FAMILY WEEKEND
The Bowling Green State University Department of Athletics would like to welcome the family and friends of BGSU students, faculty and staff who are visiting Perry Stadium as part of their Family Weekend activities.

RENEWING THE RIVALRY
To many Falcon faithful, this is the most important rivalry for BGSU. The two teams have combined for 23 of the 54 previous MAC titles and have won 427 conference games.

The RedHawks are the only MAC school with a winning record against the Falcons, holding a 35-18-5 advantage in the series which began in 1941. The Falcons won six of seven meetings from 1991-1997, but will be looking to end a three-game losing streak against Miami. The RedHawks defeated BGSU, 24-10, last season and captured a 45-31 victory in the teams last meeting in Perry Stadium in 1999.

A FALCON WIN
A BGSU win would allow the Falcons to post its first winning season since 1994, ending the longest stretch without a winning record in school history.

SECOND HALF COMEBACK
The Falcons overcame a deficit (9-7) in the second-half for the second time this season on the road during the win at Akron. Earlier this season, BGSU came back from a 13-7 deficit at Missouri.

MEYER EARNS RESPECT
Urban Meyer was recently tabbed as the MAC's Midseason Coach of the Year by ESPN.com. Meyer and Don Nehlen are the only Falcon coaches ever to begin their BGSU careers 3-0.

Under Meyer and his staff, the Falcons have more than doubled their win total from the 2000 season with five victories and tripled their East Division wins with three.

BATTLE IN BAMA

DECEMBER 19, 2001
LADD PEEBLES STADIUM * MOBILE, AL.

www.gmacbowl.com
Urban Meyer, a native Ohioan, is in his first year as the 15th head football coach in Bowling Green State University history.

“We are excited to welcome Urban and his family to BGSU,” said Director of Athletics Paul Krebs at the time of Meyer's hiring. “He is highly regarded by everyone he has worked with and is viewed as one of the top coaching prospects in the country. I was extremely impressed by his organizational skills and vision for the future of our program.”

Meyer, who had been the receivers coach for the Fighting Irish since 1996, replaced Gary Blackney, who resigned after coaching the Falcons for 10 seasons.

“Growing up in the state of Ohio, you know that Bowling Green has a great reputation as a University,” said Meyer. “It is my goal to add to the great tradition of its football program and do so with the best interests of the student-athlete in mind.”

AN IMPRESSIVE BACKGROUND

In 2000, Notre Dame ranked among the nation’s leaders in passing efficiency, committed the fewest turnovers in the nation and earned a berth in the Fiesta Bowl. In addition, they boasted one of the top special teams units in the country - ranking third in kickoff returns, 10th in net punting and 12th in punt returns. The 1999 season saw Meyer’s receiving corps break the Irish single-season record for pass receptions with 192 and total receiving yards with 2,858.

During 1998, Meyer coached split end Malcolm Johnson, who ended his career with 110 receptions, the seventh-highest total in school history. Johnson is now with the New York Jets. The previous year, Meyer coached Johnson and fellow receiver Bobby Brown as they became the first Irish pair of players to record 40 or more receptions individually in a season. Brown made 45 catches and Johnson had 42. In addition, the Notre Dame receivers helped set a then-single-season school record with 190 receptions.

In 1996, he coached a youthful Irish receiving corps and helped integrate those players with veteran quarterback Ron Powlus to contribute to a Notre Dame attack that produced the third-highest figures for total offense and scoring in Irish history.

Prior to heading to Notre Dame, Meyer coached at Colorado State from 1990-95. He helped the Rams to the 1994 Western Athletic Conference title and to Holiday Bowl appearances following both the 1994 (10-2 final record) and 1995 seasons (8-4). Colorado State finished 16th in the final Associated Press poll in ’94.

In 1992, Meyer coached wide receiver Greg Primus, an All-WAC pick who finished as Colorado State’s all-time leading receiver and ended up with 192 career catches for 3,200 yards. That latter total ranked 10th on the NCAA’s all-time yardage list. Meyer also helped Colorado State to the Freedom Bowl title following the 1990 season.

Meyer spent two seasons at Illinois State, coaching quarterbacks and receivers in 1980 and outside linebackers in 1988. He worked as receiver coach at Ohio State in 1987 and helped the Buckeyes to an Orange Bowl win following the ’86 campaign when he coached tight ends.

MEYER’S MENTORS

Meyer has worked for a number of the top head coaches in the country including Earle Bruce, Lou Holtz, Sonny Lubick and Bob Davie.

Beyond Business as Usual.

TOLEDO, OHIO

development of BGSU branding and marketing communications.
The Falcon Marching Band (FMB) has a tradition of excellence and this season it will continue. Over the past many years the FMB has performed numerous home and away football games, parades, the Motor City Bowl, The Silver Bowl in Las Vegas, and halftime shows at profession football games. The FMB has 207 members form all colleges within the university. The music for this year's halftime performances includes a Movie, Jazz, Rock, Earth-Wind & Fire, and a Soul/Funk show.

The music for the first show includes Excerpts from "Lost in Space", Mission Impossible and Robin Hood Prince of Thieves. The second includes Night Wind, Mr. Big Time, and Channel One Suite. The third show is comprised of rock hits Mr. Roboto, She Blinded Me With Science, and Hold On I’m Coming. The fourth show features September, After the Love Has Gone/Fantasy, and In the Stone. The final show will have you in the aisles dancing to the hits, You Dropped A Bomb On Me by The Gap Band, The Theme from Shaft, by Isaac Hayes, and Let It Whip, by the Dazz Band.

The FMB invites you to attend our special performances for the 2001 season that include performing at the BGSU @ Marshall game on September 29, a Cleveland Browns game on October 21, and our annual Band-O-Rama on November 18 at 3:00p.m. in Anderson Arena.

**ALMA MATER**

Alma Mater hear us,
As we praise thy name
Make us worthy sons and daughters
Adding to thy fame.

Time will treat you kindly
Years from now you’ll be
Ever dearer in our hearts,
Our University.

From your halls of ivy
To the campus scene,
Chimes ring out with gladness
From our dear Bowling Green.

When all is just a mem’ry
Of the by-gone days,
Hear our hymn dear Alma Mater
As thy name we praise.

**FIGHT SONG**

Forward Falcons, Forward Falcons
Fight for victory,
Show your spirit, make them fear it
Fight for ‘ol Bee Gee.

Forward Falcons, Forward Falcons
Make the contest keen,
Shout out the fame of our mighty name
And win for Bowling Green!

**AY ZIGGY ZOOMBA**

Ay Ziggy Zoomba Zoomba Zoomba
Ay Ziggy Zoomba Zoomba Ze
Ay Ziggy Zoomba Zoomba Zoomba
Ay Ziggy Zoomba Zoomba Zi
Roll along you BG warriors
Roll along and win for BGSU

Ay Ziggy Zoomba is Bowling Green’s unofficial fight song. Gil Fox, an Air Force bombardier in World War II stationed in Italy, brought a loose translation of a Zulu war chant back with him, and since its introduction in 1946 to a campus spirit assembly, it has kept its place in BGSU history. The Falcon football team traditionally sings "Ay Ziggy Zoomba" after each victory.

Bowl Schedule

The Motor City Bowl will again feature teams from the Mid-American Conference and Conference USA.

The fifth edition of the bowl game will be played Dec. 29, 2001, at noon in the Pontiac Silverdome. The contest will be broadcast live on ESPN.

Under the direction of former Michigan State University head football coach George Perles, the Motor City Bowl has teamed with the MAC since the Bowl’s inception in 1997 to feature some of the nation’s top players in a highly competitive postseason environment.

Stars and spectacular performances have emerged from the Motor City Bowl’s December competition, including John Avery of Ole Miss; Randy Moss, Chad Pennington and Doug Chapman of Marshall; and Chris Redman of Louisville.

Perles, the bowl’s Chief Executive Officer, and Ken Hoffman, Executive Director, have secured sponsorship from the Big Three Automakers — Ford, Daimler Chrysler and General Motors.

The MAC and the Motor City Bowl have a perpetual contract assuring the conference and the Bowl of an affiliation for as long as the bowl and the conference both exist.

With 2001 marking its third season, the GMAC Bowl (previously the Mobile Alabama Bowl), in April 2001, signed an agreement with the Mid-American Conference to provide the top selection from the league this year to face the No. 2 choice from Conference USA in the annual post-season holiday bowl game. Thus, for the first time in the league’s 55-year history, two Mid-American Conference football teams will be playing in bowl games.

The inaugural Mobile Alabama Bowl in 1999 featured TCU stopping East Carolina 28-14. Last year’s contest had the Horned Frogs dropping a 28-21 decision to Southern Miss before a capacity crowd of 40,600. This year’s GMAC Bowl game will be played on Wednesday, December 19, at 7:00 p.m. in Mobile’s Ladd-Peebles Stadium and the game will be televised on ESPN2.

Several events add a festival atmosphere to the game itself. Among them are a Mardi Gras Parade and Block Party the evening prior to the game, a Mayor’s Luncheon (Dec. 18), an FCA Breakfast (Dec. 17), the Coors Classic basketball doubleheader (Dec. 15) and a Mobile Mysticks hockey game (Dec. 17).

In an effort to help the MAC obtain a much-deserved second bowl tie-in, the Motor City Bowl has agreed to allow the GMAC Bowl to make the first selection from the MAC in 2001. During its first two years, the bowl paired a Western Athletic Conference selection to play the C-USA representative.

The BGSU Athletic Department is committed to being a national and community leader, demanding academic and athletic excellence that fosters integrity, pride, respect, tradition, and creative innovation.

Last year, 1,500 individuals helped Bowling Green State University’s student-athletes earn victories on and off the playing field with their contributions to the Falcon Club. This year, with renewed emphasis on scholarship, 100% of all dollars raised will be committed to our athletic scholarship program.

100% of your Falcon Club contribution can be designated to the sport of your choice for scholarship support.

Football player Eric Curl (second from left) was named BGSU’s 2000-2001 senior male scholar athlete of the year. He is joined by junior male scholar athlete of the year Tony Malik (soccer), senior female scholar athlete of the year Jen Jarjosa (swimming) and junior female scholar athlete of the year Janean Johnson (track and field).

I am interested in learning more about the Falcon Club...

Doyt L. Perry Stadium, with its 30,599 seating capacity, is celebrating its 36th year as the home of Bowling Green State University football.

Built in 1966 for approximately $3 million as a replacement for the 43-year-old University Stadium, Perry Stadium had a capacity of 23,272 until bleacher seats were installed in both end zones in 1982. This season will mark the first with permanent lighting. One of the largest and most attractive athletic facilities in the Mid-American Conference, Perry Stadium set the conference record for single-game attendance.

On October 8, 1983, a huge crowd of 33,527 packed into Perry Stadium for the annual Northwest Ohio rivalry between Bowling Green and Toledo, establishing a school and MAC record for single-game attendance. The Falcons went on to set a season record, breaking the six-digit figure for five games with a total draw of 100,021. It marked the first time in history that Bowling Green averaged more than 20,000 fans for five home football games.

That figure was topped in 1985, when Bowling Green posted a perfect record (11-0) in the regular season and clinched the MAC Championship by shutting out Toledo at Perry Stadium in November. More than 28,000 fans turned out that day, raising Bowling Green’s season attendance to an all-time high 112,110, an average of 22,422.

In 1994, BG fans bettered the mark of 1985 as 114,802 fans, an average of 22,960, attended the five home games.

Perry Stadium is more than just a football facility. The east side of the stadium includes locker rooms, equipment and training rooms, along with the Athletic Department offices. The west side received a face-lift 12 years ago. A physical fitness center/weight room opened the doors to all intercollegiate athletic teams in the summer of 1988.

Also situated on the west side of Perry Stadium are the Falcon Club offices and clubhouse, the men’s and women’s soccer and track and cross country offices, as well as maintenance and storage areas.

Sitting atop the press box on the west side of the stadium is the plush Stadium Club. Now in its 20th year of operation, the Stadium Club’s 106 theatre-type seats, which are all sold, provide loyal BGSU fans with the best view of the game. The President’s Box, located at the top of the east side of the stadium, provides luxury seating for President Sidney Ribeau, his guests, and other supporters of Falcon football.

The construction of elevators on both sides of the stadium, completed in early 1998, has made the stadium more accessible for all fans. Renovations to all boxes on both sides and the stadium club have taken place over the last few years making for a more “fan-friendly” atmosphere. Bowling Green won the first game ever played in Perry Stadium, defeating Dayton, 13-0, on October 1, 1966. Since that time, the Falcons have won over 67 percent of their home games, compiling a 110-56-6 record in the 172 games played at Perry Stadium.

Over the last 18 seasons, Bowling Green is 66-23-4 at home for a .710 winning percentage.

Perry Stadium is named in honor of the man who led Bowling Green to a 77-11-5 record in his 10 years as the head coach of the Falcons. Doyt L. Perry was simply one of the greatest football coaches of his day. His .855 winning percentage over 10 seasons in the 1950s and 1960s remains one of the highest in football history. In fact, Perry is fifth all-time behind Bob Reade (Augustana), Knute Rockne (Notre Dame), Frank Leahy (Notre Dame), and Larry Kehres (Mount Union) in winning percentage among coaches with at least 10 years of service on the collegiate level. Perry served as the BGSU athletic director for seven years (1965-71) after stepping down as football coach.
In its 55th year of existence, the Mid-American Conference has grown and developed into one of the most aggressive and progressive conferences in the country.

The MAC continues to lead by example to provide its student-athletes and the member institutions with the best possible opportunities.

Since 1946, the MAC has not only stood the test of time, but has flourished into forming a league that its founders could not have imagined or dreamed of. Based in Cleveland since July 1949 following a 15-year stay in Toledo, Ohio, the MAC has been in the forefront of national legislation that has enhanced the academic integrity of intercollegiate athletics. The MAC strengthened admittance standards, established an academic progress rule and set increased grade-point-average requirements long before the NCAA adopted or discussed implementing such academic standards.

Under the direction of Rick Chryst, the seventh commissioner in the history of the MAC, the Mid-American Conference is coming off one of the most productive years both on and off the playing fields.

This past spring, the MAC played its first-ever over-the-air broadcast on ESPN, the MAC football championship game -- and also made nine national appearances on ESPN, ESPn2 and ABC.

The Mid-American Conference was founded as a five-school conference on February 24, 1946 in Columbus, Ohio with Ohio, Butler, Cincinnati, Wayne State and Western Reserve admitted as charter members.

The Mid-American Conference, which now has 13 schools, consists of the University of Akron (joined in 1992), Ball State University (1973), Bowling Green State University (1952), Kent State University (1971), Central Michigan University (1971), Eastern Michigan University (1971), Kent State University (1951), Marshall University (1954-69, 1997), Miami University (1947), Northern Illinois University (1975-86, 1997), Ohio University (1946), University of Toledo (1950) and Western Michigan University (1947).

With the addition of two schools in 1997 and a third in 1998, the conference, which is the nation's largest I-A league with 13 member institutions, divided into two divisions - East and West - for competition in six sports. The East consists of Akron, Bowling Green, Buffalo, Kent State, Marshall, Miami and Ohio. The West has Ball State, Central Michigan, Eastern Michigan, Northern Illinois, Toledo and Western Michigan.

The 13 member institutions have a total enrollment of more than 275,000, with individual enrollments ranging from 16,000-30,000. The MAC's overall enrollment makes it the fourth-largest conference in the United States. The 13 schools' alumni number over 1.7 million.

The MAC was the first Division-I-A conference to have its own Hall of Fame, and began honoring its tradition in 1988 with a Hall of Fame. From 1988 to May of 1994, a total of 52 individuals were inducted into the MAC Hall of Fame.

Over its 55-plus years, the MAC has produced a long list of great athletes and coaches from all corners of the sports world. The list includes Olympic gold medalists, Major League Baseball, NFL and NBA standouts, PGA standouts, national-caliber game officials and Hall of Fame coaches and players.

The MAC is a presidentially controlled conference, where all major policy decisions are made by the Council of Presidents, which consists of chief executive officers of the 13 universities.

In 1946, men's basketball was the first competitive sport in the MAC, which now sponsors a total of 23 sports. Women's sports were brought into the conference's structure in 1980.

For men, championships (11) are sponsored in football, basketball, baseball, cross country, soccer, swimming and diving, indoor track and field, outdoor track and field, wrestling, golf and tennis.

For women, championships (12) are sponsored in basketball, softball, volleyball, cross country, field hockey, golf, soccer, swimming and diving, gymnastics, indoor track and field, outdoor track and tennis.

BOWLING GREEN STATE UNIVERSITY FALCONS
Since becoming Bowling Green's ninth president six years ago, Dr. Sidney A. Ribeau has worked to mobilize faculty, staff and students in realizing a new vision for the University. That vision is to make BGSU the premier learning community in Ohio and one of the best in the nation.

"Everyone's participation is needed in order for us to define the nature of the community that we want to become and to contribute to the shaping of our common future. We can accomplish a great deal by creating an environment in which people trust each other and work together in a collaborative manner," Dr. Ribeau told the University community when he arrived.

This collaborative style, one that emphasizes the value everyone brings to the team, is the hallmark of his and the University's recent successes.

Using a systems approach to management, the president has mobilized people around issues vital to the health of the institution, evidenced by the creation of groups such as the University-wide enrollment management team. The team has developed successful long-range recruitment and retention plans featuring a variety of programs designed to assist first-year students in adjusting to college life. In 1999-2000, about half of all first-year students participated in one of these programs designed to ease new students' transition into college.

Academic programs have also been strengthened under Dr. Ribeau's leadership. Some, such as industrial/organizational psychology, higher education and student affairs, broadcast journalism, philosophy and chemistry, are nationally ranked. The University (1999) added a masters' degree program in criminology, filling a need for such a program in northwestern Ohio, and the year-old MFA program in computer art further strengthens the University's computer art program. With over 175 students in the master and state-of-the-art equipment, BGSU has become one of the leading programs in the nation for teaching computer art and animation.

Our success is due to the president's vision. He identified the demand for this field of study and put resources into a program that can be and is successful," said Bonnie Mitchell, assistant professor in the School of Art and an expert in computer art.

Dr. Ribeau's ability to inspire people, set attainable goals and provide leadership extends to helping others in the University community learn these same skills. The President's Lecture Series, which focuses on student leadership development, and the President's Leadership Academy, a leadership development program for select students, both have been created through his efforts.

Not content with nurturing academic success alone, Dr. Ribeau has made values education a cornerstone of his vision for BGSU. His agenda for the University is to create a "principled community" of concerned citizens who will use their strong moral ethics in school and, later, in their professional and personal lives to help further the country's democracy.

This means infusing the campus culture with the University's core values, making explicit in basic curricula those values, and modeling those beliefs in everyday life by faculty and staff alike.

An important aspect of ethical leadership, Dr. Ribeau believes, is that the University not be perceived as the proverbial "ivory tower," but that it be an engaged university-engaged with the community, with the schools and businesses to help all citizens achieve success in life. Two of his initiatives in this regard are the Center for Transformative Education and BGSU Partnerships for Community Action. Both organizations are predicated on the belief that the University must act in collaboration with community partners, drawing upon available knowledge and wisdom, to effect positive change.

The president also leads by listening. Frequently he meets with student and faculty groups, alumni and community leaders, legislators and other government officials.

Dr. Ribeau is especially popular with students. At most universities the students don't even know the name of the president, but here everyone knows Dr. Ribeau. We can feel the conviction in his voice when he talks about his vision. He doesn't lecture; he listens. He has given us something to believe in," said Rebecca Nieto, a 2001 graduate from Paulding, Ohio, who was active in student governance.

Dr. Ribeau also has had a key role in promoting diversity issues in higher education. In addition to championing diversity initiatives at BGSU, he has participated in former President Clinton's nationwide dialogue on race relations. A staunch advocate for developing in students' good hearts as well as able brains," Dr. Ribeau has served on the faculty for the National Institute on College Student Values and is on the advisory board of the new electronic "Journal on College and Character."

He has also served as a guest leader at the LeaderShape Institute, the flagship program of LeaderShape Inc., a nonprofit organization committed to developing young adults who will lead with integrity. He was a contributor to LeaderShape Inc.'s Visions and Values 2000, which offers a series of essays focusing on values, vision and leadership, and is a regular contributor to area newspapers in the opinion-editorial pages on issues in higher education.

An advocate of higher education at state and national levels, Dr. Ribeau is a member of the State Funding Commission for Higher Education, the American Council on Education (ACE) Fellows Selection Committee and the ACE Commission on Leadership and Advisory Council. He is involved in the American Association of State Colleges and Universities (AASCU) and the National Association of State Universities and Land Grant Colleges (NASULGC).

The president is an expert in intercultural communication, African-American culture, relational communication, public discourse and race relations. His recent publications include "Preparing Our Students for the Next Millennium" in Diversity Exchange, a magazine of Florida International University, and a research article on the advancement of African-American senior administrators at predominantly white institutions, currently in press with Negro Education Review.

Raised in Detroit, Dr. Ribeau received his bachelor's degree from Wayne State University in 1971. In 1996 WSU honored him with a Distinguished Alumnus Award. He earned master's and doctoral degrees in interpersonal communication from the University of Illinois, Urbana-Champaign, in 1973 and 1979, respectively.

He began his teaching career in 1976 as a professor of communication studies at California State University, Los Angeles. Eight years later, after being honored as an outstanding teacher and student adviser, he was named chair of the university's Pan African Studies Department. He held that chair until 1987, when he was named dean of undergraduate studies at California State University, San Bernardino. Three years later, he became dean of the College of Liberal Arts at Cal Poly's San Luis Obispo campus.

In 1992 he was named vice president for academic affairs at Cal Poly Pomona, a position he held until coming to Bowling Green.

A firm believer in University-community involvement, Ribeau is a member of the chambers of commerce for both Bowling Green and Toledo and serves on the boards of United Way, the Greater Toledo Urban League, the Toledo Symphony Orchestra, the Andersons Inc., a Maumee, Ohio-based grain merchandising firm, and Worthington Industries.
Paul Krebs was named the 11th athletic director at Bowling Green State University on March 15, 1999, and has enthusiastically molded a vision for his alma mater as it enters a new era of intercollegiate athletics.

Under his direction, the BGSU athletic department continues to offer more opportunities for men and women (22 sports) than any other institution in the Mid-American Conference. He has helped bring head coaching salaries in-line with other peer institutions and has been praised for identifying and hiring dynamic, young coaches, and retaining some of the most respected coaches in their sports, who look to lead the Falcons into the new century.

Krebs also fostered a relationship with ESPN Regional television which saw BGSU make 12 appearances in football and men’s basketball, including the Falcons first national television appearance in football since 1992.

Under his direction, BGSU athletics now manages all of its radio and television sponsorship in-house and manages its own website with the FansOnly Network and oversees the University’s licensing programs. He also was the department’s main liaison when dealing with engineers, architects, and financial planning committees.

He was the department’s main liaison when dealing with engineers, architects, and financial planning committees.

In addition to overseeing the ticket office, athletic business office, information systems, facility operations and maintenance areas, he was the point person in the planning and design of Ohio State’s $105 million Jerome Schottenstein Center, the $150 million renovation of storied Ohio Stadium, the Jesse Owens Stadium, and the $5 million Bill Davis Stadium for baseball. He was also actively involved in fundraising and securing corporate sponsorship for the new facilities.

The OSU Ice Rink and the 36-hole nationally-acclaimed OSU Golf Course also fell under his administrative areas of supervision. He also coordinated game management, including crowd control and game-day timing of football and men’s and women’s basketball.

Krebs chaired several committees within the Buckeyes athletic department and played a key role in attracting some of the nation’s premier entertainers to Ohio Stadium and other OSU venues.

He also served as meet director for the NCAA Div. I Golf Championships in 1987 and 1995 and the regional championships in 1993.

Krebs was active in the Columbus community, routinely assisting such programs as Easter Seals, United Way, and the Special Wish Foundation. He was also involved in the Columbus chapter of the National Football Foundation.

He went to Ohio State in 1985 as the ticket director and quickly implemented a new computer program that streamlined the ticket office while improving efficiency. He was named assistant athletic director in 1987. In 1991, he was promoted to assistant athletic director for administration, a position he held until 1993.

He began his professional career as the assistant ticket director at Old Dominion in 1981 before being promoted to the ticket director in 1983, a position he held for two years before going to Ohio State.

Paul and his wife, Marjorie, have two children, a daughter Taylor, 12, and a son, Jacob, 8.

The Canfield, Ohio, native earned a bachelor’s degree in business from BGSU in 1978 and a master’s degree in athletic administration at Ohio State in 1981.
All-MAC performers Keith McLeod and Len Matela (left) and Francine Miller (right) will lead their respective Falcon basketball teams into action this season.
