A. "men but a very little crowd as attending the bridal procession from the Abigail G. bride and it might be the "God Save the King" and they sang that appropriate to her entrance on the island. Not every teacher can afford to cross the Atlantic, but a trip on a cruise ship is free. The Abigail G. is not especially large but it has a special charm all its own.

Everyone is expected to have some first hand knowledge of the ports at which the cruise will stop. The trip is an educational as well as an affordable way to enjoy the cruise.

Requests for reservations on this Lake Cruise are coming in and an excellent opportunity to take advantage of this educational and water trip is one of the attractive events. For those who are not familiar with hosting, this is an excellent opportunity to see the sights without the long travel times. The three girls had no definite objective of making the Christian religion more appealing to all progressive religionists. They tried their best to be welcomed by Mrs. Laura Paul's Sunday School at a picnic near the Abigail G. which includes milk, fresh corn and other fresh vegetables, etc. can be had for about fifty cents daily.

No two hostels are more diverse than those at which they are stationed. The Powells have an ingenious door-knocker, of the rope-scat on a chair and asked the students for a match to burn it. They brought this idea back to England and it caught on. It is now considered a necessity. Professor E. C. Powell is one of the most influential men in the United States today and he has been a strong advocate of the P.W.A. program. His speech was a fitting tribute to the importance of the program and the support that the group is receiving.

HeLEN FRUM IS FIRST HOSTELER

Miss Helen Frum, Richmond, Ohio, a senior at this University was the first hostess to register at Fleetwood Hostel in Kutztown, Pa. She arrived in time to be welcomed by Miss Harriet Hayward and Mrs. Sam Boulay. The group is planning to take advantage of the new P.W.A. program. Mr. Boulay took a trip through the campus and expressed his appreciation for the prompt cooperation of officials of the state and the university.

Robert Bulky addressed the gathering and explained in a few words that the federal congress is attempting to fix the future of the country. He complimented Mayor Alva Bachman, Buckeye, plumbing contractor, and Mr. Goodspeed, state architect, John Schooley on their cooperation in making this new building possible.

Fifty-five years later, the idea of a match to burn is considered a necessity. The Powell family has been a strong advocate of the P.W.A. program and their speech was a fitting tribute to the importance of the program and the support that the group is receiving.

Frank Talk
By Robert LeRoy Frank

Well, Are They?

Since the article "Teachers Are Fools" was first printed many answers have been turned in to me. All but one of them have been completed opinions different from those of mine. For this issue I have selected one from the opposition which I thought was very good; also, one from some kindly soul who agreed with me.

MORE POWER TO HIM OR HER

In the last issue I stated I considered any one who did not sign his or her name to a letter turned into a paper as making a breach of etiquette. Mine is up at the top of this column. What is the matter, are you teachers ashamed of yours? This is the last issue any letter will be printed without a name signed to it.

Here are the answers:

THEY ARE—

Some of us devoted readers of the highly intellectual feature articles of the Bee Gee News sometimes wonder how long you have taught school. I have had ten years or more experience in teaching. Do you, Robert LeRoy, know what a car which is in first class condition is a prime necessity to the school teacher. I know why we have in our school to furnish a car for many school affairs from school excursions, baseball games at the other end of the county, Boy Scout trips to a camp 35 miles away perhaps, to carrying Board members about the whole of Northville. I do not know if you have snared any type of equipment. This obviously, would not be done in a Model T. We have to drive during the summers to college and be there on time. The nights are often taken up with Board meetings or community affairs that we cannot afford to miss. Perhaps you do not own a car, and would like to.

Do you, Robert LeRoy, know there are many "old timers" attending our good old institution, of who we are so proud. We don't want to lure any of the "old timers" to carry our Ad. building we can't help say, the boiling heat of my car and I have to drive during the summers to college and be there on time. The nights are often taken up with Board meetings or community affairs that we cannot afford to miss.

Perhaps you do not own a car, and would like to.

Democratic Wisdom! Keep Your Eye On These Men

Carleton C. Reiser

Carleton C. Reiser, Grand Rapids farmer, lawyer, educator and ex-service man is a candidate for nomination to Congress on the Democratic ticket.

Mr. Reiser was born in 1897 at Napoleon. He graduated from Ohio State University with an A.B. degree, from the University of Miami with an LL.B. degree, and from Columbia University with an M.A. degree.

Mr. Reiser is one of only about 400 in the United States who was granted a superintendent of Schools diploma from Columbia. Only about ten such diplomas are held in this state.

Carleton C. Reiser is an ex-service man who served in the World War. He at one time taught in the Cleveland East Tech school district, but is now the largest in the state. He knows the educator’s problems, both from academic training and from actual experience.

Mr. Reiser is an attorney-at-law and a member of the Wood County, Northwestern Ohio, and State Bar Associations.

During his college training, Mr. Reiser worked on a state highway crew to help pay his expenses. He is thoroughly familiar with the educational situation and is in a recent conference stated: “Education is the balance-wheel which will keep Americanism alive!” and later: “What we need is not more, but better education!”

Over a hundred years ago as a pioneer of this district Mr. Reiser's grandfather announced his support of the Democratic party. Both he and Mr. Reiser’s father have remained true to the party, so we feel safe in supporting him. He stands true to his principles, is a gentleman, a scholar, and a staunch Democrat.

“Instruction does not prevent waste of time or mistakes; and mistakes themselves are often the best teachers of all.”—Froude.

“One truth discovered is immortal, and entitles its author to be so; for, like a new substance in nature, it cannot be destroyed.”—Haldane.

“We should make the same use of books that the bee does of a flower; he gathers sweets from it, but does not injure it.”—Wendell Phillips.

“The best education in the world is that got by struggling to get a living. What is dead? Nothing but the first step to something better.”

—Wendell Phillips

WHEN AND CHAFF

By Archie King

Peggy S idle, our campus beauty by popular vote, is also one of our many bicycle enthusi-

1asts...The old quarry on Woos-

ter Street will soon be filled in,

and we are reminded by the na-

tives that the caustic bit on East

Court Street, across from Shat-

zel hall, was once a stone quar-

ty...Fifty Fruth spent the win-

ter in Florida as a bell hop in a

hotel where the Red Sox lived.

Jake Cronin has promised him

this similar position at the Hotel

New Yorker. The recent pres-

entation of sketches from HMS

Pinafore reminds us that Arthur

Sullivan, of the famous Gilbert and Sullivan team, also wrote the music for that grand old
ynn “O’ward Christian Sol-

ders”. When Joe Daniels was

Secretary of the Navy someco

posed having Pinafore harred

from the stage because Daniels,

like the naval officer of the com-

ic opera, was so fully ignorant

of seas and ships...Hope Con-

rad, daughter of a Lutheran

minister, has two sisters named

Faith and Charity...We wonder

when the clocks in the Ad Build-

ing will begin ticking off the

minutes of an eternity in some of

our classes. Are clocks as obso-

lete for tell time? A Kentucky

mountaineer visited a friend in

the city and saw an enormous

clock on the shelf ticking away

the time. When he inquired about

the time, the gentleman said

“Who is it going to tell?” We won-

der when the Ad Building clocks are going
to tell...Anna Taylor was the

first woman to go over Niagara

Falls and survive. She perform-

ed the feat in a barrel over

Horseshoe Falls in 1801. Myron

Brick” Long, Teacher in the

Webster Township schools, is

the son of E. L. Long, coac-

cher of the library...There are many

brothers and sisters in school

now; at present we think of the

brothers McBride and the Mizer

boys, all good fellows...With the

annual celebration of the Glori-

eous Fourth and much flag fly-

ing we remember that our na-

tional banner once had fifteen

stars and as many stripes... And

then, what a good deal of week-end

driving this year. He will coach in Lake

Township school and his heart

is in the work. Pauline Harrison, has a

teaching position at Oak Harbor.

BEE GEE NEWS

Republican Common Sense! Who's Who At The Polls

John W. Bricker

Evidently our friend of the

Democratic column is trying to do

the same thing our president did

over the week-end. He is boost-

ing certain favorites in his

party and forgetting other can-

didates who are also sup-

porters of the donkey. Per-

haps he has not been well in-

formed as to their candidacy.

No doubt he relies solely on the

newspapers for his information

so he can emulate that beloved

Democrat and humorist, Will

Rogers, and say “All I know is

what I read in the papers.”

The coming race for the

gubernatorial prize promises

to be a present day version of

the turn of the century. Mr.

Bricker’s record as Attorney

General for the State of Ohio

speaks more conclusively than

any number of radio programs

could that he needs a new

campaign. His favorite quota-

tion, “Actions speak louder than words,” is not only true in respect to our can-

didate, but it is a valuable asset

to any aspirant for public of-

fice. Good Democrats on our

old school have been heard praising

Bricker, which convinces us that the

coming election will not be a

struggle between parties, but

a fight for good government —

which means the election of our

righteous Republican, Attorney

General Bricker.

—Wendell Phillips

Study
in the cool PARROT

We have installed an air conditioning and we want you to feel free to bring

your books and study in an environ-

ment of soft music and cool breezes.
Out on the campus sandlots, softball fans are putting heavy odds on Ohio Northern University's (Team II) who coasted through the third week of competition still undefeated. These mighty men added insult to injury last week when they gave the Delhis a second spanking of the year to the tune of 9 to 7.

Darwin Mayfield's slugger slammed the air fruitlessly as their TV record bowed for the second time to the powerful Yoders—this time by a 6-3 score.

Myron Long led his No. III outfit to a near shut-out when they posted a 6-1 defeat on an error-riddled Mayfield IV July 5, and snapped back with a formidable power to amass 19 runs against the Dulles 5. From this column's box seat it looks as though it will be a battle to the bitter death between Long's Team III and Yoder's Team II, with Yoder on the inside track with a spotless record. One cannot overstate the fact, however, that last week's comparative score would indicate that Long's is the stronger team. Come and see!

It would seem there are some things one has to give up when leaving the farm—one of them is expecting privacy when the hens are up at night.

Mimi thinks that the Senior Eye School is a college for i-vaporizers.
