What's for lunch?
Campus dining rooms offer taste of variety

If the question is, "What's for lunch?" the answer is "Just about anything you'd like." The place to go is right on campus.

A wide variety of good food at reasonable prices is not hard to find in the University dining facilities, which this summer were twice cited for excellence by the National Association of College and University Food Services.

One award, acknowledging excellence in menu concepts and the preparation and distribution of food, placed the dining hall program second in the nation among the association's members. The other recognized a specialty meal, "Dining with Disney," featured last year in Commons Dining Hall.

Although several campus dining spots are already popular with faculty and staff, food operations administrators believe a taste of the full range of facilities would entice more University personnel to spend their food dollars on campus.

In addition to the convenience of eating near the work place, Monna Pugh, director of residence dining services, said faculty and staff who work on campus keep their dollars within the University, allowing for a level of quality and service in food operations which might not otherwise be possible.

And the cost of eating on campus is no higher than going elsewhere, Pugh said, explaining that although prices may be priced five to 10 cents higher, beverages are usually priced at much lower than those purchased off campus.

But it is the variety of foods available which really tempts the palate. Salads, sandwiches, hot meals and soups are all on the daily menu, as are a few other specialties.

The other specialty shop, The Dell, is situated in one corner of McDonald Quadrangle. At the dell, customers build their own sandwiches or invest in a variety of soups. Meals and cheeses are purchased by the ounce.

Most faculty and staff are familiar with the Pheasant Room on the second floor of the Union, which serves lunch from 11 a.m. to 1:30 p.m. Monday through Friday and from noon to 2 p.m. on Sunday. Twelve sandwiches are offered, as well as soups, salads, daily specials and dessert.

Tuesday, Wednesday and Thursday evenings from 4-6 p.m., the Pheasant Room is converted into "Dining for a Small Planet," a restaurant offering vegetarian fare. Beverages include herb teas and spring waters.

Also open during the evening is the Truck Stop in Commons Dining Hall, a cafeteria where the portions are extra large. Sandwiches such as the "usual cafeteria fare, soups and a salad bar. And a popular salad bar, where foods are priced by the ounce, is in Founders Dining Hall.

One of the most popular food faves is in McDonald Quadrangle, where there are two specialty shops in addition to sandwich and hot food lines. The Towers Inn, a steak house which offers such favorites as spaghetti and meatballs and a full line of ice creams and other desserts, is open Monday through Friday, 4:15-6 p.m.

Approximately 1,500 young men from high schools throughout the state were on the campus in June participating in the American Legion's Buckeyes Boys State, which was one of several conferences hosted by the University last summer. The summer was the most successful conference season ever for the University, with more than 7,000 people visiting the campus.

From Boys State to barbershop
Booming conference business draws 7,000 summer visitors

When Jim Sharp, director of conferences and arrangements, talks to anyone about Bowling Green, he emphasizes service.

Sharp, who schedules conference groups into University facilities during the summer months when residence halls are minimally occupied, says his job of "selling" the University is really not too difficult. And the reason, he says, is that everyone involved in hosting the conferences -- from telephone operators to food service personnel, housekeepers and maintenance staff -- offers "red carpet service" to every group.

The University has just completed its most successful conference season ever, hosting groups which ranged from Buckeyes Boys State to a Mennonite General Conference which brought 4,000 people to campus for a week in August. Bowling Green has hosted the American Legion's Boys State the past four years. Each of those years some 1,500 high school juniors have moved into Offenbauer Towers for a week of government-related activity in June.

More than 7,000 people visited the campus last summer as conference participants, Sharp said, noting that in addition to the Mennonite and Boys State groups they included Owens-Illinois managers, a group of Lebanese students, tennis and soccer players and 300 women barbershop singers.

Those 7,000 people generated about $450,000 in gross income for the University, Sharp said. But the dollar figure does not tell the entire story for the University.

Conferences also provide jobs for food service and housekeeping staff who might otherwise be laid off for the summer and a limited number of jobs for students who act as guides for the conference groups.

In addition, Sharp said, each of those 7,000 people is a potential recruiter for the University.

Conference participants routinely receive admissions materials in their information packets, and if they "go away feeling good about the University," they become powerful recruiters, Sharp said.

"We have a beautiful campus. People who visit here see that we take pride in everything we do. That speaks well for the entire University," he added.

Sharp said that although the University can not offer all the conveniences of a motel, such as television and a private bath in every room, it is a place that is relatively free from crime and one where people go out of their way to help each other.

"We pride ourselves on service," he said, adding that the University has some things a motel or big city convention center can't offer. Last year, for example, when one conference group requested that a trapeze be constructed in Kibacker Hall for a special presentation, the maintenance staff did just that.

Conference participants also are given full access to all University facilities, including the Student Recreation Center and Moore Musical Arts Center.
Academic Council

Academic Council approved at its meeting Oct. 7 a new general degree requirements for baccalaureate, associate, and doctoral degrees for the spring semester of the early summer calendar.

Board of Trustees Acting provost Eriksen, a memorandum from interim President Ferrari asking academic Council to examine possible timetable changes as the semester calendar conversion occurs. Dr. Eriksen appointed a subcommittee of the Council to develop a plan for use in the study of those duplications.

Frazier Reams Jr., president of the Board of Trustees and chair of the Presidential Search and Screening Committee, announced at the Board meeting Oct. 9 that the entire four-week spring semester will begin the second week of February, despite a request from the Faculty Senate for certain information about the search be released. Reams, who said the committee had not made a decision, said that a good plan and a timetable that is realistic and workable there will be no breach of confidentiality in the committee's work. The members of the Board of Trustees were explicit in their instructions to the president and, to the other members of the committee in their replies that confidentiality be maintained. "Uppermost in all our minds is the consideration that we want the best person, slightly more than a year to lead the University in the 1980s," he continued, adding that the committee wants to take every precaution to ensure that qualified applicants apply without fear of jeopardizing their present positions.

The Charles Shanklin, Millford Center, echoed Reams' reaffirmation of the confidence of the committee has taken, noting that the present procedure is the same as that used in the former President Moore. And that members of the committee welcome input from all constituencies of the University regarding the committee's task. The By-laws approved policy which states the University's official position on sexual harassment policy, written by the Office of Equal Opportunity Compliance and in sexual harassment approved by Faculty Senate last spring, is a formal statement that the University does not condone sex harassment. The policy applies equally to faculty, contract and classified staff, and students and is in keeping with the spirit and intent of the guidelines on discrimination because of sex.

In the policy, sexual harassment is defined as "Unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when: -Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic pursuits; -Submission to or rejection of such conduct is used as the basis for employment or academic decisions affecting an individual or when: -Such conduct has the purpose or effect of unreasonably interfering with an individual's employment or academic performance or creating an intimidating, hostile or offensive working or educational environment." Dr. Reams stated that it is a violation of University policy both for any faculty, staff or student to retaliate against anyone bringing forth an honestly perceived complaint of sexual harassment. The Office of Equal Opportunity Compliance will coordinate and implement the policy on a University-wide basis, setting up procedures for the hearing of a complaint according to procedures outlined in the policy. The policy also approved a revised version for the Graduate Student Senate and heard a presentation on the proposed student body constitution which will be approved or disapproved by the students at an election early next month. The Board is scheduled to act on the proposed document at its meeting Oct. 9.

In other business, the Board approved grants and contracts for the month of July which brought the total for fiscal year 1980-81 to $89.3 million for the current academic year in grants and contracts has been released to date for the fiscal year 1981-82.

Enrollment

In his report to the Board, Interim President Ferrari noted that as of Oct. 9, projected headcount enrollment for the University, including the main campus, Finelands and extensions, was total 19,413. Of that total, 17,266 students are projected to be enrolled on the main campus, which equates to a main campus FTE enrollment of about 18%. The headcount enrollment is less than that of fall 1980-81 because of the large number of students, which puts the University on target in its three-year planned enrollment rate. In the proposed document at its meeting Oct. 9, a formal statement that the University does not condone sex harassment. The policy applies equally to faculty, contract and classified staff, and students and is in keeping with the spirit and intent of the guidelines on discrimination because of sex.

In the policy, sexual harassment is defined as "Unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when: -Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic pursuits; -Submission to or rejection of such conduct is used as the basis for employment or academic decisions affecting an individual or when: -Such conduct has the purpose or effect of unreasonably interfering with an individual's employment or academic performance or creating an intimidating, hostile or offensive working or educational environment." Dr. Reams stated that it is a violation of University policy both for any faculty, staff or student to retaliate against anyone bringing forth an honestly perceived complaint of sexual harassment. The Office of Equal Opportunity Compliance will coordinate and implement the policy on a University-wide basis, setting up procedures for the hearing of a complaint according to procedures outlined in the policy. Psychologists' book brings together 400 years of scientific thinking

Three psychology faculty explore the history of their discipline and argue that science is a cognitive phenomenon in the new book "On Scientific Thinking." To be available in hardcover Oct. 25 in paperback early next year, the book brings together in one volume the history of all the major psychologists, including Francis Bacon, Jean Piaget, Locke, Descartes and Albert Einstein.

Dr. Tweney, Michael E. Doherty and Clifford R. Mynatt, editors of the 450-page volume, seek to establish a psychological basis for the empirical investigation of science itself through a collection of articles written over the past four centuries and ranging from theoretical papers on the nature of science to the most recent research reports on scientific creativity.

The book includes writings by more than two dozen scientists, psychologists and teachers of psychologists, including Francis Bacon, Jean Piaget, Locke, Descartes and Albert Einstein.

The editors of one-third of the book have been written by the editors who report on their own investigations of scientific thinking since 1973. Their research has been to demonstrate how scientists use hypotheses and confirm or disprove hypotheses, and with the result that both scientists and students bring to the task of scientific thinking.

The editors have found that scientists have widely varying strategies for approaching problems. Some rely on imagery, as Einstein describes in "On Scientific Thinking." Others say analogies and metaphors contain no special advantage. While "no one approach is true of all scientists," Dr. Tweney said they do have one thing in common. "At the heart of all scientific investigation is discovering hypotheses." From a "psychological point of view," he continued, "that is difficult to do. It takes effort and discipline to change when the facts warrant. Without it (changing an) old (scientific) theory, one can't progress as much as he has." The research, funded in part by the Research Services Office and in part by the psychology department, led the faculty members in 1976 to believe that a project which had resulted in publication of "On Scientific Thinking," a book they view as a starting point for further detailed studies of science itself.

"In the 17th century," Dr. Tweney said, "there has been an evolution in the way scientists operationally distinguish different kinds of scientists, rather than isolated individuals, conduct research. They've been brought together in part by the extent of their investigations and in part by the rising cost of research." Dr. Tweney said he and his colleagues believe "On Scientific Thinking" will have broad appeal among those in all science fields as well as psychologists, and that future studies in the psychology of scientific thinking could have implications for educators as well as scientists.

Information Center.

Daniel Tutelo, educational curriculum and instruction, "11th Grade Scolastic: Neat English!" (The Principal in the United States), an article in Direzione e Scuola (Direction of the School) for a journal for school administrators in Italy. Doris Williams, home economics, co-author, Susanne P. Johnson, University alumna, in writing and publishing a series of eight booklets entitled "Shaping Your Self Esteem." Each booklet deals with a different age level. The booklet is being sold in building self esteem.

Friends of the Library and Center for African Collections will hold a book and record sale from 10 a.m. to 6 p.m. on Saturday, Oct. 15, in Room 125 of the library.

Used hardback books, paperbacks, manuscripts and records will be offered for sale.

Jan. 15 is deadline for leave application

Tenured faculty who have at least seven years of service at Bowling Green State University are eligible for a faculty improvement leave. The deadline for leaves to be taken during 1982-83 is Jan. 15, 1982. Complete guidelines and a format for application are included in the 1981-82 Faculty Handbook on pages 13-16.

Action on the compensation level for a one-seated faculty member was delayed at the November meeting of the Board of Trustees. Grant information about faculty improvement leaves, contact Norma Stickler in the provost's office, 372-2915.

Grant, fellowship deadlines announced

Following is a list of upcoming grant and fellowship deadlines, as announced by the Research Services Office. Further information is available in that office, McFaul Center, 372-2461.

11/01/81 (REVISED) Mina Literature Grants Program (FIPSE) 11/01/81 - BSEU Faculty Research Committee 11/10/81 - Marshall Fund Fellowship 11/15/81 - White House Fellowships 12/15/81-1/15/82 - FIPSE Comprehensive New Program 12/31/81 - Andrus Foundation Gerontology Grants 12/31/81 - Grant in Aid, Mental Health Administration Small Colleges 12/31/81 - Field Initiated Research on Undergraduate Education 12/31/81 - Graduate Fellowships for Psychologists 12/31/81 - Aiken, Forensic Anthropology Research 1/15/82 - Business and Professional Women Fellowship 1/15/82 - Fellows for Advanced study in Latin America (Doherty Foundation)

Presentation

Pamela J. Benefi, speech communication, presented a paper on "Applying the General Model for the Employment and Production of Rules for Winning and Losing Arguments" at the 1981 Speech Communication Association's annual conference in Austin, Texas. She also presented a paper, "Formal Coherence Production in Preadolescent Children's Discourse," at the University of Nebraska Discourse Analysis Conference in Lincoln, Neb.

Lawrence J. Daly, history, presented a paper entitled "Scientific Relativism: The Myth of Natural Knowledge," at the 16th International Byzantine Studies Conference on Byzantium in Vienna, Austria. Dr. Daly was invited to present the paper which is part of his continued research on the interaction between Christians and pagans after Constantine's famous move.

Lee A. Marsee, biological sciences, presented a paper entitled "The Effects of Sterol Synthesis Inhibitor Diphosphopyridine Nucleotide on the Intracellular Epithelium in Thyroid of Thorichthids Feeding on a Marine Environment." Dr. Marsee also presented a paper, "A Responsible Program. for the Education of an Ethiopian Student," at the 1981 Division of Peace and Human Rights in the African Society of the Bass Plateau, Canada.

Margaret Field, educational curriculum and instruction, "Analogizing: Teacher Behavior: Suggested Instruments for the Observation and Interpretation of..." at the 1981 Conference on "In Action Education: Teacher Education," Ohio Association for Teacher Education, Columbus, Ohio. Dr. Field also presented a paper, "Promoting Teacher Education in conjunction with the Ohio Department of Education," at the 1981 Conference on "In Action Education: Teacher Education," Ohio Association for Teacher Education, Columbus, Ohio.

Laurence J. Jankowski, journalism, "Fossil Life in Ohio," an article in the "Summer, 1981 issue of Ohio Woodlands." Photos in the article are also by Dr. Jankowski.

Sally Klimer, home economics, is the editor of a three-volume series of research articles entitled "Advances in Early Childhood and Day Care." Dr. Klimer has recently been invited to introduce the series and volume 1 which was recently published. The second volume will be available in November, and volume 3 will be published by November, 1982.

Dr. Klimer recently served as a reviewer for the "International Journal of Early Childhood" and "Contemporary Psychology.

The article was written in conjunction with a workshop Dr. Parsons conducted entitled "Coping with Coaching 1980." Graduate students enrolled in the work earned half of the credit contributed to the manuscript.

Dr. Parsons also authored an article, "Sport-Building Character or Characters?" in the September issue of "The Athletic.

Ronald Partis, educational foundations and inquiry, authored a manual and user's checklist for use in the "Discipline of the Toledo Public Schools.

Dr. Partis authored an article, "The Decision Room was established to maintain a valuable collection of Tocque's, reliable and accessible information for decision-makers within the school district and community.

Boleslaw S. Pawloski, romance languages, the director of a series of articles on Gogol's "Zaporozhe, Empties as Familiars," dealing with daily speech in Rome in the first century B.C. Dr. Pawloski is a series of articles on daily expressions Zaporozhe, Empties as Familiars." "with "Atti"

Frances Pocock, library, "Telling Media Skills," an article in the September, 1981 issue of "Educational Resources
Music and tradition will be the bill of fare as the University celebrates its 60th Homecoming this week. While the number of events is large and the special interest to faculty and staff include a music reunion, a jazz concert, an alumni get-together, women's events, and, of course, a football game. Homecoming activities will begin Wednesday when AFFR Productions, a theater troupe from New York, will present "The Imaginary Invalid," a revue of some of the finest music ever written and performed by blacks in this country.

The Homecoming week will end at 8 p.m. in the Moore Musical Arts Center's Bryan Recital Hall, the performance is free and open to the public.

On Friday, faculty and staff will have the opportunity to get together with former colleagues at the Retired Faculty and Contract Staff Group Dinner and Theater Party.

Set to begin at 7 p.m. in the Campus Room of the Union, the party will move to University Hall, where the program of "The Imaginary Invalid" will begin at 8 p.m. Tickets for the dinner and theater performance are $6 and may be purchased at the Mileti Alumni Center.

Enthusiasm for Saturday's game will begin to build Friday night, as the University prepares for "The Imaginary Invalid" in the traditional snake dance. Beginning at the Union Oval at 7 p.m., the snake, winding its way through campus to the stadium where a pep rally, complete with bonfire, will be held. Saturday's activities will begin at 9 a.m. at the Mileti Alumni Center, where the traditional Homecoming reception will begin. Coffee and cookies will be served, and the reception offers faculty and staff the perfect opportunity to meet with former students.

Following the reception, a luncheon will be held in the main dining hall of Harshman Quadrangle. Then attention will turn to Dory L. Perry Field, where the Falcons will meet the University of Toledo Rockets.

The Honorary Alumni Award will be presented to Marian Moore on behalf of the late President Hollis A. Moore at the traditional Homecoming Champagne Candlelight Dinner and Dance Saturday, Oct. 24. The evening will be attended by all members this quarter.

During his years as president, Mr. Moore awarded lumenaries the fact that he was not an alumnus of Bowling Green. The decision to present him with the award was made by the Alumni Association Board of Trustees prior to his death but was announced by Lamont Green, past president of the Alumni Association, at the April 22 memorial service for Dr. Moore.

The Honorary Alumni Award was initiated in 1973 to recognize significant contributions to the University by persons who are not Bowling Green graduates.

Dr. Moore was a graduate of Bowling Green and the University of Texas. Also scheduled during Homecoming festivities is the presentation of the 1981 Alumni Service Award, to be given to Wallace R. Jones of Walle Grove Village in Cleveland. The University Hall, where the Falcons will make their home debut, will be a performance by jazz artist Stanley Cowell at 9 p.m. in the Amani. Tickets are priced at $1 and will be sold at the door.

Robert K. Clark, radio-TV-film, was among some 80 faculty and administrators who participated in an open house hosted Oct. 7 by the students at Prout Hall. Prout residents are participating this year in a new concept in residence life, designed to challenge and encourage the student who is serious about his or her studies. Some 200 young men and women, most of them upperclassmen, have opted to reside in Prout to participate in the experimental program which will integrate academic and extracurricular pursuits. Faculty involvement will be a key in all planning for the residence hall.

**Datebook**

**Exhibits**

- *Campus Life at BSBU*, a pictorial essay featuring photographs taken by the Office of Public Relations, through mid-November, first floor lobby, Mileti Alumni Center. Gallery hours are 8 a.m. to 5 p.m. weekdays. The exhibit will also be on display on Homecoming day, Saturday, Oct. 24.

- *Paintings by Toledo artists Greg Jones, Joanne Post and Olivia Post*, on display through Nov. 8, Fine Arts Gallery, School of Art. Gallery hours are 8:30 a.m. to 5 p.m. weekdays and 2:50 p.m. and Sunday.

**Monday, Oct. 19**

- General Sam Helmy of the National Defense College and High War College in Cairo will discuss "Israel's Objectives in the Middle East" following a meeting of Pi Sigma Alpha, political science honorary society, 7:30 p.m., Library Center, Moore Recital Hall.

- *Wednesday, Oct. 21* will present "Campus Crime," 10:30 a.m., Commuter Center, Moseley Hall.

- *International Coffee Hour*, 1:30 p.m., Williams Hall.

- *John C. Harms*, research geologist with the University of Toledo, will discuss "Geologic Depositional Models," 7:30 p.m., Rockwell Hall, Administration.

- The talk is part of the Distinguished Lecture Series, sponsored by the American Association of Petroleum Geologists.

- *Thursday, Oct. 22* will feature "Are They Distinct From Attitudes?", 3:30 p.m., Room 113, Psychology Center, Moseley Hall.

- *International Coffee Hour*, 1:30 p.m., 122 Moore Recital Hall, Moore Musical Arts Center.

- *William Bass*, director of campus safety, will discuss "Campus Crime," 10:30 a.m., Commuter Center, Moseley Hall.

- *Friday, Oct. 23* will feature "The Imaginary Invalid," 8 p.m., nightly through Oct. 24, Main Auditorium, University Hall. For ticket information call 372-2719 or 372-2523.

- *Saturday, Oct. 24* will feature "The Imaginary Invalid," 8 p.m., Main Auditorium, University Hall. For ticket information call 372-2719 or 372-2523.

- *Sunday, Oct. 25* will feature "The Imaginary Invalid," 8 p.m., Main Auditorium, University Hall. For ticket information call 372-2719 or 372-2523.

---

**Library Events**

- *Robert L. Goschur* of the Graduate School of Library Science, Theological Seminary will present a talk entitled "Are Artistic Values Distinct From Attitudes?" at 7:30 p.m., Room 113, Psychology Center, Moseley Hall.

- *International Coffee Hour*, 1:30 p.m., Williams Hall.

- *Volleyball vs. Defiance and Ashland colleges*, 8 p.m., Anderson Arena.

- *UAO Mondie* "How Green Was My Valley," 8 p.m., Gym Theatre, University Hall. Field Hockey vs. Ohio State, 4 p.m., field west of the stadium.

- *University Theater*, "The Imaginary Invalid," 8 p.m., Main Auditorium, University Hall. For ticket information call 372-2719 or 372-2523.

- *UAO Mondie* "Excellibur," 8:30 and 9:15 p.m., 210 Math-Science Building. Admission $1 with University ID. University Theater: "The Imaginary Invalid," 8 p.m., Main Auditorium, University Hall. For ticket information call 372-2719 or 372-2523.

- *Saturday, Oct. 24* will feature a presentation by Friends of the Library and Center for Archives Options, 9 a.m., 122 Library.

- *Football vs. University of Toledo*, 1:30 p.m., Doyt Perry Stadium.
