STATE NORMAL COLLEGE

BOWLING GREEN, OHIO, JULY 21, 1925

VOL. VI. No. X.
July Graduates

Degrees
Bachelor of Science in Education
Earl Davidson.
Isabel Layton.
Helen M. Veber.
Paul Domrow.
Miriam Long.

Bachelor of Science in Home Economics
Ruth Sweet.
Leona Young.

Elementary Education Diploma
Adams, Clarice.
Anderegg, Florence.
Barnes, Violet.
Bennett, Lucille.
Brose, Naomi.
Brundige, Mary Esther.
Bushong, Gail.
Businger, Esther B.
Bowman, Florence.
Collar, Valmai.
Condon, Hulda.
Davidson, Mary.
Dock, Helen.
Douglas, Ava.
Drake, Gladys.
Dunnigan, Jane.
Ebersole, Nelle.
Ensign, Margaret.
Garber, Corandale.
Gilland, Guynath.
Gleeson, Pauline.
Gysan, Leona.
Harris, Agnes.
Hicks, Florence.
Huston, Florence.
Jameson, Esther.
Kelley, Florence.
King, Caspar.
Kuhn, Lois.
Lange, Carolyn.
Lehmann, Eulalia.
Locey, Mildred.
Lyons, Grace.
McAfee, Thelma.
Meurer, Agnes.
Moore, Nellie.
Myers, Marjorie.
Pittinger, Lois.
Pocock, Glendola.
Poe, Helen.

Commencement Program
Seventy students are candidates for degrees or diplomas this term and the graduation exercises will be held on Thursday at ten o'clock. Eight of the graduates will have the degree of Bachelor of Science in Education conferred upon them by President Williams on behalf of the institution.

President Dwight B. Waldo, president of the State Teachers College at Kalamazoo, Michigan, is to give the graduation address. There will be no baccalaureate service.

There have been 158 graduates at the college so far this year.

Bowling Green College is always glad to hear from her former students. If every one of those who graduate would subscribe for the Bee Gee News it would look as though they were as interested in their Alma Mater as she is in them.

Grad's let us hear from you. Be as loyal a booster in the future as you have been in the past.
Home Coming 1925

Home Coming plans for 1925 are in somewhat of a pupal stage just now, but it will not be long until they will burst forth in all their glory. Then loyal sons and daughters of Bee Gee be ready because a home coming is not a real homecoming unless all the children come home and do their part in the work, visiting, and merry making. Some extracts from a letter written by Robert Wyant, President of the Win-One Club, which has charge of Home Coming plans, follow: "The home coming plans will run along the same line as last year. As has been suggested the parade will be done away with and the time used for visiting. We expect to make our morning program such that it will take care of this feature. We plan not for a greater and better home coming, but for the greatest and best."

Faculty Wins Over Students, 15 to 14

On July 2 a thrilling match was staged between the college faculty and the students. The students expected to walk right away with the old ball game but they soon found out that they must think again.

In the first inning the students made one run, but the faculty in their first time up crossed the pan twice. The students then decided that it wasn't easy picking and plugged right in but they were unable to defeat the professors.

Coach Stellar had a great deal of trouble in getting a team. It was rumored that several refused to sign their contracts unless they were given more money. As a result of this Engineer Ronk and Doc Lake were pressed into service.

The faculty men showed their superior endurance as the students put in an entire new team. It was then that the faculty ran in seven runs and decided to call it a day.

Dr. Kohl was the umpire and proved to be quite capable of handling the situation.

Prof. Carmichael pitched and his south-paw deliveries appeared to be very difficult to meet squarely. Mr. Stevens was on the receiving end of the battery. McEwen covered first, Lake second and Reebs third, with Crowley starring at short. Dr. Martin, Engineer Ronk and Coach Stellar played the gardens.

The New Gym

The new college library is under construction and thus is the talk of the college, but it is not so generally known that another very important new building is soon to be added to the fine collection of buildings already on the campus. It is the new Gymnasium for men. This building will be erected on that part of the campus back of the Science building and adjacent to the athletic field. An appropriation of $175,000 was granted for the construction of this new Gymnasium for men with $18,335 additional appropriation for other necessities for the Gymnasium.

The contract for the digging of sewers for the new building has already been let and that work is to be done this summer.

The Varsity Club believes that this new gymnasium will introduce a new era in Bowling Green athletics. After its completion such athletic events as county tourneys and semi-final tourneys will be attended with more comfort and enjoyment than heretofore due to the crowded condition of the Women's Gym.

Her Martial Creed

Mrs. Worth had just learned that her colored workwoman Aunt Dinah, had at the age of seventy married for the fourth time.

"Why, Aunt Dinah," she exclaimed, "you surely haven't married again?"

"Yassum, honey, I has," was Aunt Dinah's smiling reply, "Jes' as often as de Lawd takes 'em, so will I."

Prof: "Is it right to say camels come in herds or in droves?"

Hemmelgarn: "Why, I always thought they came in packs."
Student's Directory

Gertrude Hartung, Sandusky, Ohio.
Inez, Taylor, Gibsonburg, Ohio.
Pauline Gleeson, Mt. Vernon, Ohio.
Ruth Albright, Millbury, O.
Helen Hilgeneck, LaCarne, Ohio.
Minnie Pomeranke, Gypsum, Ohio.
Isabelle Jennings, Metamora, Ohio.

Where Our Graduates Will Be Next Year and What They Will Be Teaching

Florence Anderegg, Grade 4, Wapakoneta, Ohio.
Gladys Drake, Grade 3, Piqua, Ohio.
Esther Hilgeneck, Junior Hi. English, Port Clinton, Ohio.
Ruth Hilgeneck, Grade 4, Oak Harbor, Ohio.
Paul Domrow, History, Sylvania, Ohio.
Ruth Sweet, Home Economics, Delphos, Ohio.
Earl Davidson, Math. and Science, Swanton, Ohio.
Esther Meyer, Grades, Toledo, Ohio.
Helen Rieder, Grades, Toledo, Ohio.
Leona Young, Home Economics, Rittman, Ohio.
Louise Neubeiser, Primary, Sandusky, O.
Mary Neason, Rice Twp., Sandusky Co.
Esther Businger, Richmond Twp., Huron County.
Isabel Layton, English, Richfield Twp.
Helen Dock, Glendale School, Toledo, O.
Augusta Benien, Grade 6, Napoleon, O.
C. C. Jones, Languages, Rossford, Ohio.
Lenora Schaaf, Grades, Rossford, Ohio.
Bernita Lance, Primary, Hoytville, O.
Mary Louise Woodruff, Grades, Caldwell, Ohio.
Hulda Barnes, Grades, Henry County.
Florence Bowman, Grade 2, Stryker, O.
Hildegarde Springhorn, Primary, Green, Ohio.
Opal Pessel, Home Economics, Rawson, Ohio.
Hildreth Huston, Grades, Pemberville, O.
Catherine Sloan, Grade, Marion, Ohio.
Helen Dick, Home Economics, McComb, Ohio.
Nelle Ebersole, Departmental Work, Arcadia, Ohio.
Ruth McPeek, Grade 6, Genoa, Ohio.
Mildred Noel, Home Economics, Arcadia, Ohio.
Raymon Current, Music Supervisor, Hocking County, Laurelvile, Ohio.
Alice Tudor, Grade 2, Washington School, Lima, Ohio.
Helen Poe, Grades, Mt. Cory, Ohio.
Guynath Gilliland, Grade 5, Mt. Blanchard, Ohio.
Gail Bushong, Grades 5 and 6, West Mansfield, Ohio.
Harry L. Towers, Industrial Arts, North Canton, Ohio.
Margie Meyers, Grades, Scotch Ridge, O.
Glady Simons, Music and English, E. Cleveland, Ohio.
Inga Nielson, Grade 4, Lorain, Ohio.
Mrs. Clarice Adams, Music and Arts, Cleveland, Ohio.

County Teas

County Teas for women students have been well attended and enjoyed by all. The Bee Gee News hopes to have news items from many counties each issue next year.

Tours

Prof. Holt has been offering an indirect course in Education. Travel is an education in itself and many people are taking advantage of this fact. Over 200 people took the Niagara trip and the reservations for the Western tour are almost all taken. “See America First.”
Alumni News

May Queen Married

Announcements have been received concerning the marriage of Miss Lorena Osterhout to Mr. Joe Rex, both of Wauseon, Ohio.

The marriage took place at Bowling Green, Ohio, on Saturday June 13. Rev. Van Wicklen officiated.

The bride was a June graduate from the Diploma Course in Elementary Education and was active in college life. While here she became a member of the "Skol" and was taken into the "Book and Motor" society.

Her popularity while in college resulted in her being chosen queen of the Class Day Festivities.

Mr. Rex is in business in Wauseon.

The young couple are at home for the present with the groom's parents in Wauseon. B. G. S. N. C. wish them the best of success and happiness.

Schaller---Dewese

Mr. Ralph Schaller, '22, former Bee Gee News Editor, and Miss Doris Dewese, '23 were married on June 18.

Mr. Schaller has been principal at Haskins and is to be biological science teacher in the Bowling Green high school this coming year.

Mr. and Mrs. Schaller will be at home to their friends at 124 Hixon street.

The Misses Ruth and Mabel Beckman of Latcha called on Ruth, Esther and Helen Hilgeneck and Ruth Albright at Shatzel Hall Wednesday July 1.

Miss Genieve Beerbauer '25 has been spending a few days with friends in B. G. N. C.

Miss Ruth Torber '25 of Toledo spent Friday June 22 with friends at Shatzel Hall.

Williams’ Hall News

One hundred and three girls have enjoyed the hospitality of Williams’ Hall for six weeks.

Miss Mable Taylor, whose home is near Mt. Gilead was removed to the Toledo Hospital for treatment.

Miss Rose Mary Callen, Olga Hoffman and Carolyn Lange attended the Teachers' Convention at Cedar Point for a few days.

Mrs. Dalton, matron of Williams' Hall will spend her vacation at her home at Prairie Depot.

Miss Allen, who is the dietician for both Williams' and Shatzel Halls will return to Boston for the remainder of the summer.

Through the entire session many of the girls spent their week-ends at home.---There's a reason.

Miss Carolyn Lange served as house chairman, assisted by Miss Gladys Drake.

Otto Meyer: "What would you say if I threw you a kiss."

Betz: "I'd say you were the laziest man I ever saw."
Shatzel Hall News

Mr. Beattie’s assertion at Country Life Club the other night that there had been no elopements from the college was completely discredited when Josephine Pfefferle of Kenton suddenly disappeared from the dormitory and Monday June 22 her friends received news of her marriage to John Muntzinger of Marion. They are making their home in Celina, Ohio, where Mr. Muntzinger is engaged in business. We wish them the best of luck.

Sunday morning June 28 the following young ladies participated in an out-of-door breakfast at the stone quarry about ½ mile east of town: Kelly Woodward, Irene Luck, Laura Pope, Ethel Daley, Dorthy Rymer, Katherine Brown, Velma Pearson and Eloise Ault. A good time was enjoyed by all.

Among those present at the “Steak Roast” near Waterville, Wednesday evening July 1, were Mrs. Daniels, guest of honor, Misses Ethel Daley, Dorthy Rymer, Marjory Myers, Mildred Suter, Kelly Woodward, Irene Luck, Katherine Brown, Velma Pearson and Eloise Ault.

1925 Key

The 1925 Key Staff have a limited number of copies of the College Annual which they wish to sell at this time. These copies have been ordered for people who have not been able to make payments and while they last will be sold for three dollars.

We think this a wonderful opportunity for you to advertise your college. Perhaps your own people at home have never had an idea of the type of school that you have attending. Or perhaps young people graduating from your classes have asked you about B. G. college and you were forced to spend valuable time trying to paint a vivid picture (of your college.) Now the Key will save you this trouble and at the same time it will be a publication of which you will be mighty proud to possess and more so the older it grows.

It will help you to recall the happy days which you spent in college and grow into one of your most valued possessions (as well as settle a multitude of questions arising out of an ever increasing student-body).

Now please give this matter a little thought and if you wish to examine a copy, see Earl Davidson at once or drop a note in the post office box and you will receive immediate attention. Remember also that we have only a few left and the first to inquire will be the first served.

There are a few people in school this term who signed for a copy last summer and they are asked to see me at once and get their copy. Professor Carmichael will also give you any information you may desire.

EARL DAVIDSON,
Sales Manager 1925 Key

Special Summer Faculty Members

Students and regular faculty have enjoyed having these able people with us this summer—come again and stay longer.

Effie Alexander.
E. L. Boyles.

Alma E. Dorst.
H. E. Hall.
Adeline Halleck.
S. A. Kurtz.
M. C. McEwen.
Cora Purdy.
Spencer Shank.
A. R. Stevens.
Helen Waugh.
M. S. Williams.
H. R. Young.

He Knew

Pleasant Polly (Entertaining her sister’s beau): “Oh, Adolphus, guess what father said about you last night.”

Adolphus: “I haven’t an idea in the world.”

Pleasant Polly: “Oh, shame! you listened.”
Did you ever stop to think what a blessing is work? It is the man who doesn’t have enough work who is finding fault with what others do. Work makes it possible for people to have the necessities of life and often the luxuries. Work turns intelligence to use, for what good is intelligence if allowed to lie dormant and bring no good to humanity? Work often averts a mental collapse by causing the worker to think not of himself but others. Work leads to happiness when the worker “works for the joy of the working and not for love of gain.”

“Happiness is the greatest thing in the world.” It is something like the pot of gold at the end of the rainbow—it cannot be found when sought. Doing something for some one else without the thought of the inconvenience it is causing you to do it often brings happiness. Neither can happiness be bought like the luxuries of life and yet it is the greatest luxury there is. The poorest may have it as well as the rich. No one is barred from happiness for it costs no money, but it costs kindness, thoughtfulness of others and charity to all.

Ambition is the stirring force of mankind. “To want to do” is what teachers are constantly trying to implant in the minds of their students. Isn’t it true that ambition may be contagious? If teachers want to do bigger and better things isn’t there a possibility of students catching the vision also?

Worry is a grindstone on which a man holds his nose while he does his own turning.

Happiness lies, not in having done something but in doing it; not in having been something, but in being it; and not in having played the game, but in playing it.

The Arithmetic of Carelessness
I, carelessness, can ADD to your troubles, I can SUBTRACT from your earnings, I can MULTIPLY your failures, I can DIVIDE your attention, I can take INTEREST from your work and can DISCOUNT your chances for success as well as for safety.

If you are a mule—kick;
If a dog—growl;
If a man—smile.

Your brains were put at the top of your anatomy; see that they get top consideration.

A mind of your own is worth four of those of your friends.

Music
Mr. McEwen has given a course of lectures on music appreciation open to everyone. His first lecture dealt with the similarity of the arts and the two-part form in music.

His second lecture was on the three-part form in music and the Rondo.

The third lecture was about the Symphony and Sonata.
Psalm Of Geometry
Mr. Overman is my instructor, 
I shall not pass,
He maketh me to do dense propositions.
He leadeth me to expose my ignorance before my classmates,
He maketh me to draw figures on the board for my grades sake.
Yea, tho I study 'till midnight
I shall gain no knowledge
For propositions bother me and corollaries sorely trouble me
He prepareth problems for me in the presence of mine enemies.
He giveth me a low grade,
My work runneth under,
Surely zero and conditions shall follow me all the days of my life and
I shall dwell in the class of Geometry forever.

The Feast
Bowling Green Normal is giving a great feast this summer. She urges all that come to partake freely of the good things. Yes, even when they begin to feel as if they had plenty, she demands them to eat more. But we, who have been poorly fed for a whole year, feel that this is just a bit too much; we begin to have a little dizzy feeling. Yet there are those delicious A's, B's, and C's we have not tasted yet. How good they look! We eat more and more until we begin to have a strange feeling in our eyes and we know that we have eaten too much. The brain is stuffed and it refuses to digest this great mass. The bit that is taken care of strengthens us so that we may dispose of the rest quickly for we are so dizzy, everything is in a whirl! Soon we will get away and then we will feel a little better. As time goes on we will be quite well again. We vow we will never go to a feast like that again, but next year when Bowling Green sends out her neat white invitations we will all feel hungry again.

Editor Gets In Bad
An Oklahoma editor, just about ready to send his forms to press, "pied a couple of articles, one concerning a public sale and the other a write up of a wedding. He asked the office devil to get the two together—and he did.

Here is how he put the two together, and the mixture was not known to the editor until an angry preacher and the mother of the bride appeared on the scene:
"William Smith and Miss Lucy Anderson were disposed of at a public auction at my barn one mile East of a beautiful cluster of roses on her breast and two white calves before a background of farm implements too numerous to mention in the presence of seventy guests including two milch cows, six mules and bob sled. Rev. Jackson tied the municipal knot with two hundred feet of hay rope; the bridal couple left on one John Deere gang plow for an extensive trip with terms to suit the purchaser. They will be at home to their friends with one good wheelbarrow and a few kitchen utensils, after ten months from date of sale to responsible parties and some fifty chickens."

---Exchange

Biological Science
A young Raccoon was found about two miles east of Bowling Green, Saturday morning, June 27, by the Misses Marie Stauffer and Vera Stahl. It was dead the next morning, being too young to live without its mother.

On Monday morning, July 6, Prof. Moseley received a box of plants from Miss Helen Dilgart, former Bee Gee student, who is now attending the U. of M. Biological Station at Cheboygan, Mich. Specimens of Mosses, five kinds of Orchids, Trailing Arbutus, Cranberry and two insectivorous species (Sundew and Pitcher Plant) were included.

Careful observers about the campus early on the morning of Saturday June 27 probably thought that there were a group of "absent minded students" attending the college who had become so accustomed to 7:00 o'clock classes that habit prompted them to come on Saturday also. But more careful observation showed that it was in reality a class—for a group of students
under the direction of Prof. Moseley had planned to visit the Blue Hole at Castalia. About 7:15 a.m. the party left the college.

The first event of interest to the students was a visit to the Heronry near Hessville. Many people are ignorant of the fact that the heron builds its nest in the uppermost branches of tall trees, assuming from its feeding habits that it nests in marshes near the water. To see the large herons flying about among the tree tops and behold the great number of nests, sometimes as many as 20 in one tree, is a sight in itself. Then, too, the fact that all of these nests should be in one woods is also interesting.

Perhaps the factor of interest to the greatest number of students during the day was the visit to Haye's Memorial at Fremont. Things that are historically significant are always dear to the hearts of patriotic citizens. The many historical relics together with comments and explanations by Col. Webb C. Hayes made the hour's visit a most delightful one.

As the party approached Castalia special attention was given to the devastation which was wrought by the tornado just one year ago. The work of reconstruction is now well under way but it will be many years before the beautiful trees can be replaced that were destroyed so quickly.

Numerous sinkholes were also noticed about Castalia. It seems that the region is well favored with natural phenomena. How these holes provide drainage for hundreds of acres of land is inconceivable, yet it is unquestionable that they do.

At last we arrived at the Blue Hole. No description can do this work of nature justice. It must be seen to be appreciated. The mind cannot conceive of water forty-seven feet deep so clear that the numerous algae living on the bottom are visible. Many false impressions exist concerning this marvel of nature so that the members of our party were especially fortunate in seeing it and receiving logical explanations regarding its peculiarities from Prof. Moseley. So much more can always be seen in phenomena if the viewing of the object is accompanied by some explanation.

Ignorant people living near the Blue Hole have probably never seen it, yet it is truly a wonderful work.

By this time most of our party felt they had seen enough to meditate upon for several months so we betook ourselves back to our Old Alma Mater, feeling that we had spent a day well worth while.

A Modern Sonnet
Dedicated to
Mr. Carmichael. Eng. Inst. B. G. '25
with apology to anyone that ever wrote a sonnet and to Mr. Carmichael.

"Not marble, nor the guilded monument Of princes, shall outline this powerful rhyme,"
Quoted our most beneficient leader, Prospero, the moment We with quickening hearts approached the greatest "Tempest" of our time. A battling with the elements of knowledge soon ensued, And the actors came forth from the book as existing entities. We heeded not these words so sweet to Caliban, the fend, "Let it alone, fool; it is but trash." E'en to the very lees We drank. Prospero "the" book surely shall never die So full of magic, truth and beauty. Too soon Ariel, thy best, Made known to us, quite unaware, thy bests as with timorous eye We beheld a hand writing on the wall and sighed "a test." Then must have spoken thus the leader of the fairy land "Mercy upon them, master, their intellect resembles Caliban's."

To do a common thing uncommonly well brings success.

Oftentimes misfortunate is "Miss Fortune" in disguise.
Word has been received concerning the marriage of Miss Thelma Young of Latcha O. to Mr. George Schrober on June 23, 1925. The wedding took place at the home of the bride's parents in the presence of the immediate families. Miss Young has been a student in Bee Gee College in the past. At present the couple are at the home of the bride's parents but expect to make their future home in Toledo.

B.G.S.N.C. wishes them happiness.

Miss Betsy Belle Brown '28 of Fremont and Miss Alice Hellwig '26 of Elmore and Bud Brown of Fremont visited friends in Shatzel and Williams Halls Thursday, July 2.

Miss Gladys Ruddock '26 of Port Clinton spent a few days with friends in B.G.N.C.

Argra Ruffer, a former student, is attending college in Greeley Colorado this summer.

Florence Randall, former student, will be graduated from the Ft. Wayne Business College this summer.

Miss Hayward, instructor in Elementary Education, is spending the summer in the British Isles. She will return in time to take up her duties at the opening of the fall term.

Miss Steele, formerly a member of the faculty, will receive her Master's Degree this summer from Columbia University. Miss Steele will teach at Maryland State Normal College at Touson Maryland next winter.

Country Life

On Tuesday, June 23, the Country Life Club held their first meeting of this term. An election of officers followed a short talk by Mr. Beattie, the faculty advisor, with the following results:

President---Dallas Lawrence.

Vice-President--Miss Gray.

Sec'y-Treas.---Mr. Klingshern.

Chairman of Program Committee---Margaret (Peg) Coverette.

Chairman of Entertainment Committee---Helen Dock.

A program was enjoyed during the evening, consisting of:

Reading---Florence Anderegg.

Vocal Solo---Ruth Eddy.

Reading---Margaret Coverette.

Estel Mohr led the singing of several songs after which the members went to the gym where they were received by the newly elected officers. Games and dancing furnished enjoyment for the remainder of the evening.

Country Life

In the absence of the president, the vice president, Miss Gray, conducted the meeting. The singing was led by Miss Corevette. A program had been arranged but as those who were to take part failed to appear several of those present were called upon for extemporaneous speeches on subject given to them as they came to the platform.

Mr. Hemmelgarn spoke on patriotism, Mr. Lindsey on love, Mr. Meyer on tennis and Miss Thomas on the Woman's League.

Following this much enjoyed program the members went to the gymnasium where games and dancing furnished the entertainment.

Bowman---Raymond

Orville Bowman and Golda Mae Raymond, both of West Unity, Ohio, were married on Saturday, June 6. Mr. Bowman is a senior and will graduate in August and Miss Raymond was a former Bee Gee student. The students extend to both Mr. and Mrs. Bowman the heartiest of congratulations and best wishes.

An Evening Of Magic

On Tuesday evening, June 30 Paul Fleming and several assistants entertained the college students with a program of magic and mind reading.

She: "What makes the leaves turn red in the fall."
“They are blushing to think how green they have been all summer.”
———
Matron: “Eight o’clock! Eight o’clock!”
Helen Hilgeneck (sleepily): “You did? Better call a doctor.”
———
Paul: “You’re a beautiful girl and I hope you think I’m sincere.”
Charlotte: “I can’t help thinking you’re sincere when you talk like that.”
———
Room: “Say, can I borrow your hat again?”
Mate: “Sure, why the formality?”
Room: “Oh, I can’t find it.”
———
Prof. Zaugg (In the middle of a joke): “Have I ever told the class this one before?”
Class (In a chorus): “Yes sir.”
Prof. (Proceeding): “Good! You will probably understand it this time.”
———
Smith: “So your son is in college. How is he making it?”
Smithers: “He isn’t. I’m making it and he’s spending it.”
———
Alice: “Have you a nice creepy book?”
Clerk: “Yes, are you a bookworm?”
———
Prof. Carmichael (In Lit. Class): “When did Milton write Paradise Lost?”
Van Tassel: “When he got married.”
———
Bob Roe: “After the dance Friday night I took my girl up to Ireland’s.”
Harley Carnicom: “Did sheet?”
Bob: “I’ll satiate.”
———
Father: “What is your favorite hymn, Ruth?”
Ruth Hilgeneck: “The one you chased out of here last night.”
He: “Can’t you take a joke?”
She: “Oh, this is so sudden.”
———
So Would We
“I’d be much better off if they’d put that sign on my mail box.”
“What sign?”
“Post no bills.”
———
Marvels Of Heredity
Helen: “Sometimes you appear really manly, and sometimes you are effeminate. How do you account for it?”
Current: “I suppose it’s hereditary. Half of my ancestors were men and the other half women.”
———
Visitor: “Does Otto Meyer, a student, live here?”
Mrs. Russel: “Well, Mr. Meyer stays here but I thought he was a nightwatchman.”
———
Maid (to Prof. Hissong): “Here’s the doctor, sir.”
Prof. Hissong: “I’m not receiving visitors to-day. Tell him I’m sick.”
———
The Taking Girl
She took my hand in sheltered nook,
She took my candy and my books,
She took that lustrous wrap of fur,
She took those gloves I bought for her,
She took my words of love and care,
She took my flowers, rich and rare,
She took my ring with tender smile.
She took my time for quite a while,
She took my kisses maid, so shy,
She took, I must confess my eye,
She took whatever I could buy,
Then—she took the other guy!

Recreation Hour
Not wanting Jack to become a dull boy due to all work and no play we have a weekly recreation hour when everyone interested throws aside the "school teacher dignity" and enters into wholesome, invigorating play. The gym instructors - Miss Purdy, Mr. Stellar, and Mr. Stevens are giving their time to this play period and every Monday evening from 6:30 to 7:30 you will find a crowd of college students enjoying games and relays of various sorts in the main gymnasium.
These hours are serving the double purpose of promoting college spirit and giving needed recreation.

When the end of the world gets here we wonder if it will respond with an encore.

Foot Ball---1925 Season
The prospects are wonderfully bright for this next season. Only two men graduated, the center and a guard, and the remainder of the squad of seventeen lettermen will return. It appears now as though some of the lettermen will have difficulty landing their old jobs. The schedule for next season is:

October 3---Otterbein at Otterbein.
    " 10---Ypsilanti at B. G.
    " 17---Capital at B. G.
    " 24---Findlay at Findlay.
    " 31---Defiance at Defiance.

November 7---Home Coming (open)
    " 14---Bluffton at B. G.
    " 21---Ashland at B. G.

Bee Gee started basketball in 1915-16. Baseball was not played until 1918. Tennis was started in 1919. Football was first played in the fall of 1919.
Track teams first competed in 1923.

Athletic Awards
The college has changed the athletic award from an N to a B. G. monogram. The B. G. monogram is much more attractive and will be more readily recognized as a Bowling Green college letter. The N is granted by most Normal schools and Normal colleges in the United States. Bowling Green, in an effort to bring out the Bowling Green part of the college and not the Normal, is dropping the old custom.
A student winning one letter is awarded a bronze medal at graduation. Those who win three letters are awarded a silver medal and those winning five letters are awarded a gold medal.

Bowling Green College has won two conference championships in football, two in baseball and one in tennis. They were tied for the title in basketball one year.

X X X X
Eight new tennis courts will be all warmed up and ready for you in 1926.

These men are very simple folks, I like 'em!
They take me out until they're broke.
I like 'em!
I like 'em naughty, tall and lean
And fat and short and good and green
And many other kinds I've seen.
But when they show me they don't care
And hug me roughly like a bear,
And crack my ribs and muss my hair,
I love 'em!
--Contributed

Two Irishmen had just come to New York City and were standing on the street corner looking at the sights. A fire engine passed by and Mike remarked to Pat, "Begorra they're moving Hell, there goes the first load."

Coach Stellar says "love is the oldest sport." If love is sport it's the only one where holding isn't a foul.

You must admit that girls speak more fluently than boys.
Practice makes perfect.

Rudy Stapleton says—"Probably the most conceited man we know is the man who had a birthday yesterday and sent a telegram congratulating his mother."

Watch our Windows
Chapel

Tuesday morning, July 7, Grove Patterson of the Toledo Blade gave an interesting address on “Education in Action” in which he presented many vital and essential points bearing on the subject.

Evidences of education will be manifested, he said, in
1. Correct and precise use of the accustomed languages of the individual.
2. Refined and gentle manners as an outward expression of fixed thoughts.
3. The power and habit of reflection.
4. The power of growth.
5. The power to do.

If any could be ranked above the others it would probably be number five.

Rules which should be followed to put education into action in bringing success are
1. Grab all responsibility in sight.
2. Do the important things of the days tasks first.
3. Eliminate the habit of the alibi.
4. Fire both barrels every time you shoot.—Don’t go into anything unless you expect to put into it everything you have every day.
5. Build up by habit self control.

There are five big, fundamental qualities of life to be taken into consideration.
1. Courage.—There is too much so called optimism in the world; too much denial of actual facts. Life is meant to be a struggle.
2. Patriotism.—A man should love his own country so much that he can understand what another man’s country means to him.
3. Imagination.—The great people are not those who see things as they are; but as they might be.
5. The capacity for thinking.—There is no substitute for thinking.

Faculty Reception to Summer Students

Thursday evening, June 18th the Faculty members welcomed the summer students to B. G. N. C. The reception was held in the gym under the auspices of the Social Committee of the college.

Members of the committee met the guests at the door of the gym and provided each one with a slip of paper containing his or her name. With the aid of these “name cards” everyone proceeded to get acquainted.

Dr. Martin then announced that there would be a Grand March by counties in which every one joined. Music for the dancing which followed was furnished by Stewart’s orchestra. Punch was served during the evening.

The following program was given between dances.
1. Vocal Solo—Robert Place.
Vocal Solo—Ruth Eddy.
Vocal Duet—Ruth Eddy and Clement Premo.

Much credit for the success of the evening is due to the Social Committee.

Picnic Enjoyed

The students and faculty under the supervision of the Physical Training Department, enjoyed a picnic at Richard’s woods Friday evening, June 26.

The entertainment committee had games planned which kept everyone busy until the coffee boiled. Everyone had worked up an enormous appetite by the time the “dinner bell” rang and certainly did justice to the “eats” which consisted of weiners and bacon, which were roasted for sandwiches, cheese, olives, pickles, coffee, nabiscos, lemonade and ice cream bars.

“The largest number of spinsters is to be found among college graduates” says Bob Poole, and then adds: “To be sure. What’s the use of educating a girl, if it doesn’t improve her judgment?”

Advice to college men: “Flirt with the girls who use the lip-stick, but marry the one who can push a broom stick.”

A scientist says kissing is bad for the health, but “Benny” Benson says people don’t kiss for their health.

Why We Do Good Printing

GOOD printing can only be accomplished when good machinery is used.

We have recently installed the latest in printing machinery.

This magazine is printed on a Kelly Automatic Cylinder Press, folded on a Cleveland Automatic Folder and stitched on a Boston stitcher—the type was set on a Mergenthaler Linotype.—All this was done in our own office by our own workmen.

Figure This One
Where can a man buy a cap for his knee? Or a key for a lock of his hair?
Can the eyes be called an academy because there are pupils there?
In the crown of his head what jewels are set?
Who travels the bridge of his nose?
Can he use when shingling the roof of his mouth, the nails on the end of his toes?
What does he raise from the slips of his tongue?
Who plays on the drums of his ears?
And who can tell the cut and style of the coat his stomach wears?
