CAMPUS REORGANIZATION NEEDED

Last week the Civic Research League, an organization formed this year with the purpose of investigating campus problems, proposed a revolutionary change in student government. Their plan deserves careful consideration, for it is an attempt to organize and define student government on our campus.

An examination of the week's central authority under the new plan will be in the hands of three major bodies—the Student Council, the Social Committee, and the Student-Faculty Relations Committee. This body has evolved as a better means of contact than now exists between students and faculty to meet problems arising between the two groups. This body will also have charge of apportioning the student activity fee.

By a plan of interlocking memberships between the three majorgoverning bodies, and four central committees, better integration of authority will be obtained. The central committees are designed as a direct line of communication between organizations and the three major bodies. Each organization on the campus will be represented in a central committee. Under the proposed plan, organizations are classified under four groups: men's, women's, departmental, and general. This classification is probably the weakest part of the plan, but it is one that can be remedied.

Research League has done a fine bit of work, and through consultation a central Student Council can arrive at a much better government than the rather disorganized one now

Glee Club Returns From Successful Trip

Blowing horns, shouting, and singing, 32 members of the Men's Glee Club returned on a tour of nearly six hundred miles Thursday afternoon. Having given several concerts since Sunday noon, the campus was a welcome sight for most of the members. In an exceedingly crowded schedule, once was the audience kept waiting for even a short time.

The Ohio Caverns was the first stop for the club, however. After the initial concert, was given in Marietta, Scenic Dell, Dunspence, Austin Sheltos, Ecclesiata Creek, George Square, and Andy Burbank before the Student Union.

In May, the organization is going to have an outdoor carnival, with folk dancing as well as round dancing.

Christian, the brilliant organ virtuoso of the University of Michigan, where he holds the position of University Organist and head of the Organ Department. Mr. Christian was ap- pointed after he had been a member of the Michigan several years ago for the purpose of playing an annual series of recitals at Ann Arbor. He is well known throughout the United States and Canada as one of the most outstanding contemporary organists.

The organ recital will be preceded by services dedicating the large, newly installed auditorium in the Administration Building. Also the newly in- stalled pipe organ, which is the largest and most expensive in Northwestern Ohio. The auditorium contains a special orchestra pit and a stage large enough to accommodate several hundred people.

Dr. Offenburger, formerly of Louisiana State University, was elected president of the Green State University last August. Since it was necessary for him to begin his duties immediately, arrangements were made for an official installation. The trustees and faculty of Bowling Green have been planning this inauguration since last September.

Only two more weeks remain on the Falcon spring grid program and we are about the average II. G. football fan has, no doubt, formed a rosy idea of Falcon football this fall, the real story of spring training warrants anything but a brilliant outlook.

Faced with the hardest schedule in the history of the school, Coach Ockerman earlier this year planned a series of diligent spring workouts for his charges in order to give them the vital preparation that their touch and loss may one day need. However, the attitude of some players seems to doubt the importance of spring training, the loss of men to other sports and injuries, and adverse weather conditions have played an important part in preventing the team from being able to complete its schedule in the history of the school, Coach Ockerman early this spring.

But if some of the players are not even reporting for spring practice, blame should naturally be great to him. But the true observer, to him. But the true observer.

Last Wednesday night the Five Brothers Fraternity again showed the form that has coped so many intramural titles and won the All-College Volleyball tournament by taking four straight games.

In their own bracket the Five Brothers defeated Empire Staters 15-13 and 18-15 in the first match.

The next match found the going tougher when the Delta Fraternity squeaked out a 15-9 game in the set, but lost the following two games 15-12 and 15-11 respectively.

The third match brought the highly touted Senators into the fray who were shellacked 16-14 and 15-9.

And by injuries, and adverse

The other bracket found the Five Brothers house team and Lima Beans fighting for a chance at the Brothers. The Beans took the house easily and met the Five Brothers Frat. 8:00 o'clock.

In the second round Lima Beans defeated Bakersites; Five Bro. House defeated Five Bro. Frat.; Senators defeated the Rockets; the Five Bros. Frat. defeated the Empire Staters in the first round and also defeated the Delta Frat. in the second round.

CAMPUS SOCIETY — By Virginia Frances

Affairs formal were climaxmed by the Delhi dinner-dance last Sunday night at the Toledo Yacht Club. The Shatzel Hall girls were active in the spring dance on April 22. This short rest period is hailed upon the out-of-town formal forces for the affair, and the Men’s Glee Club combined with the Glee Club concert and program at 2:00 P.M. in Toledo, and to exchange ideas and carry dry cleaning and tailor work. The Fraternity has been especially well represented in the inter-squad game. The best way to show your appreciation to the work of the Student Service men is by using the Student Service men's service. Garments cleaned and pressed 75c each; for 11c a “platinum blonde” from Bluffton, Marion Jordan, and Helen Barker, Eleanor Epley, Bernice Haderman, Violet Brubaker, Marion Jordan, and Helen Heckerman. The program for the evening consisted of a reading by Jeanette Sioux, a vocal solo by Mary Gains, and a talk by Margarette Brown.

The Glee Club formal and formal here on the campus on spring break is ending tomorrow. Isabel Parker was entertained at a Delhi Fraternity offi- cers for the fellows in our university—why because he met D. Robertson first—and he says there is no equivalent.

PHI SIGMA MU FRATERNITY ACTIVE

The local Beta Chapter of the National Music Fraternity, Phi Sigma Mu, have taken in three new pledges. They are: Norman Gamb, Pauline Du Verna, and Ruth Slater. The Phi Sigma Mu Fraternity has been especially popular here this year—Ed. Simonisky says that a good crop of grass had been grown. Coach Ockerman didn't have a single boot on his back, but Don Pickering feels sorry for the fellows in our university—why because he met D. Robertson first—and he says there is no equivalent.
