Plan kappa Delta Delegates Return

Seven Pi Kappa Delta members who attended the National Student Congress at Topeka, Kansas returned to Bowling Green after a week of experience and contact with some of the students and faculty in the United States.

One of the high points of the convention was the Silver Anniversary Convention Banquet of Pi Kappa Delta. The guest speaker was Senator Joseph Lee of Oklahoma who spoke of "Striving for Democracy." We wish, too, to express our appreciation to those who made this trip possible, especially do we feel grateful to Prof. and Mrs. Carmichal. We are all agreed that it was an interesting and educational trip." **B. A. Major Wins Scholarship From Northwestern U.**

Diagonal Walks To Be Built On Library Lawn

At least one diagonal walk will be constructed this summer across the broad moat to the west of the Library. Dr. Offen- hauer announced last week that the work, to be begun next month, will extend from the southwest corner nearest the Parrot to the juncture of the sidewalk just west of the Library with the Conover Street bridge. Probably another walk will be built to extend from the northwest corner to the southeast corner.

These diagonal paths meet, a circular flower garden will be constructed with the path curving about it. The construction of these walks is part of the $10,000 WPA campus improvement project to be completed during this summer.

Betty Boyer Completes Work on "Aviators Club P.M."

The five etchings of campus scenes, recently completed by Miss Betty Boyer, a graduate student in the University of Washington School of Art, will be put on display in the Admin- istration building sometime this week.

Council Considers Creation of Board of Publications

Student Council at its meeting last Monday night postponed election of Key and News Editors in order to consider an amendment creating a Board of Publications to be appointed by Key and News editors. This amendment, more than any other one factor, will directly influence the quality of student publications in coming years.

If the amendment passes, student publications will have made a great stride in the integration and quality of their publications. Not only would the new board be capable of enforcing an impartial, compe- tent Board is insurance that the editors will be awarded on the basis of proved competence and ability to work.

Staff morale on the publications would raise immeasurably if each member knew that in future years every staff member's record would be checked thoroughly and that the one who had done the best work would have the best chance to climb Shatzel Hall steps. Scott will be sure to receive the editorship. Now work on the Key and News.

FIVE BROTHERS ADOPT MITZI

Campus gossip has been all agog about the "young 'un" down at the Five Brother House. It really belongs to Charles Catanese, but the Five Brothers have decided to adopt it. Dwight Spayth has been appointed chief of the Training Division for the next season.
