**Prevalent News**

**VOL. XX. BOWLING GREEN STATE UNIVERSITY, DECEMBER 11, 1935 No. 13**

**Pres. and Mrs. Williams Open Home for Y. W.-Y. M. C. A. Silver Tea**

Students Give Entertainment

Decorations Seasonal

On Sunday afternoon, Dec. 8, Dr. and Mrs. H. B. Williams opened their home to the faculty and students of Bowling Green State University. During the hours from two-thirty to five-thirty, the Y. W. C. A. and M. C. A. were joint hosts at this Silver Tea. Approximately one hundred faculty and student guests partook of President and Mrs. Williams' hospitality.

The spacious receiving rooms were decorated with beautiful yuletide trimmings and the music was furnished by the Cleveland Students Organize on Campus

Cleveland students attending Bowling Green State University organized Dec. 4 to become better acquainted and to arrange for a week of festivities and activities. The group will meet again Dec. 11 to elect officers and to try to work out any publicity that they can to favor the University. This student group will affiliate with the alumni group already functioning in Cleveland.

**Christmas Music Is Planned For Dec. 19**

The customary program of Christmas Music will be given by the Music Department on December 19. The program will begin promptly at 7:30 'o'clock and the Auditorium doors will be closed at that time. Latecomers will not be admitted.

**Math ClubMeets Tonight**

The Math Club will meet at the home of Dr. Ogg, 650 West Main St., at 7:15 'o'clock for a social gathering. Everybody eligible for membership is invited.

**Appropriations Delayed In Columbus**

**Legislature In Relief Snarl**

Because of the questions of relief and taxation, the Appropriations Bill for 1935-36 has not yet been approved. It will not be sent forth before Dec. 31, however.

The lack of available funds for supplies and equipment is interfering seriously with the progress of the University, especially those departments, like the Training School, the Home Economics, and Chemistry departments, which use supplies heavily. However, by securing time extensions and relying on some work in hand the regular work will be continued.

Not all these sources are practically exhausted, and unless the Appropriations Bill is passed soon the situation may become critical.

**SPORTS SUPPER HELD TONIGHT**

The Fall Sports Supper served by losing soccer and hockey teams will be held tonight, Dec. 11. All Freshmen who have won fifty points are invited to come for the initiation ceremonies, which will be held at this time.

Prof. Daniel J. Crowley, head of the Industrial Arts department was initiated last Thursday evening into the Epsilon Psi Tau Fraternity, the National Honorary Professional Fraternity in Industrial Arts Education. He was one of eleven selected for membership for outstanding merit in Industrial Arts. The fraternity held its initiation and banquet in conjunction with the national convention of the American Vocational Association in Chicago which lasted from Wednesday to Saturday morning and which Prof. Crowley also attended.

**New Trustees Confirmed**

Will Hold First Meet Dec. 14

It is generally known that two new members of the Board of Trustees were appointed by the Governor several months ago. These new men are Dr. Edward B. Pedlow, Lima, and Mr. L. M. Montgomery, Tiffin. Their confirmation by the Senate was not made until last week.

Dr. Williams has called a meeting of the Board of Trustees for Saturday, Dec. 14. At this meeting the old board will close its work and adjourn sine die, and the new Board will then organize. The holdover members of the Board are D. C. Brown, Napoloni; A. L. Gephard, Bryan, and F. J. Prout, Sandusky.

**YNA Students Note**

All Y. A. students should have their weekly time sheets in Miss Stallbohm's hands by 10 'o'clock Friday, Dec. 13, so that the payroll may be sent to Columbus on that day.

The office is trying to do everything it can to pay the students before the holiday vacation, Students who do not get their reports in by ten 'o'clock Friday, Dec. 12, will not be paid during the Christmas vacation.

**String Recital Given Tonight**

A stringed instrument recital will be given by students of the Music Department tonight, Dec. 11, at 7:30 'o'clock in Studio B. Many banquets, gorgeous at the close of the year, have been given at the home of Mrs. Williams. Miss Jessie Zimmerman is in charge of the music for the evening.

**Japanese Prints Exhibited Here**

An exhibit of Japanese prints is now being shown by the Industrial Arts department in Room 400-A. The prints are hand-blocked reproductions of famous Japanese masters. All prints are for sale. They range from cards that may be used for Christmas (10 cents) to large sizes suitable for framing for $2.

**CHURCH HEARS CONCERT**

Prof. Church went to Oberlin on Friday afternoon and which Prof. Crowley also attended.

**Student Attends National Meet**

4-H Club Congress Meets in Chicago

Miss Jesse Zimmerman is in charge of the music for the evening. She returned Sunday from attending the National 4-H Club Congress which was held for a week. She met representatives from forty-three states and Canada, fourteen hundred delegates in all.

Conducted tours included trips through the Art Institute of Chicago and various other places of interest. Forty chartered buses, escorted by police, were used at the disposal of the group.

Many banquets, gorgeous at the close of the year, will be given at the Stevens' Hotel, the largest in the world, where 600 waiters will be presided. At this banquet more famous people sat together than had ever sat at one table in Chicago before. These includ- Mayor Keely, of Chicago; Reverend Father A. J. Vansweden; many radio stars, college presidents, and leaders of state 4-H clubs.

The delegates themselves were very interesting. Some of the southern people having never seen snow and the Californians wearing their feathered hats. Jesse thinks the boys from the western states are most handsome and congenial.

**UNIVERSITY FACULTY ORGANIZE LOCAL A. A. U. P. C.**

**Tamaris and Troupe Dance Here**

Modern Dance Demonstrated

Tamaris and her company were well-received by the faculty and student body in the modern dance recital held in the Men's gymnasium, Dec. 3. For two days beforehand the assembly the audience showed marked interest and appreciation. The modern dance proved quite surprising to those who were accustomed to the ballet type story dance.

Natural, graceful movements were used to interpret each scene. The titles of the selections suggest very well the emotions expressed in each: Camaraderie, Hypocrisy (Tamiris); Song of the Open Road, Dirges (Tamiris); Work and Play in Nature (Tamiris); Dance for a Holiday, Impressions (Tamiris); Composition for a Group, Twentieth Century Bacante (Tamiris); Manners (Tamiris and troupe).

**Otis Heads New Group**

Kohl Addresses Meet

Members of the faculty of Bowling Green State University have organized a local chapter of the American Association of University Professors. This association is a national organization composed of teachers and research workers who have had at least three years experience in a recognized institution. Its purpose is to provide a meeting place for the discussion of the objectives and the policies of college and university education. With a national membership of more than twelve thousand, it has reached into all parts of the United States and Canada and has announced chapters in the older institutions. In Ohio, for instance, active groups are to be found at all colleges and universities, including Ohio State, Ohio Wesleyan, Western Reserve and Oberlin.

Contact among the members is maintained by an annual meeting (usually in December), through a bulletin to be published monthly during the academic year, and through the local chapters.

The Bowling Green Chapter, recently organized, has chosen President—Charles O. Otis, Professor of Sociology.

(Continued on page 5, col. 2)

**Wood Co. Teachers Meet On Campus**

The Wood county Teachers' Association held its second meeting of the year in the Administration building, Dec. 17. Dr. Kohl addressed the group on the subject of "Education for Social Control." Outstanding was the faculty of the assistant who addressed the group.

**Music Planned For Assembly**

The Orchestra and Men's and Women's Glee Clubs will furnish a musical program at assembly Dec. 18.
**ASSEMBLY SEES TAMARIS DANCE**

At the weekly assembly program Wednesday, Tamiris, one of the famous dance groups in the modern dance, lectured on the toruchopean art. Members of the group gave a visual presentation on the stage and illustrated various movements.

Tamaris first gave a history of dancing as it began with the ancient and continued down to the present day. They demonstrated those figures most probable from this time period, and mentioned their contributions. Isaac Duncan and her work is to be mentioned Tamiris greatly. The significance of dancing was explained for the benefit of the uninitiated.

Members of the dance group illustrated different types of portray, and demonstrated rhythm as it should be used in relation to music. Near the close of her lecture Tamiris mention the Army's contribution, which are decidedly modern and not yet accepted by the dance world. There is a theme quite evident in lighting to both students and faculty.

**FACULTY ORGANIZE**

(Continued from page 1, col. 5)

Sec.—Florrence Williams to Troux—Has you been in class and do you understand them all? He then proceeded to tell me of the service for hitch hikers given by Ohio State University. It consists of a card stating the grade, address, and vouchs for the student. Without this card, to wave at prospective rides and submit to the drivers to read upon the car, it would be very difficult to thumb a ride to a city.

School officials please note. Why can we not have a similar credential card for the aid of the students desiring work? It is in the public mind that there are many hitch hikers with the many youths traveling throughout the country today it is in the public interest and preserving hitcher. The banners displayed on grills are on sale to students and therefore are of little benefit in securing a ride—A hitchhiker.

**Campus Glints**

A neat display of hose was seen hanging in the rooms of Williams Hall before the Thanksgiving vacation.

The two campus chiks, Jim Maurer and Harry Rhoek certainly are benevolent souls. "Mighty nice to have two happy eyes" maybe librarians have too.—This for the person who usually takes too cheap an English magazine out of the Library neglecting to sign it for it.

Suitcases of all sizes and colors supported by students were being worn down last Friday. How many returned with bits of "goodbye" tucked in their corners?

Announced

**Florida Tour Announced**

A change from zero weather and snowly to the days of Florida and in the Southland is offered in the Florida trip conducted by Prof. Howdren at his group of students. The tour includes 3,000 miles of carefully selected routes, going through hills, mountains, and plains, and remaining another. A surprisingly sudden and unexpected point of interest will be visited both in Florida and in the states enroute. An impressive program will be derived from this excursion more than tourists receive in the states.

The cost has been reduced in every possible way and is astonishingly low considering all that is included. The time has been so arranged that all students and teachers may take advantage of this educational opportunity and yet not miss any classes. Greater convenience has been offered by chartering a coach of the Greater Ohio bus lines. This is probably the last time that this trip will be offered in the near future. If you are interested in taking this Florida tour see Prof. Holt in Room 201-S immediately.

**What-Not and Whirligigs**

Aha, mine friends, listen close red tell you a story so soon. You have to be a broker from Wall street got took from his shirt. Ya, Ya! All over the first hot brokements that could be formed for an employee. So now day he hears every odd time there is a job at da Zoo perhaps maybe. So he goes and tries to get a job yet apply. Dey giff him a job to put on skin of dead grilla to amouse ipples. Just like grilla did. Everything, she is hokiu, now. But need the lion to his cage and he is in a pile too. He falla da trap door. I, into da lion's ha. So now day he hears De lion, off him look, like yet to say "Ah, Breakfast, she is servin'". De lion hee, all esteem and he yells help, help. Den da lion hee a strip and say "what oop, you dumbskull; ya ain't the only on yet loosa da shirt." Shemus funny, huh?

Arthur Krapp—He has been a member of almost all campus organization except a fraternity.

Donalds McDonald—She is a member of all women's organizations and is a worthy office.

Chas. "Bud" Swan—He came to New Jersey to attend B. G. S. U. Find out why?

A general discussion of the Social Science courses was followed the address during which many interesting facts and questions were considered.

The latter part of the pre-pension parties strive to create a joyful disposition of the question, "What value might we, as a Faculty, as the students, and as our members at the meetings of learned societies and profoundly?"

L. Mosley opened the discussion and others followed with other constructive and valuable suggestions.

Ye Olde Five Brothers

Following are some of the remarks which accompanied a short "session" about noon at the Five Brothers.

"Yasssa!" (The Irishman) was quoted as saying: "I've seen some six weeks texture ower o'er me. Snook: "Oh alle de missus, grades take de pris in my name.

Karg: "Vet for we have all dis stuff aboong paasing, fallong, quality points, and degren". Clyde Raymond Scott, B & M student, stated: "The measurement of the intellectual capacities of psychic individuals tend to prove the fundamental purpose of higher education and loads invariably to erroneous reflexes, superfusious conceptions, and an unintelligent stratification of the mental faculties.

Commoners

Looking forward, we all expect to be out to the basketball games Friday night. The Commoners are behind the team 100 percent. Let's go, fellows, love B. G. S. U. on the sports map.

Another milestone has been passed in our student life. We are about to receive grades again. Once again we are challenged by the inadequacy of our educational system. Grades, at best, are only a tangible way of measuring a students progress with reference to the other members of his group. It is to be hoped that grades constitute a challenge rather than a deterrent to scholarship. Again we say—so long.

Faculty Notes

Miss Shaw attended the All-American Hockey games in Toledo, Dec. 6th.

Women Begin Basket Ball Play Dec. 17

Eleven teams will participate in Women's Intramural Basketball during the opening season. The players are practicing and promise much competition in the ensuing games. The schedule is still under consideration. Tuesday, Dec. 17, has been set for the start of games. The teams and their captains are: X-70, Overholtz; Hall, Mystik; Rommers, Rice; Skol, Nantel; Go-Getters, Ayer; Bagnes, Robb; Shatel, Frieshe, Krause; Dean, Quill; Westley, Formation; Herbrand; Seven Sisters, Woodward.

Numerals Awarded

Twenty-two players have been awarded numerals as a result of their participation in the Freshmen football squad. The squad is probably the best Freshman team in the history of the college. Those stalwart young warriors are expected to bolster the Falcon squad considerably next season. The following men will receive numerals:

Handball Tournament

The majors and minors in Phys. Ed. 61 are holding a handball tournament as part of their gym work. Coach Steller, instructor, is giving the boys an opportunity to acquaint themselves with the game in order to compete in future varsity tournaments.

Tumblers Trawl

The tumbling team has been working out under the direction of Coach Steller to prepare themselves to give demonstrations between the halves of the '34 basketball games. The following fellows are out for the team: Ruber, Sr., Dunapan, Sr., Roselle, Fr., Senior, Jr., Lee, So., Hawver, Jr., Miner, Fr., Jordan, Jr., Hendrick, Fr., Barton, Fr., Woodbury, Fr.

Intramural Dope

The Intramural Basketball League continued its play during the past week despite several postponements and rearrangements of schedules. On Monday night, several very close games were witnessed by a large group of interested spectators. The Parity and Commons were put on a half-raising battle which was finally won by the Parity, 20-8. In the other early game the Five Bros. met the Lima Beans. The Beans scored five points in the first three minutes, but the Five Bros. took over and scored heavily for the balance of the game and finally won 20-8.

The other night打好 games were very hard fought contests. The Celtics and Y. M. C. A. clashed in a see-saw battle, which was finally won by the Y boys, 22-17. In the final game the Straight Shooters met the Lima Beans. The Straight Shooters scored first, but the Lima Beans came back and scored heavily to claim the victory, 23.
