the implementation committee very soon. When this is received, the ad hoc committee will become more active.

3. Health Care - The “blue ribbon” committee has been appointed. A membership list is enclosed. There seems to be appropriate constituency group representation. In addition, PJO stated that he tried to include others who have expertise in this area. The committee will be asked to consider the aspects of coverage and cost as their primary emphases. PJO will request a recommendation by the end of March. He is also interested in a mechanism for long range cost control included in the report from the committee.

Costaff is no longer under contract with us. PJO indicated that we are involved in a billing dispute with them. This dispute involves $10,000 in charges for services we do not feel were ever received.

One final note, Gaylyn Finn, John Moore, and Jim Morris are ex-officio members of the task force.

If you have any questions or need further clarification on any of these items, please let me know. I'd also be glad to attend an exec meeting if needed.

Enclosure

MEMORANDUM

TO: Editor, BG News

FROM: Josh Kaplan
Chair, Administrative Staff Council

In the Friday, October 4 edition, there was an article reporting on statements made by Richard Newlove, Chairperson of the Board of Trustees, about child care. I believe that the thrust of Mr. Newlove's remarks about child care were misinterpreted, and since he was speaking as a guest of the Administrative Staff Council, I wish to comment on his behalf.

I do not recall Mr. Newlove saying that placing a child care facility on the capital budget proposal was an error. What I believe he said was that a facility was not likely to get funded without additional information about the kind of child care program it would house. He went on to suggest that a small pilot program might help provide this information. Mr. Newlove was made to sound critical, and I believe that was neither the meaning nor the intent of his remarks.

RE: 125 Plan

I suggest we consider proposing to our respective constituencies a joint resolution along the lines of:

Whereas a Section 125 plan now exists to tax shelter health insurance premium contributions, and
Whereas extending this plan to include payments for health care, child care and elder care would be of substantial value to the faculty and staff, and
Whereas such an extension is neither difficult nor expensive,
We resolve that the University Administration should institute such an extension as soon as possible.

Please let me know if you agree. Also, if you do agree, please feel free to edit my proposal as you see fit.
