Memorandum

To: Ed O'Donnell
From: Pat

Enclosed is information from the last Exec meeting for your information. The list of presidential qualities is compiled from responses to the memo I sent to ASC members and is not edited. We have decided that each person on Exec should work on the list of presidential qualities by putting them in categories, i.e., administrative qualities, and/or editing before we submit the list to the Trustees. Please do what you can and bring to the next meeting on July 26.

Also enclosed are concerns that have been sent to me which we will begin to look at soon in order to set our goals for the coming year.

Exec also decided to recommend to the Board of Trustees that I, as chair, be on the presidential search committee. We are also submitting three other names: Marshall Rose, Bryan Benner and Jill Carr.

For our next meeting I would like to finish the presidential qualities, take a look at constituent concerns and begin to set our goals.

If you cannot be at the meeting and have any input please let me know before the 26th. Thanks!

ASC Concerns
1994-95

- Help everyone learn to use e-mail
- Obtain a budget for professional development
- Day care
- Revisit or mission - What are we about - making BGSU a better place for as staff or playing a role in making BGSU better - period. We should examine ways we might be considered integral to the university.
- Salary improvements
- consistent evaluation procedures
- return across the board and merit to 60/40 unless consistent merit evaluations occur
- Increase employee contributions to health care at a minimum by offering multiple options
- Lay foundations with CSC and Faculty Senate for a university body that represents all constituent groups
- Secure an overall salary and benefit package that ranks BG in the number 4 position or higher.
- Work to address the issue of gender equity and provide for a fair system of market adjustments. If the salary increase is to be determined by merit we need to know what the criteria is going to be prior to the contract year
- Continue to address the issues of excessive workloads especially where it applies to non-replacement of positions and increased workloads
- Seek professional development funds again
- Discuss and develop recommendations and procedures for a grievance procedure for non-renewal of contract
- continue to work for creation of consistent evaluation process for all administrative staff
- Clarify BG family leave policy - re maternity leave for classified and administrative staff (4 mo for administrative and 6 for classified) also - if two persons work for BGSU it appears they are allowed only to split the 12 week leave - what if a child or parent is very ill?
- Health care - the continuing saga
- Equality of treatment and pay regardless of gender, race, class, preference etc.
- Interim position pay scales
- More with less philosophy leads to longer hours, more responsibility, but not often more funding. Admin staff may be most vulnerable to that concept. Can we do anything?
- Increase the % of sick leave paid at retirement - currently it is 25% and other universities are paying a higher %
- Involve members who continuously volunteer to be put on committee ballots but are not chosen because they don't have jobs that are high profile. Many of the same people appear to belong to more than one committee and/or serve as officers. We are here and we want to participate!
- Clarify what market adjustment, equity adjustment and promotion and procedures for all.

Ad Hoc Committee for Internal Affairs

RE: Recommendations for Council

DATE: July 25, 1994

Per our recent conversation, I am forwarding a summary of ideas the Internal Affairs Committee has been discussing.

1. It is clear that ASC members are disgruntled with the attention Council receives from Personnel. We recognize that Ann Marie Heldt's support of the group a few years ago was unique. However, most people believe our ideas don't receive any support outside our ranks. We'd like to see Pat Patton attend our meetings. Perhaps she could lend some insight on the issues we pursue. We would also like to see VP Martin at least two times throughout the year. Maybe he would have a better understanding as to our goals, as well as perspective on why our efforts seem to fall short of Ad Council support.

2. We would like to make immediate changes in the way "For the Good of the Order" is handled. If people have nothing to share, why watch them shake their heads "no?" Consideration may be given to creating an information table where representatives may leave materials for view by other members before departing.

3. We would like to continually and actively devise a more appropriate physical set-up for meetings. We could solicit ideas from Council at meetings and re-arrange the set-up then and there. We also recommend that officers be visible, i.e., up and greeting members as they walk in to the meeting.

4. More people need to be involved in Council, either on committees or in constituent relationships. Our suggestion is to hold lunch meetings inviting all administrative staff members to discuss or vent concerns, possible goals, and potential ways to get them more involved in the life of Council. These meetings could be held monthly from 12:00 to 1:00,
the regular monthly meeting taking place from 1:15 - 2:30. We believe officers should be present at these meetings.

- 5. We've decided a more formalized, committed effort needs to be placed on orientation for new members. We suggest a meeting for first-time (and whomever else decides they need it) members to discuss their needs and concerns as they approach a three-year commitment to Council. We could go through the Orientation Handbook to determine its utility--what needs to be changed, added, deleted? We could also suggest going over an ASC meeting agenda to uncover questions and concerns about procedure.

The Internal Affairs Committee suggests holding this meeting after the first Council meeting. By that point new members should have plenty of unanswered questions. We believe October 6 will be the second meeting. If so, we could meet over lunch, gather ideas, and then proceed with the larger meetings. There's no better group of people to suggest what they're missing from the experience than the new members themselves.

Please let us know what you're thoughts are on this memo. We are ready to proceed with and accomplish numbers two and three. After that, number 5 holds the most interest. Number four is worth a try any time soon.

Number one may take some special effort, but we believe it is necessary.

Diane Regan and Deb Wells will be at Exec Committee to discuss these concerns with you.

Memorandum

To: ASC Executive Committee
From: Pat Green, Chair

As we move into the new academic year, I wanted to take some time to update everyone on what Exec has done this summer so we are all on the same base (at least for a while):

- Presidential Search
  We submitted four names to the Board of Trustees for consideration. We also wrote a leadership statement that represents interests of all administrative staff. Many thanks to Diane Regan for doing most of the work on the statement. A copy of the final document is enclosed. I understand the Trustees will be meeting on Monday, August 22, to select the members of the committee.

- University Open House
  We decided that ASC definitely needed to participate as a group. We will "person" the various information booths around campus as well as distribute helium balloons throughout the day. We will need volunteers for both of these. Some people have already indicated their willingness to volunteer. Bryan is trying to find someone who will coordinate the Open House from the External Affairs Committee.

- Fall Reception
  The reception will be a week after Opening Day again this year to encourage more people to attend. We are also having it in Glacamp Hall. Bryan is working with Dave Crooks on a prize for receptions and coffee at meetings.

- Reproduction Costs
  Once again this year we will take turns photocopying the minutes to avoid spending our whole budget on minutes. Barb will set up a schedule.

- Council Meeting Locations
  It was suggested that the whole council meet in different locations around campus if possible. Ed O'Donnell is going to look into the availability of Founders for a meeting.

- ASC Mail List on OPIE
  Many thanks to Deb Wells for setting up the mailing list for administrative staff on OPIE. So far, any council member who has an e-mail account is on the list. All administrative staff will be invited to participate. Deb will add persons as requested. She will also be getting some instructions out soon for using the list. This adds another dimension to our communication abilities with all staff.
August 16, 1994

- Internal Affairs Recommendations
  The Internal Affairs Committee has done an incredible job of putting together some immediate recommendations. Exec has agreed to the following:

  We will try to get Bob Martin to an Exec meeting so he will have a better understanding of some of our issues.

  We will no longer go around the room for The Good of the Order, but try different things such as having an information table with literature set up, picking a VP area to report at a given meeting etc. At the September meeting we will have a personal information good of the order.

  We will rearrange the tables if necessary during the meeting to continue to find a better set-up.

  Officers will be visible and great members as they come in.

Beginning with the October ASC meeting, administrative staff will be invited to join council members for lunch from 12:15-1:15 p.m. to open lines of communication, discuss issues etc.--tables will be set up with a designated facilitator at the table--internal affairs will figure out the logistics of whether to have lunch in another room etc. Concerns will be compiled by Internal Affairs for presentation to Exec.

The September ASC meeting will be structured differently. I will give a brief welcome but not do any real orientation to ASC. The internal affairs committee will meet with any member of council who is interested prior to the October meeting for an orientation to Council. Also at this meeting there will be a few necessary reports, but the bulk of the meeting will be spent breaking down into groups to identify the areas of concern that will generate next year's goals. We will not concentrate on language, but on substance.

Enclosed is a list of topics that Exec will look at next week and prioritize what we believe should be areas of concentration next year. The results of our meeting on the 23rd will be distributed to all council members and be the basis for our small group discussions at the September Council meeting.

- President Olscamp has been invited to speak at either our October or November meeting. He also has been asked to say a few words at our Fall Reception.

I am sure I have left some things off this list, but it should help bring everyone up to date. I plan to send another memo soon to all staff inviting them to join us for lunch and also to join the ASC computer list.

I hope to see you at Exec on August 23 in the Canal Room. Get ready for a busy and great year!

EXECUTIVE OVERVIEW

DESIGN AND IMPLEMENTATION OF A JOB ANALYSIS AND COMPENSATION PROGRAM FOR ADMINISTRATIVE/PROFESSIONAL STAFF

Bowling Green State University has planned a two-tiered committee structure (executive and steering) to participate in and monitor the activities of developing and implementing a job Analysis and compensation program for the administrative/professional staff. Technical, consultive and administrative support will also be provided by faculty from the Management Department, a graduate student and personnel consultants. As part of the team effort Bowling Green State University has requested and received a proposal from William M. Mercer, Inc., Columbus, Ohio for the design and implementation of the job analysis and compensation program for the administrative staff. Presently, the University has no formal process in place for analyzing and evaluating administrative/professional staff positions. The recent Department of Labor audit has recognized this and has recommended that the University take action to provide an environment where administrative/professional staff with same or similar job responsibilities are compensated accordingly.

Mercer has been selected as the organization to use because of their familiarity and experience with a number of state-supported colleges and universities. These include Kent State, University of Miami, Ohio State, Ohio University, Shawnee State, Wright State and the University of Youngstown. Mercer has also provided services to the State of Ohio. Their experience in the public sector, together with the satisfaction received by the other schools who use the services of Mercer, made this organization a good one to use to develop the program.

The program will produce the following items as part of the project:

- Development of the job specific information on all the approximately 450 administrative job titles within the University.

- Development of job descriptions tailored to meet the University's needs as well as complying with appropriate laws (EEO, ADA, etc.).

- Determination of appropriateness of job titles and making changes as necessary.

- Development of a customized point factor methodology to measure the value of each administrative/professional staff position on an objective basis.

- Compilation of market salary data and development of a compensation structure tailored to Bowling Green State University's unique needs and circumstances.

- Development of analysis to determine necessary individual compensation costs and job title adjustment.

- Preparation of a final report outlining study methodology to include documentation and recommendations arising from the project.

Memorandum

To: Dr. Les Barber, Executive Assistant
to the President

From: Pat Green
Chair

On behalf of the Administrative Staff Council Executive Committee, I would like to request that the Board of Trustees allow the chairs of all constituent groups to report at the regular Board meetings. Since there are Constituent Reports on the agenda, it seems logical that all five groups represented should have an opportunity to briefly report with the members of the Board. This also would enhance the concept of shared governance.

From a personal perspective I found when I did my interviews last year for the Non-Academic Functions Committee, there was an attitude among staff in general that they were regarded as “second class citizens” and not acknowledged for their hard work. Unfortunately, small things like not speaking at Board meetings reinforces this kind of attitude. Reporting to the Board would send a positive statement to staff that they are recognized individually and as a group.

Thank you for your consideration.

Pat Green
Photochemical Sciences

Dear Pat:

I am writing on behalf of WELLNET (the BGSU Wellness Network) to inform you of our plans to implement the 3rd Spring Employee Enrichment Day, otherwise known as the Employee Wellness Day. Hundreds of Bowling Green State University employees (faculty and staff) participated in the 2nd Spring Employee Enrichment Day, March 17th, 1994. The purpose of the day was to promote employee health and wellness and welcome spring! Many people participated in the Wellness Feud game and took part in demonstrations of line dancing, massage, cooking, calligraphy, gardening, tai chi, stress management and relaxation.

The goal of the '95 wellness day will again be to help build a supportive and constructive work setting and to improve the personal well-being of employees at all levels within the community. After evaluating the outcome of the wellness day, the committee is enthusiastically looking forward to planning activities for 1995! We would also like to extend an invitation to the Administrative Staff Council to appoint a representative to serve on the planning committee.

Committee members are currently seeking support from the Administrative Council in terms of allowing release time for all employees to participate in the wellness day activities. Please do not hesitate to contact me if you have any questions (372-7482). Thank you again for your support.

Sincerely,

ASC Goals 1994-95

- Participate in the Mercer Group's job analysis and compensation study for administrative staff.

- Seek ways to ensure consistent application of policies relating to the welfare of administrative staff across vice presidential and presidential lines, including annual performance evaluations, merit evaluations, salary adjustments, etc. Continue active participation in development of standard performance evaluation procedure for all administrative staff.

- Continue participation in planning for a university-based day care center: pursue establishment of an advisory committee to assure quality programming and access for all university constituent groups. Pursue Firelands needs for day care. Examine dependent/elder care (long range).

- Pursue implementation of a clear policy and procedure for addressing wage issues: market adjustments, promotion, equity adjustments, gender inequities, etc. Distribute the approved procedures to all staff.

- Secure an overall salary and benefit package that ranks BGSU's administrative staff in the number four position or higher statewide. Review and make recommendations on future distribution of salary pool with particular attention to how the merit is awarded i.e. dollar amount vs. percentage split.

- Address issues related to increased workloads, e.g., development of interim/acting appointment pay scales and the possibility of alternative means of compensation/recognition.

- Work with Personnel on the issue of Administrative Staff fringe benefits with a view to equalizing some benefits among employee groups e.g., examine consistency of policy with regard to maternity leave, unpaid leave, family leave, benefits for couples when both are employed by the university.

- Establish procedures within ASC for handling policy proposals within an appropriate time frame including those which require Administrative Council action; establish a mechanism for follow-up including determination when to drop a proposal.

- Expand communication links among administrative staff; explore potential for e-mail, interest groups, networks for staff members of similar expertise or interest; find ways by which administrative staff can help one another in the workplace; examine ways to improve representative/constituent contact including the way Council elections are held.

- Seek to establish professional development funds to allow for staff participation in professional development opportunities.

- Examine staff development leave potential and develop recommendations/criteria for paid professional leave for administrative staff.

- Continue to raise funds to meet the goal of $35,000 or more for the scholarship corpus.

- Participate in presidential search process on behalf of administrative staff.

MEMORANDUM

TO: Pat Green, Chair Administrative Staff Council

FROM: Les Barber, Executive Assistant to the President

RE: Constituent Reports at Board of Trustee Meetings

This is a response to your memo of September 26, 1994, which I subsequently forwarded to President Olscamp and to Judge Connally.

Following discussion of the matter last weekend, the President and the Board asked me to schedule constituent group reports from both Administrative Staff Council and Classified Staff Council at each regular Board of Trustees' meeting. These reports, which will be scheduled along with those from Faculty Senate, the student governing bodies, etc., should be limited to three (3) minutes each.

This should be welcome news to both Classified Staff Council and to Administrative Staff Council. I know that I speak for the Board members and the President in saying that we look forward to participating in this new opportunity to hear the thoughts and concerns of University employees.

Re: December Meetings

Our Executive Committee meetings are scheduled for December 13 and 27. On the 13th we will meet at 11:45 a.m. at Trotter's Tavern in downtown Bowling Green for lunch. There will be one agenda item that we have to approve from Personnel Welfare. Other than that I believe we can relax and enjoy the fellowship! We certainly deserve it.

The meeting on December 27 is canceled. If I don't see you at the next exec, have a wonderful holiday.

Administrative Staff
Constituent Satisfaction Survey

Surveys Returned: 142

Administrative Staff Council members are currently elected at-large from a Presidential/Vice Presidential level.

1. Is the at-large election process manageable (i.e., even though the group you choose from is large, in general do you know enough about the candidates to cast a reasonably informed vote about the adequacy of the individual to serve)?

   __62__ Yes __78__ No

   Comments:
   
   Being collated separately

2. Do you think the election process/outcome could be improved by breaking the large Vice Presidential pools into smaller constituency groups (maybe on the basis of geographical location or related departments where people might have more opportunity to know one another or to interact on a more frequent basis) so that smaller groups would elect one person whose responsibility it was to "represent" them?

   __98__ Yes __37__ No

   Comments:
   
   Being collated separately

3. Do you think the accountability (ability to represent the desires of the constituents) of representatives would be increased if they are elected from within smaller designated groups?

   __97__ Yes __34__ No

4. Is increased accountability for Council members a desirable goal for us to be working toward?
5. Over the course of the past three years, would you say you have been "well-served" by your Administrative Staff Council representative?
   \[\begin{array}{ll}
   \text{Yes} & 87 \\

6. How often did you hear from this person annually?

Comments:

9. Would you say it's also the responsibility of the ad staff employee to contact the representative if there is a problem or concern?
   \[\begin{array}{ll}
   \text{Yes} & 135 \\
   \text{No} & 6 \\

10. Are you comfortable with contacting your Ad Staff Council representative if you don't personally know the individual who represents you?

To: ASC Executive Committee  
From: Pat Green, Chair  
RE: Exec Meeting on 2/28/95

Executive Committee has a very full agenda next week. Two major items must be accomplished:

• Brainstorm the salary issues for David Bryan's meeting with ASC on March 9.
• Brainstorm questions on behalf of all administrative staff for presidential search candidates.

The first candidate will be on campus Thursday, March 2, and Friday, March 3. At this time I do not know when the session has been arranged for ASC to get together with the candidate. We have a very short time to get ourselves organized.

I would like to suggest that we begin our meeting on Tuesday as close to 11:30 a.m. as possible and consider meeting again before Trustee Bryan speaks on March 9. We can decide on Tuesday.

See you Tuesday.

Administrative Staff Council

FROM: Robert L. Martin
Vice President for Operations

RE: Proposed Administrative Staff Handbook Revisions

I apologize for the delay in responding to your request for changes to the Administrative Staff Handbook. Discussions concerning this have occurred within the Administrative Council and two courses of action are underway at this point. First, we are in the process of conducting an administrative and legal review of the University's current benefits relating to Family Medical Leave Act and maternity leave that should be completed within the next three to four weeks and the results will be discussed with your group. We have also decided to defer any response to the pay related suggestions you have made. We believe the results of the University study of administrative staff compensation (Mercer Study) will provide the University a basis for evaluating levels of duty and the appropriate pay windows as duties change. We will discuss the impact of that project with you at that time.
