ABOUT THE COVER: There are many things on the line this afternoon including the Peace Pipe Award, which is the traveling award that goes to the winner of the BGSU-Toledo game each season. The Falcons are also looking to put their names alone in the MAC record book for consecutive league victories. A win this afternoon would be the 17th straight in MAC play for the Falcons eclipsing the old mark of 16 set by Miami (1973-75) and tied by BG over the last two seasons.

Today's Game

We would like to welcome everyone to today's game, especially those of you who are BGSU alumni and friends. We hope your Homecoming weekend has been an enjoyable one.

And you sure couldn't have picked a better game to attend, maybe in the country, today. The Toledo-Bowling Green series has featured many "big" games, but probably none bigger than the matchup today.

Besides the usual Northwest Ohio bragging rights, which are always on the line in this game, the game takes on special meaning for a number of reasons; 1.) the Falcons will be looking to put their name alone in the Mid-American Conference record books with their 17th straight league victory; 2.) BGSU would like to extend its American Conference record books to put their name alone in the Mid-American Conference record books; 3.) the Falcons will be looking to keep Coach Gary Blackney's record home winning streak to 12 games and 4.) the football team has almost won the MAC Player of the Week honors for his 16-tackle performance against Ohio. Senior lineman Terry Jackson, an all-league pick last year, leads a talented defensive front for the Rockets while senior Al Baker leads the secondary with two "picks" and 19 tackles.

This is the 58th meeting of the two schools with the Falcons holding a 31-22-4 edge in the series. The home team has won eight of the last nine meetings, with BG's 10-9 win at the Glass Bowl last season the only blemish on that record. The last four games in the series have been decided by a combined total of 14 points.

Falcon freshmen Courtney Davis and Michael Parker showed the future of the BG rushing game is in good hands combining to rush for 153 yards last week against Navy. Junior split end Ronnie Redd extended his consecutive pass-catching streak to 26 games with two catches in the Navy game while flanker Rameir Martin had six catches and he now has 18 for the season.

Enjoy the 72nd Homecoming game at BGSU along with a rivalry that is as intense as any in the country.

HOMECOMING GAMES: The BGSU football team has done its part to make the football part of Homecoming weekend a success over the years compiling a 42-19-10 (.662) record. The Falcons are 7-1-1 in the last nine Homecoming games. Toledo has been BG's opponent in 12 of its Homecoming games with the Falcons holding a 7-3-2 edge.

LEAGUE OPENERS: BGSU is playing its 42nd MAC opener having per game and 6.2 yards per carry. He had 143 yards on 27 carries in the Rockets victory over Ohio last weekend. He also had three touchdown runs in that game, UT leads the MAC averaging 220.3 yards per game on the ground.

The defensive unit is led by middle linebacker Jim Gant who has 49 tackles along the same line, it is a rule of thumb that a team has to almost win all its home games in order to contend for the title; 4.) the football team would like nothing better than to send a Homecoming Day crowd home with smiles on their faces after a victory; and, 5.) the winner takes a big step in the race for the MAC title.

But all indications point to a game not too much different than the last two meetings between the two teams at Perry Stadium, both of those played before Homecoming Day fans. In 1989, BG drove the ball 85 yards for the winning touchdown, an 11-yard pass from Rich Dackin to Ron Heard, scoring with 20 seconds left for a 27-23 win. In 1991, it was another late drive by the Falcons with the winning points coming on a two-yard pass from Erik White to Ryan McElroy in a 24-21 triumph. In fact, the last four series games have been decided by a combined total of 14 points.

The Rockets come into the game with the most potent running game in the MAC with former Fostoria High School star Casey McBeth leading the way. The first team All-MAC selection last season is averaging 123.7 yards compiled a record of 27-12-2 (.700) down through the years. The Falcons have a 15-6-1 record in MAC openers which were played at home.

STREAK IS THE BEST IN NATION: BG's 16-game winning streak in league play ties them with Alabama for the top mark of its kind in the country among teams playing in Division 1-A conferences. Alabama has also won 16 straight league contests in the Southeastern Conference. Texas A&M has won 15 straight Southwest Conference games.

HOME SWEET HOME: The Falcons were perfect at home last season recording a 5-0 record for the second straight season and they extended their home winning streak to 11 games with the victory over Cincinnati earlier this season. Over the last 11 seasons, BGSU is 43-9-3 at Perry Stadium for a 80.9 winning percentage while in the 27-year history of the stadium BG has won over 66% of the time. Over the last 10 seasons, BG has compiled a 34-6-3 (.826) record in home league games. Head coach Gary Blackney has not lost in 11 games at Perry Stadium during his tenure.

Although he has accomplished as much as any coach in college football in his first tenure as a head coach, that will not stop Bowling Green State University head coach Gary Blackney from continuing to work as hard as he has in his first two seasons.

Blackney has resurrected a once-proud football program, guiding the Falcons to back-to-back Mid-American Conference titles while going undefeated in league play over the period. This comes on the heels of five straight years when 5-6 was the best record.

The 1993 season will present some new challenges for Blackney and his staff as they look to become only the third team in league history to win three consecutive titles. And there is also the matter of putting their names alone in the record book for the most consecutive wins in league play, which they now jointly hold with Miami (1973-75) at 16 games. Blackney will lead his team against arch-rival Toledo in the league opener this season, looking to add to his list of history-making accomplishments during his short tenure.

In order to three-peat, the Falcons will have to overcome the loss of eight starters on the defensive side of the ball, including the entire secondary, and the loss of one of the top quarter-back-wide receiver duos in league history. But, overcoming obstacles in something Blackney, as a coach and person, has grown accustomed to.

All Blackney did, in not only his first season at BGSU but his first season as a collegiate head coach, was take a 3-5-2 team and turn them into a 11-1 squad which won their last 10 games. The Falcons clinched the MAC title with two weeks of the league schedule still remaining, which is believed to be the earliest any team has ever wrapped up the title. The final standings showed BG with a perfect 8-0 mark while the second place team finished at 3-1-4.

The top first-year coach in the country, Blackney was just the fifth coach in MAC history to lead his team to an outright conference title in his first season. He is also the winningest first-year head coach in BGSU history equalling the NCAA record for most wins by a coach in his first season in the top spot. The 11 wins by the 1991 team tied the school record.

For an encore, with the Falcons no longer an unknown as they were in 1991, the 1992 favorites gladly accepted that role and again won the league title with a perfect record. The Falcons earned the right to represent the MAC in the first Las Vegas Bowl and backed up the program's first bowl victory in 1991 over Fresno State in the California Bowl with a thrilling 35-34 win over Nevada in Las Vegas.

The BGSU head coach is a much sought-after speaker during and after the season, having spoken to many community groups throughout the state since taking over as head coach, in addition to speaking at numerous banquets.
Needless to say, the success that Blackney has brought to the program has also meant some prestigious honors along the way. He became only the second coach in league history to earn Coach of the Year honors in back-to-back seasons earning the award the last two seasons. He has also been named the Coach of the Year in region 3 by his peers, the American Football Coaches Association, the last two seasons. The region included all I-A schools in the states of Ohio, Indiana, Michigan, Illinois and Big Ten member schools Wisconsin, Minnesota and Iowa. The BGSU mentor was also the 1992 Ohio Coach of the Year.

A little less than three years ago, Blackney realized his dream of becoming a collegiate head coach. He certainly paid his dues serving as an assistant the previous 21 years at such programs as Wisconsin, UCLA, Syracuse and, most recently, Ohio State. The list of coaches he served under ranks among the best in the collegiate game - coaches such as Dick MacPherson, Terry Donahue, Earle Bruce, Rick Forzano and John Cooper. The Plainview, New York native began his coaching career at his alma mater, Connecticut, in 1968, where he spent two seasons as a graduate assistant on a staff that included, in addition to Forzano, current Notre Dame head coach Lou Holtz, former Cleveland Browns head coach Sam Rutigliano, and Dave Adolph and Dan Sekanovich, both NFL assistant coaches.

That was followed by stops at Brown and Rhode Island, in addition to the aforementioned schools, with all but two of those seasons spent on the defensive side of the ball. Last season was the seventh time in the last nine years Blackney has helped a team to a bowl bid.

His success story is certainly one that makes all people feel thankful.

In March, 1986, Gary’s wife, Lauretta, suffered a basilar artery aneurysm which has led to her need for 24-hour care. Forced to take over the duties of running the household, which were previously handled by Lauretta, Blackney made the necessary changes and still keeps up with the demands of being a head coach and a father.

“I look at Lauretta’s situation and know she could call it quits. But she keeps competing to get better and better. If you want to talk about endurance and courage, look at her - not me.”

The MAC is one of the 10 Division I-A conferences in the country, along with the Atlantic Coast, Big Ten, Big East, Big Eight, Big West, Pacific-10, Southeastern, Southwest and Western Athletic conferences.

Entering its 47th year of existence, the MAC consists of 10 state-supported institutions in the midwestern states of Ohio, Michigan and Indiana. Of the 10 current members - the University of Akron, Ball State University, Bowling Green State University, Central Michigan University, Eastern Michigan University, Kent State University, Miami University, Ohio University, the University of Toledo and Western Michigan University - nine schools have been members of the conference for 15 or more years. The University of Akron is the newest member having joined the league last year.

The 10 member institutions have a total enrollment of better than 220,000, with individual enrollments ranging from 16,000 to 30,000, and have produced more than one million alumni. The MAC is the fourth-largest conference in the country in terms of undergraduate enrollment.

Throughout its existence, the MAC has been in the forefront of national legislation that has enhanced the academic integrity of intercollegiate athletics. The MAC had an academic progress rule, strengthened admission standards, and qualitative grade point average requirements for its student-athletes long before the NCAA adopted or discussed implementing such academic standards.

Bowling Green State University has enjoyed tremendous intercollegiate success in recent years—dating back to 1980, Falcon teams have won a national championship and 29 conference titles.

This glowing track record has resulted from an effective administration, a hard-working staff, good coaching, fine facilities, and, of course, outstanding performances on the fields, courts and ice.

A growing athletic endowment program is another reason. Athletic endowments will play a leading role in guaranteeing successful Falcon teams down the road.

The Charles E. Perry Society provides a significant and everlasting avenue of support to Falcon athletics.

The Society was established in 1983 for the purpose of funding athletic scholarships through private contributions to the athletic endowment fund.

The Society is named for its founder, Charles E. Perry, a 1959 graduate with honors (and two degrees) from Bowling Green State University and a former place-kicker on the Falcon football team.

Perry currently the Dean of the Graduate School of Management at the University of Dallas, was one of the principle founders of the Falcon Club and is the organizer and sponsor of an annual fund-raising event for the BGSU athletic endowment fund. This fund-raiser is called the Perry Society Golf Outing, and has been held the past 10 years at the Muirfield Village Golf Club, and also, The Golf Club, in New Albany, Ohio.

In just ten years, the Perry Society has contributed approximately $145,000 raised through the golf outing to the athletic endowment fund. Perry Society members contribute $1,250 per year for the privilege of playing in the golf outing, with every dollar donated going directly to the athletic endowment fund. When a player contributes a total of $5,000, an endowed scholarship is established in the player's name within the Perry Society.

While it remains an exclusive organization, the Charles E. Perry Society should continue to grow in the coming years, according to BGSU Athletic Director Jack Gregory.

“The private dollars are so critical to the success of Falcon athletics in the future,” said Gregory. “The Perry Society supports our intercollegiate athletic program today, but the real benefit will be realized five, 10 years down the line. The University will benefit, and most importantly our student-athletes will benefit.”

Gregory added that the interest generated from each $5,000 endowment in the Perry Society fund will be used to reduce the debt on the BGSU Athletic Fitness Center.

Before becoming Dean at Dallas University, Perry was President and CEO of the Western Trading & Management Company, president and CEO of the Friedkin Companies, chairman and CEO of Worldvest, Inc., and years earlier he had been vice chairman, CEO and partner with golfing great Jack Nicklaus in the Golden Bear/Nicklaus Organization. Perry was instrumental in helping develop the organization into a substantial private business enterprise. He is also currently general partner of BC Golf Ltd. in Dallas.

Some of Perry’s other previous jobs have included senior officer for The Charter Company, founding president of Florida International University, and several positions at BGSU. He served as admissions counselor, director of admissions, director of development and assistant to the president.

Perry has been honored on numerous occasions, including being named one of the Ten Outstanding Young Men in America by the U.S. Jaycees in 1971. Four years later in 1975, he was granted the Distinguished Alumnus Award from Bowling Green State University. In 1986, Perry was inducted into the BGSU Athletic Hall of Fame for his outstanding contributions to the program.

Charles and his wife, Betty, have one son, Tom, and a daughter, Lynn.
Junior Ronnie Redd is the top returning receiver for the Falcons. He begins the 1993 season having caught a pass in 23 straight games with 10 of his 51 career receptions good for touchdowns.

TECHNOLOGY: A GROWING FIELD

One thing most everyone can agree upon is that this is a terrible time to be graduating from school and looking for a first job. Officials in the University’s College of Technology may be the only ones who disagree.

A cover story in a recent “USA Today” article called today’s job market “the worst since the end of World War II.” It went on to report that when new college graduates do find work, as many as one in three end up taking a job that does not require a college degree. The technology college officials say that’s not their experience.

Finally, “USA Today” reported that, “Graduates find themselves competing for entry-level jobs with people who graduated last year or the year before or with experienced workers who’ve been laid off.” If that’s true, the technology people say their students are winning that competition, thank you very much.

The technology officials are upbeat because a recent survey of Bowling Green Green technology graduates found that more than 80 percent of the students were employed in a field that was directly related to their major.

And they were making good money. The average starting salary was more than $25,000 and one student’s starting wage was $54,000 per year.

Ten percent had found employment which was not related to their major, but a large majority of those had returned to work in family-owned businesses or farming operations. Still others had decided to go to graduate school.

In fact, less than four percent of technology graduates said they were looking for work but could not find it.

Barry Piersol, assistant to the dean of the college and director of the college’s cooperative education program, said the reason for the low unemployment rate is two-fold.

The first reason is the growing demand for technologists in a society which daily is growing technologically more complex.

And second is the way technology students at Bowling Green State University are prepared for the job market, especially the requirement which has all technology students completing three cooperative education assignments.

Piersol said Bowling Green students are being prepared for a specific niche in the job market. “We are not an engineering school, but we are preparing students who can talk to engineers, who can take their ideas and designs and apply them to real world situations.

“They are fantastic middle managers; they’re problem solvers. They can speak the language of the engineer and the language of the client,” he said, adding that the niche the students are filling is growing larger every day.

Students within the college can major in one of seven areas: aerotechnology, which includes airport management, aviation maintenance and flight technology; construction management and technology, which includes electrical, residential and general; design technology, which includes architectural/environmental and mechanical; and electronic technology.

The last three areas of study are industrial training technology, visual communication technology and manufacturing technology, which includes the areas of manufacturing, physical plant and energy utilization, industrial environment, and applied quality science.

But the key to the college's strong employment record, Piersol said, is its cooperative education program.

Three times during his or her college career, a technology student must put aside the books and go work at a job which is related to the student’s major. Each job assignment lasts a minimum of 15 weeks and students are expected to work 40 hours each week.

With each succeeding co-op, students are expected to accept more responsibility and to perform tasks which require them to apply more of what they have learned in the classroom.

In this way, Piersol said, graduating seniors have already beaten the “Catch-22” of finding a first job: “I can’t get a job until I get experience, and I can’t get experience until I get a job.”

“Our students have the experience. They have a proven track record and a work history,” he said.

Apparently, many employers use the co-op program as a way of “test driving” a potential employee. In the survey, more than 40 percent of the graduates said they were either hired by their co-op employer or found employment by networking with their co-op employers.

“The strength of professional programs like those offered by the College of Technology is often measured by the success of the graduates in securing and advancing in professional employment.

“From our survey results, the College of Technology is right on target,” Piersol concluded. And a depressed job market is something for other people to worry about.
Since 1964, the Bowling Green State University Falcon Club has been a driving force behind one of the nation's most successful athletic programs.

For the last 29 years, the Falcon Club has helped Bowling Green athletes achieve success in both intercollegiate sports and academic endeavors. Although the Falcon Club's primary purpose is to provide financial support for the intercollegiate athletic program, members also enjoy a number of benefits and special programs. Among them are priority seating for football, basketball and hockey, pre- and post-game parties, luncheons, travel opportunities with Falcon teams, greens fees for BGSU's 18-hole Forrest Creason Golf Course, and priority parking in Falcon club lots.

This year, the Falcon Club has already held its annual “Meet-The-Team” cookout just prior to the start of the football season.

The 1993-94 hockey season begins in two weeks and the start of the basketball season is not far behind. Falcon Club members will be active throughout the winter and spring, cheering on all of the Falcon teams.

Fran Voll, associate athletic director, feels the Falcon Club has been growing in membership thanks to a very active and interesting calendar of events.

“Since its inception, the Falcon Club has been a force for supporting Bowling Green State University sports programs. Our annual membership drive got off to the best start in Falcon Club history last spring with nearly $251,000 raised in cash and pledges,” Voll said. “We’re excited about our calendar of events which revolves around our very competitive athletic schedules for the 1993-94 year. We will again be hosting Friday noon luncheons with featured speakers, such as, head football coach Gary Blackney, head hockey coach Jerry York, and head women’s and men’s basketball coaches Jaci Clark and Jim Larranaga. Our Falcon Club tent will also be filled with activity before and after our five home football games.”

The Falcon Club today bears little resemblance to the fledgling group of BGSU backers 28 years ago. For one thing, membership has grown from 137 members in 1964 to this year’s goal of 1,700.

“During the late 1960s, the Falcon Club grew within the framework of the University’s Development Office, located at the time in the Alumni House, site of the BGSU Popular Culture Center today.

Throughout its history, the Falcon Club has looked for ways to expand its scope. In 1983, the Falcon Club of Toledo opened. A chapter in West Central Ohio, serving Lima and Wapakoneta, followed in 1984. Another chapter opened that same year in the greater Cleveland area.

“We continue to see growth and development in our membership and be prepared to take an even greater role in the support of our athletic teams,” Voll said. “Our goal is to reach out to all prospective Falcon Club members and include them in supporting one of America’s finest sports programs. The key is offering Falcon Club members a number of special events, like organized trips to BG games, luncheons and more.”

Bowling Green State University Athletic Director Jack Gregory believes the Falcon Club is a very important aspect of the athletic department.

“The Falcon Club is an exceptional organization,” Gregory said. “It’s bigger and better than ever, and we feel its potential for growth is unlimited. We’re very pleased with all the support we have received from the Falcon Club members.”

“Our recent successes in athletics and in the Falcon Club makes us feel proud to wear the Brown and Orange,” Gregory added. “Each year, we face the challenge of maintaining our proud position through the dedicated efforts of our student-athletes, our coaches and administrators. It’s good to know that we have the support of the Falcon Club members. They enable us to set and reach our very ambitious goals at Bowling Green State University.”

The Falcon Club and its members were very visible at last year’s Las Vegas Bowl game.

EnHanced Mil.
Come and see the EnHanced Mil VTRs—the fifth generation of Panasonic half-inch component analog recording technology. The more you use it, the better it gets. Now, a three dimensional-type TBC provides features like picture-in-picture, a full field of memory and digital still frame.

RS-422 Serial Digital Control is standard as is a full complement of video and audio connectors. By offering features like a selectable, built-in 16:9 aspect ratio and an optional CCIR 601, 4:2:2 component digital interface, we can link you to the future with Enhanced Mil.

WELCOME TO BOB EVANS.

FOUR AWARDS, FOUR YEARS!

“FIRST CARE, THEN CARS” FOR OVER 54 YEARS!

At Ed Schmidt, “first care, then cars” has been our way of doing business since we first opened over 54 years ago. We did business that way then, and we do it that way now! Before we try to put you in one of our cars, we try to put ourselves in your shoes. Some call that the Golden Rule, we just call it good business. And that way of doing business has given Ed Schmidt an A-1 rating in the Northwestern Ohio area. See us for all your automotive needs.

There are a lot of reasons to switch to Fifth Third. We have shown our strength by ranking as one of the strongest banks in the country, year after year. And when you take a look at Fifth Third's total package of products and services like our One Account Plus, Rainy Day CD and Club 53, we don't think anyone can match it!

So, stop by your nearest Fifth Third Banking Center—there are 47 in northwest Ohio, nine of which are in select Kroger stores and offer seven-day-a-week banking. You'll find out why we're not your ordinary bank!

In large measure, Bowling Green State University’s success has centered on its ability to offer its students the educational diversity and excitement of a large university, while maintaining the caring and camaraderie of a small college.

That’s a direct result of Bowling Green’s research and teaching commitment, which attracts top scholars and graduate students and puts the University on the cutting edge of the development of exciting new knowledge, combined with a “We Care” attitude that students are introduced to when they first arrive on campus.

Today, the University has nearly 1,000 full- and part-time faculty and 17,300 students on its main campus. Degree programs are offered through the colleges of Arts and Sciences, Business Administration, Education and Allied Professions, Health and Human Services, Musical Arts, Technology and the Graduate College. Within the undergraduate colleges are schools of Art, Mass Communication, Nursing, and Health, Physical Education and Recreation.

In all, the University offers more than 170 undergraduate degree programs, 13 master’s degrees in 69 fields of study and doctoral degrees in 14 departments with more than 60 specializations.

In addition to courses on the main campus, the University’s Firelands College campus, located in Huron, Ohio, offers five associate degree programs, as well as courses which fulfill the first two years of a bachelor’s degree requirement. Firelands enrollment tops 1,400 students.

Fully accredited at the highest state, regional and national levels, the University has chapters of most national academic honor societies, including Phi Beta Kappa and Phi Kappa Phi. Bowling Green is also a member of the National Association of State Universities and Land Grant Colleges.

The University’s faculty members, 78 percent of whom hold Ph.D’s, include Fulbright Scholars, authors and nationally known researchers. The caliber of the faculty is reflected, too, in the number of academic programs which are regionally and nationally recognized. Also, faculty have been elected to high ranking positions in several national and regional professional organizations.

Three departments—chemistry, philosophy and psychology—are home to Ohio Eminent Scholars. The scholar program was created by the Ohio Board of Regents to attract world-class educators and researchers to the state’s universities. Only two other Ohio universities - Ohio State and Cincinnati - have more of these prestigious positions than Bowling Green.

While committed to teaching, faculty are researchers as well, generating new knowledge through independent research and involvement in University units such as the Population and Society Research Center, the MidAmerican Center for Contemporary Music, the Center for Quality, Measurement and Automation, the Canadian studies program, the Center for the Study of Popular Culture and the Social Philosophy and Policy Center.

Bowling Green is also the site of the National Drosophila Species Center and the Mid-America Stock Center—the largest scientific facilities of their kind in the world—where University faculty assist in supplying some 400 species of fruit flies to scientists involved in genetics and cancer research around the globe.

The University’s students come from throughout the United States and nearly 60 foreign nations. While most students are between the ages of 18-22, the number of those older than 25 is increasing. Last year, more than 4,000 “non-traditional” adult students enrolled in undergraduate and graduate programs on a full- or part-time basis.

The focal point of the 1,338-acre campus is the nine-story Jerome Library, with its collection of more than four million items, including 1.7 million volumes plus journals, periodicals, microforms, government documents and other materials. Special sections of the library include the Center for Archival Collections, which houses materials relevant to northwest Ohio history, and the Sound Recording Archives with 600,000 recordings. The Institute for Great Lakes Research, located in Perrysburg, contains an extensive collection of materials on the shipping industry’s past and present.

The University is continually improving its more than 100 existing buildings and upgrading facilities to meet current needs. Last fall, a $9.8 million addition to the fine Arts Building was completed as well as the transformation of Hayes Hall into a computer center. Earlier this year, an $8.7 million field house for intramurals, physical education classes and intercollegiate sports was opened. A $15 million renovation of Founders Quadrangle was completed in August and has transformed the building into a state-of-the-art residence hall. Construction on a $13.5 million classroom building and a $9.5 million major renovation of Eppler Hall are currently underway.

In the last 11 years, more than $160 million has been allocated for new construction and remodeling projects.

The University has also accomplished its goal of making computers a vital part of each student’s education. There are 19 computer labs, including one in every residence hall complex, for use by students. In addition, nearly a half dozen departments have created computer labs for their students. And, following a successful pilot program, student rooms in Chapman Hall are equipped with computers.

Very involved with civic affairs, she is a founding member of the Black Women Lawyers Association of Cleveland, a volunteer lecturer for the Weekend Intervention Program at Deaconess Hospital of Cleveland, a member of the Adult Continuing Education Advisory Committee of the Cleveland Board of Education, and a member of the National Conference of Black Lawyers. He earned both bachelors and law degrees from Ohio Northern University and following three terms in the Ohio Senate was first elected to Congress in 1958. Upon his retirement, friends and family created the Delbert Latta Scholarship Fund to benefit young men and women living in the 16 northwest Ohio counties that Latta served during his political career. His term on the board will expire in 2001.

He serves as president of the Merchants Services, Inc. and holds the position of executive director of both the Ohio Automatic Merchandising Association and the Ohio Association of Wholesaler/Distributors.
Most people think of a hospital as a peaceful place to rest and recover. But in many semi-private hospital rooms, getting peace and quiet is more wishful thinking than anything else.

At Mercy and St. Charles we understand that your only wish in the hospital is to get well soon, which is why all our regular rooms for adult medical patients are private rooms.

So while bigger hospitals are making noise about how many people they treat, remember to ask yourself—how noisy do you want your hospital to be?

Building upon the inherent strengths of the University's faculty and its academic programs, Olscamp charted a course that would move Bowling Green into the ranks of the country's most important colleges and universities. The effort focused on teaching, research and service and has involved a University-wide commitment to excellence.

He adopted the slogan "An Environment for Excellence," a clear indication of the vision he had for Bowling Green.

Early in his administration, Olscamp and the faculty outlined the task ahead in a 27-goal document called the Role and Mission Statement. Most of the goals centered on improving the quality of undergraduate and graduate students, academic programs, learning resources, particularly computing and the library; and the faculty development, including recruitment of minority faculty.

Now, as Olscamp begins his 12th year at Bowling Green, many of those original goals have been met and new priorities have been established, including additional scholarships for academically gifted students, strengthening the graduate program and further enhancement of the University's endowment.

One of his most important accomplishments has been to fully involve the faculty in University governance. Faculty now have a key role in developing the annual budget and share authority with the president in interpreting the University's Academic Charter. The faculty also have greater control over the curriculum and development of new academic programs.

While always a concern, finances have taken center stage in recent years. With a tightening state budget, Olscamp has directed efforts to increase private giving. In 1992-93, private giving topped $4 million for the second straight year. During his tenure, the school's endowment has increased to nearly $44 million from $1.9 million when he arrived.

Olscamp also brings a personal touch to his presidency. He frequently hosts both students and faculty as his home. He also holds periodic forums with students wanting to discuss campus issues.

A great deal has happened at Bowling Green since 1982. Here are some of the highlights:

**Academic Programs**

*Creation of Bowling Green's first endowed professorships, in management, finance, chemistry and philosophy.*

*Development of the Center for Photochemical Sciences, the only one of its kind in the country. Photochemistry is a multibillion dollar growth industry and some key research for that industry is being conducted at Bowling Green.*

*Development of the Center for Quality, Measurement and Automation, the only center of its kind in the state designed to assist manufacturing and other businesses in the design and production of products.*

*The appointments of three Ohio Eminent Scholars in photochemical sciences, moral philosophy and industrial/organizational psychology, the positions are the result of three $500,000 grants from the Ohio Board of Regents.*

*The addition of doctoral programs in applied philosophy and photochemical sciences; the 13th and 14th Ph.D. offerings at BGSU.*

*More than 275 students are National Merit Scholars, one of the highest numbers on any campus in the country, over the last six years.*

*Establishment of the University's first major scholarships for minority students.*

*Creation of a network of computer labs throughout the campus, including labs in each residence hall. One survey has BGSU listed 35th in the country in the number of personal computers on campus.*

*Securing more than $5 million from the Board of Regent's Selective Excellence Programs, which are designed to attract top scholars, conduct pioneering research and develop centers of excellence. Grants have been awarded in both the sciences and the humanities.*

*Creating a Canadian studies program emphasizing Canada-US. trade relations and economic development in the northwest Ohio region.*

*Expansion of the library's holdings to more than four million items, including 1.7 million books, plus journals, periodicals, microforms, government documents and other materials. Also, the library is among the first to be part of OhioLink, which enables students access to all holdings at state universities, community colleges and selected private libraries in Ohio.*

*Development of the Student Telephone Accessed Registration system which enables students to schedule their classes from a touchtone telephone. The STAR system has made long registration lines a part of University history.*

**Physical Plant**

*More than $160 million has been spent in the past 11 years for the construction of new buildings and upgrading existing buildings.*

*Completion of the $7.2 million Physical Sciences Laboratory Building in 1984 and a $3.65 million addition to the Business Administration Building in 1988 and a $9.8 million Fine Arts Center and an $8.7 million field house.*

*Construction is now nearing completion on an $13.5 million classroom building.*

*Major renovation and refurbishing of existing campus buildings including Williams, Overman, Hayes and Shatzen halls, the Eppler complex and Founders Residence Hall. Construction of a $2 million office building to house faculty and staff temporarily displaced by renovation projects and later to be used for permanent offices.*

**University Finances**

*Creation of an internal endowment fund of $4 million from various University revenues. The balance is expected to reach $10 million in 1994. Interest on the $10 million principle will be used to supplement the academic budget.*

*Developing a plan to restructure debt service obligations which is projected to result in a $32 million principle in 10 years. Interest on that amount, which could exceed $2 million annually, will go toward the academic budget.*

*Completion of the most successful fund raising drive in University history. With the assistance of the development and alumni office, the 76th Anniversary Fund raised more than $15 million in three years; well above the $12.5 million goal. Donations included the University's first two $1 million gifts—from the Stranahan Foundation of Toledo for the Social Philosophy and Policy Center and from Harold and Helen McMaster of Perrysburg for the McMaster Leadership Institute. In 1988 the Stranahan Foundation awarded a $3 million grant to the Social Philosophy and Policy Center.*

*Completion in 1993 of a $1.825 million Campaign for the Arts to benefit the theatre, music, art, dance and Arts Unlimited programs.*
The tradition of excellence that is Bowling Green State University athletics continued in 1992-93 as five Falcon teams captured league titles, three teams earned berths in the NCAA Tournament and three student-athletes earned Academic All-America honors.

As we move further into the final decade of the 20th century, the accomplishments of BGSU’s coaches and student-athletes solidify BGSU’s place as one of the top athletic programs in the country.

Bowling Green sports teams of the 1980s achieved a level of success matched by few and, based on the performance of Falcon teams in the first three years, the 90s may be even better.

Bowling Green claimed 24 conference titles during the 1980s with twenty-one teams earning berths in postseason play. In the first three years of the 90s, BG teams have already won eight league titles with seven of those teams making appearances in postseason action.

In addition, the last two years the women’s programs have captured the Jacoby Trophy for overall athletic excellence in the MAC.

The following is a brief synopsis of each program in the BGSU Athletic Department...

**BASEBALL** - The program has a young, energetic leader in fourth-year head coach Danny Schmitz who is beginning to develop one of the top programs in the region. Schmitz, who played eight seasons of professional baseball, coached in the minor leagues at the AAA level. Many former BGSU players have gone on to play professional baseball including two of the top pitchers in the game - Roger McDowell and Orel Hershiser - who play for the Los Angeles Dodgers.

**MEN’S BASKETBALL** - After making back-to-back postseason appearances for the first time in 30 years in 1989-90 and 1990-91 under head coach Jim Larranaga, a solid nucleus of returning players will try to get BGSU back in postseason play this season. Historically, BGSU leads the MAC in postseason appearances (22 games), victories (eight) and number of All-Americans (eight). Former NBA standouts Nate Thurmond and Al Bianchi are among BGSU’s alumni. Thurmond and coaching great Harold Anderson were inducted into the National Basketball Hall of Fame in 1985.

**WOMEN’S BASKETBALL** - The tradition-rich program made a fifth NCAA Tournament appearance last season hosting Florida. BGSU’s 163-47 record over the last seven seasons is the 10th best record among the almost 300 schools in Division I. The Falcons are the winningest team in MAC history having captured five league tournament titles and four regular season championships. The success of the program has attracted large crowds to Anderson Arena, including 4,408 for BG’s NCAA Tournament game against Florida last season.

**CROSS COUNTRY** - The program is in good hands with Sid Sink in charge of the men and Steve Price directing the women. Sink, a former track and cross country All-American at BGSU, coached the BG women to four CC titles in the 1980s. Now, he’s working his magic with the men. Price, an experienced coach on the national and international level, is in his fourth year as the head coach.

**FOOTBALL** - Back-to-back league titles and bowl victories along with 16 straight MAC wins have put the BGSU football program back among the elite. BG’s 21-3 record the last two seasons is the fifth-best mark in the country among the 106 Division I-A schools. Celebrating its 75th season of play this year, along the way BGSU alumni have included former NFL all-pros Phil Villapiano (Oakland), Mike Weger (Detroit) and Doug Smith (Los Angeles Rams).

**GOLF** - Coach Todd Brunsink’s men’s and women’s golf teams play on some of the most challenging courses in the country and in some of the most prestigious tournaments on the collegiate level. The Falcon men’s program has won four MAC Championships and made four NCAA Tournament appearances while the women’s program is annually among the best in the region.

**GYMNASTICS** - Year in and year out, Coach Charles Simpson fields an MAC title contender. With three MAC titles since 1980, the Falcons have qualified as a team for postseason competition five of the last ten years. In each of the last five seasons, his teams have consistently increased the school record for team score.

**HOCKEY** - A winning tradition is what the Falcon hockey program is all about. One of only five teams in the country to earn 20 or more wins every year between 1981 and 1990, BGSU will be looking to make its fifth NCAA Tournament appearance in the last eight years this season. In all, the Falcons have appeared in nine NCAA Tournaments winning the 1984 national title. Coach Jerry York ranks among the best collegiate coaches of all-time with 449 career wins having led the Falcons to four CCHA regular season championships and one league playoff title. In all, the Falcons have won 11 conference titles. BGSU has produced some of college hockey’s greatest names, nine of whom currently play in the NHL, including defensemen Garry Galley and Rob Blake and forward Nelson Emerson.
FALCON FOOTBALL MAGAZINE

SOCCER - The program posted a winning record in all but one year of the 1980s and the success has continued in the 90s with the team compiling a 31-4-3 record the last two seasons. The Falcons were the top team in the Great Lakes Region last season posting a sparkling 15-2-1 record on their way to an NCAA Tournament berth. The BGSU schedule annually includes perennial NCAA power Indiana along with the Kwik Goal/BGSU Classic. BG has won 12 or more matches in five of the last seven years for a 66.2 winning percentage.

SOFTBALL - After a 37-win season in 1991, MAC Coach of the Year Jacquie Joseph led her team to a MAC title and NCAA Tournament berth winning 34 games last season. Many of the key personnel return from the championship team which points to more success in the future for the program. The program has had an all-region player three of the last five years and the Freshman of the Year in the league the last two seasons.

SWIMMING AND DIVING - Coach Brian Gordon returns for his seventh year with the men and women hoping to continue to make winning a habit. Thirteen dual meet wins in 1991-92 by the women's program established a school record while they have never finished lower than third in 12 MAC meets. The Falcons train at beautiful Cooper Pool, one of the midwest's top swimming and diving facilities.

TENNIS - The Falcon tennis teams have the advantage of playing and practicing at one of the finest facilities of its kind in the region - Robert Keefe Courts. The men's team, under the guidance of third-year coach Dave Morin, finished fourth in the MAC last season and he returns his entire lineup intact for the 1992-93 season. The women's program is under the guidance of Penny Dean, who is in her fourth season.

TRACK & FIELD - Bowling Green, long associated with success in track and field, had five athletes win events at the MAC meet and four athletes compete in the NCAA meet, two earning All-America honors. The women's program was the runner-up in the race for the MAC team title last year. Among the track alumni is six-time NCAA All-American and 1972 Olympic gold medalist Dave Wottle. Sid Sink, a seven-time All-American at BGSU, heads the men's track team, while Steve Price directs the women's program.

VOLLEYBALL - Coach Denise Van De Walle has steadily built the Falcon volleyball program into one of the best in the country. Last year's team won a school-record 30 matches in capturing their second-straight MAC regular-season title. BG has won 20 or more matches six of the last seven years. Van De Walle, three times named the league Coach of the Year, has led the Falcons to 171 wins over the last six seasons or a victory three out of every four times they've played.

ATHLETIC DIRECTOR JACK GREGORY

Since his appointment 12 years ago as director of athletics at Bowling Green State University, John C. (Jack) Gregory has set a standard of excellence designed to place Falcon men's and women's teams on equal terms with today's elite intercollegiate athletic programs.

To reach these goals, Gregory challenges his staff of administrators, coaches and classified personnel to settle for nothing less than the very best. His challenge has resulted in some of the finest moments in the history of intercollegiate athletics at BGSU:

- the 1984 NCAA Division I Ice Hockey Championship;
- 18 Mid-American Conference regular season championships in football, men's and women's basketball, softball, women's cross country, gymnastics, men's golf, and volleyball;
- three California Bowl appearances;
- one Las Vegas Bowl appearance;
- five MAC postseason tournament championships;
- three Central Collegiate Hockey Association regular season championships;
- one CCHA postseason tournament championship;
- 20 NCAA Tournament appearances in hockey, softball and gymnastics, including 16 in the last seven years, the most of any MAC school;
- four home NCAA Tournament berths in hockey, softball and women's basketball;

Under Gregory's guidance, BGSU athletics has enjoyed two of its best years ever in the last two seasons. Five league titles and postseason appearances by each of those five teams made the 1992-93 athletic year very special. And the women's program earned the Jacoby Trophy for the second straight season with BG the first school to win MAC titles in the three required sports.

All of that came on the heels of a 1991-92 season in which five teams set records for wins in a season, two earned postseason berths and the women's programs earned the Jacoby Trophy.

Some of the other highlights during Gregory's tenure include: postseason appearances by five BGSU teams in 1989-90 and 1990-91, back-to-back postseason appearances by the men's basketball program in 1989-90 and 1990-91 for the first time since the early 60s, and in 1989-90 Bowling Green was the only school in the country to send teams to national postseason tournaments in men's and women's basketball and hockey.

Gregory came to Bowling Green during one of the most difficult periods in the school's 73 years of intercollegiate athletics, a time when BGSU and the MAC were fighting for NCAA Division I-A status in football. Behind Gregory's leadership, the football program attained I-A status.

Record crowds have attended Falcon football, hockey and women's basketball games during Gregory's tenure. Soccer, volleyball, gymnastics and softball are drawing larger crowds, too.

Another “first” during Gregory’s tenure occurred in the fall of 1990 when more than 25,000 fans turned out for the first night game in Perry Stadium history. In 1993, 33,527 fans packed Perry Stadium to witness the Bowling Green-Toledo football clash, one of college football’s best rivalries. BGSU and MAC single game attendance marks fell that afternoon. Two years later, the Falcons drew a record 112,110 fans for five home games, the third-largest average attendance (22,422) in MAC history. In 1992, Bowling Green set still another MAC attendance record by playing in front of 94,808 fans at Ohio State.

Sell-out crowds for BGSU hockey games are a tradition. In 1989-90, 1,700 seats were added to the BGSU Ice Arena, and all attendance records were broken, including single game (5,005) and season (79,376) marks.

With the growing interest in TV sports programming Gregory has aggressively negotiated for live television coverage of BGSU sports events. Last year, Falcon football, basketball and hockey all attracted live TV coverage. This year promises more of the same. Falcon football and basketball will be aired as part of the MAC Game of the Week broadcasts, while Falcon hockey will continue to play in front of a national TV audience as part of the CCHA Game of the Week.

With the world of college athletics changing constantly, it is important for Gregory to be active on the national level. Gregory has served on the NCAA I-A Executive Committee, the I-A Television Committee, the Division I Ice Hockey Committee, and the Pro Sports Liaison Committee. He has also worked on numerous MAC and CCHA committees.

Gregory, 66, has also been instrumental in the development of the Falcon Club, the University's official athletic department booster club. Recent membership drives have encompassed all of northern and west central Ohio, resulting in unparalleled growth in cash and pledges. The Falcon Club has more than doubled its income and grown to such an extent that it compares favorably with any athletic support organization in the country.

Still, Gregory understands the integrity of college athletics depends on the continued emphasis of the "student" in student-athlete. In that regard, he appointed an academic coordinator in 1984, the first such appointment in the MAC.

Many BGSU student-athletes have excelled in the classroom. Volleyball's Linda Popovich became the MAC's first female to receive the Byers Scholarship in May, 1990 while BG has had 21 Academic All-Americans in the last seven years.

A 1952 graduate of East Stroudsburg State College and holder of a master's degree from Temple University, Gregory and his wife, Peg, reside in Bowling Green. They are the parents of two sons and have two grandchildren.

BGSU FALCON MARCHING BAND
October 2, 1993

The Falcon Marching Band wishes a hearty “Welcome back!” to all alumni as they rekindle old memories during Homecoming Weekend at BGSU. To help in the process, the Falcon Band celebrates the thirtieth anniversary of the arrival in the United States of the “Boys from Liverpool” and the twenty-fifth year since their album, Sergeant Peppers Lonely Hearts Club Band. We hope the sounds of the Beatles will pluck a few heart strings as well as fuel the old fire!

The Beatles journey begins with a fanfare from Yesterday followed by excerpts from Sergeant Pepper, A Little Help from My Friends, and When I’m Sixty-four. Part two gives way to a more esoteric mood featuring Strawberry Fields, Come Together, Blackbird, and Michelle. The Falcon Band entertains every corner of Perry Stadium by featuring its flags, twirlers, and guests, the Pommerettes, in a medley of Get Back and Back in the USSR. The Homecoming finale features a festive yet nostalgic salute to those college years at B.G. including the free-spirited Ob La Di Ob La Da and reflective hit, Let It Be. Welcome back, alumni, from the BGSU Falcon Marching Band!

### HEAD COACH JERRY YORK

VARSITY BG CLUB SAYS
GO FALCONS!

ABOUT THE VARSITY BG CLUB
The Varsity BG Club is an exclusive organization open only to former Bowling Green State University varsity letterwinners, who, for a non-tax deductible contribution of $20 per year, can help operate the club and support BGSU athletics at the same time. Almost 600 former Falcon letterwinners were Varsity BG Club members last year. Again this year, the Varsity BG Club is offering a lifetime membership for $200; no other dues will ever be required. Lifetime memberships for those 65 and older are only $100.

The Varsity BG Club undertakes two major projects each year. In July we will enjoy another Doyt Perry Golf Outing at the BGSU Forrest Creason Golf Course. Each fall, the annual Varsity BG Day festivities take place in conjunction with a Bowling Green football game. It’s a great day to return to campus and visit with former classmates and teammates.

We are looking forward to another big year for the Varsity BG Club and Falcon athletics, and all we need from you is your participation.

MEMBERSHIP BENEFITS
All active members of the Varsity BG Club will receive:

A Mid-American Conference record crowd of 33,527 attended the Toledo-Bowling Green game in 1983.

Doyt L. Perry Stadium, with its 30,599 seating capacity, is celebrating its 28th year as the home of Bowling Green State University football.

Built in 1966 for approximately $3 million as a replacement for the 43-year-old University Stadium, Perry Stadium had a capacity of 23,272 until bleacher seats were installed in both end zones in 1982.

One of the largest and most attractive athletic facilities in the Mid-American Conference, Perry Stadium holds the conference record for single-game attendance.

On October 8, 1983, a huge crowd of 33,527 packed into Perry Stadium for the annual Northwest Ohio rivalry between Bowling Green and Toledo, establishing a school and MAC record for single-game attendance. The Falcons went on to set a season record, breaking the six-digit figure for five games with a total draw of 100,021. It marked the first time in history that Bowling Green averaged more than 20,000 fans for five home football games.

That figure was topped in 1985, when Bowling Green posted a perfect record (11-0) in the regular season and clinched the MAC Championship by shutting out arch-rival Toledo at Perry Stadium in November. More than 28,000 fans turned out that day, raising Bowling Green's season attendance to an all-time high 112,000, an average of 22,422.

A large crowd is expected for this year's battle with Toledo on Oct. 2 as the Falcons go after their 17th straight league win, which would be a record, in front of a Homecoming Day crowd.

Perry Stadium is more than just a football facility. The east side of the stadium includes dressing rooms, equipment and training rooms, along with the Athletic Department offices. The west side received a face-lift five years ago. A physical fitness center/weight room opened its doors for all 19 intercollegiate athletic teams in the summer of 1988.

Also situated on the west side of Perry

The football facility at BGSU was formally dedicated as Doyt L. Perry Stadium on Sept. 26, 1992. Present for the ceremony was (left to right) Perry's children D.L., Judy Perry McClain, David and Doyt's wife, Loretta. They are joined by John Mahaney, president of the Board of Trustees, University President Paul J. Olscamp and Athletic Director Jack Gregory.
FALCON FOOTBALL MAGAZINE

Stadium are the Falcon Club offices and clubhouse, the academic counselor’s office, the track and cross country offices, as well as maintenance and storage areas.

Sitting atop the press box on the west side of the stadium is the plush Stadium Club. Now in its 14th year of operation, the Stadium Club’s 106 theater-type seats, which are all sold, provide loyal BGSU fans with a fine view of the game. The President’s Box, located on top of the east side of the stadium, provides luxury seating for President Paul J. Olscamp and other supporters of Falcon football.

Bowling Green won the first game ever played in Perry Stadium, defeating Dayton, 13-0, on October 1, 1966. Since that time, the Falcons have won over 66 percent of their home games, compiling a 86-42-5 record in the 133 games played at Perry Stadium. Over the last 11 seasons, Bowling Green is 42-9-3 at home for a .806 winning percentage.

Perry Stadium is named in honor of the man who led Bowling Green to a 77-11-5 record in his 10 years as the head coach of the Falcons. Doyt L. Perry was simply one of the greatest football coaches of his day. His .855 winning percentage over 10 seasons in the 1950s and 1960s remains one of the highest in football history. In fact, Perry is fourth all-time behind Bob Reade (Augustana), Knute Rockne (Notre Dame) and Frank Leahy (Notre Dame) in winning percentage among coaches with at least 10 years of service on the collegiate level. Perry served as the BGSU athletic director for seven years after stepping down as football coach.

Cris Shale

Punter Cris Shale became the most decorated player ever at BGSU in 1990 earning a spot on five All-America teams while establishing four MAC records, including season (46.77) and career (43.09) average. For being selected to the Associated Press All-America team, Shale was invited to Ft. Lauderdale, Florida for the taping of the Bob Hope Christmas Show (photo at left), which annually presents the All-America team as one of the segments on the show. Shale, who was a 10th round draft pick of the Washington Redskins in 1991, led the nation in punting in 1990.

Alma Mater hear us,
As we praise thy name
Make us worthy sons and daughters
Adding to thy fame.

Time will treat you kindly
Years from now you’ll be
Ever dearer in our hearts,
Our University.

From your halls of ivy
To the campus scene,
Chimes ring out with gladness
From our dear Bowling Green.

When all is just a mem’ry
Of the by-gone days,
Hear our hymn dear Alma Mater
As thy name we praise.

Ay Ziggy Zoomba is Bowling Green's unofficial fight song (the official fight song is “Forward Falcons”). No one knows who wrote “Ay Ziggy Zoomba,” but it became famous nationally when former Falcon All-American and Detroit Lion All-Pro halfback Mike Weger sang it in the film “Paper Lion.” The Falcon football team traditionally sings “Ay Ziggy Zoomba” after each victory.

**Frieda & Freddie Falcon**

Frieda and Freddie Falcon are the official mascots of the Bowling Green Falcons. Together with the BGSU cheerleaders, Frieda and Freddie boost spirit at intercollegiate athletic events. Tryouts are held each spring, and winners remain anonymous to the student body until each is “beheaded” at the last home basketball and hockey game. The Freddie Falcon tradition began in 1950 while Frieda Falcon was added for the 1979-80 athletic year.

**Retired Jersey**

The only football jersey ever retired at Bowling Green is #29. It was worn by Paul Miles from 1971-73. Miles rushed for 3,239 yards and 25 touchdowns in his career and was a three-time first team All-MAC selection. He was just the third back in NCAA history to rush for 1,000 or more yards in three consecutive seasons.

**Why The Falcons?**

The 1993 season marks the 66th anniversary of Bowling Green’s nickname, Falcons. Before 1927, BG teams were called the Normals or Teachers. Ivan Lake ’23 suggested the nickname. Falcons, after reading an article on falconry. Lake, managing editor and sports editor of the Sentinel Tribune in Bowling Green at the time, proposed the name change because it fit headline space and because falcons were “the most powerful bird for their size and often attacked birds two or three times their size.”

**Why Orange and Brown?**

Burnt Orange and Seal Brown have been the school colors at Bowling Green State University since 1914, the first year of classes. Legend has it that Leon Winslow, an industrial arts faculty member, got the idea from watching a woman’s hat on a bus trip to nearby Toledo, Ohio. He liked the brown and orange color combination. So, too, did former Cleveland Browns’ head coach Paul Brown. Following a trip to BGSU in the 1940s. Brown used the colors for his All-America Conference team.

Coach Robert Whitaker has the longest tenure of any coach in the history of the program. He was the head coach at BGSU for 14 seasons between 1941 and 1954. His 1948 team set a school record at the time winning eight games with only a season-ending tie against John Carroll keeping the team from a perfect season.

Bowling Green (in dark pants) in action in the mid 30s.

University Stadium was the home for the Falcon football team from 1923 through 1965. The stadium was located in what is now the middle of campus directly west of the library.
The three players pictured were a good reason the 1948 team compiled the best record in the history of the program to that point. Left to right, end Vern Dunham, fullback Jack Woodland and halfback Max Minnich accounted for 18 touchdowns and 108 of the 230 points scored. Dunham had 11 receptions and two interceptions while scoring seven touchdowns. Woodland led the team with 522 rushing yards while Minnich rushed for 204 yards, passed for another 405 and set a school record, which still stands, intercepting 12 passes. All three earned All-Ohio honors in the 1948 season. Woodland was a three-time All-Ohio selection while Dunham and Minnich were named to the team twice.

The only trio of brothers to letter in the same season are pictured at the right. In 1948, brothers (l to r) Don, Vern and Harold Dunham earned letters on the 8-0-1 team. Don was a guard while Vern and Harold were ends.

SALLY BLAIR CHOSEN FOR 1993 ALUMNI SERVICE AWARD

A former president of the BGSU Alumni Board of Trustees, who has also served on many of the Association’s committees, has been selected to receive the 1993 Alumni Service Award. It will be presented today in a special pre-game ceremonies.

Sally Musser Blair ’64 of Bowling Green, who is Director of the Northwest Ohio Educational Technology Foundation, WBGU-TV, has been an ardent supporter and enthusiastic volunteer for Alumni Association programs for many years.

She has served on the Awards and Nominating Committees as well as the Association’s Long Range Planning Committee and several scholarship committees. Recently Sally and her husband Bill became members of the Alumni Association Endowment Society, a group whose gifts help endow the Association’s projects and programs, thus creating long-term stability for the Alumni Association. She is also a member of the BGSU Falcon Club.

A former Chair of the Ohio ITV Directors, she is active in her church and formerly was a trustee of the Children’s Resource Center and has been active in BGSU’s Administrative Staff Council.

Larry Weiss, director of alumni affairs and associate vice president, noted, “Sally has been a tremendous volunteer and, living right here in Bowling Green, she gets called on frequently to assist us. You can rest assured she will successfully accomplish any task she is given and will do so with the right amount of humor blended into the mix. Her interest in, and sincere feelings for, the BGSU Alumni Association are truly appreciated by all of us. She is one of those volunteers about whom you can honestly say ‘we couldn’t do it without you.’ It is our privilege to present her with this much deserved award.”

Letter From The President

It is a special pleasure for me as President to extend a most cordial welcome to all those in attendance — especially the alumni returning for Homecoming 1993 - and to thank you for helping us celebrate our 75 years of spirited gridiron competition! We are certainly honored to have you with us.

We are indeed proud of our fine football team as they mark the 75th year of competition - our special congratulations to the players and the coaches. I am always encouraged when I hear the excellent reports from alumni and friends about the excellent reputation the football team has established across the country as a fine ambassador for BGSU. This is true for all of our intercollegiate athletic teams, and we as faculty, staff and students of BGSU take just pride in their accomplishments - they are a great group of fine young people - and we say thanks to every group for all they do for BGSU.

As I have visited with the alumni who have returned to campus this past year and those I have met in my visits to the various alumni chapters around the country, I am reminded that you all care deeply about this University and about its future health and vitality. I am very encouraged by your dedication and support of your alma mater. Your interest and support is necessary for our continued success. And, in turn, we trust that your pride in Bowling Green will grow as you sense our continuing search for and commitment to excellence.

As you enjoy this special Homecoming weekend, I invite you to take advantage of this time to reminisce with your friends and fellow classmates, and to make a very special effort to visit with the faculty. Their unselfish contributions to the quality of life at BGSU is evident in your achievements, and it is certainly the base for the excellent academic experience which Bowling Green has to offer.

Thank you for coming and we look forward to seeing you throughout the year.
