Purgatorio

A unique cinematic experience to take us deep into the heart of the US-Mexico border

Rodrigo Reyes' provocative essay film re-imagines the Mexico/U.S. border as a mythical place comparable to Dante's purgatory. Leaving politics aside, he takes a fresh look at the brutal beauty of the border and the people caught in its spell. By capturing a stunning mosaic of compelling characters and broken landscapes that live on the US/Mexico border, the filmmaker reflects on the flaws of human nature and the powerful absurdities of the modern world. An unusual border film, in the auteur tradition of camerastyló, *Purgatorio* ultimately becomes a fable of humanity, an epic and visceral experience with powerful and lingering images.
