Resolutions Adopted at Anti-War Conference

Bowling Green was one of eighteen colleges represented at the Oberlin Anti-War Conference held last Friday and Saturday, March 1 and 2. The local delegations sent by the Y. M. C. A. were Dale Kellogg, Harley Barnett and Arthur Knapp.

The program included a banquet Friday evening followed by discussions by groups on the different aspects of the world peace movement. Saturday forenoon at the Second Plenary Session the recommendations of the previous round-table discussion groups were considered for resolutions.

The 132 official delegates of the Oberlin Student Conference passed a series of resolutions indicating their stand on the problems of the cause and prevention of war. Voting was done by the unit method, giving each of the participating schools, including B. G. S. C., one vote.

For the United States, the conference resolved to oppose the enormous war budget and militarization of the CCC camps, increased appropriations for the R. O. T. C., and the "fascist tendencies" of Heard, Coughlin, and Long.

The delegates agreed to support the International Student Strike of April 12, the Myers Bill which substitutes optional military training for compulsory training at our state universities, and (by a vote of 11-6) the Oxford Anti-War Pledge.

After stormy debate, the conference by the close vote of 9-7, decided against nationalization of war industries under the present government because it would create illusions of security against war. "Those who profit from war control the government, and all anti-war sentiment would be suppressed," it was declared.

Delegates rapped the profit system with its characteristic attributes of militarism, imperialism, and nationalism as a cause of war, and resolved to support a militant program against war and preparation for war. The conference went on record as favoring entry of the U. S. A. into the League of Nations and the World Court, and then adjourned, amid a tumult of proposed amendments and resolutions, to hear the address of Senator Nye.

A resume of Senator Nye's speech will be printed next week. A luncheon concluded the sessions.

Home Ec. Club Entertains

Saturday, March 9, our club will have the pleasure of entertaining other Home Economics Clubs of northwestern Ohio at the annual regional conference.

At this time all clubs belonging to the national association meet to become better acquainted with the work of each other. The Home Problems girls of Bowling Green high school have charge of the tea to be given in the afternoon.

We are looking forward to an enjoyable day and hope all members will be there.

K. P. Club Has Meeting

The Kindergarten-Primary club held their February meeting in the Women's Gym Feb. 29. The main feature of the evening was an interesting talk on "Music for Young Children". Several songs were sung by the K. P. club choir.

Among the guests were Dr. Hoppes, Miss Lorenz, the club sponsors Miss West and Miss Roth and several members of the Intermediate Club.

Faculty at Music Clinic

A number of the music faculty will attend the band, orchestra, and vocal clinic at Ohio State University on March 9th. The clinic will be sponsored by the Ohio Music Education Association of which Mr. McEwen is president.

Band Contest Here in Spring

Bowling Green State College is to host at least five hundred high school musicians April 5th. The occasion is the district band and orchestra contest for Class A high schools. Everyone will want to hear this musical program. Special entertainment features will be provided. Mr. Church is the local chairman.

Science Exhibit in May

The various sciences on the campus will give an exhibit in the Science building May 9 and 10. The departments taking part in the exhibit are psychology, biology, chemistry, physics, geology, and anatomy. Scientific exhibits have been shown here on alternate years for quite some time.

College Presidents Confer on FERA

A conference on Federal aid for students was held Friday, March 1, in Columbus at Ohio State University. Mr. C. F. Khinefel-
ter, Assistant Director of Educational Programs, Washington, D. C., was in attendance to speak for the Federal authorities.

At the noon luncheon Mr. W. A. Walls, Director of the State Relief Commission, gave an address. Practically all of the Ohio colleges were represented. Questions pertaining to the selection of FERA students, the effect of their employment on their college standing, types of work projects, and especially the need of continuing this form of student aid were discussed by Mr. Khinefelter followed by discussion from the floor. The members strongly urged a continuation of the aid for the next year. Dr. Williams represented this college at the meeting.

Some time since the Relief Commission of...
CATCH THE WEASELS

Among the many interesting objects of natural history in the Science Building are some that have been acquired by exchange with other museums. Possibly the readers of this paper can help to provide still other and different specimens by letting his family and neighbors know that specimens of the Allegheny Least Weasel can be used by the college to exchange with large museums that want specimens of this little animal.

These weasels may be distinguished from the more common species by their very small size, the male which is larger than the female being only eight inches long from nose to tail tip. The color of both species is white in winter, brown on the back and sides in summer. In the larger species the tail is some five inches long and the terminal part is black at all times. The tail of the Least Weasel is about an inch long and no part of it is black, except sometimes a few hairs at the tip.

The Second grade has been making designs during the past week. Miss Wills and pictures.

The Third grade under the direction of Mr. Wills has begun to be apparent that Bowling Green State College is not going to have a Key this year. Why should we have a Key this year? Perhaps somebody in power will see the value of a Key and do something about it. It is difficult to accomplish much without financial support. Why are not payments the kind of work that is being done here. The literary society are no reasons why much time, effort, and money be spent on a Key. The Key is an opportunity for the college to advertise and to show prospective students and employers, as well as taxpayers, the kind of work that is being done here. Perhaps somebody in power will see the value of a Key and do something about it.

By The

OBERLIN'S CONFERENCE

Some sort of reward should fall to those enterprising students who planned and carried out the Anti-war Conference at Oberlin college. Seventeen colleges, 132 delegates, a smooth-running program, a nationally-known speaker, and a successful conference, all executed without the aid of faculty or administration.

It is an achievement; an accomplishment which proves again that college students are alive, awake to world problems, ready to take their places in the struggle for freedom and tolerance for all.

And those who attended were suprised at the high plane on which the debates, discussions, and parliamentary action were maintained. No rowdiness, not even from the Communist group, was apparent. The sessions indeed set a mark at which many a U. S. Congress, many a state legislature, could aim.

Although the results of the Conference were not perfect nor complete, still the very fact that a first attempt could be as successful as it was, is a good omen. We are hearty in favor of inter-school conferences, believing them to be on of the best signs of the healthfulness and vigor of our generation.
SOPHOMORES HONOR PROM QUEEN
AT ANNUAL DANCE

One of the most delightful dances of the season was the Sophomore Prom which was held in the Women's Gym, Saturday, March 2. The evening included the crowning of the Prom Queen, a floor show, a Grand March, punch, confetti, and dancing to the music of Bob Butler's orchestra. The gym was very attractively decorated with cherry blossoms and green crepe paper.

At the end of the fifth dance the Prom Queen, Miss Valeska Lambertus, and her attendants entered for the crowning ceremony. The attendants led the way to the throne, Miss Alene Vickers in white crepe carried red roses, Miss Kathleen Carter in blue satin with pink roses, Miss Kathleen Amos in blue lace with pink roses, Miss Grace Ziegler in white brocaded satin with yellow roses, and Miss Anadelle Short in white moire with yellow roses. Miss Evelyn Wentz, the maid of honor, in blue crepe and carrying red roses also preceded the Queen. Miss Lambertus entered in a white crepe gown with a white satin train hung from her shoulders; she carried a bouquet of white roses. After Miss Wentz had placed the crown on Miss Lambertus' head an entertainment was given in honor of the Queen and for the pleasure of her subjects.

The program included tap numbers by Miss Jane Nelson and Miss Virginia Ziegler, two vocal numbers by Miss Arlene Gill, and a novelty number "Three Blind Mice" by the orchestra. Following this, the Queen led the Grand March which ended in a confetti dance.

Mr. Don Badertscher, president of the class, was in charge of arrangements.

WHO'S WHO

Mildred Lantz ... aged 22 years ... graduate of Fayette High School ... Colleges of Liberal Arts and Education ... major, French; minor, English and Latin ... retiring president of Book and Motor ... interested in music ... sings ... has time for everything and plenty of school spirit ... good mixer ... versatile.

Local Society Editor Speaks
Before Y. W. C. A. Group

Miss Conley, Society Editor of the Sentinel-Tribune, discussed journalism as a career with Y. W. C. A. members last Thursday evening. The various positions on a newspaper staff, the abilities and skill necessary in the work, and women who have succeeded in the field were the topics considered. Miss Conley ended her talk by kindly inviting the members to visit the local newspaper office to see the work in progress. The talk not only gave valuable information to prospective newspaper women but gave mere readers an appreciation of a well-written article.

"The Valkyrie" Will be
First Opera Lecture

The first of a series of three lecture recitals on Wagner's music drama "The Valkyrie", which are being sponsored by the Phi Sigma Mu music fraternity, will be presented in Studio A of the Practical Arts building tonight, March 6, at 7:30. Lucy Whittlesey, president of the local chapter, extends an invitation to all who are interested in German opera.

Seventy Men Attend
Y. M. C. A. Meeting

Due to the pertinent subject—Etiquette, discussed by Miss Henderson, Prof. in the Home Economics department, and the membership drive, a record crowd attended the Young Men's Christian Association meeting last Thursday evening. After the committee had filled up all the available space with chairs for the crowd, the meeting began with a song led by Franklin Belding. This was followed by a report indicating that the teams of Carl Seitz and Lawrence Ringenberg were leading in the "Y" membership drive. The group was treated with a trumpet trio by Frank Kunkle, Howard Harger, and Lawrence Ringenberg.

Miss Henderson answered many questions of what and how to act. She pointed out that self-introductions are quite proper on a college campus. Gentlemen should tip their hats to ladies. It is not necessary for a gentleman to hold a closed room door open for all of a string of lady students. Treating a girl after a college dance is not necessary. The gentleman should escort the lady to the door of her residence. To call at 7:00 o'clock for a date is very discourteous. Men should never take a lady's arm unless under extreme circumstances.

Since people are judged by outward appearances, conduct, and manners it is necessary socially and economically, that one conduct himself in a respectable way. Miss Henderson's germane discussion on the "art of doing the right thing in the right way at the right time" was gladly received by the interested group.

It's not the size of the dog in the fight; it's the size of the fight in the dog that wins.
Oberlin's Conference

Some sort of reward should fall to those enterprising students who planned and carried out the Anti-war Conference at Oberlin college. PHRATRA PHASES

The Phratra girls are proud of their new members who are working so loyally and earnestly for their sorority. May we present a few orchi.s to them? We think Florice Wray is an excellent cook, or shall we say master of the culinary arts? She was the head lady of the refreshments recently. Lucille Grimm keeps us all busy with her clever suggestions for entertainment. What should we have done without Alene Crawn's explanation of the rules of good old "Bunco"? She saved the situation. Vera Schaffner can always be depended upon as a good manager. Mary Ellen Bauman, Ellen Rudolph, and Florence Howard take great pleasure in welcoming them among us as full-fledged Seven Sisters. Plans for the second semester rush season are now going forward.

We are all very anxious to see our sweaters which have been ordered, and will be proudly displayed as soon as they arrive. It is the first time in several years that we have had sweaters, so that is with considerable anticipation that we await our new sorority sweaters.

SHATZEL HALL NOTES

Shatzel Hall girls are very sorry to have Miss Mildred Perrell leave them. But they are happy too to know that she has received a teaching position in the fourth grade at Monclova, 0. They all wish her much success.

Have you seen any little red spots on the faces of Shatzel Hall girls? We hope not. You see, Miss Doris Rupp went home Saturday with the measles. Now, of course, all the girls think they will get them. So beware!

The Five Bros. have told me that the Minstrel Show would be March 22. Let's all talk it up as something that we consider a benefit to the school. We are looking for new things so let's back it by our attendance.

What is the matter with our fraternities? Let's be gentlemen and boost each other so that it will be a pleasure to belong to one. You men are not kids anymore or else education won't help you any.

The Five brother smoker was a big success. The attendance was 136 not including the brothers.

D. Callin weren't you at the Five Brother smoker? We missed you this year.

We have been seeing strange sights on the campus in the last week. Who would ever think that any of our Bowling Green girls would wear white cotton hose?

Bill Jansen knows how to get a good grade in English, just ask him.

I was told that the girls in our school were very unmindful about one thing—please get the seams in your stockings straight.

I understand that the minstrel show is to put on boasts of one unique member, a red-headed negro. Now who could that be? Don't tell me let me guess. Red Stevens the man who isn't afraid to tell you what he thinks. More power to him and it would be a pleasure and a help to the school to have more like him. Do something unusual and your correspondent will hear about it.

The Commons

We didn't know that "it" was around here, but as Ripley says, "believe it or not" the Fraternity ended the semester with above a "B" average. We don't know whether it's the fault of the Fraternity or the associates that are there, but the members are proud of the achievement just the same.

Art Wohlers and Howard Bratburn spent the weekend in Columbus—among their numerous activities there was a visit to the teachers training school. They reported much useful information was received there.

Congratulations, Sophomores, for your wonderful dance last Saturday evening. We need more of the sort of entertainment and "local color" that was displayed there.

At last the basketball season is over. Although it seemed to come in like a lamb and go out like a lamb, we did not end up at the bottom of the list. Now we can hope for next year. Track season started March 13 in the local gym—featuring an interclass affair. Stop around about 7:30 for some excitement. Things are so dead now than I can even hear roosters crow as news until next week.—C'est Moi.

After talking all day to anyone who will listen to them, many people complain there is no free speech any longer.
W. A. A. HONORED BY THE NEWSLETTER

The Women's Athletic Association of Bowling Green were honored by having three of their new articles appear on the front page of the newsletter which is published by the American Federation of College Women. This publication has a wide circulation through out the leading colleges and universities.

The articles included news regarding the numerous social affairs sponsored by W. A. A. Among those mentioned were: The Treasure Hunt for Freshmen, Sport's Day with Toledo University, and the Ice Skating party at which everyone had so much fun.

Elizabeth Frost, secretary of W. A. A. received mention in the A. F. O. C. W. newsletter.

Girls' Basketball

In another semester of the hotly contested games a new team—the "Hawkeyes" have taken the lead. The Prospectors and the first semester's champions,—the Willie Whoppers are tied for second place.

Some peculiar jinx has befallen the Five Sister team, each game played being lost by 1 to 2 points.

The teams will continue their mad scramble for places in the semesters league this week.

The last and championship game will be played next Monday or Tuesday, March 11 or 12, in the Women's Gym at 7:30. The public is invited.

The teams stand as follows:

<table>

EXCITEMENT PERMEATES THE WOMAN'S ATHLETIC ASSOCIATION

Excitement permeates the Woman's Athletic Association about attending the state convention of the American Federation of College Women, April 12 and 13 at Ohio university, Athens, O. Ione Blessing, Wanda DeMongeot, and Mabel Grauer, last years delegates to the regional convention at Dennison university need no urging as they are recalling the interesting time they had at Granville eating barbecued chicken, playing tennis and watching demonstrations in this sport by Mary K. Brown, from Barnard College for Women, as well as many other interesting events.

Plans are being made to sponsor the annual big event, in which funds will be raised to send several delegates to Athens. In former years, circuses, vaudeville, and last year a dance recital, was given. This year a new program is being developed by Wanda DeMongeot, chairman, Anne Rimespach, and Millicent Gambor. Misses Carolyn Shaw and Emily Hartman, advisors of W. A. A., as well as the Women's Physical Education department will aid in carrying out the plans, which will be open to the public March 28, 1938.

ROCKETS WIN OVER FALCONS

The Toledo U Rockets came to town last Wednesday evening and left with a 30 to 22 victory over the Falcons of Bowling Green. This game was the last for both teams and it found the Rockets ending a successful season and the Falcons an unsuccessful one. Injuries again struck the Falcon squad and as a result Dick Wallace and Red Stevenson were on the sidelines.

Bob Lewis still bothered by a bad ankle, also was on the bench at the start of the game. A revised Falcon lineup found Shafer and Hartman at forwards, Weber at center and Inman and Conrad at guards. Shafer was soon replaced by Lewis because he let his man get away for three buckets so we hear. This new combination battled so we hear. This new combination battled

Handball Tourney Under Way

The Physical Ed. 62 class which is a class for fellows majoring or minoring in physical education under the direction of Coach Steller, are sponsoring a singles and doubles handball tournament for its members. Twenty-four fellows will compete in the singles and 12 teams in the doubles. The tournament will be held during the next four weeks, with the first round play being set for not later than March 6. In the first round of the doubles the teams of Bushong-Heckler; Sheidler-Ross; Pikaravitz-Smith and Reed-Burke, drew byes and will automatically advance to the second round. The refereeing in this game wasn't exactly satisfactory, and a better game could have been witnessed, if there had been ref's who would have called them like they should. This game has closed a very successful intramural season, which found fifteen teams playing twice a week. There seems to be some good basketball material for future varsity play and we are looking forward to another successful league next fall. Following is the box score of the game:

```

DELHI ANNEXES CHAMPIONSHIP

The Delhi Fraternity team won the intramural basketball championship by defeating the Travelers 31 to 25 in a playoff. At the end of the season about a month ago, these two teams were tied for first place thus causing a playoff. Both teams seemed to be out of condition due to the long lay off and neither team reigned as the favorite. The Delhi quintet by counting on their shots took a 14 to 6 lead at the half. The Travelers missed several sucker shots and foul shots in the first half to dim their chances. The Travelers, after the second half opened, began to play a brand of basketball that they are capable of and soon pulled up to within striking distance of the Delhi lead. The Travelers outplayed the Delhi five in the second half and outscored them 19 to 17. Hopp and Barnes led the Delhi scoring with 9 and 8 points respectively. Walt Roper and Whitmore led the Travelers by scoring 8 points each. The refereeing in this game wasn't exactly satisfactory, and a better game could have been witnessed, if there had been ref's who would have called them like they should. This game has closed a very successful intramural season, which found fifteen teams playing twice a week. There seems to be some good basketball material for future varsity play and we are looking forward to another successful league next fall. Following is the box score of the game:

```
    Travelers     G       F       T
W. Roper, f   2       4       8
