'94 Season Sponsors

The Bowling Green State University football team will look to stay undefeated in Mid-American Conference play today against Ohio while also looking to preserve a couple other streaks. The Falcons are unbeaten at home under head coach Gary Blackney (15-0-1) and they have a current four-game winning streak on the line this afternoon.

We hope that everyone has had an enjoyable weekend to date back on campus for Homecoming activities. The football team will do all it can to make sure your weekend continues to be an enjoyable one.

Down through the years, Falcon teams have posted a 43-19-10 (.667) record in Homecoming games, today's the 73rd in school history. Of late, the Falcons have been almost unbeatable in Homecoming games posting an 8-1-1 record in their last 10. The tie on the slate came in 1990 when Ohio and BGSU played to a 10-all deadlock. Ohio was the victim in Bowling Green Homecoming wins in 1992 (31-14) and 1988 (42-0).

OU head coach Tom Lichtenberg is 8-38-2 in five seasons in Athens and has a 26-52-3 record in his career. He and BGSU head coach Gary Blackney were assistant coaches on the Ohio State coaching staff between 1986 and 1988.

The Bobcats bring a veteran team to Perry Stadium this afternoon looking for their first victory of the season. OU starts eight seniors and three juniors on both sides of the ball.

On offense, senior quarterback Sam Vink calls the signals. He is tied for fourth in the MAC in total offense averaging 164.8 yards per game. He is seventh in the MAC in passing efficiency having completed 52.5 percent of his passes, but he has six interceptions compared to only three scoring tosses. Fullback Dewight Pickens, who had eight receptions last week (Continued on page 79)

Senior split end Ronnie Redd needs one touchdown catch to equal the MAC record of 22 for a career. Redd, who has caught a pass in 39 consecutive games, has caught a scoring pass in 17 of his 39 career games.

Bowling Green State University has enjoyed tremendous intercollegiate success in recent years—dating back to 1980, Falcon teams have won a national championship and 30 conference titles.

This glowing track record has resulted from an effective administration, a hard-working staff, good coaching, fine facilities, and, of course, outstanding performances on the fields, courts and ice.

A growing athletic endowment program is another reason. Athletic endowments will play a leading role in guaranteeing successful Falcon teams down the road.

The Charles E. Perry Society provides a significant and everlasting avenue of support to Falcon athletics.

The Society was established in 1983 for the purpose of funding athletic scholarships through private contributions to the athletic endowment fund.

The Society is named for its founder, Charles E. Perry, a 1959 graduate with honors (and two degrees) from Bowling Green State University and a former place-kicker on the Falcon football team.

Perry currently the Dean of the Graduate School of Management at the University of Dallas, was one of the principle founders of the Falcon Club and is the organizer and sponsor of an annual fund-raising event for the BGSU athletic endowment fund. This fund-raiser is called the Perry Society Golf Outing, and has been held the past 11 years at the Muirfield Village Golf Club, and also, The Golf Club, in New Albany, Ohio.

In just eleven years, the Perry Society has contributed approximately $160,000 raised through the golf outing to the athletic endowment fund. Perry Society members contribute $1,250 per year for the privilege of playing in the golf outing, with every dollar donated going directly to the athletic endowment fund. When a player contributes a total of $5,000, an endowed scholarship is established in the player’s name within the Perry Society.

While it remains an exclusive organization, the Charles E. Perry Society should continue to grow in the coming years, according to BGSU Athletic Director Ron Zwierlein.

“The private dollars are so critical to the success of Falcon athletics in the future,” said Zwierlein. “The Perry Society supports our intercollegiate athletic program today, but the real benefit will be realized five, 10 years down the line. The University will benefit, and most importantly our student-athletes will benefit.”

Before becoming Dean at Dallas University, Perry was President and CEO of the Western Trading & Management Company, president and CEO of the Friedkin Companies, chairman and CEO of Worldvest, Inc., and years earlier he had been vice chairman, CEO and partner with golfing great Jack Nicklaus in the Golden Bear/Nicklaus Organization. Perry was instrumental in helping develop the organization into a substantial private business enterprise. He is also currently general partner of BC Golf Ltd. in Dallas.

Some of Perry’s other previous jobs have included senior officer for The Charter Company, founding president of Florida International University, and several positions at BGSU. He served as admissions counselor, director of admissions, director of development and assistant to the president.

Perry has been honored on numerous occasions, including being named one of the Ten Outstanding Young Men in America by the U.S. Jaycees in 1971. Four years later in 1975, he was granted the Distinguished Alumnus Award from Bowling Green State University. In 1986, Perry was inducted into the BGSU Athletic Hall of Fame for his outstanding contributions to the program.

Charles and his wife, Betty, have one son, Tom, and a daughter, Lynn.

When it comes to winning games, few have done it better than Bowling Green State University head coach Gary Blackney.

Blackney has resurrected a once-proud football program, guiding the Falcons to back-to-back Mid-American Conference titles, going undefeated in league play to win the titles, and a third-place finish last season in which the Falcons were in the hunt for another title to the last weekend. This comes on the heels of five straight years when 5-6 was the program's best record.

In just three short seasons, Blackney has accomplished what some have not in a lifetime. He was the first, and only, BGSU coach to win a bowl game. He was the first BGSU coach to lead his team to back-to-back seasons of at least 10 wins. He tied the NCAA record for "rookie" head coaches winning 11 games in 1991. And, he led the program to a MAC record 19 consecutive conference wins and a 22-game unbeaten streak to begin his tenure.

The 1994 season will present some new challenges for Blackney and his staff as they look to add a third title. In order to achieve what they have set out to, they will have to overcome the loss of one of the top lineman in the MAC (Joe Wyse), the sixth-leading rusher in school history (Zeb Jackson), and the loss of the entire defensive front. Nonetheless, he believes BGSU will be a factor again. But, overcoming obstacles is something Blackney, as a coach and person, has grown accustomed to.

All Blackney did, not only his first season at BGSU but his first season as a collegiate head coach, was take a 3-5-2 team and turn them into a 11-1 squad, which won their last 10 games. The Falcons clinched the MAC title with two weeks of the league schedule still remaining, which is believed to be the earliest any team has ever wrapped up the title. The final standings showed BG with a perfect 8-0 mark while the second place team finished at 3-1-4.

The BGSU football program broke the Mid-American Conference record for consecutive league victories in last year's 17-10 win over Toledo. Head coach Gary Blackney is carried off the field by his players after BG's 17th straight league victory.
HEAD COACH GARY BLACKNEY

35-34 win over Nevada.

Needless to say, the success that Blackney has brought to the program has also meant some prestigious honors along the way.

He became only the second coach in league history to earn Coach of the Year honors in back-to-back seasons earning the award in 1991 and 1992. He was also named the Coach of the Year in region 3 by his peers, the American Football Coaches Association, the same two seasons. The region included all I-A schools in the states of Ohio, Indiana, Michigan, Illinois and Big Ten member schools Wisconsin, Minnesota and Iowa. The BGSU mentor was also the 1992 Ohio Collegiate Coach of the Year.

A little less than four years ago, Blackney realized his dream of becoming a collegiate head coach. He certainly paid his dues serving as an assistant the previous 21 years at such programs as Wisconsin, UCLA, Syracuse and, most recently, Ohio State. The list of coaches he served under ranks among the best in the collegiate game - coaches such as Dick MacPherson, Terry Donahue, Earle Bruce, Rick Forzano and John Cooper.

The Plainview, New York native began his coaching career at his alma mater, Connecticut, in 1968, where he spent two seasons as a graduate assistant on a staff that included, in addition to Forzano, current Notre Dame head coach Lou Holtz, former Cleveland Browns head coach Sam Rutigliano, and Dave Adolph and Dan Sekanovich, both NFL assistant coaches.

That was followed by stops at Brown and Rhode Island, in addition to the aforementioned schools, with all but two of those seasons spent on the defensive side of the ball. In seven of the last 10 years, Blackney has helped a team to a bowl bid.

His success story is certainly one the makes all people feel thankful.

In March, 1986, Gary’s wife, Lauretta, suffered a basilar artery aneurysm which has led to her need for 24-hour care.

Forced to take over the duties of running the household, which were previously handled by Lauretta, Blackney made the necessary changes and still keeps up with the demands of being a head coach and a father.

“I look at Lauretta’s situation and know she could call it quits. But she keeps competing to get better and better. If you want to talk about endurance and courage look at her - not me.”

The Mid-American Conference (MAC) is one of the 10 Division I-A conferences in the country, along with the Atlantic Coast, Big Ten, Big East, Big Eight, Big West, Pacific-10, Southeastern, Southwest and Western Athletic conferences.

Entering its 48th year of existence, the MAC consists of 10 state-supported institutions in the midwestern states of Ohio, Michigan and Indiana. Of the 10 current members - the University of Akron, Ball State University, Bowling Green State University, Central Michigan University, Eastern Michigan University, Kent State University, Miami University, Ohio University, the University of Toledo and Western Michigan University - nine schools have been members of the conference for 15 or more years. The University of Akron is the newest member having joined the league in 1992.

The 10 member institutions have a total enrollment of more than one million alumni. The MAC is the fourth-largest conference in the country in terms of undergraduate enrollment.

Throughout its existence, the MAC has been in the forefront of national legislation that has enhanced the academic integrity of intercollegiate athletics. The MAC had an academic progress rule, strengthened admittance standards, and qualitative grade point average requirements for its student-athletes long before the NCAA adopted or discussed implementing such academic standards.

The MAC currently sponsors 19 championships, 10 in men's sports and nine on the women's side. For men, the MAC has sponsored championships in football, baseball, basketball, cross country, golf, tennis, and track and field since its founding, and added swimming and diving and wrestling championships five years later. Men's soccer was added as a MAC-sponsored sport in 1993.

In 1980, the MAC Council of Presidents voted to bring women's athletics into the conference structure. The MAC currently sponsors women's championships in basketball, cross country, field hockey, gymnastics, softball, swimming and diving, tennis, track and field and volleyball.

The MAC is the only Division I conference with its own Hall of Fame. A total of 52 individuals have been inducted into the MAC Hall of Fame in its first six years of existence, including 21 inductees with football backgrounds. Some of those include Ara Parseghian (Miami), Doyt Perry (Bowling Green), Bo Schmehbecher (Miami), Jack Lambert (Kent) and Phil Villapiano (Bowling Green).

Numerous MAC football teams and players have received national recognition during the MAC's 47 years. Bowling Green was recognized as the national small college champion in 1959, and Ohio won similar honors in 1960. After MAC teams achieved major college status, Toledo compiled a 35-game winning streak from 1969-71, the second-longest streak in modern major college football history. Miami beat Florida, Georgia and South Carolina in the 1973, 1974 and 1975 Tangerine Bowls. In the last few years the non-conference victims of MAC teams include opponents from the Big Ten, Big Eight, SEC and WAC.

For the third straight year, the MAC champion will play the Big West champion in the Las Vegas Bowl. This year's game is scheduled for Dec. 15 at 6 p.m. This is the 14th season the winners of the MAC and BWC have battled in a bowl.

Challenge: to build the fastest electric vehicle

Bowling Green State University Goes Racing

It's not a varsity sport. Chances are it never will be.

But it has more fans than any other spectator sport in America. And the competition at the collegiate level is top notch—Notre Dame, Georgia Tech, Oklahoma, Ohio State. Even the Ohio University Bobcats.

And, of course, the Bowling Green State University Falcons.

The sport is auto racing and the Falcons are in the midst of a four-year challenge to build the fastest electric vehicle that has ever rolled onto a race course.

That challenge was made by the Solar and Electric Racing Association in conjunction with the Centerior Energy Company. The premise was simple: almost every safety and performance advancement to the family automobile was first thought of, designed, developed and tested by a racing team.

It therefore stood to reason that the best way to improve alternative-fuel vehicles was to get them onto the race track. To do that SERA and Centerior created the Formula Lightning racing series and then challenged the nation's "best and brightest" to join up.

Thirteen colleges and universities responded. At Bowling Green, it was the College of Technology that took up the challenge and gave birth to the Electric Falcon.

To keep participants focused on developing the best power system, SERA built standard race cars, complete with braking, steering and suspension systems. Even the wheels and tires were standardized and included in the purchase price of the car.

The standard cars, without motors, are 77 inches wide, 163 inches long and weigh 975 pounds. They are designed for speeds up to 160 mph. With motor and batteries added, Bowling Green's car weighs slightly less than 2,750 pounds.

Students, faculty and staff have been working on the car since November of 1993. In July of this year, it had its first test on the Grand Prix road course in Cleveland. The race was part of the festivities surrounding the Grand Prix of Cleveland. Qualifying third, the car experienced problems during its one pit stop and finished in fifth place.

In August, the team competed on the short track at Indianapolis Raceway Park. Again it qualified third and this time finished in third place.

The next race has not yet been set, but organizers hope to hold a minimum of four races each year.

Dr. Thomas Erekson, dean of the College of Technology and the driving force behind the establishment of the University's racing program, said he is excited about how well his team is performing, but added that winning races is only a small part of why the University decided to compete.

"As I thought it would, preparing for the race has proven to be an outstanding educational opportunity for our students. The students are on the cutting edge of electric vehicle development and it provides an opportunity for them to be directly involved in the processes of technology development and technology transfer," he said.

"It has forced the students to take what they have learned in the classroom and apply it in a real-world setting. They have had to demonstrate their problem-solving abilities, to think, to apply knowledge," he added.

In developing the car, students in many courses offered in the electronic, manufacturing and visual communication technology programs have worked and are working on some aspect of the car as a class assignment.

For example, one classroom of students was asked to determine if it would be better to use copper wire or aluminum wire for the car's circuitry. To do that they had to answer a number of questions: What are the important qualities needed in the wire? Weight? Strength? Heat resistance? What stress would

At the Cleveland Grand Prix in July, the Electric Falcon (#4) engages in some wheel-to-wheel racing with the car built by students at Case Western Reserve University. The cars involved in Formula Lightening racing are designed for speeds up to 160 mph.

BILL & ELAINE GERVIN
CORALIE & LOUIS H. GLINTZ
Since 1964, the Bowling Green State University Falcon Club has been a driving force behind one of the nation’s most successful athletic programs.

For the last 30 years, the Falcon Club has helped Bowling Green athletes achieve success in both intercollegiate sports and academic endeavors.

Although the Falcon Club’s primary purpose is to provide financial support for the intercollegiate athletic program, members also enjoy a number of benefits and special programs. Among them are priority seating for football, basketball and hockey, pre- and post-game parties, luncheons, travel opportunities with Falcon teams, greens fees for BGSU’s 18-hole Forrest Creason Golf Course, and priority parking in Falcon Club lots.

This year, the Falcon Club has already held its annual “Meet-The-Team” cookout just prior to the start of the football season.

The Falcon Club today bears little resemblance to the fledgling group of BGSU backers 30 years ago. For one thing, membership has grown from 137 members in 1964 to this year’s goal of 1,700.

Throughout its history, the Falcon Club has looked for ways to expand its scope. In 1983, the Falcon Club of Toledo opened. A chapter in West Central Ohio, serving Lima and Wapakoneta, followed in 1984. Another chapter opened that same year in the greater Cleveland area.

“Continued support is a very necessary part of our program which provides scholarships for our student-athletes.”

FALCON CLUB DONORS

On behalf of the Bowling Green State University Intercollegiate Athletic Department, we acknowledge with deep appreciation all contributions to the Falcon Club. Continued support is a very necessary part of our program which provides scholarships for our student-athletes.

Members enjoy athletic events and Falcon Club functions.

BOWLING GREEN STATE UNIVERSITY

Always changing. Always striving to improve. But never forgetting the best of the past.

That has been the key to Bowling Green State University's success in offering its students the educational opportunities, diversity and excitement of a large university, while maintaining the personality, camaraderie and caring of a small college.

This high-speed engine of learning is fueled by Bowling Green's commitment to research and teaching. That commitment has attracted top faculty scholars and graduate students. They, in turn, have put the university on the cutting edge in the discovery of exciting new knowledge.

Bowling Green has nearly 900 full- and part-time faculty and 17,000 students on its campus. Degree programs are offered through the colleges of Arts and Sciences, Business Administration, Education and Allied Professions, Health and Human Services, Musical Arts, Technology and the Graduate College. Within the undergraduate colleges are schools of Art, Mass Communication, Nursing and Health, Physical Education and Recreation.

In all, the University offers more than 165 undergraduate degree programs, 13 master's degrees in 60 fields of study and doctoral degrees in 14 departments with more than 80 specializations.

In addition to courses on the main campus, the University's Firelands College campus, located in Huron, Ohio, offers five associate degrees, as well as courses which fulfill the first two years of a bachelor's degree requirement. Firelands enrollment tops 1,400 students.

Fully accredited at the highest state, regional and national levels, the University has chapters of most national academic honor societies, including Phi Beta Kappa and Phi Kappa Phi. Bowling Green is also a member of the National Association of State Universities and Land Grant Colleges.

The University's faculty, more than 95 percent of whom have the highest degree in their field, include Fulbright Scholars, authors and nationally known researchers. The caliber of the faculty is reflected, too, in the number of academic programs which are regionally and nationally recognized. Also, faculty have been elected to high ranking positions in several national and regional professional organizations.

Three academic departments - chemistry, philosophy and psychology - are home to Ohio Eminent Scholars. The scholar program was created by the Ohio Board of Regents to attract world-class educators and researchers to the state's universities. Only two other Ohio universities - Ohio State and Cincinnati - have more of these prestigious positions than BG SU.

While committed to teaching, faculty are researchers as well, generating new knowledge through independent research and involvement in University units such as the Center for Photochemical Sciences, the Population and Society Research Center, the Mid-American Center for Contemporary Music, the Center for Quality, Measurement and Automation, the Canadian studies program, the Center for the Study of Popular Culture, and the Social Philosophy and Policy Center.

Bowling Green is also the site of the National Drosophila Species Center and the Mid-America Stock Center - the largest scientific facilities of their kind in the world - where University faculty assist in supplying some 400 species of fruit flies to scientists involved in genetics and cancer research around the globe.

The University's students come from throughout the United States and nearly 60 foreign nations. While most students are between the ages of 18-22, the number of those older than 25 is increasing. Last year, more than 4,000 "non-traditional" students enrolled in undergraduate and graduate programs on a full- or part-time basis.

The focal point of the 1,338-acre campus is the nine-story Jerome Library, with its collection of more than four million items, including 1.8 million volumes plus journals, periodicals, microforms, government documents and other materials. Special sections of the library include the Center for Archival Collections, which houses materials relevant to northwest Ohio history, and the Sound Recording Archives with one million recordings. The Institute for Great Lakes Research, located in Perrysburg, contains an extensive collection of materials on the shipping industry's past and present.

The University is continually improving its more than 100 existing buildings and upgrading facilities to meet current needs. This fall, a $13.5 million classroom building, Paul Olscamp Hall, was opened and dedicated. The new building features state-of-the-art telecommunications capabilities which open unlimited possibilities for classroom instruction.

Also, a $9.5 million renovation of Eppler Hall is nearing completion.

In the past two years, a $9.8 million addition to the Fine Arts Building was completed. Hayes Hall was converted into a computer center, an $8.7 million field house for intramurals, physical education classes and intercollegiate sports was opened, and a $15 million renovation of Founders Quadrangle was completed, creating one of the finest and most modern residence halls in the state.

In the past dozen years, more than $174 million has been allocated for new construction and remodeling projects.

The University has also accomplished its goal of making computers a vital part of each students education. There are currently 20 computer labs, including one in or near every residence hall complex, for use by students. In addition, nearly a half dozen departments have created computer labs for their students.

The Fine Arts Center houses all five divisions of the School of Art.

As Dr. Paul J. Olscamp begins his 13th and final year as president of Bowling Green State University this fall, those who are already beginning to review his tenure are finding a president who has charted an unalterable course in the development of a constantly strong faculty and academic program.

(Olscamp, the University's eighth president, will retire June 30, 1995. At that time, only Homer B. Williams, the University's first president who served from 1912 until 1937, will have spent more time in the University's top office.)

Under Olscamp's direction, Bowling Green has moved into the ranks of the country's most important colleges and universities. His efforts have focused on teaching, research, and service, and he has led a University-wide commitment to excellence in all aspects of University life.

He adopted the slogan "An Environment for Excellence," a clear indication of the vision he had for Bowling Green.

Today, many of those original goals have been met and new priorities have been established, including additional endowed professorships in management, finance, chemistry and philosophy.

- Development of the Center for Photochemical Sciences, the only one of its kind in the country. Photochemistry is a multibillion dollar growth industry and some key research for that industry is being conducted at Bowling Green.

- Development of the Center for Quality Measurement and Automation, the only center of its kind in the state dedicated to assist manufacturing and other businesses in the design and production of products.

- The appointments of three Ohio Eminent Scholars in photochemical sciences, moral philosophy and industrial/organizational psychology; the positions are the result of three $500,000 grants from the Ohio Board of Regents.

- The addition of doctoral programs in applied philosophy and photochemical sciences; the 13th and 14th Ph.D. offerings at BGSU.

- More than 315 students are National Merit Scholars, one of the highest numbers on any campus in the country, over the last seven years.

- Establishment of the University's first major scholarships for minority students.

- Creating a Canadian studies program emphasizing Canada-U.S. trade relations and economic development in the northwest Ohio region.

- Securing more than $5 million from the Board of Regents's Selective Excellence Programs, which are designed to attract top scholars, conduct pioneering research and develop centers of excellence. Grants have been awarded in both the sciences and the humanities.

- Expansion of the library's holdings to more than four million items, including 1.8 million books, plus journals, periodicals, microforms, government documents and other materials. Also, the library is among the first to be part of OhioLINK, an advanced computer network that enables users to have access to all holdings of state university, community college and selected private libraries in Ohio.

- Development of the Student Telephone Accessed Registration system which enables users to schedule their classes from a touchtone telephone. The STAR system has made long registration lines a part of University history.

- More than $174 million has been spent in the past 12 years for the construction of new buildings and upgrading existing buildings.

- Completion of the $7.2 million Physical Sciences Laboratory Building in 1984, a $3.65 million addition to the Business Administration Building in 1988, a $9.8 million Fine Arts Center and an $8.7 million field house.

- Most recently, the opening of Paul Olscamp Hall, a $13.5 million multi-faceted classroom building featuring a high-tech teleconferencing system.

- Major renovation and refurbishing of existing campus buildings including Williams, Overman, Hayes and Shatzel halls, the Eppler complex and Founders Residence Hall. Construction of a $2 million office building to house faculty and staff temporarily displaced by renovation projects and later to be used for permanent offices.

University Finances

- Creation of an internal endowment fund of $4 million from various University reserves. The balance is expected to reach $10 million in 1994. Interest on the $10 million principle will be used to supplement the academic budget.

- Development of a plan to restructure debt service obligations which is projected to result in a $32 million principle in 10 years. Interest on that amount, which could exceed $2 million annually, will go toward the academic budget.

- Completion of the most successful fund raising drive in University history. With the assistance of the development and alumni office, the 75th Anniversary Fund raised more than $15 million in three years; well above the $12.5 million goal. Donations included the University's first two $1 million gifts—from the Stranahan Foundation for the Social Philosophy and Policy Center and from Harold and Helen McMaster of Perrysburg for the McMaster Leadership Institute. In 1988 the Stranahan Foundation awarded a $3 million grant to the Social Philosophy and Policy Center.

- Completion in 1993 of a $1.825 million Campaign for the Arts to benefit the theatre, music, art, dance and Arts Unlimited programs.

FOR MANY HOSPITALS, CONSOLIDATION IS A BOLD NEW TREND.

FOR US, IT’S A 20 YEAR TRADITION.

Collaboration. Joint ventures. Mergers. Those are the buzz words sweeping hospitals across the nation as health care reform begins.

Mercy and St. Charles Hospitals applaud this way of thinking. In fact, right here in Toledo, we’ve been practicing this “new” philosophy for more than 20 years.

To us, it makes good sense for hospitals, and for the community. Because when administrative services, technology and staffing are shared, costly duplication can be greatly reduced or even eliminated.

At Mercy and St. Charles, we share a single source for gerontology services, purchasing, computer services, rehabilitation services and more than 15 other operations. Which has helped save tens of millions of dollars over our two decades of working together.

The savings are reward enough for doing business this way. But it’s also nice to know we’ve been a trend-setter for all these years.

BETTER HEALTH, TIMES TWO.

The 1994-95 athletic year marks the beginning of new leadership in the Bowling Green State University athletic department as former University vice-president Ron Zwierlein was named the new athletic director on July 6, 1994.

Zwierlein replaced Jack Gregory, who retired in July after 12 very successful years of leading the athletic department.

Zwierlein is more familiar with the BGSU athletic department, its operation, and the people, than one would expect of a person just appointed to a position. A 1968 graduate of BGSU who also has his master's from BGSU and a doctorate degree in athletic administration from Ohio State, Zwierlein has been associated with the athletic department in many different capacities over the years.

The new athletic director, the 10th in the history of the department, spent the 1993-94 academic year as the interim vice-president for student affairs. In that capacity, he oversaw all student related activities, which included residential life, financial aid, recreational sports and the health center to name just a few of the areas.

Zwierlein comes from a diversified background in athletics that includes everything from being a collegiate athlete himself, to coaching, to administration.

He returned to BGSU to head the men's and women's swimming and diving teams at BGSU in 1981 while also serving on the faculty at the university.

After three years as the head coach, during which his women's teams finished second in the Mid-American Conference all three seasons, Zwierlein accepted the position as the associate director of the Student Recreation Center on campus.

While still working as a director of the Student Recreation Center, Zwierlein was appointed to direct the planning and oversee the construction of the $8.7 million Bowling Green University Field House in 1991.

In 1992, he accepted the position as director of recreational sports, which included supervision of all facilities, staff, programs and financial resources associated with recreational sports. He was also responsible for the operation of the Field House.

Zwierlein was also involved in the athletic department at John Carroll University in University Heights, Ohio, near Cleveland. While at JCU, Zwierlein served as the head swimming and diving coach (1975-81) and athletic director (1977-1981). In his six seasons heading the men's swimming and diving program, Zwierlein led JCU to the Presidents Athletic Conference title once while they placed seventh in the NCAA meet in 1980-81. During his tenure as JCU’s swimming and diving coach, Zwierlein helped develop 28 swimmers who earned All-America honors.

Zwierlein’s collegiate swimming and diving teams combined to compile a 92-37 record while he had a career mark of 171-50, including his time spent coaching at the high school level.

During his tenure as the athletic director at JCU, he also served as chair of the physical education department, which included overseeing all aspects of both areas.

A native of Rochester, N.Y., Zwierlein earned three letters as a member of the Falcon swimming and diving team serving as team captain in 1967-68 as a senior. Zwierlein was a diver, finishing among the top four in the one-meter event at the MAC Championships as a junior and senior.

During his undergraduate days, Zwierlein also served as BGSU mascot Freddie Falcon.

After graduation from BGSU, Zwierlein served as head swimming and diving coach at Monroe High School in his hometown and in the same capacity at Fremont (Ohio) Ross High School.

Zwierlein and his wife Cindy, a 1969 BGSU graduate, have three children, Heidi, Heather and Chad. Heidi and Heather are both students at BGSU.
Welcome to Homecoming, 1994! Today’s halftime, designed by graduate assistant Gretchen Weaver, captures the music of John Williams, one of modern America’s most widely-known composers. It is a rare movie-goer that is not familiar with at least one of Williams’ film scores, including Jaws, Superman, Dracula, Raiders of the Lost Ark, and Schindler’s List.

Today’s halftime frames one of the classics around two of Williams’ more recent efforts. The show opens with the familiar fanfare and march from Star Wars. The second installment comes from the movie, Hook, but this music, called “Prologue,” was only heard on the previews in the theaters. Fifteen years after Jaws, carnivorous creatures with feet haunted the screen, and the Falcon Band’s music reminds us to be careful...in Jurassic Park. The John Williams festival concludes with a return to a galaxy far, far away and the throne room scene from Star Wars as we wish the best to the football Falcons in their pursuit of the MAC crown.

The tradition of excellence that is Bowling Green State University athletics continued in 1993-94 as both the Falcon men's and women's athletic programs earned the top award from the Mid-American Conference, the Reese Trophy by the men and the Jacoby Trophy by the women, for overall athletic excellence. Bowling Green was the first school to sweep the award since 1983.

In addition, by winning the Jacoby Trophy last season, the BGSU women's programs continued its run of dominance over the rest of the MAC earning its third consecutive Jacoby Trophy and fourth in the last seven years.

As we move further into the final decade of the 20th century, the accomplishments of BGSU's coaches and student athletes solidify BGSU's place as one of the top athletic programs in the country.

Bowling Green sports teams of the 1980s achieved a level of success matched by few and, based on the performance of Falcon teams as we approach the midway point of the 90's they are maintaining their place among the elite in collegiate athletics.

Bowling Green claimed 24 conference titles during the 1980s with twenty-one teams earning berths in post-season play. In the first four years of the 90s, BG teams have already won nine league titles with nine teams making appearances in post-season action.

The following is a brief synopsis of each program in the BGSU Athletic Department...

**BASEBALL** - The program has a young, energetic leader in fifth-year head coach Danny Schmitz who has developed one of the top programs in the region. Schmitz, who played eight seasons of professional baseball, led BG to a 29-18 record in 1994, the program's best winning percentage in 11 years. Many former BGSU players have gone on to play professional baseball including two of the better pitchers in the game - Roger McDowell and Orel Hershiser - who play for the Los Angeles Dodgers.

**MEN'S BASKETBALL** - The Falcons have 10 letterwinners, including all five starters, and seven seniors returning from a team which placed second in the MAC last season. Coach Jim Larranaga's ninth team has all the ingredients to make a run at the league title, BG made back-to-back post-season appearances for the first time in 30 years in 1989-90 and 1990-91. Historically, BGSU leads the MAC in post-season appearances (22 games), victories (eight) and number of All-Americans (eight). Former NBA standouts Nate Thurmond and Al Bianchi are among BGSU's alumni. Thurmond and coaching great Harold Anderson were inducted into the National Basketball Hall of Fame in 1985.

**WOMEN'S BASKETBALL** - The tradition-rich program made a sixth NCAA Tournament appearance last season hosting Creighton. BGSU's 189-51 record over the last eight seasons is the 10th best record among the almost 300 schools in Division I. The Falcons are the winningest team in MAC history having captured six league tournament titles and five regular season championships. The success of the program has attracted large crowds to Anderson Arena, including 4,408 for BG's NCAA Tournament game against Florida in 1993.

**CROSS COUNTRY** - The program is in good hands with Sid Sink in charge of the men and Steve Price directing the women. Sink, a former track and cross country all-American at BGSU, coached the BG women to four CC titles in the 1980s. Now, he's working his magic with the men. Price, an experienced coach on the national and international level, is in his fifth year as the head coach.

**FOOTBALL** - Two MAC titles and a run at a third championship last season has put the program back among the elite. BG won 19 straight league games over the last three years setting a MAC record while head coach Gary Blackney has yet to lose a game in Perry Stadium over the same time period. BG's 27-6-2 record the last three seasons is among the best marks in the country. With five bowl games and 10 MAC titles in its history, BGSU alumni have included former NFL all-pros Phil Villapiano (Oakland), Mike Weger (Detroit), Doug Smith (Los Angeles Rams), and 12-year veterans Bob Reynolds and Jamie Rivers.

**GOLF** - Coach Todd Brunsink's men's and women's golf teams play on some of the most challenging courses in the country and in some of the most prestigious tournaments on the collegiate level. The Falcon men's program has won four MAC Championships and made four NCAA Tournament appearances while the women's program is annually among the best in the region.

**GYMNASTICS** - Year in and year out, Coach Charles Simpson fields a MAC title contender. With three MAC titles since 1980, the Falcons have qualified as a team for post season competition five of the last 11 years. In each of the six seasons, his teams have consistently increased the school record for team score.

**HOCKEY** - A winning tradition is what the Falcon hockey program is all about with new head coach Buddy Powers now heading the program. One of only five teams in the country to earn 20 or more wins every year between 1981 and 1990, BGSU will be looking to make its fifth NCAA Tournament appearance in the last nine years this season. In all, the Falcons have appeared in 10 NCAA Tournament winning the 1984 national title. In all, the Falcons have won 11 conference titles. BGSU has produced some of college hockey's greatest names, nine of which who currently play in the NHL, including defensemen Gary Galley and Rob Blake and forward Nelson Emerson.
**BGSU Athletic Department**

**Soccer** - The program posted a winning record in all but one year of the 1980s and the success has continued in the 90s with the team compiling a 41-11-3 record the last three seasons. BG was the top team in the Great Lakes Region in 1992 posting a sparkling 15-2-1 record on their way to a NCAA Tournament berth. The BGSU schedule annually includes perennial NCAA power Indiana along with the Kwik Goal/BGSU Classic. BG has won 12 or more matches in five of the last eight years, a 65.3 winning percentage.

**Softball** - Second-year head coach Rachel Miller saw her 1994 team win seven of their last nine games to finish fourth in the MAC. The top four hitters and both pitchers return for what should be a banner 1995 season. The program earned league titles in 1993 and 1988.

**Swimming and Diving** - Coach Brian Gordon returns for his eighth year with the men and women hoping to continue to make winning a habit. Thirteen dual meet wins in 1991-92 by the women's program established a school record while they have never finished lower than fourth in 13 MAC meets. The Falcons train at beautiful Cooper Pool, one of the midwest's top swimming and diving facilities.

**Tennis** - The Falcon tennis teams have the advantage of playing and practicing at one of the finest facilities of its kind in the region - Robert Keefe Courts. The men's team under the guidance of MAC Coach of the Year Dave Morin, has never finished lower than fourth. The women's program is under the guidance of Penny Dean, who is in her fifth season.

**Track & Field** - Bowling Green, long associated with success in track and field, have had eight athletes compete in the NCAA meet the last three seasons. Among the track alumni is six-time NCAA All-American and 1972 Olympic gold medalist Dave Wottle. Sid Sink, a seven-time All-American at BGSU, heads the men's track team, while Steve Price directs the women's program.

**Volleyball** - Denise Van De Walle has steadily built the Falcon volleyball program into one of the best in the country. The 1992 team won a school-record 30 matches on its way to a third MAC title in four seasons. BG has won 20 or more matches seven of the last eight years. Van De Walle, three times named the league Coach of the Year, has led the Falcons to 191 wins over the last six seasons or a victory three out of every four times they've played.

Doyt L. Perry Stadium

Doyt L. Perry Stadium, with its 30,599 seating capacity, is celebrating its 29th year as the home of Bowling Green State University football.

Built in 1966 for approximately $3 million as a replacement for the 43-year-old University Stadium, Perry Stadium had a capacity of 23,272 until bleacher seats were installed in both end zones in 1982.

One of the largest and most attractive athletic facilities in the Mid-American Conference, Perry Stadium holds the conference record for single-game attendance.

On October 8, 1983, a huge crowd of 33,527 packed into Perry Stadium for the annual Northwest Ohio rivalry between Bowling Green and Toledo, establishing a school and MAC record for single-game attendance. The Falcons went on to set a season record, breaking the six-digit figure for five games with a total draw of 100,021. It marked the first time in history that Bowling Green averaged more than 20,000 fans for five home football games.

That figure was topped in 1985, when Bowling Green posted a perfect record (11-0) in the regular season and clinched the MAC Championship by shutting out Toledo at Perry Stadium in November. More than 28,000 fans turned out that day, raising Bowling Green’s season attendance to an all-time high 112,110, an average of 22,422.

The Falcons begin the 1994 season looking to extend a 15-game unbeaten streak at home as head coach Gary Blackney has never lost a game during his three-year tenure with his teams compiling a 14-0-1 record.

Perry Stadium is more than just a football facility. The east side of the stadium includes dressing rooms, equipment and training rooms, along with the Athletic Department offices. The west side received a face-lift six years ago. A physical fitness center/weight room opened its doors to all 19 intercollegiate athletic teams in the

summer of 1988. Also situated on the west side of Perry Field are the Falcon Club offices and clubhouse, the academic counselor’s office, the track and cross country offices, as well as maintenance and storage areas. Sitting atop the press box on the west side of the stadium is the plush Stadium Club. Now in its 15th year of operation, the Stadium Club’s 106 theatre-type seats, which are all sold, provide luxury seating for President Paul J. Olscamp, his guests, and other supporters of Falcon football. Bowling Green won the first game ever played in Perry Stadium, defeating Dayton, 13-0, on October 1, 1966. Since that time, the Falcons have won 67 percent of their home games, compiling an 90-42-6 record in the 138 games played at Perry Stadium. Over the last 12 seasons Bowling Green is 46-9-4 at home for a .814 winning percentage. Perry Stadium is named in honor of the man who led Bowling Green to a 77-11-5 record in his 10 years as the head coach of the Falcons. Doyt L. Perry was simply one of the greatest football coaches of his day. His .855 winning percentage over 10 seasons in the 1950s and 1960s remains one of the highest in football history. In fact, Perry is fourth all-time behind Bob Reade (Augustana), Knute Rockne (Notre Dame) and Frank Leahy (Notre Dame) in winning percentage among coaches with at least 10 years of service on the collegiate level. Perry served as the BGSU athletic director for seven years after stepping down as football coach.

**Alma Mater**

Alma Mater hear us,
As we praise thy name
Make us worthy sons and daughters
Adding to thy fame.

Time will treat you kindly
Years from now you’ll be
Ever dearer in our hearts,
Our University.

From your halls of ivy
To the campus scene,
Chimes ring out with gladness
From our dear Bowling Green.

When all is just a mem’ry
Of the by-gone days,
Hear our hymn dear Alma Mater
As thy name we praise.

**Ay Ziggy Zoomba**

Ay Ziggy Zoomba Zoomba Zoomba Zoomba
Ay Ziggy Zoomba Zoomba Zoomba Zoomba Zoomba
Ay Ziggy Zoomba Zoomba Zoomba
Ay Ziggy Zoomba Zoomba Zoomba Zoomba Zoomba
Roll along you BG warriors
Roll along and win for BGSU

Ay Ziggy Zoomba is Bowling Green’s unofficial fight song (the official fight song is “Forward Falcons”). No one knows who wrote “Ay Ziggy Zoomba,” but it became famous nationally when former Falcon All-American and Detroit Lion All-Pro halfback Mike Weger sang it in the film “Paper Lion.” The Falcon football team traditionally sings “Ay Ziggy Zoomba” after each victory.

**Fight Song**

Forward Falcons, Forward Falcons
Fight for victory,
Show your spirit, make them fear it
Fight for ‘ol Bee Gee
Forward Falcons, Forward Falcons
Make the contest keen
Shout out the fame of our mighty name
And win for Bowling Green!

**Frieda & Freddie Falcon**

Frieda and Freddie Falcon are the official mascots of the Bowling Green Falcons. Together with the BGSU cheerleaders, Frieda and Freddie boost spirit at intercollegiate athletic events. Tryouts are held each spring, and winners remain anonymous to the student body until each is “beheaded” at the last home basketball and hockey game. The Freddie Falcon tradition began in 1950 while Frieda Falcon was added for the 1979-80 athletic year.

**Retired Jersey**

The only football jersey ever retired at Bowling Green is #29. It was worn by Paul Miles from 1971-73. Miles rushed for 3,239 yards and 25 touchdowns in his career and was a three-time first team All-MAC selection. He was just the third back in NCAA history to rush for 1,000 or more yards in three consecutive seasons.

**Why Orange and Brown?**

Burnt orange and seal brown have been the school colors at Bowling Green State University since 1914, the first year of classes. Legend has it that Leon Winslow, an industrial arts faculty member, got the idea from watching a woman’s hat on a bus trip to nearby Toledo, Ohio. He liked the brown and orange color combination. So, too, did former Cleveland Browns’ head coach Paul Brown. Following a trip to BGSU in the 1940s, Brown used the colors for his All-America Conference team.

**Why The Falcons?**

The 1994-95 season marks the 67th anniversary of Bowling Green’s nickname, Falcons. Before 1927, BG teams were called the Normals or Teachers. Ivan Lake ‘23 suggested the nickname, Falcons, after reading an article on falconry. Lake, managing editor and sports editor of the Sentinel Tribune in Bowling Green at the time, proposed the name change because it fit headline space and because falcons were “the most powerful bird for their size and often attacked birds two or three times their size.”

In addition, more than 30 students volunteer their time outside of the classroom to work on the car. Also, six faculty members and more than a dozen community people have volunteered their time.

The student volunteers were divided into two teams. One team, under the direction of Anthony Palumbo, an associate professor in the college, designed, developed and tested the battery system, motor, gear system and the computer-driven controller system.

The second team, under the direction of Barry Piersol, assistant to the dean of the college, developed and implemented marketing, promotions and fund-raising campaigns.

"This was a totally interdisciplinary effort," Piersol said, adding that students from every area of the College of Technology as well as students enrolled in other University colleges have been involved in the project.

And both teams have proven vital.

The first hurdle was raising enough money to purchase a standard frame and chassis. Six gifts, totaling more than $25,000, got the team started.

The gifts came from the Centerior Services Co. of Cleveland; Life Formations of Bowling Green; Helen and Harold McMaster of Perrysburg, longtime supporters of the University; Norman C. Nitschke, co-founder of Glasstech of Toledo; James L. Brown, president of Solar Cells of Toledo; and Sudershan Jetley, chair of the technology systems program within the college.

Since that time, more than 40 companies have joined on as "marketing partners" and have donated more than $100,000 to the project. The gifts have come in the form of both cash and gifts-in-kind.

Money, however, remains a problem. No University monies are being used and more marketing partners are being sought. "When you go racing, you never have enough money," Erekson said.

"Electric vehicles are in our future. Several states, including New York, Massachusetts and Pennsylvania, have enacted laws requiring the sale of electric vehicles by 1998," he said, adding that as air quality continues to be a major issue for metropolitan areas, other states will soon enact similar legislation.

"Finding the keys to building a practical and affordable electric vehicle could be developed during these next few years of racing," he added.
Wide receiver Jason Goss has 14 of Vink with 18 receptions. OU prefers the short pass averaging just 10.5 yards per catch.

Ohio depends heavily on junior Lakarlos Townsend for its yards on the ground. Townsend has just under two-thirds of OU’s carries for the season and 259 of their 287 rushing yards. OU is averaging just 2.3 yards per rushing attempt this season.

Toledo held the Bobcats to just 10 first downs and only 193 yards of total offense in their 31-6 win last weekend.

On defense, Ohio is led by the linebacking combination of Jabaar Thompson, who leads the team with 56 tackles, and Benny King, who has 38 stops. Damiso Johnson is one of three seniors in the secondary for the Bobcats. He is third on the team with 30 tackles.

Hank Ray, Townsend’s back-up at running back, is third in the MAC and 17th in the country in kickoff returns averaging 26.5 yards per return.

SI SHAPIRO SELECTED FOR 1994 ALUMNI SERVICE AWARD

A former member of the BGSU Alumni Board of Trustees, who served as Chair of the Association’s Special Projects Committee, has been selected to receive the 1994 Alumni Service Award. It will be presented today in special pre-game ceremonies.

Simon E. Shapiro ’62 of Cambridge, Massachusetts, President of TAGS Hardware, has been a long-time, loyal supporter of Bowling Green State University and the Alumni Association. He notes, “My years on the board and on various committees were ways to give back to the University in service what I gained in ability as an undergraduate.”

A member of the BGSU Presidents Club, he was a founding member of the New England Alumni Chapter and was also instrumental in initiating the New England Alumni Chapter Scholarship. In serving two years as Chair of the Association’s Special Projects Committee, he developed retailing and marketing strategies to assist in raising funds through the sale of BGSU merchandise. During his three-year board term, he also served on the Chapter Scholarship Selection Committee each year. Through his career in the hardware business, he has also supplied the Alumni Center with everything from a television set to a vacuum cleaner to a canopy tent and more.

Active in community endeavors, he was formerly president of Cambridge Cable TV, and is a member of Cambridge Rotary and the city’s YMCA corporate board. “It is amazing someone can live that far from the University and yet have such impact on Alumni Office programs and activities,” notes Larry Weiss, director of alumni affairs and associate vice president for University Relations. “Si is an ‘action’ person and he makes things happen. We are truly indebted to him for his continuing support and involvement and we hope this award, in some small way, helps reflect our gratitude.”

Letter From The President

Dr. Paul J. Olscamp - President

This is my thirteenth and final opportunity to communicate with our fans and alumni through the vehicle of the Homecoming day Falcon Football Magazine because, as you may know, I have announced my retirement from the University presidency on June 30, 1995. For that reason, this is a special opportunity for me in many ways. While I take great pleasure, as always, in extending a most cordial welcome to all those in attendance, my usual feelings of pride and expectation are mixed this year with notes of nostalgia.

I want to share something of my sense of nostalgia with you today because I think it speaks to the factors which bring us together at special times like Homecoming and in special places like Doyt Perry Stadium. We come because of the joy we have in our memories of BGSU over the years and because of the pride we take in the many, many accomplishments for which our University is justly becoming known around the country and the world.

On this occasion it is particularly appropriate to recall the successes of our football team, especially during the last few seasons. We have had a wonderful head coach and coaching staff, as well as dedicated and skilled players. I’m sure that you will see all of these qualities in evidence during the game today and throughout the season. A little healthy nostalgia always feeds the pride we take in the present.

As you enjoy the special Homecoming activities, both formal and informal, which have been planned for you this weekend, I hope you will also set aside some time to reflect—as I do—on the many qualities of BGSU which have made this such a fine university at which to work and study. Think about the academic programs which have brought national and international recognition to us and about the faculty who have created those programs and the opportunities extending from them. Better yet—if you possibly can, go and visit some of those faculty and staff members whom you possibly know from your own days in Bowling Green.

In addition, I hope you’ll take time to tour our campus and relish the fine grounds and buildings—both the old and the new—which make up the physical side of our University. We have surely been blessed during recent years in our ability to add some beautiful and vital new structures to the campus environment. I urge you to take this occasion to tour buildings like the Field House, Olscamp Hall, the addition to the Fine Arts Building and the newly renovated Founders Quad. I think you’ll agree with me that these are marvelous additions to our campus.

I am very glad to have you with us today. Please return and visit as often as you can.
THANKS, B.G.!

We're not the most conspicuous copier store in the area. Which is why your business means so much to us. You see, we know that you know that story: while the big universities get the attention, BGSU just does its job... and develops programs, academic and athletic, to rival any in the Midwest! So... thank you, BG, for letting Goodremont's and Minolta to help you in "reproducing" your very considerable accomplishments.
