MISS SHAW INJURED IN AUTOMOBILE CRASH

Miss Carolyn Shaw, head of the Department of Physical Education for Women in our College, was painfully injured in an automobile accident a few days before the opening of the fall session here.

Miss Shaw and her mother were on their way to Detroit, from their home in Plymouth, Michigan. Changing traffic signals confused Miss Shaw, who was driving, so that she ran through a red light. A truck and trailer were coming through on the light and when the driver realized that Miss Shaw was not observing the signal, turned his truck to come through with her. He was able to turn the truck successfully, but could not swing the trailer in line before Miss Shaw's car crashed into it. Her car was badly damaged as also was the trailer. The truck driver and Mrs. Shaw were uninjured except for shock and bruises.

However, Miss Shaw was not so fortunate. She received cuts about the head and face, burns under the right hand. She was taken to the hospital where she will remain until the burning of the provisions, the officers of all campus organizations will meet to receive directions for conducting the social affairs of the Institution.

Marion Guernsey, secretary of the Social Committee, will have charge of the meeting. It is announced that all college organizations must have elected their officers before the end of the first six weeks of the first semester in order to receive instructions on Organization Day.

Paul Wyant Speaks on East

The first chapel for the year 1934-35 was held in the auditorium of the Administration building, Wednesday, Sept. 26. The chief feature of the program was a talk on "Fashions from the East" by P. A. Wyant. Mr. Wyant is an architect, engineer for missionary buildings and hospital in Fuchau, China. He was on his way from China to Philadelphia where, at the National Architects convention, he would complete the plans for the largest hospital in South China.

His account of modern warfare as he saw it in Puchau led us to understand more vividly the need of World Peace. Dr. Williams added, in closing that we might learn here our brothers' needs and so avoid another war.

Ridge Street School Notes

Ridge Street School has started the year with an enrollment of 214 pupils. They are divided among these seven rooms and are working with these teachers:

1st Grade Room, Emily Ordway, 36.
2nd Grade Room, Helen McKibben, 36.
3rd Grade Room, Alice Roth, 37.
4th Grade Room, Marvenelle Day, 32.
5th-6th Grade Room, Ethel Reed, 26.
5th-6th Grade Room, Vivian Craun, 22.

There are seven FERA college students assisting the instructors. They are proving to be very helpful.

Several projects of work are well begun and plans for an interesting year are being made.

Swartz led the group in the singing of taps.

The next meeting will be held Thursday, Oct. 4 in Room 103A at 7:00 P. M.
Controversy

Last week in Assembly, we were exposed to both sides of a vital problem. Undoubtedly, there are some in the student-body who have their own ideas on the subject of war and patriotism.

We would enjoy hearing from students on both sides of the question. In fact, next week we should be able to present a symposium of letters to the Editor with arguments on either side.

Let's have a real response.

We Beg to Remark

If jobs must be found for the 35 FERA boys on our campus, it should not be a very difficult matter to comply. If every fifth student here thought of one possible job for any number of workers, enough work for ten years could be programmed.

Our suggestion is that rubber-cushion buttons be attached to the base of the legs of all chairs in the library. It is our guess that the materials would not be very expensive and it would make the library a better place in which to work. Regardless of the belief that one should be able to concentrate in a study room, it is undeniable that it takes much more energy to do the same work under such distracting conditions. And one of our chief reasons for being here is to learn how to work efficiently.

What are your suggestions for the FERA?

Shatzel Hall Notes

The eighty-seven new girls at Shatzel Hall feel very much at home now after the formal welcome and initiation given them early Tuesday morning by the old timers. After being awakened by the rising bell, the sleepy freshmen were ushered to the annex where the strict commands of Judge Jean Nevins were obediently obeyed.

A trip through the fun house was the next diversion, to be followed shortly by a drink from the fountain of college days. Upon reaching the parlors, where all girls sat Indian fashion, a list of freshmen rules were read to them by a Shatzel sophomore. The rest of the initiation was very evident to any onlooker by the new mode of carrying books and the new style of slippers and hose. The upperclassmen of Shatzel wish to compliment the majority of the freshmen for the fine sportsmanship shown, and they hope it will be continued through their college days.

Do college students still have birthdays? The girls from Shatzel Hall do. They celebrate every month with a big dinner and a lighted birthday cake. With September birthdays past, an enjoyable event will stand cut in the memories of the following girls: Mary Kirtley, Lucille Carr, Violet McKee, Florence Laskey, Dorothy Unbaugh, Martha Decker, Floreda Menchen, Alverda Hanenkrait, Vera Marie Shaffner, Doris Rice, and Doris Newcomer.

Shatzel Hall was honored to have Miss Dorothy Carmichael, President of the Women’s League, as their dinner guest last Thursday evening. After the dinner all the girls assembled in the annex to vote for a house chairman. Miss Carmichael took charge of the meeting. After regular nomination and balloting, the girls elected Miss Mildred Cramer, a senior, as their house chairman. Later the house board was chosen which consists of the following members: Dorothy Pace, Mary Ellen Wittenbrink, Jean Nevins, and Elowyse Kay.

Among Shatzel Hall visitors over the holiday were: Mr. and Mrs. Herman Blank from New Bremen, Ohio, who visited their daughter, Eloise; Mr. and Mrs. Perrell, of Cleveland, who were visiting their daughter, Mildred; Mrs. Hemminger, who was visiting her daughter Iris Roberts; Mr. and Mrs. Harry F. Wittenbrink, of St. Marys, who were visiting their daughter, Mary Ellen; Mrs. Brewer, of Mt. Victory, who came to visit her daughter, Mary, and to help celebrate her birthday; Mr. and Mrs. B. F. Killauer, of West Mansfield, who were visiting their daughter, Betty Jane; and Mrs. Park Dinty, of Kenton, Virginia Mallach, Toledo, a former resident of Shatzel visited several girls at the “dorm.” She is now teaching in Hopewell school.

My, but the “dorm” was quiet over the week-end. We certainly missed you “freshies.” Welcome back again.
