To Our Guests of The Day:

Bowling Green State University today is happy to bring to this campus the football team of Xavier University and the football teams of a score of communities in this area. A few of the prize high school bands are also here to enjoy the football competition.

In recent years we have had very happy athletic relations with Xavier University. The representatives of this splendid institution have been worthy opponents and always gentlemen.

Particularly enthusiastic is our welcome to the large group of high school visitors. We trust that they will enjoy the football game and their visit with us on our campus. May they come often.

Cordially,

Even more important than its high octane rating...

MARATHON GASOLINE

is Seasonized

POWER-BALANCED
FOUR TIMES A YEAR

It's not just its high octane rating that makes Marathon Seasonized Gasoline the favorite of Midwest motorists. Of even greater importance (according to automotive engineers) is its power-balance... the seasonally correct combination of STARTING POWER, PICK-UP POWER and RUNNING POWER for each season's driving temperatures. Scientifically adjusted at the refinery four times a year to give you:

- More miles per gallon
- Faster starting under all conditions
- Swifter pick-up in every speed range
- Smoother engine performance at all speeds
- Rugged, responsive power
- Added protection against knocking
- Extra protection against wear
