Please forgive the rush thru the goals yesterday. After the day was done I took a quick review and found that I felt we hadn't really taken the time to review the HR goals nor talk about other goals you may have in mind for ASC this year.

I know in the past years the goal list has always looked so ominous that I've never thought we could add more. But if someone feels we are missing something that they feel strongly about then let's get it on the table, so to speak.

So, along with the feedback you will be sending me about 1) persons you feel would be good on committees and would be good for the chair of the committees 2) how you feel about HR's orientation program plans and ideas you may have here, please also let me know what other goals you feel ASC should be looking at.

I feel we are close to firming up things for the year (goals and committee assignments).

PROPOSED ASC Goals 2000 - 2001

- Raise the corpus of the Administrative Staff Scholarship endowment. The Scholarship committee is to set a target this month.

- Assist Human Resources (HR) in gathering data to facilitate the implementation of the 3rd year of the President’s Compensation Plan. After HR articulates the names of individuals who are in need of market data, Administrative Staff Council will help survey institutions for the necessary information.

- Present the draft of the Performance Evaluation Revision to ASC mid Fall, 2000, get formal approval, and have it ready for implementation for the 2001-2002 evaluation cycle. This document and timeline gives time to units to make any adjustment to their schedules and documentation and ties closely performance evaluation and merit processes.

- Promote a Wellness Program to administrative staff. Prepare for and build a mandate that will reflect positively on a survey by the upper administration about a wellness program for faculty and staff.

- Work closely with Human Resources (HR) to revise the Non-Compensation Conciliation Process. This process was used for the first time Spring semester. There are several points that need to be revised to fine tune the process.

- Initiate a discussion with the administration concerning the imposition of salary caps. The first part of the process of discussion is to gather data from other institutions that use a compensation plan such as Mercer to see what, if anything, the institution does with caps.

- Continue to offer Administrative Staff professional development opportunities. Support, plan and implement the “Invest in Yourself” development opportunity for the university community.

- Explore the possibility of a catastrophic sick leave pool through the Constituent Group Caucus. Administrative staff will survey other state institutions to find best practices in this area.

- Pursue creation of a policy for equitable teaching compensation for Administrative Staff.

- Review and revise the bylaws and committee charges as necessary.

Amendments committee Report

Amend Article 2 Section 2 of the bylaws. The committee recommends the following three changes. The proposed changes are in Italic with a number. The number is footnoted as to what the change will be. At the end I have presented article 2 section 2, as it would read with the changes.

Article 2 Section 2: ASC Standing Committees

Recommendations or self-nominations shall be solicited from the administrative staff membership at the time of the annual campus-wide Administrative Staff Council elections. ASC members may be nominated or may self-nominate to serve on ASC standing committees. The members of ASC standing committees shall be appointed from the nominations by the chair of ASC in consultation with the Executive Committee, and shall include administrative staff members at large and members of ASC. (1) Non-ASC members shall comprise no more than 50% of standing committee membership. Membership on these committees shall be for one year. Members are eligible for reappointment. Standing committees may appoint subcommittees. (2) whose members need not be ASC representatives. The chair of ASC shall appoint a chair for each standing committee from the ASC membership. (3) The appointee for chair of a committee must have been a member of that committee prior to serving as its chair. Each chair shall submit in May a yearly report of the committee's activities to the Executive Committee. The duties and responsibilities of the ASC standing committees are...

Recommendations:

1. Omit: "Non-ASC members shall comprise no more than 50% of standing committee membership."

2. Omit: "... whose members need not be ASC representatives."

3. Add: "The appointee for chair of a committee should have been a member of that committee prior to serving as its chair."

As proposed:

Meeting with Becca

- FML discussion-taking to CGC. She and Nancy Footer read the document one way, everyone else reads it another.

- 3rd year of the compensation plan - people who have not been touched, build another database similar to that which was built for year 1 and 2.

- Mercer visit to evaluate the ranges

- Goals-I offered assistance in gathering data, HR timeline

Questions for Linda Dobb to answer on October 5-

Gathering on September 22!!!! - everyone ready?

President’s Panel Questions

Suggest two topics/questions:

1. 3rd Congress

2. Administrative Computing

CEC - Wellness Survey, FML, Sick Leave Pool
In some areas, institutional expectations of employees put these employees at an imbalance with family/life responsibilities. Certainly this is an individual choice but what are the values of this institution with respect to helping its employees maintain a work/life balance. It is an especially keen concern for Administrative staff with our perceived tentative employment status ("at will employees" that could be dismissed without cause or opportunity for grievance) where our only statement of work-week is defined as "whatever it takes to get the job done."
PROPOSED ASC Goals 2000 - 2001

- Raise the corpus of the Administrative Staff Scholarship endowment.

- Begin Public Relations work to promote a Wellness Program. Prepare for and build a mandate for a survey by the upper administration about a wellness program for faculty and staff.

- Work closely with Human Resources (HR) to revise the Non-Compensation Conciliation Process.

- Initiate a discussion with the administration concerning the imposition of salary caps.

- Continue to offer Administrative Staff professional development opportunity support and plan and implement the “Invest in Yourself” development opportunity for the university community.

Mary Beth -
Thank you! If it is alright with you we will draft an e-mail to the folks on the list we gave you - minus Claudia Clark and now plus Pam Phillips.
Asking them if they would be willing to serve and talking about time commitments. Once we have a list of those willing to serve we will then set dates for training. If this approach works for you please let me know and we will proceed. Thanks Becca

Hi,

the new exec committee met yesterday at firelands and discussed the Advisory team list. We're quite happy with the proposed list with one exception. One member pointed out that he'd like to see someone from an academic department (read someone who's duties include close contact with students in a teaching realm...). anyway we thought, without asking her) that Pam Phillips might be good to include. She cannot serve on council or exec this year because of her teaching schedule but might be willing to contribute in this way.

We had to do some catch up with the group, but Cheryl Purefoy is on exec and helped immeasurably

Three year terms with a third rotating off each year seemed like a fine idea. Approval from Exec is done.

Do you need anything else from us at this juncture?

ASC Executive Committee meeting Agenda 5/16/2000

- Update: Becca meeting 5/16
  - Ad Staff Advisory Team
    *Appointment/replacement process? (Term?)
    None that she is aware of. Bringing to Exec to put one together...suggested term of 3-years.

  - Next year's Professional Development support
    *Grants?? (Last year $4000)
    *Workshops?? (Last year expenses $3000?)
    $4000 is the budget for this and subsequent years. There was some carry-over money from the Professional Development Institute when it was being funded but not held and the money was transferred into Professional Development activities of ASC. There may still be up to $1000 in this carry-over budget to make this year's budget $5000.

  - 2nd Year Compensation Plan distribution
    *Data cut we discussed last meeting (more inclusive)
    Much discussion about what Becca may have heard as ASC's concern as presented at our last meeting. Bottom line: She's prepared to explain why our identified group may not be part of the 2nd year compensation plan adjustment and is working on making sense of how they may be included (this part includes beginning a conversation with Linda Dobb and if she's convinced taking it to the other Vice-President's).

Goals 2000-2001
PWC - address non-salary conciliation

Helpful election committee
23/24/25
(1) After several months of drafting, revision, and discussion (including the 3/22 campus forum), a draft copy of the BGSU Acceptable IT Use Policy has been accepted by ITC and will be forwarded to central administration and University Counsel. Several suggestions by university constituents have been incorporated in the AUP's present draft. To be added is a foreword delineating a process for ongoing revision of the AUP and its indexing to relevant documents. [Document address -- http://www.bgsu.edu/organizations/itc/draft-aup.html]

(2) The IT infrastructure revision project appears to be on schedule. Consultant Don Bell has met several times with ITC, and a campus map depicting summer digging timelines has been distributed.

(3) A second consultant, Mark Resmer, has been on campus for several weeks, developing an analysis of BGSU's current IT situation and preparing recommendations for central administration. Mr. Resmer has met several times with ITC and will be providing our committee a detailed briefing on his findings on April 7. Our understanding is that Mr. Resmer is "looking into" every aspect of IT use at BGSU.

(4) As of March 31, the deadline for Faculty Senate Budget considerations, ITS had not submitted a detailed 2000-2001 budget proposal for approval by that body. ITS likewise has provided no budget information for the next fiscal year to ITC.

(5) ITS soon will lose another key employee--Deb Weiser, BGSU's web administrator.

(6) ITC has formed three subcommittees this year, each with substantial duties. These subcommittees are directed at ongoing work with the Acceptable IT Use Policy, Email, and (newly formed) commercial use of University-provided IT services. Non-members of ITC are eligible for ITC subcommittees.

(7) The email subcommittee has been waiting since mid-fall 1999, without response, for information from Chief Information Officer Lancaster about BGSU's decisions and contracting for university email. Although ITS has not yet met requests for an electronic notification service concerning campus IT problems and "occurrences," ITS recently reported a Eudora/Lotus Notes incompatibility which has caused many BONet users to have messages bypass their Eudora in-box and return to the email server marked "read." According to the ITS notification, this problem has existed for months. Email users who have contacted ITS have been supplied with backlogs of incorrectly labeled (and unread) email going back to early October 1999.

(8) USG representatives have reported to ITC significant interest in discussing the use of intensely resource-consuming network applications such as MP3 and Napster (they oppose restrictions) and in discussing the profit-making potential of advertising on BGSU-provided Internet communications.

(9) ITC has also requested information from ITS, for several months, about desktop replacements. Although the only word received thus far has been that replacements will continue as scheduled, ITC continues in its concern that only 2/3 of campus desktop computers are on a formal replacement cycle. ITC also will continue to pursue an equitable process for hardware and software purchases and greater articulation of the decision-making processes for such purchases.

(10) ITC has requested notification of the activities of various ITS-created ad hoc IT committees on campus, with an interest in coordinating IT-related processes and decisions. Apparently, most colleges and areas have separate IT committees, but their activities presently are unknown to ITC (a university standing committee).

(11) Nominations for replacements of outgoing ITC members will soon be solicited campus-wide. Details on soon-to-be-open constituent areas will be forthcoming. (As ASC representative, I have two years remaining in my 3-year term.)

Paul,

Sorry for the inability to meet today. We have Housing going live tomorrow morning and it's rather hectic the last couple of days.

PWC report
1) We passed along minor handbook changes to Bev Stearns, and noted some changes we'd like to see for the next version.
   a) Information on ARP (Alternative Retirement Program)
   b) Add PERS retirement benefits chart. This is the % of best 3 year average that accompanies x years service. Also how many years one needs before the ability to retire.

Both these could be added to the online version. Which also suggests that amending the online version may need an approval process that is both different and/or more prompt than the paper version. As with all online documents, determining the official handbook copy may get ambiguous quite soon.

   c) Specify vacation allowances for grant-funded employees. There are discrepancies between these employees as to whether they get ANY vacation.

2) $160,000 salary enhancement.
   Some voiced their concerns over the use of the 'years in position' criterion.

3) Bonus pay.
   We must discuss this next Tuesday. Handbook discussion consumed 1hr 15 minutes.

4) Meeting time change.
   Illam on Tuesdays that EXEC does not meet. Place is still in H/Ctr Conference Room.

Pls feel free to distribute to EXEC. Comments should be sent to you, Mary Beth, Claudia, and me. (my suggestion - use your own discretion)

SUBJ: Attendance Policy for Administrative Staff Council Meetings

As Secretary of Administrative Staff Council, it is my responsibility to call to your attention Article I, section 6 of the ASC Bylaws:

Each Administrative Staff Council member must select a designated alternate who may substitute for the said ASC member. If the designated alternate is unable to attend, another member from the appropriate vice-presidential or presidential area should be chosen. An ASC member who is absent in excess of three regular meetings who has not sent an alternate shall be designated as absentee.

After the absentee Administrative Staff Council member has been notified by the Secretary of his or her designation as absentee, his or her name shall be placed before members of the Executive Committee at any regular meeting. At that time, a vote of two-thirds of those present shall be sufficient to remove the absentee Administrative Staff Council member from office.

According to my records, you have been absent three times this year. The Executive Committee feels that it is very important for those individuals who have been elected to attend and actively participate in Council business in order to be able to report back to and give input to their constituents.

Each Administrative Staff Council member must select a designated alternate who may substitute for the said ASC member. If the designated alternate is unable to attend, another member from the appropriate vice-presidential or presidential area should be chosen. An ASC member who is absent in excess of three regular meetings who has not sent an alternate shall be designated as absentee.

After the absentee Administrative Staff Council member has been notified by the Secretary of his or her designation as absentee, his or her name shall be placed before members of the Executive Committee at any regular meeting. At that time, a vote of two-thirds of those present shall be sufficient to remove the absentee Administrative Staff Council member from office.

According to my records, you have been absent three times this year. The Executive Committee feels that it is very important for those individuals who have been elected to attend and actively participate in Council business in order to be able to report back to and give input to their constituents.

Please contact me if my records are in error or you wish to discuss this further.

Dear Paul,

Neocles forwarded your email, and asked me to reply on your feedback re Common Time.

First, thanks so much for taking up this proposal in the Executive committee. We very much appreciate the thoughtful consideration given to it.

Second, we've heard from many individuals and some groups that 2.5 hours twice a week is too much to reserve, and we will be suggesting plans that cut that amount by 20% and 40% (2 and 1.5 hours/twice a week). The Committee on Academic Affairs and the Faculty Senate will make the decisions about what plan, if any, moves forward. While we would like to see lots of time reserved, we are realists as well, and would be prepared to support some plan that creates common time.

Third, no matter what plan might be adopted, there will have to be exceptions and adaptations. Student employment is one issue the committee discussed early and often during its meetings, and participation by administrative and classified staff members, and faculty, is another such issue. Nevertheless, we kept on coming back to the desirability of trying common time, even though universal coverage won't be possible. If the events offered during common time prove to be effective in helping to build the premier learning community, on as limited a basis as might be during the first year, then we are sure that people will have good ideas about how to extend coverage and to reduce the exceptions and adaptations. So, nobody is going to close down the Library yet, but if a tryout of common time next fall looks like a significant benefit to BGSU, then we are going to have to try to solve the problem of success.

Thanks again for taking up this proposal and discussing it.

Milt

Subject: Common Time Feedback...

Neocles...
Feedback from Administrative Staff Executive Committee:
I brought up your request for feedback to our Executive committee today to meet your deadline of feedback before December 1st. Our complete representative body doesn't meet until Thursday but the Executive
committee is tasked to deal with issues that come up between full meetings.

Referring to your main items for feedback:
We were told that the current idea was to have a two-and-a-half hour Common Time on Tuesday and Thursday. The reactions below are from this information...

1) Whether Community Time should be established:
Yes, but some concerns...Common time may not include Administrative and Classified staff due to the fact the services they provide may still have to be provided during this common time. Everything campus-wide would need to be shutdown. Would students be unavailable for work??
The Library employs over 280 students. Is this conflicting with current common time situations established in departments?? Should this come from the unit-level and work its way up to the University level...starting with faculty and student interaction??
This feels like a lot of time to fill with programming...could not a monthly common time serve us better?? Much is already done in departments to facilitate staff meetings, etc.

2) When it should be scheduled:
No ideal day. Much discussion (which was then dismissed) about making it on Friday afternoon. Much concern about working students who have schedules finely tuned to their priorities of academic and economic concerns and the disruption this would bring.

3) How much time should be scheduled:
Two-and-one-half hours, twice a week seems like too much time. This seemed to be a unanimous opinion of our group which represents all of the University's functional areas.

Chair, chair elect’s report

Becca Meeting 11/16, 11/30: We talked about the compensation plan, shared concerns with her that we had received from constituents about the proposed implementation of the $160,000 distribution.

She and the provost will be at the January 6th meeting of ASC to explain what they have looked at, the different data cuts, and how they plan to distribute.

The meeting with the provost on the 22nd covered the same materials as we had been covering with HR.

We did talk about some good things—provost search commitments, the parade __THANKS MARY LYNN for pulling that together

Legions on the 30th—round the clock/weekend college beginning explorations. What kinds of issues must be addressed, who needs to be involved, which audiences do we want to target for possible constituencies if we do this?

Common time—exec responded to the issue of common time because the group wanted a response by yesterday. 21/2 hours every Tuesday and Thursday no, but did feel the common time is a good concept that should be pursued.

BOT on Monday.

Constituent group caucus was brief this morning—discussed the board packet, no surprises

Dear Colleagues:

We would like to present an idea for improving one aspect of our BGSU learning community.

This proposal resulted from a grassroots effort, and, in that spirit, we open the proposal for comment from you and everyone else in the BGSU community who would be affected, should the proposal be implemented in some form.

BGSU needs community time. The difficulties in bringing interested parties together in community have been noted at BGSU for many years. If we are truly to become a premier learning community, we need time to meet in community. We seek to create Community Time for BGSU by altering the time grid so that two significant blocks of time each week will be dedicated to university-wide, college-wide, department-wide, multi-sponsored, or ad hoc events to foster student success.

The need for community time and our specific proposal are presented on a web site,

http://folios.bgsu.edu/CommTime

We invite you to visit the web site, and also to post your comments regarding the proposal. The Committee on Academic Affairs and the Faculty Senate will take up this proposal beginning December 1, and both they and we will be interested in your views on:

(1) whether Community Time should be established,

(2) when it should be scheduled, and

(3) how much time should be scheduled.

For clarity, please address these issues separately.

The committee (Neocles Leontis (Chair), Mark Gromko, Milt Hakel, Tom Klein, Becky McOmber, and Donna Trautman) unanimously endorses the creation of Community Time for BGSU.

RESOLUTION
BGSU EMPLOYEE WELLNESS PROGRAM

WHEREAS, on October 9, 1997, a subcommittee of the Health, Wellness and Insurance Committee drafted a Wellness Plan for BGSU. Phase I of this plan involved creation of a BGSU Employee Wellness Program with an estimated annual budget of $44,000, to include Education/Awareness Information; Health Screenings; Incentive Programs; and, Staffing of a Graduate Assistant; and

WHEREAS, this plan was endorsed by the Health, Wellness and Insurance Committee and recommended to President Ribeau in a letter dated December 8, 1997; and,

WHEREAS, Administrative Staff Council is committed to working proactively for the welfare of all members of the University community; and

WHEREAS, health promotion literature suggests that approximately 5 percent of the total health dollars of an organization should be devoted to health and wellness promotion and programming with a return in investment of $2 to $6 savings in health care expenses for every dollar invested in preventive programs; and

WHEREAS, currently the University offers no formal, centralized program for efforts regarding health, wellness and fitness promotion for employees;

THEREFORE, BE IT RESOLVED, that the Administrative Staff Council, jointly endorsed with Classified Staff Council and Faculty Senate, the Wellness Plan for BGSU, and recommends implementation of Phase I during the 2000-2001 fiscal year.

Notes on ASC Executive Committee meeting 10/4/99

- Legions update
  * positive experience, affirming what depts. have been doing right

- PWC meeting
  * Donna Witwer has come up with a list of those AS below midpoint
  * interest in establishing a wellness program for employees

- Fee waiver
  * will not be presented at this month's BOT meeting b/c some
  problems with the current charter make it look as though there would be
  inequities favoring AS above faculty (charter was not changed and should
  have been)

- BOT
  * Mary Beth to discuss ASC goals and our progress on them, will
  express AS gratitude to President, Provost, and HR for willingness to work
  with us toward goals

- Open records info
  * (discussed Terry Sharp's memo): "The Columbus Dispatch has made a
  public record request of all 13 state universities and medical colleges in
  Ohio to obtain information on faculty and administrative staff compensation
  for the 1998-99 academic year. Because the information sought falls into
  the category of public records, it is being provided to the newspaper"

- Monday opening fall 2000 has been adopted and a committee formed to
  address anticipated problems

- Performance Evaluation
  * IPR report has identified some concerns: process generally seen as
    OK, tool not well rec'd, conclusions based on a fairly low response rate

- HR
  * compensation position was not filled, search to be re-opened after
    the position description is re-written

Notes on ASC Executive Committee meeting 9/20/99

- Provost meeting update
  * School start early (listproc traffic, Lisa McHugh and Claudia
    Clark to research
  * other institutions and share results w/Dr. Dobb and ASC)
  * Merit letter (Nov. 18th deadline)-(each area will need to define
    "unit", Mary Beth
    Zachary to meet with IFR October 1)

- Fee Waiver went to President's Cabinet 9/13, going to BOT Oct. meeting

- PWC meeting (Becca/Donna)
  * Informational
  * Goal clarifying

- Falcon Creed
  * Email from Eileen to Legions (shared with ASC listproc, consensus
    was this was
    probably redundant)

- Fall reception check-in
  * all systems go

- Schedule
  * exec meetings changed to Mondays today and next 4 meetings, then
    back to
    Tuesdays, Spring meetings EOW starting January 11th

- Monitor article
  * feedback solicited, none received

- Upcoming meetings w/Eileen Sullivan, our new liaison to Dr. Ribeau (Wed.
  Sept. 22) and
  with Dr. Ribeau (October 11)-possibly share our progress towards ASC goals

- Distribution discussion (re: ASC compensation plan, the $160,000 earmarked
  for this)
  (will we have the opportunity for input?, issues we hope will be looked at
  in this
decision, the need to see the data before advocating a particular
position, how do
market exceptions figure in the distribution?, perhaps have Donna come to
exec or
full council to explain the data) PWC/exec ?

    * Compensation plan for this year (what's it going to look like...our goals!)
    # Developed by HR (esp. Donna Wittwer) with ASC committees (Executive, PWC and Salary)
    # Merit letter (being sent out tomorrow to all supervisors of Administrative Staff, will include samples of merit documents from 3 units)

- Other PWC issues (potential goals, issues to be explored)
  * reviewing grievance procedure for denial of request for adjustment, fee waiver issues, weather policy, terminal contracts/vacation benefits, internal promotion issue (Becca: 50% of positions where there is an internal applicant, the internal applicant is hired; BUT is this more likely for CS than AS and what about appointees?), why non-renewed contracts cannot be are not subject to a grievance procedure (Becca: we are all "at will employees")

- Falcon Creed
  * discussion led to the decision to take no formal group action at the present time

- Fall "get-together" (September 30th on President's calendar)
  * assignments: all preparations are well in hand, decorations being covered by ASC budget
  * program: John Hartung to present the Ferrari Award, scholarship recipients will be presented by Jim Elsasser

- Schedule: possibly changing next 5 meetings to Mondays 11:30-1:00 (location TBA) pending checking in with absent members (update 9-13-99: Monday meetings are confirmed and will take place in Club 57 as usual)

- Membership issues: Nancy Vanderlugt for Academic Departments area and Joe Luthman for Technology area were nominated and approved as appointees to complete the terms of reps who resigned. (update 9-13-99: Joe Luthman has also agreed to complete Deb Wells' term on Exec)

- Monitor article on ASC goals out next Monday

This is a reminder for those of you who have not yet selected a committee on which to serve as part of your requirement as an ASC representative. The following is a list of those who have already volunteered. If your name has inadvertently been left off or you have not yet made your preference known, please contact Paul Lopez, ASC chair, as soon as possible at: lopez@wbgu.bgsu.edu.

The ASC handbook contains descriptions of the activities associated with each of the committees. If you have misplaced yours, please let me know by Friday morning and I will send you a copy by mail or fax. Many thanks to those of you who have already agreed to serve.

Agenda for Firelands meeting on Thursday, July 15th

7:30am...Meet at Ice Arena parking lot to carpool for trip to Firelands

9:45am...ASC Exec meeting at Firelands Bettcher Room in the East building (We'll be determining ASC goals for the coming year)

11:45am...Lunch at Damon's

Return to BGSU after lunch...

I've gotten messages from Linda, Laura and Deb Wells that they cannot make this meeting. Please get back to me on whether you can make it or not so I can call John Hartung (one of our Firelands reps) at Firelands with the number we have for lunch reservations.

Thanks,
Paul
ASC Executive Committee Meeting
7-15-99 Firelands

Summary

Deb Boyce discussed the June Board of Trustees meeting, primarily the Compensation Plan. Points of discussion included the apparent assumption by the board that the Mercer report addressed the issues of placement, progressing, and caps, which, in fact, it did not. Mary Beth Zachary suggested that we design an exit interview for departing AS to find out why they leave when they do (to research the question of why AS stay at BGSU if they are so unhappy with their salaries). Other points of discussion were the location of the list of where all AS are in their ranges and data bases being built by Becca Ferguson based on salaries in NW Ohio and SE Michigan. Deb also mentioned the changes to the anti-harassment policy that were discussed at the board meeting.

Mary Beth Zachary discussed issues from the BOT Finance Committee meeting including the doubling of parking fines, the desire for local control of the enrollment cap, reassignment of ERIP money to fund new faculty positions, the intercollegiate athletic budget, the tuition increase, and the increase of fees in the School of Art.

Paul Lopez reviewed the ASC priorities for Human Resources (see previous e-mail dated July 6th), all of which are tied to the suggested ASC goals for 1999-2000. The remaining suggested goals will be discussed at the July 27th meeting. Paul also mentioned that we need to finalize membership and leadership of the various ASC Standing Committees, many of whom will be charged with specific ASC goals.

Next meeting: Tuesday July 27th; 11:45am-1:15 pm; Counseling Center group room; 320 Saddlemire Student Services Building (bring your lunch-soft drinks and "munchies" are available in the bookstore on the first floor)

Mary Beth/John...FYI, received this answer to my inquiry on March 31, 2000.

Paul:
Very quickly

Issue 1 - Sick leave reserve also called Sick leave banks:
I will have to do some research in the Ohio Revised Code. I know the Code allows for classified staff paid by "Warrant of Auditor of State" (not us) for a form of this to occur. Also, I know that the Code allows for classified staff unionized for this issue to be subject to bargaining.

I don't know of anything that bars us from doing this for administrative employees - the question is does the code bar us for doing it for classified staff. I can not promise the research would be done in time for a meeting next Thursday.

Issue 2 - Vacation time be converted to scholarship funds.
I have copied Gaylyn Finn on this response so he can jump in if I am wrong. It is my understanding that vacation, sick leave and personal leave are unfunded liabilities - in other words monies are not set aside for these leaves. They are paid for when they are accessed and in accordance with policy are funded at the time of separation or retirement, if policy dictates. Therefore there is no money to be transferred to any account to be utilized for scholarships.

Becca...
What's the feasibility of this stuff (below)? I'm asking because a rep will be bringing it up with the President next Thursday at our ASC meeting.
Thanks,
Paul

>>>1). I would like to have the ASC, in concert with CSC, investigate the possibility of building community at the University in two ways. The first is the creation of a reserve sick time fund. University staff that wish to contribute would fund the reserve account and be allowed to draw need time from the reserve. Currently, a staff member accrues sick time for their use. This reserve fund would be for their use, if they contribute, and for anyone else that contributed that may need more than they have accrued. This would help members that need long-term time off, say for an ailing parent, or child. Set the contribution to the reserve account at 20 percent. The University would benefit by creating less of an accrued liability for accrued sick time by 20 percent. Also, the reserve fund would not be paid out as a person retires; thereby, also reducing the liability to the University. For this benefit to the University the employee would be allowed to use sick time from the reserve.

>>>2). The second request is that excess accrued vacation time of employees be paid to the Foundation and placed into the scholarship funds. Currently many staff at year-end must forfeit excess accrued vacation that they have not taken. Currently the excess vacation time lost is a total benefit to the University and a loss to the employee. If the excess vacation time loss would be paid to the University Foundation could help all three. It would create a tax donation benefit to the employee for the payment to the Foundation, the Foundation would receive the donation for assisting worthy students that have a financial challenge. The real benefit is back to the University and the community for each new student that can be admitted increases enrollment; which, increases class sizes, need for faculty, need for staff, need for book sales, and many other services. Also, EACH student is important to the success and survival of the University, its programs, and our BGSU mission.
