Ruth Olscamp is someone you don’t soon forget. She is a vibrant person whom others genuinely like; she is a speech pathologist with a highly credible record and she is an active participant in academic and civic affairs.

As both an individual and the wife of Dr. Paul J. Olscamp she has made a positive impact in Bellingham, Wash., and she is looking forward to settling into the Bowling Green community.

She wants to teach and to learn here and she is especially eager to begin meeting people and participating in campus and community events.

Olscamp, 34, prefers to think of herself as a person who chooses speech pathology as a career and just happens to be married to a university president. She is confident that she will have no trouble combining the two roles and believes that by just being herself she will have no trouble settling into the Bowling Green community.

She wants to teach and to learn here and she is especially eager to begin meeting people and participating in campus and community events.

She wants to teach and to learn here and she is especially eager to begin meeting people and participating in campus and community events.
The appointment of Dr. Paul J. Olscamp as Bowling Green's eighth President was confirmed by the Board of Trustees meeting April 11. At the same time, Board President Frazier Reams Jr. discharged the Presidential Search and Screening Committee, thanking the members of that committee for their special tribute to Patricia Gangwer and June Shridar, secretaries during the search process, and to Richard Edwards, executive vice president, for his efforts to make the administrative transition.

The board also was presented with free admission to the university from the faculty and three from the Undergraduate Student Government—congratulating Olscamp on his selection, commending Interim President Ferrari for his leadership, and expressing dissatisfaction and concern with the procedures used in the selection of the new president and the resulting erosion of mutual trust between members of the board and the University community.

Membership of the board "heartily endorsed" the resolutions commending Ferrari and Olscamp.

Speaking on the conflict that arose over the presidential selection process, Reams said, "I feel very strongly about the faculty's right to express its opinion. I'm very well aware of the fact that there are probably better ways to achieve a greater reestablishment of a spirit of openness between the board and the University community; his view of how the University should operate, adding, "This is the way the board intends to run."

Hall said "trustees do not walk on water. We learn from the experiences of the past month or so."

The next meeting will be at 10 a.m. Friday, May 14, in the McFall Center Assembly Room.

Alger Hiss plans three-day campus visit

Alger Hiss, whose espionage and perjury case in 1949 riveted national attention, commented on his selection, President Richard Nixon into national prominence and sent the former state department officer to prison, will be on campus May 11-13 to deliver a major speech and participate in a series of seminars.

Hiss, whose supporters maintain he was a victim of anti-communist hysteria that swept Post-World War II America, will talk about "McCarthyism and the McCarthy Era" during an 8 p.m. public lecture Wednesday, May 12, in Kobacker Hall of the Moore Musical Arts Center.

Hiss had fashioned a successful career in the state department and as a diplomat when in 1949, during hearings before the House Un-American Activities Committee, he was accused of having passed state department secrets to the Soviet Union. Hiss' confrontations with the committee and his accuser, Whittaker Chambers, a senior editor at Time Magazine, became the leading story in the country during the late 1940s and early 1950s.

Because the statute of limitation had run its course, Hiss could not be indicted on espionage charges but he was brought to trial for perjury in 1949. The trial resulted in a hung jury and the government retried him in 1950, this time gaining a conviction.

After an unsuccessful appeal to the United States Supreme Court, Hiss served five years in prison. He was released in 1954 after serving 44 months.

That his appeal was turned down by the Supreme Court was ironic because he had begun his career as a secretary to Supreme Court Justice Oliver Wendell Holmes. In 1944, he went to Washington as part of President Roosevelt's New Deal and was the assistant general counsel of the Agricultural Adjustment Administration.

Hiss later took a series of positions in the state department and in 1944 commended the secretary of the Dumbarton Oaks Conferences, where the outline for the United Nations was prepared. He was a member of the delegation that in 1945 accompanied President Roosevelt to the Yalta Conference.

Hiss' appearance at Bowling Green will be preceded by the showing of the film "The Trials of Alger Hiss" at 7:30 p.m. Wednesday, May 5, in 210 Mathematical Sciences Building.

On Tuesday, May 11, Hiss will take part in a panel seminar entitled "Alger Hiss: A Press Perspective" to be held at 2:30 p.m. in 515 Life Sciences Building.

The panel will be moderated by Emil Dansker, journalism, and panelists will include Scott Aiken, former newsmen with the Cincinnati Enquirer, now on the public relations staff of Armac Steel; Edward Whipple of the Toledo Blade, and Dennis Hale, journalism.

On Wednesday, May 12, Hiss will take part in a panel discussion entitled "Life and Art of Alger Hiss" at 10 a.m. in the Campus Room of the University Union.

Meetings to detail University's new sexual harassment policy

Sexual harassment—what is it and what is the University's official position on it?

Those two questions will be examined in detail at a three-hour information session sponsored by the University's Equal Opportunity Committee.

Scheduled at varying times and in various locations to enable the largest possible segment of the University community to attend, the three sessions will be designed to acquaint faculty, contract and classified staff, and students with Bowling Green's "Sexual Harassment Policy" approved by the Board of Trustees last October and with methods of dealing with harassment in the work environment.

The workshop will be offered from 3-4 p.m. Monday, April 26, in the McFall Center Assembly Room; from 9-10 a.m. Wednesday, April 28, in Room 105 A,B,C,D of the School of Technology, and from 1-2 p.m. Tuesday, May 4, in the Alumni Room of the University Union.

Members of the Equal Opportunity Committee and administrative staff from the Office of Equal Opportunity Compliance and Handicapped Services will lead the sessions.

Suzanne Crawford, acting director of equal opportunity compliance, said the meetings will include a general discussion of the University policy, a showing of the film, "Workplace Hustle," and a general response time, during which participants will be told how to identify instances of sexual harassment and how to file a complaint.

The University's sexual harassment policy defines harassment as behavior which: "Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

such conduct by an individual is used as the basis for employment or academic decision making on an individual, or such conduct has the purpose or effect of unreasonably interfering with an individual's employment or academic performance or creating an intimidating, hostile or offensive work environment."

The policy, which was drafted by the Office of Equal Opportunity Compliance and Handicapped Services, was approved by the Faculty Senate before its adoption by the University administration.

The workshops are designed to foster a living/learning working environment conducive to the highest levels of individual achievement. Crawford said.

APPLE day to show core of daily computer activity

Computer Services will host an "APPLE Awareness Show" for faculty, staff and students April 27 and April 29.

Designed to show how APPLE II microcomputers are being used at the University, the show will be presented from 11:45 a.m. to noon on Tuesday, April 27 and from 8:40 a.m. to noon Thursday, April 29. Both sessions will be in the main lounge of Prout Hall.

Reservations are not required, and participants may come and go as their schedules allow.

Following are the times and presentations scheduled:

Monitor

Monitor is published every week for faculty, contract and classified staff of Bowling Green State University.

Deadline for submission of material for the next issue, April 26, is 5 p.m. Tuesday, April 20.

Send all material to: Monitor, 516 Administration Building Bowling Green State University Bowling Green, Ohio 43403

Change of address and other notices should be sent to: Monitor, 516 Administration Building Bowling Green State University Bowling Green, Ohio 43403

For subscription information, contact: Monitor, 516 Administration Building Bowling Green State University Bowling Green, Ohio 43403
New Mexico, subcontracted from the National Institute of Environmental Health Sciences, conducted a field trial of the process of developing a proposal from original idea through submission, aiming at a particular funding source.

The two-part workshop will lead participants, step by step, through the process of developing a proposal from original idea through submission and award. Directed by Mariam Ronan, acting director of research services, the April 21 session, to be held from 9 a.m. to noon, will include a fast-paced introduction to the essentials of proposal writing. Free materials on planning and budgeting and on the latest and most likely funding sources for a project will be distributed.

In the month between the first and second class meetings, participants will be working on a proposal aimed at a particular funding source. On the morning of May 21, participants will meet to review the proposals and provide concrete feedback to the participants.

Advance registration is required for the final two meetings. To register, contact the research services office, 120 McFaul Center (372-2481).

**Faculty and Staff**

### Grants

- **NEA: Music Festivals**
- **Dr. Thomas B. Cobb, graduate college, $4,500 from the Public Health Service, Dept. of the Interior and Human Resources.** To continue a minority high school student research service program. This is the second year Bowling Green has received the award.
- **David Gosses, health, physical education and recreation, $715 from the Tennessee Valley Authority for his 11-week student internship at Land Between the Lakes, Golden Pond, Ky.**
- **John T. Rutenber, biological sciences, $9,603 from the University of**

---

**Luncheon to honor athlete-scholars**

Thirty student athletes will be honored for their excellence in the classroom at the second annual athletic department academic honors luncheon on Wednesday, April 28. The luncheon in the Grand Ballroom of the University Union is being held for Bowling Green athletes who have maintained a grade point average of at least 3.5 on a 4.0 scale throughout their academic careers.

Periods of illness or vacation. Microbiology to currently accepting direct payroll deposits; the worries of a classroom at the second annual dollar through reduced check deposit checks; the worries of a bank charges and bank reconciliation.

### Recognition

- **Ron Bandy, art, was awarded third place for his painting "The Christmas Book," at the 47th annual Regional Artists Exhibition March 19 at the Fort Wayne Museum of Art.**
- **Ramona Conner, associate provost and assistant to the president, was one of 10 northwest Ohio students honored for Women of Achievement awards by the Toledo chapter of the American Business Women's Association.**
- **Dr. Paul Makara, music performance studies, has been named interim concertmaster of the Toledo Symphony Orchestra until auditions for the position are held this summer.**
- **Dr. Brian Hamor Lee, speech communication, "Conquered Scenery," to be published by Oracle Press.**
- **Dr. Ron Seynig, art, has been selected the University of the Great Lakes Association for School, College and University Staffing at a conference in March.**
- **Dr. Raymond K. Tuckler, speech communication, was named a visiting professor at Ohio University's College of Communication for the week of April 12.**

### ‘How to’ sessions planned on fit trail

- **'How to’ sessions on use of the new outdoor fit trail will be given by the following to consider the benefits of the direct deposit program, which eliminates waiting in lines to pick up and deposit checks; the worries of a possible lost or stolen paycheck, and the need to make special arrangements for paydays during periods of illness or vacation. Employees who authorize direct deposit receive an earnings statement on or before payday either through campus mail or from their immediate supervisor, with an explanation in the checking account for use at the beginning of each pay period. Direct deposit also saves University dollars through reduced check printing, postage, handling, and recording costs.**

The 10 institutions currently participating in the Campus Grants program are: Huntington National Bank; Mid-American National Bank and Trust; Northwestern Savings Bank; Citizens Savings Bank; Midwest Bank and Trust Co.; First Federal Savings and Loan; Diamond Savings and Loan, and State Home Savings and Loan.

Questions about direct payroll deposits should be phoned to the payroll office (372-2201).

---

**Getting a grant is workshop topic**

"How to Get a Grant," a free workshop for faculty, staff, and graduate students, will be offered by the Office of Research Services April 21 and 22.

The two-part workshop will lead participants, step by step, through the process of developing a proposal from original idea through submission and award. Directed by Mariam Ronan, acting director of research services, the April 23 session, to be held from 9 a.m. to noon, will include a fast-paced introduction to the essentials of proposal writing. Free materials on planning and budgeting and on the latest and most likely funding sources for a project will be distributed.

In the month between the first and second class meetings, participants will be working on a proposal aimed at a particular funding source. On the morning of May 21, participants will meet to review the proposals and provide concrete feedback to the participants.

Advance registration is required for the final two meetings. To register, contact the research services office, 120 McFaul Center (372-2481).

- **Dr. Herbert Greensberg and Fred Simmons, speech communication, presented a paper, "Performance of the Speech in a Simulated Altered Time Speech at the Ohio Speech and Hearing Association convention March 26 in Columbus.**
- **Dr. Robert Hensan, speech communication, designed scenario for President G. David Niven's"Oedipus" model for "The Metanaut's" in "The Delaney Review."**
- **Dr. Stephen Hood, Melvis Hyman, Research Assistant, and Dr. Rattlester, speech communication, presented a paper, "Intra and Inter Voice Fundamental Frequency Variability for Spanish Coarticulation." at the Ohio Speech and Hearing Association convention March 26 in Columbus.**
- **Dr. Robert Hurstone and Adrian R. Tal, art, were participants on a panel discussing "Overview: Studio Foundations in Mid-West Regional Schools," at a recent regional conference of Foundations in Art Theory and Education in Kalama, Mo.**
- **Dr. Marilyn Parminter, speech communication, presented a paper, "Phonological Processes in the Southwest March 26 Northwest Ohio Speech Association March 26 in Parnasburg.**
- **Dr. Michael Rettstatt and Brian Suhullman, speech communication, presented a joint paper, "Methods Efforts and Achievements. have served as an editorial editor of FINANCIAL and have focused their efforts and achievements.**
- **Dr. Brooke L. Edwards Jr., English, presented a paper, "Poetic, Archaeological and Epigraphic Excavations: Some Epigraphic Questions," at the conference on College Composition and Communication March 19 in San Francisco.**
- **Dr. Bonita S. Greenberg, speech communication, presented a paper, "Techniques of Research: A Methodological Approach," at the 47th annual Regional Artists Exhibition March 19 at the Fort Wayne Museum of Art.**
- **Dr. Ramona Cormier, associate provost and assistant to the president, was one of 10 northwest Ohio students honored for Women of Achievement awards by the Toledo chapter of the American Business Women's Association.**
- **Dr. Paul Makara, music performance studies, has been named interim concertmaster of the Toledo Symphony Orchestra until auditions for the position are held this summer.**
- **Dr. Brian Hamor Lee, speech communication, "Conquered Scenery," to be published by Oracle Press.**
- **Dr. Ron Seynig, art, has been selected the University of the Great Lakes Association for School, College and University Staffing at a conference in March.**
- **Dr. Raymond K. Tuckler, speech communication, was named a visiting professor at Ohio University's College of Communication for the week of April 12.**

### Publications

- **Dr. A.B. Blankenship, emeritus, marketing, "Do-It-Yourself Marketing Research," a book co-authored by George Breed, former director of marketing research at the Stanley Works. The book was published this month by McGraw-Hill Book Co.**
- **Dr. Richard Byler, journalism, a review of "Graphic Communication," a chapter in "The History of the Graphic Arts" by Seneca, New York, 1980.**

Two-day festival to feature new music

Bowling Green's third annual New Music Festival will be hosted by the Falcon Club and the University athletic director the last three and a half weeks and worked in the alumni office for seven years prior to his athletics appointment, will become athletic director at the University of Kansas on May 1.

The festival being hosted by the Falcon Club and the athletic department, is open to the public. Registration fees are not required.

Blood pressure screening set

Blue Cross of Northwest Ohio will conduct a blood pressure screening program at all University employees on Wednesday and Thursday (April 21 and 22). The program is being performed during the two-day event. The workshops, which are open to more than 400 employees and representing a broad spectrum of the University community, will be conducted by University faculty and students.

All workshops are scheduled at 10:30 a.m. and 2:30 p.m. Friday (April 21) in Bryan Recital Hall and at 8 p.m. that day in Kobacker Hall. Concerts also will be presented Saturday at 2:30 p.m. in Bryan Recital Hall and at 8 p.m. in Kobacker Hall.

All events are free and open to the public.

This year's special guest will be composer Joseph Schwantner, a former member of the Eastman School of Music and a former resident of Bowling Green. Schwantner won a Pulitzer Prize in 1979 for his composition "Attonement of Infinity."
