**Many Will Leave State**

Miss Wills plans to be at her home in Chicago over Christmas. Dr. Heppen will remain in Bowling Green over the holidays.

**Beta Pi Theta Celebrates**

Mrs. B. H. Urschel opened her home to the members and pledges of the Beta Pi Theta for their Christmas party and formal installation of the new members.

The program and installation ritual were conducted entirely in French. Mrs. E. K. Sieben gave an interesting talk upon the celebration of Christmas in France, and it is believed that the stork brings the Christmas gifts, not Santa Claus. The children exchange gifts on the holiday but the adults must wait until December 31st. The Christmas decorations are gifts, not Santa Claus. **ALL COLLEGE DANCE TO BE DEC. 29**

Platt, Willibet, Reps.

The fourth annual Miami-All College Dance will be held Dec. 29 at the Findlay Country Club, it has been announced by our Greek organizations. The Eugene States should Adopt a One-House Legislature, was the proposal made by Prof. Carmichael, who accompanied two of his debate teams to Columbus for the tournament Saturday, Karl Karg assisted in the judging.

Although our boys did not win the tournament we feel that they gave a good account of themselves as they were the only ones to defeat Muskingum. TROPICAL TOPICS

Pro. E. C. Powell has re-
cceived a letter from one of our former students who is teaching in the Canal Zone. He sent us a copy of the school paper which is ap-
namedly named "Trade Winds." We have some extracts from the letter:

"We are in Cristobal, Canal Zone and both Frankie and I like the climate. The blowing of the good old U. S. government that pays in full and on the dot. I am quite surprised at how much of the gold and silver that was being commemorated. The day of 'The Christ Mass' must be a sacred day."

Christmas, however, is not a secular holiday, as well as a religious one. Many folkways have grown up in the day in different lands, some born this year or even the revival of pagan customs. Special decorations, gift making, sending of letters and cards of greeting, musical events, dances, family and community parties, school and college vacations, and almost count-
less other special activities have come to be associated with Christmas. It has become a season rather than a day. It is a period of such social activity that the visibility of people is increased enormously; and there appears to come forth a kind of surcharging of human life. People seem to rise above the earth; community parties, school and college vacations, make things pleasant for them. Why not use one of our three gymnasium floors for dances and make things pleasant for them."

The word holiday is compounded of two words holy and day, thus signifying that such a day is set apart for the commemor-
ation of some event or idea that has great meaning for the life of a people. The word Christmas is compounded of the words Christ and Mass; and early in the history of the Catholic Church, Christ's birth was celebrated by means of the holy com-
memoration of the Mass at Christmas. Many other rituals of ritual grew up around the celebration, not a few of which carried notes of joy, hope, and salvation; but none such as is sacrilegious. An examination of the glory of Christ was that being commemorated. The day of 'The Christ Mass' must be a sacred day.

FRATERNITIES

Commoners

Fellows staying at the Smith house, 702 East Wooster are strongly Commoner. Here the boys are active in all sorts of campus functions. Those forming at this house who are Commoners are: Richard Spillen, Kermit Hill, John Hartman, George Walker and Pledge Cans.

This is a very industrious and good looking group. These fellows are well known and cut their track in all forms of endeavor. These boys form the nucleus of the basketball team. If you want to see a sappy bunch come to the gym some Wednesday evening at 7:00.

This group and the rest of us fellows wish everyone the greatest set of greetings for the coming season.

Five Brothers

We were all well pleased with the showing of the Falcons Saturday night. If Brothers Art Wilkins and Robert Ritter are not ineligible, we are sure the team would really go places this year.

At our last meeting we gave the neophytes the second degree. We have always believed in giving the boys out in the country, so a pleasant and exciting experience was encountered by the boys. Congratulations, neophytes, you have the boys you will make good brothers.

DELHI

With Christmas vacation less than a week away now, the spirit and atmosphere of the season pervades the House. The lighted Christmas tree is waiting for the presents to be placed around it. The House interior has been tastefully decorated by Mrs. Hart, Mrs. Arnold and Marguerite Evans. Mrs. Reynolds' birthday was honored at this time also.

A lovely dinner was served and the dining room was lighted by candles.

Shatell is proud of the splendid performance of two of its girls, Helen Hitchcock and Jeannette Seiss, in "The Silver Cord."

This evening a formal Christmas dinner and party will be held in the Shatell dining room. The girls will exchange gifts.

LAS AMIGAS

I guess sleep got in our eyes last week or else we hated to admit we wrote it—any rate we were the unnamed item last week.

What's this about a lack of school spirit? It certainly wasn't noticeable at the basketball game last Saturday. Here's for as much success in future games.

We had a pledge meeting last night and gave the pledges some entertaining things to do during their spare time. They'll be glad when Xmas vacation rolls around.

And another old greeting that is always new—Merry Christmas everybody.

Dr. Overman: Mr. Platt, do you understand this calculus problem?

J. Platt: Yes, sir.

Dr. Overman: Class is dismissed! There is no need of further explanation as I see the class understands the problem.

FIVE FLASHES

It's a very merry Christmas when twenty pledges play Santa Claus and entertain their sorority sisters—merry for the sisters, that is!

But I'm sure the pledges enjoyed it too when they entertained last Tuesday night. Every active member was presented with a gift made by her little sister. As a part of the entertainment planned the hostesses, Mary Gaines sang several selections (and, by the way, we were very proud of Mary in assembly last week!) Also, Hilda Burlinecourt, gave a reading. The other part of the entertainment, the guests were called upon to furnish was in the form of a bit of impromptu impersonation.

It was a grand party and we surely tell Santa what good little girls our pledges have been.

The Fives wish you all a Merry Christmas and hope that those term papers don't interfere with the Holidays!

Williams

"Gee, our dorm looks so dashing and homey" we'll hate to leave Friday.

Did you know Sunday was our matron's birthday? Many happy returns, Mrs. Sheats.

Last night was our Christmas Formal banquet and dance. Even good old Saint Nick and his wife were there. The committee responsible for our good time were as follows: Finance, F. Lamb, E. Longaire, K. Hartenfeld, B. Knapp; Program, R. Allen, N. Sheer, D. Robertson, J. DeBoer; Tree, E. Braden, F. Sharp, L. Mack, I. McKean; Decoration of Dining Room, G. Stevens, C. Mitchell; A. Kellbaugh, B. SORORITIES

Sevens

Sunday afternoon the Seven Sisters entertained at their annual Christmas tea. The house was decorated with the customary red and green of the Christmas season. The president, Rosemary Kettenbarger, our sponsor, Miss Nielsen, and our house-mother, Mrs. Lantz, poured the tea. The sorority trio sang several numbers, and Miss Suter played selections on the harp.

We were delighted to see so many of the faculty, the other sororities, the fraternities, and the alumni as well as many of our mothers. The Sevens are looking forward until the next time they can entertain all their friends again.

A former student of Dr. Lyon's philosophy class reports.

"One day after a detailed exposition on the nature of man, the professor summarized his discourse by the following remark. After all, if it were not for the rational soul of man, we would suffer very little from the animal except in detail."

Clem Premo '25 Prop.
The University Falcon cage squad opened the 1956-57 cage campaign Saturday evening with an impressive 32-19 win over Bluffton College at the University gymnasium.

Paul Landis, the Falcon head man, sent out Captain Cliff Conrad and four other fellows in the white and orange uniforms of the Bowling Green Green Falcons to acquire complete mastery of the situation and the visiting Bluffton squad home smarting under a severe trimming. The Falcons were better than the well-known farmer's pistol and each and every one of the starting Falcons in the visitors saw some uneasy moments during the course of the evening.

Little Cliff Conrad showed the way with his long range shooting, but his mate joined in with a quick passing, coordinated attack that bedeviled and befuddled the Bluffton entry for the first 20 minutes. In the second period, the Falcon line-up, studied with reserves hugging down a bit but never enough to allow Bluffton in striking distance.

The playing of Jim Inman and Captain Conrad was phenomenal: they played together magnificently and had the Bluffton attack at a standstill from beginning to the end.

Bouncing around the floor like an antelope, Conrad was the soul of the Falcon passing attack. He also contributed heavily to the scoring total, getting six points.

With the outcome plainly evident, Coach Landis began substituting early in the second period. Peter Pick and Harlan Dent, Coach Landis began substituting along in college — Poor Earnest.

First Farmer—I can't understand it. My fields are full of dead crops.
Second Farmer—That's simple. My new neighbor made a scarecrow from the clothes his patron bent over too.

She—Why do those trees bend to the wind.
First Farmer—I know what the wind wants to say.
Second Farmer—It is the devil.

First Farmer—You'll have to swim?
Second Farmer—No, but I can wade to beat you.
