RE: Vacation Policy

As you are my Administrative Council representative, I would like to bring up an issue that I believe should be addressed by ASC.

Administrative staff who are hired under grant funds are not allowed to take their vacation time for the first year (or longer, if they are part time), and yet cannot take that time with them when the grant runs out. This creates two problems:

1) We are in jeopardy of not getting to take advantage of all the leave time to which we are entitled. This is especially true for employees whose grants run out after one year. (As an example, I am carrying over each year 22 to 25 days because I couldn't use the 20 days accrued the first year. How am I supposed to use all that up, plus what I am accruing today, and still get my work done?)

2) Many, maybe even most of us, are working under the false assumption that unused time will transfer to a pay-off upon termination, and may even be counting on having that money available to them. This creates the possibility of soured relationships upon termination if the employee believes he or she was led astray.

As you know from the memo to Betsy, Nancy, and myself of July 16, our College addressed this problem by making sure we are all aware of that fact, and telling us to be sure to use that time. I have to wonder, however, how many administrative contract employees do not know about this situation, and are blithely letting time accumulate in the belief that it doesn't matter if they don't use up their time, because they will take a pay-off upon leaving.

I don't know if you are aware of how this subject came to be addressed by the College, but it started by my commenting to Ed, in Betsy's earshot, that I wasn't worried about using up my time because it would make a nice cushion against unemployment after the grant ran out. Ed asked how that was possible -- where would the money come from? As I thought about the set-up of the budget, I realized that he was right, and unless the Dean came up with some money after we left, there would be no way to take the accrued time with us. Betsy looked into it with Dean Willis, and I asked Linda and Personnel. Sure enough, the budgets and related policies are not designed for anything but taking your time as it is accrued, and the College doesn't have bundles of money laying around to hand us as we leave.

I believe that the Administrative Council should

1) warn the contract employees about this, so that they will not lose their benefits
2) develop a policy that would allow grant-funded employees to begin taking their time as it is accrued, in their very first year of employment.
3) consider the possibility of educating departments seeking grants funds to plan for the contingency of a person leaving with accrued time for which they would earn a pay-off.

Dear Dr. Olscamp:

Thank you for the copy of your letter of July 15 to Bob Martin concerning financial exigency. ASC realizes that a declaration of financial exigency is not imminent. Our concern is not with the current state of University finances, but rather with the financial exigency plan itself. Since a plan does exist, any flaws in it should be remedied.

Article V, Section 1 of the Academic Charter, states "faculty, together with other members of the University community shall participate in the governance of the University through membership on standing and ad hoc committees." On this basis, ASC requested last year that administrative staff and classified staff be represented on the Committee on Academic Priorities. We were informed verbally by Hal Lunde, then Chair of Faculty Senate, that this was not appropriate because CAP deals only with academic priorities. He suggested we pursue input in some other fashion such as the University Budget Committee.

I do believe that the welfare of both Administrative Staff and the University would be served by ASC contribution to the exigency process if it ever is activated. I would greatly appreciate any comments or suggestions you might make regarding this.

Yours truly,

Joshua Kaplan, M.D.

Memorandum From: Cindy Puffer, R.Ph.
Re: Meeting schedule and agenda

The next meeting for PWC will be held on Nov. 6, 1991 from 12:00 noon until 1:00 P.M. The location will be in Room 100 of the College of Health and Human Services. We will work on two agenda items at this meeting:

1. Listen to Guests from the Equal Opportunity Committee who will answer questions about the EOC Policy Statement. (10-15 minutes)

2. Discuss Handbook revisions concerning flex time and work load schedules.

3. Good of the Order concerns

If you have any questions or comments please feel free to give me a call. See you November 6th.
Bowling Green State University requires all employees who operate state vehicles to be insurable by the University's insurance provider. The purpose of the policy is to reduce the exposure and liability of the University to high-risk drivers and provide a safe working environment for students, faculty, staff and visitors.

Employees driving University vehicles must maintain a driving record that will satisfy the criteria established by the University's insurance provider. Employees required to drive state vehicles in the performance of their duties who lose their insurability due to a poor driving record, losing their driver's license, etc., or otherwise do not satisfy the criteria set by the University's insurance provider may be transferred, suspended, demoted, or dismissed.

Criteria which affect insurability, in addition to losing one's driving license, include but are not limited to violations that have occurred in the last three years to include driving under the influence of alcohol and drugs, hit and run, negligent homicide arising out of the use of a motor vehicle, operating a vehicle during period of suspension or revocation, using a vehicle for the commission of a felony, operating a motor vehicle without the owner's authority (grand theft), permitting an unlicensed person to drive, reckless operation of a vehicle, and speed contest (racing), or any combination of accidents and moving violations which total four (4) in number.

University employees and off-campus applicants who apply for a position that will require operating a state vehicle as a regular driver are required to have their driving record reviewed. The driver check must meet the established criteria before an offer of employment will be made. In cases where drivers are in sensitive positions (police officers, bus drivers, etc.) the driver may be required to take a pre-employment drug test in accordance with the Drug-Free Workplace Rules of the U. S. Department of Transportation.

Employees who are uninsurable must sign an acknowledgement certifying that they will not operate a University vehicle until notified by the Office of Risk Management (2-2127). Failure to comply with the acknowledgement will result in disciplinary action being taken.
Dewan Insurability Policy Statement

1. Spoke with Roger Suepe - concern that this will only be placed in Classified staff handbook and that they are being singled out.

2. Spoke with Sam Ramirez - (John Moore gone until Monday A.M.)
   - Currently this is a policy of the Internal Operating Procedure Manual.
   - When making offer of employment to new employee, the employee must sign statement about driving.
   - Initially proposed for Classified simply because it has greatest impact on this group (greater # of classified who have driving jobs on this campus.)
   - Wait looking into updating P&P University Wide along with other University Policies.
   - Primary reason for instituting Policy Statement in the handbooks is to give Boss right to dismiss employee based upon insurability.
   - Boss not trying to single out classified - according to Sam this will most likely be a University Wide Policy Statement.
ACTING/INTERIM APPOINTMENT POLICY AND PROCEDURES

Policy Statement

The standard practice for filling vacant administrative positions at Bowling Green State University is to conduct as broad a search as possible, to attract the best qualified candidates, and to comply with the spirit and letter of equal employment opportunity legislation. In those situations where extenuating circumstances prohibit the utilization of a search process, an alternative staffing strategy is the appointment of an acting/interim replacement until a search can be conducted.

Staffing situations that require appointing an individual in an acting or interim capacity, represent an ideal opportunity to utilize women, minorities, veterans, and the disabled in positions of increased responsibilities for both evaluative and professional developmental purposes. Strong efforts should be made to ensure that acting/interim appointments fulfill the University’s goal of achieving a culturally diverse working and learning environment.

The purpose of this policy is to establish uniform procedures, definitions and guidelines for the selection of acting and interim appointments at Bowling Green State University.

Procedures to Request an Acting/Interim Appointment

1. A written request with the rationale explaining the extenuating circumstances that prohibit a department from conducting a formal search should be placed in writing and forwarded to the appropriate Vice President for approval. The rationale should identify the candidate in consideration (if any), duration of appointment, and the proposed date that the search process will begin.

2. If approved by the Vice President, the request shall be forwarded to the Office of Affirmative Action and Handicapped Services for review.

3. After review and approval by the Office of Affirmative Action, the initiating department may extend the offer to the appointee and process the appropriate paperwork (e.g., new contract, addendum, announcements, etc.)
General Guidelines

Definitions

Interim: A temporary appointment to a vacant position until a permanent appointment is made through the search process.

Acting: A temporary appointment to a position vacated by an incumbent who is expected to return to the position, at which time the acting appointment will return to their former position.

General Provisions

Acting and interim appointments may be made with or without an internal search process. The President, Vice Presidents, Deans or their designees are authorized to make acting or interim appointments with or without an internal search process.

Interviews may be conducted if more than one individual is in consideration for an acting or interim appointment.

Duration of Appointments

The length of an acting or interim appointments should not exceed one year in duration.

Restrictions

Individuals serving an interim appointment may be restricted from applying for the position at the time it is filled permanently. In those cases, this stipulation should be clearly explained to the individual and written into the employment contract.

Contracts

Individuals selected or appointed to an acting or interim appointment, should have an addendum made to their current contract or receive a new contract that clearly outlines the terms and conditions of employment (e.g., salary, duration, title, etc.).

Subj: ACTING/INTERIM POLICY AND PROCEDURES

Attached is a copy of a proposed policy on interim and acting appointments for administrative staff. The reason for proposing such a policy is that unlike the classified staff who have a formal temporary upgrade procedure, and the faculty who also have a formal method for making acting appointments, no such policy or procedure exists for administrative staff.

Personnel Services is periodically asked by hiring departments for guidance with respect to this issue, and the proposed policy may provide some consistency in the handling of such matters.

Recognizing that acting or interim appointments may give an appointee an advantage for a position when it is filled on a permanent basis, I believe it would be helpful if a policy were developed to guide administrators in making these important staffing decisions. In addition to providing more consistency to our employment practices, the policy can also be utilized as an important professional developmental tool for women, minorities, veterans, and the disabled.

Please give me a call if you believe there is a need for a such a policy and whether this issue should be pursued.

RE: Internal Reorganization and Promotion Proposals

DATE: November 7, 1991

I wanted to write to thank you for allowing Diane Regan and me the opportunity to answer questions regarding the EOC Internal Reorganization proposal. Your comments were constructive and helpful, and I am sure whatever changes you recommend will make the proposal better. I do want to reiterate our concern that the proposal provide maximum protection for administrative staff against the arbitrary and malicious use of reorganization schemes. We recognize that in most cases this will involve administrative staff at both ends of the equation. The concern of the proposal has been to focus on the most vulnerable administrative staff member, or the subordinate staff member that would be affected by the reorganization.

In April of 1990 the Administrative Staff Council endorsed several personnel concepts pertaining to the University's administrative staff. These concepts—career counseling, career advancement, in-house training, career ladders, and internal promotion—are well established as positive aspects of human resource management. These concepts have also been recognized by the University by their inclusion in important governance documents. In fact, the ASC proposal was a reiteration of support for these concepts as stated in the University's Affirmative Action Plan.
There is clearly much to be gained, by administrative staff and the University, from the implementation of these positive concepts. I also believe that this implementation will, in most instances, enhance our equity efforts. However, I am concerned that the implementation of the internal promotion proposal may have a substantially negative impact on our affirmative action and diversity programs.

Public announcements of vacant positions and their broad distribution, especially to groups that have historically been discriminated against, is fundamental to the notion of equal opportunity. Personnel practices that encourage maintaining the status quo make it more difficult to include underrepresented groups. Even a proposal that envisions positions at the lowest administrative levels being available for external recruitment would not overcome this problem. Rather it would mean that our affirmative action and diversity efforts, at least as they pertain to recruiting minority employees, may be restricted to entry level positions.

I would prefer to look at requests for internal promotions, filling positions without a search, on a case by case basis. This would permit an individual review of the situation on its own merits rather than completely abandoning our affirmative action search procedures. Of course there will be times when waiving a search will enhance our affirmative action and diversity efforts. There will also be times when a search waiver will permit us to increase the representation of women administrators at more significant levels of the University. There may be other times when an internal promotion is in the best interests of the University for a variety of reasons. However, I do think the case should be made in light of the circumstances faced at the time.

Although I do have some misgivings about the internal promotions component of the ASC proposal, I am very much in favor of the other concepts that are endorsed. In my opinion, the implementation of the other personnel concepts would positively enhance our equal opportunity efforts. I strongly support any effort to bring more
uniformity to our personnel practices. This obviously would make the compliance monitoring responsibilities of my office easier. It would also reduce the subjective and arbitrary elements from the process determining which administrative employees get to participate in professional development. I do have some problems with the notion of career tracking for most administrative positions in the University. These problems may not necessarily be structural, and I would be happy to see the idea given further study.

In addition to adopting these positive concepts, there are other policy and procedural initiatives that I believe would benefit administrative staff and support our affirmative action and equity efforts. I think the firm and unambiguous position of the University ought to be that no administrative staff member should be disadvantaged in a search merely because she or he is an employee of the University. I would also support a policy guaranteeing interviews to all employee applicants who meet the essential requirements for the position. I do not believe, in most cases, that this will mean very large numbers. Appropriate professional development should be the right of every staff member. Managers and supervisors should be evaluated on how they make professional development opportunities available to members of their staff.

I would be happy to discuss any of these concepts further with members of the committee. BGSU is very fortunate to have such a committed and dedicated cadre of administrative staff. I look forward to working with you to enhance opportunities and working conditions for members of this important group. Please do not hesitate to contact me if I can be of assistance.

RE: Request for Handbook Revision Relative to Excessive Workloads and Flexible Scheduling

During the past year, the hiring freeze on campus has had far-reaching effects on all campus staff. While university staff numbers have diminished, the workload has not decreased correspondingly. In order to meet the needs of the University, many administrative staff have taken on additional responsibilities without compensation. Two of the goals for 1991-92 approved at the October 3 Administrative Staff Council meeting are to address the issues of excessive workloads and the consistent application of existing workload policies and to address the issue of flextime and the consistent application of the flextime policy.

Administrative staff are not compensated in either time or pay for extra hours of service. Several problems have arisen with this policy. Because Administrative Staff receive no compensatory time, some supervisors have interpreted the policy to mean that even though staff members may have, for example, worked ten or twelve hours one day, they do not have the flexibility to come in one hour later or leave one hour earlier the next day or some other day. Of primary concern to administrative staff is the instance when it is necessary for an administrative staff member to frequently or consistently work beyond the 40 hour week and yet be denied the freedom to take an hour or two off on a slower day or to go to a medical appointment without claiming sick leave. Currently, some supervisors permit administrative staff to adjust their work schedules to compensate for the excessive workload. Unfortunately, some either do not permit schedule adjustment or grant it very begrudgingly.

An additional, complicating factor is that in the cases where a supervisor will allow the staff member flexibility in the work schedule, often the work load is so heavy that the staff member cannot, in good conscience, take any time off. Some may argue that no one requires administrative staff members to work extra hours. While it can be true that a supervisor may not require that extra hours be spent on the job, we as professionals are dedicated to performing our jobs in a professional manner (i.e., we know what must be done to fulfill the requirements of the position and to accommodate the needs of the University.)
We recognize that there may be staff members who work beyond 40 hours merely because they are inefficient. That is a problem that should be addressed by the supervisor and falls outside the realm of our current recommendations.

Recently, during a question and answer session in a meeting of the Administrative Staff Council, John Moore, the Executive Director of Personnel indicated that, in recognition of the professional status of administrative staff and the lack of compensation for overtime, it was his opinion that administrative staff should be afforded flexibility in their work schedules to accommodate frequent or routine overtime. The Council agrees that even though administrative staff members do not receive hour-for-hour compensatory time, the professional status of the administrative staff merits flexibility in adjusting work schedules when frequent or routine overtime occurs. Administrative staff members should be allowed to arrange work schedules that compensate for frequent overtime while, at the same time, accommodate the required responsibilities of the position.

We emphasize that we are not seeking hour-for-hour compensatory time. We strongly believe, however, that two major changes must be made:

1. Administrative staff members who frequently work beyond 40 hours should be allowed flexibility in their work schedules so that they can use blocks of less than two hours on other occasions without charging the time to vacation, sick leave, or personal days.

2. There should be an assessment of the workload of administrative staff. Budgetary cuts have decreased the ranks of the staff, yet there has been no lessening of the amount of productivity expected. In some cases, even more is being expected, but with fewer staff members.

The Administrative Staff Council presents the attached substitutions for the current Compensatory Time statement (p. 29) and the Work Schedule statement (p. 93) of the Administrative Staff Handbook.

Compensatory Time—Administrative Staff Handbook Existing Policy

Under normal circumstances, a full-time administrative staff member is expected to work a minimum of forty hours per week. There may be occasions, however, when it will be necessary to work beyond the forty hours in order to fulfill the contracted obligations. No compensatory time is earned for these occasional extra hours of service. When an administrative staff member's normal duties perpetually require work beyond the forty-hour week, it is assumed that this situation will be taken into account in the employee's overall compensation and that the employee will be given the opportunity for a variable work schedule (see also Holidays).

Compensatory Time—Proposed Policy

ALTHOUGH THE WORK WEEK FOR AN ADMINISTRATIVE STAFF MEMBER IS NORMALLY 40 HOURS, there are occasions when it will be necessary to work beyond the 40 hours in order to fulfill OBLIGATIONS OF THE POSITION. ADMINISTRATIVE STAFF MEMBERS DO NOT RECEIVE HOUR-FOR-HOUR COMPENSATORY TIME OR COMPENSATION FOR SUCH EXTRA WORK. HOWEVER, IN RECOGNITION OF THE PROFESSIONAL STATUS OF ADMINISTRATIVE STAFF MEMBERS, THEY ARE TO BE AFFORDED FLEXIBILITY IN ADJUSTING THEIR WORK SCHEDULES, PARTICULARLY WHEN WORK BEYOND 40 HOURS BECOMES FREQUENT OR ROUTINE. ADMINISTRATIVE STAFF MEMBERS WHO MUST FREQUENTLY WORK BEYOND 40 HOURS ARE TO BE ALLOWED THE FLEXIBILITY TO BE ABSENT FOR TWO HOURS OR LESS WITHOUT CHARGING THE TIME TO SICK LEAVE, PERSONAL DAYS, OR VACATION.

WHEN AN ADMINISTRATIVE STAFF MEMBER MUST ROUTINELY WORK IN EXCESS OF 40 HOURS PER WEEK, SHE OR HE SHOULD CONTACT PERSONNEL SERVICES TO EXAMINE THE JOB DESCRIPTION AND DETERMINE IF TOO MUCH IS BEING ASKED OF ONE INDIVIDUAL. IN ADDITION, THE STAFF MEMBER'S SALARY SHOULD BE EXAMINED TO ASSURE THAT COMPENSATION MATCHES THE JOB RESPONSIBILITIES. ADMINISTRATIVE STAFF GRIEVANCE GUIDELINES MAY BE CONSULTED IF THE REVIEW AND SUBSEQUENT RECOMMENDATIONS ARE NOT SATISFACTORY.

Please note: changes to text in the Administrative Staff Handbook appear in uppercase.
**Work Schedule--Administrative Staff Handbook Existing Policy**

In certain circumstances it may be appropriate for full-time administrative staff members to adopt a flexible work schedule. Such a flexible work schedule must be arranged in advance and must be mutually agreed upon between the administrative staff members and his or her immediate supervisor, and approved by the department/area head. Normal business hours for each office are expected to be maintained. In addition, periodic review of an administrative staff member's flexible work schedule will be conducted by his or her immediate supervisor to determine whether the flexible work schedule should continue.

**FLEXIBLE Work Schedule--Proposed Policy**

A FULL-TIME ADMINISTRATIVE STAFF MEMBER IS EXPECTED TO WORK A 40 HOUR WORK WEEK. In certain circumstances, it may be appropriate for full-time administrative staff members to adopt a flexible work schedule. (THIS IS NOT TO BE CONFUSED WITH ADJUSTMENT OF WORK SCHEDULES DUE TO EXCESSIVE WORKLOADS, see COMPENSATORY TIME.) Such a work schedule must be arranged in advance and must be mutually agreed upon between the administrative staff member and his or her immediate supervisor, and approved by the department/area head. Normal business hours for each office are expected to be maintained. In addition, periodic review of an administrative staff member’s flexible work schedule will be conducted by his or her immediate supervisor to determine whether the flexible work schedule should continue.

EQUAL OPPORTUNITY COMMITTEE

REORGANIZATION GUIDELINES

From time to time it becomes necessary to reorganize administrative units within the University to meet newly defined responsibilities or to more efficiently manage unit operations. For the purpose of these guidelines, reorganization is defined as any change in the organization that results in the transfer, demotion, or promotion of an employee(s) or the creation or elimination of a position(s). Because these actions may have equal opportunity implications, the Equal Opportunity Committee recommends compliance with the following guidelines:

1. Every effort will be made to secure employment for existing employees before considering hiring from outside the unit or the University.
2. In any reorganization, maximum consideration will be given to the University's commitment to diversity and affirmative action obligations for minorities, women, handicapped, disabled veterans, and Veterans of the Vietnam Era. To this end, any reorganization plan must be approved by the Affirmative Action Director and the Executive Director of Personnel before being implemented. This review will include an examination of the rationale for any transfer, demotion, or promotion of an employee and for the elimination or creation of a position.
3. When reorganization results in a new or vacant position, all qualified employees in the unit will be given equal consideration.
4. Any additional positions which result from internal reorganization will be filled pursuant to the existing affirmative action hiring procedures.

Employees driving University vehicles must maintain a driving record that will satisfy the criteria established by the University's insurance provider. Employees required to drive state vehicles in the performance of their duties who lose their insurability due to a poor driving record, losing their driver's license, etc., or otherwise do not satisfy the criteria set by the University's insurance provider may be transferred, suspended, demoted, or dismissed.

Criteria which affects insurability, in addition to losing one's driving license, include but are not limited to violations that have occurred in the last three years to include driving under the influence of alcohol and drugs, hit and run, negligent homicide arising out of the use of a motor vehicle, operating a vehicle during period of suspension or revocation, using a vehicle for the commission of a felony, operating a motor vehicle without the owner's authority (grand theft), permitting an unlicensed person to drive, reckless operation of a vehicle, and speed contest (racing), or any combination of accidents and moving violations which total four (4) in number.

University employees and off-campus applicants who apply for a position that will require operating a state vehicle as a regular driver are required to have their driving record reviewed. The driver check must meet the established criteria before an offer of employment will be made. In cases where drivers are in sensitive positions (police officers, bus drivers, etc.) the driver may be required to take a pre-employment drug test in accordance with the Drug-Free Workplace Rules of the U. S. Department of Transportation.

Employees who are uninsurable must sign an acknowledgement certifying that they will not operate a University vehicle until notified by the Office of Risk Management (2-2127). Failure to comply with the acknowledgement will result in disciplinary action being taken.
ACTING/INTERIM APPOINTMENT POLICY AND PROCEDURES

POLICY STATEMENT

The normal practice for filling vacant administrative positions at Bowling Green State University is to conduct as broad a search as possible, to attract the best qualified candidates, and to comply with the spirit and letter of equal employment opportunity legislation. In those situations where an extensive amount of time will pass during a search process, an alternative staffing strategy is the appointment of an acting/interim replacement until an appropriate search can be completed.

Appointing an individual in an acting or interim capacity represents an opportunity, when appropriate, to utilize women, minorities, veterans, and the disabled in positions of increased responsibilities for both evaluative and professional developmental purposes. Efforts should be made, as with all appointments, to ensure that acting/interim appointments fulfill the University's goal of achieving a culturally diverse working and learning environment.

The purpose of this policy is to establish uniform procedures, definitions and guidelines for the selection of acting and interim appointments at Bowling Green State University.

PROCEDURES

1. A written request which describes the need for an acting/interim appointment should be forwarded to the appropriate Vice President for approval. The request should identify the candidate(s) in consideration for the acting/interim appointment, duration of appointment, and the proposed date that the search process will begin, if known, (for interim appointments only).

2. If approved by the Vice President, the request shall be forwarded to the Office of Affirmative Action and Handicapped Services for review.

3. After review by the Office of Affirmative Action, the initiating department may extend the offer to the acting/interim appointee and process the appropriate paperwork (e.g., new contract, addendum, announcements, etc.)
GENERAL GUIDELINES

Definitions

**Acting:** A temporary appointment to a position vacated by an incumbent who is expected to return to the position, at which time the acting appointment will return to his/her former position.

**Interim:** A temporary appointment to a vacant position until a permanent appointment is made.

General Provisions

The President and Vice Presidents are authorized to make acting and interim appointments with or without an internal search process.

Interviews may be conducted if more than one individual is in consideration for an acting or interim appointment.

Acting and interim appointments shall be made in accordance with affirmative action guidelines.

Duration of Appointments

As a general guideline, the length of an acting or interim appointment should not normally exceed one year.

Restrictions

Individuals serving an interim appointment shall be restricted from participating on the search committee.

Contracts

Individuals selected or appointed to an acting or interim appointment shall receive a contract addendum or receive a new contract that clearly outlines the terms and conditions of employment (e.g., salary, duration, title, etc.).

If an interim appointee is restricted from applying for the permanent position for any reason, this stipulation should be clearly explained to the individual and written into the employee contract.

MEMORANDUM

TO: All Administrative Staff

FROM: Personal Welfare Committee

In 1990, it was brought to the attention of the Administrative Staff Council/Personal Welfare Committee that the current policies concerning comp time/flex time were being interpreted in an inconsistent manner. Recent attempts to revise these policies were rejected because too few examples have been reported to Personnel Services. In addition, it was suggested that the current language was adequate. As a result, this committee has been working on a revision to more clearly define and apply these policies throughout the University. (A copy of the current policies are attached.) In working through the proposed wording changes, we have encountered some resistance to change a policy for what may appear to be only a few incidences of misinterpretation or inconsistent application. In order to go forward with these changes, it is crucial to have more information.

John Moore, Executive Director of Personnel Services, has agreed to work with the PWC to re-submit the changes and to act as the gathering point for the supporting information. Some examples where employees feel they are not being treated fairly include: a) an employee has worked 60 or 70 hours in a week and in the following week needs to take an hour or two off during the 8:00 - 5:00 timeframe. The employee is told he or she must use vacation or sick leave to do that; b) an employee works very late the night before but is still expected to be in at 8:00 a.m.; c) the paperwork and emotional stress associated with requesting comp time/flex time makes it easier to avoid the hassle and use vacation or sick leave.

We are asking for your help in collecting the supporting information regarding types and numbers of inconsistencies experienced throughout the campus. Please forward a memo regarding your experiences to John Moore, anonymously if you wish. Include your vice-presidential area. We wish to stress that confidentiality of this information will be assured.

As an interim step to revising these policies, we want to provide you with help in resolving any current comp time/flex time problems. John Moore is available to work with you to solve any problems you are currently experiencing.

Your support in this important effort is vital to improve our work environment during these difficult times.

Subject: BOC Reorganization Guidelines

April 20, 1992

Josh, the BOC Committee has had a very busy agenda, so I am sorry to get back to you at such a late date and then, in turn ask you to act as soon as possible, especially since "reorganization" is one of the measures being considered by BGSU to deal with the current budget crisis.

At our meeting of April 13, 1992, BOC members discussed the changes and the endorsements made by your Personnel Welfare Committee and the Executive Committee. We appreciate their general endorsements but wish to make two minor changes before we send it on to the Affirmative Action Office as a policy guideline. These changes have been penned in on the attached copy.

The first change (to insert the word "every") strengthens this principle. We believe this addition will be encouraging to present employees.

The second change is in paragraph #2. We would like to delete the first sentence and the introductory clause to the second sentence. We believe that this sentence is redundant because the Affirmative Action Office will be monitoring this aspect of reorganization. At the current time, this emphasis may also be threatening to those presently employed.

At our discussion, the Director of Affirmative Action was present and agreed these changes were acceptable and would provide him with workable guidelines.

Josh, please ask your two committees to examine these changes, re-endorse the policy, and sent it back to me ASAP. We would like to have this approved at our April 28 meeting ideally, but no later than the end of the month. Call me if you have any questions.

MEMORANDUM

TO: Deans
Supervisors of Administrative Staff
in the Academic Affairs Area

FROM: Eloise E. Clark
Vice President for Academic Affairs

Although full-time Administrative Staff at Bowling Green State University are expected to work a minimum of 40 hours per week, we all know that many administrative staff members routinely work beyond those minimum hours. The budget reductions of the recent past and those now being considered have required the remaining staff to take on even more work and responsibility. Although the Administrative Staff Handbook states that compensatory time is not earned for such circumstances, I urge you to consult the Compensatory Time policy in the Handbook and note that it also encourages supervisors to give the opportunity for a variable work schedule.

If you have administrative staff who are frequently working over forty hours per week, please assure that they have the opportunity, as appropriate, to arrive later, leave earlier or take some time off on a less busy day without the need to charge vacation or personal leave and without the need for your prior approval of each instance. I emphasize that this does not mean an hour-for-hour-exchange; it does mean that we should use common sense in recognizing that the administrative staff members are professionals who deserve this small acknowledgement of all their contributions and extra hours.

MEMORANDUM

TO: Jim Litwin

FROM: Josh Kaplan

RE: Reorganization Guidelines

The two changes in the proposed policy were reviewed by our Personnel Welfare and Executive Committees.

We will not endorse addition of the word "every" to the first guideline. We believe that such a policy is clearly impossible to follow. We discussed the alternative use of a phrase such as "all reasonable." We then voted by a large majority to not endorse any change at all in this guideline.

With regard to the change in the second guideline, we find it acceptable but not desirable. We felt that the sentence in question would serve to provide guidance to managers responsible for reorganization. If there is concern that the language is too strong, we suggest that the word "maximum," rather than the entire sentence, be deleted.

Conclusion:

1. We are not willing to endorse the change in the first guideline.
2. We are willing to endorse the change in the second guideline.

SUBJECT: Variable Work Schedules for Administrative Staff

The budget reductions of the recent past and those now being considered have often required staff members to take on even more work and responsibilities in many areas on campus. We are all aware that many administrative staff members routinely work beyond the minimum 40 hours per week. I encourage you, as supervisors, to give the opportunity for a variable work schedule, whenever possible, for those administrative staff in your area who frequently work over 40 hours per week.

Although the Administrative Staff Handbook states that compensatory time is not earned for such circumstances, there are times when it may be appropriate to allow those administrative staff who work over 40 hours per week the opportunity to arrive later, leave earlier or take some time off on a less busy day without the need to charge vacation or personal leave, and without the need for your prior approval of each instance. This does not mean an exact hour-for-hour exchange, but we should use common sense in recognizing that administrative staff members are professionals who deserve this recognition of their dedication to the University and the extra hours they spend fulfilling their responsibilities.

Rather than developing a new program to facilitate handling requests for leave of absences without pay, I propose we do the following.

1. Utilize the current Special Leave Policy for classified employees (attachment 1). The policy has been in existence for several years and would reduce the University's liability with respect to the issue of providing benefits to employees working less than full-time. Attached is a revised copy of the policy (attachment 2) and a revised Special Leave Request form (attachment 3) which better outlines the policy and stipulations for its use.

2. Implement a similar policy for administrative staff (attachment 4). By doing so, we could address the similar concerns and provide a new benefit for the administrative staff.

3. Conduct a strong marketing campaign to inform employees that a current policy exists for them to voluntarily reduce their work schedules on a temporary basis. This would include articles in the Monitor, direct-mail to those who responded to the survey, and meeting with the Administrative and Classified Staff Councils.

Please advise.

RE: Special Leave Policy and Termination of SRP

Please find enclosed the Special Leave Policy for Administrative Staff which has been revised by the ASC Executive Committee. I have highlighted the changes which mostly clarify rather than change the intent of the policy, which we do support.

As you are aware, the announcement at the Administrative Staff Council meeting last Thursday regarding the termination of the SRP for administrative staff was met with a great deal of concern. That concern is now in the form of a resolution which also is enclosed. We understand that the SRP cannot be used in conjunction with the ERIP, but once the ERIP ends for administrative staff, the SRP remains our only option for assistance toward retirement. When the SRP was approved by the Board of Trustees on January 8, 1981, the recommendation for the program came from a joint committee of faculty and contract staff and the policy was adopted for both groups. Interestingly, it also was adopted during a time of financial retrenchment. We are aware that the SRP has not always been successful in utilizing staff in a manner beneficial to them and to the University. We are committed to working with the University Administration to correct these problems and improve the program. We strongly recommend that the SRP not be terminated for administrative staff.

Thank you for your consideration.

SPECIAL LEAVE

The Special Leave Policy allows full and part-time administrative staff members the opportunity to voluntarily request UNPAID leaves of absences anytime during the calendar year subject to the following stipulations:

1. Leave may occur over a period of weeks, months, monthly or a reduced week schedule of less than 40 hours per week (leave and/or reduced work schedule may not exceed a total of three (3) months in a 12 month period), AND MAY NOT BE IN EFFECT FOR LONGER THAN THREE YEARS.

2. All leaves must be approved by the immediate supervisor and the dean, director, or area head. To request a leave of absence, the staff member must complete a Special Leave Request Form and send completed form to Personnel Services.

3. No approval will be given to the hiring of temporary/part-time help to fill in for the temporary vacancies created by these leaves. The staff member's absence must not interfere or impede other University operations. Employees on special leave should be available to return to their assignment in the event of unforeseen emergencies.

4. Employees will continue to receive paid regular medical, dental, vision, and life insurance benefits. Employees are responsible for paying applicable insurance premiums.

5. Vacation and sick leave will accrue for hours actually worked.

6. In the case of PERS retirement credit accrual, employees will receive a full month of credit if earnings are a minimum of $250.00 per month, partial credit if employees earn less, and no credit if there are no earnings.

7. The status of full-time and part-time staff members remains the same.

8. SPECIAL LEAVE WITHOUT PAY CAN BE USED IN SEQUENCE WITH VACATION.

9. THE ADMINISTRATIVE STAFF MEMBER MAY RETURN TO A FULL-TIME SCHEDULE AT HIS/HER INITIATIVE AT ANYTIME.

10. FOR LEAVES GREATER THAN 3 MONTHS IN A 12 MONTH PERIOD, REFER TO THE LEAVE OF ABSENCE POLICY IN THE ADMINISTRATIVE STAFF HANDBOOK (PAGE 45).
WHEREAS, the Administrative Staff Council of Bowling Green State University recognizes the importance of fiscal responsibility and the difficult task of implementing the Early Retirement Incentive Program (ERIP), and

WHEREAS, the Administrative Staff Council recognizes the fiscal reason for suspending the Supplemental Retirement Program (SRP) during the time the ERIP is in effect, and

WHEREAS, the Administrative Staff Council, was not informed in a timely manner of the decision to eliminate the SRP, effective 1 July 1992, and was extremely disappointed to learn of the arbitrary decision to eliminate the SRP as a benefit for Administrative Staff, and

WHEREAS, removal of the SRP will not benefit Administrative Staff but will only underwrite the ERIP of which few Administrative Staff can take advantage, and

WHEREAS, SRP continues to be a faculty benefit, and

WHEREAS, the fiscal benefits from eliminating the SRP for Administrative Staff are relatively small, and

WHEREAS, the Administrative Staff Council wishes to continue working with the University Administration,

BE IT RESOLVED, that the Administrative Staff Council of Bowling Green State University urges the University Administration to reinstate the SRP for Administrative Staff and further urges that future personnel decisions affecting Administrative Staff be made through open dialogue and in a timely manner. Administrative Staff Council also recommends that University Administration work with Administrative Staff Council to improve, rather than permanently eliminate, the SRP.

MEMORANDUM

TO: John Moore
   Executive Director of Personnel

FROM: Executive Committee of
      Administrative Staff Council

SUBJECT: Grant/Externally Funded Administrative Staff

The Personnel Welfare Committee has reviewed the proposal to change the title of administrative staff members who are not funded by University budgets. We recommend the following:

1. These employees should be called Grant/Externally Funded Administrative Staff. We do not agree to the use of "unclassified" administrative staff.
2. The term "unclassified" should be removed from the contracts of all administrative staff the next time new contract forms are printed.
3. The Grant/Externally Funded Administrative Staff members will continue to be represented by the Administrative Staff Council.

In a closely related issue, there is still evidence that some grant and externally funded staff members are not able to take advantage of their vacation benefit. The Personnel Welfare Committee related this problem to you earlier in the year. The Committee would like to request that you ask Bud Lane or Chris Dunn to communicate with all existing and future grant/externally funded employees to inform them that beginning with their first month of employment administrative staff members be allowed to use their vacation time as they accrue it. Many granting agencies such as those of the federal government do not allow payment to employees after the grant time period; therefore, payment for unused vacation would not be allowed. Because the Administrative Staff Council sees no reason why any administrative staff member should have to wait a full year before being allowed to use accrued vacation, we request that the Vacation Policy in the Administrative Staff Handbook be changed as noted below. This change will clarify the issue for grant funded staff members and make the Handbook consistent for all administrative staff members.

All full-time twelve-month, administrative staff members earn vacation time at the rate of twenty-two days for each year of service. During the first year of employment, the twenty-two days are accrued but may not be used until the first year's employment is completed. For example, if employment begins on July 1, 1982, the employee would be eligible to take twenty-two days of vacation on July 1, 1983—but not before. After the first year of employment, Vacation is earned and may be utilized on a monthly prorata basis, i.e., 1.83 days per month. Records of vacation should be maintained by the staff member's supervisor or a designee on a monthly basis, with accrual, use and balance noted. ... 

Thank you for your attention to these recommendations.

Internal Search Process for
Administrative Staff Vacancies
During Periods of Layoffs or Contract Reductions Due to Budget Reductions

Effective Dates:
July 1, 1992 through June 30, 1993 (to be re-established should budget reductions recur at a future date)

Purpose
To provide preference for employment consideration for any administrative vacancies that are available during the effective dates of this policy.

Eligibility
Administrative staff members are eligible if their contracts were not renewed or their work schedule was reduced in response to budget reductions. Administrative staff members whose contracts are not renewed for other reasons such as poor performance or expiration of external funding are not eligible for the program.

Procedures:

a. Hiring departments will process a Position Opening and Request Authorization (PORA) according to normal procedures. In the case where vacancies exist prior to a budget crisis and a search is already in process, internal applicants will be afforded every reasonable opportunity to apply.

b. Upon receipt of a PORA from Affirmative Action, Personnel Services will correspond with eligible individuals about the opening, deadline for applying and furnish a copy of the job description.

c. Within five work days of receipt of the information, the Administrative Staff member will indicate whether he or she is interested in applying for the position and will submit an updated resume. Credentials on file will be reviewed by the Executive Director of Personnel Services to determine qualifications of the applicant.

d. Credentials of individuals who have thus applied and been found eligible and qualified will be reviewed by the hiring department and will constitute a separate pool of applicants who will be given preference for employment consideration. All qualified applicants will be interviewed; however, the hiring department is under no obligation to hire the administrative staff members.

e. If the individual is hired as a result of this process, the hiring department will complete and process an Appointment Activity Record per established procedures.

MEMORANDUM

TO: John Moore
    Executive Director of Personnel Services

FROM: Personnel Welfare Committee
      Administrative Staff Council

SUBJECT: Vacation Policy

The Personnel Welfare Committee of Administrative Staff Council has reviewed the draft vacation policy. Unfortunately, there has not been time since the receipt of the draft to take it to the full Council, but the following are the recommendations from PWC:

1. The following sentence should be reinserted into the vacation policy: "This policy excludes medical doctors, residence hall directors, unit directors, and employees whose contract period is for less than twelve months and who have time off with pay during academic recess between semesters, during breaks, holidays, or summer."

We believe this statement should remain in the policy because the above-listed personnel now have negotiated salaries that take this particular work schedule into account. In that sense, they do not formally receive vacation days nor pay for the days when classes are not in session. They receive no vacation in the same way that other administrative staff members do. They are not allowed to take vacation days in, for example, October or February. If they take time off other than at class breaks, it must be leave without pay.

These employees currently are off on academic recess 22 days in their contract period. If the days during academic recess were prorated and considered "vacation" in the same way they are for other nine-month administrative staff, then they would be on recess only 16.5 days. They would have to come in to work to assist students even though the students would be gone.
2. In another issue relating to the vacation policy, the Personnel Welfare Committee restates its recommendation sent to you in a memorandum of June 16, 1992 that all administrative staff be allowed to use their vacation days as they accrue them, beginning in their first year of employment. Our current policy forces new employees to go a full year without a vacation; it gives employees an immediate backlog of accrued days that is sometimes hard to use in the second year; and there is no apparent rationale for such a restriction.

Approved by ASC 3/3/93
DRAFT REVISED VACATION POLICY

All full-time, twelve month, administrative staff members earn vacation time at the rate of twenty-two days for each year of service. During the first year of employment, staff members earn vacation time at the rate of forty days per month. Nine/two for each year of service. Twelve-month administrative staff members earn vacation time at the rate of forty days per month. During the first year of employment, vacation time may not be used until the first year of service is completed by June 30, 1992, a twelve-month full-time administrative staff member's vacation balance cannot exceed 176 hours (44 working days) unless approved in advance by the President, Dean, or Vice President. An annual vacation is important and is encouraged to use all earned vacation time. It is expected, however, that no part-time administrative staff member's vacation time balance cannot exceed 176 hours (44 working days). For the convenience of scheduling vacations at the most appropriate time, area supervisors with the approval of the President, Dean, or Vice President, may authorize vacation leave in advance of accumulated leave, provided that should the staff member terminate employment, the termination check shall be reduced by the amount of used but unearned vacation.

Vacation pay is not granted in lieu of vacation except at termination of employment and such terminal compensation will be paid in a lump sum. The President or Vice Presidents shall be responsible for implementing this policy, for authorizing modifications for unusual circumstances, and for establishing procedures for the maintenance of current vacation leave records.

A report should be completed by the administrative staff member for every use of vacation using the Leave Reporting form. It should be forwarded to the immediate supervisor for approval and forwarded to the Payroll Department by the 5th of the month following usage. Accumulated but unused vacation leave balances are reflected on the monthly pay check stub.

Questions about the vacation policy should be directed to the Office of Personnel Services.
DRAFT REVISED VACATION POLICY

All full-time, twelve month, administrative staff members earn vacation time at the rate of twenty-two days for each year of service. All full-time nine/ten month administrative staff members earn vacation time at the rate of 1.83 days (14 hours and 40 minutes) per month. During the first year of employment, vacation accrual may not be used until the first year's employment is completed. If employment begins on July 1, 1992, a twelve-month full-time administrative staff member would be eligible to use accrued vacation starting July 1, 1993. Nine/ten month full-time administrative staff members must complete twelve months in a paid status before vacation may be used.

ONE YEAR OF SERVICE

Vacation is earned while a staff member is in an active-pay-status with Bowling Green State University. It is not earned while on an unpaid leave of absence, while under suspension, or while employed elsewhere.

An annual vacation is important to the well-being of the staff member. Each staff member is encouraged to use all earned vacation annually and area supervisors are expected to accommodate such requests for vacation provided the needs of the area are not impaired. It is expected, however, that no single vacation leave taken will exceed 22 consecutive working days unless approved in advance by the supervisor. A staff member's vacation balance cannot exceed 176 hours (44 days) at the end of each fiscal year (June 30 of each year).

For the convenience of scheduling vacations at the most appropriate time, area supervisors with the approval of the President, Dean, or a Vice President, may authorize vacation leave in advance of accumulated leave, provided that should the staff member terminate employment, the termination check shall be reduced by the amount of used but unearned vacation.

Vacation pay is not granted in lieu of vacation except at termination of employment and such terminal compensation will be paid in a lump sum. The maximum amount of terminal compensation will be 352 hours (44 days). In case of death, unused vacation will be paid in accordance with Section 2113.04 of the Ohio Revised Code.

Administrative staff members who are contracted for the twelve-months, but who work only part of each week, earn vacation on a prorated basis. For example, an employee contracted to work fifty-percent for twelve months and works part of each week, earns vacation at one-half the normal rate (11 days each year or 7 hours and 20 minutes per month). Part-time twelve-month administrative staff members who have completed one full year of service at Bowling Green State University are eligible to use earned vacation. At the time of separation from employment with the University, part-time administrative staff are eligible for payment of unused vacation credit not to exceed two years maximum accrual.

The President or Vice Presidents shall be responsible for implementing this policy, for authorizing modifications for unusual circumstances, and for establishing procedures for the maintenance of current vacation leave records.

A report should be completed by the administrative staff member for every use of vacation using the Leave Reporting form. It should be forwarded to the immediate supervisor for approval and forwarded to the Payroll Department by the 5th of the month following usage.

Accrued but unused vacation leave balances are reflected on the monthly pay check stub.

Questions about the vacation policy should be directed to Personnel Services.
LEAVE WITHOUT PAY FOR ADMINISTRATIVE STAFF

The leave without pay policy allows full-time and part-time Administrative Staff members the opportunity to voluntarily request unpaid leaves of absences. Two types of leave without pay are available to members of the Administrative Staff—special short-term leave of less than three months and long-term leave of more than three months. Both are subject to approval by the staff member's supervisor and contracting officer after receipt of an application from the staff member at least one month prior to the effective date of the leave. An application form for both types of leave is available in Personnel Services.

Employees will receive a full month of PERS retirement credit if earnings are a minimum of $250.00 per month, partial credit if earnings are less than $250.00, and no credit if there are no earnings. The employee's contract base salary will not be affected by the leave-without-pay arrangement.

Vacation and sick leave will accrue only for the hours actually worked. Leave-without-pay can be used in sequence with vacation.

Generally, salary reductions will be spread across the remaining pay checks in the contract period unless the employee requests that the entire reduction be reflected in the next pay.

**Short-Term Leave**

- Short-term leaves are available to full-time and part-time administrative staff and may occur over a period of weeks, months, monthly or via a reduced week schedule of less than 40 hours per week. Leave and/or reduced work schedule may not exceed a total of three months in a 12 month period and may not be in effect for more than three years.

- Staff members will continue to receive paid regular medical, dental, vision, and life insurance benefits. Employees are responsible for continuing to pay the same insurance premiums they may pay when not on leave.

- The status of full-time and part-time staff members remains the same.

- No approval will be given to the hiring of temporary/part-time staff to fill in for the temporary vacancies created by these leaves. The staff member's absence must not interfere with or impede other University operations. With reasonable notification, employees on leave-without-pay should be available to return to their assignment in the event of emergencies with significant impact on the long-term functioning of the area.

- Staff members may cancel the leave arrangement by notifying the supervisor one month prior to the return to a full-time schedule.
Long-Term Leave

- Long-term leaves are available to full-time administrative staff for periods in excess of three months. In reviewing the leave request, the supervisor must determine whether the position can be held for the staff member's return and whether it can be satisfactorily filled by a temporary appointment without being detrimental to the efficiency of the unit's operation.

- During the leave of absence, the employee may maintain insurance coverage for a maximum of one to two years (depending on the type of insurance) by personally assuming the financial obligation. Extension of coverage may be approved upon appeal. Insurance coverage is provided by the University to the end of the month in which the leave begins and is reinstated at the beginning of the month in which the staff member returns. In the intervening months, the staff member must assume the total premium cost of both employee and employer for insurances. (Additional insurance benefits may be available for a disability leave of absence.)

- If a staff member decides not to return from a leave of absence, he/she should notify the supervisor not less than one month prior to the date of termination.

In another issue relating to the vacation policy, the Personnel Welfare Committee restates its recommendation sent to you in a memorandum of June 16, 1992 that all administrative staff be allowed to use their vacation days as they accrue them, beginning in their first year of employment. Our current policy forces new employees to go a full year without a vacation; it gives employees an immediate backlog of accrued days that is sometimes hard to use in the second year; and there is no apparent rationale for such a restriction.
Administrative staff at Bowling Green State University are active participants in establishing a high-quality, cost-effective educational setting for students and faculty. We recognize the need during this time of fiscal constraints to emphasize quality while managing with fewer resources; this is being accomplished daily in our work in the areas of academic or student services, instructional or research support, planning and budgeting, facilities management, fund-raising, public relations, or athletics. We are proud of the effort all employees at Bowling Green State University are making to keep alive the tradition and reputation of an institution strong in both areas of teaching and research and we commend that same effort occurring at the public universities and colleges across the state of Ohio.

With that in mind, we have read with great interest the Managing for the Future Task Force Report and find that we agree with many of the Task Force’s findings and goals. We have deep concern, however, with some of the recommendations.

First, decentralized authority has been a strength of higher education in Ohio. The Boards of Trustees at Bowling Green State University have been strong, supportive and instrumental in the development of this institution. Decentralized authority has been a strength at BGSU, resulting in a system in which administrative staff operate and provide support and a system in which all staff believe themselves part of the process. Centralizing authority with the Ohio Board of Regents would greatly lessen this concept of teamwork to the detriment of higher education in Ohio.

Second, our record of productivity and accountability at Bowling Green State University is exemplary and demonstrable. Its strength comes again from the establishment and implementation of evaluative criteria locally, rather than from a central authority.

Third, we strongly oppose the concept of designated research institutions, namely that of Ohio State and Cincinnati. Each institution of higher education in Ohio has developed strong individual graduate programs resulting in teaching and research of the highest caliber. Bowling Green State University is no exception and we as administrative staff are proud of our institution’s accomplishments. To negate this growth and pride would most definitely weaken the structure of graduate education in Ohio.

We, as administrative staff at Bowling Green State University, urge you as members of this Task Force to listen to the public at the regional meetings, build on the strengths of the Report and eliminate that which in the long run will be to the detriment of Ohio’s system of higher education and, more importantly, to the detriment of Ohio’s citizens.

1. Discussed input to Employee Assistance Committee. Appointed Mary Beth Zachary as FWC representative to that committee. Several updates on EAP issues discussed and feedback relayed back to EAP committee.

2. Drafted and requested approval for handbook changes regarding compensatory time and work schedules.

4. Drafted and sent letter to Administrative Staff explaining reason for denial of comp time/flex time handbook changes. This letter requested Administrative Staff assistance in collecting supporting information regarding types and numbers on inconsistencies which could be forwarded to John Moore.

5. Investigated vacations for grant funded employees. Determined issue was a communication problem and that contracts can and should be written to cover vacation for these employees.

6. Reviewed Internal Reorganization Policy Statement with Marshall Rose and Diane Pegan. FWC drafted revisions to the original statement which were later revised by EOC Committee. FWC partially endorsed final changes to EOC reorganization statement.

8. Reviewed Driver Insurability Policy Statement and recommended no changes be made to the current statement.

9. Met with salary committee to determine if we should concentrate more on FWC issues rather than salary issues because of the current budget situation. Both committees felt that we should not tie the two committees together and that both Salary and FWC issues should be addressed separately. In spite of the current budget situation salary recommendations still need to be made.

10. Several updates from Blue Ribbon Committee member Barb Keely. FWC members stressed issues of wellness and preventative care and requested that information be taken back to the Blue Ribbon Committee.
