IS THIS TRUE?

"In the last ten years the school system has become a sink-hole for public moneys and the school houses of the land have been converted into mere playhouses, where the children are amused and entertained and permitted to do as they please, with no thought of intellectual discipline. Restoring sanity to the school system ought to be the first duty of legislature."—Extract from letter of Association for Retrenchment in Public Expenditures, Cleveland.

Redecoration of the Administration building recently completed. When one considers this the first for a building occupied since 1915 it is a credit for the builder, officials, and student body.

Evidently a spirit of appreciation for our fine buildings, furnishings, and equipment permeates the student body. This is most commendable and as more buildings and equipment are made available let us make a greater effort to use them carefully.

CO-OPERATION

This is the end of the first semester. When you come to the end of these past eighteen weeks, stop and ask yourself this question, “What have I done for the college?” But you say, “What can I do for the College?” Ah, there is a question which can be answered. First let me ask you a few questions. Have you paid up for your key subscription? Have you ever read the B. G. News? How many articles do you contribute to the News? How many days over due are your write-ups for the News? These are only a few of the many questions that could be asked. Do you cooperate The B. G. News is your paper. Students are continually asking. “When will the next issue of the News be out?” Whenever you produce the goods. We need jokes, personal items, writeups of organizations which only you as a student body can give us. If you only realize it the News is the place to kick about, praise or speak your mind about anything and everything on the campus.

Students this is your paper. If you want it let's work for it. The News box is at the head of the front stairs, by the P. O. window. Let's see the box overflowing. Let's have a real B. G. News.

Let's Co-operate! !

OUR LIBRARY

If a mechanic finds that an engine is being only fifty percent as efficient as it might be he tries to find out how conditions might be improved and how to get as nearly one hundred per cent efficiency as possible.

One of our professors says, “The Library should be the most costly, best equipped and best managed building on the campus. We do practically all our studying from books.”

Granting that this is true and proudly realizing that there is no library in this part of the state which has a better and very few which have so fine a building and equipment as we have, why should we not get as nearly one hundred per cent efficiency in the use of the Library as possible? During the daytime we are in the classroom. At night we may take one or two books home to study. Why not have a chance to use the many volumes which are available if we can only study in the Library? How about the football players, the basketball player, the baseball player and the trackman? If he spends his time from

POPULARITY CONTEST

Vote Today

Fill in, tear out the page and leave at the Bee Gee News stand in the main hall today.

1. Most Popular Girl.
3. Most Popular Freshman boy.
4. Most popular Freshman girl.
5. Most popular Sophomore girl.
6. Most popular Sophomore boy.
7. Most popular Junior girl.
8. Most popular Junior boy.
9. Most popular Senior girl.
10. Most popular Senior boy.
11. Best liked member of the faculty.
12. Best looking brunette.
13. Best looking blonde.
15. Best boy athlete.
16. Best girl athlete.
17. Best girl dancer.
18. Best boy dancer.
19. Most graceful couple at our dances.
20. Tallest girl.
22. Shortest girl.
24. Best Mutt and Jeff Combination.
25. Man with curliest hair.
26. Most quiet man.
27. Most quiet girl.
28. Most studious girl.
29. Most studious man.
30. Biggest bluffer.
32. Funniest person.
33. Most popular “vamp”.
34. Outstanding “shiek”.
35. Most devoted couple.
CHAPEL NOTES

Tuesday morning Jan. 15, 1929 witnessed one of the most interesting Chapel periods of the semester.

The address of the morning was given by Rev. Holderman of the United Brethern Church. "Success" was his subject.

Rev. Holderman classified Success in three ways.

1. Fame.
2. Power.
3. Position.

He used the illustration of the small boy who found the key flower which enabled him to enter the room he had so long wanted to enter. Upon going in he found an old man seated at a table piled high with gold and silver. The old man told the lad to take all he wanted. "But," he said, "Don't forget the best." The child filled his pockets and started to leave. Again the old man said "Take all you want but don't forget the best." The boy then gathered all he could hold into his arms and again started to leave. Once more the old man repeated, "Take all you want but don't forget the best." Unable to take any more with him the lad went out. The door closed behind him. Too late he remembered he had left the key flower in the room and all his gold and silver was turned into dry leaves.

Just so we seek success in life but in seeking it we must not forget the Best.

JUNIOR ELECTION

On the first Wednesday of school in 1929, the Juniors met in the auditorium and organized. Mr. Hissong called the meeting to order. Ancel Eddington was chosen to act as temporary chairman and the election took place. Mr. Eddington was elected president and Kathryn Taber was elected vice president. But when the votes for secretary treasurer were counted it was found that Mary Miller and Genevieve Storey had received an equal number of votes. A meting was called for Monday, Jan. 14, but not enough members of the class were present to settle the question.

Y. M. C. A.

One of the most interesting meetings held by the Y. M. C. A. during this college year, was on Dec. 13. The topic for discussion was "How will a Christian gentleman conduct himself in his relation to ladies?"

The topic was discussed under the following heads:

1. What is a courteous way of establishing a friendly association with a girl?
2. Will a gentleman resort to petting or necking?
3. Will he take a girl on long night drives?
4. Will he permit questionable talk about his lady friends?
5. Should engagements or marriage be kept secret?

The discussion was under the leadership of Professor Powell. Many very interesting facts were brought out during the meeting and everyone present derived some benefit from it.

On Thursday evening, Jan. 10, Dr. H. J. Powell addressed the Y. M. C. A., his topic being "The Social Evil." This talk was very instructive and was heard by the largest group of college men that have been present at any of our meetings so far this year. This increase in attendance shows that the men like the type of meeting that are being held. We want to have the kind of meetings that appeal to the most people. If you have any suggestions as to future meetings do not fail to let us hear about them.

Mr. Conklin, principal of the local High School, will be the speaker at the next meeting. Come out and hear him. It won't hurt you and may do you some good.

The gifts of Providence are more equally distributed than we are apt to think. Among the poor so little is enjoyed so much, and among the rich so much is enjoyed so little.

Mr. Tripp: "What happened to the girl you made love to in the canoe?"
Mr. Rozelle: "We fell out."
Around the World with Esther

The following is a letter from Miss Esther Crecelius who is now visiting the Hawaiian Islands on her cruise around the world. This letter was to have been read at the Erie County Club banquet which was held at Sandusky on Jan. 3 but it arrived a day too late. Miss Crecelius is president of the Erie County Club.

December 22, 1928
Dear Members of Erie Co. Club:
To keep my promise I’ll now sit in the lounge and write you while the Belgenland plows its way through the Gulf of Mexico, into the Carribean Sea. It seems to have more of a throb and sway to night. There is quite a wind and white caps can be seen on all sides.
I know you are asking, “How does she like it?” It is wonderful. Of course, I have never experienced anything like it before. The Ohio Chamber of Commerce is treating us royally. It seems that nearly every wish is granted before it can be uttered.
During the time that we are at sea there is something for us to do every minute, swimming, deck tennis, shuffleboard, golf, dancing, music, books and there are so many nice people to meet.
We visited Havanna yesterday. It seemed I had stepped into another world. The narrow streets and sidewalks with their open shops and Spanish speaking merchants, seemed almost unbelievable.
Mary Campbell and I, because we are special guests were taken by special auto to the Hotel Sevilla-Biltmore to meet Miss Cuba, Cuba’s beauty. She and Mary placed a wreath on the Maine monument and we all staged a little act for the Fox movietone.
We saw so many places of interest, the Cathedral where Columbus’s bones once rested, how the Cubans bury their dead, the old seawall, a cigar factory, the Student’s monument and the stores.
This morning we went back to Havana, to wander about in the shops. I was so amused at how the traffic police-man stopped the traffic for us to cross the streets. No one seems to be much in a hurry.
I bought a Spanish doll and a school history of Cuba to begin my collection. Now I’ll have to get one of the University boys to read and translate several pages for me.
There are fifty boys who are traveling on this cruise with a Travel Study Course. I’d like to join them and take a subject or two. Talked with one of the professors last evening and he told me I might come into his modern Social Problems class. I certainly would like the credit and it would be a delightful way to get it.
Tonight, instead of having the dance in the Japanese Garden on E. Deck, it is up on A deck in the open. Can you imagine a dreamy waltz tuned with the splashing waves and then see the floating flags of different countries as decoration, the gay, sparkling colored evening dresses of the women and the black and white of the men’s dress suits? Just think that happens every night.
I was telling Mary today that I couldn’t see how I could come back and really get down to work after such a free life as this. We’re regretting that the first week is over. It is going to pass too soon.
I wish you were all here in our dining room with the old B. G. colors floating. I believe I could trust Dr. Williams, not to order anything from the steward with the chain and keys.
A Happy New Year,
Esther

Chet—(taking his proofs back to the photographer): “Here sir, I want my pictures taken over. Honestly I look just like an ape on this proof.”
Photographer: “Well sir, I’m sorry, but you should have considered that before having your picture taken.”

“You can always tell a freshman but you can’t tell him much.”
SKOL NEWS

The Skol Sorority pledges received their third degree at the regular meeting, Tuesday, January fourteenth.

A number of the Skol alumnae attended the Inter-Sorority Council dance. Among those present were: Dorothy Bachman, Pauline Barnwell, Arlene Stannard, Jean Sherer and Helen Whipple.

FIVE SISTER CHRISTMAS PARTY

On Monday evening, December 17, the pledges of the Five Sisters sorority gave a delightful party for the active members at the home of Mariam McMahan on E. Wooster street. During the evening bridge, with Miss Grover winning the first prize and dancing were enjoyed. Santa Claus made a visit while the party was going on and distributed gifts to every one present. The home was cleverly decorated in the Christmas colors with a beautiful Christmas tree as the outstanding feature.

Miss Sams favored with a number of vocal solos and Miss Doris and Miss Teachout gave a novelty song. The pledges gave a clever playlet entitled, "The Alphabet."

Near the close of the evening a dainty lunch was served to the following guests. Miss Hall, Kathryn Taber, Virginia Smith, Genevieve Storey, Mary Miller, Kathryn Sams, Virginia Teahout, Virginia Russell, Margaret Beverstock, Ruth Grover, Eleanor Davir, Pauline Wenger Marian Ramsteck, Olive Bush, Ruth Morehead, Florence Baker, Gertrude Schmidlin, Alice Budd, Geraldine Scot, Adelaide Childs, Margaret Morehead, Kathryn Secrist, Lois Smith, Marie Menz, Elen Stover, Genevieve Kiel, Charlotte Wolcott, Maxine Powell, Isabelle Gunn, Dorothy Serrick, and the hostess, Marion McMahon.

PHI SIGMA MU

Members of Phi Sigma Mu fraternity and other music students met Wednesday evening, January 9, for a study of the great composer, Joseph Hayden.

The following program was given:
(a) Life—Ellena Percy.
(b) Style of Writings—Ellen Stover.
(c) Connection with Church Music—Ruth Wickham.
(d) String Quartets—Stanley Myers.
(e) Allgero Quartet No. 41. Op. 76 No. 2—College String Quartet.
(f) Summary—Donald Armstrong.

FIVE SISTERS

"Let's get acquainted" said the Five Sisters to their pledges at a recent meeting.

So the little dears clutch their note-books and pencils firmly in hand and wend their way through the halls in search of a Sister whom they approach timidly and ask in a trembling voice if she will sign their book.

A regular business meeting was held Nov. 20, in room 200. Several important matters were discussed after which the meeting adjourned.

On November 4, another meeting of equal importance was called to order in room 200. Items of interest to members were talked over and action taken.

TOLEDO CLUB

The old year was brought to a happy close for the Toledo Club by their annual luncheon, Monday January thirty first. This was held in Toledo at La-salle's French Room. There were several alumnae present and about thirty-five members. The favors were miniature Japanese fans, and places were marked by cards representing the ushering in of the New Year. After the luncheon the girls enjoyed a theatre party at the Vita-Temple.

SENIOR ELECTION

During the third week of December the Senior class met in the auditorium and elected officers for the class of 1929. Chester Ray was elected president, Arthur Kuder vice president and Bernice Immel, secretary-treasurer. Mr. Carmichael is acting as sponsor of the Senior class this year.
CURRENT EVENTS ANSWERS
Do You Know

2. Who is America’s ambassador to France?
3. Who founded the Salvation Army?
4. What was the result of the recent movement undertaken by the Atwater Kent Radio Corporation?
5. What is the population of the United States? (Approximate)
6. What great project in the West is now under way which will mean millions to the United States in the end?
7. What state has the greatest Indian population?
8. Whose death has created a furor in Athletic world?
9. What women athlete is taking upon herself the responsibilities of a husband?

Answers

1. Brand Whitlock.
2. Four men from each section of the United States.
3. The Pan-American conference held in Washington met for the purpose of promoting friendly relationships between the countries of Western Hemisphere.
4. President Coolidge urges us to settle disputes—not by war but in a more diplomatic way. He urges that diplomats be appointed for this express purpose and that their judgment rule supreme.
5. Commander Byrd’s expedition will have no practical value—but it will have scientific value.
6. Calvin Coolidge says he has been what no other President has been, “The healthiest President of the United States.”
7. President Coolidge proposes a summer white house.
8. (a) Herbert Hoover’s good will trip to South America.
   (b) Pan American Conference held in Washington, D.C.
9. At present there is no heavyweight champion.
10. Edward VIII.

ARCHIVES

DEBATING

On Wednesday evening, January 16, will occur the second round of debates with members of the Ohio Debate Conference. On that occasion, Otterbein College negative team will meet the Bowling Green affirmative team in a discussion of the Jury System.

This debate will be of particular interest inasmuch as it will be conducted differently from an ordinary debate. The Oregon system will be used. This system takes much less time, and is much more interesting. The discussion will be presided over by a Judge, and a Jury will render a decision. Debaters will act as attorneys for the affirmative and the negative, as witnesses, and as rebuttal attorneys, or pleaders.

The debate is free to students, faculty and townspeople alike, and it is hoped that many will listen to the various speakers. The speakers for Bowling Green will be: Leonard Linsenmayer, Clyde Van Tassel and Lewis Monhart.

On Thursday evening, the Bowling Green negative team will debate Denison University, at Granville, and on Friday evening, Otterbein, at Westerville. So far this season, Bowling Green has won two debates and lost one. Members of the negative team are: Robert Tripp, Howard Russell, Howard George and Lester Hanna.

In February, after the New semester opens, Bowling Green will meet Case School of Applied Science in a dual debate.

Happiness is the feeling that we experience when we are too busy to be miserable.

I am only one, but still I am one. I cannot do everything, but still I can do something. And because I cannot do everything, I will not refuse to do the something that I can do.

If we are ever in doubt what to do, it is a good rule to ask ourselves what shall we wish on the morrow we had done.
WHAT IS THE "JINX?"

Black cats are fore runners of bad luck! So goes the old superstition. The so-called woman hater says women are the "Jinx."

Just what is the "Jinx" in our basketball team? This is the question occupying the minds of the Bee Gee fans. The fact that we are unaccustomed to losing accounts for our bewilderment. Here is the answer.

There is no "Jinx." Those who recall the basketball of 1927-28 will remember how the Falcons lost a half dozen games at the start of the season but by the end of the season had developed into a first class quintet.

As yet we have not engaged in a Conference game. The purpose of these preliminary games is to whip our team into shape. The fact that we are scheduling clever teams does not hinder the benefits derived. In fact, the team at present appears superior to the one a year ago at this time and no doubt the Orange and Brown upon entering the Conference will emerge from their losing streak and again register a list of victories for Bee Gee.

BALDWIN-WALLACE GAME

The Falcons won their first basketball game of the season for 1928-29 by defeating Baldwin-Wallace on Bee Gee's own floor by a score of 22-18.

Several new men participated in this engagement and demonstrated their worthiness of a berth on the team.

With the old material back plus a wealth of new material, Coach Landis will have a well rounded out team before entering the conference.

The student body gave rising cheers as the Orange and Brown came on the floor and their presence was made known frequently during the game.

OHIO NORTHERN GAME

For the second game played together the boys scarcely looked good. They were in there every minute with plenty of fight and team work. Everyone felt better after the game because of the fight showed by the team—you can't have a good team without a spirit. The only bad feature of the game was the score, Bee Gee 34, Ohio Northern 35.

WITTENBERG GAME

Despite Bowling Green’s decided improvement in floor work, the College was forced to bow to Wittenberg 28-40.

Although Wittenberg was more seasoned than our boys up to date, they found the Orange and Brown a very troublesome opponent and not until near the close of the game could they find any satisfaction in stalling.

BOWLING GREEN—WESTERN RESERVE

The anxiety entertained on the sojourn to Cleveland January 8, by the Falcons was sacrificed for hilarity as soon as they realized that they defeated Western Reserve.

Coach Landis and the boys were determined to win despite the concession of victory to Capitol University the previous night. Reserve’s game was hard and fast from the very beginning. The Falcons found their stride and in no time had six points secured while Reserve was struggling to attempt their first shot.

With the best success this season of the coach’s offensive plays our fellows rapidly registered their shots. Price played the cleverest and most consistent game that we know of him ever playing. Yawberg was always a worry to his man, loosing him and breaking freely. Filiere was busy around the basket, no doubt he made the Reserve boys shudder every time he shot. Jump, at center, with his insight for maneuvers constantly fought and helped make it largely an offensive game for the Falcons. Swearingen had the fastest man to guard that Reserve possessed, but with his characteristic speed and fight no slickers were pulled on him. Thompson was sent in to relieve Yawberg in the first half. In the second Thourout, for a while, showed them what he could do. Fish went in for Johnnie Swearingen to take care of Berkowitz.

Of course they returned Wednesday morning in the very best of spirits. The game was indeed a very strenuous one, especially after such a long trip. The training rules were not suspended, therefore the boys retired to the hotel promptly after the game (?) No player grumbled about the time devoted to basket ball after he had made that trip.

CAPITOL UNIVERSITY

Perhaps as a result of the festivities during the holiday vacation, Capitol U. caught the Falcons off form and snatched a victory by a margin of 35-24.

The game was slowly played through out, neither team adding the occasional looked for thrill.

DR. BARRINGER’S TRIP

During the holidays I drove to my home in the Genesee Valley of Western New York. I found that the schools there, as here, had been badly hampered by the prevalence of flu. The seemingly the disease is rather less an epidemic than in the middle west.

As regards teacher training for rural schools, New York state appears to be placing new emphasis on observation and practice teaching. Even the so-called training classes, associated with high schools, include considerable systematic visitation of schools and a limited period of classroom teaching. High school graduation is required for admission to this professional work.

In New York the transformation of normal schools into teachers colleges continues. Buffalo Normal having become a State College, report has it that Genesee is marked for a like advancement. At the same time the length of the course will be raised from three years to four years. Predictions of shortage of candidates, when, some four years the course was raised from two years duration to three, have not materialized. New York has a surplus of teachers now and is resolved on further raising the standards.

PHYSICS LAB. NEWS

A new laboratory course in Physics is to be added to the curriculum the second semester—the course to deal chiefly with the study of those minute carriers of electricity called ions.

About one half of the work will be the determination of the characteristics of radio tubes and their application to the modern radio receiver.

Another portion of the work will study a small instrument called the Photo-electric cell and its very important application to radio, television and the talking motion picture.

In order to properly present this work the Physics department has recently laid in a number of very valuable and up-to-date pieces of equipment.

INTER-SORORITY COUNCIL

The Inter-Sorority Council held its annual dance in the Woman’s Gymnasium on Saturday night, Jan. 12.

The gym was cleverly decorated in pastel shades and the same color schemes was carried out in the programs. The decorating was done by pledges of the three Sororities.

Bob Thompson’s orchestra furnished the music for the dancing. Approximately seventy-five couples were present.

The guests of honor were Mrs. Sharp, Miss Mills, Miss Hall, Miss McCain, and Miss Nielsen.

The Inter-Sorority Council consist of Pres.—Virginia Smith.
Vice. Pres.—Kathryn House.
Sec-Treas.—Helen Starkweather.
Genevieve Storey, Bernice Immel, and Anna Hayne.

The faculty advisors are: Mrs. Sharp and Miss Miles.

OUR LIBRARY

(Continued from page 3)

three-thirty until five-thirty or six o’clock in practicing how can he find time to do as much work as necessary under the best of conditions? True, one can do a good deal of work in vacant periods during the day but why not study as much as possible under the best of conditions? Would the instructor who must spend a good deal of his or her time in laboratory work appreciate the opportunity to make use of the Library? We believe that he would.

Do the students at Ohio State, at Miami, at Athens have a chance to use their Library facilities evenings? We firmly believe that the students of Bowling Green College would appreciate an opportunity to use the Library evenings.
DRAMA CLASS PLAY

The drama class, directed by Miss Rea McCain, presented Bernard Shaw's "St Joan" in the College auditorium, Tuesday evening, January 15.

A large crowd assembled there to witness the performance.

Miss Stone, playing Saint Joan proved a very charming heroine. Just a peasant girl was she but so filled with the love of her country and determination that she led the army to victory at Orleans. With this victory come a greater determination to take Paris and in this battle she was taken prisoner and doomed to be burned at the stake. The Church rejected her because she wore men's clothing and did not care for a more domestic life.

The trial scene was quite effective. Joan was led in and persuaded to sign a paper in which she promised to give up her present life in order to be set free. Having signed the paper she was told that she was to be imprisoned for life. She could not endure this and so she resigned herself to be burned at the stake.

Her spirit, however, lives on in the hearts and lives of everyone.

The drama class showed remarkable talent in the production of this play and we wish to congratulate them upon this presentation.

The cast was as follows:

Scene I
In the year 1429 A. D. The castle at Vancouleurs, on a fine spring morning.
Captain Robert de Beaudricourt—C. D. Van Tassel.
Steward—John Swearingen.
Joan—Velma Stone.
Bertrand de Paulengey—Howard Russell.

Scene II
Late in the afternoon, the 8th of March in the Throne Room of the Castle at Chimon in Touraine.
Monseigneur de la Trembouille—Warren Bowlus.
The Archbishop—Frank Purdy.
The Page—Geraldine Scott.
Gilles de Rais—John Barr.
Captain La Hire—Arthur Craft.
Dauphin, or King Charles the Seventh—Lester Hanna.
The Duchess—Elizabeth Brown.

Scene III
On the south branch of the river Loire, Orleans, May 29, 1429.
Dunais—Frank Crawford.
The Page—Eleanor Davis.
Richard de Beauchamp, Earl of Warwick—Robert Thompson.

Scene IV
A tent in the English camp.
The Chaplain de Stogumber—Donald Lowell.
Cauchon—John Hough.

Scene V
The Ambulatory in the Cathedral of Rheims.
Brother John Lemaitre—Ervin Kreischer
Canon John D'Estiuet—Glenn Pore.
Canon de Cauroelles—Edwin Burkhart.

Scene VI
The Court held in a room of the Castle at Rouen, May 30, 1431.
Laudenu—Myron Case.
Executioner—Herbert Fish.
Assessors.

Epilogue
The Soldier—Paul Roller.
The Gentleman—Chester Ray.

FACULTY SAYINGS
Dr. Kohl. 'That's keen, that's a dandy'.
Mr. Mosely: "Listen! What kind of a bird was that?"
Mrs. Sharp: "Absolutely."
Miss McCain: "Isn't that the way you feel about it."
Mr. Overman: 'Now in this stage of the game.'
Dr. Williams: 'Now don't get me wrong.'
Miss Hayward: "Tut, tut."
Miss Blum: "I'm sorry but—"
Dick (at Shatzel) "Oh, Mid, you're the breath of my life."
Mrs. Dietrick: (appearing in door way) "Young man, don't let me catch you holding your breath."

They say that "America has been dried and found wanting."
The Bee Gee News is offering the first of a series of articles by Prof. Pepe Popoges Nokopolopus. They will contain an honorable recognition of some campus illumwary who has distinguished himself by performing some valuable service to the 'collitch.'

The honor falls, this time, upon Lester X. Hannah, our smiling, wise cracking, baggy trousered, cheer yelling debator.

All those who were present at the Bee Gee - Oxford U. confab will remember that it was Lems crazy antics that led the gentleman from Oxford to say that we no longer had prohibition over here in America.

But that is just why Oxford lost the debate. The Britishers should never have made a crack like that before our temperant audience that went 20 to 1 for Hoover.

Of course (confidentially) prohibition is all the bunk. But you can't tell that to a crowd of people that has never been to Detroit or at a big convention if you expect to hold their sympathy. Their pride was hurt.

Hannah provoked that statement by the English opponents and the audience retaliated with a stinging verdict that made them think they were in Chicago with "Big Bill" as Judge.

By this strategic act Mr. Hannah has been awarded this coveted recognition.

Three may be a crowd but if you take two away what's the use of the third sticking around any longer.

We recently heard a Senior who was practice teaching remark, "I guess I'll give them a test today. I haven't studied my lesson." Now we know why we've been handed so many tests lately.

An old lady walked into the judge's office. "Are you the judge of reporbates," she asked.

"I am the probate judge," his honor answered with a smile.

"Well, that's it, I expect," answered the old lady. "You see," she went on confidentially, "my husband died detested and left several little infidels, and I want to be their executioner."
PHYSICAL EDUCATION DEPT.
The Department has acquired equipment for two fine new sports—Indoor or Paddle Tennis and Outdoor Archery. Paddle Tennis is played with a short handled woolen paddle and sporge rubber balls, on a court one fourth the size of the outdoor court and with a low net. Otherwise the game is identical with outdoor tennis except that the skills are more easily acquired. A court has been laid out on the floor of the Training School Gym and if open to the use of women students whenever the room is free. Apply to the Physical Education office for information.

At last the much hoped for Archery equipment is stowed away in the supply room awaiting the first bright days of Spring. Two big brightly colored targets, 10 bows and plenty of arrows, when put into use on our campus should make a decorative picture, especially when the Archers have learned to send the arrow from 50 yards straight into the bullseye.

CHAPEL MANNERS
Good manners should be fairly well established in young people of college age. Judging however, from some things observed during our chapel hours, they have either never been established or they have been temporarily forgotten.

Anyone not interested in the chapel exercises should at least be courteous enough to keep quiet so that those who are interested may enjoy it. Constant wriggling in ones seat and constant whispering is very annoying to those about you as well as to the speaker.

Then too, be courteous enough to remain quiet in your seat until the speaker has finished his address. Gathering up books, putting on coats, and powdering noses can be put off for a few minutes. Observing these little courtesies would surely make it much easier for speakers who come to our chapel platform.

Let's co-operate and try to show better manners during our chapel hour.

ERIE COUNTY CLUB
The Erie County Club of B. G. S. N. C. held its annual banquet, Jan. 3, in Sandusky. To this banquet all former students of Bowling Green College and residents of Erie County are invited. Besides these and the members of the club still going to school, there are always a few particularly invited guests. This year the club was proud to have at its banquet, Dr. Williams, president of the college. Mr. Prout, superintendent of the Sandusky schools, and Mr. Pierce superintendent of the Erie County schools. These gentlemen all gave very interesting after dinner talks, and contributed to the general good spirits of the gathering.

Dr. Williams told the old students of the many changes taking place at the college. Mr. Pierce spoke highly of the teachers our college turns out. Then came the grand finale when Mr. Prout, talking from experience, told in what a really remarkable president we had.

The club, too, added to the program. Miss Thelma Snider gave a talk and Miss Olive Lutz gave a violin selection.

With this pleasing program and the tasty chicken dinner, everyone left pleased with having met old acquaintances and pleased with having spent such a profitable evening.

SPICE OF LIFE
Let us take the example of the busy ant. He works all day and every day. Then what happens?

“He gets stepped on.”

Most of our statutes are erected to men that thousands once yearned to hang.—Wesleyan Advance (OCNA)

Harvard is said to have adopted companionate marriage, which might have been expected since Harvard always played companionate football. (OCNA)

Howard G.: “Really I feel so embarrassed with this patch on the seat of my trousers.”

Lester H.: “Cheer-up! ole boy, think how you’d feel if it wasn’t there.”
Be reasonable. The other fellow has as much right to his opinion as you have to yours. Don't sneer at some chap because he doesn't like to play basketball; you may not like spinach, either. Keep your mouth shut and your ears open.

A bachelor is a man who looks before he leaps—and then doesn't leap—Daily Lariot (OCNA)

You have left behind you, we will hope, all the small town high school stuff to which you have been accustomed. You will undoubtedly be the largest class in the college this fall. It remains to be seen whether you will be the best class.—The Buchtelite.

Her (at dance): “Wait right here for me, Bill, while I go powder my nose. Her (three dances later): Been waiting long,” Him: “No, but I've been looking all over for you to give you your compact.—Nebraska Awgawna (OCNA)

Jimmie Says—Women's clothes were never funnier if brevity is the soul of wit.

Of course we realize that the average college never had any students anyway. All there were Frat men and Football players.

Wanted: A good cook, colored or plain—Dr. Barringer.

ORANGE PEELS
By Britt
Clock—“cuckoo”
Freshman—“An how do you know?”
—o—
How's that for a starter?
—o—
Don't be afraid to turn the stop light on Pa Time long enough to check up on things.
—o—
An old Ford carries a license plate as resplendent as any on a big 1929 car.
—o—
Simile: The problem was as knotty as an urchin's shoe string.

In Utopia, college students from rival high schools never argue over a game played by their schools.

—o—
With Santy Claus safely on his way, we can turn our attention to thoughts of spring. LATER

—o—
The fence has been built to keep opposing football teams from running wild next fall.

—o—
Often people take small things seriously because they are not big enough to get into big things.

—o—
It is to be noted that a school paper has more critics than it has members on its staff.

—o—
We regret that “little 1929” must be initiated with final exams instead of just mid-terms.

—o—
One thing that makes us itch is the fact that everybody doesn’t agree with us.

New Spring styles are coming into our store every week.

We are receiving the new spring merchandise in dresses and millinery.

We are showing the new high colors for spring and every week there is a new selection to choose from.

Make this store your headquarters for the new styles and come in often and see the pretty new garments that we are showing.

We are now equipped to resole Ladies' fine shoes (including McKay and turned shoes) by the new Menzel Process, which eliminates both sewing and nailing.

Come in and let us explain this wonderful, modern method, which gives to your footwear the appearance of brand new shoes.
