TV WORTH WATCHING!
Now in his third year as head football coach at Bowling Green State University, Howard M. (Moe) Ankney believes in Falcon football, its past, present and future. "Bowling Green football is strong, and Bowling Green football is respected across the country," Ankney says. "When our players put on the Bowling Green uniform, they are eager to go out and uphold that winning tradition."

Hanging on his Doyt L. Perry Field office wall is a framed list of five objectives. Meet these goals, Ankney tells his players, and Bowling Green will maintain its reputation as the winningest Mid-American Conference football program of the 1980s.

—Bowling Green Football Goals—
1. Each player earn a college degree.
2. Continue the winning tradition
3. Beat Toledo
4. Win the California Bowl
5. Each player become the best that he can be as a student, as an athlete and as a person.

Appointed as the University's 13th head football coach on December 30, 1985, Ankney has coached the Falcons to two successive second-place finishes in the Mid-American Conference. His teams have compiled a 10-6 record in MAC play the last two seasons.

Each year, the Falcons have finished just one game shy of first place and a trip to the California Bowl.

Ankney has a 10-12 record overall at BGSU, a record that reflects the challenging non-conference schedule Bowling Green has played the last two seasons. In 1986, the Falcons visited Minnesota and Washington. In 1987, BGSU visited Penn State and Arizona.

The 1988 season promises to be equally difficult for Ankney and his staff.

Besides eight games in the competitive MAC, the Falcons visit West Virginia, a 1987 Sun Bowl participant, and Texas Christian, out of the Southwest Conference. BG will host Youngstown State.

Ankney, a 1964 BGSU graduate, returned to his alma mater after serving six seasons as the assistant head coach, defensive coordinator and secondary coach at the University of Arizona of the Pacific-10 Conference. In leaving Arizona, he left a long-time coaching associate and friend, Arizona Head Coach Larry Smith. Like Ankney, Smith is a Bowling Green graduate, and the two coached together for 10 seasons.

Prior to joining the Arizona staff in 1980, Ankney was Smith's defensive coordinator and secondary coach at Tulane for four seasons between 1976-79. And before that, he was the

secondary coach at Ball State from 1971-75 under the late Dave McClain. In all, he has spent 16 seasons coaching football at the collegiate level.

At each stop, Ankney was instrumental in helping to rebuild struggling programs. While at Ball State, the Cardinals improved their record from 4-5-1 in 1971 to 9-2 in 1975. At Tulane, Ankney helped the Green Wave from a 2-9 record in 1976 to a 9-2 mark and a berth in the Liberty Bowl in 1979. The Arizona Wildcats were 5-6 in 1980 and improved their record to 8-3-1 in 1985, including a 13-13 tie with Georgia in the Sun Bowl. His Arizona defensive units finished among the nation's statistical leaders from 1982-85.

Among his former players now in the National Football League are Denver Broncos' linebacker Ricky Hunley and Cleveland Browns' defensive back Al Gross. More than 20 of his former players have gone on to careers in professional football.

Ankney entered the coaching profession at the high school level. He was an assistant football and wrestling coach at Eaton High School for the 1964-65 seasons and then became head coach at Dayton Northridge in 1966. He moved on to Dayton Wayne High School as head coach in football and tennis in 1967 and stayed until 1971 when he joined the Ball State staff. His five-year head coaching record in the high school ranks stands at 24-21-5.

While coaching in the Dayton area, Ankney earned his master's degree from Miami University in 1969.

Ankney, 46, a native Ohioan, grew up in Xenia before moving to Kettering as a high school senior. A 1960 Fairmont High School graduate, he was an all-state quarterback and a participant in the Ohio All-Star game.

While a student at BGSU, Ankney played on two MAC Championship teams as a reserve quarterback and lettered twice under legendary Coach Doyt Perry. The Falcons went 23-5-1 from 1961-63.

While an undergraduate, Ankney earned election to Omicron Delta Kappa, a leadership honorary, Phi Alpha Theta, a history honorary, and Kappa Delta Pi, an education honorary.

Reared in a football family, his uncle Pete was his head coach at Fairmont High School. Pete Ankney was also a head coach at Canton McKinley High School and at the University of Dayton. Moe's father, Ben, coached at Miami University and at Xenia High School.

Moe and his wife, Carlalee, are the parents of three children: Angela, 25, Andy, 23 and Molly, 20. Howard Milton Ankney was born June 23, 1942.

BGSU Involved In Fight Against Drug Abuse

by MARILYN BRAATZ
BGSU Public Relations Office

In the past 12 months the small oblong office of Dr. Molly Laflin at Bowling Green State University has been turned into a storehouse of information on drug education.

With two grants totaling nearly $320,000 from the U.S. Department of Education, Laflin, an assistant professor in the School of Health, Physical Education and Recreation, is helping to establish school and community education programs to fight drug abuse.

One grant, entitled "Wood County Schools Without Drugs," provides $125,801 for an 18-month project to develop a county-wide drug education training program for school personnel.

A second award in the amount of $194,000 is for a statewide project entitled "Drug-Free Ohio Community Action Training Program." Laflin said four regional conferences will bring together juvenile court justices, law enforcement officials, parent groups, community and youth leaders, physicians, school principals and guidance counselors to share experiences in an effort to organize community-wide task forces.

To implement the two programs, Laflin has drawn on her own experiences, which includes working for the state of Kansas as a drug abuse prevention specialist and teaching drug abuse courses at the universities of Kansas and Maryland. In recent years she has expanded her teaching activities and has extensively researched the use of dipping and chewing tobacco.

"We are not out to reinvent the wheel," she explained. "We are disseminating available materials and building on what others have already done."

Assisting Laflin with the projects are David Weis, assistant professor of home economics who is working as assistant director of evaluation, and Sue Irmen, former consultant for the Wood County Council on Alcoholism and Drug Abuse and the first on-site school specialist in Wood County for the prevention of chemical dependency.

According to Laflin, the key to drug education is the involvement of the entire community, not just the schools.

"People tend to look at drug abuse in a rather simplistic way," she explained. "The idea that you should just Say No' seems to work best with elementary school children. But, it is much more complex than that. Kids don't get into drugs just because of peer pressure. It's an alternative to the pain they are feeling as they try to cope with life. Rather than trying to eliminate peer pressure, we foster positive peer power."

The "Wood County Schools Without Drugs" program includes 16 different workshops. By February, more than 300 people will have participated in the workshops.

An advisory committee consisting of representatives of the Wood County Board of Education, all 10 school districts in Wood County and Penta-County Vocational School, helped plan the workshops: one for elementary teachers and the other for a wide range of individuals working with elementary and secondary youngsters, including teachers, parents, guidance counselors, bus drivers, custodians, cooks and lunch room personnel.

"The idea is to train all levels of school personnel in the identification and prevention of drug abuse, and to empower people with the ability to effect changes in the community," Laflin said.

"The emphasis in the elementary teacher workshops is on prevention and building self-esteem," Laflin said.

Those completing the 25-hour program may earn one hour of academic credit at Bowling Green, or 2.5 Continuing Education Units, and become certified teachers of Project CHARLIE (Chemical Abuse Resolution Lies in Education), a drug abuse program first developed in 1976 and already used in several Wood County school districts.

The objective of the four regional conferences throughout the state which is supported by the $194,000 grant is for a wide range of people in the community to work together to fight drug abuse, Laflin explained.

The first conference, which will serve northwest Ohio communities, is tentatively scheduled for May 1989, in Toledo. Other conferences will be held in Columbus, Cincinnati and Akron.

Regional advisory committees will help plan the conferences, which will feature expert speakers, descriptions of successful drug abuse prevention programs, and opportunities for individual consultations with experienced personnel.

At the conclusion of each regional conference, participants will be divided into small groups, based on the communities they represent, to develop an "action plan" that will work for their particular area.

"But the final phase — putting that action plan into motion — is up to the community representatives," Laflin said.

Make the Change
Apply for the Marathon Credit Card

0.0% explained: Buy an oil change, a set of tires or repairs with the Marathon credit card. Take up to six months to pay with no finance charge—you pay the same as the cash price.

Suppose you bought a set of tires costing $300.00 in March and charged them on your credit card. Your account is billed the first day of each month and you pay $50.00 by the 15th of each month in six equal installments. The difference between the Marathon credit card and another credit card which has an annual percentage rate (APR) of 18% and a monthly finance charge of 1.5% applied on an average daily balance is:

- Marathon Credit Card: $0.00
- Any Credit Card with 18% APR/1.5% Monthly Finance Charge: $14.02

Apply for the Marathon credit card at any Marathon service station. Use interest free installment buying for large purchases, excluding fuel, when each payment is made on time.

Both Thornton and Hockman had three catches for 25 yards, and their first five in the last four games. MIAMI OFFENSE: The Redskins have been powered by quarterback Brian Hanks, who has completed 38-of-69 passes for 442 yards and three TDs. He also has 1472 yards on 83 carries for 4.7 yards. MIAMI DEFENSE: The Dayton Flyers are leading their MAC stats with 17 tackles and 4.7 sacks. They have held their opponents to 3.4 points per game. — BG — BOWLING GREEN DEFENSE: While the Falcon defense allowed 307 yards against Youngstown State, the Falcons managed to stop the Penguins when it mattered in the third quarter. They used the wind in the third quarter to cut BG's lead from 17-3 to 17-16 on one touchdown and two field goals. But with the wind to their backs in the fourth quarter, the Falcons closed the door on the Penguins to secure the win. CB MIKE HOLMES was named BG's Defensive Player of the Week for his eight tackles and one pass breakup. ILB DUANE CREN-SHAW paced the BG defense with 15 solo tackles, while FS KYLE KRAMER had 12 and DAL MCDONALD, 11. CB TONY MCCOR-VEY picked off his sixth pass of the season and his fifth in the last four games.

MIAMI FOOTNOTES: The Falcons have gone 14 quarters without losing a fumble, dating back to the Western Michigan game (Oct. 1). KYLE KRAMER is nearing the top five on BG's all-time tackles list. Kramer has made 354 tackles in four seasons at BG and needs nine more to crack BG's top five since 1970. BOWLING GREEN received 28 kickoff returns and 576 kickoff return yards this season. Air Alert: BG's pass-catching tandem of RON HEARD and REGGIE THORNTON continue to climb BG's all-time list for receiving yards. Heard now has 1472 yards on 83 catches, while Thornton is at 1457 and 98. The Falcons wide-outs are ranked 5-6 on BG's career list. They are also ranked among the MAC's top 10 receivers this season, along with tight end KYLE HOCKMAN. Thornton is averaging 3.9 catches per game, followed by Heard (3.8) and Hockman (2.8).

VARSITY BG CLUB SAYS
GO FALCONS!

ABOUT THE VARSITY BG CLUB
The Varsity BG Club is an exclusive organization open only to former Bowling Green State University varsity letterwinners, who, for a non-tax deductible contribution of $10 per year can help operate the club and support BGSU athletics at the same time. Almost 500 former Falcon letterwinners were Varsity BG Club members last year. Again this year, the Varsity BG Club is offering a lifetime membership for $100; no other dues will ever be required. Lifetime memberships for those 65 and older are only $50.

The Varsity BG Club undertakes three major projects each year, the first of which is the spring Recognition Reception honoring the College Coach of the Year, the High School Coach of the Year, and the Special Recognition Award Winner. Then in July we will enjoy another Doyt Perry Golf Outing at the BGSU Forrest Creason Golf Course. More information will be forthcoming. Each fall, the annual Varsity BG Day festivities take place in conjunction with a Bowling Green football game. It’s a great day to return to campus and visit with former classmates and teammates.

We’re looking forward to another big year for the Varsity BG Club and Falcon athletics, and all we need from you is your participation.

MEMBERSHIP BENEFITS
All active members of the Varsity BG Club will receive:
• Membership in an exclusive organization open only to BGSU varsity letterwinners.
• A list of special activities and programs, such as the ones described above.
• Subscription to the quarterly newsletter.
• Personal satisfaction in contributing to BGSU athletics through your continued involvement.

FALCONS’ NEST OF COACHES

Their names are familiar. Together, they dot the nation as football coaches at all levels of the game—high school, college, and professional football.

They belong to the Falcons’ Nest of Coaches, an organization created in 1984 to promote the proud tradition of Bowling Green Falcon football. Through the development of student and graduate-assistant programs at Bowling Green, most of these coaches got their start at this Mid-American Conference institution. They’ve studied and matured under the coaching philosophies of Warren Steller, Doyt Perry, Bob Gibson, Don Nehlen, Denny Stolz and Moe Ankney, to name a few. Today, they are making a name for themselves and for their respective football programs around the country. Though they may be miles apart, they share at least one thing in common. They are members of a fine football coaching fraternity at Bowling Green, the Falcons’ Nest of Coaches.

DOYT PERRY HALL OF FAME DINNER — OCT. 29, 1988

Call 372-2401 For Details

Doyt Perry To Be Inducted Into College Football Hall of Fame

The year 1988 will be fondly remembered by Doyt Perry, the former player, coach and administrator at Bowling Green State University.

Last January, he learned that he would be a 1988 inductee into the National Football Foundation’s College Football Hall of Fame. In May, he was in Toledo, OH, for his induction into the Mid-American Conference Hall of Fame.

This fall, when the Bowling Green Falcons host Miami in an October 29 football game at Doyt L. Perry Field, the man in whose honor the stadium was named will be there for a special on-campus presentation by the National Football Foundation.

Then, on December 6, Perry will be in New York for the Foundation’s Hall of Fame Dinner. Perry will be officially enshrined into the College Football Hall of Fame at Kings Island, OH, in the spring of 1989.

Perry’s association with BGSU dates back almost 60 years when, as a student, he lettered nine times in three sports (football, basketball and baseball). The Croton, OH, native received his degree in 1932 and then began coaching on the high school level before becoming an assistant football coach at Ohio State University in 1951.

Perry returned to his alma mater as head football coach in 1955. Over the next 10 years, he led the Falcons to a 77-11-5 record for a winning percentage of .855, topped only by Knute Rockne and Frank Leahy. His teams won five MAC Championships and the national college division championship in 1959.

Perry, who retired from coaching in 1964 to become BGSU’s athletic director for six years, developed such outstanding coaches as Jim Young of Army, Bill Mallory of Indiana, Don Nehlen of West Virginia, Larry Smith of Southern California, the late Dave McClain of Wisconsin and Bowling Green’s own Moe Ankney.

Ironically, Perry will enter the College Football Hall of Fame with another Bowling Green graduate, the late Jack Mollenkopf ’31, Mollenkopf coached the Purdue Boilermakers to a record of 84-39-3 in 23 seasons.

The Mid-American Conference

Bowling Green State University became a member of the Mid-American Conference in May of 1952. That was 36 years ago, and in the interim, the Falcons have won eight MAC football titles, two of those coming in 1980s (1982 and 1985).

Entering the 1988 season, the Falcons led the MAC with the best league record (51-19-1) in the 1980s. In fact, Bowling Green has finished either first or second in the MAC standings six years in a row.

The MAC consists of nine state-supported institutions in the Midwest. Located in the states of Ohio, Michigan and Indiana, the MAC schools have enrollments that range from 14,000 to 26,000.

Founded as a five-team conference in 1946, the MAC expanded to 10 schools in the early 1970s. With Northern Illinois' withdrawal in 1986, the nine current members are Ball State, Bowling Green, Central Michigan, Eastern Michigan, Kent State, Miami, Ohio, Toledo and Western Michigan.

A competitive league, balanced programs, a commitment to the NCAA Division 1 level, an excellent academic reputation and a tradition of athletic success are all appropriate descriptions of the MAC and the institutions which comprise it.

One of the nine Division 1-A conferences in the country along with the Big West, ACC, Big 8, Big 10, Southwest, Southeast, WAC and PAC 10, the MAC is as balanced and competitive as any other. While playing competitive Division 1 schedules, MAC institutions have maintained their high ethical and academic standards. No MAC team has ever been seriously investigated for rules violations, nor has any MAC team ever been placed on NCAA probation for rules infractions. A total of 53 MAC student-athletes have earned Academic All-American recognition in the last four years. Bowling Green has proudly contributed seven Academic All-Americans to the MAC's total in the last two years, alone.

In the 42-year history of the conference, many MAC teams and athletes have received national recognition. In football, Bowling Green was recognized as the national college division champion in 1959, and Ohio won similar honors in 1960. After the MAC joined the list of Division 1 institutions, Toledo compiled a 35-game winning streak from 1969-71, and Miami beat Florida, Georgia and South Carolina in the 1973-74-75 Tangerine Bowls. This year, the MAC enters its eighth year of an agreement that matches the MAC Champion against the champion of the Big West (formerly known as the PCAA) in the California Bowl.

The MAC currently sponsors 18 championships. In men's sports, the MAC has championships in football, cross country, basketball, swimming and diving, wrestling, baseball, tennis, golf and outdoor track and field. The nine MAC women's championships are volleyball, cross country, field hockey, basketball, swimming and diving, gymnastics, softball, tennis and outdoor track and field.

Office of Admissions Holds Preview Day

If you see some new faces on campus today, they no doubt belong to visiting high school students, their parents and teachers, who are here participating in the Office of Admissions' 14th Annual Preview Day Program.

Prospective students viewed displays featuring information on academic programs, student services, and activities in the Grand Ballroom. BGSU students led tours throughout the morning, and various departments held open houses and demonstrations.

Over 200 faculty and staff members and 100 students lent a hand in making our visitors feel particularly welcome. The Office of Admissions hosts Preview Day each year in order to provide prospective students with an opportunity to view many segments of college life. This year, over 2,500 students, parents and teachers will participate in Preview Day activities. A second Preview Day is scheduled for December 3.

The Admissions Office extends special thanks to the Bowling Green State University Alumni Association, whose financial support helped make today's program a success.

preview day attracts large crowds every year.

THE FALCON CLUB NEEDS YOU!

To All Falcon Fans:

You are the key to success for our Falcon teams! The BGSU Athletic Department depends on the Falcon Club to raise more than $242,000 in 1988. This money will help fund athletic grants-in-aid, assist in the recruiting of prospective student-athletes, and provide funding for athletic facilities budgets.

Members of the Falcon Club are alumni, parents, friends and fans who provide financial support, volunteer hours and advisory expertise to the BGSU athletic program and share in the many benefits the Falcon Club has to offer.

The Falcon Club has ambitious goals for 1988 and is eager to involve YOU in our activities. The need to support our program is at an all time high. Your financial contribution and BGSU's athletic program are a winning combination.

We are very proud that Bowling Green's athletic program, both men and women, is recognized as one of the best in the country. All of our 19 teams are highly competitive and very representative. Falcon Club membership offers you the opportunity to support these teams. Falcon Club donations have greatly aided our program, and to continue that winning tradition throughout the 1988-89 campaign will require another supreme Falcon Club effort.

I look forward to having you join the Falcon Club in 1988!

Sincerely,

Charles F. Nagle
Assistant Athletic Director/Development

I am interested in learning more about the Falcon Club and its activities.

BOWLING GREEN STATE UNIVERSITY

An aerial view of the Bowling Green State University campus.

Bowling Green State University offers a range of educational opportunities expected in a large university, yet retains the personalized small-school atmosphere of its early years.

When Bowling Green Normal School opened its doors in 1914, there were 15 faculty members and all 158 students were studying to be teachers. Today the University has nearly 720 full-time and 200 part-time faculty and 17,300 students on its main campus. Degree programs are offered through the College of Arts and Sciences, Business Administration, Education and Allied Professions, Health and Human Services, Musical Arts, Technology, and the Graduate College. Within the undergraduate colleges are Schools of Art, Mass Communication, Nursing, and Health, Physical Education and Recreation.

The University offers more than 170 undergraduate degree programs, 75 master's degree programs and has 14 departments granting doctoral degrees in more than 44 specialty areas.

In addition to courses on the main campus, the University's Firelands College campus, located in Huron, Ohio, offers 17 two-year associate degree programs, as well as courses which fulfill the first two years of a bachelor's degree requirement. Firelands College enrolls about 1,200 students.

Fully accredited at the highest state, regional and national levels, the University has chapters of most national academic honor societies, including Phi Beta Kappa and Phi Kappa Phi. Bowling Green is also a member of the National Association of State Universities and Land Grant Colleges.

The University's faculty members, 82 percent of whom hold the highest degree in their fields, include Fulbright Scholars, authors and nationally known researchers. The caliber of the faculty is reflected, too, in the number of academic programs which are regionally and nationally recognized. Including the chemistry department which hosts an Ohio Eminent Scholar in Photochemical Sciences. The Ohio Eminent Scholar program was created by the Ohio Board of Regents to attract world class scholars to the state's universities.

Committed to teaching, faculty are scholars as well, generating new knowledge through independent research and involvement in University units such as the Population and Society Research Center, the Center for the Study of Popular Culture, and the Social Philosophy and Policy Center. Bowling Green is also the site of the National Drosophila Species Center and the Mid-America Stock Center—the largest scientific facilities of their kind in the world—where University faculty assist in supplying some 400 species of fruit flies to scientists involved in genetics and cancer research around the globe.

The University's students come from throughout the United States and nearly 60 foreign nations. While most students are between the ages of 18-22, the number of those older than 25 is increasing. During the spring term of the 1987-88 academic year, there were more than 2,700 "non-traditional" adult students enrolled in undergraduate and graduate degree programs on a full- or part-time basis.

The focal point of the 1,250-acre campus is the nine-story Jerome Library, with its collection of more than four million items, including 1.5 million volumes plus thousands of journals, periodicals, microforms, government documents and other materials. Special sections of the library include the Center for Archival Collections which houses materials relevant to northwest Ohio history and the Sound Recording Archives with 400,000 recordings. The Institute for Great Lakes Research, located in Perrysburg, contains an extensive collection of materials on the shipping industry's past and present.

The University is continually refurbishing its more than 100 existing buildings and upgrading facilities to meet current needs. An example is the recently completed $3.65 million addition to the Business Administration Building. Currently, Williams Hall, home to the history, sociology and political science departments, is undergoing major renovation as is Overman Hall, which houses chemistry, physics and astronomy and geology programs. Also, numerous computer facilities have been installed and upgraded throughout campus.
When Dr. Paul J. Olscamp became Bowling Green State University's eighth president in 1982, he charted a course that would move Bowling Green into the ranks of the country's most important educational resources. The effort, he said, would be an unrelenting commitment to excellence in teaching, research and service at the University. Indeed, he adopted the slogan "An Environment for Excellence" to describe his hopes for Bowling Green.

Since then, everything the energetic Olscamp has done at Bowling Green has been aimed at fulfilling that vision. Early in his administration, Olscamp and the faculty outlined the task to be done in a 27-goal document called the Role and Mission Statement. Most of the goals centered on improving the quality of undergraduate and graduate students, the academic programs, the learning environment and the faculty and its resources.

Now, as Olscamp begins his seventh year at Bowling Green, many of the Role and Mission Statement's original goals have been met. Last year, the

### Highlighting The Olscamp Administration

**A network of microcomputer labs throughout the campus, including labs in each residence hall, as part of an effort for all students to have a background in computer usage by the time they graduate.**

**Increasing library holdings to more than four million books, journals, periodicals, microforms, government documents and other materials.**

**Physical Plant**

*Nearly $48 million in state capital improvement funds for renovation and new construction projects.*

*Completion of $7.2 million Physical Sciences Laboratory Building in 1984.*

*A $3.65 million addition to the Business Administration Building completed in 1988.*

*A $9.1 million addition to the Fine Arts Building scheduled to get underway in the next few years.*

**University Finances**

*Growth in the University endowment from $1 million in 1982 to more than $8 million in 1988.*

*Creation of an internal endowment fund of $4 million from various University reserves. The balance is approaching $7 million and is expected to reach $10 million in four years.*

*Developing a plan that restructures debt obligations and is projected to result in a $35 million principal in 12 years. Interest on that amount, which could approach $3 million annually, will go toward the academic budget.*

*Most successful fund raising drive in University history. With the assistance of the development and alumni office, the 75th Anniversary Fund raised more than $15 million in three years; well above the $12.5 million goal. Donations included the University's first two $1 million gifts—from the Stranahan Foundation of Toledo for the Social Philosophy and Policy Center and from Harold and Helen McMaster of Perrysburg for the McMaster Leadership Institute.*

Bowling Green Is A 1980s Success Story

When, in the year 2000, historians look back upon 85 years of intercollegiate athletics at Bowling Green State University, they'll stop and take a second look at the 1980s. Bowling Green sports teams of the 80s have achieved a level of success matched by few.

In all, Bowling Green teams have won 21 conference titles the last eight years, 17 in the Mid-American Conference and four in the Central Collegiate Hockey Association. Sixteen teams have gone on to post-season play in the NCAA, NIT and California Bowl.

Bowling Green student-athletes distinguished themselves in numerous ways in 1987-88. MAC champions were crowned in women's basketball and softball. The Falcon hockey team added to the BGSU honor roll by capturing the CCHA Playoff title. The volleyball team set a school record for winning percentage in a season. In the end, Bowling Green laid claim to the Jacoby Trophy, awarded annually to the MAC school with the best overall record in women's sports. BG also produced four Academic All-Americans in football, volleyball, men's basketball, and hockey — an uncommon distinction for any MAC school in just one year.

Each of the 19 sports at Bowling Green has enjoyed success in the 1980s. Here is a brief look at the “Winning Tradition” of the Bowling Green Falcons...

BASEBALL — Coach Ed Platzer's Falcons are annual contenders for the MAC Championship. Playing at Steller Field, one of the finest college baseball facilities in the region, the Falcons are a MAC leader in producing future professional ballplayers. Roger McDowell helped pitch the New York Mets to the World Series Championship in 1986, while Orel Hershiser is a stand-out pitcher for the Los Angeles Dodgers.

MEN'S BASKETBALL — Coach Jim Lar-ranaga has built a solid foundation that should produce a MAC championship contender in 1988-89. Two strong recruiting classes and an exciting up-tempo brand of basketball have made Anderson Arena once again “The House That Roars.” BGSU is one of six MAC teams which have qualified for the MAC Tournament the last two years. Historically, BGSU leads the MAC in post-season appearances and victories.

WOMEN'S BASKETBALL — Coach Fran Voll has led the Falcons to a pair at MAC Championships and NCAA Tournament appearances the last two years, as well as an overall record of 51-8. Voll coaches some of the best players in the conference, like two-time MAC MVP Jackie Motycka. With Motycka and four other starters back in 1988-89, the Falcons will be an early favorite to repeat as MAC Champions.

CROSS COUNTRY — Bowling Green cross country in the 1980s has been marked by a changing of the guard, as highly-respected Mel Broido handed over the coaching duties to Sid Sink. Sink, a former track and cross country All-American at BGSU, has coached the MAC's winningest team of the 1980s. Bowling Green is the MAC's winningest team of the 1980s with a first or second-place finish the last six years. The Falcons have won two MAC titles and made two trips to the California Bowl since 1980. BG also holds the MAC single-game attendance record of 33,527 at Doyt Perry Field. Coach Moe Ankney has guided the Falcons to two-straight second-place finishes. Taking the next step to the top is the goal for 1988.

FOOTBALL — Bowling Green is the MAC's winningest team of the 1980s with a first or second-place finish the last six years. The Falcons have won two MAC titles and made two trips to the California Bowl since 1980. BG also holds the MAC single-game attendance record of 33,527 at Doyt Perry Field. Coach Moe Ankney has guided the Falcons to two-straight second-place finishes. Taking the next step to the top is the goal for 1988.

GOLF — Coach Greg Nye's men's and women's golf teams play on some of the most challenging courses in the country. The BG men travel to Florida and the Carolinas. BG has won four MAC Championships and made four NCAA Tournament appearances in the last 18 years. The Falcon women are one of this region's top teams. Last fall, the Falcon women won the BGSU Invitational and contended for the Ferris State Invitational title.

GYMNASTICS — Year in and year out, Coach Charles Simpson fields a MAC title contender. With three MAC titles since 1980, Simpson's Falcons share the league lead in conference championships. The Falcons have qualified as a MAC title contender. With three MAC titles since 1980, Simpson's Falcons share the league lead in conference championships. They have qualified as a team for post-season competition four of the last five years. Last winter, Kim Trost was an individual qualifier for the NCAA Regionals. This year, BGSU will host the MAC Championships.

HOCKEY — National Champions! The year was 1984. The site, Lake Placid, NY, where Coach Jerry York's Falcons won the University's first NCAA Division I championship, it was Bowling Green's finest hour. BGSU has won four CCHA regular season championships and one league play-off title. In all, the Falcons have won seven conference titles and appeared in seven NCAA (Continued on page 49)
Since his appointment seven years ago as athletic director, John C. (Jack) Gregory has set a standard of excellence designed to place Bowling Green State University on equal terms with today's elite intercollegiate athletic programs.

In his first six years at Bowling Green, Gregory has challenged his staff of administrators, coaches and classified workers to settle for nothing less than the very best. His challenge has resulted in some of the finest moments in the history of intercollegiate athletics at BG SU—moments such as:

- the 1984 NCAA Division I Ice Hockey Championship;
- 11 Mid-American Conference regular season championships in football, men's and women's basketball, softball, women's cross county, gymnastics, and men's golf;
- 2 California Bowl appearances;
- 2 MAC post-season tournament championships;
- 3 Central Collegiate Hockey Association regular season championships;
- 1 CCHA post-season tournament championship;
- 9 NCAA Tournament appearances in hockey, basketball, softball and gymnastics;
- and the 1987-88 Jacoby Trophy, awarded annually to the MAC school with the best overall record in women's sports.

Gregory came to Bowling Green during one of the most difficult periods in the school's 72 years of intercollegiate athletics, a time when BG SU and the MAC were fighting for NCAA Division I-A status in football. Behind Gregory's leadership, the football program attained I-A status, making the Falcons one of the front-runners in achieving that goal.

During his tenure here, BG SU has proven to be a marketing and promotions leader. Record crowds have attended Falcon football, hockey and women's basketball games. Crowds have swelled, too, in sports like soccer, volleyball, gymnastics and softball. In 1983, 33,527 fans packed Doyt L. Perry Field to witness the annual college football classic between Bowling Green and Toledo. BG SU and MAC single game attendance marks fell that afternoon. Two years later, the Falcons drew a record 112,110 fans for the five home games, giving BG SU the second-largest average attendance (22,422) in MAC history. Last year, Bowling Green set still another MAC attendance record by playing in front of 84,574 fans at Penn State.

Sell-out crowds for BG SU hockey games are also a tradition, making game tickets the hottest item in town each winter.

With the growing interest in TV sports programming, Gregory has aggressively negotiated for live television coverage of BG SU sports events. Last year, Falcon football, basketball and hockey all attracted live TV coverage. The 1988-89 year promises more of the same. Falcon football and basketball will be seen around the country as part of the MAC Game of the Week on Master Video Productions, while Falcon hockey will continue to play in front of a national TV audience as part of the CCHA Game of the Week on Pro-Am Sports.

Gregory, 60, has also been instrumental in the record-breaking development of the Falcon Club, the University's official athletic department booster club. Recent membership drives have encompassed the Toledo, Cleveland and west central Ohio areas, resulting in unparalleled growth in cash and pledges. The Falcon Club has more than doubled its income and grown to such an extent that it compares favorably with any athletic support organization in the country.

Still, Gregory understands the integrity of college athletics depends on the continued emphasis of the "student" in student-athlete. In that regard, he appointed a director for academic and regulatory affairs in 1984, the first such appointment in the MAC. Today's student-athlete is offered every opportunity for a fulfilling educational experience at BG SU. Many student-athletes have earned academic honors, such as the 122 BG SU scholar-athletes with grade point averages of 3.0 or better in 1987-88. In just the last two years, seven BG SU scholar-athletes have been named Academic All-Americans, an uncommon distinction among MAC schools.

A 1952 graduate of East Stroudsburg State College and holder of a master's degree from Temple University, Gregory came to Bowling Green from Yale, where he served for four years as associate athletic director.

Gregory began his professional career in 1952 as a teacher and coach at William Penn High School in New Castle, Delaware, and later at P.S. Dupont High School in Wilmington, Delaware. In 1959, he returned to East Stroudsburg as head football coach and assistant professor of physical education. One of the most successful coaches in the school's history, Gregory was inducted into the East Stroudsburg Athletic Hall of Fame in October, 1983.

An assistant football coach at the U.S. Naval Academy for two years, Gregory was named head football coach at Villanova University in 1967. In 1969, he moved to the University of Rhode Island, where he served as head football coach for seven years. In his 25 years on the high school level and at East Stroudsburg, Villanova and Rhode Island, Gregory's teams compiled a record of 132-69, including four undefeated seasons and seven league championships. He was twice selected as NAIA Coach of the Year, twice selected as Pennsylvania Coach of the Year and was named NCAA District Coach of the Year.

He was lured away from coaching in 1976 by the Green Bay Packers of the National Football League and served in the personnel department for three years before moving on to Yale.

Jack and his wife, Peg, reside in Bowling Green and are the parents of two sons.

Tournaments. BGSU has produced some of college hockey’s greatest names, including nine players who currently hold positions on NHL rosters.

SOCCER — Coach Gary Palmsano’s Falcons have posted a winning record in all but one year of the 1980s. Last fall, BGSU showed a fine 12-5 record that included wins over Penn State and Cleveland State. The Falcon booters also captured the 1987 BGSU Soccer Cup for the second-straight year. BGSU has earned All-America honors seven times, the most recent being Jon Felton last year.

SOFTBALL — Former Coach Gail Davenport saw five years of hard work pay handsome dividends in 1988, as the Falcons won the MAC Championship and hosted the NCAA Midwest Regionals. Davenport was also named MAC Coach of the Year. Spearheaded by senior centerfielder Amy Lienhardt, a first team All-American and a first team Academic All-American, the 1988 Falcons shattered a number of seasonal records for BGSU softball.

SWIMMING — Coach Brian Gordon, MAC Co-Coach of the Year in 1988, is back for his second year with the Falcon men and women. The Falcon women have made winning a habit in the 80s. It began with the 1981 MAC Championship and has continued with second-place finishes ever since. Last winter, the women hosted the MAC Championship at beautiful Cooper Pool, one of the Midwest’s top swimming and diving facilities. The men’s team has finished in the top five at the MAC meet the last four years.

TENNIS — Robert Keefe Courts have been the site of many top MAC tennis matches in the 1980s. And the Falcon tennis teams have benefitted from the fine facility. The men’s team, guided ably by Bob Gill the last 20 years, will see Gene Orlando at the helm in 1989. The women’s tennis program, under the tutelage of first-year Coach Sheila Chiricosta, showed signs of new life in 1988, as the Falcons recorded the most wins in a season since 1983.

TRACK & FIELD — Bowling Green was again represented at the NCAA Track and Field Championships, thanks to All-American discus thrower Beth Manson. Meanwhile, Coach Lee LaBadie guided the Falcon women to a second-place finish at the 1988 MAC Championship. Sid Sink and Tom Wright, co-head coaches of men’s track, coached the Falcons to within seven points of fourth place at the MAC meet.

VOLLEYBALL — Coach Denise Van De Walle’s Falcon volleyball team has entrenched itself as one of the top programs in the MAC. Last fall, Bowling Green carved out an overall record of 24-6, the highest winning percentage in school history, while posting a second-place finish in the 1988 MAC Championship. Sid Sink and Tom Wright, co-head coaches of men’s track, coached the Falcons to within seven points of fourth place at the MAC meet.

Once Students of Doyt Perry, Today, They Coach The Game He Taught

by BRIAN COX
BGSU Sports Information Office

It's the fall of 1960. Some Bowling Green State University students sign up for a football coaching class. Their teacher, Doyt Perry, led the Bowling Green Falcons to the national college division championship the preceding year.

From the first day of that coaching class, these students will have a chance to learn the basics of football coaching from one of the greatest coaches in the history of college football. Today, his record still ranks among the top three in college football history, along with Knute Rockne and Frank Leahy.

It was a chance of a lifetime for the students of that coaching class in 1960. Just as it was for those students who took the class before and after 1960.

One such student was Don Nehlen, a three-year letterman (1955-56-57) and a quarterback under Doyt Perry.

“Coach Perry influenced me and a great number of coaches through his coaching class, because he gave each student the knowledge of basic organization,” said Nehlen, who today is head coach of the nationally-ranked West Virginia Mountaineers. Nehlen also was head coach at Bowling Green from 1968-76.

“When I first came to Bowling Green, football was unimportant, but Doyt Perry, with his love for the game, made it a love affair with the University, the town and his players.”

Nehlen feels Doyt Perry put the University and the town of Bowling Green on the map in college football. And Nehlen said that Doyt Perry left a lasting impression on his students.

Nehlen believes Perry contributed integrity, humor and well-trained teams to the game of college football. Most important, Nehlen said Doyt Perry ran a program that graduated its students and put a great number in the coaching field.

The number of Bowling Green people in the coaching profession was so great that an organization called “The Falcons’ Nest of Coaches” was formed in 1984 to celebrate that fact. Doyt Perry was among the organizers of “The Falcons’ Nest.”

Jim Young, himself a member of “The Falcons’ Nest,” is currently the head football coach at Army. Young sat in Perry’s coaching class in the mid-1950s and he recalls Doyt Perry’s ability to relate to his students and players, encouraging them and motivating them by constructive criticism.

Young, a former head coach at Purdue and Arizona, was also very impressed by Perry’s honesty and his ability to win with dignity.

“Doyt Perry put everything he had into the class, which gave us a better idea of what he was trying to accomplish,” said Young. “He was ahead of his day when it came to practice organization.”

Moe Ankney also had the privilege of taking Doyt Perry’s coaching class. Ankney, who lettered as a quarterback in 1962-63, went on to a coaching career of his own. In 1986, he was named head coach at Bowling Green and is now in his third season back at his alma mater.

“He brought to his class all the knowledge he gained through coaching and explained it to us,” said Ankney. He says Perry had the right personality for teaching and coaching. “He was even-tempered, yet he pushed you to higher goals.

Ankney made his own playbook as a requirement of the class, and he still refers to those pages.

Ankney believes Perry’s greatest contribution to college football was the respect he brought to Bowling Green and the Mid-American Conference.

Larry Smith, head football coach of the nationally-ranked Southern California Trojans, said two words described Doyt Perry: “fundamentals and discipline.”

Smith lettered as a player under Doyt Perry in 1959-60-61. He later was head coach at Tulane and Arizona, before moving on to USC.

In looking back at the lessons he learned under Doyt Perry, Smith recalls, “Doyt Perry believed if you did the basics, things took care of themselves, as long as the discipline to execute the fundamentals is flawless.

“Doyt Perry brought the highest degree of character and integrity to football without being flamboyant. He got results and most of all his program was sound and it won.”

These four coaches suggest that if Doyt Perry were coaching and teaching his class today, his philosophy on football would still be centered around two basic principles. First, avoid mistakes, cut them out and you will always be in the game. Second, always have a good player-coach relationship.

Thanks to Doyt Perry, these principles have been handed down to the Don Nehlens, Jim Youngs, Moe Ankneys and Larry Smiths of college football today.

1988 Falcon Marching Band

The Falcon Marching Band would like to extend its congratulations to Doyt L. Perry on behalf of his contribution to BGSU, the game of football, and his induction in the Hall of Fame. In recognition of Doyt Perry and in conjunction with today's halftime presentation, the Falcon Marching Band will visually extend its salute to the fine, deserving gentleman.

Halloween 1988...ghosts, goblins, creepies and the Falcon Marching Band!! What? One of the above doesn't belong...but does it? Oh yes, today it does! The Falcon Marching Band has some "Tricks and Treats" of its own for today's halftime show.

In keeping with a Halloween flavor, the Falcon Marching Band presents a different type of halftime presentation and one that is centered on a theme. The theme..."The Little Shop of Horrors." This Broadway musical and motion picture continues to draw a good deal of attention, particularly this time of year.

Selections comprising this afternoon's presentation include:

"Little Shop of Horrors" (Title Theme)
"Suddenly Seymour"
"Mean, Green Mother"
"Please Don't Feed the Plants"

1988-89 BGSU CHEERLEADERS
NCAA Stands Firm On Athletic Representatives

Dictionary-makers agree on the definition of representative. However, of late, the word has been interpreted differently at many colleges and universities across the United States. To ensure that confusion does not reign, especially in the matter of recruiting prospective student-athletes, the National Collegiate Athletic Association has set hard-and-fast rules for: 1. Who athletic representatives are, and 2. What they can and cannot do.

As of August 1, 1987, the NCAA has banned athletic representatives (see box to left) from any involvement in the recruiting of prospective student-athletes. That involvement includes on- or off-campus contacts by 1. personal visit, 2. correspondence, or 3. telephone calls.

Bluntly, the answer to all questions regarding the involvement of athletic representatives in the recruiting process is an unequivocal “NO.”

The new legislation does not prohibit “unavoidable incidental” contacts with prospects, their parents or friends. The contact would be “illegal” provided that: 1. it is not pre-arranged by the representative or a member of the athletic department, 2. it is not made for the purpose of recruitment, and, 3. it is in the course of “normal civility.”

Bowling Green intercollegiate Athletics urges all athletic representatives to comply with all NCAA regulations. If questions arise, please call the Bowling Green State University Athletic Department at (419) 372-2401.

Doyt L. Perry Field, with its 30,000-plus seating capacity, is celebrating its 22nd year as the home of Bowling Green State University football.

Built in 1966 for approximately $3 million as a replacement for the 43-year-old University Stadium, Perry Field had a capacity of 23,272 until bleacher seats were installed in both end zones in 1982.

One of the largest and most attractive athletic facilities in the Mid-American Conference, Perry Field holds the conference record for single-game attendance.

On October 8, 1983, a huge crowd of 33,527 packed into Perry Field for the annual BG-Toledo game, establishing a school and MAC record for single-game attendance. The Falcons went on to set a season record, breaking the six-digit figure for five games with a total draw of 100,021. It marked the first time in history that Bowling Green averaged more than 20,000 fans for five home football games.

That figure was topped in 1985, when Bowling Green posted a perfect record (11-0) in the regular season and clinched the MAC Championship by shutting out arch-rival Toledo at Perry Field in November. More than 28,000 fans turned out that day, raising Bowling Green's season attendance to an all-time high 112,000, and average of 22,400.

Perry Field is more than just a football facility. The east side of the stadium includes dressing rooms, equipment and training rooms, along with the Athletic Department offices. The west side just received a face-lift. This year, a new physical fitness center/weight room opened its doors for all 19 intercollegiate athletic teams to use.

Also situated on the west side of Perry Field are the Falcon Club offices and clubhouse, the academic affairs office, the track and cross country offices, as well as maintenance and storage areas.

Sitting atop the press box on the west side of the stadium is the plush Stadium Club. Now in its ninth year of operation, the Stadium Club's 106 theater-type seats, which are all sold, provide loyal BGSU fans with one of the finest places to view a game in all of the midwest. The President's Box, located on top of the east side of the stadium, provides luxury seating for President Paul J. Olscamp and other supporters of Falcon football.

Bowling Green won the first game ever played in Perry Field, defeating Dayton, 13-0, on October 1, 1966. Since that time, the Falcons have won more than 65 percent of their home games, compiling a 70-37-2 record in the 109 games played at Perry Field.

Bowling Green posted a 3-2 record at Perry Field last season. Over the last five seasons, Bowling Green is 25-5 in the friendly confines of Perry Field.

A multi-purpose facility, Perry Field has also hosted concerts, NFL exhibition games, and major soccer tournaments.
Perry Field is named in honor of the man who led Bowling Green to a 77-11-5 record in his 10 years as the head coach of the Falcons. Doyt L. Perry was simply one of the greatest football coaches of his day. His .855 winning percentage over 10 seasons in the 1960s and 1970s remains one of the highest in football history. In fact, according to James Van Valkenburg, director of statistics for the NCAA, only two on the Division I-A list are above that figure — Knute Rockne at .881 (Notre Dame) and Frank Leahy at .864 (Boston College and Notre Dame).

Perry, 78, is as popular as ever in Bowling Green. An avid golfer, he spends his winters with wife Loretta in Florida. Each summer, he entertains his friends and former players at a golf outing. Former players and coaches return for the “Falcons’ Nest of Coaches” meeting.

Known for his well-organized practices and attention-to-detail meetings, Perry never stopped thinking of ways to succeed. He was a winner in football and as a high school basketball coach. His basketball teams were 161-35 over nine seasons and his high school track teams won 70 county titles in nine years.

To make it on our team, you have to hit the books just as hard.

Our team is the GTE Academic All-America® Team as selected by the College Sports Information Directors of America (CoSIDA). And our recruiting standards are the toughest around.

Like any other team, we want to know how many passes you've completed. Or, the number of quarterbacks you've sacked. But we also want to know what your cumulative grade point average is. And it better be at least a 3.20.

Getting drafted by the GTE Academic All-America Team isn't easy. That's what makes it such an honor for those who do.
Since the College Football Hall of Fame opened in August 1978, it has appealed to people of all ages with just about every interest imaginable . . . people who like movies, sports, computer games, American history, modern museums, great athletes, colorful displays, nostalgia, memorabilia, stirring speeches, cheerleaders, marching bands, Saturday afternoons in the fall and college football.

When the Hall of Fame was dedicated in August 1978, "Red" Blaik was the keynote speaker. He spoke to the crowd on behalf of all Hall of Famers and said, "This is the best happening in college football since the legalization of the forward pass." His comment exemplifies the excitement that awaits college football fans who visit the shrine and the experience that already has been enjoyed by thousands.

"Sleepy" Jim Crowley, one of the Notre Dame Four Horsemen, simply said, "This Hall of Fame is not in the telling or talking about, it's in the seeing."

Galbreath Field
The 11,000-seat stadium is adjacent to the College Football Hall of Fame at Kings Island, Ohio.

John W. Galbreath, an Ohio sportsman-industrialist, donated funds for the project which includes locker room facilities, a heated and enclosed press box and lighting suitable for color television broadcasting. The field is available for the playing of college and high school football and soccer and is also the first stadium in the United States that includes field dimensions for rugby football.

Galbreath Field was dedicated on August 2, 1981. The first intercollegiate game was played on September 12, 1981, when the University of Dayton defeated Ashland College 17-0.

The College Football Hall of Fame is not only a place to see, learn and participate in the history of football, but a place to get to know the game as it is today. From its one-eighth mile long Time Tunnel, which traces the 2,000-year development of the game from ancient Greece to the present in more than 30 time capsules, to the Hall of Fame Room where each of the 478 Hall of Famers are honored, to its futuristic use of computer terminals that allow the visitor to match wits with the great coaches or to call up the biographies of every Hall of Famer, the museum can and does bring the total college football experience to life. Its personalized approach and action-oriented attractions have intrigued all who have visited. As
