PERRY STADIUM DEDICATION: The name of the facility where the Falcons play football has already been changed to Doyt L. Perry Stadium from Doyt L. Perry Field, which it was formerly called. The formal ceremony to dedicate the stadium in the name of the former BGSU football coach and athletic director will be held at halftime. Perry's wife, Loretta, and other members of the family will be on hand for the ceremony. Perry, whose .855 winning percentage ranks fourth all-time in NCAA history among coaches with at least 10 years of service on the collegiate level, passed away last February. Perry served as BGSU's head football coach for 10 seasons (1955-64) before spending seven years as the athletic director.

THE SERIES: The Falcons and Pirates have played three times, but not since 1989. ECU took that 1989 contest by a 41-6 score. In the 1989 game, which was the season opener for the Falcons, ECU scored 22 first half points on their way to a 31-6 edge at halftime. ECU rushed for 402 yards and had 512 yards of

What Bowling Green head coach Gary Blackney can accomplish for an encore to the 1991 season is a challenge he is looking forward to. Then again, challenges are something that have followed him throughout his coaching and personal life.

The effervescent Blackney has won the hearts of many in the Bowling Green community, both on and off campus, as well as many in Northwest Ohio and the state despite being on the job only 20 months. He also earned the respect of the coaches in the Mid-American Conference with the turnaround he orchestrated last season.

There wasn’t any doubt in the minds of his colleagues when the voting for MAC Coach of the Year came around last fall. They were unanimous in their selection of him as the top mentor in the MAC.

It is not hard to believe why the vote was unanimous.

All Blackney did, in not only his first season at BGSU but his first season as a collegiate head coach, was take a 3-5-2 team and turn them into an 11-1 squad. The Falcons clinched the MAC title with two weeks of the league schedule still remaining, which is believed to be the earliest any team has ever wrapped up the title.

The final standings showed BG with a perfect 8-0 mark while the second place team finished at 3-1-4.

The top first-year coach in the country last season, Blackney was just the fifth coach in MAC history to lead his team to an outright conference title in his first season. He is also the winningest first-year head coach in BGSU history. The 11 wins by the 1991 team tied the school record.

In addition to his being named the top coach in the MAC, Blackney was also recognized by his peers, members of the American Football Coaches Association, as the Region 3 Coach of the Year. Region 3 includes schools in the states of Ohio, Indiana, Michigan and Illinois. In addition, the schools of Wisconsin, Minnesota and Iowa are also included in the region.

Blackney also received the Award of Distinction from the Touchdown Club of Columbus in February for his work with the BGSU football program last year.

But, in a sport that involves so many people, it would not be fair to give all of the credit for the 1991 Bowling Green State University football season to one person. But, certainly to find the mastermind behind the resurgence of the program one would have to look no further than Blackney.

The Blackney File
Full Name: Gary Richard Blackney
Age: 47
Birthdate/Place: December 10, 1944/Astoria, New York
Hometown: Plainview, New York
Height/Weight: 5-8/180
Began at BGSU: December 5, 1990
High School: Plainview High School, '63 - College: Connecticut, '67
Wife: Lauretta
Children: Debbie (25), David (24), Kyle (18), Gary Jr. (14)
Blackney, 47, began immediately to work on the confidence of a squad that had never had a winning season. At the same time, he wanted to test the commitment of the team. It didn't take Blackney or his staff long to find out the team was thirsting for a winner and looking for someone to put the pieces together. Blackney was that person.

A little less than two years ago, Blackney realized his dream of becoming a collegiate head coach. He certainly paid his dues serving as an assistant coach the previous 21 years at such programs as Wisconsin, UCLA, Syracuse and, most recently, Ohio State. The list of coaches he served under ranks among the best in the collegiate game - such as Dick MacPherson, Terry Donahue, Earle Bruce, Ric Forzano and John Cooper.

The Plainview, New York native began his coaching career at his alma mater, Connecticut, in 1968, where he spent two seasons as a graduate assistant on a staff that included, in addition to Forzano, current Notre Dame head coach Lou Holtz, former Cleveland Browns head coach Sam Rutigliano, Dave Adolph and Dan Sekanovich, both NFL assistant coaches.

That was followed by stops at Brown and Rhode Island, in addition to the aforementioned schools, with all but two of those seasons spent on the defensive side of the ball. Last season was the sixth time in the last eight years Blackney has helped a team to a bowl bid.

The Falcon mentor spent much of his time since the conclusion of the 1991 season speaking to different public and civic groups as well as speaking at many football camps and clinics.

His success story is certainly one that makes all people feel thankful for their own situation.

In March, 1986, Gary's wife, Lauretta, suffered a basilar artery aneurysm which has led to her need for 24 hour care ever since.

Forced to take over the duties of running the household, which were previously handled by Lauretta, Blackney made the necessary changes and still keeps up with the demands of being a head coach and a father.

A lesser person may have felt pity for themselves in that situation, but not Blackney.

"I look at Lauretta's situation and know she could call it quits. But she keeps competing to get better and better. If you want to talk about endurance and courage, look at her - not me."

Gary and his wife have four children, Debbie, David, Kyle and Gary Jr.

Mid - American Conference

Founded in 1946, the MAC is one of the nine Division I-A conferences in the country along with the Atlantic Coast, Big Ten, Big East, Big Eight, Big West, Pacific-10, Southeastern, Southwest and Western Athletic conferences.

Entering its 46th year of existence, the MAC consists of 10 state-supported institutions in the midwestern states of Ohio, Michigan and Indiana. The ten current members—the University of Akron, Ball State University, Bowling Green State University, Central Michigan University, Eastern Michigan University, Kent State University, Miami University, Ohio University, the University of Toledo and Western Michigan University. Nine schools have been members of the conference for 15 or more years. The University of Akron competes in its first MAC season this fall.

The 10 member institutions have a total enrollment of better than 220,000, with individual enrollments ranging from 16,000 to 30,000, and have produced more than one million alumni. The MAC is the fourth-largest conference in the country in terms of undergraduate enrollment.

Throughout its existence, the MAC has been in the forefront of national legislation that has enhanced the academic integrity of intercollegiate athletics. The MAC has had an academic progress rule, strengthened admittance standards and qualitative grade point average requirements for its student-athletes long before the NCAA adopted or discussed implementing such academic standards.

The MAC currently sponsors 18 championships. In men's sports, the MAC has sponsored championships in football, baseball, cross country, golf, tennis, and track and field since its founding, and added swimming and wrestling championships five years later.

In 1980, the MAC Council of Presidents voted to bring women's athletics into the conference structure. The MAC currently sponsors women's championships in basketball, cross country, field hockey, gymnastics, softball, swimming, tennis, track and field, and volleyball.

The MAC is the only Division I conference with its own Hall of Fame. A total of 43 individuals has been inducted into the MAC Hall of Fame in its first five years of existence, including 16 inductees with football backgrounds. Some of those include Ara Parseghian (Miami), Doyd Perry (Bowling Green), Bo Schembechler (Miami), Jaci Lambert (Kent) and Phil Villapiano (Bowling Green).

Numerous MAC football teams and players have received national recognition during the MAC's 45 years. Bowling Green was recognized as the national small college champion in 1959, and Ohio won similar honors in 1960. After MAC teams achieved major college status, Toledo compiled a 35-game winning streak from 1969-71, the second-longest streak in modern major college football history. Miami beat Florida, Georgia and South Carolina in the 1973, 1974 and 1975 Tangerine Bowls. In the last few years the non-conference victims of MAC teams include opponents from the Big Ten, Big Eight, SEC and WAC.

Almost everyone is touched in their life by someone who makes a lasting impression. Many times that impression is one that is strong enough to influence one for the rest of their life.

Almost to a man, the impression former Bowling Green State University head football coach Doyt L. Perry made on his players has been an influence that, to this day, still guides many of them in the way they approach each day.

At halftime of this afternoon’s game, the football playing facility for BGSU teams will be formally dedicated in Perry’s name and be called Doyt L. Perry Stadium. Doyt’s wife, Loretta, and family members will be present to accept a gift commemorating the dedication of the stadium in the name of her late husband. Many of Doyt’s former players and staff members will also be present this afternoon. Perry passed away last February.

Despite his many achievements as a coach, the fourth best winning percentage (.855) in NCAA history among coaches with at least 10 years of service on the collegiate level; leading the 1959 team to the national college division title and the first perfect season in school history; winning five Mid-American Conference titles with his teams compiling a 46-9-5 record in league play; a sterling record of 31-2 in non-league games; and coaching 34 All-Ohio and All-MAC players along with two All-Americans, the common denominator when talking to his former players and members of his staff was Doyt Perry the person.

Former BGSU All-America defensive back Mike Weger said, “There is no question, aside from coaching, the thing that made Doyt special was his ability to approach each individual and be able to maintain the appropriate distance while making you feel he was personally interested in what you were doing. Just about everything he did taught you a lesson about football, but at the same time it was something that stayed with you for life. He taught you lessons that transcended football and could be applied in everyday life.”

Larry Cook, a very successful coach at Sandusky High School, was a player under Perry in the early 60s. He said, “The thing that made Doyt so special was the way he treated people. He was sincerely interested in everything you did whether it was as a player or a student. He was not one of those people who would forget you after you graduated, either. He was always interested in what you were doing.”

Current Indiana head football coach Bill Mallory was an assistant coach under Perry for five seasons at BGSU. “Doyt was a very special person. He is one of the few people I have ever known who could get to you without ever raising his voice. He was an outstanding person, a tremendous teacher and an outstanding coach. I am very thankful to have had the opportunity to share part of my life with Doyt.”

On the coaching side, quite a few of Perry’s former staff members (continued on page 32)
Senior Carlos Brooks (#10) and sophomore Vince Palko (#30) are returning starters for the Falcons on defense.

total offense compared to 229 for the Falcons. BG quarterback Erik White played in his first collegiate game against ECU as did current flanker Mark Szlachcic. The home team has won all three games in the series.

--BG--

HOME FIELD AVIDGE: The Falcons are 38-9-3 (.790) at home over the last 10-plus seasons while over the same

period that record improves to 35-6-3 (.830) for the six-pointer. The second team.

Home Field Advantage: The Falcons. BG quarterback Erik White

Szlachcic. The home team has won all three games in the series.

--BG--

SZLACHCIC CONTINUES TO SHINE: While the offense has struggled the last two weeks, one thing has remained a constant, the play of senior flanker Mark Szlachcic. Szlachcic caught eight passes in the Wisconsin game for 114 yards. On BG's touchdown drive, which covered 74 yards, in the first half, Szlachcic caught three passes for 53 yards, including a four-yarder for the six-pointer. The second team.

preseason All-American ran his consecutive game-pass-catching string to 28 games with his performance. He has accounted for at least one touchdown in each of the last nine Falcon games while he has now caught at least four passes in 15 straight contests. The unanimous first team All-MAC pick last season was 17th in the country prior to play last week averaging 6.5 catches per game.

--BG--

SLEDGE MOVES UP LIST: With his eight-catch performance in the Wisconsin game, Szlachcic moved from sixth to third on the BGSU career-pass-catch-list with 141 receptions. He now trails only Stan Hunter (1982-85) and Reggie Thornton (1986-89), who had 176 and 158 catches, respectively, in their careers.

--BG--

SMITH JUST A FEW AWAY: Senior tailback LeRoy Smith rushed for 21 yards against Wisconsin and needs just 10 more yards to reach 2,000 for his career, thus becoming only the fifth back in school history to reach that plateau. He currently stands fifth on the career rushing list with 1,990 yards. Smith also has 54 career receptions to rank among the top 20 players in school history on that list.

--BG--

PIRATE PATCHES: Despite the loss of many of the players that led them to their dream season last year, including quarterback Jeff Blake, the Pirates have won two of three games this season. Pirate boss Steve Logan took over the controls last winter when Bill Lewis took the top spot at Georgia Tech. Logan was the offensive coordinator at ECU for two seasons before becoming the head coach. The Pirates escaped with a 20-18 win over South Carolina last week in their first of three straight road games. ECU blocked a game-winning field goal attempt late in the game on third down and when South Carolina recovered, their try on fourth down was wide right and ECU had their second win. An explosive offensive team, ECU threw the ball 77 times in their season-opening loss to Syracuse and they are averaging almost 400 yards a game through the air and 24 points per outing. Sophomore quarterback Michael Anderson, whose brother, Willie, plays basketball for the San Antonio Spurs, does not start but takes most of the snaps having thrown for 901 yards while completing 52% of his 191 attempts. He has thrown eight touchdown passes this season. His favorite targets are halfback Peter Zophy and flanker Morris Lechter. Six players on the ECU roster have at least 11 receptions. Sophomore Junior Smith rushed for 133

yards to reach 2,000 for his career, thus becoming only the fifth back in school history to reach that plateau. He currently stands fifth on the career rushing list with 1,990 yards. Smith also has 54 career receptions to rank among the top 20 players in school history on that list.

Bowling Green coaches and officials discourage their student-athletes from “talkin’ trash” on the playing fields and courts.

But it’s encouraged for every other University student, although the trash these students are talking is strictly recyclable.

Cardboard, glass, steel, aluminum, newspaper and plastic consumed by the University no longer makes it to the landfill, according to Craig Wittig, coordinator of the six-year-old recycling program.

The senior from Mansfield, Ohio, is leading one of the most successful student-operated programs in the country.

“It started with a small grant just for recycling beverage cans,” Wittig said. “Last year, for the first time, we collected cardboard, paper, glass, newspapers and plastic campus-wide.” And did they ever! More than 308,000 pounds of recyclable rubbish was collected last year from academic buildings, cafeterias, residence halls, the University Union and the bookstore.

Originally, the recycling program was designed to be a modest affair, paying for itself from the sale of the recyclable materials. “We get about $34 per ton for each ton we collect,” Wittig said, adding, “That allows us to pay the student collectors and the coordinator.”

However, because of its success, the program has attracted government grants, which have been used to expand the University’s recycling horizon.

One of those grants, $13,500 from the Wood County Solid Waste District, was used to purchase a white panel truck. Another $7,500 grant from the Solid Waste District will be used toward the purchase of more collection containers and the implementation of an education program to encourage recycling.

Wittig said that all of this financial assistance was greatly needed and appreciated. In fact, the program has been a “town-gown” effort, with officials of the Bowling Green Jaycees Recycling Center and the University’s Waste Management Task Force working close-together.

“With continued support [from all of these groups], this program will flourish and become entrenched in the daily operations of the University,” Wittig predicted.”

—Gary Sadowski, a senior public relations major from Lorain, Ohio, is completing an internship this semester in the University’s Office of Public Relations.

**Sociology study to discover if you are who you know**

A $178,000 grant has been awarded by the National Institute of Mental Health to three University sociologists to study the impact of social networks on youths.

The research is being done by Drs. Peggy Giordano, H. Theodore Groat and Meredith D. Pugh. According to Giordano, the study focuses on how social networks, such as those provided by friends, family and schools, positively or negatively affect youths and whether these effects differ for blacks and whites, for males and females, and for different economic classes.

Results of a study conducted in 1982 by Giordano and Dr. Steven Cernkovich, another Bowling Green sociologist, suggest there may be both gender differences and ethnic differences.

Giordano said there is a serious gap of knowledge on how social processes affect youths. Existing literature on adolescents deals largely with studies of white middle class youth and is limited to delinquency or teen pregnancy.

“We want a more comprehensive portrait to identify both positive things as well as problems,” Giordano said. “There is a big range in family relationships and peer relationships and school life. What difference does that make? We want to find out.”

Checking out the new truck. A recent grant from the Wood County Solid Waste District enabled the University to purchase a panel truck to expand its recycling program. Pictured with the truck (from left to right) are: Dr. Thomas B. Cobb, Center for Environmental Services; senior Craig Wittig, coordinator of the recycling program; Ken Rieman, director of the Wood County Solid Waste District; and James Corbitt, executive director of auxiliary services. The truck is used to haul newspapers and cardboard—a weekly total of almost 10,000 pounds—from the campus to the recycling center.
have continued in coaching as have many of his former players. Among that list is former Michigan head coach Bo Schembechler, the first assistant coach Perry hired when he arrived on the BGSU campus in 1955, current USC head coach Larry Smith, Temple head coach Jerry Berndt, Indianapolis Colts’ assistant coach Ron Blackledge, Arizona assistant coach Jim Young, Purdue assistant coach Moe Ankney and West Virginia head coach Don Nehlen.

Many of these coaches and others still do many of the things that made Perry so successful.

"As a coach, the thing I remember most about Doyt was the fact that he was so prepared for every game," said former player Ken Hockman, now a highly successful high school coach at Harrison High School in Ohio. "He used to claim he was a blue collar coach and could outwork anybody. I try and approach my job the same way."

Both Mallory and Cook said Perry had an uncanny ability to know just what the players were thinking and what button needed to be pushed in order to get the team ready for the upcoming game.

"Doyt had a compassion and feel for his players, both on and off the field, that I think every coach would like to have," Mallory said. "He was a great teacher and a great communicator and always got the most out of every player."

Cook added, "Doyt always had a tremendous report with his squads. And in preparing for a game he was meticulous in his attention to detail and organization."

Schembechler probably said it best in talking about his friend at the funeral. "I don’t believe that I can name a coach, anywhere, anytime, anyhow, that did it better than Doyt Perry."

The University and Bowling Green community has lost a valuable asset in Doyt, but the memories he left with us will last a lifetime.

THANKS, B.G.!

We’re not the most conspicuous copier store in the area. Which is why your business means so much to us. You see, we know that you know that story: while the big universities get the attention, BGSU just does its job... and develops programs, academic and athletic, to rival any in the Midwest! So... thank you, BG, for letting Goodremont's and Minolta to help you in "reproducing" your very considerable accomplishments.

At Ed Schmidt, “first care, then cars” has been our way of doing business since we first opened over 53 years ago. We did business that way then, and we do it that way now! Before we try to put you in one of our cars, we try to put ourselves in your shoes. Some call that the Golden Rule, we just call it good business. And that way of doing business has given Ed Schmidt an A-1 rating in the Northwestern Ohio area. See us for all your automotive needs.

In large measure, Bowling Green State University's success has centered on its ability to offer its students the educational diversity and excitement of a large university, while maintaining the caring and camaraderie of a small college.

That's a direct result of Bowling Green's research and teaching commitment, which attracts top scholars and graduate students and puts the University on the cutting edge of the development of exciting new knowledge, combined with a "We Care" attitude that students are introduced to when they first arrive on campus.

Today, the University has nearly 1,000 full- and part-time faculty and 18,000 students on its main campus. Degree programs are offered through the colleges of Arts and Sciences, Business Administration, Education and Allied Professions, Health and Human Services, Musical Arts, Technology and the Graduate College. Within the undergraduate colleges are schools of Art, Mass Communication, Nursing, and Health, Physical Education and Recreation.

In all, the University offers more than 170 undergraduate degree programs, 13 master's degrees in 69 fields of study and doctoral degrees in 14 departments with more than 60 specializations.

In addition to courses on the main campus, the University's Firelands College campus, located in Huron, Ohio, offers five associate degree programs, as well as courses which fulfill the first two years of a bachelor's degree requirement. Firelands enrollment tops 1,400 students.

Fully accredited at the highest state, regional and national levels, the University has chapters of most national academic honor societies, including Phi Beta Kappa and Phi Kappa Phi.

In all, the University offers more than 170 undergraduate degree programs, 13 master's degrees in 69 fields of study and doctoral degrees in 14 departments with more than 60 specializations.

The Jerome Library is the focal point of the University.

The University's students come from throughout the United States and nearly 60 foreign nations. While most students are between the ages of 18-22, the number of those older than 25 is increasing. Last year, more than 4,000 "non-traditional" adult students enroll in undergraduate and graduate programs on a full- or part-time basis.

The focal point of the 1,177-acre campus is the nine-story Jerome Library, with its collection of more than four million items, including 1.6 million volumes plus journals, periodicals, microforms, government documents and other materials. Special sections of the library include the Center for Archival Collections which houses materials relevant to northwest Ohio history and the Sound Recording Archives with 600,000 recordings. The Institute for Great Lakes Research, located in Perrysburg, contains an extensive collection of materials on the shipping industry's past and present.

The University is continually refurbishing its more than 100 existing buildings and upgrading facilities to meet current needs. This fall, a $9.8 million addition to the Fine Arts Building will be completed. Early next year, the $8.7 million field house should be ready for use. Pending approval of funds by the legislature, construction is scheduled to begin this fall for a $13.5 million classroom building and a $9.5 million major renovation of Eppler Hall.

The University has also accomplished its goal of making computers a vital part of each student's education. There are 19 computer labs, including one in every residence hall complex.

A lot has happened since Dr. Paul J. Olscamp arrived at Bowling Green 10 years ago as the University’s eighth president.

Building upon the inherent strengths of the University’s faculty and its academic programs, Olscamp charted a course that would move Bowling Green into the ranks of the country’s most important colleges and universities. The effort focused on teaching, research and service and has involved a University-wide commitment to excellence.

He adopted the slogan “An Environment for Excellence”, a clear indication of the vision he had for Bowling Green.

Early in his administration, Olscamp and the faculty outlined the task ahead in a 27-goal document called the Role and Mission Statement. Most of the goals centered on improving the quality of undergraduate and graduate students; academic programs; learning resources, particularly computing and the library; and the faculty development, including recruitment of minority faculty.

Now, as Olscamp begins his 11th year at Bowling Green, many of those original goals have been met and new priorities have been established, including additional scholarships for academically gifted students, strengthening the graduate program and further enhancement of the University’s endowment.

One of his most important accomplishments has been to fully involve the faculty in University governance. Faculty now have a key role in developing the annual budget and share authority with the president in interpreting the University’s Academic Charter. The faculty also have greater control over the curriculum and development of new academic programs.

While always a concern, finances have taken center stage in recent years. With a tightening state budget, Olscamp has directed efforts to increase private giving. During his tenure, the school’s endowment has increased to nearly $35 million from $1.9 million when he arrived.

Olscamp also brings a personal touch to his presidency. He frequently hosts both students and faculty at his home. He also holds periodic forums with students wanting to discuss campus issues.

A great deal has happened at Bowling Green since 1982. Here are some of the highlights:

### Academic Programs

*Creation of Bowling Green’s first endowed professorships, in management, finance, chemistry and philosophy.*

*Development of the Center for Photochemical Sciences, the only one of its kind in the country. Photochemistry is a multibillion dollar industry and some key research for that industry is being conducted at Bowling Green.*

*Development of the Center for Quality, Measurement and Automation, the only center of its kind in the state designed to assist manufacturing and other businesses in the design and production of products.*

*The appointments of three Ohio Eminent Scholars in photochemical sciences, moral philosophy and industrial/organizational psychology; the positions are the result of three $500,000 grants from the Ohio Board of Regents.*

*The addition of doctoral programs in applied philosophy and photochemical sciences; the 13th and 14th Ph.D. offerings at BGSU.*

*More than 205 students are National Merit Scholars, one of the highest numbers on any campus in the country.*

*Establishment of the University’s first major scholarships for minority students.*

*Creation of a network of computer labs throughout the campus, including labs in each residence hall. Last year computers are being installed in each room of one residence hall, part of a pilot project which could result in other residence hall rooms being equipped with computers. One survey has BGSU listed 35th in the country in the number of personal computers on campus.*

*Securing more than $5 million from the Board of Regents’ Selective Excellence Programs, which are designed to attract top scholars, conduct pioneering research and develop centers of excellence. Grants have been awarded in both the sciences and the humanities.*

*Creating a Canadian studies program emphasizing Canada-U.S. trade relations and economic development in the northwest Ohio region.*

*Expansion of the library’s holdings to more than four million items, including 1.7 million books, plus journals, periodicals, microforms, government documents and other materials.*

*Development of the Student Telephone Accessed Registration System which enables students to schedule their classes from a touchtone telephone. The STAR system has made long registration lines a part of University history.*

### Physical Plant

*More than $132 million has been spent in the past 10 years for the construction of new buildings and upgrading existing buildings.*

*Completion of the $7.2 million Physical Sciences Laboratory Building in 1984 and a $3.65 million addition to the Business Administration Building in 1988 and a $9.8 million addition to the Fine Arts Building.*

*Construction is now nearing completion on an $8.7 million field house and is scheduled to begin soon on a $13.5 million classroom building.*

*Construction is now nearing completion on an $8.7 million field house and is scheduled to begin soon on a $13.5 million classroom building.*

*Major renovation and refurbishing of existing campus buildings including Williams Overman, Hayes and Shatzel halls, and Eppler Complex. Construction of a $2 million office building to house faculty and staff temporarily displaced by renovation projects and later to be used for permanent offices.*

### University Finances

*Creation of an internal endowment fund of $4 million from various University reserves. The balance is approaching $8 million and is expected to reach $10 million in 1994. Interest on the $10 million principle will be used to supplement the academic budget.*

*Developing a plan to restructure debt service obligations which is projected to result in a $35 million principle in 10 years. Interest on that amount, which could approach $3 million annually, will go toward the academic budget.*

*Completion of the most successful fund raising drive in University history. With the assistance of the development and alumni office, the 75th Anniversary Fund raised more than $15 million in three years; well above the $12.5 million goal. Donations included the University’s first two $1 million gifts—from the Stranahan Foundation of Toledo for the Social Philosophy and Policy Center and from Harold and Helen McMaster of Perryburg for the McMaster Leadership Institute. In 1988 the Stranahan Foundation awarded a $3 million grant to the Social Philosophy and Policy Center.*

*Currently underway is a $1.825 million Campaign for the Arts which will benefit theatre, music, art, dance and Arts Unlifited programs. As of July 1, 1992, more than $1.3 million had been raised.*
The tradition of excellence that is Bowling Green State University athletics continued in 1991-92 as five Falcon teams established school records for victories, three captured league titles and two student-athletes earned Academic All-America honors.

As we move further into the final decade of the 20th century, the accomplishments of BGSU’s coaches and student-athletes solidify BGSU’s place as one of the top athletic programs in the country.

Bowling Green sports teams of the 1980s achieved a level of success matched by few and, based on the performance of Falcon teams in the first two years, the 90s seem headed in the same direction.

Bowling Green claimed 24 conference titles during the 1980s, 19 in the Mid-American Conference and four in the Central Collegiate Hockey Association. In addition, twenty-one teams were involved in post-season play in the NCAA, NIT and California Bowl.

The following is a brief synopsis of each program in the BGSU Athletic Department...

**BASEBALL** - The program has a young, energetic leader in third-year head coach Danny Schmitz who will be looking to develop one of the top programs in the region. Schmitz, who played eight seasons of professional baseball, coached in the minor leagues at the AAA level. Many former BGSU players have gone on to play professional baseball including two of the top pitchers in the game - Roger McDowell and Orel Hershiser - who play for the Los Angeles Dodgers.

**MEN’S BASKETBALL** - After making back-to-back postseason appearances for the first time in 30 years in 1989-90 and 1990-91 under head coach Jim Larranaga, a young BGSU squad won 14 games last season and almost defeated the MAC champion in the league tournament. Historically, BGSU leads the MAC in postseason appearances (22 games), victories (eight) and number of All-Americans (eight). Former NBA standouts Nate Thurmond and Al Bianchi are among BGSU’s alumni. Thurmond and coaching great Harold Anderson were inducted into the National Basketball Hall of Fame in 1985.

**WOMEN’S BASKETBALL** - The Falcon hockey program is all about the program has won over 75% of its games. The success of the program has attracted large crowds to Ford Field, including an MAC record crowd of 4,100 for BG’s MAC Tournament victory over Cincinnati in 1989.

**CROSS COUNTRY** - The program is in good hands with Sid Sink in charge of the men and Steve Price directing the women. Sink, a former track and cross country All-American at BGSU, coached the BG women to four CC titles in the 1980s. Now, he’s working his magic with the men. Price, an experienced coach on the national and international level, is in his third season as the head coach.

**FOOTBALL** - The Falcons will look to repeat a storybook 1991 season which saw rookie head coach Gary Blackney tie the NCAA record for most wins by a first-year head coach as BGSU won 11 contests, the MAC title and the California Raisin Bowl. The Falcons will be looking to become the first team to repeat in the MAC since 1980 while earning a bid to the Las Vegas Bowl. The program has won nine league titles. BGSU alumni include former NFL all-pros Phil Villapiano (Oakland) and Mike Weger (Detroit) and Doug Smith, who will begin his 15th season with the Los Angeles Rams this year.

**GOLF** - Coach Greg Nye’s men’s and women’s golf teams play on some of the most challenging courses in the country and in some of the most prestigious tournaments on the collegiate level. The Falcon men’s program has won four MAC Championships and made four NCAA Tournament appearances while the women’s program is annually among the best in the region.

**GYMNASTICS** - Year in and year out, Coach Charles Simpson finds an MAC title contender. With three MAC titles since 1980, the Falcons have qualified as a team for postseason competition five of the last nine years. In each of the last four seasons, his teams have consistently increased the school record for team score led by Mary Beth Friel, who qualified for the NCAA regional meet each of the last three seasons.

**HOCKEY** - A winning tradition is what the Falcon hockey program is all about. One of only five teams in the country to earn 20 or more wins every year between 1981 and 1990, BGSU will be looking to make its fifth NCAA Tournament appearance in the last seven years this season. In all, the Falcons have appeared in nine NCAA Tournaments winning the 1984 national title. Coach Jerry York ranks among the best collegiate coaches of all-time with 429 career wins having led the Falcons to four CCHA regular season championships and one league playoff title. In all, the Falcons have won seven...
conference titles. BGSU has produced some of college hockey’s greatest names, 11 of which who currently play in the NHL, including defenseman Garry Galley and goalie Mike Liut.

SOCCER - Coach Gary Palmisano’s Falcons posted a winning record in all but one year of the 1980s and his teams in the 90s will look to continue that tradition. The 1991 team posted a sparkling 16-2-2 record on their way to the league title and a #5 ranking in the Great Lakes region. The BGSU schedule annually includes perennial NCAA power Indiana and other top teams in the region. BGSU also hosts the Kwik Goal/BGSU Classic having won the title in five of the seven years the tournament has been contested. BG has won 12 or more matches in six of the last 10 years while winning 61% of their contests over the same period.

SOFTBALL - Head coach Jacquie Joseph led her team to one of the most successful seasons in the history of the program winning 37 games last season, a school record. Many of the key personnel return from that record-setting team which points to more success in the future for the program. The Falcons last won the MAC Championship in 1988, a year that ended with BGSU playing host to the NCAA Midwest Regional. Last season’s squad was the runner-up in the MAC.

SWIMMING AND DIVING - Coach Brian Gordon, MAC Co-Coach of the Year in 1991, returns for his sixth year. The Falcon women have made winning a habit. Thirteen dual meet wins in 1991-92 established a school record while they have never finished lower than third in 12 MAC meets. The men’s team improved to 4th in the MAC last season, their second-best finish in the last 10 years. The Falcons train at beautiful Cooper Pool, one of the midwest’s top swimming and diving facilities.

TENNIS - The Falcon tennis teams have the advantage of playing and practicing at one of the finest facilities of its kind in the region - Robert Keefe Courts. The men’s team, under the guidance of second-year coach Dave Morin, finished third in the MAC last season and he returns his entire lineup intact for the 1992-93 season. The women’s program is under the guidance of Penny Dean, who is in her third season.
This afternoon the Varsity BG Club holds its annual day in conjunction with the football game against East Carolina. It is a day of celebration for former BGSU letterwinners who get a chance to come back to campus for some football and fellowship.

It will also be a special day for the three men the Varsity BG Club will be recognizing, Ross Albon ’36, Don Purvis ’60 and Jim Ruehl.

Albon will receive the Golden Letterman’s Award, Purvis the Silver Letterman’s Award and Ruehl the Honorary Letterman’s Award. The Honorary Letterman’s Award is presented to someone who has made a significant contribution to BGSU athletics, but is not a letterwinner. The Golden Letterman’s Award goes to a letterwinner who graduated at least 50 years ago (1915-1942) and the Silver Letterman’s Award is presented to a letterwinner who graduated at least 25 years ago but after 1942.

These three men have given their time and numerous hours of work to the university over the years. They will be recognized prior to the start of the game at Perry Stadium.

In addition, following the football game, a reception for the three honorees will be held at the BGSU Ice Arena Lounge until 6 p.m. Drinks and snacks will be available. The reception is free and you are encouraged to bring family and friends.

A Holland, Ohio native who presently resides in Omaha, Nebraska, Albon earned letters in football (1934-35), basketball (1935-36) and baseball (1934-35-36) during his playing days.

Albon earned his football numerals as a quarterback for Coaches Warren Steller and Harry Ockerman. As a catcher in baseball he earned three letters under Steller while in 1936 he was a regular for Coach Paul Landis on the hardwood.

Albon coached in his hometown before going into business with Phillips Petroleum. After a five-year stint in the U.S. Army, he joined Northern Natural Gas Company eventually serving as its Chief Executive Officer.

A charter member of the Varsity BG Club, Albon is retired but still active in service and community groups in Omaha.

The winningest coach in the history of the baseball program at BGSU, Purvis served as the head coach of the Falcons from 1972 to 1982. His first team hosted and the NCAA Midwest Regional narrowly missing a berth in the College World Series.

An All-MAC pitcher in 1956 as a member of the BG baseball team, Purvis signed with the New York Yankees that summer and played four seasons in that organization.

After completing his undergraduate and graduate work at BGSU, he began his highly successful coaching career at Fremont (Ohio) Ross High School where his teams compiled a 100-41 record.

He presently serves as the Athletic Director at Ball State where Cardinal teams have won 19 MAC championships and captured two Reese Trophies during his tenure.

Ruehl came to BGSU in 1956 serving as the freshman football coach which began a 16-year coaching career at BGSU. Ruehl later served as offensive line coach and was the defensive coordinator from 1968 through 1971.

In 1972, Ruehl became the Ice Arena Director a post he held for 12 years. In 1982, while the Ice Arena Director, Ruehl took on the additional responsibility as Central Collegiate Hockey Association commissioner. During his three year tenure, the Falcons won the NCAA Championship.

Since leaving athletic administration, Ruehl has served as the secretary-manager of the Wood County Agricultural Society while also working in real estate. Jim and wife, Ann, have five children and nine grandchildren.
Since his appointment 11 years ago as director of athletics at Bowling Green State University, John C. (Jack) Gregory has set a standard of excellence designed to place Falcon men's and women's teams on equal terms with today's elite intercollegiate athletic programs.

To reach these goals, Gregory challenges his staff of administrators, coaches and classified personnel to settle for nothing less than the very best. His challenge has resulted in some of the finest moments in the history of intercollegiate athletics at BGSU:
- the 1984 NCAA Division I Ice Hockey Championship;
- 15 Mid-American Conference regular season championships in football, men's and women's basketball, softball, women's cross country, gymnastics, men's golf, and volleyball;
- three California Bowl appearances;
- four MAC postseason tournament championships;
- three Central Collegiate Hockey Association regular season championships;
- one CCHA postseason tournament championship;
- 17 NCAA Tournament appearances in hockey, basketball, softball and gymnastics, including 13 in the last six years, the most of any MAC school;
- three home NCAA Tournament berths in hockey, softball and women's basketball;
- and the 1987-88 and 1991-92 Jacoby Trophy, awarded annually to the MAC school with the best overall record in women's sports.

Under Gregory's guidance, the Falcon athletic program completed one of its best seasons ever in 1991-92 with five teams setting records for wins in a season, two earning postseason berths and six earning the Jacoby Trophy for the second time in the last five years.

Postseason appearances by five BGSU teams highlighted the 1990-91 and 1989-90 seasons. The appearance of the men's basketball team in the NIT for the second consecutive year marked the first time since the early 60s that the program had earned back-to-back postseason invitations. In 1989-90, Bowling Green was the only school in the country that sent teams to national postseason tournaments in men's and women's basketball and hockey.

Gregory came to Bowling Green during one of the most difficult periods in the school's 73 years of intercollegiate athletics, a time when BGSU and the MAC were fighting for NCAA Division I-A status in football. Behind Gregory's leadership, the football program attained I-A status.

Record crowds have attended Falcon football, hockey and women's basketball games during Gregory's tenure. Soccer, volleyball, gymnastics and softball are drawing larger crowds, too.

Another "first" during Gregory's tenure occurred in the fall of 1990 when more than 25,000 fans turned out for the first night game in Perry Field history.

In 1983, 33,527 fans packed Perry Stadium to witness the Bowling Green-Toledo football clash, one of college football's best rivalries. BGSU and MAC single game attendance marks fell that afternoon. Two years later, the Falcons drew a record 112,110 fans for five home games, the third-largest average attendance (22,422) in MAC history. In 1987, Bowling Green set still another MAC attendance record by playing in front of 84,574 fans at Penn State.

Sell-out crowds for BGSU hockey games are a tradition. In 1989-90, 1,700 seats were added to the BGSU Ice Arena, and all attendance records were broken, including single game (5,065) and season (79,376) marks.

With the growing interest in TV sports programming, Gregory has aggressively negotiated for live television coverage of BGSU sports events. Last year, Falcon football, basketball and hockey all attracted live TV coverage. This year promises more of the same. Falcon football and basketball will be aired as part of the MAC Game of the Week broadcasts, while Falcon hockey will continue to play in front of a national TV audience as part of the CCHA Game of the Week.

With the world of college athletics changing constantly, it is important for Gregory to be as active on the national level. Gregory has served on numerous NCAA committees including the Executive Committee and is one of the most active athletic directors on a national level in the MAC. He has also served in many different capacities, in both the MAC and CCHA.

Gregory, 64, has also been instrumental in the development of the Falcon Club, the University's official athletic department booster club. Recent membership drives have encompassed all of northern and west central Ohio, resulting in unparalleled growth in cash and pledges. The Falcon Club has more than doubled its income and grown to such an extent that it is compared favorably with any athletic support organization in the country.

Still, Gregory understands the integrity of college athletics depends on the continued emphasis of the "student" in student-athlete. In that regard, he appointed an academic coordinator in 1984, the first such appointment in the MAC.

Many BGSU student-athletes have excelled in the classroom. Volleyball's Linda Popovich became the MAC's first female to receive the Byers Scholarship in May, 1990. There were more than 160 BGSU scholar-athletes with grade point average of 3.0 or better in 1991-92, including three who were named an Academic All-American, raising the total to 18 Academic All-Americans in the last six years.

A 1952 graduate of East Stroudsburg State College and holder of a master's degree from Temple University, Gregory and his wife, Peg, reside in Bowling Green. They are the parents of two sons and have two grandchildren.
Today's Halftime Show

BGSU FALCON MARCHING BAND
September 24, 1992

The Broadway musical has always been a source of outstanding music and has long provided inspiration for songwriters throughout the world. The fact that so many of these songs written long ago still sound just as fresh today is a tribute to the strength and vitality of our musical theatre tradition.

Today, the Falcon Marching Band brings you a non-stop medley of many of those timeless tunes. The list of memorable melodies goes on forever, and nearly everyone has a favorite or two — we hope we've included at least one of yours! So, sit back and enjoy "An Afternoon on Broadway".

We open our program with, appropriately, "Another O'rin, Another Show", from Cole Porter's Kiss Me, Kate. Our second number, "Seventy-Six Trombones", stirs memories of a Wells Fargo Wagon full of shiny new instruments and a smooth-talking con man named Harold Hill with a music degree from the Gary, Indiana Conservatory of Music (!)

We continue with a Rogers and Hammerstein classic, "Oklahoma", from the musical of the same name. Be sure to keep an eye out for our "surrey"!

In 1977 by a popular comic strip and embracing simplistic themes of faith, hope and love, Annie became an instant success on Broadway. Its most famous song, "Ol' Man River", sung by a brave little orphan who wanted only the warmth and comfort of a real home, still tugs at our heartstrings.

Our next three numbers were each born in stories of social strife. "Don't Cry For Me, Argentina", from Andrew Lloyd Webber's Evita, Leonard Bernstein's West Side Story, which we present "America", is considered a landmark in our musical tradition and "Bui-Da", from the recent hit Miss Saigon, is a plea to accept and love those children of mixed parentage who, after the war was over, found themselves unwanted in any culture.

Fiddler on the Roof, still another classic, struck a chord with its story of a people struggling to maintain their traditions and identity in the face of persecution. "Sunrise, Sunset" is just one of many memorable tunes from that production.

We close today's performance with the high-strutting Frank Sinatra hit, "New York, New York".

VARSITY BG CLUB SAYS

GO FALCONS!

ABOUT THE VARSITY BG CLUB
The Varsity BG Club is an exclusive organization open only to former Bowling Green State University varsity letterwinners, who, for a non-tax deductible contribution of $20 per year, can help operate the club and support BGSU athletics at the same time. Almost 600 former Falcon letterwinners were Varsity BG Club members last year. Again this year, the Varsity BG Club is offering a lifetime membership for $200; no other dues will ever be required. Lifetime memberships for those 65 and older are only $100.

The Varsity BG Club undertakes two major projects each year. In July we will enjoy another Doyt Perry Golf Outing at the BGSU Forrest Creason Golf Course. Each fall, the annual Varsity BG Day festivities take place in conjunction with a Bowling Green football game. It’s a great day to return to campus and visit with former classmates and teammates.

We are looking forward to another big year for the Varsity BG Club and Falcon athletics, and all we need from you is your participation.

MEMBERSHIP BENEFITS
All active members of the Varsity BG Club will receive:
• Membership in an exclusive organization open only to BGSU varsity letterwinners.
• A list of special activities and programs, such as the ones described above.
• Subscription to the quarterly newsletter.
• Personal satisfaction in contributing to BGSU athletics through your continued involvement.

A Mid-American Conference record crowd of 33,527 attended the Toledo-Bowling Green game in 1983.

Doyt L. Perry Stadium, with its 30,000-plus seating capacity, is celebrating its 27th year as the home of Bowling Green State University football.

Built in 1966 for approximately $3 million as a replacement for the 43-year-old University Stadium, Perry Stadium had a capacity of 23,272 until bleacher seats were installed in both end zones in 1982.

One of the largest and most attractive athletic facilities in the Mid-American Conference, Perry Stadium holds the conference record for single-game attendance.

On October 8, 1983, a huge crowd of 33,527 packed into Perry Stadium for the annual Northwest Ohio rivalry between Bowling Green and Toledo, establishing a school and MAC record for single-game attendance. The Falcons went on to set a season record, breaking the six-digit figure for five games with a total draw of 100,021. It marked the first time in history that Bowling Green averaged more than 20,000 fans for five home football games.

That figure was topped in 1985, when Bowling Green posted a perfect record (11-0) in the regular season and clinched the MAC Championship by shutting out arch-rival Toledo at Perry Stadium in November. More than 28,000 fans turned out that day, raising Bowling Green's season attendance to an all-time high 112,000, an...
Perry Stadium is more than just a football facility. The east side of the stadium includes dressing rooms, equipment and training rooms, along with the Athletic Department offices. The west side received a face-lift four years ago. A physical fitness center/weight room opened its doors for all 19 intercollegiate athletic teams in the summer of 1988.

Also situated on the west side of Perry Stadium are the Falcon Club offices and clubhouse, the academic counselor’s office, the track and cross country offices, as well as maintenance and storage areas.

Sitting atop the press box on the west side of the stadium is the plush Stadium Club. Now in its 13th year of operation, the Stadium Club’s 106 theater-type seats, which are all sold, provide loyal BGSU fans with a fine view of the game. The President’s Box, located on top of the east side of the stadium, provides luxury seating for President Paul J. Olscamp and other supporters of Falcon football.

Bowling Green won the first game ever played in Perry Stadium, defeating Dayton, 13-0, on October 1, 1966. Since that time, the Falcons have won over 65 percent of their home games, compiling a 81-42-5 record in the 128 games played at Perry Stadium. Over the last 10 seasons, Bowling Green is 37-9-3 at home for a .786 winning percentage.

A multi-purpose facility, Perry Stadium has also hosted concerts, NFL exhibition games, and major soccer tournaments.

Perry Stadium is named in honor of the man who led Bowling Green to a 77-11-5 record in his 10 years as the head coach of the Falcons. Doyt L. Perry was simply one of the greatest football coaches of his day. His .855 winning percentage over 10 seasons in the 1950s and 1960s remains one of the highest in football history. In fact, according to the NCAA, Perry is fourth all-time behind Bob Reade (Augustana), Knute Rockne (Notre Dame) and Frank Leahy (Notre Dame) in winning percentage among coaches with at least 10 years of service on the collegiate level. Perry served as the BGSU Athletic Director for seven years after stepping down as football coach.

Punter Cris Shale became the most decorated player to ever wear the Brown and Orange in 1990 earning a spot on five All-America teams while establishing four MAC records, including season (46.77) and career (43.09) average. For being selected to the Associated Press All-America team, Shale was invited to Ft. Alma Mater hear us,
As we praise thy name
Make us worthy sons and daughters
Adding to thy fame.
Time will treat you kindly
Years from now you’ll be
Ever dearer in our hearts,

From your halls of ivy
To the campus scene,
Chimes ring out with gladness
From our dear Bowling Green.
When all is just a mem’ry
Of the by-gone days,
Hear our hymn dear Alma Mater
As thy name we praise.

Retired Jersey
The only football jersey ever retired at Bowling Green is #29. It was worn by Paul Miles from 1971-73, when he rushed for 3,239 yards and 25 touchdowns. He was a three-time All-Mid-American Conference running back, gaining more than 1,000 yards in each of his three years on the varsity.

Frieda & Freddie Falcon
Frieda Falcon and Freddie Falcon are the official mascots of the Bowling Green Falcons. Together with the BGSU Cheerleaders, Frieda and Freddie boost spirit at intercollegiate athletic events. Tryouts are held each spring, and the winners remain anonymous to the student body until each is beheaded at the last home hockey and basketball games. The Freddie Falcon tradition began in 1950 while Frieda Falcon was added in the 1979-80 athletic year.

Why The Falcons?
The 1992 season marks the 65th anniversary of Bowling Green’s nickname, Falcons. Before 1927, BG teams were called the Normals or Teachers. Ivan Lake ’23 suggested the nickname, Falcons, after reading an article on falconry. Lake, managing editor and sports editor of the BG Sentinel-Tribune at the time, proposed the name change because it fit headline space and because falcons were “the most powerful bird for their size and often attacked birds two or three times their size.”

Why Orange and Brown?
Burnt Orange and Seal Brown have been the school colors at Bowling Green State University since 1914, the first year of classes. Legend has it that Leon Winslow, an industrial arts faculty member, got the idea from watching a woman’s hat on a bus trip to nearby Toledo, Ohio. He liked the brown and orange color combination.

Bowling Green, Oh.
A strong offense has been the trademark of Bowling Green hockey teams for many years. However, with 60 percent of last year’s scoring production gone, the Falcons will have to rely on an area that has been a stumbling block over the last two campaigns—team defense.

The Falcons, who return 13 lettermen from last season’s unit, suffered a big loss in their backline crew when senior Hobey Baker Memorial Award candidate Ken Klee signed with the Washington Capitals in mid-August, but BG retains the services of five other defensemen including juniors Jeff Wells, Todd Reirden and Glen Mears.

On the offensive end, the Falcons must find other avenues to put the puck in the net without the services of second-team All-CCHA selections Peter Holmes and Martin Jiranek. Also gone are steady wingers Dan Bylame, Jim Solly and Llew Ncwana. The Brown and Orange’s other losses are rearguards Otis Plageman and Aris Brimanis, both of whom filled in at forward late in the season.

“On paper we feel our strength is from the blueline back, but we still have to show some gains in that area,” said head coach Jerry York, who enters his 14th year behind the BG bench. “As we break in a host of young forwards, we will certainly be relying on veterans like Brett Harkins, Sean Pronger and Brian Holzinger, although only one a sophomore, to lean on offensively.

“It is the first time in a long time that half of our defensemen will be in the second half of their careers (juniors and seniors). Three of our five returning defensemen will be upperclassmen and we’ve really fought through not having that luxury in the last couple years. We certainly would like to have had Ken Klee anchoring our troops, but we are confident we have a talented group that can do the job for us.”

The Falcons are hoping that their experience on the blueline will lead the team’s resurgence up the ladder in the CCHA standins and back into national prominence.

“We certainly want to get our program back to where it was for most of the ’80s and that is fighting for a league championship and competing on the national level,” expressed York. “We believe this year’s recruiting class will certainly help our team get back in the right direction.”

Four goaltenders enter camp including incumbents senior Angelo Libertucci and sophomores Will Clarke and Nathan Cressman. Promising freshman Aaron Ellis, an 11th-round pick of the Quebec Nordiques in the June draft, will give BG added strength in net.

Clarke took over the goaltending reigns midway through last season and enters camp trying to maintain his No. 1 status. He posted a 4-9-1 record, a 3.76 goals-against average and an 87.1 saves percentage a year ago. Libertucci, a second-team Academic All-America in 1991-92, has struggled over the last two years after turning in a fine rookie season. The first-team Academic All-CCHA pick was 3-8-4 with a 4.85 gaa and an 84.5 saves mark as a junior. Cressman saw action in only five games last year—all before Christmas—compiling a 1-4-0 record.

Four forwards return and will serve as team captain. Eigner was granted a medical redshirt year (for 1988-89) by the NCAA last March thus extending his playing career one season.

Senior right wing Rick Mullins (3—3—6) and sophomore wing Tom Giantz (0-2-2) are also back and will be pressed by the incoming freshmen for spots in the lineup.

In all, nine first-year performers will attempt to crack the top four lines. BG’s rookie forward crop, its largest ever, consists of six wingers and three centers.

The wingers include Mike Hall, Jason Helbing, Mark Lindsay, Kevin Lune, Jeremy Stier and Jamie Williams. Jason Clark, Jeff Herman and Craig Mittleholt are the centers.

“Right now our goaltending is an area that appears to be stronger than it’s been in the last few years and it will become even stronger especially with our defensive corps in front of them.”

BG returns all but three of its backliners from last season’s squad. Juniors Wells (5-13-15), Reirden (8-7-15) and Mears (1-2-3) will be the Falcons leaders on the blueline and will be assisted by sophomores Brandon Carper (2-16-18), an honorable mention CCHA All-Rookie team selection last year, and Greg de Vries (0-3-3). Wells and Carper led BG’s rearguards in points last year, while Reirden was the Brown and Orange’s top goal scorer from the point.

Freshman Chad Ackerman (9-17-26) will also be looking for a spot in the lineup.

“Our team this year appears to be much more solid defensively,” York said. “On the blueline we will have five seasoned players that all appear to be on the upside of their game. They are improving and getting better. We are stronger physically as well due to a very demanding offseason weightlifting program.”

For the first time in several seasons, the Falcon offense may be an area of concern. Harkins, a senior, was BG’s third-leading scorer last year with 47 points. His 39 assists were tops on the squad. BG’s only returning skater to score more than 10 goals in 1991-92 was Holzinger, who recorded 14 in his rookie season.

In order for the Brown and Orange to be successful this season, it needs some of its other skaters to step forward and become important contributors. One of those BG looks to do just that is Pronger, a junior wing, who recorded 16 points last year including nine goals.

Senior Paul Basic (1-1-2), who made a smooth transition from defense to fourth-line center last year, will fill that role again in 1992-93.

Right winger Ty Eigner (2-2-4), BG’s elder statesman, also returns and will serve as team captain. Eigner was granted a medical redshirt year (for 1988-89) by the NCAA last March thus extending his playing career one season.

Senior right wing Rick Mullins (3—3—6) and sophomore wing Tom Giantz (0-2-2) are also back and will be pressed by the incoming freshmen for spots in the lineup.

In all, nine first-year performers will attempt to crack the top four lines. BG’s rookie forward crop, its largest ever, consists of six wingers and three centers.

The wingers include Mike Hall, Jason Helbing, Mark Lindsay, Kevin Lune, Jeremy Stier and Jamie Williams. Jason Clark, Jeff Herman and Craig Mittleholt are the centers.

“Our forwards are going to be very young, but I think they are going to bring a lot of skill, speed and enthusiasm to our front lines,” said York of his freshmen.

The Falcons open the season Friday, Oct. 16 against the University of Toronto at the BGSU Ice Arena. All BG home games begin at 7:00 p.m. this year.
