ELIGIBLE STUDENTS

DR. WILLIAMS GREET ALL B. G. STUDENTS

A year of great possibilities confronts every person who will seek to make of his college life a year of opportunity, with the promise of earnest, sincere people— behavior than some of us at the other end of the payroll. To be a part of that group of earnest, sincere people— young and hopeful, is a great experience and adventure in living. It means an opportunity to minister to the welfare of us all, a very significant opportunity. Possibly the charwoman and the minister to the welfare of us all, a very significant opportunity.

WHERE OUR GRADUATES WILL TEACH

Students in the College of Education by a careful selection of electives may increase the number of state teaching minors for which they may be certified to teach, and thus measurably their chances for appointment.

Graduates of Bowling Green are given assistance by the local Bureau of Appointments, main- tained by the college in securing teaching positions. Following is a list of this year's gradu- ates and where they will teach, unless recent changes have been made. Perhaps one of these people is teaching at your home school. He would be glad to help you map out your college career.

For the coming year Prof. John Kleinfield will sponsor the Wesley League which meets each Sunday at 6:30 P. M. and Dr. Walter A. Zoeg will teach the Student Sunday School Class at 9:30 A. M. Dr. B. E. Stanford will preach at 11:00 A. M. each Sunday. Students are invited to attend each of these services.

In order that Methodist stu- dents, faculty, and friends of the Church may get better acquaint- ance, a reception will be held in the church parlor on Friday, Sept. 18th at 7:30 P. M. The program will consist of music, games—and ice cream and refresh- ments. You are invited and urged to come, and to bring some friend who might be interested in the work of the Wesley Founda-

WHY ARE YOU HERE?
The above phrase is more than a question; one can approach it from any angle and still have a satisfying answer. Some of us are here because we are local residents and B. G. is the most convenient institution of higher learning. Perhaps one of your high school teachers or a graduate of this college and induced you to come here, or maybe you know a friend or a relative that decided to study here. It may be that a close study and comparison of various catalogues helped you make this decision, or the visit of a member of our faculty to your home school determined your choice.

If ever you discovered a very interesting reason why a certain student chose this college, whether in the firmament or on earth, record it on your name for the records of all future students. Here is the way to do it. Perhaps you are aspiring to social or scholastic heights. Remember, no matter how you measure success of college life, it is not successful unless you graduate with a name for honesty, trustworthiness and a fair amount of good old common "horse-sense." It is the wish of every upperclassman that every freshman have the "time of his young life" but not at the expense of these fundamental principles.

Students interested in newspaper work drop your name in the Bee Gee News box at the head of stairway in Ad. building or see Prof. Beatie.

The News welcomes items of interest. Have your articles in the box before 8:00 A.M. each Monday. Write on one side of paper ONLY.

Football practice, Saturday, Monday, Tuesday and Wednesday, 10 a.m. and 2 p.m. on campus.

Three Kay Sisters

THREE KAY
"I like to fling the doorway wide and bid a friend come in."

The beloved American poet, Eddie Guest, thus expressed this feeling of welcome which we, the Three Kay Sorority, have towards you, the new students for the first time entering the portals of our Alma Mater. B. G. is your new home and we want you to make the Three Kay House at 399 N. Summit street your favorite hangout. Come over and see us sometime —anytime! The House has the latch-string on the outside and a hearty "Hi There!" for you.

We're planning on seeing you soon — and often! There's a heap of fun in store for you — you bet!

Your pals,
Three Kay Sisters

NEW DEAL DIDOS

A local resident reports that one rainy day this summer Professor Schwarz was seen sheltered by an umbrella and sprinkling the lawn. It must have been part of the New Deal to hold an umbrella in one hand and a garden hose in the other.

WE SALUTE
OCKERMAN

When the college year is well begun you may see any number of fellows working in downtown houses.
This is no mere coincidence but a result of Coach Ockerman's efforts to build up Bowling Green State University. He has done more than any other member of our faculty to encourage promising athletes from all parts of the country to enter this institution, and it is he who secures them positions which enable them to remain in college. Of course, Mr. Ockerman has the support of Coaches Landis and Stoller, but we take this opportunity to salute the man who is working wholehearted to make B. G. known throughout the state.
