D. The use of "set-aside" funds for more aggressive hiring of minority administrative staff.
E. To have the ASC Handbook address flexible compensatory time for administrative staff.
F. Administrative staff should be given a paid sabbatical to enhance professional skills.

Administrative Staff Council
Resolution Regarding the Personnel Office Consolidation

WHEREAS, the Administrative Staff is composed of 427 members; and
WHEREAS, the Administrative Staff has unique personnel needs; and
WHEREAS, the Office of Administrative Staff Personnel Services has served the needs of Administrative Staff for eight years; and
WHEREAS, the Personnel Study Group recommended that a separate office be maintained for Administrative Staff personnel needs;

THEREFORE, BE IT RESOLVED, that the Administrative Staff Council strongly recommends the implementation of the Personnel Study Groups' recommendations; and

BE IT FURTHER RESOLVED, that the highest priority be given to the funding of this re-organization by the appropriate budget committees; and

BE IT FURTHER RESOLVED, that the position of Director of Administrative Staff Personnel Services be maintained as a separate entity within the personnel division.
Proposed Distribution Guidelines for Market Adjustments*
for Administrative Staff

The Administrative Staff Council realizes that the "market" for any employee is not an absolute figure, but represents a range within which a staff member would expect to find employment elsewhere and within which the University might expect to pay a replacement staff member should a vacancy occur. For the purposes of making market adjustments, we recommend that a figure of plus or minus ten percent of the mean average salary for comparable positions be considered as being within "market" salary for an individual.

It is the firm belief of the Administrative Staff Council that the University has an obligation to make sure that all of its Administrative Staff are being paid a wage that is within a "market range" commensurate with required education, skills, experience, and responsibilities.

The Administrative Staff Council recommends that the following criteria be used in determining which adjustments are made:

1. Market adjustments should be made only for those whose salaries fall more than ten percent below the mean average for comparable positions.

2. Of those who fall below market, highest priority should be given to those whose salary is the farthest percentage below market regardless of the actual dollar amount this represents.

3. Market adjustments should be available only to those who have been employed in their current University position for 3 years or more at the end of the current fiscal year.

4. Other criteria being equal, priority should be given to those who have served the University the longest in their current University position.

5. Market adjustment should be given in sufficient amount to assure that the staff member's resulting salary would at least be within market range, that is plus or minus ten percent of an average of comparable positions. This adjustment might take more than one year.

* Market adjustments are not to be confused with changes in position or responsibility. Money for promotions and changes in responsibilities should be provided separate from the market adjustment criteria outlined here.
Health Promotion Task Force Report

Chair Fitzgerald distributed a copy of two additional recommendations that were made to President Olscamp by the University-Wide Health Promotion Task Force. The first recommendation is that the University cover the cost of preventive examinations; the second recommendation is to provide Fitwell Assessment/Counseling. President Olscamp has indicated his support of the preventive health examination if the benefit is requested by Faculty Senate, ASC, and CSC as an inclusion in the 1988-89 wage/salary increase proposal and is approved by the University Budget Committee. He requests that it be presented as a part of the wage/salary increase package; if presented as a separate line item, the salary increase would be reduced by a corresponding amount. The cost of the program is estimated at $300,000, roughly equivalent to a one percent salary increase. It was moved by Gregg DeCrane and seconded by Jim Litwin to support the recommendation endorsing a preventive health examination in lieu of the equivalent salary increase.

In discussion, several questions were debated. The average cost of a physical examination as reported in the task force report is less than one percent of the average administrative staff member's salary; therefore, proposing coverage for an examination may be considered a net loss to the staff. On the other hand, if staff members are able to forestall serious medical problems because they have had an annual physical, insurance costs will not rise as fast. Last year, the ASC requested a physical examination as part of the fringe benefit request but not as a part of the salary package.

Questions were raised about whether $250 was an accurate figure for a physical examination and about whether the anticipated 25 percent participation was a logical expectation.

It was moved by Greg Jordan and seconded by Marcia Latta to table the motion until such time as the Personnel Welfare Committee and the Executive Committee can gather additional data and background information. The motion to table was approved.

Feb, 1989 meeting
ADMINISTRATIVE STAFF COUNCIL
MINUTES
OCTOBER 5, 1989

MEMBERS ABSENT:  Burns, Heyman, Piersol

GUEST:  Annmarie Heldt, Joyce Hyslop

The meeting was called to order by Chair Jill Carr at 1:30 pm. The minutes of the September 7, 1989 meeting were approved as distributed.

Dick Oakley of the American Red Cross encouraged all to participate in the upcoming bloodmobile drive November 6-10.

Ron Lancaster, Chair of the Project 90 Committee shared with council the background and activities of this long-term project. He indicated that Phase I (vendor selection) will hopefully take place by Spring Break. Phase II will be a 6-8 year process with the financial area being first to be converted. He answered many questions from council regarding funding, logistics, and other concerns of the group.

Dave Hyslop, Chair of the 1989 United Way Steering Committee described this years campaign (October 9 - November 3). He encouraged the members of council to consider participation in this years campaign.

Chair Carr shared with the council recent activities regarding the consolidation of the Personnel Offices on campus. A concern was expressed to the Executive Committee as a result of the article appearing in the Monitor describing the reorganization of the operations area. Vice President of Operations, Bob Martin, was invited to meet with the Executive Committee to discuss the reorganization of the personnel offices and consolidation of the handbooks. Having had the opportunity to digest and evaluate the rationale and plans that Vice President Martin described, a follow-up meeting was conducted between the ASC officers and Vice President Martin.

Mr. Martin indicated that funding for the two vacant positions has been requested in the 1990-91 budget process. He also indicated that extensive review of the Personnel Study Group's report will be conducted after the new Executive Director is on board.

Strong concern was raised by many council members regarding the importance of maintaining a separate position for Administrative Staff support services. Questions were raised regarding the need for an executive director and an employee relations advisor. The observation was made that since our constituents group has had strong leadership from the Director of Administrative Staff Services over the past eight years, personnel related problems for administrative staff have been kept to a minimum.

After further discussion, it was moved by Ann Bowers and seconded by Pat Koehler to accept the resolution regarding this issue, as distributed in the agenda. Motion passed 35-0-2. The resolution will be forwarded to the appropriate areas.
Chair Carr shared with the council actions and referrals to committees concerning issues raised at the September meeting.

The proposed Market Adjustment Policy was discussed. A vote will be taken in November after members obtain feedback.

In other action, the Health Promotion Task Force report, as tabled for February 1989 meeting, was brought back on the floor. No action was taken.

The various committee reports were given. Professional Development has scheduled six programs for this year. Salary Committee will be working with Tim King, from Planning and Budgeting, in compiling data for this years report. The communication network was distributed.

The meeting was adjourned at 3:00 PM.

MEMBERS ABSENT: McLaughlin, Sokol, Wood

GUEST: Kreienkamp (CSC rep)

The meeting was called to order by Chair Jill Carr at 1:30 pm.

Dr. Paul J. Olscamp, President, Bowling Green State University was introduced. Dr. Olscamp addressed the council on a wide variety of matters:

Personnel Office: There will be two associate directors of personnel (one for administrative staff, one for classified staff). Due to the budget process, the second associate director may not be hired right away, but there will be two positions.

Combined Handbook: The classified staff and administrative staff handbooks will not be combined.

Changes in Handbook: Dr. Olscamp will accept changes in the handbook at any time, but will only forward them to the Board of Trustees on an annual basis, usually in April or May.

Harassment: The university's position regarding any statement or action towards any individual or group that would be considered harassing, bigoted, or otherwise demeaning was stated. The university does not tolerate any action of this nature and will prosecute when evidence is brought forward. Anyone who becomes aware of such actions should advise the President's Office.

Smoking: The President's Office is not making decisions about smoking policies in working buildings. Working environment committees have been formed in each area. Smoking is one issue these committees could address, but they are not limited to smoking.

Child Care: The President has met with the Chamber of Commerce to discuss the possible shared undertaking of child care. However, it is more realistic to expect that a facility and program can be developed via private funding. It would have to be self-supporting. The Faculty Senate report should be ready soon.
New Classroom Building: Very optimistic about the progress of this request through the Chancellor's office. Any input regarding the location of this facility would be welcomed.

Project 90: Funding for this project has been approved for the first phase. The goal is to obtain a uniformed financial accounting system.

General Status of the University: The success of the STAR registration system and the recruitment and retention of minority students were but two examples of the overall positive direction the university is heading. The basic structure, basic financial position, and enrollment are solid and steady. We must guard against complacency and continue to move forward.

Dr. Olscamp then opened the floor for questions.

The minutes of the October 5, 1989 meeting were approved.

The market adjustment guidelines, as distributed in October were approved.

Chair Carr shared with the council the joint meeting of officers of CSC, FS, and ASC. Two major areas of child care and insurance benefits were discussed.

The proposed handbook changes, as distributed in the agenda, were discussed. Action will be taken at the December meeting.

The meeting was adjourned at 3:00 pm.

Grant/external funds must be set aside each year to cover salary and all benefits that have a direct financial impact on the University. Failure of the grant or external source to provide said funds could result in the termination of employment and/or the curtailment or elimination of certain benefits. **THE DETERMINATION OF APPROPRIATE SALARY LEVELS AND ANNUAL SALARY INCREASES FOR GRANT FUNDED ADMINISTRATIVE STAFF EMPLOYEES IS BASED ON THE SAME PROCEDURES, GUIDELINES, AND MARKET CONSIDERATIONS AS FOR OTHER ADMINISTRATIVE STAFF EMPLOYEES.**

Compensatory Time

Under normal circumstances, a full-time administrative staff member is expected to work a minimum of forty hours per week. There may be occasions, however, when it will be necessary to work beyond the forty hours in order to fulfill the contracted obligations. No compensatory time is earned for these occasional extra hours of service. When an administrative staff member's normal duties perpetually require work beyond the forty hour week, it is assumed that this situation will be taken into account in the employee's overall compensation AND THAT THE EMPLOYEE WILL BE GIVEN THE OPPORTUNITY FOR A VARIABLE WORK SCHEDULE (See also Holiday Policy).

ADMINISTRATIVE STAFF COUNCIL
MINUTES
DECEMBER 7, 1989

MEMBERS ABSENT: Burns, Kavanagh, Kemp-Queener, Nemitz, Thiede, Voll, Wright

GUESTS: Buckenmeyer, Heldt, Kreinenkamp

The meeting was called to order at 1:30 pm by Chair Jill Carr.

The minutes for the November 2, 1989 meeting were approved as distributed.

Chair Carr introduced Dr. Pat Cleveland, Coordinator of Academic Affairs for the Department of Intercollegiate athletics. Dr. Cleveland began her presentation by indicating her role was three fold: 1) to be a liaison between the Athletic Department and the various departments that deal with athletes (admissions, registrar, etc.); 2) interpret academic eligibility rules and regulations per NCAA and MAC policies; 3) work directly with 500 student athletes to make progress on their degree while competing at BGSU. There has been success in her efforts. Statistics show that the athletes average GPA is slightly higher than the general student body, as well as the graduation rate (using a 5 year clock) is slightly high for the athlete. In addition, BGSU has initiated a post eligibility grant for athletes that provide an extra semester to allow a student to graduate.

Dr. Cleveland answered questions from the council members that dealt with makeup of the student athlete enrollment regarding sex and race, which teams had the highest/lowest G.P.A., difficulty of certain sports and certain courses of study, NCAA and MAC vs BGSU standards, Honors Award Luncheon, and her background. Several members of council complimented Dr. Cleveland and her efforts.

Chair Carr introduced Bob Graham, the newest council member, as a replacement for Kathryn Thiede who is leaving BGSU. Chair Carr also indicated that a memo has been sent to Vice President Martin regarding the Executive Committees comments on the three candidates for the Executive Director of Personnel. She expressed appreciation for the opportunity to be included in the interview and feedback process. Chair Carr shared a memo with council from Dr. Olscamp that places on hold the No Smoking policy in the Union. There seems to be some question on procedural matters in the implementation of this policy. Chair Carr also solicited input for council members regarding Vice President Edmond's calling together a space assignment committee.
Each ASC member of a University Standing Committee was asked to give a brief report regarding the work of the committee:

Bookstore Advisory Committee: Jane Wood reported two meetings have been held. They were very informative regarding a variety of related issues including book buy-backs, licensing program, etc.

Computing Council: Laura Emch reported a great deal of activity regarding the review of software packages, searching for IBM clone, and the MAC grant program.

Equal Opportunity Compliance: Diane Regan and Sam Ramirez reported that Rob Cunningham has been named Acting Director of Affirmative Action. The extensive nationwide search for a permanent director is now in progress. The committee has also addressed the harassment issue of various campus groups and the $150,000 set aside pool for recruitment of minority faculty and staff.

Insurance Appeals: Annmarie Heldt reports the committee has heard three appeals from university employees.

Insurance Committee: Dick Zolman reported that a request for proposal is being developed to examine a new third party administrator. An outside consultant may be hired to assist in the search. The committee is examining a variety of ways to possibly develop a different insurance plan.

Library Advisory Committee: Regina Kostyu reported the committee has met twice and addressed discretionary funds for the purchase of materials.

Union Advisory Committee: John Buckenmeyer reported on the smoking policy issue. The UAC has also changed the ASC rep from ex-officio to a voting member. Space assignment and renovating expansion issues have also been discussed.

Parking: Linda Swaisgood reported a feeling of confusion regarding the purpose of the committee. This committee was not consulted regarding the recent proposal that appeared in the BG News.

ACGFA: Rich Peper reported everything is in process and hearings will begin February 5.

Legal Services: Dean Purdy reported that the committee had significant turnover this year. By-law update and budgets have been finalized. There is a concern over the work load of the staff.

Monitor Advisory: Jane Schimpf reported the primary purpose of this group was to review letters to the editor for the Monitor.

Parking Appeals: Pat Green indicated 10-20 appeals are processed at each meeting. She noted a sense of frustration regarding the lack of communication between the various areas involved in parking. They are working to develop a date base on a variety of information topics.
Safety Committee: Gregg DeCrane reported that the committee last met two years ago. It was suggested at that time to disband.

Various ASC committees gave reports:
Professional Development: Cindy Colvin thanked Duane Whitmire et al for a fine job at the first luncheon program. The next one is January 23.

Salary Committee: Gregg DeCrane indicated that the group is compiling data regarding comparison of VP areas and sex across campus. Also, current CUPA information will be used in our recommendation for 1990-91 salary considerations.

PWC: It was moved by Gregg DeCrane, seconded by Diane Regan to accept handbook changes as distributed in the November agenda. Motion passed.

ASC members were advised of a January reception for all Administrative Staff to be held in the Alumni Room from 3:30-5:00 pm on Thursday, January 4.

The meeting was adjourned at 3:10 pm.

If the majority of faculty responding to this poll by 5 p.m. Friday, January 26, 1990, indicate a lack of confidence in President Olscamp's leadership, the Faculty Senate Officers are directed to move this resolution of no confidence forward to the individual members of the University Board of Trustees.

ADMINISTRATIVE STAFF COUNCIL
MINUTES
MARCH 1, 1990

MEMBERS ABSENT: Dunn, Hoy, Kavanagh, Zolman

GUESTS: Jim Morris, Bob Kreienkamp

The meeting was called to order at 1:30 pm by Chair Jill Carr.

The minutes of the February 1 meeting were approved as distributed.

The 125 Tax Deferred Benefit Plan was discussed. Jim Morris from the Insurance Office answered a number of questions regarding procedures and education. A number of council members expressed a need to clarify that this is not a new benefit, but an administrative method to assist those who participate in paying medical or child care related costs. This plan does not increase family coverage to dental/vision nor does it reduce the amount of contribution on the part of the employee. The plan does provide a method to tax defer certain costs that are paid by the employee.

As concern was raised over the possibility of this recommendation being sent to the insurance committee. It was the strong consensus of the Council that this recommendation is not connected with other actions of the insurance committee. It is felt that this is an administrative procedure that can be implemented by the insurance office and the payroll department.

Norma Stickler moved, Rich Peper seconded the approval of the recommendation of the PWC regarding the implementation of the 125 Tax Deferred Benefit Plan for administrative staff members effective July 1, 1990. The motion passed unanimously.

The Salary Committee presented a detailed report and series of recommendations regarding salary pool issues for 1990-91. Josh Kaplan moved, Ann Bower seconded the approval of the Salary Committee reported, that included a recommendation of an 8.5% salary pool for each of the next two fiscal years. The motion passed unanimously.

Chair's Report: Chair Carr indicated that the Executive Committee has interviewed two candidates for the Executive Director of Personnel position. In addition the Executive Committee will be interviewing the four candidates for the Director of Public Safety Committee. She also indicated the President's Panel would meet next week.
COMMITTEE REPORTS:

Scholarship: Laura Emch reported that a student has been selected to receive a $1,000 scholarship. Also, a direct letter pledge drive will begin in the near future.

PDC: Cindy Colvin reported that Tuesday, March 6 is the next program.

Ferrari Award: Rich Peper reported the first meeting of the committee will be March 5.

PWC: Norma Stickler indicated that the promotion/search policies and procedures are next on the committee's agenda.

Elections: Greg Jordan reported that Wayne Colvin has been elected to serve the opening in the Student Affairs area.

Nomination Ballots are due today.

The Administrative Staff Council vehemently opposes proposed parking policies expressed in a March 19 memo from Vice President Martin. Such proposals should be shared with the various constituent groups for discussion, input, and recommendations during this process.

We have been invited to attend a reception next week; (d) early indication is that the maximum salary pool for next year will be a 6%, but more likely 5% due to constraints of state funding and the tuition cap; and (e) the 125 Plan is on hold until a new third party administrator is selected.
