NOTE OF APPRECIATION

Editor, the Monitor:

More than 200 Bowling Green State University employees (faculty and staff) recently participated in a Spring Employee Day of Service to help improve the health and wellness and welcome summer WELLNET, the BGSO Wellness Network, which encourages all employees to drink at least six glasses of water a day. People participated in Family Fun and took part in line dancing, massage, cardio, calisthenics, weight training, and relaxation exercises. Lunch was provided by the Employee Engagement Day. A special thank you to the Union staff for their cooperation and assistance in the activities, making your presence everywhere and not forgetting the delicious lunch. Also, thanks to thegrounds department for providing the plants for decorations, and Instructional Media for providing the audiovisual equipment. Thank you to the many campus representatives who provided donations for the refreshments that took place throughout the day. The University was blessed with pleasant weather.

The event over but people today see that it was fun and hope to see more of this type of activity as an annual event. Again, thanks for everyone sharing your talents and contributing to the positive energy developed by this fun and rewarding day.

Laura Megill
WELLNET Committee coordinator
