Men's Glee Club
Making Progress

About thirty men are working every Monday evening from seven to eight o'clock under the able direction of Prof. Fauley in preparation for coming public appearances. The men will make their debut in the near future before the college students. Who doesn't like to hear men harmonize? From all the talk this should be one day when everyone shall be present. Watch the bulletin board for definite announcement.

In the evening the men shall present an evening of high class music. The evening shall not only be devoted to chorus renditions; but also shall be spiced with solos, quartettes, and instrumental selections. A few of the following high class members they are now working on are: Land-Sight-Syng, by Grieg; English Hunting Song, by Peal; On the Road to Mandalay, by Speaks; Lamp in the West, by Perker; Adoremus Te, by Palestrina; and several others of similar quality.

Prof. Fauley and the Glee Club are happy to have found something for which they have long been seeking in vain. Mr. Burke, whose home is in Cleveland, is an excellent accompanist, and will play for the club in the future. This find is going to be a big help; now it will be possible for Prof. Fauley to work more effectively, being relieved of this duty.

Any new or old students who like to sing may come to practice next Monday night, and undoubtedly there will be a place for you. Possibly those few who feel by the wayside during the past few weeks would like to again and "make a joyful noise unto the Lord."

It has been a long time since Bee Gee had an active Men's Glee Club. Students are looking forward eagerly to their debut and subsequent musical treats.

Professor To Visit Europe

Miss Harriet Hayward, who has been on the faculty of Bowling Green State College since 1915, has been granted a leave of absence because of poor health. She plans to make an extended tour of Europe during the next several months. Her first stop will be at Naples, Italy, where she will spend five or six weeks. From Naples, she will travel northward into Switzerland and France. The final stop before returning home will be England. Miss Hayward leaves Bowling Green this week and expects to be back in time to take up her duties at the beginning of the summer session in June.

College Love

"Girls you should see my boy friend; He simply is a wow—
He drives a yellow roadster,
Good looking! I’ll say, and how."

"What is the color of his hair?"
Asks another Co-ed.
Well that’s too bad, especially when
You never cared for red.

"Now Eddie’s hair is brown;"
She continued eagerly.
"And what is more he never looks
At anyone but me.”

And then up piped another
And they kept going on and on
Each trying to outdo the others
Till it was nearly dawn.

There was one girl in the crowd
Who listened scornfully
Tho’ the others were praising their b-friends
Never a word said she.

At last another turned to her
"Say, what about this Mike?
You never told us about him
Come on! What's he like?"

"He's handsome, she said,
And he's good and kind
He's gentle, tender and loving
This staunch, true friend of mine."

"No matter how I'm feeling
When I'm happy, when I'm blue
He always seems to understand
More than any of you."

"There isn't much more to say
But if you wait a bit
I have his picture in my room
I'll let you look at it."

She was back in a moment
And held the picture up
And they were shocked indeed to see
The likeness of an Airedale pup.

"If you love a college man," he said
"He'll treat you like a cast-off toy
Tis better to love a faithful dog
Than a fickle rah-rah boy."

The story of an Alaskan youth who travelled seventeen hundred miles from Sitka in a sixteen foot dory in order to attend school at the University of Oregon, rather puta to shame the tales of our grandfathers who boasted of travelling twenty miles for an education in the good old days.

Quill-Type News

The last meeting of the semester for the Quill-Type Commercial club was held on Wednesday evening, January 29. Officers were elected for the coming semester and plans for future activities were discussed.

The program took the form of a social hour. Games were played and refreshments prepared by Miss Windle and Miss Haley were served. Everyone had a very good time.

The new officers are: president, Miss Velma Marrow; vice president, Mr. Chas. Alberts; secretary-treasurer, Miss Ruth Harris; and chairman of the program committee, Miss Haley.

Wise and Otherwise

Last Sunday's New York Times published several articles on Lewis Carroll, author of "Alice in Wonderland", etc. The reason for this is that the centenary of Carroll's birth is being celebrated. We are reminded that January, 1832 was also the birthmonth of a once-eminent man, Horatio Alger, Jr.

Smiles usually appear when the name of the latter is mentioned. "Fame and Fortune" and 115 other volumes of like nature have practically disappeared from the press and our libraries because we no longer delight in "Victorianism."

Aside from all moralizing about the value of fine writing, wouldn't it be well to pay some tribute to Alger? I wonder how many men of the present have felt Alger to be a powerful influence over their impressionable days? Some recognition of the man might "not have been amiss."

Cheating

There is perhaps no more timely subject than this—cheating. The author of these lines has been a student in two other colleges where a high standard of honor prevailed generally among the students. Bowling Green State is not entirely lacking in honor, but at the same time there is a great deal of cheating at exams.

We hold this truth to be self-evident, that an educated person can be nothing if not intellectually honest. College is a preparation for life presumably, and the world cannot be perused by all or any? And what is the use of piling them far away in the dim recesses of the stocks where even the assistants seem hesitant to go?

What a fine thing it would be if the students were privileged to borrow among the new books—or at least be permitted to glance once a year down a list of what may interest us in all fields. Seems a pity that students should be denied so necessary a thing.

What's the Secret?

Casually entering the upper library we notice a stack of new books waiting the process of cataloging by the librarians. Several times during the semester we have noticed the stock.

Why don't the librarians let the students "in" on what they have new on their shelves? What are the books for if they cannot be perused by all or any? And what is the use of piling them far away in the dim recesses of the stocks where even the assistants seem hesitant to go?

What a fine thing it would be if the students were privileged to borrow among the new books—or at least be permitted to glance once a year down a list of what may interest us in all fields. Seems a pity that students should be denied so necessary a thing.

More Plays

The English department is without stint to be complimented on the fine production of "The Ivory Door" recently. The characters were excellent and the play interesting.

Since it is out of the question to ask for legitimate productions to appear in Bee Gee very often, we think it not too much to ask the English department to give us more of their amateur work.

Most of us are sick of the drivel we get in the movies, and are willing to patronize and support more wholesome plays such as those we have seen in the auditorium last semester. Let's have more of them!

Upon Second Thought

Well, what do you know! Here the first semester has rolled by already—and the sad part about it—I'm still a Freshman. Doesn't the time just creep? It isn't so bad, though—I won't get initiated any more this semester has rolled by already—and the sad part about it—I'm still a Freshman. Doesn't the time just creep? Churchill To Speak in Toledo This Week

Winston Churchill, noted novelist and English M. P., is scheduled to speak Thursday evening, February 4th, in the Toledo Civic Auditorium.

Churchill is famed in the literary world as the author of "The Inside of the Cup" as well as some other historical novels. Besides this, Churchill has been prominent in the political world of England.

"The World Economic Crisis" will be the subject on which Mr. Churchill will base his remarks. Toledoans and those in the surrounding communities will welcome a discussion of this sort from one so high in international affairs as Mr. Churchill. The innumerable articles on the subject have perhaps befogged the thinking of many.

Mr. Churchill may clear thinking by his speech.

NEW CHAPEL PROGRAM

The students and faculty outnumber the auditorium capacity.

That necessitates a change for chapel attendance. To meet this emergency, for the present. The student body is divided into two sections:

1st—all the Freshmen.
2nd—all others i. e. 3rd, 3rd and 4th year people.

Attendance at chapel required alternate Tuesdays and seats are assigned upon that plan. This arrangement will hold, except for general chapel exercises when no reservations are made.

Chapel, Feb. 2.—All should attend no reservations for seats. Speaker, Father Bushkuhl.
Feb. 9—Freshmen. Speaker, Dean Overman. Topic "Budgeting Students Time."
Feb. 16—Upper classmen, only 2nd, 3rd, and 4th year people.

An effort will be made to adjust the programs for greater benefit to the groups.

The chapel arrangements, as above indicated, are tentative to meet an emergency and should be considered as applying to this semester only.
Now R. H. S. had a cud of gum,
He chewed it long and slow,
And everywhere that Bobby went,
The gum was sure to go.
He took the gum to class one day,
Which is against the rule,
So the prof then took the gum away
And chewed it after school.

"Red" Stevenson: "About how many cigarettes do you smoke a day?"
Roscoe Miller: "Just any given number."

**Inter-Sorority Dance**
The final plans have been made for the Inter-Sorority Dance which is to be held Saturday evening, February 6, in the Women's Gym. It is being sponsored by the Inter-Sorority Council. Past experiences have left a mark of distinction upon these affairs as highly meeting the expectations of all those who have attended them. Members of the sororities can secure bids from their representatives on the council.

Track Stars Will Soon Get Call

Now that spring is just around the corner it is altogether fitting and proper that our minds should turn to the cinder path and saw dust pit.

Basketball has not come up to our fondest expectations and nobody seems to know just why. We’ve had the same good coaching and more seasoned players, but at the same time found it very difficult to win. Out of nine games played the first two being wins and the last seven losses, a student or alumni does not find it easy to throw out his chest with only a .222 figure in the win column. Several games, however have been more sensational than such a record would indicate.

Soon Coach Landis is going to take to the open field again. For a nucleus he will have: Brigham, Miller, Murray, Rust and others in the dash events; McArtor is the veteran in the quarter-mile; Parks and Conyers in the mile; Traub, Dryer and Red and Don Stevenson in the field events.

Roller in the two-mile and Doyle in the dashes; Eichoff in the pole vault and high jump; Chapman in the weights, will all be missed. Possibly Parks, the iron man, can enter more than the mile event this year.

By all the criteria available to judge six weeks ahead of time, Bee Gee should have a point-winning track team.

Friendship

It's just this and nothing more
Ain't no latch on our front door,
Ain't no gate to keep you out,
Ain't no dog to start a rout,
Ain't no nothin'—cept good cheer
Jest a waitin' for you here.

Debaters Visit in Northern Illinois

Professor Carmichael and three members of the college debate squad journeyed to Illinois, January 21 and met two colleges in forensics. Leonard Lisenmayer, Wm. Noble and Robert Christie were the debaters.

The evening of January 21 saw the first engagement with Wheaton College, Illinois. The decision was given to the Ohio group.

Next afternoon, January 22, the B. G. boys met North Central College at Naperville, Illinois, and duly vanquished them.

The B. G. team has done somewhat toward keeping the college reputation on a high standard. The boys from both Wheaton and Naperville will probably long remember the sound verbal thrashing they received from the skillful tongues of the Ohio men.

Seven Sisters Scoop Soup

Thoughts of nearing exams were made light of by the girls at the Red Brick House, 125 N. Summit St., last Wednesday night when our House Mother, Mrs. W. E. Lantz entertained us.

The table was cleverly decorated with lighted candles and a beautiful bowl of sweet peas as a centerpiece. Each place was marked with a card on which were two adjectives suited to each girl's personality and the initial letter of each adjective being the initials of the first and last name.

Those enjoying the dinner were: Mrs. W. E. Lantz, and the Misses Althea Bemner, Irene Elsor, Grace Evans, Martha Fields, Gladys Foulkes, Lois Kemmis, Roberta Krouse, Crystal McAdams, Grace Schupp, Alice Smith, Ruth Smith, and Donna Ruth Weston.
