FALCONS FACE A TOUGH MISSOURI SQUAD

Bowling Green, coming off a 41-7 win over Tennessee Tech in the 2002 season opener, will battle former BGSU assistant coach Gary Pinkel and undefeated (2-0) Missouri. Pinkel was a Falcon assistant coach from 1977-78, and spent 10 years (1991-2000) as the head coach at Toledo. During his UT tenure, he had a 2-3-0 mark here at Doyt Perry Stadium.

The Tigers are the first Big 12 Conference team to visit BGSU since Iowa State came to Perry Stadium in 1977. This also marks the third consecutive year that a school from a BCS-affiliated conference comes to town (Pittsburgh in 2000, Temple in 2001).

BIG 12 VS. THE MAC

Missouri is the first of two Big 12 opponents for the Falcons this season, as BGSU will play at Kansas a week from tonight. Missouri is concluding a two-game stretch against MAC opponents, having posted a 41-6 win over Ball State in Columbia last Saturday night.

FAMILIAR FOES

The Falcons and Tigers are hooking up for the fourth time since the 1995 season, but tonight's meeting marks the first between the schools here in BG. The Falcons have taken two of the first three meetings, all in the Show-Me State, and will return to Columbia in the 2009 season.

FALCON NOTES

BGSU is looking to start consecutive seasons with a 2-0 record for the first time since 1975 and 1976 ... the win over Tennessee Tech gave Urban Meyer's squad a four-game winning streak dating to last year ... that streak is the longest for the Falcons since the team captured nine consecutive games in 1994 ... BGSU is 4-0 at home under the newly-installed permanent lights ... the Falcons are 8-2 all-time in night games (starting at 6:00 p.m. or later) at home.

Urban Meyer has quickly established himself as one of the top young head coaches in the country. The native of Ashtabula, Ohio took over the BGSU program in December of 2000 and engineered the top turnaround in NCAA I-A football during the 2001 season.

His first squad finished with an 8-3 record and placed second in the MAC’s East Division with a 4-2 ledger. The Falcons also became the first MAC school to post wins over three BCS conference schools in a regular season (Missouri, Temple, and Northwestern). In addition, BGSU knocked off two teams (Northwestern and Toledo) who were nationally ranked during the season and Brandon Hicks became the school’s first defensive All-American since 1984. In addition, the Falcons doubled their home attendance in 2001.

For his efforts, Meyer was named the consensus 2001 MAC Coach of the Year. In addition, following the win at Missouri, he was named national coach of the week by ESPN.com.

An Impressive Background

Meyer came to BGSU after serving as receivers coach at Notre Dame. In 2000, Notre Dame ranked among the nation’s leaders in passing efficiency, committed the fewest turnovers in the nation and earned a BCS berth in the Fiesta Bowl. In addition, they boasted one of the top special teams units in the country, ranking third in kickoff returns, 10th in net punt ing and 12th in punt returns. The 1999 season saw Meyer’s receiving corps break the Irish single-season record for pass receptions with 192 and total receiving yards with 2,858.

During 1998, Meyer coached split end Malcolm Johnson, who ended his career with 110 receptions, the seventh-highest total in school history. Johnson is now with the New York Jets. The previous year, Meyer coached Johnson and fellow receiver Bobby Brown as they became the first Irish pair of players to record 40 or more receptions individually in a season. Brown made 45 catches and Johnson had 42. In addition, the Notre Dame receivers helped set a pair of players to record 40 or more receptions individually in a season. Brown made 45 catches and Johnson had 42. In addition, the Notre Dame receivers helped set a

University President

Sidney A. Ribeau

Since becoming Bowling Green’s ninth president seven years ago, Dr. Sidney A. Ribeau has worked to mobilize faculty, staff and students to create a vision for the University. That vision is to make BGSU “the premier learning community” in Ohio and one of the best in the nation.

Dr. Ribeau’s participation is needed in order for us to define the nature of the community that we want to become and to contribute to the shaping of our common future. We can accomplish a great deal by creating an environment in which people trust each other and work together in a collaborative manner,” Dr. Ribeau told the University community when he arrived.

This collaborative style, one that emphasizes the value everyone brings to the team, is the hallmark of his and the University’s recent successes.

Using a systems approach to management, Dr. Ribeau has gathered people around issues vital to the lifeblood of the institution, evidenced by the creation of groups such as the University-wide enrollment-management team. The team has developed successful long-range recruitment and retention plans featuring a variety of programs designed to assist first-year students in adjusting to college life. In 1999-2000, about half of all first-year students participated in one of those programs designed to ease new students’ transition into college.

With these successful enrollment initiatives have come opportunities to hire new faculty and staff and to make $90 million in capital improvements on campus, including an ongoing $34 million project to renovate and enlarge the Student Union. There also have been significant gains in annual giving to the University during the past five years. For the 2000-01 fiscal year, total giving to BGSU surpassed $10 million, including nearly $5 million in annual giving and slightly more than $2 million in bequests.

Academic programs have also been strengthened under Dr. Ribeau’s leadership. Some, such as industrial/organizational psychology, higher education and student affairs, broadcast journalism, philosophy and chemistry, are nationally ranked. The University this year (2001) added a master’s degree program in criminal justice, filling a need for such a program in northwest Ohio, and the year-old MFA program in computer art further strengthens the University’s computer graphics program. With over 400 students in the major and state-of-the-art equipment, BGSU has become one of the leading programs in the nation for studying computer art and animation.

“Our success is due to the president’s vision. He identified the demand for this field of study and put resources into a program that can be and is successful,” said Bonnie Mitchell, assistant professor in the Department of Art and a member of the University community.

Dr. Ribeau’s ability to inspire people, set attainable goals and provide leadership extends to both the University community and students. The President’s Lecture Series, which focuses on student leadership development, and the President’s Leadership Academy, a leadership development program for select students, both have been created through his efforts.

Not content with nurturing academic success alone, Dr. Ribeau has made values education a cornerstone of life at BGSU. His agenda for the University is to create a “principled community” of concerned citizens who will use their strong moral ethics in school and, later, in their professional and personal lives to help further the country’s democracy. This means infusing the campus culture with the University’s core values, making explicit in basic curricula those values, and modeling those beliefs in everyday life by faculty and staff alike.

An important aspect of ethical leadership, Dr. Ribeau believes, is that the University not be perceived as the proverbial “ivory tower,” but that it be an engaged university-engaged with the community, with the schools and with businesses to help all citizens achieve success in life. Two of his initiatives in this regard are the Center for Transformative Education and BGSU Partnerships for Community Action. Both organizations are predicated on the belief that the University must act in collaboration with school and community partners, drawing upon available knowledge and wisdom, to effect positive change.

The president also leads by listening. Frequently he meets with student and faculty groups, alumni and community leaders, legislators and other government officials.

Dr. Ribeau is especially popular with students. “At most universities the students don’t even know the name of the president, but here everyone knows Dr. Ribeau. We can feel the conviction in his voice when he talks about his vision. He doesn’t lecture us; he listens. He has given us something to believe in,” said Rebecca Nieto, a 2001 graduate from Paulding, Ohio, who was active in student governance.

Dr. Ribeau also has had a key role in promoting diversity issues in higher education. In addition to championing diversity initiatives at BGSU, he has participated in former President Clinton’s nationwide dialogue on race relations. A staunch advocate for developing in students “good hearts as well as able brains,” Dr. Ribeau has served on the faculty for the National Institute on College Student Values and is on the advisory board of the new electronic “Journal on College and Character.”

He has also served as a guest leader at the LeaderShape Institute, the flagship program of LeaderShape Inc., a nonprofit organization committed to developing young adults who will lead with integrity. He was a contributor to Leadership Inc.’s Visions and Values 2000, which offers a series of tools for focusing on values, vision and leadership, and is a regular contributor to area newspapers in the opinion-editorial pages on issues in higher education.

A recognized advocate of higher education at both state and national levels, Dr. Ribeau is a member of the State Funding Commission for Higher Education, the American Council on Education (ACE) Fellows Selection Committee, and the ACE Commission on Leadership and Advisory Council. He is involved in the American Association of State Colleges and Universities (AASCU) and the National Association of State Universities and Land Grant Colleges (NASULGC).

The president is an expert in intercultural communication, African-American culture, relational communication, public discourse and race relations. His recent publications include “Preparing Our Students for the New Millennium” in Diversity Exchange, a magazine of Florida International University, and a research article on the advancement of African-American senior administrators at predominantly white institutions, currently in press with Negro Education Review.

Raised in Detroit, Dr. Ribeau received his bachelor’s degree from Wayne State University in 1971. In 1996 WSU honored him with a Distinguished Alumnus Award. He earned master’s and doctoral degrees in interpersonal communication from the University of Illinois, Urbana-Champaign, in 1973 and 1979, respectively.

He began his teaching career in 1976 as a professor of communication studies at California State University, Los Angeles. Eight years later, after being honored as an outstanding teacher and student adviser, he was named chair of the university’s Pan African Studies Department. He held that position until 1987, when he was named dean of undergraduate studies at California State University, San Bernadino. Three years later, he became dean of the College of Liberal Arts at Cal Poly’s San Luis Obispo campus. In 1992 he was named vice president for academic affairs at Cal Poly Pomona, a position he held until coming to Bowling Green.

A firm believer in University-community involvement, Ribeau is a member of the chambers of commerce for both Bowling Green and Toledo and serves on the boards of United Way, the Greater Toledo Urban League, the Toledo Symphony Orchestra, the Andersons Inc., a Maumee, Ohio-based grain merchandising firm, and Worthington Industries.

Paul Krebs was named the 11th athletics director at Bowling Green State University on March 15, 1999.

Krebs leads one of only 13 programs which sponsor Division IA football, men's and women's basketball and men's ice hockey. This past year, the Falcons enjoyed tremendous success finishing as one of six schools in the country to win at least eight Division IA football games and 24 men's basketball games. With the top turnaround in Division IA football (a six-game improvement), BGSU athletics also enjoyed success at the turnstiles with football attendance doubling this past season.

He has helped bring head coaching salaries in-line with other peer institutions and has been praised for identifying and hiring dynamic, young coaches, and retaining some of the most respected coaches in their sports, who look to lead the Falcons into the new century. One of Krebs' first tasks was to maximize the department's revenue opportunities. He has been instrumental in creating a partnership with CAVS/Gund Arena properties in Cleveland to market BGSU athletics on a full-time basis. This arrangement is the first of its kind in the MAC and already has paid dividends. Last year, BGSU increased the reach of its television coaches shows by aligning itself with Fox Sports Ohio, the only school in the MAC to do so.

Krebs also fostered a relationship with ESPN Regional television which has seen BGSU make 16 appearances in football and men's basketball, including the Falcons' first national television appearance in football since 1992.

Under his direction, BGSU athletics now manages all of its radio and television sponsorship in-house and manages its own website with OCSN (formerly the FansOnly Network) and oversees the University's licensing program.

He also has helped lead the charge to improve facilities including the installation of permanent lighting at Doyt Perry Stadium in August, 2001, the renovation of the locker rooms and new offices at the BGSU Ice Arena, and new bleachers and a press box at Warren Steller baseball field and a new infield and warning track at the school's softball facility.

Nationally, Krebs is a faculty member for the Division I-A Athletic Director's Institute. He also has been chosen to serve on the Games Committee for the National Association of Collegiate Directors of Athletics (NACDA), 2002 Pigskin Classic.

At the Mid-American Conference level, Krebs has served for three years on the Infractions Committee and also is the chair of the MAC Baseball committee.

Krebs is a member of the BGSU President's Advisory Council, Student Affairs Executive Council, Homecoming Committee and served as chair of Student Affairs' Training and Development.

Krebs is involved locally as a member of the Exchange Club of Bowling Green and as a member of the Board of Directors of the American Red Cross Blood Services of Northwest Ohio. He also is a member of the Bowling Green Presbyterian Church.

Before coming to BGSU, Krebs had served as the senior associate athletic director at The Ohio State University since September of 1993.

In that capacity, he managed the daily operation of the department and coordinated and provided oversight for the departments $58 million budget, directed its long-range financial planning and budget oversight/reporting programs. He was the department's main liaison when dealing with engineers, architects, and financial planning committees.

In addition to overseeing the ticket office, athletic business office, information systems, facility operations and maintenance areas, he was the point person in the planning and design of Ohio State's $105 million Jerome Schottenstein Center, the $150 million renovation of storied Ohio Stadium, the Jesse Owens Stadium, and the $5 million Bill Davis Stadium for baseball. He was also actively involved in fund-raising and securing corporate sponsorship for the new facilities.

He also served as meet director for the NCAA Div. I Golf Championships in 1987 and 1993 and the regional championships in 1993.

He went to Ohio State in 1985 as the ticket director and quickly implemented a new computer program that streamlined the ticket office while improving efficiency. He was named assistant athletic director in 1987. In 1991, he was promoted to assistant athletic director for administration, a position he held until 1993.

He began his professional career as the assistant ticket director at Oklahoma in 1981 before being promoted to the ticket director in 1983, a position he held for two years before going to Ohio State.

BGSU Falcon Football Assistant Head Coaches

Gregg Brandon

Gregg Brandon is in his second year directing the BGSU offense. In his first season at BGSU, the Falcon offense showed tremendous improvement accumulating 124.46 more yards per game and 14.48 more points per game than the 2000 squad. Among MAC schools, the Falcons improved from 15th to fourth in total offense and from 11th to third in scoring offense under his leadership. BGSU set five school records on offense including total offensive plays in a game (100 vs. Kent State), individual receiving yards in a game (215, Robert Redd vs. Marshall), individual total offense in a game (148, Harris vs. Ohio), and individual receptions in a season (72, Redd).

He joined the Falcons after spending two seasons at Colorado under Gary Barnett, where he coached the receivers and kickoff return both years and was the team's passing game coordinator in 2000 and recruiting coordinator in 1999.

Brandon, 46, played football for Barnett at Air Academy High School in Colorado Springs, and stayed in close touch with him throughout the years. When Barnett was hired as head coach at Northwestern in 1992, Brandon joined the Wildcat staff as receivers coach. He was also Northwestern's recruiting coordinator for his last two seasons there (1997-98). In his seven seasons at Northwestern, Brandon assembled an extremely talented group of receivers, including D'Wayne Bates, the second all-time leading receiver in Big Ten history. Bates was a semifinalist for the Biletnikoff Award and an All-America candidate.

Brandon played collegiately as both a defensive back and wide receiver at Mesa State (1974) and Northern Colorado (1975-77). He graduated from UNC in 1978 with a bachelor's degree in education, and began his coaching career that fall as head football coach at Ellict (Colo.) High School. He spent three seasons there (1978-80) before joining the college ranks at Weber State, where he would coach the next six seasons (1981-86). He coached the tight ends and special teams in his first four seasons, the linebackers in his fifth year and the receivers and tight ends during his final year in Ogden. He was then named receivers coach at Wyoming, where he would work the next four years (1987-90). During his tenure with head coach Paul Roach, the Cowboys posted a 35-13 record, including a 16-0 run in Western Athletic Conference play in 1987 and 1988, and played in three bowls ('87 and '88 Holiday and '90 Copper). In 1991, he returned to Utah where he coached the linebackers for one season (1991) at Utah State.

He was born Feb. 29, 1956, in Tucson, Arizona, and is married to the former Robyn Mitchell. They are the parents of two sons, Nicholas (18) and Timothy (10).

The Mid-American Conference

In its 56th year of existence, the Mid-American Conference has grown and developed into one of the most aggressive and progressive conferences in the country. The MAC continues to lead by example to provide its student-athletes and the member institutions with the best possible opportunities.

Since 1946, the MAC has not only stood the test of time, but has flourished into forming a league that its founders could not have imagined or dreamed of. Based in Cleveland since July 1999 following a 15-year stay in Toledo, Ohio, the MAC has been in the forefront of national legislation that has enhanced the academic integrity of intercollegiate athletics. The MAC strengthened admittance standards, established an academic progress rule and set increased grade-point-average requirements long before the NCAA adopted or discussed implementing such academic standards.

Under the direction of Rick Chryst, the seventh commissioner in the history of the conference, the MAC is coming off one of the most productive years both on and off the playing fields.

In the spring of 2001, the MAC guaranteed for the first time in the league’s storied history that a second football team will attend a post-season bowl game. Beginning last December, the MAC sent a representative to the GMAC Bowl in Mobile, Ala., in addition to a team attending the Motor City Bowl in Pontiac, Mich. The Motor City Bowl moves to Ford Field in downtown Detroit in 2002.

The MAC also became a non-voting member of the Bowl Championship Series (BCS), a step to include the conference in future discussions regarding the sport.

Last year, for the third time in league history, both the men’s and women’s basketball tournaments were held in Cleveland with each event drawing eight institutions to Gund Arena.

The MAC is in its third year of a television agreement with ESPN. Announced on June 9, 2000, the deal features over 30 football and men’s basketball appearances over the terms of the deal, which ends in 2003. Highlighting the programming agreement are exclusive national rights to both the MAC Football Championship Game and the MAC Men’s Basketball Championship Game, as well as a minimum of five regular-season football games and nine regular-season basketball appearances over the three years.

In the first year of the television deal, the MAC played its first-ever over-the-air broadcast on ABC - the MAC Football Championship game - and also made nine national appearances on ESPN, ESPN2 and ABC.

The Mid-American Conference was founded as a five-school league on February 24, 1946 in Columbus, Ohio with Ohio, Butler, Cincinnati, Wayne State and Western Reserve admitted as charter members.

The Mid-American Conference includes 13 institutions. For women, championships (12) are sponsored in basketball, volleyball, cross country, soccer, swimming and diving, indoor track and field, outdoor track and field, wrestling, golf and tennis.

For men, championships (11) are sponsored in football, basketball, baseball, cross country, soccer, swimming and diving, indoor track and field, outdoor track and field, wrestling, golf and tennis.

The MAC is a presidentially controlled conference, where all major policy decisions are made by the Council of Presidents, which consists of chief executive officers of the universities.

In 1946, men’s basketball was the first competitive sport in the MAC, which now sponsors a total of 23 sports. Women’s sports were brought into the conference’s structure in 1980.

The MAC continues to lead by example to provide its student-athletes and the member institutions with the best possible opportunities.

Over its 55-plus years, the MAC has produced a long list of great athletes and coaches from all corners of the sports world. The list includes Olympic gold medalists, Major League Baseball, NFL and NBA standouts, PGA standouts, national-caliber game officials and Hall of Fame coaches and players.

BGSU Falcon Tradition

Why Orange and Brown?
Orange and brown have been the school colors at Bowling Green State University since 1914, the first year of classes. Legend has it that Leon Winslow, an industrial arts faculty member, got the idea from watching a women’s hat on a bus to nearby Toledo, Ohio. He liked the brown and orange color combination. So, too, did former Cleveland Browns’ head coach Paul Brown. Following a trip to BGSU in the 1940s, Brown used the colors for his All-America Conference team.

Why The Falcons?
The 2002-2003 athletic year marks the 76th anniversary of Bowling Green’s nickname, Falcons. Before 1927, BG teams were called the Normals or Teachers. Ivan Lake ’23 suggested the nickname after reading an article on falconry. Lake, managing editor and sports editor of the Sentinel Tribune in Bowling Green at the time, proposed the name change because it fit headline space and because falcons were “the most powerful bird for their size and often attacked birds two or three times their size.”

Frieda & Freddie Falcon
Frieda and Freddie Falcon are the official mascots of the Bowling Green Falcons. Together with the BGSU cheerleaders, Frieda and Freddie boost spirit at intercollegiate athletic events. Tryouts are held each spring, and winners remain anonymous to the student body until each is “beheaded” at the last home basketball and hockey game. The Freddie Falcon tradition began in 1950 while Frieda Falcon was added for the 1979-80 athletic year.

Fight Song
Forward Falcons, Forward Falcons
Fight for victory,
Show your spirit, make them fear it
Fight for ‘ol Bee Gee.

Alma Mater
Alma Mater hear us,
As we praise thy name
Make us worthy sons and daughters
Adding to thy fame.
Time will treat you kindly
Years from now you’ll be
Ever dearer in our hearts,
Our University.

From your halls of ivy
To the campus scene,
Chimes ring out with gladness
From our dear Bowling Green.
When all is just a mem’ry
Of the by-gone days,
Hear our hymn dear Alma Mater
As thy name we praise.

Ay Ziggy Zoomba
Ay Ziggy Zoomba Zoomba Zoomba
Ay Ziggy Zoomba Zoomba Ze
Ay Ziggy Zoomba Zoomba Zoomba
Ay Ziggy Zoomba Zoomba Zi
Roll along you BG warriors
Roll along and win for BGSU

Doyt L. Perry Stadium, with its 30,599 seating capacity, is celebrating its 37th year as the home of Bowling Green State University football. Last year, permanent lighting was installed at the venue and home attendance doubled.

Built in 1966 for approximately $3 million as a replacement for the 43-year-old University Stadium, Perry Stadium had a capacity of 23,272 until bleacher seats were installed in both end zones in 1982. This season will mark the first with permanent lighting.

Built in 1966 for approximately $3 million as a replacement for the 43-year-old University Stadium, Perry Stadium had a capacity of 23,272 until bleacher seats were installed in both end zones in 1982. This season will mark the first with permanent lighting.

On October 8, 1983, a huge crowd of 33,527 packed into Perry Stadium for the annual Northwest Ohio rivalry between Bowling Green and Toledo, establishing a school and MAC record for single-game attendance. The Falcons went on to set a season record, breaking the six-digit figure for five games with a total draw of 100,021. It marked the first time in history that Bowling Green averaged more than 20,000 fans for five home football games.

That figure was topped in 1985, when Bowling Green posted a perfect record (11-0) in the regular season and clinched the MAC Championship by shutting out Toledo at Perry Stadium in November. More than 28,000 fans turned out that day, raising Bowling Green's season attendance to an all-time high 112,110, an average of 22,422.

In 1994, BG fans bettered the mark of 1985 as 114,802 fans, an average of 22,960, attended the five home games. Perry Stadium is more than just a football facility. The east side of the stadium includes locker rooms, equipment and training rooms, along with the Athletic Department offices. The west side received a face-lift 12 years ago. A physical fitness center/weight room opened its doors to all intercollegiate athletic teams in the summer of 1988.

Also situated on the west side of Perry Stadium are the Falcon Club offices and clubhouse, the men's and women's soccer and track and cross country offices, as well as maintenance and storage areas.

Sitting atop the press box on the west side of the stadium is the plush Stadium Club. Now in its 20th year of operation, the Stadium Club's 106 theatre-type seats, which are all sold, provide loyal BGSU fans with the best view of the game. The President's Box, located at the top of the east side of the stadium, provides luxury seating for President Sidney Ribeau, his guests, and other supporters of Falcon football.

The construction of elevators on both sides of the stadium, completed in early 1998, has made the stadium more accessible for all fans. Renovations to all boxes on both sides and the stadium club have taken place over the last few years making for a more “fan-friendly” atmosphere. Bowling Green won the first game ever played in Perry Stadium, defeating Dayton, 13-0, on October 1, 1966. Since that time, the Falcons have won over 67 percent of their home games, compiling a 114-57-6 record in the 177 games played at Perry Stadium.

Over the last 19 seasons, Bowling Green is 70-24-4 at home for a .734 winning percentage.

Perry Stadium is named in honor of the man who led Bowling Green to a 77-11-5 record in his 10 years as the head coach of the Falcons. Doyt L. Perry was simply one of the greatest football coaches of his day. His .855 winning percentage over 10 seasons in the 1950s and 1960s remains one of the highest in football history. In fact, Perry is fifth all-time behind Bob Reade (Augustana), Knute Rockne (Notre Dame), Frank Leahy (Notre Dame), and Larry Kehres (Mount Union) in winning percentage among collegiate level coaches with at least 10 years of service on the collegiate level. Perry served as the BGSU athletic director for seven years (1965-71) after stepping down as football coach.

You Are Our Most Valuable Recruits
Last year, over 1200 individuals helped Bowling Green State University’s student-athletes earn victories on and off the playing field with their contributions to the Falcon Club. 100% of ALL dollars raised by the Falcon Club will be committed to our athletic scholarship program. More than $3 million is awarded annually in scholarship dollars, but with tuition increases, the need for donor involvement is greater than ever.

• All contributions are tax-deductible to the fullest extent allowed by law.
• A cash designation of $1,000 or more to any one sport entitles you to exclusive Coaches’ Corner involvement in that sport. The Athletic Department will commit an equal amount to the sport’s operating budget. You will also receive periodic updates on your sport and invitations to special events.
• Double or even triple your Falcon Club gift if your employer has a matching gift program. Check with your personnel office.
• Take advantage of the ease of credit card gifts if your employer has a matching gift program. Your membership contribution can be paid annually or monthly with Visa, MasterCard or Discover.

GREG PARKS

Parks, a native of Edmonton, Alberta, capped his four-year Falcon career by earning All-America honors in his senior campaign of 1988-89. That winter, he finished third in the nation in scoring, with 74 points in 47 games, earning All-CCHA in addition to All-America honors. Parks had 32 goals and 42 assists for the Falcons, who earned an NCAA berth for the third consecutive season, and was named the team’s MVP.

Parks capped his career as the school’s third-leading scorer with 240 points. He became only the seventh BGSU player to score 100 career goals, finishing with 101, and he added 139 assists. Parks still ranks fourth on the BGSU career scoring list, and he is ninth in goals and sixth in assists on those school lists.

Parks had also scored 74 points in his junior year, finishing second on the team and fourth in the CCHA in scoring that year. He had his first career hat trick in the league tournament semifinal win over Michigan State, and added a goal and an assist in the title win over Lake Superior State. Parks had 50 points as a sophomore after amassing 42 points in his freshman campaign. He tied for the school record with 178 games played as a Falcon.

While at BG, Parks helped the Falcons to a four-year total of 117 wins, tying the school record set by the 1976-79 teams for wins over a four-year period. The Falcons advanced to Joe Louis Arena for the CCHA Finals in all four of Park’s seasons, and made three NCAA appearances. BGSU went 117-55-7 (.675) during that time, including a 81-40-7 (.660) CCHA mark.

Following his BGSU career, Parks joined the professional ranks. He made it to the NHL playing for the New York Islanders in parts of three seasons (1990-93) and topping three points in 23 career NHL games. Parks also played with the Canadian National Team from 1992-96. He represented his country in the 1994 Olympic Games, helping Team Canada claim a Silver Medal.

Parks continues to play professional hockey overseas. He played six seasons in Sweden and three in Switzerland, and the coming winter will mark his first season playing in Japan.

Parks resides in Edmonton during the offseason. He and his wife, Gayle, have three daughters, Paige (10), Madyson (8) and Mackenna (20 months).

FRAN VOLL

Voll guided the women’s basketball program at his alma mater to heights never before reached at BGSU. He compiled a 144-60 record in seven years as head coach, while leading the Falcons to four NCAA Tournament appearances, four MAC Tournament titles, and three MAC regular season championships. His teams compiled a sparkling 86-27 record in MAC regular season play and a 10-3 record in MAC Tournament play.

In 1988-89, Voll led the Falcons to a 69-59 win over Cincinnati at Anderson Arena in the NCAA Tournament, the first win by a women’s basketball team from the MAC in the national tournament. The game was played before 4,100 fans, at the time the largest crowd in the history of the program.

Voll led the 1986-87 and 1988-89 teams to perfect 16-0 records in MAC play, and was named the MAC Coach of the Year in each of those seasons. He was the NCAA District IV Coach of the Year in 1987.

Voll coached one academic All-American, one freshman All-American, a Naismith Award winner and two MAC Freshmen of the Year while at BGSU. Voll’s student-athletes had a 100% graduation rate during his seven seasons.

Voll, a native of Marion, Ohio, had a high school coaching mark of 208-17-9 (924) at Delphos St. John’s, and was the winningest high school girls’ basketball coach in the nation prior to coming to BGSU in 1988. While at St. John’s, Voll’s teams won three state titles in nine years, and he was twice named Ohio prep coach of the year.

In October 1991, Voll resigned from his coaching post to take the position of Assistant Athletic Director for Athletic Development at BGSU. In that position, he worked primarily with fund-raising and public relations while running the Falcon Club. He held that position until 1996, when he took the head-coaching job at Central Michigan University, where he remained until 2000.

Voll’s overall collegiate coaching record is 187-134-9 (.583), including a 116-66-6 (.630) mark in MAC games. He still ranks second in MAC history on the coaching wins list, both overall and in league contests.

Voll, a 1966 graduate of BGSU, currently is the principal at Marion Catholic High School. He and his wife, Marty, reside in Marion, Ohio, and have three sons, Joe, Matt and Mike. All three sons are BGSU graduates who work in the field of education as administrators, teachers and/or coaches.

TOM WRIGHT

Wright, a native of Trotwood, Ohio, has enjoyed success at BGSU as both an athlete and a coach. The 2001-02 academic year marked his 30th with the Falcon track and field program.

As an athlete, Wright was a three-time All-American, and was part of the Falcons’ top mile relay team in school history. The mark of 3:37.8, set in 1966, still stands as the school record. Wright was a member of mile relay teams that captured the MAC title twice, setting a conference record in 1966, and placing in the top six at the NCAA Championships in both 1965 and 1966. He also was a MAC champion in the 440-yard dash.

Wright earned both his bachelor’s (1966) and master’s (1967) degrees from BGSU, and obtained his Ph.D. from the University of Utah in 1973.

He served as an assistant football and head track coach at Dayton Wayne High School, and as head track coach at the University of Illinois-Chicago Circle, before returning to Bowling Green in 1974.

Wright spent seven years as an assistant coach under Mel Brodt, before succeeding Brodt as head coach of the men’s track and field program in 1980. He spent 10 years in that role, before returning to an assistant-coaching role. Wright has coached nine All-Americans and 16 MAC champions in his tenure.

In addition to his coaching duties, Wright remains an assistant professor in the School of Family and Consumer Sciences. He and his wife, Shelly, reside in Bowling Green with their daughter, Kylee. Wright also has two grown sons, P.J., who coached track at the University of Akron, and Todd, who was an All-MAC football player at Ball State University.

The BGSU Athletics Hall of Fame is a place of honor for BGSU student-athletes who have excelled in their sports and have made significant contributions to the BGSU community. The Hall of Fame celebrates the stories of success, resilience, sportsmanship, and leadership that define these individuals and their time on campus.

The Falcon Football Program has been a pillar of BGSU athletics for many years, and has produced numerous top athletes and coaches who have made their mark on the program. The Falcon Football 2002 season was a successful one, with several key players and coaches leading the team to great heights.
