The Board of Trustees of the Bowling Green State University met in a regular meeting at its office in the Administration Building at 2:00 o'clock p.m. on September 22, 1938. The members of the Board present were F. J. Prout, president; E. E. Coriell and Edward B. Pedlow. Mr. L. N. Montgomery, secretary; and Mrs. Beasie S. Dwyer, treasurer; were not present. Dr. R. E. Offenhauer, University president, was in attendance also.

In the absence of Mr. L. N. Montgomery, secretary, Mr. Prout appointed E. E. Coriell to act as secretary pro tem.

The minutes of the meeting held September 9, 1938 were read and approved.

The following report was submitted by the president: REPORT AND RECOMMENDATIONS OF THE PRESIDENT TO THE BOARD OF TRUSTEES as of September 22, 1938.

PWA

At the last meeting of the Board on September 9 I suggested that in view of the Funds three building projects that we now have underway that the Board should appropriate and release all of the funds that we hold as government bonds, our state appropriation of $20,000 appropriated for the Women's Building and $7500 of future dormitory earnings for the purpose of meeting the expenses of this construction. There was no authorization for the appropriation and release of these funds at that time and I would recommend such action at this time.

At the same meeting you voted the acceptance of the Federal grant, docket OH-2093-F. I asked you to take that action on the basis of a telegram and letter received from Mr. Boulay and also on a telephone conversation with Mr. Boulay's office. I had been informed that we could take the action and that the acceptance resolution would be identical with the one that we passed for the Women's Physical Education Building. On September 14 we received the formal offer of the Government and due to the fact that there had been a controversy in California regarding the PWA grants, the form of resolution had been changed—additional prohibition had been placed in it. This change in the form of resolution annuls our previous action. I would now ask that you vote the acceptance of the PWA grant, docket OH-2093-E, using the form that came with the formal offer.

Extension

At the present time we have approximately 175 more students on the campus than we had a year ago. This does not include any extension students. We have in prospect 26 extension classes and that number may be exceeded when the enrollment is completed. Due to the increased enrollment on the campus, the slack in our teaching force has largely been taken up. The classes are running very large. We are now in need of two full time people for extension work; one in history and geography and a second in English.

I would appoint subject to your confirmation, for extension work, Mr. Wayne S. Huffman at a salary of $2000 for the academic year of nine months. It is our purpose to use him in the teaching of history and geography.

I would like your permission to appoint a full time teacher in English for extension work and your further permission to appoint more teaching help in the field of extension as the case demands it.

I appoint subject to your confirmation Glover V. Webb as student assistant in chemistry at a salary of $50 per month.

Respectfully submitted,
R. E. Offenhauer
