Emerson Literary Society

"When Witches Walk" was the subject of the Emerson Literary Society meeting, Wednesday night, Oct. 28. The meeting was called to order by Mr. Ingali and after the regular business in trooped several witches who then took charge of the meeting.

A piano solo by Christina King put us in the spooky mood and then a witch from Germany, Mildred Klofenstein, entertained us with a humorous account of witchcraft in Europe. A witch from England, Martha Fields, told of interesting episodes of her native territory. Witchcraft of 1931 was portrayed by the modern witch, Lenna Conklin. A spooky atmosphere now prevailed and two readings "When The Folks Are Gone" and "Little Orphan Annie" both by Riley, were given by Miss D. Huber. Following roll call the meeting was adjourned.

Hallowe'en Dance

The Las Amigas sorority sponsored the Hallowe'en Dance held at the Men's Gym, Oct. 24. With the arrival of cornshocks, pumpkins, cats, witches and confetti, the Gym took on a mysterious Hallowe'en air.

A large proportion of the dancers were in masquerade. Dr. Zaugg presented the most attractive girl and the most attractive fellow with gifts. The snappy orchestra contributed greatly toward making the dance a howling success. Cider and doughnuts refreshed the pranksters.

Homecoming Play

The usual Homecoming Play is to be a feature of the Tenth Annual Homecoming Day program at the State college on Nov. 7 and it will be presented by the well known Gold Mask fraternity.

This year Margaret Anglin's famous comedy vehicle "Beverly's Balance" is to be presented by the group. It will be staged in the college auditorium on Saturday evening at eight fifteen o'clock with a cast of carefully selected Gold Maskers including Clem Premo, Red Stevenson, Helen Walrath, Virginia Porter, Ivan E. Lake, Marguerite Bowers and Fred Kendall with a few additional members in some minor roles.

The comedy is a clever love comedy involving a young lawyer with very little practice and a very involved and humorous divorce case to complicate the plot.

Tickets may be secured by writing to Marguerite Bowers, 116 Williams Hall. They will be fifty cents each. If tickets are to be mailed a self addressed, stamped envelop must be included.

6:30 3 K at Fetzer's Grill.

6:15 Five Sisters at Sorority House.

STAG SUPPERS

11:58 Commons at Fetzer's Grill.

11:50 Five Brothers at U. B. Church.

12:00 Delhi at Fraternity House.
Wise and Otherwise

George Bernard Shaw, native Irishman and adopted Englishman, spoke to America via radio the other Sunday afternoon. Shaw is a blunt, outspoken man, and said what he pleased about America to her face (if that's possible over the radio). You're a big bunch of "boobies," he said in effect.

Three cheers, Mr. GBS. We hope you feel better now that it is off your chest. If it did you any good, that's fine. We have our own men who are smart enough to see the same thing. The present writer has often called the world in general "homo boobies" (after Heywood Broun), and we could think up worse names to fling in our British friend's teeth.

Come to think of it, maybe we are "big boobies"—for buying Shaw's books.

All this now out of our system, we might repeat the much repeated and scarce repeatable question: "Did you ever read Shaw?" No? You've missed many an hour's entertainment and solid thought. His wit is scintillating and sometimes scathing.

"The Apple Cart", Shaw's latest play, has not yet come to our editorial hands, but nearly all his former works have passed our review. Some of them have prefaces which are longer than the plays themselves.

Above are the picture of the two Englishmen who will debate against Bowling Green State College on Nov. 5. Stuart Craig is a graduate of University College, Nottingham, England. He was graduated with Honors in 1930. During his college days, he was very active in forensics. Mr. Craig was prominent in Hockey, and also represented his college in golf and rifle shooting.

John Needham is from St. John's College, Durham, England. He, too, was graduated in 1930 with Honors. He was very prominent on the campus in athletics. He was captain of the rowing team. He also played in football, Cricket, and Hockey. He was outstanding in debate. Both of these men were very popular in college, each one holding several student offices. Both of them have achieved recognition all over England for their work in debate.

Archery Tournament

The Women's Fall Archery Tournament will be run off Saturday morning, Nov. 7. It will begin at 8:30 a.m., and all entrants are urged to be on time. Anyone who has had archery lessons and experiences may enter.

The winner will be determined by the highest score for a Bee Gee Round, which consists of 4 ends at 20 yards, 4 ends at 30 yards, and 4 ends at 40 yards. W. A. A. points and other awards will be given to the first ten high scores. There must be at least ten entrants to start the tournament.

For further information see the Cork Bulletin Board.

Standards for Practice

Teaching and Graduation

To be eligible for Elementary practice teaching a student must have at least 30 hours of advanced credit and at least twice as many quality points, and must have a grade of "C" or better in Principles of Teaching and English Composition. Similar standards are required for Secondary practice teaching, including 90 hours of advanced credit and 180 quality points, 20 hours in major subject, and special method course, prerequisite or parallel, in subject to be taught.

Candidates for a degree or diploma must earn at least twice as many quality points as the number of hours credit required. Those who fall below "C" in practice teaching will be required to do extra practice work.

Prior to September 1, 1933, the above standards shall apply to all work taken after September 1, 1931. After September 1, 1933, they shall apply to all work regardless of the time of entrance.

Quality Points are assigned to each mark as follows:

For each hour with a grade of A, 4 quality points.
For each hour with a grade of B, 3 quality points.
For each hour with a grade of C, 2 quality points.
For each hour with a grade of D, 1 quality point.
For each hour with a grade of F, 0 quality points.
For each hour with a grade of GW, 0 quality points (until removed).

There will be a W. A. A. meeting and party in the Women's gymnasium on Wednesday evening, Nov. 4. The meeting will begin at seven o'clock sharp, and the social hour will close at eight thirty o'clock.

All members are urged to come, and any girls who wish to join the W. A. A. may do so at this time.

The Tararger bird team has charge of the social program, and have planned games and dancing.

Let's all turn out and have a good time!

This year the intramurals are divided into four bird teams, Orioles, Tanagers, Cardinals and Bob-O-Links. Each girl is assigned to a team and remains a loyal member for the rest of her college course.

The color of sweaters denote the team. We hope to make these divisions a tradition—"Birds of a feather flock together."

The program of the November meeting is to be conducted by the Tanagers. Every girl is invited to enjoy a good time that night, Nov. 4.

Quill-Type News

The Quill Type club held its regular meeting Wednesday at 7:30 o'clock, Oct. 28, in the Y. W. C. A. building.

The meeting opened with a song by the entire society. A short business meeting was held after which the following program was enjoyed.

History of Hallow'en, Miss Horn.
Initiation service, Mr. Levit. Those initiated at this time were Misses Ruth Harris, Irene Knapp, M. E. S., Alberts, Weimer and Loomis.

At the conclusion of the program a social hour was enjoyed in the Faculty Room. Those in charge were Misses Wendell and Holy.

New Kindergarten Critic

Miss Nellie L. Walker who began the year as director of the Kindergarten of the Campus Training School resigned on October 9, on account of illness.

Miss Mildred Ann Paxton, B. S., Kansas State Teacher's College, A. M., Teacher's College, Columbia University, has been secured to succeed Miss Walker. She has taught in the public schools of Colorado, Marysville, Atchison, and Salina, Kansas; also in State Teacher's College, Maryville, Missouri, and Ball State Teacher's College at Muncie, Indiana. She has also taught in summer schools at Marshall College, Huntington, West Virginia, and at North Carolina State University, Chapel Hill, North Carolina.

The Bee Gee News extends to her a hearty welcome.

Miss Harriet S. Hayward, director of Elementary Student Teaching in the Bowling Green City Schools, addressed the Primary Section of the Eastern Ohio Teacher's Association at Cambridge, Ohio on October 30.

She spoke on the topic "Children and Literature." This association is one of the associations of the state and corresponds to the Northwestern Ohio Teacher's Association which met at Toledo on the same date.
On Reading

Never take time to read good books. There is truth only in the best of them. ‘Take heed, Pilate, lest thou art asked jesting Pilate’. Without taking issue either with the Nazarene who would not answer Pilate’s question, or with the lineage of philosophers who have lived since, we might, imperfectly perhaps, define truth as that which one experiences for himself. It might be ineffable and transient, but at least it would be authoritative for oneself.

We contend herein that truth is contained in masterpieces of literature, and is there more easily found than in life itself. Living reality is too near us to be seen clearly. It is like a campfire that blinds us to the beauties of the evening sky. On the other hand, the masters of years bygone, have, by their genius, seen life ‘clearly and whole’. They have interpreted it for us in their works.

On judging among students into their acquaintance with English and American classics, one is disappointed to find abysmal ignorance. Who would think of reading Hamlet after they had been given a ‘B’ in the Shakespeare course? Or who would think of reading it even then if it were not required? Even, the thinker finds (and there has been a diligent search), there is none who are ‘up’ on the modern classics, one is disappointed to find abysmal ignorance. Who would think of reading it even then if it were required? Even, the thinker finds (and there has been a diligent search), there is none who are ‘up’ on the modern novels and poetry.

Consider the joy of communing through the printed page with Samuel Johnson, Oliver Goldsmith, Sir Joshua Reynolds, and the rest of that circle. Their thoughts run through our minds, and stimulate our intellects. They impart that truth to us that gives us authority and makes us free from the opinions and theories of others.

But, is Truth? asked jesting Pilate? Perhaps this is true if one is so blind that he can see no more than a printed page. The lover of books has not only sight but vision also. Along with a book, he can see beyonder the type; his environment fades and a new and foreign but nevertheless friendly country envelops him; a roving craft has borne him lands away. Reality? What is more real than the inner life, what William James calls ‘the unseen’?

To Sum It Up

The two controversial contributions to the Bee Gee News a week or two ago points to the confusion which still exists in the minds of many college students as to the real purpose of a college. Let us avoid the purely theoretical and look at a few practical considerations.

It is obvious that to the mass of graduates, college training contributes to two main purposes; namely, the improvement of material living advantages and the development of personality. Ninety-nine out of a hundred students have the ambition to secure a diploma. Ninety-nine out of a hundred students have the ambition to secure a diploma. If he has not reached the “level” of his desires and ambitions, he feels that college training is a means by which he can more nearly reach his goal. Then, too, the skill and development resulting from college work increases his chances of employment and at the same time gives him an insight into the cultural value of the arts and sciences. He can be reasonably sure that the future will hold more material blessings for him if he studies four years and secures a diploma.

Furthermore, the student is very sure that a change of environment and a varied daily thinking routine through several years will give a unique development not to be duplicated in any other way. The college classroom, the party and the practice of assuming responsibility away from home are definite media for personality training. Ordinarily, if the student excels in his college work he has the same time built well in the technique of his chosen profession. Likewise, continued practices in the

Defiance Smashes Bee Gee 15-0

For the first time in seven years Bowling Green lost a so-called football game to the keyed-up Yellowjackets. The Falcons looked like anything but the warriors of past battles. Out fought, out charged, and completely outplayed, it just wasn't our day. One would think it was game number thirteen from the results, for it was the first time to taste defeat in nineteen starts.

Breaks—Defiance got all of them too, but there's no need of cryin' now. The only battles. Out fought, out charged, and completely outplayed, it just wasn't our day. One would think it was game number thirteen from the results, for it was the first time to taste defeat in nineteen starts.

Willie Ault and Don Stevenson were knocked out of the game, but we hope they will be back with the old fight for Homecoming. Conkey was the inspiration of the Yellowjackets. Willie appeared in the old town one day. Murray did the only Bee Gee scoring, but that was a safety for the Yellowjackets.

What do you say team? Let's show 'em some real football from now on.

Home-Coming

(As Seen by Cal Coolie, Special Correspondent for the B. G. News)

Homecoming is the time when former students revisit their alma mater. By alma mater I refer to the college which they attended. Sometimes these former students are called alumni. Thus, this coming back to the scene of their collegiate days by alumni is known as Homecoming.

Homecoming is a very joyous time indeed. There is usually a dance and a football game during the homecoming period. As a rule the football game is on Saturday afternoon. Generally, the dance is held on Saturday night. If, however, the president of the college is opposed to Saturday night dances, this function may be held on Friday night instead. The football players enjoy this latter plan greatly.

Of course, the alumni go to the football game and "root" vigorously. This so-called "rooting" is, no doubt, one of the chief sources of pleasure to the alumni and undergraduate alike. Indeed, Homecoming is a very joyous time.

Throughout the remainder of the day acquaintanceships are renewed. This, in itself, is a joyous process. Then the dance comes in the evening. The chemistry professor's keen, honest, hound-like nose insures complete sobriety on this occasion. Banquets of the different organizations follow the dance. Here joy flows unrestrained. The festive board is well laden on these occasions.

In conclusion, I can only say that Homecoming is, indeed, a very joyous time. And God bless you all, youth of America.

Willie The Cornishman

Not So Good and Not So Bad

An excerpt from "England Beautiful—Wallace Nutting."

Willie appeared in the old town one day. It had been a long time since any one had seen him. He inquired for all the old cronies. "Where is Dave?" He's gone to sea. "Where is Jim?" Nobody knew. Finally somebody said, "Jim? he's dead." "Oh! if he's dead, I know where he is."

But, Willie, where have you been all this time?

"I sailed for America."

"That's Good."

"Not so good, we were cast ashore."

"That's Bad."

"Not so bad; the folks were good to us, gave me a job, and I married a woman who brought me 75 pounds."

"That's Good."

"Not so good, she was a terrible one to live with."

"That's bad."

"Not so bad, we bought a tavern with the money."

"That's Good."

"Not so good; a fire burnt it all up."

"That's bad."

"Not so bad, it burnt up the old woman with it."
