Plans For Swimming Pool Revisited

In New Bill Pending In Congress

Construction of the women's gym was interrupted last winter when word came from Mr. Bouley, Regional Engineer of the PWA, that previous plans for the construction of a swimming pool had materialized and that it could now be built simultaneously with the women's gym of $7,500 less than that placed on the gym alone.

In 1935 plans for the natatorium were drawn, passed by the legislature, and approved by the Board of Trustees. Due to the lack of funds the whole project was postponed. Last week University representatives found that prospects for reviving the bill and securing the necessary cash were very favorable, Dr. Offenhauer's trip to Columbus April 26 resulted in signing the bill which is now in Washington awaiting action by Congress. Mr. Bouley stated that there were a hundred chances to one that the bill will be approved.

The plans drawn in 1935 included a grant of $112,560 from the Federal Government. Together with the appropriation for the gym, this would enable the University to build both buildings at a cost of 1,470,000. The present set up the gym alone which would cost the University $144,000. Construction will be resumed immediately after action is taken by Congress. The buildings will be built simultaneously at the same time.

Three Performances Of Opera Scheduled

Student Showing Will be Tuesday

The opera, “Pirates of Penzance” is ready for production, and according to Prof. Sullivan, the director, the cast is fully prepared for the presentation next week. Prof. McEwen has set Tuesday, May 16, as the date for the presentation to the student body, and Wednesday, May 11, as the date for the presentation to the public. The opera will also be presented to high school students taking part in the annual Quill Type installation on May 17.

The annual Quill Type picnic is to be held May 25 at Ft. Meigs. All members are to be assessed 25 cents and may bring guests if they wish.

mbers of the proper body, the Student
Committee, of which Harold

members of Beta Pi
do not seem to see
expression in history, the
interest in voting,
primarily interested in increas-
ment, in order to raise the
level of thinking among the
student body as a whole.

The CCO contends that an
organization is able to choose on a
basis of merit rather than
political considerations. And that
it can put up a better list of can-
didates than can be assembled
by personal contacts. The CCO
plans an unusual and extensive
campaign to advertise its can-
didates.

On the other hand Mr. Leon-
hardt, chairman of the Jr. GSL,
says that those former elections have
shown by the number of votes cast that
the system of selecting candi-
dates now in practice is not suc-
though too much stress has been placed
on achievements of the candidates are interested in voting.

The SGL, therefore, while it has
selected its candidates care-
fully, has placed its major em-
phasis on a set of definite aims.
It believes that capable repre-
sentatives should be chosen, but
that more attention should be paid to
their policies.

Mrs. Shinew believes that more
emphasis on a set of definite aims.
The SGL intends to take a
poll of student opinion in the
middle of their terms as to how
they feel the representatives are accomplishing the duties of their
commission. The term of the
SGL will be published this week.
It contains a plank on reorganiza-
tion of Women's League
university, on redistribution
of activity fees, etc. Of
course, Mr. Shinew says that
SGL representatives cannot
be perfect, if there is such a thing as
more force they can do a great deal.
The SGL does not plan an ex-
tensive campaign, but, if pos-
sible, intends to hold a dance.

To the Editor:

To the Bee Gee News:

Sure our President has
been selected for the
campus representative,
it seems to me that we
should cooperate to the extent of
taking some individual re-
sponsibility for attendance at
the weekly chapel programs. Those
who have attended this year can
gracefully admit that a decided
improvement has taken place in the
programs, but I'm afraid
that the President will soon feel
that he can no longer be em-
brassed by asking guest speak-
ers to address space instead of
the expected student body. What
will it be students? Shall we
attend or are we going to "ask
for it" and through our lack of
interest and cooperation be for-
ceted to attend? The faculty
might take notice, too.

**Pioneer Caravan To Visit Bowling Green**

Bowling Green is one of the 169 communities in the Northwest Territory and in Ohio where the pioneer caravan will make an over-night stop. It will arrive here May 14 from Bellefontaine and come in about noon. The caravan consists of 36 college men in the roles of the Ohio company pioneers of 1816 years ago, conestoga wagons and ox-team, saddle and pack horses. The whole purpose of the Northwest Territory Ceremonies is to bring to the minds of Americans the little known history of the beginning of the westward march of our nation, and with this comes a twofold understanding of just how this nation, new in all the government concepts of history came to be—to survive—and grow great.
Shinew Sets Forth
Policies of Party
In Four Planks

The Student Government League assembled Tuesday evening and placed a final O.K. upon the first platform ever drawn up by a political party on the campus.

This platform, according to executive chairman Leonard Shinew, will serve as an index to the policies which candidates will pursue while in office.

Sweeping changes in the manner of selecting editors of Key Staff and Bee Gee News, staffs, and committees for movement of improvement of our campus social life are the primary objectives in the platform.

The platform is as follows:

1. Establishment of a board of publication from the faculty council and staffs of the two student publications, the Key Staff and the Bee Gee News.

2. Approval of an increase in the Student Activity Fee for improvement of social functions.

3. The establishment of a course in journalism to edit and copy our campus social life.

4. The establishment of a more liberal policy in regulation of social life of women students.

Leonard Shinew presided and general pre-campaign business was discussed. Elmer Weitz, Tony Francis, Ken Knaggs were appointed on the platform committee.

"Franky" Woodward is chairman of the publicity committee and is assisted by Clyde Scott, Harold Wilinsky, Bill Cromer, Virginia Cross, Bill Rogers, John Lobdell. "Abe" Keown controls the finances in his capacity of treasurer.

Girls' Archery Tournament Scheduled

The Women's Intercollegiate Archery Tournament will be held on this campus May 12 to 19. Teams from different departments will not compete on the same field but the results of the tourney at each school will be telegraphed to the National Archery Association in Boston on May 20th. There the scores will be compiled and the winner ascertained.

Last year Bowling Green's team of 8 archers took place in competition with 20 colleges in the Mid-West Division.

The contest is arranged so that each archer may shoot as many times as he wishes during the specified week, and under the supervision of Prof. Shaw or Doris Cotrell, student head of archery. Any score will be used. The eight dart-slingers with the best set of scores will constitute Bowling Green's team. The women with the next highest scores will form the second team.

At 12:45, the facilities of the gym will be thrown open to contestants for ping-pong, shuffleboard, playing cards, archery. Mr. Martin will lead dancing, modern, social, tap, and folk dances in the Recreation Hall.

"Pirates of Penzance" will be presented.

The new flag, flown for the first time Saturday on the day of the inauguration, was presented to the University by the American Legion Post.

Dudley Avery, student council member, sent word to the P. A. Advisory Committee, will lead the group to get the program under way.

John Froncz—Performances to date place him among favorites to capture firsts in 100 yard and 220 yard dashes.

Bill Cromer—Will help in relay.

Harline Kinsey—Will finish in the money in both hurdles. Will score additional points in pole vault. If he gets into a proper step watch him hit the sky.

Bill Gerwert—Watch this master of form. This may be his day.

Bill Frazee—Every meet he shows up better and better. Watch out, Mr. Froncz.

SPORT SHAVINGS
By BOB BARON

The eyes of all sportspedium on this side of the whirling waters of the Maumee will be cast toward Toledo University's ath-
etic field this Saturday when seven and perhaps eight colleges of this section will send track teams to vie for laurels in the annual Northwest Ohio Col-
egiate track and field meet. At the top of the list are the four orange-clad spokesmen of B. G. U. who will seek to retain the second biggest track meet won last year.

Next comes Toledo U., picked by man yto top the Falcons, followed by Heidelberg, Ohio Northern, Defiance, Bluffton, and Findlay. Wittenberg, though favored, probably won't be on hand due to conflicting schedules.

Next to winning the Big Six crown, the Falcon thin-clads want to prove their supremacy in this meet more than ever but with a much more noticeable weakness than almost all field events the way to victory this year is going to be much more difficult than last.

Bad Belding, of course, won't be there to guard the most important event in the shot put, but he represents one of the best bench strength meronomy will attend the meet. This is another potential barrier fac-
ing the B. G. spikesters they will expect being the most com-
monly exploited.

B. G. Nine Sees Early Lead Overcome in 7th Inning

The Falcon baseball opener was marred by a hard-fighting Kent State squad at Kent, O., Saturday by the score of 4-4. The Falcons scored as the game is poorly represented by the score inasmuch as the game was 8-0 in favor of Kent going into the eighth inning when Kent capitalized on Bee Gee sub-
titles to score 6 runs.

Bee Gee grabbed an early lead and went the rest of the way around on errors. The lead was short lived however, as Kent seized the lead in their half. The Falcons scored again in the third on an error, a walk and a fly-out. The next four outs to be outside also came through with a run in the third. In the fifth Bee Gee ran the count up to 3 on successive singles by Steele, Essa and Kuhlman. Kent then took the lead by scoring 2 in their half. In the final Bee Gee scored five runs on three hits, only one of which they cros-

ted in the sixth when they scored 2 on hits and a misplay to go ahead 8-5. This however marked the end of Falcon scoring. In the seventh Kent crossed the plate 4 times to go into the lead and in the eighth crossed the platter for 6 more runs to clinch the game.

Coach Warren E. Stellor's backfielders will attempt to break into the win column when they travel to eastern College Friday afternoon. The 'dalers always have a strong crew, with "experience" behind them, the Falcons are victory oriented. B. G. U. also was defeated by Heidelberg May 24 at the city park for their first home game.

Cinder Team to Defend NW Ohio Track Crown At District Meet In Toledo Sat.

Saturday, May 7 at the University of Toledo field, the Bee Gee thin-clads will attempt to retain the northwest Ohio title which they won at the same field last year.

Other schools competing in this event will be Defiance, Ohio Northern, Bluffton, Findlay, Wittenberg, Rie de-
borg, and Toledo U. Not much is known about these schools except Toledo, who is always a tough customer. The Falcons will be expecting the most com-
nimetric competition.

Qualifying trials will be held in the morning and the finals in the afternoon beginning at 1:20.

Last year the Bee Gee boys won easily due to their all-around balance. They won only two firsts but placed in every event to bring home the title.

Last Wednesday night the pledges were treated to a fine carnival in the form of their second degree. There were no casualties but plenty of hot dogs.

Installation of the new Delhi officers was held last Monday night at the meeting room. At this time James Huntington, the new president, took office.

Guests at the Delhi house last week-end were Walter Barnes, Howard Berry and "Red" Phillips.

Smith Scores Hit in Presentation of "No More Frontier"

The characters in the bar scene above of the play production of "No More Frontier" are, left to right, William Cromer, Kermit Long, Dorothy Mooney, Lois Kg., H. Kinney, and Miss Smith.

Changing in the space of three hours from boy of 18 to 70, Glenn Smith played a great part as Flint Bailey, pioneer, in the play production class's presentation of "No More Frontier" by Talbot Jennings, in the new auditorium stage last Thursday night. Although Smith's professional acting of the difficult part drew the greatest commendation of the play, the cast of 600 students and town people, Virginia Mae Powell, as his wife, and Vincent Mintz, as his son, gave exceptionally able characterizations.

Main supporting roles were given by William Cromer, Boris Korn, Oscar Miller, Mary Alice Hawley, George Beutle, and Darwin Mayfield.

Margaret West, James Vann, Tennis Hensley, and Walter G. Goins, Noble Sherb, Murray Burck, Kermit Long, Kermit Love, Carl Purdy, Leonard Shiw, Lyle Maylew, Frank Brit, and Andrew Roborough completely cast the 22 characters. Dr. Laula Tressman directed the play.
