TODAY’S GAME

TODAY: The Bowling Green State University football team begins its 73rd season of intercollegiate competition this afternoon against Mid-American Conference foe Eastern Michigan.

THE GARY BLACKNEY SHOW: Every Monday evening throughout the season, the Gary Blackney Show will be held at Kaufman’s (downtown location) Restaurant. The show will begin at 7 p.m. and be broadcast live on WFOB radio (1430 AM). Fans can talk to Coach Blackney at the restaurant or call into the station and ask questions (419-435-5555, 419-352-4200). The Sept. 2 show only will originate from Kaufman’s At The Lodge on Wooster Street in Bowling Green instead of the downtown location.

NEW LOOKS: In addition to this being Coach Blackney and seven of his staff members first game at BGSU, there will also be several other “new looks” this afternoon. The Falcons will be wearing orange jerseys for the first time in history today. The new home look, orange jerseys with white pants, is just part of the change for road games this season, BG will wear all white. You may have noticed the Falcons have moved their bench back to the west side of the stadium instead of the east side, where they have been the last few years. On the field, the “new looks” will include a more aggressive, gambling defense and an offense that will give the opposition some new looks. These two factors should make BGSU a fun team to watch.

THE SERIES: In a series that has seen each team take its turn dominating, the Falcons hold an 11-5 edge since 1973 and an overall edge of 15-10-1. The two teams have played every year since 1976 with the first meeting taking place in 1919, the first season BGSU sponsored intercollegiate football. BG broke a three-game EMU winning streak last season with a 26-15 win at Perry Field. BG has won eight of the last 11 meetings between the two schools, including four of the last five at Perry Field. BG holds a 7-2 edge over EMU at Perry Field. There has been one shutout in the series (1973, BG 23-0), while the two teams have split the two series games decided by seven points or less and EMU owns the only win in a game decided by a field goal or less (since 1973). Ten of the 16 series games have been decided by two touchdowns or more with seven of those 10 games decided by two touchdowns or more with seven of those 10 games decided by 20 or more points.

LAST YEAR: Last year the two teams met in only the second night game in the history of Perry Field and the Falcons scored the last 18 points, 15 of those in the final stanza, of the game to take a 25-15 (Continued on page 19)

Gary Blackney got quite a birthday present this year - a present he had paid his dues to receive. Five days prior to his 46th birthday, December 5, 1990, Blackney was named the 14th head football coach in the 72-year history of the program at Bowling Green State University.

Blackney has more than paid his dues having made stops at seven different universities from one side of the map to the other covering 24 years of coaching on the collegiate level. All 24 years were spent as an assistant until BGSU Athletic Director Jack Gregory changed that in early December.

The new BGSU mentor has helped get some of the top programs in the country to where they are today including UCLA, which played in the Fiesta Bowl in Blackney's first season there, Syracuse and Ohio State.

Blackney's 1986 defensive unit led the Big Ten in scoring defense and was fourth in the nation in turnover margin. OSU was ranked in the top 10 of both wire service polls in 1986.

The Plainview, New York native began his coaching career at his alma mater, Connecticut, in 1967 where he spent three seasons. Blackney earned his undergraduate degree in education from Connecticut in 1967 and one year later received his master's in physical education while also coaching. He was a running back for head coach Rick Forzano at Connecticut during his playing days starting as both a junior and senior.

In 1970 he moved to the Ivy League where he coached the defensive backs for three seasons at Brown. From there he spent two seasons as the offensive coordinator while coaching the quarterbacks and running backs at Rhode Island. In 1975, he began a three-year stay at Wisconsin where he coached the defensive backs for two seasons (1975-76) before being named the defensive coordinator for the 1977 season.

The next stop for Blackney was the West Coast where he worked with the defensive backs at UCLA. Kenny Easley earned consensus All-American honors at defensive back under Blackney's tutelage. Following his stint at UCLA, Blackney joined Dick MacPherson at Syracuse in 1980 where he spent four seasons coaching the defensive backs while helping get the Syracuse program back in the national limelight. Blackney also served as the recruiting coordinator for one season while at Syracuse.

Gary and his wife, Lauretta, have four children, Debbie, 24, David, 23, Kyle, 16 and Gary Jr., 12.
Now you can afford to dream in color.

**BOB BABICH**

Bob Babich, 30, joined the BGSU staff in early January after serving as a volunteer assistant coach at Tulsa, his alma mater, last season. He coaches the inside linebackers and recruits Northeast Ohio, Pennsylvania and the Southwest United States. Babich has five years of collegiate coaching experience, three of those coming at his alma mater. He also spent the 1988 and 1989 seasons at Wisconsin working with the tight ends and the offensive line. The Aliquippa, Pa. native played collegiate at Mesa Community College and Tulsa. Bob and his wife, Nancy, have two children, Bobby, 8, and Janice Lee, 5.

**MICHAEL FARAGALLI**

Michael Faragalli, 32, brings with him a wealth of experience on the offensive side of the ball in his first season at BGSU. Faragalli, the offensive coordinator, works with the quarterbacks and wide receivers while recruiting Canada and the New England states. Faragalli has been one of the top offensive minds in the Canadian Football League the last six years, most recently with Edmonton helping Tracy Ham develop into the CFL’s Most Valuable Player. The Philadelphia, Pa. native is a Rhode Island graduate where he also coached for three seasons. Michael and his wife, Kathy, have three children, Joseph, 8, Phillip, 5, and Theresa, 2.

**BOB LIGASHESKY**

Bob Ligashesky, 29, joined the staff in mid-December and will coach the outside linebackers. Ligashesky is responsible for the Cleveland and Akron-Canton areas as well as Northeast Ohio and the Western United States. The McKees Rock, Pa. native comes to BGSU from Kent where he coached the inside linebackers. Ligashesky also coached collegiately at Wake Forest and Arizona State. Ligashesky, who is single, earned three letters at Indiana University of Pennsylvania during his collegiate playing career.

**TERRY MALONE**

Terry Malone, 31, is in his sixth year at BGSU and will be coaching the offensive tackles and tight ends this season. Malone is responsible for recruiting Northwest Ohio and the state of Michigan. The Buffalo, N.Y. native has also coached the centers and guards during his tenure at BGSU. Malone previously coached at Holy Cross and Arizona. Malone and wife, Ann, are the parents of two children, Kara, 2, and Patrick, born in April.

**TONY PUSATERI**

Tony Pusateri, 40, is the newest member of the coaching staff having joined the program in February. Pusateri has been one of the top high school coaches in the state the last 15 years, spending 10 of those seasons at St. Francis DeSales in Columbus. At DeSales, Pusateri’s teams won almost 75% of their games and the 1985 Ohio division III title. Most recently, Pusateri coached at Westerville South. The Columbus, Ohio native is a graduate of Capital University. Tony’s wife, Kim, is a teacher.

**SCOTT SEELIGER**

Scott Seeliger, 41, returns for his second stint as an assistant coach at BGSU having been a member of Denny Stoltz’s staff for five years between 1979 and 1983. Seeliger joined the staff in January and was named the assistant head coach by Gary Blackney. Seeliger will coach the guards and centers while recruiting Southwestern Ohio, Indianapolis, the state of Wisconsin and the Southeast United States. Besides his five years at BG, Seeliger’s 14 years of coaching experience on the collegiate level includes nine seasons at Wisconsin where he spent most of his time coaching the offensive line. The Madison, Wis. native was a tight end on the 1972 Iowa State team that played in the Sun Bowl. Scott and his wife, Karen, have two children, Keri, 18, and Kori, 16.

BRUCE CUNNINGHAM

Bruce Cunningham is in his second season as a graduate assistant coach. Cunningham works with the offense, primarily with the wide receivers.

Cunningham, who, along with Tom Passinault, has been instrumental in getting BG's new videotaping system on line, began his coaching on the high school level in 1985. For three years he was the assistant varsity football coach at Wilton High School in Wilton, Conn. Previously, he spent two seasons as an assistant at Greenwich High School in Greenwich, Conn.

He is a 1988 graduate of Eastern Connecticut State University. Cunningham is currently working toward his graduate degree in sports administration at BGSU.

ROCCO ODDO

Beginning his first year with the football program is student assistant Rocco Oddo. Oddo will be assisting Coach Tony Pusateri with the special teams and Coach Paul Ferraro with the secondary.

Oddo is a 1983 graduate of Bellevue High School where he was a member of Redmen football squads which earned a spot in the state Division III playoffs two consecutive years. Bellevue lost just one regular season game in those two years.

Oddo returned to his alma mater in 1986 coaching the freshman football team. The last four seasons Oddo has been the defensive coordinator at Norwalk St. Paul High School.

Oddo is one semester away from earning his undergraduate degree from BGSU in education.

TOM PASSINVAULT

Todd Passinault is also in his second year with the football program as a graduate assistant coach. Passinault works with the linemen on the defensive side of the ball.

Passinault came to BGSU from Catholic Central High School in Grand Rapids, Mich. where he was the head baseball coach and an assistant football coach. He coached the freshman for two years and spent one year as a junior varsity assistant. He was also part of Catholic Central's Michigan Class B state championship varsity football season in 1987.

Passinault, who has played a big role in getting the new videotaping system operational along with Bruce Cunningham, is a 1986 graduate of the University of Notre Dame. Passinault is presently working on his graduate degree in guidance and counseling at BGSU.

BRETT PRICE

Also beginning his first season with the football program is student assistant Brett Price. Price will be working with Coaches Seeliger and Malone and the offensive lineman. Price will also be assisting with recruiting.

He is a 1988 graduate of Arlington High School where as the quarterback for the Red Devils he led them to a 33-4 record in four years. Price earned Blanchard Valley Conference Player of the Year honors as a senior while being an all-league pick three times. Price was also a two-time All-Northwest Ohio selection and an all-state (Division V) pick his senior year.

Price was an assistant football coach for two years (1989-90) at his alma mater. He will be a freshman at BGSU this year majoring in sport management.

Founded in 1946, the Mid-American Conference is one of the nine Division I-A conferences in the country along with the ACC, Big 10, Big Eight, Big West, PAC-10, SEC, SWC, and WAC.

The MAC consists of nine state-supported institutions in the midwestern states of Ohio, Michigan and Indiana. The nine current members—Ball State University, Bowling Green State University, Central Michigan University, Eastern Michigan University, Kent State University, Miami University, Ohio University, the University of Toledo and Western Michigan University—have all been members of the conference for 16 or more years.

For the first time since 1986, the configuration of the MAC will change next season as the University of Akron becomes a league member and will vie for conference titles in 13 sports. The Akron football program is under the guidance of former Cincinnati Moeller and Notre Dame coach Gerry Faust. The Zips play their home games at the Akron Rubber Bowl.

Throughout its existence, the MAC has been in the forefront of national legislation that has enhanced the academic integrity of intercollegiate athletics. The MAC has had an academic progress rule, strengthened admittance standards and qualitative grade point average requirements for its student-athletes long before the NCAA adopted or discussed implementing such academic standards.

The MAC currently sponsors 18 championships. In men's sports, the MAC has sponsored championships in football, baseball, cross country, golf, tennis, and track and field since its founding, and added swimming and wrestling championships five years later.

In 1980, the MAC Council of Presidents voted to bring women's athletics into the conference structure. The MAC currently sponsors women's championships in basketball, cross country, field hockey, gymnastics, softball, swimming, tennis, track

and field, and volleyball.

In the 45-year history of the conference, numerous MAC football teams and players have received national recognition. Bowling Green was recognized as the national college division champion in 1959, and Ohio won similar honors in 1960. After MAC teams achieved major college status, Toledo compiled a 35-game winning streak from 1969-71, the second longest such streak in modern major college football history. Miami beat Florida, Georgia and South Carolina in the 1973, 1974 and 1975 Tangerine Bowls. In the last few years, among the non-conference victims of MAC teams are opponents from the Big 10, Big Eight, SEC and WAC.

The 1991 MAC Champion will represent the conference against the champion of the Big West Conference in the California Raisin Bowl on December 9 in Fresno, CA.

MAC schools have a reputation for developing outstanding coaches. In the 1989 Fiesta Bowl, which pitted Notre Dame against West Virginia for the national championship, it was Kent graduate Lou Holtz against Bowling Green graduate Don Nehlen. On the same day in the Rose Bowl, Miami graduate Bo Schembechler directed his Michigan team to victory over Southern Cal coached by Bowling Green graduate Larry Smith. Among other current or former head coaches who played at and/or coached at MAC schools are Woody Hayes, Ara Parseghian, Don James, Paul Brown, Bill Mallory, Dave McClain, Don McCafferty, Weeb Ewbank, Frank Lauterbur, John Pont and two of the three 1988 inductees into the National Football Foundation Hall of Fame: Doyt Perry and Jack Mollenkopf.

Among current NFL players from MAC schools, Dophins' linebacker John Offerdahl (Western Michigan) was the 1986 Rookie of the Year, Rams' center Doug Smith (Bowling Green) is a Pro Bowler and 14-year veteran; and defensive lineman Brent Williams (Toledo) is a rising star with the Patriots.

After concluding successful NFL careers, Bernie Casey (Bowling Green) and Tim Brown (Ball State), two former standouts at current MAC schools, went to Hollywood and have made numerous television and movie appearances.

MAC student-athletes are regularly selected to the GTE Academic All-America teams. In the last seven years alone, MAC student-athletes have received Academic All-America honors 98 times. Since the Academic All-America program was established 21 years ago, MAC football players have earned that distinction 47 times.

WELCOME TO DOYT L. PERRY FIELD

- Doyt L. Perry Field celebrates its 26th anniversary as the home of Falcon football this season. Widely-regarded as the finest facility in the Mid-American Conference in which to watch football, Perry Field seats 30,599.
- Authorized personnel ONLY are allowed on the field before, during or after the game. Your adherence to this policy is appreciated.
- Banners and signs may be displayed at Perry Field ONLY with prior permission from Ken Kavanagh, associate athletic director. Kavanagh can be reached during weekday working hours at 372-2401.
- Emergency medical aid is available from the ambulance crew in the northeast and northwest corners of the stadium. Services are provided courtesy of the Wood County Disaster Services Agency.
- Field headquarters for stadium game operations is located on the ground level of the east side of Perry Field. The telephone number is 372-2401.
- First aid is located on the east side of the stadium next to the equipment room. It is easily marked for emergency situations. Trained medical personnel are in attendance at all Bowling Green State University football games.
- Lost and Found is located at field headquarters (see above) during the game or at the Perry Field office of Ken Kavanagh, associate athletic director, after the game. Kavanagh can be reached during weekday working hours at 372-2401.
- Rest Rooms are located on both the east and west sides of the stadium and can be found between ramps 2 and 4, 6 and 8, 1 and 3 and 5 and 7.
- Telephones are situated at frequent intervals on ground level on both the east and west sides of Perry Field.
- Your cooperation is requested in observing the rules and traditions of this University and of the state law that makes it illegal to bring or consume alcoholic beverages of any kind at an athletic event or to possess an open container of alcohol. Anyone caught possessing alcoholic beverages may be ejected from the stadium.
- Handicapped seating areas are located on the north and south ends of the mezzanine levels on both sides of the stadium and can be easily reached via the ramped walkways. In addition, areas are available in the north end zone. For further information, please contact Scot Bressler, ticket manager, during weekday working hours at 372-2762.
- Request for assistance and reports of discourtesy should be directed to stadium ushers. Usher personnel wear orange jackets with identification tags and are positioned at each ramp throughout the stadium for your convenience.

TICKET INFORMATION

- Hotline: 372-2762

Falcons Take A New Direction Under Blackney

Overcoming obstacles has never been a problem for Gary Blackney. He's had to do it many times during his life.

Certainly, the largest roadblock Blackney and his family have overcome came after his wife, Lauretta, suffered a cerebral aneurism five years ago and was critically ill for a long time. Since she suffered the aneurism, Lauretta has been confined to a nursing home where she has needed care on a daily basis.

An incident such as this would have a major affect on any family, but when you consider the hours spent by a college football coach performing his job, what the Blackney family has accomplished is nothing short of a miracle. It is a juggling act that any circus performer would be proud of.

"I've had a tremendous amount of support from both the Ohio State and BGSU communities," Blackney said. "That support really helped me through the whole experience.

"The other part of making it through Lauretta's troubles has involved our four children. Our kids have really turned out to be great kids. My oldest, Debbie, has helped me in the transition from being an assistant coach at Ohio State to head coach at Bowling Green. She has taken on some critical responsibilities during that period.

"David, who will be a senior at Ohio State, has also been a tremendous help getting the house ready here in Bowling Green. And Kyle, who will be playing football at Bowling Green High School this fall, and Gary have also been there to lean on when I've needed it.

"To become the head coach at Bowling Green is not only a dream of mine, but also a dream of theirs."

Blackney’s early thoughts of becoming a football coach were cultivated playing for coaches who are respected in football circles. Blackney’s high school coach, Bill McNamara, in his hometown of Plainview, New York, and his staff, had an enormous early influence as Blackney began to think about what the future might hold for him.

As Blackney’s playing career progressed, he would attend the University of Connecticut where he was a running back and defensive back, he toiled for a good coaching staff, the one at Connecticut most prominently, which is considered one of the best staffs ever assembled in the history of college football.

“That coaching staff at Connecticut was a phenomenal staff,” Blackney said. “I was tremendously influenced by them.”

The Connecticut staff included Rick Forzano, who was the head coach and later went on to coach (Continued to page 32)
George Johnson was the second freshman in as many seasons to lead the team in rushing carrying the ball for 427 yards last season. Junior LeRoy Smith led the 1989 team in rushing yards.

decision. George Johnson rushed for 108 yards in only his second collegiate start, including a 58-yard gallop, the longest run of the season by a BG back, for a touchdown. EMU outgained the Falcons, 400-292.

SEASON/MAC OPENERS: BGSU has compiled a 39-23-7 (.590) record in season openers over the years. Since 1947, BG has a record of 31-12-1 (.716) in openers. The Falcons are 21-8-2 (.710) in season openers at home. This is the first time since 1986 the Falcons have started the season at home. That 1986 win over Ohio (21-16) is the Falcons have started the season at home. This is the first time since 1986 the Falcons have started the season at home. This is the first time since 1986 the Falcons have started the season at home. This is the first time since 1986 the Falcons have started the season at home.

—BG—

SMITH LOOKS TO JOIN 1,000 YARD CLUB: Junior tailback LeRoy Smith needs just 27 yards to reach 1,000 for his career. If he were to reach 1,000, Smith would be the 20th back in BG history to achieve that milestone.

—BG—

CAPTAINS NAMED: Senior center Brian Sherman and senior safety Terry Wilson have been selected as team captains for the 1981 season by their teammates. Sherman has started every game, 32 straight, over the last three seasons playing the center position as a freshman, and guard the last two years. Wilson is one of the top players in the MAC having averaged just under 100 tackles a year over his first three seasons. Wilson may be the player in the MAC who can beat you in more ways than any other. Wilson was third in the MAC last season in kickoff returns averaging 22.9 yards. He also had 104 tackles, intercepted four passes and blocked five extra point/field goal attempts.

—BG—

THERE'S NO PLACE LIKE HOME: The Falcons have enjoyed the friendly confines of Perry Stadium posting a 32-9-3 (.761) record over the last 44 home contests dating back to the beginning of the 1982 season. That record improves to 30-6-3 (.807) over the same period for home MAC contests.

—BG—

EAGLE EXCERPTS: Eastern Michigan will be looking to forget about a 2-9 record last season, their first losing season in five campaigns, as they begin the 1991 season. The EMU offense is likely to be directed by red-shirt freshman Kwame McKinnon, who beat out incumbent Shane Jackson during spring and fall drills. The rushing load will fall on the shoulders of sophomore tailback Cameron Moss. McKinnon will be throwing to a trio of senior receivers in wide outs Chris Nyenhuis and Jon Pfeifer along with tight end Patrick Walsh, the leading receiver from a year ago with 29 catches. On defense, EMU will count on the play of junior inside linebacker Mike Danley, junior lineman Sean Shoda and senior outside linebacker Fred McClendon. The Eagles are young in the defensive backfield with a freshman, two sophomores and a junior scheduled to start.

Two of the leaders of a veteran defensive unit will be linebacker Kevin O’Brien (#48) and lineman Paul Harris (#53). Harris was sixth on the team in tackles last year while O’Brien was ninth.
Todd Powell made the most of his first chance to kick last season making good on nine of 12 field goal attempts. Powell's accuracy will be put the test this season because of the reduction in the width of the uprights.
A Falcon Club charter arrives in Fresno, CA, for the 1985 California Bowl.

Ohio Governor Richard Celeste chats with Falcon Clubbers at pre-game tent party.

To All Falcon Fans:
You are the key to success for our Falcon teams! The BGSU Athletic Department depends on the Falcon Club to raise more than $265,000 in 1991. This money will help fund athletic grants-in-aid, assist in the recruiting of prospective student-athletes, and provide funding for athletic facilities budgets.

Members of the Falcon Club are alumni, parents, friends and fans who provide financial support, volunteer hours and advisory expertise to the BGSU athletic program and share in the many benefits the Falcon Club has to offer.

The Falcon Club has ambitious goals for 1991 and is eager to involve YOU in our activities. The need to support our program is at an all-time high. Your financial contribution and BGSU’s athletic program are a winning combination.

We are very proud that Bowling Green’s athletic program is recognized as one of the best in the country. All of our 19 teams are highly competitive and very representative. Falcon Club membership offers you the opportunity to support these teams. Falcon Club donations have greatly aided our program, and to continue that winning tradition throughout the 1991-92 campaign will require another supreme Falcon Club effort.

I look forward to having you join the Falcon Club in 1991!

Sincerely,

Charles F. Nagle
Associate Athletic Director

I am interested in learning more about the Falcon Club and its activities.

Nick Sims started nine games last season at an offensive tackle position. He will be one of the offensive leaders on an offensive line that has a good mix of youth and experience this season.

Senior Scott Lindsey is returning to the fullback position, which he played his freshman season. The last two years Lindsey has been a defensive back.
LeRoy Smith is coming off an injury-plagued sophomore campaign but is one of the most dangerous players in the MAC combining the ability to catch the pass with a slashing running style.

Your Connection to the World
Their names are familiar, because they have made an impact on football at all levels of the game — high school, college, and professional.

They belong to the Falcons’ Nest of Coaches, an organization created in 1984 for the purpose of promoting the proud tradition of Bowling Green Falcon football. Through the development of student and graduate-assistant programs at Bowling Green, most of these coaches got their start at this Mid-American Conference institution. They’ve studied and matured under the coaching philosophies of Warren Steller, Robert Whittaker, Doyt Perry, Bob Gibson, Don Nehlen, Denny Stolz and Moe Ankney, to name a few. Today, they are making a name for themselves and for their respective football programs around the country. Though they may be miles apart, they share at least one thing in common. They are members of a fine football coaching fraternity at Bowling Green State University, the Falcons’ Nest of Coaches.

Fresno State’s Bulldog Stadium is the site of the California Raisin Bowl.

For the last ten years, the Mid-American Conference has been sending its champion to the California Raisin Bowl in Fresno, California.

Hosted by Fresno State University in its 40,552-seat Bulldog Stadium, the Cal Bowl pits the MAC Champ against the Big West Conference Champion.

The 1991 Cal Raisin Bowl is scheduled for December 14.

Bowling Green is one of two MAC teams to have made the trip to Fresno twice, with Toledo being the other. The Falcons appeared in Cal Bowl II on December 19, 1982 and lost a 29-28 heartbreaker to Fresno State. BG had a 21-0 third-quarter advantage in that game.

The Falcons met Fresno State again in Cal Bowl V, but this time the Bulldogs rolled to a 51-7 victory on December 14, 1985. BG also lost its head coach, Den- ny Stoltz, who announced earlier in the week he was leaving to coach at San Diego State.

More than just a bowl game, the California Raisin Bowl is a community happening for San Joaquin Valley citizens, whose support benefits the Valley Children’s Hospital. The benevolence of the Greater San Joaquin Valley Sports Association is displayed as every aspect of the Cal Bowl revolves around the well-being of the young patients of the Valley Children’s Hospital.

Fund-raising activities include a 10K run, bike rally, and a coronation ball, in addition to the bowl game. The Cal Bowl has generated more than $300,000 for hospital equipment and services.

Don’t Let A Sports Injury Keep You Out Of The Game

Preventing sports injuries, team building, and returning injured athletes to action as quickly - and safely - as possible are the goals of the St. Charles Sports Medicine Network.

Our range of services includes:
• Individualized pre-season conditioning programs
• Initiative games (teamwork building)
• Aquatic rehabilitation
• Accurate evaluation and treatment
• Athletic injury rehabilitation
• Isokinetic rehabilitation equipment
• Cybex Eagle equipment
• Education programs for parents, coaches and athletes
• Custom splinting and bracing

• Sports Injury Clinic every Saturday at 9 a.m. at the St. Charles Center for Rehabilitation, for injury evaluations for all types of athletes. Call 698-7203 for more information.

Let us tell you more about the Sports Medicine Network at the St. Charles Center for Rehabilitation. Call us at 698-7213.

We’re conveniently located at 1001 Isaac Streets Drive between Navarre Avenue and I-280, behind the K-Mart Plaza.

**World-rekowned psychologist**  
**BGSU’s third Eminent Scholar**

Dr. Milton D. Hakel, an expert in industrial/organizational psychology, is the University's newest Eminent Scholar. The former director of the industrial/organizational psychology program at the University of Houston, Hakel is Bowling Green's third Ohio Eminent Scholar.

He joins Dr. Michael A.J. Rodgers in photochemical sciences and Dr. Edward McClennen in moral philosophy.

The Ohio Eminent Scholar program was created by the Ohio Board of Regents and funded by the legislature to attract world-class scholars to the state's universities.

Hakel, who was on the Ohio State University faculty for 18 years, is familiar with Bowling Green and its I/O psychology program, which he describes as “clearly one of the top five in the country.”

He adds that he was attracted to Bowling Green by the people in the program and by the reputations of its alumni.

Hakel's research centers around how people are selected for and promoted within organizations, as well as the training and development of employees. He has conducted research for numerous companies and organizations, including Marathon Oil, the U.S. Air Force, the Ohio Dept. of Rehabilitation and Corrections, the U.S. Coast Guard and Standard Oil.

**Verbascum Thapsus**, more commonly known as a mullein plant, is a weed. It is, however, an interesting weed because its leaves look and feel as if they are covered with velvet. Above is a photograph of a cross section of one of those leaves as seen with the University’s new scanning electron microscope.

**New electron microscope brings unseeable into view**

Seeing things which can’t be seen. That’s what the University’s newest scanning electron microscope is all about.

Purchased this past academic year, the microscope, which also includes computer linking equipment, a chemical analyzer and a video printer, is valued at more than $22,000. Funding for the equipment came from the University, the Board of Regents, the National Science Foundation, and local and national businesses.

Industry contributors included the Alcoa Company, the Stolle Corp., Electro-Plasma Inc. and Henry Filters Inc. of Bowling Green.

Dr. Carol Heckman, director of the electron microscopy facility which is housed in the Life Sciences Building, says the new microscope makes the University one of the top facilities of its kind in the Midwest.

Because of the nature of light and the principles of magnification, the finest light microscopes can magnify images only 1,000 to 1,200 times before focusing becomes impossible.

The new electron microscope can magnify images 300,000 times, although the equipment is used most often at a power of magnification between 25,000 and 60,000 times.

As a practical example, a light microscope focusing on a fruit fly can present a very clear, detailed picture of the fly’s compound eye. The electron microscope, on the other hand, can focus on the hair follicle between each facet of the compound eye, making the hair itself look like a redwood tree.

An electron microscope works by shooting a beam of electrons at its subject. Electrons which strike the object are reflected onto an electrically sensitive plate. This pattern of reflection is used to create a picture on a computer screen in a process almost identical to the way an image is created on a television screen.

Both undergraduate and graduate students are using the new microscope in their classroom work. Faculty members in five colleges and departments — biology, geology, chemistry, physics and technology — are also currently using the equipment for research projects.

Among the projects in the works:

---

- A study of how cancer cells divide;
- An examination of the effects of acid rain on the nucleus of individual plant cells;
- A study of minute fractures in rocks along earthquake fault lines; and
- An investigation of a yellowish fungus which grows on telephone poles treated with wood preservatives (The fungus also flourishes on the hands of the telephone workers who climb those poles.)

When it comes to seeing things which can be seen, they’re being seen best at Bowling Green.
the Detroit Lions in the National Football League, Lou Holtz, who was Blackney’s offensive backfield coach and presently is the head coach at Notre Dame, Sam Rutigliano, who was Blackney’s coach on defense and is the head coach at Liberty University now after a successful stint with the Cleveland Browns, Dave Adolph, the linebacker coach for the Los Angeles Raiders, and Dan Sekanovich, the defensive line coach for the Miami Dolphins. Blackney spent two seasons at Connecticut on the football staff after his graduation.

“Coaching has been something I’ve wanted to do since I was a junior in high school,” Blackney said. “I never wavered; I set my goals and I feel very fortunate to have achieved that goal that I set when I was 15 or 16 years old.”

Both Holtz and Rutigliano feel BGSU got one of the best in hiring Blackney.

“Gary has all the qualities to be a very successful head coach in the collegiate ranks,” Rutigliano said. “He has paid his dues and worked under some very successful head coaches. Gary will be a tremendous asset not only for the football program, but for the campus community as well. He has always been a class guy.”

“The same qualities that made him a good player, make him a good coach,” Holtz said. “He loved the game as a player; he loved to compete; and he loved being around people. There aren’t many more qualities a person needs to succeed in the coaching business.”

Blackney’s father, Richard, who was a coach in the Navy during World War II working with the people who returned from missions while also working with POWs, also had a great influence on his deciding on the coaching profession.

Blackney believes his first season as a collegiate head coach after 24 years in the profession will be exciting, and challenging.

“I hope we are a physical, competitive, hard-nosed football team that is entertaining on offense and defense,” Blackney said. “The important thing to me is that we play hard and earn the respect of our oppo-

Blackney has worked under some of the top head coaches in college football including current BGSU Athletic Director Jack Gregory when he headed the program at Rhode Island. Blackney also worked under such coaches as Terry Donahue (UCLA), Dick MacPherson (Syracuse), Earle Bruce (Ohio State) and John Cooper (Ohio State).

nents. If things do fall into place, with a little bit of luck, the ball bouncing the right way for us, we have the potential to be in the race.”

Blackney has been able to turn his negative situations into positives while relating them to football and keeping a healthy attitude about the future.

“We always talk on the football field about being affected by adversity,” Blackney said. “Whether it’s in football or life, the way you respond to adversity is probably going to determine whether you will be successful. Everybody will be knocked down at some point in their life, and the important thing is to be able to get back up on your own two feet.”

It is not hard to figure out, despite all the misfortune, why Gary and his family have persevered.

Other Blackney comments from the interview:

On the role of the family in coaching: “I’ve always felt like being a collegiate football coach is not a vocation or occupation. It is a family affair. Your family is tremendously involved in everything that you do.”

Likes of coaching: “I love being around kids. I love teaching. I love being around people. I guess you’d have to say I love the game of football. Everything that I am, or hope to be, is a result of football at the foundation. I enjoy trying to help kids achieve their goals because I know coaches were so influential in my getting to where I wanted to be.

On the first eight months on the job: “It has been a unique experience because, even though I’ve had great family support, there’s been things the kids just weren’t capable of doing. To combine the actual physical part of the move from Columbus to Bowling Green and still take care of my coaching responsibilities at BGSU has certainly made it a whirlwind eight months. Needless to say, we’ve been kept busy over the last few months, but it has been exciting and invigorating. I am undertaking a tremendous challenge that I’ve looked forward to. As I look back, I wouldn’t have done it any differently. I just feel I’m in the right place.”

**BGSU RADIO BROADCASTS AVAILABLE THROUGHOUT THE U.S.**

Any person in the United States can now listen to the radio broadcasts of BGSU football games thanks to a service provided by TRZ Sports Services, Inc. in Kent, Ohio and the cooperation of WFOB Radio, the flagship station for the Falcons.

In order for a person to be connected to a BGSU game they need only to dial 1-800-232-3396 then enter their VISA or Mastercard number and expiration date and they can listen to the live broadcast of the game that day over the phone.

TRZ pays for the long distance call while fans are billed on their credit card for only the time they listen on a downward sliding scale. The scale starts at 50¢ and goes as low as 20¢, decreasing the longer a person listens. For example, a three hour game would cost the fan only $38.95.

The fan listens to the same broadcast as everyone else, including commercials and pre- and post-game shows. All BGSU football games this season will be available through this service, which is called TEAMLINE.

TEAMLINE is presently under contract with every NFL and NHL team, as well as many colleges, to provide the same service to their fans.

+BG home game
THANKS, B.G.!

We're not the most conspicuous copier store in the area. Which is why your business means so much to us. You see, we know that you know that story: while the big universities get the attention, BGSU just does its job... and develops programs, academic and athletic, to rival any in the Midwest! So... thank you, BG, for letting Goodremont's and Minolta to help you in "reproducing" your very considerable accomplishments.

In large measure, Bowling Green State University’s success has centered on its ability to offer its students the educational diversity and excitement of a large university, while maintaining the caring and camaraderie of a small college.

As the University completes the first year of the new decade, it continues to build on that past while preparing students for the challenges of the fast approaching millennium.

Bowling Green’s history began in 1910 when it was created by the Ohio legislature as a Normal School for the training of teachers. In 1914, when Bowling Green opened its doors, 15 faculty members and 158 students were present.

Today, the University has nearly 1,000 full- and part-time faculty and 18,000 students on its main campus. Degree programs are offered through the colleges of Arts and Sciences, Business Administration, Education and Allied Professions, Health and Human Services, Musical Arts, Technology and the Graduate College. Within the undergraduate colleges are schools of Art, Mass Communication, Nursing, and Health, Physical Education and Recreation.

In all, the University offers more than 170 undergraduate degree programs, 13 master’s degrees in 69 fields of study and doctoral degrees in 14 departments with more than 60 specializations.

In addition to courses on the main campus, the University’s Firelands College campus, located in Huron, Ohio, offers five associate degree programs, as well as courses which fulfill the first two years of a bachelor’s degree requirement. Firelands enrollment tops 1,500 students.

Fully accredited at the highest state, regional and national levels, the University has chapters of most national academic honor societies, including Phi Beta Kappa and Phi Kappa Phi. Bowling Green is also a member of the National Association of State Universities and Land Grant Colleges.

The University’s faculty members, 78 percent of whom hold Ph.D’s, include Fulbright Scholars, authors and nationally known researchers. The caliber of the faculty is reflected, too, in the number of academic programs which are regionally and nationally recognized. Three academic departments—chemistry, philosophy and industrial/organizational psychology—are home to Ohio Eminent Scholars. The scholar program was created by the Ohio Board of Regents to attract world-class educators and researchers to the state’s universities.

While committed to teaching, faculty are researchers as well, generating new knowledge through independent research and involvement in University units such as the Population and Society Research Center, the Center for the Study of Popular Culture and the Social Philosophy and Policy Center.

Bowling Green is also the site of the National Drosophila Species Center and the Mid-America Stock Center—the largest scientific facilities of their kind in the world—where University faculty assist in supplying some 400 species of fruit flies to scientists involved in genetics and cancer research around the globe.

The University’s students come from throughout the United States and nearly 60 foreign nations. While most students are between the ages of 18-22, the number of those older than 25 is increasing. Each academic year, more than 1,100 “non-traditional” adult students enroll in undergraduate and graduate programs on a full- or part-time basis.

The focal point of the 1,177-acre campus is the nine-story Jerome Library, with its collection of more than four million items, including 1.6 million volumes plus journals, periodicals, microforms, government documents and other materials. Special sections of the library include the Center for Archival Collections which houses materials relevant to northwest Ohio history and the Sound Recording Archives with 400,000 recordings. The Institute for Great Lakes Research, located in Perrysburg, contains an extensive collection of materials on the shipping industry’s past and present.

The University is continually refurbishing its more than 100 existing buildings and upgrading facilities to meet current needs. In the past 10 years, nearly $116 million has been allocated for new construction and remodeling projects.

The University is also meeting the challenge of tomorrow’s high-tech education. It currently has 19 computer labs, including one in every residence hall complex, for use by students. And this year, computers are being put into the rooms of Chapman Hall as part of a pilot program which may eventually lead to a computer in every residence hall room.

"An Environment for Excellence." Dr. Paul J. Olscamp adopted that slogan for his administration when he became Bowling Green State University’s eighth president in 1982.

To create that environment, he charted a course that has moved Bowling Green into the ranks of the country’s most important colleges and universities. The effort focuses on teaching, research and service and involves a University-wide commitment to excellence.

Since arriving on campus, everything the president has done has been aimed at fulfilling that vision. Early in his administration, Olscamp and the faculty outlined the task ahead in a 27-goal document called the Role and Mission Statement. Most of the goals centered on improving the quality of incoming undergraduate and graduate students, the academic programs, the learning environment and the faculty and its resources.

Now, as Olscamp begins his 10th year at Bowling Green, many of those original goals have been met and new priorities have been established, including the recruitment of minority faculty and students...and greater emphasis upon research production.

One of his most important accomplishments has been to fully involve the faculty in University governance. Faculty now have a key role in developing the annual budget and share authority with the president in interpreting the University’s Academic Charter. The faculty also have greater control over the curriculum and development of new academic programs.

While always a concern, finances have taken center stage in recent years. With a tightening state budget, Olscamp has directed efforts to increase private giving. During his tenure, the school’s endowment has increased to nearly $32 million from $1.9 million when he arrived. Private contributions in 1990-91 exceeded $4 million.

In 1985, in an effort to increase minority representation on the campus, Olscamp ordered the creation of the Office of Multicultural Affairs to provide services to assist minority students. Recruitment efforts also were increased, with the Office of Admissions adding a director of minority recruitment. In addition, the University has increased the number of minority faculty, with the assistance of a special minority hiring fund.

Olscamp also brings a personal touch to his presidency. He frequently hosts both students and faculty as his home. He also holds periodic forums with students wanting to discuss campus issues.

A great deal has happened at Bowling Green since 1982. Here are some of the highlights:

**Academic Programs**

*Creation of Bowling Green’s first endowed professorships, in management, finance, chemistry and philosophy.*

*Development of the Center for Photochemical Sciences, the only one of its kind in the country. Photochemistry is a multibillion dollar growth industry and some key research for that industry is being conducted at Bowling Green.*

*Development of the Center for Quality, Measurement and Automation, the only center of its kind in the state designed to assist manufacturing and other businesses in the design and production of products.*

*The appointments of three Ohio Eminent Scholars in photochemical sciences, moral philosophy and industrial/organizational psychology; the positions are the result of three $500,000 grants from the Ohio Board of Regents.*

*The addition of doctoral programs in applied philosophy and photochemical sciences; the 13th and 14th Ph.D. offerings at Bowling Green.*

*In 1991, 52 freshmen who are also National Merit scholars enrolled at Bowling Green; in the past four years, more than 180 scholars have attended the University, a total which places Bowling Green among the top 25 universities in the country.*

*Establishment of the University’s first major scholarships for minority students.*

*Creation of a network of computer labs throughout the campus, including labs in each residence hall. This year computers are being installed in each room of one residence hall, part of a pilot project which could result in a computer being placed in every residence hall room on campus.*

*Securing more than $5 million from the Board of Regent’s Selective Excellence Programs, which are designed to attract top scholars, conduct pioneering research and develop centers of excellence. Grants have been awarded in both the sciences and the humanities.*

*Expansion of the library’s holdings to more than four million items, including 1.6 million books, plus journals, periodicals, microforms, government documents and other materials.*

*Development of the Student Telephone Accessed Registration system which enables students to schedule their classes from a touchtone telephone. The STAR system has made long registration lines a part of University history.*

**Physical Plant**

*More than $116 million has been spent in the past 10 years for the construction of new buildings and upgrading existing buildings.*

*Completion of the $7.2 million Physical Sciences Laboratory Building in 1984 and a $3.65 million addition to the Business Administration Building in 1988.*

*Work is now underway to construct a $9.1 million addition to the Fine Arts Building.*

*Major renovation and refurbishing of existing campus buildings including Williams, Overman, Hayes and Shatzel halls, and Eppler Complex. Construction of a $2 million office building to house faculty and staff temporarily displaced by renovation projects and later to be used for permanent offices.*

**University Finances**

*Creation of an internal endowment fund of $4 million from various University reserves. The balance is more than $8 million and is expected to reach $10 million in two years. Interest on the $10 million principle will be used to supplement the academic budget.*

*Development of a plan to restructure debt service obligations which is projected to result in a $35 million principle in 11 years. Interest on that amount, which could approach $3 million annually, will go toward the academic budget.*

*Completion of the most successful fund raising drive in University history. With the assistance of the development and alumni offices, the 75th Anniversary Fund raised more than $15 million in three years; well above the $12.5 million goal.*

Donations included the University’s first two $1 million gifts—from the Stranahan Foundation of Toledo for the Social Philosophy and Policy Center and from Harold and Helen McMaster of Perrysburg for the McMaster Leadership Institute. In 1988 the Stranahan Foundation awarded a $3 million grant to the Social Philosophy and Policy Center.*
As we move further into the final decade of the 20th century, the Bowling Green State University athletic department continues to maintain its status as one of the top programs in the country. Bowling Green sports teams of the 1980s achieved a level of success matched by few and the 90s seem headed in the same direction.

Bowling Green claimed 23 conference titles during the 1980s, 19 in the Mid-American Conference and four in the Central Collegiate Hockey Association. Twenty-one teams were involved in postseason play in the NCAA, NIT and California Bowl.

The first year of the 90s yielded two BGSU teams that earned spots in postseason play. Each of the 19 Falcon sports teams has helped build and maintain the "Winning Tradition" at BGSU.

BASEBALL-The program has a young, energetic leader in second-year head coach Danny Schmitz who will be looking to develop one of the top programs in the region. Schmitz, who played eight seasons of professional baseball, coached in the minor leagues at the AAA level. Many former BGSU players have gone on to play professional baseball including two of the top pitchers in the game today—Roger McDowell of the Philadelphia Phillies and Orel Hershiser of the Los Angeles Dodgers.

MEN'S BASKETBALL—Coach Jim Larranaga's Falcons have accomplished something the last two years that hasn't happened at BG since the early 60s. Last year's NIT team made it consecutive postseason appearances for the basketball program for the first time since the 1962-63 season. The Falcons, who have beaten Big 10 power Michigan State each of the last two seasons, have been ranked among the top 20 teams in the country in the USA Today computer rankings each of the last two years. Historically, BGSU leads the MAC in postseason appearances (23 games) and victories (eight).

WOMEN'S BASKETBALL—Coach Fran Voll, a two-time MAC Coach of the Year, has led the Falcons to four MAC Tournament Championships and four NCAA Tournament appearances. Certainly one of the premier teams in the MAC, BG has ruled the conference compiling a 67-13 league record the last five years. The success of the program has attracted large crowds to Anderson Arena, including an MAC-record crowd of 4,100 for BG's NCAA Tournament victory over Cincinnati in 1989.

CROSS COUNTRY—Bowling Green begins the 1990s with Sid Sink in charge of the men and Steve Price directing the women. Sink, a former track and cross country All-American at BGSU, coached the BG women to four CC titles at BGSU. Coach Charles Simpson fields an MAC tournament contender. With three MAC titles since 1980, the Falcons have qualified as a team for postseason competition five of the last eight years, including last season. In each of the last three seasons, his teams have consistently increased the school record for team scores, led by Mary Beth Friel, who has qualified for the NCAA regional meet each of the last two seasons.

FOOTBALL—Bowling Green's football program will take a "new direction" in 1991 as former Ohio State assistant coach Gary Blackney begins his first season heading the program. The program has a renewed enthusiasm under Blackney, who will have 38 returning letterwinners, including eight on defense. The BG defense was among the top 15 in the country last season in scoring defense. BG has a rich tradition having won two MAC titles and two trips to the California Raisin Bowl in the 1980s, while also setting the MAC single-game attendance record of 33,527 at Doyt Perry Field.

GYMNASTICS—Year in and year out, Coach Greg Nye's men's and women's golf teams play on some of the most challenging courses in the country and in some of the most prestigious tournaments on the collegiate level. The Falcon men's program has won four MAC Championships and made four NCAA Tournament appearances while the women's program is annually among the best in the region.

HOCKEY—A winning tradition is what the Falcon hockey program is all about. One of only five teams in the country to earn 20 or more wins every year between 1981 and 1990, BGSU will be looking to make its fifth NCAA Tournament appearance in the last six seasons this year. In all, the Falcons have appeared in nine NCAA Tournaments winning the 1984 national title. Coach Jerry York ranks among the best collegiate coaches of all-time with 421 career wins having led the Falcons to four CCHA regular season championships and one league playoff title. In all, the Falcons have won seven conference titles. BGSU has produced some of college hockey's greatest names, including 15 players who currently play in the NHL or with an NHL affiliate.

SOCCER—Coach Gary Palmisano's Falcons posted a winning record in all but one year of the 1980s and his teams in the
90s will look to continue that tradition. Perennially one of the top teams in the region, the Falcons should have one of their strongest teams in years this season. The BGSU schedule annually includes perennial NCAA power Indiana and other top teams in the region. BGSU also hosts the Kwik Goal/BGSU Classic having won the title in four of the six years the tournament has been contested.

**SOFTBALL**—Head coach Jacquie Joseph begins her fourth year in charge of the Falcon softball program. Four strong recruiting classes should produce a BG team that will be ready to challenge for the MAC title. The Falcons last won the MAC Championship in 1988, a year that ended with BGSU playing host to the NCAA Midwest Regionals.

**SWIMMING**—Coach Brian Gordon, MAC Co-Coach of the Year in 1988, is back for his fifth year with the Falcon men and women hoping to reap the benefits of his work recruiting during that time. The Falcon women have made winning a habit. It began with the 1981 MAC Championship and continued with second-place finishes in each of the next seven seasons. The Falcons train at beautiful Cooper Pool, one of the midwest's top swimming and diving facilities.

**TENNIS**—The Falcon tennis teams have the advantage of playing and practicing at one of the finest facilities of its kind in the region—Robert Keefe Courts. The men's team, under the guidance of fourth-year coach Gene Orlando, is continuing to improve and will have three veterans returning this season. The women's program is under the guidance of Penny Dean, who is beginning her second year.

**TRACK & FIELD**—Bowling Green, long associated with success in track and field, is fast becoming a regional power in field events. The Falcon men have claimed an MAC champion in the shot put or discus in three of the last four years, while the Falcon women have produced the last four MAC discus champions, including two-time All-American Beth Manson. Sid Sink heads the men's track team, while Steve Price directs the women's program.

**VOLLEYBALL**—Seven years of hard work by head coach Denise Van De Walle paid off in 1989 as the Falcons captured the regular-season MAC title breaking Western Michigan's seven-year stranglehold and the Broncos 98-match league winning streak. Van De Walle, three times named the league Coach of the Year, has a chance to repeat the 1989 season this year as she will have all 10 players returning from a team that compiled a 26-7 record last year. BG has won 20 or more matches four of the last five years.

Bowling Green, OH 43403
A juggling act that would rank with any of the best you've seen under the Big Top at a circus is pulled off by student-athletes every day as they try and balance the demands of the academic world with that of the sport in which they participate in.

But, for Bowling Green State University tight end Brett Landman it is just a matter of giving up some things in order to keep things in the proper perspective.

"The time constraints on a student-athlete are so much more demanding than on the average student that you have to use almost every second to your advantage," Landman said. "A student-athlete might have to use a free hour to study where the average student may be able to use that hour for recreation or something other than studying."

Landman has a 3.41 GPA in a dual specialization of finance and international business. He has an eye on working with a major bank that deals with companies that need their money exchanged into different types of currency.

"The ideal situation would be to work with a bank in New York or Chicago that deals with international finance," Landman said about his long-term goals. "The world seems to be going to a world economy, so there should be a demand for people who can deal with exchange rates and getting the best deal for their company."

Although he admits it is very demanding, Landman, a Mid-American Conference Academic selection, thinks that it doesn't take any more than the same type of dedication an athlete gives to his/her sport to succeed academically.

"I don't think it (succeeding academically) is a matter of intelligence any more than anything else," Landman said. "It is a matter of discipline and telling yourself that you might like to be doing something else, but this has to be done and doing it.

"It's just a matter of working at it. I think anybody can do it."

Landman also feels that having three-time Academic All-American Pat Jackson, also a tight end for two years, around has done nothing but help him.

"Pat's grades are outstanding," Landman said. "It's been nice having a guy that you can look at and say 'it can be done' if you put the work forth."
Since his appointment 10 years ago as director of athletics at Bowling Green State University, John C. (Jack) Gregory has set a standard of excellence designed to place Falcon men's and women's teams on equal terms with today's elite intercollegiate athletic programs.

To reach these goals, Gregory challenges his staff of administrators, coaches and classified personnel to settle for nothing less than the very best. His challenge has resulted in some of the finest moments in the history of intercollegiate athletics at BGSU:

- the 1984 NCAA Division I Ice Hockey Championship;
- 13 Mid-American Conference regular season championships in football, men's and women's basketball, softball, women's cross country, gymnastics, men's golf, and volleyball;
- two California Bowl appearances;
- four MAC postseason tournament championships;
- three Central Collegiate Hockey Association regular-season championships;
- one CCHA postseason tournament championship;
- 15 NCAA Tournament appearances in hockey, basketball, softball and gymnastics, including 11 in the last five years, the most of any MAC school over the period;
- three home NCAA Tournament berths in hockey, softball and women's basketball;
- and the 1987-88 Jacoby Trophy, awarded annually to the MAC school with the best overall record in women's sports.

Postseason appearances by the men's basketball and the women's gymnastics teams highlighted the 1990-91 year. The appearance of the men's basketball team in the NIT for the second consecutive year marked the first time since the early 60s that the program had earned back-to-back postseason invitations.

The 1989-90 school year was highlighted by three Falcon teams advancing to postseason play. Hockey and women's basketball returned to the NCAA Tournament, while men's basketball played in the NIT. In 1989-90, Bowling Green was the only school in the country that sent teams to national postseason tournaments in those three sports.

Gregory came to Bowling Green during one of the most difficult periods in the school's 72 years of intercollegiate athletics, a time when BGSU and the MAC were fighting for NCAA Division IA status in football. Behind Gregory's leadership, the football program attained IA status.

Record crowds have attended Falcon football, hockey and women's basketball games during Gregory's tenure. Soccer, volleyball, gymnastics and softball are drawing larger crowds, too.

Another "first" during Gregory's tenure occurred in the fall of 1989 when more than 25,000 fans turned out for the first night game in Ferry Field history.

In 1983, 33,527 fans packed Perry Field to witness the Bowling Green-Toledo football clash, one of college football's best rivalries. BGSU and MAC single game attendance marks fell that afternoon. Two years later, the Falcons drew a record 112,110 fans for five home games, giving BGSU the second-largest average attendance (22,422) in MAC history. In 1987, Bowling Green set still another MAC attendance record by playing in front of 94,574 fans at Penn State.

Sell-out crowds for BGSU hockey games are a tradition. The 1989-90 season featured the addition of 1,700 seats to the BGSU Ice Arena, and all attendance records were broken, including single game (5,005) and season (79,376) marks.

With the world of college athletics changing constantly, it is important for Gregory to be as active on the national level as he is. Gregory has served on numerous NCAA committees including the Executive Committee and is one of the most active athletic directors on a national level in the MAC. He has also served in many different capacities on the conference level, in both the MAC and CCHA.

Gregory, 63, has also been instrumental in the development of the Falcon Club, the University's official athletic department booster club. Recent membership drives have encompassed all of northern and west central Ohio, resulting in unparalleled growth in cash and pledges. The Falcon Club has more than doubled its income and grown to such an extent that it compares favorably with any athletic support organization in the country.

Still, Gregory understands the integrity of college athletics depends on the continued emphasis of the "student" in student-athlete. In that regard, he appointed an academic coordinator in 1984, the first such appointment in the MAC.

Many BGSU student-athletes have excelled in the classroom. Volleyball's Linda Popovich became the MAC's first female to receive the Byers Scholarship in May, 1990. There were more than 170 BGSU scholar-athletes with grade point average of 3.0 or better in 1990-91, including one who was named an Academic All-American, raising the total to 15 Academic All-Americans in the last five years.

A 1952 graduate of East Stroudsburg State College and holder of a master's degree from Temple University, Gregory was a teacher and coach at William Penn High School in New Castle, Delaware, and later at E.S. Dupont High School in Wilmington, Delaware. In 1959, he returned to East Stroudsburg as an assistant football coach and assistant professor of physical education. One of the most successful coaches in the school's history, Gregory was inducted into the East Stroudsburg Athletic Hall of Fame in October, 1983.

In 1965, Gregory was named assistant football coach at the U.S. Naval Academy. Two years later, he was named head football coach at Villanova University. In 1969, he moved to the University of Rhode Island, where he served as head football coach for seven years.

In his 25 years as a head coach, Gregory's teams compiled a record of 132-69, including four undefeated seasons and seven league championships. He was twice selected as NAIA Coach of the Year, twice selected as Pennsylvania Coach of the Year and was named NCAA District Coach of the Year on three occasions.

Gregory joined the Green Bay Packers of the National Football League in 1976 and served in the personnel department for three years, before becoming associate athletic director at Yale University from 1978-82.

Jack and his wife, Peg, reside in Bowling Green and are the parents of two sons and two grandchildren.
Today's Halftime Show

BGSU FALCON MARCHING BAND

BGSU vs. Eastern Michigan University
August 31, 1991

Summer's not over and BGSU Falcon Football is just beginning to heat up! With that in mind, today's opening performance by the Falcon Marching Band will do its part to push that opening temperature to the boiling point with hard driving, spirited melodies in the style that you've grown accustomed.

The Falcon Marching Band welcomes back to Doyt L. Perry Field all students, alumni, parents and friends for another exciting fall season of football and the traditional pre-game, halftime, and post season performances by the band. We also welcome new head coach Gary Blackney and staff to BGSU and whole-heartedly wish the best for the team and their coaching family.

To open this year's performance season, the Falcon Marching Band is heading for the hills and is going to present for you a "country" oriented presentation. Opening today's halftime segment will be a hand-clapping, toe-tapping tune entitled "Brass Roots". You may be familiar with this melody as it was popularized by trumpet great Doc Severinsen. From a driving beat to a waltz melody, many of you will know and could sing the lyrics to the famous "Tennessee Waltz."

Following this country standard, the band plays a spoof on one of the world's most famous classical composers. See if you can name the composer, but you will not necessarily believe your ears with the quick change of melodies in our "Cornfed Concerto!"

When doing a country presentation, it's not a matter of whose music you perform but it's more of a problem as to who doesn't get played. That's the case with our next selection. First performed by Patsy Cline, and later re-popularized by Willie Nelson, the Falcon Marching Band gets in on the act with their rendition of "Crazy."

And how could you not get into the music of the hills without bringing out a little "bluegrass?" We have some of that, too. What about joining us with a little "knee-slappin" action as we close with that ageless down-home melody . . . "Rocky Top!"

ATHLETIC PROMOTIONS

by BRAD BROWNING
Director, Marketing & Promotions

Hello football fans and welcome to Perry Field. Today marks the start of BG's 73rd season. And, this year's five-game home schedule is certain to bring to you fun and excitement!

In addition to today's game being Gary Blackney's first as BG's head coach, it also represents a key conference matchup for both schools. Eastern Michigan was picked just ahead of the Falcons in the preseason MAC media poll.

Game two will be September 21 against the intrastate rival Cincinnati Bearcats. Note that kickoff will be at 4:00 p.m. instead of the usual 1:30 start. Last year the Falcons came out on top 34-20 at Riverfront Stadium. This date will also feature the annual Wood County Schools Day.

On October 5 the Falcons will play the preseason favorite Central Michigan Chippewas, however, Bowling Green leads the overall series 14-13. This game has been denoted Group Day and Varsity BG Day.

The next game will see the Toledo Rockets come to town to cap-off BG's Homecoming week. Get your tickets now for the "Battle of Northwest Ohio" and rights to the Peace Pipe. Sponsored by Food Town Super Markets.

To conclude their 1991 home schedule the Falcons will host Kent on November 9 during Parents' Day weekend. BG dominates the series with its sister-school having won 16 of the last 17 meetings. The winner also gets the Anniversary Award.

Tickets for all Falcon football games can be purchased at the Athletic Ticket Office located in Memorial Hall (372-2762) during the hours of 9:00 a.m.—5:00 p.m. Tickets for home games can also be purchased at the local ticket outlets listed below for your convenience! Finally, don't forget that a ticket purchase of 15 or more entitles you to a discount and reserved tailgating area. Call me for more information. Enjoy your day and we hope to see you again on September 21—4:00 p.m.

Alma Mater
Alma Mater hear us,
As we praise thy name
Make us worthy sons and daughters
Adding to thy fame.
Time will treat you kindly
Years from now you'll be
Ever dearer in our hearts,
Our University.
From your halls of ivy
To the campus scene,
Chimes ring out with gladness
From our dear Bowling Green.
When all is just a mem'ry
Of the by-gone days,
Hear our hymn dear Alma Mater
As thy name we praise.

Frieda & Freddie Falcon
Frieda Falcon and Freddie Falcon are the official mascots of the Bowling Green Falcons. Together with the BGSU Cheerleaders, Frieda and Freddie boost spirit at intercollegiate athletic events. Tryouts are held each spring, and the winners remain anonymous to the student body until each is beheaded at the last home hockey and basketball games. The Freddie Falcon tradition began in 1950 while Frieda Falcon was added in the 1979-80 athletic year.

Why The Falcons?
The 1989 season marks the 62nd anniversary of Bowling Green's nickname, Falcons. Before 1927, BG teams were called the Normals or Teachers. Ivan Lake '23 suggested the nickname, Falcons, after reading an article on falconry. Lake, managing editor and sports editor of the BG Sentinel-Tribune at the time, proposed the name change because it fit headline space and because falcons were "the most powerful bird for their size and often attacked birds two or three times their size."

Why Orange and Brown?
Burnt Orange and Seal Brown have been the school colors at Bowling Green State University since 1914, the first year of classes. Legend has it that Leon Winslow, an industrial arts faculty member, got the idea from watching a woman's hat on a bus trip to nearby Toledo, OH. He liked the brown and orange color combination.

ABOUT THE BC CLUB

The Varsity BG Club is an exclusive organization open only to former Bowling Green State University varsity letterwinners, who, for a non-tax deductible contribution of $10 per year, can help operate the club and support BGSU athletics at the same time. Almost 500 former Falcon letterwinners were Varsity BG Club members last year. Again this year, the Varsity BG Club is offering a lifetime membership for $100; no other dues will ever be required. Lifetime memberships for those 65 and older are only $50.

The Varsity BG Club undertakes two major projects each year. In July we will enjoy another Doyt Perry Golf Outing at the BGSU Forrest Creason Golf Course. Each fall, the annual Varsity BG Day festivities take place in conjunction with a Bowling Green football game. It's a great day to return to campus and visit with former classmates and teammates.

We are looking forward to another big year for the Varsity BG Club and Falcon athletics, and all we need from you is your participation.

MEMBERSHIP BENEFITS

All active members of the Varsity BG Club will receive:

• Membership in an exclusive organization open only to BGSU varsity letterwinners.
• A list of special activities and programs, such as the ones described above.
• Subscription to the quarterly newsletter.
• Personal satisfaction in contributing to BGSU athletics through your continued involvement.

Doyt L. Perry Field, with its 30,000-plus seating capacity, is celebrating its 26th year as the home of Bowling Green State University football.

Built in 1966 for approximately $3 million as a replacement for the 43-year-old University Stadium, Perry Field had a capacity of 23,272 until bleacher seats were installed in both end zones in 1982.

One of the largest and most attractive athletic facilities in the Mid-American Conference, Perry Field holds the conference record for single-game attendance.

On October 8, 1983, a huge crowd of 33,527 packed into Perry Field for the annual Northwest Ohio rivalry between Bowling Green and Toledo, establishing a school and MAC record for single-game attendance. The Falcons went on to set a season record, breaking the six-digit figure for five games with a total draw of 100,021. It marked the first time in history that Bowling Green averaged more than 20,000 fans for five home football games.

That figure was topped in 1985, when Bowling Green posted a perfect record (11-0) in the regular season and clinched the MAC Championship by shutting out arch-rival Toledo at Perry Field in November. More than 28,000 fans turned out that day, raising Bowling Green’s season attendance to an all-time high 112,000, an average of 22,400.

Perry Field is more than just a football facility. The east side of the stadium includes dressing rooms, equipment and training rooms, along with the Athletic Department offices. The west side received a face-lift three years ago. A physical fitness center/weight room opened its doors for all 19 intercollegiate athletic teams in the summer of 1988.

Also situated on the west side of Perry Field are the Falcon Club offices and clubhouse, the academic affairs office, the track and cross country offices, as well as maintenance and storage areas.

Sitting atop the press box on the west side of the stadium is the plush Stadium Club. Now in its 12th year of operation, the Club’s 106 theater-type seats, which are all sold, provide loyal BGSU fans with a fine view of the game. The President’s Box, located on top of the east side of the stadium, provides luxury seating for President Paul J. Olsamp and other supporters of Falcon football.

Bowling Green won the first game ever played in Perry Field, defeating Dayton, 13-0, on October 1, 1966. Since that time, the Falcons have won almost 65 percent of their home games, compiling a 76-42-5 record in the 123 games played at Perry Field.
Field. Over the last eight seasons, Bowling Green is 27-9-3 at home for a .731 winning percentage.

A multi-purpose facility, Perry Field has also hosted concerts, NFL exhibition games, and major soccer tournaments.

Perry Field is named in honor of the man who led Bowling Green to a 77-11-5 record in his 10 years as the head coach of the Falcons. Doyt L. Perry was simply one of the greatest football coaches of his day. His .855 winning percentage over 10 seasons in the 1950s and 1960s remains one of the highest in football history. In fact, according to James Van Valkenburg, director of statistics for the NCAA, only two coaches on the Division 1-A list are above that figure — Knute Rockne at .881 (Notre Dame) and Frank Leahy at .864 (Boston College and Notre Dame).

Perry, 81, known for his well-organized practices and attention-to-detail meetings, never stopped thinking of ways to succeed. He was a winner in football and as a high school basketball coach. His basketball teams were 161-35 over nine seasons and his high school track teams won 70 county titles in nine years.

"First, I always tried to get the best assistant coaches possible," Perry said of his success. "Then we sought to eliminate mistakes as much as possible."

After stepping down as Bowling Green's head football coach in 1964, Doyt Perry remained as the BGSU athletic director for six years.

DOYT PERRY

1988 College Football Hall of Fame Inductee

The year 1988 will be fondly remembered by Doyt Perry, the former player, coach and administrator at Bowling Green State University.

In January of '88, he learned that he would be an inductee into the National Football Foundation’s College Football Hall of Fame.

In October, when Bowling Green hosted Miami at Doyt L. Perry Field, the man in whose honor the stadium was named was there for a special on-campus presentation by the National Football Foundation.

In December, Perry was in New York for the Foundation’s Hall of Fame Dinner. He was officially enshrined into the College Football Hall of Fame at Kings Island, OH, the following June.

Perry's association with BGSU dates back 60 years when, as a student he lettered nine times in three sports (football, basketball and baseball). The

Croton, OH, native received his degree in 1932 and began coaching on the high school level before becoming an assistant football coach at Ohio State University in 1951.

Perry returned to his alma mater as head football coach in 1955. The next 10 years, he led the Falcons to a 77-11-5 record for a winning percentage of .855, topped only by Knute Rockne and Frank Leahy of Notre Dame. His teams won five MAC Championships and the national college division championship in 1959.

Perry, who retired from coaching in 1964 to become BGSU’s athletic director for six years, developed such outstanding coaches as Jim Young of Army, Bill Mallory of Indiana, Don Nehlen of West Virginia, Larry Smith of Southern California, and the late Dave McClain of Wisconsin.
They Put BGSU In The Driver’s Seat

The Bowling Green State University Athletic Department recognizes and appreciates the efforts of the automobile dealers from Bowling Green, Maumee, North Baltimore, Marion, Norton and Toledo pictured on this page. The generosity of these people and their support of Falcon athletics enables BGSU coaches to be on the road to recruit student-athletes, scout opponents, and represent the University. Please show your support by patronizing our “Wheels of the Falcons” automobile dealers.

Cris Shale

Punter Cris Shale became the most decorated player to ever wear the Brown and Orange in 1990 earning a spot on five All-America teams while establishing four MAC records, including season (46.77) and career (43.09) average. For being selected to the Associated Press All-America team, Shale was invited to Ft. Lauderdale, Florida for the taping of the Bob Hope Christmas Show (photo at left), which annually presents the All-America team as one of the segments on the show. Shale was a 10th round draft pick of the Washington Redskins in 1991 draft.

HEAD COACH JIM LARRANAGA

HEAD COACH JERRY YORK

HEAD COACH FRAN VOLL
Outlook is Bright for Fall Sports

With the change in seasons from summer to fall comes cooler temperatures, the coloring of the leaves and children returning to school. At the Bowling Green State University athletic department, the change means all of the aforementioned while it also signals the advent of a new athletic year.

The BGSU soccer, volleyball and cross country teams are presently practicing for the beginning of their seasons next weekend. A short synopsis on what you can expect from each of those teams follows.

Volleyball
The Falcon volleyball team, which has won 20 or more matches in four of the last five years, would seem to have the nucleus to ring up another 20-win season and at the same time vye for the Mid-American Conference title.

Much of the optimism is based on the fact the Falcons have all 10 players returning from last season led by Tammy Schiller and Lisa Mika, the only two seniors on the squad. Schiller is one of the top players in the country having earned MAC Player of the Year honors last season. Schiller has played in the U.S. Olympic Festival each of the last two years, earning a gold medal this summer with the South team.

Mika, a second team All-MAC and third team All-Mideast selection last season, in combination with Schiller, gives BGSU a strong duo in the middle. Between the two of them last season, they accumulated nearly 1,000 kills, 57% of the total for the whole team.

Other players expected to play important roles include Carey Amos, Buffy Williams, Holli Costein and Amy Morgan.

Coach Denise Van DeWalle’s squad opens the season next weekend as they host their first Brown and Orange Invitational at Anderson Arena. BGSU will also play in the first Mid-America Soccer Conference Championships, Nov. 9-10.

Soccer
Coach Gary Palmisano’s 14th BGSU soccer team will be looking to rebound from a disappointing 1990 campaign that saw them win just five of their last 17 matches after starting the season with three consecutive victories.

BGSU has just two seniors on the team, midfielders Chris Iantoni and Steve Cain. A strong junior class will form the nucleus of the team.

Among those juniors is forward Rob Martella, who has had 11 goals in each of his first two seasons to lead the team. Martella has played in the U.S. Olympic Festival in each of the last three summers. The next four leading scorers from last season, Chris Williams (11 points), Brian Ferguson (10), Bob Boyle (8) and Ken Sorensen (6), are juniors and return. BGSU also returns junior goalkeeper Greg Murphy, who gained valuable playing time last season while compiling a 1.15 goals-against.

BGSU opens the season next weekend in the Lehigh Tournament and then returns home the following weekend to host their annual Kwik Goal/BGSU Soccer Classic. Bowling Green will also serve as the host school for the first Mid-America Soccer Conference Championships, Nov. 9-10.

Cross Country
The outlook for the Falcon cross country squads is also very good for the upcoming season. Coach Sid Sink’s men’s team will have seven returning letterwinners while Coach Steve Price’s women’s team will have five runners returning who earned monograms last season.

The men will be led by two of the top runners in the MAC in senior Keith Madaras and junior Todd Black. Madaras, the team MVP last season and captain this year, finished among the top five runners in six meets last season and placed sixth in the MAC competition earning all-league laurels. Madaras finished 26th in the NCAA District 4 meet last year.

Black runs the 800 and 1500 during track season, but developed into a consistent performer in cross country last year with six top 10 finishes, including a ninth place finish at the MAC meet to earn all-league honors. Among the other runners expected to contribute this season are sophomores Dane Schubert, Shawn Howard and Eddie Nicholson.

The women also have a returning All-MAC runner in junior Cheri Triner. In addition to earning all-league honors with a 12th place finish at the MAC meet, Triner also earned All-Ohio accolades. Senior Carolyn Goins, who was one of BG’s top track athletes last spring, and junior Jill Strawser gave Price a good nucleus to work with.

The men’s cross country team begins the season with a dual meet at Toledo next Saturday while the women begin the next weekend in a triangular meet at Ohio. BG will again host the Mel Brodt Invitational Sept. 21.
