Special in Public School Music

Velma L. Poe.

Diploma in Elementary Education

THE SUMMER SESSION
OF 1929

Students who have been attending the Summer Sessions at Bowling Green year after year cannot fail to note the changes that have come about, especially in the character of the student body. The total Enrollment has been fairly constant in recent years, but the maturity of the students and their more serious attitude toward their work are in marked contrast to conditions several years ago, when a large part of the summer enrollment was made up of beginners. That State requirements are a factor in determining who shall go to summer school, no one will attempt to gainsay, yet after all, it is not the dominating influence, since the loss of several hundred beginning students has not diminished the total enrollment noticeably. More experienced teachers are becoming alive to the need of advanced training. Superintendents and boards of education are demanding more than the minimum requirements, and ambitious teachers are responding in a truly professional spirit. Already a gratifying number of the students enrolled in this term have signified their intention to remain for the second term, and this number will be increased by the addition of many who found it impossible to enroll for this term.

As the writer has observed, as he goes among faculty and students, the term has been characterized by an unusual earnestness and seriousness of purpose. The spirit has been stimulating and joyful. The weekly convocations seem to have been thoroughly enjoyed, and the entertainments, excursions, and social gatherings have added much to the pleasure and general morale of the term.

It will be the policy next year to enrich the offering of courses, especially in advanced lines. The organization of the College of Liberal Arts will help greatly
PRESIDENT H. B. WILLIAMS

in this direction. The outlook for the College was never so promising. We bespeak your cooperation in all the efforts of the College to make it a fine influence for sound scholarship and professional leadership in the territory which it is called upon to serve. We appreciate the opportunity which we have had this term of working with you. We sincerely trust that you are leaving us with some abiding satisfactions growing out of the opportunities and associations of Bowling Green, and that you will gladly return when opportunity again presents itself.

H. B. WILLIAMS

The College of Liberal Arts

In addition to the Bachelor of Science in Education the college will offer a regular Bachelor of Arts course, beginning in September. At least the Freshman year's work in Liberal Arts and the Sophomore year if there is demand for it will be offered.

To be a candidate for graduation in the Liberal Arts one must complete 122 semester hours of college work. One year, Senior year, of the work must be spent in residence work. A major and a minor subject must be chosen by the second year. A major and a minor may be secured in the following subjects:

- English
- French
- Mathematics
- History

A minor may be secured in the following:

- Biology
- Physics
- Latin
- Spanish

Anyone desiring to secure the Bachelor of Science Degree in Education in addition

(Continued on Page 9)
The Library
The library is rapidly being made into one of the largest and finest in this part of the State. Each department in the College is rapidly, yet carefully, adding to the collection of reference material in the library. The summer school students very highly appreciate the efficient and courteous service of the library staff.

The student body as a whole would be elated if some sort of an arrangement could be made so that the library would be open for reading in the evening. Many students who carry heavy programs find much difficulty in being able to do the required reading for their courses.

ABOUT THE CAMPUS
Additional Summer School Faculty
The college has been very fortunate in securing the services of the following additional members of the faculty for the Summer Term: Supt. D. C. Bryant, Supt. H. E. Hall, Florence Hennis, Dwight Ireland and H. R. Young. These people are specialists in their respective fields and are furnishing much specific and practical instruction for the summer students. Their time and efforts are highly appreciated by the entire college.
GRADUATES—JULY AND AUGUST—ELEMENTARY EDUCATION
This summer marks the time when our fine gymnasium nears its final completion. The plans for the structure are such that when it is completed, it will have no equal in this section of the country.

The front portion of the building has just been completed. This has added immensely to the beauty of the structure. Besides much additional room is added to permit the carrying out of a rapidly developing and highly efficient physical education program.

On the first floor of the new part are the rooms which are to be used for boxing and wrestling, and above all, the individual corrective plans of the department of physical education.

On the second floor or better the main floor are the offices for the physical directors, a ticket office, an examining room and office for Dr. Todd. Private showers on this floor for Directors Stellar and Landis seem like a luxury to these men after the conditions which have existed.

On the third floor are the recitation rooms which have been greatly needed. With the completion of the present addition we have a very attractive and useful addition to our campus.
THE DETROIT TRIP

One of the events of the summer which will long be remembered was the trip to Detroit. What a grand and glorious time we had. Professor Mosely surely knows how to pack his trips full of thrills and wonderful sights.

We left Bowling Green the afternoon of July twelfth and found ourselves members of a happy congenial group of fifty-five.

We soon arrived in Detroit and took up our quarters at the Book-Cadillac, which is one of Detroit's finest hotels. Sight seeing began almost immediately. The trips to the Public Library, Art Museum, State Theatre and Detroit Free Press were sources of great interest.

Of special interest was the visit to the new Zoological Garden at the Ten-mile Road and Woodward Avenue, where the animals are kept under conditions which closely resemble their natural haunts. Imagine the sensation caused by a huge lion walking toward us with apparently nothing to keep him from reaching us.

Our next trip was to Belle Isle. Here we thought wonders would never cease.

Much pelasure as well as educational information was derived from the Conservatory and the Aquarium. In the evening we seemed transported to a veritable fairy land by the pale moon shining on the water and the entrancing strains of the Detroit Symphony Orchestra.

However the crowning feature was the trip up to Lake Huron. We boarded the White Star Steamer Tashmoo which swung out from the dock, at the foot of Griswald Street, for a grand trip—Detroit to Sarnia, a distance of 61 miles each way. A vast panorama of shipping was unfolded to our view as the Tashmoo pushed her way toward the center of the channel which passes between the Canadian Shore and Belle Island. As the steamer moved swiftly along we had a grand view of Detroit tremendous downtown buildings, great flower beds, splendid tennis courts, and baseball diamonds, great groves of magnificent trees, and a hundred joyous ferns which found homes on one small island. With the passing of the beautiful Saint Clair flats the scenery changed. The houses, barns, and cleared farms on the Canadian side and the thriving towns on the American side all tell that the white man has been a permanent fixture there for a hundred years. At Sarnia we took an electric car to a Canadian beach. This view of Lake Huron represented the most impressive painting of a landscape we have seen. This being the last point on our trip we started down the St. Clair river to Detroit, then by electric car to Toledo, and finally to Bowling Green, where we arrived tired but happy after our moonlight ride and our never to be forgotten trip.

Lola Johnson

There was the modest old maid who wouldn't undress with the "Christian Observer" in the room.

One of our teachers was bawling out a student for not answering him.

Helvoight—"But I shook my head."

Teacher—"Well, you don't expect me to hear the rattle way up here, do you?"
For the first time in the history of the sorority, the Five Sisters are carrying on their activities in the summer much the same as in the winter session. The first meeting was held June 20th, when arrangements were made for a lawn supper and bridge party. The home of Mrs. Ralph Castner on Liberty Street was the scene of this event which proved to be one of the smart social affairs of the season. Miniature silk flags and fire crackers formed a seasonable center piece on each table, when on July 2nd, five o'clock supper was served. The supper which was charmingly served at small tables of four covers each consisted of

| Chicken Salad | Hot Rolls | Sandwiches | Strawberry Preserves | Potato Chips | Pickles | French Pastry | Ice Cream | Coffee |

Later five tables of bridge were formed. Leora Stout and Olive Bush received prizes for scores. Guests included: Maxine Olhausen, Bertha Hayes Younkin, Helen Castner, Esther Ross and her guest, Viola Gunn of Columbus, O., Katherine Bowersox, Elda Tabbert, Katherine Taber, Marion McMahon, Olive Bush, Frances Bush, Mary Caywood, Leora Stout, Maybelle Ruddock, Lorena Gibbs, Helen Gibbs, Edith Pope, Gertrude Schmidlin, Esther Smith and Geraldine Scott.

On July 9th another meeting was held at which summer officers were elected. Bertha Hayes Younkin is president and Frances Bush is secretary-treasurer. Mrs. Youkin is also chairman of a committee to consider possible constitution amendments and several other vital matters.

Miss Helen Gibbs was in charge of the arrangements for the Five Sister Luncheon which was an interesting event of
July 11th at the Woman's Club.

The next meeting will be held July 16th when arrangements will be completed for the steak roast which will take place in the near future.

Among the many Five Sisters on the campus or in town are, Ruth Grover, Katherine Taber, Helen Gibbs, Leora Stout, Marian McMahon, Maxine Powell, Mary Caywood, Elda Tabbert, Katherine Bowersox, Genevieve Keil, Adelaide Childs, Marie Menz, Frances Bush, Olive Bush, Mrs. Helen Bowers Castner, Mrs. Bertha Hayes Younkin, Mrs. Maxine Olhausen, Mrs. Helen Veber Nelson, Margaret Beverstock, Esther Ross, Gertrude Schmidlin, Esther Smith, Maybelle Ruddock and Geraldine Scott.

Geraldine Scott

College of Liberal Education
(Continued from Page 3)

ation to the Bachelor of Arts Degree may be able to do so by spending another semester in school or by doing a certain amount of summer school work.

The Liberal Arts Course is a recent addition to the college functions. It will offer an excellent opportunity for those who desire to secure a foundational course for a professional course after graduation or for those who wish a general culture course.

"Isn't that a perfectly marvelous step that he is doing?"

"Sh-sh-h, he has an attack of St. Vitus dance."

"Did you miss that train, sir?" asked the porter.

"No! I didn't like the looks of it, so I chased it out of the station."

It's the little that things that bother us—you can sit on a mountain, but not on a tack.

Teacher: "What do they call the instrument the French use for beheading people?"

Bob: "The Gillette, I think."

FIVE BROTHERS

FIVE BROTHERS

The Five Brothers have had a permanent organization during the summer six weeks term. The following officers have had charge of the assemblies, Ye Old Skull Earl Lowrie of Lorain; Ye Olde Scribe Bob Wyandt of Convoy; Ye Vice Skull Solon Hesrick, Paulding; Ye Olde G. P. Posty Knecht, parts unknown, and Joe Ladd, lately of West Point is acting Seargent at arms.

The outstanding event of the summer was an afternoon and evening picnic held at Riverby Golf Course. About 25 couples enjoyed an afternoon of golf, indoor ball and eats followed by a few hours of dancing.

Another feature of the summer was the indoor ball game between the Delhi and the Brothers. We won 6-2 by the aid of Hesrick's beautiful throwing arm. Aiming at first base, throwing from second, he managed to hit the catcher on the ear. All in all it has been a large summer.

Doctor—"I'd like a prescription."

"For what?"

"A fishing trip."
SEVEN SISTERS

The Seven Sisters aren’t as well represented as the other sororities this term. We haven’t been holding any meetings but we exist. The Seven Sisters who are here include: Dora Doyle, Mary Kay Doyle, Marian Culbert, Evelyn Sheriff, Betty Taylor and Elizabeth Rump. Miss Nielson and Miss Tressel are also here this term. Although we are few—we surely enjoy good times among ourselves and friends about the campus.

Some of our alumnae have been back to see us too. We have seen but recently Lucille McClelland, Clara Gillan and Marian Sanzenbacher. We were glad to see them even if it was only for a short time.

Through letters we keep in touch with the majority of our members. At the present time most of them are enjoying their much needed vacations at cottages, camps or at home.

We are planning to have some sort of party before this term ends. It might be that some of our other members will come to see us then.

Elizabeth Rump

WILLIAMS HALL NEWS

A lot of excitement Monday July 8th. Some say it was a water pipe, some a gas stove, but grandma says it was a firecracker. Didn’t go over so big after all.

Velma Crowley, the girl who had so many room mates last year, has none this summer. What’s the trouble Velma?

Absence makes the heart grow fonder.

Mary Doyle sleeps with the woolly dog. Betty Covell gave her.

Edith Crosser takes her Skol paddle to bed every night to be able to get Mary up every morning.

The girls who prefer Williams Hall to other rooming places during the past
year and this summer term include Edith Crosser, Velma Crowley, Mary Kay Doyle, Clara Krause and Elizabeth Rump. The girls say its the best ever.

Wilma Click and Fleta Hankel were trying to figure out how to feed a dairy cow. Can anyone assist them?

Wanted (by most of the roomers): More sleeping hours.

Miss Argra Ruffer, Assistant Supervisor of Cuyahoga County recently visited her friends here.

A big feed was held in room 122 at 9 o'clock, July 7th. Those feeding their faces with cake, chicken, pie, pickles, olives, cheese, beans, peaches and the like include Catherine Bowersox, Juanita Zerck, Elda Tabbert, Betty Taylor and Lucille King. Grandma dropped around for a piece of cake.

Miss Meyers, whose home is in Arizona left Williams Hall for the Bee Gee Sanitarium where she is receiving treatment.

Someone donated a new record to the Broadway Melody Gang on the second floor. Thanks for the "Vagabond Lover". They have recently purchased the "Pagan Love Song" to give their neighbors a change.

It surely seems good to hear Velma Crowley tickle our piano's keys. Without her our younger set would be lost.

We have had some visitors too. Those who were among last year's student body who have favored us with visits include Helen Reid, Berenice Hitchcock, Anna Hayne, Clara Gillan, Marian Sanzenbacher, Norma Wells, Dorothy Dunsmore, and Helen Fillman. It surely seems good to see old faces among the new ones.

Men seem few and far between here this summer. The girls aren't worried about it, but they do hope the "Do not enter on pain of death" phrase which was in the Key isn't to blame. Grandma is the best she ever was, even better. Ask the girls.

The most popular man? It use to be Max Franklin, now its the mail man who brings our outside news.

The waitress brigade is surely a jolly bunch under the good leadership of Mrs. (Continued on Page 22)
The first summer meeting of the Skol Sorority was held at Shatzel Hall June 29. The meeting was called for the purpose of making plans for the Skol outing.

Dorothy Robinette was placed in charge of the Outing and was requested to report favorable plans for it at the next meeting.

It was decided that the summer term was so short that it would not be necessary to elect officers. The chairman of the meetings is the highest acting officer during the regular year. Elva Morgan, recording secretary, is now acting as chairman.

The second meeting was held July 1st at Shatzel Hall. The Portage Quarry was chosen as the place for the Outing. Miss Robinette discussed the plans with the girls and the date July 11, was decided upon.

The Outing was a very delightful affair at the Portage Quarry. Fourteen girls were served a delightful luncheon in a group around a large camp fire. Singing and games were enjoyed by some while some of the other girls entered into the water sports.

Miss Rhea McCain, the sponsor of the Sorority, takes as much interest in the summer term as she does the winter activities of the Sorority.

The fourteen girls present were: Jean Sherer, Sadie Bell Clements, Esther Russell, Edna Carr, Dorothy Robinette, Ida Mae Switzer, Elmera Switzer, Alice Richards, Olive Lutz, Elva Morgan, Corine Burkett, Jeanette Miller and Miss McCain.

Other members and pledges who are here are Clara Krauss, Edith Crosser and Mildred Goughler.

The delightful affair was brought to a close by singing the Skol Love Song.
Among the alumnae who are spending the summer away from their homes are: Esther March, who is in Berkeley, Cal.; and Helen Whipple, who is now in Denver. Ruth Beckman is taking work at the University of Chicago. Ruth Sweet is at Columbia, Grace Kille is at Ohio State, Dorothy Bachman is at Lakeside, Jean Lutz is doing playground work in Sandusky, Esther Brown is at her home in Sandusky after spending the winter at the University of Chicago. Agnes Pilliod is spending the summer in Europe, Onnalee Hipp is touring thru the West, Marjorie Chapman is in Columbus for a short time.

CHAPEL PROGRAMS

The students assembled for the first chapel session at ten o'clock Tuesday June 18. Dr. Williams gave his usual welcoming address in which he emphasized the importance and advantages in teacher-training institutions.

Dr. Charles, psychology professor of Ohio State University, Columbus, was the speaker at chapel Tuesday, June 25. His topic was "Friendship". The tests of true friendship from the psychological standpoint were exceptionally well worth knowing.

On Tuesday, July 2, Supt. Jones of Cleveland Public Schools addressed the college students at chapel. He spoke of the management and organization in the Cleveland Schools. His conception of a high grade school teacher was one who was able to 'think.'

Mrs. Depew Head, chairman of the Department of Education of the Ohio Federation of Woman's Clubs very pleasingly addressed the Assembly at chapel, July 9. Her theme was "Poetry". Several readings were artistically given. She made one feel that every phase of life could be portrayed in poetry.

Miss Dorothy Murray of Cleveland will leave immediately after the close of this term for an extended vacation in the Cumberland Mountains.
THE DELHI FRATERNITY

The boys, in summer session, decided to carry on some active work and keep the Delhi Spirit moving, even if somewhat slower than last semester.

Monday, July 8, 1929, a business session was held and nine members were present. Our records show fifteen in school. What is wrong fellows? Plans were made for a Moonlight Party to be given Friday, July 19, on the steamer Greyhound. When this goes to press everyone is looking forward to a great time.

Brother Doren was elected, general chairman for the summer. He has charge of the details of the planned social affairs.

A ball team is underway, so if you haven't been out, you are missing some swell exercise and relief for that groggy study feeling that we are all afflicted with, these hot sultry days.

Entertainment Programs

The College has provided exceptionally good entertainments for the students this summer. The first program was given by the Coffer-Miller Players, who presented two plays, "A Scrap of Paper" by Sardou, a French dramatist; and "A Marriage of Convenience" by Dumas, also a French dramatist. Both were very well given and were full of sparkling humor, clever dialogue and intense dramatic situations.

The next number was given by the New York Male Quartette, who are heard often over the Radio. Their program ranged from classical selections to those of the modern vogue.

The third number was presented by the Vernon String Quartette. The program was very interesting, judging from the names of the selections found on the program, but since music needs no name to soothe the savage beast, the programs were soon discarded.
The gift that is always timely . . . always appreciated, because it is you . . . your photograph.

INTER B. G. N. C. BASEBALL LEAGUE

The summer baseball season was opened at B. G. S. C. by a series of sensational games between the champs and the non-champs. Hawkins may be able to put out a champion basketball team, but he had to bow to the Filiere sluggers in every games of the series.

The exceptional coaching of Filiere resulted in his team making a race track around the diamond. Toward the last of each game, however, the youngsters were allowed to save their embarrassment by giving them a chance to score.

The scores were: 1st game, Filiere-16, Hawkins-3; 2nd game, Filiere-11, Hawkins-4; 3rd game, Filiere-14, Hawkins-6.

The lineups were: Filiere—
H. Filere, p; Shelton, c; Lovett-Doren 1st b.; Cox, 2nd b.; C. Filiere, ss; Mansfield, 3rd b.; Huber, lf; Byerly, cf; Johnson, rf; Stout, rf; Brown, cf.

Hawkins—Purdy, p; Burkholder, c; Ryder, 1st; Loure, 2nd; Long, ss; Bricker, 3rd; Helvoigt, lf; Hicks, cf; Moore, rf; Trautner, rf; Wyant, cf.

College Dance

Friday evening, June 12, the College Social Committee sponsored a dance for the summer students. A large number attended and enjoyed themselves immensely, especially at the punch table, where one could drink and eat to his heart’s content. The syncopating harmony of Leo Lake’s Orchestra enticed and charmed the sweltering dancers. Dr. and Mrs. Williams, Mr. and Mrs. Schwarz, Mrs. Sharp and Mr. Steller kept watch over the moving crowd, lest any might succumb to the tropical heat.

Out of Date

It’s easy enough to be pleasant
When life never gives you a frown,
But the man worth while
Is the man who can smile
When his garters are coming down.

Five Brothers—Delhi

The Five Brothers fraternity clouted the apple for a 6-2 win over the Delhi’s in an inter-fraternity game last Tuesday. The strength of the Five Brothers team would have been greatly increased if their star, Hesrick had been limbered up by dragging him around the cinder track a couple of times instead of on the soft ground.

TENNIS

An interesting tournament for all would be tennis players is now in progress.

The first round has been almost completed with the following results:
Howard Filiere took Purdy to camp in a very sensational match Wednesday evening, which places him in the semifinals. As the gun went off the match stood 6-1; 6-3.

Doren in a very scientific match eliminated the veteran Clarence Filiere in an over time period 6-3; 6-2.
Shelton crept up from behind in the last quarter and edged out Byerly by a score of 6-1; 6-3.

Helm oozed past Sheffer in the final heat to win 4-6; 6-1; 6-2.

The other matches have not been played yet. For final results watch the New York Daily Times.

Doren—I sing.
Shelton—When?
Doren—When I’m in the bath room.
S.—Why then?
Doren—Because there’s no lock on the door.

Dr. Kohl—What’s rigid economy.
Bright pupil—A dead Scotchman.

Because of the struggling efforts on the part of the two hundred pound quar- ter back Lowerie was saved from an un- timely death and disgrace.

After a careful examination of the bird by the entire Botany class it took to the woods much chagrined and provoked over the loss of the game (meaning the fish)
A $200,000,000 Buying Power
Is The Secret of Our Low Prices

Step into our store and you'll see in a minute that buying for over 1200 stores at once, makes a great difference in the cost of things. We use our $200,000,000 Buying Power to save YOU money.

We never ask a manufacturer to skimp on quality to make a "bargain price." The tremendous orders we place get us just a little more quality for our money. That is the secret of our low prices.

Daughter: What makes Pa look so mad?
Mother: He got a cinder in his eye on the way to church and he can't sleep through the sermon.

He Forgot to Remember
Prof. Beattie: I forgot my umbrella this morning dear.
Mrs. Beattie: How did you come to remember you had forgotten it?
Prof. Beattie: Well, I shouldn't have missed it, dear, only I raised my hand to shut it when it stopped raining.

Prof. Moseley: "Mr. Wyandt, what has 18 legs and catches flies."
Bob—"Dunno Prof."
Prof. Moseley: "A baseball team."

A very dirty and untidy boy attended a Toledo school. One day the teacher sent the boy's mother a note saying that he was not clean and that she ought to bathe him oftener. The mother sent the teacher a note in reply, in which she said: "My boy, Billy, ain't no rose. Don't smell him; learn him."
Tea Dance at Shatzel
One of the most delightful affairs of the season was the tea dance given by the girls at Shatzel Hall. The scene of the gayety was the Shatzel Annex, which was beautifully decorated with rose-twined lattices, bowls of flowers and shaded lights.

Music was furnished by a local orchestra. A large number of guests were present, including President H. B. Williams, Mrs. Maude Sharp, Prof. and Mrs. Powell, Dr. Kohl, Prof. and Mrs. Zaugg, Miss Nielsen, Miss Rupp and other members of the faculty.

During the intermission, tea and sandwiches were served by the social committee.

SHATZEL HALL
Just try and find out Edna Hammond’s new name.

Anyone desiring information concerning Shatzel girls and fellows parading college drive ask Pauline Smith.

Betty Cochran with a broad grin on her face, returned from Mr. Young’s class and proudly announced that she was the best writer in the class. “Did he really say that?” gasped Joane Ferguson. (an expert penman) “Well, not exactly, but he said he had never seen such writing in his life,” replied Betty.

July 4th—Dorothy May was seen leaving Shatzel hall in a car having an Indiana license.

July 5th—Dorothy was seen going to and from class, on crutches.

Girls! Beware! of Indiana cars.

Edna Mackling is so dumb she thinks steel wool is the fleece from a hydraulic ram.

Mother Dietrich: Mary, isn’t it rather extravagant to eat both butter and jam on your bread at the same time?

Mary Palmer: No, no, Mother, It’s economy. You see, the same piece of bread does for both.

Mary Brough gingerly stepped upon the scales and was eagerly watched by two small boys. The machine being out of order only registered 50 pounds. “Good night, Bill”, gasped one of the youngsters, “She’s hollow!”

“Pupils Wanted”
Course in Love Making
At
Shatzel Porch
Free Demonstration at any hour
Kuntz and Manhart

The storm on July 4th, gave the girls an excuse for a late entrance that night. Some excuses are better than none, eh girls? Let’s have it storm often!

The Juliets of Shatzel Hall were serenaded late one night by a group of Romeos.

When Mildred Keller was asked by Dick Titus if she wanted to be a rich man’s darling or a poor man’s slave, she said, “I want to be a rich man’s widow.” Poor Dick may have a chance yet.

When Marjorie Rossman was told that phonographs were invented only 50 years ago, she said, “What did they play records on before that?”

COUNTRY LIFE
The meetings of the Country Life Club have been interesting and entertaining this summer, although the attendance has not been large. The officers for the summer are: President, Bob Shelton; vice president, Lawrence Doren; secretary-treasurer, Jean Sherer pianist, Marie Menz; chorister, Bob Wyandt; chairman of program committee, Geraldine Scott; chairman of entertainment committee, Jean Sherer.

At the meeting held July 10, “And the Lamp Went Out”, a heavy drama of the silent type, was presented in a very dramatic fashion. After each meeting a social hour was enjoyed in the gym.

Williams Hall News
(Continued from Page 11)

Bowen. The brigade includes Elizabeth Rump, head waitress, Betty Taylor, Mary Doyle, Edith Crosser, Clara Krause Gertrude Miller, Gladys Howard and Georgiana Agner.

If you chance to pass down the hall and hear the click of a typewriter you'll know its one of the McGinty twins. They seem to be quite busy most of the time. I guess everyone is busy but you can hear them work. We envy their opportunity of getting finished more quickly.

The summer session girls haven't tried any pajama parades. Experience of others gone before has been their teacher.

How are the tennis lessons coming, Gertrude? We hope you learn rapidly—time is getting short.

It has been proved that a very efficient balm for an hysterical co-ed is a firm kiss. Boys, the problem is how to get them hysterical.

Did you ever hear the story about the Scotch fisherman who married a woman because she had a tape worm?

Helen Brown—"Did you ever hear of the Collegiate flower?"

Jean Miller—"No, what's its name?"

H. Brown—"The Blooming Idiot."

Ever hear the one about the man who married a Scotch wife because he knew she'd never give him a piece of her mind?

Mr. Holt—"What makes petrified trees."

Alice R.—"The wind rocks them."

The First Shall Be Last
"My advice" orated the Bee Gee lawyer, is to work hard and get married.

"Y-yes, sir," stammered the college soph.; judging from some of the fellows that are back this summer, ain't your idea kinda vice versa?"
A woman rarely realizes her age, until the birthday cake begins to look like a Forest fire.

Prof. Powell and son Paul went for a stroll one sweltering day. As they passed a vendor of ice cream, Paul turned to his dad and said, "Daddy, I wish you'd buy me some ice cream, I am so hot." Dad Powell gazed at his son for a few seconds in mild surprise and then exclaimed: "Oh my no, my son, but I'll tell you what I'll do. I'll take you over yonder under that three and tell you some ghost stories that will make your blood run cold."

WOMEN’S ATHLETICS

Bowling Green College is developing an excellent physical education course for women. Various new sports have been added recently which tend to increase the interest in this department.

Hockey, Soccer, Basketball, Archery and Tennis are being given more importance than ever before and it is hoped that more courses will be added. Two new classes will be added this fall, which shows that this department is growing. Physical education is an excellent field and girls will find that more and better trained teachers will be needed in this subject in the future.

The W. A. A. is very active and aids in developing and maintaining interest. Awards for participation in athletics are given by this organization. One can be proud of a sweater and the letter which is the highest award given.

Presence of Mind

The Bee Gee traffic cop had made a mistake. He had ordered a car to stop when there really was no reason. The driver, a Dorm product, was justly indignant. "Pardon me, madam," said the officer, "but I thought at first you were too young to drive."

The Cautious Veteran

The flapper whispered that his eyes were such a perfect blue;
She told him that his heart was staunch
And kind and brave and true.
She raved about his raven hair,
His manly form—all that—
Such an aristocrat.
Just what she sought he never knew;
He bolted for the door
And yelled: "Farewell—goodnight—
good-bye—
But I’ve been gassed before!"

—Bill Good

"I have a suit for everyday in the week."
"Yes?"
"This is it."

Mary D.: "Edith I had a dream about you last night?"
Edith: "You did? What did you dream?"
Mary: "I saw you going down the road leading a donkey and singing, 'Me and My Shadow.' "
