A new offering in field trips was the geography field course offered after the class of the eight weeks summer term. This field course covered parts of eight states and the District of Columbia in a carefully selected itinerary of 2,600 miles. The party of 28 active teachers travelled in an excellent chartered bus of the Greyhound type, with one of the best obtainable gold-medal drivers at the wheel. Remarkably low party rates made it possible to stay at very high grade hotels throughout the entire trip; and all appointments were highly satisfactory.

VACATION IN QUESTION

Since its beginning the University has cooperated enthusiastically with the various teachers' organizations of the state. This has been especially true of the sectional organization known as the Northwestern Ohio Teachers' Association. The meeting this year will be held in Toledo, Oct. 25-26. It has been the practice to close the University on Friday of this meeting and the practice will be continued this year.

With the increase in other departments of the University it has become a question whether classes should be dismissed on Friday of this meeting. The date comes only about six weeks after the opening of the year and is therefore hardly justifiable on the basis of a vacation. Members of the faculty and students could easily attend the meetings on Friday evening and Saturday even though classes were continued through Friday. The question will be one for faculty action in the near future.

Boy Scout Leadership Offered

This semester, through the cooperation of Mr. Thiel, field executive of the Toledo Area, Boy Scouts of America, Prof. E. C. Powell and the University officials, the Boy Scout Leadership Training course is again to be offered. The class meetings are held every Wednesday evening from 7 to 9 in room 207, Science Building. The purpose of this course is to train men to be leaders of boy leaders, the Boy Scouts of America. Any University man is eligible to enter this course, at no cost, whatever. Those taking this course will never regret it. The first meeting, Oct. 9 at 7 P. M., will be there.

EMERSON ORGANIZES

Last Wednesday night despite the rain nearly 50 students turned out to the initial meeting of the Emerson Literary Society. The proceedings were carried on under the direction of Earl Cryer, who is acting as temporary chairman of this body. Following the nomination of officers for the organization the meeting was given over to the direction of the faculty advisor, Prof. Schwarz, who instigated some very entertaining and instructive parliamentary procedure.

Election of officers for the next year will take place at the next meeting, Monday, Oct. 14.

Faculty Women Open Club

The Faculty Women's Club will hold its first meeting of the year at a dinner given at the Woman's Club, Oct. 10.

Redistribution of Work Brings Change of Deans

In order to distribute the work for the faculty men of the University a little more equally the President has relieved Dr. Overman, Dean of the College of Liberal Arts, of the duties entailed in the position of acting Dean of Men and has appointed Dr. Swanson to act in that capacity for the first semester. Dr. Swanson will be found in Room 315. His office hours are 10:00 to 11 a.m., Monday, Tuesday, Thursday, Friday and 2:00 to 3:00 P. M. Monday, Wednesday, Friday.

Y. M. C. A. Continues Activities

The Y. M. C. A. of B. G. S. U. has been carrying on quite an extended program this fall. Opening the social season, the society sponsored an all-college "Mixer" in conjunction with the Y. W. C. A. Last week the club was host to nearly fifty men at a party on the Maumee.

This week, the Y. concludes its operation of the Book-Store, and launches into a new activity, the publication of a college directory. The Editor, Dale Kellogg, and Business Manager, John Bisher, are now organizing their staffs and, if present plans mature, the booklet will be on sale within a month.

The Y. M. C. A. will meet next, tomorrow night, Oct. 10, at 7:00 P. M. in Room 104A. All college men are invited.

KEY PROSPECTS
This week the Senior class and the Administration arrived at an agreement which should result in the publication of a 1936 Key.

But the success of an annual does not depend upon the Key Staff alone, nor upon the Senior class. It is a project which demands the whole-hearted cooperation of the entire student-body and faculty.

The seniors have started the ball rolling; it now remains for every student to do his bit towards bringing out a yearbook of which all can feel rightfully proud.

Boost the 1936 Key!

COMMERCE CORNER
(Continued from last week)

The advent of the College of Business Administration has brought with it an air of increased activity to the Commercial Department. We find rooms, formerly unused, now being used to conduct the additional classes necessitated by the increased enrollment in this Department.

We are certainly glad to hear that last years' graduates were so successful in getting teaching positions. In the group of Commercial Education majors who graduated last year, we find Naomi Curtis now teaching at Sylvia, Florence Duffield teaching at Bluffton, Gayetta Filiere at Smithville, Van Wert, Mary Frances Schats at Oak Harbor, William Cox at Smithville, Paul Shafer at Port Clinton, and James Deter at Clay High near Toledo. Out of those who received teaching minors in Commercial Education, Ruth Nachtrieb is now teaching at Holland, Marjorie Isenhart at Eden, Fern Kaiser at Kunkle, and Frances Babione at Pettysville.

We also hear that a number of former Quill-Type members have accepted new teaching positions this year. Velma Morrow and Audrey Brentlinger are now teaching at Perrysburg. Lucille Leidy is teaching at Lake Township high school and Howard Rust at Waynsburg. We wish them every success in their new positions.

ANNOUNCEMENTS
Oct. 9—A meeting of class and all other organizations will be held in Room 201A at 4 o'clock. Plans for homecoming will be discussed.

Oct. 10—Y. M. C. A. 7:00 P. M. Dr. Nordmann speaker.

Oct. 11—Football Rally 7:00 P. M. Campus Dance, Las Amigas Sorority, 8:30 B. M.

Oct. 14—Emerson Literary Society at 7:00 P. M.

Bee Gee News Staff at 8:00 P. M.

Oct. 16—Assembly at 10 A. M.

SOPHOMORES TO MEET
All Sophomores are requested to meet in the auditorium, Thursday at 5 P. M. Election of officers for the school-year will be held.

All students who will be candidates for graduation in January, 1936, in any course, are asked to file applications in the registrar's office any day of this week.

ATTENTION MEN!
Men with musical inclinations are still being sought for the Mens' Glee Club. Tenors and Basses are especially in demand!

We were very much gratified at the fine attendance at the first meeting Wednesday evening. Even the freshmen seemed inclined to make this a bigger and better year. Perhaps after trying out with the college song they decided to go a step farther.

Prospective members see Professor Fauley. Come on fellows, loosen up those vocal chords!

RALLY DAY
Oct. 13, 9:30 a. m.

REMEMBER THE DATE

PLEASE keep this in view.

Our Rally Day will not be complete without YOU.

WELCOME STUDENTS . . .

Assembly, October 2

President H. B. Williams addressed chapel Wednesday, Oct. 2, attempting, as he said, to clarify and organize the thinking of the Freshmen. His words were not of benefit to the Freshmen alone, for the upperclassmen found interest and challenge in his brief address.

After discussing the questions which visitors to the institution usually ask, and giving various statistics, Dr. Williams spoke on what he called the essentials of the good life—to be a good animal, to have a disciplined, well-informed mind, and to be socially adaptable. In closing, Dr. Williams pointed out that the set-up here at Bowling Green encourages the development of these essentials through the health department, the faculty, the library and the various extra-curricular activities.

EMERSON CHANGES TO MONDAY MEETING

Due to the addition of several new college societies, the Social Calendar this year undergoes some radical changes. Emerson Literary Society, which for years has met on Wednesday, will hereafter meet on the second and fourth Mondays of every month from 7:00 to 8:00 P. M.

The Forum has been assigned to the first and third Mondays of the month at the same hour. Hereafter, therefore, the Bee Gee News Staff meetings will begin at 8:00 P. M. every Monday night.

GEOGRAPHY TRIP SUCCESSFUL

(Continued from page 1, col. 1)

Probably 1,500 or more teachers and others have been taken on conducted travel tours and field trips through the activity and initiative of the Geography department of B. G. College and University; and it is extremely doubtful if the Geography department of any other American university can equal this record.

Although there has been a consensus of opinion on the part of all those who have taken these travel and field trips in the past that such tours—as conducted by the local department—have been invaluable for teachers, this is the first time that a special geography field trip for credit has been offered.

That travel should play a very important part in the training of every teacher is a truth too evident to need contention. First hand study in the field is quite as important in geography as the laboratory work in chemistry or in biology. In fact, field courses, carefully planned and worked out, are the invaluable laboratory courses of geography.

All of the special group who took this eastern field course in geography are teachers of geography and, we speak in the very highest terms of the educational value of such carefully prepared field study for all—especially for successful teachers.

The Geography department of Bowling Green University has made an enviable record by developing in a host of progressive teachers a deeper interest in travel; and it is to be hoped that every summer there will be offered laboratory field courses in geographical travel similar to the highly successful and stimulating course so recently taken.

WELCOME STUDENTS . . .
SEVEN SISTER SCRIBBLES

Friendly greetings again to all of our University chums. Another week has come and gone, but each hour of the day has been chucked full of excitement and new thrills.

Guess what? Last Tuesday evening the sorority held a big get-together affair. There were fifty-five of us and after an exciting treasure hunt, we arrived at our destination, the Urschel property, minus a bit of shoe leather. All of us had a grand time what with hot dogs, marshmallows, and all the fixin's to make the roast a huge success.

The trio sang several numbers in their own original manner and Jo-Jo Herman favored us with the reading—"Betty at the Baseball Game."

Not to be forgotten—the lovely tea given by the Phratra Sorority. Congratulations, girls! The rally dance was enjoyed by everyone, I'm sure, especially the Sevenths. The Capital-Bowling Green game. Too bad everyone, I'm sure, especially the Sevens. The Capital-Bowling Green game. Too bad everyone, I'm sure, especially the Sevens.

Commoners

All hail to the Five Brothers! It was a fine rally and dance. True university spirit is still somewhat dormant but with sufficient drawing power it may be brought to life. Although our men were defeated at the hands of Capital, in all probability, they are really out for revenge against Baldwin-Wallace. At least, here's hoping, and in any event they need our whole-hearted support.

The Commoners are newly organized and are ready to begin what promises to be the biggest year in our history. John Gaeth is our new president and a mighty fine fellow. He has the support of all the men in the fraternity and that, together with his own ambition, should give us a big year, Earl W. Cryer is our new secretary. Philip Zaugg is our newly elected Inter-fraternity Council member. These are the new officers and each has ambitions for the fraternity, so watch us, men! When this article is read our first "Smoker" of the year will be history. At this time things look promising for a surprisingly enjoyable and successful evening.

Permit me to digress just long enough to give one of the aims of this fraternity. It was William James who said, "The best claim that a college education can possibly make on your respect, the best thing it can aspire to accomplish for you, is this: that it should help you to know a good man when you see him." It is one of the aims of this fraternity to help all of its members to measure up to the commonly accepted standards of a good man. And now as usual, the Commoners must say, So Long until next week.

Miss Mary B. Gray spent the summer on a plantation in Alabama, her home state.

Professor Harry R. Mathias attended summer school at Ann Arbor, in Michigan.

During the month of August, Professor and Mrs. Leon Fauley and small daughter, Leonore, visited friends in Illinois and Missouri, after having been at home in Kansas.

Professor and Mrs. Swanson visited in Iowa, Nebraska, and Minnesota during a period of five weeks.

Miss Ella Bowen, the dietician for the dormitories, went to Bermuda after summer school was out.

Professor and Mrs. Ogg spent a month in the Shenandoah Valley in Virginia.

Mrs. Anna Gryting attended the summer session at the University of North Dakota.

Miss Ruby King, assistant librarian, toured through Michigan, Canada, and the Eastern States, visiting many places of interest.

Miss Manette Marble enjoyed her vacation touring through New York, Colorado, and Texas.

Miss Mae Simmons, critic teacher at the Campus Training School, traveled westward stopping at Glacier Park in Montana, Mt. Rainier in Washington, Portland, Oregon, San Francisco, and Texas. Miss Simmons visited friends in San Francisco and at her home in Texas.

Miss Neva West and Miss Elsie Lorenz spent seven pleasant weeks traveling in Europe. They went to England, Norway, Sweden, Denmark, and Germany.

Coach and Mrs. Steller vacationed in New York most of the summer. They visited at Lake George and at the home of Mrs. Steller after spending a week in Michigan.

Miss Grace Wills, instructor of Art, visited in Michigan for nearly four weeks and then spent the remainder of her vacation at her home in Chicago.

Mr. Tunnicliffe spent the summer in Bowling Green except for a two-week trip to Minnesota.

Miss Grace Durrin was in Lakeside for a time after which she spent five weeks in Michigan.

Miss Margaret Yocum, assistant librarian, enjoyed a quiet summer, spending some time in Oberlin at her home.

MISS BEARD ENJOYS EUROPEAN VOYAGE

Miss Florence Baird, instructor in the Bowling Green language department, and six members of the Spanish Institute toured Europe for two months this summer. The trip over was made on the Normandie. The boat contained everything for the entertainment of the travelers, a night club and two mosaic swimming pools, etc. It truly learns its nickname of "the palace with the palsy" for the vibration is intense due to its large number of engines.

Their stay in England included a trip through the Shakespeare country. After a brief visit to Holland, the International Exposition at Brussels, Belgium, was attended. The Street of Fountains, showing numerous fountains on which colored lights played, was a striking feature of the Exposition. The journey led down through Paris and thence to Spain thru the lovely Basque country.

While they studied in the University in Madrid, Miss Baird and her companions made trips to surrounding places of interest which included the city of Toledo, and Segovia, the Roman aqueduct, the greatest monument to Roman rule in Spain. Es Carial, a huge monument to the Catholic faith, containing palace, monastery, church, and library was another point of interest. La Granja, the Spanish Versailles, and the great University of Salamanca, dating from the seventeenth century also proved worth seeing. In Madrid there was the museum to see, the Prado in which the best paintings in Spanish art—Goya and Velazquez—are well hung.

The journey continued south to Granada where the Alhambra, old Moorish stronghold and palace, was visited directly from the Washington Irving Hotel. On down into Africa, the Moorish cities of Tetuan and Tangiers proved strange and colorful. The land in Spain is barren and rocky and the country is crossed by four great mountain ranges. The heat is terrific in summer, the maximum being 140 degrees at Sevilla. The Spaniards do not work continuously but stop for a siesta or to eat at a sidewalk cafe. The women wear head veils and carry fans to keep cool.

Dr. Williamson Tours West

Dr. Florence Williamson spent the greater part of her vacation in the west. After the close of school she went to her home in Cedarville for a brief visit; from there she motored to Kansas, Colorado, and other western states. Dr. Williamson formerly taught out west, so she spent the summer visiting old friends and colleges.

Canadian Rockies and West Visited By Miss Ogle

Miss Nellie Ogle made an interesting tour of the West during the summer. After attending both terms of the University of Chicago summer-school, she visited California (stopping at Los Angeles and San Francisco), Oregon, and Washington (staying at Portland and Seattle.) From there she continued to Lake Louise in Canada.

In California, Miss Ogle visited Stanford University, where the beauty of the Chapel impressed her. Its chief attraction was an exquisite piece of mosaic covering the entire front of the structure.

At Hollywood, she saw the church in Fort-Lawn Park, Wee Kirk o' the Heather, where Will Rogers lies buried. This cemetry is interesting because it suggests life rather than death, as is illustrated by the name: Fort-Lawn Park.

After traveling through the Canadian mountains, Miss Ogle considers them even more lovely than the Alps, while Lake Louise rivets the beauty of the famous Interlaken of Switzerland.

COMMERCIAL CORNER

The first meeting of Quill-Type was held Wednesday evening, Oct. 2 with a very good meeting resulting. Following the business session, during which plans for the annual Homecoming Quill-Type Luncheon were discussed, a very good program was enjoyed by all. The program was as follows:

Piano solo—Leona Crockett
Readings—Marjorie Sterling
Book Review—Donald MacDonald
Talk—Ralph Asmus
Paper—Mary Louise Frazier
Piano Solo—Leona Crockett

The next meeting will be held Wednesday evening, Oct. 16.

We are certainly glad to hear that last year's graduates were so successful in getting teaching positions. Professor Knepper, head of the Commercial Department, reports that all of last year's graduates have teaching positions. In the group of students who are in Commercial Education, we find Naomi Curtis now teaching at Sylvania, Florence Duffield at Bluffton, Gayeneta Filiere at Ridge School, Van Wert, Mary Frances Schatz at Oak Harbor, Mary Cole at Marysville, William Cox at Smithville, Paul Shafer at Port Clinton and James Deter at Clay High near Toledo. Of those who received teaching honors in Commercial Education, Ruth Nachtrieb is now teaching at Holland, Marjorie Isenhart at Edin, Francis Babione at Pettysville and Fern Kaiser at Kunkle.

Mr. Leo Copeland called at the departmental office the other day and reports that he is now employed by the Purroil Co. at Mt. Pleasant, Michigan. He is very enthusiastic about his work and feels that he has a position which offers him a fine chance for advancement.

In "The Business Education World" for March, 1935, an essay contest was announced in which those interested in the improvement of commercial education would have an opportunity to reply to statements made by Dr. Edwin A. Lee, commercial educator, in his article entitled, "Whither Business Education?" Dr. Lee stated that successful business experience should be a prerequisite to professional training as a commercial teacher. Four prizes were offered in this contest. Prof. E. G. Knepper, head of the Commercial Department here, sent in one of the prize-winning essays. It is published in part in the October issue of the periodical. Prof. Knepper's article agrees in principle to the proposal of Dr. Lee. A copy of this magazine can be found on the magazine rack in the Commercial Department reading room.

Dr. Hoppes Attends Meeting

Dr. Hoppes was in Northern Michigan last Thursday and Friday, where he attended the Michigan State Educational Association meeting at Ironwood, Mich. as guest speaker. He appeared on the program Friday.

Folk Dancing Group
To Meet October 15

The next Folk Dancing meet will be Oct. 15 in the Women's gym at 7:00 P. M. The NYA has provided a pianist. In a short while the organization plans to have nationality groups from Toledo in costume to teach their dances once a month or often. These meetings are for the whole student body. Everybody is welcome.

Tea Given for Home Ec. Girls

A tea honoring the new students of the Home Economics department was given by Misses Hesten and Henderson last Thursday afternoon in the department dining room. The girls who assisted were the following officers of the Home Ec Club:

Dorothy Grace Miller, president
Dorothy Martin, vice president
Mary Evelyn Gray, secretary
Betty Rogers, treasurer
Forty girls enjoyed the informal affair which welcomed them into the department.

News of Training School

Dramatization of nursery rhymes and the reading of stories made by themselves have occupied the First Grade for the week. The pupils have made a collection of wooby bear caterpillars and have found how to feed them. They are watching to see them make their cocoons.

A study of precious stones in connection with the travels of Marco Polo has been made in the Fourth Grade. The pupils have finished studies of rubies and diamonds. They have learned that a pigeon blood ruby of three carats is more expensive than a diamond of the first water.

Prof. E. C. Powell
Arranges For Meet

Prof. Powell, president of the Industrial Arts Division of the Northwestern Ohio Teachers Association, has been engaged for the past two weeks in preparation for the departmental meeting, Oct. 25-26. He was in Columbus, Sept. 28 to arrange to get Elmer Cristy, Industrial Arts Supervisor of the Cincinnati schools, as speaker for the meeting on Oct. 28.

Cleveland Alumni Holds Meet

The graduates and former students of the University in the territory of Northeastern Ohio Teachers' Association which meets in Cleveland, Oct. 25-26, will have a University Luncheon on Friday noon, Oct. 25.

The first luncheon was held last year at the same time and Dr. Williams represented the University. Although the meeting was planned on short notice the response was very gratifying. The attendance this year promises to be even larger, and Dr. Kohl will represent the University.

GIRLS HOCKEY
SEASON OPENS

Hockey started Monday of this week with 60 girls signed up. Our schedule consists of four lessons the last of which will be devoted to team organization. The following meetings will see the games played off between teams. Since we have two hockey fields this season, we have devised a new point system for W. A. A. credit whereby you can earn points by Skill Test as well as in play. The maximum amount of points is 100.

True-False Test on Rules—10
Skill Tests—15
100 per cent attendance 15 times—75
100 per cent attendance, 14 times—65
100 per cent attendance 13 times—50
Points cancelled if you are not present at least 13 times.

P. S. Girls, if you didn't come out Monday, join us tonight. Instructions are still in progress.

W. A. A. Plan Outing
The W. A. A. has scheduled a week-end at the Maumee river near Grand Rapids for October 18-20. This is an annual outing which has the flavor of a real camping out party. Expense of food is divided among the campers—outdoor cooking, boating, hiking and sometimes swimming is enjoyed. You will need a dollar or so to go on this outing, but it's worth it.

Tennis and Badminton Taught
All the Freshmen women are learning tennis in the Physical Education classes. The Sophomores are trying out the new game of badminton, which is becoming very popular in the Y. M.'s, Y. W.'s, athletic clubs and adult recreation centers all over our land.

Ridge Street News

Autumn leaves, with their change in color, are attracting the eyes of the second grade pupils at Ridge Street School. The boys and girls are busy gathering leaves and making booklets of them. They are also very much interested in pets. They are enjoying stories about them.

One division of the third grade is enjoying the study of trees. It has taken trips to see and to study the oak, maple, and the box elder. It is planning to visit the elm and the nut tree soon.

Another division is interested in seeds and the way they travel. This division is making a collection of seeds of the various trees and plants.

A third group is interested in caterpillars and the cocoons they spin. This group has had great fun finding caterpillars, reading about them, and watching them build their winter homes.

The Homecoming at the Ridge Street building was a grand success. The large crowd that attended found many things to interest it. Fortune telling booths, fishing ponds, candy counters, "hot dog" stands, and other attractions were very much in vogue. A musical program was one of the big attractions of the evening. The capacity of the school auditorium was not great enough to accommodate all those who wished to hear it. Everyone had a good time—wished the members of the P-T A. who sponsored the Homecoming, were more than delighted—for they cleared a goodly sum.

Daniels Recuperating Nicely
L. J. Daniels, popular B. G. S. U. trackman, was subject to a severe attack of appendicitis last Friday morning, and was operated on at noon. At present, he is doing well and is receiving his friends at the General hospital here.
He had had a previous attack, not quite so severe, about six months ago. Last Friday, he was not feeling well and had gone to the College Clinic, when he succumbed and was rushed to the hospital by ambulance.

Daniels, a Five Brother, has always been active in athletics and extra-curricular activities, besides working Saturdays at a local grocery store. He hails from Weston, Ohio.
FALCONS LOSE, 12-0

Capital Proves Too Strong
In Opener

The Bowling Green Falcons were defeated in their opening game of the season by Capital U. of Columbus by a 12 to 0 score. Capital, with Heischman and Brenning carrying the brunt of the attack, outplayed B. G. consistently for the victory. The Falcons played well but were up against a better team Saturday. The Falcon's next opponent is Baldwin-Wallace who played in the Falcon's homecoming Saturday afternoon. Bateson and Albon, of the Falcons, had to leave the game because of injuries. A quarter by quarter account of the game follows.

First Quarter

Inman of B. G. kicked off to Capital's 20 yard line and Heischman returned it t o the 35. Brenning gained two, Fredericks gained 1 1/4. Heischman punted out on bounds on B. G.'s 20 yard line, B. G. penalized 5 yards for offside. Albon gained one. Inman punted to Heischman on the B. G. 45, who returned to the 38. Heischman made seven. Brenning thrown for a seven yard loss. Heischman hit center for 2 1/4. Heischman punted and Albon took it on his ten and returned to the 15. Inman hit the line for two yards. Bateson lost two on an end play. Inman punted to Capital's 45 and Heischman returned the ball to the 40. Heischman hit the line for one. Bateson knocked down Heischman pass. Brenning lost three. Heischman punted out on B. G.'s 9 yard line. Kinney hit the line for four yards. Albon hit the line for no gain. Inman punted to midfield and Heischman returned the ball to the B. G. 45 where B. G. was penalized 5 yards for offside. Fredericks lost one, Heischman punted out on the B. G. 2 yard line. Inman punted to the B. G. 34 and Heischman brought it back to the 27. Brenning gained four. Heischman hit center for two and Brenning was thrown for a 3 yard loss. Heischman passed to Schelhase on B. G. 10 yard line for a first dow. Heischman backed the line for 3 yards. Heischman hit the line for 2 more, and then Brenning circled left end for a touchdown. Heischman's place kick was wide. Score: Capital 6, Bowling Green 0.

Second Quarter

Horon, of Capital, kicked off to Inman on the B. G. 15 yard line who returned it to the 35 as the quarter ended.

Riffle, Young, Heckler, McColloch, Tippen and Cheetwood replaced Kinney, Albon, Lowe, Reed, Bateson and Ringer for B. G.

UHLMAN'S SHOE STORE
Intramural Sports

The fall tennis tournament will get under way this week. The entries closed Friday and a total of ten entries have been made. Drawing were made and the following first round matches are forthcoming.

Dr. Swanson vs Vann, Young vs Hooper. All other entrants drew first round byes.

Rules:
2. Play 2nd round by Fri., Oct. 11th.
4. Play 4th round by Fri., Oct. 18th.
5. All contestants must arrange their own matches with opponents.
6. Failure to play on schedule forfeits the match.

See bulletin board for further information.

The horse shoe tournament did not draw many entries but several expert tossers are entered. The tournament will be conducted on a "round robin" basis. The following matches have been arranged:

1st round
A Snyder vs Kominski
M. Snyder vs Gary

2nd round
A. Snyder vs Gary
M. Snyder vs Kominski

3rd round
A. Snyder vs M. Snyder
Gary vs Kominski

Rules:
1. All matches will consist of two out of three games.
2. Total number of games won will determine winner.
3. Arrange your own matches.
Play 2nd round by Fri., Oct. 11th.
Play 3rd round by Fri., Oct. 18th.

A touch football league has been started by the men in the Phys. Ed. Classes. This is something new in intramural sports for Bowling Green and a surprising amount of interest has been shown. The sport is still somewhat handicapped because of the lack of proper playing space but nevertheless a good start is being made. College men interested in playing this sport may make arrangement with the coaches to join one of the teams. A record of the scores and standing of the teams will be found on the bulletin board.

There will be a meeting of house managers sometime in the near future. All men interested should watch the bulletin board for the date and be present.
