DR. H. E. WHITACRE LEADS DISCUSSION ON SEX HYGIENE

The Falcon baseball team dropped their first game Saturday afternoon to Kent State. The game was close for the first few innings but a couple of base hits in the seventh inning proved decisive for the locals.

The present Council will serve until next fall, the Council for next year's Student Council elections next fall, the Student Council has drawn candidates for the Council from the three lower classes must be obtained today or tomorrow. The total number of candidates for the Council from the three lower classes must be obtained today or tomorrow.

Candlelight Installation

IMPRESSIVE

CRYSR IS PRESIDENT

Dr. H. E. Whitacre's talk on sex hygiene and the installation of new officers made an impressive and worthwhile program for the Y. M. C. A. meeting May 7. An open forum in which Dr. Whitacre asked questions followed the talk.

An impressive highlight of the installation was the installation of the officers. Prof. Faulley opened the service with a short talk bidding farewell to the old officers and graduating members and welcoming the new officers. Earl Cryer, the new president, received the gavel from Lawrence Ringenberg. Wheter Debaker was selected by the secretary's book by Bernard Overton. Lawrence Ringenberg was given the bank book by Treasurer John Bisher.

Winners To Enter International Competition At Chicago

A promising year is predictable now, the graduating students. It is a social tool. It broadens the new picture of education, the liberal education by stating: "Latin is not a dead language, for even though it is not spoken, it is still spoken; one cannot get out of time spent on it can be justified."

She gave these reasons to support her statement that Latin was a profitable subject and was justified as a part of liberal education:

1. It is a social tool. It broadens the outlook, leads to a better understanding of human problems, enables students to use language as a means of manners, customs, and the like.

2. It enables the student to build up a better English vocabulary and technical scientific knowledge. With this new conception comes better English skills, which enable the student to be a better speaker and better writer and teaching emphasis. To reach this new goal, there must be in the teaching of languages, she said:

1. A minimum of grammar taught, so that students may appreciate the languages they have studied.

2. Constant stress on oral and written work, so that students may appreciate the languages they have studied.

3. Reading of language so that the students get the idea of the language through the foreign medium.

4. The placing of language as an essential part of the curriculum.

Shall We Have Walks?

Have the students and professors of B. G. S. U. ever visited the grounds of other universities and colleges? I was interested in the buildings and the ordinary care, but why not do something about the surrounding expanses of land which could be made more interesting while walking by providing the students with a place to use and beauty.

Oberlin College, a dignified and somewhat conservative institution, has cinder paths which take students from building to building. At the University of Nebraska, the Kansas State University, and the University of Michigan, as well as Bluffton, Heidelberg, and many other colleges in this particular vicinity have realized the value in beauty and interest which can be developed in gardens as approaches to the buildings. If gravel or even a cinder path were laid across our south-west lawn with the approval of those who are trained in the arts of landscaping, there would take develop- ment to the university grounds as to artistry and usefulness. And what is useful that is not artistic.

I am going to be left as a graduating class memorial, or the work might be done by N. Y. A. students if possible. Some classes have at least one such as a fraternity or Y. M. C. A., which are well planned as to use and beauty.

Ordinary care, but why not do something about the surrounding expanses of land which could be made more interesting while walking by providing the students with a place to use and beauty.

If I am sitting next to a student who is a psychology major, and has a real interest in the work, I am likely to use my one-question test which alone determines grades for a twelve week period, especially if a subjective viewpoint on a paper which I write even though the answer is other-

Correct.

That is a very fair test! Too much emphasis on tests, unfair questions, required subjects, and last and most I am not left to a weakness, not in my sys-

A Senior

Profs. Hear Borah

Senator Borah's speech at the Woman's building, Toledo, May 7 was attended by Dr. Gauggel, Dr. Hills, Dr. Robinson, and Mr. Jordan. From the Senator's forceful, sincere and well informed manner of speaking it was easily understood how he was re-elected Congressman for thirty years. His magnetic personality seemed att-

FRATERNITIES

Commoners

With the completion of the first degree, our pledges are resting much easier. Speaking generally, we feel that the duties assigned were performed in good faith. Our nephephies have shown themselves worthy. They will soon enjoy the fruits of their labors. It is rumored that one of the active members caused a greater disturbance at the house than the plebs. The Commoner section seems to go as to how to discipline an overactive member, but Commoner is presumably all good fun.

Prof. Fauley Travels

Prof. Fauley attended the May Festival at Ann Arbor last week-end. Lily Petrie and the Philadelphia Symphony orchestra were featured in the Friday evening's program. A rehearsal of Verdi's "Requiem" was heard by Prof. "Fauley on Saturday morning.

Training School

Poems on spring have been composed by a number of children of the Third Grade in the Training School as the result of several discussions of spring. Miss Nina Beattie, their teacher, has now an active group to write stories and poems and make pictures on the subject.

The following is one of the poems:

Spring

Spring is here! Spring is here! I love to see the robins near Grass is growing

Thunder rolling.

Grass is growing

Felix and waders.

Sororities

Phratra Phases

Another radio in our midst! We think it's swell, Laura, now we can listen to three different programs at the same time. Have you noticed all our violet corsages lately? No, it's not a secret admirer, it's the result of picking those violets next door to us. One sure sign of summer: Mrs. McComb has taken off the storm porch—wonder why certain members don't like it?

Kay News

Were you surprised to see Betty Cooks walking about the campus? Well, so were we all. We never dreamed of having her back with us so soon. Welcome, "Skippy!"

Tuesday night's first degree was given. If your name has a "K" in it, you may have been asked to sign an owl's "K" sign.

Thanks for the signature. It seems that Blanche Ruth was very hungry the other night—she found chewing a ham bone in front of the Purify. Helen Vermillia may be caught doing gymnastics in her underwear again. Anne Simmons may seem quiet "but you'd be surprised!"

Last Recital

An excellent performance was given in the last Senior Recital. The program included a variety of pieces, some old favorites and new compositions.

Seven Sister Scribbles

The Seven Sister Sorority held its annual spring formal in the bewitching atmosphere of a Japanese garden on Saturday evening. A canopy of cherry blossoms furnished added beauty to the dimly lighted lanterns which hung at intervals around the dance floor.

Training School

The coming of life to the earth has been studied by the Fourth Grade. Water and air, earth, and the earth contained within it. The course included the study of the earth's crust, the continents, and the oceans. The fourth graders are learning the water birds—divers, swimmers, and waders.

Y. W. TO HIKE

A breakfast hike from five to eight o'clock Saturday morning, May 16, is planned for Y. W. C. A. members. Eats need not be brought but a hot drink will be furnished. Watch the bulletin board for further announcements.

TOLEDO U. WINS TRACK MEET

Falcons Take Second Place

BLUFFTON THIRD

The Toledo U. Rockets lived up to early predictions and captured the Thirty-Ninth Annual Western Ohio Invitational Track Meet at their field of operations on May 23 and 24. The pre-meet favorites took nine first places in gathering the yardage for the meet.

Bowling Green by virtue of winning the mile relay was able to nose out Bluffton for second place with 38 5-6 points to the Beavers 38 1-6. Heidelberg had 36; Ohio Northern 28; Wittenberg 4, and Findlay 2 2-3.

Three meet records and six local records were broken by the athletes. Johnny Wichter, of Toledo, broke three track and one meet mark in scoring 22 points for his team. Delsheter, of Toledo, broke the track and meet record in the mile. Vorshow, of Heidelberg, broke the track record in the 220 yard low hurdles and Holton, also of Heidelberg, broke the meet and track record on Friday.

The coaches decided to hold next year's meet at the University of Toledo on May 8th.

The results:
- Shot put won by Day (T), 2nd place, 31 ft 10% in., 3rd place, 31 ft 10% in., 4th place, 31 ft 10% in.
- Javelin throw won by Vornholt, of Heidelberg, 1st place, 211 ft 11% in., 2nd place, 198 ft 4V4 in.
- 880 yard run won by Hudick (B), 1st place, 2:06.
- 100 yard dash won by Wichter (T), 1st place, 10.1.
- 220 yard low hurdles won by Wichter (T), 2nd place, 24.1.
- 440 yard dash won by Hudick (T), 1st place, 4:37.8.
- 80 yard high hurdles won by Wichter (T), 1st place, 10.4.
- Mile relay won by Bowling green (T), 1st place, 4:37.8.
- Two mile run won by Holton (H), 1st place, 10.1.
- 110 yard high hurdles won by Wichter (T), 1st place, 15.8.
- 400 yard run won by Huick (T), 1st place, 49.5.
- 400 yard dash won by Holton (H), 1st place, 49.5.
- 440 yard dash won by Hudick (T), 1st place, 57.4.
- 220 yard low hurdles won by Wichter (T), 1st place, 24.1.
- 440 yard run won by Hudick (T), 1st place, 4:37.8.
- 80 yard high hurdles won by Wichter (T), 1st place, 10.4.
- Mile relay won by Bowling green (T), 1st place, 4:37.8.
- Two mile run won by Holton (H), 1st place, 10.1.
- 110 yard high hurdles won by Wichter (T), 1st place, 15.8.
- 400 yard run won by Huick (T), 1st place, 49.5.
- 400 yard dash won by Holton (H), 1st place, 49.5.
- 440 yard dash won by Hudick (T), 1st place, 57.4.
- 220 yard low hurdles won by Wichter (T), 1st place, 24.1.
- 440 yard run won by Hudick (T), 1st place, 4:37.8.
- 80 yard high hurdles won by Wichter (T), 1st place, 10.4.
- Mile relay won by Bowling green (T), 1st place, 4:37.8.
- Two mile run won by Holton (H), 1st place, 10.1.
- 110 yard high hurdles won by Wichter (T), 1st place, 15.8.
- 400 yard run won by Huick (T), 1st place, 49.5.
- 400 yard dash won by Holton (H), 1st place, 49.5.
- 440 yard dash won by Hudick (T), 1st place, 57.4.
