B. G. S. U. Expansion Shows Advance

Three particular dates stand out prominently in the history of the educational institution now known as the Bowling Green State University. First of all, in 1910, the General Assembly enacted initial legislation authorizing the establishment of a normal school at Bowling Green. Then in 1929, this same legislative body changed the name of the institution to Bowling Green State College and at the same time added a college of Liberal Arts. The latest date of importance from a historical standpoint perhaps, is that of 1935, the year in which the state legislature enacted two laws which further extended the scope and services of the college at Bowling Green.

In the Spring of 1935, there was passed by the ninety-first General Assembly House Bill No. 324 which changed the legal name of the institution to "Bowling Green State University." In reality, the college had been eligible to this new title since 1929 when the College of Liberal Arts was established with coordinate rank with the College of Education. This new name no doubt lends some dignity to the institution and broadens to an extent the possibility for service which the institution may render to Northwestern Ohio.

The other bill enacted into law at the same session of the legislature is House Bill No. 325. One section of this measure authorizes the establishment of a college of Business Administration to have equal rank with those colleges previously established on the campus. This new college is designed to extend greatly the offerings in the commercial field of study. Since the year 1919, a commercial department has been operated as one of the curricula of the College of Education. Students taking this work are prepared primarily for teaching commercial subjects in high schools. The course of study for the new college of business administration will be designed to meet the needs of the state and the region.

(Continued on page 5, col. 1)

NYA NEWS

Under this head, we are planning to print from time to time, interesting items about the B. G. S. U. NYA projects.

One hundred and eight students are participating in projects on and off the campus. Many of these will be described in later articles.

Suggestions for this column will be welcomed. Contributions should be in the News box by Monday at 9:00 A. M.

DR. SWANSON TO BE NEW DEAN OF MEN

Bowling Green State University has a new Dean of Men! Dr. James R. Overman has been acting dean for several years but other duties have demanded so much of his time that he felt it necessary to resign this office. Dr. C. G. Swanson has been appointed acting dean for the first semester. Last year Dr. Swanson conducted folk dancing classes in addition to his other duties and proved to be very popular with the students. He is planning a systematic check up of all male students and their rooming quarters. We wish him success in the newly assigned task. The Dean of Men may be found in Room 315 of the Administration Building.

Y. M.-Y. W. C. A. MIXER PROVES A SUCCESS

The All-School Dance, sponsored by the Y. W. and Y. M. C. A. organizations, was a complete success. After a few introduction games, the participants of which were mostly Freshmen, short welcomes were extended by the Presidents of the organizations. The Mixer was held for the purpose of acquainting new students with their fellow students and renewing old friendships.

During the evening punch and wafers were served. The entertaining orchestra was Paul George's. Microphones greatly aided the orchestra in making the dancing altogether enjoyable.

The friendly hospitality shown by the sponsoring organizations was heartily received. The Alma Mater seemed to especially welcome Freshmen and newcomers and the latter heartily responded to the atmosphere.

1936 Key—?—or!

It is only fitting that an institution with the status of University should publish some record of its achievements during the year. The 1936 Key should provide such a record. The responsibility for this annual would lie for the most part with the seniors but could not be accomplished without the full support of the entire faculty and student body. This is a challenge—let's have a 1936 Key of which we shall be proud!

Student Forum New Campus Organization

For some time there has been a movement on foot to form a new campus organization for the purpose of discussing current problems. During this last summer term the students set about to put this new organization into working order. The experiment proved such a success that it will be continued throughout the regular school-year. This new institution is known as the Student Forum.

Several people, students and men on the staff, have expressed the opinion that the average collegian is not sufficiently interested or informed concerning happenings in our own country. Only the few who major or minor in Social Science have an idea how the country is governed. It is the purpose of this organization to give every student a chance to ask questions and voice his opinion concerning the subject being discussed at that particular meeting. Only those topics will be considered which are of interest to the majority of students, but every one will have an opportunity to help choose these topics. The following are some of the questions discussed last summer: An Appraisal of the New Deal, Is Our Present System of Public Education Tenable?, The Bookworm as a Menace to Society, and, War as an Instrument of National Policy.

This is a student forum and its purpose is to deal with topics of vital interest to you college students. Meetings should be carried on with as little faculty supervision as possible. A schedule will be arranged so these meetings will not interfere with other campus activities. Come out and support your new organization. Help choose your favorite topic and see that it is put up for discussion. Watch the bulletin board for announcement of the first meeting.

EMERSON OPENS YEAR NEXT WEDNESDAY NIGHT

The Emerson Literary Society will begin holding regular meetings Wednesday, Oct. 2. Everyone is invited to attend the opening session. Prof. Schwarz, the faculty adviser, has appointed a steering committee who will open the meeting. Election of officers will be the primary business, and parliamentary practice will be stressed. Come out and brush up on your parliamentary procedure.
**Varsity Cross Country**

After a lapse of several years, Bowling Green is again reviving this sport. It is an excellent conditioner and developer of distance runners.

If Bowling Green is to make its mark in Ohio Conference track circles, we must improve our distance running. This is the one sport that will be a big factor in reaching our goal.

Experience is not essential. All upperclassmen interested in track report to Coach Landis as soon as possible.

The schedule is still incomplete but several very interesting meets have been arranged.

**Men’s Intramural Sports**

The objective of the department of Physical Education is to have all men in the institution participate more or less regularly in some form of physical activity. The equipment and facilities are furnished, and all the individuals needs to furnish is the desire and willingness to take part in some type of physical recreation.

Every effort is being made to realize the highest possible development of the intramural program. Intramurals offer to every student an opportunity for recreation in a wide range of sports, many of which can be played in later life, an opportunity for healthful exercise with the fun and zest of friendly competition, and wide social contacts with other students.

**Training School**

The Training School pupils and possibly the faculty are rejoicing because of their extra three days vacation over the city schools.

Friend: “What are you grouching about?”

Memory Prof.: “I gave that young man two courses in the cultivation of the memory and he’s gone away and forgot to pay me, and I can’t for the life of me remember his name.”

John: “The person who tells us our faults is our best friend.”

Bill: “You’re right. But he won’t be long.”

Remember our advertisers.

TO THE FRESHMAN

In order that you, who will one day leave our hallowed halls as the class of 1939, may be as competent, as astute, as polished, and as proficient in all things as are the present Seniors, we offer the following suggestions:

Always borrow paper, pencils, etc., from the same people—this trains them to be unselfish.

Never fail to get to class at least two minutes late—attracting attention to yourself in this way makes pros and classmates realize your importance.

Don't go to the door when calling on the girl-friend, the horn is much easier and just as effective.

Don't use the campus sidewalks any more than you positively have to—grass is easier than worn-out shoe-leather.

Make as much noise as possible in Assembly so that the speakers will know that the assembly is about up, this saves the prof, and no greater honor could befall a country than to plant the banner of peace on the heights and rally the nations around it.”—York, Jan. 29, 1905.

Rise of American Civilization

1929—Marathon dancers
1930—Tcm Thumb golf
1931—Tree sitters
1932—Jig Saw puzzles
1934—Box calling contests
1935—“Scratch out the top name and send a & me.”

HIT AND MISS

How would Jack Benny manage to define “hair” to our large group of bald-headed professors?

—

With the Italian-Ethiopian situation growing more tense every day, and now dependent only on a favorable weather report from Central Abyssinia to reach a crisis, it might not be amiss to quote Lloyd George:

“War arrests progress. There are those who insist that wars bring out the muscular qualities of a race. So does a fever. It brings out, in its utmost intensity, the muscular strength of a man, but it leaves him exhausted and broken. That is equal, true of war. For every man that war has emancipated, millions have been enslaved. For every burden that it has cast I mm exhausted and broken. That is equal, true of war. For every man that war has emancipated, millions have been enslaved. For every burden that it has cast exhausted and broken. That is equal, true of war. For every man that war has emancipated, millions have been enslaved. For every burden that it has cast

ANNO\NCEMENTS

Wednesday, Sept. 25—Get Wise Party for all Freshman girls in auditorium at 4:30 P. M.

Wednesday, Sept. 25—The Wesleyan League will have a get-together at the church at 8 P. M. Everyone cordially invited.

Thursday, Sept. 26—Y. W. C. A. meeting in Auditorium at 7:30 P. M.

Monday, Sept. 30—Bee Gee News Staff meeting at 7 P. M.

Tuesday, Oct. 1—Folk Dancing 7 P. M.
Wednesday, Oct. 2—Assembly 10 A. M.
Wednesday, Oct. 2—W. A. A. Kid Party

Orchestra Attention

All those interested in playing in the orchestra should see Mr. McEwen for try-outs at once.

RIDGE STREET NEWS

Who said, “the one who laughs last laughs best”? An echo of a laugh was heard from the Campus Training School because of three extra days of vacation—but we have three days more of enlightenment!

School opened Sept. 11, with 215 pupils present. One new member joined the faculty at the Ridge Street building. Miss Ethel Hearn, who hails from Oklahoma, but who has been teaching in Ann Arbor is at home in the first grade room. She takes the place of Miss Emily Ordway who resigned at the close of last year.

Vacations of the various members of the faculty were spent in divers places. Miss Roth toured the west, stopping at many places of interest and visiting the World’s Fair at San Diego. Miss McKibben spent her vacation in the state of Kansas. Miss Day went after more knowledge at Columbia University. Miss Hayward sojourned at Old Mystic Manor in Connecticut. The rest of the faculty had to be content with short side trips and local study.

A big home-coming is to be held at the Ridge Street building on Friday evening, Sept. 27, under the auspices of the P-TA. There will be many interesting features to see and to hear. Come, bring your nickels and spend!

Always open
Hello Everybody! We hope everyone of you have had as good a time during the past week as we have had. The whole week has been spent renewing old acquaintances and making new ones. While some of the boys are wearing longer trousers than they did last year, a few have increased the waistline measurement. Plenty of us are going to regret the loss of a good tan in the days to come but all of this is going to be unimportant. There has been a bridge “circle” formed already and members are going to be easy to get. Your club has tried to catch someone studying all week but Sunday night he gave up in despair. So far as can be seen, books are the “Monster in Waiting”. There are so many Seniors around here taking practice teaching that we are planning a teachers convention. Interminable curiosities has the whole gang guessing but when the fight is on we’ll tell you about the convention.

We’re back at the old headquarters at 307 E. Wooster St. again, with 24 active members. Among the seventeen staying in the house there are members of every class, vocation and description. Drop in on us, fellows! Make this your home, not only in time of need but anytime. We have an orchestra already organized. There’s a good time in the offing here all the time. We haven’t had a meeting yet but as soon as Tuesday evening is over we will have made some plans. We’ll see you next week about that.

We’re glad to see the Five Brothers back again as our neighbors; also the Seven Sisters. Hello Delhis, and a big Hello to the Sitters. Hello Delhis, and a big Hello to all our old friends and acquaintances. We are still located at 315 W. Wooster and meet her, for we Skols are looking forward to a bigger and better year than ever before.

Five Sister Flashes

It’s good to be back again, isn’t it, and we members of the Five Sisters Sorority take this opportunity to say “welcome” to all the new students at the university and “greetings” to all our old friends and acquaintances. We are located at 888 E. Wooster St. Needless to say, we look forward to an enjoyable and profitable school year.

We were no more than well scheduled and started than Lois Solcher, our president, put the finishing touch to an interesting week by opening her lovely home to us on Saturday afternoon with a tea. Mrs. Horace, our sponsor, and Virginia Smith-Taylor poured.

PhraTRA PHASES

Rubbing over with enthusiasm and expectations the PhraTRA Sorority has moved into its new house on South Prospect St.

A new sorority house, a new university, and with the following officers we are looking forward to a year of enjoyable activity. The officers are:

President—Geraldine Hestetter, Mansfield; vice president, Geneva Shealy, Sycamore; secretary, Thelma Luke, Delta; treasurer, Mabel Sours, Bellefontaine; regiment-at-arms, Mary Frazier, Lima; chaplain, Florice Wray, Postoria; reporter, Arretta Habel, Delta; historian, Auda McPherson, Harrod; corresponding secretary, Eleanor Pool, Lima.

Greetings from the Sevens to Freshmen and upperclassmen! We are fairly bubbling over with enthusiasm to be able to resume our university activities this year. Of course, not all of your pals have returned. Let’s take a peek into the world and see what we can see—There’s Winifred. You remember Winifred Dunipace of the team of Dunipace and Berry, don’t you? She’s a student this year at the University of Arizona, and we Sevens wish her oceans of luck.

My, how these girls travel: Can I really believe my eyes? It’s Geraldine Gardner enrolled as a Sophomore at the University of Alabama. We hated to see you leave us, but our best regards will follow your forever.

Arriving nearer home, the Seven Sisters are proud to point to two of our last year graduates—Mildred Lantz, now teaching in Fayette, and Margaret Foster teaching in Arcadia. Best wishes to the school marm.

At last, we’re home. Our president, Charlotte Plamsohn holds forth upon the field of activities (with the aid of a certain loyal Five Brother). Then there is “Penny” Howard, Ellen Rudolph, “Franky” Woodworth and Alvera Krouse, who are busy making the Freshmen feel at home.

Last, but not least, we have our trio with us—Valencia Lambertus, Alyce Davidson, and Inez Gorsuch. All together, the Seven Sister Sorority is planning a year of greater social activity with hearty cooperation to the sororities and fraternities of the campus.
THE ANNUAL Freshman rally was held Tuesday evening on the steps of the gym. A large gathering of Freshmen were present along with numerous upperclassmen. The rally got under way under the able direction of “Dick” Wallace, as master of ceremonies. The various representatives of the sororities, frats, and campus organizations gave short speeches welcoming the freshmen to B. G. S. U.

“Jim” Imman, triple threat fullback of the football team, was called upon to give a little speech, and he responded by giving a talk about the team and what he hoped would happen to Toledo University when B. G. S. U. meets them this fall. “Jim” called upon the “Board of Strategy” of the athletic department and Coaches Steller, Landis and the new head football coach, Ocker, gave short speeches.

The outstanding speaker of the evening was “Red” Stevenson, the “Cab” Calloway of B. G. S. U. “Red” was called upon to speak for the Inter-Fraternity Council and after speaking for an hour, at least, was led from the platform still speaking. Having lost the floor, “Red” still was speaking as he took his place on the sidelines.

The rally was livened up by a huge bonfire that was burning in the vacant space between the Science building and the P. A. building. The speeches having been given, it was suggested that the group make its annual call on the Cla-Zel theatre. A snake dance was formed and the group proceeded up Court street to Main and then to the Cla-Zel for the annual crash. After some delay the group was admitted to the show and thus ended another freshman rally until next year.
UNIVERSITY EXPANSION

(Continued from page 1, col. 1)

Business Administration will include the academic work covered heretofore and in addition will offer such courses as advertising, salesmanship, merchandising, marketing, and office management. The graduate will be given the degree of Bachelor of Science in Business Administration. The training of commercial teachers will still remain under the direction of the College of Education. Because of a reduced budget, this new college may not be formally opened until September, 1935.

The other section of House Bill No. 325 authorizes the granting of the degree of Bachelor of Arts. This bill simply extends the curricula to include an additional year of graduate course work in certain departments of the University. The provision for this higher degree supplements the work of undergraduate departments and tends to further justify the recently acquired designation of "University". This new law clearly specifies that the graduate work shall limit one year of training leading to the degree of Master of Arts.

The introduction of these advance courses at this date is rather timely since the public schools in recent years have insisted on an additional year of training beyond the baccalaureate degree. But provision for the more advanced graduate study is expensive and the usual demand for more than one year of such work is necessarily limited. However, it has developed that in the center of the state, the sixth largest university of America has expanded sufficiently to cover the fields of general, technical and the more advanced graduate instruction while four other universities geographically well located in four corners of the state are now offering general and professional undergraduate training and a limited amount of graduate work. Certainly such a resulting arrangement of state-supported educational institutions as it now stands could not have been surpassed even if detailed specifications for the most logical and effective system of higher education had been drawn up in the earliest days of Ohio history.

On the whole, the recent expansion of Bowling Green State University, made possible by these two House Bills, numbers 324 and 325, would seem to complete the necessary major legislation for years to come. The two state-supported universities in Southern Ohio have apparently met the educational need in their respective communities very satisfactorily, and with a very similar arrangement of colleges and courses it is certain that Bowling Green will accomplish that which was legally designed for it in the educational world. By the recent enactments, the legislature has made an honest effort to equalize as far as possible, the educational advantages in all parts of the state.
FROSH FOOTBALL
SQUAD REPORTS

Thirty-five young men, aspiring to be future stars for B. G. S. U., reported to Coach Landis Thursday afternoon for practice as the 1935 Frosh team. The group reporting promises to be the greatest team in the history of the university.

Twenty-five of the men reporting have had much experience as many come from Class A high schools where football is really taught. There are several men for each position so the task of building up a strong Frosh team won't be difficult. Some of the most promising candidates for the Frosh team are:

Wayne Stewart, 165-pound fullback of Toledo Waite; Steve Panasik, 170-pound, and Pete Pick, 151-pound, quarterbacks of Cleveland Lincoln; Mitchell Wodzienski, 170-pound, a center, and Pat Cardisco, 155-pound end, also from Lincoln.

Matt Dodson, 160, fullback; Joe O'Donnell, 135, and Harold McCormick, 158, ends, are from Lima South. West Virginia has sent three native sons to B. G. in Frank Hittle, 174, guard, of Charleston; Elio Bocchian, 168, end, and Johnny Dyer, 165, halfback, of Logan.

Dals Herbert, 158, backfield man from Fostoria; Ken Gary, 145, of Delphos, and Ed Winkelz, 160, of Archbold, form experienced backs for the squad. Lawrence Williamson, 149, Cedarville; Spencer Stewart, 168, Genoa, and Don Brentlinger, 209, Swanton, are the experienced tackles. Other end candidates with experience are Robert Perry, 160, Leipsic; Fritz Fruth, 152, Holgate, and George Ichenhauer, 165, Celina.

George Rozelle, 150, Wauseon, is a guard candidate, as is Alson Robert Hooper, 184, Continental. James Huntington, 138, Rudolph, is another quarterback with experience.

Promising center candidates with much experience are Jack Botto, 165, Maumee, and Cletus E. Troxell, 150, of Fremont.

Inexperienced players reporting are: Tom Thatcher, 165, Columbus Grove; Nicholas Cucuto, 175, Bellevue; Richard Hagemeyer, 165, Pemberville; Jack Bucklaw, 155, West Unity; Harvey Newlove, 165, Rudolph; Guy Leatherman, 190, Harrod; Raymond Peters, 155, Wayne; Charleton Wood, 140, Lyons; Paul Pfister, 165, Ottawa, and William Barton, 140, Monclova.

With an array such as this, with talent in every position, the 1935 B. G. S. U. Frosh team should be better than any team in the past. More men are expected to report this week and many more experienced men are likely to be uncovered. The squad is working out daily under the direction of Coach Landis and Don Stevenson and soon will be in shape to scrimmage the varsity. Come cut and see the Frosh practice and get a line on varsity material for next year.

Cross-Country Team
Trains For Opening Meet

For the first time since 1932 Bowling Green will have a cross-country team. Members of the team have been doing roadwork all week getting in condition for the first meet. Coach Landis expects to build this sport up to major proportions.

Upperclassmen working out are: Polton, Parwig, Clingo, Kominski, Simmons, Webb, C. Seitz, Shedron, Frank, and Konakpa.

Coach Land's wants more upperclassmen out for the team. There will be an intramural match in November and all who participate will be given numerals. Medals will be awarded winners.

The matches will be run off during football games. They will start sometime during the first half and end between halves. The length of the courses run will be between three and four and one-half miles.

Coach Landis plans to use the cross-country team to build up strength for the distance events in track.

Following is the tentative schedule:
Oct. 12—At Oberlin. Triangular meet between Oberlin, Mt. Union, Bee Gee.
Oct. 19—Pending
Oct. 26—Pending
Nov. 2—At Detroit Tech
Nov. 9—Pending
Nov. 16—Ohio Conference meet at Oberlin

Intramural Touch Football
League To Be Formed

The department of intramural athletics is promoting an Interclass Touch Football League during the months of October and November.

Touch Football is a modified game of football which eliminates all the elements of blocking and tackling. It requires no special equipment and is a splendid activity for anyone who likes Rugby football. The games requires skill in running, kicking, catching, and throwing passes.

The first two weeks will be devoted to teaching the game to all who are interested before actual class competition will be held.

Copies of rules of playing the game may be obtained in the physical education building and all men are urged to get a copy.

Show some class spirit by signing up with your respective class.

Further information may be obtained from the bulletin board in the men's gymnasium or personally seeing Mr. Landis or Orville Decker.

Phone 4141 Men's Gymnasium.
